

Bodyguard 7401

Chapter 7401 Only One Move

Yang Qi was secretly angry when he heard this. He felt that Chen Zhisheng was looking down on him, so he made up his mind to kill Chen Zhisheng in the process of fighting!

Unexpectedly, Chen Zhisheng changed the topic. "However, Yang Qi is the third senior brother in charge of the inner sect, while I'm just an ordinary outer sect disciple. Not to mention strength, the difference in status is like heaven and earth. No matter who wins or loses when we fight, Yang Qi will not be able to escape the reputation of being a bully!"

"Do you think I would care about the reputation of bullying the weak?"

Yang Qi laughed coldly, "since you've rejected elder Wu's good intentions, then come and accept your death!" As your senior brother, I'll give you three moves!"

"No, no, no, you guys didn't understand what I meant!"

Chen Zhisheng laughed evilly and waved his hand. "I mean, even if it's a battle, it should be soldiers against generals. The status of the two sides can't be too different. You're the third senior brother of the inner sect steward, so your opponent should be our eldest senior brother, the outer sect steward!"

Lin Yi was stunned. Was this an innocent victim?

Was Chen Zhisheng aware that he was not Yang Qi's opponent, so he played such a trick without confidence?

Or was it premeditated, to let him directly confront the inner sect steward, third senior brother?

No matter what, this kind of scheming was somewhat unexpected!

In the past, Chen Zhisheng would not have reacted so quickly. The impression he gave people was that he was an engineer who was responsible for listening to orders and doing the dirty work. He never touched the things that involved using his brain and scheming!

"Sima Yi?"

Yang Qi was stunned as well, but he was immediately overjoyed. If he could deal with Sima Yi here, wouldn't it be better than dealing with Sima Yi's underling?

And so, Yang Qi nodded without hesitation, ""What you said makes sense. It's indeed a little embarrassing for this young master to fight with you. Sima Yi, the eldest senior brother who is in charge of the outer sect, is slightly interesting! Sima Yi, your little brother wants you to take the blame, do you dare?"

Everyone could tell that he was trying to goad them into action.

But Lin Yi couldn't reject it yet-it was his follower who said it, and it was Yang Qi who made the decision. If he didn't, he'd be in a bad position, and his team's reputation would be affected.

"Isn't it just sparring with senior brother yang, what's there to be afraid of?"

Lin Yi smiled faintly and shrugged, "This is just a small matter! But before we fight, we have to make a deal!"

"You say it! Do you want me to collect your corpse after you've lost?"

Yang Qi was secretly happy, but continued to sneer, "Don't worry, as your senior brother, I won't let your corpse be exposed in the wilderness!"

"Senior brother yang is really kind!"

A mocking smile appeared on Lin Yi's face. "It's a pity that senior brother Yang's strength isn't as great as he's boasting!"

Seeing the tension between the two of them, and the danger of an immediate outbreak, elder Wu could only cough to smooth things over.

"This Lord just said, it's best to stop fighting. We're all senior and junior brothers, so don't hurt the harmony!"

He didn't have a choice-both Yang Qi and Lin Yi were outstanding disciples of the sect, and he couldn't escape the responsibility of killing each other."Sima Yi, why don't you tell us the contents of your agreement first!"

"Yes!"

"It's actually very simple-we can fight if we want, but to avoid situations like this from happening too often, we'll decide the winner with a single battle. If I win, you'll have to listen to my commands from now on!"Lin Yi said as he cupped his fists. Of course, this is only limited to the duration of this mission!"

"Hehehe, what a good plan. You won't lose anything even if you lose, right?"

Yang Qi sneered,"the ones with the lowest status in the team are you outer sect disciples. You have to listen to our commands, so you'll definitely win if you win or lose. Do you think I'll agree to your request?"

"Hehe ... It seems that senior brother yang is not confident in winning against me, so he has already begun to consider the situation if he fails!"

Lin Yi said nonchalantly as he looked at Yang Qi."If that's the case, you can choose not to agree. We'll just continue on our way!"

Yang Qi was momentarily stunned. It made sense, what was there to be afraid of? Seizing the opportunity to kill Sima Yi was the right thing to do! In any case, he would definitely not fail!

"Sima Yi, your request is reasonable!"

Elder Wu did not wait for Yang Qi to speak and nodded, "You've been to the remains of the great witch of ghost Yin. If you have enough strength, you'll be suitable to be the commander of this mission! If Yang Qi agrees, and you can win the battle, the two of us will listen to your commands!"

Elder Chen didn't say anything, he just nodded slightly in agreement with elder Wu.

"Thank you, two elders!"

Lin Yi cupped his hands in greeting before turning to Yang Qi. "What did senior brother yang say? Do you want to fight or not?"

"Fight!"

Yang Qi had already made his decision, and with elder Wu's support for Lin Yi, he had no way out, "Today, I'll let you experience the strength of the inner sect's steward! He can't be mentioned in the same breath as you, the eldest senior brother who is in charge of the outer sect! Come, I'll let you have three moves as well!"

"Three moves? I don't need it!"

Lin Yi's lips curled up as he waved his right index finger in the air, "I only need one move. Within one move, victory and defeat will be decided!"

"Hahahaha! Sima Yi, are you dreaming?"

Yang Qi was so angry that he laughed. He had never been so humiliated before, "Even if elder Wu were to fight me personally, he wouldn't say that he would defeat me in one move. Who Do You Think You Are?"

Elder Wu was silent, because what Yang Qi had said was the truth!

Elder Wu might still have some confidence in killing Yang Qi in one move, but if he went all out, it was not impossible.

But defeating him wasn't killing him, and holding back would greatly reduce his strength. Didn't Lin Yi mean that he'd already surpassed elder Wu?

"Senior brother yang, don't pay attention to him. I think this kid just likes to empty his mouth! It's awesome, but it's all just bragging!"

"Hahahaha, isn't that so? to defeat senior brother yang in one move, this is the funniest joke I've heard this year. It's enough for me to laugh for a year!"

.....

A few of the inner disciples didn't believe Lin Yi at all and started laughing.

Even on Lin Yi's side, Jin Yuanbao, Zhang Yiming, and Li Yingjian were a little nervous. They thought that Lin Yi could beat Yang Qi without a doubt, but a one move deal ... Wasn't that a little too much?

Only Ling Hanxue could be said to be Lin Yi's die-hard fan-no matter what Lin Yi said, she would take it for granted!

"Our eldest senior brother is a man of his word. One move is one move. Open your dog eyes and watch carefully. Watch how our eldest senior brother completely overpowers your third senior brother!"

Ling Hanxue retorted loudly and then encouraged Lin Yi,"Senior brother, let these kids who have never seen the world open their eyes! Let's see if they still dare to look down on us in the future!"

Chapter 7402 Becoming A Commander

Lin Yi smiled-it felt good to have someone who trusted and supported him unconditionally!

"Hehehe, very good!"

Yang Qi laughed coldly and jumped off his horse, standing on the side and pointing his sword at Lin Yi. "Then come over and let me see how you will defeat me, Yang Qi, with a single move!"

In fact, the so-called open space was just a slightly sparse gap between trees. In the dense forest, there were big trees and vines everywhere, so it was not very convenient to make a move.

Of course, this was only for Yang Qi. Lin Yi had the plant element and the green demon God's inheritance sword technique, so the forest was the best home ground!

"Senior brother yang, then open your eyes wide and take a good look. Don't miss it!"

Lin Yi laughed loudly as he unsheathed the demonic blade and shot up into the sky, a black light bursting out!

The green devilgod sword technique was fully activated, causing the tiny branches and vines around Yang Qi to slightly twist. However, no one paid any attention to it, thinking that it was only caused by the sword wind.

Yang Qi didn't dare to be careless and focused on defense. If Lin Yi said he'd let him have three moves, then he wouldn't fight back. He could just focus on defense and see what Lin Yi's trump card was. How dare he say he'd win in one move?

Lin Yi was in mid-air as he used his spirit sense, which was at its lowest power, to form a tiny needle and shot it at Yang Qi's primordial spirit.

A spiritual sense attack of this level, if it was on a person who had cultivated the primordial spirit, it would be like a speck of dust falling on their body, and it was basically impossible for the people on the side to detect this attack.

However, when it landed on Yang Qi, it was enough to cause him to be in a daze for a moment, and he would not suspect that he had fallen into a trap!

At the same time, the two vines on the ground wrapped around Yang Qi's ankles and pulled with all their might before quickly retreating. Even elder Wu and elder Chen did not notice.

The only one who had a chance to notice it was Yang Qi, but because of that momentary daze, he had also missed this anomaly.

The surrounding people were attracted by the black light of Lin Yi's demonic blade, and they saw Yang Qi suddenly stagger, his defensive posture crumbling.

Although Yang Qi had immediately regained his balance and tried to rebuild his defense, it was too late!

The tip of Lin Yi's demonic devour sword stopped right in front of Yang Qi's throat, the cold blade less than half an inch away from his skin. One could even feel the sharp aura of the sword.

Yang Qi was dumbfounded-he didn't dare move at all, afraid that Lin Yi would take the chance to slit his throat.

Yang Qi was completely defeated by Lin Yi's sword, without even a chance to fight back!

In a battle between experts, a slight difference could lead to a huge difference!

Although he didn't understand why Yang Qi had suddenly stumbled, causing a mistake and the entire game to fall, there was no doubt that Yang Qi had lost!

Thoroughly!

"Senior brother yang, you let me win!"

Lin Yi looked at the cold sweat on Yang Qi's forehead teasingly before putting his sword back into its sheath and cupping his hands casually, "Senior brother Yang's brilliant move, this Junior Brother can be considered to have experienced it! Then, according to our agreement, you will have to listen to my command for this operation!"

"Hold on!"

Yang Qi let out a breath of relief after his throat was freed from Lin Yi's control. His face turned red as he shouted, "What happened just now doesn't count! I was tripped by a vine on the ground, that's why I made a mistake. Your victory was not fair, I want to fight again!"

Even though he did not know if the vine had pulled on his ankle, Yang Qi could still feel that there was something wrong with his ankle, and thought that he had tripped.

Of course, Yang Qi was not willing to accept such an inexplicable loss. If he were to admit defeat now, what face would he have in the future?

"Elder Wu? What do you say?"

Lin Yi ignored Yang Qi and turned to elder Wu, "Senior brother yang doesn't admit his loss, do I have to keep fighting with him?"

Elder Wu's face was still filled with shock, evidently shocked by Lin Yi's strength!

He even wondered if he could do what Lin Yi did if he did it himself. The answer didn't seem too certain ...

"Of course not! A bet was a bet! Yang Qi, a loss is a loss, there's no excuse!"

Elder Wu adjusted his mood and said in a deep voice, ""If it wasn't for Sima Yi holding back, your blood would've splattered five steps away. Don't tell me you won't make any mistakes in a real battle? If you make a mistake, can you still ask your enemy to give you a chance to do it again?"

Yang Qi's face turned red. Even though he had a high status in the sect, he could not refute these words!

"Disciple knows her mistake!"

A wise man does not fight when the odds are against him. Yang Qi knew that it was impossible for him to turn the tables today, and he would only lose more face if he continued to fight. He would also offend the two elders, and the loss would outweigh the gain. He could only bow and admit defeat, "This disciple is willing to listen to Sima Yi's commands for this mission!"

With that, Yang Qi's heart was bleeding ... He swore that he'd kill Lin Yi and all his followers if he had the chance! Chen Zhisheng smacked his lips. Was the third senior brother in charge of the inner sect so weak?

If he had known earlier, he would have done it himself, and he could still show off again! Fortunately, the mission had just begun, and there would still be opportunities in the future!

However, Sima Yi's strength ... Was truly shocking!

With that thought, Chen Zhisheng looked at Lin Yi with a hint of fear in his eyes.

Other people might not have noticed Lin Yi's small movements, but he had been secretly paying attention the whole time, and so he noticed some small traces that others didn't notice!

Moreover, Chen Zhisheng believed that other than him, no one else would understand the meaning of this!

"Senior brother yang, Sima Yi is clearly using a trick. How can we submit to him?"

"Elder Wu, it's true that we've lost, but this time, it's obvious that there's a trap. How can we just admit defeat like this?"

.....

A few of the inner disciples were making a ruckus-even if Yang Qi had admitted defeat and was willing to accept Lin Yi's orders, they still didn't want to agree!

Perhaps they were certain that Yang Qi did not truly admit defeat, and wanted to use this method to fight for another chance for him.

After all, there were some things that Yang Qi could not say right now, and they, as his underlings, should be the ones to charge forward and make things clear for their boss!

"What's wrong? Is my words no longer of any use? Or is it that you inner sect disciples can already ignore the sect's orders?"

Elder Wu's face turned cold as he rebuked, ""What are you guys thinking? Do you think I can't do anything to you?"

The few inner sect disciples were stunned and kept quiet.

If they still didn't know what's good for them after what elder Wu had said, it wouldn't be as simple as being expelled from this mission!

Even if elder Wu didn't care about the inner sect Affairs, his status was there. Just a casual greeting from him would make them suffer!

Not to mention that this eighth-rank mission was still decided by elder Wu. If he really didn't bring them to play, they could only go back halfway!

Chapter 7403 Meeting Azure Water Sect Again

The round-faced disciple said that Lin Yi and the others were here to freeload points, but weren't they the same?

Inner sect disciples normally could only take on seventh rank difficulty missions at most. This time, they were really lucky to be able to participate in eighth rank difficulty missions.

They wouldn't dare to offend the team leader, elder Wu, even if they had a lot of guts!

"Why aren't you talking? Continue!"

Elder Wu looked at them coldly, his eyes sweeping across the crowd."Any other opinions?"

"No, no! Elder Wu, we'll do whatever you say! We will definitely listen to elder's instructions!"

The round-faced disciple smiled apologetically,"since Sima Yi won the bet, we will do as elder Wu said. This mission will be led by Sima Yi!"

Elder Wu hmped and turned to Lin Yi."Sima Yi, you're pretty strong. Plus, you're more familiar with the ruins of the great witch of ghost Yin. You'll definitely be able to take on the role of commander for this mission. I'll leave the command to you. If anyone is not convinced, I'll naturally step in!"

With Yang Qi as the leader, the inner sect disciples all kept quiet out of fear. No matter how unwilling they were to accept this, they could only hold it in.

Lin Yi thanked elder Wu and didn't say anything else, signaling for them to continue.

There were several original infant stage Warriors in the team. The journey was calm and they didn't encounter any danger. On the evening of the second day, they arrived at the periphery of the ghost Yin mountain.

"Eldest senior brother, we've discovered the tracks of other people!"

Ling Hanxue, who was in charge of scouting, returned to report, ""It seems like they're from the Azurewave sect. They also have reinforcements. Should we avoid them?"

"I'm afraid we can't avoid it!"

Lin Yi looked in the direction that Ling Hanxue came from, a faint smile on his lips. "They've also discovered us!"

Lin Yi wasn't afraid of the Canglan sect at all. Besides, they had worked together before, so there was nothing to avoid.

As he spoke, a figure flashed in the forest in the distance and quickly appeared in everyone's line of sight.

"Hahahaha, I was wondering who it was. So it's elder Wu and elder Chen from the sword spring sect. We're all old friends. It's been a long time since we last met. What a surprise!"

From a distance, the Azure water sect's leader, an old man, laughed loudly. As he spoke, he rapidly approached. Beside him was a beautiful middle-aged woman and a short middle-aged man.

Other than that, there were Cai lingying, Cao Yunqing, and a few other young people Lin Yi didn't recognize.

Judging from their strength, there was someone even stronger than Cai lingying and Cao Yunqing. They should also be elite disciples of the inner sect.

As for the three in the lead, their auras were no weaker than elder Wu 's. They were obviously elders of the Azure water School.

In terms of strength on the surface, the combination of the canglan sect was stronger than the sword spring sect!

This place was clearly the home ground of the sword spring sect, but it was not as good as the neighboring azure water sect. Imperceptibly, there was already a difference between the strong and weak momentum of both sides!

"So it's elder han from the Azure water sect, elder Wu, and elder Mei. It's been many years since we last met, but you're still as elegant as ever!"

Elder Wu and elder Chen cupped their hands together. Elder Wu said with a fake smile, "I just didn't know that you came together. You came to our Hongshang Commandery without informing our jianchun sect so that we can entertain your distinguished guests!"

"Elder Wu, you must be joking. Hongshang Commandery is Hongshang Commandery, and jianchun sect is jianchun sect. If we are in jianchun sect's territory, we will naturally send a visiting card and pay a visit to jianchun sect! But could it be that the current jianchun sect can already represent Hongshang Commandery?"

Elder han was the old man who had just spoken. He also smiled and said, ""It seems that the day of the decline of Hongshang Commandery is close at hand! Should we go back and inform the Commandery Prince of the black charm Commandery?"

Both of their words had a hidden meaning, neither giving in to the other, but elder Wu did not gain any advantage.

"Old man Wu, are you dissatisfied with our azure water sect's appearance? If you're not convinced, you can say it, or you can use your fists to speak. We have no objections!"

The short man was elder Wu of the canglan sect. He gently moved his thick neck, making a crisp cracking sound. "In any case, I haven't seen you for so long. This Wu can give it a try and see if you've made any progress!"

"What's wrong? Do you think I'll be afraid just because there are more people? Come, come, come, if you've thought about using your three-inch nail, then come over!"

Elder Wu couldn't afford to show his cowardice at this moment, so he said contemptuously, ""Do you dare to fight alone? If you don't dare, it doesn't matter if you bring one or two more helpers!"

If they were to really fight, the sword spring sect would naturally be at a disadvantage, but elder Wu wasn't scared. After all, the strength that Lin Yi had revealed before was no weaker than his.

With the addition of Chen Zhisheng, who could explode at any time, in terms of high-end combat power, they were not necessarily weaker than the Azure water sect.

"Alright, don't fight the moment you two meet. You're both so old. What's the point?"

As the atmosphere on both sides began to grow tense, the beautiful middle-aged woman, elder Mei, suddenly broke the deadlock with a smile, ""Old Wu, we all know why we came to the ghost Yin mountain, so don't say those useless things. I just want to ask you one thing, what do you want to do?"

In other words, should they fight it out now, or wait for everyone to find the benefits and then rely on their own abilities?

Elder Wu pondered for a moment. He understood what the other party meant, but he could not make a decision.

If they fought now, it would most likely end in a situation where both sides would suffer losses, and there would be no benefits for either of them. However, if they waited until they found some benefits before they made a move, they might not be able to gain any advantage ...

"Elders, may I have a few words?"

Cai lingying stepped forward and bowed slightly. After elder han nodded in agreement, she continued, "I think it would be better if we could work together. After all, we don't know the inner core of the great witch of ghost Yin yet, and we might not be able to enter it alone."

Lingying had probably gained something from working with Lin Yi last time, so she suggested working together again.

"Old Wu, what do you think?"

Elder Mei's beautiful eyes flickered and she smiled sweetly at elder Wu. "I think this suggestion is feasible. When the time comes, we'll split the benefits equally between the two sects!"

She felt that if they chose to fight, both sides would suffer losses. Even if the Azure water sect had the upper hand, it was hard to say how much they would gain in the end.

It would be better to cooperate first, and it wouldn't be too late to fall out with them when there were really great benefits in the end. Anyway, the Azure water sect's strength was superior, and they had the initiative.

"Why do you want to cooperate with the people from the sword spring sect? We can handle it ourselves!"

Elder Wu, who was standing at the side, did not agree. He immediately objected, "With the few of us here, what problem can't be solved? If we bring the people from the sword spring sect, we will only be a burden!"

"Elder Mei has good intentions, but I don't think there's a need for that!" Elder Han nodded.

Chapter 7404 Return The Way You Came If You Can't Find The Entrance

"What a joke. Do we, the sword spring sect, really want to work together with your Azure billow sect?"

Elder Wu was so angry that he laughed, "you're talking to yourself!" Did you ask for our opinion?"

Seeing that the atmosphere was going to be tense again, Cai Lingying gritted her teeth and continued to bow. "Elders, please forgive this disciple's rudeness, but if we join hands, it will really be beneficial for everyone!"

"It was all thanks to Junior Brother Sima Yi from the sword spring sect that we were able to escape from the remains of the great witch of ghost Yin the last time. If he had not found the exit, we would still be running around in circles in the remains!"

It was true-the three of them had taken another path and went back to their starting point, only to find out that Lin Yi's group hadn't come out yet. They went to Lin Yi's path and found the right path.

"In that case, our azure water sect owes the sword spring sect a favor. If we fall out with them now, wouldn't we be laughed at?"

Elder Mei nodded, feeling that she was very wise. "You two, stop thinking about fighting and killing all day. Sometimes, cooperation is more successful than confrontation."

As for how to achieve the final success, elder Mei really could not explain it clearly. The scheme behind it was not something that outsiders could know!

Elder han and elder Wu looked at each other and hesitated for a moment. Elder han then said, "Since that's the case, we can work together. Elder Wu, what do you think about the sword spring sect?"

"Hmph Hmph! Only now do you think of asking for our opinion? This old man doesn't care!"

Elder Wu's heart was filled with anger. Although he also felt that it was beneficial to both sides, he could not swallow this!

Why did the people of the Azure water sect decide on their own?

If they said they would cooperate, they would cooperate. If they said they would not cooperate, they would not cooperate! Did they even care about the sword spring sect?

"If you don't care, then forget it! Do you think our house of azure water cares about your House of Spring?"

Elder Wu immediately glared at him and shouted, "Do you want to make a move now? I'll take them all!"

"Elder Wu, there's actually no harm in cooperating with the Azure water sect. The core region of the ruins might require more people to crack. Why don't you consider it again?"

Lin Yi spoke up at the right time to prevent elder Wu from breaking up on impulse, "Last time, I had a good time working with Senior Sister Cai from the Azure water sect. Let's just consider this as an extension of our previous cooperation?"

Elder Wu ignored the three inch nail's provocation and felt a little relieved, ""Sima Yi, what you're saying does make some sense. Elder han, elder Mei, let's work together!"

Elder han was taken aback-he didn't think that one sentence from Lin Yi would make elder Wu agree to work with him!

What he didn't know was that the actual commander of the sword spring sect was Lin Yi. Now that he had a way out, he felt that working together wasn't a bad idea. Of course, he'd give in and agree immediately.

"Good! Elder Wu is very straightforward!"

The beautiful middle-aged woman, elder Mei, smiled and nodded. "Then let's go with what we've said earlier. We'll split the benefits 50 - 50. We won't be under each other's command during the operation, but we'll have to discuss it. Is that okay?"

"No problem!"

Elder Wu thought for a moment and felt that this simple model was quite good. ""Then let's go!"

Elder Wu was still a little unhappy, but since the others had agreed, it was useless for him to object. He could only snort twice as a silent agreement.

Thus, the two sides joined together and formed a new team to continue moving forward.

"Junior Brother Sima, I'll have to trouble you again!"

Lingying walked up to Lin Yi and smiled, "This time, I must follow Junior Brother Sima properly so that I don't waste my time!"

"Senior Sister Cai is too polite. I was just lucky!"

Lin Yi replied indifferently. He understood why lingying wanted to cooperate with him.

This was because Cai lingying and the others didn't know the way!

Last time, the Canglan sect's people went in another direction, and they were chased by the cloud devouring single-horned rhinoceros at the bottom of the cliff. They ran into Lin Yi and the others in a panic.

Although they left the ruins by walking on the cliff, Lin Yi's group had already left by then. Cai Lingying and the others probably didn't notice the traces they left behind, so they took many detours in the forest.

If she didn't run into the people from the Sword Spring sect, she wouldn't mind walking a little longer, but since she ran into them and Lin Yi, she couldn't just let them go!

What if the Spring Sword sect had already entered the remains of the Great Witch of Ghost Yin while the House of Storms was still taking a detour and obtained some benefits?

Therefore, the best way was to tie both sides together. At least, there would be someone to lead the way!

Lin Yi understood what Lingying was thinking, but he didn't expose her. He chatted with her about some unimportant things, and even asked about the other's sects. Unfortunately, both of them were as smart as monkeys, and neither of them got any information.

The cliff was broken again, and the thick fog spread again. Lin Yi's divine sense was seriously blocked, let alone his vision.

"Sima Yi, how did you guys enter the ruins last time?"

Elder Wu looked at the thick fog below the cliff, "I heard that he was teleported in from somewhere down there?"

"Yes! However, that time was a coincidence, so I'm afraid it'll be difficult to replicate it. "

Lin Yi replied casually. He couldn't go in the same way he did before. He didn't have to go down the cliff and provoke the cloud devouring single-horned rhinoceros and Youtong iron-armed ape again, did he?

Only someone with a damaged brain would want to replicate the method of entry last time!

"I think we should just enter from the exit that we left last time. We don't need to care how we entered last time!"

"Since we can get out of the exit, we can go back the way we came. Then, we can reach the ruins of the great witch of ghost Yin. What do you think?" Chen Zhisheng suddenly suggested.

That was Lin Yi's plan from the start, so he didn't have any objections. The people from the canglan sect also thought it was feasible, so they decided to enter the plan.

Chen Zhisheng, on the other hand, thought that he was unparalleled in his wisdom and thought of a way before Lin Yi.

Jin Yuan Bao, Zhang Yiming, and Li Yingjian were left behind to guard the Black Spirit Ferghana horses and the other supplies, as well as to ensure their escape.

As for the canglan sect, they also left three people behind to monitor and guard against each other.

Other than the fact that they had to have a way out, Lin Yi was also worried that the three would be in danger. After cooperating with the house, they would have enough manpower, and they wouldn't need to risk their lives.

The rope was still there, so Lin Yi went down first and quickly reached the exit. The tunnel was still there, and nothing unexpected happened.

Soon, everyone had entered the passage. As they continued to move forward, they returned to the small city, which was the ruins of the great witch of ghost Yin.

The entire process was extremely smooth, and they did not encounter any trouble at all.

"Elders, this is the relic of the great witch of ghost Yin! However, there's nothing special about the outer buildings and the outer areas of the palace complex. We need to go to the palace in the center because that's where the real remains of the great witch of ghost Yin are located!"

Cai lingying stood at the entrance of the passage and gave a condescending introduction, giving the elders of both sects a rough idea of what was happening.

Chapter 7405 Breaking Restrictions

"What a spectacular sight! He didn't expect that the ruins of the great witch of ghost Yin was actually a city that had disappeared! This shows how noble the great witch of ghost Yin was in the ghost Yin mountain!"

Elder Mei covered her mouth with one hand and sighed softly, ""What a pity. This city should have been very prosperous in the past, but now it has become a ghost city!"

"Elder Mei, if you like it, you can use this place as your base. It's not impossible for you to bring in more people to restore prosperity!"

Chen Zhisheng sneered and said lightly, "I think the great witch of ghost Yin must be very happy that this place can be restored to its former prosperity!"

"That's a good idea! I'm the city Lord now, and the entire city is mine. You can leave!"

Elder Mei smiled sweetly and said half-jokingly and half-seriously, ""Unless you want to be an evil guest and are prepared to bully the host!"

"Hahaha, elder Mei, you're really humorous!"

Elder Wu laughed and said, ""Let's not waste any more time. Let's go to the core area and see how we can enter!"

What a joke! Without the inheritance of the great wizard of ghost Yin, how could he be the city Lord?

After he got it, whoever wanted this broken place could have it!

The elders of the two sects were not interested in the magnificent buildings or the small towns on the periphery. Their purpose of this trip was to find the place with the restrictive spell in the core area of the group of palaces.

Therefore, the group did not stop at all. They quickly passed through the periphery and arrived near the core area.

"Elders, this is the core of the ruins. Because of the restriction, we can't enter!"

Cai lingying started the introduction. "We've tried to break it with force before, but it didn't work. By my estimation, we'll need at least three peak nascent soul cultivators to break it!"

Three peak nascent soul realm cultivators were the minimum number she had estimated. Unfortunately, only three elders of the canglan sect had the time to come over. This was also one of the reasons why Cai lingying had urged the two sects to join forces.

"Elder Chen, please take a look and see if there are any other ways to break it!"

Lin Yi stood in front of the restriction as well, "I believe that elder Chen is more experienced than us in this area."

The chief of the mechanism Hall was naturally the most outstanding in information on mechanisms and the arrangement and cracking of all kinds of restrictions. The sword spring sect did not release elder Chen for no reason!

Elder Chen nodded slightly. Not to mention that Lin Yi won the bet, he was the actual commander of the sword spring sect's mission team. Even if he wasn't, he wouldn't reject this request.

"This restriction ... Is a little troublesome!"

Elder Chen stepped forward to check, then frowned and said, ""In my opinion, there doesn't seem to be a better way than to break it by force!"

Elder Wu of the canglan sect was also an expert in this field. While elder Chen was observing the restriction, he didn't stay idle either. In the end, he came to the same conclusion.

"Then let's attack together and break the restriction!"

Elder han shrugged. "We have enough people to break the restriction. It won't be a problem. The only thing we need to be careful of is whether breaking the restriction by force will damage the ruins inside."

"There's no need to worry about this. As long as we exert force on several points of the restriction at the same time, we'll only be able to break the restriction and not cause any damage to the ruins inside!"

"If it was just one of us, I'm afraid we wouldn't be able to do this. But now, there's no need to worry!" Elder Chen shook his head and smiled.

Elder Wu snorted, "if we want to break this restriction by force, we'll need to exert force on at least five points at the same time. If it's safe, it'll be best if we can do it at six to seven points."

Although he did not want to admit it, he started to feel that the benefits of joining hands with the sword spring sect seemed to outweigh the disadvantages.

It was impossible for the people of the Azure water sect to enter the ruins alone unless they sent more experts from the sect.

Both Chen and Wu knew their stuff, so they didn't say much. After a simple communication, they arranged for people to be on standby at the points of attack.

There were a total of five elders from the two sects, each responsible for one point. To be on the safe side, Cai lingying and Cao Yunqing from the Canglan sect, along with another original infant stage inner sect disciple, joined forces to attack the sixth point.

On the sword spring sect's side, Yang Qi, Lin Yi, and Chen Zhisheng were attacking the seventh point together!

When the signal was sent, the seven attack points would be activated at the same time, trying to break the relic's restriction at once!

After a short while, everyone was in position. When the signal appeared, the seven attack points almost sounded a huge roar at the same time!

The originally invisible barrier instantly formed a semi-circular barrier of light, and cracks began to rapidly spread from seven spots. In the blink of an eye, the cracks had spread to the entire barrier.

Clear cracking sounds rang out continuously. When the light barrier reached its limit, it shattered into light fragments that filled the sky like a gorgeous rain of light. Then, it disappeared without a trace.

The interior of the restriction was finally revealed to everyone.

When they were separated by the restriction, they could only see a group of similar palaces in the core area. But now, everyone realized that the restriction had deceived their eyes!

The exquisite Pagoda!

After the restriction was broken, a seven-story exquisite Pagoda stood in the middle. It was emitting a glazed brilliance, and each floor had six upturned cornices.

A string of white jade wind chimes hung under each cornice. Even though there was no wind, the wind chimes swayed gently and gave off a crisp and melodious sound.

"There's no mistake! This place is definitely the ruins of the great witch of ghost Yin!"

Elder han laughed,"according to the legends, the great witch of ghost Yin has an exquisite Pagoda. It's a treasure used to worship the gods and comprehend the heaven and earth. I had some doubts at first, but now I can finally confirm it!" This time, we definitely won't return empty-handed from Treasure Mountain!"

"Elder han, don't be happy too early. The exquisite Pagoda is a treasure, but it is also a dangerous place! How could the great witch of ghost Yin allow others to enter his most important place so easily?"

Elder Wu chuckled and calmly poured cold water on the situation."It is said that every step in the exquisite Pagoda is extremely dangerous. We'd better discuss how to enter it first, in case we're all done for the moment we step into the exquisite Pagoda!"

"Elder Wu's words are reasonable, this matter can not be lost!"

Elder han wasn't annoyed and instead nodded his head solemnly,""Did everyone notice? The exquisite Pagoda had a total of seven floors, and each floor had three hexagonal doors. It was hard to say whether all three doors could be entered, or if only one of them could be entered! Elder Wu, elder Chen, what do you two think?"

The two elders who had studied mechanisms were now fully deserving experts, but they didn't dare to answer casually.

Chapter 7406 Three Portals

After walking two rounds around the Linglong Pagoda, Wu and Chen looked at each other and realized that the other's eyes were serious.

In the end, it was elder Chen who spoke. "The three gates correspond to heaven, earth, and man respectively. However, from the outside, there is no difference. I can't be sure if all three can enter, and I can't be sure if all three can 't!"

"There's a possibility that I can't enter any of the three?"

Elder han was stunned and realized that he had misunderstood. Who said that the door must be the way in? It could also be a big pit that had been dug, waiting for someone to jump in. "So, we can only try our luck?"

"To tell you the truth, the exquisite Pagoda of the great witch of ghost Yin doesn't look dangerous from the outside, but I always feel that there is a terrifying danger hidden behind every door."

Elder Wu's expression was grave. He furrowed his brows and continued, "I can't make an effective judgment now. I can only try my luck and randomly choose a door to enter ... Or try all three doors!"

The meaning of this was to use cannon fodder to Scout the way!

In the eyes of powerful martial artists, anyone who was inferior to them was cannon fodder that could be sacrificed at any time. It didn't matter if they were disciples of the same sect or not, as long as they were useful.

And now, the only people who could be used as cannon fodder were the five elders and the top inner disciples of the two sects.

Lin Yi guessed that he might have been counted as cannon fodder by the three-inch nail elder Wu, not to mention Ling Hanxue and Chen Zhisheng. Neither of them had escaped!

"What elder Wu said makes sense. Since it's your suggestion, I'll leave this matter to you!"

Elder Wu smiled coldly and quickly pushed the blame back to elder Wu. Then, he gave an expression that said 'I'll wait for your performance'.

"Since that's the case, I won't stand on ceremony. Elder Wu, how about your sword spring sect send two disciples to visit the Heaven's Gate first?"

Elder Wu did not give up his position and asked Jian Chun to send someone to be cannon fodder. He even specified the target: "Just the two of them!"

He pointed at Lin Yi and Chen Zhisheng with his short and thick fingers!

"Bah! Who Do You Think You Are to command me? Have all the people from your sect died?"

Chen Zhisheng was instantly enraged, and he immediately jumped up and cursed, ""If you want to be cannon fodder, do it yourself. If you dare to have any ideas about me again, see how I'm going to deal with you!"

In fact, Chen Zhisheng didn't care too much about exploring the way. What he cared about was the attitude shown by the Canglan sect. It was simply too unpleasant!

Lin Yi only smiled faintly and shrugged, "I'm sorry, an elder of the Canglan sect doesn't have the right to tell me what to do!"

"Old man Wu, is this how your men work together? You're not going to say anything?"

Elder Wu didn't care about Lin Yi and Chen Zhisheng, he was looking down on elder Wu!

"It's not up to you to decide on the matters of our sword spring sect. Since you're the one who proposed the plan, you'll naturally have to figure out how to execute it. Don't even think about it!"

Elder Wu's attitude was unyielding, and he said firmly, ""If you continue to play these little tricks, then the cooperation between our two sects will end here!"

Anyway, they had already arrived at the place, and the restriction had been opened. There was nothing wrong with everyone going their separate ways and depending on their own opportunities!

"Old Wu, why are you so angry! Even if you don't cooperate, you still have to choose a door to enter, right? Why don't we each send our own people to explore the correct door together?"

Elder Mei stepped out to smooth things over and smiled sweetly, "Perhaps you can enter all three gates without any danger. Wouldn't it be a joke for you to cause trouble here and there?"

Elder Wu hmped and turned his head away. Elder Wu gave elder Mei face and didn't mention Lin Yi and Chen Zhisheng going first.

"That's enough, old Wu. You're already so old, why are you puking! Tell me, what do you think of my suggestion?"

Elder Mei continued to smile. "At most, we'll let you choose one gate first. We'll pick one from the remaining two. Is that okay?"

Elder Wu still ignored elder Mei and looked at Lin Yi. After all, Lin Yi was the commander this time, and he couldn't make the decision.

Lin Yi thought about it and decided that there was no other way. They couldn't just wait outside, could they?

"Alright! Then it's decided! We won't take advantage of you. Elder Mei, what's the harm in letting you choose first?"

Elder Wu received Lin Yi's silent nod and decided, "If both of our families fail after choosing the two entrances, then the third one will be the correct one!"

With a simple process of elimination, if one of the two was fine, then it was naturally very good luck!

"Since elder Wu has said so, then it would be impolite of me to refuse!"

Elder Mei did not hold back at all. She did not have any intention of being humble at all. Instead, she used her finger to touch her lips and started to think, "My woman's intuition tells me that the heaven Gate seems to be more reliable among the three gates of heaven, earth, and human!"

"Elder han, why don't we choose the Heaven's Gate? Let the people of the sword spring sect choose between Earth sect and human sect?"

Lin Yi heard elder Mei's words and looked at Ling Hanxue with a strange expression. So it turned out that Ling Hanxue wasn't the only one who relied on a woman's intuition to make a choice!

"Elder Mei's intuition has always been accurate. In that case, let's choose the Heaven's Gate!"

Elder Han gave him a lot of face and immediately nodded with a smile, "Elder Wu, it's your turn to choose!"

"You guys have a woman's intuition, so do we! He's even more experienced and has more glorious battle records!"

Elder Wu pursed his lips in disdain, "whether it's the right choice or not, you'll know in a moment!" Ling Hanxue, you choose one. Use your womanly instincts!"

Lin Yi had explained the last mission very clearly in the sword spring sect, so Elder Wu knew that Ling Hanxue had used her intuition to make her choice, and it was quite accurate every time.

"Yes! Elder Wu!"

Ling Hanxue had no way of rejecting him, so she could only bow and agree. "However, this disciple has a request. Later, please let this disciple go and explore the path. Because this disciple is an excellent Scout, I'm definitely more than capable!"

Elder Wu was slightly stunned. For this kind of cannon fodder mission, most people would hide as far away as possible. He didn't expect to see someone who came to his door on his own initiative today!

"Of course you can. You can now rely on your intuition to decide which door to enter!"

Elder Wu hurriedly hammered in the nail and sealed the coffin to prevent Ling Hanxue from going back on her word.

"Sister Xue, what are you doing?"

Lin Yi was stunned as well, and quickly pulled on Ling Hanxue's arm.

Chapter 7407 The Right Earth's Gate

Lin Yi understood immediately-Ling Hanxue was probably trying to protect him.

Elder Wu had specifically asked Lin Yi to go Scout the path, and if she didn't step up, Lin Yi might be the one doing the mission later.

In comparison, Ling Hanxue would rather take the risk herself than let anything happen to Lin Yi, which was why she volunteered herself!

"Don't worry, eldest senior brother. My intuition has always been accurate. Nothing will happen!"

Ling Hanxue smiled and comforted Lin Yi softly before raising her voice,"I think the Earth's gate is more suitable to enter!"

"Sister Xue ..." He said.

Lin Yi grabbed onto Ling Hanxue's arm and didn't let go. At the same time, he laughed bitterly in his heart, what a useless woman's intuition! It was not accurate at all!

The moment Ling Hanxue said that she wanted to enter the Earth's gate, a warning came from the space in the jade pendant. It was obvious that there was danger inside, and Ling Hanxue would probably not be able to come out once she entered.

"Xiaoxue! You can't go in, it's too dangerous. I should be the one going in!"

Chen Zhisheng didn't want to be outdone, and spoke at the same time as Lin Yi, "Just wait outside obediently and watch my performance!"

Lin Yi looked at Chen Zhisheng in surprise. This kid ... Could feel the danger inside the Earth's gate too?

If it wasn't for the Jade space, Lin Yi wouldn't even be sure if he could see through the dangers of the Earth's gate. How would Chen Zhisheng know?

If he was acting so anxiously because he was worried about Ling Hanxue ... It did not seem like it!

Chen Zhisheng's expression and behavior clearly showed that he knew the danger would endanger Ling Hanxue's life!

Otherwise, he would at most suggest to go with Ling Hanxue. He would definitely not say that he should be the one going!

Previously, when Ling Hanxue was a Scout, it was not as if there was no possibility of danger. In the end, it was also a possibility of danger. However, Chen Zhisheng's performance was different. It was enough to show that Chen Zhisheng knew the situation inside the exquisite Pagoda!

"What are you two doing! It's just scouting the path. As the team's Scout, it's not like I haven't done it before! This is my duty!"

Ling Hanxue laughed as she broke free from Lin Yi's grasp and turned to Chen Zhisheng, "You don't need to argue. I'll go first this time, and you can go next time, okay? Maybe the next time will be the real danger, so I'll be counting on you then!"

Lin Yi's lips twitched. Next time? There won't be a next time if you go in now!

"Sister Xue, please listen to me!"

Lin Yi tried his best to keep a smile on his face as he whispered, "The first exploration may be less dangerous, but it will get more and more dangerous in the future. I think that with your ability, sister Xue, it is a waste of talent to send you out now. Why don't you let Chen Zhisheng go?"

Chen Zhisheng immediately rolled his eyes in dissatisfaction. So, in your heart, I'm just a piece of trash? Is he suitable for such trivial matters?

If it wasn't for snowy's safety, I ...

Chen Zhisheng's heart was full of complaints, but he had to squeeze out a smile of agreement on his face and nodded repeatedly, "That's right, that's right, big brother is right, this kind of small thing without any danger, just leave it to me! I'll let you handle the next dangerous mission!"

Lin Yi raised an eyebrow-he didn't say that to trick Chen Zhisheng, he just wanted to see what cards he had up his sleeve!

Since Chen Zhisheng knew that there was danger in the Earth's gate and took the initiative to enter, he was obviously prepared. It would be a pity if he didn't take the opportunity to test it.

"Are you guys done discussing? Did he really think that everyone was free? Do you still want to enter the exquisite Pagoda?"

On the other side, elder Wu urged impatiently, "The Azure water sect is ready. Quickly send someone out and enter the heaven and earth gates together!"

While they were talking, a disciple of the Azure water sect had already walked out and stood in front of the Heaven's Gate with an ugly expression.

He had heard the discussion just now, so he was very clear that he was actually just a cannon fodder. It was really hard to say whether he could come out alive!

It was a pity that he couldn't refuse this. The only good news ... Was that the first one to enter might be less dangerous. If he could survive, he should be able to avoid several rounds of cannon fodder missions later on!

"Alright, I'll be going then!"

Chen Zhisheng grinned and nodded at Ling Hanxue. "Little Xue, just wait and see how I perform. Don't worry, with me here, you will be fine!"

"You ... Be careful!" He warned.

Ling Hanxue was actually very grateful to Chen Zhisheng, but this was only the gratitude between teammates, not the feelings between men and women. However, Chen Zhisheng's expression of deep affection and loyalty made her feel a little sick!

To put it bluntly, it was the feeling of me treating you as a brother with all my heart, but you only wanted to sleep with me ...

"Hahaha, don't worry. Even if it's a mountain of daggers and a sea of flames in front of me, I'll still walk on it as if it's flat ground. Xiaoxue, wait for me to come back!"

Chen Zhisheng was suddenly in high spirits. He felt that Ling Hanxue was starting to care about him. This was a good start, and there would definitely be good results in the future!

After he finished speaking, Chen Zhisheng strode forward and walked to the front of the earth gate.

Lin Yi looked on coldly, the suspicion in his heart growing stronger. If it wasn't for Chen Zhisheng's love and obsession with Ling Hanxue that didn't change at all, and if it didn't seem to be fake, he would have suspected that this Chen Zhisheng had been replaced long ago!

After both sides of the heaven and earth gates were ready, the people of the Canglan sect sent out a signal. Chen Zhisheng and the Canglan sect disciples in front of the heaven Gate stepped into the gate at the same time.

Unlike the disciples of the Canglan sect, who were cautious and put on a defensive posture while trembling with fear, Chen Zhisheng was calm and composed. He put his hands behind his back as if he was taking a stroll in a courtyard and entered the Earth's gate with an extremely pretentious posture.

After they entered, the people outside could no longer see their figures. Of course, they had no idea what happened inside.

"Elder Wu, how much time do you think they'll need to investigate the situation?"

Elder Han was a little uncertain and said in a low voice, ""If they don't come out, how long do we have to wait?"

"I've already warned him just now. If he encounters danger that he can't handle, he should retreat as much as possible! Regardless of whether the Heaven's Gate was a mistake or not ... There should be a result soon!"

Elder Wu was not too confident and could only make his own calculations. "If everything goes well, in the time it takes an incense stick to burn ... He should be out in that time!"

On the other hand, if they didn't come out within the time it takes for an incense stick to burn, it meant that they had encountered an irresistible danger and were completely finished inside!

As he spoke, there seemed to be a light flashing on the first floor of the exquisite Pagoda. The wind chimes under the cornice also began to make crisp and rapid sounds.

Not long after, a person walked out of the earth's gate. It was Chen Zhisheng, who was pretending to be cool!

"Fortunately, I did not fail my mission. The correct entrance to the first floor of the exquisite Pagoda can be confirmed to be the Earth's gate! Xiaoxue, did you see that? I told you this was just a piece of cake!"

Chen Zhisheng triumphantly took credit from Ling Hanxue and cupped his hands at the crowd. "Although it was a little dangerous, it wasn't worth mentioning. I solved it easily! Everyone can follow me in!"

Chapter 7408 Let Me Make An Example

"Junior Brother Chen, I wonder if I can see people entering the heaven Gate from the earth gate?"

"I'd like to know how our Junior Brother is doing. "Cai lingying cupped her fists and asked politely.

"Oh, that unlucky guy? He's already dead!"

Chen Zhisheng shrugged nonchalantly,""Although I can't see the specific situation at the Heaven's Gate, I can feel the movement of the Heaven's Gate from inside. It seems that he was killed by the exquisite Pagoda as soon as he entered!"

The faces of the canglan sect's people immediately turned ugly. It was not entirely because their people had died, but more importantly, it was because of Chen Zhisheng's attitude!

Was he F * cking saying that a kitten or dog died? What did that nonchalant expression mean? The lives of the canglan sect's people are worthless?

"Alright! Let's go in first!"

Elder Wu raised his hand and stopped the Azure water sect's restless disciples."Those who enter the heaven Gate might not necessarily be dead. We might have a chance to find him if we enter through the earth gate!"

It was obvious that he felt that the life and death of a disciple was of no concern. He was just cannon fodder to begin with, so what was there to care about?

However, in order to appease the people, elder Wu paused for a moment before he continued, "Leave a mark here. If he can come out of the Heaven's Gate, he can follow the mark to find us!"

Cai lingying and the others were silent, feeling a little sad for the death of their kind, but no one refuted elder Wu.

Cao Yunqing looked left and right. Seeing that no one was moving, he stepped forward to leave a mark, which was more or less a meaning.

Chen Zhisheng pouted, his eyes showing a disapproving look. He felt that the people of the canglan sect were really hypocritical. They already said that the unlucky guy had died, but they still had to cover it up as if they were not the ones who treated him as cannon fodder!

"Let's go! I'll lead the way, you all follow me!"

Chen Zhisheng waved his hand and turned to walk towards the Earth's gate. At the same time, he reminded, ""Pay attention, if you don't follow me closely, you'll be responsible for anything!"

Lin Yi looked at him, deep in thought. He was even more suspicious-how did Chen Zhisheng get out of there so quickly?

The Jade space had never been wrong. Since it had sent out a warning, it must have reached a considerable level of danger!

And what did Chen Zhisheng have?

Perhaps ... He had been to the exquisite Pagoda before? Or did he know everything inside like the back of his hand?

As he was thinking, the people from both sides had already followed Chen Zhisheng and walked towards the exquisite Pagoda. Ling Hanxue pulled Lin Yi and whispered, "Senior brother, let's go in too!"

In fact, Ling Hanxue didn't need to say it. Chen Zhisheng had been paying attention to her and Lin Yi. He waited for Lin Yi and Ling Hanxue to catch up with the team before stepping into the Earth's gate.

From the outside, the exquisite Pagoda didn't look very big. It only took them a hundred steps to walk one round. However, after entering it, everyone found that it was a completely different world. The entire level was at least ten times bigger than they had expected!

"As you can see, this is the first floor of the exquisite Pagoda. However, the gates of heaven, earth, and man don't seem to be the same place after entering. At least, we can't see the gates of heaven and man now!"

Chen Zhisheng was like a tour guide, smiling as he introduced, ""I don't know how to get to the gates of heaven and man, but I've found the stairs to the second level!"

"Where are you? Why can't I see it?"

Elder Han did not dare to walk around casually. He could only look around, but he did not find the stairs that Chen Zhisheng had mentioned. "There are quite a few rooms here. Have you seen what's inside?"

"That's what I'm going to say next, just continue listening!"

Chen Zhisheng curled his lips, as if he was not satisfied with Elder Han's casual interruption, "You might not be able to see it clearly, but there are six rooms here, and each room has some things left behind by the great wizard of ghost Yin. As long as you open all six rooms, a staircase will appear in the center of the hall, leading to the second floor."

Why did he say he couldn't see clearly?

Because on the first floor of the exquisite Pagoda, there seemed to be some faint smoke floating, causing everyone's vision to be a little blurred, and they really couldn't see all directions clearly.

Lin Yi's spirit sense was also affected, but it wasn't too serious. Other than Chen Zhisheng, he was the only one who could control the entire situation on the first floor of the exquisite Pagoda!

"Chen Zhisheng, you've already opened six rooms? That's why you found the stairs?"

"Then why are all the rooms closed now?" Lin Yi asked, his face still the same.

"I did try to open the room, but I didn't go in. I just looked outside the door. If no one went in, the door would close automatically, so when I went out to find you, all the rooms were restored to their original state."

Chen Zhisheng didn't really want to talk to Lin Yi, but he saw Ling Hanxue's eyes full of anticipation. He could only smile and explain, "According to my speculation, as long as we take the things in the room away, the door will remain open. Do you understand?"

"I understand! This is the benefit given to us by the great witch of ghost Yin!"

"I wonder if the great witch of ghost Yin has to go through the same trouble as well. Does she have to take everything from her room before she can go up to the second floor?" elder Mei chuckled.

"How can you speculate about the senior expert?!"

Chen Zhisheng snorted and took two steps to the side. He casually opened the door of a room. It was extremely easy and there was no difficulty at all. "Cut the crap. Who wants to go in and take out the things inside?"

Everyone's eyes subconsciously looked in and saw that there were many crystal stones in the room, most of which were precious refining materials.

For example, there were a few pieces of Yunying refined iron ore, which were of the highest quality. Even if Zhang Yiming's family had Yunying refined iron ore, they might not be able to mine two or three pieces of similar quality ore in a year.

Unfortunately, although these things were precious and worth a lot of money, the elders of the two sects were all people who had seen the world. They would not be excited by these crystals.

"Is there any danger in this room?"

Elder han stroked his short beard and smiled, ""If there's no danger, little friend Chen, I'll have to trouble you. Go and take out the things, and we'll divide them among us!"

The Azure water sect had already lost one person. Even if he was cannon fodder, he was a resource that could not be regenerated. Hence, elder han was not prepared to take the risk.

In any case, the agreement was to split it equally between the two sects, so it didn't matter who went to get it.

"Who said there's no danger? it's very dangerous inside!"

"Elder han, you're quite good at calculating, aren't you?" Chen Zhisheng laughed, "you want to get benefits without putting in any effort?" Forget it, I'll make it clear. Whoever wants the things inside can go in and take them by themselves, and you can only take your own share!"

After he finished speaking, Chen Zhisheng entered first and said as he walked, ""I'll give you guys a heads up first, in case you're all too afraid to enter and waste time!"

Chapter 7409 I Don't Know!

The people of the Canglan sect all stared at Chen Zhisheng, cherishing this cannon fodder.

Then they saw Chen Zhisheng go straight to the pile of crystals. He first waved his hand and divided them into two piles, then divided one pile into several small piles.

In terms of numbers, it was the corresponding number of people from the sword spring sect.

"I won't stand on ceremony, I'll take my share first!"

After Chen Zhisheng finished speaking, he really took away a pile of Jingshi and walked out!

"What about the danger? Why didn't I see it?"

Elder Han's mouth twitched. Was this little brat lying?

Chen Zhisheng was too lazy to pay attention to him. He ran to Ling Hanxue and took out the item to give to her.

"Xiaoxue, this is my share. You keep it first. I'll get your share for you later."

Chen Zhisheng passed the crystal in his hand to Ling Hanxue as if he was presenting a treasure. ""If you like it, I can give you more!"

"No need ... I'll go get my own share!"

Ling Hanxue rejected Chen Zhisheng tactfully, then turned sideways to let him pass, and walked directly into the room. ""Is it okay to walk over like this?"

"No problem, go ahead!"

Chen Zhisheng didn't care at all, he naturally put away the crystal and smiled, "Take your share and come out quickly. It's hard to say if it takes too long!"

Ling Hanxue trusted Chen Zhisheng's words, so she walked over boldly and took a crystal, then turned back.

The people of the canglan sect watched coldly from the side. Seeing that the two people in a row did not encounter any danger, they felt that Chen Zhisheng was most likely bragging to scare people. There was no danger in this room at all.

"You go!"

Elder Wu randomly picked a Canglan sect disciple and shook his head slightly. "Look at the route they're taking, don't make any mistakes!"

"Yes, elder!"

The disciple who was chosen did not dare to have any objections. After bowing slightly, he walked towards the room. Fortunately, Chen Zhisheng and Ling Hanxue gave him full confidence and he felt that he would not be in danger!

Unfortunately, this kind of false confidence was meaningless. He had just entered the room and only taken a few steps. There was still a long distance between him and the pile of crystals when his whole body suddenly trembled. His legs were like noodles, swaying left and right. He was about to fall to the ground.

Chen Zhisheng's figure flashed and he entered the room like lightning. He reached out to grab the back of his collar and threw him out.

Elder Han quickly followed up and caught the Azure Water sect disciple, only to find that his eyes were closed and his mouth was foaming. He had actually fainted.

"What's going on?"

Elder Wu was furious. He raised his head and looked at Chen Zhisheng, who was walking out slowly, "Why is he like this?"

"How should I know? I already said it's dangerous here, he's just proving that I'm not lying!"

Chen Zhisheng shrugged innocently and spread his hands, ""In order to save him, I took a risk and went in. It's fine if you don't thank me, but you still speak in an interrogating tone. Is it appropriate?"

Elder Wu really wanted to spit on Chen Zhisheng's face!

Risk? He didn't look like he was taking any risks at all!

"He's not poisoned ... And he doesn't seem to have suffered any internal injuries!"

Elder Mei carefully examined the disciple and said in a low voice with a serious expression, ""Why is it like this? I can't tell ..."

Elder han nodded his head slightly. He couldn't see the reason either, which made his heart even heavier.

"You people are truly cruel and unscrupulous! I've really saved your people for nothing!"

Chen Zhisheng curled his lips and snorted. "Forget it. Next time something like this happens again, you guys can do as you see fit. Don't expect me to help you save people again!"

Elder Han took out some medicine and fed it to the disciple. Then, he said to Chen Zhisheng politely, "Little friend Chen, you're too kind. Of course, we're grateful that you're willing to help our sect's disciples!"

After a slight pause, he continued, ""I wonder if little friend Chen can give us some advice on what kind of injuries our disciple has suffered?"

"I don't know!"

Chen Zhisheng turned his head and looked at the sky at a 45-degree angle, ""I'm a man of my word, you don't have to say anything!"

The corner of elder Han's mouth twitched. He was a senior, after all. He was more or less embarrassed to be talked back to in such a way!

"No need to ask him! I'll go in and try it myself!"

Elder Wu hollered in anger and Huanzhen strode towards the room, "I don't believe that this place can be very dangerous!"

There was no reason for Chen Zhisheng and Ling Hanxue to be fine, but something would definitely happen to others!

Moreover, elder Wu was very confident in his knowledge of mechanisms. He believed that he would be able to escape unscathed if he was careful!

"Wait!"

Elder Mei extended her hand and pulled elder Wu back. She took out a rope and quickly tied it around elder Wu's waist, "There's no harm in being prepared! Great witch GUI Yin's Linglong Pagoda is strange and unpredictable, we should be more careful, it's better to be safe than sorry!"

Elder Wu did not refuse. He waited for a moment and continued to move forward after he was tied up. He entered the room very quickly.

In fact, he really didn't care about the things in the room. He just couldn't take this lying down!

However, he couldn't hold on for too long. He only took three or four more steps than the Azure water sect's disciple before he felt stars in front of his eyes. The feeling of dizziness came in waves, and he almost fell to the ground.

Elder Mei, who had been watching, quickly pulled the rope and saved elder Wu. However, he had already fallen unconscious, just like the Azure water sect disciple.

This time, most of the people were shocked. Elder Wu was one of the most powerful people in the hall, and he could not even hold on?

Then, the way they looked at Chen Zhisheng and Ling Hanxue was a little off. Why were these two fine?

"Did everyone see that? The danger in this room is not something I casually said. If you want the things inside, you will have to risk your lives!"

Chen Zhisheng looked around proudly, ""But I'm kind, so I can give you a chance to choose. Do you want to hear it?"

"Speak!"

Elder Han's expression was not too good as he said coldly, ""If it's reasonable, we can consider it!"

This meant that he agreed to let Chen Zhisheng state his conditions, but they had to be within a certain range.

"It's actually very simple. I can help you take out all the things inside, but I can't do it for free, right? So, I'll take half of the things I take out and you guys can split the rest! This is the first reason!"

Chen Zhisheng raised one finger, then another. ""Secondly, I have the final say on how to distribute the items in the back room! Because the situation inside is similar to this. What do you think?"

"Are your conditions only for our canglan sect, or are you going to treat your jianchun sect equally?"

Elder han didn't agree nor disagree, instead he looked at elder Wu and elder Chen, ""Could it be that your sword spring sect is targeting our azure water sect?"

Chapter 7410 Divine Sense Attack

"Of course not. My conditions are valid for everyone. Of course, if anyone wants to go in and try, they can go. I have no objections!"

Chen Zhisheng stepped aside, as if he was sure that no one could enter. "Don't expect little Xue to go. We're a team, so the conditions are the same!"

Ling Hanxue's mouth twitched, but she could not refute Chen Zhisheng's words!

After all, they were really teammates of a team. In any case, they should support Chen Zhisheng!

The people of the canglan sect fell into silence. Although the things in this room were valuable, they were not worth risking their lives for. It did not matter if Chen Zhisheng took half more.

The problem was that he didn't know what was in the room behind. If he agreed to let Chen Zhisheng distribute it, what if there were good things?

Unfortunately, even elder Wu could not deal with it, and it had become a lesson for them. No one dared to continue to make such a pointless attempt, and the situation was a little stiff!

Chen Zhisheng's eyes turned and he suddenly smiled at Lin Yi, "Senior brother Sima, do you want to try? Or perhaps you can give me half of your share and let me take it out for you?"

"Chen Zhisheng, how can you speak to eldest senior brother like this?"

Ling Hanxue was furious. It was one thing for him to ask for benefits from the Azure water sect, but he was doing the same to Lin Yi? This was simply preposterous!

"Sister Xue, I'm fine!"

Lin Yi stopped Ling Hanxue with a smile. "Actually, I wanted to try it anyway. It's no big deal!"

With that, Lin Yi really did walk into the room, surprising Zhisheng.

The eyes of the Azurewave sect's people brightened. They didn't expect such a turn of events.

They were naturally happy to see an internal conflict in the sword spring sect. Furthermore, it would be easier for them to grasp the situation if they had more people to test the waters!

Ling Hanxue didn't want to stop Lin Yi and could only follow him, ready to come to his rescue if anything happened.

Lin Yi waved his hand to stop Ling Hanxue. He insisted on going in because he wanted to experience what kind of danger was in the room and also to figure out how Chen Zhisheng did it.

In just a few steps, Lin Yi felt a slight impact on his essence spirit, and his spiritual sense immediately reacted, resolving the impact.

So that was how it was!

It was actually an attack on the divine sense!

Lin Yi understood now-no wonder elder Wu couldn't take it, and he didn't seem to be injured.

The problem was, where did this spiritual sense attack come from? Chen Zhisheng? Or was it some kind of mechanism in the room?

Lin Yi analyzed carefully and ruled out Chen Zhisheng as a suspect. He was standing outside the room, and the spiritual attack came from the inside, so it clearly had nothing to do with him.

And although the room was large, there was nothing particularly eye-catching other than those crystals ... Where did the attack come from?

Lin Yi extended his spirit sense out, but the attack didn't appear again, as if it gave up because it couldn't do anything to Lin Yi!

Strange!

His spirit sense searched back and forth a few times, still finding nothing. Lin Yi put away the pile of crystals and turned around to leave. Perhaps it would be easier to find it if he let someone in and observed from the outside?

As he thought about it, Lin Yi saw the surprise on Chen Zhisheng's face flash by, as if he didn't understand how Lin Yi could take back the crystal so easily.

But Chen Zhisheng didn't say anything. He watched Lin Yi leave the room without a word and said to the people of the Canglan sect, "He's also a member of my team. Do you want to try again?"

Elder Han and the others were speechless. After Lin Yi tried, they realized that there was no point in trying ... Other than the fact that the people from the Sword Spring sect would be fine and the people from the House of Azure would be in trouble, what else could they do?

"You can take half of the things in this room, but we'll have to see what happens in the other room!"

Elder Mei made a prompt decision and immediately gave her suggestion, ""After all, we've already agreed before that we can't break the agreement!"

"What does the agreement at that time have to do with me?"

Chen Zhisheng curled his lips and laughed. "Besides, I didn't ask you to give up your previous agreement. I'm just asking you to collect some remuneration for your efforts. Isn't that right?"

"Chen Zhi wins! Let's do as elder Mei says!"

Although elder Wu wanted to take advantage of them, it wasn't the best time to fall out with the Azure water sect. "We'll talk about the room later, we'll do as you say here!"

What he did not know was that Chen Zhisheng had also included the sword spring sect in his plan. Other than Ling Hanxue, the others did not matter!

Therefore, Chen Zhisheng did not take elder Wu's words to heart until Ling Hanxue persuaded him in the same way. Only then did he reluctantly agree.

He couldn't disagree-after all, Lin Yi could go in and get something, and come out safely. He wasn't the only choice, so he should stop while he was ahead!

In the end, Lin Yi, Ling Hanxue, and Chen Zhisheng got the majority of the crystals in the room, and the rest were evenly distributed to the others. The sword spring sect had a little more, but it was still extremely limited.

The situation in the remaining five rooms was similar. They had only exchanged for some resources. Although they were worth a lot of money, they were not the things that the two major sects valued the most, so no one cared about suffering some losses.

After all six rooms were opened, as Chen Zhisheng had said, a staircase appeared in the middle, leading to the second floor of the exquisite Pagoda.

Under Chen Zhisheng's lead, the group went up in a single file. Then, they discovered that the second floor was completely different from the first floor!

Fire!

This was a world of fire!

The entire second level was completely covered in flames. As soon as everyone stuck their heads out, they felt an endless heat wave invading them!

Fortunately, everyone present could release their own elemental Qi to isolate the second layer's flames. Otherwise, they would have been burned to ashes when they came out.

"Chen Zhisheng, what's going on with the second floor? Where are the stairs to the third floor?"

Elder Wu subconsciously asked Chen Zhisheng. After all, he had shown that he was familiar with the exquisite Pagoda,"Or is there any way to put out the fire?"

"Elder Wu, I've never been to the second level before, how would I know so much?"

Chen Zhisheng shrugged his shoulders and said innocently,"I thought that the second level would be similar to the first level! Why don't you ask eldest senior brother Sima? perhaps eldest senior brother might know!"

Lin Yi's lips twitched-the guy was doing this on purpose, right? Who the hell would know about this?

However, Lin Yi's spirit sense was more useful here. Although it was restricted, it was ten times better than eyes.

"Elder Wu, the fire power on this floor isn't that strong. Let's make arrangements. We'll take turns to block it so that we don't consume too much energy."

Lin Yi said as he ordered the sword spring sect to form two circles,"The people on the outside will isolate the flames first. The people on the inside will rest and conserve their energy. We will switch positions later!"
