

## Bodyguard 7411

Chapter 7411 Chen Zhisheng's Reminder

The people from the sword spring sect didn't have any objections. After all, Lin Yi was the real commander, so the coordination was completed very quickly.

This way, they could at least ensure that they wouldn't die together because of the consumption.

The people of the Azure water sect followed suit and quickly formed the same formation. Then, the two sides moved together in the flames and began to search for the stairs leading to the third floor.

At first, the two sects 'teams were moving in the same direction, but slowly, there were differences.

One circle to the left, one circle to the right. The two sides maintained a tacit understanding and did not say much. Instead, they naturally drifted apart.

"Eldest senior brother, we can't see the people of the Canglan sect anymore!"

Ling Hanxue whispered to Lin Yi, ""Are we really going to separate from them?"

"Don't worry, the space on the second floor isn't much bigger than the first floor. Even if we separate now, we'll meet again soon. "

"I'm afraid the people from the Canglan sect have the same idea as us. Splitting up will help us find the exit faster." Lin Yi shook his head.

"Speaking of which, the flames on the second floor are a very favorable cultivation environment for martial artists with fire attribute physiques!"

"If I'm not mistaken, there may not be any better fire attribute cultivation rooms in our sect," elder Wu suddenly said.

This naturally included all the practicing rooms that the inner and outer disciples could use-Lin Yi fully agreed with that!

He'd personally experienced the practicing rooms of the outer and inner disciples-the fire element in the second floor was a level higher in comparison.

Of course, Lin Yi's strength was limited before, and he didn't use the real top tier training room, but from what elder Wu said, it shouldn't be too far off.

If not for the lack of time, it would be good to cultivate here!

Although the flames in the exquisite Pagoda were not as explosive as the ones in the cultivation room, they were gentler in tempering the human body and had better cultivation effects.

While they were talking, there was suddenly an empty space in front of everyone. A rare open space appeared in the sea of fire. Although the area was not large, it was enough for the people of sword spring sect to sit down and rest.

Although there were two shifts taking turns to block the flames, everyone's consumption would still be relatively large after a long time. It was indeed precious to have a place to rest!

"Everyone, take this time to rest. After you've recovered a little, we'll continue our journey!"

Elder Wu quickly made the arrangements and sat beside Lin Yi, "Sima Yi, the people from the Azure water sect went that way. Should we follow them? If the stairs to the third floor is in that direction, then we'll be in trouble!"

Everyone said it was a cooperation, but if they could really monopolize the benefits, no one would think of cooperating.

"Elder Wu, don't worry. The second floor won't be that simple. We're only blocking the flames right now. If we can easily enter the third floor, what's the point of these flames?"

Lin Yi smiled and shook his head, "in my opinion, the first level is easier. The second level will be more difficult, so it's very important to maintain our condition. We have to be alert and be ready to react at any time."

"That makes sense! I'll get everyone to be more careful!"

Elder Wu agreed with Lin Yi's words, but he didn't think much of it.

However, he also felt that the flame in front of him was not the most difficult thing on the second level!

Elder Wu turned to look at Chen Zhisheng. He didn't know if he should ask for his opinion.

From the moment he entered the exquisite Pagoda, Chen Zhisheng had shown an unusual ability. He seemed to have studied the exquisite Pagoda very well.

The problem was that this kid was merciless in exploiting his fellow disciples, so elder Wu's impression of Chen Zhisheng wasn't very good. So after thinking about it, he didn't contact Chen Zhisheng.

Lin Yi didn't pay attention to elder Wu's thoughts. The people from the canglan sect weren't far from the jianchun sect, and Lin Yi's spirit sense was watching them closely.

He was attacked by the spiritual sense in the room on the first floor, and Lin Yi had been on guard the whole time. So while he was paying attention to the people from the canglan sect, he also checked for other spiritual senses in the surroundings.

The people from the canglan sect were separated by the flames and didn't notice Lin Yi's side. However, they did find a circular area that wasn't covered in flames and entered it for a short rest.

Lin Yi felt weird-why did both sides have similar empty spaces at the same time?

Or rather, were there any connections between these two places?

"Be careful, something doesn't seem right!"

Chen Zhisheng lazily opened his mouth. Although it was a warning, there was a trace of ridicule in his eyes, "Do you feel an abnormal pressure falling?"

Elder Wu and elder Chen suddenly stood up, their expressions changing!

Chen Zhisheng didn't say that they hadn't noticed it yet. After receiving the reminder, they found that there was indeed a faint pressure, and it was getting clearer and clearer!

"Everyone, be on guard!"

Elder Wu didn't have time for Lin Yi's orders and subconsciously ordered, ""Maintain the formation. Don't get into a mess!"

Lin Yi frowned and used his spirit sense to lock onto a corner of the fire. There was indeed something coming out!

In fact, this situation was not unfamiliar. It was somewhat similar to the cultivation room. Could it be that the second floor of the exquisite Pagoda was a cultivation room?

Was the thing that was condensed from the flame something that existed to assist in cultivation?

With that in mind, the surrounding flames started to move and as if they were attracted, they quickly rushed towards the location Lin Yi's spirit locked on to and gathered there.

On the other side, the people from the Azure water sect revealed themselves. Only then did they realize that the sword spring sect was not far away from them. It could be said that it was just a stone's throw away!

"It's the fire spirit!"

"This fire spirit is enough to threaten a complete nascent soul realm cultivator!" Chen Zhisheng shouted. "Be careful!"

Lin Yi raised an eyebrow-Zhisheng was acting like he was in a hurry, but he was actually quite happy ...

What was there to be happy about when a fire spirit that could threaten a peak nascent soul realm appeared?

The rest of the people looked solemn. No one dared to ignore Chen Zhisheng's reminder. Then, they watched all the flames gather together and quickly turn into a 30-foot-tall, 50-foot-long Flaming Tiger.

Fortunately, the exquisite Pagoda's space was a bit special, allowing the second floor to accommodate the giant Flaming Tiger. From the outside, the giant Flaming Tiger's body was enough to open several floors of the exquisite Pagoda.

"Go! The fire spirit is at its weakest when it's fully formed. What are you waiting for? If you don't attack now, are you waiting for death?"

Chen Zhisheng shouted loudly. He waved his arm to signal the people of the spring sword sect and the Azure water sect to attack together. However, he hid at the back of the group and did not jump out to lead the group like before.

Chapter 7412 Did I Let You Guys Go?

The elders of the Azure water sect and the sword spring sect did not dare to be careless, but they also felt that Chen Zhisheng's words made sense. Therefore, after looking at each other, they gave the order to attack at the same time.

The only difference was that the entire Canglan sect was there, while Lin Yi pulled Ling Hanxue to the side and didn't make a move.

Chen Zhisheng continued to chit-chat, but he naturally followed Ling Hanxue without any intention of making a move.

"Senior brother, aren't we going to help?"

Ling Hanxue felt a little apologetic. The others were attacking the giant FireSpirit Tiger while the three of them were just watching from the side ... It didn't seem right, right?

"No hurry! Let's take a look first!"

Lin Yi smiled faintly. He was the actual commander of the sword spring sect, but the people from the sect didn't even wait for his order before launching the attack.

Who was in the wrong?

Besides, Lin Yi didn't do anything because he wanted to see what Chen Zhisheng was up to!

The giant fire spirit Tiger might not be something that Chen Zhisheng made, but there was no doubt that he should have expected it in advance!

Why did the Kongtong Sect and the Kongtong Sect attack the giant fire spirit Tiger?

Soon, Lin Yi knew why it was consumed!

The giant FireSpirit Tiger did not have a physical body. It was only formed from flames. However, it was extremely powerful. A casual attack from it could pose a threat to a cultivator of the peak nascent soul realm.

Although the two groups had the advantage in numbers, surrounding the giant fire spirit Tiger was like a group of ants attacking a Tiger!

The five elders were still manageable. Even elder Wu, who had been injured previously, was more than enough to deal with them.

However, the disciples of the Azure water sect and the sword spring sect, especially those who had yet to reach the nascent Soul Stage, were still in a fatal danger regardless of whether they were grazed or touched by the giant FireSpirit Tiger, or even if they were affected by the aftermath of the battle.

In just a short moment, two azure water sect disciples and one sword spring sect inner sect disciple had already died under the giant FireSpirit Tiger's attack. Even though the two sects had joined forces, they did not cause much damage to the giant FireSpirit Tiger.

"Disciples of the two sects, listen up. All of you, back off!"

Elder Wu's heart ached for his disciple, and he decisively shouted, ""Don't make unnecessary sacrifices here. Leave the giant FireSpirit Tiger to us elders!"

Azure water sect's elder han also shouted, "Disciples of the canglan sect, listen up. All of you retreat and form a formation to protect yourself!"

The disciples of the Sword spring sect and the Azure water sect were feeling the pressure. They immediately scattered and quickly gathered to defend.

The five elders had lost so many helpers, but not only did they not fall into a greater decline, but because they had less scruples, they had some improvements!

"Sima Yi, why aren't the three of you going up?!"

Yang Qi stepped back and glared at the three, "You let your fellow disciples fight with their lives on the line while you hide in the back. You cowards still have the face to say that you are disciples of the Sword spring sect?"

The inner sect disciple who had died was one of Yang Qi's confidants. He had wanted to take part in an eighth-rank mission to gain some experience and some benefits, but he had not expected to die just like that!

It was only now that Yang Qi and the others truly felt the terror of a tier 8 mission!

"Did I let you guys go?"

Lin Yi looked at him coldly and hmped. "What did you promise me before we came here? Why don't you listen to my command?"

Yang Qi didn't know what to say-Lin Yi didn't say anything, but they all rushed out like a swarm of bees. It didn't make sense to blame Lin Yi for not following them!

"Senior brother, let's not talk about this for now!"

Ling Hanxue ignored Yang Qi and pulled on Lin Yi's sleeve,"The five elders couldn't suppress the giant fire spirit Tiger even after joining forces. If they fail, the rest will be in danger as well ... Let's think of a way to help them?"

"If I want to help the five elders, I must find the giant fire spirit Tiger's weakness. The problem is that this Tiger doesn't have a physical body, so it'll be difficult to find its weak point in a short time!"

Lin Yi frowned, scanning the Tiger's body with his spirit sense as he spoke, trying to find an opening."Have you ever heard of the fire spirit? Although I've heard a little about it, it's just a general knowledge. I don't really know much about it. "

Fire spirits were extremely rare on the entire sub Island. Lin Yi had read about them in books before, but there wasn't any other information about them, much less any weaknesses or Mingmen.

"Hehe, I do know a little!"

Chen Zhisheng suddenly laughed out loud and leaned closer to Ling Hanxue.""Little Xue, I can tell you what I know, and I can let you help the five elders out. Shouldn't you thank me properly?"

"Chen Zhi wins!"

Ling Hanxue's eyes widened as she growled, ""What time is it now? And you're still smiling? If you don't like it, then get lost!"

Lin Yi's mouth twitched, thinking that Ling Hanxue was really angry. If Chen Zhisheng continued to talk nonsense, he might never see Ling Hanxue's smile again.

Fortunately, Chen Zhisheng was not a fool. When he saw Ling Hanxue's expression, he immediately cowered. He nodded and bowed, smiling apologetically. "Speak! I love to say it! I was just joking ..."

Ling Hanxue glared at him again. Did this mean that he was still in the mood to joke at a time like this? Who has the time to joke with you?

Chen Zhisheng immediately understood and immediately put away the sneaky smile on his face. He said seriously, "I've heard that when a fire spirit condenses flames, it must have a fire spirit crystal as its core. This fire spirit crystal is the fire Spirit's vital gate! As long as it hits the fire spirit crystal and makes it shake, the condensed flame will be scattered!"

"Xiaoxue, your bow and arrow can be of use. With your archery skills, there's at least an 80% chance that you can defeat this giant fire spirit Tiger in one strike!"

Lin Yi's brows twitched. The core fire spirit crystal was indeed the Tiger's weakness, but the problem was, where was he going to find a fire spirit crystal for this ten-meter-tall, fifteen-meter-long giant? Where could it be hidden?

Even with Lin Yi's spirit sense, he couldn't penetrate the giant fire spirit Tiger's body to find the fire spirit crystal. Even if Ling Hanxue used up all her arrows, she probably wouldn't be able to hit it.

Not to mention the extremely condensed flames on the giant fire spirit Tiger's body, it was very likely that the arrow would melt and not even have the chance to enter its body!

"What should I do?"

Ling Hanxue had not thought about whether she could do it or not. At that moment, she had already drawn her bow and nocked an arrow with a serious expression, but she did not know where to aim.

It couldn't be helped. The giant fire spirit Tiger was really too big. The high-quality arrow in Ling Hanxue's hand was not even a toothpick to the Tiger.

"I'll give you a hand!"

Chen Zhisheng bent down and folded his hands on his thighs, ""Little Xue, come up and use my strength to leap into the air. Aim at the eyes of the giant fire spirit Tiger and shoot the arrow. The fire spirit crystal is in that position!"

Chapter 7413 The Peach Was Plucked

"Remember, use your most powerful archery skill and your greatest strength. You must not hold back and end the world with one arrow! You might only have one chance. If you fail, the giant fire spirit Tiger will definitely transfer the fire spirit crystal!"

Ling Hanxue nodded solemnly. She had no doubt about Chen Zhisheng's words!

As the giant FireSpirit Tiger's head was the most heavily guarded and highest point, the martial artists below could barely attack its head.

Jumping into the air was basically the only way to hit the center of the giant fire spirit Tiger's eyes. However, Ling Hanxue felt that she did not need Chen Zhisheng's help. Jumping up ten to twenty meters was not a difficult thing to do.

"There's no time to lose. Little Xue, hurry up and act! With my help, you'll be able to improve several times faster. You must grasp this opportunity!"

Chen Zhisheng added a sentence at the right time, which dispelled Ling Hanxue's doubts!

Since she had someone's help, it was indeed much faster than her own jump. However, Ling Hanxue was confident that she could seize the fleeting opportunity in the high-speed movement!

Lin Yi looked on coldly, but he was getting more and more confused. How did Chen Zhisheng know the location of the fire spirit crystal?

One had to know that even his divine senses couldn't find the location of the fire spirit crystal, but he could tell?

As for whether it was correct or not, that would depend on whether Ling Hanxue's attack was effective!

However, Lin Yi was confident that he would be right!

Ling Hanxue had already been convinced by Chen Zhisheng. She stomped her feet and jumped up, landing in Chen Zhisheng's palms.

Then, the two of them exerted their strength at the same time. One of them rushed up, while the other raised both of his arms with all his might. Ling Hanxue was like an arrow that had left the bow, directly soaring into the sky.

In the blink of an eye, Ling Hanxue had already flown up to an altitude of about 30 meters. The longbow in her hand was drawn like a full moon, and the arrow was aimed right at the giant FireSpirit Tiger's eyes.

Super spinning extreme void arrow!

An arrow shadow as swift as lightning broke through the space. The high-speed rotating arrow instantly sucked in the surrounding air, and the wind attribute energy erupted with an unparalleled driving force, causing the arrow to penetrate through the vacuum tunnel and appear on the giant FireSpirit Tiger's forehead as if it had teleported!

Hit!

The sub-island's martial arts techniques could only be broken by speed!

In a place without true Qi, speed and strength were the key.

The giant fire spirit Tiger didn't even have time to react before a small hole was cut through the flames on its forehead, releasing a small red Spark!

Just as Lin Yi expected, even a high quality arrow couldn't withstand such high temperature friction!

The moment the arrow touched the giant fire spirit Tiger, it melted away.

However, the force contained in the arrow continued to charge forward and heavily struck the fire spirit crystal hidden in the giant Firesoul Tiger's forehead!

The giant fire spirit Tiger suddenly stopped for a moment. Then, a ripple-like fluctuation began to appear on its forehead, and rapidly spread throughout its entire body!

The giant fire spirit Tiger's flaming body was like boiling lava as it began to collapse and drip down.

In just a few blinks of the eye, the huge giant fire spirit Tiger collapsed!

Ling Hanxue's body relaxed in the air. An endless sense of weakness hit her, and she began to free-fall.

That stunning arrow had already drained all of her energy!

The Super spinning arrow was one of the few high-level archery skills that Lin Yi had found in the library. In fact, Ling Hanxue's current body and strength weren't enough to use the Super spinning arrow.

However, there was no doubt that this arrow was the most powerful attack that Ling Hanxue could bring out!

Since Chen Zhisheng said that she would go all out, she naturally used it, even if she only mastered a little bit ...

In reality, while she was in the air, Ling Hanxue had felt that she was lacking in strength and was almost unable to successfully fire the arrow. However, at the critical moment, the strength borrowed from her feet seemed to come to life and helped Ling Hanxue in the dark. That was how she had managed to fire that amazing arrow!

By the time Ling Hanxue fell freely, she was not even sure if the help was real or an illusion ... No matter what, the giant FireSpirit Tiger was taken care of, which was better than anything else!

When Chen Zhisheng saw Ling Hanxue fall from below, he was secretly happy. He had long expected such a situation to occur, so he had secretly prepared for it. He immediately jumped up to catch Ling Hanxue.

He didn't expect that before he could move, a figure beside him had already shot up and rushed up like lightning.

You F \* cking bastard, Sima Yi!

Chen Zhisheng gritted his teeth and wanted to chop Lin Yi to death!

What a great opportunity! How the F \* ck did you suddenly appear to pick peaches?

However, Lin Yi's speed was just too fast. In the butterfly microstep, no one could compare to Lin Yi's explosive speed!

In this aspect, Lin Yi could act cool and say that it wasn't that he was looking down on Chen Zhisheng, but that all of them were trash!

Ling Hanxue couldn't snatch it from Lin Yi, and Chen Zhisheng could only curse in his heart as he flew up and collected the fire spirit crystal before anyone else.

"Didn't you say we didn't do anything? We were the ones who dealt with the giant fire spirit Tiger! What else do you have to say?"

After landing on the ground, Chen Zhisheng glared at Yang Qi and vented his anger on this guy who had provoked him before, ""You guys could only run away from the giant fire spirit Tiger. Don't tell me you still want to covet the fire spirit crystal that little Xue risked her life to get?"

Yang Qi clenched his teeth and suppressed the anger in his heart. He did not dare to say anything and turned his head to ignore Chen Zhisheng.

Lin Yi landed with Ling Hanxue in his arms. He secretly fed her a recovery pill while he was in the air, so she was in a better condition now. At least she could stand on her feet after landing.

"Little friend Chen! We've fought the giant FireSpirit Tiger together, so of course we'll split the spoils equally according to our agreement, right?"

Elder han brought the people from the Azure water sect over with an unfriendly expression. "Take out the fire spirit crystal! The rest of the matter will naturally be discussed by us, the elders. "

"What a joke! Can you guys defeat giant fire spirit Tiger? If it wasn't for my guidance and Xiaoxue's desperate attack, you guys would've laughed to yourselves if only half of you could've survived, and you still have the face to come and ask for the fire spirit crystal?"

Chen Zhisheng saw Lin Yi half-hugging Ling Hanxue and was furious. He didn't look good to elder han, who came out to ask for help, ""Get lost! The fire spirit crystal is Xiaoxue 's. Even the elders of our sword spring sect can't take it away, let alone your canglan sect!"

As soon as he said that, even elder Wu and elder Chen's expressions turned ugly.

However, at this time, they definitely had to consider the overall situation. No matter how much of a bastard Chen Zhisheng was, he was still a disciple of the sword spring sect. It didn't matter whether the fire spirit crystal was in his hands or in Ling Hanxue's hands. The meat was still rotten in his own pot!

#### Chapter 7414 Almost Fighting

"Elder han, Chen Zhisheng's words are not without reason. Although we managed to restrain the giant FireSpirit Tiger, we were only barely able to protect ourselves. In terms of contribution, the five of us added together can't even be compared to 20% of the contribution. How can we compare to Chen Zhisheng and Ling Hanxue?"

Elder Wu's attitude was clear, and he was definitely going to tilt his butt to his own people. "Since more than 80% of the credit goes to Ling Hanxue and Chen Zhisheng, it's reasonable for the fire spirit crystal to go to them. After all, there's only one fire spirit crystal, and there's no way to give any scraps to your azure water sect, right?"

Match my ass!

Elder han resisted the urge to curse out loud. A treasure like the fire spiritual crystal was not common and it was completely different from the trash in the rooms on the first floor of the exquisite Pagoda.

With the fire spirit crystal, it was equivalent to carrying a high-grade fire attribute cultivation room with him, and he could cultivate anywhere he went! Of course, this was only limited to martial artists with fire attribute physiques.

However, this was already enough to make people go crazy, especially for a sect. The fire spirit crystal was definitely a strategic resource!

Other than cultivation, the fire spirit crystal could also absorb flames and form a fire spirit after refining it. For example, the giant fire spirit Tiger just now could be controlled by others!

Who would be willing to give up such a benefit so easily?

"Elder Wu, you can't say that. The premise of our cooperation is to share the benefits equally. I won't mention the situation on the first floor, but we can't just let the fire spirit crystal go like this!"

Elder Han wasn't willing to give up just like that, so he laughed coldly, "Moreover, two of our azure water sect's inner sect disciples have already died because of this giant fire spirit Tiger. Could it be that their sacrifices were all fake?"

"They sacrificed themselves because they were too useless. They were not strong enough. Do they want us to pay for their funeral?"

Chen Zhisheng laughed disdainfully and spread out his hands, "It doesn't matter. If your Canglan sect is so poor that you can't even feed, I'm willing to help you with the funeral expenses. After all, the dead are more important. Let's bury them first!"

"Boy! This was simply bullying! Do you think I don't dare to kill you?"

Elder Han was suddenly furious. He was about to kill Chen Zhisheng, but in fact, he had the intention to seize the opportunity to steal the fire spirit crystal.

Unfortunately, elder Wu and elder Chen were not fools. Their figures flickered slightly and they stood in front of Chen Zhisheng, blocking elder Han.

"Elder Han, isn't it beneath your status to attack a junior?"

Elder Wu's face was cold as he glanced at the other two elders. "Or is the Azure water sect planning to fall out with us now?"

Elder Han's mouth twitched. It wasn't impossible for them to fall out now!

After all, the Azure water sect had an additional elder, so their strength should have the upper hand. It was reasonable for them to fall out with the sword spring sect over the fire spirit crystal!

Unfortunately, he could only think about it. Before he could make a decision, elder Mei had already rushed forward and said with a smile, "Old Wu, don't joke around. It's just a fire spirit crystal. It's not that big of a deal!"

Elder Han was slightly startled. He looked at elder Mei's back and opened his mouth to speak, but in the end, he didn't say anything and allowed her to negotiate.

"We're only on the second floor of the exquisite Pagoda and we've already suffered losses. If we continue to have internal strife, do we still have to go up later?"

Elder Mei began to lay out the facts and reason with him. "The second floor already has the fire spirit crystal. Have you all thought about how many good things there are on the third, fourth, and seventh floor? Now that both sides are injured, are you going to go up and annihilate the entire Army?"

Elder Han fell into silence. It was indeed logical, but he was still unwilling to give up the fire spiritual crystal just like that!

"Elder Mei is still the one who sees clearly. How about we forget about this matter and not mention it?"

Elder Wu was in a great mood. Of course, he wanted the fire spirit crystal to stay in the sword spring sect. Not only could he make the Azure Water Sect suffer, but he could also continue to cooperate. It was perfect!

"Old Wu, let's make this clear first. We've given you the fire spirit crystal this time, but you can't do this to the items below. If there's a next time, don't blame us for falling out!"

Elder Mei's pretty face turned serious. After she had explained her reasoning, she began to put on a tough attitude. "It doesn't matter if we both suffer losses. We can't just watch you guys earn a fortune by using the exquisite Pagoda of the Great Witch of Ghost Yin! In short, if you don't let us have a good life, no one will have a good life!"

"Good, good!"

Cold sweat broke out on elder Wu's forehead. He quickly brushed it off, but in his heart, he thought that if there was really something good, it was fine to split it equally ... But the problem was, what if it still fell into Chen Zhisheng's hands?

But to fight head-on for Chen Zhisheng, no matter how he thought about it, he felt a little uncomfortable.

"At least you guys are tactful!"

Seeing that the two sides had reached an agreement, Chen Zhisheng's mouth began to sneer again, ""It's not that I want to criticize you guys, but you guys don't have much ability to find treasures, but your ability to snatch treasures is not small. Unfortunately, you can't snatch them even if you want!"

Elder Wu was furious, but he was secretly stopped by elder Mei. He could only sulk at the side.

Chen Zhisheng didn't continue to provoke the canglan sect's people. Instead, he took out the fire spirit crystal and waved it in front of him.

The people of the canglan sect thought that this guy was showing off the fire spirit crystal, and their anger grew. They didn't expect that after Chen Zhisheng finished showing off, a flight of stairs began to appear!

The stairs leading to the third level of the exquisite Pagoda had finally appeared!

Did this flight of stairs only appear after he defeated the giant fire spirit Tiger and obtained the fire spirit crystal?

Lin Yi narrowed his eyes and fell into deep thought.

This brat, how did he know the method to use the fire spirit crystal to open the stairway to the third level?

It couldn't be a blind cat that just happened to run into a dead mouse, right?

Before Lin Yi could figure it out, Chen Zhisheng had already moved closer to Ling Hanxue, holding the fire spirit crystal with both hands, "Xiaoxue, this fire spirit crystal is yours! Those ignorant guys wanted to snatch it, but fortunately, I forcefully kept it. You should quickly put it away, don't let others covet it!"

Elder Wu couldn't help but Twitch his mouth. Those ignorant fellows? Don't tell me I'm one of them?

Although he did his best to protect the fire spirit crystal, it was undeniable that he did have the intention to keep it for himself ... This Chen Zhisheng was really unlikable!

Ling Hanxue, on the other hand, did not think too much about it. She was the one who risked her life to kill giant FireSpirit Tiger, so there was nothing wrong with collecting the spoils of war. This was the rule of the Hunter team.

Of course, as a member of the team, Chen Zhisheng had also contributed, so he naturally had a share of the fire spirit crystal.

"Then I'll take it first. Old rules, we'll split it when we get back!"

Ling Hanxue put away the fire spirit crystal. With Lin Yi's help, she had already recovered half of her energy.

The people from the Azure water sect were all staring at Ling Hanxue. A few of their eyes were filled with burning desire as they looked at the fire spirit crystal!

It was a pity that elder Mei was negotiating with them, so they could not say much. They could only hope that there would be better treasures on the later floors.

Chapter 7415 You All Deserve To Die

Lin Yi frowned slightly, not really agreeing with Ling Hanxue taking the fire spirit crystal.

As the saying went, 'an ordinary man is innocent because he has a treasure in his possession.' Ling Hanxue's strength was considered to be at the bottom of the list here, so it would not do her any good to become the target of public criticism.

But Lin Yi couldn't say anything right now. He could only take one step at a time. He'd never let down his guard against other people, anyway.

"Old Wu, the stairs to the third floor have appeared. Should we go up now?"

Elder Mei courteously sought elder Wu's opinion. Since both parties were still in a cooperative relationship, they should try to maintain a friendly relationship.

In fact, he was a little afraid of the danger up there.

"Why don't you take a rest? We've consumed a lot of energy just now, so everyone should take the time to recover!"

Elder Wu pondered for a moment and suggested, ""The higher the exquisite Pagoda goes, the more dangerous it should be. So I think it's the best choice to stay in peak condition!"

"That makes sense! Old Wu, you're really thoughtful!"

Elder Mei complimented him. In fact, she also thought the same way, but she did not say it out loud, ""Then, everyone should rest and recover your strength as soon as possible!"

"Yes, master!" The Azure water sect's people replied in unison, then each found a place to rest.

The people from the sword spring sect were the same. There was some distance between the two sides, and they were clearly separated.

The so-called cooperation was impossible for the two sides to have a heart-to-heart relationship. Even if they were resting, they would still be on guard and alert against each other.

After a short while, the Azure water sect's disciples began to wander around the second level. After the giant Inferno spirit Tiger dissipated, the flames here had all been extinguished, so there was no danger on the second level.

The disciples of the canglan sect wanted to take this opportunity to see if they had missed anything good on the second level. After all, there were flames everywhere at the beginning, so they couldn't find anything even if they wanted to.

After being suppressed by the giant fire spirit Tiger, they didn't have the time to look for treasures either. Now that they've rested enough, they can wander around to see if they can find anything.

Chen Zhisheng was disdainful of this. He only looked at her sarcastically and ignored her. Instead, when he saw that Ling Hanxue had almost recovered, he quickly went up to curry favor with her.

Unfortunately, Ling Hanxue did not want to bother with him. She dismissed Chen Zhisheng after a few words.

Chen Zhisheng didn't want to argue with them. He could only walk to the side and look at the Azure water sect unhappily, thinking of a way to vent his anger on them.

At this moment, two disciples of the Canglan sect passed by not far away. Their heads were close together as they whispered.

"That Ling Hanxue ... Her luck ... Is good ... And her looks ..."

Because of the distance and the low voice, Chen Zhisheng could only vaguely hear some words, and this was with his amazing hearing. If it were someone else, he was afraid that they wouldn't be able to hear anything.

As the two Azure Water Sect's disciples mentioned Ling Hanxue, Chen Zhisheng immediately paid attention. He listened carefully and finally heard it clearly.

"... It's a waste for the Fire Spirit Crystal to fall into this woman's hands. We must find an opportunity to snatch the Fire Spirit Crystal!"

"That's right! It's not just the Fire Spirit Crystal. She also got a lot of resources on the first level. We should snatch them all!"

"Well said! Those resources were also worth a lot of money! I can't waste it! Hehe, but as you said, this little girl is really pretty, so we can't waste her!"

"That's for sure. When we brothers go out, we must take both the things and the people! At that time, that girl might have a taste of her own medicine and can't leave us anymore? Aiya, then what should I do? It doesn't seem to be in line with the rules to rape and not kill!"

"Hahahaha ... If it's scrumptious enough, I might as well do it a few more times. But I still have to kill!"

.....

The two of them talked in a low voice, occasionally letting out a few inaudible lecherous laughs. They thought that no one could hear them, but they did not expect Chen Zhisheng to hear them completely.

Chen Zhisheng's body trembled slightly, his eyes red, and he muttered angrily, "You two scum! Trash! He doesn't deserve to live in this world!"

"You dare to have ideas about Xiaoxue? I'll make you wish you were dead! Even a thousand cuts won't be enough to forgive your sins!"

"Dammit! You all deserve to die! It's not just the two of you! All of you will die ...!"

Lin Yi walked over and patted Chen Zhisheng on the shoulder. "Chen Zhisheng, what are you doing?"

Chen Zhisheng's body trembled slightly, but he quickly composed himself and raised his head indifferently, "Nothing much, just thinking about some things. Senior brother, is there something you need me for?"

A strange light flashed in Lin Yi's eyes. In fact, he had heard the conversation between the two disciples. Killing intent rose in his heart at that time. Those two idiots didn't even know that they were on the must-kill list.

Lin Yi then realized that Chen Zhisheng seemed to have heard their conversation as well ... This was very interesting!

Lin Yi wouldn't be able to hear it without the help of his spirit sense, but Chen Zhisheng did it?

This trip to the Linglong Pagoda really did change Lin Yi's opinion of Chen Zhisheng!

That was why Lin Yi took the initiative to come over and talk to Chen Zhisheng to see if he could get some information.

"It's nothing special. We haven't had a good chat in a long time. Why don't we take this opportunity to have a chat?"

Lin Yi smiled faintly, as if he really was just here for a casual chat.

"What do we have to talk about?" Chen Zhisheng shrugged. Forget it! I see that everyone is almost done with their preparations. We should be ready to set off for the third level!"

It was clear from his attitude that he didn't want to talk to Lin Yi anymore, and Lin Yi didn't force it. He looked at Chen Zhisheng deeply again before turning around and leaving.

As for the two Canglan sect disciples, Lin Yi was prepared to observe how Chen Zhisheng would kill them. If he made a mistake, it wouldn't be too late for Lin Yi to make a move.

In short, these two idiots who had no idea what was good for them and dared to have designs on Ling Hanxue were definitely done for!

After waiting for a while, the people from both sides stood up again and went up the stairs to the third floor. This time, everyone was mentally prepared, so they wouldn't be surprised no matter what happened.

However, when they really saw it, everyone was still shocked!

The third level was actually a forest!

It would take several people to hug a tall tree!

Any one of the thick vines was comparable to the thighs of these people!

It was unknown how many hundreds or thousands of years these plants had grown to such a scale!

This wasn't strange. What was strange was that when everyone looked up, they could actually see sunlight shining through the gaps between the leaves!

Everyone was cursing in their hearts!

He could see the sunlight? Wasn't this the third floor of the exquisite Pagoda? Why was there sunlight?

Could it be that he was teleported out of the exquisite Pagoda?

Chapter 7416 I Can Control It

If that was the case ... How could he return to the exquisite Pagoda?

"Ah ..."

"Ah, Yingluo!"

While everyone was still in shock, two screams suddenly sounded at the same time!

The ones who screamed were the two disciples of the Canglan sect. They were wrapped in vines and were quickly dragged away.

As they moved, dark red blood began to be drawn from the parts of their bodies that came into contact with the vines, seeping into them.

"Save them!"

Elder Han let out a loud cry. His figure flashed rapidly and he charged out with Elder Mei.

Elder Wu remained where he was and assumed a defensive stance to protect the remaining disciples of the Canglan sect.

Lin Yi looked at Chen Zhisheng, deep in thought. The two Canglan sect disciples who were being dragged away were the two who had been whispering to each other and wanted to harm Ling Hanxue!

To say that this was just a coincidence ... It was too much of a coincidence!

Lin Yi didn't believe it! There were many possibilities that Chen Zhisheng was secretly controlling it!

Then the problem was, how did Chen Zhisheng control the vines here to attack accurately?

Could it be that he also has the plant attribute?

These questions didn't have an answer yet. Lin Yi turned around to make sure that there weren't any other vines attacking the sword spring sect's group.

"It's too late ..."

Elder Wu looked at the canglan sect's elder who was leaving quickly and shook his head slightly. "I'm afraid the two disciples of the canglan sect are dead!"

That was the truth. Before elder han and elder Mei could catch up to the vines, the two disciples had already turned into two dried corpses and were abandoned on the ground.

"Everyone, be careful. The situation here is a bit strange!"

Elder han and elder Mei's expressions turned ugly. They returned with two dried corpses, fully alert. "Don't be confused by the sunlight up there. We should still be in the exquisite Pagoda. "

"That's right. If I'm not wrong, this is most likely the third floor of the exquisite Pagoda!"

"The second floor is fire, so it's not strange that the third floor is wood!" Elder Wu nodded. To reach the fourth floor, I guess you'll have to deal with all the wood here?"

"Old Wu, this time, let our Canglan sect do it!"

"We lost two disciples the moment we entered. If we don't take revenge, how can we be considered human?" elder Mei suddenly spoke.

Lin Yi didn't know what to say-this mature lady sure was quick-witted! The deaths of her two disciples were probably just an excuse, but what she really wanted was the opportunity in the third floor!

On the second floor, Ling Hanxue had obtained a fire spirit crystal, and from the looks of it, there was more than a 90% chance that there was a wood spirit crystal on the third floor!

After the house of storms entered the exquisite Pagoda, they did not get the benefits they expected. Elder Mei saw the opportunity and immediately used words to force elder Wu.

"Elder Mei, if you want to fight, then go ahead. But I'll say the ugly things first. If there are any benefits, our sword spring sect will also want a share!"

Elder Wu wasn't stupid. He immediately understood elder Mei's thoughts and said with a faint smile,""It doesn't matter if your azure water sect needs our help or not. But we'll give you face. You can't let us suffer a loss, right?"

"You guys still have the time to talk nonsense? Don't you know what time it is?"

Chen Zhisheng's face was full of ridicule, and he was not prepared to give face to the elders of the two sects, "Before discussing how to split the benefits, shouldn't you first consider how to survive?"

Before his voice had died away, the countless trees around him had already begun to shake. Then, sharp and small wooden thorns shot from all directions. The density of the thorns was like a storm.

Everyone from the two sects was shocked. Fortunately, their respective defensive formations had been set up long ago, so they could still manage to deal with it for a while and not be taken away by the wooden spikes.

"A person with a fire attribute physique, quickly use your fire attribute martial skills! These pieces of wood are afraid of fire!"

Chen Zhisheng was not standing in the front row, so he still had the energy to shout, ""Don't hide anymore. If you don't fight with your lives, you'll really die!"

The people of the Azure water sect were very fed up. At this time, other than you, who else isn't going all out?

Uh ... It seems like there really is one!

Lin Yi and Ling Hanxue didn't use their full strength. Ling Hanxue's wind attribute and bow and arrows weren't very useful against these wooden spikes, while Lin Yi simply put more than half of his attention on Chen Zhisheng.

Lin Yi felt that these sudden attacks had something to do with Chen Zhisheng, and he wondered if he could find any connection.

Unfortunately, he had not found anything yet!

"Eldest martial brother! Will the fire spirit crystal be of any use?"

Ling Hanxue felt that she couldn't help much when she suddenly had an idea. She took out the fire spirit crystal and handed it to Lin Yi. "Since there's only wood here, we should be able to open up a new situation if we use fire spirit crystals, right?"

Chen Zhisheng's face changed slightly and he quickly stopped him, "Xiaoxue, you just got the fire spirit crystal, so you can't control it well yet. If you take it out and use it now, you might suffer a backlash."

Ling Hanxue was slightly taken aback. It seemed ... To make sense!

"If we don't control it well, the fire spirit crystal will condense into an uncontrollable giant fire spirit Tiger. We'll be in big trouble then!"

Chen Zhisheng squeezed out a worried expression, ""There's only wood here, so the fire must be extremely strong. If the giant fire spirit Tiger is born, our situation will be even more dangerous than before, and we won't be able to replicate the good luck we had just now,"

Ling Hanxue immediately hesitated. If the situation just now really happened, she would definitely die.

"It doesn't matter, I can control it!"

Lin Yi smiled faintly and took the fire spirit crystal that Ling Hanxue didn't take back, transferring a bit of his fire Qi into it, ""Let's try borrowing it first. "

"How could you take little Xue's fire spirit crystal!"

Chen Zhisheng shouted in a low voice, his palm already reaching out like lightning, trying to snatch the fire spirit crystal from Lin Yi's hand, "I already said it's dangerous. Hurry up and return it to Xiaoxue!"

"Chen Zhisheng, what are you doing? I was the one who wanted to use the fire spirit crystal on eldest senior brother!"

Ling Hanxue subconsciously raised her hand to stop Chen Zhisheng, but her hand fell on empty air.

Chen Zhisheng's speed was much faster than hers, and she couldn't stop him at all!

Lin Yi's body only swayed slightly, easily and happily dodging Chen Zhisheng's palm. At the same time, the demonic devouring sword was unsheathed, black light and red flames suddenly bloomed.

"Chen Zhisheng, don't be impatient. I'll know whether the fire spirit crystal works or not after I try it!"

Lin Yi laughed loudly and used his new fire spirit sword technique at full force!

Starfire!

The fire spirit Crystal's fire suddenly exploded and merged into Lin Yi's sword move. The power suddenly increased, and with just one sword, a large area of wooden spikes were ignited!

However, it was still too early to be happy, because the fire spirit crystal was already a little restless!

It was clear that this method of use was not correct. It was fine to use it occasionally, but who knew what kind of trouble would arise if it was used too many times.

This made Lin Yi a little regretful-after all, with the fire spirit crystal, the power of the new fire spirit sword technique was directly increased by several times!

Chapter 7417 Thorn Vines

If it could be used as a conventional auxiliary tool, it would be equivalent to increasing one's combat power by several times, which was quite a terrifying thing.

"Follow Sima Yi and attack a single point with all your might!"

Elder Han and Elder Mei shouted at the same time, directing the Canglan sect's people to attack the gap Lin Yi had opened. That might be the only hope of breaking through.

The people from the Sword Spring sect didn't need to be ordered to follow, and so Lin Yi became the Arrowhead, the two sects formed two sides, and began to move through the storm of wooden spikes.

After a dozen seconds, there was nothing in front of them. The dense thorny vines suddenly disappeared, and an empty space about ten meters wide appeared in front of them. On the other side of the empty space were rows of three-meter tall trees!

It wasn't accurate to say that. To be exact, there were rows of three-meter-tall humanoid trees, and there were at least one or two hundred of them!

Their trunks were mottled tree trunks, their limbs were thick branches, and they had lush leaves.

Other than that, each human-shaped tree was wrapped with vines. It was the same kind of vines that turned the two disciples of the Canglan sect into zombies!

"What are these things?"

Cao Yunqing gasped and could not help but exclaim in a low voice, ""Why are there so many of them here ..."

He hadn't even finished when the human-shaped trees in front of him had already spread their legs, waving their vines as they charged at Lin Yi and the others. They weren't fast, but they had the feeling of ten thousand horses galloping!

"We can't run ... Let's continue fighting!"

Elder Han estimated and felt helpless, ""Don't think that they look slow, but their pace is extremely large. We have no choice but to fight!"

More importantly, this was the third floor of the exquisite Pagoda. Even if he could run, where could he run to?

The stairs back to the second level of the exquisite Pagoda had long disappeared, and now there was no retreat!

The only way to leave the exquisite Pagoda was to break through the highest level, the seventh level!

Lin Yi didn't say anything, because there was no point in saying anything now.

The new fire spirit sword technique was activated to the extreme, and the flames scattered in all directions. Many human-shaped trees began to catch fire!

However, the attacks of the Treemen were not useless. Both sides began to suffer certain casualties.

Those who were weak, even if they had companions to take care of them, would still be hit by the tree life.

Among the people present, only those above the original level were slightly more relaxed. Those below the original level, other than Lin Yi, Chen Zhisheng, and Ling Hanxue, were all injured or even killed.

Lin Yi was at the forefront of the battle, and he still had to pay attention to Ling Hanxue's situation.

Fortunately, the new fire spirit sword technique was powerful enough, and Lin Yi himself had wood and plant attributes. He was safe in front of these Treemen.

It was because of this that Lin Yi realized that Ling Hanxue, who was the weakest among them, wasn't in any danger at all. She was even safer than Lin Yi himself.

Among them, except for Chen Zhisheng's guards, it seemed that the tree Men had intentionally or unintentionally ignored her existence!

Was he ignored because he was too weak?

Or ... Was it because someone was controlling the tree Men to avoid Ling Hanxue?

Lin Yi's spirit sense covered the entire area, paying special attention to Chen Zhisheng's every move, but he found nothing.

Could there be a mistake in his guess?

He had his suspicions, but there was nothing he could do without evidence.

The two sects had already lost a lot of disciples, and those above the original level couldn't even take care of themselves. Lin Yi started to switch his fire spirit sword technique to the green demon God sword technique.

The fire in the surroundings was extremely strong, so even if the new fire spirit sword technique had turned into the green Devil God sword technique, no one would pay attention to it for a while.

The plant attribute began to take full effect, and the tree man in the sea of fire seemed to be at a loss, its offensive power suddenly reduced greatly!

At the same time, everyone who was being suppressed was reinvigorated. They thought that Lin Yi's fire had played a decisive role and took the opportunity to counterattack.

The treants swayed from side to side. They didn't kill each other, but under Lin Yi's control, they didn't show mercy when they got in the way of each other. The treants were in a mess and lost their original order.

"This is a good opportunity! Chase them all into the sea of fire!"

Elder Wu shouted loudly. The martial artists of the two sects, who were at an absolute disadvantage in numbers, had actually begun to surround the Treemen.

Lin Yi smiled faintly and didn't try to steal the limelight. He continued to control the Treemen, making them lose control and fall into the fire.

As a result, the fire grew bigger and bigger. The entire area seemed to have returned to the second level of the exquisite Pagoda!

"Big sister Xue, can you leave the fire spirit crystal with me for the time being?"

Lin Yi felt that the fire spirit crystal in his hand was a little unstable, as if it had an extreme desire for the fire!

Lin Yi had stopped using it long ago, but the fire spirit crystal seemed to be getting out of control.

If he returned it to Ling Hanxue now, Lin Yi was worried that she wouldn't be able to control it.

"Of course you can. If eldest senior brother needs it, just take it!"

How could Ling Hanxue have any objections? She wouldn't say anything even if she gave it to Lin Yi, let alone give it to him temporarily.

Chen Zhisheng snorted, obviously very unhappy. However, Ling Hanxue had already agreed, so what could he do?

Lin Yi already knew that Ling Hanxue wouldn't reject him, so he put the fire spirit crystal into his storage bag and transferred it into the Jade space.

In the Jade space, the fire spirit crystal wanted to overturn the sky? They probably wouldn't even be able to make a single wave.

After a short while, all the Treemen were swallowed by the flames. The people of both sects finally relaxed. Only then did they feel that they had consumed a lot of physical strength. Almost everyone showed signs of slight exhaustion.

Of course, Lin Yi, Ling Hanxue, and Chen Zhisheng were the exceptions!

But no one would say they were wrong. Lin Yi took the fire spirit crystal and led the way. Without Lin Yi, these people wouldn't be able to break out of this situation.

The fire spirit crystal was Ling Hanxue 's, and Chen Zhisheng also had a share, so it could be considered a great effort.

"I didn't think that the losses this time would be so great!"

Everyone sat down to rest. Elder han looked at the fire and his expression was heavy, ""The exquisite Pagoda of the great witch of ghost Yin is indeed dangerous. We were too careless this time!"

Elder Mei's eyes drooped and her expression dimmed. Now, besides the other two elders, only Cai lingying, Cao Yunqing, and another original infant stage inner sect disciple were left. The other disciples who followed her in were all dead.

Even the remaining three disciples were all injured, and their combat strength was greatly reduced.

He had only reached the third level of the exquisite Pagoda!

If this continued, how many of them would be able to return to the sect?

On the other side, the situation of the spring sword sect was not optimistic either. However, the spring sword sect had fewer people than the Canglan sect to begin with, so they were now even.

#### Chapter 7418 Wood Spiritual Crystal

Other than Lin Yi's group of three, elder Wu and elder Chen were both there, and the last one was Yang Qi. The other disciples were all dead.

Lin Yi was glad that he'd left the three on the cliff-he wouldn't be able to guarantee their safety if he brought them along.

"Sima Yi, well done!"

Elder Wu walked to Lin Yi's side and patted his shoulder. "If it wasn't for you using the fire spirit crystal to fight, I'm afraid we would have been in deep trouble this time."

"Elder Wu is too kind. This disciple has only done a little bit of his power!"

Lin Yi cupped his hands and looked at elder Wu's serious face, "It's a pity that my strength is limited. Otherwise, the disciples of our sword spring sect would not have been injured. "

In fact, the dead disciples were all Yang Qi's trusted men, and Lin Yi didn't think it was a pity.

As long as the people around him were fine, Lin Yi didn't care if the others died or not.

"Elder Wu, the exquisite Pagoda is so dangerous. Should we give up?"

Yang Qi's face darkened as he leaned over and said in a low voice, ""This is only the 3rd level, and each level will be more dangerous than the previous. Do I really have to continue?"

All of his underlings were dead, and the one he did not like, Sima Yi, was completely unharmed. The people around Sima Yi were all alive, and this made Yang Qi go crazy.

As furious as he was, Yang Qi was also afraid. Who ... Would die next?

Sima Yi's luck seemed to be heaven-defying, so it was most likely him, Yang Qi, right?

As the third senior brother in charge of the inner sect of the sword spring sect, he had a bright future ahead of him. Yang Qi did not want to die Here for no reason, so he wanted to retreat and encourage elder Wu to retreat.

"Yang Qi, do you think you can give up as you please?"

Before elder Wu could say anything, elder Chen shook his head with a bitter smile, ""Didn't you notice that the stairs to the second floor had disappeared after we came up?"

Yang Qi was stunned. Now that elder Chen had mentioned it, he realized that this was indeed the case!

"The exquisite Pagoda, there is no retreat! I don't know if this is the arrangement of the great witch of ghost Yin, or if it has always been like this!"

Elder Chen sighed and continued, ""No matter what, we can't give up now even if we want to. If we want to live, we can only keep moving forward. I'm afraid there's only a way out when we reach the top of the exquisite Pagoda!"

Yang Qi wanted to cry but had no tears. The further he advanced, the greater the chances of him dying, but if he didn't advance, was he going to be trapped to death on the spot?

This was simply an unsolvable infinite loop!

He would die either way, so it seemed like he could only take a gamble!

Lin Yi was listening to their conversation on the side when he suddenly turned his eyes to the fire field with the Treemen. The fire was getting smaller and smaller, and there was a pile of burnt wood there. If there was wind, it would probably sweep up the ashes.

But that wasn't important-what was important was that Lin Yi's spirit sense caught a flash of green, followed by a faint life force.

He'd just fought with the fire spirit crystal, and he could clearly feel that weak life force-it was of a different element, but it came from the same source as the fire spirit crystal!

Wood spirit crystal!

After understanding what was inside, Lin Yi didn't say anything and activated his butterfly microsteps to the extreme. He rushed into the fire like a whirlwind and plunged into the ashes.

The fire didn't affect Lin Yi much-he could release his fire energy, after all, and it was enough to keep the fire out.

She could also use the cold Qi to protect Lin Yi from harm. The fire couldn't stop Lin Yi anyway.

In an instant, Lin Yi was at the location of the wood spirit crystal. He reached out and grabbed it, and a wood spirit crystal shining with green light fell into his palm.

"Hand over the wood spiritual crystal!"

Lin Yi had just felt the surge of life energy from his palm when a roar came from above him!

A short and strong figure pounced down from the sky, aiming at the wood spirit crystal in Lin Yi's hand.

Elder Wu of the canglan sect!

"Elder Wu, are you trying to bully the weak? They even used a sneak attack. Isn't the canglan sect too disrespectful to their own face?"

Lin Yi laughed coldly as he moved away. "I got the wood spiritual crystal first, and I put in the most effort. You think you can just Rob me?"

Even elder Wu couldn't catch Lin Yi with his ultimate butterfly microstep, let alone hurt him.

"Little brat Sima! Elder Mei has said that this level is dominated by our canglan sect. In the battle, our sect contributed more and more people died. You dare to say that the wood spirit crystal doesn't belong to our canglan sect?"

Elder Wu chased after Lin Yi as he shouted. He didn't know that Lin Yi's contribution was the biggest. Even the entire sect's contribution couldn't compare to Lin Yi 's!

"Elder Wu! Please conduct yourself with dignity!"

Elder Wu from the sword spring sect stepped forward once again. He stopped elder Wu and sneered, "As an elder of the canglan sect, are you going to bully a disciple of the sword spring sect in front of me?"

Elder Wu felt that this scene was somewhat familiar ... It was clearly the replica of the fight for the fire spirit crystal on the second floor!

For the same reason, elder Wu had to do his best to insist that the Taotie's meat would rather rot in the pot than be eaten by outsiders!

If the wood spirit crystal was in Lin Yi's hands, it would be in the hands of the sword spring sect. How could they hand it over to the canglan sect?

Besides, Lin Yi wasn't Chen Zhisheng, and elder Wu was more than willing to protect Lin Yi!

"Old man Wu, do you really think I don't dare to turn hostile? At worst, we'll just fight to the death!"

Elder Wu was furious. He called for his two companions to attack together, "I might not be able to walk out of the exquisite Pagoda anyway. I'll kill you first!"

Elder Mei shot over at lightning speed but she did not stand shoulder to shoulder with elder Wu. Instead, she pulled him back and advised, "A little impatience spoils great plans! He was only at the third level now, and the road ahead was still long! If both sides suffer, then it really can only be a mutual loss. Everyone will die Here!"

"I don't care!"

Elder Wu still did not care. He broke free from elder Mei's grip and was ready to continue his attack. "When has our azure water sect ever suffered such a loss? we must get to the bottom of this today!"

Lin Yi stood behind elder Wu, not paying any attention to what was happening at the Azure water sect. Whether it was elder Wu's anger or elder Mei's patience, Lin Yi didn't care.

Because in the current situation, it was impossible for the two sides to fight!

Just as elder Mei had said, if they really fought, the two sects would most likely be finished together!

Moreover, with the fire spiritual crystal and the wood spiritual crystal, the remaining gold spiritual crystals, water spiritual crystals, and earth spiritual crystals would not be far away.

These treasures were not even the most precious treasures in the exquisite Pagoda. The treasures left by the great witch of ghost Yin were probably all on the seventh floor!

In view of this, the Azurewave sect would definitely give in in the end. In order to continue cooperating with the sword spring sect, they would ignore the ownership of the wood spiritual crystal!

Chapter 7419 Trapped In The Swamp

Just as Lin Yi expected, elder Wu and the Azure water sect's conflict was all talk and no action. In the end, the conflict disappeared.

Lin Yi turned the crystal in his hand over and over again, looking at it many times. He then held the crystal and gestured according to Chen Zhisheng's movements on the second floor.

The stairs to the fourth level had really been created!

"It seems that the key to opening the stairs is the fire spirit crystal and wood spirit crystal on each level! Sima Yi, you must keep it well, don't lose it!"

Elder Wu would definitely be embarrassed to take the initiative to ask for the wood spirit crystal. He could only remind him that he hoped Sima Yi would really keep it safe!

When he returned to the sword spring sect, even if he did not have any other gains, just the fire spiritual crystal and the wood spiritual crystal would be enough to get a generous reward!

Lin Yi agreed, but his eyes glanced at Chen Zhisheng.

Lin Yi's movements were exactly the same as Chen Zhisheng's on the second floor-he didn't think he'd be able to open up a new path.

He wondered if he could open the stairs with the wood spiritual crystal instead of the scribbling.

Chen Zhisheng's face was expressionless, and Lin Yi couldn't see any emotional fluctuations. He could only continue to observe in the dark.

"Elder Wu, there's no rush to go to the fourth floor. Let everyone rest here. We've all used up a lot of energy just now."

Lin Yi kept the crystal and said casually, "The danger up there should be getting bigger and bigger. We can't be careless."

"Well said! Everyone, take a good rest and recuperate. "

Elder Wu nodded his head slightly, not only to the people of the sword spring sect, but also to the people of the Azure water sect.

Although the two sides had temporarily put aside their disputes, the atmosphere between them was not friendly. Elder han and the people from the Azure water sect sat on the right side of the stairs, while the people from the sword spring sect sat on the left. Both sides were on guard against each other across the stairs.

As the casualties on both sides were relatively high, no one was in the mood to talk. So, the atmosphere of silence lasted for about an hour.

"It's almost time. Shall we set off?"

Lin Yi saw that everyone's recovery was pretty good, so he stood up first. He looked like he was asking for elder Wu's opinion, but he was actually giving an order.

As the actual commander, and with the strength he'd displayed, Lin Yi's words carried a lot of weight.

Elder Wu and elder Chen stood up immediately. Although Yang Qi was unwilling, he had no choice but to follow.

"Everyone from the Canglan sect, we're ready to go to the fourth level!"

Lin Yi cupped his fists to the six people. "Why don't you guys come with us?"

Elder Wu was annoyed and really did not want to continue working with the people from the sword spring sect!

It was a cooperation, but all the benefits were taken by the sword spring sect, so it would be strange if they were happy!

"Of course! Little friend Sima, you guys go first, we'll follow!"

It was still elder Mei who took the lead. She smiled and nodded, "The Linglong Pagoda is filled with danger at every step. It's better for the Canglan sect and the Spring Sword sect to cooperate sincerely. Please don't worry too much!"

Everyone present understood the meaning of his words. There was no need to continue.

Lin Yi nodded at elder Mei and stepped on the stairs to the fourth floor first, with Ling Hanxue and Chen Zhisheng on both sides, followed by elder Wu and elder Chen, and Yang Qi.

Lin Yi had started to have the aura of the leader of the Spring Sword sect, and the two elders didn't realize that they were following him willingly.

The people from the Canglan sect, on the other hand, had complicated expressions as they looked at Lin Yi walking in front.

The three elders suddenly realized that Lin Yi had become someone who was on the same level as them, someone they could talk to as an equal.

As for Cai Lingying and Cao Yunqing, they were sighing at the fact that the person they could look down on before was now an existence that they looked up to.

The flight of stairs from the third floor to the fourth floor wasn't too long. The group quickly reached the top and passed through a door of light, entering the space of the fourth floor.

With the lesson he'd learned before, Lin Yi expanded his spirit sense to its maximum range the moment he entered the fourth floor. He pulled out the demonic devour sword at the same time and assumed a defensive stance.

The people who followed behind did the same. Before their eyes could adapt to the changes in the light door, they had already formed a tight defensive formation.

But ... Nothing happened!

The danger that he had imagined did not appear. What appeared before him was a gloomy swamp!

"Swamp? Is it the earth element ... Or the water element?"

As the chief of the mechanism Hall, elder Chen instinctively thought of this. "If it's just the earth attribute, there shouldn't be a swamp!"

By the same logic, the water attribute was the same. The pure water attribute should have monstrous waves. How could it be so sticky?

Elder Wu was in a similar state. He was bending over with his head lowered, carefully observing the ground beneath his feet.

The door of light behind them had disappeared after everyone had arrived. In other words, they had lost the possibility of retreating again!

"Not good! It's sinking, run!"

Elder Wu, who was bending over, suddenly cried out in alarm. His thick and strong body leaped out with a whoosh, "Don't just stand there, start running!"

At this time, everyone realized that the ground under their feet was indeed sinking, and there was a faint pulling force that was pulling them down.

A swamp!

It was an existence that could silently devour everything!

Regardless of whether it was the Azure water sect or the sword spring sect, everyone was flustered. They started to run after elder Wu. If they were to fall into the swamp, they would not have the chance to escape anymore!

Lin Yi's spirit sense started to cover the ground, trying to find a harder area for people to stand on, but unfortunately, the ground around him was softening. Every inch of the swamp had turned into a man-eating demon!

The people of both sects were all brilliant martial artists. They wouldn't fall into the swamp for a while by relying on their speed, but it was hard to say if they would fall into the swamp after a long time!

First of all, the consumption of physical strength would cause the speed to slow down. Secondly, the speed at which the swamp softened was getting faster and faster, and the pulling force was getting stronger and stronger!

Lin Yi estimated that if they couldn't find solid ground in another four to five minutes, there was a high chance that they'd be trapped in the swamp!

"Ah, Yingluo."

Ling Hanxue suddenly let out a cry.

It turned out that her steps were a little too heavy, and as a result, the soft mud of the swamp instantly submerged her ankles. She lost her balance and suddenly fell to the side.

Once a person's entire body fell into the swamp, they would probably be swallowed up in an instant, and no one would be able to save them even if they wanted to!

"Xiaoxue! Don't be afraid that I'll come and save you!"

Chen Zhisheng shouted as he turned his head and raised his hand to grab Ling Hanxue. His expression seemed anxious, but his eyes were extremely calm, as if he did not care about the danger this time.

Perhaps in Chen Zhisheng's heart, this was a rare opportunity to show off in front of Ling Hanxue!

Chapter 7420 Survival Is Below

Unfortunately, as soon as Chen Zhisheng reached out, a figure flew past him and glanced at Lin Yi!

How could Lin Yi just stand by and watch when Ling Hanxue was in danger?

No one could compete with Lin Yi's butterfly microsteps in a short distance burst of speed, so Lin Yi was already beside Ling Hanxue the moment she cried out.

First, he released a wave of cold air, temporarily freezing the swamp on the ground. At the same time, he held onto Ling Hanxue with one hand, and stabbed the demonic devouring sword with the scabbard towards Ling Hanxue's ankle with the other.

The soft mud met the freezing air and instantly became hard and fragile, easily broken by the demonic devour sword's scabbard. Lin Yi pulled, and Ling Hanxue's body regained balance, her ankles free!

"Thank you for your help, eldest senior brother!"

Ling Hanxue let out a breath of relief, feeling a sense of security in her heart. She felt that with Lin Yi by her side, she wasn't afraid of any danger.

"What's there to thank? We're all family, no need to be polite!"

Lin Yi waved his hand and said, "Sister Xue, you have to be careful. The swamp here is a bit strange, and there may be other dangers."

Ling Hanxue agreed. Chen Zhisheng, who was beside her, said unhappily, ""With me by Xiaoxue's side, how could she be in danger? If it wasn't for you, I would have saved Xiaoxue!"

It was a rare opportunity to show off, and Lin Yi ruined it just like that. How could Chen Zhisheng be happy?

"What are you saying? How is it meddlesome for eldest senior brother to save me? You mean you want me to die!"

Ling Hanxue glared at Chen Zhisheng. ""I think you're the meddlesome one! Hurry up and run!"

Chen Zhisheng was so angry that he bared his teeth, but he could not argue with Ling Hanxue!

Originally, the three of them were in the first half of the group, but because of this delay, they had become the people at the back.

Elder Wu of the Azure water sect was discussing with elder Chen of the sword spring sect as he ran. "Elder Chen, do you have any good ideas to let us rest for a while?"

If he kept relying on speed to save his life, he really wouldn't be able to hold on for too long. His destruction would only be in the blink of an eye!

The only thing he could count on now was whether the chief of the sword spring sect's machinery hideout would have something good to use in case of an emergency!

"Elder Wu, I'm at my wit's end right now. Do you have any good ideas?"

Elder Chen shook his head with a bitter smile and pushed the question back to elder Wu. Elder Wu was a similar figure to him in the Azure billow sect.

"I ... If I had a way, I wouldn't have asked you!"

Elder Wu suppressed the urge to curse and his eyes darted around, hoping to find a suitable place to stop for a moment!

This was because there were two circular open spaces in the second level of the sea of fire, and there was also an open space before the third level encountered the Treant.

Unfortunately, the swamp on the fourth floor was boundless, and all the areas looked exactly the same. It was impossible to tell which part of the ground was hard enough for one to rest on with the naked eye. Perhaps one could only be sure when one's feet actually stepped on it.

"Chen Zhisheng, what do you think?"

Lin Yi's spirit sense was better than anyone else's eyes, and he was sure that there was no place to hide. "If you continue to run like this, I'm afraid everyone will be devoured soon. If you have any thoughts, just say them!"

"What can I think? We'll still have to rely on you to guide us, eldest senior brother!"

"If even eldest senior brother can't do anything, then we can only die together!" Chen Zhisheng said sarcastically.

Lin Yi raised an eyebrow. He was only suspicious at first, but now he was almost certain that Chen Zhisheng had a way to solve the swamp problem!

It was just that he didn't know what this bastard was up to, but he refused to say it. Could it be that he wanted to see everyone die?

"Chen Zhisheng, eldest senior brother is asking you a good question. Why are you being so weird?"

Ling Hanxue furrowed her brows and said unhappily, ""If you have an idea, then say it. If you don 't, then say no. We don't expect you to solve the problem. Eldest senior brother was just asking casually!"

However, when Chen Zhisheng heard this, he couldn't accept it!

Being looked down on by Ling Hanxue was already a huge blow to his self-esteem, and he would not tolerate it even if he was beaten to death!

"Alright! Since you've said so, I'd be disappointing big brother if I didn't come up with something to use as a reference. "

Chen Zhisheng snorted and continued, ""Actually, eldest senior brother, why don't you think about it from a different perspective? perhaps you'll gain something!"

"What do you mean?"

Lin Yi didn't react and continued, "It's useless to run. Do we have to make them stop and face the swamp?"

This statement was simply like a joke. If the martial artists present could fly, the swamp would not be a threat. Unfortunately, no one could do it. They could only stand on the terrifying swamp and bear the suction force from below!

He could still run for a while, but if he stopped, he would probably disappear in the blink of an eye.

"Eldest senior brother is wise! It's time to stop!"

Chen Zhisheng complimented him with more sarcasm than praise, and continued,""If we were in the swamp outside, we would be courting death if we stopped in our current situation. But this is not the outside world, this is the exquisite Pagoda! The exquisite Pagoda of the great witch of ghost Yin!"

"So what? Won't people die in the exquisite Pagoda of the great witch of ghost Yin?"

"Are those who died before not considered humans?" Ling Hanxue asked impatiently.

"Don't worry, little Xue, listen to my analysis!"

Chen Zhisheng smiled at Ling Hanxue in a flattering manner. He then put on a feather fan and a silk scarf, looking like an expert who could point out the world."The exquisite Pagoda of the great witch of ghost Yin is destined to be the same no matter where I go. This is clearly the fourth level, so there must be a safe area! As the saying goes,"one must die before they can be reborn," I think ..."

"You think that the real way out is under the swamp?"

Lin Yi understood immediately-it'd be bullshit if someone else said it, but it was Chen Zhisheng's idea, so it might be true!

At the very least, it was worth a try!

In any case, if they continued to run, if they couldn't find solid ground, everyone would be finished because of excessive consumption!

"Everyone listen up, don't run! Stop!"

Lin Yi's mind whirled, and he decided to give it a try. "The way out might be under the swamp. I'll try it first!"

The people from the Canglan sect and the sword spring sect turned back, not fully believing Lin Yi's words. No one was willing to stop running.

However, they didn't continue forward. Instead, they circled around Lin Yi and the group so that they wouldn't fall into the swamp immediately!

"Sima Yi, do you have the confidence? Don't mess around!"

Elder Wu ran back to Lin Yi's side and lowered his voice, "If you're not confident, then don't force yourself!"

If something happened to Lin Yi, the fire and wood crystals would be lost in the swamp. If it wasn't for the fact that he couldn't ask, elder Wu would remind Lin Yi to hand over the crystals first.
