

## Bodyguard 7421

Chapter 7421 The Life Of The Great Witch Of Ghost Yin

"Elder Wu, don't worry. I have my own means of self-protection. I'm confident that I won't encounter too much danger."

Lin Yi had already stopped moving when he spoke. Half of his body was already in the swamp, and he was sinking faster and faster!

"Eldest senior brother, be careful!"

Ling Hanxue panicked and stopped in her tracks as well.

In her heart, Lin Yi was the core of their team, so she had to follow him closely. Wherever he went, she would follow.

Seeing this scene, Chen Zhisheng suddenly felt angry, and his eyes flickered. However, he did not stop Ling Hanxue.

Lin Yi had also seen this series without a trace-he could basically deduce that his choice might really be the way out!

Soon, Lin Yi's body was completely surrounded by the black mud, and the whole world fell into darkness. The only thing he could feel was that his body was still sinking!

If it had been an ordinary person, he would have probably died by now. The pressure in the swamp was not something that ordinary people could resist!

As the depth of the hole increased, the pressure would also increase. Even a cultivator in the foundation establishment stage or golden core stage might not be able to withstand it!

The swamp blocked the spirit sense before, but Lin Yi subconsciously used it after entering the swamp.

Lin Yi couldn't help but be shocked!

Lin Yi realized that his spirit sense could not only scan the swamp freely, but it could also form a spirit sense barrier around his body, protecting him from harm!

The most important thing was that the consumption of this kind of divine sense barrier was extremely small, almost negligible!

This was completely different from the situation above the swamp where spiritual sense couldn't penetrate it. It could be said to be two extremes!

It was also because of this that Lin Yi was able to easily notice Ling Hanxue, who was following him into the swamp, and split a thread of his divine sense to protect her!

Otherwise, with Ling Hanxue's abilities, it would have been extremely difficult for her to resist the pressure from the bottom of the swamp!

Just as he was protecting Ling Hanxue, Lin Yi's divine sense saw Chen Zhisheng enter the swamp as well!

The moment this guy came down, he was obviously rushing towards Ling Hanxue, most likely wanting to be the hero saving the beauty.

Then, Chen Zhisheng realized that Ling Hanxue did not need his help at all!

This was really F \* cking unreasonable!

Every time Chen Zhisheng found an opportunity to perform, it was ruthlessly destroyed. Could he still happily act cool?

Chen Zhisheng was furious and subconsciously looked at Lin Yi. It was obvious that Lin Yi had stepped in to protect Ling Hanxue.

Lin Yi was shocked. It was a dark world inside the swamp. He couldn't see anything even if he could open his eyes!

Only divine sense could detect the situation inside the swamp, but how did Chen Zhisheng know where he and Ling Hanxue were?

Either Chen Zhisheng was extremely familiar with the inside of the swamp and had a set of means comparable to spiritual awareness detection.

Either Chen Zhisheng had a strong spirit and could use his spiritual power to the same level as Lin Yi.

Lin Yi was more inclined to the first possibility. After all, Chen Zhisheng had made a lot of similar proofs along the way.

Plus, Lin Yi didn't find any practitioners with spirit or essence spirit on the sub Island, so the second possibility was relatively small.

After Chen Zhisheng ran towards Ling Hanxue, he seemed to have noticed something wrong and quickly turned around to cover it up. Lin Yi, on the other hand, was even more shocked!

With this kind of attitude, could it be that Chen Zhisheng knew that he had a spiritual awareness that could observe his every move?

If his guess was correct, then it was too unbelievable!

Could it be that Chen Zhisheng really had spiritual energy and could perfectly hide it in front of him?

Lin Yi's mind was in a mess.

But before Lin Yi could figure it out, the pulling force under his feet suddenly increased. His body seemed to have passed through the swamp, and he started falling faster.

As expected!

The swamp really was a way out!

In mid-air, Lin Yi used his spirit sense to scan the area and realized that he wasn't far from the ground. He quickly adjusted his posture and prepared to land!

In the rush, he was in a slightly sorry state. Fortunately, he landed safely and did not suffer any injuries.

Immediately after, Ling Hanxue and Chen Zhisheng appeared in mid-air.

Lin Yi raised his head and looked around, but he couldn't see any traces of the swamp. The two seemed to have appeared out of thin air without any warning.

Subconsciously, Lin Yi quickly reached out to catch Ling Hanxue, preventing her from falling and getting injured!

As for Chen Zhisheng, Lin Yi didn't need to worry about him. He could handle it himself!

After Ling Hanxue steadied herself, Lin Yi had a general understanding of the environment. The three of them were standing in the middle of a hexagonal Hall.

In the hall, facing Lin Yi, there was an altar with a black coffin floating in the air. Under the coffin, there was a stone tablet, which was covered in small words.

"This is the tomb of a great witch of ghost Yin?"

Lin Yi's eyes scanned the stone tablet and saw the words "great witch of ghost Yin" on it. His spirit sense followed immediately and he was surprised, "This is not the fourth floor of the exquisite Pagoda, but the seventh floor?!"

"Ah? Eldest senior brother, what did you say? We've reached the seventh level of the exquisite Pagoda?"

Ling Hanxue was dumbfounded. What was going on? He thought that he would die on the fourth level. How did he suddenly end up on the seventh level?

They fell from the ceiling of the seventh floor, but shouldn't that be the top of the exquisite Pagoda?

Or was the top of the tower actually a swamp?

What the hell!

"I'm afraid that's the case!"

Lin Yi looked at Chen Zhisheng thoughtfully before walking slowly to the altar. "This stone tablet is the epitaph of the great witch of ghost Yin. It says that she placed her tomb on the seventh floor of the exquisite Pagoda! This should be the place!"

Ling Hanxue quickly rushed over and got closer to the stone tablet to take a closer look. She didn't have Lin Yi's divine sense to read, so she could only read it word by word.

"Sure enough ... There really is a record on it. This is really the seventh floor of the exquisite Pagoda!"

Ling Hanxue mumbled to herself as she continued to look at the stone tablet. "So the name of the great witch of ghost Yin is Luo Changle! In his era, he was unrivaled in the world with only one sword ..."

"He built a city on his own in the ghost Yin mountain range, recruited heroes from all over the world, and became the Lord of a city ... The reason why the ghost Yin witch is so powerful is because he has the exquisite Pagoda, and his cultivation speed is the fastest among all the heroes ..."

"In the end, he was betrayed and was heavily injured. The entire ghost Yin city was destroyed overnight, and everyone died ... The great witch of ghost Yin used his great power to hide ghost Yin city completely. Then, he made some arrangements and entered the seventh floor of the exquisite Pagoda to face death calmly ..."

Chapter 7422 Please Watch A Good Show

"It seems like this great witch of ghost Yin is really a hero! Although the ending was a little miserable, it didn't lose his heroic character!"

After Ling Hanxue had finished reading, she could not help but say, ""I didn't expect the great wizard of ghost Yin to fall like this ... He built this city with his own strength. He's really amazing!"

Lin Yi didn't think much of it-his attention was mostly on Chen Zhisheng, secretly observing his expressions and reactions.

When Ling Hanxue was praising and sighing, Chen Zhisheng seemed to be a little happy. It was as if he felt honored that Ling Hanxue respected the great witch of ghost Yin!

Sure enough, Chen Zhisheng and the great witch of ghost Yin had an inexplicable connection!

Could it be that something had happened in ghost Yin city that he didn't know about?

"Senior brother, although we know that this is the seventh floor of the exquisite Pagoda, why did we come here? We were clearly on the fourth floor!"

After Ling Hanxue finished reading the stone tablet, she was a little confused. ""Are the others still in the fourth layer of the swamp?"

"Great witch of ghost Yin has the ability to set up a spatial teleportation. We have seen it more than once, so it's not a surprise that we came to the seventh floor from the fourth floor."

Lin Yi shrugged nonchalantly and smiled. "So, sister Xue, you don't have to worry about why we came down from the ceiling of the seventh floor. It's normal!"

Ling Hanxue thought for a moment, and that seemed to be the case!

"As for the others ..."

Lin Yi looked up at the ceiling and made some calculations. "They should be coming down soon, right?"

The canglan sect and the sword spring sect probably wouldn't be able to last much longer if they used running to fight the swamp. It had been a while since Lin Yi and the other two came down, and Ling Hanxue had already finished reading the words on the stone tablet.

Calculating the time, the people of the two factions were indeed like arrows at the end of their flight, and they had no choice but to sink into the swamp.

As expected, as soon as Lin Yi finished speaking, people started falling from above like dumplings!

Lin Yi helped out a little so that elder Wu and elder Chen wouldn't fall and embarrass themselves. As for the Azure water sect ... He helped out elder Mei and Cai lingying.

It wasn't that Lin Yi was being nice, but in the house, these two were the closest to the sword spring sect, and they wanted to form an alliance with the sect. Lin Yi wanted to help them as they were allies.

As for the others ... They wouldn't die from a fall anyway, so they would just treat it as body refinement!

"Hahaha! It's your fault for not believing our eldest senior brother's words. If you had followed him down earlier, you wouldn't have been in such a sorry state!"

Ling Hanxue felt that the best choice she'd made was to follow Lin Yi down with determination, so she was in a good mood. "Why did you have to exhaust all your strength before you fell down unwillingly? to be able to survive, I can only say that your bodies are really strong!"

Lin Yi smiled to himself-there was nothing wrong with that!

These people were just asking for trouble, but it was understandable. No one dared to try it before confirming it.

This was like a person standing before a cliff. If it wasn't a situation of certain death, who would choose to jump down and court death?

As long as there was a glimmer of hope, they would pursue it.

"Sister Xue, stop talking!"

Lin Yi smiled as he pulled on Ling Hanxue's sleeve. He then turned to elder Chen and elder Wu and cupped his fists, "Are the two elders alright?"

"I'm fine, I'm fine. I just used up too much energy and felt a little weak. I'll recover after some rest!"

Elder Wu's old face was slightly red. It was unknown if it was because he was embarrassed by Ling Hanxue's words. He coughed twice and immediately changed the topic. "Sima Yi, what is this place? Whose coffin is that?"

The pitch-black coffin floating above the altar was indeed eye-catching. It was impossible not to be noticed.

"That should be the coffin of the great witch of ghost Yin. If I'm not wrong, this should be the seventh floor of the exquisite Pagoda!"

Lin Yi replied casually before guiding them to the stone tablet. "There's a record on the stone tablet. You can take a look."

The two groups of people who came later had dumbfounded looks on their faces. Clearly, they also did not understand why they had suddenly arrived at the seventh level!

But this was a good thing!

He had entered the exquisite Pagoda to get to the seventh floor, where he could get the treasure of great witch ghost Yin and leave the exquisite Pagoda from the seventh floor!

Now that he had easily reached the seventh level, what else was there to be dissatisfied about?

"So this is the tomb of the great witch of ghost Yin! It's really easy to find it after a long journey!"

Elder Han's face turned red and he looked at the coffin with a fanatical gaze. He wanted to jump up and open it,""Everyone, let us see the remains of the great witch of ghost Yin!"

Before he could finish his sentence, elder han really did leap up onto the black coffin and opened the lid!

During this process, no one had the chance to stop him, and no one wanted to stop him!

Everyone wanted to see what kind of treasure was in the coffin of the great witch of ghost Yin!

Unfortunately, there wasn't even the corpse of the great witch of ghost Yin in the coffin, let alone treasures!

An empty coffin!

"What's going on? Is this the decoy grave?"

Elder Han's expression changed as he squinted his eyes and looked around, ""Could it be that this is not the seventh floor, but the fourth floor?"

With that said, most of the others actually felt that it made sense!

Perhaps this was really the fourth floor, but it was just a decoy grave. The real tomb was still on the seventh floor above!

Lin Yi observed Chen Zhisheng in secret. Only this guy would know the truth at this time, right?

After hearing elder Han's words, Chen Zhisheng's mouth revealed a sneer full of disdain and ridicule, "Elder Han, you seem to be in good spirits. It seems that you didn't consume much energy just now!"

Elder Han jumped down from the coffin and snorted. He sat down cross-legged and prepared to rest.

Since it was a decoy grave, there might not be anything good in it, so elder Han did not continue searching.

Seeing that the people from both factions had almost sat down and started to rest, Chen Zhisheng revealed a faint smile. He turned around and pulled Ling Hanxue's arm, gently leaping onto the altar.

"Why did you pull me up?"

Although Ling Hanxue did not resist, she was still a little unhappy. 'We're all teammates, but you can't just randomly pull people up and down, right?'

"Little Xue, you stay here. I'll invite you to watch a good show!"

Chen Zhi Sheng chuckled and raised his hands. In the hexagonal Hall, countless rays of light suddenly appeared, covering the entire space except for the altar.

Everyone in the area, including Lin Yi, felt their bodies being bound, unable to move at all!

Lin Yi was on guard against Chen Zhisheng, but he still fell for his trick!

The light was dense and had a strong binding power, but Lin Yi wasn't too worried. The Jade space didn't alert him, which meant that his life wasn't in danger!

Chapter 7423 Who Are You Exactly?

Since that was the case, he would just wait and see!

Of course, it wasn't like Lin Yi didn't do anything. He had to at least put on a struggling look to avoid suspicion.

But while he was pretending to struggle, using his spirit sense to observe the others, Lin Yi found a big hole!

These rays of light, as long as they came into contact with spiritual energy, seemed to loosen a little, and with the strength of his body, he could easily escape in a short time!

Unfortunately, Lin Yi was the only one who could do this. The others, even with the help of Lin Yi's consciousness, couldn't break free because their bodies were exhausted!

Perhaps ... The running on the swamp was for the current situation?

It was no wonder that Chen Zhisheng would observe the other people's consumption at that time. When he felt that it was about time, he would say something like "I'll be reborn after death "!

"Chen Zhisheng, are you crazy? What have you done?"

Ling Hanxue, who was on the altar, turned pale with fright. She tugged at Chen Zhisheng's arm. "Why did you trap eldest senior brother and the others? Quickly let go!"

She really couldn't understand why Chen Zhisheng was like this, and how did he do it?

"Little Xue, just watch the show quietly. You'll understand soon!"

Chen Zhisheng smiled gently and summoned a few rays of light to tie Ling Hanxue up. ""They're all sacrifices for the hero you praised, snowy, the great witch of ghost Yin!"

Ling Hanxue's eyes widened as she looked at Chen Zhisheng in disbelief!

At this moment, she felt that the comrades who had gone through life and death with her had suddenly become extremely unfamiliar.

"Hahahaha! Your offerings are not bad, knowing that you're coming, and the quality is good!"

Chen Zhisheng turned to face the crowd below the altar and laughed wildly, ""With you high-quality sacrifices, I have great things to look forward to! I should really thank you!"

"Chen Zhi wins! What is your relationship with the great witch of ghost Yin?"

Lin Yi looked at the altar coldly, his eyes sharp. "Or are you the great witch of ghost Yin?!"

"Sima Yi! You're sharp indeed! You even noticed this!"

Chen Zhisheng shrugged his shoulders indifferently, spread his hands and smiled, ""It's a pity that you found out too late! You're all my sacrifices now, but you'll all die later!"

"Since we're all going to die, you don't have to be in a hurry. You should at least let us die with a clear understanding!"

Lin Yi wasn't afraid at all, "Did you possess Chen Zhisheng? Should I call you Luo Changle or Chen Zhisheng now?"

"Fine, I'll let you die with a clear understanding. We didn't waste our time being teammates!"

Chen Zhisheng's mouth curved into an evil smile, ""I'm Luo Changle and Chen Zhisheng, so you all have to die, especially you, Sima Yi! But snowy would not die! She'll still live very well!"

"When did you possess Chen Zhisheng? First time in ghost Yin city? Or was it a long time ago, and then it has been hiding and never appeared?"

Lin Yi guessed that it was probably the first time he came to the ghost Yin mountain, Chen Zhisheng was possessed. If Luo Changle had already possessed him, but he didn't do anything, then this person must be really good at hiding!

"Of course it was when you came here for the first time. Otherwise, I would have been in the ghost Yin mountain all the time. How could I have the chance to go out?"

Chen Zhisheng laughed and said, "if we could get out, why would we choose this kid?" There must be a more suitable martial artist for my body!"

"You can't get out, but after so many years, has there been no one you've taken a fancy to? Like me?"

Lin Yi couldn't see what special talent Chen Zhisheng had, and he didn't know what Luo Changle saw in him.

How good would it be if he could take over his body? that way, a new generation of overlords would be born!

"Do you think I have a choice? All these years, no one had been able to find this place! How many years has it been, I can't find anyone to possess!"

Chen Zhisheng said with a sad look, "Back then, I made this place too well hidden, but I didn't expect that I would end up getting myself into trouble ... If I had known earlier, I wouldn't have spent so much effort to hide ghost Yin city!"

Lin Yi didn't know what to say ..... It was hidden so well that no one was able to find it and possess it ..... Not bad at all, he almost buried himself in it!

"You still haven't answered me. There were many people who came in last time, and there were many who were more talented than Chen Zhisheng. Why did you choose him?"

Lin Yi didn't understand. The selection criteria didn't seem to make sense!

"Having good aptitude doesn't mean that he's suitable! Although this kid's talent is ordinary, his physique is very suitable for me. Moreover, possession is relatively easy, so of course I'll choose him!"

Chen Zhisheng smiled faintly and sighed, ""It's a pity that this kid's obsession is very deep. If I don't resolve his wish, the possession won't be perfect ... Heh! Why am I telling you so much?"

Chen Zhisheng's domineering eyes swept over everyone below the altar, and he laughed, ""Sima Yi, you should be able to die in peace now, right?"

Lin Yi didn't say a word, but he could already guess what happened next.

Many of the things that he didn't understand before had been answered. As for Chen Zhisheng's performance after entering the exquisite Pagoda, it was even more normal!

The exquisite Pagoda was originally the treasure of the great witch of ghost Yin. Now that Chen Zhisheng was the great witch of ghost Yin, it would be strange if he couldn't control it!

"It's almost time! You sacrificial beings can rest in peace!"

Chen Zhisheng opened his arms and laughed wildly, ""With your contributions, I can recover to my peak in a few days!"

"Wait! One last question!"

"How did you manage to keep your spirit?" Lin Yi suddenly yelled.

No one on the sub-Island cultivated spiritual awareness, so how did the great witch of ghost Yin become a primordial spirit and then possess Chen Zhisheng?

This was a crucial point-Lin Yi had to figure it out!

"You don't need to know! You're going to die anyway. When you're dead, you'll find a way to figure it out!"

Chen Zhisheng clenched his hands, and countless rays of light began to tighten. The people trapped in them suddenly felt the pain of being cut.

And it wasn't just one or two. Every ray of light was a wound!

There were at least thousands of light rays twining around the same person's body. It was truly a cruel torture.

The people from both sides couldn't help but wail in pain. Although their bodies were very strong and wouldn't be turned into minced meat for a while, they wouldn't be able to hold on for long with their physical strength alone. They would probably fall into a desperate situation soon!

Lin Yi felt the pain as well, but his life wasn't in danger. The moment Chen Zhisheng activated it, Lin Yi had already used his spirit sense to soften all the light and quickly broke free from most of the light.

"Chen Zhi wins! Let me go!"

On the altar, Ling Hanxue suddenly started to struggle with all her might. She saw that Lin Yi was in danger and immediately went berserk!

Chapter 7424 I'm The Great Witch Of Ghost Yin

The lights that Chen Zhisheng had used to bind Ling Hanxue were only a few symbolic ones, and they were a world of difference from the people below who were wrapped up like dumplings.

Thus, with Ling Hanxue's efforts, she actually managed to break free from the light. Then, she jumped down from the altar. ""Eldest senior brother, I'm here to save you!"

Lin Yi didn't know what to say ... You're not here to save me, you're here for me to save you, aren't you? Can't you see that I'm almost free?

"Xiaoxue!"

Chen Zhisheng was shocked that he could not stop Ling Hanxue. He subconsciously wanted to chase after Ling Hanxue, but he suddenly held his head with both hands and revealed a painful expression.

Lin Yi took the chance to escape and quickly jumped up, sending Ling Hanxue back to the altar!

If she was allowed to fall into the light, she would really cause trouble!

After settling Ling Hanxue down, Lin Yi unsheathed his demonic devour sword and began to rescue the trapped sword spring sect members.

The light was extremely soft, but Lin Yi added a trace of his spirit sense on the blade. He took advantage of Chen Zhisheng's cover to quickly save the people from the sword spring sect.

Then, the people from the sword spring sect helped to pull out the people from the canglan sect, in case Chen Zhisheng killed them after he recovered.

However, it didn't seem to be a bad thing to kill the people of the Azure water sect.

In the blink of an eye, all the people trapped in the light were on the altar. Chen Zhisheng's body shook a few times and returned to normal.

"Hehehe ... You're really something. You actually managed to escape in such a short time!"

Chen Zhisheng lowered his head and smiled evilly, "but do you think you're safe?" You're so naive!"

Before he could finish his words, countless light rays surged again and shot at the people of the two sects on the altar from all directions!

"Chen Zhi wins! Stop!"

Ling Hanxue suddenly stepped forward and blocked Chen Zhisheng's path. She shouted, ""Wake up, you're Chen Zhisheng! It was not Luo Changle! It wasn't that great witch of ghost Yin! You are our partner! Wake up!"

Chen Zhisheng was obviously startled, and the light in the sky also paused for a moment.

"Hahaha, little Xue, you're right! I'm Chen Zhisheng!"

Chen Zhisheng opened his arms and laughed, ""But I'm also Luo Changle! It was the great witch of ghost Yin! He was the ruler of the ghost Yin mountain! The king of ghost Yin city!"

The light in the air surged again, but in the next moment, the light froze in the air again!

That was because there was a sharp blade pressed against Ling Hanxue's neck!

"I don't care if you are Chen Zhisheng or Luo Changle! If you dare to move again, this woman will die!"

Apart from Cai lingying and Cao Yunqing, the remaining inner disciple of the Azure water sect was holding Ling Hanxue hostage. He grinned and said, ""If you don't care about her, then try moving!"

"Release her! Otherwise, I'll let you know what it means to be better off dead!"

Lin Yi's face turned cold!

He had been too careless this time. He had only been paying attention to Chen Zhisheng and did not expect the people of the Canglan sect to suddenly attack Ling Hanxue. "If sister Xue is hurt in the slightest, I will make your Azure Water sect pay an unbearable price!"

"Sima Yi, shut up! It's all your fault, that's why Xiaoxue has to suffer like this!"

"And you bastard!" Chen Zhisheng shouted madly. Let go of Xiaoxue immediately, or I'll cut you into a thousand pieces, grind your bones, and scatter your ashes!"

The faces of the elders of the Canglan sect changed, but no one spoke!

It was indeed wrong to abduct an ally, but none of them were fools. They could all see clearly that among the people present, only Ling Hanxue could restrain Chen Zhisheng!

If he wanted to escape unscathed, the only way was to control Ling Hanxue!

Plus, Lin Yi said that he would make the Canglan sect pay a price that they couldn't bear, which made them very uncomfortable!

A small outer sect disciple of the Sword Spring sect, even if he had some strength and talent, how would he dare to be disrespectful to the Azure Water sect?

"Cut the crap! Chen Zhisheng, who are you trying to scare? If I let this woman go, I'll still die! Before you die, kill the woman you like. That's enough!"

The canglan sect disciple seemed to have gone crazy as he laughed eerily. "What's wrong? His heart ached? Are you reluctant? That's right!"

Chen Zhisheng gritted his teeth, but he couldn't do anything to the other party.

"You really think I'm afraid of your threats?"

After a moment of silence, Chen Zhisheng's eyes began to turn red, and he laughed ferociously, "I'm a great witch of ghost Yin! Who dares to threaten me?"

After that, Chen Zhisheng raised his arms and was about to control the light beam to attack!

Lin Yi was shocked. He was afraid that the disciple would die with Ling Hanxue and was ready to use his divine sense to save her.

But Lin Yi didn't do anything at the last moment, because Chen Zhisheng held his head with both hands and bent down in pain!

Was this a backlash from incomplete possession?

The Azure water sect's disciple, who was prepared to die with Ling Hanxue, was also shocked. He almost didn't make a move!

Of course, if he were to really make a move, Lin Yi's spirit sense attack would definitely land on him without mercy.

What allies? what disciples of the Azure water sect? in the face of Ling Hanxue's safety, they were all trash that was not worth mentioning!

"Let go of little Xue! I'll let you Live!"

Chen Zhisheng clutched his forehead, his face contorted as he glared at the Azure water sect disciple. Then, his voice changed and he shouted in a low voice, "Kill her if you dare! I'll kill you!"

"Everyone, attack together and kill him now!"

Elder Han saw the opportunity and shouted for the others to attack, "As long as I kill this Chen Zhisheng, all the dangers will be over!"

"Kill!"

Elder Wu shouted loudly and rushed towards Chen Zhisheng!

The other people from the Canglan sect naturally followed, while the few from the Spring Sword sect hesitated for a moment before joining the group that surrounded Chen Zhisheng.

Only Lin Yi stood still, his eyes coldly staring at the disciple who was holding Ling Hanxue. "Let Ling Hanxue go! I don't want to say it a third time!"

"I won't let go! What can you do to me?"

The blade in the Azure Water sect's disciple's hand pressed even closer to Ling Hanxue's neck, even leaving a bloody cut. "If I didn't hold this woman, do you think we would still be alive?"

"I don't know if I'll be able to live. If you continue to hold sister Xue hostage, I'm sure I won't be able to live!"

Lin Yi's face turned even colder, his heart already filled with killing intent!

"I think you and Chen Zhisheng are in the same group, right? Hahaha! Come on, try it! I've killed enough!"

"Sima Yi, come over and help! Kill Chen Zhisheng and Ling Hanxue will be safe!"

Elder Wu was also afraid that Lin Yi would really attack the disciples of the Canglan sect. At this time, if they had an internal conflict with the Canglan sect, then the people on his side would be dying quickly!

Unfortunately, in Lin Yi's eyes, no matter if it was the sword spring sect or the Azure water sect, they were not as important as Ling Hanxue.

Chapter 7425 Reversal

And so, Lin Yi remained unmoved.

"You're so naive! Do you think you can defeat me in the exquisite Pagoda?"

Chen Zhisheng laughed wildly again, and the hand covering his head also relaxed, as if the previous influence had been eliminated!

The countless rays of light in the air once again showed their power and covered the entire altar in an instant. Before the people of the two sects could approach Chen Zhisheng, they were once again bound by the rays of light.

The Canglan sect disciple who was holding Ling Hanxue was focused on confronting Lin Yi. He was caught off guard and was controlled by the countless beams of light!

The blade in his hand, which had been pressed against Ling Hanxue's neck, was pulled away by the light. Then, the disciple's eyes were filled with fear as he watched Ling Hanxue being sent to Chen Zhisheng's side by the light.

After that, the disciple's entire body was enveloped by the light, and he could no longer see what was happening outside. He could only struggle desperately against the light.

"You damn trash! How dare you threaten me and desecrate little Xue! He really can't be redeemed even if he dies ten thousand times!"

Chen Zhisheng regained control of the situation in an instant, squinting his eyes and sneering, "But don't worry, I won't let you die so easily! I've already told you, cutting you into pieces is already mercy for you. You're just a sacrifice, I'll make you wait for a hundred days!"

"As for the other sacrifices, just obediently offer your lives! This is the glory that the great witch of ghost Yin has bestowed upon you!"

"Just kill me! If eldest senior brother dies, I'd rather die with him!"

Ling Hanxue was brought in front of Chen Zhisheng by the light, but she smiled calmly and said, "Chen Zhisheng is dead! Eldest brother and I can't avenge Chen Zhisheng, so we should die!"

"Xiaoxue, what are you talking about? I'm Chen Zhisheng!"

Chen Zhisheng's expression changed slightly, and his fingers subconsciously touched his forehead, as if there were some fluctuations in his mind, "Don't be silly, little Xue, Do you know how much I love you? For you, I really don't care about anything! Believe me, I won't let you suffer any grievances if you follow me!"

"No, you're not Chen Zhisheng! Chen Zhisheng will never betray his teammates!"

Ling Hanxue's face was filled with determination. "I only hate myself for being too weak and not being able to kill you! Do it! Let me and eldest senior brother die together! It's still much better than living with you!"

"Bitch! Do you really think I don't dare to kill you?"

Chen Zhisheng raised his hand in anger, and then his expression changed again. "... Little Xue ... I'm really Chen Zhisheng. Don't be angry with me. As long as you become my Dao partner, I can give you the entire sub-Island as a gift! Back then, Luo Changle was unrivaled in the world. Now, with lady ghost Yin, he can also rule the world!"

"You still call yourself Chen Zhisheng ... Great witch of ghost Yin, don't waste your time. I've already said that I'd rather die with eldest senior brother than live with you!"

Ling Hanxue's lips curled into a sneer, but there was a faint hint of sorrow in her eyes.

After all, Chen Zhisheng was her teammate who had gone through life and death with her. It was simply too miserable for him to end up like this.

"Bitch! I gave you face but you didn't want it! "I ... Snowy ... I'm really ... I love you!" B \* tch, you and Sima Yi can go to hell together!"

Chen Zhisheng held his head with both hands. His face was distorted and quickly changed. It was probably due to the fierce collision between Chen Zhisheng's consciousness and Luo Changle 's.

Lin Yi was in the light, but he wasn't completely bound like the others. He had his consciousness to protect him, so he had some room to move.

Taking advantage of Ling Hanxue and Chen Zhisheng's conversation, Lin Yi could almost escape again!

However, at this time, Chen Zhisheng's eyes turned completely blood red. He waved his hands and closed them, laughing strangely, ""You all have to die! No one should think of living! My sacrifices, let blood-red flowers bloom!"

Hundreds and thousands of beams of light shot towards Ling Hanxue from all directions, as if they were going to kill her!

There was sorrow in Ling Hanxue's eyes, but her expression was calm. She did not Dodge or evade, and was prepared to face death head-on!

Seeing that the light was about to touch Ling Hanxue's skin, Chen Zhisheng's blood-red pupils suddenly returned to normal, and he shouted, ""No! Xiaoxue!"

He pulled back his hands, and at the critical moment, the rays of light that were about to kill Ling Hanxue suddenly changed their direction and penetrated Chen Zhisheng's body!

"I ... Will definitely ... Definitely ... Not let you hurt ... Little Xue!"

Chen Zhisheng's face instantly turned pale, and a trace of blood seeped out of the corner of his mouth. His body was penetrated by the light, and it became really riddled with holes!

However, on Chen Zhisheng's face, there was a smile of relief.

Ling Hanxue was stunned by this sudden turn of events and did not know how to react. She could only subconsciously cover her mouth.

Her eyes widened as she stared at Chen Zhisheng. She watched as he recovered his familiar gaze and smile. Ling Hanxue, who was calm even in the face of death, suddenly felt a lump in her throat and her vision became blurry.

He ... Was still that teammate who could entrust his back and life to him!

"Little Xue ... I'm sorry ... I ... I ... Might not be able to ... Protect you ... Anymore ..."

Chen Zhisheng coughed up blood while smiling, and said intermittently, "You ... You ... In the future ... You have to ... Protect ... Yourself ..."

Ling Hanxue felt two warm streams of water flowing down her cheeks. Although she had never had any feelings for Chen Zhisheng, she was not a plant. How could she be heartless?

How could she not be touched by Chen Zhisheng's actions?

In order to save Ling Hanxue, Chen Zhisheng was able to seize control of his body when he was possessed by the great witch of ghost Yin. What kind of willpower was this?

"Xiaoxue ... Keep these well ... And cultivate well in the future!"

Chen Zhisheng's pale face showed an abnormal blush, and his speech became more fluent, but this was not a sign of his injury improving, but a sign of his final radiance.

Ling Hanxue looked at Chen Zhisheng's trembling hand. In his palm were three crystals of different colors!

The crystal contained the power of metal, the power of earth, and the power of water, and it looked exactly the same as the fire spirit crystal and the wood spirit crystal.

Without a doubt, these were the gold, earth, and water spiritual crystals!

Lin Yi had just broken free from the restraints and rushed out with the demonic blade, but everything happened too suddenly. Lin Yi didn't know what to say as he looked at Chen Zhisheng.

"Hehe, Sima Yi! This is my gift to Xiaoxue, don't you have any ideas about them! Originally, these were supposed to guard the fourth, fifth, and sixth floor ... But your performance was too strange ... Luo Changle was afraid that you'd take all of them ... So he simply transferred you all to the seventh floor ..."

Chen Zhisheng coughed out another mouthful of blood and then sneered, ""It's a pity that Luo Changle's schemes were all used, but I still turned the tables! Hahaha ..."

Lin Yi finally understood why they went straight to the seventh floor after the fourth!

Chapter 7426 The Soul Reaper Hand Is Not Working?

It turned out that the great witch of ghost Yin lost the two Spirit crystals to Lin Yi and the others, and decided to reveal his true intentions.

However, would he be able to turn the tables in the territory of the great witch of ghost Yin just by getting these crystals?

Of course, Lin Yi couldn't ask these questions anymore. There was no need to.

"Don't worry! I won't covet the things you give to sister Xue!"

Lin Yi nodded solemnly, indicating that he wouldn't covet it ...

Anyway, when he needed it, he would at most borrow it from Ling Hanxue. He believed that Ling Hanxue would not reject him.

"Then ... I'm relieved ..."

Chen Zhisheng let out a relieved expression and forced the three crystals in his hand to Ling Hanxue. He coughed out a few more mouthfuls of blood, and Lin Yi felt like he was about to die from coughing out blood ...

"Actually ... The greatest inheritance of the great witch of ghost Yin is the exquisite Pagoda ... It's a pity that I can't control it ... I can't give it to you ... Sima Yi, come here, I have something to tell you ..."

Lin Yi nodded and walked to Chen Zhisheng's side. Of course, Chen Zhisheng wouldn't be a threat to Lin Yi even if he switched back to Luo Changle.

"Sima Yi ... Lil snow ... I'll leave her to you ... You must ... Protect her ... I'll give you something ... As a reward ... The thing is here ..."

Chen Zhisheng's breathing was getting weaker and weaker, and he barely managed to whisper a few words into Lin Yi's ear. It was clear that his last breath was about to end, "Do you remember it? In the end ... Promise me one ... Thing ... Kill ... Kill ... That ... Bastard ... Who held ... Hurt ... Xiaoxue ..."

Lin Yi's hand was clenched tightly by Chen Zhisheng before it was suddenly released, and his whole body went soft.

"I will ... Don't worry!"

Lin Yi whispered in Chen Zhisheng's ear, "Even if you don't say it, I won't let him off!"

Ling Hanxue held the three crystals in a daze, her eyes staring unblinkingly at the breathless Chen Zhisheng. Tears rolled down her face like a broken dam, but she did not realize this.

The companions that they had been together with day and night, the brothers who had gone through life and death together, had left this world just like that!

Even without love, he was still the most important person in the world!

With that, Lin Yi put Chen Zhisheng down with a cold look in his eyes, and a black mist appeared, and a black and white shadow flashed through it!

As soon as the black-and-white shadow appeared, it quickly flew away, trying to escape from the altar!

Needless to say, this was the great witch of ghost Yin, Luo Changle, who had possessed Chen Zhisheng!

Soul snatching hand!

Lin Yi didn't say anything and activated his spirit attack, ready to take down the soul.

He had expected that this bastard wouldn't die so easily!

Only Chen Zhisheng's body had died. Luo Changle's primordial spirit could still leave and find the next target to possess.

Lin Yi's hand landed on the black and white shadow easily.

However, after being hit by the soul-hooking hand, the shadow was actually split into two, like a Gecko breaking its tail!

Lin Yi's heart skipped a beat-the hand was no longer working? Although he had managed to hook the soul, it was only half of it!

As for the remaining shadow, a part of it turned black and turned into the face of an old man, glaring at Lin Yi as if to say, "I'll remember you! Just you wait!"

Of course, now was the time to escape, so he didn't dare to say anything. He disappeared quickly after a slight sway.

But thinking about it carefully, Lin Yi's spirit hadn't recovered yet, so it was normal that the hand didn't achieve its intended effect!

If Lin Yi was at his peak, he could easily destroy Luo Changle, but now he didn't even have the ability to launch a second spirit sense attack. He could only watch Luo Changle disappear.

But Luo Changle probably didn't have it easy either. He had a secret technique to protect his spirit, but Lin Yi still took a part of it. The rest would probably take a long time to recover and to possess a second body!

As for the mixed white part, it was probably Chen Zhisheng's primordial spirit. Unfortunately, his physical body was dead, and he had never cultivated his primordial spirit. He would probably be fused with Luo Changle soon!

As the great witch of ghost Yin escaped, the light rays around the altar gradually dimmed and disappeared, revealing the people of the two sects.

They didn't have Lin Yi's spiritual sense, and they couldn't even take care of themselves after being surrounded by the light. They had no idea what was going on in the middle of the altar, but when they saw Chen Zhisheng's body on the ground, they more or less understood.

At this time, Lin Yi had already helped Ling Hanxue collect the three crystals, so the people from both sides didn't know about Ling Hanxue's harvest.

These people who came out of the light only looked around in surprise, afraid that something would happen.

"Sima Yi, you killed Chen Zhisheng?"

Although Cai lingying asked that, she already knew the answer in her heart. Other than Lin Yi, it couldn't be Ling Hanxue, right?

Looking at Ling Hanxue's silly crying ... It was obvious that it couldn't be her!

Lin Yi didn't answer Cai lingying. Instead, he suddenly burst out with his maximum speed and rushed in front of the disciple who had held Ling Hanxue hostage.

Straight punch, swing punch, hook punch, elbow strike, knee strike, whip kick, roundhouse kick ...

A series of punches and kicks landed on the unlucky guy's body, and he was like a broken sack-he couldn't even land on the ground, let alone fight back or defend.

"Sima Yi! What are you doing?"

The three elders were enraged and charged at Lin Yi, trying to save their own disciples.

Unfortunately, they were all out of energy and couldn't move as fast as Lin Yi. By the time they stopped Lin Yi, he'd already finished his attack!

Chen Zhisheng's last wish was to kill the disciple who held Ling Hanxue hostage. Of course, Lin Yi wouldn't let this guy go either, which was why he suddenly attacked.

But Lin Yi didn't kill him on the spot-that would be letting him off too easily.

"Sima Yi, what do you mean? Do you want to be our azure water sect's enemy?"

Elder Wu glared at him and shouted in an aggressive manner, "Do you think we can't do anything to you just because we're like arrows at the end of their flight?"

"Shut up! If you want to die, I don't mind sending you on your way!"

"You don't doubt that my current strength is enough to kill everyone in your sect, do you?" Lin Yi looked at elder Wu coldly.

Elder Wu was at a loss for words. Not only him, even elder han and elder Mei were speechless.

Right now, everyone from the canglan sect was in their weakest state. Not to mention Lin Yi, even a normal strong man could kill them all with a knife.

"A disciple of your sect dared to hold my disciple hostage and threaten her with her life. I'm already giving your sect face by not killing him on the spot!"

Lin Yi hmped coldly, his aura suppressing everyone from the canglan sect. "If you're not convinced, we can arrange a battle!"

Chapter 7427 So What If I Don 'T?

Of course, the three elders of the Azure water sect were unconvinced. However, they didn't dare to be unconvinced now ...

Looking at that disciple, even though his face was swollen like a pig's head and probably even his mother would not be able to recognize him, his life was indeed not in danger. They were all just flesh wounds. Thus, elder Mei smiled and stepped forward to smooth things over.

In fact, Lin Yi wouldn't just let the idiot who dared to kidnap Ling Hanxue get some light injuries. In the process of beating him up, Lin Yi used some of the methods of the secular world.

If there was a Chinese medicine doctor that examined his body, they'd be able to find something wrong. Unfortunately, there weren't any Chinese medicine doctors on the sub Island, so no one would link this guy's death to Lin Yi.

The Azurewave sect disciple who thought that he had gotten a beating and survived, after returning to the sect, he pulled his Junior Sister to have sex in the forest. In the end, he was hung on his Junior sister's belly!

After the incident, everyone in the house thought that he was acting up immediately and became a laughing stock. Who would've thought that it was all Lin Yi's plan?

Of course, this was all a story for the future and was not mentioned.

On the sword spring sect's side, elder Wu's eyes flickered when he saw Lin Yi suppressing the house of azure water. Should he take this chance to kill these people?

One must know that the sword spring sect and the Azure water sect had never been friendly sects. The competition between the two sides was quite intense!

If they could get rid of the three elder-level expert martial artists at once and add on three talented inner sect disciples, it would definitely be a great thing for the sword spring sect!

Unfortunately, Lin Yi wasn't interested in helping the sword spring sect get rid of the opposing sect's practitioners. He could kill those who pissed him off, but he couldn't be bothered to kill those he didn't piss off, especially when there wasn't any direct conflict of interest ... Even if it was just a casual move.

Elder Wu didn't know if he should talk to Lin Yi after he saw him turn around. After a while, a light door appeared on the altar, leading to somewhere unknown.

Considering that he might still need to borrow the power of the Azure water sect in the future, elder Wu dispelled the idea in his heart and temporarily maintained their cooperative relationship ...

"This should be the exit. Elder Wu, let's go?"

Lin Yi looked at the light door and said indifferently, "There's nothing good here. The great witch of ghost Yin hasn't died yet, so it's impossible for her to leave anything useful. "

"The great witch of ghost Yin is still alive?"

Elder Wu was slightly stunned. He thought to himself, "it's a good thing I didn't let Sima Yi kill the people from the Azure water sect. If I killed them, wouldn't it be troublesome if the great witch of ghost Yin came back?"

"Not exactly alive ... I'm in a state between half-dead and not alive ..."

Lin Yi didn't know how to explain the state of his essence spirit, so he just brushed it off. "I don't think this door of light will last long. Are you guys leaving? If not, I'll be leaving first!"

"Go! Of course, let's go!"

Elder Wu quickly nodded. As the commander, Lin Yi's decisions had never been wrong before, so even elder Wu was willing to listen to Lin Yi's commands.

The people from the Azurewave sect didn't have any objections either. At this point, it was meaningless for them to have any objections. Keeping a low profile and keeping their lives was the most practical thing.

Thinking of how they had come to the remains of the great sorcerer of ghost Yin after going through so many hardships and almost dying, and how they had entered the exquisite Pagoda for so long, they were really unwilling to accept the fact that they had gained nothing in the end and so many people had died!

Unfortunately, it was useless to be unwilling. They could only admit that they were unlucky in this operation.

Lin Yi picked up Chen Zhisheng's body and walked through the light door with Ling Hanxue. When they came out, they didn't go to the top of the Linglong Pagoda, but to the exit under the cliff.

This was convenient, allowing everyone to walk a lot less.

After Lin Yi and the others went up, they met up with Jin Yuan Bao and the others who stayed behind and buried Chen Zhisheng on the spot. The two groups then split up and left.

On the way back to the sword spring sect, the atmosphere was a little heavy. After all, many people had died on their trip, so no one was in the mood to talk.

Ling Hanxue, in particular, had not yet walked out of the sadness of Chen Zhisheng's death.

They did not speak along the way. After returning to the sword spring sect, everyone was dismissed. The rewards and distribution of the mission would be received after a night's rest.

On the sixth day, elder Wu came to long whisker peak and gathered Lin Yi's small team.

"Sima Yi, let me introduce you. This is Deputy sect leader Zong, who is in charge of high level missions. The evaluation, reward, and point distribution of eighth level missions are all determined by Deputy sect leader Zong."

Elder Wu first introduced the middle-aged man beside him to Lin Yi and the others. He was the Vice sect leader of the sword spring sect!

"Disciple greets the Vice sect leader!"

Lin Yi didn't really care about the Vice or head leader, but this was someone else's territory, so he had to show some courtesy!

"No need for formalities! I've heard that your mission this time was quite dangerous, and it really wasn't easy to return safely! You've worked hard!"

After the Vice sect leader smiled reservedly, he said in an encouraging tone, ""Continue to work hard in the future. The sect really needs young people like you to stand out!"

"Thank you, vice sect leader!"

Lin Yi cupped his fist indifferently, but he was thinking that he should just get the hell out of here. Why did this guy have so much nonsense to say?

He was the Vice-leader in charge of high-tier missions, but Lin Yi felt that something was wrong with him coming to the outer sect's long whisker peak.

As expected, Lin Yi once again confirmed his guess-the Vice sect leader cut straight to the point after a few official words.

"You've done well this time. The sect will not treat you badly, especially Sima Yi. I heard that you've made a great contribution!"

The Vice sect leader smiled at Lin Yi, his eyes like a miser looking at a mountain of gold."Before the evaluation and the reward is given, Sima Yi, take out the spoils of war you obtained from the mission! You'll have to turn it over to the sect, and the sect will give you an extra reward based on the value of the spoils. "

Lin Yi raised an eyebrow-so she was here for the fire and wood crystals?

He just opened his mouth and wanted to take away the spoils of war that others had worked so hard to obtain? Wasn't that wishful thinking?

"Vice sect leader Zong, I don't think I've heard that we have to hand over the spoils of war during a mission to the sect. Is there such a rule?"

Lin Yi's face was calm as he looked into the man's eyes."If this disciple doesn't want to hand over the spoils of war, what will happen?"

"Sima Yi! What's with your attitude?"

Deputy sect leader Zong's face darkened and he said coldly,""High-level missions are only carried out for the sect. All the gains in the process will naturally belong to the sect. Otherwise, why would there be a reward for completing the mission?"

These words were reasonable, but the sect rules did not stipulate that the spoils of war in the process of the mission must be handed over to the sect, and this still depended on the willingness of the person.

Elder Wu was a little embarrassed-he had no choice. With or without the fire spirit crystal and wood spirit crystal, the mission completion rate and rewards were on a completely different level. He wouldn't hide this for Lin Yi.

Chapter 7428 Forced To Pay

He didn't know about the other three crystals, or he would have reported it to the sword spring sect.

"Vice sect leader Zong, this disciple only wants to know, is there such a rule in the sect? What will happen if you don't hand it over?"

Lin Yi wasn't scared at all-he didn't back down just because the other was the Vice sect leader.

"In front of this Lord, do you have the right to ask questions?"

Deputy sect leader Zong tore off his friendly mask and sneered,""I'm giving you a chance by asking you to hand it over. Don't think that you'll be fine if you don't hand it over!"

The meaning of his words was that he had to hand them over no matter what!

At most, they would just Rob him!

"Hehe, why is it so lively here? even the Deputy sect leader is here!"

The atmosphere gradually became deadlocked. Just as they were about to draw their swords, elder Qin suddenly came and tried to smooth things over with a smile."Why do you all have such ugly expressions on your faces when this old man comes? are you not welcoming this old man? Vice sect leader Zong?"

"How could that be? elder Qin is famous for his good relations with people. I'm so happy to see elder Qin!"

The Vice sect leader's expression softened as he greeted elder Qin with a smile, but his eyes were still locked on Lin Yi.

"However, elder Qin, although we are friends, today is within the scope of my duty. It is not convenient to talk about the old days with you. When I am done here, I will find you to talk!"

The Vice sect leader didn't wait for elder Qin to continue and stopped him with words. ""Sima Yi, you'd better think this through. Don't think that the outer sect's steward, the eldest senior brother, has an extraordinary status. In my eyes, he's nothing!"

"Vice sect leader Zong's status is noble, of course we outer sect disciples can't compare to him."

"Is the hierarchy of the sword spring sect meant for this?" Lin Yi smiled coldly.

Although the truth was more or less the same, if Deputy sect leader Zong dared to admit it, the reputation of the sword spring sect would be completely ruined!

"Hehe ... Sima Yi, you really have a sharp tongue!"

The Vice sect leader squinted his eyes and stared at Lin Yi, "Forget it, this Lord can't bear the bad reputation of bullying new disciples. If you're not willing to hand over the spoils of war, this Lord won't force you!"

If there was no one else present, the Deputy sect leader might have taken it by force. Unfortunately, elder Wu was not the only one here. Even elder Qin, who had a superior status, was here. It was really inconvenient to take action.

He thought that with his status as the Vice sect leader, Lin Yi would be happy to get it for him.

Who would have expected that the plot would not develop according to the script at all!

If it was any other outer sect disciple, not to mention the Vice sect leader personally coming, who would dare to disobey if he just sent a disciple to pass on the message?

"Then we have to thank Deputy sect leader Zong for his magnanimity!"

Lin Yi had a mocking smile on his face as he cupped his hands casually. "Next, should we announce the reward for the mission?"

"Of course! I came here personally for this matter!"

The Vice sect leader hmphed, pretending not to hear Lin Yi's mockery. "You've done well in the rank eight mission this time. Although you didn't meet the expectations of the sect, you've gained a certain amount."

At this point, the Vice sect leader's cold eyes swept over Lin Yi. He paused for a moment before continuing, "According to your contribution, you outer disciples will be rewarded as follows ..."

Ling Hanxue, Jin Yuan Bao, Zhang Yiming, and Li Yingjian were called out one by one. Ling Hanxue, who had participated in the whole process, received the most generous reward. Jin Yuan Bao and the other two who stayed behind to guard the cliff also received a considerable amount of points.

Only Lin Yi, who was a part of the entire mission and played a decisive role, didn't get any rewards!

"Vice sect leader Zong, why didn't eldest senior brother Sima get any reward?"

When Ling Hanxue heard the last part, she could not help but step forward to defend herself. "If it wasn't for eldest senior brother, I'm afraid we would have all died in the ruins of the great witch of ghost Yin! Why do we all get a reward but not eldest senior brother?"

"Ling Hanxue, watch your attitude! Who are you to speak to me like this? If you don't want the reward, you can refuse!"

The Vice sect leader glanced at Ling Hanxue coldly and snorted. "Originally, I didn't need to explain to you, but today I'll make an exception and let some people know why!"

"Although you said that the mission was a success, you didn't hand in the spoils of war. The sect can be said to have gained nothing at all. Not only that, we even lost a few elite disciples! You can call it a success, but you can also call it a failure!"

"Sima Yi is not willing to hand over the spoils of war and has taken all the benefits of the mission. The sect has given out points to compensate the other members of the mission. Could it be that he wants the sect to compensate him as well?"

In the end, it was because Lin Yi didn't want to hand over the loot that he was targeted!

To Lin Yi, this was something he'd expected and completely accepted.

"Sister Xue, vice sect leader Zong is right. You don't have to say anything more!"

Lin Yi stopped Ling Hanxue from arguing and continued to mock the Vice sect leader, ""Deputy sect leader Zong is really dedicated to the public. He is indeed impartial and fair!"

Even a fool could hear the sarcasm in his words. However, Deputy sect leader Zong just laughed coldly and didn't care at all.

"Sima Yi, you'd better think it through. This Lord will wait for you to change your mind at any time! As long as you hand over the spoils of war, your contribution in the mission will naturally be extraordinary. At that time, the rewards will definitely satisfy you!"

After the threats and promises, the Vice sect leader nodded at elder Qin and left, not giving Lin Yi any more chances to mock him.

"Elder Qin, I'll take my leave as well ... That, Sima Yi, you think about it ..."

Elder Wu was a little embarrassed-after all, he'd been through life and death with Lin Yi, and Lin Yi was his Savior. This was a little embarrassing for him, so he quickly left with the Vice sect leader after saying goodbye!

"Sima Yi, come with this old man for a moment. The rest of you can disperse first!"

Elder Qin waited for the two big shots to leave before he waved his hand and dismissed Ling Hanxue and the others, pretending to be cold.

Lin Yi knew that elder Qin didn't want to reveal their true relationship, even if Ling Hanxue and the others were his trusted aides. So, he didn't mind. He whispered a few words and followed elder Qin to the cultivation peak.

When they arrived at elder Qin's place, the two of them sat down. Elder Qin then revealed a sincere smile. ""Zhong da, it's really a great fortune that you can return safely this time!"

Only those who truly cared about you would care about your safety first, not about what benefits you gained.

Lin Yi's heart felt warm. Elder Qin was like a family member, an elder. He was also one of the few people Lin Yi acknowledged on the sub Island.

#### Chapter 7429 Ten Years Of Thunder And A Sudden Rise

"Martial uncle, it's a good thing you came in time, or else I'm afraid Deputy sect leader Zong wouldn't have left so easily!"

"I just heard about your mission, and then I heard that Deputy sect leader Zong went to long whisker peak. I rushed here and didn't make any mistakes!"

"Don't look at uncle-master as if he's a nobody in the sword spring sect. Some news will still be sent over in time,"elder Qin said with a smile.

"Martial uncle, this Deputy sect leader has come to me with such a big flag to ask for spoils of war, isn't his table manners a bit too unsightly? won't the sect leader have something to say?"

Lin Yi still didn't quite understand what happened today-there really wasn't a need for the Vice sect leader to be so impatient."Could it be that the item in my hand is very important to vice sect leader Zong?"

"Not bad! Martial uncle has already heard that you have obtained a fire spiritual crystal and a wood spiritual crystal from the exquisite Pagoda of the great witch of ghost Yin. These treasures are enough to attract the coveting of other Warriors!"

"Yes!" Elder Qin stroked his beard and said solemnly, "to Deputy sect leader Zong, the value of these two crystals is even more immeasurable, because it is directly related to the improvement of his strength!"

"I know that the fire spiritual crystal and the wood spiritual crystal have a miraculous effect on cultivation, but I'm afraid that it's not very effective for the strength of the Deputy sect leader, right?"

Lin Yi didn't understand. For example, the fire spirit crystal combined with the exquisite Pagoda could create an extremely good training environment, but without the help of the exquisite Pagoda, just a fire spirit crystal or wood spirit crystal might not be much better than the top-tier training room in the sword spring sect.

"Zhong da may not know, but vice sect leader Zong has a fire attribute physique and his strength has already reached half a step to the xuansheng stage, but he has been stuck at this juncture for several years! You have to go to Mount Thunder to undergo the baptism of the lightning tribulation before you can complete the advancement. "

Elder Qin knew that Lin Yi wasn't from the sub Island, so he organized his thoughts and prepared to explain, "You might not know about Mount Thunder, but it's filled with Thunderbolts for years. It's the only hope for the nascent soul to advance to the xuansheng stage."

"However, the Thunderbolts of Mount Thunder are normally not something that original infant stage martial artists can resist. Whoever dares to enter Mount Thunder's territory will be ground to ashes by the Thunderbolts at any time! Only when the Thunderbolts in the thunderclap mountain are in a weakened state will one have the chance to enter and try to advance. "

"And the weakening period of the thunderous mountain will usually occur once every ten to twenty years. Therefore, there is a saying on the sub Island, 'ten years of thunderous movement, and a sudden rise'!"

Lin Yi nodded-he'd read that before, and had some basic understanding of Mount leidong. After all, there were a lot of books in the library, and they weren't for nothing.

Although the sub-Island had leidong mountain, a place to advance to the xuansheng stage, there were not many xuansheng stage martial artists in Hongshang Commandery. It was not an exaggeration to say that they were as rare as Phoenix Feathers and Qilin horns.

Even if Mount Thunder was in its weakened state, not everyone could withstand the lightning. Out of ten half-step profound ascendants, without any trump cards, at most one would survive!

"Zhong da, Do you understand now? Vice sect leader Zong has a fire attribute physique, and the leidong mountain's latest period of weakness should not be far away. If he wants to advance to the xuansheng stage, this is the best opportunity!"

Elder Qin's face was filled with either mockery or sadness. He suddenly sighed and said,""With the help of the fire spirit crystal, the Vice sect leader's fire attribute physique will be greatly enhanced. He will be able to withstand the Thunderbolts of Mount leidong and have a high chance of achieving xuansheng! Now, do you understand why he's eating in such an unsightly manner?"

Lin Yi fell silent-that was right, if it were him, he'd probably do the same!

It was related to the breakthrough of a major realm in terms of strength, so no matter how shameless he was, he should be!

"In fact, those who dare to go up the thunderous mountain to fight for a chance of promotion will collect magic tools of the same attribute as their body to assist them. If you don't have them, you'll just be courting death! Vice sect leader Zong hasn't been able to find a suitable magic tool all this time, but the fire spirit crystal is much more powerful than ordinary magic tools, so it's the most suitable!"

Elder Qin thought of his own situation and couldn't help but laugh, ""Martial uncle's injuries have already healed, and his strength has also improved. Unfortunately, he hasn't reached the half-step xuansheng stage yet. Otherwise, it's hard to say whether he would shamelessly ask you for the fire spirit crystal and the wood spirit crystal!"

As an Alchemist, elder Qin had both wood and fire elements. The two Spirit crystals that Lin Yi revealed were quite suitable for him.

"If martial uncle wants to use it, there's no problem!"

Lin Yi laughed heartily, "actually, if vice sect leader really wanted to borrow the fire spirit crystal, I could've just asked for it. Unfortunately, he wanted to use his power to suppress me right from the start. I'll have to apologize then!"

"Haha, Zhong da, you're only an outer sect disciple. What eldest senior brother steward? in the eyes of the Deputy sect leader, what difference is there between you and an ordinary outer sect disciple? Since he's personally come here, he probably thinks that he's already giving you face. Why would he even bother to negotiate with you?"

Elder Qin shook his head with a smile and sighed, ""Actually, even if Zhong da was willing to lend it to martial uncle, martial uncle would be too embarrassed to take your treasure. No matter what kind of

magic tool it is, it will most likely be completely destroyed after going up Mount Leidong, and the remaining twenty percent will not be unscathed. "

"The wood spirit crystal and the fire spirit crystal are extremely precious, and they can greatly increase the user's ability to resist the lightning tribulation. However, they aren't hard, and there's a high chance that they'll be damaged ... So martial uncle doesn't recommend you to lend out the fire spirit crystal."

If he really lent it out, there would be no return. If Deputy sect leader Zong had a conscience, he might compensate him with some resources. If he didn't have a conscience, he would have become a xuansheng stage martial artist. Who would care about a small outer sect disciple?

"Uncle-master, is there no other way besides using external objects to resist?"

It wasn't like Lin Yi hadn't seen lightning tribulations before, and he could even create one himself to help people level up. How could he believe that the sub-island only had this stupid method?

"Of course there's a way ... It's to make Thunder tribulation pills. Those who have taken Thunder tribulation pills have a higher chance of surviving the Thunder tribulation than those who use magical artifacts to protect themselves."

Elder Qin saw the weird expression on Lin Yi's face and thought that Lin Yi had never heard of the Thunder pill before. He kindly added,""On this sub-Island, it's called the Thunder pill. On your side, it should have another name. Is it called the xuansheng golden pill or something?"

"The pill we use to advance to the xuansheng stage is called the Thunder profound pill! It's refined from the Thunder mystical vine as the main ingredient. Martial uncle should be referring to this, right?"

Lin Yi nodded slightly. His expression was weird not because he heard about the Thunder pill, but because he didn't think there would be a similar pill here. He just didn't know if the composition of the Thunder pill and the Thunder Mystic pill were the same.

"Yes, yes, yes! I've heard senior brother mention the Thunder profound pill before! However, our sub Island doesn't have Thunder mystical vines, so although the Thunder calamity pill and Thunder mystical pill have similar medicinal effects, they are not completely the same. "

Elder Qin nodded his head repeatedly and said with an ashamed expression, ""It's a pity that my alchemy skills aren't good enough. I can't make Thunder tribulation pills ... If I want to successfully make Thunder tribulation pills, I have to reach the mysterious Ascension stage first!"

Chapter 7430 I Still Have More

Without the strength of the mysterious Ascension stage, he could not make the Thunder tribulation pill. However, without the Thunder tribulation pill, it was not easy to advance to the mysterious Ascension stage ... And so, he had fallen into this damn endless loop!

"Uncle-master, I've never seen a Thunder tribulation pill before, so I don't know how effective it is. But I have a Thunder profound pill here, so its effect should be even better!"

Lin Yi took out a Thunder elixir and gave it to elder Qin, ""If it's suitable, then you can use it. Before the opening of thunderclap mountain, try your best to raise your strength to half-step xuansheng and then seize the opportunity to advance to xuansheng!"

"Zhong da! You actually have a Thunder profound pill?"

Elder Qin was shocked, and his outstretched hand was trembling. To an Alchemist, seeing a pill that he couldn't refine was definitely a great stimulation. ""It's even a special grade Thunder profound pill ... Senior brother is indeed amazing!"

Lin Yi didn't know what to say-did they think that this was Zhang Liju's medicine?

But it didn't matter-that was what elder Qin thought, and Lin Yi didn't have to explain.

"Zhong da, don't take out such a precious Thunder profound pill so casually. Quickly keep it!"

Elder Qin looked at it again and again before sending it back to Lin Yi."Senior brother must have given you the Thunder mystical pill in the hope that you'll be able to advance smoothly in the future. Martial uncle will think of another way to find a magic tool to protect you. Don't worry ..."

Before he could finish, he saw Lin Yi take out another special-grade Thunder elixir that was exactly the same. Elder Qin's eyes widened, and he couldn't continue!

Lin Yi was going to tell him to get to the mysterious Ascension stage first and then make the Thunder pill for him, but then he thought that it was unnecessary. It wasn't a big deal to take out one or two more Thunder pills, since he was his master anyway.

"Uncle-master, find a chance to give this Thunder elixir to the Deputy sect leader, so that he won't keep thinking about the fire spirit crystal. After all, the Thunder elixir is not hard to get for me!"

Lin Yi smiled and shrugged, passing the pill back to elder Qin. "If martial uncle can successfully advance this time, this disciple will have a big backer in the future! I guess you can do whatever you want in the sword spring sect?"

"Hahaha, you didn't even give face to the Vice sect leader before. Now, you can do whatever you want in the sect!"

Elder Qin laughed loudly. Since Lin Yi said so, he must have more Thunder mystical pills on him. There was no need to be pretentious, "Then martial uncle won't be polite! It's a pity that martial uncle doesn't have anything good to give you, I'm truly ashamed!"

"It's just a medicinal pill. We're family, so there's no need to be so polite. Martial uncle, you're treating me as an outsider!"

"I'll benefit a lot if you get promoted, uncle!" Lin Yi said nonchalantly.

"You're right! Now, I'm looking forward to seeing Mount Thunder enter its weakened state ... Speaking of which, the Thunder elixir was given to the Deputy sect leader by me, should I tell him that you gave it to him?"

Elder Qin stroked his beard and hesitated. ""Zhong da, although giving the Thunder profound pill to the Vice sect leader can solve the problem of the fire spirit crystal once and for all, have you ever thought about what reason you should give it to him? You're just an ordinary outer sect disciple, how could you have such a treasure?"

"If vice sect leader Zong asks, uncle-master doesn't need to say anything. You just need to hint to him that my surname is Sima, and that's enough!"

"Sometimes, a misunderstanding can push away all the trouble!" Lin Yi smiled mysteriously.

"Haha, you little brat! I've also heard those rumors outside. If I didn't know that you're not a native of the sub Island, martial uncle would have believed it! Alright, don't run around if you don't have anything to do. Cultivate in seclusion well. With the fire spirit crystal and the wood spirit crystal in hand, your progress should be very fast. "

Elder Qin said a few more words and then asked about the details of the trip to the ghost Yin mountain.

He'd heard the news before, but it was only the mission briefing-it couldn't compare to Lin Yi's own description.

Lin Yi explained everything from the beginning, not going into too much detail. He only put together a string of key points and told elder Qin.

Elder Qin couldn't help but sigh after hearing about Chen Zhisheng and great witch of ghost Yin, Luo Changle.

With that, Lin Yi left. He didn't go back to long whisker peak after leaving the cultivation peak, but found a remote corner and retrieved the flying saucer that Han Jing Jing had made.

Elder Qin was just telling Lin Yi not to leave the sect for no reason, and to focus on his practicing-and now he was ready to slip out.

Lin Yi had no choice-he had to make this trip!

Their destination was still ghost Yin city, and before Chen Zhisheng died, he said that he wanted to give Lin Yi something, but he didn't say what it was, only the location of the item.

There were too many people, so Lin Yi decided to use the flying saucer's speed to go to the ghost Yin Mountains. He wanted to see what treasure Chen Zhisheng was so serious about!

Lin Yi quickly got on the flying saucer and equipped it with light refraction technology under the cover of the night. The flying saucer flickered and disappeared without a trace.

After setting the coordinates, the flying saucer entered auto-flight mode. The speed of flying in a straight line was much faster than the speed of running on the ground.

It didn't take long for Lin Yi to return to the broken cliff.

"Chen Zhisheng, the disciple who hurt sister Xue should be dead by now. Don't worry, I'll protect sister Xue!"

Lin Yi got off the flying saucer and went to Chen Zhisheng's grave first. "I've come back to retrieve the item you mentioned. If I encounter the primordial spirit of great witch of ghost Yin, Luo Changle, I'll kill him along the way! If you're watching from the heavens, then let that guy stay in ghost Yin city!"

After talking to Chen Zhisheng for a while, Lin Yi entered the tunnel again from the exit at the bottom of the cliff, and he quickly returned to ghost Yin city!

He extended his divine sense and found that the quiet ghost Yin city was completely lifeless. It was a ghost city, and there was no trace of Luo Changle's primordial spirit. It seemed that Chen Zhisheng did not show his spirit, and the great witch of ghost Yin had already escaped and did not return to ghost Yin city.

The location Chen Zhisheng told Lin Yi was still in the Linglong Pagoda, so Lin Yi didn't waste any time on the outskirts and headed straight for the Linglong Pagoda.

A while later, Lin Yi returned to the Linglong Pagoda and entered through the human gate.

People from both the heaven and earth gates had gone in before, but the man gate hadn't been touched. Lin Yi was still on high alert when he went in, since Chen Zhisheng might've tried to frame him before he died.
