

Bodyguard 7431

Chapter 7431 Ghost Yin Curse Technique

But after entering the human door, Lin Yi realized that he was overthinking. This was actually the safest door out of the three, the life door!

The only reason they could enter the Earth gate was because Chen Zhisheng had removed the danger, allowing Lin Yi and the others to enter safely.

The scenery inside the man door was similar to the earth door, and there were a few rooms as well. Lin Yi couldn't tell if they were the ones he'd been in before, since there wasn't anything left behind.

Other than these empty rooms, the stairs to the second floor still existed, but Lin Yi didn't come here to go up!

Chen Zhisheng told Lin Yi the location of the treasure, it was under the Linglong Pagoda!

Who would have thought that the great witch of ghost Yin would hide it under the exquisite Pagoda?

Who would have thought that the exquisite Pagoda would have a basement?

Of course, it wasn't exactly a basement. Lin Yi followed Chen Zhisheng's instructions and found the mechanisms on the walls in six directions.

After it was completely opened, the stairs leading to the second floor disappeared. Where the original stairs were, a square hole appeared. The size was about one square meter, and the depth was no more than one meter.

It would be too much of an exaggeration to call such a place a basement. It could only be considered a secret compartment!

Lin Yi walked to the entrance of the cave and squatted down. He used his hand to sweep away the worthless materials covering the bottom of the cave, revealing a long black jade box.

As for the materials, Lin Yi didn't even bother to look at them. The only valuable thing here was the black jade box.

Lin Yi looked at it and found a hidden button. The box made a crisp sound as it opened, and the lid slid open.

Inside the box was a thin book with the words "ghost Yin curse technique" on its cover.

Lin Yi blinked. This ... Was this the cultivation technique of the great witch of ghost Yin? Or some kind of secret technique?

The ghost Yin curse technique didn't seem like a proper martial technique ...

No matter what, this was Chen Zhisheng's last gift, and Lin Yi took it out seriously, flipping through it casually.

"Eh?"

Lin Yi only saw the first page, and he couldn't help but let out a soft gasp!

This ghost Yin curse technique was actually different from the cultivation methods and martial techniques that were popular on the sub-Island.

As expected of the cultivation technique of the great witch of ghost Yin, it was indeed unique and had its own special aspects.

Simply put, the key to the ghost Yin curse technique was the word 'curse'!

After learning this cultivation technique, one would be able to use the ghost Yin curse technique on cultivators of the same level or weaker than them without even having to fight. The cursed person would die silently without any signs.

After the investigation, they would not find anything strange. The deceased seemed to have died of a normal illness, and no one could find the problem.

This was similar to what Lin Yi did to the Azure water sect disciple, but Lin Yi's skills were in the field of Chinese medicine. If there was an expert in this field, it would be easy to find the clues.

The ghost Yin curse, on the other hand, didn't have this weakness, and it was much easier and more convenient to use than Lin Yi's previous methods.

This was the basic information of the ghost Yin curse technique, and what piqued Lin Yi's interest right away was the basic training method at the very beginning.

Why was it different from the other popular cultivation methods on the sub-Island?

Lin Yi always thought that the sub Island didn't have any essence spirit training methods, and no one would train spirit sense skills!

It wasn't until the appearance of the ghost Yin curse that Lin Yi realized that he had been wrong all along!

This was because the ghost Yin curse technique was a cultivation technique that cultivated one's consciousness!

In the initial stage, other than a small amount of body forging cultivation, most of the time was cultivation of spiritual sense!

When one's consciousness was strong enough, they would try to use it to draw curse talismans!

This was the most important difficulty in the initial stage of cultivation. As long as he could complete this step and form the curse talisman, he could activate the curse talisman to attack the enemy.

The method of attack could be a direct curse from face to face, or a long-range attack from a distance!

The strangest thing was that if the person who cast the ghost Yin curse technique could personally obtain a trace of personal items from the opponent, such as hair, skin, blood, and so on ...

With these things, even if the two sides were separated by hundreds and thousands of miles, the ghost Yin curse technique would still have a certain effect. Just thinking about it made him feel mysterious and unpredictable!

Lin Yi's attitude became a lot more serious as he quickly flipped through the ghost Yin curse technique manual.

It was a weird skill, but Lin Yi didn't really care.

His first divine sense attack skill, soul snatching hand, was learned from the hands of an evil cultivator, and it had helped him escape death many times, and had made many outstanding achievements in battle!

That was why it was said that the ghost Yin curse technique was also a divine technique if used well!

Especially the cultivation method of the ghost Yin curse technique. Even if it was far inferior to the battle technique for seizing heaven's fortune, it could still be used as a reference.

Chen Zhisheng ... Did he leave behind this ghost Yin curse technique to make me use it to kill that azure water sect disciple?

If that was the case, there was no need to go through the trouble. That guy was probably now catching up with Chen Zhisheng on the road to the underworld, right?

Lin Yi thought about these random thoughts and put away the ghost Yin curse.

He'd finished his main purpose of going back to the Linglong Pagoda, and he'd wanted to leave ghost Yin city and return to the sword spring sect, but he might not have the chance to come back again.

This time, there was no great wizard of ghost Yin secretly controlling them, and there were no fire spirit crystals, wood spirit crystals, and other spirit crystals of the five elements to assist them. Therefore, there was no danger on each floor.

Lin Yi walked up the stairs and searched the floors he hadn't passed before, but found nothing.

As Chen Zhisheng had said, the most precious part of the exquisite Pagoda was the exquisite Pagoda itself, followed by the five elements spiritual crystals!

The exquisite Pagoda couldn't be taken away yet, and the five elements spirit crystals were all in Lin Yi's hands. It was obvious what good things were left in the exquisite Pagoda.

Soon, he reached the seventh floor. He wanted to see if the door of light was still there, but other than the broken altar and the black coffin, there was nothing!

Fortunately, there was a passageway on the seventh floor that led to the outside of the tower, so he was still able to get out.

Since there wasn't anything else to gain, Lin Yi didn't want to stay any longer. He quickly left the exquisite Pagoda and used his spirit sense to scan the area, hoping to find the soul of the witch.

There was a saying that the most dangerous place was the safest place. Luo Changle had escaped last time, so it was very likely that he would return to ghost Yin city again.

Because there was no longer any value here, of course, no one would come here again. Under the light, the location seemed dangerous, but it was actually extremely safe.

Chapter 7432 Business At The Door

Unfortunately, Luo Changle didn't come back, and Lin Yi didn't have time to wait for him. He could only leave ghost Yin city.

After returning to the cliff, Lin Yi said goodbye to Chen Zhisheng's grave before releasing the flying saucer to return to the sword spring sect.

But ...

He didn't expect a familiar face to suddenly appear in front of him-he almost jumped!

"Yo, young hero Lin, long time no see!"

The man who had suddenly appeared was none other than the elusive boss Ding Yi!

"Ding Yi! What are you doing here?"

Lin Yi was truly shocked. Ling Ling's message was one thing, but he had central technology. How did ding one get it?

Could it be that Ding Yi was really from central?

"Look at what you're saying. We're businessmen. Of course, we go wherever there's business. Although the world is big, we're everywhere!"

Dingyi grinned as he made some bold statements before cupping his fists to Lin Yi. "Young hero Lin, I'm very surprised to meet you here! How is it, is there anything I can help you with?"

Lin Yi's mouth twitched-they'd only spoken a few words, and they were starting a business already?

When he first saw Ding Yi, Lin Yi suspected that he was an essence spirit, but after careful observation, he couldn't be sure ...

There weren't many people who could hide from Lin Yi-Ling lingfa was one, and then this Ding Yi!

"Boss ding, how did you get in here? I'm going to leave this sub Island, but I don't know how to go back."
"

Lin Yi calmed himself down and tried to start the conversation from the way Ding Yi entered the room.

"I can't tell you how I got in. That's a business secret for me. It's my exclusive collection and not for sale!"

Dingyi, of course, wasn't going to tell Lin Yi.

Lin Yi was helpless. There was nothing in this world that wasn't for sale. The only reason why any exclusive collection wasn't for sale was because they didn't have enough money!

"Alright, boss ding, whatever you say!"

Lin Yi shrugged and changed the topic. "I told you to find Wang Xinyan, do you have her exact location? Is she really on the sub-Island?"

"Young hero Lin, you're wrong! He could only ask once every time! Think about what you want to ask first!"

Ding Yi waved his hand and said with a smile, ""I've already told you about Wang Xinyan, so your new questions are all new business!"

After saying that, dingyi reached out his right hand and rubbed his index finger and thumb together.

This seemed to be a universal hand gesture, and everyone knew what it meant!

He wanted a reward!

Lin Yi didn't know what to say-this guy only cared about money, not people.

Lin Yi had no choice but to go with the flow, "Boss ding, you go first. What kind of payment do you want this time?"

Ding Yi pinched his chin and pondered for a moment, then smiled. "It's not a difficult task. I need a batch of secular world goods. It's a pity that it's inconvenient to travel and I can't deliver them. If young hero Lin can get them, how about it?"

"Boss ding, you must be joking. You know my condition. How can I go back and forth between the secular world and the sub-Island?"

"Boss ding, I can't even protect myself now. It's impossible for me to travel between two places alone and bring the goods with me!" Lin Yi refused immediately.

"It's impossible for others, but Lin shaoxia can definitely do it! Otherwise, how did your flying saucer enter the sub Island?"

Ding Yi looked at Lin Yi with a faint smile, as if telling him that everything was under his control and that he should stop bullshitting.

Lin Yi's mouth twitched. He'd just used a flying saucer, and Ding Yi found out already. How was he supposed to cover this up?

It didn't matter if Lin Yi didn't want to admit it-dingyi's presence here was probably because he'd seen Lin Yi use the flying saucer.

"Boss ding, tell me what you need from the secular world first. Maybe I can help you solve it on this Island, so you don't have to go to the secular world."

Lin Yi shrugged noncommittally and smiled, "Since we're all so familiar with each other, let's just be Frank and get to the point!"

"Alright! Since young hero Lin is so straightforward, then take a look at this list!"

Ding one nodded and took out a piece of paper. "This is what I need. The sub-Island doesn't have it, so I can only get it from the mortal world!"

Lin Yi took a look at the list-it was full of modern high-tech components. With the sub-island's technology, which was decades behind, it was quite a good product.

"Boss ding, what do you need these things for? Do you want to do scientific research on the sub-Island?"

Lin Yi's heart skipped a beat. If Ding Yi didn't need it himself, then the buyers of these high-tech components would have to be in the development Center of the sub-Island!

"Young hero Lin, you really know how to joke. We are so familiar with each other, but you still don't know me? He's just a peddler who makes some hard-earned money by selling some trinkets. What kind of scientific research is that? Even if you have the heart, you don't have the ability!"

Ding Yi looked up and laughed, as if he was just casually laughing. "Of course, someone needs to buy those things! As for what they're used for, that's not something I can know!"

Lin Yi nodded to himself-this was how dingyi did business, after all. He'd take orders from others and trade them for something else.

He had the information Lin Yi needed, and the payment he'd get was orders from other places. Naturally, he'd be able to get a satisfactory income if he completed the orders.

"Boss ding, I wonder who it is that needs things from the secular world. Ordinary people probably don't even know about these things. Could it be that they are from the secular world?"

Lin Yi asked casually, "Maybe they're all from the same hometown?"

"Young hero Lin, I'm really sorry about this. The customer's information is top secret and is not for sale. No matter what, it will not be leaked."

"Please understand, young hero Lin," ding yixiao said with a fist salute. "Unless you're planning to take this business, you'll naturally be able to see the customer!" So, Lin shaoxia, just tell me, can you get it?"

What he meant was that if you can do it, then do it. If you can't do it, then don't be so long-winded!

Lin Yi guessed that central was the buyer of the high-tech parts, which meant that D1 had a deal with central!

If he helped dingyi, he'd be at the center of the gang-Lin Yi was about to reject that idea.

However, Xinyan's information was too important, and Lin Yi could only count on the mysterious Ding Yi. If he refused to cooperate, what would he do with the information?

In a flash, Lin Yi smiled, "Alright, I'll take it! But I just want to know, if I agree, How do I go to the secular world?"

Lin Yi had left the common world for a while now, and it would be great if he could go back and have a look!

Chapter 7433 Are You Alright?

It'd been a long time since he'd seen those girls from the common world, and he really did miss them.

Young miss, are you alright now?

"You don't have to worry about that, Lin shaoxia. The buyer will arrange for you to be sent to the secular world!"

Dingyi's smile grew even more passionate after Lin Yi agreed. "Primordial spirit projection, young hero Lin should be familiar with this, right? If the buyer has such skills, as long as Lin shaoxia has the ability to carry items back and forth, this mission can be said to be extremely easy. "

Lin Yi didn't know what to say ... He'd just recovered his body, and now he had to use a spirit projection?

What if there was a problem with his body? Even if there was, there was no one who could do it without Zhang Liju!

No one else but central could create a spirit projection, and Lin Yi was sure of that after hearing what Ding Yi said.

Ling lingfa probably came to the sub-Island through primordial spirit projection, which was why his strength had been reduced so much!

For Ding Yi to appear here, it was very likely that he was also a primordial spirit.

"Boss ding, it's not as simple as you make it out to be. Primordial spirit projection isn't without its dangers. The last time I projected my primordial spirit back to the mortal world, I almost couldn't come back!"

Lin Yi said, weighing the pros and cons. "Can you guarantee the safety of my primordial spirit being projected back to the secular world?"

"I can't guarantee that. It's still the same thing. Lin shaoxia, you decide for yourself. Whether you can do it or not, just say it!"

He wouldn't force Lin Yi, but he didn't have much patience.

"I can do it!"

Lin Yi sighed. He had to go for Xinyan's news!

On second thought, returning to the common world wasn't a bad thing. At least he could send some news and let the common world and Sky Class Island know about his current situation.

"But boss ding, I still have some things to deal with recently, so there's no rush to return to the secular world. How about we talk about it after I've made the arrangements?"

"Of course, no problem. Everything will go according to your plan, young hero Lin."

"Lin Yi, you're already giving me face by agreeing to this. There's no rush. We'll do it when we're free!"

"How do I find you then?"

Lin Yi thanked him with a smile and asked casually, "Why don't you give me your contact information, boss ding?"

Ding Yi was too mysterious, his whereabouts uncertain, and he appeared and disappeared unpredictably. It might not be a bad thing to be able to contact him at any time!

"Don't worry, young hero Lin. You don't need to come to me. When the time is right, I will come to find you!"

Unfortunately, Ding Yi did not agree and just gave a perfunctory reply.

From another point of view, it proved that Lin Yi's every move was under Ding Yi's control. This kind of thing really made him unhappy!

"In that case, we'll talk about it later!"

Lin Yi waved his hand and smiled faintly, "I'm going back to the sword spring sect now. Where is boss ding going? Why don't I give boss ding a lift?"

The flying saucer was already prepared, and there was no need to hide it since Ding Yi already knew about it.

"Thank you young hero Lin, but it is a pity that we are not heading in the same direction. We won't bother you anymore!"

He declined tactfully, evidently not wanting Lin Yi to know where he was going.

Lin Yi had expected this, so he didn't force it. "That's such a pity! Since that's the case, we'll part ways here!"

The two said their goodbyes, and Lin Yi disappeared into the flying saucer.

Lin Yi didn't want anyone from the sword spring sect to know that he was sneaking back to the ghost Yin Mountains, and he couldn't waste too much time.

Otherwise, he could try to follow Ding Yi. After all, it would be very difficult for him to completely shake Lin Yi off with his spirit projection!

He put Ding Yi's issue aside and returned to the sect.

It was the darkest hour before dawn, and Lin Yi found a quiet corner to land. He put away the flying saucer and returned to his residence on the North Peak of the long whisker peak.

The first thing he did when he returned was to start cultivating the ghost Yin curse technique.

For most of the people on the sub-Island, the ghost Yin curse technique was a cultivation technique that was as difficult as ascending to the heavens. It was impossible to even get started on it.

This sub-Island was not suitable for cultivating the primordial spirit, and most of the areas even suppressed the soul consciousness. Therefore, great witch ghost Yin was a peerless genius for being able to cultivate the ghost Yin curse technique!

However, to Lin Yi, the ghost Yin curse was nothing. The most difficult thing for others was the basic level of spiritual sense, but it wasn't a problem for Lin Yi.

It was just like how other people wanted to do business but didn't have the capital-they had to accumulate capital bit by bit, but Lin Yi had a mountain of gold and silver-what business couldn't he do?

He had a mine at home, so he was willful!

The only trouble Lin Yi had with the basics of the ghost Yin curse Arts was the use of his consciousness to draw the runes. After all, he'd never done this before!

However, after Lin Yi tried a little, the so-called "a little bit of trouble" was just an extra try!

An invisible talisman was formed, floating in front of Lin Yi.

This was something that could only be captured by the divine sense, so even if the opponent was hit in the face, they would not be able to react at all.

It was a success!

Lin Yi smiled faintly, very satisfied. All he needed now was a target to test the effects of the ghost Yin curse!

As for further cultivation, it could not be completed in a short time. More time was needed to study it.

However, with such a strong consciousness, it was only a matter of time before he completely mastered the ghost Yin curse technique!

At the same time, Yang Qi had woken up early to meet the extreme summer tyrant Wolf in his third senior brother's residence.

"Senior brother yang, Sima Yi offended the sect's vice sect leader yesterday at long beard Peak. I'm afraid he won't be having a good time. Should we take this opportunity to do something?"

The extreme summer tyrant Wolf was actually quite pleased with himself, because the people who had gone to the ghost Yin Mountains with Yang Qi were all his trusted aides, but they had all died there!

In this way, he, who had come later, would have a chance to rise up and become Yang Qi's number one confidant.

He should've informed Yang Qi yesterday about Lin Yi offending the Vice sect leader, but he'd used up a lot of energy in the ghost Yin Mountains, and had been resting in seclusion after collecting his points. He'd only come out now, and Xiaji and tyrannical Wolf had been waiting for this moment to show off.

"Sima Yi!"

Yang Qi's face was gloomy, he gritted his teeth and said, "this kid has been very arrogant along the way. He thinks that he is great just because he has been to the ghost Yin mountain range. From time to time, he would show off in front of me and take the opportunity to suppress us. If it wasn't for him, the others wouldn't have died so easily!"

Chapter 7434 Conjuring Charges

"The result was good. All the people who followed me died, but only Chen Zhi Sheng died among the people who followed Sima Yi. He died because he was parasitized by a great witch of ghost Yin ... Extreme summer tyrant Wolf, tell us what happened yesterday. We can't let that brat Sima Yi off so easily!"

"Yes! Senior brother! This brat should be properly taught a lesson!"

The extreme summer tyrant Wolf's mood became even more pleasant, but he did not reveal it. He could only pretend to share a common enemy and say, "Yesterday, vice sect leader Zong and elder Wu went to long whisker peak together to announce the reward for the outer sect mission. At the same time, they wanted Sima Yi to hand over the spoils of war ..."

This matter wasn't considered confidential, and tyrant Wolf was the previous head of the outer sect, so he knew all the details.

..."In the end, because elder Qin stepped in, the Vice sect leader didn't force Sima Yi, but it still ended on bad terms! Senior brother yang, if we attack Sima Yi now, perhaps the Vice sect leader will remember our good deeds. This is the best time!"

Yang Qi nodded to himself, and laughed coldly, "That brat, Sima Yi, really thinks he's so stubborn that he even dares to offend the Vice sect leader! This time, he's the one who's looking for death, so it's not too much for us to step on him while we're at it!"

"That's right! Senior brother yang, what do you think we should do?"

The extreme summer tyrant Wolf patted its chest and said righteously, "As long as it's senior brother Yang's orders, I, summer extreme tyrant Wolf, will not hesitate even if it's a mountain of blades or a sea of flames!"

"You're the most reliable one at critical moments!"

Yang Qi patted the extreme summer tyrant Wolf's shoulder with a look of praise, and said after a moment of thought, "But we can't rush this! That brat Sima Yi is not a good person, we must plan before we act!"

To be honest, although Yang Qi wasn't very happy with Lin Yi, everything Lin Yi did in the ghost Yin Mountains made him afraid!

On one hand, he wanted to vent his anger on Lin Yi, but on the other hand, he was worried that Lin Yi would threaten his position in the inner sect if he grew up!

Of course, he could not allow such a thing to happen. Yang Qi did not want to become the second extreme summer tyrant Wolf!

"Extreme summer tyrant Wolf, you've dealt with Sima Yi before and have a deeper understanding of him. How about this, you'll find a way to find Sima Yi's weak spot, and we'll chase after him after we've caught him!"

Yang Qi held his chin and thought about it. "There's no point in going head to head with Sima Yi now. After all, elder Qin's attitude towards him is a little ambiguous. As for Deputy sect leader Zong ... He'll definitely be happy if someone teaches Sima Yi a lesson, but it's hard to say how much support he'll have to give."

Hearing this, the extreme summer tyrant Wolf nodded to himself, knowing that Yang Qi had a clear head and could read the mind of his boss. He had also calculated the gains and losses accurately.

"Don't worry, senior brother yang. I'll handle this small matter! We'll first set up in secret, and when we have the chance, we'll take care of Sima Yi in one fell swoop!"

After saying this, the extreme summer tyrant Wolf suddenly changed the topic. "That's right, senior brother yang, have you heard that there's someone in the inner sect who has an extremely close relationship with Sima Yi?"

"There's such a thing? Who's on good terms with Sima Yi?"

Yang Qi was stunned. He never needed to care about new people, and of course, he would not know who was close to who. If it was not for the extreme summer tyrant Wolf, Sima Yi would not even be in his sight.

"It's the two new inner sect disciples, Wu yucao and black wildflower!"

Extreme summer tyrant Wolf lowered his voice. In order to deal with Lin Yi, he'd already asked around about everything that happened after Lin Yi entered the sword spring sect, "I heard that Wu yucao, Ling Hanxue, and Chen Zhisheng from the outer sect were originally a small team of hunters, but they later followed Sima Yi together."

"So, Wu yucao and Sima Yi's relationship can be said to be extremely close. This time, Ling Hanxue and Sima Yi went to the ghost Yin mountain together. Senior brother yang should be clear about their relationship, right?"

Yang Qi couldn't help but nod slightly. If Wu yucao's position in Lin Yi's heart was the same as Ling Hanxue 's, then they'd be friends who'd gone through life and death together!

Their importance to Lin Yi went without saying!

"According to the information I've gathered, Wu yucao was the leader of their three-man team, and he's the closest to Sima Yi. Other than him, the other new disciple in the inner sect, black wildflower, is also very close to Sima Yi. We can make use of these two."

Yang Qi looked up at the extreme summer tyrant Wolf, frowning as he thought for a moment, "Since you're saying this, you should have a plan, right? Just tell me directly!"

"Yes, senior brother!"

The extreme summer tyrant Wolf bowed and smiled, ""Since we know that these two women are extremely important to Sima Yi, this little brother is thinking, should we use the two of them, or one of them, to lure Sima Yi into making a mistake?"

"They're both new inner sect disciples, so if there's any mistake, isn't it up to senior brother yang to decide? Such an easy target, he's the most suitable to threaten Sima Yi!"

"I'm not too sure about the black wildflowers you mentioned, but I seem to have heard of that Wu yucao!"

Yang Qi frowned and thought for a moment, "Wu yucao ... Seems to be an extremely talented new disciple. So she's one of Sima Yi's people!"

It was not that Yang Qi was concerned about the talented disciples, but if such an Outstanding Newcomer entered, there was a possibility that he could threaten his position as the third senior in charge. Therefore, he paid a little attention to it, and thus had some impression of Wu yucao.

"That's right! Senior brother yang might not know this, but this Wu yucao was originally going to enter the outer sect. It was because his talent was too shocking that he made an exception and was accepted into the inner sect to cultivate without a recommendation!"

The extreme summer tyrant Wolf was fully prepared and told him everything he knew, "This kind of special case is very rare in the history of our sword spring sect, and every person like this will be an amazing figure in the sect in the future! I'm afraid Wu yucao will have a bright future!"

At this point, tyrant Wolf Xia Ji carefully peeked at Yang Qi. He knew that Yang Qi attached great importance to the position of the third senior brother. By saying this, he was vaguely reminding Yang Qi that Wu yucao would become a threat!

Not only would he threaten the position of the steward third senior brother, but when he grew up in the future, he would become Sima Yi's backing, and they would never be able to touch Sima Yi again!

Yang Qi's expression changed slightly, and after a moment of silence, he narrowed his eyes and laughed coldly, "So what if you're a genius? Every year, countless geniuses would emerge, but how many of them would eventually become famous? Only geniuses who have grown up are geniuses. Those who die halfway are just stepping stones for geniuses!"

"Senior brother, you mean ...?"

The extreme summer tyrant Wolf's lips curled into a faint smile. "We're going to target Wu yucao?"

"She's the one! Extreme summer tyrant Wolf, think of a way to throw some dirty water on Wu yucao. No matter what crime it is, she won't be able to refute it. "

Yang Qi's expression was dark and cold, his fingers lightly tapping on the table, "Don't look for Sima Yi. We won't target him directly this time. Let the news of Wu yucao spread to Sima Yi's ears naturally. Then, we'll see how he acts before we respond!"

Chapter 7435 Falling Into A Trap

"Understood ... Senior brother is wise. I will do it now!"

The extreme summer tyrant Wolf bowed respectfully and left. The development of the situation was completely in line with his plan. The next step was to capture Wu yucao!

Although he was the one who had attacked, Yang Qi was the one who had taken the blame in the end!

No matter who won between Yang Qi and Sima Yi, he, extreme summer tyrant Wolf, would not suffer a loss. If Yang Qi won, he would even gain a lot of benefits!

That afternoon, Wu yucao returned to the mountain where the inner sect disciples lived. She had been in closed door cultivation, and when she came out, it was Lin Yi's first time bringing people to the ghost Yin Mountains, so she couldn't find Lin Yi and the others.

Coincidentally, that was also the period when inner sect disciples accepted missions to earn points. Wu yucao simply accepted a mission as well. While earning points, he treated it as his first experience after becoming a disciple of the sword spring sect.

After completing his mission and returning to the sect today, he had never thought that someone would be scheming against him.

"You're Junior Sister Wu, right?"

The extreme summer tyrant Wolf had already been notified by his informers, so he was waiting by the roadside. When he saw Wu yucao walking over, he immediately smiled and welcomed her, ""I'm your senior brother Xia Ji! I wonder if junior martial sister Wu is free right now?"

Wu yucao was slightly stunned. She subconsciously looked left and right, and only confirmed that he was talking to her when she saw that there was no one else around.

"Senior brother Xia Ji ... Do we know each other?"

Wu yucao really didn't know many people in the inner sect, so she wasn't too wary of the extreme summer tyrant Wolf that had suddenly appeared. ""I wonder why senior brother Xia Ji is looking for me?"

"It's like this, the inner sect's third senior brother Yang Qi has some matters to ask Junior Sister about. If it's convenient for Junior Sister, can you come with me?"

The extreme summer tyrant Wolf was very polite and gave off a very friendly and steady impression. After all, he had been in charge for a long time, so he was very good at keeping up appearances.

"The steward's third senior brother is looking for me?"

Wu yucao was a little surprised because it was a habit of the low-level grassroots to be somewhat in awe of people who were high and mighty. So after thinking about it, she nodded and said, "Then I'll have to trouble senior brother Xia Ji to lead the way."

"Junior Sister is too polite, please follow me!"

The extreme summer tyrant Wolf was pleased with itself and felt that it could do it without any effort. "I heard that Junior Sister just came back from a mission and didn't have time to go back and rest, right? I'm really sorry to have you and senior brother go over. "

He made it sound beautiful, but he was actually just beating around the bush to see if Wu yucao had any contact with others.

"Indeed, I didn't have time to go back ... But this is a small matter, it doesn't matter!"

Wu yucao didn't suspect him and thought that it was just the extreme summer tyrant Wolf casually chatting. "By the way, senior brother Xia Ji, I wonder what senior brother yang is looking for me for? I've never seen senior brother yang before. "

"Senior brother yang is in charge of a lot of inner sect disciples" Affairs. I'm guessing that you're looking for Junior sister's matters in the inner sect. "

The extreme summer tyrant Wolf smiled noncommittally. "In short, for a person with such exceptional talent like Junior Sister Wu, senior brother yang must have something good to discuss with you. At that time, I hope Junior Sister Wu will take care of me."

"Senior brother Xia Ji, you must be joking. I'm just a new disciple. I don't have any talent ..."

Wu yucao quickly waved her hand. She thought that Xia Ji was a good werewolf and it would be interesting to chat with him.

And this was because Wu yucao had been in closed door cultivation for too long, so she didn't know about the extreme summer tyrant Wolf, much less The Grudge between the two. If she knew about this, she wouldn't think this way!

The two of them chatted as they walked. Wu yucao didn't notice that the extreme summer tyrant Wolf had been intentionally avoiding the gazes of other people. Along the way, they didn't meet any unrelated inner sect disciples.

After a short while, the extreme summer tyrant Wolf brought Wu yucao to a Pavilion. They entered and turned a few corners along the corridor before pushing open a door.

"Junior Sister Wu, please come in!"

Wu yucao greeted him politely and walked in. Then, she started to have some doubts.

The room in front of him ... Didn't look like a place to receive guests!

There were rows of bookshelves inside, but they were not books, but various files. Would senior brother yang San meet people here?

"Senior brother Xia Ji, where is senior brother yang?"

Wu yucao was only a little suspicious, but she didn't suspect the extreme summer tyrant Wolf's true intentions. Seeing that there was no one inside, she turned to the extreme summer tyrant Wolf. "Do you want me to wait here for senior brother yang to come?"

However, when Wu yucao turned around, she did not see the extreme summer tyrant Wolf!

The extreme summer tyrant Wolf had already left in such a short time?

"Senior brother Xia Ji?"

Wu yucao instinctively felt that something was wrong, so she turned and rushed out the door!

"Who's there? How dare you barge into the inner sect's restricted area!"

As soon as he appeared, someone shouted loudly outside, and then the sound of footsteps came from all directions.

In the blink of an eye, Wu yucao, who had run out of the door, was surrounded by several people, and more people were running over.

"Who are you? Why did you break into the inner sect's restricted area?"

The man who ran over first had a cold expression. He drew his sword and pointed it at Wu yucao. "Obediently surrender, so as to avoid self-harm!"

"Senior brothers, is there a misunderstanding?"

Wu yucao could already smell a conspiracy. After forcing herself to calm down, she smiled faintly and said, "I'm Wu yucao, an inner sect disciple. It was senior brother Xia Ji who brought me here. He said that the inner sect manager, third senior brother, had something to say to me, so I'm here."

"What a joke! Even if you're looking for an excuse, shouldn't you at least find a better and more reliable excuse?"

The person who spoke earlier sneered, "Let's not talk about your identity first, senior brother yang would never look for you. When you used senior brother Yang's name, you should at least know his

whereabouts, right? Let me tell you, this morning, senior brother yang went to the Vice sect leader's side to discuss matters, and he hasn't returned yet!"

"You're saying that when senior brother yang and vice sect leader Zong were discussing, he still had the leisure to send people to find you? "Aside from that, the senior brother Xia ji you're talking about ... Don't tell me he's the extreme summer tyrant Wolf? Unfortunately, he's not here either. There's something going on at long beard Peak. He's the original outer sect steward, eldest senior brother, so he was called to help deal with it, and has yet to return!"

Wu yucao's brows raised slightly. She was sure that she had been tricked, but she didn't know why the other party had done so.

The room behind him was probably one of the more important places in the inner sect. Ordinary disciples were usually not allowed to enter, but he did not know what kind of punishment would be imposed on those who entered without permission.

"Alright, I've said so much to you. You should wake up. Trespassing in an important place is not something that can be easily fooled. I advise you not to resist and surrender obediently!"

"I want to see senior brother Xia Ji!"

Wu yucao narrowed her eyes and said calmly, ""I've never been to this place before. How could I have come here without a guide?"

Chapter 7436 Lock Him Up First

"Nine out of ten people who were caught said so! If you don't obediently surrender, then don't blame us for not being polite!"

The man waved the sword in his hand and shouted to his companions, ""Do it! Don't hurt her, capture her alive!"

The surrounding disciples agreed in unison and rushed forward to attack Wu yucao.

Wu yucao's strength was naturally not something that a few ordinary disciples could compare to, but under the current circumstances, she really couldn't be too heavy-handed, or she wouldn't be able to clear her name even if she jumped into the Yellow River!

With some misgivings, her strength was naturally greatly reduced. After barely withstanding a few moves, Wu yucao made up her mind to leave this troublesome place first.

It would definitely be a bad thing if he stayed!

Only then did Wu yucao remember that she had not met a single outsider on her way here. In other words, no one could prove that she had come here with the extreme summer tyrant Wolf!

The extreme summer tyrant Wolf had just mysteriously disappeared, so it was obvious that he was determined to frame her. Naturally, he couldn't jump out and prove that he was the one who brought Wu yucao to this important place in the inner sect!

Let's go!

He had to leave!

He had to leave immediately!

Wu yucao organized her thoughts and suddenly became a little anxious. She became a little more serious and forced back the two disciples who were besieging her. She didn't expect the two of them to vomit blood and fly back!

It was as if Wu yucao had wanted to throw a ball of paper into the trash can, but the ball of paper suddenly turned into a Cannonball and directly blew through the wall!

'Damn it!'

Another set-up!

Wu yucao knew that this was because she was afraid that the crime of trespassing in the inner sect's restricted area wasn't enough, so she wanted to make things worse!

As expected, after the two of them vomited blood and flew back, someone immediately shouted, ""Wu yucao, not only did you barge into an important place, but you also dared to resist and seriously injure your fellow sect members! You don't want to live, do you?"

Wu yucao was silent. It's not that I don't want to live, but you guys don't want me to live, right? This was clearly forcing him to his death!

At that moment, Wu yucao panicked a little, and she thought of Lin Yi!

If Zhong da was here, he would definitely have a way to solve the problem, right? Escape from here and find Zhong da!

Just as he made this decision, Wu yucao felt as if she had been struck by lightning. Was their target Zhong da?

Ever since she entered the sect, Wu yucao had either gone into seclusion or gone out on a mission alone. She had never had any conflicts with anyone, not even any interactions, so why would anyone deliberately plot against her?

The only possibility was that he had schemed against her and those around her, like Sima Yi!

After understanding this, Wu yucao was immediately anxious. It didn't matter if she died, but she definitely couldn't let Zhong da be implicated!

With that thought, Wu yucao no longer held back and prepared to break out of the encirclement with all her might.

No matter what, she couldn't fall into the hands of these people. As for whether she should look for the martial masters in the inner sect to make a decision after breaking out of the encirclement, or simply escape from the sword spring sect ... She hadn't thought about it yet!

"How audacious! How dare you be so impudent in the inner sect's restricted area!"

A loud shout was heard. The voice was still reverberating when three figures flew in from outside the pavilion and attacked Wu yucao at the same time.

The three newcomers were all stronger than Wu yucao, and they had used their full power, but they had instantly suppressed Wu yucao.

After a few moves, the three of them had knocked Wu yucao's scimitar away and easily subdued her!

"Third senior!"

"Senior brother yang!"

.....

The people who had besieged him earlier all came forward to greet him. Wu yucao immediately knew who the person in front of her was. It was the third senior brother of the inner sect manager, Yang Qi, who claimed to have gone to discuss matters with the sect's vice sect leader!

As for the two of them, they were elite inner sect disciples with extraordinary strength!

"What's going on? I've only left for a while, how could this happen?"

Yang Qi's face darkened, showing that he was very unhappy, ""Who can explain?"

"Third senior brother, this disciple sneaked into the inner sect's Information Library with ill intentions. When he was discovered, he flew into a rage out of humiliation and injured two of our senior brothers. Please, third senior brother, help us seek justice!"

Naturally, someone explained the situation clearly. Yang Qi pretended that he had just learned about it and snorted, "He's really bold! Are you a new disciple? Could it be a spy planted in our sword spring sect by another sect?"

Wu yucao glared at Yang Qi angrily, thinking, 'you're the spy that I shouldn't have sent in!'

All of this was clearly arranged by you, yet you're still putting on an act here!

It was a pity that Wu yucaao couldn't even move a finger or speak after being restrained. She could only use her eyes to scare people!

"Lock her up first, we'll deal with her later!"

Yang Qi glanced coldly at Wu yucaao and waved his hand, signaling for her to be taken away.

Xiang Zhuangwu's sword intent was in peigong, and Wu yucaao was just a bait for Lin Yi. It wasn't important at all, what was important was Lin Yi himself!

After Wu yucaao was taken away, Yang Qi and the extreme summer tyrant Wolf quickly met in a secret room.

"Tyrant Wolf of summer, Wu yucaao has been arrested, and he's already been charged with sneaking into the inner sect to plot against them, seriously injuring his fellow disciples, and suspected to be a spy from another sect! All these entries added together are more than enough to kill her. What should we do next?"

Yang Qi seemed to be asking the extreme summer tyrant Wolf, but he was actually telling him that it was time to bait Sima Yi!

The extreme summer tyrant Wolf instantly understood and immediately bowed with a smile. "Don't worry, senior brother yang. News of Wu yucaao will reach Sima Yi's ears very soon. He'll probably rush over here before dark."

"I hope so! If Wu yucao doesn't have a place in Sima Yi's heart, then today's work would have been in vain!"

Yang Qi picked up his teacup and took a sip, "If Sima Yi really comes, how are you going to deal with him?"

"Senior brother yang, Wu yucao is a woman. If she wants to do such a big thing, she's more or less alone. I think she should have an accomplice in the sect, right?"

The extreme summer tyrant Wolf lowered its head and laughed evilly. "Perhaps...The people who came to save Wu yucao were her accomplices!"

Yang Qi revealed a look of understanding and laughed out loud at the extreme summer tyrant Wolf!

At the same time, just as the extreme summer tyrant Wolf had said, the news of Wu yucao's capture had reached long whisker peak!

The extreme summer tyrant Wolf was the previous senior disciple and had been in charge of long beard Peak for many years. Even if he left, he would have some trusted subordinates.

Therefore, this news was quickly arranged by someone with the intention to spread to Ling Hanxue as if it was unintentional.

After Ling Hanxue heard the news, she immediately panicked and rushed up to the North Peak to find Lin Yi's residence!

"Eldest martial brother! Something has happened to big sister Wu!"

Ling Hanxue was really anxious. Chen Zhisheng was already dead, and they were the only two girls left from the original three-man team.

If anything happened to Wu yucao, Ling Hanxue would really break down!

If it wasn't for her trust in Lin Yi, Ling Hanxue would've rushed into the inner sect to save Wu yucao ...

Chapter 7437 Two Paths Are Too Few

Of course, if Ling Hanxue were to go alone, she might not even be able to enter the inner sect!

"What's going on? Sister Xue, slow down!"

Lin Yi frowned, but he had to calm Ling Hanxue down first, ""Calm down. What's the situation?"

Ling Hanxue hurriedly took a few deep breaths, but the redness in her eyes could not be removed.

"I heard someone say that big sister Wu had just barged into the restricted area of the inner sect and was up to no good, and even injured a few inner sect disciples. Now, she has been captured by the inner sect manager, third senior brother ... That is, Yang Qi, and is suspecting that big sister Wu is a spy that someone else had planted in the inner sect ..."

At this point, Ling Hanxue gritted her teeth and said, ""Don't we know what kind of person big sister Wu is? Yang Qi must be behind this!"

Lin Yi raised an eyebrow. What happened just now had already been spread to long whisker peak from the inner sect?

Lin Yi wouldn't believe it if Yang Qi wasn't behind this!

"Sister Xue, who did you hear this from?"

"That person ... I'm not familiar with her ... I can't remember her name!"

Ling Hanxue was dazed for a moment and scratched the back of her head. ""Zhong da, are you suspecting that this news is fake? Wind from nowhere might not come without a reason! We'd rather believe it than not! Let's go to the inner sect and see what's going on!"

Lin Yi thought that the news was most likely true, but it was obvious that the other party was trying to lure them to the inner sect.

"Alright, leave this to me. Sister Xue, wait for my news in the residence!"

Lin Yi smiled, "Maybe it's just a prank. There's nothing wrong. Don't lose your mind!"

"Let's go together! No matter if the news is true or false, I have to personally confirm it before I can be at ease!"

Ling Hanxue frowned slightly, it was rare that she didn't want to listen to Lin Yi.

"Sister Xue, are you still not assured that I'm doing this? Besides, ordinary outer sect disciples can't go up to the inner sect, and you'll be stopped if you go. I'm the eldest senior brother in charge of the outer sect, so I can at least say something!"

Lin Yi didn't know what kind of trap was waiting for him there, so he couldn't bring Ling Hanxue with him. He shook his head firmly, "This matter is settled then. There's no time to waste. I'm going to set off immediately. Sister Xue, wait here for me to return!"

"Alright...Then, Zhongda, you have to go and come back quickly. You can't let anything happen to big sister Wu!"

"It'll definitely be fine. Everyone says it's probably just a prank!"

With that, Lin Yi left for the mountain where the inner sect was.

Ling Hanxue had no choice but to wait at the North Peak, hoping that Lin Yi would come back as soon as possible.

After a while, Lin Yi rushed to the inner sect, and before he could ask for permission to enter, an inner sect disciple came up to him.

"Is it Sima Yi from the outer sect?"

The man looked at Lin Yi arrogantly, sizing him up. After getting a positive answer, he raised his head proudly, "Senior brother yang knew that you would come, so he asked me to bring you there. Come with me!"

Lin Yi was surprised-did Yang Qi have to be so obvious? If there was a trap, wouldn't it be better to be sneaky?

In fact, Yang Qi didn't want to be so high profile. He wanted to deal with Lin Yi in a roundabout way, but not face him head on.

Too bad it was Xiaji's tyrant Wolf-he didn't want Yang Qi to keep a low profile and planned for him to fight Lin Yi face to face.

Lin Yi followed the inner sect disciple in silence. For Wu yucao's sake, he had to endure anything!

The two of them, one in front and one behind, avoided the main roads and chose to walk on some remote paths.

Lin Yi knew that Yang Qi was trying to avoid people's attention-it seemed like he didn't want too many people to know about this.

After a while, they came to a cliff. It was not a big place, but it was quiet. There was no good scenery or anything good, so it was usually deserted.

After Lin Yi arrived, he saw Yang Qi, Xia Ji, and BA Lang with a few inner sect disciples, holding Wu yucao.

"Sima Yi, I didn't expect you to come so quickly, much faster than I had expected. It seems that this woman's position in your heart is not low!"

Yang Qi saw Lin Yi walking over and took two steps forward with a smile,"Or rather, the two of you are actually a group of spies who deliberately infiltrated the sword spring sect. Now that your companions' identities have been exposed, you're here to save them ... Or to kill them?"

"Hehe ... Senior brother yang is really imaginative. You can even make up such a complicated story! I'm impressed!"

Lin Yi faked a smile and said faintly, "Let's not beat around the bush, just say what you want! You captured Wu yucao to lure me here. Now that I'm here, what are you going to do?"

"Straightforward! "Since you're so straightforward, let's get straight to the point. It's actually not a big deal. Let's not talk about Wu yucao for now and focus on you!"

Yang Qi's lips curled up into a menacing smile as he squinted at Lin Yi, "Sima Yi, you've been very impressive in the ghost Yin mountain range. You've embarrassed me time and time again. I'll give you two choices today. One is to die with Wu yucao, and the other is to swear loyalty to me and be my Lackey from now on!"

"Of course, before that, you have to apologize to me and beg for my forgiveness. As long as I'm happy, it's not a big deal to let your woman go."

"Is there a third option?"

"Two choices are too few, why don't we add one or two more?" Lin Yi teased.

"You can tell me about it. If it's interesting, it's fine!"

Yang Qi's face was filled with mockery, but he shrugged his shoulders indifferently, ""After all, this concerns your life and death. I'll make an exception and give you the right to choose."

"For example, the third option. I apologize to you and swear that I will never be arrogant in front of you again. As long as I see you, I will be respectful and take a detour. What do you think?"

Lin Yi was just bullshitting-he didn't take it seriously, of course. The real third option was to kill Yang Qi!

As long as he was killed, nothing would happen!

"It sounds interesting. I can consider it."

Yang Qi rubbed his chin and pretended to think for a while, before nodding, ""Since that's the case, you should apologize first, and then repeat everything you've just said!"

Lin Yi glanced at Wu yucao and Yang Qi's men, calculating his chances of saving Wu yucao if he ambushed them.

There were a little too many people, so he couldn't kill them all at once ... In this case, Wu yucao's safety couldn't be guaranteed.

It would be troublesome if the Guard's hand trembled during the surprise attack and accidentally hurt Wu yucao.

Chapter 7438 Yang Qi's Death

"Alright! I, Sima Yi, solemnly apologize to senior brother yang for everything that happened before. I promise that from now on, I will respect senior brother yang. If you see me from afar, you must respectfully avoid me ..."

In order to save Wu yucao, Lin Yi didn't really care about these things. It wouldn't be too late to deal with them after Wu yucao was safe.

"Hahahaha, not bad, not bad! I do feel good listening to it!"

Yang Qi laughed at the sky-humiliating Lin Yi in front of his face satisfied his vanity, but he still wanted to kill Lin Yi after that.

Since he had already offended them, he might as well take the opportunity to get rid of them as soon as possible to avoid future trouble!

This was also why Yang Qi agreed to meet Lin Yi here with tyrant Wolf. According to his original plan, he would be happy if he could mess with Lin Yi in the dark!

"Alright, since you're willing to admit defeat, I can't be too stingy as your senior brother. I have to give you face!"

After Yang Qi laughed, he pretended to be generous and waved his hand, ""Take this woman away. Remember what you said, avoid me when you see me in the future!"

"Many thanks for senior brother Yang's magnanimity!"

Lin Yi put on a grateful face, but he was laughing coldly inside.

It's done so easily? Then why did he go through so much trouble to lure him over?

If Yang Qi had insisted on Lin Yi being his follower or slave, or even signing a contract to sell himself and ordering Lin Yi to kneel and beg for mercy, Lin Yi might have believed that he really just wanted to do that.

But now? A few words and he'd let Lin Yi take Wu yucao away?

He probably had the intention to kill!

Lin Yi knew that Yang Qi wanted him to go and take Wu yucao away to create the illusion that he was kidnapping her, and then use the opportunity to assassinate her!

With their numbers and strength, Lin Yi would have to protect Wu yucao while dealing with the sneak attack at the same time. He would definitely lose his focus, and this was a great opportunity!

Unfortunately, Lin Yi had already made up his mind to kill him!

And so, putting himself in Yang Qi's shoes, Lin Yi knew exactly what he was thinking!

"Don't worry, senior brother yang. I, Sima Yi, will definitely respect you in the future. I will definitely avoid you when I see you!"

Lin Yi said as he walked slowly towards Wu yucao. He looked at the distance and suddenly said, "It's all thanks to senior brother Yang's magnanimity, otherwise it would have delayed my meeting with vice sect leader Zong. "

"You're going to see the Vice sect leader?"

Yang Qi's mind trembled and his body froze. This was truly a surprising piece of news. "Did vice sect leader Zong look for you?"

As he spoke, Yang Qi secretly made a hand gesture, signaling for his men to hold back their attacks. Before they understood what was going on, they could not act rashly.

"Yes, vice sect leader Zong is an honest elder who likes to guide the younger generation, so he asked me to guide him. It's really difficult to refuse such kindness!"

Lin Yi didn't even need a draft for his bullshit!

He had said this to disrupt the minds and thoughts of Yang Qi and the others, so that he could take the opportunity to save Wu yucao, and also to test out his new move!

Ghost Yin curse technique!

He'd already finished forming the curse talismans, and now he'd used them.

It was a type of talisman that couldn't be seen with the naked eye, and so no one noticed that Lin Yi had already made his move.

Lin Yi's spirit locked onto the talisman, and only after it completely merged with Yang Qi's forehead did a cold smile appear on his face!

After today, there would no longer be a person called Yang Qi in the sword spring sect. Then, the so-called respect for Yang Qi, and the need to take a detour when they saw Yang Qi, naturally, would be meaningless!

In fact, Lin Yi didn't think that it would be this easy to complete the curse. After all, Yang Qi was a nascent Soul Master, and there was a huge difference between his strength and Lin Yi 's.

Under normal circumstances, the ghost Yin curse could only be used on practitioners who were at Lin Yi's level or weaker, it was useless against Yang Qi!

But after some thought, Lin Yi understood!

The ghost Yin curse technique was basically a spirit sense skill, and Lin Yi's spirit sense was already at the peak earth split realm-it was more than enough to suppress Yang Qi, who was only at the original infant stage!

"Senior brothers, you're busy. I'll take Wu yucao and leave first!"

After finishing the curse, Lin Yi pulled Wu yucao back,"If there's anything you need help with, you can come to me at any time!"

At most, I'll help you burn more candles and paper money so that you can live a richer life down there!

Lin Yi laughed coldly to himself as he looked at extreme summer tyrant Wolf, feeling a bit of pity!

Curses were useful, but Lin Yi's spirit hadn't fully recovered yet, and he didn't have enough spiritual sense. A small fry like him didn't deserve to die in such a high level skill.

But then again, if Yang Qi had been the only one to die, it would not have attracted much attention!

If the extreme summer tyrant Wolf died with him in the same way, people would definitely suspect him!

All in all, it wasn't a bad thing for Lin Yi to let tyrant Wolf off for now!

"Senior brother yang, are we just going to let them go like this?"

The extreme summer tyrant Wolf watched as Lin Yi and Wu yucao left, unwilling to give up. How did such a detailed plan fail at the end?

"What else can I do? Didn't you hear him say he wanted to see the Vice sect leader? If he really does get the protection of the Vice sect leader, then we can't act rashly in the future!"

Yang Qi wasn't willing to give up, but Lin Yi's lie had convinced him, "Forget it, let's observe the situation first. If it wasn't for the fact that Deputy sect leader Zong wants to protect him, we would naturally have more opportunities in the future!"

What he didn't know was that the extreme summer tyrant Wolf might still have a chance in the future, but he no longer had one!

Lin Yi took Wu yucao away from the cliff and immediately removed the restriction on her. The two didn't have time to catch up, afraid that Yang Qi and the others would come after them again. They rushed back to long whisker mountain first.

Of course, Lin Yi wasn't afraid of Yang Qi's group at all if they really wanted to fight. After all, he had nothing to worry about now that Wu yucao had recovered, and he had another combat power to help him. Who was he afraid of?

The point was that Lin Yi knew that Yang Qi was done for, and it was best to avoid contact with him as much as possible! To avoid arousing suspicion!

It was already dawn when the two returned to the North Peak, and Lin Yi sent Wu yucao back to the inner sect after a short rest.

He didn't mention Chen Zhisheng's matter because he couldn't explain it clearly in a few words, so Wu yucao wouldn't worry.

After sending Wu yucao off, Lin Yi went to Ling Hanxue to say he was safe before returning to the cave to rest.

At noon the next day, on the mountain where the inner sect was located, a shocking piece of news shocked everyone!

He was the third senior of the inner sect, Yang Qi!

He was dead!

As for how he had died, no one could be sure at the moment.

Chapter 7439 We Want Revenge

This was because there were no new wounds on Yang Qi's body, and they could not find any other cause of death!

Furthermore, Yang Qi had died in a secret cultivation room, so it was almost impossible for anyone to sneak in and kill him!

In addition, Yang Qi's face did not show any signs of pain. Instead, he had a slight smile on his face, as if ... He was dying of old age.

Unfortunately, no one would believe that Yang Qi had died on his own, so everyone on the mountain peak of the inner sect was in a state of panic!

It was almost evening when Lin Yi got the news, and he only put on a sad face for a bit when he heard that Yang Qi was dead, but he was actually quite happy inside.

First of all, it proved that the ghost Yin curse technique was indeed powerful. It had silently gotten rid of a troublesome fellow.

Secondly, after getting rid of Yang Qi, Wu yucao would be much safer in the inner sect. At least for the time being, she didn't have to worry about anyone finding trouble with her.

"Eldest senior, that extreme summer tyrant Wolf is really disgusting. He's been jumping up and down in the inner sect, insisting that you were the one who killed Yang Qi, this is preposterous!"

It was Zhang Yiming who spoke. It was almost night time, so Lin Yi gathered all his friends for dinner. "Shouldn't we come up with some counter-attack methods? Otherwise, we'd be disgusted to death by the extreme summer tyrant Wolf's actions!"

"Don't worry about him, he's just a clown!"

Lin Yi waved his hand nonchalantly, "you've said it yourself, he's been trying to pick on me, but what evidence can he come up with?" If he continues, others will only look down on him!"

Zhang Yiming thought about it and it seemed to make sense. A child who always lied to the wolf would be eaten by the wolf!

So if tyrant Wolf didn't have any evidence to accuse Lin Yi, he wouldn't end up well.

At this time, Xia Ji and tyrant Wolf were in a difficult situation. The reason why he targeted Lin Yi was because he had just met Yang Qi, and Lin Yi was the biggest suspect after eliminating the other possibilities!

Secondly, Yang Qi was dead, along with a few of his trusted subordinates. The only person left who could be considered his number one confidant was the extreme summer tyrant Wolf!

That was why extreme summer tyrant Wolf wanted to do something big!

As long as he could get on Lin Yi's good side and suppress the other people who were after his position, Xiaji might be the new third Shixiong.

It was because of this that extreme summer wanted to smear Lin Yi's name and charge him with murder.

Unfortunately, the extreme summer tyrant Wolf would never have thought that the nonsense he was spouting ... Was actually the truth!

Even the extreme summer tyrant Wolf wouldn't believe it, let alone others!

"My fellow brothers, how did senior brother yang die? You don't know? Let me tell you, it's the doing of the outer sect's steward, eldest senior brother Sima Yi! This person likes to be sneaky and assassinate others in the dark, so we must avenge senior brother yang!"

The extreme summer tyrant Wolf spoke passionately and waved its arms to strengthen the effect."Last night, senior brother yang only died after he met Sima Yi. So, Sima Yi must have used some underhanded methods to deal with senior brother yang! Everyone, don't forget that Sima Yi was a poison cultivator! This is really unbearable!"

The people gathered by extreme summer tyrant Wolf were originally on Yang Qi's side, but none of them had any interest in watching his passionate speech.

It couldn't be helped. Yang Qi, the leader, was dead, and so were his other confidants. At this time, everyone was in a state of panic, who would care about what Xia Ji's tyrant Wolf was saying?

In the inner sect, there were also factions. The eldest senior brother and the second senior brother had their own teams. The subordinates of the third senior brother would not have a good time without a leader.

Even if he wanted to switch sides, he might not be valued ... So what if he wanted to take revenge for Yang Qi?

Furthermore, the other party was someone who could kill Yang Qi. What was the point of sending themselves to his door? Are you courting death?

"Everyone! Cheer up! Do you think you can stay out of this? After that Sima Yi killed senior brother yang, he will definitely come to exterminate us. He won't let any of us who have senior brother Yang's tag go!"

Seeing that the atmosphere was rather depressed and no one was standing up for him, he laughed coldly and said, ""Let's not talk about how Sima Yi will attack us. I'm afraid the other two senior brothers in charge will not let go of the opportunity to swallow us up, right?"

"Perhaps you think that there's nothing wrong with being annexed. Following eldest senior brother and second senior brother is also a way out. However, under the current circumstances, you are worthless. After being annexed, you will definitely be at the bottom of the hierarchy. Are you willing to be enslaved by their younger brothers 'younger brothers?"

"I have to say something here. Even if there are people who want to rely on the other two senior brothers, they should show their value to gain their attention! For example, I'm going to take revenge for senior brother yang!"

"As long as you do it, at least you will give people the impression of loyalty, and at the same time, you will show your ability to do things! At that time, if you want to seek refuge with the two senior brothers, you can also get their appreciation, right?"

"Speaking of which, once we successfully avenge senior yang, why should we rely on others to be our underlings? With our unity and strength, we can completely inherit senior Yang's position and continue to exist independently, becoming the new steward third senior's faction! What does everyone think?"

The extreme summer tyrant Wolf was indeed the eldest senior brother of the outer sect. His tone and manner of speaking were extremely provocative, and he was well-grounded in all aspects. He was indeed very moving!

The men that Yang Qi had left behind were all moved by his words. They looked at each other, their eyes filled with a new light.

"Senior brother Xia Ji is right! Sima Yi harmed senior brother yang, so if we don't react, it's really not right! In this case, even if you want to join the other two senior brothers, you will be looked down upon!"

Finally, someone chimed in with the extreme summer tyrant Wolf, "Brothers! Let's not talk about what we're going to do in the future, at least for now, we have to get rid of Sima Yi! Whether it's to avenge senior brother yang or for our own future!"

"Well said! We must do this!"

"Senior brother Xia Ji! What should he do? Do you have a specific plan?"

"Count me in ..." He said.

"And me ..."

As more and more people stood up to respond, the originally stagnant atmosphere completely disappeared, and most people became excited.

The extreme summer tyrant Wolf was secretly pleased. As long as he could take the lead in this matter, he would be able to establish his prestige among Yang Qi's subordinates!

Chapter 7440 Suing Sima Yi

Regardless of whether they succeeded or not, at least these people would subconsciously think that the extreme summer tyrant Wolf was their new leader!

And with this team, becoming the new inner sect steward third senior brother would be a matter of course!

"My fellow brothers! Please be quiet!"

The extreme summer tyrant Wolf pressed his hands together, and the room that had just become noisy immediately quieted down. He was very satisfied with this reaction. "Since everyone has agreed to take revenge on Sima Yi, then we'll have to make a good plan next!"

"First of all, we have to be sure of one thing. It is not wise to deal with Sima Yi in the open! Because this kid is a bit strange, he does have some skills. If he doesn't hit the target, it's easy to make a big deal out of it, and it won't be easy to end it!"

"Also, Sima Yi and elder Qin have some connections. If we deal with Sima Yi openly, we will most likely drag elder Qin into this. This is not a good thing!"

Everyone nodded. Elder Qin's status was extraordinary. Although his strength and ability had been greatly reduced due to his injuries, he still had a high status in the sect. The inner disciples could not afford to offend him.

"That's why we need to find someone who can punish Sima Yi to deal with him! For example, the Vice sect leader!"

The extreme summer tyrant Wolf revealed a smug smile. "Sima Yi has offended the Vice sect leader. He's probably looking for an excuse to deal with Sima Yi. If we help, we might have unexpected benefits in the future!"

"Senior brother Xia Ji, do you think we should go find the Vice sect leader? That's not possible, is it?"

Someone couldn't help but ask, "you know, Deputy sect leader Zong is very busy every day. He's not someone we can meet whenever we want. Not to mention, we have to persuade him to help. No matter how I think about it, it doesn't seem very reliable!"

"That's why we have to work together! Have you ever heard of unity of will?"

The extreme summer tyrant Wolf smiled faintly and said confidently, "If I alone could persuade the Deputy sect leader, would I need to discuss it with everyone?"

"Senior brother Xia Ji, just say it! What should we do?"

"Yeah, yeah! Just tell us so we won't be anxious ..."

.....

The extreme summer tyrant Wolf was extremely satisfied with the current situation. It stretched out its hand and gestured for the crowd to calm down before saying, "It's simple. We'll list all the evidence to prove Sima Yi's various crimes, and then jointly submit a petition. That way, we'll have enough influence!"

The Deputy sect leader wouldn't even look at an inner sect disciple, let alone speak to him face to face. Even a petition would be casually thrown away. However, it was different if it was jointly written by many inner sect disciples!

"Other than that, I'll look for an elder in the sect that I'm on good terms with to help introduce me to the Vice sect leader. When the time comes, we'll take out our joint letter and discuss the pros and cons. The Vice sect leader will definitely agree to deal with Sima Yi!"

The extreme summer tyrant Wolf was quite satisfied with his plan. In his opinion, it was almost certain to succeed!

Because vice sect leader Zong was originally dissatisfied with Sima Yi, he had already inquired clearly. Yesterday, Sima Yi did not even go to see any vice sect leader Zong, so it proved that the two were not related at all!

Now that there was a ready-made excuse delivered to his door for the Vice sect leader to deal with Sima Yi, how could he refuse?

With that, Sima Yi would naturally be reduced to ashes under the suppression of the Vice sect leader!

As for him, he would become an outstanding disciple in the eyes of the Vice sect leader. How could he lack guidance in the future?

Even without the support of the Vice sect leader, the people Yang Qi had left behind would become his, tyrant Wolf's, power!

In the end, the position of the inner sect's steward, third senior brother, was definitely in his hands!

Thinking of this, the extreme summer tyrant Wolf couldn't help but smile smugly. It even wanted to thank Sima Yi properly!

Without this kid, how would he have the chance to complete such a large leap?

When the others heard this, they all thought that extreme summer tyrant Wolf's plan was not bad. It did not matter how the Vice sect leader would deal with Sima Yi, as long as Sima Yi suffered a loss and lost his position in the sect, then it would be considered revenge for Yang Qi.

No one would be so naïve as to kill Lin Yi with their own hands for their revenge to be successful. Yang Qi and his trusted aides were all dead, and the remaining people were only thinking for themselves.

And so, the whole plan was set. The next day, tyrant Wolf brought the letter to report Lin Yi to an elder he was familiar with, and paid a high price to get him to introduce Lin Yi to the Vice sect leader.

The elder who had received the benefits had some face and quickly made arrangements, allowing Xiaji tyrannical Wolf to meet the Deputy sect leader.

"Inner sect disciple Xiaji balang greets the Vice sect leader!"

When the extreme summer tyrant Wolf saw the Vice sect leader, he immediately paid his respects and did not dare to slight him, ""This disciple has presumptuously requested to see you. Please forgive me, Deputy sect leader!"

"Don't be so formal. I heard that you have something important to report to me. Sit down and talk slowly!"

The Vice sect leader smiled and seemed to be in a good mood. He was very polite to the extreme summer tyrant Wolf.

The extreme summer tyrant Wolf was flattered and quickly bowed, "Thank you for the seat, sect leader!"

After he finished speaking, he carefully sat down sideways, but he only rested half of his butt on the chair. He didn't dare to sit too firmly and was ready to get up at any time.

"Reporting to sect leader, this disciple has come this time with a joint letter of complaint from many inner sect disciples. Sect leader, please seek justice for us!"

The extreme summer tyrant Wolf took out a piece of paper and opened it. He faced the Vice sect leader with his hands and said, "We are suing the outer sect's manager, senior brother Sima Yi. Because of personal grudges, he had used underhanded methods to murder the inner sect's manager, third senior brother Yang Qi!"

The Deputy sect leader's expression became a little interesting. He couldn't explain what it meant, but he looked at the extreme summer tyrant Wolf with a meaningful gaze ...

"Sect leader! This Sima Yi, although he's only a new disciple, the sect has spared no effort in nurturing him, giving him the important position of the outer sect's steward, senior brother. However, he doesn't want to repay the sect, and instead secretly assassinates the inner sect's steward, senior brother ..."

"The reason why senior brother yang was assassinated by Sima Yi was because he found out that the inner sect disciple, Wu Yu Cao, had trespassed into the inner sect's restricted area. Furthermore, after Wu Yu Cao was discovered, she even injured many of the disciples who were guarding the place, and was suspected to be a spy planted by another sect! For the sake of a spy like this, Sima Yi had a conflict with senior brother yang and secretly killed him that night ..."

"The most important point is that the sect leader may not be aware that Sima Yi is a poison cultivator. That's why senior brother yang was silently plotted against by him. Otherwise, who would want to deal with senior brother yang? even if it was the sect's elder who made a move, it would definitely cause a big commotion. It's impossible for him to die so quietly!"

Lin Yi's words did make sense, and anyone who heard it would think that Lin Yi was the main suspect in Yang Qi's murder.
