

Bodyguard 7441

Chapter 7441 Directly Burned

Lin Yi did kill Yang Qi, but he didn't use poison ...

The extreme summer tyrant Wolf didn't dare to look at the Deputy sect leader. He lowered his head and blurted out the crime of Luo Zhi, so he didn't notice the special look in the Deputy sect leader's eyes.

In case he didn't have enough of an excuse to deal with Lin Yi, he even used Wu yucao's story. Since Yang Qi was dead, there was no way he could prove it, so he could make up whatever story he wanted.

"So that's how it is! I didn't even hear anything about such a major and vicious incident happening in the sect. I've really neglected my duty!"

Deputy sect leader Zong listened patiently for a while before suddenly opening his mouth, ""This Lord knows about this matter. Leave that thing behind, and this Lord will send people to investigate. As long as the matter is true, the relevant people will be severely punished and will not be tolerated! Such a person should be killed one by one!"

The extreme summer tyrant Wolf was secretly happy. He thought that the excuse he provided had successfully triggered the killing intent of the Vice sect leader. This time, Sima Yi would not be able to escape from this calamity. It would be difficult for him to not die!

"Sect leader is wise! This disciple is willing to contribute my meager strength to the sect leader to thoroughly investigate this matter!"

The extreme summer tyrant Wolf thought that this was a rare opportunity, so it had to cling to the Vice sect leader. Not only could it personally deal with Sima Yi, but it could also get to know the Vice sect leader.

Unexpectedly, the Vice sect leader waved his hand indifferently and said, ""You're very thoughtful, but this Lord will send people to investigate this matter. As long as what you say is the truth, you won't be able to escape the reward after the matter is over!"

The extreme summer tyrant Wolf quickly thanked him, but he suddenly felt a little uneasy ... It seemed like the Vice sect leader's tone wasn't as friendly as before ...

Well, in the beginning, there was no affection, but now it was a little cold and even indifferent.

The extreme summer tyrant Wolf lowered his head and secretly looked up. With a quick glance, he saw the expression of the Deputy sect leader ... How should he put it?

His face was expressionless, and no special emotions could be seen.

Shouldn't he be happy to have an excuse to teach Sima Yi a lesson?

Perhaps big shots were like this, not showing their emotions on their faces?

Or was it because he heard about a murder in the sect, so he pretended to be serious?

After randomly thinking for a while and not finding any clues, the Vice sect leader had already indifferently ordered him to leave.

"Extreme summer tyrant Wolf, you've done well this time. Go back first. When there's concrete news, I'll naturally give you an explanation!"

"I don't dare, I don't dare ... Disciple only did my part, sect master is too kind!"

The extreme summer tyrant Wolf felt that he was probably thinking too much, so he immediately stood up and respectfully said, ""Then this disciple will take his leave!"

After saying that, he cupped his hands and bowed. Then, he slowly took a few steps back. When he reached the door, he carefully turned around and left.

The Vice sect leader watched as the extreme summer tyrant Wolf left, and a playful smile appeared on his face. He casually took out a Jade bottle and played with it a few times.

In the Jade bottle was the Thunder elixir that Lin Yi had asked elder Qin to give him!

After carefully putting away the Jade bottle, the Vice sect leader stood up and walked down. When he passed by the seat of the extreme summer tyrant Wolf, a wisp of anger quietly spread out.

The joint letter on the coffee table immediately caught on fire and turned to ashes in the blink of an eye.

When the extreme summer tyrant Wolf returned to the inner sect mountain, Yang Qi's subordinates were all waiting for news, and they immediately surrounded him.

"Senior brother Xia Ji, what did the Vice sect leader say?"

"Senior brother Xia Ji, when will Sima Yi be punished?"

"Senior brother Xia Ji ..."

.....

"Don't worry, everyone, listen to me!"

The extreme summer tyrant Wolf laughed as he pressed down with both hands to silence the crowd. He was enjoying this feeling more and more. "Vice sect leader Zong has already received our joint letter and promised to immediately send people to investigate this matter. As long as it is confirmed, we will kill anyone who threatens the sect and kills fellow disciples!"

Although Deputy sect leader Zong didn't say it so directly, the meaning should be similar, right?

As the extreme summer tyrant Wolf thought of this, the inner sect disciples cheered, and it felt even more proud.

The so-called clouds with a flip of the hand and rain with a flip of the hand was just like this, right?

Everyone was extremely excited. They surrounded the extreme summer tyrant Wolf and praised it for a long time. Then, they began to excitedly discuss what would happen to Sima Yi.

Would he be directly executed by the Vice sect leader? Or was he expelled from the sword spring sect?

The lightest punishment would probably be to have his strength crippled and be thrown into the ranks of handyman disciples, never to rise up again, right?

After chatting with these people for a while, he excused himself saying that he had something to do. Since the situation was good, he was prepared to expand his business in the inner sect and pave the way for him to take over as the third senior.

In the inner sect, other than Yang Qi, the extreme summer tyrant Wolf was most familiar with Martial Master Liu. He was usually very respectful to him, so he was going to go one step further this time.

The fact that he had just met the Vice sect leader was naturally a bargaining chip that summer extreme tyrant Wolf wanted to promote!

Using the name of the sect's vice sect leader and his past filial piety, martial arts master Liu readily promised summer extreme tyrant Wolf that he would fully support him as the new third senior brother.

After that, it was the inner sect manager's senior brother, Xiaji tyrannical Wolf. He also used the Vice sect leader and martial artist Liu as his background and successfully obtained their approval after a series of exchanges.

On this side, extreme summer tyrant Wolf was busy connecting with people to pave the way for his future. On the other side, Zhang Yiming was busy gathering information on long whisker peak.

Zhang xiaopang obviously had some connections in the inner sect. He quickly got wind of the news and rushed over to find Lin Yi.

"Senior brother, there's news from the inner sect! I heard that the extreme summer tyrant Wolf and Yang Qi's subordinates have jointly written a letter to the Vice sect leader to Sue eldest senior brother!"

Zhang Yiming didn't even bother to wipe the sweat off his forehead as he said in a panic, "I heard that the Book of Names listed Senior Sister Wu as a spy. Senior brother and Senior Sister Wu were accomplices, and they plotted to kill Yang Qi. Most importantly, Xia Ji said that senior brother was a poison cultivator, so he poisoned Yang Qi without anyone knowing!"

Lin Yi's mouth twitched. This extreme summer Overlord Wolf's brain was really full of holes ... He got the result right, but the process was completely wrong!

That's why, Xiaji tyrant Wolf would never become Conan, he would at most be Mao Li kogolo!

"Eldest senior brother ... The extreme summer tyrant Wolf was right ... You didn't really poison Yang Qi, did you?"

Zhang Yiming sneaked a glance at Lin Yi carefully. "Should we take some action?"

If even Zhang Yiming believed the story that tyrant Wolf had made up, it was easy to imagine the reactions of the others.

After all, Lin Yi's reputation as a poison practitioner was known by quite a few people!

The ability to kill without a trace was a poison cultivator's ability!

"I really didn't poison Yang Qi to death!"

Lin Yi put on a serious face, "So no matter what the extreme summer tyrant Wolf says, it won't have any evidence, and we don't need to do anything to prevent others from thinking that it was me who poisoned Yang Qi."

Chapter 7442 Investigation Results

This was the truth!

Yang Qi really wasn't killed by Lin Yi's poison-he was killed by Lin Yi's curse! These were two different things, they couldn't be mixed together!

Zhang Yiming didn't know what Lin Yi was thinking, and let out a breath of relief, finally able to wipe the sweat off his forehead.

"Since it's not eldest senior brother's work, we really don't have to be too nervous. It's best to respond to changes by staying the same!"

Zhang Yiming's face changed,""But eldest senior brother, extreme summer tyrant Wolf reported this to vice sect leader Zong. Vice sect leader Zong was extremely unhappy with eldest senior brother last time, so he'll definitely use this opportunity to deal with eldest senior brother!"

"That's right! The Vice sect leader is not a magnanimous person. Last time, you didn't give him face, so this time he will definitely take the opportunity to mess with you!"

Jin Yuan Bao also frowned."He's the high and mighty Deputy sect leader. We're just a bunch of insignificant outer sect disciples. There's no comparison at all." With this excuse, vice sect leader Zong can make the fake into the real!"

"Eldest senior brother ... Why don't you go and find elder Qin? now, only elder Qin can make Deputy sect leader Zong have some scruples!"

Li Yingjian usually didn't speak much. After all, he was the latest to join the team and had a low presence. But now, he couldn't help but say, ""Vice sect leader Zong can use any crime to deal with an outer sect disciple, not to mention an excuse. Besides elder Qin, it's best to ask elder Wu and elder Chen to come forward and make peace ..."

Lin Yi got along well with these two elders in the ghost Yin Mountains mission, so if he went to them, he might get their help.

Of course, the prerequisite was that Lin Yi had to pay the fire and wood crystals as an apology!

But Li Yingjian couldn't say it out loud-he had to let Lin Yi experience it himself.

Ling Hanxue looked at Lin Yi worriedly, not saying anything.

She didn't have a better idea, so she could only wait for Lin Yi to make the decision. No matter what Lin Yi decided, she would support him to the end!

Never giving up in life and death!

"Ha ... Don't scare yourselves, it's not that serious!"

Lin Yi smiled and waved his hand. He didn't tell them about the Thunder mystical pill, so it was normal for them to be worried.

Lin Yi wasn't sure what would've happened if he'd complained to someone else, but he had to go to the Vice sect leader.

Thunder profound pill!

It was not something that could be obtained easily, especially the special grade Thunder profound pill. The effect of transcending the Thunder tribulation was at least ten times stronger than the fire spirit crystal.

After all, the fire spirit Crystal's main use was in cultivation. Using it as a defensive artifact was simply a waste of God's gift!

In terms of passing the Thunder tribulation, the fire spirit crystal was nothing in front of the Thunder profound pill.

Elder Qin was a very reliable person, and Lin Yi knew that the Thunder elixir was already in the hands of the Vice sect leader, so there was no reason for them to deal with Lin Yi.

On the contrary, at this time, the Deputy sect leader probably wanted to curry favor with him, right?

After all, only a fool would dare to offend someone who could take out a special grade Thunder profound pill!

If the extreme summer tyrant Wolf went to him, the Vice sect leader would probably be happy, happy that he finally had the chance to return Lin Yi a favor.

"Senior brother, how can you be so calm? This is not a joke!"

Zhang Yiming looked anxious, like an Emperor who was not in a hurry,""That's the Vice sect leader! Even if all of us from long whisker peak were to join forces, he could still kill us all with a single sentence!"

"Alright! I got it!"

Lin Yi's smile was still as calm as ever."Continue to inquire about the news from the inner sect. There might be some changes. Leave the rest to me. I know what to do!"

Zhang Yiming pouted, wondering why Lin Yi wasn't panicking at all. You're really big-hearted, old man!

But since Lin Yi said so, Zhang Yiming couldn't say anything more. He agreed and went out to get more information.

Lin Yi was Zhang Yiming's biggest support now, so he was more concerned about Lin Yi's matters than his own.

After half an hour, Zhang Yiming ran back. He was still sweating, but his expression was as if he had seen a ghost.

"Zhang xiaopang, is there any new news? Hurry up and tell me!"

When Jin Yuan Bao saw him enter, he immediately rushed over and pulled him, urging, ""Can you stop panting? Are you trying to kill me with anxiety?"

Zhang Yiming couldn't help but roll his eyes. "You want me to stop breathing? are you trying to suffocate me to death?"

But now wasn't the time for that-he shook Jin Yuan Bao's hand off and ran over to Lin Yi. "Eldest senior brother, everything's fine now!"

"What do you mean by" I'm fine "? What are you talking about?"

Jin Yuan Bao rushed over and grabbed Zhang Yiming's arm, ""What's going on ..."

"Little fatty Jin, can you not interrupt? I was just about to say it!"

Zhang Yiming grinned and shook Jin Yuan Bao's hand away, telling him to shut up. He only continued after Jin Yuan Bao covered his mouth. "Senior brother, there's news from the inner sect. They say that Deputy sect leader Zong's investigation has come to a conclusion!"

Lin Yi smiled faintly-he'd expected this outcome!

"The results of the investigation have been announced. They say that Yang Qi was poisoned by a great witch of ghost Yin in the ghost Yin mountain. It was not discovered before, but it suddenly acted up when he was in closed-door cultivation, and he died!"

Lin Yi was sure that Zhang Yiming added the last sentence himself. There was no way that would appear in the investigation results. "The extreme summer tyrant Wolf exploded on the spot, saying that the investigation was inaccurate. In the end, he was beaten up by the person in charge of the investigation!"

Zhang Yiming laughed so hard that his teeth couldn't be seen. He probably thought that it was a good thing that Xia Ji's tyrant Wolf was beaten up!

"Eldest senior brother, we have already reported this to the Vice sect leader. I heard that he is already on his way to long whisker peak. Xia Ji, Ba Lang, and the others will be here as well. They want to announce this in front of you and clear eldest senior brother's name!"

This was the reason why Zhang Yiming couldn't figure it out. He felt like he had seen a ghost!

Shouldn't the Deputy sect leader be targeting Lin Yi?

But why did she come here personally to announce the results and clear Lin Yi's name?

This kind of thing could be done by casually sending a small soldier, right?

Plus, this was the best excuse to go against Lin Yi-why would the Vice sect leader give up and even protect Lin Yi?

Those with discerning eyes could see that the so-called investigation was simply a formality. Whoever was serious would lose!

Lin Yi was even more certain that the so-called investigator probably didn't even see Yang Qi's body ...

Otherwise, he wouldn't have said that he was poisoned by the great witch of ghost Yin!

Chapter 7443 It Actually Became A Reward

The ghost Yin curse technique was indeed a cultivation technique that was inherited from the great witch of the ghost Yin, but it was not poison ...

Jin Yuan Bao and Zhang Yiming started discussing the topic, but they didn't get the main point. In the end, it became a story. The two were just talking nonsense. Lin Yi was free, and they were all relaxed. It was good to talk and laugh.

After a while, someone came looking for Lin Yi, telling everyone to gather at the outer sect Hall. The Vice sect leader and elder Qin would go there to make some announcements.

As for what it was, Zhang Yiming felt that he already knew it like the back of his hand!

"Big brother, it seems like elder Qin has made his move!"

Li Yingjian had an envious look on his face as he walked beside Lin Yi. "Elder Qin is really fond of eldest senior brother. There's no need for eldest senior brother to go to his door to beg for help. He's directly blocked the matter behind his back. Eldest senior brother really has to thank elder Qin properly later."

"Indeed, I should thank elder Qin. I know what I'm doing!"

Lin Yi smiled and nodded, not expecting elder Qin to come.

In fact, after giving the Thunder mystical pill to the Vice sect leader, there was no longer any reason for Lin Yi and the Vice sect leader to oppose each other. As mentioned before, the Vice sect leader wanted to be on good terms with Lin Yi instead, so elder Qin didn't need to come at all.

It was clear that he valued Lin Yi too much, treating a small thing like a big deal!

The group didn't waste any time and quickly arrived at the main hall. When they arrived, there were already quite a few outer sect disciples gathered. The Vice sect leader must have sent someone to inform them in advance to give Lin Yi face and make the scene bigger!

Lin Yi and the others had just stood still when the Vice sect leader and elder Qin arrived, along with the dark-faced tyrant Wolf and a group of inner disciples.

The Vice sect leader smiled and nodded at Lin Yi as a form of greeting. There were less than ten people in the entire sect who had this kind of treatment!

Elder Qin smiled and exchanged a look with Lin Yi. Everything was clear without words.

"Everyone, I've gathered you here today because I have something to clarify. Please be quiet!"

Deputy sect leader Zong went up the stage and went straight to the point without any nonsense,""Previously, someone came to me to Sue the outer sect manager, eldest senior brother Sima Yi, saying that he was a poison cultivator and that he poisoned the inner sect manager, third senior brother Yang Qi, as well as a few other crimes. In a serious and responsible spirit, I specially sent people to investigate, and the results of the investigation are as follows!"

"The matter of Sima Yi poisoning Yang Qi was purely a misunderstanding. Yang Qi was poisoned because he was on a mission in the ghost Yin mountain and entered the ruins of the great witch of ghost Yin. The poison had been dormant until now, and it suddenly acted up when he was in seclusion. Because no one noticed it, he died. It has nothing to do with Sima Yi!"

"Elder Wu and elder Chen have both verified this point, so there is no doubt about it. Also, out of public interest, I have inspected Yang Qi's body again with elder Qin, and as the investigation team has said, there are no problems!"

"As for the other charges, after a detailed and rigorous investigation, there is no evidence to prove it either. So, Sima Yi is an outstanding disciple of our sword spring sect and has made great contributions. In the future, such slander is prohibited, or I will definitely punish him severely!"

The extreme summer tyrant Wolf was filled with hatred. It wanted to jump out and retort, but it didn't dare to.

He was the Deputy sect leader of the sword spring sect. If they really offended him, how could they continue to live in the future?

Didn't you hear Deputy sect leader Zong already say that this was slander? He was already being very polite by not pursuing the matter on the spot!

Xiaji tyrannical Wolf guessed that the Vice sect leader was afraid that punishing him would cause the other disciples who wanted to join the Vice sect leader to be disheartened, so he didn't mention this matter.

Furthermore, other than the Vice sect leader, there was also elder Qin who was supporting Sima Yi. The smart extreme summer tyrant Wolf would never jump out at this time!

The Vice sect leader was still talking. After announcing the results of the investigation, he started talking about the mission at the ghost Yin mountain.

"When I said that Sima Yi had made a great contribution, I was not joking. This mission in the ghost Yin mountain range was as difficult as an eighth rank. It could be said that even inner sect disciples were not qualified to take on this mission. However, for some reason, Sima Yi participated in the mission."

"During the mission, Sima Yi played a key leading role and saved the two elders and many disciples who were with him. It can be said that without Sima Yi, this mission would have failed and they would have been completely wiped out! This is a huge contribution!"

The Vice sect leader was full of praise for Lin Yi, completely forgetting how he looked like the last time he came to Long Whisker Peak. It was like he was a different person.

"The rewards and points for the others who participated in the mission have already been distributed, but Sima Yi's rewards and points have not been distributed. Some people will wonder why this is? I'll tell everyone why now! It's because Sima Yi's contribution is too great!"

"With such a huge contribution, how can you just reward it with some items and points? Of course, he had to study it carefully and come up with a suitable reward! Therefore, we've been discussing it over the past two days and have come to a decision. The second thing today is to announce the reward!"

Lin Yi was a little surprised, but not too surprised. The Vice sect leader wanted to be on good terms with him, and using the sect's resources as a reward was something he could do without spending anything. It was nothing strange!

However, the amount of points that were awarded next really shocked Lin Yi ... From now on, he didn't have to worry about not having enough points to use in the sword spring sect!

Such a huge amount of points reward, it probably already exceeded the total amount of the entire level eight difficulty mission, right? Maybe Deputy sect leader Zong distributed it according to the standard of ninth level difficulty!

However, there didn't seem to be anything to say. The mission evaluation was in his hands.

He had power and was willful!

"As everyone can see, the sect will definitely not be stingy with the rewards for outstanding disciples! Such a generous reward is also to let everyone take Sima Yi as a role model. In the future, everyone must learn from Sima Yi!"

The outer disciples all cheered in response, and Lin Yi's reputation among the outer disciples reached its peak!

Only extreme summer's tyrant Wolf was extremely frustrated. He wanted to frame Lin Yi, and it would be best if he could kill him, but if he couldn't, he wanted to cripple him!

But why was this the result? The plot development had completely deviated from the script's arrangement!

Who the hell was changing the script!

To be honest, Xiaji was feeling even more uneasy now. Lin Yi's glory was beyond his imagination, and other than trying to get rid of Lin Yi, he'd been trying to get the position of third senior.

After roping in martial arts master Liu and the inner sect's senior disciple, the position should be in the bag. All he had to do was wait for the announcement!

Chapter 7444 The Third Senior Brother Of The Inner Sect

However, seeing Lin Yi's glorious appearance, he felt his heart jump.

Then, the facts proved that his premonition was quite accurate!

The Vice sect leader continued after praising Lin Yi, "It's a waste of talent for such an outstanding disciple like Sima Yi to stay in the outer sect! With his strength and talent, he's more than enough to become an inner sect disciple. "

"Although the period of promotion from the outer sect to the inner sect has passed, according to the principle of reward for contribution, I have specially approved Sima Yi to have the status of an inner sect disciple. At the same time, he will still retain his position as the eldest senior brother in charge of the outer sect. He can come and go between the inner and outer sects at any time."

Lin Yi paused-this was unexpected. It seemed that the Thunder elixir was so important to the Vice sect leader that he was going crazy!

He really spared no effort to return this favor ...

However, Lin Yi had underestimated the Deputy sect leader's craziness as he continued, ""It just so happens that the inner sect's third senior, Yang Qi, has passed away in an accident. It's not good to leave this position empty. Sima Yi is so outstanding, so he can temporarily hold both the positions of the outer sect's eldest senior brother and the inner sect's third senior brother!"

The extreme summer tyrant Wolf wanted to cry, but no tears came out. Damn you, Sima Yi! You stole my outer sect steward, eldest senior brother! I hid in the inner sect, but you still stole my inner sect steward, third senior brother ... Do you still want me to live?

Lin Yi was shocked himself-he'd just become an inner disciple, and he was already a manager?

Did it have to be so exciting?

If he killed the eldest senior brother, who was in charge of the inner sect, would he immediately become the eldest senior brother of the inner sect?

However, with Deputy sect leader Zong's craziness, he might really have a chance ...

"Sima Yi, don't complain that it's hard on you! An able man should do more work!"

The Vice sect leader seemed to be afraid of Lin Yi's rejection as he greeted him with a friendly smile, "If you feel that there are too many things to do, then find more helpers to distribute the trivial matters. A genius disciple like you has a bright future, you can't be trapped by trivial matters! Cultivate properly!"

This wasn't a hint anymore-it was a clear sign that Lin Yi needed to start recruiting and expanding his forces!

With the identity of the third senior brother in charge of the inner sect, it would be easy for the eldest senior brother to completely control the outer sect.

Then, using the outer sect to feed the inner sect-Lin Yi's power would rise at the fastest speed possible!

Even Lin Yi felt a little embarrassed facing such an enthusiastic vice sect leader!

It's just a Thunder mystical pill ... No different from a Jelly Bean ... Why don't you give him another Jelly Bean?

For example, the mystic supporting pill after advancing to the mystic Ascension stage? However, the mystic supporting pill was only effective for people who cultivated true Qi. Would it be useful for martial artists who simply refined their bodies?

He could give it a try, but he was not in a hurry to give it to Deputy sect leader Zong. He would see how he felt in the future!

The extreme summer tyrant Wolf had suffered a huge blow, and its mind was in a daze. It was filled with unwillingness and anger, and unconsciously, it had roared out the words in its heart.

"Impossible! What did Sima Yi Do to deserve this! What right did he have to be the third senior brother in charge of the inner sect? I'm not convinced!"

Everyone was silent!

Everyone's eyes landed on the extreme summer tyrant Wolf-they were all prepared to congratulate Lin Yi and get him to know them first.

Everyone could see that Lin Yi's momentum was already set, and his rise was unstoppable. Whoever could hold on to this golden leg now would be able to follow him to the sky!

Didn't you hear what the Vice sect leader said? he asked Sima Yi to find more people to help with the trifle matters!

As long as he was chosen, he would be a trusted aide! And a trusted aide who could hold real power!

However, at this time, there was actually someone who didn't know death and shouted that he was unconvinced?

Everyone felt that they should write a big word of admiration and stick it on this stupid bird's head!

"If you're not convinced, come out and let this Lord hear it! Do you think I'm doing something wrong?"

The Vice sect leader's cold eyes landed on the extreme summer tyrant Wolf, a completely different person from the one who had been praising Lin Yi.

The Vice sect leader had always thought that he had let the extreme summer tyrant Wolf go to set an example for the people who came to join him. Even if they made a mistake, he would tolerate it.

However, since the extreme summer tyrant Wolf had opposed the Vice sect leader's words, there was no need to be polite!

If the extreme summer tyrant Wolf answered incorrectly, he would be done for in the sword spring sect!

Unless he could be like Lin Yi and take out a special grade Thunder elixir!

Well ... The Thunder elixir was no longer of any use. One was enough, so he needed other treasures of the same level!

"Vice sect leader Zong ... Misunderstanding ... This is a misunderstanding!"

The extreme summer tyrant Wolf came back to his senses, and cold sweat covered his entire forehead and back. He forced out an ugly smile. "What this disciple means is ... It's ... It's that Sima Yi has just entered the sect not long ago and doesn't have much experience. I'm afraid it'll be difficult for him to handle the affairs of both the inner and outer sect ..."

"Sima Yi is hard to deal with. Do you think you'll be easy to deal with?"

The Vice sect leader was expressionless and said coldly, ""I don't want to talk about what good things you've done, you know it in your heart!"

This was a reminder to Overlord Wolf that he was framing Lin Yi!

If it wasn't for the fact that summer extreme tyrant Wolf had given him such a good opportunity to return the favor, he would have dealt with him long ago!

The extreme summer tyrant Wolf's forehead was covered in cold sweat, but he didn't dare to wipe it off. He could only lower his head and say that he didn't dare to.

The Vice sect leader snorted. "I know a little about you, extreme summer tyrant Wolf. You said that you couldn't even keep your position as the eldest senior brother in charge of the outer sect and was easily taken away by Sima Yi. You still have the face to come out and say that Sima Yi can't handle it?"

This was a blatant mockery, but the extreme summer tyrant Wolf didn't dare to retort. He had to smile and say that the sect leader was right!

"Also, I heard that you're looking for someone to help you. You want to take the position of the inner sect's third senior brother! I'm officially warning you here, don't play any tricks. You can't even be the eldest senior brother of the outer sect's steward, how can you be the third senior brother of the inner sect's steward? Are you dreaming?"

Deputy sect leader Zong was really merciless. Every sentence he said was like a knife that shot towards the extreme summer tyrant Wolf's heart. It was really heart-wrenching!

It was only now that he realized that his little tricks were all under the control of the Deputy sect leader. There was no way he could hide!

From now on, the inner sect's steward, third senior brother ... Really had no fate with him!

Everyone else's expressions changed when they saw this. The Vice sect leader was teaching Xia Ji a lesson, but he was actually backing Lin Yi up!

Look, whoever dares to fight for a seat with Sima Yi will end up like the extreme summer tyrant Wolf!

Killing the chicken to warn the monkeys!

The extreme summer tyrant Wolf was a slaughtered chicken, and whoever wanted to fight Lin Yi for it was the monkey!

Chapter 7445 Intolerable

Elder Wu and elder Chen had rushed over after hearing the news and saw the scene, and the way they looked at Lin Yi changed.

They were friends with Lin Yi, after all, they were comrades who went through the exquisite Pagoda together.

But before this, the two elders still treated Lin Yi as a junior in the sect. It was only now that they started to see Lin Yi as an equal!

With the Vice sect leader backing him up, and elder Qin's support, Sima Yi's future was boundless!

Elder Chen and elder Wu looked at each other and saw the other's intentions. They had to do their best to befriend Sima Yi!

The previous good relationship was the foundation, and on this Foundation, he had to take it one step further!

The so-called third senior brother, who was in charge of the inner sect, was actually not taken seriously by the elders. Yang Qi had not received much attention, and elder Wu and elder Chen had only been indifferent to him.

Lin Yi, on the other hand, was completely different from Yang Qi-he was more than enough for the two elders to lower their status and get on their good side!

Even these two elders wanted to get on Lin Yi's good side, let alone the others!

A bunch of outer sect disciples wanted to hug Lin Yi's leg right now and beg for a chance to kneel and lick his boots, but they couldn't do that in front of so many big shots!

Al fan was the only one who could keep his cool. He used his status as elder Qin's disciple to show the people around him that he wasn't afraid of Lin Yi at all. He even despised those who wanted to suck up to him!

However, Al fan felt a little guilty. It was abnormal for the Vice sect leader to support Lin Yi so openly ...

More importantly, his master, elder Qin, seemed to have an ambiguous relationship with that bastard Sima Yi!

I can't bear it, I can't bear it!

Al fan swore that he would definitely kill Sima Yi if he had the chance!

However, it was obviously not now ...

The Vice sect leader finished his business and came over to say hi to Lin Yi before leaving.

The rest of the time was for Lin Yi's glory, and it would be awkward for him to stay any longer, so he left.

With the Vice sect leader gone, the elders naturally couldn't stay any longer. Elder Wu and elder Chen came over to chat with Lin Yi and pull some strings before leaving with elder Qin.

Some of the remaining people left, and some stayed. It was quite lively, and Lin Yi had to deal with them before he finally got rid of them. He quickly returned to his residence with his team.

Wu yucao had come to long whisker peak as well, so she came to the North Peak as well. Lin Yi sent Zhang Yiming, Jin Yuanbao, and Li Yingjian away to do some work, and then sat down with Wu yucao and Ling Hanxue, ready to have a good chat!

"Zhongda, Xiaoxue, I've always wanted to ask, where is Zhisheng? I haven't seen him today!"

Wu yucao was very relaxed when she was with Lin Yi and Ling Hanxue. She poured tea for the two and asked casually, ""You're all going on a mission together, right? I really miss these days. If I had known earlier, I would have stayed in the outer sect with you guys. How nice would that be ..."

Ling Hanxue's eyes instantly turned red. Facing Wu yucao, who was still in the dark, she did not know how to start talking about Chen Zhisheng.

"Sister Wu, Chen Zhisheng ... Died during the mission!"

Lin Yi didn't have the chance to bring this up before, so he said, "In the ghost city of the ghost Yin mountain, many people died, and he was one of them!"

Wu yucao's hand froze for a moment. The tea that she had poured into the cup quickly overflowed, but she didn't notice it.

When Ling Hanxue saw the expression on Wu yucao's face, tears welled up in her eyes, and then a large tear rolled down.

"How did Zhisheng ... Die?"

Wu yucao did not shed any tears, but her voice was extremely low. She seemed to have noticed the water flowing on the coffee table and quickly put down the teapot in her hand. However, her wrist shook a few times subconsciously, and she almost dropped the teapot.

For a golden core stage practitioner, this kind of situation was simply unimaginable!

It was clear that Wu yucao's mood was not as calm as she appeared to be.

"Being controlled by the great witch of ghost Yin, it's my fault for not finding out earlier!"

Lin Yi shook his head, blaming himself. If he'd noticed earlier, he might've had a chance to save Chen Zhisheng.

Lin Yi was probably the only one on the entire sub-Island who dared to say that!

There was a chance of using the soul-devouring hand against the possessed great witch, but Lin Yi couldn't use it on Chen Zhisheng without a definite answer!

"Zhong da, how can you be blamed for this?"

"That's all the great witch of ghost Yin Luo Changle's fault. What does it have to do with you?" Ling Hanxue shook her head with tears in her eyes. You've already tried your best!"

"What's going on? Tell me the details!"

Wu yucao took two deep breaths and calmed her emotions. ""Xiao Xue, don't cry anymore. Zhisheng has already left. He doesn't want us to be so sad!"

That being said, Lin Yi and Ling Hanxue both knew that Wu yucao's sorrow was no less than anyone else's!

After all, Chen Zhisheng had been a teammate who had gone through life and death with them for many years. He was always at the forefront and a life-and-death friend who had blocked danger for them!

If he could trust them with his back, they would do the same. This kind of friendship was not inferior to any other feelings!

Lin Yi sighed to himself. Chen Zhisheng wasn't a bad person, but he was a little stubborn. He kept staring at Ling Hanxue, and because of that, he had some unnecessary thoughts!

But then again, it was precisely because of Chen Zhisheng's stubborn feelings for Ling Hanxue that the great witch of ghost Yin did not succeed in taking over Ling Hanxue's body and counterattack at the last moment!

Therefore, the power of time infatuation was truly immeasurable!

Ling Hanxue wiped away her tears forcefully, then told Wu yucao about the two trips to the ghost Yin mountain range in between sobs. Wu yucao naturally felt a little more sad.

After talking about the ghost Yin mountain, the two women recalled the past of being hunters, which was a memory of Chen Zhisheng.

After a while, she finally calmed down with Lin Yi's constant comforting, and started talking about Wu yucao.

After joining sword spring sect for so long, there had been no news of Wu yucao and black wildflower. Now that Wu yucao had appeared, but black wildflower was still nowhere to be seen, he really needed to have a good chat!

"Big sister Wu, there has been no news of you since you entered the inner sect. What happened?"

Lin Yi didn't ask about black wildflower for the time being. He was concerned about Wu yucao, "Although we want to find you, the outer sect disciples can't go to the inner sect. We have the heart but not the strength."

Chapter 7446 You're Going To Support Us?

Although Lin Yi was the outer sect's third senior, this position was only for the new outer sect disciples. He didn't have the right to go into the inner sect either.

"I'm sorry, I wanted to find you guys too, but when I first joined the sect, I was taught the cultivation method and martial arts technique of the sword spring sect, and then I was asked to go into seclusion to cultivate."

Wu yucao was still in low spirits. She forced an apologetic smile. "During the first assessment, black wildflower and I didn't pass. We wanted to look for you, but we found out that you went on a mission."

Lin Yi realized that Wu yucao came to find them when they went to the ghost Yin mountain for the first time. They just missed it!

Lin Yi just couldn't understand why Wu yucao would fail the test.

In terms of strength, after Wu yucao and Wu Yuhua fused, they were definitely the top of the new disciples!

As for talent, there was no need to talk about it. The entrance test had already proved that she was a true genius!

If not for that, how could he have been promoted to the inner sect?

It was still acceptable that black wildflower didn't pass. After all, her test results were quite average. It didn't make sense for Wu yucao to do the same!

"Big sister Wu, are the inner sect's cultivation methods and martial skills very profound? Why didn't you pass the test after you went into seclusion?"

Lin Yi felt that there must be some inside information, so he went straight to the point, "Is there a reason behind this? We're all on the same side, so there's no need to worry!"

"Hmm ... There are indeed some reasons! Black wildflower and I had just entered the inner sect. We didn't have any backing, nor a strong background, so we had almost no cultivation resources! Even the residence assigned to him is the lowest one in the inner sect. "

Wu yucao hesitated. She didn't want to tell Lin Yi about this, but now that Lin Yi was the inner sect manager, third senior brother, even if she didn't say anything, Lin Yi would find out by himself!

"Black wildflower and I didn't want to sell our bodies, so our closed-door cultivation was very difficult. We were interrupted from time to time, the reason being insignificant."

Lin Yi was furious-he didn't think that Wu yucao and black wildflower would be in such a situation in the inner sect!

In addition, Wu yucao had the Halo of a genius from the entrance test above her head, so it was even more natural for her to be targeted!

She had no background, no backing, good talent, and was beautiful but refused to please the people in front of her. It would be strange if she wasn't targeted!

Were they going to wait for her to grow up and step on them instead?

There was one more thing that Wu yucao didn't mention, but Lin Yi could imagine it.

When the two of them were cultivating, no one would guide them out of kindness. They would even use the wrong explanation to mislead them!

Under such circumstances, it would really take a miracle to pass the assessment!

Even during the assessment, Wu yucao and black wildflower would still be targeted by some people!

Lin Yi's eyes turned cold as he understood the key point.

Whoever dared to treat him like this, no matter who they were in the inner sect, he would definitely pay them back double if he had the chance in the future!

"After failing the test, I couldn't find you. I was supposed to continue my closed-door cultivation and prepare for the make-up test, but I've almost used up all the points in my hands, so I could only take on a simple mission to do first!"

Wu yucao felt a little guilty. She thought that she would be a better helper for Lin Yi if she entered the inner sect, but she didn't expect to end up in such a miserable state!

She might as well stay in the outer sect with Lin Yi-her strength might increase by a lot.

More importantly, if she stayed in the outer sect, she could also join the mission in the ghost Yin mountain range, and maybe ... She could even have a chance to save Chen Zhisheng!

Thinking of Chen Zhisheng's tragic death, Wu yucao felt a trace of sadness again. She shook her head slightly and continued, ""Black wildflower's situation is similar to mine. After failing the assessment, she almost lost all her points and had to take on missions to replenish them. She probably hasn't returned yet. Otherwise, Zhongda, your matter has blown up so much that she would definitely come over to take a look."

"Big sister Wu, don't worry. This won't happen again! You don't have to worry about the points. You know, I just got a huge amount of points and can't spend them no matter what. You guys help me use them!"

Lin Yi pretended to be relaxed, but he was thinking of getting Zhang Yiming to find out who was targeting Wu yucao and black wildflower in the inner sect!

Zhang xiaopang's ability to gather information was not bad. He seemed to have mentioned that he had a fellow townsman who was of some importance in the inner sect!

This little fatty was quite talented in gathering information, and he was also very happy to do so. Simply put, he was a gossip gang of the secular world!

It was easier and more direct to ask Wu yucao, but Lin Yi guessed that Wu yucao didn't want to get him into trouble, so she might not tell him the truth!

Rather than that, he might as well not make things difficult for her.

"Zhong da, do you mean you want to support us?"

Ling Hanxue felt that the atmosphere was a little heavy, so she winked mischievously on purpose, trying to make everyone feel a little more cheerful.

Wu yucao's face reddened as she sneaked a glance at Lin Yi, lowering her head immediately ... It would be nice if he were to take care of her ...

Lin Yi pretended not to notice the hidden meaning behind her words as he laughed, "It's my honor to be able to take care of big sister Wu and big sister Xue. I'm glad you don't mind!"

"Of course not, I'm afraid some people can't wait to see it ..."

Ling Hanxue smiled and winked at Wu yucao, causing her to blush even more.

The sad things had to pass. Instead of wallowing in it, it was better to carry the memories and move forward happily with the deceased.

Ling Hanxue and Wu yucao both knew that the impact of Chen Zhisheng's death still existed, and the sorrow that came with it would not disappear easily!

Because of that, they had to act happy so Lin Yi wouldn't worry!

The few of them chatted and laughed for a while, and the atmosphere also returned to normal, no longer as heavy as before.

"Wu sis, you're going on a mission while you're taking the make-up test, you're probably lagging behind a lot in your practicing, right?" Lin Yi said.

"Well ... I didn't improve much. I'm afraid I might not pass the make-up test."

Wu yucao nodded slightly and said, a little embarrassed, "Zhong da, I've disappointed you. I'm afraid my talent is not as good as it was tested!"

"How is that possible? Big sister Wu's talent is beyond doubt. She must have encountered some bottlenecks in her cultivation. This is very normal. "

Lin Yi smiled as he waved his hand, "If big sister Wu doesn't mind, how about letting little brother help you?"

"Yes, yes! Zhong da is so powerful! He has read many books in the library Pavilion and is able to analyze and understand all cultivation techniques and battle techniques. With his guidance, our cultivation has advanced by leaps and bounds, and we are much more powerful than before! Especially Chen ..."

Ling Hanxue immediately became cheerful when the topic of cultivation was brought up. She pulled Wu yucao over and started praising him like a salesman in the secular world. Even Lin Yi himself was a little embarrassed to hear her praise.

Chapter 7447 You're Going Into Seclusion?

However, when Chen Zhisheng was mentioned, Ling Hanxue's mood became a lot lower.

Why would Wu yucao need Ling Hanxue to promote Lin Yi?

As long as it was something Lin Yi said, she would believe it unconditionally!

After a while of silence, both of them decided not to bring up Chen Zhisheng's topic anymore. Lin Yi then started teaching Wu yucao.

Ling Hanxue, who was at the side, was also listening very seriously, as if she was trying to comprehend something by analogy.

After Wu yucao heard Lin Yi's advice, it was like she was enlightened. Many things that she didn't understand before suddenly became clear, and she also understood that she was misled and took a lot of detours!

On the path of cultivation, having a great teacher to guide you and fumbling about on your own were two completely different concepts. No wonder there was the saying that a great teacher would produce an outstanding disciple!

Other than the arts, there was also the practice and grasp of martial arts techniques, as well as the application in actual combat. Wu yucao and Ling Hanxue were mesmerized by the story, their worship of Lin Yi was like a river that flowed endlessly!

This was especially true for Ling Hanxue. She had only scratched the surface of the Super spinning extreme void arrow that she had previously learned, but its power was already shocking!

But after listening to Lin Yi's explanation again, the understanding became clearer and deeper-he wanted to take out the bow and try it out right now!

Wu yucao was even more emotional-with Lin Yi, she didn't even want to go back to the inner sect anymore. No one there could surpass Lin Yi anyway!

But now that Lin Yi was the inner sect's third senior, Martial Master Liu probably wouldn't make things difficult for Wu yucao anymore.

After all, Lin Yi's reputation was there-he was an inner sect disciple who could reach the heavens, and Martial Master Liu couldn't afford to offend him.

However, Wu yucao had already started to look down on Martial Master Liu. Now that Martial Master Liu came over crying and begging Wu yucao to teach her a cultivation technique, she probably wouldn't be moved at all.

Time flew by as Lin Yi guided the two, and Jin Yuan Bao, Zhang Yiming, and Li Yingjian returned.

They'd done everything Lin Yi asked them to do, so they had to report back.

"Zhang Yiming, li Yingjian, you don't know Senior Sister Wu yucao, do you? Come over and let's get to know each other. "

Lin Yi said with a smile as he called for the other two to join the group. "Actually, you all know what happened in the past two days. You should also understand that big sister Wu is an indispensable person in our team."

"Greetings, Senior Sister Wu!"

Zhang Yiming and Li Yingjian, of course, knew what kind of person Wu yucao was. Lin Yi had taken the risk to go to the inner sect to save her, so what more could he say?

Therefore, the two of them came forward to greet him very respectfully, and Wu yucao also returned the greeting politely.

"Since everyone already knows each other, let me say a few words first."

Lin Yi gestured for everyone to sit down before continuing, "Now that I'm both the eldest senior brother in charge of the outer sect and the third senior brother in charge of the inner sect, I really need more people to help me with the work. And everyone here is a core member, so please help me more in the future!"

Zhang Yiming and Li Yingjian were both excited-they'd come to Lin Yi for this day, hadn't they?

He just didn't expect this day to come so quickly!

"Eldest senior brother, you're too polite. If you have any instructions, just let us know. We'll definitely work together and get everything done for eldest senior brother!"

Zhang Yiming laughed and patted his chest, ""I, Zhang xiaopang, swear that in the future, eldest senior brother's matters will be more important than my own matters!"

"I know you're reliable!"

Lin Yi smiled and nodded. "From now on, Zhang xiaopang, you will be in charge of collecting information. Be it within the sect or outside the sect, you have to pay attention to collecting information. You can find your own way to recruit people. I will give you quite a lot of freedom in this area."

Zhang Yiming was overjoyed. Collecting information was not a problem for him at all!

And he had the power to recruit his own subordinates-he'd be a border official in Lin Yi's faction from now on!

"Li Yingjian, help me see if there are any suitable people and recruit them to form our team. There are only a few of us, so we don't have enough manpower."

"Jin Yuan Bao, find some people and see if you can set up a small Chamber of Commerce in the sect and earn some expenses. After all, we can't mistreat the big guys when we have more manpower. "

Lin Yi said casually, quickly setting up the framework for the future.

"Sister Xue, don't bother with those specific Affairs for the time being. Focus on your cultivation and strive to improve as soon as possible!"

Ling Hanxue nodded in agreement. She was not dissatisfied with this arrangement.

In terms of strength, Ling Hanxue was indeed a bit low. If she didn't improve quickly, she would only be a burden to Lin Yi.

And Ling Hanxue's combat strength was very advantageous among those in the same level, so Lin Yi and her both thought that it was the best choice to dig out their potential at this stage!

"Also, big sister Wu, you should focus on your cultivation and try to break through as soon as possible."

Lin Yi had the highest expectations for Wu yucao. After her body merged with Wu Yuhua 's, her strength increased greatly, and her talent became extremely outstanding.

But Lin Yi thought that Wu yucao could have another breakthrough in the short term, at least entering the original level wouldn't be too difficult!

If Wu yucao could recover this body's original strength, she would basically be the top expert in sword spring sect!

Wu yucao was just about to agree when she saw Lin Yi take out his Jade card, signaling for her to take it out as well.

Was he going to transfer some points to her to maintain her life and cultivate?

Wu yucao thought as she took out her identity Jade card.

Lin Yi had told her not to worry about points, and Ling Hanxue even joked that Lin Yi wanted to take care of them.

Lin Yi did want to transfer his points, but it wasn't just for his daily life and cultivation like Wu yucao thought-it was all of it!

Wu yucao was dumbfounded when she saw the shocking amount of points she had!

"Sima ... You ... You ..."

Wu yucao didn't usually address Lin Yi as "Zhongda" when there were other people around, so she was a little surprised and didn't know how to address him.

"Big sister Wu, don't be surprised. Besides cultivating, you have to help me manage my money. You can use my points as you wish! It's the same for everyone. If you need anything, just go to big sister Wu. "

Lin Yi smiled faintly and looked around. "If we want to develop our small team, the initial investment is indispensable. Don't save on what needs to be used."

Wu yucao didn't hear the last part of the sentence at all. She only heard that she could manage Lin Yi's money, and her face was already red as she lowered her head and smiled sweetly.

There didn't seem to be any problem in managing Zhong DA's money. It was only natural!

After a while, Wu yucao remembered something and raised her head to look at Lin Yi. "Third senior, you've assigned tasks to everyone and transferred all the points to me. Are you preparing to go into seclusion?"

Chapter 7448 I'm Leaving

The others agreed-Lin Yi wouldn't have made such detailed arrangements otherwise.

"I'm not going into seclusion, but I'm going to leave the sect for a while, so I'll have to trouble everyone to take care of this matter. "

Lin Yi said with a smile.

His main purpose of coming to the sub Island was to find Xinyan and rebuild his body. Now that he'd finished rebuilding his body, all he needed was news of Xinyan!

Completing Ding Yi's mission was Lin Yi's only source of information. Although Zhang xiaopang was also good at gathering information, he was helpless when it came to this kind of high-end information, at least not now!

As for those who were targeting Wu yucao and black wildflower, with Lin Yi's title as the third senior, they'd probably all gone into hiding. It wouldn't be too late to deal with them later.

Of course, other than the news, Lin Yi also missed the people in the common world. He wanted to go back immediately!

That was why Lin Yi had arranged everything properly.

"Third senior, where are you going? I'll go with you!"

This wasn't said by just one person, but by several people present.

"No need. I'm just going home to visit my family, so you don't have to follow me. It's more important to develop our power in the sect!"

Lin Yi waved his hand with a smile, making up a vague excuse.

He needed to project his primordial spirit to return to the secular world. He couldn't bring them with him, could he?

Wu yucao and the others heard that Lin Yi was going home to visit his family and subconsciously thought that it was the Sima family. They immediately thought that it was the main point to urge the Sima family's descendants to go home, and it was indeed inappropriate to bring others along.

As a result, this topic was ignored by everyone tacitly, and no one mentioned it again.

After that, Lin Yi went to the sect to ask for leave.

It was basically impossible for ordinary disciples to leave the sect unless they were on a mission.

But Lin Yi was a popular person now, and everyone knew that the Vice sect leader valued him, and he had a close relationship with elder Qin. Who would dare to make things difficult for him?

And so, Lin Yi smoothly completed the process and quickly left the sect.

After leaving the sword spring sect, Lin Yi looked up at the sky and muttered to himself, "I'm preparing to leave the mortal world, but what about Ding Yi? Didn't you say that he would appear when I was ready?"

"Young hero Lin, I'm here!"

Speaking of the devil, ding one also appeared immediately. "Actually, I've been waiting for you for a long time. Since you're ready, let's go."

"Boss ding is indeed unfathomable. His ability to appear and disappear like a ghost is truly amazing!"

"People who don't know would really think that boss ding is a ghost!" Lin Yi teased. "Where are we going? Do you need me to provide transportation?"

"Young hero Lin, you're such a Joker."

Ding one laughed and immediately went to the main topic. "I don't know the name of the place. If it's convenient for you, let's use your flying saucer. It'll be faster."

Lin Yi didn't mind, of course-the flying saucer would record the route every time it flew past, and they wouldn't have to worry about not finding the place in the future.

He got on the flying saucer and followed Ding Yi's instructions. Half an hour later, they arrived at a small, desolate mountain range. Lin Yi compared it to the map, but he couldn't find it!

Even the location of the blue sky Valley was marked on the geographical map, but the small mountain range in front of them was not?

Could it have appeared out of thin air? Or was there a mistake in the geographical map system?

"This is it, please land, young hero Lin!"

After the flying saucer reached a Valley in the mysterious mountain range, Ding Yi indicated that they had arrived at their destination.

Lin Yi put away the flying saucer and followed Ding Yi into the valley. He found that there were complicated and mysterious formation patterns on the empty space in the valley. There were also some electronic devices in it, forming a strange formation.

There was no need for any other evidence. Just these strange electronic devices were enough to prove that this was Central's territory!

Moreover, apart from this strange formation, the gray-robed Ling lingfa was also present. Thus, his previous guess was completely correct. Ding Yi's trading partner was central!

"Lin Yi, we meet again so soon, we're really fated!"

Ling Ling greeted Lin Yi with a smile. "I'm really sorry to trouble you this time. The list that boss ding gave you is all the materials we need urgently!"

Lin Yi didn't say anything. He looked at Ling lingfa calmly, and then turned to look at Ding Yi.

Was the relationship between the two purely a business deal? Or were they in cahoots?

"Lin Yi, why aren't you saying anything to an old friend? aren't you being a little too cold?"

Ling lingfa still maintained his sincere smile. ""We have a cooperation agreement. Are you going back on your word?"

Lin Yi kept silent-this deal involved Xinyan's information, and he really wanted to go back to the common world, too, so he wouldn't go back on his word!

It was just that the thought of getting supplies for central made him feel a little uncomfortable.

"Young hero Lin, the information you want is actually in Central's hands. This time, I'm just helping you two build a bridge. If you're not willing, I won't force you."

Ding Yi stepped forward to make his stand clear and explained, ""You both have things that each other wants, so whether the transaction is successful or not, this ding will not gain anything! There's really no middleman to make a profit from this. They didn't even charge you for the transportation fees!"

Lin Yi's lips twitched. There was no such thing as a cunning businessman. Why the hell would you do something without any benefits?

In any case, since he was not going to go back on his word, he could only agree to it.

"Thank you, boss ding. Of course, I'm willing to continue the trade. After all, Ling lingfa and I are old friends. It's not our first trade."

Lin Yi smiled faintly before changing the topic. "Ling lingfa, your body is not bad!"

Before he spoke, Lin Yi had already noticed that Ling lingfa wasn't in his Yuan spirit form either-he had a new body!

However, the other party's body seemed to be a little weak. In terms of strength, he was probably far inferior to him.

"Haha, thanks to you, I have a body to use on this sub-Island! I really have to thank you!"

Ling lingfa laughed out loud and said sincerely, ""I'm not being polite, it's the truth!"

"There's such a thing? How come I didn't know? I'd like to hear more details!"

Lin Yi was really curious-rebuilding a body wasn't that easy. The purple mist sinful Lotus was useless-he needed the help of a pill master like Zhang Liju.

Ling lingfa shrugged and didn't hide anything. ""We're all old friends, and now we're working together. I'll be honest with you. Do you remember the purple mist Snow Lotus that you looked down on?"

Chapter 7449 Projected Into The Secular World

Lin Yi suddenly realized that Ling lingfa was using the purple mist Snow Lotus. No wonder his body didn't look that good!

"The purple mist Snow Lotus can also be used to rebuild a body, but this kind of body is very poor and not suitable for cultivation. Of course you don't like it, Lin Yi, but I don't care, as long as I can use it. My strength can't be restored by normal cultivation anyway."

Ling lingfa didn't seem to mind, and Lin Yi more or less understood what he meant.

Ling lingfa's situation was completely different from Lin Yi 'S. Lin Yi's original body was destroyed, so he needed to rebuild a perfect body for cultivation.

On the other hand, Ling lingfa's primordial spirit was only projected onto the sub Island. His original body was probably left on the sky-class Island. He could go back in the future, so he only needed a body on the sub Island to nourish his primordial spirit and prevent his Foundation from being damaged for too long.

Hence, the purple mist Snow Lotus that Lin Yi didn't care about was perfect for Ling lingfa!

"So that's how it is! Then how did you use the purple mist Snow Lotus to reforge your body?"

This was what Lin Yi wanted to know the most-he had Liju's help, but what about Ling lingfa? Was there a pill master like Zhang Liju in the center?

If that was the case, the sub-Island shouldn't be so lacking in medicinal pills, right? At the very least, the central cooperative Chamber of Commerce should have sold it.

"You don't have to know about that. Everyone has their own little secrets. You see, I didn't ask you how you got a body again, right?"

Ling lingfa obviously didn't want to tell Lin Yi everything, and the conversation ended there."Alright, that's all for reminiscing-Lin Yi, are you ready? if you are, then we'll start projecting into the mortal world!"

"Alright, let's start!" Lin Yi nodded.

After he finished speaking, he walked into the strange formation and sat on a metal chair full of instruments.

"Lin Yi, don't worry, I'll take good care of your body. I'll make sure you're safe."

Before they started, Ling lingfa purposely mentioned it with a teasing smile on his face. ""You're not worried, are you?"

Lin Yi wasn't worried at all. After all, he wasn't really dead even if he lost his body. It wasn't like he hadn't tried going around in his Yuan spirit form before.

Ling lingfa still needed Lin Yi's help to bring something over, and even if it wasn't for that, he wouldn't touch Lin Yi's body.

If they wanted to make a move, they had to kill Lin Yi completely. What was the point of destroying a body? It only caused Lin Yi and central to start an all-out war!

Who could guarantee that Lin Yi wouldn't be able to rebuild his body again? if he did it once, he could do it a second time!

So, after Lin Yi's spirit projection, he would leave his body to Ling lingfa's care, and central would also do their best to ensure his safety. Compared to the Wang family, this was much more reliable!

"We're all old friends, I can trust anyone but you!"

Lin Yi smiled and closed his eyes, "Let's start!"

Ling lingfa looked at Lin Yi deeply and activated the formation on the ground without another word.

Waves of light and electricity from the machines created countless distorted ripples. Lin Yi felt his spirit being pulled out and into the endless darkness.

He didn't know how much time had passed-it might have been an instant, a few minutes, a few hours, or even a few days-but he felt like he was in a trance.

By the time he regained consciousness, Lin Yi was already in a strange place.

The secular world?

Lin Yi was still a little confused. His Yuan spirit was still forming and he couldn't move yet, but he could observe his surroundings.

The place he was in right now ... The swimming pool?

It looked like a private swimming pool in a high-class hotel!

Lin Yi was in the middle of the pool, and in front of him was a slender, fit, and perfectly curved body. The smooth, wheat-colored skin glowed faintly in the water.

The most important thing was that Yingluo was swimming naked!

If it was a public pool, they probably wouldn't be able to see such beautiful scenery ...

It was a good thing that this young lady with wheat-colored skin had her back to Lin Yi, so it wasn't too shocking.

If Lin Yi suddenly appeared in front of him, he would probably die!

Lin Yi was extremely embarrassed. He didn't think that a spirit projection would have this kind of ... Benefit!

Ahem ... I should think about what to do first!

Lin Yi was still forming his essence spirit and couldn't escape in a short time. There was no place to hide either!

The girl in front had already started turning around and was about to swim over to Lin Yi-it wouldn't be awkward then, it'd be an awkward ten-hit combo!

What to do, what to do?

Wouldn't it be too embarrassing to be called a perverted pervert?

Lin Yi subconsciously took out the red dust manifestation mask and quickly changed his appearance when he saw that the woman was about to flip over.

Since he couldn't avoid losing face, then of course he would lose face for others. He definitely couldn't lose his own face ...

Even Lin Yi found the self-deceiving behavior funny, and he wanted to punch himself in the head. Why didn't he just disguise as a woman if he used red dust manifestation?

In that case, although it would still be abrupt, at least he wouldn't be regarded as a pervert!

Well ... If the other party felt that there was a female pervert, then there was nothing he could do ...

Unfortunately, the woman had already flipped over and was swimming towards him. It was too late for Lin Yi to change his appearance. It wouldn't be pretty if he was discovered. He could only turn his head away awkwardly. Gu Wanwan couldn't continue to stare at her body, could she?

"Ah, Yingluo."

The woman saw Lin Yi from the corner of her eyes as she flipped over. She let out a cry of surprise before getting a mouthful of water!

However, she didn't care about this at all. After screaming, she didn't say anything and her perfect body directly rushed out of the water.

Her posture was beautiful to the extreme, just like a dolphin swimming in the sea.

It was such a beautiful posture, but it carried an endless amount of killing intent. A long, strong, and beautiful leg kicked in the air, aiming for Lin Yi's head. She was ready to kill Lin Yi with one kick!

He was really aiming to kick someone to death!

As soon as this beauty made her move, her Foundation establishment aura exploded and was completely revealed!

The Foundation Stage Masters of the secular world were definitely top existences. They could kill a group of ordinary people with a casual point of their fingers, not to mention an all-out attack in anger.

Lin Yi was shocked-he didn't think that just anyone from the common world would be in the Foundation Stage. Could it be that the common world had become a training ground like Sky Class Island?

"Stop, this is a misunderstanding!"

Lin Yi turned his head, not daring to look at the girl. She was in a vacuum state, and she was in a kicking position. If he dared to look, he'd be naked!

Chapter 7450 I Really Am Lin Yi

But if Lin Yi really did that, then he'd really make her go all out!

Normally, when a woman encountered such a situation, shouldn't she first cover her important parts and then look for clothes, bath towels, and so on? Even if it didn't work, shouldn't he cover his face first?

Why didn't he play his cards according to common sense?

Lin Yi didn't know what to do. His Yuan spirit body hadn't finished forming yet, and his strength hadn't recovered yet. He might not be this girl's opponent in a real fight, and he couldn't be too heavy-handed.

It was already very wrong of him to peek at her, so how could he be so heavy-handed?

After barely blocking the kick, Lin Yi quickly retreated in the water, his eyes closed as he shouted, "It's really a misunderstanding. Let me explain!"

"You pervert, go and explain to the King of Hell!"

The woman was clearly very angry and didn't want to listen to Lin Yi's explanation at all. As she spoke, she started to attack again.

This voice ... Is quite sweet!

Lin Yi couldn't help but spit at himself-what sweet? It was clearly very familiar!

It seemed to be an acquaintance!

It wasn't easy to open his eyes, and it might irritate the other party. Lin Yi decided to use his spirit sense to scan the room!

Lin Yi sweated-his opponent was launching a storm of attacks, taking his life with each strike!

"Cheng Yiyi! Stop! I'm Lin Yi!"

Lin Yi's eyes were still closed as he shouted with his hands up for defense.

That's right, after scanning with his spirit sense, Lin Yi realized that the woman in front of him was Cheng Yiyi, who he hadn't seen in a long time!

This was really like a flood washing over the temple of the Dragon King ... Bah, it should be a swimming pool washing two acquaintances!

Cheng Yiyi's hands froze at the mention of Lin Yi's name. It was a name she had been thinking about day and night, after all, and it was natural for her to be moved.

But then he got even angrier. Do you think I'm blind?

You don't look like Lin Yi at all, do you?

"Go to hell!"

With a furious roar, Cheng Yiyi's halted attacks erupted once more, and they were even more violent!

Cheng Yiyi didn't know him?

What was going on?

Could it be that the person in front of him was actually a fake Cheng Yiyi?

Otherwise, how could he not recognize her?

Wait, I don't know him ...

Yes!

Lin Yi felt that Ling lingfa must've done something when he sent his spirit over-it made his brain work slower!

Otherwise, how could he be so stupid?

He was currently wearing the red dust all creation mask, so it would be strange if Cheng Yiyi believed him!

"Yiyi! I'm really Lin Yi! I'm wearing a mask ..."

Lin Yi managed to block a few more attacks before taking off the mask."Did you see that? I'm really Lin Yi!"

"Bastard! You think I'd believe you just because you've done plastic surgery to look like Lin Yi? If you want to impersonate Lin Yi, you'll need another hundred years-no, even ten thousand years of training wouldn't be able to catch up to one of Lin Yi's fingers!"

Cheng Yiyi still didn't believe him.

From what she remembered, Lin Yi didn't even need to lift a finger to deal with her. He could easily suppress her with some aura.

The man in front of her looked exactly like Lin Yi, but she beat him up so badly, and he still had the nerve to call himself Lin Yi?

Was Lin Yi that weak?

I don't believe you!

Lin Yi felt a little helpless-it was indeed a problem to prove who you were!

When others would not believe you even if they were beaten to death, nothing you said would be of any use!

Carrying documents with him was the way to go!

Fortunately, his Yuan spirit body had already been formed, so Lin Yi didn't waste any more time. He sent out a light wave of consciousness, stunning Cheng Yiyi for a moment before subduing her!

Lin Yi felt awkward again ... It didn't seem appropriate to hold her in this situation!

Lin Yi quickly let go and explained, "Now you believe I'm Lin Yi, right? I'm in the primordial spirit state, and I'm projected here through the primordial spirit!"

"Ah? Are you really Lin Yi? The primordial spirit is projected to the Tiger continent again?"

By the time Cheng Yiyi regained her freedom, her face had already turned red!

It wasn't because he was in a state of vacuum, but because he had called her 'old lady' just now. It was nice to say it, but what about his image?

It collapsed!

Of course, the Cheng Yiyi now believed that the person in front of her was the Lin Yi she had been thinking about day and night!

However, he never dreamed that they would meet again in such an awkward situation!

The projection of the primordial spirit was a secret that only those who were particularly close to him would know, so Cheng Yiyi did not suspect him at all.

Plus, han Jingjing's spirit was projected here last time, so it was understandable that Lin Yi would come here.

"Yiyi, why don't we go up first?"

Lin Yi tried his best to remain calm, turning his head away from Cheng Yiyi.

Although Cheng Yiyi had confessed to him at a concert, the two of them had never experienced such an ambiguous moment.

When Cheng Yiyi tried to seduce Lin Yi in the past, it was nothing compared to this!

"Hmm...Then I'll go up!"

Cheng Yiyi's voice was as soft as a mosquito 's. She hurriedly got into the pool and wrapped herself in a large bath towel on the recliner.

It was too embarrassing!

She wanted to take the chance to do something with Lin Yi, but she felt that her performance just now was too embarrassing.

Cheng Yiyi was really at a loss for words. She could only run back to her room to clean herself up.

Lin Yi finally relaxed a lot after Cheng Yiyi entered the room.

He was pretending to be calm, but he was actually quite nervous. Cheng Yiyi felt embarrassed, but so did Lin Yi!

After a while, Cheng Yiyi came out in a fresh set of clothes.

His wheat-colored skin was still slightly red. It seemed that he had not completely calmed down.

"Lin Yi, why are you here? When did you come back?"

Cheng Yiyi passed the drink to Lin Yi as she started chatting.

She'd had such a good opportunity just now, but she couldn't take it to the next level with Lin Yi. Cheng Yiyi couldn't accept this, so she gathered her courage and prepared to start with a casual chat.

"I just came back too. This time, the primordial spirit projection was done by an amateur, so it's normal for there to be some mistakes!"

The "amateur" Lin Yi was referring to was Ling lingfa, of course-he had to take the blame for this."I thought I would be in China, but I didn't expect that idiot to throw me directly to Europe."

At first, Lin Yi didn't know where he was, but after he finished forming his primordial spirit, he used his spirit sense to scan the area while Cheng Yiyi was cleaning up. Naturally, he knew where he was.

"Maybe he knows I miss you, so he sent you to me? You can introduce us to each other later. I have to thank him properly!"

Cheng Yiyi's bold confession of love made her feel embarrassed and happy at the thought of Lin Yi looking at her naked body, her face blushing again.

After saying this, Cheng Yiyi's heart suddenly jolted. She thought of something, and the romantic feelings that had just risen in her heart instantly disappeared.
