Chapter 7451 Something Happened At Home?

"That guy isn't a good person. It's better if you don't get to know him!"

Lin Yi shook his head with a smile. It was inappropriate to introduce someone like Ling lingfa to people around him. "Yiyi, what's wrong? What's the matter?"

Lin Yi noticed the change in Cheng Yiyi's expression as he spoke, so he asked out of concern.

Cheng Yiyi forced a smile and replied, "No... Nothing!" I just thought that Europe hasn't been peaceful recently!"

"What happened in Europe? War?"

Lin Yi didn't really mind-the common world wasn't that big of a place, and there weren't any Masters there, so what if it was a bit chaotic?

It was just that Cheng Yiyi had brought it up, so he had simply explained it to her.

"It's not a war. The current world situation is relatively stable, and there won't be any large-scale Wars. When I said 'not very peaceful', I meant that a new organization has recently emerged in Europe."

Cheng Yiyi tried her best to put on a serious expression and said, "Xu Shihan and I have been developing in Europe recently, and because of this organization's appearance, we were both affected quite a bit. To be honest, it's been quite difficult for us!"

"What organization? It actually affected the two of you? Have you ever fought? You're not a match?"

Lin Yi was a little surprised-Xu Shihan and Cheng Yiyi's strength were definitely overlords in the common world, and if they could make them feel uncomfortable, then the opponent must be pretty strong!

"We haven't fought yet, because this organization also has Foundation Stage Masters, so both sides are more restrained. Once we fight, it will definitely cause a great turmoil."

Cheng Yiyi shook her head. "Shihan and I are celebrities," she said helplessly. "It's not appropriate for us to fight!"

Lin Yi chuckled to himself-who was the one killing people in the pool just now? Now you're saying it's inappropriate? Was it appropriate to lie with his eyes open like this?

"Where did a Foundation Stage expert come from in the secular world? What was their background? Have you checked?"

"I've checked, but I'm not too sure about the details. However, it seems like they're people from the small ancient martial world! They're only based in Europe and haven't stepped into our territory, so there haven't been any major conflicts yet. "

Cheng Yiyi shrugged. "Shihan and I only came into contact because we were developing in Europe. It's just a small conflict. It hasn't escalated to a direct conflict yet."

"We've sent a message to Sky Class Island to ask for your opinion, but I didn't think you'd come straight over! Don't tell me you're here just for this?"

Lin Yi only smiled, not denying or admitting to it. He wasn't on Sky Class Island at all, and he wouldn't have received the message. Why would he come here for this?

However, it didn't matter. Since they were here, if those guys didn't know what was good for them, he would just take care of them.

They were just a bunch of Foundation Stage lackeys, trash in Lin Yi's eyes. He could take care of them with ease.

After all, this wasn't the sub Island, and Lin Yi's essence spirit had recovered to the nascent Soul Stage. It didn't matter if he didn't have a body—he could still use skills and Qi in his spirit form.

To deal with a Foundation Stage minion was like an adult bullying a child!

"There's no rush in this matter. We'll settle it when we have time!"

Lin Yi had just returned to the common world, and his desire to go home was getting stronger!

"I've been away for a long time, so I want to go back and take a look. Do you want to come back with me?"

Lin Yi asked for Cheng Yiyi's opinion out of courtesy. He wanted to go home so badly that he couldn't wait to fly back to the villa!

"Uh ... Lin Yi, since you're already in Europe, why do you still want to come back? Why don't we go back after we've settled the matter with that organization? There's no rush!"

Cheng Yiyi was suddenly nervous and pulled Lin Yi to talk about the organization, "I think this matter can't be delayed. Otherwise, it's easy to cause trouble in the future ..."

"Yiyi, you're thinking too much. They're just a bunch of small characters who can't be put on the stage. What can a long night bring about more dreams?"

Lin Yi didn't care about them at all. He smiled and consoled, "They only dare to mess around in Europe anyway. We can take care of them at any time. There's no need to rush."

From Lin Yi's point of view, it was like there was a group of ants on the street outside his house, and he didn't care if he killed a few of them, but he'd just set aside his house business and run to the ants on the street-it was a big deal.

"How can we not be in a hurry ... Shihan and I have a concert in Europe next month, and this organization has already spread the word that if we don't give them more than 60% of the income, they'll destroy our concert!"

Cheng Yiyi was afraid that she wasn't important enough, so she always dragged Xu Shihan into her conversation, ""Think about it, if something big happens at our concert, my and Shihan's reputation in Europe will be ruined!"

"There's still a lot of time for the concert next month! It's not a problem to talk about it when the time comes. With me here, I won't let you suffer a loss!"

Lin Yi still didn't mind. Money in the common world was just a number, what meaning did it have?

Plus, Lin Yi didn't think it was interesting for Xu Shihan and Cheng Yiyi to be stars. If they liked it, they could just play around. Why would a master who was strong enough to shock a Country Care about fame?

"It can't be calculated like this! They've already spread the news, if we don't react, we'll be looked down upon!"

Cheng Yiyi didn't give up and continued to pester Lin Yi, ""We're not in a hurry to return to China, so what if it's a few days later? It's rare for you to come back, and you're not even willing to help us with such a small matter? You don't care about me and Shihan at all?"

"Yiyi, you're a little strange. You've been dragging me along to deal with some newly emerging organization. You weren't like this before!"

Lin Yi looked at Cheng Yiyi suspiciously. She had always been a straightforward person, and there was no reason for her to continue pestering him after he'd made it clear that he wanted to go home, ""Did something happen at home? That's why you're stopping me from coming back?"

Cheng Yiyi's face stiffened, but she quickly forced a smile and said, ""What nonsense are you talking about? what could have happened at home? If you don't want to help us, then forget it ..."

Lin Yi stared deeply at Cheng Yiyi, clearly feeling her nervousness and insincerity.

Did something really happen at home?

Lin Yi's heart was burning with anxiety, and he wanted to teleport back to see what was going on!

"It's fine if you don't want to tell me, I'll go back immediately! Do you want to join us?"

Lin Yi's expression was serious as he stood up. "I will definitely meddle in your Affairs, but not now!"

"I'll go back with you!"

Cheng Yiyi grumbled to herself, knowing that Lin Yi was already displeased. She didn't dare to disobey Lin Yi's will anymore and could only struggle one last time, ""Shihan's in Europe too, why don't we wait for her to come over and we'll go together?"

Chapter 7452 No Chu Mengyao

"I'm not waiting. We'll meet anyway. There's no rush!"

Lin Yi's heart was set on returning home-he wasn't in the mood to wait.

"Then you should rest for a while. I'll get my assistant to book the plane tickets for us."

Cheng Yiyi planned to use booking a plane ticket as an excuse to call the others and delay a little more time.

For example, if they didn't have a direct flight back to their country, they would need to transfer flights again ...

But Lin Yi's one sentence completely destroyed her plan,"No need to trouble yourself. We'll go back directly!"

Lin Yi took out the flying saucer-with this weapon, what was the plane?

Cheng Yiyi was completely speechless. She no longer had any reason to go back with Lin Yi. She only had two choices left!

There was nothing else to say, of course he followed!

The person he had been thinking about day and night was right in front of him, so he couldn't let go of any opportunity to spend time with her!

The two of them got on the flying saucer and activated the cloaking device. They disappeared in the air in a flash. With the speed of the flying saucer, it wouldn't take long to return to China. With the cloaking device, the radars of the various countries couldn't detect the flying saucer, saving them a lot of trouble.

"We're here already? The flying saucer sure is fast ..."

Lin Yi brought Cheng Yiyi down from the flying saucer and saw the familiar villa in front of her. She smiled nervously, "I still wanted to sleep for a while and rest. I didn't expect to come back so soon!"

She couldn't possibly sleep, and it was true that she didn't expect it to be so fast. Cheng Yiyi was still thinking of finding a chance to inform the people here that Lin Yi was coming back, but the villa appeared before her eyes before she could even get a chance.

"Yeah, it's been a long time since I've come back. Fortunately, everything here doesn't seem to have changed much!"

Lin Yi couldn't help but sigh-he'd been so eager to go home, but now that he was standing in front of the villa, he felt like he was back home.

Lin Yi didn't even use his spirit sense, only using his eyes to look at the grass and trees.

"Um ... Um ... We haven't been back for a long time, it's not appropriate to go in like this, right? Why don't we go to the mall outside to buy something first?"

Cheng Yiyi didn't even know what she was talking about. Did Lin Yi need to go to the mall to buy a present?

But she didn't have a choice-she really didn't know how to hold Lin Yi back!

Lin Yi's heart tightened. What was going on with Cheng Yiyi? At the door, he still wanted to pull her away? Could it be that something really happened at home?

He didn't have time to say anything else. His figure moved and he quickly rushed to the front of the door. He found that the door was not locked and was just left ajar.

Lin Yi was getting more and more nervous. He pushed the door open and saw that there were quite a few people in the living room. He felt relieved.

"Boss Lin Yi!"

Xiaobo was sitting on the sofa facing the door, and he jumped up in surprise and joy at the sight of Lin Yi!

Then, everyone's eyes turned to the door, and the originally calm atmosphere in the hall suddenly exploded.

"It's really boss ..."

"Boss Lin Yi!"

"Lin Yi ..." She said.

"Brother ah Yi!"

The crowd greeted Lin Yi with joy as they quickly welcomed him. Lin Yi smiled and nodded, sighing in relief.

Everyone's here, so it seems like nothing happened! Cheng Yiyi's strange behavior startled her.

"Xiaobo ... Fatty Lai ... Yu Bing ... Little seven is here too!"

Lin Yi greeted everyone, and Qiqi was as light as a feather, jumping onto Lin Yi's body and hanging onto him like a koala.

"Brother ah Yi! Little seven missed you so much, you didn't come back to see little seven after so long!"

Qiqi didn't care what others thought of her-she wouldn't let go of Lin Yi, anyway.

"Little seven, you're already an adult, why are you still acting like a child? Brother onesie is back!"

Lin Yi rubbed her head affectionately-he didn't want to kick her out, so he smiled apologetically at the others. Of course, they didn't mind-they all understood what Qiqi was thinking.

With Qiqi in his arms, Lin Yi continued to greet the others-sun Jingyi, Chen Yutian, han xiaopo, Yu Dake, and so on. They didn't go to the ancient martial world, and most of the people in the secular world were here.

"What is everyone doing here? You know that I'm coming back today, so you're here to welcome me? Have you prepared the big fish and meat?"

Lin Yi was in a good mood to see so many old friends. He smiled,"I was wondering why Yiyi kept delaying me from coming back. So it was to give me a surprise!"

Cheng Yiyi, who came in behind Lin Yi, greeted everyone with an awkward nod and an innocent expression.

It had been a long time since they last met. Although he was surprised, he was also shocked ...

After Lin Yi finished, he noticed that everyone had gone silent, their heads lowered and their eyes shimmering, not daring to look at him.

Even Qiqi, who was hanging onto Lin Yi like a koala, froze-she clumsily broke free from Lin Yi's embrace and stood up properly.

"Haha...Ha...Brother onesie is right! It's rare that you're back, so we must have big fish and meat! Good wine and good food can't be lacking! I'll go and prepare now!"

Qiqi laughed awkwardly and turned to run, but Lin Yi pulled her back!

"Little seven, what happened? What was happening? What's wrong with you guys?"

Lin Yi's heart started to feel uneasy again. He could still find an excuse for Cheng Yiyi, but now there were two, three, and four of them acting weird. It would be weird if they weren't weird!

No one dared to look at Lin Yi, only looking left and right, using their eyes to signal for someone else to speak, but none of them said anything.

Lin Yi was about to go crazy—he knew that something had happened just by looking at them! But why didn't he say anything when something happened? What's there to hide?

At this moment, there was the sound of car tires screeching on the brakes outside the villa. Then, someone rushed into the villa. Before he entered, he shouted, "There's still no news of sis-in-law Mengyao today! Please think of another way. It's been so long, I'm really ..."

Before he could finish, the person who rushed in saw Lin Yi and was stunned, "Boss Lin Yi?" she said.

Lin Yi turned to the man, his eyes red. "Dafeng! What did you just say? What's wrong with Mengyao?"

He knew something was going to happen, but he didn't expect it to be Chu Mengyao!

Only then did Lin Yi remember to use his spirit sense to check on the unconscious people.

Tang Yun, Chen Yushu, Yu Ning, Feng Xiaoxiao, Guan Xin, little nine ... Chu Mengyao wasn't here!

Lin Yi's head exploded as if he had just taken a lightning strike that exceeded his limits. His ears buzzed!

Chapter 7453 A Sad Memory

Chu Mengyao ... Disappeared?

"What's going on?!"

Lin Yi felt like he was using all his strength to shout and shout, but when it reached his ears, it felt like it was extremely far away, and he couldn't hear it clearly!

"Where's Mengyao? Where did Mengyao go?"

Everyone looked at each other, knowing that they couldn't hide it anymore. Xiaobo had no choice but to face Lin Yi.

"Boss, calm down and listen to me ... Sis-in-law Mengyao woke up on her own!"

Xiaobo said as he observed Lin Yi's expression. He picked up his pace. "But after she woke up, she left to look for you!"

Lin Yi's head was still buzzing. Mengyao woke up on her own? Was this a miracle?

But why the hell did he want to find him? Did he go to Sky Class Island? How did she get to Sky Island?

Lin Yi was overjoyed at Mengyao's sudden awakening, but at the same time, he was worried for her safety. He felt like he was about to explode.

"Continue, Xiaobo-where did Mengyao go to find me?"

"Boss, you have to hold on ..."

Xiaobo couldn't bring himself to tell Lin Yi the truth-he tried to comfort him helplessly."Sister-in-law Mengyao ... Went into the wormhole ..."

Lin Yi's body shook violently, and his essence spirit body almost collapsed!

The most feared guess had actually come true!

It made sense-the Sky Class island's tunnel wasn't open yet, and only wormholes could connect to the mortal world. If Chu Mengyao wanted to go to Sky Class Island to find Lin Yi, she would have to go through wormholes!

But that was not a path for people to walk! Chu Mengyao could still live after entering?

If her essence spirit was strong enough, she might be able to abandon her body in the wormhole and escape with her essence intact ... But the problem was, how strong was Chu Mengyao?

Once he entered the wormhole, his body and essence spirit would probably be ground to ashes!

Lin Yi's body felt weak, and he fell to the ground, his entire body shrouded in endless sorrow.

A man shouldn't shed tears easily, but Lin Yi didn't even have the strength to cry anymore. His entire world seemed to have fallen into darkness, and only sadness was left!

"Boss, don't be too sad ... Sis-in-law Mengyao might not be fine, we just can't find her ..."

Xiaobo said as he knelt beside Lin Yi. "Sister-in-law Mengyao is blessed by the heavens. Perhaps she's already on Sky Class Island, but hasn't found you yet, boss."

"Yes, yes! Don't worry, Mengyao won't get into trouble that easily. Tianjie Island is too big, and it's normal that you didn't see her before. After all, you didn't know she went to look for you ..."

Jingyi knelt down beside Lin Yi as well. "No news is not necessarily bad news. When you go back, you can look for her. Maybe you can find her."

"Big brother Yi, I also think Mengyao will be fine. I heard that Sky Class Island is so big, it's okay if we can't find her now. We'll find her one day."

Qiqi wrapped her arms around Lin Yi from behind and whispered into his ear, "I heard that some of the people who went with you haven't found it yet-it's clear how big Sky Class Island is. Take your time, don't rush!"

The others came up to Lin Yi one by one to comfort him, but their words were like ethereal voices from far away, Lin Yi couldn't hear them at all.

Lin Yi only knew that Chu Mengyao went into the wormhole, and with her strength, there was no way she would survive!

Lin Yi was immersed in deep regret. Mengyao ... Only entered the wormhole because of him!

Why? Why couldn't he have come back earlier? if he had met Mengyao when she woke up, then everything would have been fine!

"Alright, everyone, stop talking!"

Lin Yi closed his eyes and raised his hand, signaling for everyone to be quiet. "I know that everyone has worked hard ... I'm sorry ... Please forgive my willfulness and let me be alone for a while."

With that, Lin Yi got up from the ground and walked out of the villa shakily, leaving the house full of worried people.

"Brother onesie, where are you going?"

Qiqi took a few steps after him, wanting to keep him company.

"Little seven, you stay here and think of a way to find Mengyao with everyone else. I'm fine, just let me have some peace!"

Lin Yi didn't look back, but waved his hand weakly and disappeared in a flash.

After leaving the villa, Lin Yi wandered around like a lost spirit, unconsciously going to different places.

When he finally stopped, he realized he was back in his old house in Songshan.

After such a long time, the uninhabited house still maintained its original appearance, and the interior was still clean and tidy. It was obvious that someone often came to clean it.

Lin Yi walked slowly, and the distant past became clear as if it had happened yesterday.

When they first met, Mengyao didn't really like him, but he didn't know when it started, but the two slowly became warm.

He still remembered the first day, when Mengyao put her hands on her waist as she told him to teach pinliang a lesson. He could still remember every single one of her expressions and small movements ...

And that bowl of chicken soup noodles ... And the juice for the indirect kiss ...

Lin Yi couldn't help but smile as he thought back to the small things he'd thought of before, and now he felt warm and calm.

Lin Yi walked to the TV and remembered that night when he was watching the satellite TV and got caught by Shu. Mengyao's confused face ... Should he call her dumb or cute?

He looked at the yard through the glass, and it was like he could see Mengyao and Shu playing with their cars, and then using the water gun to protect the woman, making her look like a mess ...

He remembered that the Miss and Tang Yun didn't get along at that time, and the two of them had a confrontation.

Lin Yi's thoughts started to drift, starting from this house as he looked through his memories.

When she was injured, it was Mengyao and Shu who took care of her with all their might. They were the daughters of rich families, but they gritted their teeth and went to pick up trash just so Lin Yi could survive!

How deep was this kind of friendship!

Later on, they even went to the Dark Palace together ...

Because Mengyao had swallowed the Dark Phoenix spirit beast and awakened the Dark Phoenix bloodline, she had become the palace Master of the dark night Palace ...

The confession in front of the Dark Palace-she was finally officially Lin Yi's girlfriend ...

Finally, during the opening of Sky Class Island, she was sucked dry of her spirit sense while protecting Lin Yi, and fell into a coma!

Lin Yi stood at the top of the stairs, trying to recall everything about Chu Mengyao. Only when he really lost her would he understand how important she was to him!

Chapter 7454 For What?

The past was like smoke, even if it was in front of his eyes, he could no longer grasp it. When he looked back, he realized that the world had changed, and people had changed!

As the sun rose and the moon set, Lin Yi had been standing there for half a day and a night without even moving. He flipped through his memories and suddenly felt like he was in a dream.

What was he going to Sky Class Island for?

Training? Become stronger?

These weren't his main goal. The most important thing was to wake up these good girls who had fallen into a coma to save him!

In order to wake them up, he had run all over the Sky Class Island, going through countless dangers, but all of this was for nothing!

When Mengyao woke up on her own, Lin Yi wasn't there to protect her!

Then what was the point of everything they had experienced all these years?

To be honest, Lin Yi was really scared-what if something happened to Yaoyao after she woke up? what if Shu woke up tomorrow, and what if Tang Yin woke up the day after, but he wasn't here? what if something happened to them looking for him like Yaoyao?

But what if he really stayed?

Could the people on Sky Class Island be cut off? After experiencing so much, there were still so many things that had not been completed. Could he really abandon it?

And the sub Island ... Could he not go back? Not to mention other things, he didn't want his reconstructed body? Did Wu yucao, Ling Hanxue, and the others not care anymore?

Pain! He was conflicted!

Endless negative energy wrapped around Lin Yi, and it wasn't until the sun shone through the clouds and onto Lin Yi's body that the haze in his heart was dispelled like the haze in the sky!

Where there's a will, there's a way!

Do what you need to do! He had to protect those who should be protected!

The world was so big, but there were only so many people he wanted to protect. Even if the sky fell and the earth sank, he would carry the world for these important people!

.....

In the villa, no one left. Although Lin Yi didn't come back after he left, everyone knew that he would come back!

As expected, Lin Yi appeared in front of everyone again, completely different from yesterday's dejection. He was full of energy!

"I'm sorry to have made everyone worried!"

Lin Yi greeted everyone with a smile. "I'll deal with Mengyao myself. You don't have to all gather here, just do what you need to do!"

"Boss ... Are you okay?"

Xiaobo wasn't sure-Lin Yi's behavior before and after was way too different, and he knew how big of a blow it was for Lin Yi to be in trouble with Mengyao!

"I'm fine! I said there's no need to worry!"

Lin Yi waved his hand with a smile. "I came back this time not only to visit everyone, but also to buy some supplies. Xiaobo, can you help me with that?"

Lin Yi passed Ding Yi's list to Xiaobo, reminding him, "You have to get this done as soon as possible. I'll deal with other things in the meantime, so I'll leave it to you!"

"Boss, what are you saying? it's just a small matter, don't worry!"

Xiaobo patted his chest as he held the list-buying a bunch of things was as easy as blowing off dust!

Now in the common world, the small group Lin Yi left behind was definitely one of the top groups. Whether it was strength or wealth, it was enough to shake the world.

It could be said that there was basically nothing they couldn't do in the secular world!

That new organization in Europe-if they'd come to China to cause trouble, they would've been destroyed a long time ago. Xu Shihan and Cheng Yiyi did run into some trouble, but they didn't think it was a big deal. They felt that they didn't need to ask for help, and that was why they were happy.

"If you have any problems that are hard to solve, you can tell me. I'll solve them as long as I can."

Lin Yi looked around and smiled. "It's rare for you to come back, so Don't be polite. For example, the new organization in Europe that Yiyi mentioned is on the list of problems to solve!"

"I'll focus on Yaoyao after I'm done here. Although it's extremely dangerous to enter the wormhole, you're right. Yaoyao might have a chance of survival. I'll contact Jingjing and search the wormhole tunnel thoroughly!"

He had to find Chu Mengyao even if he had to turn the entire wormhole upside down!

The others didn't say much, only promising that Mengyao would be fine and that they would find her.

She really did not know what to say. Han Jingjing had already looked for him before, but there was no news.

Other than Chu Mengyao, the other unconscious girls were all fine. Lin Yi was so flustered when he heard the news of Chu Mengyao's disappearance yesterday that he didn't even bother to check on them. Since he was fine here, he might as well go upstairs to see them.

"Big brother Lin, they don't seem to have changed much. I don't see any signs of them waking up. I really don't know why Mengyao suddenly woke up ..."

Sun Jingyi was the only one who followed Lin Yi up-it was because everyone was worried that Lin Yi would be alone that she was allowed to keep him company,"If we can find Mengyao and find out why she's awake, we might be able to wake up the other sisters."

"It's indeed a little strange ... If there's no special reason, it's unlikely for him to suddenly wake up ..."

Lin Yi pondered for a moment and shook his head,"Maybe Yaoyao is an exception, but not the others. No matter what, I'll have to ask you to keep an eye on them. If anyone else wakes up, don't let them leave!"

"I understand...What happened to Mengyao was our ..."

Jingyi didn't know what to say-would she break Lin Yi's heart again if she continued?

"Forget it, let's not talk about Yaoyao for now. I'll talk to them!"

Lin Yi waved his hand lightly, and Jingyi fell silent-she knew that Lin Yi was tactfully asking her to leave.

It might be better to leave Lin Yi alone and chat with the girls.

"Then, big brother Lin, I'll head down first. Call us if you need anything!"

Jingyi said softly, and Lin Yi nodded at her with his back to her. She couldn't help but feel pity for him as she went downstairs quietly.

Lin Yi stayed by everyone's side for a while, speaking softly to them, and time passed without him knowing.

Lin Yi didn't come down until evening, and Xu Shihan was in the living room with him.

"Big brother Lin ..."

Xu Shihan saw Lin Yi coming down and quickly went up to him, "Long time no see, how are you?"

She was still worried that Mengyao's disappearance would be a huge blow to Lin Yi.

After receiving the news of Lin Yi's return, Xu Shihan left everything behind and flew back from Europe as fast as she could.

However, she didn't have a flying saucer to use and had to transfer flights on the way, so she only arrived at the villa at noon.

"Long time no see, Shihan! I'm doing fine!"

Lin Yi smiled as he walked up to her and gave her a light hug. "It must have been a tough journey coming back from Europe, right?"

Chapter 7455 Mastermind

"No, it's not hard to take a plane. I don't have to run back by myself!"

Xu Shihan saw that Lin Yi's condition was fine and let out a breath of relief, "I heard from everyone that brother Lin is going to Europe. Let's go together this time!"

"Of course you can! Since you're back, why don't you tell Yiyi about the new organization in Europe?"

Lin Yi said as he gestured for everyone to sit down. He noticed that two people were missing and asked casually, "Xiaobo and Dafeng aren't here?"

"Boss, Xiaobo and brother Dafeng went to work on the list you gave them. With the two of them searching for the items, it should be done soon."

"Xiaobo's position in the business world is different now," Lai Changyi explained quickly, "he can get most of the items on the list, but there are some high-end components that even the governments of the world may not have. You can only get them at central, and brother Dafeng can help in this area. "

"So that's how it is, then let them be busy!"

Lin Yi thought about it and agreed. Dafeng bro was sent to central as a director after he signed the peace agreement with central. It shouldn't be hard to get something from central.

What's more, these things were originally used in the sub-Island Center, so there should be similar inventory in the center!

"Shihan, Yiyi, you two have more contact with that European Organization. Tell me what you know."

"In the beginning, that organization was rather mysterious and did things in a low-key manner. It was only after it developed that we began to pay attention to it."

"The strength they've shown so far," Xu Shihan said seriously, "other than the local gangs in Europe, they also have a few foundation Stage Masters, and the name of this organization is new sacred!"

"A new Saint-level? Interesting!"

Lin Yi's eyes flickered as his lips curled into a cold smile. "Last time, I destroyed the central Saint domain. This time, a new Saint domain has been created?"

Hearing this name, it was impossible not to connect it with central. Moreover, several Foundation establishment stage experts had appeared all of a sudden. In the secular world, there was probably no other organization with this ability except central!

It seemed that the previous secret sweep of the secular world's central forces had not been successful. No matter how many bases were destroyed, as long as the roots were not removed, they would definitely grow again in the spring breeze!

"That's what we thought as well. However, the foundation establishment cultivators exposed by the European new sanctuary are all unfamiliar. They don't have any members from the previous central."

"Brother Dafeng also helped to look at the information of those people," Cheng Yiyi continued. "He said that they don't exist among the known central members."

"It's very normal. The center is best at training people in secret. Brother Dafeng is clearly an eye I sent over, and what I can find out is very limited."

Lin Yi said as he remembered the spiritual sense marks he left behind during the negotiation with central.

Including Xue Jianfeng, as long as they were in the secular world, they could determine the approximate location through spiritual awareness marking.

But after a while, Lin Yi realized that the spirit sense marks had disappeared.

If it wasn't that there was an expert in the center who found it and helped to erase it, it was that his primordial spirit had been greatly damaged before, causing all the spiritual awareness marks here to lose their effectiveness.

However, of the two possibilities, the second one was more likely.

"Indeed! In addition to a few foundation establishment stage Masters, the shadow of the new Holy region is seen in the cultivation world of Europe and the high-level Parliament of several countries. We suspect that the new Holy region has already controlled most of the power in Europe. "

Xu Shihan added,"to be able to do this, it means that the new sanctuary's infiltration ability is quite outstanding. There must be a strict and clear organization behind this!" And the center is undoubtedly the most suitable one!"

"It seems like our old friend hasn't given up yet. He's trying to rise from the ashes again!"

Lin Yi smiled coldly. "LAN xiaoru, an Jianwen, Kang Zhaolong, and Xue Jianfeng, who's the one behind this?"

It just so happened that Chu Mengyao's disappearance had accumulated a lot of anger, and he could vent it on these old friends!

"Maybe they were all involved? Big brother Lin, how about we capture them all in one fell swoop this time?"

Cheng Yiyi was excited. Last time she was kidnapped by central, she went to the sanctuary base at the bottom of the sea. In the end, it was Lin Yi who destroyed the base. It was exciting just thinking about it!

Lin Yi only went there to save her!

It felt like the Knight had single-handedly rescued a Princess who had been captured by an evil Dragon. In the end, the Knight had killed the evil Dragon and rescued the princess. It was so perfect that it seemed like a fairy tale.

It would be even better if they could participate in this!

"We'll see. Of course, it'll be best if we can catch them all in one fell swoop!"

Lin Yi smiled noncommittally before asking, "Where is Chen Dongcheng now? Have you returned to the green cloud sect?"

After Chen Dongcheng turned to Lin Yi, he was left behind to take care of the people in the secular world-this was his most important trump card.

After all, Xue Jianfeng's strength was enough to suppress the entire secular world, and only Chen Dongcheng could hold his own against him.

In the end, she did not see Chen Dongcheng when she returned this time? What was this guy thinking?

"Boss, Chen Dongcheng just left a few days ago. He said that he felt that he was about to break through and needed to find a quiet place with abundant spirit Qi to seclude himself for a few days. So, he went to the island between the secular world and the small Jianghu of the immemorial era. If everything goes well, he should be back soon."

Changyi was like the head of this place, knowing everyone's whereabouts like the back of his hand. He had an answer to Lin Yi's question.

"He's in seclusion to break through. That's a good thing. It seems like Chen Dongcheng hasn't wasted his time during this period of time. Not bad!"

Lin Yi nodded slightly. He left Chen Dongcheng the complete martial arts technique of Qingyun school and the snow sword sect before he left.

As for cultivation resources, with brother Dafeng guarding the wormhole passage that connected to Sky Class Island, Chen Dongcheng's share would definitely not be missing.

Chen Dongcheng's breakthrough was worth Lin Yi's time and effort. With a master of the xuansheng stage around, the villa's safety was assured.

"Boss, other than sis-in-law Shihan and sis-in-law Yi Yi, who else do you need to bring to Europe? When Chen Dongcheng returns from his breakthrough, do you want him to look for you for help?"

Changyi was calculating how many people he needed to send to wipe out Europe's new sanctuary, but with boss Lin Yi here, the others didn't seem like they'd be able to do much!

"Not for now. The villa needs protection. When Chen Dongcheng returns, let him stay here!"

Lin Yi thought about it and shook his head, "Anyway, you guys know that the few pieces in the center are no match for me!"

Lin Yi didn't even care about the foundation level Masters on the surface. The only one that could be considered a threat was Xue Jianfeng!

Chapter 7456 No News

Although Lin Yi's injuries weren't fully recovered yet and he could only use the strength of an original leveled cultivator, this wasn't the sub Island. There was no suppression of spirit sense and pure energy, so Lin Yi had the ability to fight above his level!

Xue Jianfeng was indeed stronger than Lin Yi, but this small difference wasn't enough to pose a threat to Lin Yi. So Lin Yi didn't think that the trip to Europe would be that difficult.

"Boss Lin Yi is still as powerful as ever! If that's the case, we'll be ready here at all times. If there's a need for us to wrap up the operation, boss, please inform us at any time!"

A cheeky smile appeared on Changyi's chubby face as he winked at Lin Yi. "Boss, you know that I'm the best at showing off after boss has defeated the enemy!"

Lin Yi couldn't help but smile. He knew that fatty Lai was just trying to make him happy. He was touched, and it was a rare warmth to be able to talk and laugh with an old friend.

"Alright, alright, alright, I'll give you a chance to show off, fatty Lai! Hurry up and order a few sets of coquettish clothes, so you can make a grand entrance!"

Lin Yi joked with Lai Changyi before changing the topic, "You've probably contacted Sky Class Island about Yaoyao, right? Did you find anything on Jing Jing's side?"

The hall was silent again-Lin Yi's words had shifted the focus back to Mengyao. It seemed like boss Lin Yi wasn't going to let go so easily ...

"They did try to contact Sky Class Island, but Jing Jing's wife said she didn't find anything," Changyi said with a bitter smile.

Lin Yi had expected this, but he still felt a little sad. He remembered that when he last saw han Jingjing, he felt that she was a little unnatural.

At that time ... She must have already known about Yaoyao's disappearance, right? Did he deliberately hide it so that he wouldn't worry?

"I understand ... But I still need to talk to Jingjing about this matter personally."

Lin Yi pondered for a while, his fingers tapping on the arm of the sofa."The new sanctuary in Europe hasn't shown any immediate threats yet. Shihan, Yiyi, you two wait for me here, or you can go back to Europe first. I'll go to the wormhole passage to take a look!"

"Big brother Lin, didn't you say that you'll focus on the wormhole and Mengyao after we're done with this?"

Cheng Yiyi was anxious and couldn't help but object,""Let's go to Europe first and settle the new sanctuary, okay?"

Since the new sanctuary might be supported by central, Lin Yi shouldn't be able to solve the problem in two or three days if he went to Europe. He might be able to make new progress with Chu Mengyao's case in this time.

Even if there wasn't any new development, this buffer time would allow Lin Yi to calm down and not do anything rash like entering the wormhole!

This was why Cheng Yiyi was so anxious to object-if Lin Yi went to the wormhole now, he might just walk into the tunnel, and the danger was self-evident!

"There's no hurry with the new sanctuary organization. It won't be a problem even if we're one or two days late. Dafeng just happened to have some matters to attend to over there. I'll go over to take a look. I'll be heading to Europe soon!"

Lin Yi thought that central would be a bit more troublesome and wouldn't be cleaned up so quickly, so he contacted Han Jingjing first. It would save time if they worked together, so he changed his mind.

Since he'd made the decision, the others' advice wouldn't work. After giving a few more instructions, Lin Yi set off alone to the wormhole.

Xu Shihan and Cheng Yiyi, on the other hand, took a plane to Europe, waiting for Lin Yi.

The flying saucer flew at full speed and soon arrived at the wormhole of the mortal world.

Here, brother Dafeng controlled more than half of the power. Because Wang Ba had come to help clean up the place, the central power had suffered a great blow.

But before Central's forces in the common world were completely destroyed, the wormhole couldn't completely ignore them. After all, Lin Yi had a new peace agreement with central on Sky Class Island, and he couldn't go too far.

"Boss Lin Yi, what are you doing here? Are they the materials on the list? I'm dealing with it, you don't have to come here personally!"

Brother Dafeng knew that Lin Yi had arrived and quickly ran out to welcome him, "I'll get everything boss needs in two days!"

"You've worked hard! Dafeng, I'm sure I'll be at ease if you handle this matter, so I didn't come here for this matter. "

Lin Yi put away the flying saucer and smiled at Dafeng bro, "I just want to check the wormhole to see if there are any clues about Yaoyao."

"Boss ... You're not thinking of entering the wormhole tunnel, are you?"

Dafeng bro jumped in shock. He and the others were worried that Lin Yi would go into the wormhole!

It was too dangerous there, and who knew what might happen?

"Yes, I do have this idea."

Lin Yi didn't deny it and nodded, "Don't worry, I'm a primordial spirit now, and the wormhole tunnel isn't too dangerous to a primordial spirit. Jing Jing used the wormhole tunnel to return to Heaven Island, and Wang Ba often goes back and forth in the wormhole tunnel. You should know him, right?"

"I know Wang Ba ... But I heard from him that the wormhole tunnel is filled with danger. It's unbelievably dangerous. He's also gone through countless dangers and almost died before he managed to pass through the wormhole."

Brother Dafeng had a worried look on his face, but he firmly shook his head. "Boss, I don't agree with you taking the risk. Contact the Sky Class Island and ask sister-in-law Jing Jing to arrange for Wangba to come and explore, okay?"

Lin Yi found it funny and annoying at the same time-he knew that idiot had been exaggerating things in front of Dafeng bro, as if he was some Big Shot.

Of course, there were definitely dangers in the wormhole passage. It might not be very safe for the primordial spirit, but it was definitely not as exaggerated as Wang Ba had said.

"Don't listen to Wang BA's bragging. I know what the wormhole is like, so don't worry."

Lin Yi couldn't explain it to Dafeng bro since he wouldn't understand anyway. He patted his shoulder and said, "Dafeng, you can't be thinking that I can't do what Wang Ba can, right?"

"Of course not! Boss is so much stronger than Wangba, he'll definitely do better than Wangba!"

Brother Dafeng immediately shook his head like a rattle-drum, but his expression was still somewhat worried. "But boss, an experienced sailor and a land martial arts Grandmaster's ability to survive in the sea can't be measured by combat power, right?"

In other words, Wangba was the sailor, and the wormhole was the ocean. Lin Yi was a land Grandmaster, and while he could fight, he might not be able to survive as well as Wangba in the wormhole.

Chapter 7457 Drama Queen Wang Ba

Lin Yi almost laughed. He didn't expect Dafeng bro to be so eloquent. Unfortunately, he had already made up his mind. No matter what Dafeng bro said, he wouldn't change it.

"Alright, you don't have to say anymore! I know better than you whether I can survive the wormhole!"

Lin Yi didn't want to waste any more time with Dafeng and walked straight to the entrance of the wormhole, "I have to go into the wormhole to take a look today. Don't worry and do what you need to do."

Dafeng bro followed Lin Yi with a bitter face. He knew that he couldn't persuade Lin Yi and there was nothing he could do.

Lin Yi's appearance here should be known by everyone in the villa. If so many people couldn't persuade boss Lin Yi, there was no way he could do it alone.

"Boss, if you want to enter the wormhole tunnel, how can I, Dafeng, still have the mood to do anything? I can only wait at the entrance of the tunnel and wait for your news ... Otherwise, if others ask and I don't know the situation, won't I be torn apart by them?"

"As you wish! Just don't delay things!"

Lin Yi didn't really care about that. After all, someone would do the work after Dafeng bro gave the order. He didn't have to do everything himself.

At the entrance of the wormhole, Lin Yi didn't waste any more time and dashed in, not even giving Dafeng bro a chance to stop him.

After entering the tunnel, Lin Yi's essence spirit immediately turned into essence spirit. Some of the spatial turbulence and other dangers instantly passed through without any resistance. Lin Yi wasn't affected at all.

As expected, the safety of an essence soul entering the wormhole was greatly guaranteed.

Before Lin Yi could move, an invisible force carried the spirit forward. The light at the entrance weakened and disappeared as the distance increased.

Lin Yi knew that if he didn't care and just followed the wormhole's power, he'd end up exiting from the other side, the secret base on Sky Class Island, where Han Jingjing and Wang Ba were.

This wasn't Lin Yi's main reason for entering the wormhole—he wanted to see if Mengyao had left any traces behind!

So after the spirit moved for a while, Lin Yi broke free from the tunnel's force and started to wander around.

With Mengyao's strength, she'd be killed in the shortest amount of time if she entered the wormhole, so Lin Yi decided to search the secular world first.

Of course, the final result was naturally nothing ... Nothing!

This might be good news. It would be worrying if they found any clues.

Lin Yi continued to theorize that if Mengyao survived the first attack, she would've been carried forward by the energy of the tunnel.

It was impossible for Mengyao to break free from the wormhole's teleportation power when she wasn't in her Yuan Shen State and was still weak!

After Lin Yi's fruitless search in the area, he followed the tunnel again, wandering and exploring like a lost ghost, lingering in this strange portal.

In the end, Lin Yi confirmed one thing. If he'd come here with his new body, he would've been in danger countless times already!

The chance of survival was less than one in a thousand!

From this, Chu Mengyao's chances of survival were probably less than one in a hundred thousand ...

Even so, Lin Yi didn't want to give up on this one in a hundred thousand chance. He continued to search around the wormhole until the light of another exit appeared in the distance!

They had arrived at Sky Class Island!

Lin Yi put away his disappointment and turned back into his Yuan spirit form. He looked back at the weird wormhole tunnel and sighed before leaving!

"Lin Yi bro!"

Han Jing Jing had long noticed the commotion in the wormhole tunnel and was waiting at the exit with Wang Ba.

She didn't receive any news from Dafeng bro, so she didn't know it was Lin Yi.

At first, Han Jingjing was still holding on to the possibility that the long-lost Chu Mengyao would suddenly appear, but she didn't think that it would be Lin Yi instead!

After the cheer, Han Jing Jing had already pounced over and hugged Lin Yi tightly.

"Lin Yi bro, why are you here? Have you found the blue sky Valley? Have you already reconstructed your body?"

Han Jingjing hugged Lin Yi happily. She didn't ask how Lin Yi came out of the wormhole but asked all the questions she cared about.

"Yes, I found the Azure sky Valley, and my master Liju helped me refine the purple mist sinful Lotus into a pill. I've remade my body, and I'm in the middle of re-cultivating!"

Lin Yi's mood improved as he held the girl in his arms. "Jing Jing, how have you been these days? Did anything happen?"

As the two were talking, Wang BA's eyes lit up as he stared at Lin Yi.

Lin Yi's aura wasn't that strong yet, and so Wang Ba was interested after hearing that Lin Yi had successfully reconstructed his body.

Lin Yi was re-cultivating, so he was weak now? He did look like a noob!

If he suddenly attacked Lin Yi, would he have a high chance of success?

Wang Ba was crazily plotting his possession plan. If he could enter Lin Yi's body first, even if Han Jing Jing had restrictions on him, he wouldn't dare to use it, right?

There was really a chance!

F \* ck!

...Wait!

Lin Yi little soul was extremely cunning! How could he have revealed a flaw? [Did you tell me the important information of re-cultivation to lure me into your trap?]

This little brat was the worst! Could it be that you don't have an excuse to kill me, so you've dug a hole and want me to jump in?

He was really F \* cking evil!

Do you think I'll be fooled?

Hmph, Hmph, Hmph, I'm a genius, wise, and powerful. Why would I fall for your evil scheme, you little soul? Stop dreaming!

You want me to possess you? I won 't!

Even if you pretend to be on your last breath and are about to die, I won't be fooled!

Instead, I'm going to save you with all my heart! Let's see what other tricks you can play!

Little guy! You're still too inexperienced to fight with me!

Wang Ba looked at Lin Yi as if he had seen through everything. He was very proud of himself, thinking that he had won The Secret Battle against Lin Yi. The day when he could escape Lin Yi's control was just around the corner!

Lin Yi didn't even notice Wangba at all-he was looking for Mengyao before exiting the tunnel, and all he could think of was han Jingjing-he was going to tell her about Mengyao, so he didn't have time for Wangba.

Only a ghost would know that in such a short period of time, Wang Ba, the drama queen, had added so many scenes for himself and had even experienced such a wonderful mental journey ...

Chapter 7458 Guaranteed Mission

"Right, Lin Yi bro, why did you come out of the wormhole? Could it be that the exit of the Azure sky secluded valley leads to this wormhole?"

Han Jingjing cuddled in Lin Yi's arms for a while before remembering that Lin Yi came out from the wormhole. She was surprised and confused, wondering if Chu Mengyao went to the Azure sky Valley through this unknown passage.

"No, I came from the secular world for Yaoyao's matter!"

Lin Yi shook his head slightly, his face darkening."Jingjing, do you have any news about Yaoyao?"

Wangba, who was gloating, was taken aback, remembering the scene when Lin Yi came out of the wormhole.

Aiya, d \* MN!

Lin Yi, the little B \* stard, could come and go as he pleased in the wormhole, so what was the use of this Grandpa?

No wonder this little brat wanted to set a trap to deal with me!

This made sense!

So Lin Yi was planning to kill the cunning rabbit and hide the good bow when the bird was gone-he didn't need me, so he was ready to kick me away!

Ba Wang felt that his reasoning was perfect. If he were in the secular world, he would be a world-famous detective!

"Boss Lin Yi, Uncle Lin Yi! This little Wang Ba is here to pay his respects!"

Thinking about Lin Yi's killing intent, Wangba couldn't stay still any longer. He quickly put on a flattering smile and went over, "Dafeng bro told us to be careful of Chu Mengyao ....."

Lin Yi's eyes widened, his killing intent overflowing!

Aunt? Do you have the guts to say that again?

Wangba's whole body shivered, only then realizing how rude he was. Lin Yi was a respectful title, but what was Chu Mengyao's aunty? Are you looking for death?

"No, I'm wrong. I'm talking about Chu Mengyao's sister-in-law. Dafeng bro told us to look for her, and I've been walking back and forth in the wormhole hundreds of times for this!"

Wang Ba wanted to cry but had no tears. He quickly expressed his loyalty and diligence. "Although this lowly one didn't find any traces of sister-in-law, this lowly one believes that the heavens will bless her and that she will definitely be fine! I will continue to search for sister-in-law in the future ..."

"Alright, I know you've worked hard. Just stand aside!"

Lin Yi waved his hand, sending away Wangba, who was about to suck up to him. He turned to Jingjing, "Jing Jing, what Wang Ba said is the truth, right?"

"Mm ... It's true that elder sister Yaoyao didn't come out from here, and Wangba searched the passageway many times, but he didn't find anything."

Han Jingjing's expression was dejected. She lowered her head and said softly, "Lin Yi bro, I'm sorry. Jingjing is useless, she can't help Yaoyao sis ..."

"What are you talking about? what does this have to do with you?"

Lin Yi patted her lowered head and smiled. "Jing Jing, you've already done very well. Even if you didn't come out from this exit, it doesn't mean that you can't leave from other places. I remember you saying that when you were wandering in the passage, you found many small spatial cracks, and these spatial cracks were very unstable."

"That's right! Jing Jing came out from this crack before, and maybe Yaoyao sis did the same. That's why we couldn't find any clues in the wormhole!"

Han Jing Jing immediately became excited. She clapped her hands and said, "If that's the case, maybe Yaoyao sis has already left the wormhole, is in the mortal world, or is on Sky Class Island. She just can't contact us for some reason!"

At this point, han Jingjing could not help but spin around on the spot and mumble, "It's unlikely that she'll return to the common world. Our people already have a huge reputation and influence there. As long as Yaoyao sis doesn't lose her memory, she'll find a way to contact our people the moment she appears. "

"The only possibility is that she's already on Sky Class Island."

"Sky Class islands are vast and endless, and no matter which island Yaoyao sis appears on, she won't be able to contact us for a while. Lin Yi bro is famous on all the islands, but Yaoyao sis doesn't know who can contact him or US, so she can't go and ask for help!"

Lin Yi smiled bitterly to himself. He knew that han Jingjing was holding onto a tiny bit of hope, and wanted to expand it by ten times, a hundred times, or even a thousand times, so that he could feel that Chu Mengyao still had a chance to live.

In fact, this possibility wasn't even one in a hundred thousand as Lin Yi had estimated, and it was just wishful thinking.

"Lin Yi bro, I think this really is a new direction, so we'll have to look for these unstable spatial cracks in the wormhole and determine their exit."

Han Jingjing suddenly stopped in her tracks. She raised her head and said in a serious tone, ""As long as we can find an exit like that, we might be able to find where Yaoyao sis is!"

"Mm! Jingjing, your analysis is very reasonable. I also think that this is a good direction for investigation!"

Lin Yi nodded. He couldn't give up so easily, even if there was only a one in a hundred thousand chance. Perhaps a miracle would appear?

So he turned to Wangba. "Wangba, I'll have to trouble you to search for these unstable spatial rifts in the wormhole. Once you find anything, go out and confirm the location immediately and come back to report."

As long as he could confirm that the opening was on Sky Class Island, it wouldn't be hard for him to find Mengyao with his current status.

Other than the world of spirit beasts on the southern island, it was a piece of cake to find someone on the other big islands.

If it weren't for the fact that Sky Class Island was so big, searching without a specific area was like looking for a needle in a haystack. It'd be a waste of manpower, and Lin Yi would've gone to the big islands to ask for help already.

As long as he had a general target area, it would be much easier to find people. After all, helping was helping, and they had their own things to do. They couldn't just search endlessly year after year without any complaints.

"Alright! Boss Lin Yi, don't worry-leave this to me, Wangba. I'll be the one to find the right person, and I won't let you down! I promise to complete the mission!"

Wangba was overjoyed, as if Lin Yi had given him some kind of important mission.

Hehe, Lin Yi, you still have to rely on me after all-it must be my act of loyalty that made this kid think I'm still useful!

'If they send me to do such a big job, they shouldn't continue to harm my life. For the time being, my safety is guaranteed!'

Luckily, I'm smart!

It's not that easy for a little brat to trick me! Just by putting on a show, you can be fooled!

"Lin Yi bro, is your body in the mortal world? I really want to go back to the common world and see your new body, Lin Yi bro!"

Han Jing waited for Lin Yi to finish giving Wangba the mission before returning to the topic. "Compared to the past, is your body not used to it?"

Chapter 7459 Spatial Rift

"No, I didn't! The new body was more perfect than the original, and it would be better to cultivate and have greater potential in the future! There's no need for you to be anxious. You'll see it one day. Actually, in terms of appearance, it's no different from before. It's exactly the same as my current primordial spirit. "

Lin Yi didn't tell her that he was on the sub-Island-it was a long story, and he didn't need to explain. "Jing Jing, I'll leave the Sky Class Island to you. Let me know immediately if you have any news about Yaoyao. There's still something I need to deal with in the secular world, so I'll have to go back soon!"

"Okay ... Don't worry, Lin Yi bro, I'll do my best to find Yaoyao sis, and I'll let you know as soon as I find her!"

Han Jingjing didn't want to see him go-it wasn't easy for them to meet, and they had to leave after just a few words. But she knew that Lin Yi was busy, so she didn't want to pester him, "Lin Yi bro, you go! If you're done with the secular world and there's nothing else, come and talk to Jing Jing!"

"Good! Don't worry, Jingjing. I'll definitely come and find you when I have time!"

Lin Yi smiled bitterly. Who wouldn't want to be with someone important? It was just that many times, he had no choice!

With that, Lin Yi reached out and gave Jingjing a light hug, whispering into her ear, "I'm leaving, you take care!"

Wang Ba was frustrated, how could he forget that Lin Yi came out of the wormhole!

This was clearly something that could only be done in the primordial spirit state.

It's laughable that I was actually thinking of taking over his body just now!

Now that they thought about it, they couldn't help but break out in cold sweat. Fortunately, they didn't really make a move, or they would have been dead!

Lin Yi was really cunning, saying that his body had been successfully reconstructed and that his strength had been greatly reduced. It was obvious that he wanted to make Lin Yi think that he could make a move when he had the chance!

And the consequences? What other consequences could there be if he tried to possess a primordial spirit? I'm afraid that Han Jingjing will kill me without any hesitation!

PEI, PEI, PEI, this adulterous couple, neither of them are good people!

Fortunately, I'm wise, divine, and extremely intelligent. I didn't fall for their tricks! He would definitely teach them a lesson in the future!

Wang Ba gritted his teeth in hatred and added scenes for himself. Lin Yi had already finished saying goodbye to Han Jingjing and entered the wormhole, returning to the secular world!

On the way back, Lin Yi tried to look for those spatial rifts, but he didn't find anything. Even the exit at the Sky Class Island was nowhere to be found.

Wangba had destroyed everything thoroughly-the exit at the center was completely destroyed, not even a crack was left. Lin Yi didn't know if he should be happy or sad.

Mengyao would've had a chance to live if there was still a small gap ...

After returning to the exit of the common world, Lin Yi reappeared to see Dafeng bro running around the exit like an ant on a hot pan. He was overjoyed to see Lin Yi.

"Boss, you're finally back! Did you find anything?"

Dafeng bro was really worried now. There was no news of Lin Yi after he went in, and he didn't know who to discuss it with.

The villa knew about Lin Yi's situation, and it was useless to talk to them. They were all worried, and Dafeng bro didn't dare to send a message to han Jingjing.

Not to mention whether han Jingjing would be worried after receiving the message, who knew what would happen if Wang Ba was sent into the wormhole to help?

For example, what if Wang Ba had evil thoughts? Or what if the wormhole couldn't accommodate two essence souls at the same time and allow the two essence souls to fuse?

In any case, while brother Dafeng was worried, he had imagined countless plots in his mind. He could even use them to write a thriller novel when he had nothing to do!

"I didn't find anything. I went to see Jing Jing."

Lin Yi's face darkened, and he couldn't help but feel sad. He shook his head and sighed, [There's still no news of Yaoyao, but Jing Jing did suggest a more reliable possibility.]

"What possibility?"

Dafeng bro's eyes brightened-he cared for Mengyao as much as anyone else!

After all, Chu Mengyao entered the wormhole through the entrance he was responsible for guarding. If he were to pursue the matter unreasonably, he would have to bear the blame!

"I've seen many small spatial cracks in the wormhole tunnel before ..."

Lin Yi briefly explained han Jingjing's speculations, and Dafeng bro nodded as he listened, his expression becoming excited.

"Boss, sister-in-law Jing Jing is so smart! I think this possibility is very high! We'll have to see if Wang Ba can find the spatial Rift!"

Hope was ignited in brother Dafeng's heart, and he wished that he could also send his primordial spirit out of his body to explore the wormhole and find out where the spatial cracks were.

Lin Yi nodded and didn't say anything, but he was thinking that maybe he should get his body back from the sub Island and walk through the wormhole again in his body.

That was the only way he could accurately know what happened to Mengyao and where she went.

Unfortunately, the sub-Island wasn't connected to the secular world, so only primordial spirits could project. It was almost impossible to get the body back.

Wait ... Maybe I can try another way ... But I can't be sure yet.

Lin Yi pinched his chin and started thinking.

However, before that, he still had to take advantage of the situation in the secular world where there was no suppression of spiritual sense and true Qi to try to repair his primordial spirit.

"Boss, boss Lin Yi?"

Dafeng bro saw that Lin Yi didn't react at all and was in a daze. He was worried and thought that it was some kind of side effect from entering the wormhole. He couldn't help but wave his hand in front of Lin Yi.

"Eh? What's wrong?"

Lin Yi retracted his thoughts and looked at Dafeng bro, "Where were you just now?"

The corner of brother Dafeng's mouth twitched. He thought to himself, where did I say that ... I don't seem to remember it either ...

"It's nothing. I was just thinking that you must've already made arrangements for Wangba on Sky Class Island, boss. Should we do something to help them?"

Brother Dafeng managed to turn his thoughts back and finally found a suitable topic. "Boss, the spatial Rift you mentioned just now, since we also have one here, then let's look around the world. Maybe sis-in-law Mengyao is injured and temporarily lost her memory, so she's staying in some small place?"

"What you said makes sense!"

Lin Yi nodded slightly. Although Han Jingjing guessed that the chances of Chu Mengyao appearing in the common world were low, it wasn't impossible.

"Contact Xiaobo and fatty Lai and tell them to arrange for a global bounty for Yaoyao's whereabouts. Be careful not to expose our identities and let irrelevant people take charge of this matter ... The starting point will be overseas! This way, if we're noticed, they'll only think that there's an outsider looking for Yaoyao, and they won't suspect us immediately. "

Lin Yi's concerns were simple—if central found out about this, it might cause some unwanted trouble. He only needed to put a bounty on the person who looked like Chu Mengyao, and he didn't even need to announce the name.

Chapter 7460 Atrocious Cultivator

If his guess was correct, Chu Mengyao should have returned to the mortal world without contacting anyone because she lost her memory.

Mengyao's contact was also a normal person from abroad to prevent names like Kang Xiaobo and Lai Changyi from agitating central. In short, as long as central didn't interfere, Mengyao would be safe.

"Yes, boss, I'll make the arrangements!"

Brother Dafeng acted swiftly and called Kang Xiaobo and Lai Changyi immediately.

Lin Yi only agreed to do it in the common world because it was a small area, and there weren't any strong practitioners there, making it easier to control.

With Lin Yi and the people around him, it wasn't an exaggeration to say that one word from them could turn the world upside down.

Two minutes later, Dafeng bro ended the call and reported to Lin Yi, ""Boss, it's all arranged. We'll put a bounty of 100 million US dollars on sister-in-law Mengyao's whereabouts. We'll start in Europe and North America at the same time, and then slowly spread it to Asia."

"The reward will specifically state that sister-in-law must be kept alive. As long as you can provide information, you will be rewarded. Even if it is proven that you are not the target, but you are very similar to the target, you will still be rewarded with at least one million dollars!"

Lin Yi nodded in agreement.

There were so many people in the world who looked like Mengyao, and this bounty could easily find hundreds or thousands of people who looked like Mengyao. The fake reward might far exceed the official bounty.

But it didn't matter-money from the secular world was the last thing Lin Yi needed right now. Let alone one or two hundred million, even if it were billions or even trillions of dollars, as long as he could find Chu Mengyao, it would be nothing!

However, raising the reward to that level would attract mercenaries from all over the world. It wouldn't be good for Mengyao's safety, and the current reward was the most reasonable range.

"Not bad! Remember to follow up on this matter. If there's any news, let me know at any time!"

Lin Yi noticed Dafeng's hesitation after he finished,"What else are you not saying? Just spit it out!"

"Boss, it's like this-during the call, fatty Lai told me something, but I don't know if I should bring it up. It's not a big deal ..."

Dafeng bro scratched his head with a smile, and Lin Yi couldn't help but scold him."Just say what I told you to say, what's with all this nonsense!"

"Yes, yes, yes, boss!"

Brother Dafeng quickly smiled apologetically and said,"it's mainly because this matter is too small. That's why I didn't want to alarm you, boss. Our spies have discovered that two experts from the new sacred zone have already entered the borders today!" The target is currently unknown, but it's possible that they're coming for us!"

"They finally dare to come to our territory and cause trouble?"

Lin Yi's eyes went cold-he hadn't even made it to Europe yet, and the new sanctuary already sent people over? Interesting!

"What kind of expert? How's his strength?"

"I can't see through it ... He's at least at the foundation establishment stage."

Brother Dafeng hesitated for a moment before saying, "boss, are you going to Europe now?" Sis-in-law Shihan and sis-in-law Yiyi have already gone over. Since the new sanctuary organization dared to send people over, there might be a situation in Europe. "

Lin Yi frowned. He had to admit that Dafeng's concerns were reasonable. If the new sanctuary organization targeted Xu Shihan and Cheng Yiyi in Europe, there might be another concert kidnapping incident!

At this time, the decisive disadvantage of not having enough Masters could be seen. If Chen Dongcheng had returned, Lin Yi could naturally go to Europe without any worries.

With a xuansheng stage powerhouse in charge, the new sanctuary organization would not be a threat as long as Xue Jianfeng did not come personally.

"Is there any news of Chen Dongcheng?"

"There's news. The guards at the secular world's teleportation point just sent a message not long ago saying that Chen Dongcheng has broken through and successfully advanced. He's currently on his way back, but I'm afraid that his speed can't compare to the two experts from the new sanctuary organization."

Brother Dafeng thought for a moment and consoled, "Boss, you don't have to worry. We have many people here. It's useless for ordinary Foundation establishment cultivators to come over. Moreover, Chen Dongcheng has already come out of seclusion and will be back soon. Boss, you should go to Europe first. The two sisters-in-law are alone there and need more care."

"En," Lin Yi replied casually, but he felt that something was wrong.

Would the new sanctuary organization only send two foundation building cultivators to cause trouble in the country? He wasn't that stupid, was he?

Didn't they know that Xiaobo and Changyi, who were usually in charge of business and didn't bother with cultivation, were already in the Foundation Stage?

The real fighting strength was Chen Yutian, Yu Bing, Yang Qiqi, and the others—two foundation level Masters—challenging them was suicide!

Or, could it be that the strength of these two new sanctuary members, whose strength couldn't be seen through by the eyes, was actually beyond the foundation establishment stage?

"I'd better go back and take a look! I'll leave this to you-if there's any news from Sky Class Island, let me know! Keep in touch!"

Lin Yi thought about it and decided to go back first. It wouldn't take too much time anyway.

Lin Yi disappeared in front of Dafeng as soon as he replied. A flying saucer appeared in the air and disappeared in a flash!

As soon as Lin Yi left, the two masters from the new sanctuary organization arrived at their destination.

It wasn't the villa base that Lin Yi and Dafeng bro were thinking of, but the mystic Investigation Bureau, the practitioner Management Association!

"Who's in charge here? A living person!"

The speaker was a tall white man with blonde hair and blue eyes. He was thin, had dark eyes, and a stiff expression, but he was quite fluent in Chinese.

The other was an Asian woman who looked to be in her mid-30s. Her looks were average, and her expression was similar to the white man's. Because she didn't speak, it was unknown which country she was from. However, her temperament seemed to be from Korea.

"Who are you? do you know where this place is?"

A cultivator from the cultivators Association at the door saw that the two of them came with ill intentions and coldly said, "Please leave, unrelated people. This is not a place for you to behave atrociously!"

"Are you the person in charge of the cultivators Management Association?"

The white man glanced at the cultivator coldly and frowned. "It doesn't look like it! Such a weak piece of trash actually dares to jump around in front of me!"

As soon as he finished speaking, he struck out with his palm!

It was a light and casual palm. It seemed slow and powerless, but the cultivator could not avoid it at all. He could only watch in horror as the White palm gradually enlarged in his pupils and then imprinted itself on his chest.

The sound of bones breaking could be heard continuously. The cultivator's eyes bulged and his body flew backward. At the same time, he spat out a mouthful of blood.

With a loud boom, the cultivator crashed into the wall of the hall, creating a large crater. The bone armor on his body, starting from his chest, was completely shattered.
