

Bodyguard 7481

Chapter 7481

Mike's face became paler and paler. He looked at Justina, not knowing what to do, hoping to get some help from her.

Just as Lin Yi expected, this operation was all Justina's idea. Mike was just excited because he liked to take risks.

"Mr. Eighth brother, do you like me? It would be my honor!"

Joyfully, Justina turned her wrist gently and took off her wet coat. She shook it a few times and said, "It's so uncomfortable to wear wet clothes. Can you help me dry them, Mr. Eighth brother?"

As she spoke, Justina naturally showed off her hot body in all aspects.

Her delicate collarbones, her proud upper body, her tight waistline, and the clear waistline on her lower abdomen all exuded an alluring charm. However, she did not deliberately pose, so she had a natural style and was exceptionally attractive!

Mike gulped, forgetting Lin Yi's threat as he stared at Justina.

Lin Yi chuckled to himself-this girl was pretty, but she was a foreign horse!

On top of that, Lin Yi had seen too many pretty girls in his life, and this little bit of seduction was nothing to him. He was way past the age where he could only see small dust machines.

Speaking of which, he really missed the days in the Miss and Shu's Villa, especially that morning when he was caught peeking at the satellite TV!

In the blink of an eye, things had already changed!

He hoped that the young miss was still fine!

At that thought, Lin Yi started to lose his patience. He sneered,

"Don't worry about the wet clothes. Since miss Justina likes me too, I'll get rid of this annoying kid first, and then we'll be together!"

Mike shivered and remembered that he was about to lose his life. He immediately panicked. "Justina, please help me! I'll only come with you if you tell me that there's no danger on the mermaid Island!"

Lin Yi raised an eyebrow. So this place was called the mermaid Island. Was this the place where the legendary mermaids lived?

But the legendary mermaids didn't seem to live in such a place!

This was a little similar to the residence of the Dragon of five demons.

"Mike, can you shut up?"

Justina glared at Mike before smiling at Lin Yi, "Mr. Eighth brother, this is my friend. Please don't mind his rudeness ... By the way, are we on the mermaid Island? I didn't expect it to really exist!"

Lin Yi laughed coldly to himself-this girl sure knew how to act!

Of course, I will not turn a blind eye to what I am supposed to do!

Lin Yi pretended to be displeased as he scanned the two coldly. Sometimes, silence was even more stressful!

Justina laughed dryly. She knew that after Mike had let it slip, they could no longer hide their purpose.

"Mr. Eighth brother, we are indeed here to look for the legendary Mermaid Island!"

"I read in an ancient book that the mermaid Island is sealed in the deep sea that no one knows about. Every thirty years, a Whirlpool will appear at the bottom of the sea, and you can enter the mermaid Island through the whirlpool. Today is the day that the passage to the mermaid Island opens every thirty years!"

"That's why I took my companions and risked going deep into the sea to see if there was a chance to enter the mermaid Island. I didn't expect to succeed!"

Justina shrugged.

"You succeeded? If it wasn't for me, you would have been torn to pieces by the vortex! And then become food for the fish in the sea!"

"So you're actually here to feed the fish?" Lin Yi mocked.

Justina and Mike were a little embarrassed. This was indeed a little embarrassing. It was not a problem to want to explore, but the problem was that they did not have the ability to deal with danger. How could they explore?

"Actually, we thought that the vortex wouldn't affect us. After all, I'm a swordsman and I have the strength. That's why I came here!"

As Mike spoke, he took out a Jade bead and opened it in his palm,""Furthermore, there's a sea calming Pearl that's been passed down in our family for generations! Legend had it that it could calm down

storms and waves! With it, all the vortexes and undercurrents will calm down, and all the ferocious fish will avoid it. "

"We thought the legend was true, so we came here with the sea-calming Pearl, thinking that we could easily settle the whirlpool at the entrance of the passage. We didn't expect ..."

"I didn't expect the legend to be false. You almost lost your life, right?"

Lin Yi was speechless-the sea calming Pearl was obviously fake!

So this was what Mike and Justina were relying on!

This brat thought that he had secretly obtained the family's ancestral treasure, but who knew that it was actually just a fake that the Steffey family had put on display for everyone to see!

He naturally had to keep the real sea calming divine Pearl. Although it was not of much use, it was still an ancestral item after all!

Mike and Justina didn't know whether the sea-calming Pearl was real or fake, and they had no other choice, so they stole the Pearl on display and left Stefford Manor in a hurry.

After that, there was a series of chasing and escaping. Coincidentally, after entering the deep sea, they really did encounter a Whirlpool!

If Lin Yi hadn't come to the Steffey house today, these two unlucky bastards might've been able to reach the mermaid Island!

After that, there was probably no more after that. There were only two corpses here.

Mike still didn't know that it was a fake orb in his hand, and he threw it away angrily after Lin Yi scolded him.

"What legend? It was all a lie! I don't believe in any bullsh * t legends anymore!"

"Mike, don't say that! The Legend of the Sea calming Pearl might be fake, but the legend of the mermaid Island was real! Aren't we on the mermaid Island now?"

Justina looked at where the Pearl had been thrown away. After thinking for a while, she jogged over and picked up the Pearl. "Since the mermaid Island is real, the sea calming Pearl might be real too. We just used it the wrong way. If you don't want it, I'll keep it!"

When they left the mermaid Island, they might have to go through the vortex channel. Justina did not want to lose the only thing she could rely on.

Mike opened his mouth, but he didn't know what to say. He simply kept silent.

"I've said so much, but what are you doing on the mermaid Island?"

Lin Yi looked at them picking up a fake sea calming Pearl. He was amused but kept a serious face, "Don't play dumb with me anymore, my patience is limited! If you really piss me off, I'll kill the men and feed them to the fish, rape the women and kill them, rape them again and kill them, then feed them to the fish!"

Mike trembled when he heard that she was going to be minced to feed the fish. He was filled with despair. When he heard about what happened to Justina, he suddenly felt that he was lucky.

Chapter 7482

Bah! Being chopped up and fed to the fish is considered lucky? However, compared to the female's fate, he was indeed a little luckier ...

"Mike, you idiot, why are you looking at me with pity? Are you an idiot?"

Justina could no longer maintain her ladylike demeanor. She cursed at Mike. What kind of stupid teammate was this?

You're about to be chopped up and fed to the fish, and you still have the time to pity me?

Can you be sure that during the process of adultery, old eighth would not fall in love with me and be reluctant to kill me? Who could guarantee that it wouldn't turn into adultery, and then the two of them would collude in the end?

Idiot! He deserved to be fed to the fish! You've underestimated my charm!

Mike could not keep up with Justina's strange thinking. He felt a sense of danger in this unfamiliar place.

"Brother eight, I'll talk, I'll talk. Don't kill Justina!"

After all, this was eighth brother's territory. Although he was a swordsman, he didn't even have a sword.

People would always have some fear of the natives in an unfamiliar environment, and Mike was the same!

Who knew if eighth brother had any accomplices or if he had any hidden cards?

"Alright, if you tell me the truth, I won't make things difficult for you."

Lin Yi chuckled to himself-what would Mike's face be like if he knew that he was here to protect him?

"Actually, we're looking for the mermaid Island for the legendary mermaid's tear!"

"You're on the mermaid Island, so you should know the use of the mermaid's tear, right?"Mike asked after some hesitation.

"Do you want to say it now, or should I?"

Lin Yi hmpheD coldly.

Mike was shocked, but the situation was pressing. He could only admit defeat."Legend has it that the mermaid's tear has a magical effect, and the person who gets it will have the ability to charm people! Justina felt that the mermaid's tear was a Holy item that was tailor-made for her, so she was always looking for it. "

"Actually, Justina has been planning this for several years. We have spent a lot of time and effort to look for information and verify the information before we finally decided on the action plan."

"If it wasn't for the fact that someone has been trying to assassinate me recently, our plan wouldn't have alerted anyone at all! Of course, we'll still meet Mr. Eighth brother here in the end ... It's fate that we've met!"

"Heh ... Charm people's hearts?"

Lin Yi turned to look at her, deep in thought."Actually, you don't need Mermaid's Tears to do this."

Justina's face was slightly red, but she was secretly happy.

It was always a good thing to be praised, not to mention that the opponent was a powerful master.

Justina still had her jacket in her hand, and she was only wearing a sports tank top. She subconsciously puffed up her chest after hearing Lin Yi's words-her charm was boundless!

"Actually, I don't have to take the mermaid's tear. This legendary treasure can also strengthen the sea calming divine Pearl!"

She didn't want Lin Yi to associate her with the Mermaid's Tears, so she smiled as she played with the fake sea calming Pearl. "It's said that if the mermaid's tear is fused with the sea calming Pearl, it can greatly increase the power of the sea calming Pearl! When that time comes, it won't be Dinghai, but the noisy sea!"

"Storms, tsunamis, and so on will all be controlled by the sea calming Pearl that has been fused with the mermaid's tear. That's the true sea calming Pearl!"

Lin Yi's heart skipped a beat.

It didn't matter much, but if he could increase the power of the sea calming Pearl, he'd have a higher chance of finding Mengyao through the undercurrent vortex in the wormhole.

As for controlling storms and tsunamis, it was just a matter of hearing about it and not taking it seriously. After all, with the strength of a cultivator, they could easily cause these natural disasters in the eyes of ordinary people.

The reason why Lin Yi thought it was reliable was because the sea calming Pearl was formed from the inner core of a dead flood Dragon!

As for the mermaid's tear, he didn't know if it was a real mermaid's tear. In short, these two legendary sea beasts might have been the same creature in ancient times. They just had different names, so it wasn't surprising that they could fuse.

"Mr. Eighth brother, you must have seen the Mermaid's Tears on the mermaid Island, right? Can you give us a drop or two?"

Justina threw her coat down and put her hands together in a pleading expression. Her arms were folded in front of her chest. With her body slightly leaning forward, the two headlights looked even more majestic!

Mike's eyes went blank again, and he subconsciously touched his nose, afraid that there would be a nosebleed.

Lin Yi's mouth twitched-what a little demon, but he didn't want to play with them anymore, since he'd gotten enough information.

"Who said I'm from the mermaid Island? I saved you guys in the whirlpool and then came to the mermaid Island together. I didn't have time to look around, so how would I know where the mermaid's tear is?"

Lin Yi shrugged innocently, "Is there some misunderstanding between you two?"

Mike and Justina were dumbfounded. What was going on?

Someone who came in together?

How was that possible?

Before they entered the whirlpool, there was indeed another submarine behind their submarine!

However, after entering the vortex, their submarine did not last for more than a few seconds before it began to disintegrate. At that time, the submarine behind them was still some distance away!

Moreover, even if the submarine followed in time, the people inside would have changed into diving equipment, filled the water to open the cabin door, and come out. By then, wouldn't the two people in the whirlpool be dead?

Hence, Mike and Justina never suspected that Lin Yi wasn't from the mermaid Island. They were still wondering how Lin Yi managed to survive on the mermaid Island.

Were they merfolk? Were there any other mermaids?

This was also the reason why Mike didn't dare to act rashly. It was said that the mermaids were strong and powerful, and the sea was their home ground.

Only after Lin Yi told them the truth did Mike and Justina realize that they were overthinking it!

"Justina, did you mention the location of the mermaid's tear in your information? Let's hurry and look for it!"

Lin Yi didn't want to waste too much time with the two, so he urged her to move.

"Are you really not from the mermaid Island?"

Justina still could not believe it. She held her head with both hands and looked like she was about to break down. "Then how did you save us?"

It wasn't easy to explain, and Lin Yi scratched his head, thinking about making up a lie.

Then, Mike came back to his senses and suddenly said, ""You drove my family's submarine here. Are you my family's guard to protect me?"

Lin Yi blinked. He wasn't a guard of house Steffey, but he was here to protect Mike. It didn't sound wrong, so he nodded in agreement.

Chapter 7483

"That's great! Then you can listen to my command now!"

Mike's thoughts jumped faster, and he suddenly became arrogant again!

"You're thinking too much. I did promise your father to protect you, but I'm not your family's guard. I have no obligation to listen to your command!"

Lin Yi smiled coldly as he took over command of the team, "if you want to go back alive, then be good!"

"What do you mean?"

Mike was embarrassed. For so many years, there had not been a guard who dared to make a scene in front of him. What was the background of this eighth brother?

But Mike wasn't stupid-the more confused he was, the more he didn't want to act rashly, especially in this strange environment. Who knew if Lin Yi was lying to them?

"Nothing much. You guys wait here first. I'll go take a look around. I'll come and pick you up after I find a place."

Lin Yi said forcefully.

The island didn't look big, but there were mountains of different heights. It wouldn't be easy to walk through the entire Island quickly. Mike and Justina were martial artists with some strength, but they were burdens to Lin Yi.

"How can we do that! Who knows if you'll keep it for yourself after you find it!"

She grabbed Lin Yi's arm and said, "If you think we're slow and a burden to you, then you can carry me! You must be secretly happy to be able to carry such a beautiful woman like me, right?"

Lin Yi's mouth twitched-Justina's eyes were telling him to take advantage of her, but Lin Yi didn't care.

If he had to choose between the two, it wouldn't be Justina. After all, Lin Yi's main target was Mike.

"Don't even think about carrying you. If you want to follow me, then follow me. Don't be in a hurry. Walk slowly!"

Lin Yi shrugged nonchalantly before suddenly pointing behind the two. "A mermaid!"

"Where?"

Both Justina and Mike were pleasantly surprised. They jumped and turned around to see ... Where were the mermaids? What happened to the mermaids? Why was there not a single strand of hair!

The moment the two turned around, Lin Yi let out a smile as if his plan had succeeded. He quickly activated the thousand changes of wood forest, leaving behind a clone while his main body turned into an essence spirit and disappeared.

God knew how long it would take for him to find the Mermaid's Tears if he continued to dawdle with Justina and Mike. It was better to look for it himself first.

With a clone around, it could also provide a certain level of protection. Under normal circumstances, Mike would not be in danger.

"Are you lying to us again?"

Justina turned around and saw that Lin Yi was still there. She grabbed his arm, "You want to take the opportunity to shake us off? I'm telling you, stop dreaming! I'll be watching you!"

"Oh, I must have been seeing things! Why don't we take a break? We're not in a hurry anyway!"

Lin Yi said with a smile. He wanted to tell her that he was already dreaming, but she didn't know!

On one side, Lin Yi's doppelganger was moving slowly like an old man, on the other side, Lin Yi's real body was swiftly sweeping through the mountains.

Lin Yi searched every cave he found, but he didn't find anything useful.

Soon, Lin Yi's original body arrived at the highest point of the island.

Lin Yi could see the entire Island clearly from where he was.

Merfolk?

Lin Yi turned his eyes to the other side of the island-there was a Mermaid statue there!

Or reef!

It was about five hundred meters away from the beach!

If Lin Yi wasn't standing at the highest point, he wouldn't be able to tell.

Perhaps the mermaid's tear was related to this statue?

With this discovery, Lin Yi immediately flew to the other side of the island and arrived in front of the statue in a few seconds.

Just as he had expected, it was not easy to tell that it was a mermaid from below.

Because the appearance of the whole reef was relatively rough, it was more appropriate to say that it was a naturally formed stone than a statue.

Lin Yi flew around the eight-meter-tall reef a few times, but didn't see any mechanisms or doors. It seemed to be just a normal reef that looked like a mermaid.

But as Lin Yi got closer, he felt that this wasn't an ordinary reef!

There must be something unusual here that he had not noticed!

The sea?

Since there was nothing on the surface of the sea, then let's look below the surface!

Lin Yi's essence spirit flashed and disappeared into the sea.

There was a dome above the island, blocking the water-Lin Yi had some idea what was going on down there.

Now that he had seen it with his own eyes, it could be considered to have verified this guess!

As expected, the bottom part was also a semicircle, and when combined with the top part, it was a complete ball!

In other words, the seawater around the mermaid Island was actually stagnant water in this ball, which was not connected to the seawater outside!

Therefore, there were no other exits to leave the mermaid Island. The only way in and out was probably the vortex passage that opened once every thirty years.

After realizing this, Lin Yi started to worry. If the whirlpool tunnel closed when they came in, would the three of them have to stay on the mermaid Island for another thirty years?

He didn't slow down as he thought about all this-he'd quickly searched the bottom of the island, but found nothing.

More importantly, the strange feeling disappeared after Lin Yi left the reef for two hundred meters, and the feeling appeared again when he returned to this range.

Obviously, the mermaid Reef was still a secret!

Lin Yi returned to the surface and flew around the mermaid Reef. He looked at it inch by inch, but still didn't find any clues.

Why was it like this?

Lin Yi couldn't wrap his head around it, and wondered if he should bring Justina over. The girl seemed to have a thing for Mermaid's Tears, and maybe she'd have a way.

He quickly flew back to the group of seniors, and when the two weren't paying attention, he dispelled his clone and returned to the group.

"This mountain path isn't easy to walk on. Why don't we go around and look at the other side of the island?"

Lin Yi's goal was clear as soon as he came back-he was going to take the two to the mermaid Reef.

"Why do we have to take a detour to the other side? Isn't it the same if we go up the mountain first and then climb over it?"

Justina was a little confused as to why Lin Yi changed his mind. "Moreover, if we reach the highest point, we can see the entire Island clearly. It will be very helpful for us to find our target."

Lin Yi, of course, couldn't say that he'd already seen it, so he had to come up with some other excuse.

"I don't think there's any point in going up the mountain. Think about it, mermaids are naturally fond of the ocean, so how could they possibly go to the top of the mountain to rest? Therefore, it's definitely a waste of time for us to go up the mountain. Let's go to the other side of the sea and take a look. There might be a surprise!"

Lin Yi said confidently, having proven himself. "There's one more thing. Have you thought about it? When would the passageway that only opened once every 30 years close? How long before it closes? What if we can't go back with all this dilly-dally?"

Chapter 7484

Justina and Mike were shocked. They could not be careless about this!

30 years!

How many 30 years could an ordinary person have? Furthermore, they had brought almost no supplies when they entered. The Mountaineering Bag that Mike had prepared in advance had long turned into mud at the bottom of the sea along with the submarine.

Not to mention 30 years, even three days would probably be difficult to endure!

"Mermaids like the sea, so there's no reason for them to live on the mountain. Let's go around and take a look."

Justina immediately changed her words and no longer mentioned climbing up the mountain to look into the distance.

If it weren't for her desire to get the mermaid's tear, she would've urged Lin Yi to leave the island already!

Mike didn't mind-he didn't want to get into a conflict with Lin Yi right now, and he was used to listening to Justina's opinion.

So the three of them began to take a detour, and their speed also increased a lot, directly entering the youth night jogging group from the square dancing group for the elderly.

After about two hours, Lin Yi finally brought Justina and Mike to the other side of the beach. He pretended to have found a reef by accident and pointed it out to them.

"Did you guys notice that the reef over there looks a little like a mermaid?"

"Is there? I don't think so? It doesn't look like it!"

Justina tilted her head and took a few glances, then shook her head. "I couldn't tell. What do you think, Mike?"

"I don't think so either!"

Mike also shook his head.

Lin Yi was speechless-couldn't you guys be more cooperative and use more imagination?

Could it be that if he didn't go to the top of the mountain to take a look, he really wouldn't be able to recognize it?

"What kind of taste do you all have? I think they look very similar! Come closer and look at it from a different angle. "

Lin Yi told the two to run another hundred and eighty meters before stopping to take a look.

Continue!

Another hundred and eighty meters. It was finally getting a little more interesting.

Of course, it could also be that Justina and Mike were getting impatient. They felt that if they continued to say things that didn't seem like it, they would have to run a little more like idiots and see what would happen. So, they simply chose to compromise.

"Your vision is really bad, and your abstract thinking is very poor!"

"I think there's something wrong with that rock!" Lin Yi said, getting to the point. Didn't I just say that mermaids like to live in the sea? so there's a high possibility that there are mermaids there! Justina, in the information you've gathered, did you mention anything about this?"

"Your question is too general. I don't know what to say. Let's go and take a look!"

Justina took off her jacket and hot jeans, leaving only her sports underwear. She quickly rushed into the sea and swam to the reef.

The distance of a few hundred meters was not a big problem for Justina.

Mike didn't say anything else and took off his clothes as well, leaving only his underpants on. He followed after Justina and didn't forget to call out to Lin Yi.

"Eighth brother, let's have a competition. Let's see who reaches reef first!"

Lin Yi pursed his lips, bored. Who had the time to play such a childish game with you guys? Those who fly can arrive in the blink of an eye, and those who don't need to fly can also scare you to death!

Lin Yi swam slowly to the edge of the reef, "come and take a look. I don't find anything wrong, but I have a weird feeling!"

Mike and Justina got serious as well, and they started searching around the rocks.

"I also feel that something is wrong, but I can't put my finger on it!"

Justina put her hand on her forehead and frowned. "This place is really strange. Why do I feel like I'm in a trance ..."

"Are you feeling uncomfortable? Did you swim too fast and can't breathe?"

Mike asked with concern.

Justina didn't answer Mike's question. She was lost in thought.

"Justina, did you start to have this strange feeling after we got close to the reef?"

Lin Yi frowned. It seemed that Justina's senses were quite good, and she found the problem too!

Justina still did not answer, but raised her head slightly ...

The fingers on her forehead were released, revealing a pair of beautiful eyes. Lin Yi froze!

Originally, in the center of her ocean-blue pupils, there was now a small vortex, slowly rotating in each of them.

He wouldn't have noticed it if he didn't pay attention, but once he did, he felt like his mind was sinking into the vortex!

Beautiful! It was perfect!

This pair of eyes was like the heavens and earth, the spirit of the sun and moon, even Lin Yi's strong Yuan Shen and will was dazed for a moment!

Even if it was only for a thousandth of a second, it was enough to scare Lin Yi!

In a battle between experts, an instant was enough to determine life and death!

"Justina?"

Lin Yi tried calling out again, but his heart was already on full alert.

If there was anything wrong, he would immediately take action to stop Justina.

"What?"

Justina responded lazily with her nose, which made Mike's legs go soft ...

"What's wrong, eighth brother?"

Justina did not seem to notice that her words were like soft mumblings beside her pillow, making one want to drown in them.

"What's wrong with you? Didn't you notice your current state ..."

Lin Yi didn't know how to describe it. Alluring and seducing people to commit crimes?

Mike, who was at the side, was about to turn into a Wolf!

"I feel like I'm in an extremely good condition right now. I've never felt so good before!"

Justina put down her arms and straightened her body. Her already burning body was even more attractive.

Lin Yi's heart skipped a beat-was this the power of charm?

The mermaid Reef had no effect on men, but it could give women the ability to charm? Or was this reef the Mermaid's Tears?

...Then this mermaid's tear is too big, even the dragon's eyes aren't that big!

Justina touched the rock, and the whirlpool in her eyes spun faster.

"I hear the call of the ocean. I am the daughter of the ocean. My hometown has never disappeared. My heart is leading the way!"

A voice full of rhythm and temptation rang out. Justina seemed to be in a strange dream. As she sang, the water around the reef began to spin clockwise, quickly forming a Whirlpool.

The whirlpool took away the water around the reef and slowly rose until it wrapped around the mermaid Reef!

Lin Yi raised his head and felt like he'd entered a super small Mermaid Island.

A round ball wrapped around the mermaid Reef!

This scene was exactly the same as the barrier outside the mermaid Island!

"Justina, are you okay?"

Lin Yi didn't move and asked carefully.

Mike, who was at the side, was shocked by what had happened!

Chapter 7485

But even so, the small tent he had set up showed no signs of calming down. Obviously, not only did Justina's charm not weaken, but it was also getting stronger.

However, this kind of charm would not cause the audience to have violent thoughts. Otherwise, Mike would have lost his mind and attacked Justina.

Justina didn't answer Lin Yi and continued singing. Her beautiful voice lasted for about a minute before it calmed down.

The originally unremarkable reef began to change. Its rough and ugly appearance slowly faded away, revealing a Jade-like soft brilliance.

Around the reef, colorful coral formed little by little. Soon, the place changed greatly, as if it was a dream.

"Eighth brother, Mike, thank you for accompanying me back here! I'll have to walk my own path from now on!"

Justina turned around to face Lin Yi and Mike. She was still the same person, but Lin Yi felt like she had changed a lot.

Possession?

Lin Yi's first reaction was that someone had taken over her body. He'd seen and experienced this many times already, and it was almost an instinctive reaction.

But if it was a possession, why didn't he feel any soul fluctuations?

In front of Lin Yi, it was impossible for him to steal someone's body without anyone knowing.

Unless it was like when Chen Zhisheng was possessed by Luo Changle, where he and Chen Zhisheng were separated for a long time.

However, since arriving at the mermaid Island, Justina had not left his sight.

Even if his main body was not there, he had a clone to take care of him. Therefore, the probability of being mysteriously possessed by unknown primordial spirit was basically zero!

"You must be Justina? What are you going to do next?"

Lin Yi didn't wait for her reply, but the reef started changing.

Countless spots of light rose from the colorful coral and surrounded Justina. Under the reef that had turned into a Jade Mermaid statue, a piece suddenly disappeared, revealing a round hole.

The dazzling light enveloped Justina and slowly sank into the hole.

"Justina!"

Mike shouted and rushed over, trying to grab Justina. ""Where are you going?"

Unfortunately, before he could touch Justina, he was knocked back by the wall formed by countless colorful light spots and fell into a coma!

If Lin Yi didn't grab Mike in time, the guy would've fallen into the water.

Lin Yi didn't know what was going on, but it was obvious that he couldn't just let her sink into the hole!

It wasn't that her life was important, but it was related to the mermaid's tear. If it could really be used to increase the sea calming divine Pearl's power, she had to figure it out!

Lin Yi grabbed Mike and jumped into the hole behind her.

As soon as the two of them entered, the hole above them disappeared.

After entering, Lin Yi realized that it was a smooth rocky path. The colorful lights around Justina were extremely bright, lighting up the place.

After sliding down the tunnel for about twenty meters, Lin Yi's eyes opened up. The three of them landed in a cave that was over a thousand square meters!

Two-thirds of the cave was filled with seawater, and the other one-third was filled with corals of various colors.

He reckoned that any one of them would be a priceless treasure.

In the middle of the coral, there was a throne made of a huge white shell. Justina floated slowly to the throne in the light. When the light dissipated, she sat on the throne.

Lin Yi was surprised-what was going on?

Justina was actually the Queen of the merfolk?

Or had Justina been possessed by the mermaid Queen a long time ago?

With that in mind, Lin Yi grabbed the unconscious Mike and made his way to the throne in the coral.

She saw that Justina was holding a box made of a shell. The lid of the box had been opened, and there was an oval bead the size of a fingernail inside. It was as bright as a diamond.

"This is the mermaid's tear?"

Lin Yi asked, his eyes scanning the area for other boxes.

If there was only one, Lin Yi would have to take it by force.

It was Mengyao's fault, after all, and it wasn't a big deal for a stranger like Justina to suffer a little. He'd saved her life before, after all, so Lin Yi didn't really mind.

"That's right, this is the mermaid's tear!"

Justina looked at Lin Yi with a weird expression. "I only found out after coming here that I have the blood of the ancient mermaids in my body! It's just that too much time has passed, and in my generation, the mermaid bloodline is extremely thin. "

"I don't know why I know about these things after coming here, but they naturally appeared in my mind and let me know some of the merfolk's history. They told me what to do!"

"The mermaids actually don't belong to the mortal world. My ancestors wandered to this world, multiplied, and formed a clan. Unfortunately, they went extinct for some reason! I might be the only mermaid descendant in the world right now, because the mermaid bloodline doesn't appear in all descendants of mermaids and humans. "

"Mermaid's tear ... It can completely awaken my mermaid bloodline and turn me into a true mermaid! And I will also shoulder the heavy responsibility of reproducing the race and rebuilding the mermaids!"

Justina's face glowed with a holy light. She felt that she was born with a divine mission, and she was very confident that she could do it.

Lin Yi didn't know what to say-he'd be too embarrassed to take the Mermaid's Tears if everything she said was true ...

After all, this was related to the revival of their race. There was no difference between snatching the Mermaid's Tears and exterminating their race!

If there was no other way, he could only forget it!

Fortunately, he had the sea calming Pearl. Even if it did not increase his power, it should be enough.

As for the Mermaid's Tears, he would leave it to Justina to awaken her bloodline and revitalize the race!

Speaking of which, the merfolk really did exist. They weren't just legends, and they weren't natives of the mortal world. They were a clan from another plane!

I wonder if it's the ancient martial world or the Sky Class Island?

Maybe it was a sub-Island!

It was just that Lin Yi didn't pay much attention to these places, but he could ask LAN Guzha and Xiao Yan if there was a chance in the future.

"Thank you, eighth brother! Without you, I might not have had the chance to find the mermaid's tear and awaken my bloodline!"

Justina smiled and nodded at Lin Yi before picking up the tear and placing it on her forehead.

The mermaid's tear released a gentle light and began to slowly merge into Justina's forehead.

An invisible spiritual wave slowly spread out like a wave, pushing Lin Yi and Mike back.

Chapter 7486

Of course, this level of spiritual fluctuation didn't affect Lin Yi at all. He was only afraid that it would affect Justina's bloodline awakening, so he didn't resist and let her push him out.

Lin Yi stopped at the edge of the coral bush-he'd have no choice but to soak in the water if he kept going.

He looked at Mike, who was still unconscious. However, he felt that there was no need to wake him up to avoid trouble.

The process of fusing with the mermaid's tear took around five to six minutes.

When the light faded, there was a mysterious charm on the throne. Even with Lin Yi's firm mind, he found it pleasing to the eye and had the urge to get close to her!

Other than that, Justina's hair seemed to have grown a lot longer, and her figure was becoming more perfect. Her western face had also become more delicate and perfect, and the vortex in her sea-blue pupils had disappeared ...

But when Lin Yi's eyes swept over them, he still felt like he was caught in an invisible vortex.

If Lin Yi wasn't on guard, he might even listen to Justina's orders.

The power of charm was indeed worthy of its reputation!

Those in the secular world who did not have a strong primordial spirit or a defensive item of the deified soul were not even qualified to stand in front of Justina. With just a glance, she could make such a person submit completely!

He wondered if every member of the ancient merfolk had such a powerful ability, or if only the royal family had it.

However, the mermaids with such powerful abilities were eventually annihilated. It was probably because they were feared by the enemy and attacked in groups!

"Justina! You're so beautiful! I'm willing to give up my life for you!"

Mike suddenly woke up. When he saw Justina, who had awakened her bloodline, he was mesmerized and wanted to crawl under her long legs.

"Mike, my dear friend, come here!"

Justina smiled elegantly and waved at Mike and Lin Yi. "Eighth brother, come over as well."

Mike immediately smiled and ran to Justina.

Lin Yi, on the other hand, frowned. Something didn't feel right with this woman.

Lin Yi had no choice but to follow after Mike-he'd promised to keep the guy safe, so he had to keep his promise.

When the two of them got closer, Justina took out an exquisite coral dagger from somewhere and handed it to Mike with a smile. "Mike, my dearest friend! I want to leave this place, but the exit has been sealed. It can only be opened with human blood. "

"You will help me, right? Use your blood to block my path!"

Mike took the coral blade without hesitation and nodded vigorously. He had an impassioned expression. "Of course! Justina, I'm willing to give up my life for you, not to mention blood! Don't worry, I'll definitely get you out of here!"

Lin Yi's hair stood on end-was that something a normal person would say? Were the two of them crazy?

In fact, Lin Yi knew that these two weren't crazy. It was just...Just...Just...Just....Just...Just...Mike had fallen into a state of worship, even if he had to hurt himself.

"Eighth brother, you're our friend. Mike's blood might not be enough. Why don't you help us?"

Justina didn't stop there. Another coral blade appeared in her hand and she passed it to Lin Yi. "When the passage opens, the world will be ours!"

"You also have the blood of the human race in you. Why don't we try using your blood first?"

Lin Yi's eyes were cold as ice, his mouth full of mockery. With a casual strike, he knocked out Mike, who was about to self-harm, "Justina, you've awakened your mermaid bloodline. Is this how you treat your friend?"

Justina froze, not expecting to have no effect on Lin Yi at all!

This was beyond her expectations, so she couldn't react in time.

"Perhaps I've harmed you. I shouldn't have let you fuse with the mermaid's tear just now. If I had just snatched it away, you would have been fine, right?"

"It seems like the extinction of the mermaids wasn't without reason. Since you're not the original inhabitants of this world, then don't ever appear in this world again!" Lin Yi continued faintly.

"Eighth brother, this is a misunderstanding! I'm just joking with you!"

Justina was shocked, but she rolled her eyes and smiled naturally. "I didn't expect you to take it seriously! Don't you know that Mike and I are childhood sweethearts? How could I possibly hurt him?"

"You didn't hurt him, you wanted him to hurt himself!"

Lin Yi wasn't moved at all-he could tell if this was a joke or not.

While they were talking, Justina had already sent out three spirit sense attacks. Unfortunately, she wasn't strong enough, probably because she had just awakened her bloodline. She couldn't pose a threat to Lin Yi.

Of course, Lin Yi's spirit sense attack didn't work either, because in this area, the spirit sense was suppressed to the extreme and couldn't be released.

In other words, Lin Yi's spirit sense was in a state where he could only take a beating and not fight back!

"I'm really joking. Mike, are you okay?"

Justina said as she reached out to help Mike. "You're the one who wanted to hurt Mike, right? Look at what you've done to him, you're actually so heavy-handed!"

"Don't worry, I'll take care of him!"

There was no way Lin Yi would let Mike fall into Justina's hands as a hostage.

He flicked his wrist and pulled the Mike back behind him.

Justina's eyes flickered. She was faking her support for Mike, and she knew that Lin Yi would take her away. She changed her direction mid-way and charged at Lin Yi, her coral blade pointed at his heart.

Lin Yi smiled coldly. A spirit attack didn't work, so he wanted to fight in close combat?

Why don't you think about it, if even your best technique can't do anything to me, how can a sneak attack work?

Lin Yi didn't even try to Dodge her attack. He grabbed her wrist and kicked her in the stomach.

Just as it was about to hit her, Justina's waist suddenly became extremely soft and twisted in a strange way.

Lin Yi's leg brushed past her stomach, not causing her any harm.

"He's really like a fish, slippery and unyielding!"

Lin Yi grinned as he lifted her wrist and smashed it into the ground. He didn't need to be nice to someone who wanted to kill him and Mike.

Justina shrieked. Countless light spots flew out of the coral around her and gathered around her, completely separating her body from the ground.

Chapter 7487

Lin Yi's heavy blow seemed to have hit a pile of cotton, but it didn't affect her at all.

The home ground of the mermaids still had some advantages!

"Eighth brother, stop! I admit defeat!"

Justina shouted a few times and relaxed her body at the same time. She spread her arms and legs and laid on the spot of light.

One had to know that she was still wearing the same clothes as when she swam here, so it would not be an exaggeration to say that she was half naked!

So she just lay there and looked at Lin Yi pitifully, and Lin Yi really couldn't do anything to her ...

It wasn't that he was being nice to her, but he didn't feel good beating her up in a situation like this.

"It doesn't matter if you admit defeat or not. What's important is that you wanted to kill me and Mike. This is unforgivable!"

"Eighth brother, why don't you listen to Mike's opinion? You're here to protect him, so his words are more important, right?"

She wanted to use Mike as a shield since he was easier to control. As long as Lin Yi woke Mike up, she could turn the situation around.

"It's precisely because I want to protect Mike that I can't leave behind any hidden dangers that might harm him! I'm sorry, Justina!"

Lin Yi hadn't thought of a way to deal with her yet, but he wanted to give her the impression that he was going to kill her soon. He'd like to see how she would react.

If the other party was truly repenting, then he should consider giving her a way out.

"I will never hurt him. Give me another chance!"

Justina knelt on the spot, her hands crossed in front of her chest as she looked up at Lin Yi pitifully like a cat.

Unfortunately, the cat's claws were too dangerous, and not everyone could get close to it!

"How about this, I'll sing a song for you, so you can calm down!"

Justina started singing, and her voice was like the sound of nature, stunning Lin Yi!

If she entered the entertainment industry, her achievements wouldn't be any worse than Xu Shihan and Cheng Yiyi!

He was just surprised for a moment when he realized something was wrong!

What song was this girl suddenly singing? According to the legends, the singing of mermaids was one of the means to charm people!

Could it be that Justina had not given up and wanted to give it one last try?

Lin Yi knew that he was right!

However, Justina's target wasn't Lin Yi, but the unconscious Mike!

Mike, who was unconscious, suddenly picked up the coral knife and pointed it at his own throat. He slowly got up and walked toward Justina!

Lin Yi looked on coldly, but didn't attack immediately.

"Eighth brother, you want to protect Mike, don't you? Then don't go Against Me! Otherwise, with a single thought from me, Mike will immediately commit suicide!"

Justina stopped singing and smiled. "Don't resist. Let me control you. This way, we can continue to be friendly and be best friends!"

"Justina, I've given you so many chances, but you just don't cherish them. Did your brain degenerate into a fish's brain after you awakened your mermaid blood?"

Lin Yi sighed softly. If she didn't want to give up, then he'd have to!

Before she could react, Lin Yi had already activated the three appearances Cloud Dragon!

Lin Yi left a perfect afterimage where he was, continuing to attract Justina's attention. His real body had already appeared beside Mike like a ghost!

Lin Yi grabbed the coral blade that had already cut through his skin and restrained his opponent's movement.

After that, Justina realized that something was wrong. She turned to Lin Yi's real body, and there were undetectable vortexes in her eyes.

Lin Yi's lips curled into a mocking smile as he placed the coral dagger on her chest.

It was still the three appearances of Cloud Dragon!

Lin Yi left behind a shadow as he mocked Justina. His real body appeared behind her and stabbed her heart with coral blade.

Justina was no longer Justina. If she was released to the mortal world, it would probably cause a bigger storm.

It was better to let her rest on the mermaid Island and accompany her ancestors!

Drops of blood dripped from the tip of the knife. The coral Light spots immediately dissipated when they touched them. Justina's body fell on the coral, her eyes staring at the tip of the knife in disbelief.

Her bloodline had just been awakened, and she wanted to come out and stir up a storm to restore the merfolk's glory, but it ended just like that?

"The mermaids ... Are they really going to be extinct?"

Justina's expression was sad. Her ocean-blue eyes were misty, and the vortexes in her eyes were spinning slowly, losing their vitality."I ... I'm a sinner of the merfolk ... Eighth brother, I'm sorry ... Mike ... I'm sorry ..."

At this point, Justina fell down weakly and gradually lost her breath.

Two drops of tears rolled down from the corner of her eyes, and then condensed into two oval beads.

Mermaid's tear!

It turned out that the tears of mermaids were the essence left behind by the regrets and other emotions of mermaids when they died.

Did Justina want to give the merfolk a chance of revival?

Justina's blood on the ground gradually spread and seeped into the ground, disappearing.

The cave began to tremble, as if it would collapse at any moment!

Lin Yi looked at her silently, sighing in his heart. He didn't expect things to turn out like this, and he ended up killing her with his own hands ...

He raised his hand and took back the two tears of the mermaid. One of them was put into the Jade space, and the other was put back into the shell box where the tears of the mermaid were placed before. He gently placed it beside Justina.

"We've been partners for a while. Now that you're resting here, I'll leave behind a mermaid's tear so that the mermaids have a chance to revive. It'll fulfill your wish."

Lin Yi noticed that there was a smile on her face after he finished.

Glittering scales began to appear on her two long legs, which finally turned into a gorgeous fishtail.

This was a real mermaid! Unfortunately, he was already dead!

Lin Yi took one last look at Justina before leaving with Mike.

This place was left to Justina. She had been searching for the legend of the mermaids and finally rested here. It was a perfect ending!

After exiting the tunnel, Lin Yi realized that the water barrier around the reef had collapsed, and a Whirlpool had appeared in the air above the island.

Justina's blood had really opened the exit!

Lin Yi protected Mike as he held the sea calming Pearl and charged out of the whirlpool tunnel.

As expected, with the sea calming Pearl, the whirlpool didn't affect them at all, allowing Lin Yi and Mike to pass easily.

Before leaving the whirlpool tunnel, Lin Yi took out the mini submarine from the Jade space and brought the unconscious Mike into the submarine.

Chapter 7488

After that, the passage to the mermaid Island was closed.

As for whether it would open again in 30 years, that was unknown!

The mini-submarine started to surface, and while there was still some time, Lin Yi took out the sea calming Pearl and the mermaid's tear left by Justina to study them.

How can I fuse these two things? Directly gather them together?

This was the simplest method, and it didn't matter if it worked or not. It was a subconscious choice, and Lin Yi was no exception.

The sea calming Pearl was a few times bigger than the mermaid's tear. Lin Yi thought that the Pearl would swallow the mermaid's tear if the two came into contact. The result was unexpected!

The mermaid's tear, which had solidified and was extremely hard, instantly softened into a liquid when it touched the sea calming Pearl. It then spread out and gently wrapped around the sea calming Pearl.

The entire process took less than a second. The sea quelling divine Pearl, which was originally like jade, suddenly had a layer of Pearl-like soft Halo.

This is it?

Lin Yi was a little surprised-did it have to be that simple?

Originally, he had thought that he would spend a lot of effort, make all kinds of attempts, and finally rely on luck to complete the fusion, but in the end, it was completed with a casual touch.

After all, it was a legendary treasure. Could he not be so casual? Can't you be a little more reserved?

Although he said that, Lin Yi was actually quite happy inside. Being able to fuse the sea calming Pearl and the mermaid's tear so easily and happily was a great harvest for him.

Since he had the treasure in his hands, Lin fan decided to test the power of the fusion!

In the next moment, Lin Yi used his spirit sense to communicate with the sea calming Pearl in his hand. He felt his spirit sense going through the sea calming Pearl and into the water outside the mini submarine.

This feeling was very mysterious. It was completely different from directly extending his divine sense. The two had a fundamental difference.

For example, Lin Yi could extend his spirit sense and see the situation in the sea. It was like a 5D movie.

However, the spiritual consciousness that extended out through the sea calming divine Pearl seemed to have become a part of the sea water and could control the sea water at will.

Even a person without a Water-type spiritual root could use this sea calming Pearl that was fused with the mermaid's tear to perform attacks, defenses, and so on that were no less powerful than Water-type martial techniques.

Of course, the extent to which it could be used depended on the individual's situation.

In the common world and Sky Class Island, the sea calming Pearl's attack wasn't strong because Lin Yi was strong enough to begin with.

However, if it was the sub-Island where there was no genuine Qi and spiritual awareness was restricted, and there happened to be a large amount of water resources, the power of the sea calming divine Pearl would be powerful.

"Beep, beep, beep ..."

The small submarine suddenly rang with an urgent alarm. At the same time, an electronically synthesized female voice began to prompt, "Pay attention! Attention! There was an attack locked on! The torpedoes are approaching!"

What the hell!

Lin Yi was shocked. Where did the torpedo come from?

However, on the screen, the edge of the radar showed that there were indeed two light spots representing torpedoes, and they were getting closer and closer at a very fast speed!

As Lin Yi's mini submarine rose, the torpedo adjusted its angle of attack. It was obvious that it had a tracking ability.

If Lin Yi was alone, he wouldn't care about the fish, even if it was a second generation murloc.

However, it would be different if he brought Mike with him. Once the submarine was destroyed, the kid might die!

He could use his pure Qi to protect the kid, but he had an even better weapon in his hands!

He could use these guys to test the power of the sea calming divine Pearl!

Just as the torpedoes were two to three hundred meters away from the submarine, an undercurrent formed silently and easily swept one of the torpedoes off course, hitting another torpedo.

The two of them exploded at the same time, creating a ball of fire in the silent and dark deep sea!

Lin Yi's spirit sense, with the help of the sea calming Pearl, extended at a much faster and wider speed. He followed the tracks of the torpedoes and found their source in an instant!

A medium-sized submarine!

This wasn't the medium-sized submarine used by the Steffey family, but a genuine military-use submarine!

Regardless of its size, armor, mobility, scouting ability, and combat power, it was several grades above the Stefford family's medium-sized submarine.

Not to mention, Lin Yi was only in the smallest civilian submarine!

If everything went as planned, the enemy's submarine was more than enough to destroy ten of Lin Yi's mini submarines!

Of course, there was an accident now, and Lin Yi was the biggest accident!

In the range of his spirit sense, the medium-sized submarine fired two more torpedoes, as if determined to sink Lin Yi's side.

He didn't know what kind of enmity the other party had with Mike that he had to be so ruthless.

Lin Yi laughed coldly to himself.

With a thought, Lin Yi controlled the sea calming Pearl and created two undercurrents that clashed with each other. The torpedoes were affected as well, drawing an arc and shooting towards the submarine that fired them!

Returning the favor with another!

Who said that a small civilian submarine without torpedoes would not be able to beat a medium-sized military submarine?

The medium-sized submarine was at a loss for a while in the face of the sudden change.

Because he had just fired a torpedo, it was impossible to fire another torpedo to collide with it, and because the submarine was huge, it was impossible to avoid it in an emergency. In the end, he could only watch as the two torpedoes he fired hit the two sides of the submarine.

Although the medium-sized submarine's armor was thick and heavy, there were still large wounds on both sides of the submarine. Seawater rapidly surged in, and the entire submarine instantly began to sink.

Without a miracle, it would rot at the bottom of the sea and eventually become a paradise for fish.

Lin Yi was very satisfied with the result. With the sea calming Pearl, it was indeed much easier than using his pure energy to resist the attack.

Lin Yi continued to control the small submarine as he used his spirit sense to check on the enemy.

To be able to run to the deep sea to hunt Mike down proved that the other party's intelligence gathering ability could not be underestimated, and their influence was also quite considerable.

Therefore, even if the submarine sank to the bottom, the other party might still have some tricks up their sleeves to escape from the deep sea.

But since Lin Yi had made his move, he wouldn't let his opponent go back alive!

Sure enough, from the torpedo launcher of the medium-sized submarine, two people wearing simple diving equipment quickly came out. Using their hands and feet, they began to quickly float up!

From the fact that they were using their Qi to increase their speed, it was clear that they were Sky Class Masters-in the normal world, Sky Class was definitely a master!

It was only because Lin Yi's people were all above the Foundation Stage, and there were a lot of Foundation and golden core stage Masters in the new sanctuary, that Sky Class didn't stand out in the common world!

Chapter 7489

As far as Lin Yi was concerned, though Mike was a Blade Master, he should be a Sky Class as well.

Lin Yi's consciousness passed through the sea calming Pearl and activated the invisible strangulation at the bottom of the sea.

The two Sky Class Masters who were trying to escape started struggling madly, before floating helplessly in the water.

With the final twitching, the two started to sink, but Lin Yi's brows were furrowed, not sure.

The two Sky Class Masters seemed to have the mark of a new Saint.

Lin Yi had seen this kind of mark on Piao Jinzhu and the white man who went to Huaxia!

In that case, the two dead people here were also from the new Holy region?

With the strength of these two people, of course, they were not at the level of Piao Jinzhu's Holy envoys. They were most likely ordinary holy weapons.

The people hunting Mike were actually from the new sanctuary organization?

That would be a little troublesome!

It wasn't that Lin Yi was afraid of the new sanctuary organization, but he didn't want to get involved with it at this point in time, or rather, the center behind the new sanctuary!

Central had extended their hands into Huaxia and tried to get their hands on the practitioner Management Association. Lin Yiran had to give them a warning, but that didn't mean he would go all the way to Europe and start a war with central!

If he wanted to start a war, why would he hide his identity and make himself an assassin in Black Butterfly?

First, Lin Yi had a peace agreement with central, and second, Lin Yi wanted to find Chu Mengyao as soon as possible. He didn't want to talk to central at all.

Lin Yi sighed to himself as he glanced at the unconscious Mike. He had to go back to the Steffey family first and see what happened!

The mini-submarine quickly rose to a depth of less than 20 meters from the sea level. It then stopped rising and headed towards the dock of the Steffey family.

Lin Yi contacted the Steffey family through the mini-submarine's communication device, telling them to arrange a helicopter to fly straight to the manor as soon as they reached the port.

"Clan leader, Ling-zero-eight has already found young master Mike. Young master Mike is completely unharmed! However, miss Justin...Ling-zero-eight did not mention this!"

When artil received the news, he immediately reported to evalist, ""I'm afraid miss Justin...I hope young master Mike can be more open-minded."

"Ling-zero-eight is indeed powerful! With him around, I can be at ease!"

The stone in Evalist's heart fell to the ground, and he revealed a comfortable smile. He then snorted coldly, ""As for Justina, it's best if she's dead! She was definitely the one who encouraged Mike this time! Otherwise, why would Mike do such a ridiculous and stupid thing?"

"He knew that someone was going to assassinate Mike, yet he still encouraged this idiot to leave his guards and go out alone. He deserved to die!"

"Clan leader, since this matter has already happened, then don't mention it again, or else young master Mike will have a knot in his heart!"

Arti bowed slightly and advised in a low voice, ""Actually, it's not necessarily a bad thing for young master to suffer some losses when he goes out. Otherwise, he will always think that he's powerful just because he's a cultivator and a swordmaster. In the future, he will cause even greater trouble!"

"I indulged him too much! If only we could discipline him more strictly in the past!"

Evalist smiled bitterly and shook his head, his face filled with helplessness. ""I hope he can learn his lesson this time and hide for a month. He won't cause any trouble!"

Arti did not say anything more and smiled bitterly. If young master Mike had been so obedient, this incident would not have happened.

The submarines that had been tracking Mike and Justina had been destroyed. The two big bosses present knew this, but they did not mention it.

Those were the elites of the family. Now that they had been inexplicably lost, it would be strange if they were happy!

If Mike were to torment them a few more times, the Stefford family wouldn't be able to withstand it, and they would be finished sooner or later.

Just as the two of them were hoping that Mike would behave, he finally woke up.

Mike opened his eyes and found himself back at the Steffey family's submarine dock. Lin Yi was carrying him out of the small submarine!

"Eighth brother! We're back? How long have I been unconscious?"

Mike's mind was still in a daze as he tried to recall the memories before he fainted.

Suddenly, he raised his voice and shouted, "Justina!" Where's Justina?"

Lin Yi frowned, not sure how much Mike could remember. After all, he was seduced by Justina after that. Could it be that he could remember after that?

No matter what, it wasn't appropriate to carry him since he was already awake. Lin Yi told him to stand properly before speaking indifferently, "Justina is dead!"

"He's dead?!!"

Mike's voice was raised by a few octaves, and it could be said to be piercing through the clouds and cracking the stones. "How did Justina die? What's going on?"

"Mike, do you remember what happened before you fainted?"

Lin Yi didn't know how to explain, so he needed to make sure how much Mike remembered first. "Let's recollect our memories first before we talk about Justina. "

"I remember ... You were the one who knocked me out, right?"

Mike grabbed his hair with both hands, his expression a little crazed. He suddenly looked at Lin Yi with an unfriendly look. "Am I right? Were you the one who ruthlessly knocked me out?"

Lin Yi's mouth twitched-it was the truth, he couldn't deny it!

And the part about him going all out was true ... Mike was a Western practitioner, after all, and Lin Yi wasn't sure what his levels were, but he was at least Sky Class!

How could he not be ruthless to such a character?

"Then do you remember why I knocked you out?"

Lin Yi didn't deny it, and tried to get Mike to recall the reason. "If I didn't knock you out, you would have committed suicide! Listen to Justina's orders and commit suicide willingly!"

Mike was slightly stunned, and countless images flashed through his mind.

Justina took out her coral knife and asked him to give up his blood to open the passage to the merfolk Island ... Justina really wanted to kill him!

This realization made Mike's heart hurt a little, and he glared at Lin Yi, "Why did you stop me? For Justina, I'm willing to give up my life. It's my honor!"

Lin Yi was stunned. The effect of the mermaid's charm was still there? Was it that awesome?

Or was the person in front of him an idiot?

What to do? If others said that she couldn't play with idiots, then why should she still bring him along? He might as well just kick him into the sea!

Mike didn't know that Lin Yi had the intention to kick him into the sea. He was still scolding Lin Yi, "Justina is my princess, and I am her Knight! Don't you know that the Knight is ready to sacrifice himself to save the princess? why did you stop me?"

Chapter 7490

"And how did Justina die? Was it you! Did you, demon, kill Justina?"

They were really idiots! The appraisal was complete!

Lin Yi didn't know what to say-they couldn't talk anymore!

He was willing to give up his life, so how could you reason with him?

"Alright! I'm sorry to have interrupted you when you were willing to sacrifice your life for Justina!"

Lin Yi shrugged and spread out his hands, "You are willing to die, but I am not! Not only does Justina want you to die, she also wants me to die! Do I have to sit and wait for death?"

If Mike really was an idiot, he'd definitely follow Lin Yi's words and say that he deserved to die!

But Mike wasn't an idiot, he was just a little infatuated. He blinked after hearing Lin Yi's words.

"You're not Justina's Knight. It's not right for you to sacrifice your life for her!"

Mike was silent for a moment, and then said seriously, ""But why do you have to kill Justina? As long as I die, you and Justina can leave the mermaid Island, right? Why did you kill Justina?"

It was a strong reason, and Lin Yi didn't know what to say!

Because there were two of them who came back, Mike knew very well that the death of one could open the passage. Why did it have to be Justina and not him?

"I'm someone your father found to protect you! Protecting you from death is my duty! Even if you want to die, I can't let you die!"

Lin Yi didn't want to waste any more time. "So don't talk to me about this anymore. Justina is dead, and she asked for it. She can't blame anyone for it!"

"I want to die! Why didn't you let me die? Why did you kill Justina?"

Mike shouted again, and his emotions were on the verge of collapse!

The veins on Lin Yi's forehead were popping-he really wanted to knock Mike out again!

"I want to duel you! In the name of a Knight!"

Mike suddenly calmed down and looked at Lin Yi with a serious expression."I know you're very powerful! But I'm not weak! I want to duel with you, so it doesn't matter if you kill me! I'll write a will to tell my father that I won't pursue your responsibility!"

Lin Yi's eyebrows twitched. In the name of a Knight? Did he think he was in the Middle Ages?

"Do you dare to accept my challenge? Don't make me look down on you!"

Mike's expression was serious as he stared at Lin Yi,"I promise it'll be a fair duel. I won't let you suffer any losses!"

Lin Yi looked at Mike like he was an idiot.

Fair? Would you still think it was fair to fight someone who could kill you with a single breath?

"I understand! You think I'm too weak to be your opponent, right?"

Mike saw that Lin Yi didn't say anything and spoke loudly after a short pause,

"You're wrong! Actually, I don't need your protection, because I'm also an expert! When we were on the mermaid Island, I thought you were one of them. That's why I didn't want to have a conflict with you for Justina! After that, you took my sword by surprise. I didn't say anything because you said you were here to protect me!"

"But you have to know that I'm a Knight, a swordsman!"

While speaking, Mike's body suddenly burst out with a strong aura. The aura of an earth rank was revealed, and it even faintly felt like a half-step heaven rank powerhouse!

As expected, the Western practitioner was called a Knight, and Lin Yi was right about him being Sky Class.

However, in Lin Yi's eyes, this level of strength was similar to a golden class master.

"Did you see that? I'm also a half-step Sky Class master ..."

Mike wanted to say that he had the right to fight Lin Yi, but Lin Yi was getting impatient after listening to his nonsense!

In a flash, he suddenly appeared beside Mike!

With a chop of his hand, it was still the same familiar formula and smell!

The earth Class, half a step into the sky Class, Mike, was knocked unconscious again and carried out of the dock.

The members of the Steffey family looked at each other, unsure if they should step up and question Lin Yi.

But while they were struggling, Lin Yi was already on the helicopter with the mic, as if no one was there!

Lin Yi only started frowning at the unconscious Mike after the helicopter took off.

Mike's training method wasn't the same as Huaxia 's, and Lin Yi wouldn't be able to determine his strength before he revealed it.

Very quickly, the Steffey Manor was within sight. Lin Yi was careful this time, and only touched Mike lightly, waking him up the moment the helicopter landed.

He opened his eyes and was about to pester Lin Yi when he saw his father's dark face.

At this moment, evalist, the head of the stefford clan, was standing on the tarmac and waiting for Mike!

"Father ..."

Mike couldn't be bothered with Lin Yi anymore and quickly stood up with his head lowered, "I ..."

"Artil! Take Mike back to his room and lock him up. Without my permission, he's not allowed to leave!"

Evalist completely ignored Mike and directly ordered artil, who was beside him.

"Yes!"

Artil bowed and acknowledged the order. Then he said to Mike, ""Young master Mike, don't make the patriarch angry anymore. Come back to my room with me first!" He said.

Mike's eyes widened a few times, but in the end, he could only lower his head and give in. He followed artil and left the tarmac.

There was no other way. Evalist had the double prestige of the patriarch and his father, and with artil's martial deterrence beside him, Mike knew that it was useless no matter what he said. It would only anger his father even more.

" 08, it's all thanks to you that we managed to save this insensible kid."

After artil took Mike away, evalist showed a grateful expression. ""You were attacked by a submarine on your way back. Did you get hurt?"

Lin Yi didn't tell the Steffey family about the submarine attack, but the internal radar had a recording function. Once they got close to the base, they'd naturally know that the small submarine was attacked by a torpedo.

"Esther, you don't have to be so polite with me. This is my job!"

Lin Yi waved his hand casually,"as for the submarine attack, you saw it yourself. Mike and I are unscathed. I don't know what happened to the enemy's submarine, but it self-destructed in the end."

Lin Yi didn't even believe his own bullsh * t, but it didn't matter. Evalist wouldn't ask how the enemy's submarine died-as long as Mike came back safely!

"It's good that you are fine! 08, let's go have a cup of coffee and have a chat. I really want to know what that bastard did at the bottom of the sea. "

Evalist turned to Lin Yi, his attitude friendly. "And Justin...I heard she's dead?" he asked.
