

Bodyguard 7491

Chapter 7491

"I'll do as you say. I'll tell you everything in detail!"

Lin Yi's appropriate response made a good impression on evalist, and he personally led Lin Yi out of the tarmac to his study room.

To be able to come into the study for a coffee and chat meant that evalist really did treat Lin Yi as a close friend. This was a private place, and people who didn't have a good relationship wouldn't have the right to come in.

"Esther, that's what happened. Justina had awakened her mermaid blood, so her thoughts and spirit changed, and she died on the mermaid Island ..."

Lin Yi briefly explained what happened between Mike and Justina, filtering out a lot of details in the middle. Evalist still felt like he was listening to a fantasy story, his face full of disbelief.

"There's such a thing? The legendary mermaids really existed! You even want to seduce Mike to commit suicide?"

Evalist gathered his emotions and suppressed the anger in his heart. He snorted coldly and said, ""Damn Justina, she didn't even let Mike off! It's all thanks to you this time, 08, or else the consequences would have been unimaginable!"

"It's my duty! It's not worth mentioning!"

Lin Yi said casually. "Esther, we haven't finished talking about the people who wanted to kill Mike. Who are they?"

He'd already guessed that these people might be from the Saint realm, but he still needed confirmation from Evalist himself.

Evalist wanted to ask about the underwater torpedo attack, but since Lin Yi asked about the main issue, he let the small stuff go.

"Actually, you should have heard of the person or organization that wanted to assassinate Mike! Their influence in Europe is like the sun at its zenith!"

Lin Yi's guess was confirmed with what Evalist said.

"The new sanctuary organization. The black butterfly must have collected information about them and even had dealings with them, right?"

Evalist glanced at Lin Yi, who nodded slightly before continuing, ""The cause of this incident was a dispute over the sea routes. The new sanctuary organization has marked out a large area of the sea and declared that it is their territory. No one is allowed to enter it without permission."

"08, as you know, our family relies on shipping to survive. Many of the sea areas marked by the new sanctuary organization are important sea routes for our family. Even our transit Island Supply station is within their scope. This has a huge impact on our family!"

"Our stefford family naturally couldn't agree to such an overbearing matter, but after negotiations and even fighting, our family was inferior and could only choose to back down ..."

Evalist had a helpless and bitter smile on his face. He sighed softly and said, ""In a battle of sea routes, if you lose, then you lose. There's nothing more to say. If you can't afford to provoke them, then just take a detour! But the new sanctuary organization is insatiable, and they recently asked us to hand over a port in the sea!"

"That's the lifeblood of our Steffey family. If we hand it over, the entire family will either be destroyed or suffer a disastrous decline. We'll enter a period of weakness and basically have no hope of revival!"

"No matter what, the family can not agree to this. I've also told the new sanctuary organization that we'd rather fight to the death than compromise! As a result, they took revenge on me!"

Lin Yi was suspicious,"if that's the case, they could've just come to kill you. You'd be dead and everything would be over. Why would they go around in a big circle to deal with Mike?"

"Because they want to force me to submit, not Rob me directly! After all, they won't openly go against the law and take things by force. "

Evalist sighed and said, ""But their patience is limited. The first few assassinations were just to scare me, so the people around Mike suffered more casualties, including the two masters of your Black Butterfly organization! But this time, the new Holy region seems to be serious!"

Lin Yi nodded. Central was supporting this new sanctuary because they were worried about the peace agreement they signed before!

After all, central wasn't the only big power in the common world, and Lin Yi's side was also very strong. Central didn't want to go against the law if they could, and it wouldn't do them any good to attract Lin Yi's attention.

But now, it seemed that the new sanctuary had lost their patience. Perhaps the port of the Steffey family was more meaningful to the center, and it might even be more convenient for them to build a new underwater base.

"After you went after Mike last time, the new sanctuary sent us an ultimatum! He warned us that if we don't hand over the port, we'll kill Mike within a month! Then, it's the important members of our family ... Of course, I'm the last one!"

"You ..." Evalist was angry and helpless. "The torpedo attack you suffered is the beginning of the new sanctuary organization's official assassination! O8, I beg you, you must protect Mike. You can't let anything happen to him!"

"Don't worry, Esther. I told you that it's my duty! I'll definitely do my best to ensure Mike's safety. "

Lin Yi nodded seriously. It didn't matter if the guy was central or not, he'd keep Mike safe since he'd agreed.

"Father!"

As the two of them were talking, Mike's voice came from outside the study.

Evalist was slightly stunned. What was Artil doing? Didn't he ask him to send Mike back to be put in detention? Why did he come here?

With Artil's strength, it was impossible for Mike to resist!

"Chief, young master Mike has a request for an audience. I can't stop him!"

Artil knocked on the door a few times, his voice sounding a little helpless.

"Come in!"

Evalist's face was as dark as water as he gave Lin Yi an apologetic look before looking at the door coldly.

Artil pushed open the door to the study and walked in with Mike.

It was only then that evalist knew why artil had said that he could not stop Mike.

Because Mike was holding a small knife in his hand and pressed it against his own neck with a determined expression on his face. It was as if he would die for you if you didn't agree!

Artil could snatch the knife, but he couldn't keep an eye on Mike, so he could only let him come over to see evalist.

"Nonsense! Mike, what are you trying to do? Do you know what the situation is right now? Don't you know that the clan is at a life and death juncture?"

When evalist saw this, he was instantly enraged. He raised his hand and grabbed a thick book beside him, throwing it at Mike.

The kid dodged nimbly, easily avoiding the book, and then shouted in an even louder voice, ""Father! If you continue to be like this, I won't need the new sanctuary to kill me. I'll kill myself. Do you believe me?"

Chapter 7492

"If you want to die, then quickly die! Remember to stay far away! Don't embarrass yourself here!"

Evalist wished he could strangle this little brat with his own hands. What sin had he committed to give birth to such a troublesome thing?

Mike rolled his eyes and felt that suicide or something did not seem to threaten the old man, so he simply threw the knife to artil and ran over with small steps.

"Father! Listen to me, I had no choice. Otherwise, artil wouldn't let me go out!"

Mike shrugged and glared at Lin Yi, "I've just received a notice from the Knight Association. They're going to hold a meeting to discuss the proposal to deal with the new sanctuary-realm! When we deal with the new sanctuary, our family will be fine!"

"Nonsense! That European sanction Sword Knight Association? He also wanted to go against the new sanctuary? Don't joke around!"

"F * ck!" Evalist was furious, "I told you to leave that sword of sanctions Knight Association long ago, but you didn't listen! I'm warning you, you're not allowed to have anything to do with them! To be honest, they're not even as good as the new Holy region!"

"Father! You can look down on me, but you can't look down on the ruling Sword Knight Association! We are the inheritors and prosperors of the spirit of chivalry! The world needs us Knights to save it!"

Mike put on a hot-blooded posture, feeling that he was unparalleled and upright, but in the eyes of evalist, he wanted to slap him away!

Lin Yi finally understood that Mike wasn't joking when he said he wanted to have a fair duel. He'd even joined the Knight Association of the sword of sanctions?

"Young master Mike, the clan leader is doing this for your own good! There are some things that you should listen to the patriarch!"

Arti put away the knife that Mike had thrown at him. He still maintained his dignified manner and advised, ""Not everyone in the sword of sanctions Knight Association has the spirit of a Knight. If you mix with them, it won't do you any good, young master Mike!"

"Arti! "You are the same as father. You don't understand the greatness of our Knight Association!"

Mike was very emotional. He jumped and shouted, ""This time, our Knight Association took the initiative to deal with the new sanctuary-realm, which is equivalent to helping our family get out of trouble. Why can't you have a trace of gratitude?"

"Young master Mike, please forgive me for being blunt!"

Arti bowed slightly and smiled calmly. ""If the sword of sanctions Knight Association could get rid of the new sanctuary, our Steffey family would have done so long ago. Why would we need them to do anything?"

"Nonsense! Our family doesn't have many masters, and you're the only one who's more powerful, arti. Who else is there? Let them come out and try to fight me!"

Mike knew that artil was more powerful than him, but he didn't have any concept of the others. He thought that in the Steffey family, artil was the strongest, and he was the second strongest!

Artil smiled and did not say a word. How could an old servant be more powerful than an ancient family's heritage?

"Father, no matter what, I must attend this Knight Association's meeting. If you don't agree, I'll really die in front of you! Anyway, Justina has already gone to heaven. I want to find her as soon as possible!"

Mike's mood changed very quickly. As he spoke, he entered a state of sadness again, but he didn't know if it was true ... Maybe it was just his acting skills?

Evalist's expression darkened. Justina was Mike's childhood friend. Since Mike had mentioned it, he could not refute it, even though he felt that Justina deserved to die.

"Forget it, Esther. Let him go, I'll follow!"

"If Mike's Knight Association can really go against a new Saint, it might be a good thing," Lin Yi suddenly spoke up.

Central was now supporting the new sanctuary in Europe, and Lin Yi was thinking if he should start an organization to fight against the new sanctuary as well, like the ruling Sword Knight Association or something.

If he really did have the strength, it would be a good thing to use him as his spokesperson in Europe. That was why Lin Yi decided to go with Mike to take a look.

"I don't need you to follow me! As a beginner Knight of the Knight Association, I have the ability to protect myself! Besides, I'm not done with Justina yet. I still want to challenge you to a duel!"

Mike laughed coldly, looking down on Lin Yi. "I'll let you off for the time being for father's sake. Don't go too far!"

"How audacious! How can you talk to O8 like that?"

"You're dead!" Evalist shouted angrily, "if it wasn't for O8, you would have died a few times!" If Justina is dead, then so be it. Who asked her to encourage you to take the risk and even want to use your life as a stepping stone to escape?"

"Mike, I'm warning you! If you dare to disrespect O8, I'll treat it as if I don't have a son like you! Also, it's your honor that O8 is willing to go with you! I'll let you go for O8's sake. If you don't want to take O8 with you, then stay at home! If you want to die, then die at home!"

Mike was shocked, not understanding why the old man valued Lin Yi so much.

Who is your son?

"Young master Mike! Listen to the patriarch, don't mention the duel anymore!"

Artil sighed. With Mike's strength, he wanted to fight Lin Yi? He probably wouldn't even be able to see the other party make a move before being killed, right?

"Mr. Ling, please don't stoop to young master Mike's level. We still need Mr. Ling to protect young master!"

"It's within my duty. Artil, you don't have to say much. "

Lin Yi nodded and turned to Mike. "I promised Esther that I would protect you for a month. If you want to fight me because of Justina, we can talk about it after the mission is completed."

"Alright! It's indeed difficult for you to fight with the person you're protecting now. I'll wait for a month!"

Mike snorted, looked at his old man, and continued, "I don't need your protection anyway, and no one can kill me. If you want to follow me, then follow me!"

Evalist was so angry that he almost laughed. He really didn't know where this little rascal got his confidence from. No one can kill you?

If not for this Ling-zero-eight, you would have died at least twice!

"08, thank you for tolerating Mike's nonsense. I'll leave the rest to you. This kid is insensible. Don't hold it against him!"

Evalist ignored Mike and sincerely apologized to Lin Yi, "Don't take those angry words of a child to heart ..."

He was also worried that Lin Yi would really have a duel with Mike in a month's time. If the new sanctuary didn't manage to kill Mike, they'd be killed by the bodyguards they hired to protect him. That would be a huge problem!

"Don't worry, I know what I'm doing!"

Lin Yi said ambiguously, trying to comfort the patriarch a little before seeing Mike leave in a Huff, "I'll follow him, so I don't have to worry about his safety,"

Chapter 7493

Mike left the study quickly without even saying goodbye. Since the old man had agreed to let him attend the Knight Association meeting today, he did not want to delay it.

When they arrived at the tarmac, the helicopter that was prepared had already started. Mike chased the pilot off the helicopter and sat in the pilot's seat.

Lin Yi followed at a steady pace, and Mike wanted to shake Lin Yi off, but realized that he couldn't do it. He let Lin Yi follow him.

"You're really thick-skinned to follow me in this situation. It seems like my father gave you a lot of money!"

Mike said mockingly as he took off the helicopter. "Tell me, how much did the old man give you? I'll pay you double, how about we count it as the end of the mission?"

Lin Yi couldn't be bothered with him-if he didn't promise evalist not to break his promise, who would have the time to play with this kid?

Lin Yi didn't react to Mike's taunting, and he felt that it was pointless. He decided to shut his mouth and focus on flying the helicopter to the headquarters of the ruling Sword Knight Association.

After flying for almost two hours, the helicopter began to land on the roof of a building in the center of the city.

Lin Yi thought that the Knight Association would be in some old building, like an ancient castle or something-that would fit the name of the Knight Association. He didn't expect it to be in a modern place like this.

Mike turned off the helicopter after landing and jumped off, not caring if Lin Yi was following him or not. He walked towards the elevator.

Lin Yi was still following Mike at a steady pace, as if he were taking a stroll in his garden.

No matter how fast Mike was, he couldn't shake Lin Yi off. Lin Yi was right behind him.

After entering the elevator, Mike didn't even look at Lin Yi. He took out a card and swiped it, and an LCD panel appeared silently below the normal buttons, with more buttons on it.

Mike pressed the button with great familiarity, and he also verified the fingerprint and facial scan. After the scan was successful, the elevator began to descend quickly.

Lin Yi's face was calm, but he was a little speechless. Why was this Knight Association acting like the special Agent headquarters? was there a need to be so cautious?

The elevator went down smoothly. In less than half a minute, it passed through dozens of floors and directly entered the underground, stopping at the fifth floor underground.

The metal door opened without a sound. Mike walked out first and entered a brightly lit metal passage.

There was a door five or six meters away from the passage. Two men in knight's armor stood on both sides, with knight swords at their waists.

It would be a pity if he didn't film a medieval film with his looks.

"Knight Mike!"

When the two of them saw Mike, they immediately gave a Knight's salute, which was quite formal.

"I'm here to attend today's meeting. Is everyone here?" Mike returned the salute with a solemn expression.

"It's almost time. The meeting will begin soon. Please come in!"

The two of them stepped aside and opened the door.

Mike nodded and stepped forward.

Lin Yi didn't say a word as he walked beside Mike, but the two knights stopped him.

"I'm sorry, only members of the Knight Association can enter this place. You can't enter!"

The Knight who was talking to Mike emphasized coldly, "Even if you're someone brought here by Knight Mike, you can't enter!"

"I'm Mike's bodyguard, and I'm here to protect his life from any threats. So, I have to go wherever he goes!"

"If I can't go in, then Mike can't go in either!" Lin Yi said faintly.

"How audacious! Are you using Knight Mike to threaten us?"

"What do you think this place is?" the cavalryman's face darkened as he coldly shouted. This was the ruling Sword Knight Association! Do you think Knight Mike still needs your protection here? It's already good enough that you can protect yourself!"

"What a joke! I really don't know where you guys got your confidence from. "

Lin Yi said with a mocking smile. "Whether you like it or not, I have to be with Mike. You'd better not force me to do it!"

Lin Yi scanned the room with his spirit sense as he opened the door. There were quite a few people inside, around twenty of them, but none of them were strong. The strongest one was only half a step into Sky Class.

Perhaps the people inside were all beginner Knights who were similar to Mike. However, from these people, it could be seen that the so-called Knight Association's strength was only so-so.

Not to mention going against the new sanctuary, even if artil were to come, he would be able to defeat all the Knights present.

"Your tone is really not small. If you have the guts, then make a move!"

The Knight guard at the door sneered, ""You dare to be so arrogant in the Knight Association's territory? Do you believe that you won't even have the chance to get out of here lying down?"

"Forget it, just let him in! This is a bodyguard my father spent a lot of money to hire. If I don't bring him along, my family's money will be wasted!"

Mike had wanted to watch Lin Yi make a fool of himself, and even thought of asking the Knight Association to teach him a lesson, but he suppressed the thought.

After all, in the spirit of chivalry, there was no such thing as borrowing someone else's hand.

If he wanted revenge, he should fight fair and square!

"Since you've said so, Knight Mike, let this country bumpkin go in and take a look!"

The guard pondered for a moment and didn't insist. He stepped aside and signaled Lin Yi to go in.

It seemed like Mike's position in the Association was quite high. His words were quite effective.

The other one, on the other hand, was staring at Lin Yi with a mocking smile, as if thinking that Lin Yi would only be humiliating himself if he went in!

Lin Yi acted as if he didn't see him and walked in with a calm expression. He followed Mike through a corridor and came to a meeting room!

There was a huge round table inside, probably because they felt that a round table was more suitable for Knights.

There were already a dozen people around the table, and they all raised their heads when they saw Lin Yi and Mike.

Mike smiled and took the initiative to greet them.

As for Lin Yi, he was leaning against the wall at the entrance, not planning on paying attention to these people.

"Don't worry about him, he's just a bodyguard my father hired to protect me!"

Mike noticed that everyone's eyes were on Lin Yi, so he explained with a smile and emphasized the word "spend money."

The people in the room were basically all young people. They immediately understood what Mike meant and laughed as they mocked him.

Lin Yi couldn't be bothered to argue with these teenagers, especially that idiot Mike. Did he think that it was a good idea to let others mock his bodyguard?

The Knights talked for a while, but Lin Yi was still as calm as a mountain. They felt bored-they'd probably be more interested if Lin Yi could explain himself.

Chapter 7494

"Alright, everyone, be serious. Let's first discuss how to deal with the new sanctuary!"

A blonde white man who looked less than 30 years old knocked on the table with his finger, signaling for everyone to be quiet. He then turned to Mike and said, "Mike, this meeting is mainly held because the central sanctuary wants to assassinate you. As the person involved, tell me your thoughts first!"

"I'm very grateful that everyone is willing to gather for me. Although we're all brothers, I'm still touched by this!"

Mike placed his right hand on his chest and bowed slightly. "In fact, personally, I don't care if the new sanctuary wants to assassinate me or not, but what they have done is really evil! How can our ruling Sword Knight Association sit by and do nothing?"

"Well said! Even without Mike's incident, we would still have to take action against the new sanctuary. This kind of evil organization should be eliminated as soon as possible!"

"Good!" A brown-haired young man cheered loudly. "Actually, we don't need to discuss this at all. After everyone has gathered, we can directly attack the new sanctuary organization!" Unfortunately, the location of their headquarters was too mysterious, and there were no clues at all! However, that doesn't matter. We can first destroy a branch of the new sanctuary!"

"That's right! The new sanctuary's branches in various European cities are not particularly hidden. We have more than one of them so far! We'll first destroy this city and show them our power!"

Another person echoed. This group of chunnibyou youths began to feel their blood boiling as they spoke, and they couldn't wait to attack the new sanctuary.

Mike, who was called out to share his thoughts at the beginning, only said two sentences before someone else took the lead and no one else could interrupt anymore.

"Good! Since everyone's opinion is the same, we've decided to launch the Knight's punishment on the new sanctuary organization's nearest branch!"

The golden-haired young man made the final decision, and a confident smile appeared on his face. "Knights of Justice, let's attack together. A mere new sanctuary division will be easily captured! By then, the name of the sword of sanctions will spread throughout Europe and the world!"

"Ha ... It even spread throughout Europe and the world! Before that, shouldn't you consider whether you have the chance to come back alive?"

Lin Yi didn't hide the cold smile and disdain on his face. "With just a few pieces of trash like you, you want to go to the new Holy region and cause trouble? He probably couldn't even smash a person, yet he wanted to destroy their branch? What a joke!"

"Shut up! Who Do You Think You Are? how dare a mere bodyguard spout such nonsense? If it wasn't for Mike's sake, do you think you have the right to sit in the same room as us?"

The brown-haired young man glared at Lin Yi. "What's so great about a mere new sanctuary division? This young master doesn't even put them in his eyes!"

"Whether or not you put them in your eyes doesn't change the fact that you're a good-for-nothing!"

Lin Yi didn't react when he was mocked because he couldn't be bothered to argue with these kids!

However, if they were to go to the new sanctuary division to cause trouble, they would most likely be sending themselves to their deaths. Therefore, they could only give them some kind advice.

Of course, his kind advice was a little heart-wrenching ...

"I'm sorry, I didn't say you were trash because of you. What I meant was that everyone here is trash! If you don't want to die, then quickly get rid of this thought! The new sanctuary organization isn't something you can afford to offend!"

"Impudent! Are you a spy sent by the new sanctuary organization? That's why they've been speaking up for the new sanctuary and scaring us!"

The brown-haired young man was a little pissed off as he pointed at Lin Yi, "Don't think that we won't touch you just because we're giving Mike face. Do you believe that we won't beat you to death right now?!"

"Heh ... I just can't bear to see you all die! Aren't you happy to be alive? Why would you do something so stupid as to throw an egg at a rock?"

Lin Yi ignored the young man's threat and shook his head, "It's already very kind of the new sanctuary not to come and find trouble with your Knight Association. Why can't you guys just shut your mouths and wait? Why do you have to provoke an existence you can't afford to provoke?"

It wasn't that Lin Yi was mocking them, but even he himself wasn't confident in destroying the new sanctuary organization!

It wasn't his first or second time dealing with central, and every time Lin Yi crippled them, they would miraculously revive.

"You're still in high spirits, aren't you?"

The brown-haired youth suddenly stood up and reached for the hilt of his sword. He was about to pull it out. "I'd like to see what you're capable of today!"

"Save it! A group of earth-rank rookies. Even a new sanctuary-realm wouldn't bother to attack you, let alone me!"

Lin Yi really wasn't interested in teaching them a lesson-they could kill one or two with a single breath, after all.

"So what if you're Earth Class? Earth Class is enough to teach you a lesson! Besides, our President is a Sky Class full master, what's a mere new Saint?"

The brown-haired young man didn't really pull out his sword. Only after facing Lin Yi for real did he feel that Lin Yi had an unfathomable aura, which made him a little scared. He forced himself to get out of the situation, "If our guild leader were here, I'm afraid you wouldn't dare to say that!"

Lin Yi's lips twitched, bored to death. Someone who didn't even dare to attack wanted to attack the new Saint division?

'Forget it. If you want to die, then just die. It has nothing to do with me anyway. It doesn't matter if everyone dies, as long as Mike doesn't die.'

As for the president, Lin Yi's senses told him that the guy was just outside the meeting room.

"What's going on? What's happening?"

A deep male voice came from outside the meeting room. Hearing this, the people around the Round Table all stood up and saluted.

"President!"

After greeting Lin Yi, the brown-haired young man immediately reported Lin Yi, "President, this little bodyguard Mike brought with him not only looks down on us, but also you, President!"

The chairman was a one-eyed man with a black eye patch on his left eye. Lin Yi didn't think he should be the chairman of the Knight Association, he should be the chairman of the pirate Association.

The pirate-like one-eyed man glared at Lin Yi, his face full of pride. "Who are you? How dare they look down on the ruling Sword Knight Association! Do you really think that there's no one in our Association?"

"Of course you have people. There are so many people here. I can't just treat you all like air!"

Lin Yi shrugged and smiled faintly, "I'm just saying that you're all useless!" It's not just the people below who are trash, you look like trash as well. Don't be angry, I've already said that I'm not targeting any one of you, but all of you here!"

Chapter 7495

"Hehehe ... Mike, I heard that you brought these people here. Don't blame me for not giving you face today!"

The one-eyed man laughed, his only eye glaring at Lin Yi coldly. "Come on, let me see how powerful a not-so-useless person like you is!"

"President, this person really doesn't know how to appreciate my kindness. Just attack, no need to give me face!"

Mike wasn't happy with Lin Yi to begin with, and now that the president had spoken, he wouldn't reject him!

Lin Yi chuckled and leaned against the wall, not wanting to move at all-a Sky Class full master challenging him really wasn't worth it!

It was like an ant baring its fangs and brandishing its claws to challenge an elephant. Did the elephant have to be serious and wait for a serious response? Just thinking about that scene made him feel inexplicably funny!

The one-eyed man thought that Lin Yi was afraid of him after seeing no reaction from him. He was secretly pleased with himself, but his face was full of pride,

"As the president of the ruling Sword Knight Association, and a peak heaven class master, I can't bully you! How about this, I'll let you make the first move, and I won't fight back within three moves. You should take advantage of this opportunity!"

"Hehe ... Heaven class full completion! It sounded really awesome! Yes, once upon a time, I also thought that the completion of the heaven class was the peak of the world's martial arts! Many years ago, I worked hard for this goal, and finally reached the peak of the Sky Class ..."

Lin Yi sighed, lost in thought as he remembered the time he went to the Ice Palace to save Xiaoxiao.

At that time, Rock Candy was a Sky Class full master, like a mountain that couldn't be crossed.

However, Lin Yi's words sounded a little cocky to One-Eye's ears!

Moreover, he was so pretentious!

How many years ago?

Are you bullshitting? How old are you? He looked to be in his twenties!

How many years ago were you a Sky Class? did you start training in your mother's womb?

"What a show-off leader, does he not know what the full completion of the Sky Class means?"

"Yeah, does he think that practitioners are Sky Class?"

"Don't tell me he doesn't know that above the completion of the Sky Class, one of his feet has already stepped onto the path of cultivation, opening the realm of the heavenly path!"

All the Knights were discussing disdainfully, not happy with Lin Yi's acting.

Even Mike's face was a little red at this moment. This bodyguard of his was simply too good at bragging. If you were really so good, why would you be a bodyguard?

"The path of training is never-ending. The completion of the Sky Class may seem like the peak, but it's not even the beginning. How can you know the vastness of the world by looking at the sky from the bottom of a well?"

Lin Yi didn't care about their mockery as he was still immersed in his memories.

"Forget it, there's no point in telling you all this! I'll give you a piece of advice, you're still young, don't always think about seeking death! Remember, if you don't do it, you won't die!"

With that, Lin Yi turned to Mike. "That's all I have to say. It's up to you if the Knight Association wants to continue the operation, but Mike will definitely not participate! I'm going to take him away now, please go ahead!"

"Are you done with your nonsense? Hurry up and do it after you're done speaking, or I'll lose my patience and not let you make the first move!"

The veins on One-Eye's forehead were popping, and he was starting to regret giving Lin Yi three moves.

If Lin Yi didn't make a move, they couldn't just waste time like this, could they? As for what Lin Yi said about Sky Class peak not even being a beginner, he didn't really care!

As far as he was concerned, it was just an excuse for Lin Yi to stall for time.

"Oh, if you're looking for death, then make your move!"

Lin Yi glanced at the one-eyed guild leader indifferently, ready to take Mike away by force.

If the one-eyed Guild Master really didn't know what was good for him, then Lin Yi wouldn't mind teaching him a lesson.

The one-eyed Guild Master was furious at being ignored by Lin Yi, and he was about to attack!

At this moment, he didn't care if he had promised to give him three moves.

However, at this moment.

There was movement from the other end of the elevator, and the elevator door opened.

"BOOM!"

There was a loud bang.

A guard of the Knight Association was thrown out, and a loud bang was heard in the passageway.

Two white men filed out of the elevator.

Lin Yi scanned with his spirit sense and didn't know whether to laugh or cry.

The Knight Association here was still thinking of destroying the new sanctuary's branch, but in the end, the new sanctuary had directly sent people to attack them.

Lin Yi didn't recognize the two white men who came out of the elevator, but they had the mark of the new sanctuary organization on their bodies. Lin Yi had seen this mark twice.

The first time was in China, with Piao Jinzhu and her companion.

The other time was on the two people who had escaped from the submarine.

The one-eyed guild leader didn't have a spirit sense, so he couldn't grasp all the information instantly like Lin Yi. However, the loud noise in the tunnel attracted his attention, and he gave up on the idea of attacking Lin Yi.

"What's going on?"

The one-eyed guild leader shouted as he quickly rushed out of the room.

What he saw was the three knights on his side rolling around in a corner. They were obviously injured.

However, the two strangers who were slowly walking toward him gave him great pressure. "Who are you people? You actually dare to trespass into the ruling Sword Knight Association!"

"What sword of sanctions? what Knight Association? what a joke!"

One of the men from the new sanctuary sneered, ""It's not that I'm discriminating against you, but how can trash like you have the nerve to call yourselves Knights?"

The other man also laughed. "Paul, they're willing to entertain themselves and it's not your fault. Why are you laughing at them? They're just a bunch of trash. "

"Johnson, it's not that I want to laugh at them, but I really have no choice! They're just like ants. If they submit to us in the future, won't we have to work with weaklings like them? Just thinking about it makes me unhappy!"

Paul, who was the first to speak, shrugged his shoulders with a helpless expression. He said to the one-eyed guild leader, ""Let's get down to business first. You must be the president of the sword Knight Association, Morris, right?"

"I'm Morris! And what are you?"

Morris, the one-eyed man, suppressed his anger and maintained his Knight's demeanor. "Report your names and taste the wrath of my blade! My longsword is already thirsting for it. "

"You're really a clown-like ant!"

Paul sighed again and ignored Morris, who was about to go berserk. He forced himself to be serious and said, ""President Morris of the Knight Association, on behalf of the new sanctuary, I am here to announce the order of the Saint Emperor! I hope that when you receive the order, you will swear to obey the commands of the new Holy region and immediately head to our new Holy region to accept the Holy Emperor's conferment!"

"Bullshit! You dare to humiliate me!"

Morris flew into a rage. They were just discussing about attacking the new sanctuary division, but the people from the new sanctuary had come to their door and said that they wanted to incorporate the Knight Association. This was simply preposterous!

Chapter 7496

At this time, Morris could no longer care about his bullsh * t knightly demeanor. With a swish, he drew the knight's sword from his waist, held the hilt with both hands, and strode toward the two people from the new sanctuary.

"Hahaha, Xiao Chou is angry. However, an angry Xiao Chou is still an ant! Let me play with you!"

Johnson laughed and rushed out. He didn't know when he put on the iron finger pads on his fingers. He didn't Dodge Morris's Knight epee. Instead, he threw a right punch to the side of the epee.

In the clear sound of metal clashing, the heavy sword trembled and instantly lost its original attack trajectory. Morris 'body also tilted slightly, causing him to be shocked.

Heaven class peak!

After only one encounter, Morris already knew that Johnson was not weaker than him. In fact, he was even stronger!

If it was just Johnson alone, Morris would not be afraid. After all, this was the headquarters of the ruling Sword Knight Association, and there were many people here!

However, there was also Paul, who was smiling and watching the show. He was probably no weaker than Johnson!

In this way, it would not be very reliable for Morris to rely on the advantage of numbers!

What to do?

Morris was anxious, but his hands did not stop. He continued to wave the Knight's epee and attacked Johnson.

He couldn't stop now. He could only hope that he could seriously injure or even kill Johnson before Paul intervened!

The two were having a lot of fun fighting, but Lin Yi was getting bored. He wasn't even interested in watching low-level fights like this!

"Mike, let's go! Leave this place of trouble!"

Lin Yi grabbed Mike's arm, wanting to go around the two and leave the Knight Association as soon as possible.

Two new Saints weren't worth Lin Yi's time.

Mike wanted to resist, but he was shocked to find that he couldn't use any strength to struggle!

Lin Yi's palm seemed to have a mysterious power that made him lose all his strength, and he could only let Lin Yi pull him.

What kind of battle technique was this?

Mike was shocked. He had never heard of such a method in Europe! It was so magical!

Lin Yi didn't know that a simple trick like this was enough to shock Mike. It was just some knowledge about acupuncture points, not something that was worth mentioning in China.

"Oh, someone's trying to escape! Do you think you can run away from us?"

Paul's body flashed as he blocked Lin Yi and Mike's path. "You two ants, you didn't even say hello. Are you looking down on us? Are you looking down on the emissaries sent by the new sanctuary organization?"

Paul was ready to take action after he accused the new sanctuary organization of being beneath him!

Morris was the leader of a small force that the new sanctuary wanted to take in-they could beat him up, but they couldn't go too far. Paul was about to use the other members of the Knight Association to establish his authority when Lin Yi and Mike came knocking on his door.

He would be letting himself down if he didn't use this kind of good material as a warning to others!

"Oh, you're right, I do look down on you."

Lin Yi nodded and continued walking with Mike.

"Keke! The two of you are really bold. You even dare to look down on our new Holy region. If we don't teach you a lesson today, you won't remember this!"

Paul said as he raised his arm, ready to attack.

He felt like he'd hit a pillow when he was drowsy-he was just worried that Lin Yi would give in to the mic, and now Lin Yi said "fight to the death"!

If the other party gave in, it would be difficult for Paul to show his might, and the effect would naturally be much weaker.

"I don't want to be a busybody, that's why I'm taking them away. You can settle your grudges yourselves!"

Lin Yi looked at Paul expressionlessly, "Either you Dodge or you scrap it!"

Dodge?

Scrap?

Paul raised his head and laughed. Was this thin young Eastern knight crazy? How could he say this to a peak heaven class?

I don't even know how to act cool anymore!

"Hahaha, this is so funny. Those who hang out with clowns are all clowns. Even their jokes are so funny!"

Paul laughed and was too lazy to talk nonsense. His figure flickered and he launched an attack without any warning!

A fist suddenly appeared in front of Lin Yi.

According to Paul's estimation, this sneak attack was enough to blow Lin Yi's head off!

With such a visually shocking scene of a headshot, the rest of the trash would probably be scared silly, right?

As soon as his fist was thrown out, Paul was already thinking about how to make a handsome punch and blow Mike's head up as well!

An instant headshot double kill, just thinking about it made him feel so good he could fly!

Unfortunately, these violent and refreshing images could only remain in his mind.

In reality, Paul's fist, which he thought was hard to predict, was caught by Lin Yi with three fingers!

He couldn't advance, he couldn't retreat!

"Looks like you're already mentally prepared to be disabled! I really can't understand why you guys are so brainless. Why do you have to provoke me instead of doing your proper work?"

Lin Yi's lips curled into a sneer as he pulled back three fingers, and the sound of bones cracking came from Paul's fist.

In the blink of an eye, the fist exploded into a pool of blood.

Paul shrieked and stumbled back, looking at Lin Yi in fear.

He really couldn't understand why there was such a powerful person here.

Didn't the information say that only the president of the ruling Sword Knight Association was a perfect heaven rank? Then who was this kid?

"Who are you? He shouldn't be from the Knight Association, right?"

Paul's face was pale as he looked at Lin Yi in fear. "If you're not from the Knight Association, you can leave now!"

With his fist crushed, Paul immediately understood that his opponent was too strong for him to fight. He wisely chose to back off and let Lin Yi leave first.

As for revenge, the new sanctuary would naturally send someone else to take revenge on Lin Yi-there was no need to rush!

"I'm indeed not from the Knight Association. If you hadn't lost your mind and stopped me just now, I would have already left with my men. However, now that you want me to go, I don't want to go anymore!"

Lin Yi's lips twitched. "I'm leaving just because you want me to. People will think that I'm afraid of you New Saints!"

On the other side, Johnson punched Morris twice and forced him back. He then moved to Paul's side and looked at Lin Yi with a dark face.

"Who are you? Don't you know that we are the emissaries of the new sanctuary? Have you not considered the consequences of making a move against the people of the new Holy region?"

"Is the emissary of the new Holy region the so-called Holy emissary? In that case, I've seen your Saint before. What's his name again? Piao Jinzhu?"

Lin Yi asked, wanting to see what these two were like in the new sanctuary.

Chapter 7497

After all, their strength was far from Piao Jinzhu 's. Was there such a big gap between them?

"You know Saint Piao Jinzhu?"

Johnson was a little confused, but he subconsciously lowered his posture and said, ""Of course we know her ... What's your relationship with her?"

"Why do you care what our relationship is? let me ask you, are you also the Holy envoys of the new Holy region?"

"No... We're just messengers, not Holy envoys!"

Johnson didn't dare to lie. In fact, he and Paul were only elite holy weapons. Although they weren't the lowest level of holy weapons, they didn't have much status. They weren't even at the level of Holy envoys.

"Saint weapon Captain? An elite holy weapon? Or an ordinary Saint weapon?"

"You guys look so weak," Lin Yi continued, "don't tell me you're only using the lowest level of holy weapons?"

"Of course not, we're elite holy weapons!"

Johnson seemed to be a little proud. It probably wasn't easy to become an elite holy weapon. ""Wait, you're not a member of our organization. How do you know so many secrets? There's no way Saint Piao would tell you these things. "

Although these levels were not confidential information in the new sanctuary, this topic would not be mentioned in ordinary conversations. Then, he thought of the rumors that Piao Jinzhu seemed to have died in China ...

Johnson's expression changed."Is this guy in front of me related to the enemies in China?"

This news had to be sent back to the headquarters! He had to let the sage Emperor know that someone from Huaxia had come to Europe!

"You seem to have thought of something. What a pity!"

"I wanted to have a nice chat, but it looks like I have no choice now!" Lin Yi grinned.

Lin Yi activated his butterfly steps and used a mysterious footwork technique. His body swayed slightly, and he passed between Johnson and Paul in the blink of an eye.

The two of them still had the same expression on their faces, but their eyes were filled with fear, and their bodies were frozen.

Lin Yi turned his back to the two and slowly turned around.

When Lin Yi turned around, both Johnson and Paul's legs gave way, and they fell to the ground on either side of Lin Yi, dead.

This was a complete failure!

Everyone from the ruling Sword Knight Association stared at Lin Yi, dumbfounded, and the two bodies on the ground!

The new sanctuary emissary, who had just been showing off, was now as dead as dead could be!

Even the people present couldn't figure out how the two of them had died.

Morris finally came back to his senses. Cold sweat drenched his back and his clothes, and he was even more afraid.

What was Johnson's strength?

Morris knew it best. Although the two of them had not fought for a long time, Johnson basically had the upper hand!

Although it was not obvious, Morris had to admit that he was slightly inferior.

But a master like this didn't even have a chance to attack Lin Yi, and he didn't even know how he died. What level of strength was this?

It was too terrifying!

"You ... You ..."

Morris was tongue-tied, but it was difficult for him to speak.

"What do you want to say? Continue to attack me? Are you trying to stop me from taking Mike away?"

Lin Yi looked at Morris calmly, "I don't mind!"

"No, no, no! You've misunderstood! How could I attack you! After all, you're Mike's friend, which naturally means that you're also a friend of the Knight Association. You're also a friend of me, Morris!"

Morris' single eye blinked, and he spoke much more smoothly, ""May I ask for your name, Sir, so that we can formally get to know each other?"

What a joke, after seeing Lin Yi's terrifying strength, if Morris dared to make a move on Lin Yi again, he'd really be tired of living!

"Ling-zero-eight, Mike and I are not friends. We are just bodyguards hired by his father. Therefore, I am not worthy of the people from the Knight Association!"

Lin Yi raised an eyebrow and smiled. "Since you don't want to fight, President Morris, we'll take our leave first! I won't disturb you anymore!"

Mike was still in shock. He knew that Lin Yi was strong, but he didn't know how strong he was.

He originally thought that he would at most be a half-step heaven rank powerhouse like himself, a lot weaker than President Morris!

He didn't expect it to be so much worse, but it was just that Morris was much worse than Lin Yi.

To be honest, Mike was a little discouraged.

If Lin Yi was only sky Class full phase, he'd still have the confidence to catch up, but now it was a joke to fight Lin Yi.

Unconsciously, Mike's thoughts changed slightly.

But it didn't really matter to Lin Yi-he didn't care what Mike thought, as long as the guy didn't die within a month.

"So it's Mr Ling, nice to meet you!"

Morris had a bright smile on his face, but his one-eyed look was not very good-looking."Mr. Ling, please stay and allow us to do our part as the host!"

"No need!"

Lin Yi rejected, not giving Morris any face at all.

"Mister Ling, I would like to ask, are you an expert in the Foundation Stage?"

Morris asked the question he wanted to ask the most after seeing Lin Yi's posture.

He didn't dare to stop Lin Yi, so he jogged behind him.

"You can think of it that way!"

Lin Yi couldn't be bothered to explain-it didn't make a difference whether he was in the Golden core stage or the Foundation Stage, after all. They were both existences that could be crushed with a single finger.

"Mr. Ling, please forgive my presumptuousness!"

Morris was overjoyed when he heard that. He quickly requested, ""It was all thanks to Mr. Ling's help that we didn't suffer any more casualties! "However, in the current situation, the Knight Association and the new sanctuary have already formed a deadly feud. We hope that Mr. Ling can lend us a hand!"

"If Mr Ling is willing to join the sword of sanctions Knight Association and become a glorious knight, I'm even willing to give the position of President to you and be your assistant!"

Everyone looked at Morris in surprise. They did not expect him to say such a thing.

Giving up her position as the Knight Association's President just to get Lin Yi on her side?

"I'm not interested!"

Lin Yi rejected without hesitation.

He already had many identities, and any one of them was more famous than the president of this damn Knight Association. He would only join if he had nothing better to do.

Not interested?

Even Mike's eyes widened!

Being the Knight Association's President was better than being a bodyguard, right?

But Lin Yi rejected her just like that!

The word "not interested" made everyone sigh. A Foundation Stage expert was really different, ah, what he did was really different from ordinary people.

"I'll say the same thing again. You'd better not provoke the new Holy region! Because none of you are their match! However, the new sanctuary-realm has already set their eyes on you. I suggest that you quickly disband and go home. "

"Of course, I killed those two people, so I can't implicate you! If someone from the new sanctuary comes to find us, just tell them to come to me. I'll take the blame for this!"

Lin Yi paused for a moment-there wasn't anything else he could add, so he turned to Mike. "Let's go back!"

Chapter 7498

"No! I can't go back!"

Mike hesitated for a moment and immediately said firmly, ""I'm also a member of the Knight Association, and I will definitely die with the Knight Association! Eighth brother, I can let go of what happened to Justina, but please help us this once!"

After knowing that Lin Yi was a Foundation Stage master, Mike wanted Lin Yi to help him deal with the new branch!

Of course, this was also President Morris 'intention. He had been winking at Mike since just now.

"Mike, you want me to carry you back, right?"

Lin Yi didn't move and pinched his fingers.

"Eighth brother! My father invited you here to ensure my safety, not to restrict my movements! You have no right to interfere with what I want to do!"

Mike was agitated and argued angrily, ""You can choose not to help me, but you can't take me away by force! I must go with everyone to destroy the new sanctuary division! It is the duty of Knights to punish evil and uphold justice! Besides, this is my family's business to begin with!"

"If you don't want to be with me, I won't force you! You can leave, I don't need your protection anymore. I will explain this to my father, it won't affect you in any way!"

Lin Yi looked at the excited Mike, surprised. This kid had some backbone!

"Alright ... Since you've said so, let's go together!"

Lin Yi wasn't an unreasonable person, and since Mike had such a manly side to him, Lin Yi decided to help,

"What are you all waiting for? Let's not delay any further. Before the news of these two people's deaths reaches us, we must quickly set off to launch a sneak attack on the new sanctuary branch!"

"Yes!"

"That's great!"

"Long live the Guild leader, old eighth!"

The young knights cheered.

With a Foundation Stage practitioner like Lin Yi holding the line, their confidence in the operation increased greatly.

Morris also smiled and bowed, "thank you, Mr. Ling!" With Mr. Ling's help, today's sanction operation will be extremely smooth. When I return, I will personally hand over the position of President to you and officially abdicate!"

"It's fine if you're the Guild leader. I'll just be a bodyguard for now."

Lin Yi replied casually and left with the group, disinterested.

This building was the property of the Knight Association. The base was placed underground for safety, and the floors above the ground had other uses.

For example, several helicopters were parked there!

Including Lin Yi, a total of twenty people took the helicopters and launched a general attack on the new Saint branch!

They didn't talk along the way, and when the sky turned dark, they arrived at the new sanctuary division.

It was an ancient building in a small city, and Lin Yi felt that it was more suitable to be the Knight Association's base.

The new sanctuary division was not as secretive as the ruling Sword Knight Association. Instead, they hung a sign openly, as if they were opening their doors to do business. They clearly told you where they were.

New sanctuary-Walker City branch.

"Stop! This is the new sanctuary's branch office in Walker City. Unauthorized people are not allowed to enter!"

The guards at the gate had a sort of arrogance to them-they didn't even put Lin Yi and his group in their eyes at all.

"What the hell! A guard dog dares to show us attitude?"

Morris laughed coldly. He was still angry from before, and now he was venting it on this guard.

With a flash of sword light, Morris 'heavy sword slashed down at the Guard's head with the force of a Thunderbolt.

The guard was shocked. He didn't expect that someone would dare to come to the new Holy region branch to find trouble so brazenly. Furthermore, the first move was a killing move!

He was only an ordinary holy weapon, and his strength was weak. He was even weaker than Mike, so how could he be Morris 'opponent?

He didn't have time to react. Before he could figure out what was going on, the sword light had already struck down like a Thunderbolt and directly split him in half.

"Kill our way in!"

Morris 'expression was cold. He shook off the blood on his heavy sword, pointed the tip of his sword towards the door, and led the way in with a murderous aura.

The Knights, including Mike, were instantly excited. All of them drew their swords and followed Morris into the division.

Lin Yi didn't have any special reaction as he followed beside Mike.

Before the sword of sanctions Knight Association made their move, they had already investigated this new sanctuary division in Walker City. There were no particularly powerful experts.

The leader here was a late stage heaven rank, a bit weaker than Morris. The Knight Association could indeed crush him.

The reason why Morris invited Lin Yi was to get him on his side and prepare for the new sanctuary's revenge.

As for the operation this time, he didn't expect Lin Yi to do anything.

Since Lin Yi was following them, they wouldn't be able to get rid of the Knight Association easily!

After Lin Yi entered the branch, he scanned the area with his spirit sense out of habit, and a smile appeared on his face.

Morris "information didn't seem to be very accurate. The most powerful people in this division weren't Sky Class late phase, but two Foundation Stage Masters!

If Lin Yi didn't come along, these young masters would've been wiped out!

Sensing the commotion at the entrance, the people inside the new Holy region's branch all started to run out, including the two foundation building experts.

Morris led his men to the forefront. When he saw the people from the new sanctuary, he was about to continue to show off his power like he did at the entrance, cutting vegetables with one slash of his sword, but he did not expect that the people who came out were actually two foundation building experts!

It was a tragedy for Morris. He was sent flying by the other party's slap, and the other earth-rank Knights fell to the ground like a pile of bowling balls.

Fortunately, Morris' physical fitness was good, and he had used his heavy sword to block the attack. In addition, the foundation building expert of the new sanctuary-realm did not use his full strength, so he managed to keep his life. He only spat out two mouthfuls of blood.

"Truly audacious! You even dare to barge into our new Holy region! Not only did he dare to barge in, but he also dared to kill? Who gave you the guts to do that?"

The one who had attacked just now was a strong black man wearing a tight vest, revealing his black and bulging muscles. He looked like a fighter in underground boxing.

Someone like him only managed to reach the foundation level because of the medicine from the center. Lin Yi didn't believe that the guy could reach this level on his own.

"Johnathan, don't talk nonsense. Since they dare to come to die, you should quickly fulfill their wishes. Don't waste time."

The one who spoke was another foundation building expert. However, she was a white woman in her thirties. She was pretty and should be considered a pretty beauty in the eyes of Europeans and Americans.

Johnathan grinned, revealing his white teeth. "Alyssa, there's no need to be so anxious, right? I have nothing to do anyway. I'll play with them and kill them one by one! Wouldn't it be interesting to let them experience what fear is, and then slowly die in fear?"

Chapter 7499 I'm A Bodyguard!

"Boring!"

Alyssa pursed her lips in disdain. "Only people like you like such boring things. Forget it! You can do whatever you want, but don't dirty this place!"

"It's fine even if it's dirty. Someone will clean it up anyway, and you don't have to do anything!"

Jonathan shrugged and looked at Morris and the others who had just gotten up from the ground. "Since you dare to come, you must be prepared to die! Then let's start the game, who's going to die first?"

His fierce eyes swept around, and finally, Jonathan's eyes fell on Morris. "You're better. It seems like you're the leader of these people, and your strength is somewhat reasonable. Come on, I'll give you a one-hand handicap."

As Johnathan spoke, he put his left hand behind his back and extended his right hand to hook a finger at Morris.

Morris and the other Knights turned pale. From their intelligence, there was no mention of Johnathan and Alyssa in this branch!

However, Morris had more or less collected some information regarding these two people. These were two genuine foundation building experts!

In terms of status, Johnathan and Alyssa were both captains of holy weapons in the new sanctuary. People of this level would usually stay in a relatively large branch in the new sanctuary to keep watch. For example, in the branch in a remote little city that Morris and the others had chosen, there would basically be no experts at the level of a Captain of holy weapons.

He didn't expect to meet two of them today!

"I'm not the strongest here, so I shouldn't be able to satisfy your desire to fight!"

"Perhaps you should take a look at our trump card first!" Morris said with a forced smile.

"Yo! Where's the trump card? I'm getting a little interested now. Who's the trump card? Come out and let us see your trump card!"

Jonathan raised an eyebrow as he looked at Lin Yi's men with interest. "Don't try to fool me! I don't think you have any powerful people here!"

Morris "only hope now was Lin Yi, so he brought out his last hope without hesitation.

The others had the same mentality as well-they all turned their gazes to the calm and composed Lin Yi.

"Is this the guy with small arms and legs? This is your trump card? Are you sure?"

Johnathan followed everyone's gaze and scratched his head in confusion. ""He looks like a lowB! Hey, Who are you?"

"I'm his bodyguard! They're paid to come, the expensive kind!"

"I'm telling you, a bodyguard of my status is usually very powerful. It's really hard to earn some money these days!" Lin Yi reminded him coldly.

The corner of Morris 'mouth twitched twice. Big brother, can you stop playing? Hurry up and do it!

"Hahaha! It turned out that he was just a fake bodyguard who had been hired with money, and his bragging had become his trump card, right? Aiya, I can't take it anymore, I'm dying of laughter!"

Jonathan burst into laughter. He couldn't stop laughing!

Lin Yi didn't know what to say-was it really that funny? He didn't want to be funny!

"What a bunch of trash! I really don't know what you guys are thinking!"

Alyssa had a mocking look on her face as she glanced at Lin Yi and the others in disdain. She turned to Jonathan, "I'll go in first, you can play by yourself! This kind of trash is not worth my time!"

After speaking, Alyssa didn't wait for Johnathan's reply. She turned around and walked away, clearly treating Lin Yi and the others as dead people!

"Go, I'll play by myself! The rest of you, don't make a move. Spread out and surround them. Don't let them escape!"

Johnathan ordered, and the other new sanctuary members quickly surrounded Lin Yi's group.

"Kid, how do you want to die? I'm in a good mood today, so I can give you a few choices. "

Johnathan cracked his neck and looked at Lin Yi with a teasing smile. "The first choice, I'll crush all the bones in your body, then cut you with hundreds and thousands of small wounds, letting your blood slowly flow out until it's all gone."

"The second option is for you to kneel down and beg for mercy. I'll kill you with one punch! He was direct! The third choice ... Forget it, there's no third choice. Just say that you want to die a miserable death, or kneel down and beg for mercy, and then get a quick death?"

"Ha ... Who said there's no third option?"

"Third option, I'll kill you all!" Lin Yi smiled faintly.

"Oh! His tone was not small, and he had the demeanor of a trump card bodyguard! What a pity, you can't beat us with just words! Little ones, take a good look at how I'm going to torture and kill this bodyguard who doesn't know his place!"

With that, Johnathan charged at Lin Yi, raising his shiny black fist and smashing it at Lin Yi's face!

Lin Yi raised his hand and extended a finger, easily blocking Johnathan's fist.

Johnathan's expression changed drastically, and his black face instantly turned red. Fortunately, his skin was dark enough, so the redness was not obvious.

His attack, which he thought was as powerful as a Thunderbolt, was actually blocked so easily by a single finger ...

He was finished!

The strength of the guy in front of him was far beyond his imagination. He was not a little bodyguard at all!

"Who are you?"

Jonathan didn't dare to withdraw his fist, for fear that if he did, the terrifying finger would follow and kill him!

"Didn't I tell you? I'm the bodyguard that Mike hired! I haven't even hit you yet, why are you so stupid?"

Lin Yi raised his leg and kicked Jonathan's stomach.

Johnathan's body arched, his feet rising and stopping in the air. Just as he was about to fly back, Lin Yi's fingers slid forward and turned into an eagle's claw, grabbing Johnathan's wrist.

And so, before the poor Johnathan could even fly out, Lin Yi spun him around like a windmill and sent him flying to the ground!

With a loud bang, many bricks on the ground were smashed. Johnathan's strong body could not withstand the impact and let out a crisp cracking sound.

A human-shaped pit instantly appeared on the ground!

"Most of your bones are broken, but I'm not interested in cutting your body, so I'll give you a quick death!"

Lin Yi let go of Johnathan's wrist and sent a kick to the terrified Johnathan's head.

Jonathan didn't even have time to beg for mercy before he breathed his last!

"This is your third choice!"

Lin Yi finished off Johnathan so easily and happily that everyone's eyes were popping out of their sockets!

No one from the new sanctuary or the Knight Association had expected such an outcome.

A Foundation expert was killed like this? Is this fake?

Chapter 7500 Destroying The Sanctuary Division

Moreover, he had died with broken bones, just like Johnathan had said.

Morris knew that Lin Yi was strong, so he was guessing that Lin Yi was a Foundation master, but he wasn't so sure anymore. Was Lin Yi only a Foundation master?

Mike's jaw dropped once more-Lin Yi was like a god to him!

These are the bodyguards my father hired? How could this bodyguard be so awesome?

He was even more powerful than artill!

"Who are you? Our New Saints have never offended you, have they?"

Alyssa was also incomparably shocked. She didn't expect that Johnathan would die before she could walk far!

Alyssa couldn't help but take this seriously as she looked at Lin Yi.

However, after looking at him for a long time, she was not sure where this Asian came from. The information had never mentioned him.

The new sanctuary had information on all the experts in the world, and holy weapon captains like Johnathan and Alyssa had access to it.

However, the information did not mention that there was such an expert in the ruling Sword Knight Association.

She could only use the name of the new sanctuary now, hoping that Lin Yi would be more careful.

"The way you people from the new Holy region do things is infuriated by both man and God, and everyone has the right to kill you! Anyone with a heart of justice will attack you, so why should I offend you?"

Morris' confidence grew, and he righteously berated Alyssa, ""You should just surrender! Accept our just judgment and punishment! Maybe I can save your lives!"

However, before Alyssa could reply, Lin Yi interrupted faintly, ""No need to surrender, just kill them all!"

Morris' face froze, not expecting Lin Yi to say that. What was the point of him surrendering then?

However, Lin Yi was the Big Brother now, and he had to listen to the Big Brother.

"Well said, Mr. Ling! There was indeed no need to put these scumbags on trial. It would be best to kill them all! Everyone, let's go together ..."

Morris wasn't confident in dealing with Alyssa, but he wasn't afraid of dealing with these ordinary members. He immediately wanted to lead his men to attack.

However, Lin Yi didn't give him the chance to do so. He used his butterfly steps, and his body was like a butterfly fluttering through the flowers. In the blink of an eye, he made a circle around the members.

When Lin Yi returned to his original spot, all the new sanctuary members were dead, except Alyssa!

This move scared Morris and the others, afraid that Lin Yi might get too excited and accidentally kill them all!

Alyssa's heart sank. She knew that she couldn't escape, but she could only grit her teeth and prepare to escape!

So before Lin Yi could stand still, Alyssa turned and ran. There was an emergency passage in the branch, and she wanted to use it to escape.

"I said I'll kill you. Do you think you can escape?"

Lin Yi moved his feet and caught up to Alyssa, sending her to meet up with her partner Johnathan!

"The people from the new sanctuary branch are all dead. Let's go back!"

Lin Yi didn't give Alyssa another look as he walked over to Morris, "President Morris, do you have any objections?"

"Of course not! If Mr Ling says we're going back, we'll go back!"

Morris quickly nodded. Then he thought of something and said, ""Mr. Ling, aren't we going to search inside? There might be some top-secret information about the new sanctuary. "

Lin Yi thought about it and agreed-if he could find some good information, it might be good for the development of the central.

"Alright, then you guys go ahead and search!"

Lin Yi sent Morris and the others away and walked out of the new sanctuary division first, sitting down on the street outside and waiting for them to come out.

Not long after, Morris and the others came out in a single file, their expressions not very good.

"Mr. Ling, I didn't expect this branch to have nothing of value. It's all worthless stuff. We've wasted our efforts to fight for this place."

Lin Yi curled his lips-he really couldn't tell what the hell they were working so hard for.

Of course, he didn't need to say that out loud-he didn't want to waste his time on kids!

The new sanctuary branch had been completely destroyed, and the surveillance data inside had also been swept clean, leaving no traces behind. Only then did Morris and his men retreat calmly.

The whole process did not cause too much of a stir, and the new sanctuary branch usually did not come to spy on them. Therefore, after it was destroyed, no one actually knew about it for a short time.

After returning to the ruling Sword Knight Association building, Lin Yi planned to bring Mike back to the Steffey Manor, but Morris and the others surrounded him, not letting him leave.

"Mr. Ling, it's all thanks to you this time. Otherwise, we would most likely have died in the new sanctuary branch! No matter what, let us properly thank you for your kindness!"

"We've already prepared a celebratory feast before we set off," Morris said sincerely. "We won't take up too much of Mr. Ling's time!"

"That's right, eighth brother. We've won such a victory. Let's have a celebration party!"

Mike's attitude towards Lin Yi had taken a 180-degree turn, and he spoke in a negotiating tone, "There's nothing much to do at home, so why don't we celebrate before we go?"

Lin Yi looked at Mike noncommittally, "Then, let's participate!"

He'd already taken out a new branch of the new sanctuary, after all-it didn't make much of a difference whether he stayed or went back.

Hearing that Lin Yi had agreed to stay for the celebration, the young knights who were holding their breath cheered!

It was obvious that Lin Yi's performance at the new branch had won their respect.

Being able to celebrate with a legendary expert who had surpassed the foundation building stage was a very exciting thing.

Lin Yi shook his head as he looked at the group of happy young men.

These hot-blooded youths had too little experience!

What was there to be happy about destroying a low-level branch of a new sanctuary? Did they not think about how much revenge the new Holy region would take?

To uphold justice, or to be a busybody, one must have enough strength to rely on!

He wondered when they would be able to experience the danger in this.

A girl entered the destroyed new branch as Lin Yi sighed to himself.

She was one of the members of the branch in Walker City, Serena. She had just gone out on a mission, so she was lucky enough to escape this calamity!

Before they entered the branch, Serena felt that something was not right!

It was too quiet here, especially when there were no guards at the entrance!

Usually, there would be people on duty 24 hours a day, so why was there no one here today?

Filled with suspicion, Serena carefully entered the branch. In the end, when she saw the scene in front of her, she immediately let out a sharp scream!

Corpses were strewn all over the ground, and blood was flowing!
