

Bodyguard 7571

Chapter 7571 Gathering At Sky Noon Mountain Again

With another AoE attack, wouldn't he be rolling on the ground again?

"Boss talu, what happened? Do you think we're not a match for him?"

Nasby was very unconvinced.

The people who had stayed on the shore had basically joined forces with ta Lu. The leaders of the high-class cultivation areas had basically reached the threshold of the peak of the late Foundation establishment stage.

The people in the medium cultivation area had almost reached the late-stage of the foundation building realm. The overall improvement of more than a hundred people was absolutely a terrifying thing.

As for Lin Yi's team, they were all kicked into the river, so their strength probably didn't increase at all.

Under such circumstances, he would definitely win!

"What do you know?"

Talu, of course, couldn't say that he was afraid of Lin Yi. His face darkened. "There's no way to cultivate here anymore, which means that the third level is about to end. The Holy envoy will probably appear soon!"

"If we were to find trouble with Prince andonpolo and get caught by the Saint, wouldn't that affect the saint's impression of us? He could always teach them a lesson. Why the rush!"

"So that's how it is! As expected of boss talu, you're wise!"

Nasby came to a realization and felt that it made sense. "Let's endure it for a while. We'll deal with them later!"

Talu couldn't help but praise his own cleverness. He could actually come up with such a Grand excuse!

Smart!

He was too smart!

Why didn't he realize that he had such F * cking outstanding intelligence before?!

Bah! I've always been extremely smart and full of wisdom. Do I still need to discover it?

Tallu felt good about himself, and he almost floated.

Lin Yi smiled faintly as he looked at the tower Road. They were quite far apart, and the other party wasn't speaking very loudly, but this area was under the surveillance of his spirit sense. How could it escape Lin Yi's eyes and ears?

Lin Yi didn't bother exposing ta Lu since he knew what to do.

Ta Lu felt Lin Yi's eyes on him and his heart went cold. He forced a smile and secretly observed Lin Yi. He felt relieved when he saw Lin Yi's eyes.

While they were talking, a burst of exciting music sounded, and the light in the sky brightened. Saint soyatuo once again made a magnificent appearance amidst the gorgeous sound and light.

Another short video divine song!

Lin Yi wanted to strangle the Saint to death-did she scroll through videos every day when she was free? This divine tune was playing so well that Liu Chan's ears were almost deaf.

"Ladies heaven and gentlemen, we meet again! My buddies are doing pretty well, I'll give you guys a double score of 666!"

Saint soyatul descended from the sky with a gentle smile on his face!

However, Lin Yi almost sat him to death the moment he opened his mouth!

The others were all dumbfounded, but Lin Yi was very sure now that this guy had watched too many small videos!

Tallu did not understand and looked at Nasby.

"Boss talu, what the Saint means is that we're acting like we're made of iron. That's awesome!"

Nasby explained.

"Yeah, I know. Do I need you to tell me? It means that we're like iron demons, very powerful!"

Tallu continued to play his little tricks.

Lin Yi glanced at the two, speechless. It was good to be ignorant-it was much better than being young.

Saint soyatul ignored the two and continued,"

"The third floor is for everyone's benefit, so there's not much danger. There should still be a lot of time, enough for all of you to reach a large level barrier."

"However, there seems to be a small problem here, causing the cultivation environment to deteriorate. The effect of your cultivation will also become worse, so we can only end the third level early and start the fourth level!"

"On the fourth floor, you will encounter some dangers. Of course, you will also encounter greater opportunities! And your strength will once again have a qualitative leap!"

"That's why I'm looking forward to your performance on the fourth floor. Everyone, please work hard!"

With that, Saint soyatul immediately activated the teleportation portal to the fourth floor.

He then stepped to the side and waved for Lin Yi's team to go in first.

Lin Yi didn't reject the offer and nodded at Saint soyatuo before walking into the portal.

After the familiar feeling, the scenery in front of him changed. The river of consciousness disappeared without a trace, and all he could see was lush trees!

Looking back, there was no one else around. It was obvious that this teleportation was a single-player random mode again, and members could appear anywhere on the fourth floor!

Fortunately, the spiritual awareness mark on Mike's body was still there, so it was not difficult to find Mike.

Lin Yi extended his spirit sense out, covering the entire area- The two sides faced the sea and the mountain range was continuous!

Gathering the sky Noon Mountain?

This is Sky Class island's hucai Sky Noon Mountain?

Did he return to Sky Class Island?

What kind of heaven-defying treasure was the nine-story glazed Pagoda? It could actually connect to several different spaces at will!

Speaking of which, Lin Yi's first time at hucai tianwu mountain was when he was on a mission with Huang xiaotao's team as a passer-by. He was lucky enough to find the Wandu golden core fruit.

In the end, Huang Xiaotao's team was betrayed by her own teammates and almost lost the Wandu golden core fruit. It was only thanks to Lin Yi, who had been doing odd jobs in the team, that they managed to get the Wandu golden core fruit!

The past was like smoke. In the blink of an eye, the group of Foundation establishment friends from back then all had their own fortuitous encounters.

Thinking of Huang Xiaotao, Lin Yi couldn't help but think of Wang Xinyan.

On one hand, he was going to the sub Island to find a chance to rebuild his body, and on the other hand, he was looking for news of Wang Xinyan.

Now, his body was done, but there was still no news of Wang Xinyan.

He'd made an agreement with the mysterious man-as long as he got the materials he wanted, he'd trade for Xinyan's information, but Lin Yi wasn't back yet, so he couldn't know.

He thought back to the time he came to the secular world, just to collect the materials needed by central. In the end, he found out that Chu Mengyao had gone missing in a wormhole, and had to go to Europe to find the sea calming Pearl.

Then, he was inexplicably dragged into this nine story Pagoda and found traces of central manipulating things from behind the scenes. Lin Yi had no choice but to continue his search.

Time ... Lin Yi realized that what he lacked the most was time. It would be great if he could split his body to do these things, but things were happening one after another, and he was in a hurry!

After a while, Lin Yi started to think seriously-should he go back and take a look since he was back on Sky Class Island?

In any case, the trial would take a long time and it wouldn't take long for him to return with his lightning escape technique.

Should he return to Nakajima first or to the northern island first?

Mount hucai tianwu connected the middle and North Islands-the North was on the left, and the middle was on the right. Lin Yi scanned with his spirit and found that the North Island was closer, so he decided to go back to the North first!

Chapter 7572 Can't Get Out!

After making the decision, Lin Yi immediately flew over and arrived at the exit of hucai Sky Noon Mountain, only to run into an invisible barrier.

Can't get out?

"Senior ghost, come out and help me take a look. What kind of mechanism is used? If it's a formation, can you just destroy it?"

Lin Yi tried to figure it out himself, but couldn't find a clue. He could only find something to help.

In any case, the ghostly thing should be beating the nine neonate and was not in seclusion to study the array, so he was not afraid of being disturbed.

"There's no trace of a formation! That's why it's not a formation!"

The ghostly thing took a look and made a judgment. "Mechanism ... There doesn't seem to be any. This place is very clean."

"Then why can't I get out? I can feel that the obstacles here are very powerful. Even with my current strength, I can't break through them!"

How could Lin Yi not be worried? However, if he couldn't even see anything wrong with the damn thing, he had no hope.

"It's normal that you can't break it. I'd be surprised if you could!"

The demonic thing laughed and said, "you think that the other side is Beidao?" It's a pity that what's displayed in front of you is all fake! This barrier that prevents you from passing through is actually the edge of this entire space!"

"Space? Senior ghost, you're saying that this is actually an independent space? Could this really be the fourth floor of the nine level glazed Pagoda?"

Lin Yi was very surprised!

The trial ground on the third level was a real place with the water lily and the nine infants, and it could even be connected to the Azure sky Valley!

He had originally thought that the same thing was happening on Mount tianwu, but this damned thing actually said that everything in front of him was actually a copy of the environment?

The nine-story glazed Pagoda ... What a trap!

"Speaking of which, this nine-story glazed Pagoda is indeed quite strange. It can duplicate a large area and can also be transported to the real trial ground. Interesting!"

The demonic thing said with interest, "if it's possible, think of a way to get this nine-story glazed Pagoda!" This old man wants to study it carefully!"

Lin Yi's mouth twitched. Senior ghost, aren't you the Saint Beast Azure Dragon? Why did he want to research everything? To be honest, you're actually a fake sacred beast Azure Dragon. You're a super otaku researcher, aren't you?

Moreover, was the nine-story glazed Pagoda something that could be obtained just by thinking of a way?

Come, come, come, old man, help me think of a way!

"Look at your constipated face. You don't want to build this nine-story glazed Pagoda, do you?"

The damn thing saw through Lin Yi's thoughts and laughed, ""I didn't ask you to get it for sure, just do what you can. This old master will go back first!"

He was having the time of his life beating up the nine neonate, and the ghostly thing didn't want to waste any more time.

Lin Yi scratched his head and touched the invisible barrier in front of him. He sighed and left.

Same old rules, find Mike and ensure his safety first!

His spirit sense covered the entire area, and Lin Yi realized that this copy of Mount tianwu really didn't have a single flaw!

If it weren't for the fact that he couldn't leave, he'd really think that this was the real mountain.

Saint soyatu said that the fourth floor would be dangerous, but Lin Yi hadn't found anything yet.

Although there were many spirit beasts here, most of them were at the foundation establishment stage. A small number of them were at the Golden core stage and could not be considered a threat!

Even people like Mike, who had reached the Foundation Stage, would be able to protect themselves if they encountered a spirit beast, let alone Lin Yi, who was a Super Master at the sea Rift stage.

Lin Yi's spirit sense had already located Mike's position as he was thinking about this-the guy was fighting a spirit beast ...

Luckily, Mike wasn't too far away from Lin Yi. Lin Yi used his lightning movement and appeared beside Mike in the blink of an eye.

"Mike, do you like to take mud baths? If it was someone else, they really wouldn't be able to recognize you!"

Lin Yi teased as he looked at Mike fighting a crocodile in the mud. He could tell that Mike's life wasn't in danger for the time being. "What? you're not satisfied with taking a mud bath alone, so you specifically found a sharp-mouthed crocodile to accompany you?"

Mike was overjoyed when he heard Lin Yi's voice, but he didn't know whether to laugh or cry when he understood what Lin Yi meant.

Who the hell would take a mud bath in a stinky quagmire for no reason? Is this popular in your family?

"Old eighth, stop joking. Hurry up and help!"

Mike was obviously at a disadvantage. Although he wouldn't die for the time being, he still felt quite uncomfortable. "This thing has thick skin. My power is useless and my sword can't penetrate its armor!"

The sharp-mouthed crocodile's level was similar to Mike's. It was also a half-step golden core. However, the combat power of spirit beasts was generally stronger than humans of the same level, so it could suppress Mike quite miserably.

"It's okay. I think it likes you. Play with it for a while more. Maybe it will fall in love with you!"

Lin Yi wanted to train Mike—there was no harm in fighting more, as long as his opponent's life wasn't in danger.

This kid was only an earth-rank warrior before, but now he'd gotten so much stronger. If he didn't have the experience of fighting, he wouldn't be able to control his new power.

Mike's tears were streaming down his face. Boss, how could you tell that it liked me? Could it be that the way it expresses its love is to eat me?

He probably likes my meat, right?

If it really falls in love with me, I won't be enough to fill the gaps between its teeth!

There was no other way. It seemed like old eighth's Captain was not going to make a move. Mike could only grit his teeth and persist. He had to rely on himself!

After two to three minutes, Mike felt that he had reached his limit. He really could not hold on any longer!

He wanted to ask for help, but he didn't even have the strength to open his mouth ... Was this unlucky fellow really going to die like this?

Lin Yi, of course, wasn't going to let Mike die. After realizing that his opponent was really dying, Lin Yi wrapped his Qi around Mike and pulled him out of the mud.

"You're doing well. I'll continue to train next time so that I can better grasp the combat power corresponding to my current strength!"

Lin Yi commented casually. He was about to pat Mike on the shoulder to encourage him, but decided against it when he saw the mud all over his body.

"Clean yourself up first, or you can continue playing with the mud. Leave the pointed-mouth crocodile to me!"

"Captain number eight ... I'm not playing with mud!"

Mike responded weakly. As the young master of the Steffey family, it would be improper if word got out that he liked to play with mud.

However, with this mud-like appearance, if he didn't play with mud, could it be that he was played by mud?

Lin Yi only chuckled, not saying anything else. Mike's face was getting hot ... What was that chuckling about, Captain eight?

Thanks to the mud on her face, she didn't have to worry about being exposed even if she blushed!

"Sharp-mouthed crocodile, you and Mike have been fighting for a long time. You should have developed feelings for each other, right? Come up and I won't make things difficult for you!"

Lin Yi walked to the mud and hooked his finger at the crocodile. "In the future, follow Mike and be his Mount. I guarantee that you'll have a good life. You definitely won't suffer a loss!"

Chapter 7573 Taming It As A Mount

"Old eighth, what are you doing?"

Mcmud was dumbfounded. The plot development was a little unexpected! Shouldn't he be the one to kick the crocodile?

"I'm trying to win you over by virtue. How many times have I told you that physical actions can't solve all problems? sometimes it's easier to achieve a goal by reasoning."

Lin Yi said with a straight face, and Mike wiped the mud off his face with an "I don't believe you" expression!

Old eighth's Captain, do you think I'm stupid? according to my experience, winning people by virtue = Bigfoot control!

No matter how little I've studied, I won't believe your nonsense again and again!

The sharp-mouthed crocodile wasn't interested in Lin Yi's way of winning people over with his virtue. It lay in the mud and looked at the two people with its small eyes coldly, wondering if it should continue fighting.

"Mike, don't interrupt. Just watch from the side!"

Lin Yi waved his hand and turned back to the crocodile. "Why aren't you moving? There's no such shop after this village!"

The corner of Mike's mouth twitched a little. Old eighth Captain ... If I was in the mud, I would also ignore you!

In the end, he would definitely have to use the Bigfoot manipulation technique to deal with the sharp-mouthed crocodile, so why waste so much time talking?

The sharp-mouthed crocodile seemed to feel that Lin Yi's words weren't very pleasant. It couldn't see Lin Yi's strength at first and was a little afraid, but now it was angry and evil. It roared and charged at Lin Yi.

It didn't think Lin Yi was capable-a capable person wouldn't waste time talking. He would definitely come up and do it!

"Ha ... It seems like you've opened your aperture, but you don't have to be so excited!"

Lin Yi didn't seem to notice the crocodile's hostility and smiled, "Don't worry, come over slowly. You're covered in mud, so don't touch me!"

"Captain number eight, be careful. I think the sharp-mouthed crocodile is about to attack you!"

Mike couldn't help but remind Lin Yi.

He was confident in Lin Yi's strength, but what if he lost ... How awkward would that be?

"Don't worry! It doesn't matter even if it attacks!"

"It's just that there's too much mud on it, it'll get me dirty easily!" Lin Yi said casually.

Mike thought to himself, "its attack was nothing much, but it almost killed me. Captain old eight, you're actually thinking about whether or not it will dirty you?" You don't have to be like this to attack people, right?

The sharp-mouthed crocodile was already in front of Lin Yi as he was thinking, launching a fierce attack.

Mike's eyes lit up as he looked at Lin Yi expectantly, waiting for his captain's ultimate move, the kick!

Unfortunately, Lin Yi really didn't like the mud on the crocodile this time. He didn't even want to touch it with his big feet. He sent a stream of pure Qi through the air, sending the crocodile flying and easily drilling into its body.

The difference in strength between the two was too big, and Lin Yi had to control his strength carefully to avoid killing the crocodile.

The sharp-mouthed crocodile flipped a few times in the air before landing on the edge of the mud with a thud. Its two little eyes were looking at Lin Yi in fear.

To be unable to tell his strength ... He was indeed a ruthless person!

"Come over slowly. Don't get too excited, or I'll really beat you up!"

Lin Yi hooked his index finger at the crocodile, and the crocodile almost shed crocodile tears.

So you were just pretending to beat me up just now? If they really beat him up, would he still be alive?

Feeling the rampaging Qi in its body, the crocodile didn't dare to disobey Lin Yi's order. It crawled in front of Lin Yi very slowly, afraid that Lin Yi would misunderstand and attack again.

"Captain number eight, why don't you use the Bigfoot control technique? you can control it too?"

Mike was trying to figure out where to clean himself up when he saw Lin Yi take care of the sharp-mouthed crocodile that almost killed him with a wave of his hand.

"I don't need to use my ultimate move to deal with this kind of small fry!"

Lin Yi didn't bother explaining, so he just made up some nonsense, "Mike, just you wait. I'll get you your Mount immediately."

The sharp-mouthed crocodile was slightly stunned. To be the human's Mount? Then he might as well die!

No! He had to escape!

The sharp-mouthed crocodile was thinking of a way to escape when Lin Yi said, "This sharp-mouthed crocodile's strength is too weak, and it's covered in mud. I can only use my strength to make up for it!"

As he spoke, Lin Yi activated the pure Qi in the crocodile's body and started to flow through its meridians, helping it form its golden core!

With Lin Yi's current strength, just a little bit of all-purpose Qi was enough for the crocodile to digest for a long time!

It wasn't Lin Yi's first time helping a spirit beast level up. Helping the sharp-mouthed crocodile form its core was just a small matter!

Soon, the sharp-mouthed crocodile's body trembled slightly, and the aura on its body immediately skyrocketed. It did not even feel the change, and the breakthrough had already arrived!

"Golden core stage? Captain number eight, it suddenly broke through. You have to be careful!"

Mike was shocked and quickly reminded Lin Yi, "It didn't break through just now, but now it's breaking through. It's trying to ambush you!"

The sharp-mouthed crocodiles would ambush?

As soon as Mike finished speaking, the sharp-mouthed crocodile was already wagging its tail in front of Lin Yi, like a huge pug!

Mike sweated, what's going on?

How did the sharp-mouthed crocodile that had almost killed him just now end up like this? Do you still have the self-esteem of a powerful spirit beast?

To be honest, Lin Yi didn't think much of the powerful spirit beasts that Mike was facing!

If it wasn't for the fact that he didn't want to expose this super trump card, he wouldn't even need to waste his pure Qi—he could've just let this thing out with a roar, and all these spirit beasts would've submitted to him!

To be honest, after coming to Sky Class Island and learning about the layout of the big islands, as well as the conspiracy of the spirit beasts, Lin Yi didn't feel like using his Qi to level up these spirit beasts anymore.

Plus, he had this damn thing, a super spirit beast, protecting him. Normal spirit beasts wouldn't even matter to Lin Yi.

Now that things had come to this, he had casually subdued a pointed-mouth crocodile.

"Alright, stay away from me. Don't get all the mud on me!" He said.

Lin Yi waved his hand dismissively and turned to Mike. "This sharp-mouthed crocodile has just broken through to the Golden core stage. It's perfect for you to ride on, and it can also be your guard! In this area, spirit beasts at the Golden core stage are already considered to be relatively powerful. "

"Thank you, Captain number eight!"

Mike was overjoyed!

In the past, he had never thought that one day he would have a golden core stage spirit beast as a Mount. Sure enough, following old eighth's team leader would bring him many benefits!

As for the mud-covered sharp-mouthed crocodile ... So what? It was as if there wasn't any mud on them!

Mike wiped the dripping mud on his chin. As the saying goes, "don't talk about your second brother." 50 steps don't laugh at 100 steps. From the outside, the sharp-mouthed crocodile and Mike were a perfect match!

Chapter 7574 All Of Them Are Wandu Golden Core Fruits

"You don't have to thank me ... Mike, use your power to clean yourself and the sharp-mouthed crocodile!"

Lin Yi coughed lightly-he didn't even want to get himself into trouble if he brought two big mud dolls out with him. "Hurry up! We'll find the others after we're done!"

Mount hucai was huge, but there wasn't any suppression from the consciousness here. Lin Yi's essence spirit was a true-blue sea-shattering master, and without the suppression of the consciousness, it wouldn't be hard for it to cover the entire mountain!

Lin Yi knew where Morris and the others were, and they weren't in any danger. He wasn't in a hurry to go.

"Yeah! I still have water powers! Old eight, just a moment, I'll be done soon!"

Mike then remembered his superpower and agreed happily. He immediately cleaned up the mud on himself and the crocodile.

With the water superpower, it was really convenient to take a bath!

When I return to the family, should I discuss with my father to cancel the contract with the water supply company and change the water supply to my own power?

"By the way, Captain number eight, I received A Message from the Sea serpent King. He wants us to find a fruit called the Wandu golden core fruit and advance to the Golden core stage after eating it! Have you ever heard of this fruit?"

Mike collected his messy thoughts and suddenly thought of something.

Fruit? You're really good at causing trouble!

Lin Yi was speechless-how could he not have heard of the Wandu golden core fruit?

Back then, he found the Wandu golden core fruit with Huang xiaotao's team. That was why so many things happened later. He had to go to Nakajima. Thinking about it, he couldn't help but sigh.

It felt as if many years had passed. Looking back on the past, it really felt like a lifetime ago!

"The Wandu golden core fruit is not only useful for cultivators who have completed the foundation establishment stage, but also for cultivators who have reached the Golden core stage. It is a rare treasure!"

Lin Yi recovered his composure after a brief pause and smiled. "Unfortunately, this kind of treasure is rare and not easy to find. With so many people, there will probably be a fight!"

As for whether eating more Wandu golden core fruits would help or not, Lin Yi didn't even mention it. It was already good enough to find one to eat, and he wanted more?

The Wandu golden core fruit would be more effective in making elixirs, but Lin Yi wouldn't use the cauldron of heaven and earth here. He'd have to let McGonagall eat the fruit, if he could find it.

Lin Yi's spirit sense covered the entire mountain, but he didn't find any traces of the Wandu golden core fruit. He scanned it again and found that his spirit sense was blocked in a few places, probably under the support of some formation.

However, this was also a very obvious target. If there was no Wandu golden core fruit in the places that could be scanned, then it would naturally be in the places that could not be scanned.

He really didn't know what was the point of setting up such a formation in the center.

After finding the others, Lin Yi decided to head straight to these places and look around-he'd probably find the Wandu golden core fruit!

However, with so many people looking for the Wandu golden core fruit, how could there be so many fruits here?

If there was really such a thing, it could only mean that Central's investment was really quite big!

Lin Yi was talking to Mike about the Wandu golden core fruit, and ta Lu was laughing out loud in one of the places that his spirit sense couldn't reach!

"Hahahaha! I knew it, I'm the person the sea serpent King cares about the most! Adianpolo, eighth brother! This time, I'll see how you die!"

Beside the tower Road, there was a stretch of twisted low fruit trees, but on each tree, there were four to five golden fruits hanging.

The Wandu golden core fruit!

There were at least 500 to 600 Wandu golden core fruits in this area!

If Lin Yi was there, he'd be shocked!

Since when did the extremely precious Wandu golden core fruit become a cabbage on the roadside?

"Boss talu, you must be the chosen one. Otherwise, how did you find the Wandu golden core fruit that the sea serpent King mentioned?"

Nasby also laughed and flattered Tallus. His luck was pretty good. He had been lost when he was teleported here, and then he had encountered Tallus.

Then, he followed ta Lu and walked a few steps before he saw the Wandu golden core fruit tree!

Although talu and Nasby had never seen the Wandu golden core fruit before, they were sure that this was the thing mentioned in the sea serpent King's message at first glance!

"Well said! Nasby, you said it too well! That's right! I am the son of Heaven!"

Talu laughed again and waved his hand in high spirits. "Let's hurry up and improve our strength first. Once we have the strength, we can control this Wandu golden core fruit forest. By then, who can be my match?"

Nasby had been waiting for these words for a long time. As he continued to flatter ta Lu, he quickly picked a Wandu golden core fruit and presented it to ta Lu with both hands.

"Boss talu, please enjoy!"

Talu gave him a look that said, "you're a sensible kid." He grabbed the Wandu golden core fruit and stuffed it into his big mouth.

The Golden Wandu golden core fruit melted as soon as it entered ta Lu's mouth. A huge amount of spiritual Qi burst out instantly and filled every part of ta Lu's body.

Ta Lu was shocked. His strength was improved through the improvement of his primordial spirit and his physical body. He had never cultivated properly before, so when had he ever encountered such a situation?

He immediately fell to the ground and tried to guide the spiritual energy, but he didn't know what to do.

In the end, he could only let the huge amount of spiritual energy Act on its own and watch everything happen like a fool.

Nasby was also observing carefully from the side. He had given the Wandu golden elixir fruit to ta Lu just now to flatter him, but he also had the intention of letting ta Lu try it first.

If it was poisonous ... It might not be a bad thing for the boss to die. He might be able to rise to the top as the capable general of the talu group!

In just a few minutes, the aura on ta Lu's body increased explosively. He easily broke through from the peak of the late-stage foundation building realm to the perfected foundation building realm and then began to form his core!

With the help of the huge amount of spiritual energy, the Golden core was formed!

The entire process took less than five minutes, and if it were on Sky Class Island, it would've caused a sensation on all the big islands!

Even the Golden core made from the Wandu golden core fruit did not have such a terrifying effect!

A Wandu golden core fruit did it?

"Congratulations, boss talu, for successfully advancing to the Golden core stage!"

When he saw talu open his eyes, Nasby quickly put away his thoughts and went forward to congratulate him respectfully and sincerely. "Boss talu is indeed a genius. It has been less than five minutes and he has successfully broken through! I wanted to help boss, but it seems like I don't need it at all!"

"Hahahaha! The Wandu golden core fruit was really a good thing! Nasby, you should also quickly eat it and break through! I'm going to continue eating!"

Talu did not think much about it. In his ecstasy, there was only the Wandu golden core fruit in his eyes. This time, he did not need Nasby's help. He directly reached out and picked one and stuffed it into his mouth.

Chapter 7575 Captain, Save Me

A huge amount of spiritual energy once again filled his meridians, and the pleasure of advancing could not be stopped!

When Nasby saw this, he no longer hesitated. Copying ta Lu, he grabbed a Wandu golden elixir fruit and stuffed it into his mouth. The two of them began their breakthrough journey at the same time.

This process repeated a few times, and soon, both of them became Masters of the perfect Jindan stage!

However, after that, no matter how much they ate, it was useless. Talu and Nasby ate a few more unwillingly before they stopped picking the Wandu golden core fruit with dissatisfaction.

"What a pity. If I could continue to break through, I feel like I would be invincible!"

Dale shook his head regretfully and clenched his fist. ""This powerful strength is truly fascinating!"

"Boss talu, this is only the fourth floor. We will definitely have more opportunities to improve!"

Nasby, on the other hand, was clear-headed and reminded talu, ""We're the strongest in the fourth level right now! Next, we should gather our own people and level up together. Then, we'll kill adianpolo and his team!"

From Nasby's point of view, there was a limit to the fourth floor's strength, just like the previous floors. It was impossible for Saint soyatuo to allow these people to keep leveling up.

However, if Lin Yi was here, he would be very surprised. Didn't they say that eating too many Wandu golden core fruits was useless? Why did it work again?

"Well said! Not only our own people, but also the other teams. If they want to get the Wandu golden core fruit, they must serve me!"

A fierce light flashed in talu's eyes as he laughed. "Although we've worked together before, they're all half-hearted and only have their own plans. I must take this opportunity to recruit them so that I can command them!"

"Boss talu is wise! When we enter the fourth floor, we will be teleported to random places alone. We can take them down one by one!"

Nasby patted his chest. "Boss, leave this to me. I'll go around and look for people. Boss, you stay here and guard the Wandu golden core fruit forest in case someone steals it!" He said.

Talu nodded to himself and felt that this was a good idea. Both of them had already regarded the Wandu golden core fruit as their own!

While the others were all alone, he would take them one by one. Once he settled them, he wouldn't have to worry about them going back on their words. Whoever dared to go back on their word, he would join forces with the others to kill him!

It was impossible for everyone in this kind of team to defect, so it didn't matter if there were traitors, as they wouldn't be able to do much.

After the discussion was settled, Nasby left quickly and began to look for people in the surroundings.

Lin Yi was looking for someone with the cleaned-up Mike as well, and the one closest to his spirit sense was Fernandes.

When the two of them found him, Fernandes was fighting a giant spider in the early gold core stage.

In terms of strength, Fernandes was no match for the giant spider. But thanks to his more than one superpower and the ability to control spiritual beasts, he barely held on.

Although he could not control the giant spider, he could slightly affect its movement from time to time. If not for this, Fernandes would have been swallowed by the giant spider as a snack!

"Captain, save me!"

Fernandes was overjoyed to see Lin Yi!

She didn't care about the giant spider's net anymore and turned to Lin Yi for help!

Lin Yi's expression was odd-he suddenly felt like he was the main character of a famous novel.

"The Romance of the Three Kingdoms" Xuanji military counselor, save me!

Brother Water Margin, save me!

"Journey to the West" eldest senior brother bi an, save me!

Now, there's a Captain to save me. Em...Excellent!

On the other side, just as Fernandes said for help, he was a little relieved, but he was immediately stuck by the spider web made by the giant spider.

Seeing the eight long legs of the giant spider shaking rapidly, and the huge mouthpart appearing on top of Fernandes 'head, the guy was scared out of his wits and shouted again,""Captain, save me! Captain, save me!"

Lin Yi had to save him, of course. He moved and stood in front of Fernandes, his powerful spirit pressure landing on the giant spider.

The giant spider's eight legs went soft, and its body curled up into a ball, shivering in front of Lin Yi, not daring to move.

It couldn't be helped. Even if it was just a trace of the pressure of a sea splitting cultivator's primordial spirit, it was not something that a tiny golden core stage Spider like it could withstand.

It was like a little mouse suddenly finding itself in front of a hundred cats, all staring at it like a tiger watching its prey. Other than its legs going soft, it didn't even dare to think about running away!

"The captain is mighty!"

Fernandes was still in shock-he couldn't figure out what was going on when he saw the giant spider shaking in front of Lin Yi, and started flattering him."Captain, you're amazing. You don't even need to control your feet anymore. You can intimidate golden core spirit beasts with just a look!"

Could this be the legendary 'whoever looks at you will die' and 'whoever looks at you will get pregnant' technique?

Fernandes pondered in his heart, but he did not dare to say it out loud. This kind of risky flattery was very easy to hit the horse's leg, so he had to think about it himself.

Lin Yi didn't know what to say-what a low-class foot control skill, could you guys stop talking about it?

"A Spider made you so embarrassed. It seems that you still need to train! I think it's good to let you continue to practice with it!"

Lin Yi pinched his chin and looked at Fernandes with a faint smile. "With more practice, your strength might have a qualitative leap!"

"Captain ... We can't rush things like training. We should find the others as soon as possible! If Serena, Chris, and the other girls are in danger, that would be bad!"

Fernandes smiled awkwardly. Can't you see that you're about to become a snack for the spiders?

"That ... Captain, can you think of a way to get me down first?"

The spider's web was very tough, and Fernandes could not break free from it.

Before the spider web was formed, Fernandes could still burn it with his fire power, but after the spider web was formed, the fire power lost its effect!

The Golden core spider web was not afraid of Fernandes 'fire ability.

Lin Yi reached out his hand and pulled Fernandes down without using much strength. Fernandes was instantly convinced!

As expected of the captain, his strength was truly unfathomable!

"Fernandes, come here!"

Lin Yi walked in front of the giant spider and beckoned for Fernandes to follow. "It's quite strong, you can have it as your Mount!"

"Ah? Can I?"

Fernandes was shocked. He had almost been eaten by the giant spider just now, and now he was going to use it as a Mount?

Captain, you didn't even use the Bigfoot control technique. Is this reliable? What if it gets hungry and eats me like it's food?

Chapter 7576 You Already Have A Mount

"Of course you can! What, you don't like it?"

Lin Yi looked at the giant spider's Black and fluffy appearance. It wasn't very pretty, but it was a real golden core spirit beast. It should be fine as a Mount, right?

"No, no, I like it, I like it!"

Fernandes nodded quickly. He was kind enough to give his thigh to his Mount. How could he object to it being leg hair?

Besides, this Mount was really awesome. After riding it, it would definitely be awe-inspiring and domineering!

For a moment, Fernandes felt that he had reached the peak of his life!

That was because he saw from the corner of his eyes that the incoming Mike carriage was a golden core stage sharp-mouthed crocodile!

"Fernandes, Captain number eight's control book has also been upgraded. He doesn't need to use his feet at all. He can control it with just a glance!"

Mike flew over and explained, ""Look at my crocodile. Other than running a little slower, it's pretty good in all other aspects!"

Fernandes's face was filled with admiration. There was a train on every floor. Only those who followed Captain number eight could get such treatment. The other teams could only rely on the leg train on Route 11.

Fernandes hesitantly walked up to the giant spider, wondering what kind of attitude he should take to deal with this Spider.

Should he borrow eighth brother's power and intimidate them?

It's better to be safe than sorry. I should be a little more respectful to Mr. Spider and live in peace?

Before Fernandes could decide, the giant spider that was trembling in front of Lin Yi saw the little desserts in front of it again and bared its fangs, making a ferocious expression.

Fernandes was so shocked that he almost peed his pants ... Captain, are you really going to let me use this thing as a Mount? Was he really reliable?

Lin Yi's eyes scanned the giant spider. "Be honest! From now on, you're his Mount. If you dare to resist, he'll kill you immediately!"

The giant spider trembled and quickly lowered its head to show its submission to Fernandes.

It couldn't be helped-Lin Yi's sea-shattering essence spirit was too terrifying, and spirit beasts were especially sensitive to this.

Especially since Lin Yi had been with this thing for a long time, and their spirits had often fused, Lin Yi's spirit pressure also contained the aura of the Holy beast Azure Dragon.

Let alone a golden core stage Spider, even a sea Rift Dragon would feel weak in the legs when under Lin Yi's spirit pressure. It was just that Lin Yi himself didn't know this yet.

"The captain is mighty and domineering. He's invincible!"

Fernandes was so scared that he almost peed his pants, but when he saw that the spider had surrendered, he immediately became energetic again and continued to hold his thigh tightly." "Previously, Captain still had to use the Bigfoot manipulation technique, but now you don't even need to do it anymore. You just need to stare at it and it'll be done. It's simply breaking through the horizon!"

Lin Yi thought to himself, "your ass, you're about to break through the sky and walk shoulder to shoulder with the sun ..."

Ignoring Fernandes, Lin Yi continued to talk to the giant spider, "As long as you're obedient, I won't mistreat you. After this, I'll set you free and give you some benefits. Do you understand?"

'Carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick','carrot and stick'...'Carrot and stick','carrot and stick','carrot and stick','carrot and stick'...'Carrot and stick','carrot and

It had thought that it would be enslaved, but it didn't expect that it would still have some hope. The giant spider didn't dare to resist, and now it no longer had any thoughts of resisting.

Fernandes felt that the huge spider was acting like a puppy, and the contrast was quite cute ... His respect for Lin Yi was like a river that never stopped!

"Mike, this is also the Mount that the captain gave you, right? It doesn't look as powerful and domineering as my Mount!"

Fernandes had completely accepted his spider mount. Seeing Mike and the sharp-mouthed crocodile, he immediately said proudly, "Although your Mount looks a little low, it's good enough. You're the first one that Captain thought of. No one can compare to you in this aspect!"

The corner of Mike's mouth twitched. Where the hell did you get the idea that the pointed-mouth crocodile wasn't as powerful and domineering as the big spider?

The sharp-mouthed crocodiles were obviously larger in size and looked more ferocious. If you said that spiders were soft and vicious, I wouldn't have a problem with it. But to say that they were more powerful and domineering than the sharp-mouthed crocodiles, this was unacceptable!

Moreover, the giant spider had been frightened by the eighth brother's team leader and had not recovered yet. It did not look mighty and domineering at all. You can't lie like this, can you?

"Fernandes, why do I feel that my Mount is more powerful? Why don't we have a competition?"

Even though Mike had been put in a difficult position by the sharp-mouthed crocodile, the crocodile was now his Mount. He could not afford to lose the battle, so he immediately wanted to fight!

At the very least, he had to show fernãndez what true power and dominance were!

Fernandes didn't mind-he was worried that the giant spider would submit to Lin Yi, and it was a good chance to test if it was really obedient.

"Then you two can play here. I'll go find Morris and the others first!"

Lin Yi smiled noncommittally and turned to leave with his hands behind his back. These two idiots sure had a lot of free time!

"Captain number eight, I'll go with you to find President Morris!"

Mike quickly gave up on the idea of a Mount competition and followed Lin Yi on the crocodile.

Fernandes did not say anything. He moved faster than Mike and turned around to leave without even saying a word!

He was very clear that the giant spider was Lin Yi's Mount. If Lin Yi left, what if the giant spider turned on him?

Therefore, as a qualified leg hair, he had to hold on tightly to his thigh and not relax!

Mike's face was filled with disdain. Once the F * cking Captain left, you ran faster than anyone else!

Lin Yi didn't bother with them and continued moving forward, maintaining his speed within the range of the crocodile and giant spider.

Soon, the three of them found Morris. He was lucky that he did not encounter the same situation as Mike and Fernandes. After entering the fourth floor, he did not encounter any powerful spirit beasts along the way.

Without a spirit beast, they naturally wouldn't be able to get a Mount. For now, Morris and Mike could only sit on the sharp-mouthed crocodile and continue following Lin Yi.

Having a strong spirit was really convenient. A few minutes after Lin Yi found Morris, he found adianpolo, who was unlucky enough to be surrounded by a pack of wind blue wolves.

There were 15 Gale wolves in this pack, and their strength was between the peak of the late Foundation establishment stage and the perfected Foundation establishment stage!

If it was a one-on-one fight, he would not be afraid of anything.

However, the wolves' cooperation was flawless, and the strength they could display was definitely beyond that of an early golden core cultivator!

Chapter 7577 King's Contempt

As a result, he didn't even have the ability to fight back. He could only escape to a crack in the rock wall and take advantage of the terrain to face the attacks of a Storm Blue Wolf every time.

Lin Yi knew that his life wouldn't be in danger for now, and so he didn't rush over. He would've come to see him instead of Morris if he did.

"Morris, you've found a Mount. The gale Blue Wolf, it's quite fast!"

Lin Yi was quite satisfied with the group of Blue Storm wolves-not only did he have Morris as a Mount, but the rest of the people who had yet to be found also had mounts!

There were fifteen Gale blue wolves, one for each person, and there were still some left. If Fernandes and Mike were not satisfied with the spiders and the sharp-mouthed crocodiles, they could also switch to the gale blue wolves.

"Captain, I'm not picky about my Mount. If there's one, I'm fine with anything. If there's no one, I'll just ride a pointed-mouth crocodile with Mike!"

Morris gave a knowing look, but Mike rolled his eyes when he heard that.

The president! The sharp-mouthed crocodile is my Mount, and it's quite comfortable for me to ride it alone. I'll give you a ride, but you're still clinging to me?

It was like Mike had bought a good car and brought Morris along when he saw Morris, but Morris said that he would use his car with him in the future ... Could he be more shameless?

Besides, if it was really a car, Mike would have given it to Morris. But now, this Mount was much better than a car!

It was fully automatic and didn't need any gas. Where else could he find such a good one?

So, even if you're the president of the sword of sanctions, you can't treat your subordinate's Knight like this!

"Ha ... When you see the gale Blue Wolf, you probably won't be interested in Mike's sharp-mouthed crocodile!"

Lin Yi smiled lightly and didn't say anything else. He brought the three of them and increased their speed, and they soon encountered the pack of Gale wolves.

The gale green wolves were tall, and each of them was similar to a short-legged grass Mud River crab horse. They had a stable center of gravity and a low chassis. Their speed was amazing, and they were very suitable for riding!

"This is the gale Blue Wolf? Thank you, Captain! I want one!"

Morris fell in love with it as soon as he saw it. With such a Gale Blue Wolf as a Mount, he was truly a wolf rider!

In comparison, Fernandes 'Spider Knight, Mike's pointed-mouthed crocodile Knight ... What the hell are they? That's so Low!

Therefore, at this time, he absolutely could not be polite. Morris simply occupied a spot!

Mike and Fernandes 'eyes also lit up. They also thought that the gale Blue Wolf was quite handsome. However, they had gotten used to riding the sharp-mouthed crocodiles and giant spiders all the way here. If it were the gale Blue Wolf, they would be a little reluctant to part with it!

Perhaps ... He could get a Gale Blue Wolf as a backup? They rode one and dragged one!

In the crack, Abel was overjoyed to see the four of them, but with one sentence from Lin Yi, Morris and the other two all focused on the blue Storm Wolf. He wanted to cry!

I'm still being attacked by the storm wolves! Can you save me first?

The storm wolves, of course, wouldn't ignore the four of them, especially the pointed-mouthed crocodile and giant spider. These two were golden core spirit beasts, and they attracted the storm wolves "attention as soon as they appeared.

As for Lin Yi's group of four, they were completely ignored. After all, their auras were far from the auras of the two golden core spirit beasts.

"Captain number eight, these wolves seem to take us seriously. They actually sent twelve of them over!"

Mike was not afraid of the storm Blue wolves. Instead, his eyes lit up and he said, "Should we split up? I've brought along the sharp-mouthed crocodiles, so I can handle three of them!"

He was also itching to fight. In addition, he wanted to see the strength of the Golden core sharp-mouthed crocodile, so he locked on to his target.

Fernandes estimated for a moment. He felt that he could handle the three Storm Blue wolves easily, but he did not want to lose to Mike, so he said proudly, ""Captain, the giant spider and I can handle four of them!"

Morris 'mouth twitched. What do you two mean? You're leaving me behind because you have a Mount, right?

"I'll deal with two then ... It should be no problem!"

"Oh, okay. Then you'll only have two, President Morris. Don't worry, I'll help you. My ride is old and ruthless!"

Mike was full of confidence and did not forget to encourage Morris!

"Distribute? What do you mean distribute? we don't have time for you guys to play. We haven't found any team members yet!"

Lin Yi's lips twitched as he walked up and released his pressure. The twelve Gale wolves that were approaching all went soft at their feet and lay on the ground, whimpering!

Morris and the others were all stunned!

What was going on?

We've just finished distributing the three, two and four, and you, old eighth, took care of them all with a single look?

How could they be so careless when they said they would deal with each other separately?

"Captain, you're invincible!"

It was still Fernandes who spoke first. As an experienced leg hair, it had become his instinct to flatter his thigh. He did not need to think at all, and he said, ""Now that the captain has mastered his divine skill, he doesn't need to fight anymore. The king's contempt alone is enough to intimidate all the spirit beasts!"

The corners of Morris and Mike's eyes twitched. The contempt of a King? What the hell is this?

It sounded quite domineering! I'll go! Why didn't I think of that?

Both of them were secretly regretful. Fernandes 'reaction was too fast, and he used all kinds of new words. It was so annoying!

Lin Yi laughed to himself and couldn't help but praise Fernandes's imagination.

However, no matter what, the king's contempt was still more impressive than Bigfoot's control. In the future, he could finally get rid of that low-class name!

"Mike, why isn't the captain using the Bigfoot control technique now? Is the king's contempt a new power?"

It was Morris "first time seeing Lin Yi use his primordial spirit to force a spirit beast into submission, so he asked Mike quietly, "You should have seen it before, right?"

Mike nodded. He had seen it before ... But he really didn't know that this was called the king's contempt ...

Lin Yi didn't know what to say-he'd just thought that he could get rid of the leg control, but Morris just hit him where it hurt!

Forget it! Since you like the Bigfoot control technique so much, I'll fulfill your wishes!

Lin Yi shook his head helplessly and walked over to the quivering storm wolves. He gave each of them a kick in the head, making them fall over a few times.

Fernández and the other two were dumbfounded. Even fernández, the senior leg hair expert, did not know how to flatter him.

These storm wolves obviously didn't dare to fight back, but Captain, you still went up and kicked them over ... Isn't that too brutal?

It was said to be used as a Mount, but how could it be ridden when it was injured?

"Captain number eight, you ..."

Mike's relationship with Lin Yi was the closest, after all, so he asked, "The king's contempt can't control them, so you're using Bigfoot control?"

Chapter 7578 Upgrading The Beast, Not The Human

Lin Yi really wanted to kick Mike in the face as well-could the guy please stop mentioning that name?

"These Gale wolves are similar to the sharp-mouthed crocodiles from before, but they're a little weaker ... So I'm just giving them a kick to level them up!"

Lin Yi didn't even finish his explanation when the twelve Gale wolves 'auras started to increase!

When Lin Yi kicked them just now, he was actually sending some Qi into their bodies. Using the Qi of the sea shattering realm to help them form their Aurous cores was as easy as blowing off dust!

In the past, when he was helping a practitioner or a spirit beast level up, Lin Yi had to channel Qi for half a day to achieve that!

But now that he was at the broken sea realm, just a little bit of his pure Qi was enough to make these low level spirit beasts level up.

It was not a big deal for one Gale Blue Wolf to break through, but twelve of them breaking through to the Golden core stage together would be a big deal!

The three of them were dumbfounded. Bigfoot's mana control scroll had evolved!

Now, it had become Bigfoot's advancement method?

It did not take long for all 12 Gale wolves to reach the Golden core stage!

Not only did their strength increase, but their bodies also doubled in size. The twelve Gale wolves then surrounded Lin Yi, wagging their tails and sticking out their tongues to please him!

Morris and the other two felt dizzy as they looked at them. 'Aren't you the powerful spirit beast, the gale Blue Wolf? Why did he become a Gale ERHA after advancing?

Do you still want your dignity as a spirit beast? Did the spirit beasts still want their dignity? Spirit beast's ...

Before Morris and the others could finish their thoughts, the remaining three blue Wind wolves that were attacking and on polo abandoned him and charged at Lin Yi at full speed!

Fernandes thought that they were going to attack Lin Yi and was ready to protect his legs. Even if his legs didn't need protection, he had to act like they were loyal to their master!

The three wolves didn't attack Lin Yi, but instead laid on the ground and rubbed their heads against Lin Yi's feet, as if they wanted him to kick them.

What dignity and face of spirit beasts? In front of the benefits of advancing to the Golden core stage, it was nothing!

Fernandes staggered and almost sprained his back. 'Can't you guys just wait for me to show my loyalty and protect my master first before kneeling down and begging for mercy?'

I'm very embarrassed when you guys are like this, okay?

The gale Blue Wolf was indeed worthy of its name. It was too fast to catch up!

"You guys are smart! Originally, 12 of them would be enough as mounts. Since you all want to submit, I'll fulfill your wishes!"

Lin Yi chuckled as he lifted his leg and kicked the heads of the other three wolves as well. The three wolves rolled on the ground and started breaking through happily!

After a while, a group of fifteen golden core storm wolves lined up in front of Lin Yi. They looked like an Army!

"Fernandes, what are you doing?"

Lin Yi was about to greet him when he looked down at his feet with a strange expression. Fernandes was on the ground, holding his leg.

"Captain, your kicking technique is really amazing ... Why don't you give me a kick too?"

Fernandes raised his head, his eyes full of expectation and his expression full of shyness. The words "I want your big feet" were almost written on his big face!

Mike and Morris 'mouth twitched. Although they also wanted to improve their strength, they really couldn't do it!

If fernández succeeded ... Then he could consider following up!

Lin Yi didn't know whether to laugh or cry. Using pure Qi to increase Fernandes 'strength was no problem, but the problem was that Lin Yi's sea-shattering Qi was extremely pure. If he really did that, Fernandes wouldn't be able to cultivate and increase his strength in the mortal world.

Why didn't Lin Yi level up his own people now? This was because doing so would cause endless trouble. In the future, it would destroy the cultivation future of the person being promoted.

Lin Yi's Foundation was so solid, and it was still unstable in the end, not to mention those people who were forced to improve their strength. One day, the hidden danger would erupt, and even Lin Yi wouldn't be able to save them!

At least for now, he couldn't be saved. It was hard to say if central could save him.

Seeing that so many people from central were doing well after forcefully leveling up, Lin Yi thought that maybe he should go to central and get some Scriptures. That way, he'd be able to level up people without any pressure.

"That ... Fernandes ... I can help the spirit beasts improve their strength a little, but I don't think I can do it as a human!"

Lin Yi definitely couldn't help fernández level up-what would happen if he did? if he did, then what would happen to ardiablo, Morris, and Mike?

Although it wasn't that troublesome, the problem wasn't whether it was troublesome or not, but that it would become troublesome!

Now that he knew that central was behind the nine story Pagoda, Lin Yi had to be careful. It would be bad if central found out.

Therefore, he might as well not upgrade any of them.

"Ah? It can only help spirit beasts increase their strength?"

Fernandes was dumbfounded. "My face is ready to accept your Big Foot, and you're telling me that my face is worse than a spirit beast?" Wasn't this matter too hurtful to her self-esteem?

Morris and Mike secretly wiped off their cold sweat and thought to themselves that it was good that they did not fall to the ground with that idiot fernández. At least it was not so embarrassing!

"Alright, Captain. If your Bigfoot's advancement method evolves again, you must remember to help me!"

Fernandes got up from the ground with a bit of resentment. He patted the dust off his body and looked at the wind blue wolves with envy.

Lin Yi's mouth twitched. What the hell are you jealous of? Could it be that he wanted to become a spirit beast?

Also, what the hell was the Bigfoot advancement method? This is going to become a Bigfoot series?

The gale wolves were highly intelligent. Seeing fernández's envy, they all held their heads high and puffed out their chests proudly.

He had never realized that a spirit beast could feel superior to humans. Not bad, not bad!

"Are you alright, aedanpolo?"

Lin Yi decided to ignore the idiot and turned to the approaching Prince. "Are you hurt?"

"I'm fine! Thank you for saving me, Captain!"

"Thank you," said adianpolo quickly. He was still a little confused about what had happened in the crack. "Why are these wolves so obedient? Captain, your ability to control spirit beasts is getting better and better! To be honest, I'm starting to admire Captain!"

Unlike fernández, who had experienced leg hair, he wanted to flatter Lin Yi, but he wasn't very good at it.

Chapter 7579 Member Crisis

"It's good that you're alright. We'll have to find the others next! Morris, you and adianpolo can choose a Gale Blue Wolf as your Mount. "

Lin Yi didn't want to say more, in case Fernandes brought up the big feet again. "Mike, you and Fernandes can use your previous mounts ... If you want to change to the gale Blue Wolf, it's up to you!"

"I'll switch to the gale Blue Wolf!"

Of course, Mike was happy. Although the sharp-mouthed crocodiles looked fierce, wolf riders were more impressive than crocodile riders!

Fernandez glanced at the giant spider with a look of disdain and also decisively requested for the gale Blue Wolf. However, he was shocked by the giant spider's teeth!

F * ck! I don't want this Spider anymore!

In the end, everyone used the gale wolves as mounts. Lin Yi followed the crowd and chose a Gale Wolf to ride. The rest, including the giant spiders and crocodiles, followed behind, forming a rather large team that advanced quickly.

At the same time, Serena and Chris met at the periphery of the Wandu golden core fruit tree area where tallu was located. Both of them had been brought here by tallu's people.

At this time, ta Lu had already gathered 70% to 80% of the other teams. Because he controlled the Wandu golden core fruit and advanced to the perfected golden core realm ahead of Nasby, the people who came later had all been subdued by ta Lu.

Anyone who joined ta Lu was given a different number of Wandu golden core fruits. Their strength was raised to the early stage of the Golden core realm, and that was it.

If he wanted to level up, he had to obey ta Lu unconditionally and Exchange his contribution points for the Wandu golden core fruit!

"Chris, and that girl, how about it? do you want to join me? Follow me, I won't let you guys suffer!"

Ta Lu and his men were guarding the outside of the fruit forest. No one was allowed to enter. He was afraid that it would be difficult to control them if they all entered.

If these guys had all eaten the Wandu golden core fruit and reached the perfected golden core realm, how could they still listen to him?

What he didn't know was that the Wandu golden core fruit forest was blocked by the spirit sense. If he hid inside, he wouldn't be able to know what was going on even if he knew something was wrong.

But at the edge of the forest, the spirit sense was no longer effective-Lin Yi had already found Chris and Serena.

It was just that they were a bit far before, so Lin Yi went to look for the other people first.

"Talu, we don't want to mess with you. You'd better not mess with us!"

Chris looked at talu and his companions vigilantly, feeling scared.

Judging from the auras emitted by talu and the others, these people had all been greatly improved. Their strength had completely surpassed her and Serena 's, and there were so many of them.

If they really fought, Chris knew that she and Serena were not enough!

"Hahahaha, what do you mean by provoking me? I'm giving you a chance out of good intentions. Don't not know how to cherish it!"

Talu laughed wildly. He waved his hand and pointed at his followers. "Did you see that? the people following me are all at least at the Golden core stage. Anyone here can easily take care of you two!"

"I'm just being tender to you and giving you a way out so that you can take the initiative to surrender to me. Otherwise, do you think you can still stand there and talk? If you can reach Jindan with me, if you refuse me ... Hmph!"

Talu's last sneer made the underlings around him laugh. Of course, they laughed at Chris and Serena. Everyone knew what they were trying to say.

"Talu, don't be so smug!"

Serena's cold eyes swept across everyone. She snorted softly and said, ""Have you forgotten the strength of our eighth brother's Captain? If you dare to bully me and Chris, do you believe that our Captain will come over and beat you all to the ground?"

After talu heard this, he was stunned.

He'd personally experienced how terrifying Lin Yi was-he wouldn't even dare look at the two if they were in the trial grounds, let alone try to get to them.

He was afraid of Lin Yi's revenge!

But now, it was completely different. Talu himself was a peak-stage golden core, and his followers were all early-stage golden core as well. He had the confidence to fight Lin Yi.

"What a joke! What's so great about your Captain? How can he be compared to our boss talu?"

"Boss talu is already an expert at the perfected golden core realm. Who is your Captain?" Nasby sneered disdainfully. Besides, we have so many brothers. Who Do You Think You Are with those two or three Little Kittens?"

When talu heard this, he straightened his back. Nasby's words had really hit the nail on the head!

"I'll give you one last chance. Kneel down and beg our boss talu to take you in! Otherwise, I, Nasby, will help you!"

"Bah! Nasby, you shameless bastard. You're just a dog under Tallus. How dare you bark at us?"

Chris had no intention of giving Nasby any face. She immediately started cursing, ""Who Do You Think You Are? who gave you the courage to speak to me like this?"

"Who the hell are you? Who gave you the courage to speak to me like that?"

Nasby was furious and immediately retorted, ""You B * tch, do you really think you're so precious? Boss talu, don't waste your breath on them, just take them down!"

If they took down these two beautiful girls, ta Lu would be able to eat the meat, and his underlings would be able to drink the soup. If they took the initiative to go with ta Lu and become his women, then they would not even be able to drink the soup!

Talu's face was gloomy. He sneered and waved his hand."Fine, since you refuse a toast only to drink a forfeit, then don't blame me for being impolite! Brothers, catch them!"

"After I enjoy them, I'll let my brothers have fun with them. At that time, you guys have to be gentle. After all, we have many brothers. If we're too rough, the brothers behind us won't have a chance!"

The surrounding people burst into laughter and agreed to it. Then, someone rushed over.

Lin Yi's face changed-he'd just found Johnson, and Chris and Serena were in trouble!

He had to go there immediately!

"Mike, Morris, bring your men and spirit beasts over here. I'll be leaving first!"

Lin Yi didn't have time to say anything else. He said a few simple words and flew towards where Chris and Serena were, ordering, "Don't deviate from the direction. Go straight ahead, and move faster ..."

He'd already left before he'd even finished his sentence-Lin Yi activated his wood escape technique once he was out of sight, using the dense forest to get far away.

In just seven or eight seconds, Lin Yi was beside Chris and Serena. It was because of this speed that he was able to relax with them.

Chapter 7580 Attack, Wolf Pack!

"Who wants to touch my team? Are you all tired of clearing Dungeons in the nine-story glazed Pagoda and want to return to the city?"

Lin Yi's sudden appearance was like a ghost, and the people who were approaching the two girls were scared and backed off.

After all, a person's reputation was like the shadow of a tree.

They all knew how ruthless Lin Yi was before.

Even if ta Lu was at the great circle of the Golden core stage, and they were all above the Golden core stage, they would still be scared.

At that moment, the formation on the tower Road was in chaos. It felt like Lin Yi didn't even need to do anything to scare everyone away.

As the leader, ta Lu was a little nervous when he saw Lin Yi, but he felt a little more confident after his strength level increased.

"Hahahaha, I was wondering who it was, so it's eighth brother! Why? Rushing here to save two little girls?"

Talu composed himself and laughed to hide his guilt. He forced himself to say, "Brothers, attack! Capture the women alive and kill the men! I will reward whoever kills him with two Wandu golden core fruits!"

When they heard about the reward, the people around them were instantly excited!

One Wandu golden core fruit could increase a small level, so two would mean two levels. His strength would definitely have a qualitative leap!

"Everyone, charge! Kill him!"

"Charge!"

"Kill him!"

A few people who wanted rewards shouted with red eyes, trying to encourage everyone to go up together.

Lin Yi's cold eyes swept over them. "Who dares to come over? Is it because your head is too heavy and you want me to help you remove it?"

The few people who were shouting the loudest immediately stopped.

It couldn't be helped-Lin Yi's eyes were too cold, and just one look was enough to send a bone-chilling chill down her spine!

If they were to really charge forward ... They would not dare to!

"What are you afraid of? Don't be fooled by this kid's Bluff! All of you have eaten the Wandu golden core fruit and are now golden core stage experts!"

Talu didn't dare go up and fight Lin Yi alone, so he continued to encourage his men, "This kid doesn't have the Wandu golden core fruit to enhance his strength. He must still be in the foundation

establishment stage. There are so many golden core stage cultivators here. Are you afraid of a Foundation establishment stage cultivator?"

"Go! Boss has raised so many of you, do you think you're afraid of a Foundation Stage chicken? All of you F * cking go!"

"Boss talu is right," Nasby shouted. "This is just a Foundation establishment noob. No matter how strong he is, he can't fight against us! We have the numbers and strength!" Brothers, let's work together and kill him!"

These people finally stopped hesitating and charged at Lin Yi.

Lin Yi frowned, not knowing what to do.

Dozens of golden core stage experts were actually not a big deal. Just a casual breath could blow them out of the sky and they would crash into the spatial barrier.

However, the problem was that this wasn't the real hucai tianwu mountain, but the fourth floor of the nine-story glazed Pagoda. With so many people gathered here, that Holy envoy soyatu was definitely spying on the development of the situation.

If he used too much strength that was beyond the fourth level, it would not end well later on!

It was impossible to deal with so many golden core stage Masters at once with only the strength of the foundation establishment stage ... If he used the thousand changes of wood forest, wouldn't he directly expose his identity?

"Wait! Talu, didn't you want us to surrender? With so many people swarming you, what right do you have to make me respect you?"

Chris saw Lin Yi frowning and didn't know what he was thinking. She was afraid that he wouldn't be able to handle so many golden core Masters, so she stepped up and stopped him, "If you want us to be convinced, do you dare to come out and have a one-on-one fight?"

"One-on-one with you? What do I not dare to do? do you think I'm afraid of you?"

Taluhaha laughed and hooked his finger at Kris. ""Or you can come with me. I'm very willing to fight you on the bed!"

The crowd burst into laughter again, and the momentum of the attack disappeared without a trace.

Lin Yi raised a brow-he hadn't thought of a way to deal with these guys yet, and he didn't expect Kris to stop him for a while.

Chris didn't stop there, either-she started wrangling with talu, who seemed to be enjoying himself as well, as if he'd forgotten about Lin Yi.

Talu's men didn't know whether they should continue to attack or just watch Chris and talu talk nonsense.

Lin Yi smiled faintly as he used his spirit sense to sense that Mike was bringing people and spirit beasts over. They would be here in a few minutes.

After all, the gale Blue Wolf lived up to its name. After reaching the Golden core stage, its speed was even faster.

Lin Yi wouldn't have to worry about teaching them a lesson when they arrived.

After talu and Chris talked for a few minutes, he finally got impatient. ""Chris, that's all you can say. Forget it, I'm too lazy to talk to you. I'll have a lot of time to talk to you after I catch you!"

Before Chris could react, talu waved his hand and shouted, ""Attack! What are you all doing?"

The battle cries rang out again as everyone rushed towards Lin Yi. After all, this was related to the distribution of the two Wandu golden core fruits!

It was at this moment that the gale wolves arrived, including the sharp-mouthed crocodiles and giant spiders. It was not easy for them to force themselves to follow the group!

"Who said that you can kill me just because you have more people? Who said that one person can't fight against so many of you?"

Lin Yi smiled mockingly and waved his hand, "Gale wolves, go!"

Fifteen wolf howls were released in unison, forming a melodious battle song!

Then, 15 wind blue wolves the size of grass Mud River crab horses jumped out. Mike and the others had already gotten off their backs!

"Where did all these wolves come from? And it's so F * cking powerful ..."

"Boss talu, save me ..."

"Ah ..."

Although these people had all been raised to the early gold core realm, the storm Wolf was also in the gold core realm!

At the same level, spirit beasts were more powerful than humans, not to mention that wolves had their own set of joint attack methods, which improved their strength even more. So far, it seemed that they were simply sweeping across!

Less than half of talu's underlings were ordinary people before they entered the nine-story glazed Pagoda. The rest were only Mystic or Earth Class members of the Knight order.

His strength had suddenly increased to the Golden core stage, but his fighting style had not evolved. He was increasingly no match for the pack of storm wolves. The fifteen storm wolves were like tigers entering a flock of sheep, their momentum unstoppable!

In an instant, the people from tallu fell to the ground, screaming in pain. Fortunately, the gale Wolf received Lin Yi's orders and didn't kill them. Those people were only injured, not dead!

Talu and a few of his confidants were all dumbfounded as they looked at everything that happened in front of them. Dozens of Jindan stage Masters were so easily destroyed by fifteen green wolves?
