

Bodyguard 7581

Chapter 7581 Not Qualified To Surrender

Even if there were dozens of wooden stakes, the wolves wouldn't be able to dismantle them so quickly, right?

Talu wanted to cry, but no tears came out. He thought that with the Wandu golden core fruit and all his followers, he could kill Lin Yi and the others after raising their strength.

Who would've thought that Lin Yi's men didn't even do anything, only sending fifteen green wolves and everything was settled!

Seeing the storm wolves' well-practiced attacks, talu guessed that he might not be able to take them down even if he took action.

"Mike, your sharp-mouthed crocodiles and Fernandes' spiders seem to be eager to give it a try. Let talu and his trusted aides go!"

Lin Yi looked at the two panting crocodiles and giant spider behind him and raised his chin. "If you want to move around, you can ride a sharp-mouthed crocodile and have some fun."

With Lin Yi on the side, Mike wouldn't be in any danger at all. It would be good to experience the feeling of fighting against a golden core stage master. Although talu and the others' golden core strength was weak, it was better than nothing!

"Captain number eight, can I go?"

Mike was very surprised. He had wanted to test his strength for a long time, and now he finally had the chance. "Talu and the others look very strong. I shouldn't be able to kill them!"

The few people at the side couldn't help but twitch their lips. Mike, aren't you thinking too much? You're only a perfected Foundation establishment cultivator, but ta Lu and the others are already perfected golden core cultivators!

If it wasn't for Captain number eight and his spirit beast, he would definitely be killed by ta Lu ...

Fernandes could tell that this was a good job. This kind of harvesting work was not dangerous, and he could show his face in front of his thigh, so he would definitely fight for it!

"Captain, Mike will ride on the sharp-mouthed crocodile, and I will ride on the big spider. We will definitely capture talu and the others alive and bring them to you for punishment!"

"Go! You guys be careful too, don't be in danger!"

Lin Yi waved his hand casually, "ta Lu and the rest of his henchmen are stronger. Let the spirit beasts attack. You two just find a chance to sneak attack."

In fact, with Mike and Fernandes 'strength, they probably wouldn't be able to break the defense. Letting them go was really just to experience the feeling of fighting with a golden core stage master.

Mike and Fernandes agreed and jumped on the back of the crocodiles and giant spiders excitedly. Then they shouted and rushed to the people on tallu.

Talon was already hesitating about surrendering when he was faced with 15 wind blue wolves. When he saw Mike and fernández riding on the ferocious crocodiles and giant spiders to join the battle, his mental defense line collapsed!

"Captain number eight, I surrender! We all surrender!"

The pressure was too great!

If you know you can't beat him, you should admit that young master Jie is at a disadvantage!

Talu raised his hands nimbly and put on a flattering smile."It was a misunderstanding! Captain number eight, you know that I, ta Lu, am a person who can easily cause misunderstandings ... Please don't take it to heart!"

Mike was suddenly depressed. I finally had a chance to attack, what do you mean by surrendering?

Will you die if I hit you twice? will you die? will you die? He wouldn't die!

Why did they surrender so quickly?

"Misunderstanding? I didn't see it as a misunderstanding! Captain, just now, that bastard talu even said that he wanted to catch me and Serena for him to play with!"

Kris was the woman of adianpolo, so she naturally wouldn't be polite to talu. She immediately said indignantly, ""Not only that, but he also wants all his men to gang up on me and Serena ..."

Lin Yi already knew the situation, so he wasn't surprised, but the group didn't have Lin Yi's divine sense. They were furious!

"Tallu! You bastard! I'm going to kill you!"

His eyes turned red, and he rushed forward with a roar, not caring if he could kill talu and the others.

After all, Chris had been humiliated. If he didn't show any attitude, how could he be Chris 'man?

Mike and fernández were secretly happy. Tallu really did not want to die. He could not blame others for his own death!

"Surrender your sister! Scum like you have no right to surrender! Serena, don't worry, I will avenge you!"

Mike shouted as he urged the sharp-mouthed crocodile to rush toward the tower Road.

Since Chris had adianpolo to help her, Mike could only use Serena as his flag. Since they were both Captain eight's men and the companions of the sword of sanctions, it made sense!

"Captain number eight, we all surrender! You can't do this to me!"

Talu panicked. The gale blue wolves had started to surround him. With the sharp-mouthed crocodiles and giant spiders, he really felt that he was going to die!

Why are these bastards so unruly? Can't you just surrender? Must it be a life and death struggle?

Just as he was thinking of a fight to the death, the giant spider spat out a large spider web, which instantly formed a large spider web and enveloped talu and the others.

Talon Nasby and the rest subconsciously activated their powers to defend and counterattack, but it did not affect the spider web at all!

F * ck! Was this a life and death struggle?

It couldn't be helped. Although the strength of talu and the others had increased to the peak of the Golden core realm, their understanding of combat was still at the stage of heaven class and below!

He was like a baby holding a 98K-he couldn't even lift it, let alone use it!

If they were to train for a period of time and practice some corresponding martial arts techniques, in addition to their combat understanding reaching a level similar to their strength, they would no longer be of any use against the giant spider's web!

Unless this giant spider's strength had reached the peak of the late golden core stage or above.

But now, it was like a baby who suddenly grew up, but his intelligence could not keep up. Everything was in vain.

"Brothers, they want us to die! Even if we die, we'll drag two down with us!"

Talu quickly retreated and dodged the spider web while shouting, ""Left or right is death! Go all out!"

"Let's go all out!"

"Let's do it!"

Nasby, Bobby, and the others were the villains of kirrlutz town. When they drove dogs into a poor alley, they would naturally be driven to desperation. So when tallu said this, they gritted their teeth and prepared to fight to the death!

"Lord Holy envoy! We don't deserve to die. You must seek justice for these people who have broken the rules!"

Talu said he was going to risk his life, but he still didn't give up and brought up Saint soyatu in an attempt to scare Lin Yi.

Nasby and Bobby staggered. Everyone had just mustered their courage and was ready to fight. Boss talu, you said this ... Our morale is weak?

"Talu, if you stand still and don't resist, I can spare your lives. If you dare to resist, even the Holy envoy can't save you!"

Lin Yi's lips curled up into a mocking smile as he spoke faintly, "Do you think that the Holy envoy will punish our living outstanding experts for the sake of you few dead waste?"

Chapter 7582 The Sadness Of Eggy

"Gah!"

Talu suddenly lost his voice like a rooster that had its neck grabbed!

To put himself in his shoes, if one or two of talu's men were killed in a fight, he wouldn't really kill the living to pay for the lives of the dead.

At most, he would only be punished lightly as a formality!

Therefore, what eighth brother said ... Had a high chance of being true!

"Boss talu, don't listen to his nonsense! We'll fight them to the death!"

Nasby mustered up his courage again and glared at the approaching adianpolo-only adianpolo didn't have a spirit beast as a Mount, and he was weak. Of course, he had to pick the soft persimmons!

Bobby pulled himself together and prepared to fight. He was more afraid of Lin Yi than talu. If he could, he really didn't want to face Lin Yi!

One spurt of energy, one decline, three exhaustion!

They were now in the stage of decline and could not display much of their strength, which was even more worrying now.

"Don't move! We won't resist!"

Talu gritted his teeth and said, "Captain number eight, I hope you can keep your promise and leave us a way out!"

As long as there's life, there's hope!

As long as he didn't die, there was still hope for a comeback!

Nasby and talu were instantly dumbfounded!

What the hell? Was he really going to stand still and let the other party play with him?

The courage that he had mustered with great difficulty immediately disappeared!

The third was exhaustion!

At this time, even if tallu changed his mind and wanted Nasby, Bobby, and the others to make a move, they would not have the courage to make a move.

The spider web descended from the sky, covering the unmoving ta Lu and the others. The storm wolves received Lin Yi's order and stood to the side, not attacking.

Mike wanted to cry but had no tears. Didn't you all want to resist? Why did they surrender again?

Can't you have some backbone? at least fight for a while before surrendering when you feel like you can't take it anymore! Are you trying to trick me by repeating this?

The sharp-mouthed crocodiles did not receive any new orders, so they continued to charge forward like tanks, knocking the people caught in the spider web to the ground and then directly crushing them.

Dale almost vomited blood. You should go on a diet! With such a large body, how much food would it cost? It would crush people to death!

The pointed-mouth crocodiles were big and heavy to begin with, and after Lin Yi raised them to the Golden core stage, they grew even bigger-they were now as heavy as tanks.

Fortunately, ta Lu and the others had been raised to the perfected golden core realm by the Wandu golden core fruit, and their physiques had made a qualitative leap. If they were still in the foundation establishment realm, they would have been crushed.

Mike controlled the sharp-mouthed crocodile and turned around. He looked at talu and the others on the ground and suddenly felt bored.

There was no point in just beating them up without fighting.

Fernandes also felt that there was no point in showing off like this. He jumped off the giant spider and gave it a few kicks. At least he did not come in vain.

Only adianpolo's anger towards talu could not be quelled so easily. He rushed forward and kicked talu's crotch.

"Owoo ..."

Talu screamed and tried to cover his vital parts with his hands, but he was stuck by the spider web and could not move at all.

All the men present felt a chill in their nether regions, and they looked at Dale with deep sympathy.

Even if ta Lu was a perfected Jindan, that place didn't have much defensive ability ...

"You dare to have ideas about Chris? And you still want your Trash Wheel? Your mother!"

Obviously, he didn't feel satisfied, so he kicked a few more times.

Talu's tears and snot flowed out together, and his screams were intermittent. He didn't know if his second brother would be able to pull himself together in the future ...

After kicking the tower, he turned to Nasby with an unfriendly look.

Nasby was scared out of his wits. His head could be cut off and blood could flow, but he had to keep his second brother!

"Adianpolo! It's none of my business! I didn't say those words, so please spare me. I'll listen to you in the future, okay? We're all from the same town, so we'll see each other often ..."

At this time, dignity and face were all bullsh * t. If he didn't beg for mercy, his second brother would never be able to see him again!

For the sake of second brother, sell out boss!

"Adianpolo, everything was caused by boss talu. If you want to find someone, find boss talu. Don't take it out on me!"

Before Nasby could finish, talu almost vomited blood!

You son of a bitch! Are you afraid that my second brother isn't completely dead yet, and you'll still come to kill me?

He didn't expect that just after Nasby finished speaking, Bobby hurriedly continued, ""That's right, that's right. It's all boss talu's fault. It has nothing to do with us. Nasby can't speak. It's not just him who has nothing to do with it. It's none of us!"

At this time, he had to put the blame on boss talu. Anyway, his boss had been kicked so many times that he was probably crippled. He might as well take a few more kicks and save his brothers a way out!

At most, we brothers can help take care of boss talu's woman in the future!

If talu knew what Bobby was thinking, he would probably turn around and bite him to death!

Even if he didn't know what they were thinking, at this time, Dale wanted to bite these two traitors to death!

When boss was in trouble, you didn't want to protect your master, but instead, you tried to bite boss?

They were in so much pain that they couldn't speak. Otherwise, Dale would have dragged them all down with him.

"So much nonsense! You two dogs of tallu dare to say you're innocent? At least more than half of the dirty tricks in tallu were given to Yingying by you, right?"

He sneered again and again. They had been dealing with each other for so many years, so who didn't know each other? Talu said he wanted to kill Kris, but you two bastards didn't say anything?

'I'll believe your ghost!'

For the first time, Dale felt that adianpolo's words were so pleasant to the ears. He wanted to applaud Yingying if she could move her hands!

Why should I suffer alone? Don't even think about running away, we're only good Brothers if we share!

If there's fortune, I'll enjoy it. If there's trouble, you'll bear it!

If it really doesn't work, we have to go through it together. I definitely can't do it alone!

This time, adianpolo satisfied tallu's wish. Ignoring the pleas of Nasby Bobby and the others, he went up and gave them a few kicks. No one ran!

Lin Yi could almost hear the sound of eggs breaking on the ground. He looked at talu and the others with pity.

He didn't know if she could recover in the future, but at least for now, if he asked Chris to strip naked and dance in front of them, they would probably close their eyes.

He closed his eyes not because he was afraid that he would continue to kill them, but because of the sadness in his balls ...

At the same time, Saint soyatu was also watching this scene.

He did not care too much about what happened to talu and the others, but he felt a little cold in his crotch.

The Saint Emperor had told him to observe Lin Yi, and Saint soyatuo had done so as well. It was just that he had to pay attention to other people at times.

The map was too big, after all, and they weren't even in the same image. There was no way Saint soyatu would only be looking at Lin Yi.

It wasn't easy for everyone to gather, and now there was such a big show!

Chapter 7583 Seriously Injured, No Human Rights

"This test subject No. 1 is really interesting. Not only can it control sea beasts, it can even tame golden core stage spirit beasts!"

Saint soyatu rubbed his chin and muttered to himself,""Not only can he tame a spirit beast, but he can also command it to fight, and display strength that exceeds the spirit beast's level. I have to control it!"

As he spoke, his gaze fell on talu and the others. These unlucky fellows ... It seemed normal for them to be killed by experimentals No. 1. It seemed like having a high level did not mean that they were strong.

Experimental No. 1 did not eat the Wandu golden core fruit specially developed by the center. Even with his Foundation establishment stage team members, he was still able to beat up so many golden core stage experts on ta Lu. This was enough to explain the problem.

Lin Yi didn't know that he'd become even more important in the eyes of the envoy, but he only walked over to talu and the others after he'd let go of his anger.

He took out an aged recover pill from the corner of the Jade space with great difficulty and stuffed it into ta Lu's mouth to help him recover a little.

Lin Yi didn't have much of these low-level pills in stock, so he had to apologize to people like Nasby and Bobby.

"Tallu, can you speak now?"

Lin Yi waited for ta Lu to calm down before looking down at him indifferently."How did you all reach the peak of the Golden core realm?"

This was Lin Yi's question. He knew that it had something to do with the Wandu golden core fruit, but it wouldn't help them if they ate too much of it-it'd be good enough if they could reach the early gold core stage!

Most of Talon's men were the normal ones.

If the improvement of their primordial Spirit led to the level of their physical bodies, the level of their primordial spirits did not improve. They were still in the foundation establishment stage!

With Lin Yi's sea Rift strength, he could see the situation clearly.

"Hurry up and answer the captain! Do you want to die?"

Ardiablo glared at him and raised his foot to kick talu, who was startled.

She thought that Lin Yi's treatment was a little unbelievable, but now that she thought about it, was he planning to do it again after he was cured?

He was too vicious!

"I'll talk, I'll talk!"

Talu didn't dare to be slow. He quickly shrank his body with a sad face, as if he could avoid Adianpolo's poisonous hands ... Poisonous feet!

"We've eaten the Wandu golden elixir fruit. There's a forest of Wandu golden elixir fruits over there. Eating one fruit can help us advance a small level, but it's useless when we reach the perfected golden core realm!"

Dale was afraid of being poisoned again, so he spilled everything he knew. "Originally, the Wandu golden core fruit there was enough to raise everyone's cultivation to the perfected golden core realm. But in order to control my men, I didn't open up the supply, so most of them are only in the early golden core realm."

To be honest, Talu was a little regretful. If he had known earlier, he would have raised everyone to the perfected golden core realm, even the peak late golden core realm!

Maybe it wouldn't be so miserable!

However, it was useless to regret. Talu could only accept his fate for the time being.

Lin Yi scratched his head, surprised.

It was common knowledge on the Sky Class Island that only one Wandu golden core fruit could be consumed.

This was also one of the reasons why alchemists were respected. Only after the Wandu golden core fruit was refined into a golden core could it be consumed multiple times.

However, the pagoda Road was a real perfected golden core realm cultivator. This couldn't be fake. Could it be that the Wandu golden core fruit here had mutated?

He really couldn't understand this matter, so he could only go and see it with his own eyes.

The place that ta Lu mentioned was one of the areas that spirit sense couldn't reach before. If Lin Yi really wanted to break through the barrier, it wasn't impossible. A sea Rift essence spirit wasn't a joke!

He didn't want to damage the thing inside by force, though.

"Let's go. Let's go and take a look. Gale Blue Wolf, take talu and the others with your mouth."

Lin Yi snapped his fingers at the storm wolves, and a few of them opened their mouths and grabbed the men by their collars, dragging them behind Lin Yi with ease.

Talu and the others burst into tears. Big brother, we are all seriously injured. Is it appropriate to be dragged on the ground by wolves?

Can't you have some humanitarian spirit? Even if he didn't help to heal his injuries, he should at least let these wolves gnaw at him more comfortably!

People would die if their collars were stuck to their necks!

The group wanted to kill talu and the others, so they pretended not to see anything and followed Lin Yi into the Wandu fruit forest.

When they saw the Golden Wandu golden core fruits, no one cared about ta Lu and the others. They deserved to die!

"Old eighth, this is the Wandu golden core fruit!"

Mike had never seen this before, but after seeing it, he was very sure. "The message I received didn't describe it in detail, but when I saw the real thing, I immediately matched it!"

"Yes, this is indeed the Wandu golden core fruit! I didn't expect there to be so many!"

Lin Yi nodded slightly, a little shocked.

In the past, when he was with Huang Xiao Tao's team, for the sake of five Wandu golden core fruits, he had to snatch food from the mouth of a spirit beast, be led into a trap by a mole, and be hunted down by an expert. It was really a complicated and bizarre story.

Ta Lu and his men had eaten dozens of fruits before, and there were still four hundred left. Lin Yi's team had more than ten people, and they could eat the fruits like they were rice. It was enough for them to eat twice!

Fernandes looked at the Wandu golden core fruit eagerly and couldn't help but swallow his saliva. "Captain, there are so many Wandu golden core fruits. Can we pack them up if we can't finish them?"

"Fernandes, can you not embarrass the people of kirrlutz?"

Ardiablo scolded with a righteous tone, "Take it away if you can't finish it? Tell me, do you have that many takeaway boxes?"

"What kind of takeaway boxes do you want? I can pack a lot of them without taking off my clothes. If I really can't do it, I can ask my Mount to spit out some cobwebs. We can each carry two bags."

Fernandes laughed so hard that his eyes could not be seen. He finally felt that the black, furry giant spider had become cute.

The giant spider was not happy. "You didn't even think about giving me a few to eat. You actually want to use the spider web I hunted to store the Wandu golden core fruit?" Do you believe that I will eat you like a fruit?

Lin Yi smiled as he watched Fernandes and the others play around, very satisfied.

These people didn't hide their desire for the Wandu golden core fruit at all. No one would be uninterested in increasing their strength easily, but none of them tried to pick the fruit before Lin Yi.

Lin Yi didn't say anything, so they just stood aside and spoke. This was their respect for Lin Yi as their Captain, from the bottom of their hearts. There was no pretense at all, it was completely out of instinct!

"Don't worry, let me check if there's any problem with the Wandu golden core fruit!"

Lin Yi was still suspicious about the Wandu golden core fruit, which could level up continuously. He took one as he spoke.

Chapter 7584 The Mutated Golden Core Fruit

In terms of herbs and fruits, Lin Yi was definitely a master-plus, he'd had the Wandu golden core fruit before, so he'd be able to tell if there was a problem with it.

After smelling it, identifying its color, observing its shape, and even injecting a wisp of true Qi into it, coupled with his divine sense penetrating deep into it, he indeed found some differences.

The Wandu golden elixir fruit was indeed the Wandu golden elixir fruit, but it was not the Wandu golden elixir fruit he had obtained before!

This could be said to be a variant of the Wandu golden core fruit, which had some other ingredients instead of the restriction of only being able to increase one small level per person.

Lin Yi couldn't be sure what it was, but he was sure that it was very helpful in increasing his strength.

Perhaps it was because of the extra ingredients that caused the Wandu golden core fruit to mutate and lose the one-use limit?

"No problem. Everyone, come over and pick some to eat!"

Lin Yi tossed the Wandu golden core fruit to Mike. "With so many Wandu golden core fruits, it's enough for all of us to reach the perfected golden core realm."

Mike opened his palm and caught the Wandu golden core fruit. He rubbed it on his chest and took a big bite.

Lin Yi's mouth twitched ... Don't you know that your clothes are dirtier? Even though the mud was washed away by his Water-type powers, it was still very dirty ...

She really didn't care about hygiene!

"Captain number eight, this Wandu golden core fruit is quite delicious! Why aren't you eating?"

Mike gobbled up a Wandu golden core fruit in two or three bites and said with his cheeks puffed up, "Even if it can't increase my strength, it's good to eat it like a fruit!"

Lin Yi's mouth twitched. Eating the Wandu golden core fruit like a fruit? Do you believe that you'll drown in your own saliva if you hear this on Sky Class Island?

How many Foundation establishment stage experts in the North Island and the middle Island could only waste their entire lives at the foundation establishment stage because they were not talented enough and did not have the Wandu golden core fruit to refine pills? You still think it's fruit? I can't eat you to death!

Fernandes had also picked a Wandu golden core fruit himself and was gnawing on it. ""It's quite delicious. Captain, don't stand on ceremony. Hurry up and eat!"

The others followed, not forgetting to invite Lin Yi as they ate.

Lin Yi could only smile back at him. He had no choice. If he ate the Wandu golden core fruit, it would be like a fruit to him. He was a sea Rift cultivator, so the Wandu golden core fruit was useless to him.

Fortunately, they didn't have time to talk after eating the Wandu golden core fruit. They felt the surging spiritual Qi in their bodies and immediately sat down cross-legged to cultivate.

It didn't take long for Lin Yi's team to all form their cores and reach the early golden core stage.

Lin Yi used his spirit sense to check on their bodies. He was only relieved when he confirmed that there were no problems.

This variant of the Wandu golden core fruit was indeed powerful. It didn't need to be refined into a golden core to increase its level. If it was refined into an elixir, perhaps the effect would be even better?

Lin Yi thought about it and didn't really make the elixir. He had enough Wandu golden core fruits anyway, so he didn't need to make it into an elixir.

In the following time, Mike and the others picked the Wandu golden core fruit and ate it again after breaking through. Then, they continued to break through until everyone reached the perfected golden core realm.

During this time, Lin Yi pretended to eat a few Wandu golden core fruits, but he actually ate them in the Jade space.

Then, he would pretend that he was cultivating and had a breakthrough. He would also pretend that his strength level was the same as everyone else. This way, no one would doubt him.

There were also the sharp-mouthed crocodiles, giant spiders, and Gale wolves. Lin Yi gave them a few Wandu golden core fruits each to help them increase their strength.

Unfortunately, the Wandu golden core fruit could only level up a small level after Lin Yi's pure energy leveled it up. It seemed that Lin Yi's pure energy still had a limited effect on these variant Wandu golden core fruits.

Lin Yi had no choice but to use his own pure Qi to help the spirit beast break through.

Then, he put the hundred or so Wandu golden core fruits that the spirit beasts had saved into the Jade space. It was better to be prepared for research and alchemy.

When Lin Yi's team all broke through to full gold core, the music started again.

In the dazzling light, Saint envoy soyatu descended from the sky.

"Ladies ladies ladies and gentlemen, is everyone full? I can see that you've all become Jindan experts, congratulations ..."

At this point, Saint soyatul suddenly felt that he could not continue. Not to mention the broken balls of talu and the others, the others who had been killed by the blue Gale Wolf definitely did not perform well.

What was there to congratulate?

"Well ... All the injured should eat a Wandu golden core fruit to recover a little."

Talu and the others were immediately grateful and helped each other pick the Wandu golden core fruit to eat. It was not a healing spirit fruit, but those early gold core realm cultivators could also heal their injuries while they were leveling up.

On the other hand, ta Lu and the others had already reached the perfected golden core realm, so the Wandu golden core fruit could no longer be used to increase their level. Naturally, it had no healing effect.

"Lord Holy envoy! Please, you must seek justice for us! Eighth brother and his men ignored the rules and attacked us ruthlessly. They are completely disrespecting the Holy envoy!"

Talu gritted his teeth, tears and snot streaming down his face as he tried to gain sympathy from Saint soyatu.

"Talu, it's said that once the scar is healed, you forget the pain. You haven't even healed yet and you've already forgotten the pain!"

"If it wasn't for the captain," he sneered, "you guys would've been in a vegetative state by now. Do you think you'd still have the chance to talk nonsense in front of the Saint?" Lord Holy envoy, I injured them. Although there is a reason for this, if Lord Holy envoy wants to punish me, I will bear the responsibility. It has nothing to do with our Captain!"

Lin Yi didn't think that he'd volunteer to take all the responsibility. To be honest, he didn't need to do that.

Just as he was about to speak, he saw Holy envoy soyatu smile and wave his hand. "It's fine. All of you knew what you were doing. As long as no one died, it's not against my rules!"

Talu really wanted to cry. Lord Holy envoy, how could you say that? Our second brother is dead, this is worse than a dead person, okay?

Furthermore, with such heavy injuries, how can you say that it's not against the rules? aren't you encouraging them to continue beating us up?

If he had known earlier, he would have just kept quiet. Wouldn't he have offended his team again?

Saint soyatu spoke to Lin Yi with a pleasant face. "Your team's performance is the best. You've indeed continued your outstanding performance. I have high hopes for you!"

What a joke-the Saint Emperor had already said that they'd focus on training test subject No. 1, so why would Saint soyatu punish Lin Yi's team for these trash?

To put it bluntly, it wouldn't be a big deal if Lin Yi and the others killed ta Lu and his group. It was quite normal for some unqualified test subjects to be eliminated in the process of testing.

Chapter 7585 Changing The Pills

This was an expert that the central had focused on nurturing, and someone that the Saint Emperor paid attention to. In the future, his status in the Saint realm would naturally be indescribable!

Only Saint soyatul would offend Lin Yi and his gang if sh * t was in his head.

"Thank you for your praise, Saint. We are ashamed!"

Lin Yi nodded slightly, his attitude neither overbearing nor humble. "Are we going to the fifth level next?"

"There's no hurry. Everyone's strength has increased, but their spiritual sense is still at the foundation establishment stage. Before we enter the fifth level, I will first explain to everyone the cultivation method of the Golden core stage primordial spirit!"

"No," said Saint soyatuo with a smile and a wave of his hand. "Previously, everyone improved their primordial spirit to drive the improvement of their physical bodies. This time, because of the Wandu golden core fruit's magical effect, the level of their physical bodies is ahead of others."

"But this is also good. When cultivating the divine sense, the strength of the physical body will also be of some help, and the progress will also be very fast! I'm going to start now. Everyone, listen carefully!"

The cultivation method of the primordial spirit at the Golden core stage was much more profound than that of the foundation establishment stage, but Saint soyatu was able to explain it in simple terms and was actually very clear.

Even those who were less talented would have a lot of comprehension when they heard it now. Those who were more talented actually made progress very quickly.

Lin Yi frowned. Under normal circumstances, how could it be that easy to cultivate the essence spirit? The Aurous core stage spirits here, if placed on Sky Class Island, were comparable to the strength of a mountain split stage master's spirit.

If one wanted to improve, years of cultivation were indispensable. How could anyone make rapid progress after listening to the explanation?

Sure enough, there was a problem with the mutated Wandu golden core fruit! Not only could it improve the level of one's body, but it was also beneficial to the cultivation of one's primordial spirit. Compared to the Wandu golden core fruit, it was like the difference between the moon and the fireflies!

How did central do this? Was the power of technology enough to change the genes of a spiritual fruit like the Wandu golden core fruit?

"... Well, the Golden core spiritual awareness cultivation method is more or less like this. Everyone can continue to cultivate here for a while. After two hours, the passage to the fifth floor will open. I wish you good luck!"

Saint soyatu concluded before waving at Lin Yi. "Come over here for a moment!"

"What instructions does Lord Holy envoy have?"

Lin Yi suppressed his thoughts and walked over to Saint soyatu's side. He had to give him face in order to continue his investigation of the nine story Pagoda.

"What instructions? You don't have to be so formal!"

Saint soyatu smiled kindly and said, ""It's like this. Your team's performance was excellent, so I'm going to give you some rewards!"

As he spoke, Saint soyatu took out a Jade bottle and handed it to Lin Yi."This is the reward I was talking about. It's suitable for Jindan stage experts. You and your team members can share it!"

As a test subject that even the sage Emperor valued, he had to have perfect control over it in the Saint realm. These pills were indeed helpful for cultivation, but their greater use was to control the person who consumed them.

"Many thanks, Holy envoy! I'll express my sincerest thanks on their behalf!"

Lin Yi didn't hesitate at all as he took the Jade bottle."After their strength has stabilized, I will immediately share the saint's reward with them!"

"No need to thank me, it's what I should do!"

Saint soyatu laughed, then changed the topic."Did you guys eat the pills I gave you before?"

The first reward had a similar effect to the pill this time, but it was much weaker. It was a gradual process with each stage, and only in the end would one be able to completely control the test subject.

This was a rule set by the Saint Emperor long ago, and so the Saint was very concerned-did Lin Yi share it with his men, or did he really take it all for himself?

"I've eaten them all! Otherwise, how could he have advanced so quickly? I really have to thank you, Holy envoy!"

Lin Yi lied without even blushing or panting, "Didn't you see it, Saint?"

Saint soyatu was slightly taken aback as he thought to himself, I really couldn't tell!

There were surveillance cameras, but not everything could be seen. There had to be some blind spots, and there were a lot of places, too-there was no way Saint soyatu could've been there. He had to believe Lin Yi when he said he'd split the food.

"I'm glad I can help you! You didn't waste my efforts!"

"This pill will be of great benefit to all of you. It'll be a great help for your golden core to advance to the nascent Soul Stage. Remember to take it together!" Saint soyatuo nodded with a smile.

"Yes! Eighth brother will remember it!"

Lin Yi nodded seriously, and only then did Saint soyatuo relax a little. "Alright, I'll take my leave first. Be careful when you enter the fifth floor. It's even more dangerous there!"

After saying that, Saint soyatu soared into the sky in a brilliant light and disappeared without a trace.

Lin Yi's eyes flickered as he put the Jade bottle away and quickly exchanged the pills for his own.

It was extremely easy to make similar pills.

There was still some time before they entered the fifth floor. If she didn't want to arouse his suspicion, she had to take this bottle of pills.

He could fool them the first time, but if he didn't let Saint soyatu see them consume it the second time, he would probably give himself away!

Lin Yi's guess was right-after the Saint returned, he'd locked onto everyone in Lin Yi's team. He wouldn't be able to see them eat the pills, so he'd be watching them!

After an hour or so, everyone in Lin Yi's team finished their training. Not only did they stabilize their strength, but their spirits improved as well.

"Everyone, come over here!"

Lin Yi waved his hand, signaling for his team to gather around. As for the people on the tower Road, they all stayed far away, afraid that they'd mess with Lin Yi again.

"This is the reward given to us by Saint soyatu. It'll be helpful for our future advancements. One for each of us, eat it!"

He opened the Jade bottle and flicked his finger. Small pills flew out and landed accurately in each person's hands.

Lin Yi picked one up and put it in his mouth as well. It looked exactly the same as the one Saint soyatu gave him, but it was actually Lin Yi's own medicine.

It didn't have any precious characteristics, just some stuff to supplement Qi. It was made by rubbing some spirit herbs together, not even close to a medicinal pill.

Mike and the others didn't suspect him at all-they trusted Lin Yi more than they did. If Lin Yi said he wanted to eat, and he even took the lead, what else could they say? He would just throw it into his mouth and it would be over.

Seeing this scene on the monitor screen, Saint zoatul was completely relieved and nodded in satisfaction.

As long as everyone in Lin Yi's team took the pill, the Saint Emperor's mission would be complete.

Unfortunately, the Saint would never have thought that Lin Yi had already switched out his pills!

Chapter 7586 Lufeng Forest Again

If he'd known that Lin Yi was capable of this, he'd have forced Lin Yi and the others to take the pills on the spot! But he'd probably end up dead!

The fifth floor's tunnel opened when everyone was done with their training. Lin Yi wanted to bring the gale Blue Wolf and the giant pointed-mouthed crocodile Spider along, but the tunnel didn't allow spirit beasts to go through. He had no choice but to give them up.

These spirit beasts didn't follow Lin Yi for long, but they'd already gotten huge benefits-their strength had increased by a huge amount. Seeing that they couldn't continue following him, they all had reluctant looks in their eyes.

"Captain number eight, how good would it be if the Holy envoy could let us bring these spirit beasts? What's the point of giving us those pills? It's more appropriate to reward us for bringing our spirit beasts through!"

Mike didn't want his Mount to go, either. The pills Lin Yi gave him after daylight thief were useless to him. They couldn't compare to the wind wolves or the crocodiles.

"Alright, what are you blabbering about? hurry up and enter the fifth level!"

Lin Yi waved his hand and drove the spirit beasts to the side before entering the tunnel.

Mike and the others stopped talking and followed Lin Yi into the tunnel.

After the familiar feeling, the scenery in front of him changed, and the whole world seemed to have darkened.

Lin Yi immediately extended his spirit sense out after coming out and was stunned. This place ... Seemed familiar too!

Could the dungeon maps arranged by the center be all places that he had been to?

The forest was still a forest, but it was clearly no longer on hucai tianwu mountain. There was a faint mist floating around it, and the mist in the sky was even thicker than on the ground. The top of the tall trees were hidden in the mist, and the treetops couldn't be seen at all.

However, the blood-red moon in the sky was emitting a faint Halo through the thick fog.

Lufeng forest?

The only place Lin Yi could remember of having such a special environment was naturally Lufeng forest, where he'd adventured with Huang xiaotao!

Two places related to Huang xiaotao in a row filled Lin Yi's mind with memories.

Sighing, Lin Yi regained his composure.

He had just traveled from the North Island to the middle Island at the hucai tianwu mountain, and now he was in the Lufeng forest in the zhenduan Sea region of the South continent!

Of course, this Lufeng forest was still a copy of the nine story Pagoda. Lin Yi scanned with his spirit sense and found the boundary.

"Captain number eight! President Morris! Serena! Are you guys there?"

Two to three hundred meters away, the Mike's low voice shouted. Although everyone did not appear in the same place during this teleportation, the range of their distribution was not wide.

Lin Yi's spirit sense told him that his team was at most two thousand meters away from him, with Mike being the closest, two to three hundred meters away.

A simple flash was enough to cover this distance.

"Mike, stop shouting!"

Lin Yi appeared beside Mike with a faint smile, "You want to shout but you don't dare to shout. Who can hear you if you keep your voice down?"

"Didn't you hear that, Captain eighth brother?"

Mike was overjoyed to see Lin Yi, a cheeky smile on his face. "I knew it. Captain eighth brother would definitely hear my voice. Even if I lower my voice, I don't think it'll be a problem for Captain eighth brother, right?"

Lin Yi shook his head speechlessly. He didn't rely on his hearing to find Mike, after all. "Didn't I teach you that when you enter a new and unfamiliar illusionary realm, you must remember to release your divine sense to explore the surrounding situation? if you release your divine sense with all your might, you will be able to find my location!"

Mike's divine sense had also reached the Golden core stage, so he could definitely investigate a distance of two to three hundred meters.

He just hadn't developed the habit of relying on his sight and hearing no matter where he was.

"Old eighth's Captain is right! I'll try to use my divine sense to see if I can find the others!"

After saying that, Mike put away his smile and put on a serious face. He began to release his divine sense. A few seconds later, he revealed a happy expression. "You really did it! Fernandes is more than a hundred meters away ... Huh? Old eighth's Captain? I'll go! Old eighth, when did you go there? He didn't even say a word!"

While he was talking, Mike started to run with a confused face.

Lin Yi had already appeared beside Fernandes when he used his spirit sense, even faster than Mike's speed.

"Captain! So you're here too! I'll go look for you after you call me. How can I let you come over?"

Fernandes was startled by the eerie environment and didn't expect Lin Yi to show up. As a veteran leg hair, he instinctively started to praise his leg.

"As expected of the eighth brother's Captain. When I was still in the dark, he had already found me, an insignificant member! The captain is mighty! I, Fernandes, am really lucky to be able to follow the captain!"

"Alright! Fernandes, stop talking!"

Mike ran over, and seeing that fern ndez was in flattering mode again, he laughed and scolded, ""At least leave some words, or we'll have nothing to say in the future!"

"Mike, what are you saying? My admiration and respect for the captain comes from the heart, from the bottom of my heart! You're making it sound like I'm just saying it!"

Fernandes said seriously, "Captain, you have to believe me ... Eh?" Where's the captain? Where did you go?"

Lin Yi couldn't be bothered with Fernandes. When Mike came over, he was already beside the third person.

Soon, everyone in Lin Yi's team was gathered, but the people from tallu weren't nearby. It seemed that there were differences when they were teleported.

"Captain, why is the fifth floor so strange? Where are we now? What should I do on the fifth level?"

Fernandes moved to Lin Yi's side, trying to make his face familiar. "Previously, there would always be hints and information being sent to our minds. This time, there's nothing. What should we do?"

"That's right, Captain number eight. This place looks really eerie. There are piles of white bones everywhere. They seem to be the bones of spirit beasts. Could it be that there's a ferocious spirit beast here and we've trespassed into its territory?"

Mike kicked a broken bone at his foot. After entering the nine-story glazed Pagoda, he had a lot of understanding about spirit beasts and was no longer as ignorant as before.

"It's normal for spirit beasts to have a lot of bones. If I'm not wrong, this should be a spirit beast graveyard. When those spirit beasts with decent strength feel that they're about to die, they'll automatically come here to wait for death. "

Lin Yi, of course, didn't need to guess-he'd been here with Huang xiaotao before. They had to wait for the ship to leave the zhenduan Sea area, and since they had nothing to do, they joined an adventurer team to explore the Lufeng forest when the mistwind was getting thinner.

Chapter 7587 There Are Outsiders Here?

In the end, he found out that the entire team was a sacrifice prepared by an idiot named Chu bubai to sacrifice the baby ginseng. In the end, this idiot didn't have time to activate it, and he was killed by the baby ginseng first!

So if the fifth layer copied Lufeng forest and spirit beast graveyard, then there was no need to ask, the target was definitely the baby ginseng!

Baby ginseng was also called ghost ginseng, and it loved dark and eerie places like this the most. Lin Yi's team had already reached golden core State peak stage on the fourth floor with the Wandu golden core fruit, so it was natural for them to use the baby ginseng to reach nascent soul!

"So there's such a saying! Captain, you're really well-informed, you know everything!"

Fernandes exclaimed in admiration. He accidentally stepped on a bone and broke it, and his body staggered a little."This really is a ghostly place! Captain, what do you think we're doing here? Digging up a spirit beast's grave? Is there any treasure in the spirit beast's grave?"

Everyone looked at Fernandes from the corner of their eyes. They came to the spirit beast graveyard to dig a spirit beast graveyard? What was this brain of his?

"Why? do you all have different opinions? It doesn't matter, just say it!"

Fernandes was not satisfied with the looks in everyone's eyes. He tilted his head and said, "If we don't dig up the spirit beast's grave, do we have to find some flowers to clean their grave? Then, these dead spirit beasts will thank us and give us treasures?"

Everyone was speechless. Fernandes' words did make sense ... Everyone looked at Lin Yi again. They still had to let their respected Captain decide.

Lin Yi coughed dryly, "since there's no hint, we'll see!" There will be a time when you know!"

The Lufeng forest was in the South continent of the sky Island, and the baby ginseng was the main material for making the Golden elixir. How could a bodyguard in the secular world know these things?

And so, Lin Yi couldn't tell the others about the baby ginseng. Who knew if the Saint was monitoring this place right now?

Without receiving any information, if Mike, Fernandes, and the others knew anything about baby ginseng, it would definitely arouse the suspicion of Saint soyatu!

Lin Yi raised his head to look at the hazy Red Moon, a little confused.

The Golden elixir of the nascent soul was the only thing that could help with breaking through to the original level. Otherwise, the Tianxing sect wouldn't have to wait for Lin Yi to make elixirs.

Could it be like the Wandu golden core fruit, that the center had also made changes to the nascent ginseng? The baby ginseng didn't need to be refined into an elixir and could be directly consumed to break through?

With the Wandu Jindan fruit as an example, the variant of the infant ginseng was not unacceptable.

"Captain, are we just going to walk around aimlessly? The fog seems to be a little thick. It can't be that it's constantly spinning around, right?"

Serena looked everywhere the same. There were the bones of spirit beasts everywhere. She was a little worried. "Why isn't there a mission prompt this time? If we can't get out, will we be trapped here?"

"Serena, you're overthinking! With the captain around, what's there to worry about?"

Fernandes, however, did not care and said, "If we follow the captain, we won't be at a disadvantage! Tell me, isn't that the case?"

Serena thought about it and it was true!

When she wasn't with Lin Yi, she couldn't even hide from Lin Yi's eyes when she snuck into the Steffey house and pretended to be a street girl, but after following Lin Yi, she'd been driving high and didn't lose anything!

"Fernandes, you finally said something human!"

"Serena, you're insulting me! What did he mean by finally speaking like a human? Could it be that everything I said in the past was just bullsh * t?"

Fernandes was not happy, but as soon as he said that, the people around him looked at him with a look that said "what do you think?"

"Captain, they think that I've been spouting nonsense. I, Fernandes, am not a person who likes to stir up trouble. But Captain, even if you can tolerate this, I can 't!"

Fernandes rolled up his sleeves indignantly. "As a senior leg hair, what he says most is to suck up to someone. Even if it's nonsense, you can't say that!"

"Anything about the captain is human talk. Anything unrelated to the captain is bullshit!"

Serena narrowed her eyes and smiled. She immediately tried to clear her name. Fernandes froze.

If you put it that way ... How am I supposed to get angry? Isn't this too boring? Can't we have a proper fight?

"Alright, stop fooling around. There seems to be someone in front!"

Lin Yi waved his hand to stop their pointless bickering and led the group in a slight change of direction.

"Captain number eight, could it be that ta Lu and the others are in front? I don't know if these guys have recovered from their injuries. If they have improved a little, they might come and provoke us when they see that we don't have the help of our spirit beasts. "

Mike's expression was calm, but his eyes were very excited. He was probably looking forward to the provocation of talu's group so that they could have a good fight.

With Lin Yi by her side, she didn't need to worry about losing!

"It's not talu and the others, it's a stranger I've never seen before!"

Lin Yi shook his head, confused. There was someone else on the fifth floor of the nine level Pagoda?

Could it be that this wasn't a replica of the scene, but really Lufeng forest?

He had already detected the border with his divine sense. It was indeed a replicated scene and definitely not the real Lufeng forest.

There were still natives in the nine-story glazed Pagoda?

The thought flashed through Lin Yi's mind as he led the team past a bone mound and saw the group of people.

In front of them, there was a place with thick fog. Lin Yi's spirit sense couldn't go in.

He didn't notice them before probably because they were in the thick fog. Lin Yi only noticed them when they retreated.

"Who are you people?"

The leader of the group, a middle-aged man, was on high alert as he scanned every member of Lin Yi's team coldly. "We came here first. If there's nothing else, please leave!"

Lin Yi took a look-the six men and three women were all peak-late-stage golden core and above, and the one who just spoke was half-step into the nascent Soul Stage.

In the real Lufeng forest, they would definitely be an extremely powerful team. However, the real Lufeng forest would never have a team of nine people.

This was because the number of people that could be teleported over at a time was limited to six people! If they wanted to form a team, they could only form a team of six!

From this point, it could be confirmed that this was indeed a replica of the nine-story glazed Pagoda.

"What a joke. You came first, so it's your territory? This entire area is still our family's territory!"

"What?" Fernandes sneered. "What right do you have to talk to us like this?"

As soon as he finished speaking, Fernandes held his head high, raised his chin, and stared at the nine people in front of him in disdain.

Chapter 7588 The Array Stopped

In terms of numbers, Lin Yi's team had thirteen people, which was almost half the number of people on the other side. In terms of strength, excluding Lin Yi, everyone else was at the peak of the Golden core realm, and their average level was higher than the other side.

In any case, fernández had enough confidence to deal with him with contempt, not to mention that his big brother was right on the side, and no matter how many zeros there were on the other side, it was not enough!

"Chen Shu, don't cause any more trouble!"

A woman beside the middle-aged man pulled his sleeve and whispered, ""No one can enter this place anyway. They can stay if they want to. I guess they'll have to leave soon!"

"What are you saying? Speak louder!"

Fernandes picked his ear with the little finger of his right hand and flicked it with his head tilted. ""What kind of place can't be entered? This place? What treasure was there? Let's study it! With our Captain here, is there anywhere we can't go?"

"Hehe, there's no harm in telling you. There's a natural maze here. If you're not a formation master, you'll be trapped inside. If you're lucky, you'll be able to come out. If you're unlucky, you'll only become a pile of bones inside!"

A man in his thirties sneered, ""Don't think that having more people will help. Having more people will only add a few more piles of bones!"

"What's the point of talking to them? Since they're so awesome, let them go in and try. Let's see if they still have a chance to come out after going in!"

The other woman, who was about 25 or 26 years old, snorted and said with a frown, ""Who's your Captain? Since you said you're so amazing, let's go and open our eyes!"

"Alright! Stop talking!"

The middle-aged man called Chen Shu shouted in a low voice, then looked at Fernandes indifferently. "'I'll give you a piece of advice. If you want to live, leave quickly! Otherwise, you won't even know how you died!"

"Hey! You guys are still in the mood, aren't you?"

"What?" Fernandes said angrily, "why are you all so sarcastic?" Are you trying to scare us?"

"Who's scaring you? I already said, hurry up and go in, let us open our eyes!"

The young woman who spoke just now said disdainfully, "'In the end, you guys just don't have the guts, right? If you don't have the guts, then be obedient and get lost! Don't even think about taking advantage of this!"

Fernandes was furious. He raised his hands and was ready to attack!

Lin Yi put his hand on Fernandes "shoulder and smiled."Calm down, Fernandes! Why are you so angry?"

Fernandes immediately calmed down and said, ""Captain, I just feel that if we don't teach them a lesson, they won't know what's good for them. Since the captain said to let them go, then I'll let them go!"

"He didn't ask you to let us go. Go ahead. I'm your grandson if I'm afraid of you!"

The man in his thirties hooked his finger at Fernandes with a sarcastic smile on his face.

This man was also in the Paragon of the gold core realm, the same as Fernandes, but he seemed to be very confident that he could beat Fernandes.

Fernandes snorted and said, ""The captain told me not to be angry. I can't be bothered to argue with you!"

It couldn't be helped. Whatever the thigh said was right, and it had to obey unconditionally. This was qualified leg hair!

"You're their Captain? It doesn't seem like there's anything special about it!"

Chen Shu glanced at Lin Yi indifferently, as if he didn't put Lin Yi in his eyes, "How is it? Do you want to try out this natural maze?"

"Since I'm already here, of course I have to take a look. I'll just treat it as an eye-opener!"

Lin Yi shrugged nonchalantly and smiled, "What natural maze formation? I've never heard of it before. It's not easy to encounter it. It'll be a pity if I don't see it."

With that, Lin Yi put his hands behind his back and strolled into the thick fog. He turned to the people beside him, "You guys haven't seen it before, have you? Come with me!"

"Alright! Don't worry, I'll follow you wherever you go!"

Mike wasn't worried about Lin Yi being trapped in the natural maze at all. He followed Lin Yi naturally.

It was the same for the others, who followed Lin Yi's steps without hesitation.

This was the absolute trust they had built up along the way-as long as Lin Yi was in front of them, they'd be able to cross mountains of swords and seas of fire!

"Ignorant! If you enter the natural maze without any preparation, you'll definitely be trapped to death!"

Chen Shu snorted and continued, "Listen to my advice, if you really want to go in, you have to make more preparations!"

"Chen Shu, why do you care about their lives? He deserves to be trapped inside!"

"This is called the ignorant being fearless! They probably think that they're lucky. Even if they can't pass through, they can still safely get out ..."

"How pitiful. They don't have anything valuable on them. They're probably so poor that they've gone crazy. It's a good grave for them to die in there ..."

The people were all in their mocking mode, thinking that Lin Yi's team was going to die by entering the natural maze.

She didn't expect to see Lin Yi's figure appear again before she could finish her sentence. It wasn't that he was coming out, but that the natural maze was actually dissipating!

"What's going on? What's happening?"

"What's going on? The natural maze formation has stopped working?"

"Impossible ... How could they be so lucky? Just in time for the natural maze to stop? I've never heard of a natural maze stopping by itself!"

Chen Shu's side were all dumbfounded, not understanding what was going on, but Lin Yi was laughing coldly to himself.

What bullshit natural maze formation!

It was clearly a man-made formation, but it made use of the terrain and the environment. The technique was a little more sophisticated, and it looked like a natural maze!

After all, it was just a level six formation-it was a pretty good one outside, but it was nothing to Lin Yi!

In terms of formations, Lin Yi wasn't as good as this thing yet, but he was already a Grandmaster. It was just a level six maze-stopping it was a piece of cake!

"Captain number eight is mighty! When you walk into this natural bewildering formation, the fog will automatically disperse!"

Fernández seized the opportunity and praised, ""The captain must have a divine light protecting his body. Wherever he is, evil will be ward off! My respect for the captain is like a surging River, endless ..."

Lin Yi's mouth twitched-this fernández had the potential to be a storyteller! It would be a waste of talent if he didn't do this!

To be honest, Fernandes really didn't know that Lin Yi stopped the formation. He didn't know anything about formations, and even if he did, he wouldn't be able to tell what Lin Yi was doing!

They could only attribute it to Lin Yi's own abilities-there was no helping it ... He didn't study much, and his flattery didn't hit the mark!

Chapter 7589 Whitespirit Heart-Eating Tiger

Not only Fernandes, even Chen Shu's group didn't understand what was going on. They only reacted when they saw Lin Yi walking in with his people as if they were walking in a garden!

He had to keep up!

Otherwise, they would have nothing to do with anything inside!

"Captain, those shameless guys are following us! Do you want me to send them away?"

Fernandes glanced behind him and smiled maliciously. "There must be some treasure inside. They want to steal our things!"

You don't even know if there's a treasure, and this already belongs to us? Very good! This was very much like Fernandes!

"Alright! Then I'll leave it to you, Fernandes! You go ahead! The others and I will slow down and follow you after you're done!"

Lin Yi smiled faintly and nodded casually.

Gah? I'm going alone? Captain, can you stop joking?

Fernandes' smile froze. So, he was just trying to show off. If he really had to deal with the nine behind him alone ... Fernandes had instantly thought of ninety-nine ways he might die!

Hmm ... I don't like any of them! I haven't lived enough, why do I have to die in 99 Ways?

"Haha ... Haha ... Captain, we are a team, how can we act alone? Of course, we have to attack together!"

Fernandes knew that if his strength improved too fast, the combat power he could really exert would definitely be far less than what his level showed.

Fernandes didn't think he could deal with any one of them. It would be more likely for him to fight them all together!

Chen Shu and the others, who were following behind, did hear fernández's words. While they were on guard, they also felt their faces burning.

They were just mocking Lin Yi's team, saying that they'd be trapped inside, but the formation stopped before they could even finish!

Although he didn't know why it had stopped, he was sure that they wouldn't be trapped to death in the maze formation!

The slap in the face was too fast, so they could only pretend not to hear fernández's words.

If they really fought, it could alleviate some of the awkwardness ... But if the other party didn't do anything, they couldn't just look for trouble and fight!

Therefore, he could only swallow his anger at this moment!

Fernandes mumbled to himself. He saw that Lin Yi really didn't have any intention of dealing with the people behind him, and he couldn't do it alone.

After the mist dispersed, the place was actually not much different from the other places. There were also spirit beast skeletons everywhere. After walking for a few minutes, they turned around a huge pile of spirit beast skeletons and came across a rock that was five to six meters tall.

On Top of the Rock, there was a huge white Tiger that was about seven meters long.

"Not good! It's a nascent Soul Stage spirit beast, the heart-devouring Tiger whitespirit!"

Chen Shu, who was following behind, exclaimed, ""Everyone, be on guard! Don't ever turn around and run! The whitespirit heart-devouring Tiger loves to chase after people who are trying to escape!"

The people on Chen Shu's side quickly drew their weapons and got into a defensive formation, carefully guarding against The White Tiger on the Boulder.

Lin Yi's team, on the other hand, didn't even put the Tiger in their eyes-the fact that eighth brother wasn't making any moves meant that the Tiger wasn't a threat at all!

Mike, Fernandez, and the others were even thinking that if The White Tiger knew what was good for it, it would obediently stay on the rock and not move. If it didn 't, it would jump down and roar a few times.

Old eighth's control of his big feet was probably going to show off again!

Or a new skill, the kind of secret skill that would kill whoever it looked at, or make whoever it stared at pregnant!

No matter which one it was, he could easily deal with The White Tiger!

"Hey, those people in front! Don't say that we didn't warn you. The whitespirit heart-devouring Tiger isn't an ordinary original infant stage spirit beast!"

Chen Shu was on guard as he lowered his voice, "This spiritual beast has a trace of The White Tiger's bloodline in its body. It is extremely powerful and is almost unrivaled among normal original infant stage spiritual beasts!"

"The few of you aren't the whitespirit heart-devouring Tiger's match at all. Quickly get into a defensive formation and slowly retreat. Don't provoke the whitespirit heart-devouring Tiger by any means!"

Chen Shu wasn't really reminding Lin Yi out of kindness-he just felt that they had no chance of winning against the heart-devouring Tiger.

If the invincible original infant stage spirit beast really wanted to kill the nine of them, who were at the half-step original infant stage, would it care if they were defending with all their might?

A large piece of tofu, no matter how you defend, can you block a casual strike from the big iron hammer?

So they told Lin Yi's team to be on high alert-at least they'd be able to form a buffer in front of the nine of them, and their chances of survival would naturally be higher.

There was a saying that when running away, one did not need to run faster than the enemy, as long as one was faster than their teammates!

Besides, Lin Yi's team wasn't Chen Shu's team. At most, he would die!

"Thank you for the reminder! I'm deeply grateful!"

Lin Yi turned around and cupped his fists at Chen Shu. No matter what his purpose was, he had to thank him for his kind reminder!

As for a trace of the sacred White Tiger's bloodline ... It wasn't like he had never seen the sacred White Tiger before. What was so amazing about it?

Ugh ... The White Tiger was quite something, indeed. Lin Yi didn't think he could mess with it even after reaching the sea Rift realm ...

However, the little guy in front of him was really nothing!

If it dared to get angry, it would teach him a lesson ... It would be teaching him to be a Tiger!

Chen Shu's eyes rolled back and he almost fainted when he saw Lin Yi still had the mood to turn around and smile!

Can't you be more careful? I just said that the whitespirit heart-devouring Tiger likes to sneak up on people from behind, and you're still showing it your back?

Did he think that he would not die fast enough?

But I don't want to die yet! We're counting on you guys to retreat in front while we retreat in the back and resist for us for a while!

"Maintain the formation and retreat steadily!"

Chen Shu felt that he couldn't count on Lin Yi's team anymore-this Motley crowd would probably be killed by the heart-devouring Tiger soon!

He had to take advantage of this time to distance himself from them. Perhaps he would still have a chance to escape!

"Stay steady, don't panic. Turn around that pile of bones and retreat quickly!"

Chen Shu didn't even bother to wipe the cold sweat off his forehead as he ordered his team members to move in a deep voice.

At this moment, he felt that he was really amazing. He was definitely a super qualified Captain!

"Chen Shu, they probably won't last more than a few seconds. Do we have a chance to escape?"

"Can we hurry up? I'm afraid the whitespirit heart-devouring Tiger will attack us immediately!"

.....

The people around Chen Shu were all whispering to each other, worried that Lin Yi's team wouldn't be able to block the heart-devouring Tiger's arrow. Perhaps it wasn't an arrow anymore, but a siege crossbow!

As he spoke, the heart-devouring Tiger let out a soul-shaking roar when it saw Lin Yi's back. It kicked out with its hind legs and pounced at Lin Yi like lightning!

Chapter 7590 What's The Meaning Of This?

Its huge body was extremely agile, and Lin Yi's body was like a little snack in front of the heart-devouring Tiger. It could finish him off in one bite.

"That idiot is dead for sure!"

"I told you not to turn your back to the whitespirit heart-devouring Tiger ... Tiger ... Tiger ..." Chen Shu's eyes narrowed and he said hatefully.

Before he could finish, Chen Shu was so shocked by the scene in front of him that he stuttered.

The heart-devouring Tiger jumped down from the rock with a thunderous momentum, planning to kill Lin Yi in one hit. It even planned its next attack while it was in the air, planning how to wipe out Lin Yi's team in an instant.

In the end ... As soon as it got close to the human with its back to it, it saw Lin Yi raise his leg, turn around, and kick the heart-devouring Tiger's head without even looking at it.

The whitespirit heart-devouring Tiger only had time to let out a miserable cry before it flew back at a speed faster than lightning. It crashed into the huge rock with loud bangs, and its entire body spread out and stuck close to the stone wall. It seemed to have made a hole in the wall, so it was embedded in it and could not fall.

"Bigfoot's control technique has reappeared in the martial world! Captain eighth brother is mighty!"

Mike and Fernandes were so excited that their faces turned red, and they shouted in unison!

Chen Shu's nine faces were all dumbfounded!

What was going on?

Wasn't it the bloodline of the sacred White Tiger, an invincible existence in the original infant stage?

Wasn't it the whitespirit heart-devouring Tiger that loved to ambush from behind and had maxed out hunting abilities?

We agreed to kill that idiot with his back to the Whitty heart-devouring Tiger in an instant, then continue to annihilate his team. What's the meaning of you being kicked away by someone?

We're all on our guard, afraid that you'll come after us ... You're stuck on a rock and can't come down!

Don't you know that this is very awkward for us?

Give us some face and come down to continue roaring to scare us!

Lin Yi turned around and walked to the Boulder. He grabbed the heart-devouring tiger's tail and pulled it out of the Boulder with a twist of his wrist. He then threw it to the ground!

With a loud boom, the whitespirit heart-devouring Tiger smashed into the ground and created another pit. Countless golden stars appeared on its head, and it couldn't even stand up.

"Captain number eight, this White Tiger looks quite impressive. Did you control it and use it as a Mount? His body is big enough for all of us to go up ... It's a little crowded, but it should be enough, right?"

Mike moved closer to Lin Yi excitedly, rubbing his hands together as he smiled. "Captain number eight, can we discuss something? when the time comes, can you let me ride in front? It feels so cool!"

Along the way, Mike had gotten used to having sea beasts or spirit beasts on each level as a means of transportation. However, the white spirit heart-devouring Tiger was truly the most powerful. Even the Tiger head shark could not compare to it!

"You like it? But I don't like white tigers, so I don't plan on making it my Mount!"

Lin Yi shrugged, "you said it yourself-it's a bit crowded with so many of us, so there's no need to keep it!"
I'll give you The White Tiger skin after I kill it!"

The fur of such a huge whitespirit heart-devouring Tiger could be sold for a high price even on Sky Class islands, let alone in the mortal world.

"Ah? Captain, you don't like The White Tiger? Then I don't want The White Tiger skin anymore, I'll just kill it!"

Mike was a little disappointed, but Lin Yi's opinion was his absolute belief. If Lin Yi didn't like it, then he didn't want anything!

The heart-devouring Tiger, who was still in a daze, jumped in shock!

As a sacred beast with a trace of The White Tiger's bloodline, it was more intelligent than humans. Hearing that Lin Yi was going to kill it, it immediately got up and moved its head closer to Lin Yi, carefully rubbing Lin Yi's leg.

This guy's head was half Lin Yi's height, and it was difficult for him to even touch his leg.

Chen Shu was even more dumbfounded. The great whitespirit heart-devouring Tiger was acting like a silly Husky. Did it not have any dignity?

We were scared half to death just now, and then we found out that we were scared by a Husky ... F * cking you don't want face, but we want some! Can you even do it?

The heart-devouring Tiger didn't care if Lin Yi could or not-he knew that he couldn't beat Lin Yi.

At this moment of life and death, the pride of a spirit beast with a bloodline could go to hell! The most important thing was to survive!

"The captain's control of his big feet is as impressive as ever. Even the White Tiger at the original infant stage has submitted to him!"

With a proud expression, Fernandes did not feel that it was abrupt at all. "Captain, it seems like this stupid Tiger is determined to follow you. Why don't you give it a chance?"

The whitespirit heart-devouring Tiger was furious. Who was the silly Tiger? You're the idiot! Your whole family is an idiot!

However, seeing that you're an idiot who's pleading for me, I won't argue with you for the time being. I'll treat you like a snack in the future!

If the Fernandez knew that the whitespirit heart-devouring Tiger was treating him like a snack, he would probably personally take out a knife and kill the Tiger!

"I don't mind giving you a chance, but I really hate white tigers ... I'll just kill them!"

Lin Yi pinched his chin and shook his head, "it's such a big one. You can eat its meat and skin it. Then, I'll give you the penis to make wine. Isn't that good?"

Hearing that, Fernandes felt that it was not bad! Hence, he clapped his hands and said, "I'll listen to Captain!" I'll make it clear first, it's not for the Tiger penis!"

The whitespirit heart-devouring Tiger's huge body suddenly trembled. 'So what if it's dead? you guys are still discussing dismembering its body in front of me?' Do you have to do this?

He wanted to resist ... But he really couldn't beat this human. He had no choice but to endure the humiliation!

The whitespirit heart-devouring Tiger was filled with indescribable grief and indignation. It suddenly rolled on the ground and went from lying on its stomach to lying on its back, its four legs facing the sky and its belly exposed.

"What's the meaning of this? Are we at the mercy of others?"

Lin Yi didn't react in time and scratched the back of his head.

Fernandes raised his eyebrows and said in a deep voice, ""Captain, I've heard that when some animals show their stomachs, it means that they've completely surrendered and have no defenses! I think this White Tiger is afraid of death and really wants to join us!"

"Is that so? Why do I feel that what Captain number eight said makes sense? it has completely given up, so it wants to have a quick death?"

Mike frowned and went against Fernandes.

The whitespirit heart-devouring Tiger really wanted to die. If it wasn't for the fact that it couldn't beat that human, it would definitely bite you all to death!

"Captain old eighth ... I think ... I don't think this Tiger is what you think it is!"

Serena's face was a little red as she stammered. She looked at Lin Yi and didn't continue.
