

Bodyguard 7591

Chapter 7591 A Tigress

"Serena, what do you think it means?"

Lin Yi asked, still confused.

"I think ... It wants you to see ... That it doesn't have a Tiger's penis!"

Serena's face reddened even more, and Lin Yi and the others subconsciously glanced at a certain part of the heart-devouring Tiger's body.

I'll go! She was a tigress!

Lin Yi's face reddened-this was too big a mistake ... Who would've thought that such a powerful heart-devouring Tiger was a female?

"What the hell are you doing? I want to kill you not for the Tiger penis ... I just hate white tigers!"

Lin Yi slapped the heart-devouring Tiger's head, muffled."Forget it. Seeing how you've worked so hard, I'll let you live today!"

He hated White Tiger because he didn't like the Vermilion Bird, Azure Dragon, White Tiger, and black Tortoise elders of the South continent. Lin Yi felt uncomfortable with the name.

Of course, he was still weak right now. If he could look down on the four elders, he wouldn't be so depressed.

He was still too weak!

If his divine sense could reach the consummate level of the sea-splitting realm, he would have the power to fight the four elders one on one!

However, it was only a one on one fight. If the four elders were to gang up on him, Lin Yi still wouldn't be a match!

Although he could fight above his level, which spirit beast couldn't fight against a human above their level?

The heart-devouring Tiger howled and lay down happily. Lin Yi said he wasn't going to kill it, so the others weren't a threat anymore.

Chen Shu's side was completely speechless. Everything that had happened in front of them was beyond their imagination. They really didn't know how to react.

"Chen Shu, are we still going to retreat?"

The woman beside Chen Shu said in a low voice, ""The whitespirit heart-devouring Tiger ... Is still alive. Will we be in danger?"

The heart-devouring Tiger was acting like a dog in front of Lin Yi, but if it were them, they'd be food for the Tiger.

"Let's wait and see ... They probably won't attack us!"

Chen Shu thought that with Lin Yi's strength, he could easily take care of the heart-devouring Tiger. If Lin Yi wanted to harm them, he wouldn't need the Tiger's help.

Moreover, he was not willing to retreat just like that. He could only continue to wait for an opportunity to see.

Lin Yi didn't have the time to care about Chen Shu and the others. They were all insignificant people and wouldn't affect him.

"Do you know how to speak the human language?"

Lin Yi raised his leg and lightly kicked the heart-devouring Tiger's Jaw, not expecting the beast to use Lin Yi's foot to rub against it a few times. It was as if he was tickling it, and a comfortable smile appeared on its big face.

Then, he shook his head to show that he couldn't speak human language.

"You're already unrivaled in the original infant stage. It's fine if you can't transform, but you can't even speak human language?"

Lin Yi shook his head helplessly and looked at the heart-devouring Tiger in disdain. "Don't tell anyone that you have the bloodline of the sacred White Tiger. I don't think The White Tiger can afford to lose face!"

This guy was so stupid. It seemed that the bloodline of that idiot White Tiger was really nothing!

In that case, since he was at the peak of the early stage of the sea Rift realm, he could probably fight The White Tiger for a while.

Lin Yi was thinking that if the heart-devouring Tiger could talk, they'd at least be able to talk and ask if there were any treasures here.

It seemed like there was no hope now. He couldn't possibly communicate with a whitespirit heart-devouring Tiger while howling, right?

If only Skybolt pig was here, he could be a translator!

Lin Yi started to miss Skybolt pig. He wondered how the fatty was doing in the South continent. He had to bring him back the next time he went there.

"Forget it, just do what you need to do, don't block our way!"

Lin Yi waved his hand and pushed the heart-devouring Tiger's head away with a shake of his foot, leading the way.

"Captain number eight, are you not going to kill it or bring it along?"

Mike felt that it was a pity. This was the heart-devouring Tiger that was invincible in the nascent Soul Stage!

Even if I don't kill it, it's good to show off!

When there was a problem, he could have another helper to charge into the front line, and if it was really dangerous, he could throw it out to break its tail to survive. How good was that!

"Such a stupid Tiger, it's not interesting to bring it along, it won't be of any use!"

Lin Yi waved his hand casually and continued walking without looking back.

The heart-devouring Tiger was frustrated as it looked at Lin Yi's back, feeling wronged. As for calling me stupid and useless?

If you were to try it on someone else, I guarantee that one bite would not even be enough to fill the gaps between your teeth!

Of all the people here, only Lin Yi wasn't something it could see through. The others were all at the snack level, and in the heart-devouring Tiger's eyes, they could probably eat two meals if they were all packed!

Lin Yi didn't want to bring the heart-devouring Tiger with him, and it didn't dare follow. It could only jump onto the rock and return to its original position, sulking.

Chen Shu and the others saw that Lin Yi's team had already walked past the Boulder and were afraid of losing them. They carefully moved their feet and wanted to continue following.

The heart-devouring Tiger didn't know about the relationship between Chen Shu and Lin Yi, and let out a low growl in its depressed mood.

Chen Shu and the other nine felt their legs go soft and almost knelt down!

They were currently passing through the huge rock. If the whitespirit heart-devouring Tiger pounced down, none of them would be able to escape!

Uncle Tiger!

No, this was a tigress ... Granny Tiger!

Even if you want to vent your anger, don't come at us! Go and find the person in front!

Chen Shu raised his head in fear and wanted to cry but had no tears. Seeing that the white spirit heart-devouring Tiger was only roaring casually and had no intention of pouncing down, the heart in his throat slowly settled down.

"Be careful, don't alert the whitespirit heart-devouring Tiger!"

Chen Shu lowered his voice and said in a voice as soft as a mosquito, ""Hurry up and pass through, follow the team in front and you should be fine!..." Slow down, steady!"

The person behind him almost cried. Boss, you want me to pass faster and slower ... Should I pass faster or slower?

Why don't you give a good demonstration? Let's just follow his steps, alright?

Unfortunately, he didn't dare to say this out loud. It wasn't because he was afraid that Chen Shu would fall out with him, but because he was afraid that grandmother Hu would get angry. He had no choice but to endure it for now!

The nine of them moved their feet in fear. At least they had passed under the huge rock.

The heart-devouring Tiger wanted to kill a few of them, but it didn't dare to do anything to Lin Yi's followers after Lin Yi taught it a lesson.

After a while, Chen Shu and the others finally passed through the Boulder. They turned around and faced the heart-devouring Tiger, walking back to Lin Yi's team!

They weren't like Lin Yi's team, who didn't dare to walk around as they pleased. They couldn't go against the heart-devouring Tiger's rules.

Finally, they made it past a small hill, and the Boulder and the heart-devouring Tiger were out of sight. Chen Shu felt his back drenched in cold sweat. He turned around and looked at Lin Yi's team ... Where were they?

Chapter 7592 Four Baby Ginseng

"Where are they?"

Chen Shu almost went crazy-they wouldn't even have a chance if they lost Lin Yi's team, and if the heart-devouring Tiger decided to follow them, they'd be dead without Lin Yi!

"You were the closest to them, I thought you would notice ..."

The girl beside Chen Shu had an innocent look on her face. Chen Shu's mouth twitched, and he was speechless.

On the other side, Lin Yi's team didn't seem to have any intention of shaking off the tail behind them. They maintained a normal speed as they advanced.

It was just that Chen Shu and the others were too careful, and their attention was all on the whitespirit heart-devouring Tiger, so they lost it.

At this time, Lin Yi and the group were walking on a small path in the forest, which was very different from the spirit beast Cemetery.

"Captain number eight, where are we going? Why is there nothing good after breaking that bewildering formation?"

Mike was a little impatient as he walked. He looked around and said,""Could it be that the bewildering formation was to trap the whitespirit heart-devouring Tiger? In that case, we should have killed it just now! Maybe we'll find something!"

"It's not too late to go back now! Captain, why don't we go back?"

Fernandes also felt that it was a pity to let the heart-devouring Tiger go. They could either kill it or subdue it. Letting it go just like that ... Was such a waste!

"Don't worry about that tigress. I feel like we're approaching the target soon!"

Lin Yi smiled and waved his hand. "This fifth floor must be similar to the previous floors. It's for us to increase our strength. I wonder what we'll use to increase our strength!"

It would be a wonder if he didn't know!

Lin Yi could even smell the faint medicinal scent-it was all too familiar! There were still some baby ginseng left in the Jade space, and it was almost exactly the same!

However, the dense fog in front of him was much thicker. This was not because of the formation, but because it was naturally formed. Not only did it hinder his vision, but his divine sense's probing was also somewhat blurry.

It was because of this that Lin Yi couldn't pinpoint the exact location!

"Captain must be right! If we follow the captain, we won't be at a disadvantage!"

Fernandes immediately changed his stance. ""That tigress was lucky. She was spared for the second time today!"

"Fernandes, we can go and find the target first. You go back and kill the tigress!"

"Don't worry," said Mike with a smile. "We'll leave marks along the way. You won't be lost!"

Fernandes thought to himself, do I need to find a way back alone? If I go back, I'll be a delivery man!

"I, Fernandes, have sworn to follow in captain's footsteps and never leave captain's side!"

It was impossible for him to go back to the heart-devouring Tiger alone, but for the sake of his own face, Fernandes said righteously, ""I'll be wherever the captain is! Don't even think about separating me from Captain! I'm the captain's man in life and his ghost in death! I'll be loyal to the captain until death!"

Lin Yi almost wanted to kick Fernandes, but he had to suppress the urge and quickly put some distance between him and the man.

I really can't play with idiots in the future ...

Prince andonara, Chris, and Serena joined in the conversation. They walked and laughed as if they were not on an adventure. Instead, they looked like a group of people on a walk.

As they chatted and laughed, the team soon arrived at an open space in the dense forest. There were many skeletons of spirit beasts here, and they were all piled together, forming a Hill of bones.

And among the piles of white bones, there were actually four golden little people climbing and crawling, playing endlessly!

"Kid? Why are there kids here?"

Fernandes was startled. He wanted to divert the attention of the others so that they wouldn't continue to focus their fire on him. "Captain, I think there's something strange about those kids! Is it a spirit beast?"

"It's possible, I can't be sure!"

Lin Yi knew what it was, of course, but he didn't expose it. "But I think that's our goal for the fifth level!"

"Captain number eight, you said that this is our target? Then what should he do? Should we kill them or capture them?"

This time, Mike didn't seem to be very combative. Instead, he seemed to be a little uninterested. "It's not easy to deal with these little people!"

Lin Yi couldn't help but laugh.

If it wasn't for him, these few little people could probably annihilate Mike and the others in minutes!

Back then, Chu bubai's level of strength was not as high as Mike's and the others ', but his true combat power was definitely above any of them.

And the result? Wasn't he still easily and happily dealt with by the infant ginseng?

"Let's capture him first! All of you, attack together!"

Lin Yi waved his hand, and the whole team gathered around. "Use the method I taught you before. Form groups of three!"

Their combat strength didn't keep up with the increase in level because they hadn't fought enough. Lin Yi decided to let them catch the ginseng on their own, and he'd just watch from the side.

"No problem! Captain, just wait and see! I, Fernandes, will definitely bring these little guys to the captain!"

Fernandes's eyes lit up. He felt that his chance to show off had appeared again. He immediately rubbed his hands and rushed forward with two helpers.

As soon as they moved, Mike and the others also moved. The four teams surrounded them from four directions, and it seemed like they were making a big scene.

Lin Yi's eyes went dark-what were these guys playing at? How did a good plan of battle become a battle of their own?

There were four baby ginsengs, and each of their four groups just happened to have one each. Once they surrounded them, they started to fight non-stop, so how could there be any cooperation?

"Are you all mistaken? Did I teach you guys this?"

Lin Yi scolded loudly. He thought that this was fine too, since they were going to train their combat abilities. He'd just let them play!

"Captain, what did we do wrong?"

Fernández did not realize the problem at all. He asked innocently, "Is this the wrong place? Or is there something wrong?"

Seeing Fernandes twist his butt and neck, Lin Yi's veins were popping-he wanted to kick him away!

"As long as you're happy! As you wish!"

Lin Yi waved his hand.

Fortunately, the cooperation between the three of them could still be considered tacit, and they could more or less display some of their joint power, and were evenly matched with their respective nascent ginseng opponents.

As time passed, both sides became more and more courageous, and the momentum of the battle became stronger and stronger.

The baby ginseng was fighting on its home ground and didn't need to worry about energy consumption, while Lin Yi's team was familiarizing themselves with their own combat abilities through the battle. They were more in sync with each other, and the power they could unleash was naturally stronger.

Chapter 7593 Want To Snatch

Lin Yi made up his mind not to give them any pointers and let them experience their own fighting strength. He found a tree and sat down with his back against the trunk, just short of getting some sunflower seeds out to eat.

The two sides fought for about half an hour before Chen Shu's group of nine finally caught up. If it wasn't for the increasing fluctuations in the battle, they probably wouldn't have been able to find their direction.

"Infant ginseng! And it's still four!"

Looking at the battle scene, Chen Shu was surprised, ""There's really baby ginseng here, and four of them appeared at once. We're rich!"

There was no need for Chen Shu to say anything. The others had already instinctively pulled out their weapons and surrounded the battle group.

It was funny, but Lin Yi's team with the baby ginseng was almost twice as many as Chen Shu's side. Where did they get the confidence to surround the side with more people?

"Ha ... Aren't you guys too arrogant? I'm sitting here, and you're all treating me like I don't exist?"

"No matter how many baby ginseng there are, we're the ones who found them," Lin Yi smiled faintly, "and we've been fighting for a long time. Are you guys trying to Rob us?"

Chen Shu shivered inwardly. How could he have forgotten about the ruthless Lin Yi?

However, the infant ginseng was right in front of him. Obtaining the infant ginseng was equivalent to obtaining the opportunity to reach the Yuanying stage, so he had to get one even if he had to risk his life!

If she didn't know how strong Lin Yi was, she wouldn't have been able to do anything.

"Hahaha, we're just trying to prevent the baby ginseng from escaping. You must not misunderstand!"

Chen Shu laughed and cupped his hands, "Friend, we're here to find the baby ginseng. You should know how important it is to us ..."

"What does it have to do with me?"

"These baby ginseng are ours!" Lin Yi said lazily, squinting his eyes.

Chen Shu was stunned. You're right, but you're being so direct. Aren't you making me lose face?

"Friend, I just wanted to discuss with you whether you could share a baby ginseng with us. Don't worry, I'll definitely bring out items of equivalent value to exchange for it! As you can see, we really need the baby ginseng to break through to the Yuanying stage!"

Lin Yi laughed coldly to himself and scoffed at Chen Shu's words. With his strength and status, he was destined to have nothing good in his hands.

Under the original infant stage, what else could be more precious than an entire stalk of infant ginseng?

"What does it have to do with me?"

Lin Yi's eyes were still half-closed, "These baby ginseng are ours!"

If Chen Shu had lowered his stance and asked politely, Lin Yi would have agreed.

After all, the nascent ginseng here was something that the center had produced. There were four here, so there might be more elsewhere.

Lin Yi already had the nascent ginseng in the Jade space, and he only needed a small piece of it to make elixirs. The whole plant was enough for Lin Yi's team to break through to peak nascent soul.

The moment they arrived, they assumed a posture of surrounding and snatching. He really didn't know who gave them the courage?

Did he think that the whitespirit heart-devouring Tiger was a paper tiger that could be easily dealt with?

Chen Shu's face alternated between red and white. It was unspeakably ugly!

He couldn't back down now, and he couldn't give up on the baby ginseng. Since Lin Yi wouldn't listen to him, he had to take the risk!

"My friend! Don't force me! I know you're strong, but we're not weak either!"

"If I'm not wrong, your companion has been fighting for quite some time. He's probably an arrow at the end of its flight, right?" Chen Shu said in a deep voice.

"What do you want to say?"

Lin Yi looked at Chen Shu with a half-smile, "Are you trying to use my team members to threaten me? You want to take them down while they're weak?"

His courage was really commendable!

Threatening a master who could take care of a heart-devouring Tiger so easily ... Lin Yi really wanted to know what was going on in that guy's head.

"I admit that you're powerful, I'm not your match!"

Chen Shu laughed coldly and suddenly took out a talisman. "I've seen clearly! This is a high-level talisman from the East continent. I'm no match for you, but this talisman can even stop an expert at the

half-step to the mysterious Ascension stage for half an incense's time. How long do you think you'll need?"

He wanted to use the talismans to stop Lin Yi and then take control of Lin Yi's team. This way, Lin Yi would have to be careful!

Too bad ... Lin Yi only wanted to laugh!

What high-level array talismans from the East Province? A country bumpkin who had never seen the world!

After spending so much time with Wang shiqing, Lin Yi's standards for talismans had reached a new level. An ordinary earth creation talisman wasn't even considered a high-grade talisman, let alone a talisman of a mere half-step to the xuansheng stage?

To put it bluntly, this thing was trash!

It wasn't because he had high standards that he called it trash, but because a talisman at the half-step mysterious Ascension stage was really trash!

The Wang family's descendants probably wouldn't bring any trinkets, for fear of embarrassing themselves!

It was no wonder that this lousy thing would spread!

It was hard to get a good talisman even in the Xuan level sea, let alone in the areas outside the East continent!

"I'm sorry! I don't even know what high-level talismans you're talking about! You didn't just come up with something to scare me, did you?"

Lin Yi asked suspiciously, as if he'd never seen the world before. "Don't lie to me, I didn't study much. This piece of trash, and he's an expert at the half-step to the mysterious Ascension stage ... By the way, what's the half-step mysterious Ascension stage?"

Chen Shu looked at Lin Yi in disdain. So this was a country bumpkin who had never even heard of talismans!

No! He had not even heard of the xuansheng stage. What a joke!

Which idiot had crawled out of the corner? It seemed that he must have used some special method to deal with the whitespirit heart-devouring Tiger, right?

"You won't understand even if I explain it to you. You just need to know that once the talisman in my hand is activated, you're finished! Not only are you finished, but your companions are also finished!"

Chen Shu unconsciously had a bit more of a condescending aura. He smiled indifferently and said, ""I'll give you one last chance. I only want one baby ginseng. Because of your offense, I've decided to take two. We'll split it half each, you don't have any objections, right?"

"No problem!" Lin Yi smiled. By the way, I've decided to wring your head off and kick it like a ball. You don't have any objections, do you?"

Chen Shu was furious, "you're looking for death?" Don't think that just because the talismans are precious, I can't bear to use them to kill you!"

"Come on! Kill me and see!"

Lin Yi curled his finger at Chen Shu, his face mocking, "I'll look down on you if you don't kill me!"

A mere half-step to profound Ascension realm talisman had the face to kill Lin Yi?

Even a sea Rift realm talisman might not have such an ability!

No, even the heaven breaking stage would probably be enough!

Chen Shu's expression changed unpredictably. The talisman in his hand was really precious to him and he didn't want to use it easily.

If they really used it, it would mean that they had completely fallen out with Lin Yi's team, the kind that would fight to the death!

However, this talisman wasn't an offensive talisman, but a defensive talisman. It could be said that it could kill someone ... But in fact, it might not be able to kill someone!

Chapter 7594 Bullying Again?

Unless the other party took things too hard and used his head to bang into the defensive layer formed by the defensive talisman!

"Why aren't you killing him? If you don 't, I'll make my move!"

Lin Yi had been playing dumb all this time, not wanting to reveal too much of his strength and let the Saint see.

Therefore, it was best not to activate the talisman array if possible!

As for dealing with the whitespirit heart-devouring Tiger, it was considered a method of controlling spirit beasts. Along the way, Holy envoy soyatuo had probably gotten used to it.

"You try!"

Chen Shu stretched out his arm and pointed the talisman at Lin Yi, shouting, "I don't believe you'll dare to touch ..."

Before he could finish, Chen Shu's vision blurred and he lost track of Lin Yi. When he came back to his senses, Lin Yi was back at the same place, but what was that thing in his hand? Why did he look so familiar?

When he looked closely, Chen Shu almost fainted. Didn't he look familiar? That was clearly the talisman in his hand just now!

How did it end up in the other side's hands?

After understanding this, Chen Shu felt that his hand that was maintaining the gesture was a little empty. The talisman that he had been holding tightly in his palm was indeed gone!

"Ha ... Now that your formation breaking talisman is in my hands, does it mean that you're all done for?"

Lin Yi's lips curled up into an evil smile. His hand was half a beat too slow when he was throwing the talisman, and it slipped through his fingers and shattered on the ground.

It's broken ... It's broken ... Broken!

Chen Shu's eyes almost popped out. That was a talisman of the half-step mysterious Ascension stage, how could it have shattered?

It was like seeing a ghost!

"I'm sorry, I didn't mean it! He didn't expect this formation-breaking talisman to be so trashy that it would break into pieces when it fell to the ground! You must have bought a fake one!"

Lin Yi pretended to be innocent and shrugged, "If you don't believe me, you can try taking out another talisman and see if it'll break when it falls to the ground!"

Chen Shu was so angry that he rolled his eyes. If I had more talismans, would I still need to be so hesitant? I'd already taken it out to fight you head-on!

"No more? That's such a pity!"

Lin Yi tried to ask, but seeing Chen Shu's bitter face, he understood, "If that's the case, then I won't be polite!"

Lin Yi's face turned serious before he finished his sentence, "Fernandes, take three steps to the left! Adianpolo took two steps to the right and two steps forward!"

They'd been playing on their own, and now that Lin Yi had opened his mouth, he was serious about ordering them to join forces!

Under Lin Yi's command, the four groups were reborn with amazing combat power. In just ten seconds, they took care of the four little people easily and happily!

At the same time, the four little people changed their appearance and returned to their true appearance as baby ginseng.

This was not the main point. The main point was that after the four groups completed their task, they took advantage of the situation and surrounded Chen Shu's people!

Chen Shu's mouth was wide open and he was completely dumbfounded. He had thought that these people were like arrows at the end of their flight. However, even an arrow at the end of its flight had the strength to easily annihilate their team. This was a little unbelievable, right?

You've been pretending to be pigs to eat Tigers? Could he be any more sinister?

"Yo! Eighth brother, you're bullying me again!"

Dale's annoying voice suddenly came from the dense forest not far away. "Didn't I tell you? you people are a disaster wherever you go! Capture whoever you see, don't let a single one off!"

Lin Yi raised an eyebrow. Before entering the forest, he used his spirit sense to check that these people were still at the other end of Lufeng forest, very far away!

How long has it been? They had arrived here?

It seemed that there was some kind of passageway in the middle that could greatly shorten the distance between the two places. Otherwise, how could they explain the fact that they had suddenly appeared?

"Tallu! It seems like you've forgotten the pain after the scar has healed. No, that place of yours probably hasn't healed yet, right? Are you trying to provoke our Captain again?"

As talu's old rival, he naturally recognized his voice. He sneered and said, ""Come here, come here. I don't mind making your memory more profound!"

"Hehehe, your Army of spirit beasts didn't follow us. Do you think I'm afraid of you?"

Talu led his men out of the dense forest and sneered, "If it weren't for those spirit beasts getting in the way, I would've already taken care of you! Now, I'd like to see what else you can do!"

Chen Shu rolled his eyes when he heard this. Where did this guy come from? His tone was quite big!

You want a spirit beast? There's a heart-devouring Tiger that's invincible in the original infant stage over there. This group of people doesn't think much of it, but do you want to get to know it?

However, talu's men continued to follow him out of the dense forest. There were about 60 to 70 of them. It was estimated that some of them were not fully gathered, but just this was enough to make Chen Shu tremble in fear!

So many golden core stages...I can't afford to offend them!

"Ha ... I was wondering why you were so confident, talu. So you've already reached the original level!"

Lin Yi's eyes flashed as he smiled. "Not just you. Nasby, Bobby, and the others have also advanced to the nascent Soul Stage. Did they feel that their strength had improved greatly, so they came to take revenge on us?"

"Your eyesight is not bad. You immediately saw that your master talu is an original infant stage master!"

Talu revealed a proud expression, raised his chin and laughed, "You've just caught the baby ginseng. It's not that fast for you to break through. If you kneel and beg for mercy now, I, your master talu, can consider letting you go!"

He said that, but he knew that he wouldn't let Lin Yi's team go. He only wanted to humiliate Lin Yi and his group first.

Chen Shu and the other nine were shocked. They looked carefully and saw that talu and the others were indeed surging with true Qi. They seemed to have just broken through to the Yuanying stage.

How was he supposed to play?

Seeing the conflict between ta Lu and Lin Yi's team, Chen Shu wanted to take advantage of it, but it seemed like Lin Yi's team was dead meat!

He might not be able to deal with four or five early nascent soul realm experts at the same time even if he had special means to subdue the heart-devouring Tiger!

The two of them were not on the same level at all.

"Are you kidding me? Trash like you dare to speak to our Captain like that?"

Fernandes jumped out and snorted disdainfully, ""Talu, I'll tell you the same thing. If you kneel down and beg for mercy in front of our Captain, I'll still say a few good words in front of him for the sake of being from the same hometown and spare your life. If you don't know what's good for you, don't blame me for not warning you when you die!"

"Shut your mouth! Fernandes, you stupid dog, can't you see the situation clearly?"

Talu glanced at Lin Yi and the others in disdain. "Do you think that the early Yuanying stage and the great circle of the Jindan stage are only one step apart? Do you know that this step is enough to ascend to the heavens? The two are as different as clouds and mud!"

"Fernandes, listen to your brother's advice and surrender to boss talu! In this case, there will be some benefits when we return. There is no need to die with these people!"

Nasby put on a convincing posture and said in a serious tone, ""Give the infant ginseng to boss talu first. Later, boss will reward you with the amount needed to increase your level. We'll be a family in the future, and boss talu will definitely not treat you badly!"

Chapter 7595 How Can I Fish If The Water Isn't Muddy

"Get lost! I'm not a dog, how can I be a family with you?"

Fernandes spat and turned to Lin Yi."Captain! I, Fernandes, am loyal to the captain! These stupid dogs actually think that they can make me leave the captain, what a joke!"

Lin Yi didn't know whether to laugh or cry. Fernandes really didn't let go of any opportunity, grabbing onto someone's leg as soon as there was a chance!

Dale and the others felt that there was something wrong with Fernandes 'words. After thinking about it, they were furious!

Fernandes said that if he was not a dog, how could he be a family? in other words, if Fernandes was a dog, he would be a family with Taru and his gang!

F * ck! You actually dare to scold me in a roundabout way!

"Nasby, Bobby, go and kill that bastard Fernandes!"

"Since you don't know what's good for you, I'll use Fernandes to cut you. It's time to show you my real skills!" Said Dale with a hideous smile.

Nasby and Bobby, the two idiots, agreed in unison and rushed to Fernandes!

Chen Shu shook his head and thought to himself, "that Fernandez is really looking for death. He clearly knows that the other side is an original infant stage expert, yet he still dares to be so arrogant?"

Any one of the two people who rushed out could easily beat fernández. Where did he get the courage to provoke his opponent like this?

Fernandez's confidence naturally came from Lin Yi-with eighth brother here, what were a couple of ta Lu's lackeys?

"Fernandes, come on! I have faith in you!"

Lin Yi didn't feel like he was Fernandes "boss at all. He raised his fist and waved at Fernandes to encourage him.

"Gah?!"

Fernandes was dumbfounded.

Thigh, what did you say? You think highly of me?

I'm just a strand of leg hair attached to my thigh. Why are you so optimistic about me?

'At this time, old eighth, shouldn't you go up and slap them with your Big Foot control technique and knock them over? then I'll go up and pretend to be a tough guy with my leg hair!

What the hell do you mean by optimistic about me?

"Old eight, don't joke around! People will die ..."

Fernandes looked at the aggressive twerp and panicked!

How could two original infant stage cultivators fight? He would lose no matter what!

Not good, my legs are going soft! He couldn't escape even if he wanted to!

How could this situation be resolved? Who can tell me? What to do, what to do?

Urgent! Waiting online!

Lin Yi didn't know what was going on in Fernandes "head, and he stomped his feet in frustration at the guy's reaction."Are you stupid? Just fight like you did earlier!"

Nasby and Bobby had just advanced to the early stage of the nascent soul realm, and their strength had not yet stabilized. How much combat power could they display?

This was a good chance to use them as whetstones. Why was Fernandez still afraid?

Those two were paper tigers, things that would fall with a poke!

Fernandes was stunned. Old eighth Captain, please speak clearly!

So you're not asking me to fight alone, but to join forces! I was almost scared to death ...

At this time, Nasby and Bobby had already rushed over. Fernandes did not have time to think and had already started a defensive counterattack with his two partners.

Mike's hands were very itchy. The battle with the baby ginseng just now wasn't satisfying. He finally had an opponent, so he definitely couldn't let it go!

"Captain number eight, I'll go help fernández!"

Without waiting for Lin Yi's reply, he led his men and charged!

Chen Shu continued to shake his head. Want to fight with numbers? Don't you see how many people there are!

What's more, a Yuanying stage master against a jiedan stage master, what's there to fear from a few extra people?

"Make your preparations. If you can grab a baby ginseng, then grab it. If you can 't, then run!"

Chen Shu lowered his voice and said to his people, ""Not only are there a lot of people, but they're also very strong. I think the people here are going to die. We'll take advantage of the situation. Whether we can do it or not, we have to escape!"

After a slight pause, he continued, ""Pay attention and follow me closely. Don't run back to the whitespirit heart-devouring Tiger's side. You can't blame anyone else if you get eaten!"

"Understood!"

The woman beside Chen Shu hesitated a little and said, ""Chen Shu, you think these people will lose? That person had subdued the whitespirit heart-devouring Tiger so easily! A few early Yuanying stage experts can't even compare to the whitespirit heart-devouring Tiger, right?"

"What do you know! That guy's strength hasn't even reached the nascent Soul Stage yet, so he must've used some kind of secret technique to defeat the whitespirit heart-devouring Tiger. It's most likely something that's specifically targeted at spirit beasts, but it's useless against humans!"

Chen Shu chided with certainty, and then motioned to the people beside him to get ready. He was about to fish in troubled waters, take a handful, and leave!

While they were talking, the two groups of Fernandes and Mike had already faced Nasby and Bobby.

As expected, the combat power of these two was worse than that of the first!

It was only slightly more powerful than the baby ginseng. Fernandes, Mike, and the others had improved their cooperation after the battle, and they actually had the upper hand.

Ta Lu was dumbfounded-he thought that he'd be able to suppress Lin Yi's team after getting the ginseng by luck, but that wasn't the case at all!

"What are you guys doing? Go up and help!"

Talu recovered from his daze and immediately waved his hand and shouted to chase everyone into the battle. So his underlings shouted in unison and rushed into the battle!

This time, there was no storm Wolf Pack, so they were a lot more courageous. If the storm wolves could come, they would probably have to think twice before attacking.

The remaining two groups didn't need Lin Yi's orders and went to support fernández and Michael.

The four groups instinctively formed their previous battle formation, forcing the people from tallu to be unable to fully spread out.

There wasn't much of a difference in the number of people on both sides. The people on Tower Road couldn't use their advantage in numbers, and their strength was completely suppressed. For a time, they actually showed signs of defeat!

Chen Shu's people took advantage of this opportunity and gathered around him, ready to find an opportunity to attack.

However, Chen Shu's face turned red, as if every word he said ... Was wrong!

He'd just said that Lin Yi's people would be at a disadvantage, and now Lin Yi's people were like they'd taken a tonic-they were about to have the absolute advantage!

Plus, the scariest Lin Yi didn't do anything yet, so it was a little awkward ...

The water wasn't even muddy, how could he fish in troubled waters?

Dale, who had not made a move, was also dumbfounded. He stood there with his mouth wide open, doubting his life!

He'd thought that with the baby ginseng and a few of his followers reaching the original level, he'd be able to crush Lin Yi's team!

But who would've thought that Lin Yi's twelve golden core peak stage underlings would surround his fifty to sixty men before he even made a move?

Chapter 7596 Really Working Hard

Among them, there were several Yuanying stage Masters!

Ta Lu was about to go crazy. He was stunned by Lin Yi's spirit sense attack at the trial ground, and he was shocked by Lin Yi's powerful spirit beast Army at Sky Noon Mountain.

And now?

They clearly had the advantage in strength and level, and their numbers were several times that of the other party, but they were outnumbered by the other party, winning as the weak. What else could they say?

"What kind of crap are you guys fighting? How many times have I said it, it's just dinner? When will you be able to learn ten to twenty percent of what I'm teaching you?"

Lin Yi put his hands behind his back and frowned, "If this continues, don't call me Captain anymore! I really can't carry you guys!"

"I'm sorry Captain! Don't be angry, we'll definitely do our best!"

Fernandes was ashamed.

The thigh was very angry, and the consequences were very serious. He could only barely explain, ""It's all because these guys are too weak. They don't feel any pressure at all, causing us to be unable to perform well!"

Tallu almost spat out a mouthful of blood!

You guys are going too far!

Was this the performance of a broken thing? Not even 10% to 20%?

Then if he used 50 - 60% or 60 - 70% of his power, wouldn't he be able to instantly kill a large number of them?

Ta Lu glared at Lin Yi with a bitter look in his eyes-how could he be this unreasonable? Nine out of ten of my men have been beaten to the point of vomiting blood, and one of them is twitching on the ground ... And you're still not satisfied? You're still unhappy?

Don't you have the most basic human compassion?

"Don't find excuses! The weaker the opponent is, the more you can display your strength! Are you stupid or do you think I'm stupid to say that the opponent's noob is affecting my performance?"

Lin Yi continued to berate Fernandes.

As for sympathy, Lin Yi had long lost it.

These were all whetstones for the team members to train and feed moves, what sympathy!

On Sky Class Island, anyone who spoke of sympathy would have died a long time ago.

"Captain is right! Of course, I'm the stupid one! I'm so stupid!"

Fernandes did not hesitate to call himself a fool. He looked like a big fool!

He had no choice. What the thigh said made sense, and he had to be convinced!

Even if it didn't make sense, as leg hair, he had to make the thigh's words reasonable!

"Did you all hear that? The captain is not satisfied with our efficiency. Keep your spirits up and play well!"

Fernandes turned around and shouted, calling for the other three groups to cooperate closely.

Nasby and the others felt their chests tighten. It was one thing for you to surround the majority, but you even have the time to chat?

I'll tolerate it if we have time to chat, but after chatting, you'll call people to deal with me even more fiercely! This was F * cking intolerable!

If he couldn't bear it, he still had to bear it!

The situation was stronger than the person, and if he couldn't win, he couldn't win!

"I'm not fighting anymore! We surrender!"

Nasby let out a shaky breath and pulled one of his underlings to be his shield. He seized the opportunity to raise the white flag!

It wasn't his first time surrendering anyway, so he got used to it. What was the big deal?

Bobby looked at it and thought that this was a reliable thing!

They quickly learned from him and used their underlings as shields to block a wave of attacks. They also shouted in surrender.

With them leading the way, the rest of the people didn't need to think at all. They all called out to surrender, afraid that they would be treated as a bad example and killed if they were slow!

Fernandes and Mike were dumbfounded. Don 't!

How are we going to perform if we surrender?

Old eighth's Captain is not satisfied with us. Can you guys hold on a little longer and let us perform well before surrendering?

"You're not allowed to surrender. Quickly stand up and resist. Do you all have any dignity? Don't you guys have any backbone? This is the time to fight for our lives!"

It wasn't Dale who said this, nor was it Dale's disgruntled subordinate, but Mike who hadn't had enough. "We don't accept surrender. Get up and fight back!"

Seeing that his persuasion was useless, Mike directly attacked Iataru's men, wanting them to continue fighting.

As a result, he was knocked to the ground by Mystra's man, and he deliberately twitched a few times, letting out a weak moan. "I can't take it anymore, I'm dead! You can either kill me!"

Mike's face turned black. You're one of the few people who were hiding in the back and not attacked. You were so energetic just now, and now you're going to die?

Heart attack or brain hypoxia? Can your acting skills not be so exaggerated? Do you want to foam at the mouth?

"Gululu ..."

As soon as Mike finished thinking, the guy on the other side started to add scenes. He was foaming at the mouth as if he was dying.

Mike almost cursed out loud. He could only look at the others.

However, the few people who were caught by Mike's gaze seemed to have telepathy. They all fell to the ground and started twitching, accompanied by white foam at the mouth ...

Mike's mouth twitched, and he was completely speechless!

You've really gone all out just to surrender!

Chen Shu and the other nine were dumbfounded. The situation had turned around too quickly. As expected, plans could not keep up with the changes. To sneak away at this time ... Did not seem too reliable!

Those guys who were obviously not done killing would turn around and deal with them at any moment!

So Chen Shu didn't dare move, and even told his team members to stay calm and not attract the attention of Lin Yi's team.

Talu stood there without moving. His face was as black as the bottom of a pot. This time, he had been completely defeated!

"Talu, I knew it. You're the only one with some backbone here. You're someone who will never surrender! That's great!"

Fernandes's eyes lit up. This was his last chance to show off, and he had to seize it. "All of you, get out of the way. I'll fight Talon. Captain, please watch my performance!"

"Fernandes, get out of the way. You're all from Kirrlutz, and you're from the same hometown. It's not suitable for you to fight. I'll do it!"

Mike would not give up the opportunity to Fernandes. He immediately rushed forward and stopped him. "Captain number eight, I'll handle the last one. You don't have any objections, right?"

"Captain number eight, I have a feud with Talu. You must let me deal with this person!"

Not to be outdone, he asked for Lin Yi's permission as he joined the fight between Mike and Fernandes!

Seeing that the three of them would have to fight an internal battle and select a candidate to fight against tallu, tallu really wanted to cry.

No matter what, I'm still an early Yuanying stage expert!

Aren't you guys looking down on us too much? Do you think you can defeat me for sure? If I don't teach you guys a lesson, you won't know why the flowers are so red!

"Adianpolo! It was Fernandes! And that person! You guys have gone too far! I'm going to kill you all today!"

"No!" Dalu shouted wildly. His face was extremely ferocious, and his aura completely exploded. He really looked fierce.

Chapter 7597 Really Don't Dare To Move

Fernandes and the other two immediately became serious. When a dog is desperate, it will jump over a wall. If an original infant stage master really wanted to fight, it would indeed be quite troublesome!

Lin Yi was curious-since when was tallu so unyielding? His subordinates had all surrendered, but he still wanted to fight by force?

Was it because of the rule that they couldn't kill people, and they knew that they might not lose their lives even if they risked their lives, so they had this confidence?

Soon, Lin Yi realized that he was overthinking things ... Talu roared and spat out a mouthful of blood after just two steps.

Then, he stopped and maintained his charging posture. He fell straight down and bounced twice after landing. Then, his neck stiffened, and his eyes rolled back as he fainted!

Everyone was silent!

What happened to risking his life? Where was the unyielding spirit? What happened to the life and death resistance?

You acting like this, your co-stars don't even know how to react!

Lin Yi's lips twitched a little as he shook his head helplessly. "Tallu really did his best. In order to make it look realistic, he even bit the tip of his tongue and spat out blood. I can only praise Yingluo for her dedication!"

After saying this, he turned to look at Chen Shu, "look at ta Lu, do you feel touched?"

Chen Shu's body trembled and he almost peed his pants. Boss, you guys go do your own things. Why are you suddenly asking me?

Since he had asked, he had to answer!

Hence, Chen Shu hurriedly shook his head, "I dare not move, I dare not move!" I definitely won't dare to move!"

"Ta Lu almost bit his tongue to commit suicide, and you're not touched at all?" Lin Yi blinked.

"I really don't dare to move!"

Chen Shu was about to cry. There were so many of them, but in the end, they had to almost bite their tongue to commit suicide to surrender. If I dared to move, wouldn't I be courting death?

Are you trying to kill me? I'm telling you, you can either kill me today, or I won't move until you kill me!

How would Lin Yi know what Chen Shu was thinking? He could only purse his lips and shake his head as he whispered, "you're not touched by how dedicated ta Lu is to his work. You really have a heart of stone!" I feel sorry for ta Lu for a second!"

Dale lay on the ground, his heart bleeding. 'It's no wonder you feel bad for me!' You really love me, why don't you get something to cushion me? the ground is so F * cking cold!

"Alright, since they've all surrendered, let them go for now!"

Lin Yi's expression returned to normal after his joke. He waved his hand, "Mike, Fernandes, you guys cut two pieces of baby ginseng and eat them first. See if you can directly advance to the nascent Soul Stage!"

Lin Yi used his spirit sense to check earlier-the four baby ginsengs were different from the one in the Jade space, but their strength-raising abilities were much stronger than his.

In the past, if the baby ginseng was not refined into the Golden core of the nascent soul and the Golden core of the nascent soul, it would not be able to display its medicinal effects.

However, the current infant ginseng was different. Elixir refinement could perfectly utilize the medicinal effects of the infant ginseng, and consuming it directly without elixir refinement would also have good effects.

It was obvious that this was another kind of spiritual medicine that the central government had modified.

In this aspect, Lin Yi really admired central. Even if he had a genius like han Jingjing, he couldn't compare to Central's research strength!

No matter how powerful one person was, he could not compete with a super-technological team!

Lin Yi was thinking of forming a team for han Jingjing as well, and then start researching cultivation-related technology.

A few people in the team who were called out by Lin Yi replied and took out the baby ginseng they just got and started cutting it with a knife.

Chen Shu and the other nine's eyebrows jumped. This was baby ginseng! What kind of precious treasure is that? you just cut it with a knife like that?

What a waste of heavenly resources!

Fernandes didn't care if it was a waste of God's gift or not. In any case, if he wanted to slice the thigh into pieces, he would do so. If he wanted to make soup, he would definitely start a fire and make it.

Fernandes roughly cut off a few pieces of baby ginseng, threw one into his mouth, and started chewing. ""It doesn't taste good. No, it's a little bitter. It's not that good!"

Fernandes commented as he chewed. After that, he raised his head and swallowed the baby ginseng.

"Then I'm really sorry, I forgot to bring some candy to comfort you, little friend!"

Mumbling, Mike also stuffed a piece of baby ginseng into his mouth and chewed like Fernandez. ""It's indeed a little bitter, but it's quite crunchy! Crunchy, radish-flavored!"

Chen Shu looked at them eating the baby ginseng like that and wanted to shout, "I'm not afraid of hardship, let me try!"

Unfortunately, he was still immersed in the thought of not daring to move, so he naturally did not dare to speak. Otherwise, fernÃ¡ndez and Mike might really give him a piece to try.

Once the baby ginseng entered their stomachs, Mike and the others immediately felt a warm current surge up from their dantians. It quickly flowed through the meridians of their entire bodies and strengthened a bit before returning to their dantians. Then, it quickly rotated around the Golden core.

The surrounding spiritual Qi began to gather around them, providing them with supplies.

Lin Yi's eyes flickered. If they were in Lufeng forest, the Qi around them might not be enough for them to break through at the same time. They might need to use spirit jades to provide Qi.

However, they were now on the fifth floor of the nine-story glazed Pagoda. The spiritual energy was usually not obvious, but when it was really needed, it was quite abundant. They were not afraid of the need for several people to break through at the same time.

It didn't take long for Fernandes and the others to feel that their gold cores were broken and their nascent souls were formed. Their auras soared, and they all became real nascent soul masters.

Dale, who was lying on the ground and pretending to be dead, had no more thoughts this time. He didn't even dare to resist when Fernandes and the others were in the great circle of the Jindan stage, and now he was even less of a match for them when he was in the Yuanying stage!

Lin Yi didn't let everyone break through at the same time, but in groups. This way, it completely cut off the possibility of ta Lu and the others attacking back, and at the same time, Chen Shu and the others didn't dare to move.

In addition to Fernandes and Michael, Morris, Serena, apologetic, and Chris were the first to reach the nascent Soul Stage.

After they had stabilized their strength at the early stage of the original level, the remaining six people also took the baby ginseng and began to break through.

After that, Fernandes and the others continued to consume the ginseng to level up. This cycle continued until Lin Yi's team couldn't level up anymore.

"Captain number eight, why is there a difference in our strength?"

"Everyone's eating the same amount, so why did the effects go off so early?"Mike asked quietly.

After the overall advancement, Mike and the others, who were more talented, only felt that the baby ginseng was ineffective when they reached the peak of the nascent soul realm.

Morris and Johnson, on the other hand, stopped when they reached the peak of the late nascent Soul Stage. They seemed to be less talented.

There were also some members of the ruling Sword Knight Association. Some of them were in the late-stage of the nascent soul realm, while some were in the peak of the mid-stage of the nascent soul realm. The gap was quite obvious.

Chapter 7598 Standing Up For The Vile Person

"It's probably because of the difference in their physiques ..."

Lin Yi pondered and made a guess, "Different physiques have different abilities to absorb the infant ginseng, so everyone's strength is different."

This problem could be avoided if Lin Yi used the ginseng to make elixirs. After all, eating the ginseng raw wasn't even as effective as the worst low-tier elixirs, let alone Lin Yi's special-tier elixirs.

However, he couldn't say anything about this. It was still the same sentence. What did Ling-zero-eight know about pill refining? This should be the first time he had heard of baby ginseng!

"It's possible! In that case, ta Lu and the others "physiques are so bad that they can't absorb it even though they're only at the early nascent Soul Stage. Could it be that they're too weak to be supplemented?"

Mike nodded in agreement and said in a serious tone, ""Could it be because of the fourth floor where he was too ruthless?"

Dale, who was playing dead, felt a chill in his crotch again. 'What the hell!' Can't we have a pleasant chat?

Can we not talk about this sad past? It's very bad to expose someone's scars!

Lin Yi's legs twitched as he saw ta Lu on the ground. He instinctively tightened his legs and almost burst out laughing.

It was not easy for him to hold it in, but he still had to nod seriously and say, ""It's very possible. This means that adianpolo has made a contribution! Otherwise, if ta Lu and the others are all at the peak of the nascent soul realm, you guys won't be able to deal with them easily!"

"Captain, I don't dare to claim any credit. Besides, I didn't kick them all ... It's because their physical bodies are weaker!"

He looked at tallu, who was playing dead on the ground, and the pitiful Nasby, Bobby, and the others who had surrendered. He scratched his forehead and said, ""Why don't I go and kick them all again, in case they come looking for trouble in the future?"

Talu almost vomited blood, and his legs couldn't help but tighten. That bastard, adianpolo, what kind of enmity did he have with him? You want to deal with me like this?

Nasby and the others were even more frightened. They thought to themselves, please don 't!

Boss talu, who has a grudge against you, don't take it out on us!

After experiencing pain once, he would rather die than experience it a second time!

Chen Shu didn't understand what Lin Yi's team was saying, but his instinct told him that it wasn't good!

He didn't dare to move, but it seemed dangerous to continue staying here ...

"That ... Big brother! I want to ask, can we leave?"

Chen Shu gathered his courage and finally asked.

He was thinking that if it didn't work this time, he would change the way he addressed him to 'Sir' and ask again next time.

He didn't expect Lin Yi to look at him with surprise. "Of course you can! You guys don't have any master-subordinate relationship with us, so you can leave if you want to. Why are you still here waiting to snatch the baby ginseng?"

Chen Shu's face was full of tears. You let me see the guy who vomited blood ask me if I dare to move. Do I still dare to move? If I don't seek your permission and leave, I'll be killed by you!

Just now, those golden core stage cultivators were already able to crush us. Now that they're at the original infant stage, I don't dare to move even more!

If he had said that he could leave earlier, he wouldn't have had to stand there in fear for half a day!

Why the hell would we snatch the infant ginseng? would we dare to snatch it? We're not Tigers!

"Thank you, thank you! Goodbye!"

Chen Shu didn't want to delay any longer-he quickly cupped his fists and bowed to everyone in Lin Yi's team before quickly leaving.

"Captain number eight, those people are so weird. They've been following us for half a day, and then they've been standing there for half a day without moving. Why?"

Mike scratched the back of his head and was deeply puzzled by the behavior of Chen Shu and the other nine."I was going to say that it's rare for us to get to know each other. Anyway, there's still a lot of baby ginseng left, so I'll give each of them a piece to try. Why did you leave?"

"Who cares about them? just mind your own business!"

Lin Yi shrugged, too lazy to explain. Chen Shu and the others wanted to take the baby ginseng when you guys were attacking it.

Before he could finish his sentence, another piece of music sounded in the air, and then a familiar light bloomed. In the gorgeous pillar of light, Saint soyatu descended from the sky!

The familiar background music, the familiar entrance, and the familiar opening!

"Ladies heaven and gentlemen, we meet again! This time, the team with the best performance is still Ling-zero-eight's team. As for the others, I'm a little disappointed!"

After Saint soyatu landed, he nodded politely at Lin Yi before looking at tallu and his men coldly. "So much time has passed, and only a few of you have broken through. The others are still at the fourth level. This is simply a waste of my resources!"

When Dalu, who had been playing dead, saw the arrival of Saint soyatu, he immediately stood up and ran to Saint soyatu's side, kneeling down.

"Lord Holy envoy! You have to seek justice for us! They were such bullies! Just because they were powerful, they spared no effort to suppress us and even snatched our nascent ginseng. Look at how badly we were beaten!"

In any case, Dalu had no sense of shame. He hugged the leg of Saint soyatu and began to cry with snot and tears. "If it wasn't for Lord Holy envoy's previous order not to kill, I don't think we brothers would have lived until now! They would've killed us long ago!"

"Don't you have any shame? How can you twist black and white and make up lies?"

Ardiablo was furious. He stood up and pointed at Talon as he scolded, "It's clear that you guys increased your strength first and then came to find trouble with us. In the end, our strength is beyond your imagination ..."

"Bullshit! We've already suffered enough in the first few floors. If you didn't take the initiative to bully us, how would we have the courage to provoke you?"

Talu didn't show any weakness. He wiped his nose and was about to curse back at him, but was kicked away by Holy envoy soyatu.

"Lord Holy envoy? I'm the most loyal to the Holy envoy!"

Dalu turned pale with fright, thinking that Saint Messenger soyatu did not believe him. He crawled back and tried to hug Saint Messenger soyatu's leg again.

"Get lost! You're too dirty! Don't dirty my clothes!"

Holy envoy soyatu glared at tallu with a look of disdain and gave him another two kicks.

Ta Lu was extremely depressed. So it was because he thought it was dirty?

He looked at his own body-it was quite dirty, indeed ... How much did he have to suffer in the hands of Lin Yi's team? How many times had he rolled on the ground?

Just now, he had vomited blood, tears, and snot. Not to mention Holy envoy soyatu, even talu himself looked at himself in disdain.

After understanding this, talu quickly stepped back a little, keeping a distance from Saint soyatu, and then bitterly said, ""Lord Holy envoy, you must help this lowly one ... This lowly one ..."

"Shut up!"

"Shut up!" Saint soyatu interrupted before turning to Lin Yi with a friendly smile. "Don't lower yourself to the same level as this good-for-nothing, lest you ruin your mood. "

Chapter 7599 Real Sea Serpent King's Palace

This was a person the sage Emperor had specifically ordered to be observed closely. Saint soyatu could not wait to befriend him, so how could he offend him for the sake of an idiot like tallu?

After seeing Lin Yi's performance on the fifth floor, Saint soyatuo was even more certain that Lin Yi would be a Big Shot in the new sanctuary!

If ta Lu really did piss Lin Yi off, he wouldn't mind using ta Lu's head to please Lin Yi.

Dale was dumbfounded. What was going on? How could the Lord Holy envoy speak to that bastard like this? Shouldn't the Saint have a high and mighty attitude? How did this happen?

He didn't even consider that in the eyes of the Saint, Lin Yi, who had just eaten the baby ginseng, was no ordinary person.

Putting aside the Saint Emperor's attention, just the peak nascent soul strength Lin Yi displayed after eating the ginseng was enough to catch the attention of the Saint.

"You're too kind, Saint. I don't want to argue with talu. There are some things that I don't need to say. You should know."

Lin Yi smiled faintly, "the Saint has his own way of telling right and wrong. He's not someone who can just twist the truth."

"Hahaha, you're right. I already knew what happened. If they weren't of any use to me, I would have killed them right now!"

Saint soyatu laughed a few times and gave a cold knife-like look to tallu.

Talu trembled. He knew that he had lost. Even Saint soyatu was not helping him. What was he doing?

"Mr. Ling, by right, whatever you have obtained is yours. However, I would like to plead with Mr. Ling."

Even the way he addressed Lin Yi had changed, and he was now on the same level as Lin Yi, "These people still have some use, so I would like to ask Mr Ling to give them some baby ginseng to improve their strength."

In fact, the fifth floor was so big that there were still baby ginseng in other places. Even if there were none left, Saint soyatu could get more from the new sanctuary.

The reason why he spoke to Lin Yi was because he wanted to test Lin Yi and see if he would give him face.

If they could give him face, then in the future, when they were in the new Holy region, they would naturally be good to each other, and it would be easy for them to band together.

Not only that, Lin Yi giving him face meant that Saint soyatu now owed Lin Yi a favor, and the two became closer.

In order to get closer to Lin Yi, Saint soyatu had indeed put in a lot of effort!

"Holy envoy, what are you saying? this is a small matter. As long as the Holy envoy gives the order, our team will definitely follow it!"

"But we've had quite a bit just now, I wonder if it's enough for them." Lin Yi smiled. Mike, give the rest of the baby ginseng to the Saint. "

Mike didn't have any objections. After all, the remaining baby ginseng had no effect on them after eating it. It didn't matter if they gave it away. That was why he said that if Chen Shu didn't leave, he would give it to them to try.

Lin Yi's team was a bit rough with the baby ginseng earlier-they ate one and a half out of four, and only one-eighth of the second one was left.

Lin Yi ate quite a bit as well, but of course, he put all of it into the Jade space for research purposes.

Talu did not expect things to take such a turn. He was dumbfounded and did not know how to react.

He was only at the early Yuanying stage, and the baby ginseng had lost its effect. If his subordinates were to improve ... How could he still be the boss?

Fortunately, the Golden core cultivators under him were still at a low level. There weren't many baby ginseng either. Even if they distributed it to so many people, they might not be able to break through ... Ta Lu could only comfort himself this way!

When they were on the fourth floor, ta Lu thought that it would be easier to control his subordinates, so he did not let everyone advance to the perfected golden core realm.

Who would've thought that on the fifth floor, Saint soyatu would actually want to collectively improve their strength?

After the baby ginseng was improved, it was not only useful for breaking through to the nascent Soul Stage, but it was also useful for the low level of the Aurous core stage. Therefore, after eating the baby ginseng, the strength of talu's men was improved.

However, most of them were only at the peak of the late-stage and the perfected golden core. Only a small number of them had advanced to the early stage of the nascent soul realm. They did not exceed ta Lu's strength level, which made him feel a lot more at ease.

This was also related to the fact that their basic strength was too low before. They were all at the early jiedan stage and there was not much baby ginseng, so how could they improve so quickly?

"Alright, that's about it for the fifth level. I won't be teaching you the nascent soul cultivation technique. Just focus on the previous one!"

It wasn't that Saint soyatu didn't want to teach him, but the nascent soul primordial spirit cultivation method was already considered a relatively high-level thing, whether it was on the sky-grade Island or in the small world of the ancient times.

It was not easy to get such a precious method of cultivating one's consciousness. Even if Holy envoy soyatu wanted to teach him, he could not. Fortunately, this was only an experiment, and a golden core primordial spirit should be enough.

"As you command, Lord Holy envoy!"

The people on tallu's side responded one after another, but Lin Yi's side was much calmer. After all, most of the training methods here were taught by Lin Yi, and the Saint was only supplementing it. Naturally, they didn't feel much.

Saint soyatul did not mind and continued to smile. ""The first five levels are basically the welfare levels used to improve your strength. However, the sixth level is completely different!"

After a slight pause, his eyes swept across everyone, including Lin Yi, before continuing, ""The true test begins on the sixth floor. The sea serpent King will not give you any more hints or clues. Everything will depend on your own luck."

Lin Yi raised his eyebrows. He thought that it would keep increasing until it reached the earth-opening or even sea-splitting stage. It seemed like he was overthinking it!

As for the sea serpent King's notification, it did not appear on this level. It was probably a rehearsal for the sixth level, so that everyone could have a better idea of what was going on.

"I'm here, so I'll reveal some information to you first. The sixth floor is the real sea serpent King Palace, and you'll have to explore it yourself. A friendly reminder, there's danger there!"

Saint soyatu revealed a demonic smile, causing talu and the others to shiver. "Don't think that you can deal with the danger inside just because your strength has improved greatly. It's too late to regret now!"

"Holy emissary ... Lord Holy emissary ... What ... What danger is there in the sea serpent King Palace?"

Talu was starting to get scared-he couldn't even beat Lin Yi's team, and even if he didn't run into any danger in the palace, Lin Yi's team could've done something to him.

However, it was too late for Saint soyatu to say that he regretted it. It was clear that he had to go even if he didn't want to. Dalu didn't dare to disobey Saint soyatu.

"I'm not sure about that. I've said that you need to explore the inside. Tell me after you've explored it clearly, and I'll reward you heavily!"

Keeping his demonic smile, Saint soyatu shrugged and smiled. "That's why I'm spending so much effort to improve your strength. With strength, your ability to deal with danger will naturally be much stronger. Work hard!"

Chapter 7600 Naming Him The Saint

Lin Yi frowned. He'd thought that Saint soyatu was just trying to make it look mysterious, thinking that the entire nine-story Pagoda was something central came up with. It didn't seem to be the case.

The center of the sea serpent king's palace on the sixth floor didn't seem to be clear. Could it be that they hadn't explored it?

With the strength and scientific research ability of the center, it shouldn't be that bad, right? If they couldn't even handle it, what was the point of throwing these people in?

Just as he was thinking, Saint soyatu clapped his hands and said, ""Alright, it's useless to say more. You'll only understand after you explore it yourself. Next, I'll open the passage to the sixth level!"

With that, Saint soyatu opened the portal and invited Lin Yi's team to go first.

Lin Yi was afraid that the random teleportation would cause everyone to be separated. After all, this was the real sea serpent King Palace, not a fake made by central. He had to treat this seriously!

It'd be hard to find people if his spirit sense got blocked, and so he left a spirit mark on every member before entering.

With that, he wouldn't have to worry about not being able to find them.

"Mr. Ling! Good luck! I look forward to our next meeting!"

Saint soyatu extended a friendly hand with a smile before Lin Yi entered the tunnel.

Lin Yi blinked, but shook his head with a smile.

There was no need to complicate things at a time like this-since Saint soyatu was being kind, Lin Yi didn't mind playing along.

The familiar feeling of teleportation passed, and Lin Yi found himself back in the underwater world. He didn't feel any discomfort in the sea.

Lin Yi relaxed a lot more when Mike, fernÃndez, and the others appeared beside him. At least he didn't have to spend too much time looking for them, and there were fewer potential problems.

"How spectacular! Captain number eight, is that the palace of the sea serpent King?"

As soon as Mike came out, his eyes were dazzled by a Palace in the distance. It was like the bright moon in the dark night. It didn't shine brightly, but it illuminated the whole world.

The words 'majestic', 'spectacular', 'luxurious', and so on were not enough to describe this Palace. Even from a distance, one could see the light of this underwater Palace.

It was made of a crystal-like material and was a Crystal Palace in the truest sense. The colorful corals that decorated the palace were even more alluring under the reflection of the crystal.

However, these were nothing. After all, they were only treasures of the secular world. Cultivators did not care about things like crystal glass corals.

The most important thing was that the entire Crystal Palace was filled with dense spiritual Qi. In the sea, the spiritual Qi seemed to be in a liquid state. Even if it was far from the purity of the spiritual Qi in the Jade space, it was definitely not inferior to the yellow-class Sea area in the east continent of the sky Island!

A cultivation paradise!

Lin Yi didn't care, but this was the best place for Mike, Fernandes, and the others to train. Even xuansheng and mountain split cultivators could train here, let alone nascent soul cultivators!

"I think this should be the palace of the sea serpent King!"

Lin Yi let out a breath and looked at Mike and the kirrlutz trio. "You're all people favored by the sea serpent King. Even if there's no hint, you should be able to sense something, right?"

"If the captain says there is, then there should be ... But I don't think I have any!"

Fernandes scratched his head as he smiled. He didn't dare lie to Lin Yi and told him the truth, "The sea serpent King's care for me is probably not deep enough. Did you sense it?"

Ardiablo and Chris looked at each other and then shook their heads with a bitter smile. ""It seems like the sea serpent King doesn't care about us enough."

"Alright, alright! Then let's go take a look first!"

Lin Yi couldn't help but smile. No matter what, he had to try this Palace and see how dangerous it was.

Ta Lu's group hadn't appeared yet. Lin Yi didn't know if they didn't teleport here with him or if they teleported out of his detection range. Lin Yi shrugged and didn't mind as he led his team to the Crystal Palace.

At the same time, Saint soyatu had completed his mission on the fifth floor and returned to his place, once again connecting with the Saint Emperor.

"Your Majesty Sage Emperor, all the experimentals have entered the sixth level. The plan is going quite smoothly!"

"It's just that the sixth floor is an area that can't be monitored," said Saint soyatu with a respectful smile. "I can't know what will happen next!"

"The sixth floor is the real palace of the sea serpent King. We've sent people in several times, but there was no news. It'll be very difficult for these experimentals to come out alive after going in."

"Lord Sage Emperor, the test subject No. 1 that you have high hopes for and his companions have entered the sea serpent King Palace just like that. Wouldn't it be a pity if they were to be lost?"

The sage Emperor waited for Saint soyatuo to finish before indifferently saying, "The experimentals are experimentals because they are used for experiments! A loss ... It was a loss! We'll just have to find new experimentals!"

After a short pause, he continued. "If they can come back alive, not only will our exploration progress be improved, but we will also have more useful manpower. It's a good thing to kill two birds with one stone. Why not?"

"Your Majesty Sage Emperor is wise!"

Saint soyatutl smiled and bowed. He knew that although experimental No. 1 was excellent, it was still a consumable in the eyes of the Saint Emperor before it truly entered the new sanctuary.

"Soyatu, you don't have to feel bad for these experimentals. If they don't go through hardships, how can they be of any use? Only by passing this test can this Lord be at ease in recruiting them and entrusting them with important tasks!"

The sage Emperor seemed to be tapping his fingers on the arm of his chair rhythmically. After a moment of thought, he continued, "Experimental No. 1's performance has indeed exceeded our expectations. If he dies this time, everything will be over. If he doesn't die ..."

"His Majesty Sage Emperor is preparing to cultivate a trusted aide ..."

Seeing that the sage Emperor did not continue, Saint soyatuo understood tacitly.

"Hehe, it's not to become this Lord's trusted aide!"

"The sea serpent king's palace is a great place!" The sage Emperor shook his head and laughed. It is said that the sea serpent King was the ancestor of the use of consciousness. The palace he left behind must have a great fortune!"

"If it weren't for the fact that I have many things to deal with and have to control the overall situation, I would have personally explored the sea serpent king's palace! If test subject No. 1 can come out of the sea serpent king's palace, it means that we've gained a lot!"

"When the time comes, it won't be as simple as keeping him by my side. I'll recruit him into the new Holy region and confer him the title of the Holy Son!"

"Canonized as a saint?!"

Saint soyatu was taken aback, and said hesitantly, ""Your Majesty Sage Emperor, isn't this a little too sudden? Shouldn't we at least observe him for a while?"
