

## Bodyguard 7601

Chapter 7601 The Nervous Wang Shiqing

The so-called Holy Son of the new Holy region was equivalent to an existence above everyone in the new Holy region. It could also be said that he was the next successor to the Holy Emperor, and his status was extremely noble!

Wasn't it a little too much to let a stranger become the Saint?

"Hahaha, soyatu, have you forgotten what kind of organization our new sanctum is? Don't care about background, only talent matters!"

The sage Emperor laughed loudly, but the meaning behind his words made Saint soyatuo understand.

Indeed, the new Holy region was not afraid of your background at all. As long as you joined the new Holy region, they would naturally have means to control you and make you obey them.

The two pills that Saint soyatuo had given Lin Yi before were actually a type of control method, but they were both lower-level things.

If Lin Yi really became a Saint, there would definitely be higher level methods to control him!

"Your Majesty Sage Emperor is right. This subordinate was foolish!"

After Saint soyatu understood, he quickly bowed and smiled. ""If that's the case, experimental No. 1 is really lucky. As long as he can survive, he can become a Holy Son!"

The number one person under the Saint Emperor!

Just thinking about it made Saint soyatu feel a little envious!

He'd been shocked when he'd first heard it, and that's why he'd said those stupid things. Now that he thought about it, he'd had the foresight to get on Lin Yi's good side.

As for whether or not Lin Yi's team took the pills, Saint zoatuo didn't care anymore. It was good if they did, but it didn't matter if they didn't-they'd have other ways to control them in the future anyway.

In any case, it was a good fate!

From now on ... He would continue to be on good terms with Ling-zero-eight! He definitely couldn't offend him!

While Saint soyatu was making up his mind to please Lin Yi, on Tianjie Island, in a secret room of the Wang family, Wang shiqing was staring at the urn on the altar.

He mechanically lit up three incense sticks and inserted them into the incense burner.

Wang shiqing's eyes never left the bone ash box-it was Lin Yi's ashes!

After Lin Yi's body was destroyed, Wang shiqing secretly collected the remains and built this secret room in her yard. She would come here to pay her respects every day.

"Lin Yi bro, Xiao Qing is here to see you again! Xiao Qing was going to apologize to Lin Yi bro again! Don't tell me you find love annoying?"

Wang shiqing's big eyes were watery, and her face, which had some baby fat, was much thinner. She looked more mature.

"Lin Yi big brother, Xiao Qing couldn't protect your body, it's unforgivable. I haven't heard from you for so long, I'm afraid you're really not in this world anymore? Little Qing can only come and burn incense for big brother every day!"

"Lin Yi bro, I really hope you're fine, I really want you to come back and look for me ... Is that a big wish? Without a body, will your soul be destroyed?"

"I won 't, I won' t! Lin Yi bro, you'll be fine!"

Wang shiqing pulled out the incense stick, threw it on the ground, and stomped on it. "I'm so stupid, I'm just cursing Lin Yi big bro to die! Big brother, you must still be alive, and you're only complaining about little Qing, so you're not willing to see me, right?"

After a short pause, Wang shiqing's tears finally burst out. She wiped her face with her small hands and lit three joss sticks while sobbing. "But if you really go, Lin Yi big bro, who'll do it if not Qing? I'm sorry! I'm sorry! Big brother!"

"It's all because of bad relationships! You're only left with your primordial spirit, so you should be able to reincarnate, right? Xiao Qing hopes that you can reincarnate, and Xiao Qing will always wait for big brother to come back! No matter how many years it takes, no matter what you've become, Lin Yi big bro, I'll always be here waiting for you, and I'll recognize you right away!"

One couldn't blame Wang shiqing for being sad. If a person didn't have a body, they wouldn't be able to live for long. This was the common understanding of the Sky Class Island!

Especially with Lin Yi's strength. When he lost his body, he was only in the mountain split stage. Although he heard that he forcibly raised his primordial spirit to the great circle of earth splitting in order to take revenge, that was still unstable!

In this way, it was equivalent to overdrawing his primordial spirit, causing it to become even more unstable. It wouldn't be long before his soul was destroyed!

Most importantly, Lin Yi had disappeared for a long time-Wang shiqing had sent people to Lin Yi's school, but there was no news of him.

This person seemed to have disappeared into thin air.

And so, even though she said she didn't believe him, she knew that Lin Yi was probably dead.

.....

After rambling like a little lunatic for a long time, Wang shiqing finally wiped her tears and left the secret room.

She didn't expect that the third elder would come to the courtyard to look for her. Seeing Wang shiqing's appearance, he was a little suspicious.

"Xiao Qing, what's wrong? What are you doing here?"

The third elder was very suspicious. He had never known that Wang shiqing had built a secret chamber with a talisman!

Could there be some secret hidden in this?

Wang shiqing had a criminal record, so how could third elder be at ease?

"I ... I didn't do anything!"

Wang shiqing suddenly panicked!

No matter how smart she was, ten third elders wouldn't be able to beat her even if they worked together, but this was her most important secret-it was related to Lin Yi big bro! Her mind went blank, and her brain went offline.

"Nothing much? Why did they build a secret chamber here? Your expression is also very strange! Little Qing, are you doing something bad?"

Seeing Wang shiqing's flustered expression, the third elder became even more suspicious and was about to walk into the secret room."Third Grandpa wants to go in and take a look. If there's really nothing wrong, third Grandpa will apologize to you!"

"Third Grandpa! It's not suitable for you to go in since it's all for girls!"

Wang shiqing was even more panicked, and she immediately opened her arms to stop third elder."What bad things could I have done? Third Grandpa, you're thinking too much!"

"What kind of girl's things are worth using a formation talisman to build a secret room for them?"

The third elder seemed to be kind, but he sneered, ""Third Grandpa is already so old, what haven't you seen? There's nothing wrong with taking a look, right?"

"No! If I say no, then no!"

Wang shiqing's face turned red, and she blocked third elder's way. "Third Grandpa, I'm the possessor of the spiritual fire of heaven and earth, and I'm also a direct descendant of the Wang family. Before big brother returns, I'll be the first in line to succeed the Wang family!"

"According to the clan rules, when I turn sixteen, I'll automatically become the next successor to the clan head, right?!"

"That's right, but so what?"

The third elder frowned slightly and said in dissatisfaction, ""Not to mention that you're not even sixteen years old yet, so you're not the heir to the family head. Even if you were, so what? Do you think you can stop your third Grandpa with this?"

Chapter 7602 Detonation Talisman

"I ... I ... I'm the heir to the family head! I want my own privacy! If I say it's not allowed, it's not allowed!"

Wang shiqing's intelligence was still low, and she only knew how to resist. She was panicking, thinking that Lin Yi's ashes couldn't be found.

Who knew if the third elder would destroy Lin Yi's big brother's remaining ashes?

"Third elder, sister shiqing, what's wrong with you?"

Three young men, one man and two women, walked in from outside. They were all sons of concubines of the Wang family and could be considered Wang shiqing's brothers and sisters. They were all surprised to see Wang shiqing fighting with the third elder.

"I suspect that little Qing has hidden some secrets that are not beneficial to our family here, so I wanted to go in and check it out. But little Qing refused to let me in, which means that there is indeed a problem inside!"

The third elder couldn't force his way in in front of the younger generation, so he could only stroke his beard and reason with them, ""Don't you think this makes sense? If there's no guilt in your heart, why would you hide it?"

"Third elder is right! Little sister shiqing, let third elder go in and take a look!"

The two young women nodded and smiled. ""If you feel that it's inconvenient, can you let the big Sisters go in and take a look first?"

"Get lost!"

Wang shiqing's face was frosty, and she said in a deep voice, ""Since when is it your turn to point fingers at my matters?"

Wang shiqing's three brothers and sisters "faces turned extremely ugly. Although they were sons of a concubine, they were still Wang shiqing's brothers and sisters in name!

Usually, Wang shiqing was always smiling, and even if she had a honey-mouthed mouth and a dagger hidden in her smile, she wouldn't speak harshly to them!

When people fought in secret, they would always maintain a friendly appearance on the surface. There was nothing wrong with being brothers, but today, Wang shiqing turned on them without any hesitation!

"Sister shiqing, you're wrong! There's nothing you can't tell others. Besides, you're just a child. What secrets can you not let others know?"

The young man's eyes turned, and his expression returned to normal. He smiled indifferently and said, ""Since third elder wants to see your secret room today, I'm afraid that even if the family head came, he wouldn't speak up for you, right?"

Wang shiqing's heart was in a mess as she bit her lips and opened her eyes wide, not saying a word. It was Lin Yi's big brother's ashes inside, she couldn't let these people disturb his peace no matter what!

"Little Qing! You're an obedient child, and third Grandpa has always doted on you. Be good and let third Grandpa in to take a look!"

The third elder lowered his voice and tried to persuade Wang shiqing to leave, "Third Grandpa promises that I will not break anything in your secret room!"

As he said this, the third elder winked at a woman beside him. She understood his meaning and nodded slightly before quietly turning around and leaving.

Wang shiqing couldn't care less about the others. She opened her arms to block third elder and shook her head stubbornly. "No! If I say no, then No! No one can enter!"

"Sister shiqing, aren't you being too disrespectful to the elders by talking back to the third elder like this? That's not how the Wang family taught you!"

"That's right, sister shiqing. It's fine if you don't care about us brothers and sisters. After all, you're the eldest daughter of the direct line, and we have nothing to say about that. But third elder is an elder, an elder that even the master has to respect. What you're doing is too unreasonable!"

.....

For a moment, the third elder and the other two concubines bombarded Wang shiqing with their words, trying to use both hard and soft tactics to increase the pressure on her.

However, Wang shiqing didn't back down and wouldn't let them enter the secret room!

As the future successor of the family, the third elder didn't dare to be rough with Wang shiqing. He couldn't bear the consequences of hurting the future of the family!

While they were in a stalemate, the woman who had just left invited Wang shiqing's father, the master of the Wang family, Wang dingtian!

"Little Qing, get out of the way!"

Apparently, Wang dingtian had heard what had happened. He scolded with a cold face, ""Your third Grandpa wants to see the secret room you made. What's the problem? Now that you're here for father, can't I see it too?"

Tears welled up in Wang shiqing's big eyes, and after a few blinks, big drops of tears fell.

"Are you still my father? They bullied me, and not only did you not help me, but you also bullied me together with them?"

Wang shiqing burst into tears, and her sharp voice sounded hoarse. "All of you are bullying a child like me! Don't you adults have any shame? Father, are you still my father?"

Wang dingtian was speechless. How could he not know what his daughter was like?

Although Wang shiqing was indeed a little girl ... Who in the entire Wang family would dare to treat her like a little girl? Those who dared to think this way were all tortured to death by Wang shiqing!

Therefore, even though Wang dingtian was Wang shiqing's father, he would still think that Wang shiqing was in the wrong if anyone in the family had a dispute with her ...

For example, this time, when third elder and Wang shiqing were in a stalemate, Wang dingtian would stand on third elder's side without question!

It was only when Wang shiqing's cry rang out that Wang dingtian suddenly realized that she was his daughter and she needed his protection!

In fact, no matter who was right or wrong, as a father, he should stand firmly on his daughter's side!

However, his rationality told him that as the head of the family, he had to consider the family ...

Wang dingtian was in a dilemma. He didn't know whether he should comfort Wang shiqing gently or insist on entering the secret room!

Wang shiqing wiped her tears as she observed her father's expression, as well as the reactions of the elders. She knew that she couldn't hold on any longer and had to fight to the death in order to protect Lin Yi big brother's ashes!

"Good! You're all bullying me! You all want to enter my secret chamber! I'm telling you, I'd rather destroy it than let you in!"

Wang shiqing stomped her foot, took out an exquisite array talisman, and detonated it!

"A space talisman!"

Wang dingtian and the third elder's expressions changed drastically. They exclaimed and wanted to snatch it, but it was too late.

The secret room behind Wang shiqing started to shake violently, and then it started to fade in and out of sight!

"Once the space talisman is detonated, everything within its range will be hidden in a special space. Sister shiqing, how could you do this?!"

The girl who led Wang dingtian here was anxious. She shouted, ""If we don't control it well, this entire area will collapse! Don't you care about our Wang family's safety?"

"Shut up! What business do you have here!"

Wang shiqing was also very angry at this moment. The secret room where Lin Yi's big brother's ashes were placed was sent to another space by her just like that. She didn't know how much time and effort it would take for her to see the light of day again.

Chapter 7603 Repairing As Punishment

This woman was still babbling. She would definitely make her pay later!

"Father, third Grandpa, are you satisfied now?"

Wang shiqing turned around and looked at Wang dingtian and the third elder with a complicated expression. Before she could finish her words, a loud explosion came from the secret room.

"What's going on?"

Wang shiqing was shocked, and her face turned pale. She turned around and looked at the secret room. Why did it explode? Lin Yi bro's ashes are fine, right?

To tell the truth, Wang shiqing was a little nervous. A Space Array talisman wasn't a small thing. She was indeed a genius, and she had the yellow rank heaven and earth Spirit fire, ice flame, which was why she could barely make one.

According to his calculations, the explosion of the space talisman would only hide the secret chamber. What the hell was with the secret chamber exploding as well?

Wang shiqing panicked, even more so than when third elder went in!

Lin Yi bro, I'm really, really sorry ... Xiao Qing is in trouble again!

"Little Qing! What's in your secret chamber?"

Wang dingtian was furious. He was feeling guilty for protecting his daughter, but now he wanted to slap Wang shiqing!

He was too willful!

Fortunately, the power of the explosion of the space formation was concentrated and didn't spread out. If it did, Wang dingtian didn't know if he could defend himself with the formation talisman.

The power to tear space was not something that ordinary defensive talismans could withstand! If it wasn't handled properly, everyone here would die!

"I already said that there's nothing here, it's all a girl's private property, but you guys are forcing me! You guys can just force me to my death!"

Wang shiqing burst into tears, 90% out of guilt and worry for Lin Yi and the bone ash box, and the remaining part was done on purpose so that Wang dingtian and the others wouldn't pursue the matter!

In fact, she didn't care if Wang dingtian pursued the matter. She just wanted to know if Lin Yi's ashes were still there.

She couldn't let Lin Yi bro die without a trace because of her, right?

"You unfilial daughter! You almost killed everyone, yet you still have the face to cry!"

Wang dingtian raised his palm, but he didn't want to slap it. He stomped his foot and said,""I really owed you in my past life! I'll be tormented by you for the rest of my life, you little devil!"

"Master! Xiao Qing is still young, so don't bother with her!"

The third elder didn't expect Wang shiqing to be so stubborn, and he felt a little embarrassed. He could only try to comfort her,"However, the space talisman exploded. If this place is not repaired, the space here will become somewhat unstable, which will easily leave behind future problems!"

Wang shiqing cursed in her heart. This old fogey, not only did he try to persuade her, but he also tried to dig a hole for her!

Big brother Lin Yi was killed by you guys! Now, even his ashes were destroyed!

Hmph! I will never forgive you!

Wang dingtian thought for a while and said to Wang shiqing with a cold face, ""You've done something wrong, so you must be punished! However, since you're still young, I'll be lenient and punish you by refining a new space Array talisman to repair this space. Is there a problem?"

Not everyone could make a Space Array talisman. Wang shiqing only made it easier because she had the icy flame. If it was the third elder, even if he was much stronger than Wang shiqing, it would take at least a year and a half, and he might not succeed. Even if he did, he might not be able to use the space here.

But if it was Wang shiqing 's, then it wouldn't be a problem. After all, if it was made by the same person, then it would definitely be able to be repaired.

However, it would take a few months to make it. Wang shiqing had a half-finished product in her family, so it was easier for her to make it.

There was no half-finished product this time, so Wang shiqing had to start all over again.

"No problem!"

Wang shiqing lowered her head and said, ""Xiao Qing will refine a talisman to repair this space."

Although it was called a punishment, it was also a form of cultivation. In the process of making formation talismans, Wang shiqing's strength and ability would both increase, which would be very beneficial for her future.

The reason why she agreed so quickly was because she wanted to see what had happened in the secret room. Was Lin Yi's bone ash box safe?

The third elder stroked his long beard and didn't say anything else. He was quite satisfied with this result. As long as he could make the secret room appear, he could open it and see the situation inside. Although it was a big circle, it didn't matter.

With this matter settled, Wang shiqing immediately threw herself into the work of making formation talismans, and worked hard without stopping.

It was only at this moment that her intelligence came back online. When she recalled the whole incident, she was really about to cry from her own stupidity!

What on earth happened? Why would he do such a stupid thing?

If the third elder wanted to look at the secret room, then he should just let him look. Why was he being so secretive?

If he were to open the door and invite the third elder in, this old man would probably not even enter. At most, he would just take a glance at the door. He would most likely say some Grand words to explain why he had to take a look.

There was nothing else in the secret chamber other than an ash box and three joss sticks!

As for the bone ash box, it didn't have a name on it, so who knew whose bone ash it was except for Wang shiqing?

He could just randomly make up a name and fool them, right? If that didn't work, he could just say that he missed Wang Shiyang and pay his respects to him every day!

Wang shiqing hit her head with her small fist, feeling worried about her intelligence. Was it true that growing up might not be as good as growing up? But it's still small now!

She was only upset because of this. She did not consider what Wang Shiyang would think if she said that the ashes were her brother, Wang Shiyang.

If you're stupid, you'll suffer for a lifetime!

Wang shiqing sighed to herself. There was no other way. Who asked her to have a guilty conscience? He could only continue working on the talismans and open the secret room as soon as possible to see if Lin Yi bro's bone ash box had exploded ...

"Little Qing, you're still refining talismans? How many days have you been doing this non-stop?"

Some clansmen were talking to Wang shiqing when they were delivering the food.

Wang shiqing didn't even raise her head. I can still hold on ..."

"Little Qing, why are you still refining formation talismans? Let's rest for a while?"

An elder came over to take a look and couldn't help but persuade Wang shiqing.

"Yes! I am not tired at all! Don't worry ..."

He's still refining?

Yes!

He was still refining ...

Yes!

The talisman-making Wang family started to spread the news that their little princess, Wang shiqing, seemed to have gone crazy ... Or perhaps she had gone mad. No matter what, she was definitely not normal!

Lin Yi didn't know that Wang shiqing would work so hard to make talismans for his bone ashes-the scene returned to the sixth floor of the nine-level Pagoda.

Under Lin Yi's lead, Lin Yi's team quickly arrived at the Crystal Palace. They didn't encounter any danger along the way, nor did they see any sea beasts or other threats.

Chapter 7604 Crystal Palace

"Captain number eight, is that Holy envoy trying to trick us? Wasn't everything fine? He arrived at the Crystal Palace without any danger. "

Mike looked around and said disapprovingly, ""Look at the Crystal Palace door. There are no guards. It's just open like this. It seems to welcome us in. There's no danger!"

"Don't be careless. The calmer the situation, the more likely it is that danger is hidden!"

"Plus, we haven't even entered the palace yet-who knows what's going to happen inside?" Lin Yi shook his head with a smile.

"What the captain said makes sense! As expected of our Captain, he's far-sighted and has a flawless plan!"

There was no need to ask, the person who could say this must be the senior leg hair Fernandes!

The guy walked in front of Lin Yi with a flattering smile. "Captain, I'll Scout the way for everyone. If there's any danger, I'll eliminate it if I can. If I can't, I'll send a signal to the captain and remind everyone to be careful!"

Fernandes was trying his best to perform. He had to seize every opportunity, and he had a plan in mind.

They were just at the entrance of the Crystal Palace, and the chances of encountering danger inside were lower. It was a good time to show off!

After entering the palace, the danger factor would definitely increase exponentially, and at that time ... It would be time to let others perform!

After all, it wasn't good to perform too much!

"No need, let's all go in together!"

Lin Yi waved his hand, rejecting Fernandes' offer and walking through the Crystal Palace.

With the Jade space, why would he need Fernández to explore the way? If there was danger, there would naturally be an early warning, so there was no need to worry at all.

The group passed through the corridor behind the palace gate, and what entered their eyes was a square paved with white jade. There was a staircase opposite the square, and on the stairs was a Hall made of colored glass.

"This is getting interesting. Everyone, be careful!"

Lin Yi's eyes brightened-he felt something strange about the sign above the main entrance even before he got close.

Fernandes led the way, and everyone responded in unison. They quickly followed Lin Yi through the square and up the stairs to the entrance of the hall.

"Old eight, what does it say?"

Mike saw that Lin Yi was staring at the sign without even blinking, so he raised his head to look as well. However, before he could finish, his legs gave way and he almost fell down.

"What is this?"

Mike's face was a little pale, and he couldn't help but take two steps back.

The others were the same-other than Lin Yi, everyone else took a few steps back when they saw the sign.

"The words on this plaque contain a dense killing intent. If you want to enter the hall, you must pass through the barrier set up by this killing intent!"

"You guys back off a little and observe," Lin Yi said with a smile."You'll be able to get used to the aura. "

"Captain, what the hell is written on it? There are three words in total, I don't know any of them!"

Fernandes took three steps back and continued to look up at the plaque. He was curious about the contents of the words.

Lin Yi didn't know a single one of them, so he couldn't answer that!

Was it really good for an experienced leg hair to tear down the thigh?

"Fernandes, although I can't understand it either, I can feel the murderous aura that Captain said. Not only that, but I'm also full of respect for these three words!"

There was indeed respect in his eyes, and his body trembled slightly. "I seem to be filled with reverence for these three words from the depths of my soul. I can't even control my body from trembling. He's really amazing!"

Lin Yi raised an eyebrow. His spirit was strong, and his spirit sense was condensed, so he didn't get the same feeling as when he was talking to Adrian. It sounded like the words on the plaque had the ability to affect the spirit and mind?

His powerful spirit sense extended out and wrapped around the sign, and as expected, Lin Yi found that the three words contained equally powerful spirit sense.

"Everyone, step back a little. Use the spiritual sense defense I taught you to protect yourselves!"

"There's divine sense in the words, let me study them first," Lin Yi ordered without turning his head.

Fernandes quickly pulled Mike back two steps, and then squeezed into a group with the others, helping each other to defend against all the attacks of the divine sense.

Lin Yi, on the other hand, started using his spirit sense to wrap around the words and analyze them. He quickly realized that there was a hidden meaning behind the words.

So powerful!

Lin Yi couldn't help but admire the person who wrote it-just hanging three words on the wall could shake and shake a person's spirit!

What kind of technique was this, and what kind of power was this?

After sighing in admiration, Lin Yi discovered something new-the three words on the plaque were made up of spirit sense!

It turned out that the words on the plaque weren't written with a brush, but directly condensed by divine sense!

Amazing!

Lin Yi exclaimed again as he started simulating the technique in his consciousness.

After a long while, he finally managed to write a word, but he had used up more than half of his divine sense!

It was really ... So difficult!

And it was terrifying!

The consumption of one word was so great! Even with Lin Yi's strong essence spirit body, he couldn't take any more!

"He's really amazing! He's really amazing!"

"Whoever could write three words like that must be a master in the area of essence spirit!" Lin Yi praised.

He had studied it for half a day and used up all his energy just to write one word. He really couldn't be compared to the person who wrote this plaque!

In fact, The Kraken King was the one who wrote the three words, but it wasn't as Lin Yi had expected- The Kraken King didn't write all three in one go!

On the contrary, if The Kraken King were to know that Lin Yi only took so little time to come up with one word, and that he was complaining about his lack of comprehension, he might die of anger!

This was because these three words were a treasure that the sea serpent King had spent several years to create!

This ... Can it be compared?

It was unknown how many years had passed since the three words condensed from spiritual awareness on the plaque, but the spiritual awareness within it was still extremely condensed and had not dissipated in the slightest.

Lin Yi compared the words he'd created with his own-he'd be proud if they'd be able to last for eighty to a hundred years!

"Captain number eight, What Do You See? Don't just keep praising it, share it with us!"

Mike's heart was a little itchy, and he urged, ""It's fine if you don't say that. I just want to know if we can go in. "

"Don't be impatient, I still need some time!"

"I should be able to get in after I finish my research!" Lin Yi said without turning his head.

Just as they were talking, talu and his men entered the Crystal Palace.

Seeing Lin Yi's team in front of the hall, he didn't know if he should come over or not.

If he came over, he was afraid of being beaten ... If he didn't come over, there was only a Crystal Palace here, so he had to go in, right?

Naturally, Lin Yi noticed Ta Lu and the others, but he didn't care. The most important thing was the secret of the three words on the plaque. Ta Lu and the others were nothing compared to that!

Chapter 7605 Writing With Divine Sense

There was an imitation of the word in his consciousness, and Lin Yi tried to compare his own word with the one on the plaque. It wasn't just the shape, but the aura was also imitated.

Slowly, the difference between the two became smaller and smaller, and in the end, they became almost exactly the same. The space at the entrance of the hall immediately distorted, and then produced a small fluctuation.

Success!

Lin Yi's heart moved—he knew that there was no problem entering the hall!

As expected, this was the right decision!

Mike and the others clearly felt the pressure around them relax, and the pressure disappeared!

"Captain number eight, can we go in now?"

Mike's reaction was fast, and he moved to Lin Yi's side to test him. "I think that murderous aura that made people tremble just now has disappeared. This must be the work of Captain eighth brother, right?"

"That's for sure! Was there a need to ask? Look at the stupid question you're asking, it's simply lowering our overall IQ level!"

Fernandes looked at Michael with disdain, using the method of sacrificing his comrades to show off the wisdom of his legs. "There's no doubt about the captain's ability. No matter what earth-shattering things he does, it's within the normal range!"

"You think that Captain didn't move, so you're a little suspicious that he didn't do anything, right? I'm telling you! The captain has this ability, he can solve any problem by standing still!"

Fernandes winked at Mike with a smile. "Did you forget the captain's Secret technique?"

Mike clenched his right fist and hit his left palm hard. He had an expression of sudden realization!

That's right!

The secret technique of old eighth's team leader, which killed whoever he stared at, was absolutely invincible!

It seemed that it was not only effective on humans and spirit beasts, but also on lifeless characters!

Awesome!

Amazing!

Prostrating himself on the ground!

Mike looked at Lin Yi with eyes full of respect-he'd decided that Lin Yi would be his idol for life!

"What are you looking at? You can indeed go in!"

Lin Yi didn't know what was going on-he didn't understand why Mike was looking at him like that.

As for fernández's words ... He had bragged too much and had become immune to it, so he simply ignored it!

"Captain! I'll go in first! I'll Scout the path for everyone!"

Fernandes finally had a chance to perform again.

As far as he was concerned, there shouldn't be any danger inside after Lin Yi had cracked it, and it was the time to show his loyalty!

Lin Yi didn't even have time to say anything before fernández rushed in.

Fortunately, the Jade space didn't alert him of any danger, so he just let him be.

"Aiyo, F \* ck! Where was the treasure of the sea serpent King? Captain, did we enter a fake sea serpent king's palace?"

The moment Fernandes entered the hall, he began to shout loudly. Even the people outside the hall could hear his voice.

It was just that when people looked in from the outside of the hall, they could not see the situation in the hall clearly. It was unknown whether it was because of the lighting or the influence of the words on the plaque.

"Everyone, go in!"

Lin Yi said faintly as he walked into the hall.

Mike and the others quickly followed. Even further away, Dale and his men hesitated for a while before they slowly walked toward the hall.

It was obvious that in their eyes, compared to Lin Yi's scariness, the treasures in the palace were more tempting!

However, there were some who had different opinions. For example, Nasby muttered softly, ""Boss talu, if we follow those guys, will we be killed by them?"

"I also think it's a little dangerous," Bobby said in a low voice. "The Saint didn't support us in the first place. The danger of the sixth floor ... Could it be referring to those people in front?"

"Shut up! You two idiots!"

Talu scolded them in a low voice and glared at them. "If we don't follow them and let them benefit, will we have a good life in the future?"

They were the ones who got the benefits first, and they wanted to show off in front of Lin Yi's team, but they ended up being idiots every time!

If Lin Yi's team got the benefits first, they wouldn't even have the chance to act cool anymore-they'd be F \* cked into idiots!

Although the result seemed to be the same, at least the former could make him feel better first.

"Boss talu is right! We were too naive!"

Nasby and Bobby quickly lowered their heads and admitted their mistakes.

The two of them were not stupid. They knew that their previous performance had disappointed Dale. Dale was probably already unhappy. If they continued to argue with him, they might be in trouble.

It's better to be more law-abiding ...

"There's one more thing you guys don't understand, right? Lord Holy emissary said that the sixth floor is dangerous. If we follow these guys, won't they be able to deal with all the dangers?"

Talu thought about it and decided to show off more of his wisdom and power so that his prestige as the boss would not collapse. "With them as cannon fodder for us, when they're almost all dead, do you think the benefits will be theirs or ours?"

"Boss talu is wise!"

Nasby and the others thought for a moment before they reacted. They immediately admired talu's idea and gave him a thumbs up.

Who would be willing to be the Sandpiper and clam that were fighting for the benefits?

Lin Yi didn't know that he'd become cannon fodder at the entrance of the tower Road. After entering the hall, he found that there was indeed no valuable treasure in the hall.

The only thing that stood out was a wordless stone tablet in the middle of the hall.

It looked extraordinary, but he couldn't tell what it was used for.

"Captain, come and take a look. There's nothing here, just a broken stone tablet. What does it have to do with the sea serpent King?"

Fernandes touched the stone tablet as he spoke, his fingers rubbing against it.

However, it was useless. The stone tablet was still a stone tablet, and it did not drop any stone chips.

"En," Lin Yi replied casually, his eyes scanning every corner of the hall, his spirit sense spreading out, not letting go of a single detail.

There seemed to be a formation in the entire Hall that Lin Yi had never seen before, or maybe it was some kind of mechanism. Lin Yi couldn't be sure at the moment.

The key point should be the wordless stone tablet!

"Captain, don't you think this stone tablet is quite strange? The entire Hall is so big and empty, and yet there's such a broken stone here. There must be a ghost!"

Fernandes took a few steps back, held his chin, and stared at the stone tablet with a deep look in his eyes. For a moment, it was as if Holmes had possessed him and turned into Holmes!

Lin Yi was surprised and looked at Fernandes in a new light!

This guy didn't just know how to flatter! He actually had such a brain?

He had only determined that the wordless stone tablet was the key to the hall after careful observation and analysis, combined with his deep attainments in array Dao!

Chapter 7606 Long Time No See

Fernandes could actually see through it at a glance?

I've really underestimated Fernandes!

Lin Yi was still sighing to himself when Fernandes suddenly turned back to his flattering face and suggested, ""Captain, I think we can dig out the secret of the sea serpent king's palace if we destroy the stone tablet!"

.....

Lin Yi was speechless-he really wasn't underestimating the Fernandes ...

It wasn't easy to live to this age by coming up with such a bad idea!

The wordless stone tablet was the key to the entire Hall. Even Lin Yi couldn't tell if it was a formation or a mechanism. He could just touch it, but who knew what would happen if he destroyed it?

Maybe everyone in the hall, except for Lin Yi, would be wiped out instantly!

"Fernandes, can you be more shameless? There's only one stone tablet in the entire Hall, and everyone knows that there's something wrong with it. Why are you acting like a big-tailed Wolf?"

"You make it sound like you're so wise and brilliant," Mike sneered without mercy. "Does old eighth Captain need you to remind him?"

Lin Yi was speechless again ...

Indeed, there was only one stone tablet in the entire Hall. If he didn't suspect it, what else could he suspect?

He had been thinking too much. He thought that everyone had enough evidence to support their belief like him!

He had thought that he was a King, but in reality, he was just a bronze ... Their minds were on two completely different levels, and neither of them could understand the other!

"Ha ... You're right. The most suspicious thing in the hall is this wordless stone tablet. However, before we figure it out, we shouldn't act rashly!"

Lin Yi's lips twitched as he tried to think of a way to get rid of the stupid idea. "If we destroy the stone tablet by force, we might not be able to obtain The Kraken king's treasure. We must be careful!"

Fernandes nodded in agreement and gave Lin Yi a thumbs up. "As expected of the captain, you're so thoughtful! I almost made a big mistake!"

It's already very good that you know the word 'major event'!

Lin Yi's mouth twitched as he walked around the tablet, pretending to be studying it.

No one in the team knew anything about formations or mechanisms.

Lin Yi didn't know how to explain it to them-who knew if this place was still under the saint's surveillance?

Who knew if Saint soyatu was telling the truth? was this floor really up to him, and the other party couldn't interfere?

It was still the same saying, if a bodyguard from the secular world knew things like formations, it would be strange if he wasn't suspected!

Not long after, another large group of people entered the hall.

Naturally, it was ta Lu Yi Xing, who wanted to use Lin Yi's team as cannon fodder.

However, ta Lu didn't expect to see Lin Yi's team as soon as he entered the hall. He thought that Lin Yi's team had already continued moving forward ...

Why are these people not looking for the treasure but circling around this broken stone tablet?

Talu felt like he was about to go crazy-the menacing gazes of the group resurfaced in his mind.

"Haha...Haha...Long time no see! What a coincidence!"

"The weather's good today. Everyone's in a good mood, right?"

Lin Yi and the others looked at the tower as if they were looking at an idiot.

Long time no see?

Ten minutes? 15 minutes? How long was this going to take?

The weather is pretty good?

The weather in the underwater world was good. There was no wind or rain. After all, there was not as much water in the underwater world as there was rain!

"Tallu, are you not convinced and want to bring some people back to take revenge on the captain and US?"

Fernandes snorted and raised his chin in disdain. "It's not that I'm looking down on you, but you pieces of trash. The captain doesn't even need to do anything. I, Fernandes, can deal with you guys!" I'm sorry, I'm really looking down on you!"

Talu's face turned red, but he didn't dare to refute. He was angry, but he couldn't show it. For a moment, he felt really uncomfortable!

Nasby and Bobby looked at each other. When they were in kirrlutz, how would Fernandes dare to speak to them like this?

However, it was completely different now!

They did not even have the courage to speak when they saw Fernandes!

Nasby could not help but look at tallu with a hint of resentment in his eyes. Didn't they agree to let them be cannon fodder? Why was it like this?

"Haha...Haha...Fernandes, you really know how to joke!"

Dale had no choice. As the boss, a boss who had lost all his prestige, he could only force himself to come forward.

Otherwise, his subordinates would probably abandon him immediately.

"We don't have any intention to deal with you. Besides, Fernandes, you know that we don't have the strength to threaten you at all. How could we have the courage to come and make things difficult for you?"

Talu's heart was bleeding when he said this. He had to give face to the boss!

He was completely finished!

However, now that he had lost everything, he couldn't care about his face anymore!

"Yes, yes, yes! Boss talu was right! We're no match for you, so how could we possibly harm you?"

Nasby nodded his head like a chicken pecking at rice, agreeing with what talu said.

It wasn't that he wanted to agree, but the key was that if he didn't say this, he wouldn't be able to get himself out of it!

Boss talu was not a kind person. He might just turn around and sell him out. It was better to draw a clear line between them first!

Bobby also had the same thought. The two of them were usually not very smart, but when they encountered this kind of thing, they quickly thought of it. "Yes, yes! We definitely don't want to follow you and treat you as ..."

Dalu almost peed in fear. He slapped Bobby's face and interrupted Bobby's words!

If this stupid bird were to say that Lin Yi's team was cannon fodder, they'd probably be the ones turning into ash!

"All of you, shut up! When I'm talking, do you have the right to interrupt?"

Dalu's heart was burning with anger. He slapped Bobby and kicked him twice!

Bobby was dumbfounded. He didn't understand how he had offended boss talu.

On the other hand, Nasby understood a little. After all, he was a bystander, so he did not block the tower Road!

"Haha ... Bobby isn't sensible and just casually said something. Don't take it to heart!"

Talu turned around and smiled again. "We just want to complete the task assigned by the Holy envoy, so we followed you to this Palace ... Don't worry, we know our own limits and will definitely not fight with you for anything!"

"We just wanted to follow you to see The Kraken king's palace. If there's any trash that you don't want, we'll collect some as a memento!"

Talu's words were extremely weak. He was really putting himself on the ground to be trampled on!

Lin Yi didn't even look at ta Lu, his attention still on the tablet. He waved his hand casually. "Don't worry about them, just let them stay in the corner! If they make a ruckus, kill them!"

Chapter 7607 Way To Open It?

Lin Yi wasn't sure if Saint soyatu was monitoring this place, so he couldn't just kill talu and his men.

However, tallu and the others took it seriously!

All of a sudden, their faces changed. Without fernÃ¡ndez's order, they tiptoed to the corner of the hall and covered their mouths with their hands, indicating that they would not make any noise!

Seeing the regretful look in the eyes of ardiablo and Fernandes, Taru actually felt a little proud.

Hmph! You want to use this excuse to deal with me? I won't fall for your tricks! He wouldn't make a sound even if he was killed!

On second thought, if he was really killed ... What difference would it make if he made a sound?

Lin Yi couldn't be bothered with these nobodies. He walked around the wordless stone tablet a few times and stopped, frowning as if he was in deep thought.

In reality, he was using his consciousness to communicate with the ghostly thing.

"Senior ghost, can you help me take a look? is this stone tablet the core of some formation or mechanism? Is there any way to break it?"

The ghostly thing was still playing with the nine neonate as it beat it up, like a child who had just gotten a toy. It was so excited that it even put down its research on the space Array technique.

He looked at Lin Yi half-heartedly and replied casually, "I can't tell. It seems to be, but it also doesn't seem to be. You can study it again. I believe you. You can definitely solve the problem!"

Lin Yi's mouth twitched. Was there a need to be so half-hearted?

And you still believe that I can solve the problem ... Senior ghost, how am I supposed to believe you?!

Was it really so fun to beat up the nine infants? Why don't I go and beat him up to relax my mood?

If the nine neonate knew what Lin Yi was thinking, it would be in tears. You're beating me up just because you're relaxed? Have you ever considered my feelings?

Did nine heads mean he didn't care about his face?

Lin Yi didn't interrupt the ghostly thing's fun and continued studying the wordless stone tablet.

The attitude of the damn thing just now seemed to be unreliable, but in fact, the words he said were quite reliable. If he couldn't see it at first glance, it meant that he was really not familiar with it.

So Lin Yi had to do the research himself ...

To be honest, Lin Yi already had some ideas when he looked at the wordless stone tablet!

If there were no words, then he would just write some words!

Perhaps the three words on the plaque at the entrance of the hall were the key to opening this stone tablet!

If he could use his divine sense to form those three words and engrave them on the stone tablet, he might be able to activate some of the secrets in the hall!

"Captain number eight, did you think of something?"

Mike had been paying close attention to Lin Yi's expression the whole time, and when he saw the smile on Lin Yi's face, he immediately leaned over and whispered, "Do you need my help? If there's anything I can do, I'll let you know!"

In the entire team, only Mike dared to talk to Lin Yi like that. The others respected Lin Yi and would only do things when Lin Yi asked them to.

"No, I still can't find any clues. Let's continue looking!"

Lin Yi shook his head. He had an idea, but it wasn't the time to tell Mike and the others.

First, he wasn't sure if Saint soyatu was monitoring this place, and second, Lin Yi only condensed one word with his spirit sense-he'd need time to form the other two if he wanted to engrave the wordless stone tablet.

Saint soyatu was starting to get a little worried, and he'd shown it on the phone with the Emperor.

"Your Majesty Sage Emperor, based on the time, they should have already reached the Crystal Palace. I wonder if they'll be able to enter the ruins and successfully pass through!"

Saint soyatu rubbed his forehead and continued, ""I hope they can perform well! Otherwise, it'd be such a pity!"

"There's nothing to feel pity about! Since it's an experimental body, it should provide experimental results!"

"Besides, there's quite a number of people this time," the sage Emperor said indifferently. "There should be a chance!" Even the weakest of them has reached the requirements to enter the ruins, so with the advantage of numbers, the success rate will be much higher!"

"Your Majesty Sage Emperor is right! I'm overthinking it!"

Saint soyatu bowed slightly and continued, ""It's a pity that the sixth level can't be monitored. It would be great if I could see the progress. Now, it's all dark. I'm really anxious waiting!"

Lin Yi didn't know that Saint soyatu was worried because he couldn't monitor him. After spending a few hours, he finally finished condensing the last two words.

Lin Yi would recover if he used up too much energy, and then continue to recover ... It was a long time!

Lin Yi couldn't help but exclaim at how powerful The Kraken King was-he'd almost made him collapse with just three words!

He had worked so hard to get it out, so he hoped it would be useful!

If The Kraken King could hear Lin Yi's thoughts, he'd probably jump out of his coffin in anger!

Why did I just casually write three words?

When these three words were formed, the unit of time here was years! It was the year! It was the year!

Important things must be repeated three times!

Who had ever seen someone who could prepare three words in two hours? That was not a human at all!

"Captain number eight, have you finished your research? If there's no other way, we can go somewhere else. Maybe we can find some valuable clues!"

Mike was bored waiting. There were so many people on the tower Road. How nice would it be if he could get a few to play and fight?

Unfortunately, those guys were as smart as monkeys. Lin Yi didn't say anything, just covering his mouth and not moving, in case they found an excuse to kill him!

"Really! This sea serpent King was too unreliable. He had attracted people here but did not give any hints! What should we do?"

Fernandes could not help but complain,""If the sea serpent King was half as reliable as our Captain, no, no, no, even if he was only one-tenth reliable, he wouldn't have made such a mistake!"

Morris and the others were stunned. He could even lick it? Fernandes's bootlicking nature was really deep in his bones.

"Fernandes is right. When I was on the other levels, not only did I receive Messages from the Sea serpent King, I could also feel a faint connection with the messenger."

"But when we reached the sixth floor, that vague feeling was completely cut off!" Could it be that the sea serpent King doesn't care about us when we arrive at the palace? Captain, why don't we do as Mike said and go to other places to take a look?"

You're the sea serpent King's person after all, so you should at least treat him well when he's home, right? What's the matter with leaving him in the hall?

Did he have to force people to tear down the house?

Lin Yi's heart skipped a beat-he'd never received The Kraken King's message before, so he didn't think much of it.

Now that he thought about it, that was clearly a trick by central!

The Saint had already said that the fifth level was to rehearse the situation on the sixth level, so there was no message.

Chapter 7608 Sudden Wave Of People

And if the sixth level couldn't receive the message from the center, could it be that it really couldn't receive it?

In other words, even if the center wanted to monitor the sixth floor, they had no way to do so?

Lin Yi's mind cleared up as he followed this train of thought. He'd guessed that the sixth floor wasn't done yet, and this confirmed his guess!

Since that was the case, there were many things that he could do without having to worry too much!

Lin Yi's eyes swept across talu and the others in the corner. If he wanted to play it safe, he could try killing a few of them and see if Saint soyatu would intervene.

However, Lin Yi wasn't that cold-blooded. Killing people who couldn't fight back wasn't in his character.

Of course, if ta Lu and the others came to mess with Lin Yi again, it was fine if he killed them.

He turned back to look at the wordless stone tablet and smiled faintly. He decided to just engrave the three words he'd condensed with his spirit sense on it!

He was really looking forward to the results!

Just as Lin Yi was about to attack, there was a spatial fluctuation in the hall, and six people suddenly appeared in the corner where they were at!

"Who are you people? Why are you here?"

The leader of the six-man team was about twenty-six or twenty-seven years old. When he saw so many people in the hall, he was also shocked. His face immediately sank and he shouted coldly, "Answer my questions honestly, or you'll all die!"

Lin Yi blinked. What was going on?

Weren't these six people sent by central?

If he was from central, he shouldn't have such an expression, right?

Lin Yi was very sensitive to spatial fluctuations, so he noticed the six-man team immediately. His spirit sense locked onto them even before they appeared.

At the same time, he also had a clear understanding of their strength. Xuanji was at the peak of the early stage of mysterious Ascension, one was at the early stage of mysterious Ascension, and four were at the peak of the nascent soul realm!

The peak of the early stage of the mysterious Ascension realm was the man who spoke, and the one in the early stage of the mysterious Ascension realm was the only young woman.

This kind of strength, without Lin Yi, was enough to crush everyone in the hall!

Talu thought, "where did this idiot come from? he's acting tough in front of me. I'll die if he doesn't answer!"

Can you even beat Ling-zero-eight in your acting? That was the real acting tough leader!

Just as he was silently criticizing, talu's heart suddenly lit up!

These six idiots didn't look old and should be easy to bully. He could use this opportunity to express his attitude to Ling-zero-eight, so that he wouldn't have to deal with them when he turned around!

"Where did this little brat come from? how dare you compete with your old man, tallu?"

Ta Lu straightened his back, completely forgetting about Lin Yi's ban.

He felt that standing up for everyone was working for Lin Yi, so he should be able to understand!

"You're looking for death!"

The young man's face darkened, and he raised his hand to slap her.

Ta Lu's eyes blurred, and he didn't see clearly at all before he was sent flying.

Fortunately, the young man didn't kill him. He only knocked out a few teeth!

"I'll spare your life for now, and we'll deal with you together later!"

The young man glanced coldly at the tower Road and turned to Nasby. ""Answer my question, or you'll be next!"

Nasby's body trembled, and he instinctively took a defensive posture. Bobby followed up mindlessly. Both of them overreacted, and as a result, the people on tallu's side all took a fighting posture.

Dale felt relieved as he vomited blood. These guys were quite reliable this time. They knew how to support their boss!

If they didn't react at all when their boss was beaten up, then there was no point in being a boss!

"A bunch of useless chickens and dogs dare to show their claws to me?"

The young man sneered and casually shook his head. "Junior Brother Wang, go and teach them a lesson. Don't kill them yet, leave them for later!"

The youngest man among the six replied. He was clearly junior martial brother Wang.

The strength of a peak nascent soul realm cultivator was enough to crush everyone on ta Lu's side.

After all, the strongest among ta Lu and the others had only just advanced to the nascent Soul Stage. Most of them were still in the Golden core stage.

Moreover, these levels were all fake and did not have much combat power!

Junior Brother Wang raised his leg and turned into a Phantom, instantly rushing into the formation headed by Nasby and Bobby.

It was just that Nasby and Bobby didn't have the slightest intention of avenging tallu.

That was completely an instinctive reaction. In the end, before he could withdraw his attack, the other party's attack had already arrived!

We ... Surrender! It's too late ...

Junior Brother Wang didn't give them a chance to surrender. In the blink of an eye, he swept past everyone on ta Lu's side like a tornado and knocked them all to the ground.

And then, Wang wasn't done yet-he charged at Lin Yi's team.

Fernandes and Mike looked serious. They were also masters in the great circle of the original level, but their actual combat power was far less than Junior Brother Wang 'S. So when the other party rushed over, the two immediately joined forces to fight back!

In a two-on-one battle, and with the use of his special ability, he barely managed to tie with Junior Brother Wang!

"Eh? This is interesting!"

The young man's expression changed slightly, and he revealed a playful smile. ""Junior Brother Wang, please come back!"

"Yes, senior brother Liu!"

Junior martial brother Wang did not suffer any losses. He retreated whenever he wanted to, and it was very clean.

Liu looked at Lin Yi's team indifferently. He didn't want to talk to them, but reached out and grabbed ta Lu.

"You seem to be the leader of these people. I have some questions for you, and you'd better answer them honestly. Otherwise, I'll make you suffer a fate worse than death!"

These words were said with a smile, and the tone was extremely gentle, like a spring breeze blowing on the face. However, when it fell on people's ears, it was like frost that could freeze the heart!

Tallu trembled and almost cried!

Who did I offend? Why was it that people were acting tough everywhere they went?

There were so many experts in the world? Or did I encounter the only ones?

"What's wrong? Do you really want to try that feeling?"

Senior brother Liu squinted his eyes in displeasure when he saw talu's sad face. His pupils were already flashing with a dangerous light.

"I don 't! Just ask me what you want to know, I'll tell you everything I know!"

Talu hurriedly shook his head and nodded. He didn't know what he was doing, but he just wanted to keep his life.

"Same question. Who are you and why are you here?"

Senior brother Liu frowned slightly. He felt that the person he had found seemed to have a bad brain, so he was considering whether he should ask someone else.

Ta Lu didn't dare to hesitate this time-he told them everything he'd experienced, including Lin Yi's team's strength!

The more senior brother Liu listened, the more confused he became. Nine-story glazed Pagoda? What the hell? He had never heard of it before!

Chapter 7609 Ancient Hidden Sect?

The treasure of the sea serpent King and the Sea serpent King's kin ... Could this bastard be a storyteller who made up nonsense after being caught?

"Do you really want to die?"

Senior brother Liu's expression was ugly. He snorted coldly and said,"Or do you think that we don't even know where we are, so you can make up some nonsense to fool us?"

"I don't dare, I don't dare, I'm just telling the truth!"

Talu wanted to cry but had no tears. I won't be the boss in the future. Can you be the boss?

Boss, tell me, what kind of story do you want to hear? Give me the script, I'll personally act it out for you, okay?

"You're still telling the truth!"

Senior brother Liu shouted, "this is clearly a historical site in The Endless River of the ancient Jianghu. You can make up anything, but you actually said that this is the sixth floor of the nine-story glazed Pagoda?!"

"You even made it up so well. If I didn't know it very clearly, I would have believed you!"

Lin Yi was taken aback by the words. This was the ancient Jianghu?

The Endless River ... He had never heard of it, but the trial ground had indeed appeared before. There was nothing wrong with saying that this was the ancient martial world!

The problem was ... Where did these people come from? He had the strength of a xuansheng stage cultivator at such a young age. In the past, the small world of the immemorial era did not have such a standard!

"Are you all from the small Jianghu of the ancient times? I've heard of that place before, but I didn't expect to see someone from the ancient martial world today!"

Lin Yi took a few steps forward and cupped his hands with a smile. "May I know which sect you are from? I've heard of the ancient martial world and know a little about it. I'm very interested in knowing everything about it. "

Liu raised his head arrogantly, as if he was satisfied with Lin Yi's admiration. He didn't want to talk to Lin Yi, as it would be beneath him.

On the other hand, the young lady at the early stage of the mysterious Ascension realm had a good attitude. She smiled and returned Lin Yi's greeting, "From what you've said, you don't seem to be from the small Jianghu of the immemorial era? If I'm not wrong, you guys should be from the secular world, right?"

Lin Yi's group's clothing was completely different from the six-man team. The ancient martial world was connected to the secular world, but their clothing hadn't changed much. However, people from the ancient martial world could recognize the clothing of the secular world.

"Indeed! Young lady really has good eyesight, may I know your name? How should I address you?"

In order to get more information, Lin Yi was really polite and gentlemanly.

It was a pity that red dust manifestation had changed his appearance and temperament. If he had his original appearance, this woman might have a better impression of him.

"My surname is Lin, and my name is Lin Yuchen. You can call me by my name!"

"We're the disciples of the ancient hidden sect, bitter wisdom sect. This is my senior brother, Liu Yidong. He brought us here to train in these remains!" Lin Xi Chen said with a smile.

"Junior Sister Lin, why are you talking so much with this kind of person?"

Liu Yidong was clearly displeased-he felt like he was losing face talking to Lin Yi.

Lin Yi didn't pay attention to the guy, but he was surprised.

There were hidden sects in the small ancient martial world? Weren't there only four big and ten small ones?

The time he had spent in the immemorial little pugilistic world was too short and he did not understand the entire place thoroughly!

He had thought that he had already United the entire ancient martial world. Now, he knew that there were even more powerful hidden sects that had yet to surface!

The peak nascent soul realm cultivators in the ancient martial world were already at the level of old masters. If Lin Yi didn't appear and break this situation, who knew how long this would last?

But what Lin Yi didn't know was that it wasn't hard to break through to peak nascent soul in the hidden sects of the ancient martial world.

For example, two of the disciples from bitter wisdom sect were already xuansheng stage experts!

"Miss Lin, forgive me for being presumptuous, but I've heard of the four big and ten small sects in the ancient martial world, such as Qingyun sect, skyward sect, and so on. Your kuhui sect ... I've never heard of it!"

Lin Yi ignored Liu Yidong. That guy's nostrils were all on his head, how could he be as friendly as this girl from Lin Yi's family?

"It's normal that you've never heard of it. Otherwise, how could it be called a hidden sect?"

Lin Xi Chen smiled and comforted Liu Yidong in a low voice. She then continued, "The hidden sects usually don't get involved in the normal ancient sect's matters, and they basically don't enter the world. At most, they'll send disciples like us out to test ourselves, like this ruin!"

After saying this, he paused for a moment before asking, ""We were too busy talking about us to ask for your name."

"Ah ... I'm Ling-zero-eight, and these are my teammates!"

Lin Yi thought that they were from the same family, but he could only continue with the Ling surname. "Miss Lin, you can call me old eight. My teammates like to call me that too!"

Fernandes thought to himself, who would like to call you that? There's only that silly Mike, alright? I've always called you thigh ...

"Then I'll accept it. Eighth brother, did you really enter the nine-story glazed Pagoda from the secular world and then break through to the sixth floor to come here?"

Lin jingchen chatted with Lin Yi patiently for a long time to confirm what ta Lu said.

It was obvious that Lin Yi's team and ta Lu were two different groups of people-if they were one, Lin Yi's team would've helped him when Wang Shidi attacked!

So it shouldn't be a problem to get Lin Yi to test the tower Road!

Lin Yi smiled and nodded,"that's true. Tallu's basically right!" Actually, I'm very curious. You guys came here through a teleportation array, right? Can we leave through the teleportation formation?"

The ghostly thing was extremely interested in spatial teleportation formations, but neither he nor Lin Yi noticed the teleportation formation they just used!

Was his level too high? Or was it hidden too well?

"It's a one-way teleportation formation. You can only enter, but you can't leave ..."

Liu Yidong impatiently interrupted Lin Xi Chen before she could finish her sentence.

"Junior Sister Lin, why are you talking so much to him? Stop wasting time!"

Liu Yidong raised his chin arrogantly and looked down at Lin Yi. "No matter what you're thinking, stop! This is not a place you should be!"

He paused for a moment and then said in a charitable tone, ""You weren't qualified to come here, but since you're here, I'll give you a chance. All of you, submit to us!"

The trials in the ancient ruins were not without danger. Many disciples of the hidden sects in the small Jianghu of the immemorial era had died because of these trials. It was just that the news had not spread.

The reason why Liu Yidong wanted to take in the people in the hall was to use them as cannon fodder!

With cannon foddors scouting the path, the danger in the ruins would be greatly reduced.

From his point of view, these original infant stage cultivators wouldn't dare to disobey him. If they didn't, he would kill them!

Sure enough, as soon as Liu Yidong finished speaking ...

"Your Excellency Liu Yidong! I'm willing to submit to you!"

Talu rolled his eyes and surrendered to Liu Yidong first. ""From now on, I, talu, will be a loyal subordinate of His Excellency Liu Yidong!"

Chapter 7610 You Want To Submit

Seeing how strong Liu Yidong's group was, ta Lu felt that Lin Yi's team was no match for them!

They were from some small ancient martial arts sect, and they were even stronger than original infant Stage practitioners-their combat ability was unquestionable. How could Lin Yi's side be stronger than them?

Just look at Lin Yi's side, two of his followers were no match for an ordinary peak nascent soul realm disciple, let alone Liu Yidong himself.

Therefore, the final result was that the people in the hall would either surrender or be killed by Liu Yidong and the others. There was no third way.

Since that was the case, being the first to surrender would not only not be a disgrace, but would also be valued!

If Lin Yi's team really didn't know what was good for them, then talu could use this chance to help Liu Yidong get rid of Lin Yi's team!

"You're quite tactful! You know the benefits of submitting to us! Don't worry, I won't mistreat you!"

Liu Yidong smiled faintly with a hint of disdain at the corner of his mouth.

He really didn't take someone like Dale seriously. Even as cannon fodder, he was just the most ordinary cannon fodder and couldn't be of much use.

Lin Yi's team, on the other hand, was obviously much stronger-there might be some trouble in the ruins that he'd need them for.

"Many thanks! Your subordinate will serve you wholeheartedly!"

Talu was overjoyed, thinking that he finally found someone he could rely on. He didn't have to be afraid of Lin Yi anymore, and so he turned to him with a taunting look.

If Lin Yi's team surrendered as well, they'd probably be more important than ta Lu-he was already thinking of how to piss Lin Yi off, or maybe even piss off the others. It'd be best if they turned on him right now!

"We also choose to submit!"

Nasby and Bobby didn't think too much. Since tallu had surrendered, they had no reason to hold on.

Therefore, this second-rate player was directly incorporated into Liu Yidong's team. Then, the remaining people on the tower Road all expressed their submission. In the blink of an eye, all of them became Liu Yidong's subordinates!

Then, everyone's eyes turned to Lin Yi's team. Only the thirteen people from Lin Yi's team remained silent in the hall-they didn't seem to fit in!

Mike and Fernandes naturally did not think that Liu Yidong could be more powerful than their Captain. In their opinion, their Captain was invincible. Even if Liu Yidong wanted to submit to their Captain, he would have to get the captain's approval!

They were just that confident.

"What's wrong? Are you guys planning to go solo?"

Liu Yidong looked at Lin Yi with a half-smile, his eyes full of mockery and disdain. He didn't even try to hide it,"With just the few of you, do you think you can resist us?"

"The road is facing the sky. We'll each take half of it. You do your own things and we'll take our own paths. We won't interfere with each other. Is there a problem?"

Lin Yi smiled faintly and shook his head. He didn't want to cause trouble for the man,"Or ... Does this Crystal Palace belong to your family? Only you guys can do it, and no one else can?"

Liu Yidong's face darkened and he snorted coldly. ""Don't be so ungrateful. I've already said that you don't have the right to enter these ruins! If you know what's good for you, then submit to me. Otherwise, I don't mind helping you remember!"

"This person is the most stubborn and doesn't know his limits, Your Excellency! I should just teach him a lesson! As long as we beat him into submission, the others will be easy to deal with!"

Talu rolled his eyes and immediately put on a flattering smile. He approached Liu Yidong and began to fan the flames. "Although this Ling-zero-eight has some strength, he's nothing in front of you. You can kill him with just two fingers!"

Liu Yidong didn't think much of ta Lu, but his words made him feel a little comfortable.

The hidden sect's disciples rarely came out, and they had little contact with people on normal days. Just a few words of flattery from ta Lu made him a little arrogant!

"What you said makes sense! Since they don't know what's good for them, I'll teach them a good lesson!"

Liu Yidong's eyes were filled with pride. He nodded slightly and said, ""One move! I'll make him kneel and beg for mercy in one move!"

As a peak early mysterious Ascension realm expert, one move was naturally enough to deal with a peak nascent soul realm cultivator!

It would be embarrassing if he used it too much!

"Senior brother Liu! Don't cause any more trouble!"

Lin Xi raised her hand to stop him. She then approached Liu Yidong and said in a soft voice, ""Those people are quite strong, but not enough to be a threat to us. There's no need to start a conflict with them."

"If we act now, we'll only be forcing them to fight us to the death. Driving a dog into a poor alley will only make it so that it's desperate that it'll do something crazy. Even if it won't pose too much of a threat to us, it'll at least have an impact! We haven't entered the ruins yet, so it's best to preserve our strength. "

"In addition, let them remain independent and enter the ruins with us. They can also help us explore the way. This is beneficial to us, so why not? Does senior brother Liu really think that they can take away the good stuff they found under our eyes?"

Liu Yidong's eyes lit up, and he immediately agreed with Lin Xi Chen's words!

However, letting Lin Yi go just like that seemed to be losing his dignity!

"Senior brother Liu is broad-minded and kind. I'm not going to argue with you!"

After Lin Jingchen finished talking to Liu Yidong, she turned around and raised her voice as she smiled at Lin Yi, "Old eighth, what you said makes sense. This monument doesn't belong to us. Naturally, we can't drive you away or force you to obey us. In that case, we'll just do what we want!"

The corner of Dale's mouth twitched. That wasn't what they said just now!

Why are you doing this? Why is it that after threatening us, he's so generous to Ling-zero-eight?

Liu Yidong was the only one who had heard Lin Xi 'Chen's words. Although the tower Road was beside them, he still hadn't heard it clearly.

"Miss Lin is so righteous! If that's the case, then I'll have to thank you!"

Lin Yi smiled as he cupped his hands, a hint of mockery in his smile.

Ta Lu didn't hear him, but Lin Yi's spirit sense was strong. Every inch of space in the hall was covered by his divine sense. No matter how quiet Lin Chenchen was, she couldn't escape Lin Yi's ears.

They wanted Lin Yi to be cannon fodder? It was really hard to say who would be whose cannon fodder in the end!

HM ... It didn't seem like there was anything he couldn't say. Just two xuansheng stage juniors, what could they do in front of Lin Yi? They were definitely cannon fodder!

"If Junior Sister Lin didn't put in a good word for you, I would have taught you a good lesson today. I'll let you know that the people from our hidden sect are not to be trifled with!"

Liu Yidong probably felt that he didn't keep his word and was a little embarrassed, so he wanted to say a few harsh words to save some face.

It was a pity ... The threat didn't make any sense at all, like some primary school kid threatening each other. Lin Yi couldn't be bothered with it.

"Mr. Liu Yidong, I wonder how to enter the remains? We've been here for a long time, but we still can't find the door! Ling-zero-eight and the others studied it for half a day, but they still couldn't find any clues. "

Talu knew that they couldn't fight anymore, so he gave up on attacking Lin Yi and turned to Liu Yidong, hoping to get attention,"These idiots. Even a dozen of them can't even compare to one of His Excellency Liu Yidong's fingers. If your Excellency were to make a move, you would definitely be able to enter the ruins immediately, right?"
