

Bodyguard 7631

Chapter 7631 You Go And Make An Appearance

Under such circumstances, the puppet would naturally not be damaged, and there would be no chance for it to reassemble and increase its strength!

The puppet, which had been maintaining the lowest level of battle power, was unable to break through the defensive circle of bitter wisdom sect, ta Lu, and the others in a short time. This was why it had the advantage and had not killed or injured anyone!

Lin Yi couldn't see through this strange situation, but Mike was right!

It was only then that Lin Yi realized ... He'd been using his clones to fight, and if they weren't that strong, he wouldn't have to keep replenishing them ...

"Mike, you're right! These puppets seemed to grow stronger when they encountered stronger opponents and weaker when they encountered weaker ones! If we had known earlier, we should have also attacked just now to try!"

"The captain is taking such good care of us," he said. "I don't know what we should do if the captain leaves us."

"Bah! What are you talking about, aedanpolo? You don't like the captain taking care of us? Then you can go and fight the puppet now! I definitely won't drag you down!"

Fernandes snorted and said, "besides, I, Fernandes, will definitely follow the captain. Wherever the captain is, I will be there!" How could he have been separated from the captain?"

"Fernandes, are you a dog skin cream? I won't let go of Captain eight!"

Mike scolded with a smile before turning to Lin Yi. "Captain number eight, what do we do now? Do you want to wait here and see the situation before deciding, or do you want to go help them?"

There's no danger in watching a show, it saves me a lot of trouble!

However, Mike wanted to help in his heart, not because he had any moral values for bitter wisdom sect and talu, but because he wanted to test his skills!

It was not easy for him to reach the mysterious Ascension stage and obtain the sea serpent King's inheritance. He did not lack any martial arts techniques or weapons. If he did not go and fight, he would feel that he had made a loss!

"Why should I help them! Just let them die, they're not good people anyway!"

"If they all die, there will be fewer people to share the benefits ..." Fernandes said, pouting.

Mike was speechless. What else does your brain have other than benefits? Tell me, what else is there?

Lin Yi didn't really mind-the people inside didn't have any intimate relationship with him, so it didn't really matter if they died or not.

"Right. Captain number eight, can you control these golems?"

Mike suddenly remembered that Lin Yi had already taken control of the puppet army. If he were to do it again, wouldn't he lose the chance to attack?

Lin Yi wasn't sure, so he tried using the sea calming Pearl ... It didn't work!

The puppet army here was different from the one in the palace. The sea-controlling ability of the sea-calming Pearl was useless against them!

"It doesn't seem to work. If I want to save them, I have to do it myself!"

Lin Yi shook his head."You've all seen how terrifying the puppet army is. You guys decide if you want to help them or not."

Everyone looked at each other and hesitated for a moment.

It wasn't that they were afraid of danger, but these people from bitter wisdom sect and ta Lu were enemies and not friends to Lin Yi's team. Was it worth it to risk their lives for these people?

"Tell me your opinions! There's no need to worry!"

Lin Yi looked left and right-this team was becoming his one and only team now, and he needed to get them all involved when he had the chance.

"Captain, I think ... We can go and save them!"

Morris hesitated for a moment before saying, ""We, the sword of sanctions Knight Association, uphold the spirit of the knight. We should give a helping hand to those in danger! Even if the other party is an enemy, we can still have a fair duel after we save them!"

Lin Yi's mouth twitched, thinking that this was just a joke!

If you have time to do such a boring thing, you might as well eat and sleep for a while!

"Captain, I don't agree with President Morris 'opinion. Since they're our enemies, it's already very kind of us not to hit them when they're down. Why should we risk the safety of our teammates to save the enemy?"

Adianpolo expressed his opposition, ""The enemies we saved won't be grateful to us. They might even stab us in the back when we save them!"

There had always been enmity between ardiapolo and talu. It was indeed a bit difficult for him to put aside his enmity and take the risk to save talu. After all, not everyone agreed with Morris 'chivalry!

On the contrary, most people in the world would hold onto the same idea as him. It would be kind of them not to take the opportunity to step on him. In your dreams!

The others were divided into two sides. The members of the sword of sanctions supported Morris, while Chris supported adianpolo.

Only Fernandes, Mike, and Serena remained neutral.

"Aren't you three going to tell me?"

"Everyone's expressed their opinions, you guys should express your opinions as well. "Lin Yi called out names directly.

"Captain, my attitude is to listen to you! Whatever the captain said! If you point to the East, I won't go to the West. If you say that I'm going to heaven, I won't go to the ground even if I die!"

Fernandes patted his chest hard and said it better than he sang.

Mike rolled his eyes and said, "you just don't want to help, right?" It would be best if they all died! Yet, he slyly said that he would listen to Captain eighth brother!"

"Nonsense! I'm telling you the truth. Mike, how can you slander me?"

Fernandes said indignantly, ""As long as Captain says to go help, I'll rush up immediately without a second word!"

"Well ... Fernandes, you go first!"

Lin Yi muttered to himself, wanting to tease fernández. "You go and make an appearance. We'll take a look at the situation and come back soon!"

"Ah?"

Fernandes was dumbfounded. Captain, what do you mean? You want me to fight the puppet army alone? This, this, this ... Am I going to die?

"What's with the "ah"? Didn't old eighth's Captain tell you to go first without saying a word? What are you waiting for?"

Mike tried to hold back his laughter, knowing that Lin Yi was joking. He played along and continued to provoke fernández.

Fernandes looked at Lin Yi's expression ... He didn't seem to be joking! Are you really going to rush up and die?

It seemed like he had to listen to his big brother ... So be it if he died!

Fernandes encouraged himself in his heart. Then, he took the first step forward with an aura that was not afraid of death!

"Aiyo! Aiyoyoo!"

Fernandes, who had just taken his first step, clutched his stomach and shouted, ""Captain, my stomach hurts! It hurts, it hurts! Captain, don't worry, I can do it! I can go!"

As he called out, he peeked at Lin Yi's reaction ... There was no reaction ... Fernandes could only brace himself and take a second step!

"I can 't, I can' t! It hurts!"

A thin layer of sweat squeezed out of Fernandes' forehead, which looked quite real. "You don't have to stop me, I can do it! I can do it ... Ouch! It hurts so much, I can't take it anymore ..."

Chapter 7632 I'll Save You Guys

Lin Yi didn't know whether to laugh or cry-this bastard fernández, did he have to be so dramatic? It was simply an eyesore!

It was so embarrassing that they were going to get cancer!

"That's enough ... Fernandes! Since your stomach hurts, don't force yourself!"

Lin Yi shook his head, too lazy to expose the guy's acting. "Everyone, get ready. We'll attack together later!"

He wanted to object, but he opened his mouth and didn't say anything.

Lin Yi had unparalleled authority in the team-he could still express his opinion before he made a decision, but once Lin Yi made a decision, he'd follow Lin Yi's orders no matter what!

"Dianpolo, Chris, did you notice a stone tablet over there with your divine sense?" he asked.

Lin Yi didn't want the two to have any grudges, so he explained, "There are words on it. You might not recognize them."

With Lin Yi's reminder, not only did the others notice the tablet, but they also did.

In the entire remains of the sea serpent King, the stone steles played a very important role. For example, the wordless stone stele in the hall and the sea controlling stone stele in the group of palaces!

The tablets here weren't meaningless, but as Lin Yi said, they didn't know the words on the tablets.

"Let me explain it to you. The sea serpent King left a message on the stone tablet. It roughly means that if we want to find the exit out of the ruins, we must work together and support each other!"

Lin Yi raised his eyebrows, as if he didn't think much of the words on the tablet. "Those who enter the ruins on the same day must all survive to open the exit. If someone dies, the opening of the exit will be delayed by a year for every person who dies!"

All the team members were stunned. What the hell!

What kind of logic was this? If one person died, they would be trapped in the remains for another year?

The people from Tower Road were all trash, but there were over 80 of them. Adding on the people from bitter wisdom sect, there were nearly 90 of them!

If they were all dead, wouldn't Lin Yi's team have to wait 90 years before they could leave?

Ninety years ... Even a daylily would have turned cold!

Everyone's strength had increased significantly, and their lifespans had increased by a lot. They could live up to ninety years without a problem, but Lin Yi couldn't!

After ninety years, when he returned to the sub-Island, the body that he had reconstructed would probably be nothing but slag!

It wasn't just his body, but the people he cared about as well ... Under Central's coveting, it would be good enough if he could live for nine years!

"Captain, say no more. Let's hurry up and help!"

Who the hell wanted to stay here for 90 years? He would go crazy even if he didn't die!

"That's right! Captain, how do you think we should fight?"

Kris's eyes were also burning with battle intent. This was not to save talu and the others, but to save herself!

The meaning was completely different!

"Form the battle formation like before!"

Lin Yi waved his hand, signaling everyone to split into four groups again. "Your strength has greatly increased, and you're already much stronger than those puppets in a one-on-one fight. When you join forces, your power will increase even more."

"That's why I want you all to control your power properly. Don't act recklessly! You all know the characteristics of the puppets. The more dead they are, the stronger they will be after they reform. Try your best to defend, but don't break the puppets!"

"Form a formation and advance. We'll meet up with the people from bitter wisdom sect and Tower Road, then we'll find an exit and leave!"

Lin Yi paused for a moment before adding, "Don't count on my doppelgangers to help. I used up too much energy before and my doppelganger's power is almost at its limit. At the most, I can only use one or two doppelgangers to save the situation! I don't have any more!"

Since he'd decided to have them all go through some trials, Lin Yi couldn't just keep using clones to protect them.

He had explained it in advance so that they could be prepared and not be negligent because they thought they had a trump card.

"Don't worry, Captain. We can handle it!"

Fernandes patted his chest and laughed heroically. "These puppets are nothing. We're not going to destroy them. They can't do anything to us if we just defend ourselves!"

"It's good to be confident! Without further delay, let's go!"

Lin Yi waved his hand and charged out first. The rest of them split into groups of three and followed Lin Yi in four different directions, charging at the puppet army outside the tunnel with killing intent!

The puppet army noticed the new team and immediately sent a part to block Lin Yi's team.

As soon as the two sides came into contact, Lin Yi's team was like a hot knife through butter, easily blowing away 50 to 60 puppets.

The most important thing was that the puppets that flew away were completely unscathed. After landing, they could roll around and immediately rejoin the battle!

Without restructuring, its strength would not increase. If a Yuanying stage puppet wanted to fight against a xuansheng stage battle formation, it would have to be supported by a more Advanced Battle formation.

Unfortunately, these puppets didn't have the support of such a formation, and they couldn't use their numbers advantage at the moment. They could only let Lin Yi's team push through the wind and waves!

"Liu Yidong, you little brat, and tallu, you big stupid bird. I'm here to save you. Why don't you hurry up and thank me?"

The Fernandes people had not arrived yet, but they were already shouting.

The morale of the people from tallu was immediately boosted. Regardless of whether tallu was dumb bird or not, it was a good thing that someone had come to save their lives!

Only Taru was very unhappy. He was in a very complicated mood. He cursed Fernandes in his heart, "you're the stupid bird! Your whole family are stupid birds!"

But seeing Lin Yi's team charging at him like a hot knife through butter, he felt a little more at ease.

He'd been beaten up so many times, and he had faith in Lin Yi's strength!

Liu Yidong and the others from the bitter wisdom sect had completely different perspectives from Lu's group-they were all shocked when they saw Lin Yi's team!

How long had it been since they separated? How could this group of people all be at the xuansheng stage?

Although he was still very young in terms of using his strength, the battle formation he formed was quite powerful!

"Senior brother Liu, isn't the path they're taking the right choice?"

Lin Yuchen felt the pressure on him lessen. He took a deep breath and said in a low voice, "To be able to reach the mysterious Ascension stage in such a short period of time, the strength of four of the stages is not inferior to yours, senior Liu! It's obvious that he's obtained a great opportunity from that one!"

Liu Yidong rolled his eyes and felt depressed.

Do I need you to say that? I'm not blind!

To be honest, Liu Yidong was really regretting it now!

She should've walked towards Lin Yi!

However, he didn't know that it didn't matter where he went. He was destined to be surrounded and attacked by the puppet army!

"They're pretty lucky! We can't be envious!"

Liu Yidong seemed to be very indifferent. He smiled calmly and said,""With their help, this crisis should not be a problem!"

Chapter 7633 Be Careful Not To Die

Lin Xi Chen glanced at Liu Yidong and wondered why senior brother Liu was so open-minded.

We're all disciples of bitter wisdom sect, and we've known each other for so long, only a ghost would believe you!

Although she said that she couldn't be envious, she was actually jealous and hateful, right?

Act, continue acting!

Liu Yidong's mouth twitched. Junior Sister Lin, what kind of look is that?

Alright, I'll just pretend I didn't see it!

Lin Yi's team was already in front of them as the two were mumbling.

Lin Yi's team quickly got into a defensive formation, protecting the kuhui sect and ta Lu's group.

"Eighth brother, thank you for your help! We can't thank you enough!"

After all, Liu Yidong was a disciple of a hidden sect in the ancient martial world, so he still had to maintain his demeanor. He cupped his fists and said solemnly, "Liu Yidong will never forget brother eighth's help this time! I'll definitely repay you in the future!"

"Senior brother Liu is right! It's not just senior brother Liu, all of our bitter wisdom sect's fellow disciples are also grateful to you!"

"If there's a chance, eighth brother, please come to our bitter wisdom sect as a guest. Liu and the others will welcome you with open arms!" Lin Xi Chen smiled at Lin Yi.

"The two of you are too polite. Let's not talk about other things first. The urgent matter now is to solve the problem in front of us!"

Lin Yi wasn't interested in talking to them about boring stuff. He waved his hand and frowned. "Fernandes, what are you doing? If you don't get serious, your side will be breached!"

Fernandes was dumbfounded. Captain, are you serious? Anyway, I'm very serious! They didn't find any signs of it being breached!

Talu's head twitched, and he couldn't help but mock, ""Fernandez, you're really a black hole. In your team, you're definitely the lowest trash, right?"

Fernandes's face darkened, and he stared at Dale coldly. ""What did you just say? Try saying that again!"

I, Fernandes, am very angry!

The consequences would be severe!

Talu felt a chill in his heart. He realized that he was a little confused about the situation.

He wanted to give it a try, but he didn't dare to say it out loud. He could only brace himself and say, ""I don't say good things twice!"

Second, your grandmother's butt! Do you believe I'll beat the sh * t out of you?!

Fernández always listened to Lin Yi's every word, so what was Talon?

He was so angry that he wanted to throw Dale into the pile of puppets!

Let's see how you're going to speak nicely to those puppets!

"Fernandes, focus!" He said.

Lin Yi saw the killing intent in Fernandes "eyes and immediately stopped him, "Don't be distracted, it'll ruin our plans!"

The so-called major event was not that the puppet army had broken through the defense line, but that ta Lu could not die!

No matter how trashy he was, ta Lu was one of the people who had come in this time. It was not a pity for him to die. The problem was, if he died, what would they do if the exit could not be opened?

"Yes, Captain!"

Fernandes lowered his head. He had to listen to Lin Yi's words, and he had to make a note of it.

'That stupid talu dared to mock me. When this is over, I'll rub his head on the ground a hundred times, a thousand times!'

Talu's neck shrank. Although he wanted to say a few more harsh words to avoid embarrassment, he still wanted to say something.

However, after Fernandez broke through, his aura was overbearing. Dale was truly a little scared. So, in the end, he just cowered and didn't dare to say a word.

Lin Yi used his spirit sense to scan the area, trying to find a way to stop the puppet army.

The sea defending stele was settled with the sea calming divine Pearl. Since the sea calming divine Pearl did not work on this side, he could only continue to think of a way on the stele.

However, other than the words on the stone tablet, there was no other hint.

Everyone had survived, but if they continued to be besieged by the puppet army, it would be hard to say!

If Lin Yi didn't do anything, Fernandes and the others wouldn't be able to stop the endless puppet army even if they were all in the xuansheng stage.

After all, not everyone was like Lin Yi!

"Brother eighth, we've caught our breath. We can continue to attack!"

Liu Yidong seemed to feel embarrassed to sit and watch the battle. After a while, he asked to participate.

Liu Yidong couldn't accept the fact that he had to hide behind Lin Yi's team for protection.

How could a disciple of bitter wisdom sect be protected by someone from the secular world?

"Heh ... Brother Liu, please go ahead. Just be careful and don't die!"

Lin Yi waved his hand casually and continued observing the tablet with his spirit sense.

Liu Yidong was so angry that he almost exploded!

What did that mean?

Are you saying that I'll die easily? You'll die easily!

Can't you speak nicely? Then ... It seemed like there was no other way. So angry!

Without Lin Yi's team, Liu Yidong didn't know how long his side could last!

So it wasn't wrong to say that Lin Yi's team saved their lives, so they couldn't fall out with them!

Looking at Fernandes, Michael, Adien Polo, and Chris, who were at the mid-stage of the mystic Ascension realm, and Morris and the others who were at the early stage of the mystic Ascension realm, Liu Yidong was even more determined to not fall out with them!

He could only continue to hold his breath ...

"Brother eighth, the battle formation your team members formed is extremely powerful. With them defending, there won't be any problems for a while!"

Lin Xi Chen quickly spoke up to avoid any uncontrollable situations, "We need to take this opportunity to think of a way to escape the siege of these puppets!"

"That makes sense. So, do you have any suggestions?"

Lin Yi turned around and looked at Lin Chenchen. He had a better impression of this woman than Liu Yidong, "If you have any ideas, please speak your mind. We'll put our heads together and have a way to deal with it!"

"I don't have any special suggestions, but we're all in the same boat now, so we need to work together! I remember reading an ancient book in the sect. It said that this training ground is controlled by a mechanism!"

Lin Yuchen organized his words and said carefully, ""The puppet army in front of us is most likely controlled by a mechanism. If brother eighth can find the mechanism and destroy it, we will all be safe!"

"Since you've seen the records, you should already have a well-thought-out plan for the mechanisms. Why do you still want me to destroy it?"

Lin Yi raised his eyebrows and looked at Lin jingchen with a faint smile.

This woman's schemes weren't bad, but she was used to using people as guns, which wasn't very good!

"Brother eight, you misunderstand! If I had the ability, I would definitely do it myself!"

Lin Yuchen was unflustered. He smiled calmly and shook his head. "It's a pity that you know my strength. I'm only as strong as the ordinary members of brother eighth brother's team. There's no chance of winning if I act alone! And brother eighth brother is hiding his true strength. Our lives are all in your hands!"

Chapter 7634 Don't Leave If You Can't

"Ha ... You're really humble!"

Lin Yi's lips curled into a mocking smile, not wanting to waste time with her. "Where is the mechanism you mentioned? How to break it?"

Since no one could die, then let's end this as soon as possible. Everyone, open the exit and leave!

"I ... I don't know!"

Lin Xi Chen's face revealed a rare hint of embarrassment. "The records are not complete. There is only a vague mention of it without any detailed explanation."

Fernandes had been paying attention to the movement on his thigh. He could not help but roll his eyes. "You don't know what to say! Saying half a day is equivalent to not saying anything!"

As expected, one would become a useless person if they were with a useless person like talu!

His thigh was still the best!

Even if there were no clues, he would definitely be able to lead everyone out of this place!

"Captain! Don't waste time talking to them, just kill them!"

Fernandes was extremely proud when he spoke, as if he could take care of everything. ""Let them see our captain's strength!"

Fernandes did not know why the puppets on the sea monolith had suddenly stopped, but he just needed to know that it was the captain who did it!

Since they could do it once, they could do it a second time. With the experience, it might be easier than the first time!

Everyone in Lin Yi's team had the same thought, and so they were all confident!

The reason why the team leader didn't immediately deal with those puppets was probably to let them practice, right? This was definitely the case!

Lin Yi didn't know what the other members were thinking. They really had no way to deal with the puppet army.

Of course, this method of completely destroying the puppet was an exception!

Who knew if opening the exit required the help of a puppet? it was just like when he had entered the sea serpent king's throne Hall, he had needed four puppets to act at the same time.

If Lin Yi had turned the puppet into dust, there wouldn't have been such a huge increase in strength!

"Brother eighth, although I don't know the specific situation of the mechanism, I have some guesses after observing it!"

Lin jingchen was a little embarrassed by Fernandes's words, but she quickly adjusted her mood."Brother eighth, you should have seen the stone tablet by now. I guess the mechanism is on the stone tablet!"

Lin Yi raised his eyebrows. He forgot that the people of the ancient martial world all recognized the Chinese on the stone tablet. Liu Yidong, Lin Yuchen, and the others didn't recognize the Fernandez and the other foreigners!

No wonder Lin Xi Chen was so confident-she knew that Lin Yi would make a move!

"Lin Yuchen, I'm suddenly curious. If I didn't want to make a move, what would you do?"

Lin Yi didn't continue the topic, but pinched his chin and looked at Lin Chenchen with a faint smile."Will you go find the mechanism yourself, or ..."

Lin Yi didn't say it out loud, but Lin Chenchen understood and smiled.

"Brother eight, You must be joking! However, this ruin is rich in spiritual energy, and there are still many places that haven't been explored. If we can't leave, it's not a bad idea to explore and cultivate here!"

Lin Xi Chen's eyes casually swept over ta Lu and the others. Originally, ta Lu and the others were the cannon fodder that the bitter wisdom sect had prepared.

It was just that they didn't expect the stone tablet to state that no one was allowed to die. Thus, when they were attacked by the puppets, the bitter wisdom sect's people did their best to protect the group of people from the tower Road.

Otherwise, with the strength of those good-for-nothings, a few of them would have definitely died!

However, her current meaning was already very obvious. If you don't cooperate, at worst, we'll fight to the death!

"If we can't hold on, then we can't care about ta Lu and the others. When ta Lu dies, no one will be able to leave!

"What you said is very reasonable. In that case, why don't I take some people to protect you and retreat first, so that you can explore other places?"

Lin Yi laughed coldly to himself.

That was really laughable!

In The Kraken king's palace, Lin Yi was an invincible existence. There was no one he couldn't kill if he wanted to, and naturally, no one could kill those he wanted to protect!

Since the people of bitter wisdom sect wanted to cultivate and explore, then they could do so.

As long as the people from bitter wisdom sect didn't commit suicide, Lin Yi could leave.

Lin Xi Chen was slightly stunned and felt a little guilty for some reason!

Terrible! He seemed to have miscalculated!

Lin Yuchen rolled his eyes and immediately smiled."Brother eighth, I was just saying! This place was so dangerous. If they could leave earlier, who would want to stay here? I'm sorry, I misspoke just now. Brother eighth brother, please don't hold it against a woman like me!"

"Now that our lives are in the hands of brother eighth, no matter what you say, we will follow your orders! Even if you want me to find the mechanism, I won't have any objections!"

After speaking, Lin Chenchen looked at Lin Yi with pitiful eyes, a look of pity on her face!

You're just short of writing on your face,"I'm a weak woman, begging and begging. You have the cheek to refuse?"

Lin Yi laughed coldly to himself-he didn't have the nerve to reject this!

However, it was meaningless to continue this fight. It was just a waste of time!

"I'll go to the stone tablet to take a look. Fernández, Mike, you guys be careful. Maintain a tight formation and don't be careless!"

Lin Yi didn't want to waste his time talking to Lin Xi Chen. His body flashed, and he used butterfly steps to rush into the puppet formation.

Although the puppets seemed to be very dense, there were always gaps in between them.

With Lin Yi's eyesight and strength, he could use the butterfly microsteps to move through the puppet formation as if he was just taking a stroll in a garden.

As for the lightning escape technique and the water escape technique ... Why would he use a butcher's knife to kill a chicken?

Keep a low profile so as not to scare the people of bitter wisdom sect!

"Junior Sister Lin, you're amazing. You managed to convince that eighth brother to take the risk!"

Liu Yidong whispered in Lin Xi's ear, "It would be best if he succeeds. If he fails ... We would have accomplished our initial goal of using him as cannon fodder!"

"Senior brother Liu, do you think he will succeed?"

Lin Yuchen's eyes were deep as he stared at Lin Yi, who was wandering among the puppets. "His strength is indeed extraordinary, and his movement technique is also unique. However, if that's all, I don't think it's enough to survive in the puppet army!"

As he spoke, Lin Yi had already attracted the attention of the puppet army, and the surrounding puppets spontaneously started to block him.

So Lin Yi looked like he was in danger, and could be killed at any moment.

"So what if he's dead! At most, we'll just stay here for a few more years!"

Liu Yidong's eyes fell on Lin Yi as well, and he shrugged his shoulders indifferently, "Just as you said, there is still a large area here that has not been explored. It doesn't matter if we fail the trial mission. As long as we can return in the end and improve our strength, we might be able to become elders directly!"

Chapter 7635 Losing The Bet Within Seconds

If he cultivated in the sea serpent King Palace for a few decades and returned to the ancient pugilistic world, it was possible for him to become a sect elder in a single bound.

Of course, Liu Yidong was just joking. If they could get out, who would be willing to be locked up in one place for decades?

"Junior Sister Lin, do you think that guy has the chance to get close to the stone tablet? I think he's at his limit. He won't be finished immediately, right?"

Liu Yidong couldn't understand Lin Yi's strength at all, so he thought that Lin Yi was about to be forced to his death by the puppet, "I bet he'll be dead in five minutes at most!"

"I don't think so! If he feels danger, he can turn back. The battle formation formed by his team members is enough to ensure his safety!"

Lin Chenchen shook her head, thinking that Lin Yi was a little stupid. She wanted Lin Yi to bring his team to check the stone tablet, but who would've thought that Lin Yi would go there alone?

Was this considered showing off?

"Senior brother Liu, your eyesight should be right. He can only hold on for five minutes at most, so he will start to go back in two or three minutes. Otherwise, his team members won't be able to pick him up in time!"

Although they spoke in a low voice, thinking that only they could hear it, they did not expect that fernÃ¡ndez had been paying attention to them!

It just so happened that this guy especially admired the words of his thigh and began to practice the habit of releasing his divine sense at any time, so his ears were much smarter. He vaguely heard these words and immediately became angry.

"Shut your F * cking mouths! Our Captain is invincible. How can you three-legged cats understand him? Once you enter the group of puppets, you'll be completely annihilated!"

Fernandes turned around and cursed, ""With your kind, what right do you have to comment on our Captain? If you don't understand, then be quiet and watch! If you really can 't, I, Fernandes, can also help you solve your doubts!"

Liu Yidong and Lin Xi Chen were instantly embarrassed. The secret conversation behind their backs had been overheard by someone else. The key point was that they didn't know how much the other party had heard, so it was really difficult to explain!

It would be fine if it was just the last few words, but if the words "cannon fodder" were heard in front, it would really make him numb!

Lin Yi's team was still defending against the puppet army-what if they quit after finding out that they were cannon fodder?

"It's a misunderstanding! We're just worried about brother eighth!"

"It's not that we don't have confidence in brother eighth," Lin Yuchen hurriedly explained. "We're just afraid that he can't fight against so many people with just two fists. So, we were wondering if we should go and help him ..."

"I don't need to!"

Fernandes snorted coldly, "do you think our Captain is trash like you?" What were mere puppets? Since you're so worried, why don't we make a bet? let's bet that our Captain will be able to reach the stone tablet within one minute. Do you dare?"

Lin Xi Chen was dumbfounded. Are you sure you want to bet like this?

And you're asking us if we dare?

Why don't you open your dead fish eyes and see that your Captain is trapped in an ocean of puppets!

Let alone walking to the stone tablet in one minute, it was hard to say if one could survive in the same place for more than a minute!

Lin jinchen suspected that Fernandez's brain had gone haywire. Or was he actually hoping that his Captain would be finished soon?

"Hurry up! Why are you so slow? If you dawdle any longer, our Captain will reach the stone tablet!"

Fernandes was very impatient. "Just say it. Do you dare or not?!"

The veins on Liu Yidong's forehead were popping. Are you blind?

Not only did your Captain not advance, but he was also forced to take a step back by the puppet, okay?

If it weren't for the puppets blocking his way, he might have had to take another five, six, seven, or eight steps back!

"Why wouldn't I? Just tell me what you want to bet!"

Liu Yidong immediately made a decision. He was a bastard who didn't take advantage of others!

Since you've sent yourself to the door to be slapped in the face, then don't blame me for being disloyal!

"I'll bet all my assets! In the other passage, I've plundered countless rare treasures. They were all the treasures of the sea serpent King. They were as high as a small mountain and were piled up in the original Hall! Do you have the corresponding treasure?"

Fernandes looked at Liu Yidong disdainfully, thinking that he was going to make a fortune this time.

You can double my assets in an instant!

Hmph, Hmph, Hmph, who had the guts to take out all their assets for a gamble?

I, Fernandes, am so domineering!

I'm just afraid that the pretty boy can't take out so many treasures now!

Liu Yidong was slightly stunned. The sea serpent King's treasures had piled up into a small mountain?

How precious was this?

If he lost the bet ... Could he afford to pay? I can't afford it!

On second thought, Liu Yidong almost slapped himself. What compensation?! This was clearly a benefit delivered to the door. In a sure-win bet, wouldn't the bigger the stakes be, the better?

He was so excited!

It's time for me to get this windfall!

If Liu Yidong knew what Fernandes had collected, he might really slap himself ... It was just a pile of garbage, what was there to be excited about?

"I'll bet on it! I'm a disciple of the bitter wisdom sect, and I'm quite rich. This is my storage bag, I'll use everything inside as a bet!"

Liu Yidong felt somewhat guilty when he said this. How could the storage bag of a bitter wisdom sect disciple be compared to the treasure left behind by the sea serpent King?

However, Fernandes looked like a country bumpkin who had never seen the world, so he should be easy to fool, right?

"What's a storage bag?"

Fernandes really didn't know about this thing. He was indeed a country bumpkin who had never seen the world ...

Liu Yidong's heart was set. He explained what the storage bag was, and at the same time, he tricked Fernandez into being a cripple!

Fernandes was overjoyed. He felt that he had really made a profit this time!

With a storage bag, he could store all the good things in it!

He no longer had to carry the small mountain forward! It was perfect!

What he did not know was that Liu Yidong's storage bag was not very big. It would be good enough if he could put in 10 - 20% of the things he had plundered ...

It was a long story, but only a while had passed.

Lin Yi was in the puppet army, but his divine sense covered the entire scene. He naturally knew what Liu Yidong and Lin Xi Chen were talking about, and he also knew the whole story of the bet between Fernandez and Lin Xi.

It was because of this that Lin Yi decided to play along.

It was just an act anyway. He wanted to give Liu Yidong some confidence so that Fernandes could get some benefits and teach Liu Yidong a lesson.

After the bet was made, Lin Yi used a bit of strength and used the Super butterfly microstep.

The puppet's speed doubled, and it reached the stone tablet in an instant before it could even touch Lin Yi's clothes!

Liu Yidong was tongue-tied and dumbfounded!

She was even holding his storage bag in her hand.

The result of the bet was out just after he said that?

Chapter 7636 Puppets Stop

Did you guys collude to trick me into jumping into your trap?

'At least make it look difficult and tougher. If I get some blood or something, I'll feel better!'

He was on the verge of death just now, and in the blink of an eye, he had passed by as easily as eating and drinking. Did you hear what I said? did you hear what I said? did you hear what I said? did you hear what I said?

"The captain is mighty! Number one in the world!"

Fernandes was overjoyed. He knew that he was reliable, but he did not expect him to be so reliable!

As soon as he turned around, he ran to Liu Yidong's side and grabbed the storage bag. This kind of bet was really boring. It was like bullying a child!

In the future ... Two or three times a day would be enough. It was not good to do it too many times, as it could easily cause psychological trauma to others!

Fernandes held the storage bag and grinned.

"Fernandes, you idiot! Maintain the formation!"

Mike was furious, "what the hell are you doing?" Don't you know that we're in the middle of a fight?"

Fernandes was shocked! There was no pressure in the battle with the puppet army. He was so engrossed in the bet that he had almost forgotten that he was in the middle of a battle ...

Originally, the battle formation of 12 people was more than enough to deal with the puppet army, which was why Fernandes had the time to eavesdrop on Liu Yidong and the others, and also won a bet.

However, in order to take the bet, he had left his battle position, and the battle formation had almost collapsed!

If Mike and the others weren't at the xuansheng stage, they would have died!

"I'm sorry! I'm feeling a little light headed!"

Fernandes stuffed the storage bag into his pocket and quickly returned to his position to stabilize the formation. He smiled and said, "It can't be helped. I've tricked that idiot so smoothly, so I can't help but be overconfident! Brothers and sisters, I'm sorry. I'll take out the wagers later and we'll split it!"

It was rare for the miser Fernandes to say this, so Mike and the others didn't say anything. It didn't cause any serious consequences, so they could forgive him.

Liu Yidong almost fainted from anger. 'You really did it on purpose!' And you're saying that in front of me! Do you really think I can't lift a knife?

If you have the guts, don't go out. Once you go out, you'll kill him in minutes!

Liu Yidong gritted his teeth and swore to himself. Then, he sadly found out that ... Fernandes, that bastard, seemed to be stronger than him ...

However, if they really fought, it was hard to say who would be the one to die!

Liu Yidong's face was covered in tears!

He couldn't win in words, and he might not be able to win in a fight. He was tricked and called an idiot in front of others ... How infuriating!

Should I do a handstand and let the tears that are about to fall flow back?

Lin Yi had been paying attention to the situation, but he didn't really care.

It was not that there were no more puppets when they arrived at the stone tablet. However, there were fewer puppets around the stone tablet. Moreover, they were about a meter away from the stone tablet as if they had a natural reverence for the stone tablet!

If the stone tablet was really the control hub of all the puppets, it was only a matter of time before the stone tablet was damaged if so many puppets were to rub against it. They would die from the friction!

As a result, Lin Yi had a lot more free time after getting close to the stone tablet-he didn't have to worry about dodging the puppets anymore.

Eh? What did he think of just now? Would the puppets be affected if they touched it?

Lin Yi raised an eyebrow as he made a guess.

Could it be that he had to physically touch the stone tablet?

The divine sense couldn't activate the mechanism, so he had to touch it with his hands?

Then let's try it!

A Yuan spirit was almost the same as a physical body. Lin Yi reached out and touched the stone, following the words down one by one. He felt a weak spirit sense from the stone.

This consciousness wave was quite familiar. If he didn't guess wrong, it should be a wisp of consciousness left behind by the sea serpent King!

Everyone, including Lin Yi, lit up after coming into contact with the spirit sense, and then they lit up again ... It felt like a bunch of neon lights, it was weird!

"The puppet has stopped! He really did it!"

Lin Xi Chen was completely dumbfounded.

She was still in shock that Lin Yi had broken through all the puppets and got close to the stone tablet, and now the stone tablet's mechanism was solved!

To be honest, this is not the remains of the sea serpent King, but your backyard, right? Otherwise, how could you be so familiar with it?

"I told you guys that our Captain is invincible and lonely. He can handle anything, but you didn't believe me!"

Fernandes snorted proudly, "You deserve to lose to me in a bet ... By the way, do you guys have a storage bag? Why don't we make a bet?"

Fernández's heart ached at the thought of distributing the things in the storage bag to the team members. Why the hell did he say that just now?

If it was a thigh, he would be willing, but to give it to these team members who didn't help in the slightest, he felt a little heartache.

When he saw Lin Xi Chen and the other bitter wisdom sect disciples, Fernandez's eyes lit up. He wanted to use the same trick again and find some compensation from them.

The other disciples of the bitter wisdom sect subconsciously took a step back and stared at Fernandes as if they were guarding against a thief!

"You think we're idiots? We won't be fooled!"

Junior Brother Wang rejected Fernandes 'suggestion righteously, but he didn't realize that his senior brother Liu looked like he had nothing to live for!

It's fine if Fernandes called him an idiot, but little Wang, you also said that ... My heart hurts! Are you an iron-headed man?

"Tsk, tsk. I wanted to give you a chance to make a comeback. I didn't expect you to be so timid!"

Fernandes shook his head regretfully. Wasn't it said that there were too many fools and not enough liars these days? Why wasn't the situation as optimistic as the rumors said?

While they were speaking, the puppets that had stopped moving began to hide underground. It was as if the ground had turned into a swamp, and they sank into it and disappeared without a trace.

Lin Yi didn't expect the puppets to hide underground-it was indeed different from the sea controlling stone tablet!

After the puppets disappeared, a ball of light flashed in the air above the stone tablet. A huge crystal treasure chest appeared in the air, and The Phantom of the sea serpent King appeared above the treasure chest.

"You were able to support each other in the test of the puppets this King left behind, and none of you died. It was not easy! Since you've passed the test, you'll naturally be rewarded. Here are your rewards!"

"After you receive your reward, you can open the exit! This King is warning you, don't be insatiable. Once you get the reward, leave this place. Don't go anywhere else, or you won't even know how you died!"

After saying these few simple words, the sea serpent King's apparition completely disappeared, leaving no trace behind.

Lin Yi understood that this was just an image left behind by the sea serpent King's consciousness. It wasn't the remnant of the king's consciousness that could communicate with people.

Chapter 7637 Don't Be Insatiable

At present, the spiritual consciousness image that appeared would only transmit the information that was stored after it was activated, and was not affected by external objects at all!

After the apparition of the sea serpent King disappeared, the crystal treasure chest slowly descended, avoiding the stone tablet and landing on the ground. The lid of the treasure chest opened on its own, and light burst out in all directions as spiritual energy filled the sky.

Liu Yidong and the others' pupils contracted, and they were all breathing rapidly!

The items in the crystal treasure chest were indeed all treasures!

The sea serpent King's collection could be used by cultivators at the xuansheng stage or even at the mountain opening stage. Some of the high-quality items could even be used by cultivators at the earth splitting stage!

Lin Yi took a look, his face expressionless, but his heart filled with disdain.

The dignified sea serpent King actually collected these broken things as treasures? Will that work?

But on second thought, the true benefit of this place was the sea serpent King's inheritance. Lin Yi had already gotten the biggest benefit, and the treasure chest was just a consolation prize from the sea serpent King.

To be able to use these things as a consolation prize was already not bad!

And just because Lin Yi didn't like it, it didn't mean others didn't.

For example, Liu Yidong and the other disciples of bitter wisdom sect were all people with some knowledge. Their eyes were all green, and they couldn't wait to rush over and snatch it.

"Captain, you were the one who created this treasure chest, so all these things should belong to you!"

Fernandes took a few glances and felt that the items in the treasure chest looked good, so he was ready to open it!

"Wait! Brother eight, isn't Fernandes' words a little inappropriate?"

Liu Yidong took a step forward and said with a gloomy face, "I don't deny that brother eight and your team members have done us a great favor, but we have also fought with our lives on the line. The reward of the sea serpent King ... Shouldn't it be the big guy's?"

In terms of strength on the surface, the bitter wisdom sect and ta Lu's group were far from being Lin Yi's team's match! Liu Yidong should not have jumped out and tried to provoke him.

However, in Liu Yidong's eyes, the battle between Lin Yi's team and the puppet was an extremely difficult battle!

Lin Yi's movements were unpredictable, but that last burst of supersonic speed might have cost him a lot!

Liu Yidong had heard of a forbidden technique that burned his body to increase his speed, similar to Lin Yi's butterfly microsteps.

In simple terms, Lin Yi's team was probably an arrow at the end of its flight, which was why Liu Yidong dared to jump out and fight them.

He couldn't give up The Kraken king's treasure, especially if Lin Yi had it all to himself!

"On what basis? Why do you think it belongs to the big guy?"

Fernandes was the first to disagree. He raised his chin and squinted at Liu Yidong, ""Is there some misunderstanding? Our Captain worked so hard to save all of you and even shut down the puppet army. Shouldn't you take the treasure of the sea serpent King? What right do you have to discuss distribution with our Captain?"

Liu Yidong was speechless. It made sense-without Lin Yi's team, bitter wisdom sect and ta Lu's group would've been dead already. It wasn't right for them to jump out and ask for loot.

Bah! What's wrong? this is what it should be, okay?

Liu Yidong tried to convince himself, then sneered, ""This is the path we chose. We agreed that you go that way and we'll go this way! Why? You took your own things and now you want to take our things?"

"Aiyo, d * MN! I, Fernandes, will tell you! I just want to take the things here, what do you want?"

Fernandes rolled up his sleeves, ready to start a fight at any moment.

Liu Yidong sneered to himself. He felt that this was a show of strength on the outside. As expected, they were all arrows at the end of their flight, so they had to bluff.

"I've been tolerating you for a long time! Do you think I'm an idiot? I'm going to beat you to death today!"

Liu Yidong shouted and his body flashed. He raised his hand and attacked Fernandes!

"Brothers, let's go together! Don't let senior brother Liu face all of them alone!"

Junior Brother Wang shouted and led his men to follow. He also gave a threatening look to Ta Lu. Ta Lu's body trembled and he could only unwillingly order his men to follow.

Liu Yidong almost vomited blood. 'Can you stop causing trouble?'

I'm going to have a one-on-one fight, so why are you blindly beating me up as a group?

Don't you know that there's a battle formation on the other side?

They could even resist the puppet army, so how could a motley crew like you be more impressive than the puppet army?

If that was the case, they wouldn't have been trapped by the puppet army and become a group of fools!

Sure enough, as soon as Junior Brother Wang led his men and rushed forward, Mike and the others naturally would not just watch Fernandes fight a group of people alone. They immediately stepped forward and formed a battle formation with tacit understanding!

Liu Yidong thought that Fernandes and the others were already at the end of their rope, but their battle formation was still powerful. But then he realized that he was wrong!

This didn't feel like an arrow at the end of its flight! The power of a battle formation was even more outrageous!

Only by personally experiencing it would one know how much pressure the puppet army was under!

It was a pity ... That he found out too late!

The two sides didn't even exchange blows. The group from bitter wisdom sect and ta Lu rushed over like a wave and crashed into the huge rock formed by Fernandez and the others.

The waves shattered, and water splashed everywhere!

The people who rushed over were all sent flying backward while screaming and collided with the people behind them, instantly forming a large car accident scene!

"Can't even withstand a single blow! You're really useless!"

Fernandes raised his head arrogantly and shook his finger in disdain. "I'm not targeting any of you. I'm saying that every single one of you here is trash!"

"Fernandes, are you a little too arrogant?" he asked.

Mike squinted at fern  ndez and said, "what do you mean by shaking your finger at me?" Do you want to see if the sea serpent king's sword is sharp or not?"

"It's a mistake, a mistake. I didn't have a good grasp of the direction when I raised my head!"

Fernandes saw that it was true. He quickly retracted his finger with a sheepish smile. Then, he found the right direction, assumed the same pose, and repeated his words.

Mike covered his eyes with one hand and quickly walked away, indicating to the people around him that he didn't know the idiot in front of him!

The others retreated even further, solemnly expressing that they didn't know him either ...

Liu Yidong's mouth twitched. Losing to Lin Yi was one thing, but why did he lose to an idiot?

Lin Yi was speechless as well. He coughed, "Fernandes, that's enough!"

"Oh!"

Fernandes had an unsatisfied expression on his face. It was rare to be able to show off, but it was a pity that it was not enough!

When the captain wasn't around, he would continue to act ...

"Did you all understand what the sea serpent King said?"

Lin Yi waved at Fernandes to back off and said to Liu Yidong and the others, "He said, don't be insatiable! In other words, he was warning us not to kill each other for the items in the treasure chest! Otherwise, you'll be trapped here forever!"

Chapter 7638 I'll Give You The Rest Of The Junk

Liu Yidong was stunned. It seemed to be true. Although the sea serpent King did not say it explicitly, it was indeed the case when combined with the previous test!

"Whether it's following the sea serpent King's words or our previous agreement, I won't take the spoils of war for myself! According to our agreement, we have the right to choose the loot first. You don't deny this, right?"

Lin Yi glanced at Liu Yidong coldly and continued, "After we're done with our selection, you can choose what you want."

Liu Yidong heaved a sigh of relief. The situation was not too bad! He was clearly so angry, but he still had to put on a smile and say, "Alright!"

"Captain, why should we give it to them? You didn't even use any strength!"

"These bastards took such a big advantage," Fernandes mumbled. "They didn't even thank me. This is outrageous!"

Liu Yidong cursed madly in his heart. "I'll thank your entire family. I'll thank your ancestors for eighteen generations. Please don't end up in my hands ..."

"Fernandes is right. We should really thank brother eighth!"

Liu Yidong cupped his hands and bowed to Lin Yi with a serious face, and Fernandes couldn't argue with him.

Lin Yi waved his hand nonchalantly-there was a Blue-Gold dragon scale whip on the chest, glowing with a strong spiritual Qi. It was one of the better items in the chest.

There's no meaning in using it for myself, but it seems like it's not a bad idea to give it to LAN Guzha!

I haven't seen LAN Guzha for a long time. I wonder how he's doing now and how strong he is.

Lin Yi couldn't help but think of LAN Guzha when he saw the Blue-Gold dragon scale whip.

The color of the Dragon scale whip was very compatible with LAN Guzha's hair color. At the same time, it was also a level that could be used by earth-creation stage cultivators. It was indeed a good gift for LAN Guzha in the future!

"I want this dragon scale whip! You guys don't have any objections, right?"

Lin Yi didn't really ask for their opinions-since he'd decided to give the whip to LAN Guzha, it didn't matter who had an opinion!

Liu Yidong chuckled and thought to himself, "if I have an opinion, can you put down the Dragon scale whip?" If you have an opinion, can you not beat me to death?

"You guys go take a look and see if there's anything you like or if it's useful."

Lin Yi weighed the whip in his hand, satisfied. He called for the others to choose.

Most of the treasure chests were filled with various weapons. A small portion of them were precious tools used for cultivation.

Mike already had the sea serpent king's sword, so he didn't need any weapons. He chose a heart-protecting mirror, which was good for protecting himself.

Then it was fernÃ¡ndez's turn-the guy was picking from left to right, and Lin Yi couldn't help but feel helpless ... This guy was too greedy!

Fernandes searched for a long time and finally picked out a podao. The length of the blade alone was about 1.5 meters and the width was more than 25 centimeters. People would believe that it was a door!

"Hahaha, this is it! Look at this blade, it's so mighty and domineering, it suits my temperament!"

Fernandes laughed and waved it twice, showing a very satisfied look. ""Captain, don't you think this is the most suitable weapon for me?"

"MHM," Lin Yi replied perfunctorily, not having much hope in Fernandes "eyes.

Mike's mouth twitched, and he looked disgusted!

"Fernandes, you chose this podao. Are you sure it's not because there are several huge gems embedded in the hilt?

It's hard to say whether the weapon is suitable or not, but those gemstones should be very suitable for you!

"That ... Serena, you guys should choose too. You don't have to pick one by one. Let's go together!"

Lin Yi forced himself to change the topic, not wanting to talk about Fernandes "podao. He was afraid that he wouldn't be able to hold back his insults!

Serena and the others agreed and surrounded the treasure chest, choosing their suitable weapons.

Fernandes could not help but click his tongue in regret.

Why didn't anyone come to echo and praise him?

Could it be that they couldn't find a better weapon, so they were all envious and jealous?

This must be it!

Forget it, I'd better not provoke them. I'll go show off to those unlucky guys at tallu!

Fernandes immediately acted upon his thoughts. He immediately raised his big knife and went to the turret Road to show off.

The corner of talu's mouth twitched. He quickly closed his eyes and pretended not to see anything ...

After a while, Lin Yi's team had all picked their desired items, but there were still dozens of items left in the chests.

Lin Yi estimated that everyone present would get at least one item.

Earlier, there was a faint glow on everyone's body, so perhaps they were counting the number of people!

The number of items in the treasure chest might have been placed in real-time by the sea serpent King's will according to the number of people.

"Liu Yidong, I have a question for you!"

Lin Yi muttered to himself before turning to the bitter wisdom sect, "Do you gain anything every time you come here to train?"

Liu Yidong hmphed and raised his head proudly, indicating that he didn't want to answer Lin Yi's question.

Fernandes immediately picked up the big podao inlaid with gems and approached Liu Yidong with an unfriendly look. "Our Captain is asking you a question, what are you talking about? Do you think I can't lift my saber?"

Liu Yidong was filled with hatred!

If it wasn't for the fact that I can't beat you guys, I would've cut you to death long ago!

"Brother eighth, you're right. As long as we can pass the ruins trial, we'll get something!"

Lin Xi Chen was afraid that the two sides would fall out again, so she quickly came out to smooth things over. "However, the site of the legacy site trial is not the same every time. After the wordless stone tablet in the main hall is opened, no one can say where the passage leads to in advance."

"If I'm not wrong, every time the ruins open, it will lead to a certain Palace in the Crystal Palace. What you can get from there will depend on your luck!"

If not for this, the trial records of bitter wisdom sect would be enough to be used as a reference for the disciples, and not just for reference now!

"I see!"

Lin Yi nodded. It seemed like there were more things in the palace, and they'd be able to find them!

However, after thinking about it, he decided to forget it. They were all low-level goods, and he really had no interest in them!

The only good thing left behind by the sea serpent King was probably the inheritance that could increase the strength of the primordial spirit. His luck was so heaven-defying that he had already obtained the sea serpent King's inheritance!

No matter how many things were left, they were not worth his attention!

"Alright, our team has finished choosing. You can go and choose now!"

Lin Yi waved his hand, signaling for them to go to the chest.

Liu Yidong was depressed. Why did Lin Yi look like he was chasing away a beggar? Simply!

An honest man will not be fed by a beggar! I won't eat your food!

...But that was a gift from The Kraken King, it had nothing to do with Lin Yi. He'd pick first ...

Chapter 7639 Entrance Ticket

Liu Yidong was unhappy, but his movements were extremely fast. He picked up the weapon that he had taken a fancy to before, and his mood suddenly became much better.

"There's no need to snatch, everyone has a share! This is the sea serpent King's will, we still need to respect his last wish!"

Fernandes continued to show off. He was obviously laughing at Liu Yidong's speed.

Liu Yidong snorted and ignored Fernandes. He couldn't beat him in a fight, and he couldn't scold him. Paying attention to him would only add to his troubles!

After everyone had made their selection, the treasure chest was completely empty. As expected, the number of items inside had been arranged!

The sea serpent King had put in a lot of effort-this distribution was a test as well. If it weren't for Lin Yi's team's strength, there would've been some internal strife.

At that time, it would be very normal for some people to die!

"Brother eight, we've finished distributing the items. We're ready to leave. What are your plans?"

Lin Xi cupped her hands at Lin Yi and smiled,"If you also want to leave, why don't we go together?"

Lin Yi's team had obviously taken the benefits in the other tunnel, so Lin Xi Chen didn't even think about going over to take a look and decided to leave immediately.

The trial this time was unexpectedly quick. Fortunately, they had gained something in the end, so Lin Yuchen felt that there was no point in staying any longer. He immediately thought of returning to the sect.

"Let's get ready to leave. Let's find the exit first!"He said.

"Do you guys know anything about the exit?" Lin Yi asked after a pause.

"According to the senior's records, the exit also needs the stone tablet to control and activate it. So that stone tablet is the key to leaving!"

As Lin Xi Chen spoke, he took out a scroll. "This scroll might be able to open the exit, but the ruins are different every time. I can't say for sure if it will work!"

"Junior Sister Lin, why are you telling them this?"

"This belongs to our bitter wisdom sect," Liu Yidong said unhappily. "They're so capable. They'll definitely find a way to leave by themselves!"

Liu Yidong must be pissed off at being suppressed by Lin Yi's team, so he wanted to leave this place to deal with Lin Yi.

Lin Yi wouldn't kill him anyway, and he'd feel better if he could regain some confidence before he left.

"What are you saying? Do you think I won't cut you?"

Fernandes's eyes widened. He grabbed the big podao and waved it twice. "I'll give you one more chance to reorganize your words!"

Liu Yidong simply rolled his eyes and turned his head away, ignoring Fernandes. He didn't believe that Fernandes would really dare to cut people with a knife!

Fernandes was furious. He picked up his big podao and was about to split a mountain in half.

"Fernandes!" He said.

Lin Yi stopped the blade and smiled faintly, "It doesn't matter. We can continue to explore the palace. If you want to leave, you can leave first!"

With the kuhui sect helping, Lin Yi could save a lot of effort in finding the exit. It didn't matter if they didn't help, Lin Yi believed that he could do it too.

Not to mention, the people from the bitter wisdom sect only needed to open the exit once, and Lin Yi could directly imitate their method, so he didn't need to care about Liu Yidong's attitude.

"Brother eighth, don't mind him. Senior brother Liu is just joking!"

Lin Yuchen spoke up in a timely manner to help her out, "We're about to leave. After we open the exit, you can come with us if you want to. If you don't want to, it doesn't matter if you stay a little longer. The exit should last for a while!"

"Hmph! Junior Sister Lin, I'm the leader this time. If I say that we can't let them use the exit we opened, then we can't!"

Liu Yidong sneered. "Of course, if you're willing to pay a small price as a ticket, I don't mind making things easier for you!" He said.

"Ha ... I still need a ticket? Why don't you tell me!"

Lin Yi raised a brow and smiled sarcastically, "If it's appropriate, I might agree!"

"It's very simple. The things you've just chosen will be your tickets! It's fair and reasonable for everyone to get one. I won't ask for more!"

Liu Yidong looked proud and smiled. "Perhaps you think that you can enter the exit as you wish. I might as well remind you that if we don't interfere, the exit can exist for a period of time. However, if we interfere, the exit can be closed at any time!"

This was a direct threat-if Lin Yi didn't agree and tried to force his way in, he'd have to bear the risk of the exit being sealed and the danger of being destroyed by the spatial energy!

"Do you really think I won't dare to cut you up?"

Fernandes was furious. He sneered and shouted, "If you want to die now, I can help you!"

I've just obtained a treasured saber, and I haven't even held it in my hands yet, and you want to snatch it away? I can't kill you!

"Fernandes, don't be impatient!"

Lin Yi smiled and waved his hand. He pulled Fernandes back and said to Liu Yidong, "If you want to negotiate, at least open the exit first. Anyway, you can control the exit to close at any time. You're not afraid of us suddenly rushing out, right?"

"Alright! Then let's open the exit!"

Liu Yidong thought about it and agreed, so he immediately gestured to Lin Yuchen. "Junior Sister Lin, let's go to the stone tablet and start!"

Lin jingchen sighed softly and gave Lin Yi an apologetic look before going over to the stone tablet to unroll the scroll.

The words 'imperial sea' were written on the scroll, and the words were exactly the same as the words on the stone tablet!

Perhaps it was something that had been copied down from the stone tablet over there.

Lin Yi was speechless-this was all you'd say?

Are you kidding me?

It didn't work when they opened the remains, but it worked when they went out?

However, Lin Xi Chen hadn't tried it yet, and Lin Yi wouldn't just say that the scroll was useless. She had to figure out the situation herself.

Especially Liu Yidong, who was full of confidence. She really did not know where his confidence came from.

Lin Yi didn't say anything, and his team naturally didn't say anything either. Everyone's eyes followed Lin Chenchen as she elegantly hung the scroll on the stone tablet, covering the words "Royal sea."

Then, he waited.

After waiting for more than three minutes, the stone tablet was still the same stone tablet, and the scroll was still the same scroll. There was no movement in the surroundings!

Even the dumbest person would understand that the things hanging on the stone monument were useless!

"Yo! These two words were well written! It's pretty good!"

Fernandes held it in for a while, and then he couldn't hold it in anymore. He immediately began to mock,""I didn't read much, so I don't know what this word is. I don't know how this thing can open the exit. You're actually trying to trick me into using the treasured saber, right?!"

Liu Yidong's face darkened. 'You bastard, you took my storage bag, and now you're saying that I'm trying to cheat you of your treasured saber?

Alright, he did want that saber, but how could he lie? He was clearly asking for it openly!

Chapter 7640 Trash

"Junior Sister Lin, what happened? Why didn't the exit appear?"

Liu Yidong did not want to talk to Fernandes. The more he talked to him, the more excited he became. More importantly, he could not win the argument ...

"I ... I'm not too sure!"

Lin Xi Chen was also a little depressed.

"Sirs, I have an idea!"

Ta Lu suddenly had an idea. He approached Liu Yidong and the others and said, ""Do you still remember how the entrance was opened in the main hall?"

Liu Yidong frowned slightly, but his eyes lit up immediately. He clapped his hands and said, ""Yeah! How could I have forgotten about this!"

The wordless stone tablet in the hall couldn't be opened with a scroll at first, but Lin Yi had to copy it on the scroll to open the passage.

So ... The exit should be like this too?

"Junior Sister Lin, try to copy it on the scroll. Maybe it's a necessary method!"

Liu Yidong hurriedly asked Lin Xi Chen to try it out. Lin Xi Chen had obviously thought of this as well. As soon as Liu Yidong spoke, she had already taken out a writing brush, flew up, and began to draw the two words "imperial sea" on the scroll.

Lin Yi chuckled to himself. Did these people think that just scanning the words would work?

What Lin Xi Chen was doing now was like taking a strand of hair and sticking it into a keyhole in an attempt to open the lock. It wasn't that no one could do it, but Lin Xi Chen couldn't.

Soon, Lin Xi completed the tracing of the two words "Royal sea." She looked at the stone tablet nervously after landing on the ground!

Silence ... Silence ...

It was still quiet!

There was still no change!

"Forget it, you guys! It's impossible for you guys to open the exit, you're all just braggers!"

Fernandes did not hide the contempt in his eyes. ""You still want to get something for nothing and take the good things from us? It's Not Dark Yet, you're pretty diligent in your dreams! You want to act cool all day long, but in the end, you've become an idiot every time!"

Liu Yidong's face was a little hot, but he could not refute Fernandes!

He had no choice. The truth was there, what else could he do?

"If you can do it, then go! What nonsense are you spouting?"

Talu felt like he'd completely fallen out with Lin Yi's team now-he had to stand up for his new master."Fernandes, don't talk nonsense all day. If you have the ability, open the exit. If you don 't, shut up. No one thinks you're mute!"

"Hehehe, tallu, you're bold! You just don't have good eyesight!"

Before Fernandes could say anything, ardiapolo stood up with a sneer."You still can't see the situation clearly? If you want to leave this place, there's no hope of you relying on your new master! Oh, I'm sorry, but your new owner doesn't seem to care much about you, a dog!"

Talu's expression was ugly, but he still braced himself and said,"If you have the ability, then open the exit and stop talking nonsense! There's no point in talking about it!"

"Tallu, you stupid thing, why can't you learn? Our Captain is brilliant, mighty, and domineering. Nothing can stop him!"

Fernandes began his daily flattery of his thigh again."How many times have I told you, you will only have a future if you follow our Captain! Of course, a good-for-nothing like you doesn't even have the right to follow our Captain!"

"Although you don't have the right to follow our Captain, you should at least be more careful. Don't always go against our Captain! Did he think that he would not die fast enough? Do you think opening the exit is a small matter that can trouble our Captain?"

Talu repeated his words helplessly,"If you have the ability, then open the exit and stop talking nonsense! There's no point in talking about it!"

"Captain, show these stupid things what you're capable of. Let them know who's the real boss here!"

Fernandes was full of confidence in Lin Yi, and so he leaned in to Lin Yi with a smile. "Captain, why don't you use a giant foot spell on the stone tablet? Will it submit?"

Lin Yi didn't know whether to laugh or cry. Fernandes, you're overthinking this! I think it's more appropriate to kick your head!

But to be honest, Lin Yi already had some ideas on how to open the exit!

"It's not difficult to open the exit, but Fernandes, tell me, why should I open the exit? After all, we don't plan to go out yet!"

Lin Yi smiled faintly and said slowly, "Don't tell me you've forgotten that your things are still in the main hall!"

"How can I forget that! Captain, don't worry. I already have the storage bag that I won from Liu Yidong. I'll go and collect everything in a while!"

Fernandes was a little happy when he mentioned the mountain of wealth in the hall. It was all money!

"Did you guys hear that? Our Captain said that it's not that we can't open the exit, but we're not ready to leave yet, so there's no need to help you open it! Unless you offer something good!"

Lin Yi chuckled to himself-when did he ask them to give him anything?

Fernandes, your ability to figure out the meaning of the Emperor has increased! It was worthy of praise!

"Well, you guys are all poor. I don't think you can take out anything good. What should we do?"

Fernandes scratched his head awkwardly. The best items in the chest were all with Lin Yi's team, and the rest were just leftovers. Fernandes felt that it was a bit of a loss to take them back!

Liu Yidong was furious. This bastard called me poor again! I'm a disciple of a hidden sect in the ancient martial world, how could I be poor?

You're the one who's poor, your entire family is poor!

"If you guys can really open the exit, I'll give you the weapon I got from the sea serpent king's treasure chest as a ticket. That should be fine, right?"

Liu Yidong really liked the weapon that he had just obtained. He did not hesitate to use it as a bet!

Although Lin Yi had succeeded before, Liu Yidong didn't think that Lin Yi would be able to succeed again.

The few people from the bitter wisdom sect looked at each other. Since Liu Yidong had said so, they could not object and could only follow suit and express their willingness to take the spoils of war as tickets.

This was the condition that Liu Yidong had proposed to Lin Yi's team, and it was understandable.

He did not expect Fernandes to shake his head in disdain and say, ""They're all the trash we picked. Who cares?"

Liu Yidong almost went crazy with anger. 'Are the leftovers trash?' Are we all here to pick up trash? I really want it, okay?

Bah! I don't care! Pei Pei Pei! It's quite rare ... I'm going crazy!

"You're giving us something we don't want as a benefit. You've really planned it well!"

Fernandes continued to sneer, and he glanced at Liu Yidong and the others with eyes that seemed to have seen through everything. ""Are you guys planning to give us your things as tickets, then secretly follow us and wait for us to throw away these unwanted trash, then you guys can secretly pick them up?"
