

## Bodyguard 7691

### Chapter 7691 Senior Ghost Comes To Help

In talu's mind, the nine-story glazed Pagoda should be the relic of the sea serpent King. Since he had obtained the sea serpent King's primordial spirit, what was there to worry about?

I, talu, the incarnation of the sea serpent King!

Subduing a mere nine-story glazed Pagoda was a piece of cake, so what was the point of keeping a low profile? Make arrangements!

If you have the strength, you should be arrogant. If you have the strength, you should come out and show off!

After talu finished speaking, he immediately fell into a beautiful dream that he had constructed and couldn't extricate himself. He didn't notice the strange looks that the people around him were giving him.

Yingluo, this stupid thing, is acting up again?

That's right, everyone's eyes revealed the same meaning, without exception!

Saint soyatul revealed an awkward but polite smile. ""Ta Lu, it's good that you're confident. However, it's not easy to refine the nine-story glazed Pagoda. I'm afraid it's not enough to rely on one person's strength!"

The nine-story glazed Pagoda was indeed a relic of the sea serpent King. It was precisely because of this that it was extremely difficult to refine.

If a person wanted to refine the nine-story glazed Pagoda alone, a conservative estimate would be that the strength of that person's primordial spirit would at least be the same as the sea serpent King 's. In other words, the strength of the sea splitting stage's primordial spirit was only a starting point!

It was impossible for such a heaven-defying expert to exist in the secular world. Even central couldn't do this.

That was why central had put in so much effort to create such an instrument that could communicate with the nine-story glazed Pagoda. Then, they used quantity to make up for the lack of quality, slowly grinding the nine-story glazed Pagoda's own consciousness.

As the saying goes, as long as one's skill is good, an iron pestle can be ground into a needle!

If he persevered, there would come a day when he would completely control the nine-story glazed Pagoda!

Therefore, Holy envoy soyatu only felt that tallu's arrogant words were laughable. If tallu wasn't still useful, Holy envoy soyatu would have already slapped him and made this idiot wake up.

"Saint soyatul, do you not trust me? However, my intuition tells me that as long as I make a move, I'll definitely be able to refine the nine-story glazed Pagoda completely. Why don't you let me try first?"

Dale was a little anxious. 'I'm so awesome and confident. Don't you give me no chance!'

As long as I refine the nine-story lapis lazuli alone, I might be able to directly become a sagemaster, an even higher existence in the new Holy region, regardless of whether it's the 36 heavenly stars or the 72 earthly fiends!

If he refined it with the others, then the credit would have to be shared with everyone. How could he still stand out?

No! All of you get out of my way, I'll do it myself!

How could Saint soyatu know about the rich inner drama of talu? He waved his hand and refused, "no need!" Everyone, come together, don't waste time!"

Ta Lu was aggrieved!

It wasn't easy for him to get a chance to show off in front of Lin Yi's team, and it was gone like that?

He wanted to continue fighting for it, but after being warned by the cold eyes of Saint soyatu, tallu immediately became used to following his heart!

That's right, I'm not a coward, I'm just following my heart!

"Alright, let's cut to the chase. Next, everyone will release your divine sense to this device. It will fuse everyone's divine sense together to communicate with the nine-story glazed Pagoda's own thoughts and try to refine it!"

Saint soyatu walked up to the big round ball and patted it twice. ""Not only can it fuse with everyone's spiritual energy, but it can also enhance everyone's spiritual energy to a certain extent, so it will have the effect of twice the result with half the effort. As long as the matter was done, everyone's contribution was beyond doubt! I'll ask for merits for you!"

"There's no time to waste, let's start now. Everyone, come and surround it. When I say start, everyone will release their divine sense at full force!"

Lin Yi nodded to his team members, signaling for them to do as they were told. It wasn't easy for them to get the chance to ruin Central's plan-they couldn't afford to cause more trouble!

Under the command of Saint soyatuo, everyone lined up in three rows around the big ball, then stared at Saint soyatuo, waiting for him to give the order to start!

Satisfied, Saint soyatu slowly retreated out of the circle and growled in a deep voice, ""Begin!"

Everyone, who had been waiting for a long time, released their divine senses and instantly rushed into the big round ball.

The entire large round ball glowed brightly, and the dense lines on its surface constantly flickered with a strong light. It was extremely dazzling.

Lin Yi's spirit sense rushed into the big ball and immediately felt that something was wrong. There was a force inside trying to erase Lin Yi's consciousness.

If he succeeded, Lin Yi's spirit sense would no longer be under his control. It would be used by this unknown power at will!

Unfortunately, this unknown force was facing Lin Yi, a Super Master who was invincible even in the sea splitting stage, not a half-assed mountain opening stage weakling like ta Lu!

"This matter is quite interesting, this old man also wants to go and take a look!"

Lin Yi's own strength was enough to resist this unknown Force's corrosion, and this thing suddenly came out to join in the fun, fusing with Lin Yi's spirit sense and easily crushing the unknown force.

"Senior ghost, why did you suddenly come out?"

Lin Yi was a little surprised-this thing had been a shut-in ever since he started researching space formations, not wanting to come out for no reason.

It wasn't easy to get a nine-headed fierce beast into the space of the jade pendant and let him have some fun. After elder Jiao appeared, the damn thing started to study space formations again.

"This old man is very interested in this nine-story glazed Pagoda! The so-called self-will should be the embryonic form of the artifact Spirit, but he didn't know if it had really formed an Artifact Spirit! The so-called Artifact Spirit is the artifact's primordial spirit. "

The demonic thing chuckled."This is good stuff. If we can refine the nine-story glazed Pagoda, we'll make a fortune. I'm afraid that you can't handle this alone, so I followed you to see."

Senior ghost, aren't you a little too direct with your words?

Why can't I handle it alone?

But it didn't matter-Lin Yi was happy that the thing was willing to come out for some fresh air. It'd been a long time since he'd worked with it, and he missed it!

The two communicated with their spirit sense. It was only a blink outside, and Lin Yi used his spirit sense to check the surroundings.

This should be the interior of the big ball. It was chaotic and hard to see. There were dozens of unconscious consciousness floating around Lin Yi's spirit.

It should be that the consciousness of the other people who had entered the big round ball had all been erased!

The unknown force didn't hit Lin Yi before, and now it was merging with the consciousness that had lost its consciousness. Once the merging was complete, it would be much stronger.

Lin Yi was planning to come in and mess things up, completely ruining Central's plan, but with the ghost's suggestion, the plan had to change!

If he could refine the nine-layered glazed Pagoda, he would be able to hit the center of the area better than destroying it!

#### Chapter 7692 Nine-Level Tower's Artifact Spirit

"Lin Yi kid, those spirit senses have lost their consciousness, why don't you go and devour them? They're all great tonics!"

The ghostly thing was also observing the surroundings. Seeing the divine senses that were being fused, it felt that it could not be wasted!

Lin Yi's spirit was strong, but the thing didn't mind Lin Yi getting stronger. It would pay more attention to any chance to increase its strength than Lin Yi himself!

"Senior ghost, don't worry, I know! But there's no need to rush!"

Lin Yi explained with a smile, "after they've fused, this device should be able to enhance your spirit sense. This is what soyatu mentioned before. It's more cost-effective to devour it when the time comes."

It was just a small cake now, but it would become a big cake in a while. Of course, they had to wait for a while. If they wanted to eat, they would eat the big cake!

"Good boy! He's quite good at calculating! This old man can finally be at ease!"

The ghostly thing was very pleased and didn't say anything more!

Unconscious master's consciousness's fusion speed was very fast. In less than two seconds, the fusion was completed.

The unknown power was very efficient. The moment the fusion was completed, the enhancement and strengthening were completed simultaneously.

Originally, when the dozens of divine senses were fused together, they had reached the strength level of the consummate level of the mountain-opening realm. After strengthening, they had directly jumped to the peak of the middle stage of the earth splitting realm.

It had increased by more than ten times!

"Senior ghost, look, the little snack has become a big cake! You didn't let me down!"

Lin Yi smiled as he charged at the enhanced spirit sense. "I won't be polite in front of such a delicious meal!"

If Mike, Fernandes, and the others were able to devour the unconscious consciousness at the peak of the middle stage of earth-creation realm, their primordial spirits might explode!

After all, the level difference between the two sides was too big. Although it was a great supplement, it would still be weak!

To Lin Yi, however, it was just a daily snack.

There were benefits after devouring it, but it wasn't enough to increase his level. The strength of his primordial spirit in the great circle of the sea splitting realm couldn't be broken through to the heaven breaking realm with just one or two divine sense tonics at the peak of the middle stage of earth splitting realm.

Devouring one or two spiritual sense tonics of the same level of the consummate level of the sea Rift realm might give him an obvious growth, but it was impossible for him to directly enter the heaven breaking stage!

After devouring it quickly, Lin Yi started to disguise himself, hiding his consciousness in the center of his spirit sense, making it look like a ball of spirit sense without an owner.

The unknown power clearly didn't have any intelligence and was acting according to a program. After sensing that Lin Yi's spirit sense didn't have a subjective consciousness, it started to strengthen Lin Yi's spirit sense.

Lin Yi was still thinking that if his spirit sense was also strengthened by a dozen times, he should be able to break through and reach the heaven breaking stage, right?

This is so good!

However, this was not the case. The higher the level of the device, the less effective it would be.

The consummate level of mountain-splitting realm could increase the power by more than ten times, but Lin Yi, who was at the consummate level of sea-splitting realm, only increased it by about one-tenth ... It didn't seem to be even one-tenth!

"Only so little? This is so disappointing!"

Lin Yi sighed, making a face that the higher the expectations, the greater the disappointment!

The ghastly thing laughed out loud. "You should be content. How can it be so easy to improve your primordial spirit with a cultivation base at the Great Perfection of the sea-splitting realm? It's already saved you a lot of time to be able to improve so much in one go. "

"If you want to quantify it, it's equivalent to you eating ten or twenty spirit-maintaining pills! And that's after you've eliminated the consumption rate of spirit accumulation pills. To be honest, no matter how many spirit accumulation pills you take, you won't be able to increase the strength of your soul. "

The spirit accumulation pill was a Mystic second level pill that was made with the spirit sense fruit as the main ingredient. It was the kind that barely entered the second level, and it could be said to be the peak of Mystic first level.

Pills of this level were the most effective for mountain opening stage cultivators and earth splitting stage cultivators. Once one reached the sea splitting stage, the effects would be minimal.

Lin Yi laughed as well-he was just saying that he was disappointed.

The benefits that were picked up for free were more or less a profit, so it was just a small talk with the ghost.

While the two were talking, the unknown force in the device started guiding Lin Yi's spirit sense into an invisible tunnel.

After passing through the invisible tunnel, Lin Yi seemed to have entered a world of colorful glass.

This place should be where the consciousness of the nine-story glazed Pagoda was located. It was also the key core to refine and control the nine-story glazed Pagoda, right?

Lin Yi was still thinking when a wild voice came from the glass space, "Hahaha, here comes the desserts again! Did those stupid humans really think that they could use their trashy spiritual sense to grind away this King's consciousness and control the nine-story glazed Pagoda? You're really naive!"

"Eh, the quality of the snacks this time is not bad. It's actually at the level of the great fulfilment of the sea-splitting realm. It's rare!"

Before he finished, a spirit appeared in front of Lin Yi's consciousness.

And it was an old acquaintance who looked down on the sea serpent King!

"The sea serpent King? So you're the consciousness of the nine-story glazed Pagoda?"

Lin Yi removed his disguise and looked at the sea serpent King's essence spirit in surprise. "You're actually still alive?"

The sea serpent King he had encountered before was only a wisp of essence soul remnant, but the one in front of him was a complete essence soul!

"Ling-zero-eight? So it's you. I was still wondering why the divine sense of a cultivator at the consummate level of the sea splitting realm could come in!"

The sea serpent King was slightly stunned, and then revealed an expression of realization. ""That's good, with a tonic like you, it will be even more beneficial to this King!"

The essence soul remnant will that had dissipated before would have completely dissipated without leaving a trace if the essence soul's main body was not there or if the main body was too far away.

However, the sea serpent King's essence spirit was hidden in the nine story Pagoda. The dissipated essence will naturally return to the body, including all the memories. That was why he knew about Lin Yi.

As he spoke, the sea serpent King was about to devour Lin Yi. From the aura of his essence spirit, he was actually a complete heaven crushing essence spirit!

Furthermore, he was not an ordinary great circle of heaven crushing. He was a half-step Supreme who was infinitely close to breaking through to the Supreme realm!

This was the strongest person Lin Yi had met since he started cultivating!

Even experts like the Vermilion Bird and the giant frog were not this powerful ... They shouldn't be, right?

Lin Yi wasn't too sure anymore.

After all, he had been relatively weak at that time and could not accurately judge the strength of the Vermilion Bird and the others. However, he could feel that the sea serpent King in front of him was the strongest!

However, the Vermilion Bird should not be weak either, because there was no direct comparison at the time.

The Vermilion bird's aura alone was enough to make him tremble in fear, so he was not as afraid of the sea serpent King.

Therefore, it was really hard to compare who was stronger and who was weaker.

"Wait! Sea serpent King, we can be considered acquaintances. Even if you want to devour me, shouldn't you at least let me die with a clear reason?"

Lin Yi quickly dodged, trying to get some information from The Kraken King, "Are you the sea serpent King, or an Artifact Spirit produced by the nine-story glazed Pagoda?"

Chapter 7693 True Dragon's Pressure

"You even know about artifact spirits? As expected, he's not simple!"

The Kraken King laughed and continued to charge at Lin Yi, ""It's a pity that you're destined to be this King's food today. This King has no interest in explaining more about food! You'd better obediently surrender!"

Lin Yi felt helpless-this bullsh \* t King sure was hard to get. He gave him a chance to show off, but he didn't know how to take it?

In general, in such a situation, shouldn't they stop first, and then talk about the cause and effect, and then show off?

If not, how could there be a scene where the villain died from talking too much?

I hate this kind of guy who doesn't follow the script the most!

As for the artifact Spirit, Lin Yi didn't know about it before, but he did after hearing it from the damn thing.

The primordial spirit of a magic weapon was not that difficult to understand.

"You're still running? Do you think you can run away in this King's territory?"

The Kraken King was like a cat playing with a mouse as it chased after Lin Yi.

With his half-venerable strength, he wasn't worried that Lin Yi could do anything!

Lin Yi sighed softly, his face as cold as snow. "When did I want to run? I'm giving you more time to show off, but you don't know how to cherish it!"

Under normal circumstances, Lin Yi, who was at the great circle of the sea-splitting stage, would have no problem challenging heaven breaking cultivators. He might not be able to win against The Kraken King, but he might be able to protect himself.

But this was an abnormal situation-the thing was fused with Lin Yi!

With the two of them working together, even a true Supreme who had just broken through might not be a match for Lin Yi, let alone a half-step Supreme!

Not to mention the venerable realm, Lin Yi would probably have to kneel ...

"You still don't forget to act tough even when you're about to die! If you don't die, you can go out and be a pretentious leader!"

The Kraken King smiled coldly and decided not to hold back anymore. He attacked with all his might, trying to devour Lin Yi in one go.

Lin Yi fell into deep thought, speechless.

I've hidden it so well, how did you know that people like to call me acting tough leader? Who was the one who leaked the news?

Since The Kraken King was going all out, there was no need for Lin Yi to hold back.

The aura of his primordial spirit exploded with a loud bang. It was fused with the ghostly divine sense and even had a trace of the pressure of a true dragon!

The Kraken King's charging momentum came to a sudden halt as his essence spirit trembled, looking at Lin Yi in fear.

The pressure that came from the depths of his soul made him not dare to have the slightest thought of resisting.

A true dragon?

No, this was clearly a human's primordial spirit! However, there was indeed the aura of a true dragon!

Could he be a human with the true dragon bloodline?

The sea serpent King was in a state of confusion. Even if he was facing an expert at the great circle of heaven crushing, he was not afraid.

However, when faced with the true Dragon's pressure, this kind of level suppression that came from the bloodline, he really could not resist it.

If it was a true dragon at the mountain opening stage, the sea serpent King could still rely on his strength to barely resist the suppression of the bloodline level.

He even thought that he could kill a true dragon with a single slap and use the true Dragon's physical bloodline to increase the density of his bloodline. Perhaps he could obtain the opportunity to evolve.

However, he couldn't ... Deal with a cultivator at the Great Perfection of the shattered Sea realm!

At this moment, the sea serpent King really wanted to cry. He was clearly much stronger than his opponent, but he couldn't display his full strength. That kind of grievance was really indescribable!

"Kneel down!"

Lin Yi sensed the king's strange behavior and immediately understood what was going on. He knew that the damn thing's aura had helped him a lot, so he put on a cold and arrogant posture and shouted coldly!

The sea serpent King didn't want to kneel, but the bloodline suppression that came from the depths of his soul made him somewhat unable to control himself. After struggling repeatedly, he finally bent his knees and knelt in the void.

"Are you not convinced? Do you feel that you can't use all your skills?"

Lin Yi put his hands behind his back and raised his chin slightly. He looked down at The Kraken King, "Or should I give you a chance to try?"

"I don't dare! How would I dare to attack a true dragon!"

The Kraken King was already dismembering Lin Yi a hundred times over in his heart, but he could only lower his head humbly.

In fact, he was really unconvinced. He thought to himself, "if you have the guts, keep your true dragon pressure and we'll fight it out in the open!"

"You don't have to be so stubborn, I know you're not convinced!"

Lin Yi's lips curled up as his soul-hooking hand descended silently, grabbing The Kraken King in his hand. "Do you think you can withstand this move?"

The sea serpent King's heart went cold-even without the true dragon pressure, he might not be able to block Lin Yi's sudden attack!

The soul-devouring hand was an attack that targeted the primordial spirit. Caught off guard, the sea serpent King knew that he was no match for it!

"Can we talk properly now?"

Lin Yi pulled back his hand-this was also a way to intimidate the king. They didn't really fight, but it was enough to make the king submit!

"Yes, yes, yes. If you have anything to say, just ask. I'll definitely tell you everything I know!"

The Kraken King's attitude was very low-he just wanted to get Lin Yi out of here as soon as possible.

"Then tell me, are you the sea serpent King's true body or the nine story glazed Pagoda's spirit?"

Lin Yi asked.

"All of them! I am the sea serpent King's true body, or rather, the sea serpent King's primordial spirit that has fused with the nine-story glazed Pagoda's Artifact Spirit!"

The sea serpent King did not hide anything and told him the truth, ""I felt that my time was coming to an end, and there was no hope of breaking through. At that time, the nine-story glazed Pagoda produced its own consciousness, so I thought of this method."

"I fused my primordial spirit into the nine-story glazed Pagoda and fused it with my own consciousness in the pagoda to form a new weapon spirit. I successfully broke through the consummate level of the sea splitting realm and entered the heaven breaking realm!"

"However, this way, my primordial spirit can no longer be separated from the nine-story glazed Pagoda. In other words, I can only exist as the nine-story glazed Pagoda's Artifact Spirit, but my consciousness will retain its original thoughts and memories."

"If I want to turn back into the sea serpent King, I'll have to turn the entire nine-story glazed Pagoda back into the sea serpent King's body. That would be equivalent to using the nine-story glazed Pagoda to be Reborn!"

Lin Yi was surprised-there was such a thing?

If that ghostly thing were to do the same, would it be able to turn the nine-story glazed Pagoda into the body of an Azure Dragon?

"Wait a minute, you mean that the nine layer glazed Pagoda can become your original body?"

It didn't sound reliable, but what if it was true?

"Yes, that's what I meant!"

The sea serpent King nodded and continued, ""However, to do this, I have to break through to the Supreme realm first before I have a chance! For this, I didn't care about the price, and it wasn't easy for me to reach my current level!"

At this point, the sea serpent King was a little vexed. If he broke through to the Supreme realm, his state of existence would undergo a change. At that time, even a true dragon with a low level might not be able to exert much pressure on him!

Chapter 7694 Subduing And Refining

He was only one step away!

No, he was only half a step away! Half a step!

"So ... You deliberately released the nine-story glazed Pagoda? The so-called refining of artifact spirits was also something you deliberately did to deceive people, right?"

Lin Yi connected the dots and had a rough guess.

The meridians were very clear, and it was not difficult to judge. There was basically no mistake!

As expected, the sea serpent King nodded slightly and admitted, ""Yes, I did this on purpose to attract people to challenge the nine-story glazed Pagoda!"

"Only in this way can I gather enough spiritual energy to strengthen myself. Perhaps you don't know how much resources are needed to break through from the great circle of heaven crushing to the Supreme realm?"

"Although humans are weaker, their numbers are huge! As long as the quantity is large enough, large enough to cause a qualitative change, I will be able to smoothly break through and advance to the Supreme realm!"

Lin Yi couldn't help but sigh-The Kraken King was indeed a cunning old fox!

If he hadn't met her, he really might have succeeded!

By then, the secular world would have successfully produced an extremely powerful Supreme realm expert!

However, at that time, the secular world might be destroyed by the sea serpent King!

"It's not that I want to say this, but those humans are really stupid. If I didn't acquiesce in the dark, do they really think they can control the nine-story glazed Pagoda? What a joke!"

The sea serpent King's face showed obvious disdain, ""Everything is under my control. Everything they did was going according to my plan. It's not an injustice to say that they are my puppets!"

Lin Yi didn't know what to say-the people from central were indeed blinded by greed. They knew that the nine-story Pagoda had its own consciousness, yet they still naively thought they could control it?

Where did he get the courage and confidence from?

"Unfortunately, I failed at the last step. I didn't expect that I would still make a mistake in the end and provoke you!"

The sea serpent King could not help but sigh deeply. ""I also know that you won't let me off easily. I can tell you everything because I hope you can keep me conscious. If there's a chance in the future, please give me a chance to be Reborn!"

The Kraken King's plan gave him the chance to break through to the Supreme realm, but it also brought him the nemesis, Lin Yi.

The Kraken King had no choice but to hope that Lin Yi would show him mercy.

"You are very smart! I like talking to smart people the most!"

Lin Yi knew the whole story, and he wouldn't give up so easily. The flood Dragon King was a huge threat in the secular world. "So, you should know what you should do, right?"

"I know!"

The sea serpent King's kneeling body in the air slowly leaned forward and made a gesture of worship. "I choose to submit to you. From now on, you are my master!"

Lin Yi was very satisfied-smart people were smart people, after all. This saved everyone a lot of trouble!

If the sea serpent King didn't want to submit, Lin Yi would have to spend a lot of effort to deal with him. He would at least have to wipe out the sea serpent King's consciousness and leave a pure unconscious Artifact Spirit.

In this way, it would be more direct to control the nine-story glazed Pagoda. The problem was that the sea serpent King was a super expert who was a half-step into the venerable realm. It would be easy to kill him with the true Dragon's pressure and the soul-snatching hand, but it would not be so easy to just erase his consciousness and leave the artifact Spirit behind!

Now that the sea serpent King had surrendered, Lin Yi easily refined the nine-story Pagoda and took full control of it. The sea serpent King couldn't resist anymore.

Furthermore, he had retained his consciousness. When he advanced to the Supreme realm, he might have a chance to be reborn. In this situation, it could be considered a win-win situation!

Of course, in the sea serpent King's heart, he had lost himself. What win-win situation was this ...

When Lin Yi finished refining the nine-story Pagoda, the big round ball in the monitoring center shone brightly and made a clear beeping sound.

Sajatul's eyes lit up, and he jumped up in joy. ""It's a success? I actually succeeded in refining it!"

Originally, he only wanted to wear down some of the nine-story glazed Pagoda's consciousness. He didn't expect to be able to do it in one step. This was a great contribution!

The people around the big round ball opened their eyes one after another and fell to the ground with dispirited expressions.

Their divine senses had all been sucked dry by the big round ball, and they could be said to be like oil lamps running out of oil. It was already good enough that they didn't faint on the spot.

If he wanted to recover to his peak, he would probably need quite a long time!

"Great, great! I've succeeded! I'm too F \* cking awesome!"

Saint soyatul was inexplicably excited. He ran to the big ball and made an instrument control panel.  
"Let's see if I can completely control the nine-story glazed Pagoda!"

"How's the data on your side?"

As he operated, Saint soyatu turned his head to look at the other side. There were technicians sent by the new sanctuary there, analyzing and sorting out the data of the entire nine-story glazed Pagoda.

"Everything is normal. The nine-story glazed Pagoda has indeed been successfully refined!"

A technician was also extremely excited. As participants of the plan, they would definitely have some credit. Such a great contribution would mean that they had a lot of experience!

"No... There seems to be a problem here. I can't control it ..." He said.

The other technician was a little flustered. His ten fingers quickly jumped on the keyboard, but it was no use.

Saint soyatu's expression also turned ugly. He also discovered that he could not control the nine-story glazed Pagoda.

At this moment, the large ball let out a crisp electronic synthetic voice, and it was the loli voice that Saint zoatul had set up for his favorite!

"Warning! A warning! The nine-story glazed Pagoda already had an owner. Anyone who entered the pagoda without permission would be regarded as an intruder! Please leave within three seconds of the end of this warning! If you can't leave in time, you will be killed!"

Saint soyatul and the others were all dumbfounded. What ... Can you make it clear who the new owner of the nine-story glazed Pagoda is?

If it doesn't work, at least give us more time to evacuate, right? How could three seconds be enough?

Before they could react, the electronic loli voice's three-second countdown had ended!

"The invader didn't leave! The killing sequence will be initiated according to the order of entering the nine-story glazed Pagoda!"

Holy envoy soyatul almost cried. 'I want to leave, you should at least make a teleportation portal for me!'

In the order of entering the tower, he, Holy envoy soyatu, was definitely one of the first! Give me a chance and I'll leave, alright?

Unfortunately, he didn't have time to protest at all. A beam of light suddenly flashed and bombarded the technician who had just spoken.

The poor guy didn't even have time to react before he was vaporized. Even the chair he was sitting on was not left with a trace!

Chapter 7695 Accidentally

"Don't! Quickly stop! Stop! Don't attack!"

Saint soyatu was really going crazy!

If all the technicians were dead, he would be next, right? For the sake of his life, he had to stop this damn killing program!

As he shouted, he madly operated the control panel, but it was useless. The nine-story glazed Pagoda did not care about him at all!

"The command is invalid. The invader does not have Control Authority. Currently, the system can only be stopped by the voice control of the new master!"

The electronic loli voice continued to attack as it spoke. Two more light pillars in a row killed two new sanctuary technicians.

Seeing that it was almost his turn, Holy envoy soyatu was so scared that he almost peed his pants!

Lin Yi jumped as well-this was Central's equipment, so the king should have it as well, right?

"Sea serpent King, stop attacking! Don't kill innocent people!"

Lin Yi used his spirit sense to communicate with the sea serpent King. He didn't mind killing people, but he didn't like to kill people who couldn't fight back.

"Master, this thing is partially connected to the nine-story glazed Pagoda. I can't control it completely for the time being. I'm afraid I'll need you to personally give the order."

The sea serpent King was also helpless. The technology that central had created was originally a tool for him to use, so he did not interfere too much. He did not expect that it would be so inconvenient to control it now!

Lin Yi didn't know what to say-this wasn't a fake spirit, was it? Or did he want to go against it?

This is too much!

However, since the sea serpent King had said so, it was impossible for Lin Yi to hide in the dark and be the owner of the nine-story Pagoda!

"Nine story glazed Pagoda, I order you to stop your attack!"

Lin Yi had no choice but to give the order himself.

Before he could finish, another beam of light took away another technician. It was an irredeemable blow.

"Ling-zero-eight, do you really think you're omnipotent? This can only be stopped by the new owner of the nine-story glazed Pagoda. What are you blabbering about?"

Talu felt like he was going to die anyway, so he let himself go and started arguing with Lin Yi!

While there were still many people waiting in line to die, he had to quickly vent his anger!

If it wasn't for the fact that he overused his spirit sense, ta Lu might've attacked right away and beat Lin Yi's team up before he died, letting them know that he wasn't the trash he used to be!

PEI, PEI, PEI, I've never been a good-for-nothing!

"Talu, shut up, you good-for-nothing! Our Captain is omnipotent! You can deal with this broken machine with just a glance, let alone speak directly!"

Fernandes didn't care what the situation was-if talu dared to talk to Lin Yi, he'd go back on his word."Trash like you will never understand the heights that an expert like our Captain can reach! Just shut your mouth and quietly kneel on the ground and look up at our captain's heroic bearing! Do you understand?"

"Understand my a \* s! If your eighth brother's Captain has the ability to stop his attack, I'll eat this ball!"

Talu was not afraid at all. He directly boasted, and then everyone looked at him with strange eyes.

Because before he spoke, the electronic loli voice said, ""Yes, master! We obey your orders and stop the attack!"

Everyone, except for turret, first heard the electronic loli's words, followed by turret's words of eating the ball!

Therefore, while Dale was still in a daze, everyone nodded to Dale and made a gesture to the big ball.

Your teeth are good, so you can take it slowly. Please start your performance!

Dale came back to his senses, rolled his eyes, and pretended to faint!

Everyone looked at Turret Road in disdain before turning to Lin Yi!

Just now, the electronic loli voice had said very clearly that it would obey its master's orders.

Xintong Ling-08 was the new owner of the nine-story glazed Pagoda?

"I ... I probably refined the nine-layered glazed Pagoda by accident!"

Lin Yi felt a little uncomfortable with so many eyes on him, so he explained weakly, "If I say that this was an accident, would you believe me?"

How could the nine-story glazed Pagoda be refined by accident? Can't you let me be a little careless too?

Especially the sea serpent King, he felt even more aggrieved. If he had gone through an earth-shattering fierce battle, it would have been fine if he had been defeated by accident. However, he had not been able to display all his skills!

What a good 'accidentally'! F \* ck your uncle, you're not careful!

"Eighth brother! You refined the nine-layered glazed Pagoda? You have complete control over the nine-layered glazed Pagoda?"

Saint soyatu came back to his senses, but he was still shocked. "What's going on?"

"I just ... Accidentally refined it!"

Lin Yi spread out his hands innocently-what else could he say?

He couldn't possibly tell the truth that he had suppressed the sea serpent King with the true Dragon's pressure and then refined the nine-story glazed Pagoda with ease and pleasure, right?

He'd already ruined Central's plan, but his identity wasn't exposed yet-Lin Yi thought that he might as well keep hiding and see if he could fish in troubled waters and get more benefits!

Saint soyatu pursed his lips as he stared at Lin Yi. "You just have to say it was careless," he thought, "I can't f \* cking say that you're just being careful!"

The problem was, what should they do now?

Refining the nine-story Pagoda was a great achievement, but that was under the premise that the new sanctuary gained full control of it. Now that Lin Yi was the one controlling the nine-story Pagoda, was it a great achievement or a demerit?

His heart felt stifled!

"Saint soyatul, I think he's doing this on purpose! Why didn't the others accidentally refine it, but he did? There's definitely something fishy about this!"

Talu was still thinking about how to avoid the topic of eating the ball, but his mouth instinctively started to slander Lin Yi.

Then, he thought, Hey! That's pretty good!

Not only could he attack Lin Yi, but he could also change the topic and make everyone forget about the big round ball!

"Saint, I don't want to say this, but Ling-zero-eight has always been a strange person. I highly suspect that he's actually a spy. We should take him down before he's strong enough. It'd be best if we could kill him directly!"

Dale was so happy that his mouth stopped moving. When he realized that everyone was looking at him as if he was retarded, he felt that something was wrong.

"Captain number eight, I have nothing to do with this person! I have no objections if you want to kill him, but don't drag me into this!"

Nasby didn't think that Taru's contempt was enough, so he made a quick decision and put on a flattering smile as he approached Lin Yi and Fernandes. "Fernandes, we're old friends. We grew up together. Help me put in a good word for Captain eight. I'll follow you guys in the future, okay?"

Talu was a little dumbfounded. 'No, Nasby, even if you want to rebel, you don't have to be so unscrupulous, right? I'm not dead! Do you believe I'll kill you first?

Chapter 7696 Everyone Has Betrayed

"Bobby! Was that idiot Nasby crazy? Go and bring him back!"

Talu felt that as the boss, it was a bit beneath him to do it himself, so he wanted to command Bobby to do it.

Unexpectedly, Bobby hesitated and also stood beside Nasby. "Captain number eight, I'm the same as Nasby. I want to follow you in the future. Please take me in, Captain number eight!"

"Get out of the way, all of you! Who is our Captain? Do you think you can follow me just because you want to?"

Fernández put his hands on his hips and arrogantly stood in front of the two players. He snorted at them with his nostrils. "Now you want to hug my thigh? No way! Why don't you take a look at what kind of people you are? do you even have the qualifications?"

And you want to fight with Fernandes for the position of leg hair? Are you all out of your mind? Even if you want to be my leg hair, you're not interesting enough!

Seeing Nasby and Bobby being submissive and not daring to refute his scolding, Fernandes was extremely proud and felt that he was really awesome!

It was great to follow old eighth's Captain, and he could show off anytime and anywhere!

As expected, posturing was good for a moment, and posturing was good for a long time!

Therefore, he would never give up the position of the senior leg hair! Whoever wanted to snatch it would die!

Nasby and Bobby felt the murderous aura that suddenly flowed out of Fernandes, and they could not help but tremble!

Ling-zero-eight had become the controller of the nine-story glazed Pagoda and could kill anyone in the pagoda at will. Only ta Lu, that idiot, would be stupid enough to provoke him!

Not to mention Ling-zero-eight, even Fernandes would not dare to offend them!

They were afraid that Ling-zero-eight would be unhappy and shoot out a few beams of light to kill everyone!

"Cough, cough, tallu! Don't worry, eighth brother is definitely not that kind of person!"

Saint soyatul coughed twice and cursed talu's ancestors one by one in his heart. No, he cursed talu's ancestors over and over again!

I've never seen such a stupid guy. Even if he wants to die, he shouldn't do it like this!

Even if you want to die, don't drag me into it! My life is so beautiful, but I haven't lived enough!

Saint soyatu cursed in his heart, but he had to put on a smile to comfort Lin Yi. That idiot talu was talking to him, and what if Lin Yi misunderstood if he didn't respond?

Nasby and Bobby weren't the only ones afraid of Lin Yi's anger-Saint soyatuo was afraid as well!

No one could block those "biubiubiu" light beams!

"Eighth brother, please don't take it to heart. What's our relationship? How could I suspect that there's something wrong with you! He's a fool. I think he'll only be a waste of food if he's alive. Why don't you just kill him?"

There was no way Saint soyatu would take the blame for tallu-he turned his head around and threw tallu out to calm Lin Yi down!

In fact, Lin Yi didn't care at all. These people were having a good time, and Lin Yi just watched!

Everyone's life was in Lin Yi's hands-why would he care about what they said or did?

"Soyatu, you already said that he's an idiot. Why should we bother with him?!"

Lin Yi smiled and waved his hand,"let's get back to business. I've refined this nine story Pagoda, and I can't break my connection with it!" That's why I can't transfer the control rights!"

"It doesn't matter! I understand!"

Saint soyatu quickly shook his head and waved his hands. He didn't dare ask Lin Yi to give up control-he'd probably get killed in the next second if he did!

"Eighth brother, your current situation is like a piece of equipment bound to the game. Only you can use it and it can't be transferred! I understand! Therefore, you must not try to remove your relationship with the nine-story glazed Pagoda. That might cause you some harm!"

These words made Saint soyatu himself feel satisfied. This was truly a heart-to-heart talk! Eighth brother should be touched, right? It shouldn't be that easy to kill me, right?

"You're right, soyatu. Let's leave it at that for now. I'll slowly study how to transfer the control rights later. After all, this is the result of your hard work for a long time. I can't just take it away!"

Lin Yi was just bullshitting-he wanted Saint soyatuo to be at ease so they could continue deeper into the center."The situation is already like this. Soyatul, what do you think we should do next?"

What should he do? Holy envoy soyatul was also uncertain!

This matter had already exceeded the scope of his authority. Even if he wanted to deal with it, he did not dare to do so.

"Eighth brother, should I report to the higher-ups first? You don't mind, right?"

Saint soyatul carefully asked for Lin Yi's opinion. Lin Yi's words were beautiful, but he didn't dare to take them completely seriously.

"Of course I don't mind. Go ahead, soyatul!"

Lin Yi couldn't wait for central to send someone over-how else would he get in? Therefore, he gladly agreed to Saint soyatuo's request.

Only then did Holy envoy soyatuo relax, and then deftly went to contact people.

The person he contacted wasn't unfamiliar to Lin Yi-it was Lin boliang, his teaching assistant. He nodded slightly in understanding after hearing the report from the Saint.

"I'll come with professor Benjamin III. We'll study it together!"

"Yes! I'll open the portal immediately!"

Saint soyatul was very respectful. It was obvious that Lin boliang's teaching assistant status was above his.

The teleportation light pillar lit up quickly. As long as Lin Yi didn't stop them, the equipment in the center could still be used. If Lin Yi didn't want them to be of any use, then the center couldn't move at all in the nine story Pagoda.

Soon, Benjamin III and Lin boliang both descended from the sky and looked at Lin Yi after leaving the light pillar.

"Ling-zero-eight, can you tell me how you refined the nine-story glazed Pagoda?"

Lin boliang looked Lin Yi up and down, his face still calm and cold, "This matter is very important. I hope you don't miss out on anything or hide anything."

"Eh? Why are you ..."

Fernandes wasn't happy, thinking that Lin boliang's attitude towards Lin Yi was very problematic. He was just about to speak when Lin Yi pulled him to the side.

Since Lin boliang did not allow him to speak, Fernandes shut up obediently. Even if he was still a little unhappy with Lin boliang, he could only hold it in for now.

"Assistant master Lin, I'm actually not too sure myself. Saint soyatu asked us to send our divine sense into this big ball, and I followed his instructions. After my divine sense entered, a force tried to erase my subjective consciousness, but it failed!"

Lin Yi was telling the truth, and Lin boliang and ban Jieming III couldn't find any fault with him. "Then I felt all my consciousness being fused together, becoming quite powerful."

"Then, I felt like I was being led to another place by a force, and I met an unfamiliar consciousness! After that, I felt a dangerous aura. Of course, I resisted with all my might. After fighting for a while, I inexplicably refined a nine-story glazed Pagoda!"

## Chapter 7697 Pretending To Faint

The whole process was a little off, but the basics were fine. Lin Yi felt that he was an honest man, and he wouldn't lie!

Lin boliang frowned slightly, turned his head and whispered a few words to Benjamin III, then turned back and nodded slightly, "I understand. This should be an accident!"

"Assistant teacher Lin, what do you mean by accident?"

Saint soyatu only cared about whether he would be unlucky, so he had to first determine how this matter would be resolved!

"If we're not wrong, Ling-zero-eight's divine sense is too strong, so the power of the device was unable to erase his consciousness."

Lin boliang was quite good to Saint soyatu, so he casually explained, "Previously, Ling-zero-eight had received too much gratitude from his team members. He had accumulated enough spiritual sense as a Foundation, which then became his potential growth value."

"Along the way, as Ling-zero-eight continued to improve, this potential growth value also became the true strength of his primordial spirit. Hence, his deified soul is much stronger than the others."

"Because of this, when Ling-zero-eight's divine sense entered the device, the power of the divine sense exceeded the upper limit of the removal of the subjective consciousness, causing the removal to fail! Then, in the process of refining the nine-story glazed Pagoda, it became the dominant force!"

"In the end, it was Ling-zero-eight that refined the nine-story glazed Pagoda, not our device! However, on the other hand, it was also possible that Ling-zero-eight's consciousness had been preserved, which allowed him to successfully refine the nine-story glazed Pagoda! However, our method was wrong from the beginning. A spiritual sense without consciousness can't refine the nine-story glazed Pagoda. "

According to Central's calculations, successfully refining the nine-story glazed Pagoda was not something that could be done overnight. They were even prepared to fight a long battle.

He didn't expect Lin Yi to take care of the nine-story Pagoda and become its new owner-it was a lucky stroke.

Lin Yi looked on coldly and saw that Lin boliang and Benjamin III weren't nervous at all. They were still talking as if they weren't worried about Lin Yi killing them with the nine-story glazed Pagoda.

If they didn't have a super trump card to save their lives, then they were not afraid of death at all!

It was really hard to say for the people at central!

"So that's how it is! It's all thanks to the doctor and assistant Lin's knowledge, otherwise I wouldn't have figured out what was going on!"

Saint soyatu bowed and complimented him, then carefully observed Lin boliang's expression. "Then this matter ... How should we deal with it?"

"We can only do this for now! Ling-zero-eight can be considered one of us, so let him control the nine-story glazed Pagoda! You go and teach him how to control it and put away the nine-story glazed Pagoda. "

Lin boliang waved his hand. He didn't have any good ideas. Lin Yi was the best test subject and the template for the new model! I definitely can't kill him!

Lin boliang wouldn't mind if he could gain control of the nine-story Pagoda by killing Lin Yi, but he wasn't sure if killing Lin Yi would help.

If he killed Lin Yi, the nine-story Pagoda would go out of control. It would be a double loss. It was better to control Lin Yi.

Holy envoy soyatu secretly heaved a sigh of relief. This way, his responsibility was gone, and he might even get some benefits in the future when he was rewarded according to his contributions.

"Eighth brother, let me show you how to control this device!"

Saint soyatul relaxed as he walked towards Lin Yi with a smile. "It's actually very simple. You've already refined the nine-layered glazed Pagoda. Perhaps you don't need me to teach you. You can do it. "

Lin Yi only smiled, not saying anything. The Kraken King, the nine story Pagoda's spirit, had already submitted to him, so why would he need the central control device?

It was just an accident-the king wasn't able to completely control the device, and so Lin Yi had to use his voice to control it. After all this time, the king had full control of the device.

Lin Yi only needed to think and he could order the king to do it. He could do it to whoever he wanted without any delay!

The Saint explained passionately to Lin Yi, and he pretended to learn for a while before saying that he had no problems with it!

"Everyone has done well this time. When we return, there will definitely be generous rewards waiting for you! Saint envoy soyatuo, give Ling-zero-eight a set of coordinates and send everyone back to the new sanctuary to meet the Saint Emperor!"

Lin boliang gave orders naturally, and ban Jieming the third was completely reduced to a background.

Lin Yi had long since guessed that Lin boliang was the one in charge of the two, and now he was even more certain. However, ban Jieming the third should be one of the important people in central, and he couldn't let his eyes go.

"Yes! I'll get it done immediately!"

Saint soyatu replied and was about to ask Lin Yi to open the portal.

"Wait, Captain," Fernandes suddenly interrupted. "Did we forget something?" For example, Dale wanted to eat this big round ball just now. Why don't we let him have a few bites before we leave?"

Talu was full of hatred!

It wasn't easy for everyone to forget about this, so why did you keep holding on to it, Fernandes?

If this old man's teeth are so sharp, I will definitely be the first to eat you, you bastard!

"Haha...Haha...This is a control device, how troublesome would it be if it was broken? I, ta Lu, am not that kind of person, so ..."

Talu tried to find an excuse with a dry smile. He now knew how stupid he was just now, but it was too late!

"It's fine. Although it's a control device, it's not a problem to get some for you to taste!"

Saint soyatu was annoyed that tallu kept causing trouble, so he started to hit him when he was down." "And the main purpose of this device is to collect spiritual sense to refine the nine story glazed Pagoda. It has already completed its mission."

In other words, he could give it to Dale!

Dale was about to cry. Are you guys done? Do you have to bully me like this?

Ta Lu had no choice but to repeat the same trick. His eyes rolled back and he fainted on the ground!

"Tallu, you're pretending to faint again! You immediately jumped up after fainting just now, and now you're doing it again!"

Fernandes was furious. Do you really think people are stupid? Do you believe that Fernandes will kick you to death?

"Fernandes, don't waste your time on that kind of person!"

Lin Yi just wanted to get to the new sanctuary as soon as possible. Couldn't he take care of a small fry like ta Lu at any time?

"Oh," fernÃ¡ndez replied. He glared at tallu, who was pretending to be unconscious on the ground, and stopped looking for trouble with him.

The interlude was over, and Lin Yi and Saint soyatu worked together to open the portal to the new sanctuary. Banjimin III and Lin boliang entered the light pillar first, followed by the technicians in the nine-story glazed Pagoda.

Lin Yi's team and ta Lu's group were the last. Ta Lu had been paying attention the whole time, and when it was about time, he jumped off the ground and rushed into the light pillar.

#### Chapter 7698 Meeting The New Sage Emperor

Ta Lu knew that if he stayed in the pagoda, his life was in Lin Yi's hands. He could only kill Lin Yi and his team after he escaped.

Even now, ta Lu still firmly believed that his strength was above everyone in Lin Yi's team!

When he reached the new Holy region, he would definitely have a chance to take revenge!

Lin Yi and Saint soyatu were the last two to leave. Lin Yi wanted to take the nine-story Pagoda as he left, but Saint soyatu knew that Lin Yi's status would soar in the future and wanted to befriend him.

"Eighth brother, I'll have to rely on you to take care of me in the future! There's no one else here, so I'll say a few words from the bottom of my heart!"

Saint soyatu wasn't in a hurry to leave. He smiled and bowed to Lin Yi. "I knew you were extraordinary, but I didn't expect you to be able to do it to this extent! In the future, if there were any benefits, he should think of helping his brother! I thank you here!"

"You're too polite, soyatul! What was he saying? I'll still need your help in the future!"

Lin Yi could only smile and play along, "Alright, let's not be so polite. How about we support each other in the future?"

"I wouldn't dare, I wouldn't dare. Eighth brother is a noble person destined to soar into the sky. You should guide this little brother more! Then it's settled! I'll go over first!"

Saint soyatu was overjoyed. He bowed to Lin Yi again before disappearing into the pillar of light.

Lin Yi chuckled to himself-he didn't know what the Saint would think if he found out that he was going to destroy the new sanctuary.

But this Saint wasn't too bad a person, and Lin Yi didn't mind taking in another follower. It'd become a habit to poach people from central as followers, after all, so it didn't matter if he had another Saint!

"Sea serpent King, put away the nine-story glazed Pagoda!"

Lin Yi ordered through His Spirit sense before following them into the light pillar.

At the same time, a miniature nine-story glazed Pagoda suddenly appeared in his spiritual sea. It was the sea serpent King's original body.

After Lin Yi refined it, the nine story Pagoda could be stored in his sea of consciousness. He didn't even need to go into the Jade space. When he wanted to use it, he could just use his spirit sense and it would come out. It was extremely convenient!

He didn't know what level of treasure this nine story Pagoda was, but he felt like he'd struck it rich this time!

It could be said to be the biggest harvest so far!

After walking out of the teleportation light pillar, they saw a huge stone building in the style of ancient Roman architecture. It really did look like a sanctuary.

"Brother eighth, the sage Emperor already knows about us. He sent someone to summon you before you arrived."

Seeing Lin Yi come out, Saint soyatu quickly leaned in and whispered, pointing at a stranger. "That's the Saint Emperor's emissary, one of the twelve Holy emissaries. He has a distinguished status! For him to deliver the order is enough to show how much importance the sage Emperor places on you!"

"Oh," Lin Yi replied faintly and shrugged. "Then let's go. We don't want to keep the sage Emperor waiting!"

Ban Jieming the third and Lin boliang, as well as the new Saint technician in the nine-story Pagoda, were all gone—they must have left before Lin Yi came out!

Only Lin Yi's team and talu's men were left. Nasby and Bobby were rejected by Fernandes and were now explaining to talu.

It was most likely because talu had revealed a bit of his strength and intimidated the two of them, causing them to fall back.

Under the saint's lead, the group walked for seven to eight minutes before arriving at a Grand Hall.

The architectural style of the hall was still the same as that of ancient Rome, but the decoration inside was somewhat similar to the halls of ancient Chinese emperors!

The two completely different styles clashed against each other, and Lin Yi could only say that it was ugly!

He didn't even have the mood to ridicule such a nondescript thing!

The new Saint Emperor sat on the throne in the hall, looking very dignified, but Lin Yi couldn't help but laugh when he looked up and saw clearly!

Snow sword edge?

An old acquaintance!

However, Lin Yi wasn't too surprised that Xue Jianfeng would appear here and become the Saint King of the new Saint realm.

This was something that the central government had come up with, so it was normal for snow sword to participate.

"We pay our respects to Your Majesty Sage Emperor!"

The Saint who led the way and Saint soyatu both bowed, signaling for Lin Yi and the others to follow.

He wanted Lin Yi to bow to Xue Jianfeng? Lin Yi was afraid that Xue Jianfeng wouldn't be able to handle it!

As a result, Lin Yi's group didn't move an inch as they looked at Xue Jianfeng.

It couldn't be helped-in the hearts of Lin Yi's team, the Saint Emperor was nothing but dog shit! He simply couldn't be compared to old eighth's Captain!

Since the eighth brother's Captain did not move, they naturally followed his lead and did the same!

"Dispense with the formalities!"

Xue Jianfeng waved his hand lightly, not showing any dissatisfaction at Lin Yi's team's abnormal behavior, "You've all worked hard! This time, everyone's contribution can't be overlooked for successfully refining the nine-story glazed Pagoda!"

"Saint soyatul should have mentioned your placement, right?"

Xue Jianfeng seemed to be asking a question, but he didn't wait for an answer. Instead, he continued, "All of you are rare talents, and are experts that our new Holy region values greatly! Therefore, I will arrange a new position for you. "

36 heavenly spirits and 72 earthly fiends!

108 battle Saint emissaries!

Talu was secretly excited. The moment he had been waiting for had finally come! He couldn't help but want to show his strength.

"Your Majesty Sage Emperor, please forgive me for being presumptuous, but I would like to ask if the battle Saint emissaries mentioned by Saint emissary soyatu are ranked according to their strength?"

Talu took advantage of the gap in Snow's words and interrupted, ""If that's the case, then I must be honest with the respected Sage Emperor. My strength is not as simple as it seems!"

"You're tallu, right? This Lord knows you!"

Xue Jianfeng was a little unhappy that he was interrupted. He would definitely be unhappy. However, since this idiot called tallu did not have much time left, he would let him go this time.

Towards those who were about to die, they would always be more tolerant!

Talu didn't know that he was already a dead man in Xue Jianfeng's eyes. He was extremely excited. He didn't think that the sage Emperor would call out his name!

Was this the so-called Emperor's heart?

He was so awesome!

"Talu, you want to say that you're stronger, so you should get a higher position, right?"

Xue Jianfeng showed enough patience and nodded, ""That's right. This ranking is indeed based on strength. I'm well aware of your true strength, so don't worry. I'll definitely satisfy you!"

Chapter 7699 Battle Envoy Commander Ta Lu

"Many thanks, Your Majesty Sage Emperor!"

Talu had originally wanted to show off, but he had not expected the sage Emperor to clearly state his strength. He had no choice but to retreat to the side.

After getting rid of ta Lu, Xue Jianfeng continued the previous topic, "The new battle Saint emissaries have a total of 108 titles, named after the heavenly stars and earthly fiends,"

"Originally, all of you would have become earth emissaries. However, ta Lu's strength is indeed stronger, and his level has surpassed most of you. Therefore, he will become the heavenly spirit emissary!"

When ta Lu heard this, he was overjoyed. He was indeed different from the rest. From what the sage Emperor said, this was the only Tian Huan Saint envoy!

"Tian Huan Holy emissaries, 12 people form a level, divided into upper, middle, and lower classes, to determine power and status! 24 earth emissaries are classified as a level, which is also upper, middle, and lower. "

Xue Jianfeng didn't stop. He snapped his fingers, and a holographic screen appeared in the hall. The names of the Tiangang and Disha were listed on it, and they were also divided into levels.

"The 24 of you are low-class earth emissaries. Stand in order and receive your corresponding identity cards!"

With a casual swing of his sword, he separated the twenty-four men from ta Lu's group.

"You guys are middle-rank earth emissaries! Just like them, stand still!"

Including Nasby and Bobby, the remaining people under talu had all become intermediate-level earth fiend sacred emissaries. As many people had died along the way, the number of intermediate-level earth fiend sacred emissaries was not full.

Talu was speechless. Your Majesty Sage Emperor, aren't you being a little too casual? Can't you be more serious?

Then, snow Jianfeng became more serious. "Mike, you are the young master of the stefford family. You originally had some enmity with our new sanctuary. Are you willing to join our new sanctuary and turn hostility into friendship?"

Mike looked at Lin Yi subconsciously. The Steffey family did have some conflict with the new sanctuary, and he himself was on the death list, but as long as Lin Yi agreed, he wouldn't say anything.

Lin Yi looked at Mike and gave a slight nod.

Good!

"I'm willing! From now on, you'll join the new sanctuary, and represent the Steffey family to become friends with the new sanctuary-realm!"

Mike got Lin Yi's signal and made the decision!

"Very good! A wise man submits to circumstances! I have high hopes for young and promising talents like you! From now on, you'll be the earth chief star among the earth fiend sacred emissaries!"

Earth chief star, the leader of the seventy-two earth fiends. In terms of status, it was no weaker than the worst Big Dipper star!

Nasby and Bobby were envious. They thought that even if Lin Yi's team was a high class earth emissary, they would arrange them from the back, like the lower-ranked earth comet or earth Micro Star.

He didn't expect it to be the number one planet, earth chief planet!

It's not fair!

Why did Mike get such treatment, while they could only pack up and send him away?

Unfortunately, whether it was Saint Emperor Xue Jianfeng or Lin Yi's team, they couldn't afford to offend either of them. Although naby and Bobby felt a little aggrieved, they could only endure it!

After Mike, Fernandez, adianpolo, and Chris were assigned to the second, fourth, and last stars, earth fiend star, earth courage star, and earth talent star!

Xue Jianfeng didn't have much to say to these three people. He only gave them a few words of encouragement and comfort.

"Morris, your ruling Sword Knight Association and our new sanctuary have deep grudges! He even destroyed one of our branches! Logically speaking, I should have killed you all directly!"

When it was Morris 'turn, the snow sword edge started to strike, "But you are indeed all talents. As long as you sincerely pledge your allegiance to our new Holy region, we will let bygones be bygones! If you still don't repent, then don't blame this Lord for not showing mercy!"

Morris received Lin Yi's instructions as well and didn't hesitate at all, "I'm willing to join the new sanctuary with the sword of sanctions and follow our eighth brother to do something great!"

He said that he would join the new Holy region, but the premise was that he would follow the eighth Captain. In other words, he might not listen to the orders of the Holy Emperor!

Xue Jianfeng didn't care. After all, there would be a way to control them when they joined the new sanctuary. He wasn't afraid that they would disobey him!

"Very good! Since that's the case, you'll be the battle Saint of our new Holy region, Earth Hero star! Ranked 5th among the upper-level emissaries!"

"Many thanks, Sage Emperor!"

Morris did not care whether he was ranked fifth or fiftieth at all. He did not think that the eighth Captain would stay in the new sanctuary all the time. It must be a temporary measure now!

It was because of their unconditional trust in Lin Yi that they made this decision!

After Morris, it was finally Serena's turn. She was one of the new sanctuary's own people, and by right, a better position should have been arranged for her. However, snow Jianfeng did not want to expose Serena yet. He still had the idea of treating her as a spy, so he did not give her any special attention.

The sixth-ranked Earth Power Star!

Johnson and the others followed behind Serena, from seventh to twelfth-Lin Yi was the only one missing.

Everyone thought that Lin Yi was about to become Tian Huan's Saint, so they didn't find it strange.

When Mike obtained the planet and became the leader of the earth emissaries, everyone knew that Lin Yi couldn't be the earth emissaries. After all, Lin Yi was the leader of the team and wouldn't be under Mike.

The only one who wasn't happy with this result was ta Lu-he wasn't happy that Lin Yi was on the same level as him!

"Ta Lu, I have already said that you will become the heavenly Phoenix Holy envoy. Specifically ... The heaven weeping planet!"

When Xue Jianfeng was arranging the tower route, he returned to his nonchalant state. There was only one person on the tower route. If there were more people, he might have to pack up again.

Dale really wanted to cry. Heaven weeping planet ... Was so unpleasant to hear!

Not only was it unpleasant to hear, but the most important thing was that it was ranked so low!

This was the second from the bottom of the thirty-six dippers, and there was only one planet Tianqiao below it ... It wasn't even as pleasant to hear as the first from the bottom!

Wait a minute!

He wasn't first from the bottom, but second from the bottom. Was planet Tianqiao left for Ling-zero-eight?

When he thought of this, ta Lu suddenly became excited. No matter what, the 35th place was still ahead of the 36th! If that was the case, the heaven weeping star was the heaven weeping star. It didn't matter even if it was unpleasant to hear!

However, what Snow blade said next immediately shattered Talon's fantasy. "Because there is only one Tian Huan Saint emissary, ta Lu, so ta Lu will be the commander of the battle Saint emissaries!"

Only one? Doesn't that mean that Ling-zero-eight isn't even a battle Saint?

Cool!

Talu couldn't help but clench his fists. Then, he realized that he had become the commander of the battle Saint.

Cool!

"Hahahaha! Many thanks, Your Majesty Sage Emperor! This subordinate will definitely not let down the sage Emperor's trust and will lead the battle Saint to serve the new Saint domain to the death!"

Talu couldn't help but laugh out loud. He didn't forget to thank Xue Jianfeng. Then, he turned around and looked at Mike and the others proudly. "You are all my subordinates from now on! Come and pay your respects to your commander!"

Chapter 7700 Look At Who I Am?

Mike rolled his eyes and turned his head to ignore him!

What the hell are you?

Just because you say you're a commander, you really want to come and command us?

Other than Captain number eight, who else have we admired? Who Do You Think You Are?

Fernandes was even more irascible, and he directly wanted to attack ta Lu!

Talu was eager for Fernandes to fight, so he beckoned Fernandes with his finger and said, ""You're not convinced, are you? I'll let you know today why I'm a commander, a Heavenly Phoenix Saint emissary, while you can only be earth fiend Saint emissaries!"

Cool, cool, cool!

He had wanted to do this for a long time, and his dream had finally come true. Tallu had not even beaten fernández, but he was already very happy!

"Commander ta Lu, I'm not done yet. I hope you can control yourself!"

Snowy sword frowned slightly. He was extremely dissatisfied with Dale's performance.

If it wasn't for the fact that ta Lu didn't have much time left, Xue Jianfeng would have slapped him!

"This subordinate is presumptuous! I'm sorry!"

Talu didn't dare to argue with snow, so he lowered his head and admitted his mistake.

Xue Jianfeng snorted and didn't pay much attention to him. He turned to Lin Yi, "Ling-zero-eight isn't in the ranks of battle Saint emissaries. I'm considering to confer you the title of intern Saint. Once you pass the assessment, you'll become an official Saint!"

When talu heard this, he almost laughed to death. What the hell? After all that trouble, Ling-zero eight was just an intern! If you want to become a full-time employee, you have to pass the assessment?

Beautiful!

The sage Emperor probably couldn't stand the sight of Ling-zero-eight acting all high and mighty all day long, so he chose to suppress him.

Hahahahaha, here comes my chance!

"Ling-zero-eight, I didn't expect this! After all this, you're just an intern who can't even become a battle Saint! Just how annoying are you?"

Talu's head heated up-he'd already forgotten about Xue Jianfeng's dissatisfaction and jumped out to mock Lin Yi."In the future, just follow me! If I'm satisfied with your service, I might even be able to help you get into the ranks of the earthly fiend sacred emissaries!"

"Of course, with your aptitude, you're at most a low-class earth emissary. That's already very good. You have to know how to be grateful!"

Xue Jianfeng was dumbfounded. Where the hell did this idiot come from? Wasn't he dying? Why wasn't he dead yet?

Should I go and help him so that he can die early and reincarnate?

"Morris, let go. Let me kill this idiot! How dare he say that about our Captain? he must be courting death!"

Fernández pulled out his big podao and was about to go up to cut the tower Road, but he was stopped by Morris and the others.

After all, they were in the old lair of the new sanctuary, and the eighth brother's team leader seemed to have some plans. It was best not to act rashly without orders!

Who would be able to bear the consequences if old eighth's plan was ruined?

He did not expect that when Fernandes was stopped, Saint soyatu would slap Taru in the face.

"Are you out of your mind? How dare he speak to the intern Saint like this? Are you tired of living? Do you want to die?"

Saint soyatu slapped talu every time he spoke or asked a question. Talu was dumbfounded.

In fact, talu's current level of strength had already surpassed Saint soyatu by a lot. If they were to really fight, Saint soyatu would not be talu's opponent at all.

However, how could ta Lu, this coward, dare to attack a new Holy envoy of the Holy region? He didn't even have the thought of resisting before he was picked up by Holy envoy soyatuo and whipped!

"I've never seen an idiot like you! Hurry up and kneel down, apologize to the Holy Son, and beg for His Highness "forgiveness!"

Saint soyatu slapped him a dozen times before pushing talu in front of Lin Yi. This was a good chance for him to get closer to Lin Yi and hug onto the new saint's leg-he couldn't miss it!

To be honest, Saint soyatu was a little grateful to talu. If it wasn't for this fool's stupidity, how could he have such a good opportunity?

Dale was still confused and confused. Wasn't it just an intern? What was Saint soyatu doing?

Could it be that he was on good terms with Ling-zero-eight, so he was backing him up? But behind me is His Majesty the sage Emperor! I have the sage Emperor backing me up!

Talu had already regarded himself as Xue Jianfeng's Lackey, regardless of whether it was true or not.

And so, just as he was about to go on a rampage, Saint soyatu kicked him in the back, forcing him to kneel in front of Lin Yi out of habit.

Fine! He was very familiar with the place and didn't have any temper!

"His Highness the Holy Son will be the successor of the new Holy Emperor in the future. Who Do You Think You Are to dare to speak rudely to His Highness? Not killing you on the spot is already being merciful to you!"

Saint soyatu was cursing while kicking ta Lu from behind. Ta Lu finally understood what an intern Saint meant!

What the f \* ck!

Wasn't an intern Saint also an intern? So, even interns could be so awesome!

He raised his head and stole a glance at Lin Yi-he wanted to cry but had no tears!

He had thought that his strength had increased and his status had been acknowledged, allowing him to show off in front of Ling-zero-eight, but in the end ... The gap between the two of them was getting bigger and bigger!

I can't afford to offend you ...

"Your Highness, I was wrong!"

Ta Lu knew that he was done for, so he prostrated himself on the ground and asked Lin Yi for forgiveness!

Lin Yi was speechless-he'd seen his fair share of shameless people, but this was the first time he'd seen someone this shameless!

"Ling-zero-eight, let's not bother about those small details. Are you willing to become an intern Saint of our new Holy region?"

Xue Jianfeng didn't want to bother with a B \* stard like ta Lu and called Lin Yi over,"If you don't have any objections, you can come and kneel down in front of me. I will now confer you the title of intern Saint!"

"Kneel in front of you?"

Lin Yi couldn't help but smile coldly. He didn't even do a simple bow and now you want me to kneel? Who gave you the face?

"What's wrong? Is kneeling in front of me a disgrace to you?"

Xue Jianfeng's eyes turned cold. This Ling-zero-eight, isn't he a little too unruly?

Not to mention that he was just an intern Saint, it was no big deal for him to become the new Saint Emperor in the future!

"Ha ... Kneel down to you? I'm just afraid that you won't be able to withstand it and your lifespan will be shortened!"

Lin Yi walked up with his hands behind his back, "I wanted to figure out what the hell the new sanctuary was, but I didn't expect to see you here!" Xue Jianfeng, long time no see! Since you're the sage Emperor, everything is clear!"

"How audacious! He actually dared to be so impudent! Who the hell are you?"

Xue Jianfeng suddenly stood up. His eyes were extremely cold, and his killing intent rose. He was ready to attack at any time!

"You don't even remember who I am? As expected, you're a guy who only remembers what you've eaten and forgets what you've been hurt for!"

Lin Yi's lips curled up as he wiped his face and took off the mask, revealing his true face. "Xue Jianfeng, it seems like you don't know what repentance is. You're still stirring up trouble!"
