

## **Bodyguard 7701**

Chapter 7701 Sage Emperor Is Dead

"L-Lin Yi! How could it be ... You!"

Xue Jianfeng was so shocked that he stuttered.

He couldn't help it-Lin Yi had left an indelible, terrifying impression in his heart!

Seeing Lin Yi suddenly appear in front of him, Xue Jianfeng naturally panicked!

"That's me! Are you surprised?"

Lin Yi's lips curled up as he looked at Xue Jianfeng, "Now, who do you think should kneel between us?"

Xue Jianfeng's heart was beating fast, his mouth was dry, and he was very nervous.

But on second thought, what was there to be nervous about!

So what if it was Lin Yi?

I'm no longer a nobody!

Lin Yi's strength couldn't compare to his brother!

Wouldn't it be a good opportunity for revenge?

"Hahahaha! Lin Yi, you're really the one who chose hell instead of heaven! Today's matter isn't something that can be solved by you kneeling down!"

Xue Jianfeng laughed hysterically to hide his fear. Then, he exploded with all his might!

The pressure of an earth-splitting stage expert was instantly revealed and swept across the entire scene!

Whether it was Lin Yi's team or ta Lu's group, they couldn't stand still under the pressure.

In such a state, he wouldn't even be able to block an attack from Xue Jianfeng, let alone fight him!

Except for Lin Yi!

Lin Yi still had his hands behind his back, looking relaxed and lazy, not sensing any signs of earth formation stage strength from Xue Jianfeng.

"It seems that you're doing well in central. You're already at the great circle of earth creation! He will soon become a super expert of the sea splitting stage!"

"Hahaha, you have a good eye. It's not too late to kneel down and beg for mercy. Since we know each other, I can spare your life!"

Xue Jianfeng's courage slowly returned. As expected, with strength came confidence. Even if he faced Lin Yi, as long as he could crush him with his strength, there was nothing to be afraid of!

"Of course, if you want me to spare your life, when you kneel down and beg for mercy, you have to show me some sincerity. You have to satisfy me. If I'm not satisfied ... Hmm, what should I do? How about I kill one of your men every minute?"

Naturally, the people in Lin Yi's team were all considered Lin Yi's underlings by Xue Jianfeng, and he used them to threaten them.

In fact, Mike, fernández, and the others were a little confused. They did not understand how the captain of the eighth team suddenly became handsome and young!

Even his name had changed to Lin Yi.

But it didn't matter-as long as they knew that Lin Yi was the original Ling-zero-eight, it didn't matter!

Hearing Xue Jianfeng use them as bargaining chips to threaten Lin Yi, Mike, Fernandes, and the others all shouted, ""Captain, don't worry about us. Just do what you need to do!"

Lin Yi was a little touched-these people were willing to put their lives at stake for him, and this was probably the biggest reward he'd gotten this time.

Unfortunately, this feeling did not last long, because of fernández's words, the atmosphere suddenly changed!

"Captain, don't stand on ceremony with them. Just glare at him. Even if you can't kill him, you have to make him pregnant!"

Lin Yi didn't know what to say-getting Xue Jianfeng pregnant?

... This is too difficult, it's impossible!

What are you thinking, Fernandes?

Couldn't he tell that Xue Jianfeng was a man and didn't have that ability?

Even if the snow blade had that ability, Lin Yi himself couldn't make anyone pregnant just by staring at them!

"Lin Yi, are you done thinking? do you want to kneel down and beg for mercy? If you don't agree, I'll start with that perking Fernandes!"

Xue Jianfeng felt that everything was under his control. All the humiliation he suffered from Lin Yi would be washed away today!

So he wasn't in a rush to make a move-he wanted to humiliate Lin Yi and kill a few people to make Lin Yi's heart ache.

"Ha ... I really don't understand. Who gave you the courage? where did you get the confidence to think that you can kill my people in front of me?"

Lin Yi shook his head with a smile and hooked his finger at Xue Jianfeng, "I wanted you to kneel down and beg for mercy, then I'll let you go. But now, you'd better come over and die!"

"Big words! Do you really think you can scare me with your Bluff? I'll break your legs first!"

Xue Jianfeng laughed coldly as his body flickered, ready to attack Lin Yi.

"Good luck, Your Majesty Sage Emperor! One hit kill, kill that guy!"

Talu pulled himself together and cheered for Xue Jianfeng. He did not forget to turn around and instruct his underlings, "You all should hurry up and create momentum for His Majesty the sage Emperor! Do you really need me to give you some pointers for such a small matter?"

The others were helpless and were about to cheer for snow sword peak with Dale, but they didn't expect snow sword peak to fall to the ground!

And it was the kind of fall where his face and body were on the ground!

Some people even heard the crisp sound of bones cracking when snow sword's nose came into contact with the ground.

Everyone was silent!

Talu and his men's hands, which were about to clap, stopped in the air. They didn't know if they should continue clapping or quietly put them down.

If he saw his leader being unlucky and embarrassed, would he be hated by the leader and find a chance to make life difficult for him?

This didn't seem like a question, but a statement!

Talu felt bitter in his heart. For a moment, he was in a dilemma.

If he hadn't created such an atmosphere just now, he would have quickly gone up to show concern for His Majesty the sage Emperor and express his loyalty.

However, one second ago, he was still trying to kill the sage Emperor with a single strike, and the next second, he was concerned about whether the sage Emperor was dead or not ... This was simply courting death!

"The captain is mighty! As expected, he killed that whatever Sage Emperor with a single glance!"

Fernandes did not have any apprehensions. He immediately cheered when he saw that snow Jianfeng was out of luck. The speed at which the experienced leg hair hugged his thigh was by no means comparable to ordinary people!

"Actually, I really want to see the scene of the Saint Emperor getting pregnant from captain's stare. However, this is even more impressive. Captain is just awesome, he's the number one awesome expert in the world!"

Lin Yi's mouth twitched, not wanting to talk to Fernandes anymore ...

Xue Jianfeng was indeed killed by Lin Yi without much effort.

A single soul-snatching hand was enough to take care of him. Snowy Jianfeng didn't even have the chance to resist.

"Your Majesty Sage Emperor! Your Majesty Sage Emperor!"

The Saint who led the way came to Xue Jianfeng's side and checked on his condition nervously, "You're fine ... I'll go! He's dead?"

The Saint envoy almost went crazy. The dignified Saint Emperor, a great circle of earth splitting realm, and an expert at the half-step sea splitting realm, died from a fall?

Who would believe it?

Those who saw it on the spot started to doubt their eyes and their lives.

"Did you kill the sage Emperor?"

The Saint turned around and glared at Lin Yi, his aura fierce, but his steps betrayed him.

Chapter 7702 Stop!

In front of Lin Yi, the saint's mouth was fierce, but his feet were quietly moving back, trying to put some distance between him and Lin Yi.

He had no choice. Even Saint Emperor Xue Jianfeng was finished for no reason. He, a mere Saint emissary, was definitely not a match for him!

Before he could figure out the truth, it was better to maintain a safe distance!

If there was a chance, it was understandable to turn around and run away!

"Dead?"

Dale was completely dumbfounded. He had just found a strong backer, and he died before he could even rely on him.

But then again, the Saint Emperor's death should have nothing to do with Ling-zero-eight ... No, he should be called Lin Yi now, right?

In ta Lu's eyes, Lin Yi didn't even make a move, but Xue Jianfeng was the one who was ready to attack Lin Yi, and he ended up dead on the ground. This wasn't some sudden disease, was it?

A heart attack? Brainless? Or was it something else?

"Saint soyatul, did the sage Emperor have some sort of hidden illness?"

Talu moved closer to Saint soyatu and secretly poked his arm with his finger. "Although the sage Emperor's death was not worth it, we don't have the time to grieve. We should do something!"

"What do you want to say?"

Saint soyatu squinted at tallu.

He believed Fernandes 'words more, thinking that Lin Yi really did kill Saint Emperor Xue Jianfeng!

And as one of the twelve envoys of the new sanctuary, he'd heard of Lin Yi's name before!

He really did think that Lin Yi had the ability to kill Xue Jianfeng without him noticing.

Especially after seeing Lin Yi's amazing performance in the nine-story Pagoda, Saint soyatuo finally found the right answer!

It wasn't strange at all that he'd done all that because it was Lin Yi!

"Saint soyatuo, let's not beat around the bush. I'm now a true Saint of Tiangang, the commander of all battle Saints! Now that the sage Emperor has passed away, why don't we join forces?"

Talu glanced at Lin Yi before making a killing gesture. "Get rid of that scourge and claim that it's revenge for the sage Emperor! After this matter is over, I'll bring people to support you in becoming the new Sage Emperor! What do you think, Saint soyatuo?"

Lin Yi's spirit was controlling the entire area, and talu thought it was soft enough for only him and Saint soyatu to hear. In fact, Lin Yi heard it even more clearly than Saint soyatu.

Lin Yi looked at him with a half-smile on his face as he finished.

Saint soyatu's face paled, and he kneeled on the ground, afraid that Lin Yi would suspect that he was in cahoots with tallu!

"Eighth brother ... No, no, no, big brother Lin! I, soyatuo, have always treated you as a friend, a brother! I've never done anything to let you down! If talu wants to deal with you, I won't help. You know, I'm definitely on your side!"

Saint soyatu only wanted to protect himself. As for tallu...He didn't care if he died!

"That's right, big brother Lin, you're an intern Saint. There aren't any other Saint children right now, and the Saint Emperor is dead. I support you to become the new Saint Emperor! I, soyatu, swear that from now on, I will be loyal to you! We'll follow your lead!"

"Saint soyatul, you're crazy!"

This time, ta Lu was truly shocked. If Lin Yi became the new Saint Emperor, then what was he, the commander of the battle Saint? Should he continue or not?

If she didn't want to do it anymore, would Lin Yi secretly get rid of her?

"If we work together, with my brothers, we can definitely kill this Lin Yi! Why are you submitting to him?"

Talu also tried to persuade Saint soyatu.

It was a pity that Saint soyatu was determined to surrender to Lin Yi, because he knew that if he went against Lin Yi, he'd only end up like Xue Jianfeng!

"What are you blabbering about all day? You want to go against our boss Lin Yi?"

By now, Saint soyatu had subconsciously assumed the identity of Lin Yi's follower. Not only did he change the way he addressed him, but he also went on a rampage and started punching talu!

"I'll let you keep talking! Who told you to go against boss Lin Yi! If you F \* cking want to die, just say it. I'll definitely fulfill your wish!"

Saint soyatu's strength level was not as high as tallu 's, but he was very good at beating tallu up. Tallu, this coward, didn't even dare to fight back! I'm used to it!

In the old lair of the new Holy region, talu did not dare to make a move against the people of the new Holy region. After all, he, the heavenly Phoenix Holy envoy, was really nothing ...

"Boss Lin Yi, why don't you just kill this guy? He's an eyesore!"

Saint soyatu wanted to use talu to please Lin Yi after beating him up.

Dale was not happy with this. 'You can beat me up, I'm used to it. I'll just bear with it. But if you want to kill me, I can't bear it!'

Lin Yi waved his hand indifferently before ta Lu could react, "Forget it, he's just a small fry. There's no need to dirty our hands!"

"As for the new Holy region ... I have no interest in taking it over. The so-called Holy Emperor is just a joke in my eyes! Since Xue Jianfeng is dead, there is no need for the new sanctuary to exist anymore!"

Lin Yi said as he took out a few particle bomb disposal.

This was han Jingjing's work. She had used it to destroy one of the bases in the center before, and it was quite useful.

There was still some left, so Lin Yi decided to use it!

Before everyone could fully understand what Lin Yi meant, he raised both his hands and threw the bombs in different directions.

The particle disintegrating bomb still exploded without a sound. However, this time, it did not melt the entire mountain like the last time!

To be exact, most of the particle bomb explosions didn't have any effect. The buildings within the blast radius didn't even move a single inch!

Only some of the technological equipment and instruments quickly disappeared-if it weren't for that, Lin Yi would've suspected that the particle bomb had lost its effectiveness!

"I don't believe that your new Holy region is really indestructible!"

Lin Yi hmpned coldly as he started gathering super alchemy bombs in his palms. Since Han Jing Jing's particle disintegrating bomb didn't work, he'd just make it more violent!

Originally, the particle disintegrating bomb would only target buildings, and the living beings inside would not be harmed.

If he used the Super alchemic fire bomb, none of the people in the new Holy region would survive the explosion!

"Stop!"

A cold shout rang out, and a teleportation light pillar appeared in the hall. The person who spoke had just been teleported out of the light pillar.

The man hadn't even come out yet, but he was already trying to stop Lin Yi-it was clear how anxious he was.

Lin Yi raised an eyebrow and stopped.

Of course, it wasn't like he would stop just because someone told him to!

Chapter 7703 Think Carefully

But the speaker was someone he knew, and Lin Yi couldn't continue destroying the new sanctuary. He could only disperse the Super alchemy fire bomb in his hand first!

"So it's miss LAN. Long time no see. What a coincidence, you're here to play too?"

Lin Yi waved his hands and put them behind his back, a half-smile on his face as he looked at the people walking out of the light.

The leader was LAN xiaoru, who Lin Yi had killed before.

The facts had proven that the important figures in the center would not be easily killed!

Especially a leader like LAN xiaoru, who knew what kind of life-saving trump card she had.

Other than LAN xiaoru, there was also an Jianwen and Kang Zhaolong. They were both familiar faces.

"Lin Yi, don't play dumb with me-this isn't a place to play! Do you think there's such a coincidence?"

LAN xiaoru laughed coldly and didn't give Lin Yi any face, "Have you forgotten that you have an agreement with central? Now, you're dealing with the new sanctuary. What are you up to? Could it be that you want to break the contract and start an all-out war with our Center?"

"Miss LAN, I don't understand what you're saying. What's the relationship between the new Holy region and your Center? I'm going to deal with a new Saint. Why would I break my promise?"

Lin Yi put on an innocent face, acting as if he didn't know the relationship between the new sanctuary and central!

Saint Emperor Xue Jianfeng was lying there, and LAN xiaoru would never believe that Lin Yi didn't know the connection between them!

"As for why I want to deal with the new sanctuary, I'm sure you're clear about that, right, miss LAN? If the new sanctuary is a branch of your central, then can I take it that the one who wanted to break the contract first was your central?"

Lin Yi's face turned serious, his eyes cold. "Don't tell me that you, miss LAN, don't know that the Holy envoy of the new Holy region went to Huaxia to find trouble with my people!"

LAN xiaoru was slightly stunned.

There was no way to explain this-Lin Yi came to the new sanctuary because the new sanctuary provoked him first!

LAN xiaoru really couldn't find any fault with this.

"Miss LAN, Do you understand now? is the new Holy region an organization under your central?"

Lin Yi didn't let him off easily as he pressed on, "It's not too much for me to ask you for an explanation, right? My ally. "

"It's not too much indeed! I will give you an explanation for this!"

LAN xiaoru gritted her teeth and cursed Xue Jianfeng's ancestors in her heart!

It was all this Idiot's fault, leaving Lin Yi with something he could use against him! He deserved to die!

"Actually, the new sanctuary organization isn't really under our central. We can only say that they are our partners! You also know their Saint Emperor, Xue Jianfeng!"

LAN xiaoru weighed her words in her mind and slowly found the right words. "Strictly speaking, the new Holy region should be a small force in the ancient martial world. Snow sword peak and our central are in a cooperative relationship, so the new Holy region naturally became our partner."

"What they're doing has nothing to do with central. We're only here to help them because we're their business partners. We don't want them to be wiped out."

"Lin Yi, I really didn't know about the new sanctuary going to Huaxia. I'm here to apologize on behalf of them. Please, for the sake of the agreement with central, let the new sanctuary go!"

LAN xiaoru lowered her stance. She had no choice-the power of the common world was no match for Lin Yi.

Her strongest fighter, Xue Jianfeng, didn't even have a chance to fight Lin Yi. He died without even knowing why. LAN xiaoru could only compromise and deal with Lin Yi first!

"Miss LAN, I'm not lying in front of the real person. How can that fool, Xue Jianfeng, support such a big business in the new Holy region?"

Lin Yi smiled coldly and shook his head."Also, the research force in the hands of the new sanctuary. Even if they are partners with central, they shouldn't have such strong technological capabilities, right?"

As long as they could confirm that the new sanctuary was a subsidiary of central, Lin Yi could naturally pursue the matter with full force.

"That idiot Xue Jianfeng is indeed not qualified. However, he's not just Xue Jianfeng!"

LAN xiaoru muttered to herself for a moment before sighing softly. She then turned to Xue Jianfeng, who was lying on the ground, and shouted,""Brain-eating insect, how long are you going to pretend to be dead?"

Lin Yi was a little surprised-Xue Jianfeng's soul had already been caught by the hand and put into the Jade space, so he didn't really pay much attention to his body.

Could it be that the brain-eating insect was still hiding in snow Jianfeng's brain?

After LAN xiaoru finished her words, Xue Jianfeng's body on the ground immediately moved its limbs in an uncoordinated manner. It swayed stiffly like a zombie, and then slowly propped its body up.

His head, which had been hanging low, suddenly rose up. His eyes were Scarlet, and the corners of his mouth carried a ferocious and evil smile.

He didn't seem to make any movements, but his whole body jumped up with a whoosh, and then slightly twisted his body a few times, making a crisp crackling sound.

"Hehehe ... It's my first time controlling this body, so I'm still not used to it. Please forgive me!"

Xue Jianfeng's voice became slightly lower, which sounded quite strange.

It was obvious that the one controlling his body was the brain-eating insect hidden inside!

"Lin Yi, you killed Xue Jianfeng's soul. I don't know if I should hate you or thank you! But no matter what, it's a good thing that I've completely controlled this body now!"

"Did you see that? The new sanctuary was actually a joint effort of the brain-eating insect and Xue Jianfeng, and then it received the support of our Center! Therefore, we will protect the new Holy region, but we really don't know what they have done!"

LAN xiaoru spread out her hands, showing that she was also helpless. "Of course, our Center also has some responsibility for what they've done. I'd like to apologize to you again. I hope you can let this matter go and not mention it again!"

"Forget it, forget it. Since you've already said so, if I continue to hold on to it, I'll inevitably be called petty by miss LAN!"

Lin Yi waved his hand. The new sanctuary didn't suffer any losses anyway, and he even got a lot of benefits.

In particular, the nine-story glazed Pagoda had been refined. The hearts of the people in the center were probably bleeding, but they had no choice but to pretend that nothing had happened.

"Whether it's Xue Jianfeng, the brain-eating insect, or your Center, I'm warning you seriously. If you dare to enter Huaxia again, don't blame me for being ruthless! I'm confident that I can uproot the central power of the entire secular world, let alone the others!"

"I understand! In the future, I will restrain my subordinates. At the same time, I hope that you will not cross the line and interfere with the affairs of our central!"

LAN xiaoru didn't give in blindly. After all, she represented the center, and she had to stick to some bottom lines.

Chapter 7704 Director And Vice Director

"Alright! Let's stop here and talk about the architecture of your new Holy region. It's quite interesting!"

Lin Yi nodded slightly and changed the topic. "It seems like you guys have studied my particle disintegrating bomb, so you have taken precautions, right?"

One of the bases in the center of Sky Class Island was completely destroyed by Lin Yi's particle bomb-the secular world should know about this and be prepared!

As expected of central, they actually found a targeted method so quickly!

"That's right, a fall into a pit, a gain of wisdom! We can't always fall in the same place!"

LAN xiaoru smiled indifferently and admitted to this matter. "It's actually not that difficult. The buildings here are all made of antiparticle structures. It's just that the equipment and data can't use these structures, so you can only destroy them!"

"Amazing! But do you think you can stop me from destroying your base with just the antiparticle structure?"

Lin Yi's lips curled up into a mocking smile. "The particle bomb is just a toy. I don't have to use a particle bomb to dismantle this place!"

A super alchemy fire bomb that he'd made casually was thrown out, gently blowing up a wall of the hall, as well as a nearby house.

"See, it's that simple. The antiparticle structure is actually useless!"

"Lin Yi, just take it as you're getting back at me this time. I don't want this to happen again!"

LAN xiaoru's expression was calm as if she wasn't shocked by the destructive power Lin Yi had displayed.

On the other hand, Jianwen and Zhaolong, who'd been silent the whole time, were panicking, their eyes darting away from Lin Yi.

It was another two people who were traumatized by Lin Yi, and Lin Yi couldn't be bothered with them!

"Whether there will be a next time or not, it doesn't depend on your hope! It's your attitude!"

Lin Yi smiled, his eyes sweeping over the people in the center. "Let's get down to business. You guys probably don't want to start a full-scale war with me yet. Does that mean you want to make peace?"

"Didn't we already sign a peace agreement? what's there to talk about?"

"Miss LAN, do you want the new Holy region to continue existing? If you want to continue existing, shouldn't we have a good talk?"

LAN xiaoru furrowed her brows and snorted, ""Just tell me, what do you want?"

"Since miss LAN is so forthright, I won't beat around the bush. I'm not sure about this new Holy region. I'm afraid that they'll cause trouble behind my back, so I need to send someone I trust to the new Holy region!"

Lin Yi turned around and pulled Mike out. "He's the one! In the future, Mike would be the director of the new sanctuary. His position and responsibilities would be similar to brother Dafeng 's, and he would always monitor the new sanctuary's movements! Ms. LAN, do you have any problems?"

LAN xiaoru was disgusted. Lin Yi, that's enough!

Not only did he stuff brother Dafeng over, but now he also stuffed a Mike over. What exactly did he want?

Besides, the director ... Was he the chief surveillance?

"Miss LAN, you don't seem to be very willing? That meant there was a problem? It doesn't matter if there's a problem, we'll find a solution!"

Lin Yi smiled as he raised his hand, and another super alchemy fire bomb began to form in his palm.

LAN xiaoru gritted her teeth so hard that they almost broke. This is the solution you were talking about? You're bullying us because there's no one in central?

LAN xiaoru didn't know how to deal with Lin Yi's unreasonable negotiation style. After all, central didn't have any Masters in the common world.

"Alright! We'll do as you say!"

LAN xiaoru had no choice but to agree. Since she already had brother Dafeng, it didn't matter if she had brother Mike!

"Lin Yi, I promised Mike that I'd be the director, I hope you can stop before you go too far. If you go too far, we'll just break up!"

After agreeing, LAN xiaoru didn't forget to add another sentence, afraid that Lin Yi would ask for more conditions!

If they really crossed the bottom line and central couldn't accept it, they could only choose to go to war.

This result wasn't good for both sides, because they both knew that they weren't ready for this.

"Don't worry, I'm not a greedy person. However, Mike isn't familiar with your new sanctuary. I think he should have an assistant to help him. This isn't too much, right?"

Lin Yi didn't wait for LAN xiaoru's agreement and hooked his finger at Saint soyatu. "Soyatul, come here!"

"Al! Boss Lin Yi, what are your orders?"

Saint soyatuo immediately came over, completely ignoring the fact that LAN xiaoru and the others were still present.

He'd seen Lin Yi's strength, and even these people from central were at a disadvantage. How could he not know what to choose?

"Do you want to be my subordinate and be the Deputy Director of the new sanctuary? you can help Mike monitor the new sanctuary's movements."

Lin Yi stated his conditions directly, "Follow me and I will ensure your safety. If you are not willing, then you can die!"

"Boss Lin Yi, I've already chosen to submit to you. Of course, I'll follow your orders. You can tell me what to do, I won't go west if you tell me to!"

Saint soyatu quickly patted his chest and promised, "I'll be Mr. Mike's assistant from now on. Don't worry, boss, it'll be absolutely appropriate!"

"Very good! I like smart people like you!"

Lin Yi patted the saint's shoulder with a smile and took out a pill for him. "Take this, and the new sanctuary's method of controlling you will lose its effect. Of course, I will be the one controlling you in the future. As long as you obey me and satisfy me, I will return you your freedom!"

Saint soyatu didn't say a word, swallowing the pill without any hesitation-he was very open and confident in following Lin Yi!

LAN xiaoru and the others all had ugly expressions on their faces. "You're trying to poach our men, can you do it behind our backs?"

They're openly poaching people in front of us, don't they want their face?

The most annoying thing was that if you poached someone, you could poach them. It was fine to take them away, but you just had to leave them in the same place after poached them. Were you deliberately disgusting people?

However, there was no way at all. He was in the wrong!

Forget it, forget it, endure for a while and the wind will be calm, take a step back and the sky will be clear!

Lin Yi didn't mean that at all!

He had supported Saint Messenger soyatul to become the Deputy Director because Mike was an outsider, and entering the new sanctuary was completely in the dark!

Under such circumstances, it would probably be very difficult for Mike to monitor the new sanctuary.

However, things would be different with the help of an insider like Saint soyatu. It would be much more convenient to carry out the work. The people of the new sanctuary would probably not dare to play any tricks on Mike so brazenly!

As for being able to disgust the people from central, it could only be considered an unexpected gain, but this was also good!

Chapter 7705 If One Meal Doesn't Work, Then Two

Saint soyatu felt that the central control in his body had disappeared. As for the new control that Lin Yi mentioned, he didn't feel it yet, but he wasn't sure if it really existed!

Even if there were, he didn't care-following Lin Yi wouldn't be disadvantageous, after all. One look at how Lin Yi took care of Mike and the other members along the way and he could tell what kind of boss he was!

This is so good!

Most importantly, after becoming Mike's assistant and Deputy Director, he would no longer be an ordinary Saint in the new sanctuary. Instead, he would be like the Emperor!

Just thinking about it made him feel awe-inspiring!

This was definitely not a loss!

Retired emperor! Good! He felt like he had reached the peak of his life ...

Seeing that everything was about to be settled, and everything was about to be settled, he did not expect a sudden change!

The brain-eating insect Xue Jianfeng laughed eerily, "I really don't have the heart to interrupt you guys, but did you guys ask for my opinion before you made your decision?"

"LAN xiaoru, don't be mistaken! I'm only cooperating with you, not your subordinate! I don't need to listen to your orders! The new Holy region is my territory, and I'm in charge of everything! Who the hell is Lin Yi?"

LAN xiaoru's brows furrowed. Seeing that things were about to calm down, what were the brain-eating bugs trying to do by jumping out now?

Are you looking for death?

Did this stupid thing eat his own brain? If you could take care of Lin Yi, why would I have to lower myself and back off so much?

"Brain-eating insect, what are you trying to say?"

"What do I want to say? Hahaha! I wanted to say that Lin Yi and Qianqian are old enemies, and he wants me to listen to his orders and send his people to monitor me? In your dreams!"

The brain-eating insect laughed out loud, not caring about Lin Yi's strength at all. Was he crazy?

Lin Yi blinked, not expecting the brain-eating insect to react this strongly.

"Miss LAN, it seems that you don't have the final say here! If you can't handle it, how about I help you?"

Lin Yi sneered as he looked at the brain-eating insect from the corner of his eyes. He casually clenched his fist, making a crisp cracking sound.

LAN xiaoru shrugged her shoulders and smiled helplessly. ""Are you trying to kill the brain-eating insect? Although we're business partners, I don't think I can do anything if he wants to die. "

So, if you want to kill the brain-eating insect, hurry up!

In fact, LAN xiaoru was only talking about it. It wasn't easy to kill the brain-eating insect!

Because the higher-ups of the center had specially discussed about the brain-eating insect. An ancient spirit beast like it had certain characteristics of a Dark Demon beast and couldn't be easily killed!

Therefore, Central's attitude towards brain-eating insects was to try to appease and rope them in as much as possible, as long as they could be partners.

Of course, if Lin Yi really had the ability to kill the brain-eating insect, LAN xiaoru wouldn't mind. She would even be happy to see it happen.

"Hehehe ... Lin Yi, do you really think I'm afraid of you?"

The brain-eating insect squinted its eyes and sneered, "I admit that you're much stronger than me, but I'm no longer a weakling. It won't be easy for you to kill me! As long as I don't die, do you think I can't beat you? do you think I can't beat your little brothers and relatives?"

"Are you threatening me?"

Lin Yi's eyes turned cold. He didn't care much about the brain-eating insect's life or death, but this idiot was crossing his line on purpose. He had the wrong idea!

Lin Yi's bottom line was his friends, family, and friends.

If it weren't for this, how could central and Lin Yi come to a temporary truce?

However, the center was the center, and the brain-eating insect was a brain-eating insect. The two were not on the same level of difficulty at all.

Lin Yi couldn't do anything about it, but if he wanted to go all out against the brain-eating insect, no ancient spirit beast could take it!

The brain-eating insect was stabbed by the cold killing intent in Lin Yi's eyes, and it panicked a little, but it didn't want to be outdone. It forced itself to fight!

"So what if you're threatening me? If you can do it, I can 't?"

The brain-eating insect wanted to say it more firmly, but once it said it, it felt that its momentum was a little weak. Then, it couldn't help but continue,""Let's not talk about that stupid water lily. I thought it was strange that I lost contact with my nine infants boss, but now I understand. It was you who set me up, right?"

"You've harmed my boss, jiuqing. Although I can't do anything to you with my strength, it's impossible for me to listen to you or cooperate with you! You'd better give up on this idea!"

So it was for the nine infants! This brain-eating insect was a little loyal!

Lin Yi couldn't help but want to laugh when he thought about the nine neonate's miserable life in the Jade space. As for the brain-eating insect's threat, it seemed like it was just a Bluff.

The brain-eating insect didn't dare to threaten Lin Yi anymore!

The brain-eating insect was also very vexed about this. It clearly wanted to say something more fierce, but the more it said, the more guilty it felt ...

He even explained the reason for not cooperating. No matter how you look at it, it's so low!

Even so, the brain-eating insect's uncooperative attitude was clear, and Lin Yi actually admired it a little!

"Nine infants! Come over here, go say hello to your little brother, the brain-eating insect!"

Lin Yi felt that since the brain-eating insect was rejecting the cooperation because of the nine neonate, then he should let the nine neonate do it! Therefore, he went directly to the Jade space to ask for the nine neonate's help.

"Ah?"

The nine neonate was beaten up badly and was still a little confused.

"Your little brother, the brain-eating insect, thinks that I've harmed you, so he wants to avenge you. It's rare that he's so loyal. I'm too embarrassed to kill him!"

Lin Yi explained patiently. Using his spirit sense to communicate didn't take much time anyway, so he didn't mind explaining more. "You go and greet the brain-eating insect. Tell him not to seek death and cooperate obediently, in case I really make a move and I won't show mercy!"

"Oh, I see! But ... I'm not really that close to the brain-eating insect. I think he's just finding an excuse. It won't make any difference even if I go!"

When the nine neonate heard that it was going to be used, it spoke modestly and even showed a hesitant expression on its face. In fact, it had the intention of raising the price and waiting for the highest price.

It was locked up in the Jade space by Lin Yi and was beaten up by that damn thing. The nine neonate wanted to grab any opportunity to get something out of it. At least it would feel more comfortable!

Unexpectedly, as soon as he finished speaking, the ghostly thing went up and cleaned him up!

"Just do what I tell you to do! Do you think I'm begging you to do something? Ah? This was an order! Do you have any room to bargain?"

The nine neonate cried out again, looking really miserable!

"Lin Yi, why are you wasting your time talking to this guy? He just needs to be taught a lesson, just beat him up!"

The ghostly thing clapped his hands in a refreshed manner. "If you can't handle it with one beating, then beat it up twice! It'll definitely work!"

Chapter 7706 What Kind Of Thinking Is This?

The nine neonate wanted to cry but had no tears. Were there still human rights here? That's right, although it was a spirit beast, it also had human rights!

"I'll do it now! He must persuade the brain-eating insect to surrender!"

The nine neonate quickly agreed with a sad face. As for human rights, it was better to think about it in its heart.

If he really said it, he would probably get another beating!

Lin Yi smiled and shook his head. He opened the Jade space and let the nine neonate release a trace of its consciousness to communicate with the brain-eating insect.

The brain-eating insect's body trembled slightly, and its expression froze on its face. It had obviously received the nine neonate's divine sense message.

The nine neonate's divine sense messages were all under Lin Yi's surveillance, so it couldn't play any tricks.

The nine neonate said a few simple words, basically saying that he had already submitted to Lin Yi, so he wanted the brain-eating insect to submit as well, in case he had to fight them again in the future.

If the brain-eating insects still recognized him as their boss, they would surrender. If they didn't, then they had nothing to say and could just draw their swords!

In just a few sentences, the nine neonate laid out facts and made sense, playing the emotional and threatening cards at the same time. Even Lin Yi was amazed. He felt that this talent in negotiating would be buried if he didn't become a diplomat!

"Hahahahaha! I'm just joking, did you all take it seriously?"

The brain-eating insect suddenly laughed and bowed to Lin Yi and LAN xiaoru, "I'm sorry, I'm sorry, I went a little overboard with the joke! In the future, we'll be on the same side, so don't take it to heart!"

This time, it was LAN xiaoru and the other people from central who were dumbfounded!

He couldn't understand the brain-eating insect's thoughts at all! Did he really eat his own brain?

He was just telling Lin Yi to give up on the idea, but now he shivered and said it was a joke!

What an international joke! People would die, alright?

"Miss LAN, do you still blame me? You won't forgive me? I already said it was a joke!"

The brain-eating insect laughed and walked towards LAN xiaoru, "We're close business partners. Even if I don't give face to anyone, I'll definitely give face to you, miss LAN! So, you should be sure that I'm really joking, right?"

Numbing your ass!

LAN xiaoru was very annoying!

I told Lin Yi to kill you if he could, and now you're telling me it's just a joke, an intimate partner?

Lin Yi, come over here and tell me if you can kill this guy or not!

I, LAN xiaoru, am not joking!

"Hehe, of course I know you're joking, so I'll play along with you. Let's joke together and ease the tense atmosphere!"

LAN xiaoru's heart was in turmoil, but her face was calm as if it had really been a joke!

In any case, whether it was true or false, everyone knew in their hearts!

"Since no one has any objections, then this matter is settled!"

LAN xiaoru waved her hand. She really didn't want to continue thinking about this matter!

It's just two more supervisors, so I'll just have to treat them well!

If it really didn't work out, he could just leave the new sanctuary for them to play with and then create a new new sanctuary later. After all, central was definitely capable of building a base!

He was a proper construction maniac!

LAN xiaoru was thinking about the feasibility and urgency of the matter, but Lin Yi wasn't done yet.

"Since the brain-eating insect is giving me face, then I won't be polite! It just so happens that I still have some people with me, so I'll arrange for them to enter the new Holy region together!"

Lin Yi gestured for Morris and Serena to come over, "In the future, there will be a Board of Directors in the new sanctuary. The structure will be formed by the ruling Sword Knight Association, and Morris will be the president."

"The funds for the Board of Directors will all be borne by the new sanctuary, and the Human Resources will belong to Morris independently. They can recruit members on their own, and the maximum number is 1000! I won't add too much burden to you!"

LAN xiaoru was so angry that her nose almost went crooked!

A thousand people?

The new sanctuary would provide the funds, but the new sanctuary had no right to interfere in the personnel, let alone command them!

This is asking the new sanctuary to provide for your people!

He actually had the face to say that he didn't want to add too much burden. How much would it be if he added more burden? Ten thousand people? A hundred thousand people?

"Next is Serena. In the future, Serena will be the Holy maiden of the new sanctuary! After all, I can't continue to be the Holy Son. There shouldn't be any problems with Serena becoming the Holy maiden, right?"

LAN xiaoru didn't mind this at all-Serena was a spy from the new sanctuary, after all. Lin Yi might've turned her over, but she still had some hope of being on the same side!

"Lin Yi, that's enough!"

LAN xiaoru couldn't let Lin Yi continue to raise conditions. If this continued, the new Saint domain would really be renamed to Lin Yi's Saint domain!

What's the matter with central?

Although LAN xiaoru had already begun to consider the plan to build a new sanctuary, she couldn't reveal her thoughts at the moment.

Expressing his dissatisfaction was also a way to exert pressure!

The brain-eating insect saw LAN xiaoru's slight frown and immediately patted its chest. "Miss LAN, don't worry, these are not a big deal. I will give you face and agree to all of them! I'll cooperate with Lin Yi and I won't mess things up!"

LAN xiaoru felt a little suffocated and a little dizzy ... Can I not be embarrassed?

Although LAN xiaoru didn't know what the brain-eating insect was doing and why there was such a 180-degree change in attitude, she knew that it was a done deal!

"Alright! You guys can discuss the details on your own, I'll be leaving first!"

Waving her hand helplessly, LAN xiaoru turned around and left without even saying goodbye!

LAN xiaoru was afraid that her body would explode if she stayed any longer!

"Take care, I won't send you off! Miss LAN, we'll meet again!"

Lin Yi, on the other hand, was very polite and waved goodbye with a very sincere attitude. He then watched as LAN xiaoru led the other people out of the room!

Jianwen and Zhaolong, who were familiar with Lin Yi, didn't make a sound at all-perhaps it was because of the trauma from seeing Lin Yi, but they didn't even dare to speak.

"In the future, I'll leave the matters of the new Holy region to you all!"

Lin Yi turned around and smiled at everyone, "I might not be able to come back again. If there's anything, you can contact Keman from the Buffon family, or directly contact Changyi or Xiaobo from Huaxia!"

These three were famous figures in Europe and the world. Lin Yi didn't need to explain it to them.

"Captain, where are you going? I, Fernandes, am determined to follow you! No matter where you go, I will follow. "

Fernandes was anxious. As a senior leg hair, of course he had to hold his thigh tightly. How could he separate from his thigh?

"Captain, I don't want to be the saintess. I want to follow you ..."

Lin Yi waved his hand, signaling for everyone to keep quiet. He then sent away the brain-eating bugs and tallu before continuing.

#### Chapter 7707 We Will Go With You

"All good things must come to an end. Fernandes, Serena, you are all Europeans, it would be better for you to stay here! And I can't bring you guys with me to the place I'm going. "

"Captain, what place can't we bring people? Although we're not as strong as the captain, we're not weak, right? I don't believe there's any place we can't go!"

Fernandes looked serious and patted his chest. "Even if it's a mountain of daggers or a sea of flames, as long as you're here, Captain, I, Fernandes, will definitely be here!"

Serena and the others followed suit, agreeing to follow Lin Yi!

"Mike, Morris, don't join in the fun! The new Holy region still needs you to take charge. This is a big matter, and I've entrusted it to you, so don't drop the ball!"

Lin Yi patted Mike's shoulder. "Especially you. I didn't make you the director of the new sacred zone just for fun. You have to take up this responsibility!"

"Yes, Captain!"

Mike lowered his head slightly, his heart somewhat heavy.

He knew that Lin Yi was right-the new supervisor had a lot of responsibility, and Captain Lin Yi gave him such a heavy task because he trusted him. How could he lose the big picture for a small thing?

Plus, he was the heir of house Stratford, and he had the burden of the family on his back. He couldn't just leave with Lin Yi as he pleased!

Morris and the others were the same-they'd all given up on following Lin Yi after what he said. Only Serena was unwilling to follow Lin Yi.

"What's so important about the saintess? she's just the successor of the Saint Emperor. Before the brain-eating insect dies, I'm just a decoration. Why can't I follow you?"

Serena pouted as she tugged at Lin Yi's sleeve."Captain, just bring me along. I can do a lot of things. In the future, I can help you with your food and living, as well as other trivial matters!"

Especially when you can warm my bed! This was not something a stinky man like Fernandes could do!

Of course, Serena could only think about it in her heart. She would not say it out loud even if she was beaten to death. She could only look at her biggest competitor, Fernandes, with a provocative look.

Fernandes was dumbfounded. Serena, are your eyes cramping? Why are you looking at me like that?

Lin Yi didn't care what they meant, smiling as he waved his hand. "It's not that I don't want to bring you guys, but I really can't!"

Sky Class Island wasn't a secret, and Lin Yi didn't think there was anything to hide, "The place I'm going to is called Sky Class Island, and it's not part of the mortal world."

"To put it simply, the sky-class Island should be in another plane. If you want to go to the sky-class Island, you have to go through a special passage or a wormhole, but wormholes don't allow living things to go through unless you're in the primordial spirit state!"

Everyone present already knew what the state of their primordial spirit was. They were no longer ignorant cultivators. After going through the nine-story glazed Pagoda, they had no problem in terms of experience.

"I'm actually just a primordial spirit. My physical body isn't on this plane, so I can go back, but I can't bring you back!"

Lin Yi even demonstrated how he'd turned into his ethereal form to make it more convincing.

Serena's hand was empty-she was pulling on Lin Yi's sleeve, but it was like pulling on air.

I didn't expect the captain to be a ghost ... No, a primordial spirit!

So powerful!

"Captain, then I'll be able to follow you if I turn into a primordial spirit too, right?"

Serena did not even think and directly made a request,""Can you teach me how to turn into a primordial spirit?"

"Yes, yes! Captain, my primordial spirit is also very powerful. I can definitely help when I transform into a primordial spirit. Teach me too!"

Hearing this, Fernandes felt that it made sense! She couldn't fall behind others on this, and she looked at Lin Yi with eyes full of passion.

No matter what, he wanted to continue to hold on tightly to her. As long as there was a sliver of a chance, there would be no problem!

"You guys are too naive!"

Lin Yi shook his head with a bitter smile,"it's fine for a short period of time if the spirit leaves the body, but if it's too long, your body will die and your spirit will collapse. I'm special, so it's fine if it's too long, but you guys definitely can 't!"

Both Fernandes and Serena were disappointed. They would believe Lin Yi's words instinctively without any doubt.

So if Lin Yi said no, then it must be true!

"By the way, Captain, don't you have a storage bag? why don't you put me in the storage bag and take me away? that should be fine, right?"

Fernandes suddenly had an idea and clapped his hands."", Fernandes, am indeed a genius. Captain, do you think this will work?"

"Of course not!"

Lin Yi didn't even think about it. "A storage bag can only store inanimate objects, similar to a wormhole, unless you're a corpse."

"Captain, have you tried?"

Fernandes felt that his idea was correct, so he continued to dawdle, "If you haven't tried it before, how about we try it once? It should be fine, right?"

Lin Yi was a little touched-Fernandes 'willingness to follow him even if it meant death made Lin Yi waver.

A storage bag was definitely out of the question. He didn't even need to try. That thing couldn't take people in.

Unless it was a dead person, Lin Yi might be able to take it, but it was a completely different space rule.

But he could try the Jade space, and he made some independent spaces in it.

These spaces were controlled by Lin Yi, and while he didn't know if he could put people in, he could at least put spirits in.

"Then I'll let you try! In theory, I can only put your primordial spirit into my space. You should properly experience the pain of your primordial spirit leaving your body!"

Lin Yi opened up the Jade space as he spoke, and Fernandes disappeared from where he was and entered the space.

Where was he?

Even Lin Yi was stunned-how could they really put people in?

It was just a test, did he have to be so surprised?

"Captain, is this the space inside your storage bag? It's quite big, but it's empty!"

When Fernandes entered the independent space, he did not care about himself. Instead, he was interested in the surrounding environment. He only came back to his senses after looking around.

"Eh, Captain! Aren't I fine? My body hasn't been separated from my primordial spirit, and I don't feel any discomfort here!"

Lin Yi didn't know what to say.

Could it be that the Jade space had been upgraded, so people could come in?

If that was the case, it would be a great thing!

Chapter 7708 Jade Pendant Upgraded To 2.0?

In the future, everyone from the secular world and Sky Class Island would be able to freely travel between the two sides through the Jade space and truly connect the two sides!

"Fernandes, do you feel anything wrong?"

Lin Yi suppressed his excitement and asked carefully, "Take a closer look at your body and primordial spirit. If there's anything abnormal, tell me!" He said.

"No, everything is normal!"

Fernandes shook his head, paused for a moment, and then continued, "To be exact, I feel much better than outside! This place makes me feel very comfortable. If I can cultivate here, I'm sure my cultivation speed will be very fast, right?"

Lin Yi was silent-that was for sure!

The purity of the spiritual Qi in the Jade space was not even comparable to that of the Sky Class Island, East continent, and Mystic class Sea area. Compared to the secular world, it was like heaven and earth.

"This doesn't make sense ... How could this be? Fernandes, let's try a few more times!"

Lin Yi said as he let Fernandes out, put him back in the space, put him out, and put him back in again ...

"Captain! I feel that something is wrong! I'm so dizzy!"

Fernández almost vomited. Captain, it was really a bit too much for you to keep switching spaces like this ...

"Oh, I'm sorry. Fernández, you take a break. I'll try someone else! Mike, come!"

Lin Yi patted Fernandes 'soulder apologetically and turned to Mike.

Mike was dumbfounded. No, Captain, you've got the wrong person. You don't want to take me away, so why should I try?

You want to take me away after trying? do you dare to say that?

Unfortunately, before he could even open his mouth, Lin Yi had already sent him into the Jade space!

"Waa ..."

Mike's eyes blurred. Just as he was about to sigh, his eyes blurred again and he was transferred out again!

“.....”

This time, he didn't even have the time to cry out before he was sucked into the Jade space again ...

Lin Yi was overjoyed-he could really take people in now!

Could it be that the Jade space had upgraded itself without him knowing?

Isn't that too bad?

He should at least inform his master!

Secretly applying an upgrade patch to turn it into Jade Space version 2.0, Qianqian had done a great job!

Serena watched Fernandes and Mike appear and disappear one moment, and her heart was suddenly filled with eagerness.

"Captain, can we take them away now? You have nothing to say this time, right? You must bring me along!"

Lin Yi let out the dizzy Mike and smiled helplessly at Serena. "Alright then. If you insist on following me, I'll take you with me. Let's see if you can get in first!"

"Sure, sure. Captain, hurry up and try it. I'm ready!"

Serena immediately looked forward to it excitedly and nervously. Then, she posed for a long time, but there was no movement at all. "Captain, why aren't you taking me in?"

"...You seem to be different from Fernandes and the others. It seems like you can't get in!"

Lin Yi's mouth twitched. He knew that Serena wouldn't believe him, but the Jade space really couldn't take her in!

"Captain, it's fine if you don't want to bring me along ..."

Serena's mouth twitched, and she looked like she was about to cry. As expected, Lin Yi was just finding an excuse!

How could it be possible that both Fernandes and Michael could do it, but not Serena?

Was Lin Yi's storage bag a gender-specific thing? Is it the men's bathroom or the men's bathroom where women are forbidden?

Lin Yi helplessly tried again.

This time, it was a success. However, it was Serena's primordial spirit that entered.

Serena's body was still in the outside world, maintaining her previous movements and expressions. It was as if time had suddenly stopped, and it looked extremely strange!

"Serena, don't be sad. It seems that not everyone can enter the captain's space. You can just stay here and be a Holy maiden ... Serena? Serena?"

Fernandes was pretending to be reserved, but he was actually smug when he noticed Serena's abnormality. "Hey, what's wrong? Say something!"

"Serena!"

Mike, Morris, and the others all gathered around, nervous for some reason. It was only Lin Yi who spoke up to calm them down. "Don't be nervous. Serena's primordial spirit has entered my space. That's why there's no reaction from my body. I'll be fine in a while!"

While he was explaining, Serena was looking around in the Jade space with joy. "Captain, did I enter your space? This place is so empty, why is there nothing here? Of course, that's not important. What's important is that I can go with Captain, right?"

"Serena, take a closer look. You're actually in your primordial spirit state now. Only your primordial spirit can enter this place, and your body can't. As for your primordial spirit that has left your physical body, it should feel uncomfortable. Don't you feel it?"

Serena was a little stunned. It would be strange if she didn't feel uncomfortable when her primordial spirit suddenly left her body!

It was just that he had thought that his body had entered this independent space, so he had ignored the discomfort.

Lin Yi's reminder made Serena realize that she really was an essence spirit!

Because he had not condensed an essence soul body, he appeared rather illusory!

"Why is it like this? Why didn't my body come in?"

Serena's mood fell from the clouds. Now, she was sure that she couldn't go with Lin Yi!

"I don't know why, but Fernandes and Mike can come in with their bodies, but you can't! I'm not talking nonsense!"

Lin Yi was a little embarrassed, wondering if the upgrade to the Jade space wasn't complete yet.

Or was it because the patch he found in the Jade space wasn't good enough, so it didn't become version 2.0, but only version 1.01?

"Captain, you don't have to say anything. I believe you!"

Serena's mood was low, and the discomfort of her spirit leaving her body was clear. She knew that she couldn't follow Lin Yi and stay by his side forever.

If she forced herself to do it, she probably wouldn't live for long. She might as well stay in the new sanctuary and wait for Lin Yi's return.

After all, a person's death was like an extinguished lamp. Only by living could there be more hope!

"Then let's go out. Your primordial spirit should return to your body as soon as possible to avoid any problems!"

Lin Yi nodded and sent Serena's spirit back into her body before turning to the rest.

"I'm sorry, everyone. I want to know why Fernandes and Mike can go in, but Serena can't. So, I need your cooperation."

The others didn't have any objections to Lin Yi's words, of course. To put it in a more vulgar way, they were willing to go through fire and water for Lin Yi. How could they reject such a small request?

And so, Lin Yi opened the Jade space and tried to put the rest of them in, but most of them didn't move at all. Only two people entered the Jade space easily.

Chapter 7709 This Is A Bug

Lin Yi could feel that if he tried again, the rest of the People's spirits could enter the Jade space as well, but these two were different!

Just like Fernandes and Mike, they entered the portal with their bodies!

Adianpolo and Chris!

In that case, things were a little clear!

The group of three from Kirrlutz, including Mike, all had the bloodline of the sea serpent King, while the others did not have this characteristic!

The space in the jade pendant could take in four people's bodies. Could it be that they were treated as spirit beasts?

Or was it a sea beast?

Just like LAN Guzha back then, he could enter without any obstacles.

Lin Yi was starting to get annoyed after thinking it through-this wasn't the Jade space evolving, it was a bug!

Although Fernandes and the other three had the bloodline of the sea serpent King, they were all human beings. How could they be classified as sea beasts?

But it didn't matter. At least it was a loophole that he could take advantage of ...

"It's clear now. Those who can enter my space are those who have the sea serpent King's bloodline. Serena, you don't have this special trait, so you can't enter my space."

Lin Yi let out the two and explained,"This time, only Fernandes will come with me. The rest of you stay here and help me keep an eye on the new sanctuary and the central organization behind them. I'll find a way to bring everyone to Sky Island."

"Hahahaha, there's no need to be envious of me. I'm destined to follow the Captain for Life. None of you can!"

Fernandes was very proud, feeling that he was indeed the one chosen by heaven, and no one could compare to him. "Don't worry, Captain never goes back on his word. He'll definitely come back to pick you up!"

By then, I, Fernandes, will be your leader!

Just thinking about it made him happy!

This is so good!

"Captain, quickly take me in! I want to go into your space and experience it for a while, the air there is countless times fresher than here! To be honest, after I went in, I felt that the outside was extremely dirty and unbearable!"

Fernandes's slightly exaggerated words got Mike and the others 'approval.

Those who had entered could clearly feel the huge difference in the concentration of spiritual Qi in the Jade space compared to the outside world.

Just as Fernandes said, after feeling the Reiki in the Jade space, it would be difficult to breathe outside.

"You can stay by my side for now! You need to pass through the wormhole before entering the space!"

Lin Yi's mouth twitched. He felt that it was weird to keep Fernandes in the Jade space like a sea beast.

And everyone was watching with envy. Fernandes, aren't you afraid of being beaten up by them?

"Captain, are we going to stay in the new sanctuary? Can you go back and deal with the things at home first?"

After Mike had experienced the nine-story glazed Pagoda, he had matured a lot. He was no longer the hot-blooded and impulsive young boy from before.

That was why he wanted to return to his family and make proper arrangements. At the same time, he wanted to rebuild the relationship between the new sanctuary and the Steffey family.

"Of course, no problem! This is what I should do!"

Lin Yi nodded slightly as he scanned the others. "Everyone can go back and take care of their own matters. As long as you communicate with the brain-eating insect, which is the current Saint Emperor Xue Jianfeng, it will be fine."

It was a little weird to keep calling him a brain-eating insect since he was using Xue Jianfeng's body and face to move around, so Lin Yi decided to call him back.

"We won't be going back. It's better to start work in the new sanctuary as soon as possible!"

Morris was the first to express his opinion. There were only a few elites left in the sword of sanctions, so there was no point in going back. It was better to stay in the new sanctuary and set up a Board of Directors!

As for Morris 'own family and business, it did not matter if he was there or not. There would naturally be people to take care of it, and the profits would automatically enter his account. He could go back at any time.

"I want to go back to kirrlutz with aedenpolo!"

After discussing it, Chris and Diablo expressed their desire to go home, and Lin Yi didn't object.

As for Serena, she didn't even need to open her mouth-the answer was written all over her face. Before Lin Yi left the world, she would stay by his side!

After everyone had made their decision, they went to find Xue Jianfeng to make the necessary arrangements. Then, they each went to their designated destination.

Lin Yi, Mike, Fernandes, and Serena went back to the Steffey house first, and Evalist came to the gate with Artil to welcome them.

"Mike, you are still alive! That's great! I thought you were already dead!"

When Evalist saw Mike, tears welled up in his eyes, and he was almost in tears!

At this time, where was the calmness of the head of the Stefford family?

It was the same for Artil, who was beside him. However, Artil was better at controlling his emotions. He suppressed his excitement and came over to bow slightly.

"Young master Mike, you've been missing for so long. Master has been looking for you everywhere, but there's no news at all. The heavens have taken pity on you. Young master, you've come back safe and sound. The heavens have really blessed our Stefford family!"

"It's not that exaggerated. I've only been away for a few days. Do you think I'm a missing person?"

Mike smiled indifferently and hugged his father. Then he saw the strange expressions on his father and Artil's faces.

"What's wrong? Am I wrong?"

Mike scratched the back of his head. It should have only been about nine days since he entered the nine-story glazed Pagoda, right? Including the time before he entered the nine-story glazed Pagoda, it had only been ten days since he left the Stefford Manor.

Was there a need to be so nervous? In the past, he had gone out to play for ten days to half a month without contacting his family, but he had never seen anyone make a fuss!

"A few days? Young master Mike, is there something wrong with your memory? Also, where is Ling-zero eight? Isn't he supposed to be protecting you?"

Artil glanced at the three as he spoke. Because Lin Yi had returned to his original appearance, he didn't see the original Ling-zero-eight, and he was a little displeased!

He had already given out the sea-calming Pearl. Was this how Ling-zero-eight protected young master Mike?

"Of course there's nothing wrong with my memory! And, I forgot to introduce you-this is my Captain, Lin Yi ..."

Mike wasn't sure if he should tell his father that Lin Yi was Ling-zero-eight, but he didn't think that Lin Yi would just take the lead.

"Esther, I am the eighth brother! Lin Yi is my real name, and that's my real face now! As for Ling-zero-eight and Ling-zero-eight's appearance, they were all disguises I used to hide my identity when I was doing missions. "

Lin Yi admitted-he probably wouldn't be using his Ling-zero-eight identity anymore, so there was no harm in telling them.

#### Chapter 7710 Returning To The Villa

"So you're eighth brother ... No, you're called Lin Yi now!"

Evalist nodded, but his expression was cold."I don't care if you're Ling-zero-eight or Lin Yi, but you owe me an explanation. Why did you take Mike away for so long?"

"Father, what do you mean by this? If it wasn't for Captain Lin Yi protecting me, I would've died so many times already!"

Mike was Lin Yi's biggest fan now, and even his father couldn't be rude to Lin Yi."Also, you guys keep saying that I've been gone for so long. It's only been ten days. It's not too long, is it?"

"Ten days? Mike, there is indeed something wrong with your memory. You have left the manor for nine months! In the past nine months, there was no news of you at all, as if you had evaporated from the world. I really thought you were dead!"

Evalist was still furious when he talked about this. He had been missing for nine months!

I almost wanted to hold a funeral for Mike!

If it wasn't for the fact that evalist really cared about Mike and didn't want to believe that his son had died, the grass on Mike's grave would probably be three feet tall by now!

Mike was shocked. Nine months?

Wasn't it only ten days?

Wouldn't his birthday be over unknowingly? I wanted to hold a Grand birthday party ... Alright, that's not the main point!

The point was that it had only been ten days, how could it be nine months?

Where did all the time go?

Mike sent out an interrogation from the depths of his soul, but no one gave him an answer!

Lin Yi was shocked as well, but he understood the situation immediately.

If he didn't guess wrong, the flow of time in the nine-story glazed Pagoda was different from the outside world. A day in the pagoda was equivalent to a month in the outside world!

In that case, it was reasonable for the cultivation speed to be fast in the nine-story glazed Pagoda!

There was no point in trying to figure it out-nine months had passed, was there still a chance of finding Mengyao?

He'd thought that he'd only be in Europe for a few days, but it'd been half a year already!

Fernandes, on the other hand, clapped his hands with a smile when he heard the shocking news."I understand now. We must have traveled through time and arrived in the future nine months later!"

"What a pity! If I can travel to nine or even ninety years in the future, wouldn't I be able to see a world that's like a science fiction movie?"

Serena rolled her eyes and retorted without giving him any face,""What if the world becomes a ruin in nine or ninety years?"

"That's good! We'll follow boss Lin Yi and rebuild human civilization on top of the ruins, becoming the new king of the world. Wouldn't that be great too?"

Lin Yi was speechless-the two of them were so full of themselves, it'd be a waste if they didn't write novels!

After making sure that nine months had passed in the common world, Lin Yi felt a sense of urgency. He didn't want to waste any more time.

"Esther, I've completed my mission. You don't have to worry about Mike's safety anymore. The new sanctuary won't find trouble with you anymore!"

Lin Yi was in a hurry to leave, so he made it short,"You can ask Mike about the details. I'm going back to China now, so I'll take my leave!"

He had disappeared for nine months without saying a word to Huaxia base. He wondered how anxious they would be!

So Lin Yi needed to get back as soon as possible to put everyone's mind at ease, and then go look for Chu Mengyao's clues.

Just as Lin Yi expected, Xiaobo, Lai Changyi, and the others were gathered in Lin Yi's Villa, all of them looking worried.

"There's still no news of boss. There's no trace of him around the world!"

Xiaobo rubbed his forehead, a bitter look on his face. He'd been looking for Lin Yi all this while, and his hair had turned white. "The small world of the immemorial era and the sky Class Island have also kept in contact, but there's also no news of boss!"

"Don't worry too much, everyone. Who is boss Lin Yi? He would definitely be fine! Maybe he's trapped somewhere to cultivate, and when we meet again, he'll give us a big surprise!"

Changyi laughed out loud, trying to console everyone.

The others all nodded in agreement-they trusted Lin Yi.

Lin Yi's actual situation was exactly like what Lai Changyi said!

"Actually, could boss Lin Yi have gone into the wormhole? Although I didn't see it, I can't rule out this possibility, right?"

Dafeng bro was a little hesitant. Lin Yi should've told him before entering the wormhole, but what if he just happened to leave and Lin Yi entered?

Everyone knew that Lin Yi would go into the wormhole to find Chu Mengyao, and the space vortex in the wormhole was no secret. Who knew if Lin Yi's boss really went into the space vortex?

As the contact person between the secular world and Sky Class Island, Ba Wang was also present at the gathering, but he didn't think much of brother Dafeng's words.

The space vortex was in the wormhole, and Wang Ba knew best if Lin Yi went in or not, but he didn't want to say.

They're all Lin Yi's people, it's good to let you guys be scared!

If Lin Yi really died somewhere, that would be the best!

As for Lin Yi, he didn't stay in the Steffey Manor for long. He'd been delayed for nine months, how could he be in the mood to waste time?

Therefore, he quickly said goodbye to Evalist and Mike and returned to China with Fernandes.

Xiaobo and the others had left by the time they got back to the villa-they'd gathered for Lin Yi's sake, after all, and had come to no conclusion.

So when Lin Yi came back, he only saw Yutian and Yu Bing.

"Boss Lin Yi, you're back!"

Yutian was overjoyed to see Lin Yi, "Where have you been for such a long time? We didn't have any news of you, and everyone was worried sick!"

"Yup! We were thinking that if you were to leave for Sky Class Island or the ancient martial world, you'd at least give us a heads up. You disappeared without a word, and we were all worried sick!"

Yu Bing laughed as he hugged Lin Yi-seeing that Lin Yi was fine made them both feel great!

"I didn't expect it either. I was supposed to be back in a few days, but some uncontrollable accidents happened in the middle, so I was delayed for so long!"

Lin Yi didn't go into the details-it was a long story, and time was of the essence. "Where are the others? Contact them and tell everyone to gather here as soon as possible. "

Before leaving the common world to find Chu Mengyao, Lin Yi needed to improve everyone's strength.

In the past, Lin Yi's level was limited, and the common world didn't need too much strength. Everyone just needed to be strong enough, so they didn't level up on a large scale.

PS: big scoop! Just how strong were Lin Dongfang and Vermillion Bird? Who was the king of puppet spiritual beasts? Where was Wang Xinyan now? All you want to know is here.
