### Chapter 7711 Everyone Leveling Up

The appearance of a new Saint realm made Lin Yi feel a sense of danger. Central's research on increasing strength was too terrifying. If the people left in the secular world were still at their current strength, they wouldn't even be able to protect themselves.

As he leveled up, the time and energy needed to level up would increase exponentially, and Lin Yi couldn't save any time now that he was in a hurry to find Chu Mengyao.

"No problem. We were just discussing how to find you here. We didn't leave for long, so we'll be back as soon as we receive the news!"

Chen Yutian took out his phone and @everyone in the group, "The boss has returned and gathered everyone to return to the villa! Deduct one point if you receive a message. Deduct 0 points if you can't return due to special circumstances and state the reason. "

Yu Bing's phone rang and replied immediately, causing Yutian to look at him from the corner of his eyes!

Wait, you're already by my side, do you still need to reply " 1" in the group? He must be bored to death ...

Soon, their phones beeped and beeped, and the replies in the group were quite neat.

"Boss Lin Yi, everyone will be back soon!"

Chen Yutian was very satisfied. Everyone in the secular world replied within seconds, and none of them were absent. His boss's appeal was indeed different!

"Alright, I'll wait for them!"

Lin Yi nodded and called out to the Fernandes and Serena, "I forgot to introduce you guys-these are my teammates from Europe, Fernandes and Serena. These two are my brothers from China, Chen Yutian and Yu Bing! You guys should get to know each other!"

After passing through the nine-story glazed Pagoda, Fernandes and Serena found that they could actually understand and communicate in Chinese. It was amazing!

And so, the moment Lin Yi introduced them, the four of them quickly started talking affectionately, as if they were old friends. It was just that Fernandes felt that the way Yutian and Yu Bing looked at Serena was a little weird.

It couldn't be helped-in Yutian and Yu Bing's eyes, this foreign girl was boss Lin Yi's Xiaoxiao ... Wife, their new Xiaoxiao ... Sister-in-law!

Lin Yi couldn't do anything about it ...

The first to return to the villa were Kang Xiaobo and Lai Changyi, followed by yang Qiqi, sun Jingyi, Xu Shihan, Cheng Yiyi, and the others. After seeing Lin Yi with their own eyes, it was natural for them to be excited!

Dafeng bro and Wang Ba were on their way, and Wang Ba was disappointed to see that Lin Yi was still alive!

Hmph! Good people don't live long, but bad people live for a thousand years. Lin Yi was a big Bad guy indeed!

"Boss Lin Yi, it's so good to see you! You have no idea how much I've missed you! I'm so Haggard because of Yi Xiao ..."

Wangba mumbled to himself, his mouth full of flattery-it gave Lin Yi goosebumps.

Fernandes was even more dumbfounded. Who is this guy? It seemed to be more experienced than Fernandes 'leg hair!

"Wangba, this is none of your business. Go to the side!"

Lin Yi didn't have the time to listen to Wangba's bullshit. He waved him to the side and clapped his hands to his friends from the common world.

"Everyone's basically here, so I'll make it short. Everyone, listen up! Central has set up a new sanctuary organization in Europe, and it's basically under our surveillance now. You can ask Serena about the details later, and she will tell you the details. "

"Because of an accident, I was delayed for nine months. I'm in a hurry to find Yaoyao, so I can't stay for too long. In order to deal with the possible threats from central, I need all of you to improve your strength."

"Chen Dongcheng is already in the mountain-opening stage, so I won't be participating this time. This is because I can only raise everyone's strength level to the mountain-opening stage in the short term. If you want to continue to improve, you'll need too much time. We'll talk about it when we have the opportunity in the future."

"That's about it. Everyone, get ready. We're going to start increasing our strength!"

Lin Yi said everything in one breath and activated the thousand changes of wood and forest, creating twenty to thirty clones. A portion of them went to set up a formation around the villa, separating the villa from the outside world. This was to prevent too many people from breaking through and causing a huge impact.

After setting up the formation, these clones were in charge of guarding. Lin Yi's original strength was at the great completion of sea-splitting realm, and the clones were at the great completion of earth-splitting realm. It was basically impossible for ordinary sea-splitting cultivators to break through the defense of the clones!

The remaining clones were preparing to increase everyone's strength one-on-one, while Lin Yi himself was responsible for drawing Qi from the Jade space and transferring it to all the clones, maintaining the consumption of the clones.

It'd take too much time for Lin Yi to level them up one by one, but the thousand changes of forest and the Jade space made it possible to level them up as a group.

"It's starting! Everyone, focus! Don't be distracted!"

Lin Yi reminded before he started transferring his Qi.

The speed of improvement would be slightly slower through the clone, but it was many times faster than when so many people were improving at the same time.

From the foundation establishment stage to the Golden core stage, it could be completed in about 30 minutes, but from the Golden core stage to the nascent Soul Stage, each person needed about two hours, during which they also needed to take the Golden core of the nascent soul.

The time needed for the original infant stage to advance to the xuansheng stage had increased greatly once again. Now, it had become eight hours per person!

This was because he still needed to take the Thunder profound pill and undergo the Thunder tribulation in between!

And so, Lin Yi had to create lightning in the yard to help everyone with their tribulations-he was really busy.

Other than Lin Yi, no one else could do this!

It would take even more time for him to advance from the xuansheng stage to the mountain opening stage!

And so, Lin Yi stayed in the villa for two more days, two days where he couldn't rest.

Lin Yi was busy after leaving the new sanctuary, but the higher-ups of central were worried. They gathered together and talked about Lin Yi.

"That Lin Yi kid is too much! Not only did he take away our nine-story glazed Pagoda, but he also wants to plant his men in the new Holy region. I'm afraid that the new Holy region will become his in the future!"

LAN xiaoru was quite angry. The wormhole was a good example!

The wormhole used to be Central's only channel, but Lin Yi forcefully took part of it and slowly made it Central's control of the wormhole!

Who couldn't bear it!

"Damn that Lin Yi! She really wanted to kill him right now! Ban Jieming the third, can you do it? Can you find a way to kill Lin Yi without anyone knowing?"

"This ... I'm afraid it won't be that easy! And it's not like we can't touch Lin Yi!"

Ban Jieming III was a little afraid of LAN xiaoru, and he avoided her eyes. ""Things have already happened. We shouldn't continue to be entangled with it. Instead, we should look at the long term!"

Chapter 7712 Superior

"Are you lecturing me?"

LAN xiaoru couldn't help but raise her voice, her face full of anger, ""Tell me, how should I look at the long term?"

"Alright, alright! Don't engage in such a pointless argument!"

At this moment, Lin boliang came over with a cup of coffee and handed it to LAN xiaoru. ""Lin Yi can't be touched for now, that's for sure! Let him be. He's just a small expert at the sea split stage. He can't cause much trouble for the time being. He's nothing to us!"

A puny expert of the sea split stage!

Lin boliang didn't have any special expression on his face when he said that. He didn't mean to insult Lin Yi at all. It was like he was talking about something normal!

Only an absolute superior would have such an attitude.

If Lin Yi was here, Lin boliang's threat level would probably be raised by a few levels!

"You're just too nervous. Remember, our Center's main mission and goal in the secular world is to do scientific research! I want the results of scientific research, not something as boring as fighting for territory!"

Lin boliang's tone was flat, but he was lecturing ban Jieming III. "If we want to fight for territory, who can stop us here? Remember in the future, don't neglect the fundamentals and neglect the trifles!"

"What you said makes sense!"

LAN xiaoru lowered her head and agreed. She drank her coffee and also felt that she had been a little too eager for quick success recently.

As for ban Jieming the third, he didn't dare to make a sound.

"Although we didn't get the nine-story glazed Pagoda, it didn't affect us much. The space rules inside gave us a lot of inspiration. As I said just now, what we need is the results of scientific research, not territory!"

Lin boliang nodded slightly and continued to say calmly, ""The research on the nine-story glazed Pagoda is enough to make up for our previous weaknesses. I think it's time to start the space ring plan!"

"Right now, we already have enough bases in the common world, Heaven Island, and ancient little pugilistic world, but the sub-islands are still a little weak and need to be strengthened!"

"But what's for sure is that we already have the opportunity to start the spatial loop plan. We can try to open up the passage between the secular world, the sky Island, the immemorial small world, and the sub-Island, and form a free spatial loop!"

"Little ban, why are you in a daze? quickly write down what I said!"

Lin boliang frowned and was a little dissatisfied with ban Jieming the third. How could he be distracted by such an important speech?

"Yes, yes, yes! I'm actually not daydreaming, I'm just thinking about the possibility of the spatial ring plan being implemented, the problems that may be encountered, and how to solve the problems!"

Ban Jieming the third answered "yes" repeatedly while quickly recording Lin boliang's words. He didn't forget to explain himself. He was distracted, but he did it in an orderly manner!

"That's good! This is the most important thing for our Center, so you all have to take it to heart! We can't be careless!"

Lin boliang's expression relaxed a little. After saying a few more words, he suddenly changed the topic, ""That Lin Yi kid isn't a big threat, but we can't just leave him be. He's really good at causing trouble!"

LAN xiaoru and ban Jieming the third looked at each other and didn't say anything. They already said that they couldn't kill Lin Yi, so what else could they say?

"Think of a way to monitor Lin Yi 24/7. If we can't follow him, we have to keep a close eye on his base in Huaxia!"

Lin boliang pinched the space between his eyebrows and emphasized, ""You must be careful not to arouse their suspicion. Everything must be done in secret. Do not provoke them. Just control their movements!"

"Understood!"

After the decision was made, the people from the center immediately began to move and arrange.

However, she couldn't use the new sanctuary's power anymore. Lin Yi had eyes there, so LAN xiaoru had to transfer people from other places.

By the time these people arrived, Lin Yi had already finished upgrading everyone in the villa. Everyone in the secular world had all reached the initial stage of the mountain opening realm!

Even on Sky Class Island, this would be a considerable force!

Wangba was dumbfounded. Was Lin Yi that strong? He had casually created so many mountain opening experts!

And from what he said, it seemed that he didn't continue to improve because he didn't have enough time. If he had enough time, wouldn't he be even more powerful?

Lin Yi's own strength wasn't that scary ... Fine, it was actually quite scary!

However, that was not the main point!

The main point was that this ability to mass produce experts was simply heaven-defying!

Wang Ba was a little flustered. He felt that he would never have the chance to turn the tables!

No!

She had to think of a way to kill Lin Yi, the little B \* stard!

Otherwise, wouldn't he be suppressed to death in the future?

"Master Lin Yi, you're amazing! I, Wang Ba, won't submit to anyone but you! I've never seen anyone more powerful than you in the past five thousand years! I, Ba Wang, am so proud to be able to follow a master like you!"

Wangba was thinking about how he was going to kill Lin Yi, but the words came out of his mouth like a tide. Fernandes couldn't help but sigh at how good he was at sucking up to Lin Yi. He felt that the competition in this industry was fierce, and he needed to work harder to secure his position!

"Enough nonsense! What a waste of time!"

Lin Yi's mouth twitched, not buying it. "How's the situation at the spatial vortex? Are there any changes?"

"No, no! I've been going there to observe a lot, and it's pretty much the same as before. Master Lin Yi, should we go now?"

Wang Ba thought to himself, "I'll first gain your trust, then I'll have a chance to kill you secretly!" By then, you won't even know how you died, right?

Hmph, Hmph, I'll let you be smug for a while!

Lin Yi looked at the people sitting cross-legged in the hall, stabilizing their strength. He didn't know how long they would need to wake up.

Although it didn't make any difference, Lin Yi was still worried about Mengyao, and he didn't want to waste any more time.

"Serena, Chen Dongcheng, I'll have to go to the wormhole with Wangba. I'll leave this place in your care for now!"

Lin Yi thought about it and decided to leave first, "After they all wake up, Serena, arrange for brother Dafeng to meet Mike and Morris for a discussion. Their situation is similar, so there is a lot of room for communication and cooperation."

"Other than that, tell them to cultivate properly and not slack off. Increasing their strength level doesn't mean that their combat strength will match their strength level! I'll leave behind these cultivation methods and martial techniques for them to choose suitable ones to cultivate!"

Lin Yi said as he took out a bunch of books, all suitable for them to practice. This included Qi cultivation, martial arts, and even spiritual sense cultivation.

## Chapter 7713 Entering The Wormhole

In the secular world, it was impossible for them to increase their true Qi, because there was no spiritual Qi environment for cultivation!

However, there was still a lot of room for improvement in their spiritual sense. After all, their true Qi had improved, but their spiritual sense had basically not changed.

In this regard, they were completely different from Fernandes and the others who had experienced the nine-story glazed Pagoda. This was also the direction that they could work towards!

"Chen Dongcheng, take these first. You can also choose those that suit you to cultivate. You have the most experience here. In the future, they will also need your guidance!"

Lin Yi passed the books to Chen Dongcheng. A martial arts technique of this level was nothing to Lin Yi, so he didn't care at all.

However, Chen Dongcheng was extremely touched. How much trust did one need to have to be able to be in charge of so many precious cultivation methods and martial arts technique secret manuals at once?

As the saying goes, "a man will die for his bosom friend"-he would do his best to go through fire and water for boss Lin Yi!

"Don't worry, boss Lin Yi. This is my duty. As long as I, Chen Dongcheng, am here, I will never let anyone hurt them!"

Chen Dongcheng solemnly accepted the manual with both hands and made a promise with a strong voice.

Lin Yi smiled as he nodded. He recorded a farewell video with someone's phone, explaining that he was in a hurry to find Chu Mengyao and said goodbye to everyone before they woke up.

In any case, the day they meet again won't be too far away. Everyone should cultivate well and wait for their reunion.

She said goodbye to Serena after the deed was done, and the little girl almost burst into tears. She hugged Lin Yi tightly and only let him go after much persuasion.

Lin Yi didn't want to waste any more time. He put Fernandes into the space and turned into his spirit form with Wangba, flying into the wormhole.

After entering the wormhole, the two of them quickly arrived near the space vortex.

Compared to before, the pulling force from the vortex seemed to be stronger.

"Boss Lin Yi, I can't get any closer-I feel like my essence spirit will be torn apart!"

Wangba stopped a distance away, a look of fear on his face. Lin Yi thought that this guy was acting, and his acting was quite exaggerated!

"It's fine. You can go back to Jing Jing's side. You don't need to follow us here!"

Lin Yi waved his hand, his aura rising as he slowly approached the vortex.

He didn't use the sea calming Pearl because he wanted to confirm if he was strong enough to withstand the tearing force of the space Whirlpool.

Wang Ba was shocked. He didn't notice it before, but now he could clearly see that Lin Yi's strength had reached the sea shattering realm!

No wonder he was so strong. He could easily mass-produce a batch of mountain-opening experts!

I can't afford to offend you!

"Master Lin Yi, you must be careful! Although I'm confident in you, I'm still worried!"

Lin Yi was taken aback by the sudden change in Wangba's style-he couldn't help but shiver!

What is this ten-thousand-year turtle up to now? is he trying to disgust me to death and then escape from his control?

"Shut up! Hurry up and get lost!"

"Alright! Master!"

Wang Ba turned around and left, feeling a little embarrassed. He had wanted to cozy up to someone but it didn't seem to be very successful!

As expected, he still had to find a chance to kill Lin Yi, the little B \* stard!

Even if Lin Yi was his big brother, he would break his legs!

Without Wangba's noise, Lin Yi continued to approach the vortex. He was much stronger now, but the vortex's strength had increased several times over the nine months.

Lin Yi felt that he still couldn't fight against the space Whirlpool alone, so he didn't waste any more time and took out the sea calming Pearl to activate it.

The space vortex started to stop, but it wasn't completely still. It was still spinning slowly, and Lin Yi's test just now became his source of confidence.

He could pass!

If it was Wang Ba, he might not be able to force his way through the spatial vortex, but Lin Yi was confident.

Lin Yi didn't hesitate anymore and went through the center of the whirlpool, entering an unknown space tunnel.

After a short and seemingly eternal travel, Lin Yi fell from the sky in a daze. Thanks to his Yuan spirit body, he was able to quickly stabilize his body in the air.

What ... Was this place?

The shape of the mountain range in the distance ... He didn't have any impression of this place, but why did the environment look so familiar?

He thought about how he had been to so many places, and it didn't seem strange that he found them familiar!

He scanned the area with his spirit sense and found a mountain village a dozen miles away. He flew over and formed his Yuan spirit form outside the village before walking in.

"Uncle, may I ask what this place is?"

Lin Yi had just entered the village when he saw two middle-aged men half lying down under the shade of a big tree, drinking tea and chatting. He went up and asked with a smile, "I'm a little lost and can't figure out where I am at the moment, so I can only come and ask the two of you for advice. "

The two men in front of him weren't normal people-they were practitioners, but their Earth Class full cultivation wasn't worth mentioning in Lin Yi's eyes.

If one wanted to know where they were, asking such a person was definitely the right choice!

If it was just an ordinary mountain villager, he might not know where the world outside the mountain was, but it was different for cultivators, even if they were only at the completion of the earth Class, their vision was still different!

"Young man, you don't have to be so genteel. We're all mountain people. We're just asking for directions, so we'll definitely tell you everything we know!"

The man with the mustache laughed and pointed at the village behind him."This place is called Wutong village. It's said that there used to be a huge Wutong tree here. Unfortunately, our generation has never seen it before, so we don't know if it's true or not!"

Another beardless man looked at the younger idle man who lazily kicked his companion and scolded with a smile, ""You silly thing, you don't even know if it's real or fake, so why are you taking it out? This little brother is just asking for directions, and you want to drag him into a story?"

Lin Yi had no interest in the parasol tree, nor was he interested in the village!

"You two, I grew up in the mountains and have never gone out. May I know what is outside the mountains? I heard that there's a very big city with many gorgeous pavilions. Is that true?"

Lin Yi pretended to be a mountain kid who'd never seen the world before as he looked forward to it with excitement. "I came out of the mountain alone this time because I wanted to see the world. I didn't expect that I couldn't even leave this mountain ... I'm really ashamed!"

It was just the right amount of shame, and the two men completely believed Lin Yi's bullshit.

If he asked them where it was outside the mountain, they'd probably suspect that he was a ghost from somewhere, so Lin Yi made it up to get the information he wanted.

Chapter 7714 It's Actually Bei Dao

"So you're going out to see the world, little fellow. Your family didn't accompany you out of the mountains. Aren't you afraid that you'll be taken by the spirit beasts in the mountains?"

The man with the mustache teased him a little before getting to the point. "In fact, there are no real cities outside. Our North Island only has three pavilions and a large town, but we don't have a city surrounded by walls. However, you won't be disappointed if you want to see the pavilions. "

Lin Yi was shocked. This was the North Island?

The North Island of the Sky Class Island?

It seemed to be true!

No wonder the environment felt so familiar-he'd never been here before, but he was way too familiar with the North Island's aura.

In the entire North Island, ordinary villages like Wutong village were not rare. It could be said that they were scattered all over the place, and there were countless of them.

Lin Yi had never been to a village like this before, and he didn't think that he was on the North Island!

Wait a minute!

Lin Yi raised an eyebrow-did that mean the spatial vortex connected to the North Island? Could Chu Mengyao have come to the North Island as well?

But the problem was that Chu Mengyao was only sky Class, could she even pass through the space vortex?

Even with Lin Yi's strength, he still needed the sea calming Pearl to pass. What did Chu Mengyao have?

"Uncle, do you usually have strangers like me here?"

Lin Yi thought that if he appeared nearby, Mengyao might be nearby if she managed to escape from the space vortex!

"No, I didn't! Our Wutong village can be said to be isolated from the world. Only our people will go out to buy some things. Outsiders basically won't come here. You're the only stranger in these two years!"

The bearded man shook his head with a smile. "In the surrounding hundreds of miles, only the Xiu village has the most contact with the outside world. They are a local big family, and they even have disciples entering the three pavilions of the North Island. How amazing!"

Lin Yi didn't think that Chu Mengyao had the ability to enter the three pavilions. It wasn't that she wasn't talented enough, but it was hard to say if she could even survive!

Even if they were lucky enough to escape with their lives, they would probably be in an extremely miserable state and would not have the ability to go to the three pavilions.

The best possibility was that she was recuperating somewhere nearby, and it was unlikely that she could survive alone, so it was best to look for her in a place with people nearby.

"Hearing you say this, I really want to go to the Xiu village to experience it first!"

Lin Yi suppressed the worry in his heart and acted like a teenager looking forward to tomorrow, "Perhaps I'll be able to catch the eye of one of the big families in the Xiu village and be accepted as their disciple! Uncle, can you tell me the direction to the Xiu village? I've decided to go and take a look!"

"It's good to be young!"

The man with the small mustache sighed. He had no intention of laughing at the young man's dream. He pointed in a direction and said, "That's the right direction. After crossing two mountains and wading through two streams, ask around if you see anyone and you'll arrive at the Xiu village!"

The directions were pretty detailed even in an abstract school. Lin Yi thanked him and left Wutong village.

With a direction, it was actually very easy to find. Crossing the mountains was a piece of cake for Lin Yi- he could just turn into his spirit form and fly there easily.

Soon, the outline of the house appeared in Lin Yi's range.

But Lin Yi was a little nervous and didn't dare to scan the area with his spirit sense.

According to Lin Yi's calculations, if Chu Mengyao really did come out of the space Whirlpool and was lucky enough to survive, her ability to go to the three pavilions would be useless, but the possibility of her going to the Xiu village was extremely high.

The Xiu village was the only place with the most cultivation resources in the surrounding area. If Chu Mengyao wanted to recover, this was the best place.

It was because of this that Lin Yi started to feel nervous.

It'd be great if Mengyao was in the Xiu village, but what if she wasn't? Then what should he do?

What were Chu Mengyao's chances of survival if she wasn't in the Xiu village?

She was only a Sky Class Peak Master, and she couldn't stay here after coming out of the space vortex!

Lin Yi took a few deep breaths as he looked at the border of the Xiu village. He calmed himself down and flew over quickly!

Lin Yi quickly arrived at the villa and realized that it was indeed much bigger than Wutong village-it was as big as a town.

However, there were not many experts here.

Most of the people in the Xiu house were earth Class and below, with only a small number of Sky Class Masters-not even One Sky Class full master. Was this where the strongest house within a few hundred miles was located?

"Hello uncle, may I trouble you to ask if this is the Xiu village?"

Lin Yi stopped an old man in a long robe and greeted him politely, "I'm from the mountains. I heard that the biggest noble family in our area is in the Xiu village, so I wanted to come and take a look!"

"Haha, young man, this is indeed the Xiu village, and you're mostly right, but you're wrong about one thing! Within a radius of several hundred li, the largest clan is the drifting cloud Manor, and our Xiu clan Manor is only a branch of the drifting cloud Manor! It's not that the cloud resting heights are here. "

The old man laughed heartily and stroked his beard with a trace of pride on his face."However, we can't write two" rest "characters in one stroke. We are not that different from the rest cloud heights."

This was simply putting gold on their own face. No matter where, how could there be no difference in the status of the main family and the branch family?

Especially in a place where bloodline inheritance was valued, the status of a direct descendant and a concubine's child was absolutely different!

But Lin Yi didn't really care if it was Xiuyun or xiujia-the key was Mengyao!

"So that's how it is! Then uncle Xiu, has there been any foreign girls living here in the past one or two years?"

He didn't find any trace of Mengyao in the villa, but Lin Yi still hoped that he'd be able to get some information.

"Of course there is!"

The old man nodded decisively, and Lin Yi was overjoyed. He didn't expect the old man to be talking about Mengyao. "Two years ago, the daughter of Wang Dazhuang from Dawang village married into the sixth head of our village and became the wife of his mistress. Last year, the youngest daughter of Meng Wufu from menghe village married into our village ..."

Lin Yi didn't know what to say-were these considered foreign girls living here?

People are all married into the family, okay? Those are all people from your village!

Fortunately, not many people had married into the family in the past two years, and the elder finished the introductions quickly. Of course, there was no news of Chu Mengyao.

In the end, the old man stroked his beard and sighed, ""Our village is becoming more and more prosperous. It's all thanks to our own cloud resting village that our reputation is getting better and better. That's why our days are so prosperous!"

Lin Yi guessed that he wouldn't be able to get any more information from the xiuja village, so it was better to go to the yunxiu village.

"Uncle Xiu, I would like to take a look at cloud resting heights, would it be convenient?"

#### Chapter 7715 Resting Cloud Heights

"Of course it's convenient! Drifting cloud heights has a wide range of talents, I can see that little brother's appearance is dignified and your bearing is extraordinary, you will definitely be of use in drifting cloud heights. At that time, You Must Remember This old man!"

The old man laughed and pointed in another direction, ""If we follow this mountain path, after about thirty li, we will reach cloud resting heights."

"Thank you, uncle. We'll meet again!"

Lin Yi scanned with his spirit sense and confirmed the villa's location. He smiled and cupped his fists to bid the old man farewell.

After leaving the villa, Lin Yi remembered that Fernandes was still in the space. It was full of spiritual Qi, but the guy was a very active person. It must be hard for him to stay in there alone.

With Fernandes's strength, he shouldn't have any problems on the North Island, so Lin Yi decided to let him out.

"Captain, are we at the Sky Class Island you were talking about?"

As soon as Fernandes came out, he suddenly looked a little excited!

He had crossed the plane and arrived in another world! Just thinking about it made her feel like she was in a science fiction movie!

Lin Yi really didn't know where it led to before going through the space vortex-he didn't think he'd actually get back to Sky Class Island.

"That's right, this is the northern part of the Sky Class Island. Keep a low profile, and don't always act like an egg, understand?"

"Captain, what are you saying? I, Fernandes, have always been low-key and never cause trouble. You can rest assured!"

Lin Yi's mouth twitched. Did Fernandes just say he wanted to keep a low profile? Then there probably wouldn't be many people in the world who would be high-profile, right?

"But come to think of it, the Sky Class Island you mentioned doesn't seem to be anything special. It has more Qi than ours, but it's still very limited."

Fernandes had just come out of the Jade space, and he felt the change in Reiki very clearly. He immediately looked disapproving. "It looks like there aren't many powerful people on Sky Class Island, right?"

"Keep a low profile!"

Lin Yi glared at Fernandes. The Qi on the North Island was indeed quite thin, especially in a place like this.

Why were there so few people? It was because there was little spiritual energy!

Fernandes stuck out his tongue and quickly agreed with a smile. As for whether he could really keep a low profile, it would depend on his understanding of it.

Very soon, the two of them arrived at the periphery of the cloud rest heights. As the head of the nine manors of the northern island, the status of the cloud rest heights was needless to say.

Therefore, a rather large town had spontaneously formed in the outer area of the drifting cloud heights. There were all kinds of industries and businesses inside, most of which were owned by the drifting cloud heights and were managed by special people.

There was also a small group of people with other surnames who had gathered here to make a living, while the majority of the residents were foreigners. Some of them were seeking shelter in the resting cloud heights, while others were here to get close to the resting cloud heights and find an opportunity to make some connections.

"It's quite lively here. Captain, let's go over there and have something to eat first, okay?"

Everything was interesting to Fernandes. This was not as simple as a trip abroad, but a cross-plane exotic atmosphere. Wouldn't it be a waste if he didn't experience it?

And the best start to experiencing an exotic culture was, of course, to enjoy the local food!

Lin Yi nodded. He wanted to gather some information here as well-he'd been away from the North Island for quite some time now, and he'd be able to gather a lot of information in the restaurants and taverns.

The two walked into a restaurant. Business was good, and about 80% of the customers were already there. Lin Yi and fernández didn't have much of a choice, so they sat down at an empty table in the corner.

“waiter!”

After Fernandes sat down, he snapped his fingers out of habit. The waiter was about to come over to greet him, but he was a little confused when he heard the strange way he called him.

"I'm sorry, Sir, but we don't have anyone here who is ... Special? You're not calling me little, are you?"

The waiter looked a little uncertain, and fernández finally reacted and laughed.

Lin Yi smiled and waved his hand at the waiter. "Waiter, don't mind him. Give me one of your signature dishes and two pots of your best wine!"

"Alright! Please wait a moment, Sir, I'll be right there!"

The waiter immediately revealed his signature smile. He deftly wiped the table with a white towel, bowed slightly, and quickly ran away.

"Captain, can we use the money from our side?"

Fernandes was starting to get used to the difference between the two worlds. He lowered his voice and asked Lin Yi, a little embarrassed, ""If we can't use it, we won't be eating the Overlord meal, will we?"

Although it was not a big deal to eat the Overlord's meal, since everyone here was weak and could not do anything to Fernandes, Fernandes felt that it was too low for a Super Master to not pay for his meal. It would be a stain in his life in the future!

The diligent waiter came with a pot of tea and was about to serve Lin Yi and Fernandes when he heard the words "King's meal "from Fernandes" mouth. He immediately looked at Lin Yi and Fernandes with vigilance.

The moment he opened his mouth, he ordered all the signature dishes and the best wine. Was he really someone who ate the king's meal?

Although the temperament of the two people was different, no one could tell before the person who ate the Overlord meal!

Otherwise, there wouldn't be the word "Overlord meal" in the world. Everyone would know if it was time to serve the dishes at a glance.

Lin Yi, of course, understood the waiter's suspicions. He threw a piece of spiritual Jade to him and smiled calmly, "Waiter, this is a tip for you. Please help us to hurry the dishes up! Of course, the food and drinks are not included!"

The waiter was overjoyed! This was a piece of spiritual Jade!

How could such a generous young master eat the Overlord's meal? She must have been blind to suspect such an important guest!

"Many thanks, young master! I'll immediately rush them. I'll definitely serve the dishes to the two distinguished guests at the fastest speed! Please wait a moment!"

The waiter quickly put the spiritual Jade away, nodded and bowed with a smile on his face, and then ran to the back kitchen to hurry the dishes.

This kind of generous guest was rare. If he served them well, he might even get a reward. He definitely couldn't miss it!

Fernandes was about to ask Lin Yi about the spirit Jade when he realized that the leader was listening to the people at the other tables. He swallowed his words and listened carefully as Lin Yi did.

There were five people at the table in the middle, and they were the loudest. They'd attracted a lot of attention, and that was why no one had noticed the little episode with Lin Yi.

"The rising Sky Pavilion is really in chaos now. Pavilion master Shangguan doesn't care much about the affairs, which has led to the various factions in the pavilion. I think it's time for them to give up their position as the head of the three great pavilions!"

A middle-aged fat man in the official's uniform sighed and took a sip of his wine. When he saw that the people around him were paying attention to him, he suddenly felt a little proud and raised his voice.

#### Chapter 7716 Blocked From Entering The Manor

"If the soaring heaven Pavilion's ranking drops, I think the GreenCloud Pavilion will have a chance to reach the top ..."

"Hey, boss Lin, I don't agree with what you said!"

The other man at the same table was around 30 years old and dressed like a merchant. He put down the chopsticks in his hand and gestured as he said, "Although Pavilion master Shangguan doesn't care about anything, as long as he's here, the rising Sky Pavilion's position is as stable as Mount Tai. It's not an existence that can be easily shaken."

"Besides, the rising Sky Pavilion is in a mess right now. How do you know that Pavilion master Shangguan didn't do it on purpose? to put it bluntly, there are many factions, but on the other hand, isn't the competition fierce? the survival of the fittest is the only way to get more elite masters?"

When the people around them heard this, someone laughed and said, ""This brother's words make sense, let's have a big white!"

The man raised his glass with both hands and saluted the merchant from afar. He raised his head and drank. The merchant at the center table smiled and thanked him. He also raised his glass and drank a mouthful in response.

"What I said does make sense. Although there are many factions in the rising Sky Pavilion, in fact, only the Shangguan family and the Xu family are competing with each other. The rest of the factions either rely on the two families or remain neutral. None of them are of any importance!"

"It's said that there's a new genius in the Xu family. His status is second only to the previous Xu lingchong, and he's quite strong. As for the Shangguan family's Shangguan Jue, there's no need to say more. He's an absolute genius!"

"So what? I felt that the rising Sky Pavilion was going to be in chaos!"

Boss Lin, who was dressed as a State Councilor, saw that the limelight was stolen and was more or less a little unhappy. She quickly snatched back the topic. "Shangguan Jue is not bad. I heard that many people have seen him when he came to our cloud resting heights to select new disciples, but so what? He's just a new genius, what can he change?"

Boss Lin patted her plump chest and stood up with a proud look on her face. "If we're talking about geniuses, then our cloud resting heights 'miss Xiu Yan' er isn't bad either!"

"Forget it, boss Lin, your surname is Lin, what does it have to do with our cloud resting heights? You actually shamelessly talk about our Xiuyun heights!"

Immediately, someone began to tease him. He was probably really a disciple of the resting cloud heights.

Boss Lin wasn't annoyed. She chuckled and waved her hand. "Although my surname isn't Xiu, I've already taken root in the resting cloud heights, so of course I treat it as my own home. Is there any problem?"

"Moreover, according to what you said, isn't my surname Lin even more awesome? the legend of the North Island, the rare super genius of the GreenCloud Pavilion, also has the surname Lin, and he's from my family!"

Lin Yi's lips curled up. "It's not me, is it?"

This was the so-called "I'm no longer in the martial world, but the martial world is still full of my legends," right?

"Hahaha, boss Lin, you can forget about it. It's already impressive that your surname is Lin, but my surname is Zhang as well. A divine Alchemist and Holy doctor is a legend among legends, my family!"

The other guy laughed and brought up Liju, which made Lin Yi laugh to himself.

This was his own master, he really couldn't compare!

Convinced!

The building on the other side went off course, and no one mentioned the skyward Pavilion or the GreenCloud Pavilion anymore. They started talking about the miracle doctor Zhang Liju instead, and Lin Yi thought they were making things up, so he didn't pay attention to them.

However, there was still some information in their short conversation just now.

For example, Shangguan Tianhua did not care about the competition between the different factions in the rising Sky Pavilion, a new genius appeared in the Xu family, and Shangguan Jue appeared in the Shangguan family.

The most important thing was that Shangguan Jue had been to cloud resting heights before to select disciples for the three pavilions on the North Island. The lady of cloud resting heights seemed to have gone to the three pavilions at that time.

So ... Did that mean that Mengyao could go to the three pavilions too?

"Sir, your wine, and this is one of our signature dishes, cloud sweeping, cloud soothing, cloud geese! Please enjoy your meal, the rest of the dishes will be served immediately!"

The waiter took Lin Yi's offer and quickly sent the food over.

Lin Yi guessed that this dish was ordered by Yun Shu and Yun Zhongyan from another table, and he cut it off in the middle.

However, it didn't matter. After eating breakfast, he would go to Xiuyun heights to listen in.

"Thank you!"

Lin Yi smiled and nodded at the waiter before turning to Fernandes. "Eat, don't just look."

"Alright!"

Fernandes replied as he poured Lin Yi some wine. The strong aroma of the wine wafted into the air, and Fernandes' eyes lit up.

Fernandes quickly filled his own cup and downed it in one gulp. He immediately fell in love with the wine here!

What whiskey, what vodka, go to hell!

Not only the wine, but the dishes were also delicious that Fernandes had never tasted before. Once he started, he could not stop at all, and did not even have the time to talk.

Lin Yi ate a little and listened to the conversations from the other tables, getting some information about the situation on the North Island. However, these people's knowledge was limited, and Lin Yi didn't take it seriously.

It was precisely because of this that Lin Yi didn't go ask them. They'd probably just tell him the same thing anyway, so he might as well go to the cloud resting heights and ask.

After paying for the food and drinks, Lin Yi brought Fernandes, who still wanted more but couldn't eat, back to the villa.

As expected, he was stopped outside the manor. ""Stop, this is the main house of the resting clouds Manor. If you have anything to say, please explain! If there's nothing else, please leave!"

The guard was polite, but there was some pride in his eyes, as if he didn't put Lin Yi and Lin Yi in his eyes.

After all, it was the head of the nine manors of the North Island. Apart from the three pavilions of the North Island, it was their cloud resting Manor. They did not need to pay attention to ordinary people.

"I know this place is cloud resting heights. If not for cloud resting heights, we wouldn't have come here!"

Fernandes was full and full of energy. He walked up with a smile and imitated Lin Yi's previous posture, ""Go and inform your villa Lord that we want to see him!"

The guard secretly despised him, thinking, where did this dumbass come from? You still want to see the villa Lord?

One look at his nondescript appearance and one could tell that he was a wild man without any background to speak of.

Especially Fernandes. The appearance of the Europeans was obviously different from the natives of the North Island. The guards directly classified Fernandes as a barbarian and did not take a fancy to him at all.

"Do you think our villa Lord is as free as you? Who said that they could meet just because they wanted to? Besides, why don't you think about your status? you came up and said you wanted to see our villa Lord. Who gave you the confidence to think that you would succeed?"

The guard naturally showed a look of disdain. He was sure that fern ndez and Lin Yi didn't have any background, so naturally, he wouldn't be nice, "Hurry up and leave. Don't pollute my eyes here!"

Chapter 7717 You're A Nascent Soul Old Monster

"What are you saying? I dare you to say that again!"

"You ..." Fernandes was furious. "Do you know who we are?" How dare you speak like that!"

"Do you really know what this place is? You dare to make such a big fuss!"

The Guard's face also darkened, and he did not give in to Fernandes. "How can resting cloud heights allow you to act so atrociously? If you want to ask for help and build a relationship, you should lower your attitude. Who Do You Think You Are?"

Fernandes was so angry that he almost laughed. 'Which eye of yours saw that I, Fernandes, need to ask you for a favor?

Why didn't he hug a ready-made thigh and look for your cloud resting heights?

I've never heard of it!

If the captain didn't tell him to keep a low profile, Fernandes would have killed him with his words!

Fernandes tried not to show off, but the guard thought he had suppressed Fernandes when he saw that Fernandes 'face was red and he did not talk back.

As expected, he was a nobody without any background!

The Guard's courage grew. This opportunity was hard to come by, so he naturally had to continue to act tough!

"People like you! This brother has seen a lot. Alright, alright, hurry up and leave, I'm too lazy to argue with you!"

The Guard's face was full of disdain, and he waved his hand with a sense of superiority, ""Go to the town outside of our cloud resting heights and find a job. If you put in some effort, you can still earn quite a bit of money. After all, the town of our cloud resting heights is much more prosperous than other places, and you can also earn more."

"A barbarian like you must have come from a poor family. One or two months of work should be enough for you to live for one or two years!"

Fernandes was furious. "Do you look poor?"

Do you believe that I can bury you with the treasures in my storage ring?

"Why are you still standing there! Hurry up and leave, don't stand in the way of the people of our Xiuyun heights!"

The guard sneered at Fernandes for a long time. Seeing that Fernandes had no reaction, he felt a little bored.

Therefore, he went up and pushed Fernandes, thinking that if this barbarian dared to fight back, he would use this opportunity to teach him a lesson!

Fernandes, who was holding back his anger, was pushed by the guard, and his eyes suddenly lit up!

The captain said to keep a low profile and not to act cool, but he didn't say that he couldn't fight back when he was attacked!

Wasn't it the best opportunity for this stupid thing to get physical? If he didn't move now, when would he?

Fernandes knew that Lin Yi wouldn't blame him for this, so he slapped the guard without even asking for Lin Yi's opinion.

The difference in strength between the two was too great. Fernandes did not dare to use his true energy, in case he killed someone.

Even so, Fernandes's slap still sent the guard flying. When he was in the air, a mouthful of blood and a few teeth flew out.

Well, it was much more comfortable!

Fernandes was overjoyed, but when he looked at the closed Red Door, he felt a little uncomfortable, so he raised his fist and punched the door again.

The doors of the cloud resting heights were not ordinary. Even an ordinary golden core stage expert would not be able to break through them easily. However, in the hands of Fernandez, it was as easy as breaking a piece of tofu.

With a loud bang, the Vermillion gate broke into pieces, and the debris flew everywhere. However, under Fernandes' control, no one was hurt.

"Yuan...Yuanying old ...?"

The other guard was shocked and almost fell to the ground, especially the nascent soul old monster who blurted out. He almost stopped at the last moment!

It was somewhat disrespectful to call him that in front of a Yuanying stage master, and God knows if it would bring disaster.

Fernandes was depressed. What kind of eyes are these? Is Fernandes only in the nascent Soul Stage in your eyes?

He was clearly a super expert in the mountain opening stage, alright? You want to be low-key and show off? you guys don't know how to cooperate.

Should I tell them that I'm not a Yuanying stage master?

Fernandes sneaked a glance at Lin Yi and decided to forget it. If their Captain wanted them to be low-key, then they had to be low-key. They'd have to rely on these guys to figure it out!

In fact, the guard could not tell the level of Fernandes' strength at all. After all, his own strength was low. He could only judge from the broken door that it was probably a master in the nascent Soul Stage.

In any case, whether he was at the original infant stage, the xuansheng stage, or the mountain split stage, it was all the same to him. He could crush him to death with a finger!

"Senior, please forgive me! We were the ones who failed to recognize Mount Tai just now! Please forgive me, senior!"

The guard, who almost peed his pants, did not even bother to look at his companion who was sent flying. He quickly stepped forward and bowed 90 degrees, asking for Fernandes's forgiveness in fear.

Offending a Yuanying stage expert, let alone the two guards of the drifting cloud heights, even the entire drifting cloud heights wouldn't be able to bear the consequences!

The guard was smart enough to know that running away would not end well, so he came up to ask for forgiveness and asked Fernandes, "It was our cloud resting heights' fault for not knowing that senior had graciously graced us with your presence. Junior will immediately report this matter to the manor master, is that alright with you?"

"I've already told you to find your village head, but you didn't listen! Don't you know how to show respect if I don't beat you?"

Fernandes couldn't hold back his burning passion for acting cool, and mimicked Lin Yi, putting his hands behind his waist and raising his head slightly, pretending to be a master.

"Alright, hurry up and get your village head out! We don't have the patience and time to waste!"

"Yes, yes, yes, this humble one will go to find the owner. Seniors, please take a rest in the parlor!"

The guard didn't dare to neglect Fernandes and Lin Yi, quickly turning to the side and leading the way.

Lin Yi smiled bitterly inside-he really just wanted to get some information, he didn't want to break down the door.

However, since things had already come to this, so be it!

The two of them followed the guards into cloud resting heights and there were naturally other people who went to report the news. When they entered the living room and sat down, the manor master of cloud resting heights, Xiu Weiming, rushed over before the tea was served!

"I'm sorry! I'm the manor lord of Xiuyun Manor, Xiu Weiming. I didn't know you two had come and didn't welcome you. Please forgive me!"

As soon as they entered, Xiu Weiming bowed to Lin Yi and Fernandes, his posture quite low.

As the leader of the Beidao's nine villages, the manor master of cloud resting village had some status. It was already quite good for him to perform like this.

"Those who don't know are innocent. Moreover, we've come to visit you so presumptuously. It's fine as long as villa Lord Xiu doesn't blame us!"

Lin Yi smiled faintly and returned the salute.

Fernandes's performance at the entrance was so amazing that the people of cloud resting heights treated him as a guest of honor, and Lin Yi became a follower.

But Lin Yi didn't mind. He thought that it was good this way, so he told Fernandes to stay out of it.

Fernandes was sitting still, and Lin Yi's words made Fernandes "status even more noble. Xiu Weiming didn't doubt him and thought that this was the right way.

Chapter 7718 News Of Chu Mengyao!

"I don't dare! Please forgive this Xiu's poor eyesight, may I know who the two of you are?"

As Xiu Weiming greeted them, he called for the servants to quickly serve tea. Then, he looked at the two of them with a puzzled expression. "I don't think we've met before?"

"We've indeed never met before. Today is the first time we're meeting! That's why I'm being presumptuous!"

Lin Yi smiled faintly and started bullshitting. "We heard that cloud resting heights is a land of great talents, so we came to take a look. We'll apologize for disturbing you, villa master Xiu!"

"No, no, it's great to have friends from afar! It is our cloud resting heights "honor for the two of you to grace us with your presence, bringing light to our humble dwelling!"

Xiu Weiming laughed, not believing Lin Yi's words, ""May I know your names?"

"This is Fernandes, I'm Ling-zero-eight!"

Lin Yi didn't reveal his real name-his name was quite well-known in the northern part of the island, after all, and it'd be better to let eighth brother continue fighting for a while to avoid unnecessary trouble.

"Villa Lord Xiu, let's not beat around the bush and just get straight to the point! I'm here to ask about a person!"

Lin Yi felt that it was a waste of time to continue with the nonsense after hearing the insincere reply. "Master Xiu, may I ask if you've heard of the name Chu Mengyao?"

"Chu Mengyao?"

A surprised expression appeared on Xiu Weiming's face. Lin Yi's heart jumped. There seemed to be a chance!

"Can I ask what is the relationship between young master Ling and Chu Mengyao?"

"She is my fiancée! Due to some reasons, I was separated from her, so I've been looking for her everywhere. If Villa master Xiu could tell me a thing or two, this one would be extremely grateful!"

Lin Yi cupped his fists and looked at Xiu Weiming, the passion in his eyes was real!

Xiu Weiming muttered to himself and nodded slightly, ""I do know the name Chu Mengyao, but I don't know if she's the one you're looking for, young hero Ling,"

"On the day of the North Island's three pavilions" disciple selection, the soaring cloud Sparrow that my daughter had been keeping for three years hatched from its egg. A young girl called herself Chu Mengyao!"

"Normally speaking, a newborn soaring cloud Sparrow doesn't have the ability to transform, and it's impossible for it to directly grow into the appearance of a young girl. So, I speculate that some Almighty reincarnated and reincarnated, and borrowed the soaring cloud Sparrow's body to reconstruct its physical body!"

What Xiu Weiming said wasn't something he saw with his own eyes. It was something he deduced later on. He shouldn't tell strangers so easily, but for some reason, he felt like he had to tell the truth in front of Lin Yi.

Lin Yi was extremely excited-with just a few words, Xiu Weiming was able to confirm that the one who reincarnated was Chu Mengyao!

If a normal person entered a wormhole, their soul would definitely be destroyed. Chu Mengyao was only sky Class peak, so she was no exception!

However, don't forget that she had the bloodline of the Dark Phoenix!

Lin Yi suddenly thought of an important point-phenixes could be Reborn!

This meant that Chu Mengyao had been Reborn!

His physical body had been destroyed by the spatial power in the wormhole, but his primordial spirit might have obtained a chance to reincarnate because of the Dark Phoenix bloodline!

And the cloud resting heights just so happened to be near the exit of the wormhole's spatial vortex!

In that case, everything made sense!

Yaoyao was still alive!

As for whether or not Mengyao was still her original body, and whether or not she was a human or a bird after her rebirth, Lin Yi didn't care at all!

It was as if everyone had been reborn. Strictly speaking, he was still in a vegetative state, a Lotus!

Lin Yi couldn't help but clench his fists, his emotions surging. He couldn't wait to see Chu Mengyao!

"Master Xiu, where's Chu Mengyao now? I want to see her!"

Lin Yi calmed himself down, but he was still a little anxious. "We've been separated for a long time. It's not easy to get some news, so I hope Villa master Xiu can fulfill my wish!"

"Young hero Ling, you're too kind! However, lady Chu is currently not in our cloud resting heights. Instead, she has gone to the three pavilions of the North Island!"

Xiu Weiming cupped his hands courteously and started talking about the disciple selection of the three pavilions. ""Just now, I said that the time when lady Chu appeared was the day when the three pavilions of the North Island were selecting their disciples."

"Before my daughter and lady Chu came out, all the disciples of our cloud resting heights were annihilated. Not a single one was chosen. I'm ashamed to say this!"

As he said this, Xiu Weiming still felt a little indignant.

On that day, all the disciples of the resting cloud heights were eliminated, not because none of them could make it, but because they were targeted by Xu tai of the rising Sky Pavilion.

If it weren't for Shangguan Jue's arrival, the resting cloud heights would have been suppressed so miserably that even Xiu Yan 'er wouldn't be able to enter the three pavilions to cultivate!

In that case, the name of the resting cloud heights, the head of the northern island's nine villages, would almost be given to someone else!

This matter also involved the dirty dealings between kitashima jiuzhuang, so Xiu Weiming only mentioned it briefly and didn't go any further.

"Lady Chu has outstanding talent and strength. As soon as she appeared, she stunned everyone. That's why she was accepted as a new disciple of the three pavilions."

"Then, she went to the three pavilions of the North Island with my daughter, Xiu Yan 'er. They entered the GreenCloud Pavilion. Now, they are both in the GreenCloud Pavilion. If young hero Ling wants to find Miss Chu, you can go to the GreenCloud Pavilion directly!"

Thinking of this, Xiu Weiming couldn't help but sigh. Originally, Shangguan Jue wanted to take Xiu Yan'er into the skyward Pavilion, but Chu Mengyao wanted to go to the GreenCloud Pavilion, so Xiu Yan'er also followed.

At that time, this decision seemed to be a loss. After all, the soaring Pavilion was the face of the three great pavilions. But now, it seemed that the GreenCloud Pavilion was better.

"Many thanks for villa Lord Xiu's straightforward answer!"

"Since I know where my fiancée might be, I'll go to the GreenCloud Pavilion to take a look. I won't disturb you any longer, master Xiu!" Lin Yi stood up and cupped his fists.

"Young swordsman Ling, why are you in such a hurry? you and I feel like old friends at first sight. It's not easy for us to come here, so you should let this Xiu show some hospitality. Otherwise, if others find out, wouldn't they say that our cloud resting heights" hospitality is too lacking?"

Xiu Weiming hurriedly got up and asked her to stay. He looked really sincere.

Lin Yi was in a hurry-he wasn't in the mood to waste time.

"I'll let it go this time. I'll definitely come and bother villa Lord Xiu again in the future if I have the opportunity!"

Lin Yi said as he took out two Jade bottles and placed them on the table. "This is just a small gift to thank villa master Xiu for taking care of my fiancée. I hope Villa master Xiu will kindly accept it!"

"Young hero Ling is too polite. It's just a small matter. There's no need to thank me!"

Xiu Weiming didn't mind and declined with a smile, but Lin Yi didn't care. He called Fernandes and left.

When Xiu Weiming wanted to follow them out of the villa and walked to the living room, he realized that Lin Yi and Lin Yi had already walked quite a distance.

That speed was something that Xiu Weiming would probably have to fly over to catch up with.

A dignified Manor master running around madly in the manor ... That scene was too beautiful to imagine, so Xiu Weiming gave up on it.

Chapter 7719 Returning To The Welcome Pavilion

It's not that I didn't want to send you off, but you guys walked too fast and I didn't have time to send you off!

After Lin Yi and Fernandes disappeared from sight, a strange black shadow appeared behind Xiu Weiming.

At first glance, it was a half-human silhouette, but there were three blue eyes on the face, and the rest of the body was a blur.

"How is it? Did you see any clues?"

Xiu Weiming didn't turn around and asked the black shadow behind him, ""That guy named Fernandes seems to be stronger, but why do I feel like Ling-zero-eight is the leader?"

"Your feeling is right!"

The three-eyed shadow's voice was deep and heavy. "That Fernandes's strength should have reached the beginning stage, but his aura is still unstable. As for Ling-zero-eight ... I can't see through him!"

For a force at the level of Beidao jiuzhuang, an original infant stage master was already very impressive.

That was a giant as big as the sky!

However, what shocked Xiu Weiming was that there was actually a person that the three-eyed shadow couldn't see through?

"How could this be? Isn't your third true eye able to see through everything in the world? Why can't you see through a person's level of strength?"

Xiu Weiming's eyes widened as he turned around and looked at the three-eyed shadow in disbelief. "A person that even you can't see through, just how powerful is that young man?"

The three-eyed shadow was the one who saw through Chu Mengyao's reincarnation using the soaring cloud Sparrow. He was also the one who told Xiu Weiming not to worry about Chu Mengyao.

Because of the contract between Xiu Yan 'er and the soaring cloud Sparrow's spirit beast egg, Chu Mengyao had perfectly inherited it.

Therefore, no matter how strong Chu Mengyao was, she wouldn't do anything to Xiu Yan 'er. The relationship between the two of them was destined to be a friend, not an enemy. The more powerful Chu Mengyao was, the more benefits it would be for Xiu Yan 'er!

Such a powerful third true eye couldn't see through the young man called Ling-zero-eight?

"...He might not be that powerful. It's possible that he's carrying a treasure that can block the detection of my third true eye ...."

The three-eyed shadow hesitated, but this was the only explanation he could come up with. "This guy's related to Chu Mengyao anyway, so he's not a bad thing for us! At the same time, it also confirms our previous guess that Chu Mengyao is the reincarnation of some powerful being. This is the resting cloud heights "fortune, we should take advantage of it!"

"That's true! Oh right, Ling-zero-eight left behind two Jade bottles. Let me see what they are. "

Xiu Weiming didn't pay much attention to it just now. It wasn't a big favor and was probably just something to show his appreciation.

But after knowing that Lin Yi wasn't simple, Xiu Weiming was filled with anticipation.

"Golden core, golden core! The Golden core of the nascent soul!"

After opening the two Jade bottles, Xiu Weiming couldn't help but exclaim in shock. Then, like a thief, he quickly covered the Jade bottles and kept them in his clothes. After checking left and right, he heaved a sigh of relief.

"It's a special grade golden core and a nascent soul golden core! With these two pills, I'm almost certain that I'll be able to break through to the nascent Soul Stage!"

Xiu Weiming was extremely excited. Nascent soul! There was finally hope!

As expected, the young man called Ling-zero-eight was not simple!

The powerful Ling-zero-eight was just about to leave cloud resting heights with Fernandes. He thought that it would take a lot of time and effort to find Chu Mengyao, but he didn't expect to get the news so quickly.

It was still great news!

Lin Yi's mood was indescribably good, and his calm face couldn't help but have a warm smile.

"Captain, I did well, right? Basically not speaking, isn't it a little too low-profile?"

Fernandes could tell that Lin Yi was in a good mood, so he smiled and started taking credit, ""Do you think I should continue to maintain this from now on, or should I relax a little?"

Lin Yi couldn't help but smile-it'd be a little low profile if you didn't smash the door down!

"Hmm, not bad. Keep it up! Don't relax!"

He was so low-key, yet he had already smashed their door. If he relaxed a little, would he directly tear down their Manor? It was better to keep a low profile!

"Alright! As long as you're satisfied, Captain!"

Fernandes thought that the standard could be relaxed, but since the captain said to maintain it, then he would maintain it! It's not a big deal!

Lin Yi didn't want to waste time walking after leaving the villa. He took out the flying saucer and flew to the three pavilions with Fernandes.

Although he had already taken a flying saucer from Europe to China once in the secular world, Fernandes was still amazed and happy like a child in the flying saucer.

Unfortunately, the flying saucer was too fast. Fernandes didn't have to play for long before they arrived at the welcome Pavilion, where the newcomers gathered.

According to Lin Yi's calculations, Chu Mengyao should still be at the pavilion, right?

Lin Yi didn't know at the time, so he didn't know the exact time.

Lin Yi put away the flying saucer from a distance.

His main purpose in coming back to the North Island was to find Chu Mengyao, so he didn't want to be too conspicuous.

Otherwise, he would have visited Shangguan Tianhua first when he returned to the North Island, and then gathered with his brothers who were still on the North Island!

Of course, these things still had to be done, but Lin Yi wanted to find Chu Mengyao first and make sure that she was fine before doing these things.

"Keep a low profile! Fernandes, remember to keep a low profile!"

The entrance was in sight, and Lin Yi reminded them again.

It was fine if he was acting tough somewhere else, but the three pavilions were his background on Sky Class Island, after all-he couldn't just do whatever he wanted!

"Captain, don't worry. I, Fernandes, am the most reliable!"

Fernandes patted his chest, made an OK gesture, and zipped his lips, indicating that he would not speak now!

Lin Yi's lips curled up. Fernandes said he was reliable, but this didn't sound very reliable!

As they spoke, the two arrived at the entrance. Lin Yi didn't feel good seeing two unfamiliar disciples guarding the door.

It couldn't be that ... They were stopped again?

Sure enough, Murphy's Law was proven again. The two strangers didn't even know Lin Yi, the legendary figure of the North Island, let alone the strange-looking Fernandes.

The two men reached out their hands and stopped Lin Yi from going in. They looked at Lin Yi and Fernandes coldly.

"The welcome Pavilion forbids unauthorized personnel from entering. Please leave!"

Unrelated personnel? Lin Yi couldn't help but smile bitterly to himself. Did he really leave the North Island for too long? This made him an unrelated person!

"Hey, hey, hey, are you two crazy? This broken place looks like a military base, and you're stopping our Captain from entering! Are you deliberately looking for trouble?"

Fernandes was not happy. He immediately quarreled with the gatekeeper, and had long forgotten what he had just said.

Chapter 7720 The Intimate Curly Bear

"Get lost! The welcome Pavilion of the three great pavilions is not a place where people like you can come and cause trouble. "

One of the gatekeeping disciples 'face darkened, and he scolded Fernandes rudely, ""If you dare to be long-winded again, be careful not to be polite to you!"

Lin Yi reached out and pulled Fernandes, telling him to calm down.

This was Beidao, after all, and Lin Yi didn't want to cause any misunderstandings. He cupped his hands politely, "We're here to look for someone, not to cause trouble. Can you two junior brothers make it easy for us ..."

"Who is your Junior Brother? Are you even worthy?"

The other disciple snorted in disdain.

The two people in front of him were very unfamiliar. They were definitely not disciples of the North Island's three pavilions. The clothes they were wearing were the same. They were not disciples of the three pavilions.

He was not one of them!

After coming to such a conclusion, the two gate-keeping disciples naturally wouldn't be polite.

Lin Yi only smiled, not bothering to argue with these two. If they knew his true identity, they'd probably say that they didn't deserve to be Lin Yi's Shidi!

"You can go in if you want, but you have to pay a visit to Senior Sister Murong Zhen first. She's in charge here now! As long as you get Senior Sister Murong's permission, we'll let you in. "

Lin Yi blinked. Murong Zhen? It's been a long time since I've heard this name!

If it wasn't mentioned now, they would have almost forgotten that there was such a person!

It seemed that Murong Zhen was doing quite well. At least, he seemed to be quite powerful in the welcome Pavilion! Whether he could enter or not, he still needed her permission. It was incredible!

"What Murong Zhen, what Murong fake! Was it that amazing? Do you know who our Captain is? How dare you ask us to meet that Murong Zhen and Murong Hua?"

Fernandes was upset. He had just broken the ban, and now he was free to do as he pleased."I say, why don't you all go up to the heavens and stand shoulder to shoulder with the sun? Do you believe that our Captain can kill you with just a glare?"

"Fernandes, I don't want to talk nonsense with you. Either get out of the way or call your Murong Zhen and Murong Jian over and pay your respects to our Captain!"

"Let me tell you, our Captain is a heaven-chosen expert. Ordinary people don't even have the chance to meet him. Ask your Senior Sister to come over quickly. Don't miss this opportunity!"

The two disciples guarding the door revealed a mocking smile in unison. ""Is this guy crazy? Coming here to brag, should I teach him a lesson?"

"I think it's possible!"

The two of them discussed how to deal with Fernandes, but Fernandes was still jabbering. ""Do you know the master of the resting cloud heights? He's been crying and begging to treat our Captain to a meal, but our Captain ignored him. Now that he's giving you face, don't not know how to cherish it!"

Lin Yi scratched his forehead. Was Xiu Weiming crying and begging for a treat? I don't have any impression!

"Cloud resting heights? It's just a small cultivation family, what's the big deal! As expected of a country bumpkin who has not seen the world, thinking that those cats and dogs are all amazing and powerful people!"

The gate-keeping disciple sneered again and again. The two of them greeted each other and reached out to Fernandes at the same time, ready to kick him out.

Fernandes was overjoyed. It's coming!

He had been waiting for this moment!

You guys made the first move, and Fernandes was passively defending and counterattacking. You can't blame Fernandes for this!

Where should I hit? Originally, smacking the face was the best, but the captain said to leave some face, so he couldn't smacking the face.

Kicking him away seemed to hurt his self-esteem. Forget it, I'll just teach him a lesson!

Fernandes struggled for a while on how to fight back, but the two men on the opposite side had already attacked. So, Fernandes waved his hand and hit the legs of the two men with very little true energy.

The two disciples knelt down with a plop, and the attack naturally disappeared!

Fernandes was very satisfied. He felt that he had given them enough face by doing this. It would not hurt their self-esteem!

He had never thought that the humiliation of kneeling down seemed to be even more humiliating than slapping one's face. It hurt one's self-esteem even more, right?

"A Jindan stage expert?"

One of the gate-keeping disciples exclaimed. They were all low-level disciples who hadn't even reached the foundation building stage. Otherwise, they wouldn't have come to the welcoming new pavilion to guard the gate, so they couldn't see how powerful Fernandes was at all. They only thought that Fernandes was more powerful than their senior brothers in the foundation building stage, so he should be a master in the Golden core stage.

After thinking about it for a while, the other gate-keeping disciple shouted, ""So what if you're in the Aurous core stage? You'll regret it if you dare to come to our three great pavilions and act so atrociously! If you have the guts, don't run. I'm going to find Senior Sister to deal with you!"

Murong Zhen was also a golden core stage cultivator, so the disciple who was guarding the gate thought that Murong Zhen would definitely win.

However, he was scared of ferocity from Fernandes. Although he wanted to find the man, he didn't dare to move. He kneeled on the ground, as he was afraid that Fernandes would attack him again.

"Then why don't you go quickly? How long do I have to wait for you, Fernandes? Especially your Captain Fernandes, he's like gold to you, how could he have time to waste?"

Fernandes cursed, but the disciple was overjoyed. He quickly got up from the ground and ran away.

The other one wanted to follow, but when he saw fernández, he did not dare to move ...

Lin Yi didn't say anything more since it was Murong Zhen. He'd just let fernández have his way.

Suddenly, a black shadow shot out of the pavilion, charging at Lin Yi like a bolt of lightning.

Fernandes didn't notice it and was shocked. He wanted to stop Lin Yi, but Lin Yi blocked him!

"Little guy, what are you doing here?"

Lin Yi had already seen clearly that the black shadow was Shangguan LAN 'er's pet, the curly Bear.

Shangguan LAN 'er had gone to the East continent's Mystic-class Sea area, leaving the curly-haired bear on the North Island. She did not expect to meet it as soon as she returned.

He caught the curly Bear. The man and the bear had reunited after a long time, and they were very intimate.

"Curly Bear, where are you going? Come back quickly!"

A little girl who seemed to be only ten years old ran out right behind Curly Bear. She had small arms and legs, and her big eyes blinked. She was extremely cute.

The little girl blinked at the sight of Lin Yi hugging Curly Bear."Eh, Who are you? Why are you carrying a Curly Bear?"

In the entire North Island, the number of people who could successfully hug the curly Bear could be counted on one's fingers, not to mention the people who took the initiative to let the curly Bear rush to find them!

So the girl was curious about Lin Yi the moment she saw him.

She was having a good time with Curly Bear, but for some reason, Curly Bear suddenly rushed out and saw Lin Yi. It was only then that she realized that Curly Bear was here for him!

But why?

Wasn't the curly Bear Senior Sister Shangguan LAN 'er's pet? Why would she be so intimate with a man?
