

## **Bodyguard 7731**

Chapter 7731 Considered A Draw

It was that powerful?

Lin Yi was overjoyed-he didn't think that this ugly hammer could freeze space!

"Split open!"

Lin Yi's Qi was concentrated in his dantian as he shouted and swung the hammer in a circle, smashing it into the air.

After a muffled boom, spiderweb-like cracks appeared in the air where the hammer came into contact with, and they were still expanding!

"The captain is mighty! The great hammer is mighty!"

Fernandes cheered out of instinct, the depression from Lin Yi being at a disadvantage completely swept away!

Gongyang Jie exclaimed in surprise. His usually cold face revealed a rare expression of surprise, "This hammer of yours is a little interesting!"

"What hammer? that's a hammer! Do you know what a hammer is? If you don't understand, then why are you spouting nonsense?"

Fernandes had already entered the zone-he'd be cheering for Lin Yi if it was someone else, and fighting with strength didn't make sense at all!

Gongyang Jie was stunned. Hammer ... Wasn't it just a hammer? Was there a difference between the two?

Seeing Fernandes shouting so happily, they were probably two different items.

...His train of thought was a little incoherent!

Lin Yi didn't pay attention to anyone, focusing on the powerful feeling coming from the hammer. With the hammer in hand, the world was his!

The frozen space continued to shatter. Gongyang Jie did not try to stop it and allowed it to break apart. He did not expect that the cracks would continue to spread and even affect the rooms in the restaurant!

Oh no, the building is going to collapse!

Everyone had this realization in their hearts, and then they tacitly escaped from the window. Those who had the ability would even take away a few other diners in the building.

During this process, Gongyang Jie had contributed the most. Almost 90% of the people were under his protection. Therefore, no one was injured or killed even when the restaurant collapsed.

"Not bad! That's it for today! It could be considered a draw! I'll pretend that nothing happened!"

No one knew what Gongyang Jie was thinking, but he just stopped.

Lin Yi didn't think that the guy was scared of a hammer-he was a heaven breaking master, after all, and there was no way he'd be scared by a hammer.

The owner of the restaurant wanted to cry but had no tears. 'Hall Master Gongyang, you can't pretend that nothing has happened!'

I don't even have a restaurant, don't tell me you don't have an explanation?

However, he didn't have the guts to ask Gongyang Jie for an explanation!

"Lin Yi, your hammer ... Your hammer is pretty good! I don't think I've heard of it before. What's its background?"

Gongyang Jie was about to leave when he saw the hammer in Lin Yi's hand. He seemed to be interested again.

"It's actually very simple to explain its origin. This is the work of my brother, Wang lanpo!"

Lin Yi put his arm around the king's shoulder, using this chance to make him famous. "People usually call him King of junk, but in fact, he's a real master forger. My ... Weapon was painstakingly forged by him for several years. It's definitely a peerless divine weapon. Hall Master Gongyang, you don't have any objections, do you?"

"No objections!"

Gongyang Jie was honest. He nodded at the king of junk and said, ""I've heard of you, but I didn't expect you to have such a high level of forging. Very good!"

The king of junk was extremely excited to be praised by Gongyang Jie.

The surrounding onlookers keenly captured the main point!

"Lin Yi's god weapon was made by the king of junk! I wonder if there's any more of the same model?"

"Didn't you hear what I said just now? it took several years to forge it, so it must be unique!"

"It doesn't need to be as powerful as senior brother Lin 's, just the same model will do. I think that the design is really unique and unique!"

"Now that you mention it, it's true! I can't help but want one! The king of junk's smithing Pavilion was right here! I'll go and see if there's any similar ones!"

"Let's go together! If you don't have one, then custom make one-the power aside, the appearance has to be exactly the same as Lin Yi! In any case, the weapon forged by a blacksmith acknowledged by Hall Master Gongyang will definitely not be bad!"

.....

The onlookers really went to the junk King's forging Pavilion while they were talking.

The weapon forging Pavilion was right next to the restaurant. Now that the restaurant had collapsed, the original customer turned around and walked into the weapon forging Pavilion.

The king of junk was here, but they did not disturb him.

Gongyang Jie, Lin Yi, and a few other important figures of the GreenCloud Pavilion were still there. They didn't have the guts to join in.

The king of junk was a little dumbfounded. Did he become ... Popular?

Lin Yi was even more confused-there really were people who liked hammers? Carrying it to smash rocks?

Or was the aesthetic of the Sky Class Island different from his?

"Lin Yi, I hope you'll be stronger the next time I see you. At least show me some of your true strength-you don't want me to look down on you, do you?"

Gongyang Jie raised his chin arrogantly and turned to leave gracefully. He left his last words without looking back,"This time, it was Murong Zhen who reported you. Out of consideration for his feelings, I had to personally make a trip down! You're all on your own!"

Lin Yi couldn't help but curl his lips. Gongyang Jie, you're famous for being impartial and incorruptible. Who are you trying to fool?

In the entire North Island, Shangguan Tianhua was probably the only person who could speak up for Gongyang Jie.

As for the others? All of you can go to the side! A dignified heaven breaking expert had the qualifications and confidence to not give anyone face!

Therefore, Gongyang Jie was definitely not here for Murong Zhen. Then, what was he here for? Just to fight Lin Yi?

Fernandes exploded before Lin Yi could figure it out.

"So it's that B \* tch behind the scenes! They dared to trick us, they must be tired of living! Captain, I'll go and deal with her now!"

Fernandes carried his big podao and went to the welcome Pavilion angrily.

Lin Yi didn't stop him. Murong Zhen had asked the Hall of Justice to deal with his brothers from the GreenCloud Pavilion-this was crossing the line!

Lin Yi couldn't just let it go like this, but it was a little embarrassing to deal with Murong Zhen himself!

It would be different if Fernandes came forward. It felt just right!

Lin Yi stayed a little longer to settle the restaurant's compensation.

After all, it was his own hammer that had destroyed the building. He definitely couldn't ask Gongyang Jie to take care of it.

As for Lee Zheng Ming and the others, they went back to the GreenCloud Pavilion first. Gongyang Jie had let them go after he had caught them once. If they did not go back now, it would be a slap to Gongyang Jie's face.

By the time Lin Yi reached the hall, Fernandes had already found Murong Zhen and was beating her up!

"You evil and disgusting woman! You actually dared to stab our boss in the back. Do you really think I don't dare to touch you? I, Fernandes, will teach you a lesson today!"

Murong Zhen cried out in pain, unable to fight back at all.

## Chapter 7732 Backer Arrives

She was only in the Golden core stage, and she would only be beaten up if she met Fernandes!

"Stop! This is the territory of the three pavilions of the North Island. You are an outsider ... How dare you ... Do this to me?!"

Murong Zhen was beaten up badly, but he still seized the opportunity to shout at the top of his voice, ""All of you, go ... Watch ... What are you watching for?"

There were many disciples of the welcome Pavilion around them, but none of them were willing to step forward to help Murong Zhen.

It seemed that this woman was not popular usually, so she could only face it alone at critical times!

Besides, many of the disciples in the hall knew that Fernandes was Lin Yi's follower!

This was Lin Yi Shixiong's way of questioning Murong Zhen-what the hell were they doing? Going against Lin Yi's Shixiong for a Murong Zhen?

It's better to just watch the show quietly!

As for those who didn't know about Fernandez's identity ... Naturally, there would be people who knew who she was explaining to them in a low voice. Therefore, no matter how loud and miserable Murong Zhen's cries were, no one would stand up for her.

Fernandes "tantrum finally calmed down after beating up Murong Zhen. He threw Murong Zhen aside and went up to Lin Yi.

"Captain, I've already dealt with that B \* tch. She's such a vicious woman. She'll be a disaster if we keep her alive. Why don't I just kill her?"

Fernandes wasn't a kind man, and he would've killed Murong Zhen long ago if Lin Yi wasn't here.

He didn't want to cause trouble for Lin Yi, so he held back and waited for Lin Yi's instructions.

Before Lin Yi could say anything, Murong Zhen, who had finally escaped from Fernandes "clutches, pulled out a communicator from somewhere and started yelling.

"Save me! I'm going to die, hurry up and save me!"

"You still want to find someone to save you? Fine, I, Fernandes, will fulfill your wish today. How many more reinforcements do you have? Watch how this great master will deal with them!"

Fernandes was feeling a little overconfident. He felt that he was very powerful. Although he was not as powerful as Gongyang Jie, he was definitely not weaker than the disciples of the other three pavilions, such as Murong Zhen!

The helpers that Murong Zhen could recruit would probably be people who were not much different from her!

Fernandes felt that he could be a little more arrogant with this kind of trash.

"Hahaha, there's no need for that. Someone you can't deal with will be here soon. I think he can kill all of you by himself!"

Murong Zhen laughed sinisterly. He didn't know where she got her confidence from. How dare she say that Lin Yi and Fernandes would be killed?

Lin Yi was curious as well. On the North Island, there was the mysterious Shangguan Tianhua and Gongyang Jie, who were equally mysterious. It was already a miracle!

Could there be a third one?

With such strength, even the Vermilion Bird of the South continent wouldn't be afraid!

"Aiyo! That really scared Fernandes to death! Today, I really want to see what kind of strong person he is to be able to defeat me alone! Don't even think about our Captain. If you really force our Captain to make a move, he'll kill you with a single look!"

Fernandes couldn't help but start boasting when Lin Yi was mentioned. "You don't have to believe me. Let me tell you, I don't care if there are hundreds of people like you. Anyway, I can get rid of you with one look. I don't need to look at you a second time!"

"When you went to Gongyang Jie just now, you thought that you were very powerful, but in fact, you are just like that! Our Captain didn't really do it, or else he wouldn't be in any good shape. He would've been killed long ago!"

.....

Fernandes didn't waste a single second. While they were waiting for the others, he started to babble.

It was probably because Lin Yi told him to keep a low profile and not talk!

Now that he had opened up his Chatterbox, it was really like the Yangtze River, gushing without end!

Murong Zhen was a little stunned by the beating just now, and now he was a little stunned by Fernandes' words. For a moment, he could not find a chance to interrupt and fight back.

It was not anyone present who interrupted Fernandes in the end, but a spirit beast Mount that was speeding over from a distance.

Lin Yi wasn't unfamiliar with the rider-it was the familiar Kang Zhaoming!

"Murong Zhen, who's bullying you? I'm here to save you, don't be afraid!"

Kang Zhaoming didn't notice Lin Yi's presence at the first moment, so his words were full of vigor.

But as he got closer, he was dumbfounded!

Lin Yi?

To be honest, Kang Zhaoming was a little scared when he saw Lin Yi. He was used to being suppressed all the time, and it was normal for him to run away when he saw Lin Yi.

Unless Kang Zhaoming had some powerful trump card that could take Lin Yi down, he wouldn't be so arrogant again. He would be slapped in the face by Lin Yi again!

This time, however, it seemed like Zhaoming didn't have a trump card like that. His first reaction upon seeing Lin Yi was to run!

"Kang Zhaoming, so you're the master that Murong Zhen was talking about who could take me down, my apologies! I didn't know you were already so powerful. As expected, a scholar who has been away for three days must be treated with new eyes!"

Lin Yi's lips curled into a mocking smile as he hooked his finger at Zhaoming. "Since you're here, come over and catch up with us. Then, let me see how powerful you are now!"

"Lin Yi, I'm telling you, I'm the inspector of the central Chamber of Commerce now! Don't think that I'm still the old Kang Zhaoming!"

Kang Zhaoming didn't dare to leave after Lin Yi called out his name. He was cursing at Murong Zhen in his heart, but it was useless.

Zhaoming used Central's name directly because he was afraid of Lin Yi.

After all, Lin Yi still had a peace agreement with central at this stage. With Central's signboard, his safety should be guaranteed, right?

"So you've become a patrol. Although I don't know what you're doing, it sounds pretty impressive."

Lin Yi shrugged nonchalantly, finally understanding why he would see Kang Zhaoming here.

Zhaoming used to work in the central Chamber of Commerce in the middle Island, so he wouldn't leave the island so easily. Now that he left, he was naturally promoted.

He did not know what this patrol was up to, but he had actually come to the North Island to hook up with Murong Zhen.

"Captain, you know this guy?"

Fernandes leaned in and whispered, ""Can I beat him up? He didn't know why, but this guy looked like he was asking for a beating! But if he's your friend, it'll be hard to do so!"

"What are you saying? Don't think I can't hear you! You're the one who needs a beating, your entire family needs a beating!"

Zhaoming was afraid of Lin Yi, but that didn't mean he was afraid of other people. Fernandes "words enraged him."Come out! Do you think I won't beat you up just because Lin Yi's here?"

Chapter 7733 You're The Only One Who Knows How To Play It?

Kang Zhaoming didn't dare to beat up Fernandes if Lin Yi really wanted to fight him, so he purposely said to Lin Yi, ""Lin Yi, are you going to ignore our agreement and attack me? If you want to fight, then come, I'm not afraid!"

Although he said that he wasn't afraid, his hand was already holding onto the spirit beast tightly, ready to escape at any time.

Zhaoming was starting to regret his decision-he should've just flown a flying saucer over with a bunch of guards!

Because the distance was too close, he had only ridden a spirit beast over. He felt that with his current strength, it was enough for him to show off in the Ying Xin Pavilion.

He didn't expect to meet the acting tough leader when he wanted to act tough. He couldn't live anymore!

"Do I need to personally deal with you? Fernandes is my new teammate, more than enough to deal with you. "

Lin Yi curled his lips and shook his head at Fernandes. "He really needs a beating. Don't be polite, just beat him up!"

"Alright!"

Fernandes "spirits were lifted. He clenched his fists and laughed as he approached Zhaoming. "I was a little heavy-handed, if you feel any pain ... Feel free to cry! Fernandes will be even happier!"

"Big idiot, I can take on ten people like you!"

Kang Zhaoming was getting cocky. As long as Lin Yi didn't make a move, what was there to be afraid of?

"Without Lin Yi's help, what can a foreigner like you do?"

Kang Zhaoming was from the secular world, he wasn't a country bumpkin who had never seen the world. Naturally, he knew that fernández was a foreigner.

As the two of them trash talked, they charged at each other and punched each other at the same time.

There wasn't much to say about Fernandes's fist. The Qi from the opening stage was enough to form a powerful force, but Kang Zhaoming was different.

At the same time, a metal ring on his wrist glowed with a faint blue light. Then, the surface of his fist seemed to be covered with a layer of blue light, and his speed and strength suddenly increased several times.

Lin Yi raised an eyebrow-central seemed to have come up with something interesting again!

If he could snatch it back and give it to han Jingjing, he might be able to research something.

As soon as the thought came to his mind, the two men's fists had already collided with each other without any fancy moves. As a result, Fernandes felt a sharp pain in his fist!

A strong force came from the contact of the two fists, and Fernandes could not help but retreat.

After retreating seven to eight steps, Fernandez finally stabilized his body as he looked at the other side in shock!

Zhaoming's reaction was completely different from Fernandes '. The kid didn't back down at all, and he looked at Fernandes with a smug face.

"Now you know how powerful this young master is? I've already let you go just now, you know that? If this young master had taken advantage of the situation and pursued you, you would have already been beaten to the ground!"

Zhaoming's hands were on his hips as he laughed out loud. "Are you convinced? If you're not convinced, then come again. This young master will beat you until you're convinced! If you're convinced, then come over and admit your mistake. Stand at attention and let this young master hit you until you feel comfortable!"

"What's there to be proud of? Just now, Fernandes underestimated his enemy! Again!"

Fernández's ego had swelled up a long time ago. He thought that if Lin Yi's Captain was number one, he should be number two. What kind of international joke is this!

Although he was at a disadvantage in the previous exchange of fists, he was not actually injured, so Fernandes rushed over again with a loud shout!

"This young master was afraid that you wouldn't dare to come!"

Kang Zhaoming laughed coldly. His fist was once again wrapped in the blue light as it smashed towards Fernandes.

After three consecutive punches, fernández was still uninjured, but he was only pushed back 20 steps. He was completely suppressed, which was a bit embarrassing.

The bracelet on Kang Zhaoming's wrist, on the other hand, crackled with sparks and a soft explosion. It was scrapped!

"What a lousy thing! As expected, experimental subjects are unreliable!"

Kang Zhaoming was enjoying himself when the bracelet he was relying on broke. He tore it off and threw it on the ground, stomping on it a few times and turning it into powder.

Lin Yi felt that it was a pity-he couldn't get it for han Jingjing to study!

But looking at Zhaoming, it was probably just one of Central's games. He didn't really take it seriously, so it didn't matter.

"Hahaha! Without something to rely on, does that mean you have no strength?"

Fernández laughed as he rushed back, ignoring the pain in his fist. He just wanted to use this chance to press Kang Zhaoming to the ground and rub him!

"What a joke! I don't even need to be serious if I want to deal with a foreigner like you!"

Zhaoming retorted as he reached out his palm. A ball of pill fire quickly gathered and formed a pill fire bomb!

This was Lin Yi's signature move, but Kang Zhaoming knew a little bit of it. Of course, it wasn't as powerful as Lin Yi's, but it was still enough to kill.

Lin Yi had to go through a lot of modifications to make the bombs extremely fast. He didn't know how Kang Zhaoming did it, but he made them very fast too.

Even when Lin Yi first used the pill fire bomb, he needed to prepare it beforehand. Without enough time, it was useless.

Fernandes had charged too fiercely and was not prepared for it, or perhaps he was prepared but did not care too much. Either way, he just punched the pillfire bomb.

The pill fire bomb exploded. This was the most basic version of the pill fire bomb, and with Kang Zhaoming's strength, the power couldn't kill Fernandes.

Fernández faced the alchemy fire bomb head-on, but in the end, he was only sent flying backward and fell to the ground far away.

His fist looked like it was covered in blood, but in fact, he had not suffered any serious injuries!

Zhaoming wasn't feeling too good either-he couldn't aim the bomb, so he was in the blast radius as well.

It was just that he was prepared in advance and had equipment to protect himself, so he was much better than Fernandes.

"Hahaha, now you know how powerful this young master is? There's still time to surrender and beg for mercy! Otherwise, you'll be crushed to pieces!"

Zhaoming laughed like a madman as he started gathering the pill fire bombs in his palms. He wasn't in a rush this time, as if he wanted to make it more powerful.

"Small tricks! Do you think you're the only one who can play with fire?"

Fernandes stood up and snorted. He then activated his fire power. "Isn't it just a flame bomb? you're making it seem like you're all that!"

The flame that appeared out of thin air shrank rapidly under Fernandes 'control. The color of the flame also slowly changed, and an amazing heat began to spread.

"Hahaha, my pill fire bomb isn't something you can just copy. Come, I'll let you see how powerful the real pill fire bomb is!"

Zhaoming didn't even consider Lin Yi's presence when he said that!

## Chapter 7734 Lin Yi's A Higher-Up On The North Island?

When it came to alchemy bombs, Lin Yi was the master!

Kang Zhaoming's pill fire bomb was just a low-quality imitation in front of Lin Yi. It couldn't even be called a high-quality imitation!

Fernandes wanted to fight back, but time did not allow it. The flame bombs in their hands were thrown at the same time, and then they met in the air and exploded!

It was obvious that Kang Zhaoming's pill fire bomb was stronger than Fernandes's fire bomb!

Therefore, more than 90% of the aftermath of the explosion rushed toward Fernandes.

Fortunately, Fernandes was prepared this time and quickly jumped away, so he did not suffer any damage.

"Hahaha, why are you running? I already told you that you're no match for this young master, but you still didn't believe me! Have you thought about it? Hurry up and surrender!"

Kang Zhaoming was very pleased with himself. He mocked Fernandes as he continued to create more pill fire bombs. This was the last time!

If he still couldn't win, then Zhaoming's Qi would be completely depleted-after all, the basic version of the pill fire bomb consumed a lot of Qi.

He didn't have Lin Yi's Jade space, where he could absorb spiritual Qi and convert it into Qi.

Victory or defeat depended on this one move, and so Zhaoming's face was insolent, but he was actually very serious.

Fernandes did not answer immediately. He pondered for a moment and then smiled. "Pill fire? I also have one!"

His fire power condensed into a flame bomb again, and Fernandes injected a wisp of consciousness pill fire into it.

In the nine-story glazed Pagoda, Fernandes had already used his deified soul pill fire to refine pills. Now, it was not difficult to control and inject the flame bomb!

Lin Yi's eyes lit up. You're quite smart!

He had actually figured out the embryonic form of a divine sense pill fire bomb!

"It's feasible! Fernandes is a genius, hahahaha!"

Feeling that the conflagrated knowledge alchemy bomb was extremely powerful, Fernandes could not help but laugh. "I didn't think it was powerful enough, but now it's all good. Prepare to take this! I'll let you see what a real genius is!"

As they spoke, the two's pill fire bombs collided once again, and the momentum was even stronger than before!

With a loud explosion, the shockwave from the explosion was sent flying back, but this time it was directed at Kang Zhaoming!

"How did this happen?"

Kang Zhaoming's face was full of disbelief as he was blown away by the shockwave. He rolled in the air and fell on his back dozens of meters away.

But fortunately, he was still alive and did not seem to have suffered any fatal injuries.

"Brat, get ready to be beaten!"

Fernandes roared as he shot towards Zhaoming's body like lightning.

Then, Zhaoming jumped up from the ground and ran for his life without a second word.

"Fernandes, don't chase a cornered enemy! Please come back!"

Lin Yi wasn't planning on killing them all-the contract with central was still valid, after all, and there was no point in breaking it for an insignificant person like Kang Zhaoming.

"Captain, you're too kind! This kind of kid deserves a beating, he should be ruthlessly taught a lesson!"

Fernandes was clearly not satisfied, so he turned to Murong Zhen again. ""And this woman, she was still talking big just now. I'll continue to beat her up."

Murong Zhen wanted to cry but had no tears. The reinforcements that he had been looking forward to had left just like that?

Isn't this too much of a scam?

Fernandes had already beaten her up, and Murong Zhen really didn't want to go through it again. So, he simply tilted his head and played dead on the ground!

"Forget it, there's no point in bullying a golden core woman. Let's go!"

Lin Yi shook his head, not interested in dealing with Murong Zhen at all."After this incident, I'm sure she won't have an easy time in the GreenCloud Pavilion!"

Gongyang Jie was visiting Shangguan Tianhua when Fernandes was dealing with Kang Zhaoming.

"You're here to talk to me about Lin Yi, right?"

Shangguan Tianhua gestured for Gongyang Jie to sit down. He smiled calmly."This isn't your usual style!"

"Pavilion master has already heard of this matter!"

Gongyang Jie was very respectful. He cupped his fists and bowed obediently before sitting down,"As expected, nothing in the North Island can be hidden from the pavilion master."

"The North Island ... This world is still a little small after all!"

Shangguan Tianhua smiled and sighed before returning to the main topic.""You knew that Murong Zhen wanted to use the Hall of Justice to mess with Lin Yi's people, so why did you go there yourself? Are you very free recently?"

A faint smile appeared on Gongyang Jie's usually cold face. "You must be joking, Pavilion master! I'm sure you know why I'm looking for Lin Yi, right?"

"Lin Yi may be the legend of the new generation on the North Island, but he's rarely seen on the island, after all. A false name ... Isn't enough to scare off the small fries! Most of those people with unfathomable thoughts didn't put him in their eyes. "

Gongyang Jie said as he looked at Shangguan Tianhua calmly, "They didn't put Lin Yi in their eyes, which means they didn't put the pavilion master in their eyes!"

Shangguan Tianhua nodded slightly and sighed softly. ""As expected, you want to use yourself as a foil to make Lin Yi famous! Actually, there was no need for that! Isn't it good for us to just sit back and watch?"

At Shangguan Tianhua and Gongyang Jie's level, they would not care too much about the people below them.

If it was Gongyang Jie himself, he wouldn't care at all. At most, he would just watch coldly and kill whoever dared to go too far!

However, the rumors involved Shangguan Tianhua, saying that he was old and muddled, as if he was not far from death. Gongyang Jie could not sit still.

By helping Lin Yi, he was indirectly showing off Shangguan Tianhua's might.

After all, no one on the entire North Island said it out loud, but they all saw Lin Yi as Shangguan Tianhua's disciple!

"You, you! Aren't you afraid that people will say that you've affected the fairness of the law enforcement Hall and ruined your reputation of being impartial and incorruptible?"

"Why would I? I'm there to enforce the law!"

Gongyang Jie shrugged his shoulders and said, "Those people from the GreenCloud Pavilion did make some small mistakes. I received a report and went to deal with it. And Lin Yi's one of the higher-ups in the North Island-if he's stopping us, then we'll fight according to the rules, and no one else can say anything!"

"Lin Yi's a high ranking official on the North Island?"

Shangguan Tianhua blinked. He'd never heard of Lin Yi's position before.

"Lin Yi's the master of our Island Flower, the Prince Consort of the northern island. Of course, he's a high-level official!"

Shangguan Tianhua was speechless when he heard Gongyang Jie's words.

"You actually know how to tell a joke with that cold personality of yours! The world has really changed!"

Shangguan Tianhua laughed and shook his head. However, he knew that Gongyang Jie would only show this side of him in front of him.

#### Chapter 7735 Dislike Each Other

While the two of them were chatting in a warm and harmonious atmosphere, the atmosphere in the junk King's forging Pavilion was unusually lively.

The outside of the weapon forging Pavilion was filled with people. If the neighboring restaurant hadn't collapsed, it probably wouldn't have been able to accommodate these people.

Lin Yi and Fernandes were also dumbfounded by the scene.

The business of the junk King's forging Pavilion had been pretty good before, but it had never been so lively before!

At most, there would be a few more people inside, and it would definitely not be a crowded scene.

Lin Yi and Fernandes didn't force their way in, but listened from a distance.

"Old Ma, why are you here? Could it be that he also wanted to reserve a big hammer? Don't you use a gun?"

"Aren't you here as well? aren't you going to use your sword?"

"Alright, alright, everyone has a tacit understanding! The main reason why he tied with Lin Yi was because of his hammer. Even if it's just a replica, a godly weapon like that would still be very powerful!"

"Isn't that so! In the future, when we go out with Lin Yi's hammer, we won't even need to fight to suppress our opponents!"

"Why do you people have such complicated thoughts? I just want the same weapon as the new generation of Beidao's legend. It doesn't matter if it's powerful or not, the most important thing is to pay tribute to my idol!"

"You guys continue chatting. I'm going to squeeze forward. I heard that there's a limit to the number of people who can make a reservation. If I can't make a reservation, I'll suffer a huge loss!"

.....

A bunch of people buzzed and buzzed, all basically the same-they were all here to order the same hammer as Lin Yi 's!

Lin Yi's jaw dropped as he understood.

It turned out that his big hammer was so sought after by people? He was still disdaining its appearance earlier!

And there were so many people here, and they were all his fans?

Did he accidentally become an idol in Beidao? It can even drive a wave of idol economy?

The king of junk was busy, so Lin Yi didn't bother him. He turned around and left with Fernandes.

He'd mentioned to Shangguan Tianhua and the others that he was just passing by, and that he'd be leaving soon-he wouldn't say goodbye to them one by one.

Now that he had nothing to do on the North Island, Lin Yi took out his flying saucer and took Fernandes to the island where the wormhole was.

He had to inform han Jingjing about entering the wormhole vortex from the secular world and coming to the North Island. He would then ask her to think of a way to use the space vortex.

"Lin Yi bro, are you okay?"

Han Jing Jing was overjoyed to see Lin Yi come in. She rushed over and hugged him, "Wangba came back and said that you went into the space vortex and then there was no news. I was worried about you!"

"Master, I told you that boss Lin Yi would be fine. He's a man with great wisdom and luck, how could anything happen to him? You see, I'm right, right?"

Wang Ba also quickly followed and started to flatter him. "Boss Lin Yi is indeed powerful-a mere space vortex is no threat at all!"

Although he said that, Wang Ba was filled with regret. Why didn't he die?

Even if he didn't die, he could at least be sent far away, the kind that wouldn't come back for a hundred years!

It hadn't been long since they'd separated, and she saw Lin Yi again-how annoying!

"Jing Jing, long time no see! Are you alright?"

Lin Yi smiled gently and patted Jingjing's back. "You don't have to worry about me. I won't die so easily. If you say that I'm immortal, people will probably believe you!"

Han Jingjing chuckled. Although she wanted to be in Lin Yi's arms, she still stood up unwillingly because there were people around.

"Lin Yi bro, how did you get here so quickly after entering the spatial vortex? Or did he come from the Sky Class Island and not the wormhole? Any news on Mengyao? Did you find her?"

Han Jing Jing thought that Lin Yi would come over. After coming out of the space vortex, she continued to follow the wormhole and came out from the exit on this side. She didn't expect Lin Yi to walk in from the outside.

"By the way, is this fernández? I've heard Wang Ba mention it before. Nice to meet you!"

After asking all the questions in one breath, han Jingjing finally noticed Fernandes standing beside her and greeted him shyly.

She only had Lin Yi in her eyes, and everyone else was just air!

"Hello, Beautiful sister-in-law han. I'm Fernandes, happy to be of service to you!"

Fernandes bowed politely to han Jingjing in the most gentlemanly manner.

Lin Yi was starting to suspect that someone was impersonating this guy-this wasn't like this before!

"I don't need your help! Master, I'm enough! Get out of my way!"

Wang Ba suddenly interrupted, as fierce as an old dog protecting its food, ""You're a new guy, do you know the rules? I'll order you to do something in the future, so don't think about being in the limelight!"

Lin Yi and han Jingjing couldn't help but smile-it wasn't a secret that Wang Ba wasn't happy with her, but they didn't think that he'd jump out to fight for her favor. Was he really used to being han Jingjing's servant?

"I'm talking to Mrs. Han, why are you interrupting? Do you have the right to speak here?"

Fernandes was enraged as well-Lin Yi was Captain Lin Yi's number one leg hair, so how could a noob like him have a say in this?

"Captain, can I beat him up? I promise I won't kill him! I just think he's asking for a beating!"

As he spoke, Fernandes had already drawn his big podao. He even wanted to shout, "my big podao is thirsty!"

"Oh my, are all newcomers so arrogant these days? You actually shamelessly boasted that you would kill me? What a joke, I'll see if you can kill one!"

Wang Ba did not care about Fernandes 'big podao at all. As a primordial spirit, physical weapons like this were useless no matter how many there were!

"Master, please allow me to teach this impudent fellow a lesson and let him know how to respect a senior! Don't worry, I know the rules. I promise I won't beat him to death!"

On the surface, the two of them were asking for instructions, but in fact, they had already begun to accumulate power and were ready to make a move.

It was like an arrow on a bow-even if Lin Yi and Han Jing Jing tried to stop them, they had to fight it out.

"It's good that you guys have a spar. Just know your limits!"

Lin Yi smiled. He didn't mind watching the show.

In any case, the Fernandez was strong enough and definitely wouldn't suffer any losses. As for Ba Wang, he was a primordial spirit, so he wouldn't usually die.

Let them be!

Lin Yi's words were like a gunshot, and Fernandes and Wangba attacked at the same time.

## Chapter 7736 Come Over

Ba Wang knew about Fernandes' strength when he was still in the mortal world. It was because his primordial spirit was not afraid of physical attacks that he dared to fight Fernandes head-on!

He did not expect that Fernandes's big podao was just a feint, and he did not really want to use it to attack Wang Ba.

After attracting the opponent's attention with the big podao, Fernandes secretly mixed his spiritual sense attack with the big podao and suddenly attacked Wang Ba.

Caught off guard, Wang BA's sea of consciousness shook violently.

If it were not for the fact that Fernandes's divine sense attack skill was not of a high level and he had controlled his strength, he might have collapsed immediately!

"F \* ck! You're cheating!"

While feeling dizzy, Wang Ba did not forget to attack Fernandes loudly. "He actually used a divine sense skill to sneak attack ..."

At this point, Wang Ba could not help but want to cry again. It was fine if Lin Yi couldn't beat him, but he couldn't even beat a follower he picked up!

Can't you be more reasonable? I, Wang Ba, am an old monster who has lived for thousands of years. Don't you want your face?

"Funny! I'm attacking in broad daylight, okay? Where was the sneak attack? Do I have to remind you in advance? That's fine too!"

Fernandes took back his big podao and put the back of the blade on his shoulder. "Then I'm telling you now, I'm going to launch an attack!"

Wang BA's heart skipped a beat!

Divine sense attacks were invisible, so even if he knew about it in advance ... Without defensive tools and skills, what was the point of knowing about it?

He could only watch helplessly!

It was supposed to be a sudden death, but now it became waiting for death!

"Stop, stop, stop! I'm done!"

Wang Ba quickly hid behind Han Jing Jing. ""You don't know what first come, first served, but I know how to give way to the newbies! I'll let it go this time, I won't argue with you!"

"Don 't! Even if you don 't, I still want to!"

Fernandes took a step forward, planning to imitate Lin Yi's domineering thighs. He lifted his chin and smiled proudly, ""It's fine if you don't want to fight, but come over and admit your mistake. I'll let you off for the captain and sister-in-law's sake!"

"Don't go too far! Do you really think I'm afraid of you? You won't let me off even if you're in the right!"

Wang Ba pointed at Fernandes and felt insecure. He flew to the entrance of the wormhole and said, ""If you have the ability, come inside with me and fight, do you dare to come?"

"If you have the guts, don't run! What kind of hero was he hiding in a wormhole? Do you dare to come over?"

Fernandes wasn't stupid. He wouldn't want to die if he went into the wormhole with his body.

"You, come here!"

"Come out!"

.....

Lin Yi and han Jingjing walked away, letting these two kids mess around. It was a waste of time to mess around with them!

First, he told han Jingjing about how the spatial vortex landed near cloud rest heights on the northern island, then about Chu Mengyao, and finally about what happened in the mortal world.

"Jing Jing, I've gained a lot in the secular world this time. The most powerful one is the nine-story glazed Pagoda. This is it!"

Lin Yi opened his hand, and the nine-story Pagoda appeared in his hand. It looked like an exquisite model. "The development of the nine-story glazed Pagoda by the central is very good. After I took control, many of the technology set up by the central has been destroyed, but there are still some that you can study."

"Lin Yi bro, tell me what happened first. Wangba told me a little when he came back, but he only heard a little from you guys. He didn't go into details, so I want to hear it from you, Lin Yi bro."

Han Jing Jing ignored the nine story Pagoda and pulled on Lin Yi's arm, asking for a story.

It was rare to meet Lin Yi, and if there wasn't anything important, she hoped to spend more time with him.

Naturally, Lin Yi wouldn't reject such a small request. He started from kirrlutz to the nine-story Pagoda he refined and took away-it took him two hours.

During this time, Fernandes and Wang Ba were still arguing with each other at the entrance of the wormhole. They were really free!

Lin Yi didn't bother with them and brought han Jingjing into the nine story Pagoda to see what was left in the center.

It was a pity that most of the technological information had been destroyed, and there was basically no hope of restoring it.

However, there were still some antiparticle structures left. For han Jingjing, this was already an extremely precious research material!

"The research ability of the central is indeed outstanding. They actually created this antiparticle structure to deal with my particle disintegrating bomb. What a genius idea!"

Han Jing Jing couldn't help but praise him as well. She then gave Lin Yi a storage ring."Lin Yi bro, I still have some of the particle disintegrating bombs I made later. Take them, it'll be easier to deal with buildings without antiparticle structures."

"Other than the particle disintegrating bomb, there are also some new gadgets that I've recently researched and made. They all come with a manual. You can take your time to read them when you're free. Who knows, you might be able to help me a little at any time."

"If you find any problems during the use, you must remember to tell Jing Jing!"

Lin Yi took the storage ring and nodded with a smile without looking at it. "Alright! I'm Jingjing's exclusive tester. If there's any new invention, you have to let me test it!"

"MMH! Other than Lin Yi bro, I won't let anyone else use Jing Jing!"

Han Jingjing nodded hard, but her face darkened when she saw Lin Yi glance at the wormhole. "Lin Yi bro, are you getting ready to leave again?"

Although Fernandes and Wangba were still talking, han Jingjing knew that Lin Yi wasn't looking at them.

Lin Yi didn't even want to look at the wormhole-it was just an instinctive reaction! Lin Yi only glanced at it subconsciously because he had the thought of leaving through the wormhole.

"Yup! I've been away from the sub-Island for too long and my body is in the hands of the central. I'm afraid that there will be accidents if I delay for too long, so I'm ready to return to the sub-Island!"

Lin Yi admitted and gave her a hug. "I will soon find a way to leave the sub-Island, don't worry! We will definitely meet again!"

Han Jingjing lowered her head and agreed. It was important to return to the sub Island to get back her body, so she definitely couldn't stop him. However, they had just met, and now they had to part. Han Jingjing's heart was somewhat reluctant.

"Jing Jing will always be here waiting for Lin Yi bro! Lin Yi bro, you have to come back as soon as possible!"

It was a simple farewell, but Lin Yi felt a little sad. He patted Han Jing Jing a few times and turned to walk into the wormhole.

"Fernandes, let's go!"

Lin Yi didn't give Fernandes a chance to say anything before putting him into the Jade space. "Wangba, take good care of Jingjing. If anything goes wrong, you won't be able to live to see tomorrow."

Chapter 7737 Where Wang Xinyan Is

Lin Yi left the grumbling Wangba behind as he entered the wormhole!

After returning to the common world, Lin Yi didn't go back to the villa. After all, it hadn't been that long, and there was no point in going back. He decided to go back to the sub Island.

Even Shangguan Tianhua didn't know how to get to the mysterious Starfield, and Lin Yi thought that he'd have to go back to the sub Island and buy information from Ding Yi.

Therefore, he was in a slightly urgent mood to return to the sub-Island.

Similarly, the grey bamboo hat Ling lingfa on the sub Island was also feeling anxious.

She thought that it'd only take about half a month for Lin Yi to get some resources from the secular world, but it'd been almost a year and there was still nothing!

Normally, central would be happy if something happened to Lin Yi, but the problem was that Ling lingfa was the one who started this mission, and he represented central.

If something really happened to Lin Yi, the people behind Lin Yi would have to go to war with central no matter what.

At this stage, central wasn't ready for an all-out war, which wasn't in line with their interests.

So Ling lingfa truly wished for Lin Yi's safety and for him to get the hell back from the secular world.

Ling lingfa and Ding Yi were doing their daily observation to make sure that Lin Yi's body was fine.

Suddenly, the primordial spirit projection device flashed, and a primordial spirit fluctuation broke through the spatial barrier and descended from the sky!

"I'm back!"

Dingyi's eyes lit up as he looked at Lin Yi's body.

As expected, Lin Yi's eyes, which had been closed for almost ten months, were still closed, but his eyeballs were obviously moving under his eyelids!

"F \* ck! That little rascal is finally back!"

Ling lingfa could not help but curse to vent his frustration.

They were clearly enemies, but he had to be afraid of this enemy for several months. What the hell!

It would be embarrassing if this matter were to spread!

Lin Yi opened his eyes after he felt his spirit return to its position and regained control of his body.

"Yo! Long time no see, you two!"

"Thank you for taking care of my body. I'm glad I completed the mission successfully!" Lin Yi stood up and waved.

Lin Yi threw a storage ring at Ling lingfa.

Compared to what he'd gotten in the common world, the resources here weren't even a drop in the ocean, so Lin Yi gave it to Ling lingfa without any hesitation.

Ling lingfa caught it and sneered, ""You've known for a long time! I asked you to go back to the secular world for a mission. Did you take the opportunity to deal with your own affairs?"

"You can't separate private and private matters, and you still have the nerve to say that you've successfully completed the mission? Don't you think you should give us an explanation? what have you been doing for the past year?"

"Hahaha, it is good that you are back. Anyway, young hero Lin has completed the mission, so why do you care about the details!"

Ding Yi smiled as he tried to smooth things over. He comforted Ling lingfa before turning to Lin Yi."But don't blame him for saying that, Lin shaoxia, you've been gone for a long time! You also know that alt

accounts have always been small businesses, earning some hard-earned money to barely make a living. You've been gone for nearly a year ..."

After a slight pause, Ding one gave him a knowing look. "Using a Smurf will delay a lot of business! Should we discuss this later?"

After saying that, he even made a familiar finger-rubbing gesture. Everyone knew what he meant, so there was no need to explain it clearly!

Lin Yi couldn't help but smile. Ding Yi was still the same old man-he never let go of an opportunity to gain something!

"What minor details? If he didn't come back soon, I was going to find a place with good Fengshui to bury his body!"

Ling lingfa sneered, "Lin Yi, I've been pretty good to you, right? Who would think of finding you a good place with good Fengshui?"

"Ha ... Ling lingfa, you don't have to say such weird things!"

Lin Yi waved his hand coldly, "Do you think I want to waste so much time? If you want to know why I'm delayed, you can go to the secular world and ask LAN xiaoru. She knows what's going on!"

Ling lingfa was speechless when he heard LAN xiaoru's name.

If Lin Yi dared to say that, it must be true!

This matter concerned his Big Boss, so Ling lingfa didn't say anything more. Anyway, he had already gotten what he wanted, so there was no need to pursue the matter.

"Boss ding, I've already fulfilled your request. Can you tell me the information I want now?"

Lin Yi ignored Ling lingfa and went straight to the point. "I hope boss ding's news won't disappoint me!"

"Haha, don't worry, Lin shaoxia. I've always been honest with the young and the old when I do business. Since Lin shaoxia has done what you should, I won't give you any discount. "

Ding Yi laughed and raised his right arm, pointing at Ling lingfa. "I brought Lin shaoxia here not only to borrow his ability to carry supplies, but more importantly, the information you need is also here."

"Mr. Ling lingfa knows more about miss Wang Xinyan's whereabouts. He wasn't the one who took miss Wang Xinyan away, but he was the one who recommended her!"

"Ling lingfa, it's you."

Lin Yi's eyes widened as he stared at Ling lingfa. "Where's Wang Xinyan?"

When Lin Yi heard Huang xiaotao mention it before, he guessed that it might be related to central, and it turned out to be true!

If Ling lingfa were to change the subject or refuse to say something, Lin Yi would've flipped out on the spot!

"I'm in a good mood today, so I'll tell you some news!"

"Wang Xinyan is actually on the sub Island, and the one who took her away is a super-powerful family on the sub Island!" Ling lingfa smiled and shrugged. His status is even higher than the king of an ordinary Commandery!"

"This super-family is one of the biggest powers in the sub-Island, and it might be a great fortune for Wang Xinyan to be able to enter!"

"Wait! Wang Xinyan was on the sub-Island? Did she come here in the form of a primordial spirit?"

Lin Yi's heart skipped a beat as he asked, "Also, what's the name of the super-powerful family you mentioned and where is it located? How can I find Wang Xinyan?"

"I'm sorry, but your questions are beyond the scope of this deal!"

Ling lingfa smiled teasingly, as if he was trying to keep Lin Yi in suspense. "Our deal is to tell you Wang Xinyan's information, nothing else. It's up to you to decide what to do next!"

Lin Yi turned to the man, who shrugged. "Lin shaoxia, all the information I know came from him, so you don't need to look at me! If you want more information, then we'll make a New Deal!"

"But there's no other way today! I've wasted too much time here, and I have to deal with some things first. If young hero Lin has any business to attend to, you can only wait until next time!"

With that, dingyi cupped his hands at Lin Yi and Ling Ling. "I'll take my leave first, see you again!"

## Chapter 7738 Project Again

Before he finished his words, he had already flown away and disappeared in the blink of an eye!

Lin Yi was speechless. Did this Ding Yi really have something urgent to do? He actually didn't even care about his business. He even said he wanted compensation just now, but now he didn't even mention it. What was so important?

"Lin Yi, it's been a pleasure working with you this time! If there's a chance in the future, we might as well continue working together!"

"Do you want to sit down and have a cup of tea? let's have a good chat." Ling lingfa put on an act.

"No need! I still have things to do, so I'll take my leave!"

Lin Yi wasn't in the mood to be perfunctory with Ling lingfa. He cupped his hands casually as a farewell and quickly left the place.

There was nothing to hide in front of Ling lingfa. Lin Yi took out his flying saucer and soared into the sky, following the recorded route back to the sword spring sect!

After flying for less than a minute, Lin Yi felt uncomfortable all over. He was used to his complete sea-splitting primordial spirit body, and now he was back in this new body. It was uncomfortable.

After some thought, Lin Yi understood that it wasn't just because his body was too weak, but mainly because his spirit was too strong!

Before he returned to the mortal world, the essence spirit was much stronger than the body, but Lin Yi's essence spirit was still injured then, and the connection between it and the body wasn't that obvious.

But now, not only was Lin Yi's essence spirit completely healed, but he had also reached the great completion of the sea-splitting realm!

After returning to his physical body, he would instinctively want to improve his physical strength!

The sub Island didn't allow the use of pure energy, and the spirit's attempts were in vain, which made Lin Yi uncomfortable.

This was also a problem!

Lin Yi scratched the back of his head. Suddenly, he had a flash of inspiration. His essence spirit left his body and returned to his physical body.

Lin Yi remembered that Fernandes was still in the Jade space. If Fernandes was a sea orc, then his body, which was reconstructed with the purple mist sinful Lotus, should be in a vegetative state, right?

Since they weren't decent people, they should be able to be stored in the Jade space.

Since that was the case, he would give it a try!

With a thought, Lin Yi's body disappeared and he entered the Jade space!

This was too good!

Lin Yi was overjoyed. This way, he could maintain his Yuan spirit form at all times and didn't have to worry about his body being too weak.

He could store it in the Jade space without any problems!

Wait a minute!

Lin Yi clapped his hands-if her body was in the Jade space, did that mean that her body would be able to go back to the mortal world as well?

Was it that easy to leave the sub-Island?

Lin Yi suppressed his excitement and quickly returned to the spirit projection point.

The round trip only took two to three minutes, and Ling lingfa was still there.

"Oh, it's really a small world. I just said goodbye, and now we're meeting again. Is Lin shaoxia reluctant to part with an old Friend Like Me?"

Ling lingfa was sorting out the resources Lin Yi brought when he saw Lin Yi return. He said sarcastically, ""If young hero Lin really can't bear to part with me, why don't you just join our Center? we'll have more opportunities to interact and be intimate in the future!"

Lin Yi's mouth twitched. Kiss my ass!

If it wasn't for the fact that I wanted to test my new idea of primordial spirit projection, I would have killed you right now!

With Lin Yi's current strength at the great completion of the sea-splitting realm, it wasn't difficult to deal with Ling lingfa in his weakened state!

"Let's cut to the chase. Ling lingfa, I came back to find you because I want to project my primordial spirit again and return to the mortal world. Is there a problem?"

Lin Yi didn't want to beat around the bush, so he went straight to the point, "If you have anything you need to pass on, I can help!"

"Hehehe, I don't have anything to pass on for the time being. I don't need your help!"

Ling lingfa shrugged and chuckled. "Originally, after our deal ended, we shouldn't have any more connections. However, seeing that we still have the peace agreement and that we're old friends, I'll make an exception and let you project your primordial spirit again!"

After a slight pause, Ling lingfa looked at Lin Yi with a faint smile. "But we've already lost our deal. Are you really that confident in leaving your body with me? Aren't you afraid of any accidents? I'm not obliged to guarantee the safety of your physical body this time!"

"I don't need you to ensure the safety of my physical body. I just need my primordial spirit to project!"

Lin Yi thought to himself, only I know where my body is now. If you want to hurt me, you'll have to find it first!

"Alright, if you're not afraid, then go!"

Ling lingfa gestured for Lin Yi to sit on it.

Get ready, launch the projectile!

Then, there was no then!

"Lin Yi, what are you doing? You're using your primordial spirit to project your primordial spirit. Do you have nothing better to do than to make a joke out of yourself?"

Ling lingfa was instantly annoyed. 'I have a lot of things to do, and you've delayed me for a year, and now you're here to cause trouble? are you done?'

"No wonder you're not afraid of your corporeal body falling into my hands. It turns out that you've hidden your corporeal body well and used your entire primordial spirit body. I knew it, how could you trust me so much!"

"Ah? Why can't a primordial Spirit project it?"

Lin Yi felt a little awkward-was he being too naive? things weren't as simple as he thought!

"Nonsense! The primordial spirit can project directly, what do I need your help for? I'm projecting back on my own!"

Ling lingfa rolled his eyes and said unhappily, ""Since you've brought so many resources, I'll give you a free explanation. The projection of the primordial spirit must be separated from the physical body. Only then can it form a connection with the physical body and project itself. When it returns, it will have the ability to return with a thought."

"Do you understand? The main point of the projection of the primordial spirit is the separation of the primordial spirit from the body, not the primordial spirit itself. Without going through this process, your primordial spirit is like a rootless duckweed. Even if you can project it, how can you return?"

"What if I don't want to return? You can't project it?"

Lin Yi was still thinking that he'd be able to use this method again if he could project it back.

"We can 't!"

Ling lingfa shook his head decisively, "just give up!" If I could project my primordial spirit, I would be able to go back by myself! Why would I need you?"

Lin Yi curled his lips. What's the point of Ling Ling sending it back? Without the Jade space, who could bring so many supplies?

To put it bluntly, Ling lingfa and Ding Yi were looking for Lin Yi because Lin Yi had the ability to carry supplies with his primordial spirit!

If it was just a projection of the primordial spirit, Ling lingfa could do it himself!

The purple mist Snow Lotus's body was weak, but it was enough to support the projection. Lin Yi didn't need to show up if he didn't need to bring any supplies.

"Alright! Since that was the case, then forget it! Goodbye!"

Lin Yi shook his head-the experiment had failed. Leaving the sub-Island wasn't that easy-he had to think of another way!

Fortunately, Xinyan was on the sub Island, and Lin Yi still had to find her. He wasn't in a hurry to leave the sub Island!

## Chapter 7739 Eldest Senior Brother Returns

After finding her and confirming that she had brought her body to the sub Island, it meant that there was a safe passage between the sky Island and the sub Island!

At that time, he would naturally be able to leave!

"Take care! Don't come back if you don't have anything to do!"

Ling lingfa didn't have the intention to be polite with Lin Yi, as if he was sending off a God of plague.

The flying saucer shot into the sky once again. This time, it did not stop or turn back. Instead, it flew directly toward the location of the sword spring sect.

Half an hour later, the flying saucer landed outside of the sect. Lin Yi kept it and dashed towards the long whisker peak where the outer disciples were.

At this time, most of Lin Yi's faction had gathered at Lin Yi's previous residence.

After Lin Yi left, this place became Wu yucao's usual meeting place. Of course, it was only limited to the living room, and other places were strictly forbidden.

Wu yucao used this as an excuse to come here every day to pack up and wait for Lin Yi to come back.

"Zhang xiaopang, is there any news about eldest senior brother? It's been so long!"

Jin Yuan Bao's chubby face was full of worry. "The sect assessment is about to begin. Where did eldest senior brother go?"

"Little fatty Jin, you know that I only have some information channels within the sect. Now that eldest senior brother has left the sect, I'm a little out of my reach!"

Zhang Yiming shook his head and smiled bitterly, "I've already said it before. Feng Zhi Peng has already investigated clearly. Senior brother Sima is not a member of the Sima clan ... The Sima clan's genealogy doesn't have the name Sima Yi at all!" Sima Zhongda did, but he died twenty years ago ..."

"It doesn't matter if eldest senior brother is a member of the Sima clan or not. What I admire is eldest senior brother as a person, not his surname of Sima!"

Li Yingjian snorted and looked at Zhang Yiming and Jin Yuan Bao with dissatisfaction. "If you think that eldest senior brother has no future just because he's not from the Sima clan, you can leave him and go to Dongge Pi, Feng Zhi Peng, and the like."

"What nonsense are you saying? Are we that kind of people?"

Jin Yuan Bao rolled his eyes. "To be honest, when I first got to know eldest senior brother, it was indeed because of the Sima family name that I became friends with him. However, I've been with eldest senior brother for so long. Who would care if he's from the Sima family?" I'm just worried about eldest Shixiong!"

Zhang Yiming nodded his head repeatedly. "Little fatty Jin is right. We're all following eldest senior brother because of him. It's not because of the Sima clan's name!"

In the entire sword spring sect, Zhang Yiming only respected Lin Yi!

Other than Lin Yi, he was just a walking ATM in the eyes of the others. He only had dignity after following Lin Yi.

"I brought this up again because I'm really worried about eldest senior brother! Feng Zhipeng has already spread the word that he wants to use this matter to deal with eldest senior brother. "

Zhang Yiming rubbed his chubby face, feeling a headache coming on. "The Feng clan was never weaker than the Sima clan. If eldest senior brother was really from the Sima clan, Feng Zhi Peng would not dare to do anything, but now ..."

"That's for later. The key is that eldest senior brother has left for so long without any news. Could he have already been killed? Even if he's fine, if he can't take part in the sect assessment this time, I'm afraid that eldest senior brother's position as the inner sect's third senior brother and outer sect's eldest senior brother will be lost!"

"That's enough. There's no point in you all saying all this. I called everyone here because I want you all to think together on how to help young master Sima!"

Wu yucao waved her hand, her expression solemn, but she had the aura of a big sister. "There are a few problems that we need to solve. Let's analyze them one by one!"

"First, it's the sect assessment. If young master Sima doesn't participate this time, not only will you lose your position in the inner and outer sect, but you might also be expelled from the sword spring sect under the influence of some people!"

"In order to avoid this situation, I think we should go and ask elder Qin to come forward and mediate. In the entire sword spring sect, only he is most concerned about young master Sima!"

"Secondly, we need to find young master Sima's whereabouts, even if it's just some groundless information! I'll have to trouble Junior Brother Zhang in this area! After all, you are our intelligence expert!"

Zhang Yiming quickly cupped his fists and accepted the order. Before Lin Yi left, he had already made arrangements for these people in the sword spring sect. He was in charge of building Lin Yi's Intel network.

Wu yucao, on the other hand, was the General Manager who controlled all of Lin Yi's points and resources, so he had the most say. Jin Yuanbao was in charge of business operations, while Li Yingjian formed the basic team by recruiting people.

A year had passed, and everyone had done well. Lin Yi's faction had already gained a significant position in the sword spring sect.

"There's one more thing. We won't take the initiative to provoke anyone in the sect who has enmity with young master Sima. However, we must pay close attention to them. At the very least, we must know their movements in advance to avoid any accidents!"

"That's about it. Let's discuss how we should implement it!"

Wu yucao said that she wanted to discuss it, but in fact, she had just casually arranged it, so there was basically nothing to discuss!

"Big sister Wu, let me go find elder Qin!"

Ling Hanxue volunteered. Among these people, she was the only one who did not have much to do.

Before Lin Yi left, he told her to focus on her training and increase her strength.

Ling Hanxue had also lived up to expectations. In less than a year, she had broken through one after another and reached the peak of the intermediate golden core stage with the help of sufficient resources.

After the sect assessment this time, there was no doubt that she would be able to enter the inner sect!

"Besides elder Qin, I also want to persuade vice sect leader Zong. Last time, vice sect leader Zong took care of young master Sima so much. I think there might be hope to persuade him this time!"

Ling Hanxue already had a plan in mind. The rewards that the Vice sect leader gave Lin Yi were beyond her expectations, and during the conflict between Lin Yi and tyrant Wolf, it was obvious that he was biased towards him.

At a time like this, they had to try whatever they could. Even if Ling Hanxue and Deputy sect leader Zong did not have any interactions, it was still uncertain if they could meet ...

"It's indeed necessary to ask for a favor from vice sect leader Zong. With him stepping in, even if young master Sima doesn't participate in the assessment this time, it shouldn't be a big problem!"

"Yes." Wu yucao nodded slightly. "Even if third senior brother can't keep his position as the inner sect steward, there might still be hope for eldest senior brother, the outer sect steward."

Before he could finish, a figure entered the house silently, and Lin Yi's gentle voice sounded.

"Everyone's here! It's been a long time since we last met. I'm relieved to see that you're all doing well!"

"Senior brother Sima!"

"Senior brother!"

"Zhong da!"

.....

The few of them exclaimed in unison and immediately looked towards the door with wild joy!

Chapter 7740 Plan To Deal With

Sure enough, the person who had made them so worried had suddenly appeared at the door!

Wu yucao's strength was the highest, and her reaction was the fastest. It could be said that her instinct was the fastest, and she didn't even have time to think. Like a swallow returning to its nest, she rushed at Lin Yi and hugged him tightly.

"You ... Where have you been? I haven't heard from you for so long ... I thought you wouldn't come back!"

Wu yucao buried her head in Lin Yi's chest, her strong will disappearing instantly and her eyes started to mist up.

"Big sister Wu, how could I not come back? I was just delayed in a secret realm and only recently escaped ..."

Lin Yi patted Wu yucao's shoulder and comforted her gently, "'I'm back, aren't I? look, nothing happened!"

It was only then that Wu yucao remembered that there were people around, and her shyness immediately diluted her surprise.

She wanted to leave Lin Yi's warm embrace, but she couldn't bear to.

Ling Hanxue was a little envious as she stood at the side. She wanted to rush up and hug Lin Yi as well, but that was Wu yucao. She would rather die than fight with Wu yucao!

Besides, she and Lin Yi were only comrades-in-arms, and she knew that Lin Yi didn't have any special feelings for her.

"Senior brother, it's good that you're back! If he didn't come back, we would have been worried to death!"

Jin Yuan Bao and the others all came up and greeted Lin Yi with joy.

Only then did Wu yucao leave Lin Yi's embrace reluctantly, but it also washed away some of the shyness in her heart.

They sat down again, and Lin Yi listened to them talk about what happened after he left the sect, getting a general idea of their achievements.

To be honest, the scale of the business was way beyond Lin Yi's expectations.

However, his ambition was not in the sword spring sect, so he did not care too much about what kind of power he would form.

At the same time, the news of Lin Yi's return to long beard Peak reached everyone's ears.

After all, Lin Yi didn't hide his return and came up the mountain openly. Many people saw him.

The people who didn't get along with Lin Yi were gathered together as well, and started discussing after receiving the news.

"I didn't expect this imposter to dare to come back! Just in time, we can work together to kill him!"

Feng Zhipeng was the first to speak with a cold smile on his face. "I don't know which corner of the world this guy came from, but he actually dared to impersonate someone from the Sima clan! If we kill him, the Sima clan will still owe us a favor!"

Although the Feng clan and the Sima clan were not on good terms, they would still express their gratitude on the surface for dealing with someone who pretended to be from the other party's clan.

"This brat is only so arrogant and despotic because he's pretending to be the Sima clan. Now that his identity has been exposed, let's see what kind of confidence he has!"

The extreme summer tyrant Wolf laughed coldly as well. He hated Lin Yi the most, and it wasn't an exaggeration to say that his hatred for Lin Yi was deep.

It was fine if Lin Yi stole their big brother as the outer sect manager.

Even the position of the inner sect's third senior brother that he'd been planning for with so much difficulty had fallen into Lin Yi's hands. It was impossible for Xiaji to not be angry.

Especially for the position of the inner sect's third Shixiong, Xiaji and tyrant Wolf had been trying to instigate a fight between Yang Qi and Lin Yi!

He had originally planned to kill two birds with one stone, but in the end, it was like drawing water with a wicker basket, the chicken flying and the egg falling, and he was even beaten up by the Deputy sect leader!

Just thinking about it didn't make sense!

"Don't be too optimistic. Although this brat is a fake Sima Clansman, he does have some strength under him. He can't be underestimated!"

Dongge Pi shook his head and poured cold water on them. "Furthermore, the few people under Sima Yi have basically already become a force to be reckoned with. They are not people that can be easily manipulated. If we want to deal with Sima Yi, we must plan before we act. We can't let him have the chance to retaliate!"

"Junior Brother Dongge is right. We must plan this carefully!"

The extreme summer tyrant Wolf nodded slightly. He would never forget the loss he had suffered last time, so he was even more cautious this time.

"Don't worry! I've already made arrangements to deal with Sima Yi, you guys just have to wait and watch the show!"

Feng Zhipeng laughed sinisterly and motioned for the few of them to come closer. He then covered his mouth with his hand and whispered something.

Xia Ji, tyrant Wolf, and the others' expressions changed unpredictably. They were sometimes shocked, and sometimes happy. They did not know what Feng Zhipeng had said.

Lin Yi was talking to Wu yucao and the others about his experience.

Of course, it wasn't about returning to the secular world, but about the secret realms he had experienced in the past.

The group was shocked, not suspecting that Lin Yi was lying.

As for pretending to be a Sima, Zhang Yiming and the others didn't know how to ask Lin Yi, so they didn't mention it at all!

They only cared about Lin Yi as a person. The Sima clansmen were not important at all!

"Let's call it a day! I'm going to pay a visit to elder Qin. I haven't been back for a long time, so I must go and see him. "

Lin Yi told everyone to leave after finishing his story. Wu yucao and the others wanted to talk to Lin Yi more, but what he said was right.

He hadn't been back for a long time, and since he was back, he should pay elder Qin a visit. After all, everyone saw how elder Qin took care of Lin Yi!

Lin Yi was back already, and they had a pillar of support. They had plenty of time in the future, so there was no need to rush.

And so, after saying goodbye to Lin Yi, they went their separate ways.

Lin Yi rushed to the cultivation peak and asked to see elder Qin.

Elder Qin had received the news as well and was waiting for Lin Yi.

"Disciple greets martial uncle!"

With no one around, Lin Yi greeted elder Qin with respect.

"No need for formalities! Zhong da, you've been gone for almost a year, and martial uncle has missed you very much. Quickly sit down and talk!"

Elder Qin's face was full of smiles as he pulled Lin Yi to sit down with genuine joy. "You little brat, where did you go? There had been no news for such a long time. Did he know how worried Shishu was? I thought you were like your master, suddenly leaving this place and going back to your own place!"

Lin Yi thought, you're so wise, uncle! I just went back to my own world!

"This time I'm trapped in a secret realm and can't leave for a long time. The time flow in that secret realm is different from the outside world. I only stayed in there for ten days, but I didn't expect it to be so long after I came out!"

Lin Yi used the same excuse as before, saying that there was no need to mention the essence spirit projection. The sub-Island didn't know much about this.

"Martial uncle, I haven't seen you for a long time. How are you?"

"Of course! Martial uncle's strength has recovered, and after this period of recuperation, he already has the opportunity to advance further!"

Elder Qin laughed heartily, feeling extremely at ease.

He'd thought that he was a cripple, but now that he'd met Lin Yi, not only had his injuries healed, but he'd also gotten the chance to break through to the xuansheng stage! How could he not be happy?
