

Bodyguard 7741

Chapter 7741 Rapid Cultivation

Lin Yi's heart jumped-he'd be able to help elder Qin level up easily if they were in the common world.

However, he couldn't use true Qi on the sub-Island, and his body was too weak to create lightning tribulations ...

That wasn't the main point-the main point was that Lin Yi suddenly thought of something. If he could put the body of a vegetable into the Jade space, could he just train in the Jade space?

It wasn't easy to find a bug in the Jade space, so he had to make good use of it!

He thought about it repeatedly and felt that it was feasible.

Lin Yi wasn't in a hurry to go back and try it out. He chatted with elder Qin for a while, and when he saw that it was getting late, he bade farewell and returned to long beard Peak.

After returning to his room, Lin Yi's spirit left his body and entered the Jade space.

Then, as usual, when his primordial spirit was about to enter, he found that it was rejected by the Jade space!

Lin Yi paused for a moment before realization dawned on him.

It seemed like the Jade space acknowledged that Lin Yi's reconstructed body was in a vegetative state and could enter, but the body and spirit couldn't enter at the same time-only one of them could enter!

In this way, although the bug was still a bug, it was only effective on others.

For example, both primordial spirit and physical body could enter Fernandes directly.

But Lin Yi couldn't do it himself, because he needed to control the Jade space from the outside. Whether it was his body or his essence spirit, one had to be outside!

If they all went in, who would control the Jade space?

Could it be that the jade pendant had fallen outside? That would be too dangerous.

Lin Yi was relieved after thinking it through.

But it didn't matter. Lin Yi's spirit couldn't enter the Jade space at the same time, but his mind could still control everything in the space.

He used his mind to guide the spiritual Qi in the space of the jade pendant into his body. After his body felt the spiritual Qi, it automatically began to operate the heaven seizing fortune battle technique!

Success!

Lin Yi was overjoyed. His new body had great potential. Because the sub-Island couldn't use pure energy, he couldn't level up quickly and could only use external forces.

Now that there was an endless amount of Qi flowing in, Lin Yi's body was like an empty container, greedily absorbing the pure Qi and quickly turning it into Qi.

He broke through to the Golden class in the blink of an eye, and Mystic only took a few more minutes. The Sky Class didn't stop him at all!

Very quickly, his true Qi level entered the foundation building stage.

At this stage, the speed immediately slowed down, because the Qi started to merge with the Qi from the sub Island, re-refining Lin Yi's muscles, meridians, bones, and internal organs!

If Lin Yi's body had been tempered to be as hard as iron before, it was now rising to steel with the help of pure Qi!

Although after leaving the space of the jade pendant, this body could not use true Qi, which would reduce its power, it would still be stronger than the body-tempering on the sub-Island!

What an unexpected gain!

Lin Yi sighed. This was all thanks to the battle tactics of heaven's fortune. The skill he was training in was a triple-in-one super skill of pure Qi, consciousness, and body.

They might not be the best individually, but in terms of the Trinity, they should be unique!

When he got back, he would try to merge the sea Dragon golden body technique into it. Perhaps he could improve his physique further!

Unfortunately, there was no other way this time. Lin Yi could only use his mind to guide the spiritual Qi into his body, and then let his body's instinct run the battle tactics of heaven's stolen fortune.

However, the sea Dragon golden body technique did not possess such an instinct. He would definitely not be able to cultivate it!

As Lin Yi felt the changes in his body, he thought about his training. The night passed quickly, and when the sky brightened, Lin Yi's Qi level was already at the peak of the Golden core stage!

It was the same for body-refining, but without the integration of the sub-island's body-refining, the power of the heaven seizing fortune battle tactics seemed to be much weaker than that of the sub-Island 's.

Lin Yi was ready to go back to the training room and level up the sub island's body as well, and then merge it with the heaven seizing fortune battle tactics. This kind of body would be the best.

It was a pity that the sea Dragon golden body required pure Qi as well, so Lin Yi couldn't practice it even after leaving the Jade space.

After entering the Jade space, he would not be able to cultivate the sea Dragon golden body technique without a primordial spirit ...

Awkward!

It seemed that the body refining technique left by the sea serpent King could only be discussed after leaving the sub Island!

He just didn't know if Lin Yi would still need the sea Dragon golden body when the time came!

"Zhong da, I'm coming in!"

Wu yucao could come in if she wanted to, but Lin Yi couldn't just come in without a word.

Lin Yi let out his body and returned his spirit before smiling. "Good Morning, big sister Wu!"

"Morning! Did you rest well? Do you want to go eat something?"

Wu yucao smiled gently and took out her identity Jade card. "I just remembered that you gave me all your points before, so you can't eat anything now, right? I forgot to return it to you last night, so I'm here to give it to you now!"

She'd definitely be lying if she said she'd forgotten about it last night-Wu yucao did it on purpose, giving her an excuse to have dinner with Lin Yi this morning.

"That's right, big sister Wu, I would have forgotten if you didn't mention it. I was just thinking of going to the cultivation room to cultivate. If I don't have any points, I wonder if elder Qin would let me in to cultivate."

Lin Yi smiled as he took out his Jade card. With his relationship with elder Qin, he didn't have to use the points to enter the training room. At most, elder Qin would pay for it.

However, having points on him made things easier.

"Big sister Wu, you don't have to give me too much. It's enough for my daily use. I'll leave the rest with you to maintain my daily expenses."

Wu yucao's face revealed a happy expression and she nodded vigorously. ""Alright!"

It wasn't that she was happy with the points in her hands, but Lin Yi's trust and the fact that she was Lin Yi's housekeeper made her happy.

"Actually, I have quite a lot of points here, a bit more than the one you gave me last time! Jin Yuan Bao is indeed a business genius. In less than a year, our team has expanded a lot. After deducting all the expenses, we still have a lot of surplus. It's really amazing!"

Wu yucao reported to Lin Yi in high spirits, as if she were having a parent's chat.

She really liked this atmosphere-she'd be satisfied if she could stay by Lin Yi's side like this forever!

Lin Yi kept the Jade tag-he didn't really care how much Wu yucao transferred, as long as it was enough. "I'm good at judging people, right? It's not just Jin xiaopang. Zhang xiaopang should be doing very well in terms of intelligence gathering, right?"

"Haha, Zhong da, you're starting to call them little fatty too!"

Wu yucao chuckled and nodded. ""But you really have a good eye for people. The two chubby boys are very good, and Li Yingjian is also very good! Our team is very good!"

Chapter 7742 It's Best To Have You!

It's best to have you!

Wu yucao's eyes fell on Lin Yi. She didn't say it out loud, but she couldn't hide the deep affection in her eyes.

"Let's go and eat something. I haven't been back in a long time, and I'm starting to miss the food of the sword spring sect!"

Lin Yi didn't notice the deep love in Wu yucao's eyes and walked out of the house first!

"MMH! You should eat more!"

Wu yucao laughed heartily and did not care if there was a response.

As she said before, it was great to be by Lin Yi's side!

"By the way, big sister Wu, how's Black wildflower? I haven't seen her in a long time!"

Lin Yi remembered the black wildflowers he hadn't seen since entering the sect. "Her strength is not bad. Was she not absorbed?"

"There is! But black wildflower isn't in charge of any specific Affairs. Similar to little Xue, he spends most of his time cultivating and doing missions. "

Wu yucao raised her eyes and thought for a moment. "I think you went out on a mission this time? However, he should be back for the sect's assessment!"

"Oh," Lin Yi replied faintly, not asking any further.

It could be seen that Wu yucao and black wildflower had not developed a very close relationship, so Wu yucao did not pay much attention to black wildflower's whereabouts.

The two of them chatted casually and soon arrived at the cafeteria. It wasn't the peak hour, so there weren't many people inside.

Lin Yi and Wu yucao took some food and sat down at a table by the window. Just as they were about to start eating, they saw su Yumo coming in.

This cold and beautiful woman was the same as before, as if nothing had changed.

But her eyes lit up when she saw Lin Yi, and she walked straight towards him.

"Senior Sister su, what a coincidence! Long time no see!"

Lin Yi stood up and Wu yucao stood up as well, nodding at su Yumo.

"Senior Sister Wu!"

Su Yumo greeted Wu yucao before turning to Lin Yi, ""Junior Brother Sima, I just heard that you've returned. I didn't expect to see you here!"

Su Yumo, who usually did not like to talk much, seemed to be at a loss for words and did not know how to continue.

"Senior Sister su, you're also here for breakfast, right? Why don't we sit together?"

Lin Yi invited, seeing how awkward she was.

Su Yumo hesitated for a moment but did not sit down. ""No need! I still have things to do, so I'll be leaving first!"

After he finished speaking, he actually turned around and prepared to leave.

Lin Yi didn't know what was going on-the guy didn't go to the canteen to eat, did he?

That's not on the way!

Su Yumo didn't leave immediately after she turned around. Instead, she spoke in a low voice with her back to Lin Yi and Lin Yi, ""I heard that ... Some people are planning to deal with you. You have to be careful!"

She didn't stay any longer after she finished speaking, only leaving behind a quiet and elegant back.

Lin Yi was touched.

So this cold woman was here to warn him?

It was really hard on her!

But Lin Yi was really curious-were the people who wanted to deal with him really that careless?

Even su Yumo, who always lived in isolation, had heard of it ... Was there anyone in the entire sword spring sect who did not know?

Or did they think that they were confident and weren't afraid of Lin Yi finding out?

That was interesting!

"This Senior Sister su ... Is very concerned about you!"

"It would be even better if you could join us!" Wu yucao smiled.

"Senior Sister su and I have gone through thick and thin together. We are indeed friends. However, she has a cold personality and is not willing to communicate with others. I don't think she would be willing to join any force."

Lin Yi shook his head with a smile.

If su Yumo really wanted to form a faction, she could create one herself. With her reputation in the sword spring sect, she definitely had no lack of people who wanted to follow her.

That was the end of the topic, and Wu yucao didn't bring it up anymore, talking about something unimportant as she enjoyed her rare breakfast time with Lin Yi.

After eating, Lin Yi went to the cultivation peak.

Tomorrow was the annual sect assessment of the sword spring sect, which was also known as the sect competition.

Before that, Lin Yi felt that his body could still go one step further.

Wu yucao wanted to go with Lin Yi to the cultivation peak, but Zhang Yiming stopped her, as if he had something to do.

Zhang Yiming didn't tell Lin Yi, so it wasn't anything big. Lin Yi didn't mind and let them go.

When he arrived at the cultivation peak, he did not see elder Qin. Instead, his in-name disciple was in charge of receiving him.

"Senior brother Sima, the elder has instructed that if you come over, you can go directly to the best cultivation room to cultivate."

The disciple recognized Lin Yi and knew that he had a close relationship with elder Qin, so he was very polite, ""I'll Take You There now?"

"Thank you for your trouble!"

Lin Yi smiled and cupped his hands, "Is elder Qin not here yet?"

"Elder might not be coming today. Tomorrow is the sect's grand competition, and there are many things to discuss and deal with. The higher-ups of the sect are very busy today!"

"I see ..."

The two of them chatted and soon came to a cultivation room.

"Senior brother Sima, this cultivation room is different from the other cultivation rooms. Only the elite disciples of the inner sect are qualified to use it! I'll let senior brother know first. "

Elder Qin's disciple gestured for Lin Yi to use his identity Jade card to open the training room. "Senior brother Sima is the third senior brother in charge of the inner sect. Even without elder Qin's care, he can use this cultivation room."

"After senior brother Sima enters, the points used for cultivation will be automatically deducted after the end. This is different from other cultivation rooms. However, senior brother Sima doesn't have to worry about the cost being too expensive. Within the scope of elder Qin's authority, he will give senior brother Sima the greatest discount. It won't be much more expensive than a normal cultivation room. "

"The most special thing about this cultivation room is that you can choose Qi of various attributes to temper your body! Senior brother, please take a look!"

Lin Yi followed his finger and looked at the center of the room-there was a row of six different colored gems.

"Senior brother Sima, those six gemstones represent six different attributes. They are metal, wood, water, fire, earth, and ice! You can freely choose one or more types of Qi to temper your body. In our cultivation peak, this cultivation room is of the highest grade. If you want a cultivation room with more attributes, you can only go to the place reserved for the higher-ups of the sect. "

"Many thanks!"

Lin Yi nodded and walked into the training room.

"Then I won't disturb senior brother's cultivation! If you need anything, you can call me anytime!"

The disciple bowed and left, closing the door behind him.

Lin Yi walked to the center and sat down cross-legged. This room was the highest end of the peak, but it was no different from the other rooms.

Chapter 7743 Sect Assessment

However, he was interested in the compound attribute refinement.

A solitary Yin does not live, a solitary yang does not grow!

Lin Yi was definitely a Grandmaster when it came to elements-he'd already thought of how to train the moment he entered the room!

His fingers brushed across the five different colored gemstones, and five different types of Qi of different attributes were produced in the cultivation room.

Metal, wood, water, fire, and earth!

The five elements were complete!

In the entire jianchun sect, there might be people who used two or three elements to train their body, but Lin Yi was probably the only one who could use all five elements at once!

A five-element spiritual root was not something that anyone could possess!

In fact, if Lin Yi wanted to, he could add the ice attribute as well. After all, Lin Yi had all kinds of spiritual roots.

However, for this body tempering, having one more ice attribute might not be as good as not having one.

The five elements were supposed to be balanced, and a little more or less would break this balance!

With his golden core full cultivation, Lin Yi had enough confidence to try the five elements body refinement.

As expected, the speed and quality of Lin Yi's body training far exceeded the one in the training room.

The effect was even more obvious. His body had already been tempered once by the battle technique for seizing heaven's fortune. After being tempered a second time by the Qi of the five elements, it directly exploded with energy that was one plus one equal to three or even more than three.

Success!

Lin Yi was very satisfied!

After his body was tempered this time, even without using true Qi and primordial spirit, the strength of his physical body alone was enough to make him invincible among his peers!

He didn't need to break through to the Golden core State peak stage-even a normal original infant stage practitioner wouldn't be Lin Yi's match with pure physical strength!

Although the cultivation was smooth, it still took a lot of time.

Especially the second time, it was harder than the first time. It was only because Lin Yi's body was special that it was faster than normal.

But even so, Lin Yi didn't even realize that he had used a day and a night!

Before Lin Yi came out of his training, the annual sect competition had already started!

"Big sister Wu, why hasn't Zhong da come yet? Should we go and find him?"

Ling Hanxue didn't know how many times she had turned to look at the cultivation peak, but Lin Yi was still nowhere to be seen.

"The outer sect disciple's foundational exams have already passed 80%. If you still don't come, you'll really miss the foundational exams!"

"Don't worry! He will definitely come!"

Wu yucao was also a little anxious, but she had no choice but to maintain a calm and composed attitude to avoid shaking the morale of the Army and causing the people on her side to perform abnormally.

When they parted yesterday, Wu yucao knew that Lin Yi was going to the practice room for a while, but she didn't expect it to be this long!

Lin Yi wasn't someone who didn't know his limits. Did something happen?

Wu yucao forced herself to remain calm, but she was still a little worried.

Looking up at the high platform, elder Qin didn't seem to have any abnormalities, so he should be fine, right?

Otherwise, with elder Qin's love for Lin Yi, there was no way he wouldn't be nervous!

"Senior Sister Wu is right, we don't need to be nervous!"

Zhang Yiming heard their conversation and joined in, ""Big senior brother is not only the big senior brother of the outer sect steward, but also the third senior brother of the inner sect steward. So it doesn't matter if the outer sect Disciple Assessment is over."

"When the time comes, we'll just have to take part in the inner disciple test. Even if we can't make it in time for the inner disciple test, it won't be a big problem. After all, he's the third senior brother who's in charge of the inner disciples. In theory, even if he doesn't take part in the basic test, he'll still have a pass."

Speaking of these things, Zhang Yiming, who was in charge of collecting information, naturally knew.

Wu yucao and Ling Hanxue heaved a sigh of relief after hearing his words.

At this time, elder Qin on the high platform was not as calm as he looked on the surface. He called over an in-name disciple beside him and asked in a low voice, ""Is there any news from the cultivation room? Will he be able to come out?"

"Reporting to elder, senior brother Sima is still in the cultivation room. There are no signs of him coming out for the time being. It seems that he is undergoing a deep level of body tempering. We didn't dare to go in and disturb him, for fear that senior brother Sima's efforts would be in vain and he might even suffer a backlash!"

Elder Qin could only sigh. Compared to the sect competition, Lin Yi's future was more important.

He couldn't risk letting someone interrupt Lin Yi's training-it'd be too late to regret if something went wrong!

As for whether he would lose anything if he missed the tournament, it was not important to elder Qin.

As long as one's Foundation remained, everything that was lost could be taken back.

"Continue to watch. As soon as Zhong da comes out of seclusion, inform him to come at once. We can't delay!"

"Yes, elder! This disciple will remember!"

While they were talking, the outer sect disciple's Foundation test had basically ended.

Zhang Yiming, Jin Yuan Bao, and the others had passed the test. Next was the basic test for the inner disciples.

The standards of inner sect disciples were naturally much higher than outer sect disciples, but the foundation test was still the foundation test. Normally, very few people would not be able to pass.

Wu yucao completed the assessment very quickly and then saw the black wildflowers that she had not seen in a long time.

She only managed to rush back at the last moment and made it in time for the foundational exams with great difficulty.

"Black wildflower, you've come back just in time!"

Wu yucao nodded in greeting. They were all companions who had come here together. Although they could not be as close as Ling Hanxue, they were still friends.

"That's right. I've already calculated the time to come. Important people always appear last!"

Black wildflower flicked his hair, looked around, and was a little disappointed. "Little brother Zhong da still hasn't returned? He doesn't even care about the annual sect competition ..."

"Zhong da ... Has returned. However, he has been cultivating ever since he returned and hasn't come over yet!"

Wu yucao waved her hand. "You'd better go for the assessment first. It's already so late. You should care about yourself first!"

"You're back?"

The black wildflower was obviously overjoyed. "You're still as temperamental as ever. You don't even care about the sect competition? Forget it, I'm going to take the test first. I'll talk to you later!"

Wu yucao thought to herself, "actually, I don't have anything to say to you. You don't have to use it ..."

After the foundational exams, vice sect leader Zong came out to announce the rules of this year's competition.

"I'm very happy. Everyone's performance in this year's foundational exams was not bad! Next, it's time for the group competition!"

"All the disciples who passed the basic assessment will each get a number. Then, they will enter the group corresponding to the number and fight with the disciples in the same group. The winner will get one point, and the loser will not get any points. If you don't fight, one point will be deducted."

"Each group has a maximum of eight people, and each person can only fight seven rounds at most! One or two of them will be inner sect disciples, while the rest will be outer sect disciples. "

"The first in the group will enter the final circle directly. The second in the group will enter the substitute circle and fight for the limited spots to enter the final circle! The ten people with the highest points in third place of all the groups would have the right to challenge the substitute finals. If there are more than ten people with the same number of points, then the ten spots will be decided first!"

"All disciples who enter the final circle will receive generous rewards. Other than the rewards, outer disciples will directly enter the inner sect. The inner sect disciple's rating will be raised, and there is a chance to become an elite disciple. The top three of the finals will become the personal disciples of the sect master!"

There was a sudden uproar below. In the previous sect competitions, there was no such opportunity to become the sect master's personal disciple!

Chapter 7744 To Hell With The Group

In comparison, the generous rewards that were not stated clearly were not taken to heart at all.

In the sword spring sect, other than the sect's higher-ups, such as the sect's Deputy sect leader and elder Qin, the highest status was the sect leader's direct disciple. They were people who had the potential to become the next sect leader!

The next would be the direct disciples of the other higher-ups. As long as there was the prefix 'direct disciple', they would definitely be the top existence among all the disciples.

As for elite disciples, strictly speaking, they were not considered to be in the same rank. They were half a rank higher than inner disciples, but they were still inner disciples, just that their treatment was much better than inner disciples!

Speaking of which, it was similar to the preparatory Holy envoys of the new Holy region in the secular world. They were both transitional roles, but there was another advantage. After becoming an elite disciple, they did not need to participate in the future sect competitions!

For example, those who participated in the competition today were all inner and outer disciples. The pro-disciples and elite disciples were not included.

Of course, if the pro-disciples and elite disciples were interested, they could go down and play with their junior brothers and sisters. This could also be considered as one of the tests for them.

"Silence!"

Deputy sect leader Zong gave everyone some time to discuss, then spoke to gain the right to speak, ""In order to commend the hard work of the senior stewards, those who are senior stewards of the inner sect will be able to enter the final circle directly!"

"There's one more thing to add. The last place of each group will receive a certain punishment. If there's a record of surrendering without a fight, the most severe punishment will be expulsion from the sect!"

Everyone was in awe!

No one had expected that this year's competition would be so strict. If one surrendered without a fight and was last in the group, they would be expelled from the sword spring sect!

This was forcing everyone to risk their lives!

However, it was not incomprehensible. The sub-Island was full of body refining martial artists. As the saying goes, when meeting on a narrow road, the brave will win. If you don't have the courage to cut off all cauldrons and sink boats, how can you talk about courageous progress?

If he surrendered when he encountered a powerful enemy, why would he be a martial artist? wouldn't it be more comfortable to be an ordinary person, stay at home with his wife and children, and warm his bed?

"Next, everyone will draw your number and enter your corresponding group. Get ready to start the fight!"

After vice sect leader Zong announced the rules, the group competition officially began.

Wu yucao let out a breath of relief when she heard the rules. Lin Yi was the third senior brother in charge of the inner sect, so he didn't need to participate in the group stage and could enter the finals directly.

This would buy them a lot of time!

I hope I can make it in time!

Wu yucao's eyes drifted to the cultivation peak again, hoping that Lin Yi would come over quickly.

Zhang Yiming looked at Deputy sect leader Zong on the stage.

In the past, there was no such thing as a steward senior brother's preferential treatment in the sect competition.

After all, the senior Steward already had a lot of power and benefits on a daily basis. Moreover, he had fought for the position himself, so there was no need to say that he had worked hard.

If you're tired, you can give it up. There are plenty of people who want this position!

The sudden preferential treatment this year, perhaps it was because of eldest brother?

Zhang Yiming guessed in his heart and drew his number without paying much attention. He was still thinking that Deputy sect leader Zong really took care of eldest senior brother!

Zhang Yiming's face darkened when he reached the group with the corresponding number.

Extreme summer tyrant Wolf!

East Pavilion opening!

What the hell is this group!

Other than the summer extreme tyrant Wolf, there was one more person who was close to him.

Dongge Pi hadn't entered the inner sect yet because he was the senior brother in charge of the outer sect. He didn't want to hand over his power too quickly, so he didn't enter the inner sect.

In terms of strength, Dongge Pi was already at the level of an inner sect disciple!

Zhang Yiming thought that his strength had improved a lot after following Lin Yi!

If they were lucky and entered a group with only one inner disciple, they could even fight for the second place in the group.

If it really didn't work out, it wasn't impossible to strive to be one of the top three groups among the ten groups with the best results. At least, he would have the opportunity to enter the substitute group.

But now, Zhang Yiming was thinking about how to avoid being last in the group!

The extreme summer tyrant Wolf and Dongge Pi were both eldest senior brother Sima's enemies. As a loyal fan of eldest senior brother Sima, he would definitely be targeted by the other party!

The remaining inner disciple was in the same boat as the extreme summer tyrant Wolf, and he would not let Zhang Yiming go so easily!

Zhang Yiming felt hopeless just thinking about it.

As long as Xia Ji, tyrant Wolf, and the others used their full strength to injure Zhang Yiming, and then went easy on the other outer disciples, Zhang Yiming would be at the bottom of the group!

"Zhang Yiming! What a small world, you're so lucky to be in our group!"

Dongge bi lifted his chin with a faint smile and said with a face full of mockery, ""You're pretty good at jumping around in the outer sect. I'd like to see how you're going to do that today!"

Zhang Yiming's chubby little face was bitter.

Lin Yi's absence as the manager of the outer sect helped donggepi turn the tide.

He and Zhang Yiming often opposed each other because of the interests of the outer sect, but they never had the chance to confront each other directly. They always fought behind the scenes.

"Where's Sima Yi? Why didn't I see him? Could it be that he's afraid of losing face and won't even participate in the sect competition?"

The extreme summer tyrant Wolf was extremely proud.

He needed to take out one of Lin Yi's lackeys before taking out Lin Yi-it was a necessary thing to do, and it'd be a good blow to Lin Yi's morale.

And then he could humiliate Lin Yi at the same time!

The extreme summer tyrant Wolf had already thought of how to deal with Zhang Yiming. He was not going to let Zhang Yiming have an easy time!

"Eldest senior brother Sima has just returned from his training and is in the process of breaking through. Let's see if you still dare to be so arrogant when eldest senior brother comes!"

Zhang Yiming didn't want to lose face, so he retorted, ""They were all defeated by our eldest senior brother Sima, what's there to be proud of? Just wait and see, you'll all cry!"

"Brat, you're really not afraid of death!"

Dongge bi smiled sinisterly. "Didn't you notice that in the rules announced by the Deputy sect leader, there was no mention of killing or injuring this year? do you think ... You can still live to see the sun tomorrow?"

Zhang Yiming's face turned pale.

He didn't notice it earlier, but now that Dongge Pi reminded him, he realized that it was true!

In the past, the sect competitions were all very particular about stopping when one reached a certain point, and there would not be any serious injuries easily, let alone death!

However, this time ...

Zhang Yiming was a person who collected information. After thinking about it for a while, he realized that it was not simple!

Vice sect leader Zong and elder Qin had the intention to protect Lin Yi, but the sword spring sect didn't just have two higher-ups like them.

It was likely that extreme summer tyrant Wolf and the others had also pulled some tricks behind the scenes.

Chapter 7745 Relying On A Woman To Protect Him?

Thinking of the news that he had received before that someone wanted to deal with senior brother Sima, Zhang Yiming suddenly realized!

He couldn't live or die!

This was their way of dealing with eldest senior brother Sima!

They had the idea of killing eldest senior brother Sima in the great tournament!

If that was the case, could it be that vice sect leader Zong's suggestion to let the inner sect manager enter the finals directly was also the result of Xia Ji, tyrant Wolf, and the other higher-ups 'deliberate connivance?

After all, if they wanted to kill eldest senior brother Sima in the great tournament, they had to let him fight!

The more Zhang Yiming thought about it, the more disappointed he felt. He turned around to inform Wu yucao, asking her to explain the situation to Lin Yi.

Unfortunately, the group competition was about to begin!

"Zhang Yiming, are you trying to run away? The first match of our group will be between you and me!"

The extreme summer tyrant Wolf's body flashed and blocked Zhang Yiming's path. It hooked its index finger at him with a mocking expression. "Come, I'll let you make the first move! Or do you want to surrender without a fight?"

"I'll say this first. It's not that I can't surrender, but once you make a move, I won't accept your surrender again! Think carefully, do you want to surrender?"

At this moment, most of the other groups had already started their matches, and no one was concerned about the situation here.

Zhang Yiming's face turned pale. He knew he was no match for the extreme summer tyrant Wolf, but he was unwilling to surrender.

"Have you thought about it? My time is very precious, I don't have time for you to think about it endlessly!"

"Senior brother Xia Ji, this brat isn't speaking, and he's not attacking either. I guess he's too embarrassed to surrender! This kind of person who wants face so badly should be taught a good lesson and beaten up!"

Dongge bi fanned the flames as if he was afraid that the world would not be in chaos. "Senior brother Xia Ji, if you can't do it, why don't you let me do it first? There will be a battle sooner or later anyway, so it's the same if I take care of him!"

"I'm eldest senior brother Sima's man! How could I possibly surrender to you despicable people?"

Zhang Yiming gritted his teeth and spat out the words one by one. When he raised his head, his eyes were bloodshot, "If you want to fight, then I'll fight!"

If it was the old Zhang Yiming, he would bow and bend his knees, not daring to resist even if he was extorted.

Even though he knew that he was a humanoid ATM, he still had to smile at those who bullied him.

At that time, in his current situation, he would have surrendered without hesitation.

Even if he was expelled from the sword spring sect, it was not a big deal. Anyway, his family had a mine. As long as he was alive, he would not have to live a hard life!

But the Zhang Yiming now was no longer the Zhang Yiming of the past. Ever since he got together with Lin Yi, he finally felt the dignity that a human should have!

When he learned how to straighten his back, he was no longer willing to bend his knees!

"Yo! You're quite imposing!"

The extreme summer tyrant Wolf pretended to be surprised and laughed. "Beating up a brat like you who looks so imposing will give me a sense of accomplishment!"

"It's a pity that that brat Sima Yi isn't here, so he can't see his little brother being beaten up by me with his own eyes! However, it doesn't matter. Your miserable appearance will still be displayed in front of him!"

"Before that, you better cooperate with me and let me beat you up!"

The extreme summer tyrant Wolf was speaking happily, but Zhang Yiming didn't waste any time. He immediately drew his sword and stabbed at the extreme summer tyrant Wolf's chest.

After Lin Yi's guidance, the martial arts and Arts were no longer the same as before. With the addition of a year of training, Zhang Yiming's strength had risen sharply, far beyond what he was before.

The Zhang Yiming now could fight three to four Zhang Yiming's before Lin Yi left. The increase in his combat strength was absolutely shocking!

However, it was useless!

A year ago, the extreme summer tyrant Wolf was already a top-tier master among the outer disciples. After entering the inner sect, he seemed to have had some opportunities and was now a half-step nascent Soul Master.

Furthermore, he was already at the half-step original infant stage. He was extremely close to the original infant stage and could break through at any time!

No matter how much Zhang Yiming improved, in the eyes of the extreme summer tyrant Wolf, he was still the same!

The extreme summer tyrant Wolf lightly dodged Zhang Yiming's sword and arrogantly raised his head, saying, "Letting you make the first move is still a bit of bullying, I might as well let you have the first three moves!"

Zhang Yiming gritted his teeth and continued to attack without saying a word. In the blink of an eye, three moves had passed, and the extreme summer tyrant Wolf did not use any weapons. Instead, it directly threw a lightning-fast punch.

Before Zhang Yiming could react, the extreme summer tyrant Wolf's fist had already landed on his wrist.

The crisp sound of bones cracking could be heard. Zhang Yiming's well-trained body couldn't withstand the extreme summer tyrant Wolf's fist at all!

His wrist was broken on the spot, and the sword fell to the ground.

Beads of sweat instantly covered Zhang Yiming's forehead and cheeks.

He clenched his teeth and did not scream, but the fat on his face twitched violently. It was obvious that the pain of losing a hand was not good.

A body-refining martial artist's ability to take a beating was naturally very strong, and there was no doubt about his ability to endure pain.

However, it was precisely because of this that once injured, the damage suffered was far beyond the imagination of ordinary people.

"Yo, is this still that useless Zhang Yiming? To actually be able to endure and not cry out, amazing, amazing!"

The extreme summer tyrant Wolf praised Zhang Yiming, but his hands didn't stop moving. He slapped Zhang Yiming's other shoulder.

Without a doubt, Zhang Yiming's other arm was also temporarily disabled!

"Aren't you going to scream? Your bones are quite tough!"

The extreme summer tyrant Wolf casually kicked at Zhang Yiming's left leg. With the crisp sound of bones breaking, Zhang Yiming's body tilted and fell to the ground.

"Hey, I said your bones are hard, but they don't seem to be that hard. I just touched them casually and they broke. I'm a little embarrassed!"

Zhang Yiming was already sweating from the pain. His face was twisted, but he didn't make a sound. He would rather die than beg for mercy and admit defeat.

Those who had known him in the past but hadn't had much contact with him would think that he was a different person. Someone was pretending to be Zhang Yiming, right?

"Stop!"

Wu yucao's group was the closest to them. Seeing Zhang Yiming being tortured by Xia Ji's Wolf blood, Wu yucao couldn't hold it in anymore and ran over while screaming!

"Wu yucao, you're not a member of our group. Why are you interfering?"

The inner sect disciple who was with the extreme summer tyrant Wolf blocked Wu yucao's path and smiled. ""You'd better go back and mind your group's results. If you meddle in other people's business and end up in last place in the group, it won't look good!"

"Dodge!"

Wu yucao shouted in a low voice and unsheathed her curved blades. The blades reflected a cold light and a thick murderous aura began to gather. "If you dare to block me again, don't blame me for being impolite!"

"Yo, yo, yo! I thought it would be Sima Yi who came to stand up for me, I didn't think it would be a little girl!"

The extreme summer tyrant Wolf shook his head and sighed. "Zhang Yiming, Zhang Yiming. I thought you'd improved a lot. It turns out you're not as good as before. Now you have to rely on women to protect you!"

Chapter 7746 Nothing

Before he could finish his words, another foot stomped down and Zhang Yiming's remaining leg bone was broken!

"Extreme summer tyrant Wolf! I'm going to kill you!"

Wu yucao flew into a rage, and the scimitar in his hand instantly lit up the sky with blade light, rolling toward the extreme summer tyrant Wolf and the other inner sect disciple who was blocking the way!

When Chen Zhisheng died, Wu yucao wasn't by his side and often felt guilty. Later, Zhang Yiming, Jin Yuan Bao, Li Yingjian, and the others became Chen Zhisheng's replacement to a certain extent. Wu yucao had long regarded them as her own team members.

Now that she could only watch Zhang Yiming's limbs get broken and he still clenched his teeth without making a sound even though he had fainted from the pain, Wu yucao went berserk on the spot!

In terms of strength, Wu yucao was also at the half-step original infant stage and could break through at any time. The reason she didn't break through wasn't because she couldn't, but because she didn't want to!

Lin Yi had told her before that if she felt that there was still room for improvement before she reached her limits, she shouldn't break through so easily. It was better to suppress it, and so Wu yucao had always tried to test her limits.

In terms of pure combat power, the extreme summer tyrant Wolf was definitely not Wu yucao's match in a one-on-one fight. Even with the help of the inner disciple, it would be difficult for him to fight against Wu yucao!

Seeing that a huge battle was about to start, Lin Yi's faction and Xiaji's tyrannical Wolf faction were ready to move over to help when an old man on the stage shouted, "Everyone, stop!"

This person was the law enforcement elder of the sword spring sect, Chang Yugui. He had always been dignified.

As soon as he opened his mouth, even the disciples who were fighting normally could not help but stop.

Wu yucao's heart was filled with grief and indignation, but she still subconsciously retracted her sword and retreated. This was a character that she had formed for a long time, and she could not change it in a short time.

In the past, Wu yucao's team had only been the lowest level martial artists in Luling city. They were used to listening to the orders of the higher-ups, so when Chang Yu Guiyi spoke, she could not help but obey, even if she was unwilling.

"Disciples from all groups are not allowed to run around randomly. You can only fight within your own group. Anyone who disturbs the sect competition will be severely punished!"

Chang Yugui looked around with a cold expression, and her eyes finally landed on Wu yucao, clearly warning her.

Wu yucao didn't move, and the other people from Lin Yi's faction didn't dare to move either. They could only stay where they were and watch how things developed.

"Did you hear that? Wu yucao! Elder Chang is talking to you, why don't you hurry back to your own group, do you want to be expelled from the sword spring sect?"

"Elder Chang, Zhang Yiming is seriously injured and has lost his ability to fight. I hope that you can take him to heal his injuries!"

Wu yucao ignored the extreme summer tyrant Wolf's provocation and cupped her fists towards Chang Yugui on the stage. ""I'm afraid Zhang Yiming won't be able to participate in the following matches, so I beg you to make him withdraw from the sect competition, regardless of his results!"

"Wu yucao, I know you're a genius disciple of the inner sect, but it's not your place to point fingers at the sect's matters!"

Chang Yugui flicked her sleeve with a cold face. "Go back to your group immediately. As for Zhang Yiming, as long as he admits defeat, he will be fine!"

The extreme summer tyrant Wolf kicked Zhang Yiming twice. "Fatty Zhang, stop pretending to be dead. Wake up, elder Chang is asking if you want to surrender!"

"Extreme summer tyrant Wolf! Don't go too far!"

Wu yucao was furious. She unsheathed her scimitar again. The extreme summer tyrant Wolf's two kicks didn't seem like much, but they were actually very skillful. Zhang Yiming wouldn't be able to defend himself while he was unconscious. Even if he was conscious, he would still suffer a lot from the two kicks!

"How audacious! Wu yucao, do you think that my law enforcement Hall has no deterrent force at all?"

Chang Yugui ignored the extreme summer tyrant Wolf and said aggressively to Wu yucao, ""Do you only know how to restrain yourself after I personally take action?"

Elder Qin couldn't stand it anymore. He wanted to stand up and say something, but Deputy sect leader Zong stopped him and gave him a look.

The current situation was indeed under the jurisdiction of law enforcement elder Chang Yugui. Not only would it be useless for elder Qin to step forward, but it would also anger Chang Yugui even more.

Unless elder Qin planned to fall out with Chang Yugui, he would only add fuel to the fire if he spoke now!

Of course, elder Qin understood what the Deputy sect leader meant. He could only suppress the anger in his heart and wait and see.

If Chang Yugui didn't make a move, elder Qin wasn't prepared to make an appearance. But if Chang Yugui really wanted to make a move on Wu yucao, then they would have to fall out!

In any case, elder Qin's injuries had already healed, so he really wasn't afraid of Chang Yugui!

"Hahaha, you're going to draw your saber so easily. Come on!"

The extreme summer tyrant Wolf seemed to think that it had the upper hand and deliberately provoked Wu yucao. "Are you afraid that you won't be able to enter the final circle, so you want to challenge me now? I don't really care, but elder Chang won't tolerate a disciple like you who breaks the sect rules!"

Wu yucao gritted her teeth, but she did not dare to really disobey Chang Yugui's orders. Her body stiffened for a moment before she suddenly sheathed her sword and cupped her fists at Chang Yugui.

"Elder Chang, Junior Brother Zhang is seriously injured and this disciple must treat his injuries. Whatever punishment there is, this disciple is willing to accept it!"

After he finished speaking, he didn't care if Chang Yugui agreed or not and rushed directly to the unconscious Zhang Yiming.

Chang Yugui narrowed her eyes and snorted coldly. Just as she was about to flare up, the extreme summer tyrant Wolf acted first!

"Bold Wu yucao! You don't even care about elder Chang's orders, are you trying to rebel?"

As he accused Wu yucao, he attacked with all his might. At the same time, he signaled for the other inner sect disciple and Dongge Pi to attack together.

Using Chang Yugui's name as a banner to take out the number two in Lin Yi's gang, Wu yucao, was simply too satisfying!

When that Sima Yi who was impersonating the Sima clan returned, would he cry to death on the spot?

The inner sect disciples and bixin of the East Pavilion understood the hint and attacked from the side at the same time, coordinating with the extreme summer tyrant Wolf.

With the three of them working together, even if Wu yucao's combat power was stronger, it would still be difficult to deal with her.

What's more, Wu yucao only wanted to save Zhang Yiming and didn't dare to disobey Chang Yugui's orders. She didn't even draw her curved sword. It was really difficult to resist the joint attack of the three people.

In the distance, Ling Hanxue instantly drew her bow and nocked three arrows.

Chen Zhisheng was dead, and in Ling Hanxue's heart, only Lin Yi and Wu yucao were left.

Today, even if she had to die in battle, she would not let Wu yucao face the enemy alone, let alone be expelled from the sword spring sect!

In the nick of time, a figure appeared in the field like a ghost and instantly pushed Wu yucao away. Then, he deftly avoided the three people's attacks and left the battle circle.

Ling Hanxue heaved a sigh of relief, and the arrow disappeared from the bowstring like magic, returning to the quiver!

With Zhong DA's arrival, everything would no longer be a problem!

Chapter 7747 Addicted To Face-Smacking

"Zhong da!"

Even though Wu yucao didn't see the person clearly, the familiar aura was enough for her to confirm who it was. "Junior Brother Zhang was seriously injured by the extreme summer tyrant Wolf. They won't let me save him!"

"Big sister Wu, don't worry. I'm here. I'll naturally seek justice for Zhang xiaopang! You go back first!"

Lin Yi patted Wu yucao's shoulder lightly, his soft voice suddenly turning cold, "Extreme summer tyrant Wolf, you injured Zhang Yiming, and now you want to hurt my big sister Wu. Do you think Sima Yi is easy to bully?"

Wu yucao really wanted to fight alongside Lin Yi, but she took a few steps back obediently, not wanting to get involved.

"Oh my, the imposter is finally willing to show your face. I thought that you were hiding in some corner and didn't dare to come out after your identity was exposed!"

The extreme summer tyrant Wolf wasn't afraid of Lin Yi at all. He even hooked his index finger at Lin Yi, "I was the one who injured your little brother, and I was also the one who was prepared to injure your woman! You're not convinced? If you're not convinced, come and hit me!"

Lin Yi's lips curled up into a mocking smile. He burst out with energy and used his super butterfly microsteps. He left an afterimage behind and instantly appeared in front of the extreme summer tyrant Wolf. He raised his hand and slapped the Wolf's face!

"How audacious! Sima Yi! As the third senior brother in charge of the inner sect, how can you openly violate the sect rules?"

"You're so domineering in front of me, the law enforcement elder. How arrogant can you be behind my back?" Chang Yugui flew into a rage on the spot.

"Elder Chang, don't you think there's a misunderstanding?"

Lin Yi's eyes were cold, and his smile was mocking, "Everyone should have heard it. It was the extreme summer tyrant Wolf who asked me to come and beat him up. I only fulfilled his wish. Is this against the sect rules?"

The extreme summer tyrant Wolf was dumbfounded. When did I ask you to come and hit me?

Thinking about it carefully, what did the last sentence say? come and hit me if you're unhappy!

Holding the grass, is this a request?

"I ..."

The extreme summer tyrant Wolf was just about to say that it was not the case!

Lin Yi slapped him again, still acting humble. "No need to thank me, this is what I should do! I know that you think it's uglier to have one side of your face swollen, so I'll help you to make the other side swollen!"

The extreme summer tyrant Wolf wanted to cry, but no tears came out.

Wait, that's not the main point. The main point is, why don't I have the power to fight back at all?

He had initially thought that he would be able to deal with Sima Yi now that his strength had increased, but he did not expect the gap to be even bigger!

"Sima Yi! Do you think I don't exist?"

Chang Yugui trembled in anger-Lin Yi didn't even put him in his eyes!

Lin Yi shrugged. You were right, old man! The air has a greater sense of existence than you!

Ignoring Chang Yugui, Lin Yi sent another slap across Xiaji's face. If it wasn't for his other hand holding onto Xiaji's collar, he would've been sent flying!

In fact, the extreme summer tyrant Wolf also wanted to fly away to avoid being repeatedly humiliated!

Unfortunately, only his teeth and blood flew out, his body was still in Lin Yi's demonic palm.

"You ..."

"Are you going to ask me why I hit you again? both sides are swollen, aren't they?"

Lin Yi considerably finished the sentence for Xiaji, and Xiaji was a little confused-he didn't know if he should nod in response.

"Actually, it's nothing much. I just felt that slapping your face felt pretty good, and I was a little addicted to it, so I slapped you again! I'm so sorry!"

The extreme summer tyrant Wolf really wanted to cry.

Can I quit?

Lin Yi used his actions to answer the question in his heart!

After another round of slaps, the extreme summer tyrant Wolf felt that his face had been disfigured!

"Sima Yi, you're looking for death!"

Chang Yugui couldn't take it anymore and wanted to jump down from the stage to deal with Lin Yi herself, but elder Qin stopped her!

"Elder Chang, Sima Yi is the inner sect's steward, third senior brother. He's not within the scope of the group competition. There's nothing wrong with him coming out to handle this matter. Why don't you let it go and wait and see?"

"Elder Qin, what do you mean?"

Chang Yugui's face darkened. She wanted to break free from elder Qin's hand, but she was shocked to find that her arm seemed to be bound by a steel hoop. No matter how hard she tried, she could not break free.

One must know that he was a master of the late Yuanying stage. How could a cripple like elder Qin ... Could it be?

Chang Yugui's eyes revealed a trace of shock. If elder Qin had really recovered, his status was definitely far above his, the law enforcement elder!

But why had he never heard of it before? There were no clues at all!

He had hidden it too deeply!

Fear rose in Chang Yugui's heart, and she took the opportunity to stop attacking Lin Yi.

Lin Yi felt that it was a pity-he thought to himself,_uncle, you're making things worse this time!

Originally, if that old man dared to make a move, he would have taken care of him as well!

Now, he could only deal with the extreme summer tyrant Wolf!

"Extreme summer tyrant Wolf, did I forget the pain because I haven't been back for too long? It doesn't matter. This time, I'll leave you with a deeper scar so that you won't recover too quickly!"

Lin Yi's heart was already burning with rage when he saw Zhang Yiming's miserable state. His hands moved as fast as lightning as he spoke.

The sound of four bones shattering was heard almost at the same time. If one didn't pay attention, one would think that it was just one sound.

The extreme summer tyrant Wolf cried out in pain, its four limbs falling limply to the ground. Lin Yi had just shattered all the bones in its four limbs, leaving only skin and flesh connecting them together.

Zhang Yiming's four limbs were broken by the extreme summer tyrant Wolf, so Lin Yi would return the favor double-he'd crush his bones!

Even if it could grow back, it would still need to be tempered again, and who knew how long it would take? by the time the extreme summer tyrant Wolf recovered, the new disciples would probably be able to grow up.

Dongge Pi and the other inner disciple didn't know if they should run or not. They lowered their heads and shivered, afraid that Lin Yi would cause them trouble.

It couldn't be helped-they could understand how strong Wu yucao was, but Lin Yi's strength was beyond their comprehension!

The extreme summer tyrant Wolf was the strongest of the three, but Lin Yi was beating him like a dog. He couldn't even fight back!

What else could they do? What else could they do other than despair?

"Elder Qin, don't you have any thoughts about Sima Yi's violent actions?"

Chang Yugui looked at elder Qin coldly. She had already given up on the idea of attacking personally, but she did not want to let elder Qin have an easy time."As an elder of the sect, shouldn't you step forward to stop an inner sect disciple from being so severely injured and humiliated?"

Hehe! Well said, elder Chang!"

Elder Qin took out a Jade bottle from somewhere and opened it to reveal two pills.""This is a healing pill. Give it to them later. I don't know if Zhang Yiming can recover. After all, his strength is low. My pill may not be effective!"

Chapter 7748 Save Him First

Chang Yugui's mouth twitched. Was he saying that no one stood up when Zhang Yiming was injured and humiliated?

But it made sense-even elder Qin didn't show up at that time, so there was no hope for him to stop Lin Yi now!

Chang Yugui snorted coldly. He did not want to continue talking nonsense with elder Qin after being rebuffed.

In fact, the life and death of the extreme summer tyrant Wolf did not matter to Chang Yugui at all!

If Lin Yi continued to kill the tyrant Wolf, Chang Yugui would only be happy. After all, elder Qin wouldn't have an excuse to stop him.

The surrounding disciples of the Sword spring sect were all dumbfounded. Even those who had not stopped fighting before stopped and looked over.

It couldn't be helped-Lin Yi's actions were too shocking, especially when it was the extreme summer tyrant Wolf that was being massacred. This guy's reputation in the inner sect aside, everyone in the outer sect knew about him.

After all, he was the outer sect's manager, and he was doing pretty well after entering the inner sect, but he was being crushed by Lin Yi!

Sima Yi, this third senior brother who had always been in charge of the inner sect and had never appeared in front of anyone, was indeed not a kind person!

To say that it was extremely terrifying seemed to be very reasonable!

"Sima Yi! If you have the guts ... You ... You can kill ... Kill me!"

The extreme summer tyrant Wolf was in extreme pain, and its face was swollen like a pig's head. Lin Yi would've missed what it was saying if he hadn't been listening carefully.

"What's wrong? Do you think I don't dare to kill you?"

Lin Yi threw the extreme summer tyrant Wolf on the ground as if it was a sack. He put his hands behind his back and looked down at it, "Or do you think that you're better off dead now, so you really want to die? If that's the case, you can beg me and I might give you a quick death!"

The extreme summer tyrant Wolf wanted to cry. His face was so swollen that he could no longer show any expression.

He didn't dare to answer Lin Yi's words. Who knew if he would really get killed?

That's right, extreme summer felt that Lin Yi wouldn't dare to kill him. After all, they were in the sword spring sect, and Lin Yi wasn't killing him in the middle of a sect competition. The consequences would be very serious!

"Not talking? Did you think that pretending to be dead would work again?"

Lin Yi smiled faintly as he looked down at the extreme summer tyrant Wolf and raised his right foot. "I feel that I'm lacking something after breaking your four limbs. Why don't I just trample on your fifth limb as well?"

Xia Ji felt a chill down his spine-even if Lin Yi was just putting on an act, he could already feel his balls hurting!

"Sima Yi! Don't ... Don't ... Go too far!"

The extreme summer tyrant Wolf howled as it twisted its body like a rotting worm, trying to hide its fifth limb!

If his four limbs were broken, then so be it. In the future, he could slowly recuperate and cultivate, and it might not be impossible for him to recover. But if his fifth limb was broken ... Then he would really be finished!

Well, the word 'done for' was used particularly accurately!

"Bullying? I didn't expect you, extreme summer tyrant Wolf, to know this word! It's not easy!"

Lin Yi put down his right foot with a mocking look on his face. He looked at Donggepi and the other inner disciple indifferently. "I heard that you've gathered a group of people to deal with me? Why don't you take advantage of the fact that everyone is free now to introduce me to your team composition and the plan you've prepared?"

"After you're done, we'll judge who's the one who's going too far!"

The extreme summer tyrant Wolf wanted to cry but had no tears. Who had leaked this information?

How did Sima Yi know that someone wanted to deal with him? He even knew who the initiator was!

Damn it, who was the spy? I'm going to skin him alive!

"Senior brother Sima, we're here to treat the injured! That's fine, right?"

Suddenly, two disciples in red and white robes ran out from the side, each carrying a medicine box in their hands. They were obviously the medical staff that had been arranged.

However, Lin Yi's aura was too strong, and they didn't dare to save him. They could only ask for Lin Yi's opinion first.

Even though this sect competition did not limit life and death, they had prepared the necessary medical measures. After all, they were all disciples of the Sword spring sect, and it was impossible for too many people to be injured because of a competition.

"Let's save him first!"

Lin Yi turned around and helped Zhang Yiming up. He secretly put a recover pill in his mouth before passing it to the two medical staff.

Zhang Yiming's four limbs were fractured. It looked serious, but it was actually a hard injury. With the recover pill and timely treatment, there would be no sequelae and he would recover soon.

The extreme summer tyrant Wolf was different. He had a comminuted fracture, and it wasn't that easy to recover from. Lin Yi didn't want him to receive treatment immediately. He still needed to suffer.

The two men didn't dare to object and carried Zhang Yiming to the side for treatment. Lin Yi turned back to look at the extreme summer tyrant Wolf.

"Have you thought about it? say what you need to say so that you don't suffer!"

Before he could finish, a young man suddenly flew over and landed in front of Lin Yi. "Sima Yi, don't go too far! Always being so aggressive, aren't you afraid of your own retribution?"

"Who are you?"

Lin Yi glanced at the young man indifferently. He could tell that the young man wasn't weak-he was probably at the peak of the mid-stage of the original level, slightly stronger than Yang Qi.

Body refinement levels were different from pure Qi levels-Lin Yi couldn't tell too much since it didn't burst out in battle, but the fluctuations shouldn't be too big.

"Hehe, Junior Brother Sima is really busy. No wonder you don't recognize me!"

A mocking smile flashed across the young man's face. He raised his chin and said proudly, "I am the inner sect's second senior in charge, Ximen Duoling. I've long heard that Junior Brother Sima has taken over the position of third senior in charge left behind by Yang Qi, but we've never had the chance to meet, and it's only today that we finally meet."

"I just didn't expect that Junior Brother Sima would be such an arrogant and overbearing person! He really doesn't show any mercy when dealing with his fellow disciples!"

"Hehe ... So it's the inner sect steward, second senior brother. Just now, senior brother Ximen was talking about retribution. The extreme summer tyrant Wolf is going to get its retribution!"

Lin Yi used Ximen Duoling's words as a counter-attack, leaving Ximen Duoling speechless.

"Junior Brother Sima, you've just arrived, so you might not know. Our senior brother in charge of the inner sect doesn't need to participate in the group competition and can directly enter the final circle. You'd better come with me and sit."

Ximen Duoling's expression changed and became extremely gentle, ""We should try not to interfere in the matters here. Otherwise, people will say that we're attacking our competitors!"

Lin Yi looked at the dead body on the ground. Competitor?

Do you have some misunderstanding? How could such a person be worthy of being a competitor?

"I, Sima Yi, am here to explain!"

Lin Yi ignored Ximen duo Ling and looked around, raising his voice, "Zhang Yiming is my brother. The extreme summer tyrant Wolf used cruel methods against him to target me, so I'll pay him back in the same way!"

Chapter 7749 Competitors Are Too Weak

"Next up, there are still people who are targeting my people. The extreme summer tyrant Wolf is a good example! At that time, whether you're Dead or Alive, don't say I didn't warn you!"

The entire place was silent as everyone looked at Lin Yi, who was making a domineering declaration.

People who went against Lin Yi would naturally have more thoughts.

Ximen Duoling's face turned ugly. Not only did Lin Yi ignore him, but he also threatened him in front of him. It was like a slap to his face!

Can't you show some respect to the inner sect's steward, second senior?

"Sima Yi, aren't you a little too overbearing? Do you think you are the most respected person in the sword spring sect?"

Feng Zhipeng jumped out of nowhere and shouted, ""According to what you said, as long as it's your people, they can't be injured, right? If only you can hurt people, what's the point of this sect competition? Why don't you just let your people win!"

"What are you unhappy about?"

Lin Yi looked at Feng Zhipeng indifferently, ""You can ignore my words and just go ahead and try. We'll see the final result!"

"How audacious! A mere fake Sima clan's disciple actually dares to speak to this young master like this. Do you believe that this young master will make you unable to survive in the entire Hongshang Commandery?"

Feng Zhipeng was panicking as well. It would be a waste of effort if he stopped the plan he had been planning for a long time because of Lin Yi.

That's why he didn't care about the danger and jumped out himself, knowing that Lin Yi wouldn't dare do anything to him.

What was an extreme summer tyrant Wolf?

He, Feng Zhipeng, was from the Feng family of Hongshang Commandery. The sect leader of the jianchun sect would also give him some face.

"Do you believe that I can kill you a hundred times before I can't survive?"

Lin Yi's tone was calm, but to Feng Zhipeng, it was filled with killing intent and made him shiver.

"Enough!"

Ximen Duoling shouted and blocked Lin Yi's way with a cold face, "Sima Yi, you are the inner sect's steward third senior brother. I, Ximen duo Ling, can't stand to see you threaten your fellow disciples like this. A black sheep like you is not qualified to be the steward third senior brother!"

"I, Ximen duo Ling, am ashamed to be in your company! Anyway, we'll have a battle sooner or later. There's no need to wait for the final circle, let's do it now!"

Ximen doling was ready to attack Lin Yi after he finished speaking.

The other disciples around them were smart enough to take a step back.

Even the extreme summer tyrant Wolf on the ground was silently dragged away to prevent it from being affected by the aftermath and dying for no reason.

"That's good too. It seems like senior Ximen is an ally of the extreme summer tyrant Wolf, right? Finally, you can't help but reveal your true intentions?"

Lin Yi didn't use the demonic devour sword and faced Ximen Duoling with his bare hands. He raised his index finger and beckoned, "There's no need to say those useless things. Just do it!"

Ximen Duoling snorted and pulled out his sword at lightning speed. A bright sword light cut through the sky and stabbed at Lin Yi's face.

Lin Yi wanted to test his body's strength after the training. Of course, he wasn't going to use his body to block the sword, but he was going to use his fist to hit the sword.

The Qi of the five elements exploded quietly, like thunder in silence!

Ximen Duoling's sword shattered into pieces, but Lin Yi's fist didn't stop. He slightly adjusted his direction and landed a heavy blow on Ximen Duoling's chin.

How could he be so strong?

Ximen Duoling was still in a daze. He had yet to recover from the shock of his broken weapon. The world in his eyes began to spin rapidly, and his body was as light as a feather as if he was flying in the clouds.

However, this feeling didn't last long. He soon had intimate contact with the earth!

"I'm sorry, did I accidentally beat down my competitor again?"

Lin Yi stood beside the fallen Ximen Duoling with an apologetic face, "I'm really sorry. I didn't expect my competitor to be so weak! I haven't even used my full strength yet ..."

"By the way, who are my other competitors?"

His questioning eyes swept across everyone, and everyone who met his eyes lowered their heads, afraid that they'd be seen as Lin Yi's competitors!

"What's wrong? Why isn't everyone saying anything? I'm just asking! There was! Who is it?"

Chang Yugui was silent on the stage. Even Ximen Duoling couldn't take one hit from Lin Yi-there really wasn't anyone who could fight Lin Yi in the competition.

The eldest senior brother who was in charge of the inner sect was stronger than Ximen Duoling, but he couldn't defeat Ximen Duoling in one move.

So, this Sima Yi, was he really the number one in the inner and outer sect?

If they wanted to deal with him, it was likely that only those elite disciples and direct disciples of the sect had any hope, right?

Chang Yugui was already secretly rejoicing. It was a good thing that she did not make a move just now. If she had made a move against Sima Yi, it would have been difficult for her to gain an advantage.

After all, Ximen Duoling's strength was only a little weaker than Chang Yugui's. Chang Yugui did not think that she could fight an expert who had instantly killed Ximen Duoling and remain undefeated!

In that case, wouldn't he have to thank elder Qin for stopping him?

Chang Yugui turned her head slightly and looked deeply into elder Qin's eyes. She made up her mind that she wouldn't make a move on Lin Yi before the situation was clear.

If he really wanted to make a move, he had to ensure that he could kill in one strike!

"I've wasted everyone's time. Let's continue the fight!"

Lin Yi's eyes alone were enough to intimidate all the inner and outer disciples. Seeing that no one else came out, he waved his hand casually and walked slowly to Zhang Yiming, who was healing.

It wasn't Lin Yi's intention to be high-profile, but Zhang Yiming's condition really did piss him off.

Since he was his follower, he wouldn't allow anyone to humiliate or hurt him. Taking revenge on the extreme summer tyrant Wolf and injuring Ximen Duoling were all methods Lin Yi used to show off his fangs and muscles.

Only by making it clear to everyone that Lin Yi's men couldn't be touched so easily could they have some guarantee of safety!

At the very least, it would allow others to consider the consequences of their actions before they schemed!

Elder Qin was very happy-Lin Yi's power was more worth celebrating than him showing off.

However, elder Qin was worried that Lin Yi would become The Public Enemy of the entire sword spring sect.

The most outstanding tree in the forest would be destroyed by the wind!

"Young man, you're too proud! I'm going to teach him a lesson!"

Elder Qin made up an excuse and jumped down from the high platform.

First, he looked at Zhang Yiming's injury. He felt that it was not a big deal, so he gave the medical staff two pills.

"Zhong da, it's about time to stop!"

Elder Qin got closer to Lin Yi and lowered his voice,""The sect isn't a simple place. If we go too far, it won't end well."

"The extreme summer tyrant Wolf is basically crippled, and it will take a long time for it to recover. Ximen Duoling has also lost all his face, so you should hold back for now! Keep a low profile. "

Chapter 7750 I Won't Force You

Chang Yugui, who was on the stage, was about to explode. Didn't you say you were going to teach Sima Yi a lesson?

The so-called lesson was to whisper in each other's ears?

Are you afraid that others won't know that you're very close and that you're in a group?

"Martial uncle is right, this disciple didn't intend to continue to struggle, isn't this just letting everyone continue to fight!"

Lin Yi smiled and lowered his head, using the same soft voice to speak to elder Qin."The lightning-fast method just now was just to intimidate the evildoers and avoid more trouble!"

"It's good that Zhong da understands! I'm really at ease when you do things, so this reminder is a bit unnecessary!"

Elder Qin laughed and returned to his normal voice."The injured are not in danger, so don't worry! In the following matches, this old man hopes that everyone will stop when they're at their limits. After all, we're all fellow disciples, so there's no need to hurt anyone!"

"Zhong da, you don't have to stay here anymore. Otherwise, they'll be under pressure. Come with me to the high platform to rest and wait for the final circle to appear!"

Lin Yi nodded and followed elder Qin to the stage.

As they passed by, the inner and outer sect disciples all made way for the two of them.

As for Ximen duo Ling, who was lying on the ground, he had already been ignored by everyone.

He didn't have the face to get up, so he pretended to be unconscious until Lin Yi was far away before his henchmen carried him away.

As elder Qin said, Lin Yi's departure lifted the pressure on the disciples.

Lin Yi's display of dominance was indeed making it hard for them to breathe.

The battle returned to normal, and everyone held back some energy.

After all, Lin Yi's faction had been developing for a year, and they had quite a number of members. Some were public, some were private, and no one knew if they'd be facing someone from Lin Yi's faction.

What if he attacked too heavily and provoked that person again?

Elder Qin returned to the high platform and looked down at the friendly and harmonious fights, no, it would be more appropriate to say that they were sparring. A satisfied smile appeared on his face.

"Isn't this good? We're all disciples of the sect, the foundation of our sword spring sect. It's a pity to lose them!"

Chang Yugui only rolled her eyes at elder Qin's words and did not want to respond at all.

Vice sect leader Zong responded with a smile. This matter had nothing to do with him, so he didn't really care what happened.

In a ball of harmony, the speed of the battle was not as fast.

After Zhang Yiming's group had fought once, it was his turn again.

This time, Zhang Yiming's opponent was none other than the old partner of the extreme summer tyrant Wolf, Dongge Pi!

Dongge Pi was still rejoicing in his heart, thinking that he was lucky enough to win a point without a fight.

Of course, he wasn't afraid of Zhang Yiming. Under normal circumstances, there wouldn't be much of a difference between Zhang Yiming falling into his hands and the extreme summer tyrant Wolf 's.

However, after Lin Yi's interference, Dongge Pi never wanted to meet Zhang Yiming again. Winning without a fight was the best result!

"My opponent, Junior Brother Zhang Yiming, is seriously injured. It seems that he can't fight. Although it's an unfair victory, there's no other way!"

Dongge said a few embarrassing words hypocritically and then put on a face of blessing. ""Junior Brother Zhang, you have to take care of your body and rest well. I hope he can recover soon and return to our team."

"I don't need your hopes! I've already recovered and can continue to fight!"

Zhang Yiming, who had been lying on the side, suddenly stood up. Although his feet were still a little unstable, he seemed to be fine.

Dongge Pi was dumbfounded. What was going on? This is it?

It would take a hundred days to recover from a serious injury!

Did that idiot extreme summer tyrant Wolf break this kid's limbs?

The people who were paying attention to this suddenly went into an uproar. Like Dongge Pi, no one had expected Zhang Yiming to be able to stand up!

And they even wanted to come out and fight!

Is he crazy?

"Junior Brother Zhang...Don't force yourself! Your health is more important!"

Dongge Pi tried his best to force a smile, but his facial muscles were a little stiff, and he could not smile naturally.

"My body is fine! He was a disciple of the sword spring sect! As long as I, Zhang Yiming, don't die, I will not surrender without a fight!"

Zhang Yiming's body was still shaking, but his expression was firm.

He'd seen Lin Yi standing up for him just now, and he was so touched that he couldn't even put his feelings into words.

That's right, now he could indeed use his injury as an excuse to avoid the battle and no one would gossip!

But Zhang Yiming felt embarrassed!

She had lost face for eldest senior brother Sima!

Climb up from where you fell. Even if you fell again, just continue to climb!

The corners of Dongge Pi's mouth twitched. 'Are you trying to make me surrender without a fight?

Do you think I'll be afraid just because you have Sima Yi as your backing?

Alright, it was a little ...

Dongge Pi was very honest!

The extreme summer tyrant Wolf had learned his lesson, and he didn't have the guts to lay a hand on Zhang Yiming!

"Come on! No need to be polite, just bring it on!"

Zhang Yiming got into a fighting stance, but he didn't attack first. Dongge Pi was stronger than him, so it was meaningless to attack blindly!

Dongge Pi couldn't help but look at Lin Yi, wondering if he should be polite or polite!

"Haha, Junior Brother Zhang is injured. How can I fight? How about we call it a draw?"

Dongge bi laughed dryly. He didn't want to become the second extreme summer tyrant Wolf, so he had to back down when he needed to!

However, he was also determined in his heart. If it wasn't for Sima Yi, fatty Zhang, you'd be dead for sure, do you know that?

You're dead!

Zhang Yiming blinked. He didn't think too much about it at first-he just wanted to show that he wasn't a coward and wouldn't embarrass Lin Yi.

He knew very well that he was no match for Dongge Pi, so he didn't think about winning. It was enough as long as he could display his style and momentum!

He did not expect that Dongge would be appeased!

Zhang xiaopang was no longer the coward who would still smile when he was bullied!

With a turn of his mind, he understood the key point!

At this time, if he didn't use the Tiger's skin as a banner and take advantage of the Tiger's might, when would he do it?

"There's no such thing as a draw in the sect competition!"

Zhang xiaopang shouted in an imposing manner and rushed toward donggepi. He did not hold any weapons and pounced forward with his bare hands.

Dongge bi gritted his teeth in hatred, but he really did not dare to fight back!

That damned Zhang xiaopang was still heavily injured earlier. If he broke his arms and legs with just a touch, wouldn't Sima Yi come after him for it?

He had no choice but to be careful and defend!

The bones in Zhang Yiming's hands and feet had just recovered, so he might not be able to hold on for long. Dongge Pi felt that as long as he only defended and did not attack, Zhang Yiming might lose his strength as he fought!
