

## Bodyguard 7751

### Chapter 7751 Plan Continues

At that time, that bastard Sima Yi would have nothing to say, right?

It was a good plan, but Lin Yi didn't want to let Dongge Pi go so easily. He was one of the people who attacked Zhang Yiming just now, but he didn't have the time to attack.

He released his sea-splitting consummate level's divine sense, targeting only donggepi. With Lin Yi's strength, no one around him noticed anything unusual.

Only Dongge Pi, who was targeted by the pressure of the divine sense, suddenly felt a chill.

It was as if there was an extremely dangerous existence staring at him, and he would be doomed in minutes!

"I admit defeat!"

Dongge Pi's head was covered in cold sweat. He admitted defeat decisively, causing an uproar among the onlookers!

Everyone had seen Zhang Yiming's strength and state. Donggepi's defense should be his limit in their opinion.

He didn't expect that the dignified outer sect steward senior brother would admit defeat and surrender after just defending for a moment. Was this to avoid the punishment of surrendering without fighting?

Dongge Pi couldn't care less about what other people thought. He only knew that if he didn't surrender, he might be killed by Zhang Yiming's fist!

That's right, it was Zhang Yiming's fist!

Lin Yi's spirit pressure didn't actually have any physical attack power-it only made Dongge Pi lose his ability to fight back.

It was like a person meeting a ghost in the middle of the night. The ghost didn't do anything, but the person was scared to death!

On the high platform, Chang Yugui looked at elder Qin with a complicated expression. She guessed that Zhang Yiming's sudden recovery should be due to elder Qin's contribution.

As expected, old fellow Qin had already recovered and regained his ability to refine pills!

Other than that, what other reason could Zhang Yiming recover so quickly?

Chang Yugui didn't think of Lin Yi at all. After all, Lin Yi had only shown shocking battle strength. How could he guess anything else?

"Elder Chang, What are you looking at me for?"

Elder Qin felt Chang Yugui's sneaky gaze and smiled indifferently. He did not turn his head and continued to look forward. "Could it be that you're thinking of how to deal with this old man in secret?"

"Elder Qin, You must be joking! Why would I want to deal with you? We're all from the same sect, and we're a loving family!"

Chang Yugui laughed dryly and pretended to look at Zhang Yiming as if nothing had happened. "Speaking of which, that disciple named Zhang Yiming has a good physical fitness! The medicinal pill that elder Qin gave you is extraordinary!"

"Elder Chang, are you saying that I'm being unfair and that the healing pills I gave you were different? So, Zhang Yiming recovered, but the extreme summer tyrant Wolf didn't?"

Elder Qin was displeased and frowned slightly at Chang Yugui. "I swear on my honor that the pills I gave were the same, and I gave two of them together to the healers, who gave them to each person separately ..."

"Elder Qin, you've misunderstood. I didn't mean it that way!"

Chang Yugui was a little dumbfounded. Did this old Qin eat gunpowder?

How could he find a loophole in every sentence and refute it?

"Whether or not there is elder Chang, you know in your heart, this old master will not say anything more!"

Elder Qin snorted and turned his head back, pretending to be displeased, ignoring Chang Yugui.

In fact, elder Qin was very comfortable in his heart. He had long found Chang Yugui an eyesore. Although it was not as pleasant to scold people with words as to beat people up with his hands, it could still make people happy!

Chang Yugui was secretly angry, but she could only laugh awkwardly and hide her displeasure.

Then, seeing that elder Qin and the others had shifted their attention to the battle below, he immediately stood up and sneaked off the high platform.

After a few turns, Chang Yugui returned to a secluded corner.

After waiting for about ten seconds, another person sneaked over. He looked left and right along the way and only approached quickly after making sure that no one was paying attention.

"Elder Chang, why did you send a signal to meet at this time?"

Before the man even got close, he already started to complain in a low voice, ""Don't you know that this is very dangerous? We'd better not let anyone see us together!"

"Feng Zhipeng, you also know that this is a time like this! At a time like this, in such a situation, if you don't come and discuss it, what do you want me to do?"

Chang Yugui was also in a bad mood, and her tone was more aggressive. ""Also, I only agreed to cooperate because I respect you as a member of the Feng family. Don't think that I'm afraid of you. Do you think I'm your subordinate?"

The person who came was Feng Zhipeng. After being retorted by Chang Yugui, he felt that his words were indeed a little disrespectful.

He hurriedly cupped his hands and apologized. "Elder Chang, please calm down. I was just being anxious. Please don't take it to heart!"

The Feng family did not care about a law enforcement elder of the sword spring sect, but Feng Zhipeng still wanted to hang around in the sword spring sect. If he really offended Chang Yugui, it would only bring him a hundred disadvantages and no benefits!

"Forget it, forget it! These small things are not worth wasting time on, let's get back to the main topic!"

Chang Yugui waved her hand and said in a deep voice, "You've seen Sima Yi's strength. It's impossible, so the plan ends here!"

"Elder Chang, what are you afraid of?"

Feng Zhipeng quickly stepped forward and stood in front of Chang Yugui. "Isn't it just one Sima Yi? although his fighting strength looks scary, he's just that!"

"Whether it's the extreme summer tyrant Wolf or Ximen duo Ling, they were both careless and were injured by Sima Yi's sneak attack! Elder Chang, how can you be compared to these two pieces of trash?"

"If elder Chang were to personally make a move, Sima Yi would definitely have knelt down a long time ago! Of course, elder Chang's status is a bit of a waste of Sima Yi's talents ..."

"All in all, Sima Yi must be dealt with. Elder Chang doesn't need to worry that he can't handle him. Don't forget, there's still that person from our Feng clan. He can make the final decision at the critical moment. There's no room for error!"

Chang Yugui was a little hesitant after hearing Feng Zhipeng's words.

To be honest, he really didn't want to get involved in Lin Yi's business.

However, at the thought of the Feng family, he felt that he had a good chance of winning, so after thinking about it again and again, he finally nodded.

"Alright! The plan continues!"

After Chang Yugui and Feng Zhipeng exchanged a few words, they immediately parted ways.

When he reappeared, he returned to his usual sanctimonious appearance and unhurriedly returned to the high platform.

"Elder Chang, as the law enforcement elder supervising the Grand competition, how did he disappear in the blink of an eye?"

Elder Qin saw that Chang Yugui had returned and said indifferently, "Could it be that you feel that there is no need for elder Chang to personally stand guard here?"

"With vice sect leader Zong and elder Qin here, it doesn't make a difference whether I'm here or not."

Chang Yugui glanced at elder Qin with a fake smile and unhurriedly returned to her seat. "Moreover, I just went down for a patrol to make sure that there are no other accidents. Thank you for your concern, elder Qin."

"Elders, the progress of the competition is a little fast. I'm afraid it won't take long to decide the ranking of each group!"

Deputy sect leader Zong stepped forward to smooth things over, temporarily stopping the turbulent undercurrent between the two."I see that this year's new disciples have all performed very well! It should be the best batch in recent years!"

Chapter 7752 If You're Not Convinced

Chang Yugui pursed her lips and did not respond.

The new disciples performed well because of Lin Yi!

Just look at Zhang Yiming, Dongge Pi was easily defeated by the injured Zhang Yiming, and the inner disciple who was left to compete with him was not much better off!

Even if Lin Yi didn't use his spirit sense to suppress him, he still didn't dare to attack Zhang Yiming. He just took a few moves and pretended to admit defeat.

Lin Yi couldn't help but think that she was an Outstanding Actress!

The remaining outer disciples in Zhang Yiming's group were no match for him. Seeing that Dongge Pi and the inner disciples had lost to him, what else could they say?

He lost in the pattern show!

Other than Zhang Yiming, Wu yucao, Ling Hanxue, li Yingjian, black wildflower, and the others were all strong. With Lin Yi's deterrence, they were basically all at the top of their group.

The other people from Lin Yi's faction were in high spirits, and their combat strength exploded out. They all performed well.

That was why the Deputy sect leader said that the new disciples this year had performed well.

Chang Yugui looked at Lin Yi with a complicated expression. The sect competition wasn't supposed to be like this!

It was because of this guy's appearance and his overbearing declaration that he had crippled the extreme summer tyrant Wolf that the entire sect competition had turned into a farce!

She really couldn't bear it!

Such a scourge should indeed be eradicated as soon as possible!

Chang Yugui found an excuse himself and strengthened his belief in dealing with Lin Yi before continuing to watch the fight.

All the groups were coming to an end, and the important people on Lin Yi's side were all in first place in their groups.

There were also many second and third place players in the group who needed to compete for the substitute and then the opportunity to enter the final circle.

To be honest, there was nothing to see in these friendly fights, and it was even more boring for Lin Yi to get involved!

Even Ximen Duoling was knocked out with one punch, who would dare to fight Lin Yi face to face?

The result of the sect competition was that Lin Yi's faction won all of their matches, and Chang Yugui couldn't even be bothered to complain about it.

"This year's sect competition is about to end here. Everyone's rewards will be given out one by one after the competition."

Deputy sect leader Zong didn't expect such an outcome. When he announced it, he found it a little funny.

"Next up is the challenge for the inner and outer sect's steward. Any disciple who wants to challenge can directly start to challenge the position they want."

The outer sect's manager was Lin Yi, and no one dared to challenge him anymore.

As for the second and third senior brothers who were in charge of the outer sect, it was hard to say!

With donggepi's current state, anyone would probably want to challenge him.

"Vice sect leader, disciple Sima Yi has something to say!"

Lin Yi suddenly opened his mouth and cupped his fists at the Vice sect leader, "I'm already the third senior in charge of the inner sect. I don't have much energy to take care of the outer sect! That's why I have some thoughts about it. "

Feng Zhipeng, donggepi, and the others could not help but pout when they heard this!

You've only shown up a few times in a year, but you're talking as if you're in charge of the inner sect.

"Sima Yi, what do you mean?"

The Vice sect leader was very polite to Lin Yi as he nodded with a smile, "If you have something to say, just say it. As long as it's reasonable, I'll definitely support you."

It wasn't just because of the Thunder elixir elder Qin gave him, which allowed him to break through to the early stage of the mysterious Ascension realm, but also because of the strength and aura Lin Yi just displayed!

Such a young talent, if he could make friends with him, he must.

If they were enemies, then he had to kill them as soon as possible to prevent them from becoming a great threat when they grew up!

Vice sect leader Zong, on the other hand, chose to be on good terms with Lin Yi, which was good for stabilizing his position in the sect.

"This disciple's intention is to give the position of the eldest senior brother in charge to Ling Hanxue, and let her become the new eldest Senior sister in charge of the outer sect!"

Lin Yi pushed Ling Hanxue to the front desk. "Vice sect leader Zong should have seen Ling Hanxue's performance. Her strength is enough to enter the inner sect, but I feel that it would be more beneficial for her to continue training in the outer sect!"

"Ling Hanxue? He is indeed a suitable candidate!"

Deputy sect leader Zong nodded. This wasn't a big deal.

Lin Yi was the one who stepped down, and the successor was a suitable candidate. There was no reason to object.

"Do the others have any different opinions? If you want to challenge Ling Hanxue, you can do so now!"

This was just a formality-the Vice sect leader didn't think that anyone would jump out and challenge Lin Yi in their current situation.

As expected, after vice sect leader Zong finished speaking, the scene fell into a brief silence.

After waiting for a while, when no one objected, the Deputy sect leader conveniently made the decision,""Then it's decided. Ling Hanxue will be the eldest Senior sister in charge of the outer sect in the future!"

"Zhongda...I ..."

Ling Hanxue was a little confused-Lin Yi didn't mention this to her before, and she wasn't prepared for this sudden change!

"Sister Xue, please help me take care of the outer door!"

Lin Yi said softly with a smile.

Ling Hanxue didn't say anything. Since she was helping Lin Yi, it didn't make a difference whether she was the manager or not.

"Vice sect leader Zong, second senior brother, I think Zhang Yiming should be the outer sect steward. There's no need for any new challenges!"

After settling Ling Hanxue, Lin Yi continued with Zhang Yiming, ""Dongge Pi has already proven that he's no match for Zhang Yiming. I think he'll have no problem with this position, right?"

Dongge Pi almost vomited blood when he heard this. Who the hell wasn't a match for that fatty Zhang Yiming?

How could the battle just now be the same as the challenge from the outer sect's steward?

I can't take it anymore!

"Sima Yi, don't go too far!"

Dongge did not have much confidence and could only shout, ""This is an important matter for the sect, how can you arrange it so casually? Who Do You Think You Are? The sect leader?"

The position of the outer sect's steward, second brother, involved considerable benefits. If Dongge Pi was not greedy for these benefits, he could have entered the inner sect to cultivate.

In terms of resources, an ordinary inner sect disciple really couldn't compare to the outer sect steward, second senior brother!

"Dongge Pi, you're being too harsh with your words! I, Sima Yi, am just a new disciple, and you call me the sect leader? Do you want the sect leader to deal with me?"

Lin Yi smiled in disdain and pulled Zhang Yiming over. "If you're not convinced, then fight Zhang Yiming again. I promise you'll lose even more!"

Dongge Pi's face was covered in tears.

I knew there was something fishy about the fight just now!

This bastard Sima Yi must have done something in the dark!

Otherwise, Dongge Pi would not have been defeated by Zhang Yiming even if he had defended with all his might!

## Chapter 7753 No More Challenges

"How is it? I've given you a chance, so you have to grab it!"

Lin Yi looked at Dongge Pi with a smile.

If the guy really didn't understand and insisted on fighting Zhang Yiming, Lin Yi wouldn't mind letting Zhang Yiming beat him up into a pig head!

"Forget it. I want to enter the inner sect to cultivate. I'll leave this title to Zhang Yiming!"

Dongge Pi followed his heart. He didn't know how Lin Yi did it, but he knew that if Lin Yi dared to let Zhang Yiming fight, he would get a beating from Zhang Yiming!

I can't afford to offend you!

It's better to use the excuse of entering the inner sect as an excuse to take the initiative and retreat. It'll look better for my face!

Then, Dongge Pi realized that he was closer to the Demon King Lin Yi now that he was an inner sect disciple. Was he walking right into a trap?

Damn it!

If he didn't kill Sima Yi, he wouldn't have good days in the future!

Dongge's eyes were filled with tears as he looked at Feng Zhipeng pitifully. He could only hope that Feng Zhipeng's plan would succeed.

Lin Yi didn't plan on letting Feng Zhipeng go, but now wasn't the time.

After dealing with Dongge Pi, Lin Yi turned his attention to Ai fan.

"Third senior brother, I think Li Yingjian is more suitable for the position ..."

"Sima Yi, that's enough!"

Chang Yugui finally couldn't help but stand up.

Feng Zhipeng and Ai fan were his allies, but Feng Zhipeng showed up more often than he did.

Donggepi had already been taken down, and if he just watched as Lin Yi suppressed Al fan, how could he, Chang Yugui, work with these people in the future?

"Since you're no longer the head disciple of the outer sect, the matters of the outer sect have nothing to do with you!"

Chang Yugui's cold face swept across the people from Lin Yi's faction, "Even if you want to take complete control of the outer sect, don't make it so obvious. It's too unsightly!"

"Elder Chang's words are wrong! I'm just recommending capable people for the sect, what does that have to do with controlling the outer sect?"

Lin Yi shrugged and spread his hands innocently. "As the saying goes, 'raising an internal candidate does not avoid relatives'. 'Elder Chang can't suspect me of having ulterior motives just because I have a slightly better relationship with others, right?"

Chang Yugui snorted and thought, "I'm not blind. You're so obvious, how can I not understand?"

"Disciple Li Yingjian requests to challenge Al fan for the position of the third senior brother in charge of the outer sect!"

Li Yingjian didn't hesitate-since Lin Yi wanted him to fight for it, he'd give it his all!

No matter how Chang Yugui tried to stop him, she could not stop a normal challenge!

Al fan snorted coldly. Of course, he wasn't afraid of fighting li Yingjian. The problem was that this wasn't part of their plan!

"If you want it, I'll let you have it. This young master has long been tired of playing with it!"

Al fan and Feng Zhipeng looked at each other. In order to ensure the smooth implementation of the plan, he simply swallowed his anger and directly gave the position of the third senior brother in charge of the outer sect to li Yingjian.

Once she settled things with Lin Yi, everything she lost would naturally come back!

Chang Yugui was speechless for a moment. Since Al fan did not care, what was the point of him jumping around?

Thus, the three senior brothers in charge of the outer sect were decided.

Many people felt that it was a little too casual, but they couldn't say anything.

"Sima Yi, the outer sect's competition has ended. Next up is the inner sect's steward, senior brother's fight. You're the inner sect's steward, third senior brother. What are your thoughts?"

Vice sect leader Zong thought that since he'd already sold it to Lin Yi, he might as well be more direct and thorough, "You had a fight with Ximen Duoling before, and Ximen Duoling was no match for you at all. In my opinion, you can directly become the second senior brother in charge of the inner sect!"

This time, it was Ximen duo Ling's turn to cry!

Would it kill him to go through the process again?

Wasn't it a little too much to expose a person's scar so quickly?

"Ximen duo Ling, do you have any objections?"

Deputy sect leader Zong asked casually. Ximen duo Ling seemed to feel the malice of the whole world!

It was heart-wrenching!

"No... No objections!"

He had been defeated once, and he had to admit defeat again in front of everyone!

If it wasn't for the fact that it was the Vice sect leader who asked the question, Ximen duo Ling felt that he would have gone up and risked his life.

Mm ... And Sima Yi was an exception!

After being killed by Lin Yi, he had lost the courage to face Lin Yi again.

If they were of similar strength, the defeat would have triggered Ximen Duoling's dissatisfaction, but Lin Yi's attack had convinced him!

"Very good! From now on, Sima Yi will be the inner sect manager, second senior brother!"

The Vice sect leader nodded in satisfaction and asked Lin Yi, "Do you want to challenge the position of the eldest senior brother of the inner sect's steward?"

With Lin Yi's strength, he could easily challenge the elder.

Therefore, the inner sect's eldest senior brother immediately became nervous.

He had just been laughing at Ximen duo Ling, but he didn't expect that he would become the new joke so soon!

That's right, Ximen Duoling was not as strong as him, so he was the eldest brother, and Ximen Duoling was the second brother.

However, there was a limit to this strength. If the two of them fought, it would take a long time to determine the winner.

Lin Yi could kill Ximen duo Ling in one move, so could he do the same to him?

Amazing, two moves?

It was terrifying!

The inner sect's eldest senior brother suddenly felt a little more tormented in his heart.

Lin Yi didn't even say anything, and he was already thinking about whether he should fight to the death or just admit defeat.

If he admitted defeat directly, he would lose the position of the eldest senior brother steward, but he could still fight for the position of the second senior brother steward!

If he were to be injured like Ximen duo Ling, not only would he lose face, but he would also lose the ability to continue competing. That would be terrifying!

This way, it seemed more worthwhile to admit defeat!

The inner sect manager was already considering whether he should give his title to Lin Yi right now. It'd make it sound nicer, and it'd make him seem generous.

He didn't expect Lin Yi to reject the suggestion with a smile, "Thank you for your love, vice sect leader. I'm already very satisfied to be the second senior brother in charge! Senior Steward, forget it!"

It was rare for him to stay in the sword spring sect for a few days in a year, so it really didn't matter what eldest senior brother or second senior brother he was!

Besides, the manager didn't even offend Lin Yi, so how could he challenge him ...

Fine, it wasn't that he was embarrassed-he just couldn't be bothered to challenge them.

Lin Yi, a master at the Great Perfection of the sea-splitting realm, was going to challenge a nascent soul realm cultivator? He must have had nothing better to do ...

To Lin Yi, he had no choice but to stand up for his follower. It wasn't that he was looking down on anyone, but the entire sword spring sect was trash!

He couldn't even muster up the desire to fight!

The elder Shixiong was already prepared to say he'd give up his position, but Lin Yi didn't want to challenge him!

That was really overjoyed. If it wasn't for the fact that he couldn't react in time, he would have jumped up and cheered!

Chapter 7754 Law Enforcement Hall, Black Wildflower

In the end, he had no choice but to frantically remind himself to be reserved, to be calm, and to maintain his demeanor. Only then did he finally maintain his original charm and not make a fool of himself.

Then, he started to consider if he should say a few words to save face.

For example, he was really looking forward to fighting with Junior Brother Sima, but this time he was really regretful and so on, so as to show his magnanimity as the eldest senior brother in charge.

After careful consideration, he decided not to seek death. The current situation was pretty good ...

"You're not willing to challenge the inner sect's eldest senior brother?"

The Vice sect leader was a little surprised. He thought about it and felt that the big senior didn't jump out to go against Lin Yi, so he escaped.

But this had nothing to do with him, and he wouldn't rush Lin Yi to be the Big Brother in charge.

"Well, with your strength, you really don't care about the difference between eldest senior brother and second senior brother. Besides, you still have the chance to become the personal disciple of the sect leader, so you don't need to care about this."

The Vice sect leader thought that he'd seen through Lin Yi's thoughts, and even thought that it was normal for Lin Yi to think this way.

Lin Yi didn't really have any thoughts about it, he just didn't want any trouble.

"By the way, vice sect leader Zong, since I've become the second senior brother of the inner sect manager, I'd like to recommend Wu yucao to take on the vacant position of the third senior brother of the inner sect manager."

Lin Yi pushed Wu yucao out again, and everyone was speechless-was this guy addicted?

Not only did he seize the power of the outer sect, but the inner sect was also preparing to do the same?

Then why didn't he just pick the eldest senior brother?

"Wu yucao has the ability to become the new third Senior Sister manager. However, the sect determines the candidate through challenges and can not appoint directly."

Deputy sect leader Zong had a business-like look on his face, but in his heart, he already knew that this matter was inevitable.

Since Lin Yi had spoken, who would dare to oppose him?

This was exactly the same as the three outer sect disciples, and Wu yucao's strength was indeed outstanding. She was an expert who could challenge those of a higher level.

"Is there anyone who wants to challenge me?"

Deputy sect leader Zong asked seriously, then looked down the stage and waited for a while. "Since there's no one, then it's decided! The inner sect manager's eldest senior brother will remain the same, the inner sect's second senior brother will be Sima Yi, and Wu yucao will be the inner sect manager's third Senior Sister!"

The disciples from Lin Yi's faction cheered loudly, their emotions at their peak.

Lin Yi's sect won the sect competition this time!

Not to mention the victory in the competition, Lin Yi's group pretty much took over all the outer and inner sect managers!

Although it sounded like the most respected elder Shixiong wasn't from Lin Yi's faction, everyone believed that their boss was saving face for the sect!

Otherwise, if both the inner and outer gates were occupied, where would the sect put its face?

"Silence!"

In the midst of the earth-shaking cheers, an untimely and cold voice suddenly rang out, suppressing the entire scene.

"Elder Chang, is there a problem?"

Deputy sect leader Zong's brows furrowed slightly, and he looked at Chang Yugui with some displeasure. "All the procedures are over. Can't you let the disciples cheer for a bit?"

"Of course you can! Deputy sect leader, you've misunderstood!"

Chang Yugui smiled slightly and used her eyes to signal him to look in another direction. There were a few disciples of the law enforcement Hall of the sword spring sect walking over. "There's just one thing that I need to announce. It's so noisy down there, I can't say it!"

Deputy sect leader Zong's heart skipped a beat. Those few law enforcement Hall's disciples had come in an aggressive manner. It was obviously not something good!

Instinctively, the Vice sect leader looked at Lin Yi.

Chang Yugui's attitude towards Lin Yi was obvious, and she thought that she was intimidated, but it seemed like there was still a follow-up?

The speed of the law enforcement Hall's disciples was very fast. They came to the high platform and whispered a few words in Chang Yugui's ear.

Chang Yugui nodded expressionlessly, then turned to the audience and said solemnly, "Investigate! The evidence was irrefutable that the inner sect disciple black wildflower had abused his authority for personal gain and secretly encroached on the sect's interests during the course of his mission! According to the sect's rules, black wildflower is to be brought to justice, his strength crippled, and he is to be expelled from the sword spring sect!"

There was a moment of silence, and then there was a burst of noise louder than the previous cheers.

No one had thought that it would be such a severe punishment!

It had been a long time since such a punishment had been decided in the sword spring sect, so even those who didn't know black wildflower would feel a little sad.

As for abusing his authority during the mission?

Many disciples asked themselves, and it seemed that no one was so clean.

Generally speaking, as long as the mission was completed, the sect would not ask if there were any benefits in between.

"Elder Chang, how did black wildflower abuse his power? You said the evidence is conclusive? Then may I ask where the evidence is?"

Lin Yi's face darkened. Black wildflower was being targeted all of a sudden, and Lin Yi didn't believe that it wasn't because of him!

These B \* stars couldn't deal with him, so they risked their lives to target the people around him?

But after black wildflower entered the sword spring sect, he didn't have much contact with Lin Yi!

"What's wrong? Is the inner sect's steward second senior brother doubting our law enforcement Hall?"

Chang Yugui sneered and waved her hand to signal the law enforcement Hall's people to surround the black wildflower before continuing, ""It doesn't matter. Our law enforcement Hall has always been open, fair, and just. If you have any doubts, I will naturally show you the evidence and make you speechless!"

After he finished speaking, he turned to the side and nodded to a law enforcement Hall disciple beside him.

The disciple immediately took a step forward, took out a piece of paper, and read aloud, ""Inner sect disciple, black wildflower, accepted a mission to investigate the Hongyuan cave ruins. According to the clues provided by the sect, he found the inheritance within."

"However, black wildflower didn't report the truth to the sect when he returned. Instead, he accepted the inheritance of Hongyuan cave ruins on his own! You've greatly violated the sect's rules for this mission. You're abusing your power for personal gain and encroaching on the sect's interests!"

"According to our investigation, the above is the truth, there is no mistake ..."

"Enough!"

Lin Yi shouted coldly, his eyes indifferent as he looked at Chang Yugui. "Is this what elder Chang meant by irrefutable evidence? Just a piece of paper that you wrote?"

"In that case, can I also write a piece of paper and say that elder Chang's law enforcement Hall is twisting the truth and framing the sect's disciples with the intention of subverting the sword spring sect? At the same time, with irrefutable evidence, can I kill you on the spot and execute you on the spot?"

Chang Yugui was secretly angry but could only endure it. "Sima Yi, don't you make irresponsible remarks. Our law enforcement Hall ..."

"Whether your law enforcement Hall is fair or not, you all know it in your hearts! Anyway, it's impossible to deal with black wildflower with such a ridiculous method!"

Lin Yi rudely interrupted Chang Yugui, making him even more embarrassed.

Chapter 7755 Let's See Who Dares?

"Sima Yi, what do you want to do? Are you rebelling?"

Chang Yugui suppressed the anger in her heart and suddenly felt happy!

Why would she be angry?

Didn't they capture the black wildflower to lure Sima Yi into the trap?

Now that the plan was surprisingly smooth, he should be happy!

"If you don't believe me, you can ask black wildflower if there's such a thing!"

Chang Yugui's brain became active, and her intelligence instantly came online. "Black wildflower, do you dare to deny that our law enforcement Hall is lying? You didn't take the inheritance that the quest required for you?"

Black wildflower's face turned pale, but he didn't deny it. "There is such a thing, but in between ..."

"That's right! Are you trying to say that you didn't do it on purpose? Do you think anyone would believe you if you said that?"

"I really didn't do it on purpose! That inheritance ..."

"Enough! You just have to admit that there was such a thing. It's not our law enforcement Hall that has wronged you!"

Chang Yugui didn't give black wildflower a chance to explain and interrupted her continuously. She then gave Lin Yi a smile that said everything was under control, "Second senior brother, do you have anything else to say? Our law enforcement Hall didn't wrong her!"

"So what? The inheritances in the ruins had always been obtained by the fated. The black wildflower had been chosen by the inheritance, so it must not even have had the chance to refuse. The sect should

be happy to have such an outstanding disciple, why should they suppress it? Aren't you afraid that the disciples will be disappointed?"

Lin Yi had received inheritances more than once, and he knew that some inheritances were selective of who they chose.

For example, those without the sea serpent King's bloodline would not be able to obtain the sea serpent King's inheritance even if it was right in front of them.

If black wildflower said it wasn't on purpose, then it really wasn't on purpose. Lin Yi believed her!

"The law enforcement Hall is only in charge of enforcing the law. They don't care about anything else!"

Chang Yugui didn't want to waste time talking to Lin Yi. If he could get Lin Yi to attack first, he would have completed his goal, so his attitude was firm, ""The punishment decision was signed by the sect leader. If you have any opinions, you can reason with the sect leader. Don't delay our execution!"

"What are you all doing? Capture the black wildflower and cripple her!"

"Stop! Even if I go to the sect leader, it will take time. If you deal with the black wildflower now, what's the point of me going to the sect leader?"

Lin Yi stood in front of the black wildflower, blocking the disciples."Elder Chang, there are still some questions regarding this matter. Why don't we go and find the sect leader together?"

"If you want to go, then go. Don't interfere with the law enforcement Hall's mission! Do it!"

Chang Yugui, of course, wouldn't give Lin Yi any face and urged his men to catch the black wildflowers again.

Lin Yi's men spontaneously protected the black wildflower, and the two sides were in a stalemate.

Chang Yugui's lips curled into a meaningful smile as she raised an eyebrow and looked at Lin Yi mockingly."Sima Yi, second senior brother, the inner sect manager, do you think that you've grown wings and can openly defy the sect?"

"And you guys, Sima Yi has gone crazy, have you all gone crazy too? A mass rebellion! How dare you!"

"Elder Chang, your words are too much!"

Deputy sect leader Zong couldn't pretend he didn't see anything-the people who supported Lin Yi and his faction just took over important positions in the outer and inner sect-he wouldn't be able to get away if they were accused of rebelling!

"Vice sect leader Zong, Sima Yi and his gang are only disciples after all. Most of them are new disciples. Do you think they have someone supporting them from behind for them to dare to go against the law enforcement Hall so openly?"

Chang Yugui looked at the Deputy sect leader darkly, the meaning of his words was obvious-he was saying that the person behind Lin Yi was the Deputy sect leader.

Deputy sect leader Zong was furious, but at this time, he really couldn't say much, or else that hat would be firmly pinned on his head.

He had no problem befriending Lin Yi, but he didn't want to lose himself!

At this moment, elder Qin laughed and said,""Elder Chang is really impressive, and the law enforcement Hall is really impressive! Sure enough, if you want to punish someone, you can't find a good excuse! You, Chang Yugui, can convict people however you want now! Amazing, amazing!"

"Elder Qin, I've heard that you're very supportive of Sima Yi! Or you should avoid them for now, so that Sima Yi and the others won't have the wrong perception and think that you're their backer, and do whatever they want!"

Chang Yugui's every word was a stab to the heart-not only did he want to drag elder Qin down with him, he was also trying to piss Lin Yi off."What are you all doing? Make your move! Whoever dares to defend black wildflower will be punished as accomplices!"

"Yes!"

The disciples of the law enforcement Hall agreed immediately. Although there were not many of them, they were very imposing!

In the sword spring sect, the disciples of the Hall of Justice were used to having their way. They really didn't think that Lin Yi's sect would dare to resist.

"I'll see who dares!"

Lin Yi shouted as he unsheathed the demonic sword, a dark light shining on the blade.

The sword was a demonic sword, and the man was a ruthless man!

A wave of cold killing intent rose, and the law enforcement Hall's disciples stopped in their tracks. They felt a chill in their hearts.

No one dared to cross Lin Yi's line!

"Sima Yi, you really dare to use your weapon? The sword spring sect will no longer tolerate you!"

Chang Yugui cursed loudly, but she was extremely happy in her heart.

The effect was almost there now. If Sima Yi could kill one or two disciples of the law enforcement Hall, that would be perfect!

It would definitely make it so that Sima Yi would never be able to rise again!

"Chang Yugui, if you want to catch the black wildflower, come on yourself if you have the guts! Don't use these disciples as cannon fodder!"

Lin Yi's face was full of mockery as he hooked his index finger at Chang Yugui. "Are you afraid? As an elder of the law enforcement Hall, you can't be so cowardly, right?"

Chang Yugui was embarrassed. If he didn't go up and make a move, what prestige would he have as an elder of the law enforcement Hall in the future?

But fighting Lin Yi ... Chang Yugui really didn't have the confidence!

The disciples of the law enforcement Hall were sure that they had already slipped away, so they all looked at their own elder, trying to confirm whether he had really slipped away like them.

"Could elder Chang really be afraid of senior brother Sima? Could it be that senior brother Sima is so powerful that he can suppress most of the higher-ups in the sect?"

"I feel that elder Chang is only acting in self-respect. He's unwilling to make a move against a junior, and that's beneath his status ..."

"I also think that if elder Chang were to make a move, Sima Yi would definitely not be his match! If you don't believe me, let's make a bet. I'll bet 20 points!"

"I'll bet on it! With an additional 30 points, senior brother Sima will definitely win!"

"I'm also betting on senior brother Sima winning. Thirty points!"

"I also ..."

.....

The disciples thought that Chang Yuguai could beat Lin Yi, but the topic shifted as soon as the bet was suggested.

When the disciple who first said that he wanted to bet saw that things were not going well, he immediately sneaked away.

He had no choice. If he really lost, he wouldn't be able to afford it even if he went bankrupt!

## Chapter 7756 Law Enforcement Hall's Guardian

F \* ck! Why were there so many people who were optimistic about Sima Yi?

After the series of events, Lin Yi's prestige had risen countless times. Even those who weren't from Lin Yi's faction started to support him subconsciously.

Chang Yugui only felt her scalp go numb. The gazes of the law enforcement Hall's disciples were like small knives, piercing her heart!

"Sima Yi, you're too arrogant! I'll arrest you on behalf of the law enforcement Hall today!"

Left with no choice, Chang Yugui could only shout loudly in the end, using the name of righteousness to boost her momentum, and then draw her sword!

Lin Yi drew his demonic devour sword and used the first move of his new fire spirit sword technique, Starfire!

His body, which had been tempered twice, exploded with astonishing strength and speed.

Although he couldn't use pure Qi, Lin Yi's physical body had increased the power of the new fire spirit sword technique by a huge amount.

Chang Yugui was shocked. He already knew he wasn't Lin Yi's match before the fight, and now that he was forced by the demonic devour sword, his momentum was even weaker!

The courage that he had mustered with great difficulty instantly melted away like snow being splashed by boiling water.

He barely blocked Lin Yi's sword, but before he could say anything, the second move of the new fire spirit sword technique, dry firewood burning fire, was already upon him.

Chang Yugui wanted to use her skills to block but failed. She was forced to meet force with force again!

His chest felt extremely depressed, and he felt a sweetness in his throat. He almost vomited blood.

It was said that the sword was light and agile, but Lin Yi's demonic devour sword was as fierce as a single blade!

In addition, every move of the new fire spirit sword technique would increase the power of the previous one. Chang Yugui was already at a disadvantage and had no hope of turning the tables.

"I ..."

He finally suppressed his boiling blood and wanted to say something, but only managed to spit out one word before he had to continue blocking Lin Yi's new fire spirit sword technique.

Pulling chestnuts from the fire!

Chang Yugui's sword was cut into two without a sound. The violent fire Qi swept out. He could not resist it and could only fly back along with the huge force.

The entire arena once again fell into a strange silence. Everyone watched as Chang Yugui drew a semi-circle in the air before falling heavily to the ground.

Lin Yi felt a little regretful-he wanted to test how strong his body was after the double training, so he didn't use his full strength when he used the new fire spirit sword technique, saving a lot of energy.

He didn't expect Chang Yugui to be so weak that she couldn't even take three moves. This kind of trash was actually an elder of the law enforcement Hall?

Disappointment!

Lin Yi shook his head and put the demonic blade back into its sheath.

Just as he was about to continue ridiculing Chang Yugui, a figure suddenly flew over in the distance, its speed incomparably fast.

"How dare you attack an elder of the law enforcement Hall in the sword spring sect? are you tired of living?"

Before the person arrived, his loud shout could be heard from afar. When he finished speaking, he landed with his voice.

Lin Yi looked up and sized him up.

His hair and beard were all white, and he looked like an old man in his eighties or nineties. However, his shout just now was full of vigor!

"Senior brother Sima, this is the law enforcement Hall's consecrator, Feng Qianjin. He rarely shows his face, and not many people in the sect know of his existence. He's quite powerful, and it's said that he's already an expert in the xuansheng stage!"

Zhang Yiming introduced the old man quietly, "If it's not the most important thing, he almost never comes out to deal with it. I only heard about this by chance."

"I didn't expect that the law enforcement Hall would even send out revered elder Feng Qianjin. It seems that they are determined to get black wildflower Senior Sister! Or rather, they're determined to get you, senior brother Sima!"

Zhang Yiming couldn't help but worry.

Lin Yi's strength was undeniable-he could take care of a bunch of nascent soul masters with just a peak Jindan!

However, no matter how strong Lin Yi was, he was still a golden core State peak stage!

It's still possible to deal with an original infant stage expert, but a xuansheng stage expert?

It's impossible to deal with it!

Lin Yi nodded.

Then, he saw Feng Zhipeng run over and bow to Feng Qianjin respectfully.

"Granduncle! Grandnephew Feng Zhipeng greets you!"

A smile appeared on Feng Qianjin's old face. She reached out and pulled Feng Zhipeng up."Good grandnephew, I've been away from home for decades. It's rare to see my family. I'm really comforted!"

Zhang Yiming was dumbfounded. He muttered, ""So Feng Qianjin is from the Feng family! And he was Feng Zhipeng's granduncle? no one had ever mentioned him before! Feng Zhipeng can actually hold back and not say anything!"

As an information gatherer, Zhang Yiming felt that he had made a big mistake this time!

However, he could not be blamed. Feng Zhipeng had always used his identity as a Feng family disciple to show off, but he had never mentioned that he actually had a granduncle in the sword spring sect!

Who would have thought?

Even if the Feng family wanted to join a sect, they would rarely choose a remote sect like the sword spring sect. Feng Zhipeng was a complete accident!

He didn't expect there to be an even older accident!

"Peng 'er, stand to the side first. This old man has to deal with that arrogant fanatic!"

Feng Qianjin made small talk and sent Feng Zhipeng to the side. She then revealed a cold smile to Lin Yi, "Sima Yi! A brat pretending to be a Sima Clansman dares to be impudent in front of this old man!"

"Even a true member of the Sima clan would have to pay respects to me when they see me. You can actually still stand?"

"Heh ... I should greet a true senior as a junior, but you don't look like a kind old man. If you want to deal with me, you can just do it directly. Why do you have to say all this nonsense?"

Lin Yi was someone who would return a favor if someone showed him respect. If Feng Qianjin came over to talk nicely, Lin Yi would naturally treat her with respect.

But the old man was yelling at him, taking advantage of his seniority-how could Lin Yi let him be?

"As for the matter of the Sima clan, no matter if I'm real or fake, whether I'm an imposter or not, what does it have to do with you? Wouldn't it be better for you to go back to your Feng family and act like a tyrant?"

Feng Qianjin's face darkened. Lin Yi had hit his sore spot!

It was true that he was a member of the Feng family, but a long time ago, he was expelled from the family because of his mistakes. In a flash, decades had passed.

If he could return to the Feng clan, how could he have become a guardian of the law enforcement Hall of the sword spring sect?

Even though he had a high position in the sword spring sect, and in theory, he was on equal footing with the sect leader!

But in actual power, even Chang Yugui was far inferior!

It's just a nice name!

Although the Feng family did not allow Feng Qianjin to return to the family, they did not completely cut off all ties with her.

When Feng Zhipeng entered the sword spring sect, the Feng family even contacted Feng Qianjin and asked him to take care of Feng Zhipeng in secret.

This time, it was also the Feng family who came forward to ask Feng Qianjin to help Feng Zhipeng get Lin Yi!

After the matter was over, perhaps Feng Qianjin could go home.

Feng Qianjin had been waiting for this opportunity for many years. Of course, she would not give it up so easily!

At this moment, the disciples began to discuss again. "Law enforcement Hall's Guardian? It's actually the Feng family?"

Chapter 7757 Instant Death

"It's not strange that he's from the Feng clan, what's strange is that I've never heard of high official Feng before!"

"You're ignorant!"

"You've heard of it?"

"No, I don't ..."

"If you don 't, then what are you saying!"

"...I heard he's a xuansheng stage expert!"

"Sima Yi is going to kneel ..."

"Let's continue the bet. We bet that Sima Yi will die ..."

"I'll bet on it ..."

Unsurprisingly, the final result of the discussion was the opening of a new round of bets!

At this time, no one was paying attention to these bored onlookers. Only Lin Yi's faction was glaring at them, but they didn't have the time to care!

At this time, Feng Qianjin and Lin Yi were already at daggers drawn. The atmosphere was extremely tense, and they could fight at any time.

The mainstream opinion of the audience was that Lin Yi wouldn't be able to take one move from Feng Qianjin.

After all, it was a perfected golden core against a xuansheng stage expert. It was like a nail knife against a Guan knife. There was no suspense at all!

This made Wu yucao and the others extremely nervous. They were all on tenterhooks, afraid that Lin Yi wasn't Feng Qianjin's match!

"Granduncle, don't waste your breath on this brat. He has no respect for his elders and injured an elder of the law enforcement Hall. Even a hundred deaths won't be enough to atone for his crime!"

Feng Zhipeng probably felt that victory was in his hands, so he kept urging Feng Qianjin to make a move.

"I'm already clear about the ins and outs of the matter. Sima Yi's crime is unforgivable, but the origin was that woman called black wildflower!"

Feng Qianjin didn't want it to end too quickly. It was rare for her to show her face and even show off in front of the younger generation of her family. Of course, she had to delay for some time!

"Sima Yi, I'll let you live a little longer. After I've dealt with that black wildflower, I'll come back to deal with you, you little thief!"

Feng Qianjin flashed into Lin Yi's camp before he could finish his sentence, ready to kill black wildflower as fast as lightning!

As long as he succeeded, he would be able to establish his might in front of everyone and let them know the thunderous methods of a master of the xuansheng stage!

Of all the people present, only vice sect leader Zong and elder Qin were able to barely catch Feng Qianjin's movement trajectory when they were caught off guard!

As for the others, they could not see clearly at all!

Except for Lin Yi!

In Lin Yi's eyes, Feng Qianjin didn't seem like she was going to act like a lightning bolt.

It was more like lightning speed!

It was all in slow motion!

"You're looking for death!"

Lin Yi roared.

Feng Qianjin didn't even try to hide his killing intent. His goal was clear, and that was to kill the black wildflower in one blow!

If Feng Qianjin and black wildflower had a deep grudge, Lin Yi could understand why he was so cruel.

But the problem was that the two of them had never met before today!

Speaking of hatred, it was Feng Zhipeng's hatred towards Lin Yi, and thus, black wildflower was implicated!

Divine sense collision!

Lin Yi was furious, and the consequences were severe.

Since Feng Qianjin wanted to kill black wildflower because of him, what else could he say?

One word, F \* ck!

Feng Qianjin's figure was like a bolt of lightning as he shot through the air. Suddenly, he came to a halt, and his head, which was covered in white hair and beard, tilted back in a strange manner.

The sub-Island had a restriction on spirit sense, but to Lin Yi, it was practically non-existent!

The distance between the two sides was so close, and the power of the collision of spiritual awareness completely exploded.

With just this, his primordial spirit completely collapsed!

The angry Lin Yi was dumbfounded-dead?

Spiritual awareness collision was only a very simple spiritual awareness attack skill!

The power was average too, and Lin Yi was prepared to beat Meng Feng Qianjin up and use him to establish his might!

He could definitely establish his might now, but there was a change in the plan!

The demonic devour sword flashed, and Feng Qianjin's white head was instantly dyed red with blood.

Lin Yi didn't have a choice-the collapse of the essence spirit was too strange. This wasn't the way to die on the sub-Island, and beheading someone was more shocking!

The whole process was as fast as lightning, and people with poor eyesight couldn't see it clearly.

In their eyes, Feng Qianjin was still on the high platform and had yet to make a move.

In the next moment, the scene changed to Lin Yi swinging his sword to get rid of the blood on the demonic blade, while Feng Qianjin's headless body fell from the sky.

One or two seconds later, the missing part of the headless body also rolled and landed a few steps away.

The originally grayish-white head became extremely dirty after it was mixed with blood and mud!

The audience fell silent again!

Everyone was doubting their eyes, wondering if they had fallen into a dream.

The legendary master of the xuansheng stage, The Guardian of the law enforcement Hall, and the great uncle of Feng Zhipeng of the Feng family had been beheaded just like that?

"It's fake, right?"

After a while, someone mumbled something, and then the person next to him slapped him in the face.

"F \* ck, why did you hit me?"

"Does it hurt?"

"It hurts ... I'm not dreaming ..."

The one who hit him swung his hand, but this slap also hurt his palm!

So, it really wasn't a dream. Everything was real!

No one was paying attention to the small drama. Most of their attention was still on Lin Yi and the dead Feng Qianjin, unable to digest the fact!

Feng Zhi Peng's face was even paler. The Grand uncle that he had been relying on, a super expert of the xuansheng stage, had been killed by Sima Yi with a single sword strike?

What kind of joke was this?

Is there a mistake?

"Sima ... Sima ... Yi ... Y-y-you, how dare you kill the law enforcement Hall's Guardian? do you still have any respect for the sword spring sect?"

Feng Zhipeng's teeth were chattering, and he almost could not speak properly.

Now that his backer had fallen, he was very worried that he would be the next one to die.

The law enforcement Hall's consecrated disciple was killed just like that. He was just a small outer sect disciple, what was he?

Lin Yi wanted to say that he didn't care about the sword spring sect at all!

However, many of the people he cared about still had to stay in the sword spring sect. It didn't seem good to make a big deal out of this!

"Those who kill will be killed! Since he wanted to kill my people, he should be prepared to be killed by me!"

Lin Yi glanced at everyone indifferently and sheathed his sword as if nothing had happened."I, Sima Yi, will say it here today. If my people have committed unforgivable crimes, I will take action to clean them up after investigation."

"However, if anyone wants to distort the truth and frame my people, I, Sima Yi, will not be polite to them at all! Feng Qianjin is a good example!"

Black wildflower's eyes were shining. She never thought that Lin Yi would go this far for her. She was a master of the xuansheng stage!

No matter where she was, she would be a powerful expert. In the end, because she wanted to kill her, black wildflower, she was easily beheaded with a single sword strike!

At this moment, black wildflower's heart was also extremely complicated.

Lin Yi had the green demonic God's inheritance, and her family was forcing her to think of a way to steal Lin Yi's plant element-she really didn't want to be Lin Yi's enemy!

Chapter 7758 Judgment Of Responsibility

On second thought, Lin Yi was so strong, how could she fight against him?

The stronger Lin Yi was, the less she had to worry about her enemies.

Happy!

Feng Zhipeng couldn't help but shiver. He didn't dare to say a word in front of Lin Yi's overbearing declaration.

Chang Yugui, who had already recovered, felt a sharp pain in her head. She should have continued to play dead!

What should he do now?

The consecrated expert of the law enforcement Hall had died in front of him. If he didn't express anything, how could he still be an elder of the law enforcement Hall?

He had already said that he shouldn't have gotten involved in this mess, and now it was too late to regret!

Chang Yugui rubbed her forehead and carefully considered whether it was too late to lie on the ground and play dead.

"Sima Yi, this matter is too serious. You'd better surrender without putting up a fight. Otherwise, you'll be The Public Enemy of the sword spring sect. All the disciples of the Sword spring sect will see you as an enemy!"

Chang Yugui tried to make herself look imposing, but didn't want to provoke Lin Yi too much.

The balance was really hard to grasp!

"Also, don't think that you're invincible just because you killed consecrated Feng Qianjin. The depth of the sword spring sect's Foundation is beyond your imagination. If you really shake the sect and they surround you with all their strength, not only will you die, but everyone around you will die as well!"

"This is not a threat. I'm just stating a fact. Don't tire yourself out. If you surrender now, there's still room for change!"

Chang Yugui's last words were as if she was trying to persuade Lin Yi, not to surrender.

If he had the strength to suppress Lin Yi, why would he need to talk so much?

He would just directly draw his sword and fight.

He had no choice. When he was not as good as others, he could only use his mouth and not his hands!

Lin Yi's head was starting to hurt-he'd make a big deal out of it if he wasn't careful.

However, it was impossible for him to surrender!

If there was really no other way, he could only bring his men and rebel against sword spring sect, or to be more straightforward, replace all the higher-ups in sword spring sect?

Lin Yi suddenly thought that it wasn't a bad idea, but he didn't know if elder Qin would be happy.

This martial uncle's personality was more Orthodox, so he probably wouldn't agree with this kind of thing, right?

Chang Yugui was a little nervous at Lin Yi's lack of reaction, not knowing what the result would be.

He ... Wouldn't be killed, would he? It didn't seem like a good idea ...

Both sides had their own thoughts, and just as they were in a difficult position, the sect leader of the sword spring sect, bu Zuowei, finally appeared.

In fact, he had been hiding in the dark all this time, with the idea of not helping or offending anyone. Now, he had no choice but to come out.

If they did not come out soon, the sword spring sect might really be destroyed!

His name was bu Zuowei, and he didn't have to do anything during normal times. However, at this critical moment, he would die if he didn't show himself!

"Everyone, calm down!"

As soon as bu Zuowei appeared, he had calmly taken control of the situation.

Lin Yi didn't even know who this guy was, and was still wondering where he'd come from.

"Greetings, sect leader!"

"Greetings, sect leader!"

.....

Lin Yi was still trying to figure out who it was when the Vice sect leader and the other higher-ups and disciples of the sect started to greet bu Zuo.

Bu Zuo waved his hand and replied in an imposing manner. Lin Yi then realized that this new big-headed onion was the big boss of the sword spring sect!

"Sect leader, inner sect disciple Sima Yi injured fellow sect disciples, injured subordinates, and even killed consecrated Feng Qian Jin! This subordinate is unable to deal with this matter. Sect leader, please make the decision!"

Chang Yugui quickly threw the bag to bu Zuowei. She wanted to say something about Lin Yi's treasonous actions and that he should be cut into pieces, but decided against it. It was too easy to die!

He had already done such a thing once. If he did it again, he would really die easily!

"I already understand the course of events!"

Bu Zuo put on airs and slowly glanced around."Both sides are at fault in this matter, so we can't just blame one side. Of course, Sima Yi killed consecrator Feng, this is an undeniable fact, so there should be some punishment ..."

As for the punishment, bu Zuowei felt a headache coming on!

Could an expert who could kill Feng Qianjin with a single sword be casually punished?

What the hell is this!

Bu Zuowei was furious. Why did he have to clean up this mess?

Was the sect leader the one cleaning up the mess?

It didn't matter if Sima Yi was a real Sima clan disciple or a fake one. So what?

What did it have to do with the sword spring sect?

It was fine as long as Sima Yi was a disciple of the sword spring sect!

Why did he have to do this?

As bu Zuo grumbled, he also felt some regret.

Although he was not involved in this matter, he was actually someone who knew the inside story. It could be said that he had acquiesced to this matter.

At that time, he thought that since it had nothing to do with him, he would let his subordinates do whatever they wanted. He didn't expect that in the end, he would still be implicated!

"Sect leader, although consecrator Feng was killed by Sima Yi, it was all because consecrator Feng wanted to kill the black wildflower first. You can't blame Sima Yi."

Elder Qin stood up for Lin Yi and gave bu Zuwei a way out, ""With consecrated Feng's strength, Sima Yi would definitely not be a match for him if he were to face him head on. The reason why he was killed was because he was careless!"

"If Sima Yi wants to save someone, he will have to use all his strength to stop him. That's right, he will stop him. This old man can guarantee that he has never thought of killing consecrator Feng."

"Unfortunately, consecrated Feng's speed was too fast, and he directly collided with Sima Yi's sword, which caused his head to be separated from his body! Even if we do it another hundred times, Sima Yi will definitely not be able to replicate that sword!"

Lin Yi was a little confused-he didn't expect his uncle to be this good at bullshitting! He almost believed the truth!

"What elder Qin said makes sense! That's why we can't blame Sima Yi too much for this!"

Bu Zuo nodded his head repeatedly. This way, it would be much easier to smooth things over!

It was Feng Qianjin who accidentally bumped into someone else's sword and died. How could he blame them?

Of course, some humanitarian responsibilities still needed to be taken up by Sima Yi. This was easy to discuss!

"I believe that consecrator Feng is the main person responsible for his death. As for Sima Yi, he was the one who drew his sword, so he has to bear some secondary responsibility ..."

Lin Yi's expression was weird-why did it feel like he was dealing with a scamming accident?

If bu Zuwei were to write up an accident certificate or something, it would be even better.

Chang Yugui's face turned red. She wanted to say something but did not dare to.

Feng Zhipeng was in a similar state as him. They were all roaring in their hearts. What kind of F \* cking sect leader was this?

A consecrator was killed by a disciple. In theory, he was an important figure who was on the same level as you, the sect leader. He died just like that!

Chapter 7759 Reflecting In The Cultivation Room

And you said he deserved to die?

Then if it was you, the sect leader, would you also deserve it?

Bu Zuowei didn't care about what they were thinking. From his secret observation, he knew that elder Qin had recovered!

He also knew that elder Qin valued Lin Yi, so he was happy to give him face.

As for Feng Qianjin, she had long been expelled from the Feng family. If she was still alive, she could still be a powerful combat force. Since she was dead, there was nothing to say. A dead person had no value!

If it weren't for the fact that he wanted to save Feng Zhipeng's face and feelings, bu Zuowei could even sentence Lin Yi as not guilty, and Feng Qianjin deserved to die.

"Sect leader! This disciple has a different opinion!"

Feng Zhipeng tried to hold it in, but in the end, he could not. "Granduncle is still a member of our Feng family. This person killed my granduncle and has formed a deep hatred with our Feng family! This matter will definitely not end well!"

"Furthermore, he impersonated a Sima Clansman, swindled people, and ruined the Sima clan's reputation. The Sima clan already knows about this, and they've probably sent people to investigate!"

"Sect leader, under such circumstances, could it be that you still want to shield and indulge Sima Yi?"

Feng Zhipeng laughed coldly. He raised his head and puffed out his chest. He said with a bold attitude, "Since I've said this, I might be killed by this impostor immediately. But it doesn't matter. The Feng clan and Sima clan will naturally seek justice for me in their anger!"

"I just want to know, sect leader, are you confident that you can protect the sword spring sect from the Feng and Sima families' anger? At that time, wouldn't the entire sword spring sect be destroyed?"

Bu Zuo was silent. Facing both the Feng clan and the Sima clan at the same time?

What a joke, not even one family could resist it, okay?

What the hell is this!

It was very annoying!

"Feng Zhipeng, what do you mean?"

Bu Zuo rubbed his forehead. None of them were easy to deal with! His head hurt!

Feng Zhipeng looked at Lin Yi and swallowed his saliva. He didn't dare to say that he would kill him on the spot. If he did, he would probably be killed on the spot!

He dared to speak like this and argue because he was betting that bu Zuowei wouldn't let Lin Yi kill him for no reason!

But who could guarantee that Lin Yi wouldn't fight to the death if he was pushed too far?

Lin Yi really did want to kill Feng Zhipeng. This kid was really troublesome, and he wouldn't stop bothering him!

Since he had already killed Feng Qianjin, killing another Feng Zhipeng did not seem to be a big deal!

As for bu Zuowei, he didn't care if he didn't do anything, but if he wanted to get close to house Feng and house Sima, then Lin Yi didn't mind falling out with him!

"Zhong da, don't be impatient! Uncle-master will ensure your safety! Don't be impulsive and make things worse! Leave it to martial uncle to deal with it!"

Elder Qin could tell that Lin Yi's killing intent was building up. He patted Lin Yi's arm and tried to persuade him with a soft voice.

Then, elder Qin stepped out, and his aura exploded. This was the first time he revealed his strength in front of others after recovering from his injuries.

Half-step xuansheng!

Although he was not as powerful as Feng Qianjin, he was an alchemy master and was much more important than Feng Qianjin!

"This old man will take responsibility for Sima Yi's matter! If you have anything, come at me!"

Bu Zuowei rubbed his forehead again. He knew that elder Qin valued Sima Yi, but he didn't know that it was to such an extent that he would rather sacrifice himself to protect Sima Yi!

Aiya ... What a mess!

His head hurt!

Lin Yi was a little speechless-did this guy have some sort of misunderstanding about impulse and dealing with each other?

Why is it so different from what I imagined!

Your so-called 'dealing' is this reckless?

"Elder Qin, do you want to be enemies with the Feng clan and the Sima clan?"

Feng Zhi Peng's expression was very ugly. It was just to deal with a fake Sima clan disciple. Was there a need for a great alchemy master to step up and fight?

Could it be that that brat Sima Yi is your illegitimate child?

"The Feng clan and the Sima clan are very strong, but so what? As an alchemy master, do you think I can't survive if I leave Hongshang Commandery?"

Elder Qin was right. In the entire sub-Island, Hongshang Commandery was not that powerful.

An alchemy master was a rare resource wherever he went. No matter if it was an Empire, a Kingdom, or a Commandery, they would all fight to invite him.

"Elder Qin, let's talk this out. There's no need to get angry with a junior!"

Bu Zuowei hurriedly tried to placate elder Qin.

Elder Qin, who had been injured in the past, had left. Anyway, he could not refine pills, and there were no outstanding alchemists among the disciples he guided. He was a useless talent.

It was different now. Bu Zuowei would never let a healthy and strong elder Qin go, even if he was beaten to death!

If it wasn't for elder Qin, Bu Zuowei really wouldn't have gotten involved in this mess. Didn't he find it troublesome?

Lin Yi was touched. Elder Qin had protected him time and time again, and he had to accept this friendship, even if he wasn't afraid of falling out with the Feng and Sima families!

If things got out of hand, Lin Yi could just use his Yuan spirit body. With the strength of the great circle of the sea-splitting realm, he could sweep the entire sub-Island. A family in Hongshang Commandery was nothing!

If Lin Yi was alone, he'd be free to come and go, and he'd be fine with whatever he did, but he had to consider elder Qin's feelings for the sword spring sect, and the group of followers he had-he couldn't do whatever he wanted.

Unless he could take everyone out of the sub-Island, he couldn't be too cruel in case he would take revenge on these people in the future.

One more thing, Lin Yi had to be wary of Ling lingfa. As long as he was still on the sub Island, he couldn't be too flamboyant and expose all his cards.

"Sect leader, this old man doesn't have the intention of quarreling with anyone! However, whoever wants to touch Sima Yi will have to get past me first!"

Elder Qin's stance was firm and unwavering."Everything else can be discussed, but there's no room for discussion on this!"

Bu Zuo looked up at the sky and sighed. This was really difficult for him!

So annoying!

"Elder Qin, how about this? As for Sima Yi, it involves both the Feng clan and the Sima clan. Our sword spring sect can't afford to take their anger, so ..."

Bu Zuowei looked at Feng Zhipeng, then at Lin Yi. He lowered his voice and continued, ""With elder Qin's status, even the two great families would at least give some face, right? So there's no need to be too tough at this time. "

At this point, without waiting for elder Qin's reply, bu Zuo raised his voice slightly and announced, ""Sima Yi's identity as a member of the Sima clan is involved, so we need the final confirmation from the Sima clan."

"In addition, Sima Yi also has to take responsibility for the previous chaos, so I have decided to keep Sima Yi in the cultivation room to reflect on his mistakes! Before the matter is resolved, you are not to be released!"

Everyone was speechless. Locked up in a cultivation room?

Was that a reflection?

A free cultivation room!

We're going to make some mistakes too, can we take them in together?

Chapter 7760 Yu Mo Begs For Mercy

Elder Qin blinked and didn't say anything.

It didn't matter whether or not Lin Yi was training in the room-it was his territory, after all, and there wouldn't be any safety issues.

Bu Zuowei was giving elder Qin face, and at the same time, he was giving Feng Zhipeng an explanation.

Since Lin Yi was locked up, it would be up to Feng Zhipeng's power to deal with the Feng and Sima families.

He, bu Zuowei, did not want to get involved in this mess!

How annoying!

"Feng Zhipeng, do you have any objections to my decision?"

Bu Zuowei arranged everything flawlessly. In the end, he didn't forget to ask for Feng Zhipeng's opinion so that he wouldn't have an excuse to flare up in the future.

"Sect master's arrangements are naturally fine. Let's do it this way!"

Feng Zhipeng hmphed and looked at Lin Yi with a cold smile,""Anyway, it won't take more than a few days. After the Sima clan receives the news, they will definitely send people over to deal with this imposter. At that time, this young master will see how you die!"

After watching a big show with its ups and downs, the audience finally calmed down and began to whisper again.

"Is Sima Yi really pretending to be a member of the Sima clan? Wouldn't that be like what Feng Zhipeng said, we're dead?"

"Definitely! Could anyone impersonate a member of the Sima clan? Even if he doesn't die, he'll definitely be crippled!"

"I don't agree! Sima Yi's strength is unfathomable. If he really wants to leave, who can stop him?"

"I don't think Sima Yi will die so easily either ..."

"The market has opened! We'll bet on whether Sima Yi will die under the Sima clan's questioning ..."

.....

Unsurprisingly, the result of the discussion was a new bet. Bu Zuo's face darkened slightly.

In front of me, the sect leader, you still dare to brazenly start a bet? Do you have any respect for this Lord?

F \* ck! He really wanted to go and suppress it ...

But I'm the sect leader, I have to be reserved!

Sigh ..~It's all a mess. Being the sect leader is so annoying!

Bu Zuo scratched his head slightly. Fortunately, he was as fierce as a Tiger, displaying his gruel mud skill to the extreme.

It wasn't easy to settle Lin Yi's matter just like that-she could finally rest and catch her breath.

As for the Feng clan and Sima clan, he would wait for them to come first!

The Grand competition was officially over, and Lin Yi was brought back to the peak by elder Qin, locked in the best training room.

According to elder Qin, normal training rooms weren't strong enough, and Lin Yi could break out of them. Only the best training rooms were strong enough to imprison Lin Yi!

When Feng Zhipeng heard this, he was furious!

As an elder, can't you be more careful when making up lies? Who would believe such words? Ah? Who could believe that?

However, these were all minor details. Feng Zhipeng did not want to cause more trouble. Anyway, they were in elder Qin's territory. He could do whatever he wanted as long as he did not run away.

After Lin Yi entered his training room, Wu yucao, Ling Hanxue, and the other core members of Lin Yi's faction found elder Qin to discuss Lin Yi.

"Elder Qin, Will Young master Sima be alright? The Feng clan and the Sima clan are not easy to deal with. If they really come together, even the sword spring sect will not be able to withstand the pressure, right?"

Wu yucao's face was full of worry.

Before she met Lin Yi, house Feng and house Sima were like the heavens to her-they were out of her reach!

At that time, no one would have thought that they would one day face such a huge monster.

"Elder Qin, why don't we secretly release young master Sima? He didn't need to stay in this sword spring sect! Let's go to another country!"

Ling Hanxue was more direct and had already started planning a Prison Break.

Elder Qin shook his head with a bitter smile and waved his hand at the few of them. ""Don't think too much. If Zhong da wanted to leave, he would have done so long ago. With the combat power he displayed, how many people in the sword spring sect can stop him?"

The sword spring sect would have some hidden experts as the sect's trump card, but they would not make a move easily.

So if Lin Yi wanted to leave, bu Zuowei probably wouldn't be able to stop him.

"With this old man's understanding of Zhong da, he would never do anything he wasn't confident in. So, you don't have to worry too much. He knows what he's doing. "

"If you're really worried, you can also go to Zhong da. In any case, this is my territory, and no one will stop you from meeting."

Elder Qin paused for a moment and continued,""Speaking of which, it's not a big deal that Zhong da killed helper Feng. The Feng family has no reason to take revenge on Zhong da for kicking out their men."

"Compared to that, the matter of impersonating a disciple of the Sima clan is more serious. Just now, sect master bu said that my face is worth a bit of money. When the time comes, I'll give it a try!"

Even though he said that, elder Qin was not very confident.

His status as an alchemy Grandmaster was indeed noble, and the Sima clan would also give him face.

However, Lin Yi impersonating a member of the Sima family, on a serious level, was blasphemy against the Sima family!

How could the powerful family of Hongshang Commandery tolerate the existence of such a person who violated their dignity?

While they could not come to a conclusion after a long discussion, su Yumo went to look for Feng Zhipeng.

During the sect competition, su Yumo had been a bystander and did not reveal her stance.

However, at this moment, for the first time ever, he took the initiative to visit. Feng Zhipeng was a little stunned. He wondered if the sun had risen from the West today.

"Yu mo, have you finally thought it through and decided to be with me?"

Feng Zhipeng was overjoyed. He quickly turned to the side and said, "Come in, let's talk inside!"

"No need! I'm here today to ask you a question!"

Su Yumo was still as cold as ever without any expression on her face. "What will it take for you to let Sima Yi go?"

Feng Zhipeng's face darkened. After all that, su Yumo was here for Sima Yi!

What was so good about that imposter? He, Feng Zhipeng, was the real son of an aristocratic family!

"Yu mo, are you really that concerned about Sima Yi?"

Feng Zhipeng's eyes were gloomy. Suddenly, he revealed a smile that was difficult to understand. "Actually, it's not difficult to let him go, as long as you agree to one condition of mine!"

"Speak!"

Su Yumo's words were short and simple, and she did not say anything else.

"It's simple. Yu mo, as long as you become my dual cultivation partner, I will let Sima Yi go. I also promise to settle the matter with the Sima clan. There will be no future trouble!"

"Impossible!"

Su Yumo turned around and left after saying that.

She didn't want anything to happen to Lin Yi, but she didn't want to put herself in danger.

Besides, Lin Yi might not be in danger in the current situation!

She was not stupid. It would be a wonder if she agreed to Feng Zhipeng's request!

"Yu mo, don't go! Let's discuss it again!"

Feng Zhipeng was annoyed. What's wrong with being my Dao companion?

He actually said no with such certainty!

Sooner or later, this young master will make you kneel in front of me and beg me to accept you as my Dao companion!
