"Speaking of which, the young master's Association in the conferred kingdoms of the Dragon state has already entered the preparation stage. We need to quickly decide on the candidates and head to the conferred kingdoms of the Dragon state to participate in the young master's Association."

Compared to this matter, Sima Yunfei felt that the black magic Commandery was not worth mentioning.

Unfortunately, not everyone had the same thought, especially Sima zhengxin. When he heard this, his face sank,""Our country has been invaded, so how can we be in the mood to care about the young masters Guild? Let's not talk about this for now. Let's discuss how to repel the enemy!"

Sima Yunfei was once again rebuffed, but he was not discouraged. He immediately cupped his hands and bowed,""Father, you can't say that. No matter how small a matter of a conferred Kingdom in the Dragon state is, it's still a big deal. If our people can shine at the young masters 'meeting, what's the black charm Commandery to us?" A single order from a conferred Kingdom is enough to deal with the black charm Commandery. "

In other words, it didn't matter if they couldn't defeat the black magic Commandery. This indirect way of saving the country might be more suitable.

To put it more clearly, Sima Yunfei was certain that Liu Ziyu would not be able to achieve anything at the front line!

Therefore, if he wanted the black charm Commandery to retreat, he might as well place his hopes on the conferred kingdoms of the Dragon state.
"Brother Wang's words are wrong! The black charm Commandery was nothing to begin with! If such a small matter is brought to a conferred Kingdom of the Dragon state, the black charm Commandery will not be the one to be humiliated!"
Si Ma Yun stood up and said,"conferred kingdoms rarely interfere in the war between commanderies. Unless a country is on the verge of destruction and we go to a conferred Kingdom in the Dragon state to seek help. We can ask them to come forward and mediate. Only then will they interfere."
"If we ask a conferred Kingdom of the long state to come forward, we'll be telling the world that our Hongshang Commandery is no match for the heimei Commandery and is about to be destroyed by the heimei Commandery. We can only beg the conferred Kingdom of the long state to come forward and mediate!"
""
Sima Yunfei was speechless. He couldn't refute it because it made sense!
"The black charm Commandery is indeed not worthy of the Dragon state's conferred Kingdom's intervention!"
First lieutenant Feng ruoting suddenly opened his mouth and said with an unfathomable smile,""Now

that seitong Commandery has been defeated, the black magic Commandery should not be a threat to our country. The failure of this Border Battle can only be attributed to the incompetence of the general."

"Your Majesty, this old subject is guilty! Your Majesty, please punish me! It was all the old Minister's fault for being blind. He had thought that Liu Ziyu was someone worthy of being entrusted with important matters. He had not expected that he would be so mediocre that he was suppressed in the city by the black magic Commandery and could not even take a step out of the city gate! Such a mediocre person will only drag down the entire situation if he continues to lead the Army in battle!"
Feng ruoting had also supported the idea of sending Liu Ziyu to be the commander. Now, he was retreating in order to advance. Sima zhengxin had nothing to say about his old eyes and poor judgment of people.
Moreover, Sima Yunfei was the one who had put in the most effort to recommend Liu Ziyu. Feng ruoting had only gone with the flow and played along. If they really wanted to hold Liu Ziyu accountable, Sima Yunfei was the one who had the biggest share.
With this plan in mind, Feng ruoting became even more calm and composed. He spoke with fervor and assurance,""Your Majesty, although changing the commander in chief is a great taboo, a useless general can exhaust three armies. In this situation, the commander should be changed. We can't hesitate!"
"The defender-general of the state can't be touched lightly. There are a few talented children in my family. I'm dedicated to the public and won't avoid relatives. I recommend them to Your Majesty"
"Old Grand Commandant, why don't you take a rest first?"

Si MA interrupted Feng ruoting with a sneer. This was a bit impolite, but he couldn't stand it anymore!

This old man had a good plan, taking advantage of Sima Yunfei's attack on Lin Yi's side to add fuel to the fire.
Then, he jumped out at this time and helped to suppress Liu Ziyu, which in turn attacked Sima Yunqi. At the same time, he pushed the Feng family's descendants to lead the Army.
Let's not talk about whether we can win, at least we can control a part of the military power!
"Although Liu Ziyu was defeated for a while, his loss was not too big. The situation at the border is very stable at present. The stalemate is only temporary. We have the advantage in defending the city. It is not impossible to consume the energy and morale of the black charm Commandery and counterattack in the end."
"It's not easy for Liu Ziyu to stabilize the situation in such a short time. Can a change of commander turn the situation into an advantage after that? Who would be responsible if the entire line collapsed? Are you in charge?"
Si Ma's words made Feng ruoting a little confused. For a moment, her thoughts were not very coherent, and it was difficult for her to organize an effective rebuttal.
If the boss was in trouble, the underlings would definitely jump out to help!

As such, the officials of the Feng family came out one by one and started spouting nonsense, mainly focusing on how incompetent Liu Ziyu was, and how if he continued to lead the Army, the war at the border would likely collapse immediately.
At this time, Sima Yun Fei was a little hesitant. He and Sima Yun Qi were fighting for the position of the Crown Prince. In the end, it was still an internal matter of the Sima clan.
If he were to join forces with the Feng family, not to mention if he could cause any harm to Sima Yun, at least in Sima Zheng Xin's eyes, he was almost a traitor to the family.
Sima Yun Fei didn't move for the time being, and his people also quieted down, coldly watching the Feng family and Sima Yun Qi's people attack each other.
Lin Yi didn't say anything, but he laughed to himself. There was no point in arguing about these things.
All of this was built on the foundation of Liu Ziyu's incapability and his disadvantageous position in the war against the black magic Commandery!
Once the latest battle report was sent over, all the doubts about Liu Ziyu would instantly disappear.
Just as he was thinking about this, a Messenger rushed out of the hall, shouting as he ran,""A great victory at the border! A great victory at the border!"

The hall, which was as noisy as a wet market, suddenly became quiet. Everyone looked outside the hall with strange expressions. Many people didn't even have time to change their expressions.
On the throne, Sima zhengxin, who was rubbing his head, suddenly straightened his body and stared at the entrance of the hall with Great Spirit.
They didn't have to wait for long as a soldier rushed into the main hall and knelt down on one knee. He shouted excitedly at Sima zhengxin,""Reporting to the king! A great victory at the border! Liu Shuai secretly obtained the weapons and equipment of the black magic Commandery and used a trick to attract the enemy to fight head-on, killing more than 20000 people of the black magic Commandery in one fell swoop!"
"Later, 10000 reinforcements from the black charm Commandery arrived at the battlefield and launched a surprise attack. They caused some casualties to our Army, but then they were defeated by our counterattack. About 8000 of them were captured, and the rest were killed!"
"When the battle report was sent out, Liu Shuai and his soldiers were launching a full-on counterattack. The situation was good. The troops of the black magic Commandery were retreating, but they were chased by our Army and abandoned countless supplies!"
"After this battle, the border will be secured!"
The battle report ended here. As for the follow-up pursuit of the black charm Commandery's Army and forcing the Commandery Prince of the black charm Commandery to send an envoy to seek peace, it should be mentioned in the next battle report.
Chapter 7842

"Congratulations, father! A great victory at the border! My Hongshang Commandery has won another great general. Congratulations to father! To Liu Shuai! Congratulations to Hongshang Commandery!"
Sima Yunqi's reaction was very fast. After he heard the battle report, he immediately bowed to Sima Zheng Xin to congratulate him. The people in his group followed suit and bowed as well.
"Congratulations, Your Majesty! To the king! To Liu Shuai! Congratulations to Hongshang Commandery!"
At first, it wasn't a big deal, but after he said it once, the people from the other factions also reacted.
No matter what he was thinking, he had to squeeze out a sincere smile and congratulate her over and over again.
Otherwise, everyone was happy about the victory, but you didn't do anything. Are you a spy planted by the black charm Commandery in the Hongshang Commandery?
"Good! Good!"
Sima zhengxin slapped the table and laughed, saying 'good' three times in a row. The excitement in his heart was beyond words,""Ziyu didn't let me down. This victory at the border is no less than Zhongda's victory against seitong Commandery! What's lacking is that I've lost a little before, but the flaws can't obscure the merits. Ziyu's contributions must be heavily rewarded!"

"Grandfather Wang's words are reasonable. Ziyu has made such a great contribution that it's not inferior to grandson's previous contributions. He must be heavily rewarded!"
Lin Yi wanted to reward Liu Ziyu according to his own reward. After all, the other party was the child that Sima Yunqi had raised since he was young. Although he was called a nephew, it was more appropriate to call him adopted.
Lin Yi was going to leave in the future, so letting Liu Ziyu get a high position was a form of compensation and care for Sima Yunqi and su lingyue.
"My King! Although the battle situation had turned around, the outcome was still uncertain. It was hard to say if the black charm Commandery was not deliberately showing weakness to the enemy and luring our Army to set up an ambush. Therefore, the matter of reward should wait until the dust has settled."
Feng ruoting immediately opposed. He was afraid that in this atmosphere, Sima zhengxin would be hotheaded and set things in stone!
He had to stop it!
Then, he would find an opportunity to weaken the influence of the victory at the border
A series of plans were quickly forming in Feng ruoting's mind. Unexpectedly, another Messenger ran in from outside and shouted ecstatically,""Good news! Liu Shuai's pursuit was successful, and the black magic Commandery sent a Messenger to ask for peace!"

The hall was suddenly in an uproar. No one had expected that the news of a great victory and the beginning of the counterattack would immediately lead to a great victory in pursuit and a war Report from the black magic Commandery seeking peace.
Feng ruoting and Sima Yunfei felt as if there were ten thousand alpacas running through their hearts. What the f \ast ck!
Was this how a pursuit should be? He wouldn't be that fast even if he were to fly, right?
Didn't they need to wait for the black charm Commandery's response? Are they waiting for you to catch up and then surrender?
Lin Yi saw Feng ruoting get slapped in the face again and laughed to himself, but he wasn't surprised by the result.
Liu Ziyu's side must not have been able to send out the good news in time, and there was some delay.
After the collapse of the black charm Commandery's mentality and the central Chamber of Commerce's withdrawal from cooperation, they were extremely fast in seeking peace.
At this time, Liu Ziyu was no longer under any pressure. He would definitely send back the good news as soon as possible.

As such, it was not strange for the two reports to arrive at the same time.
The only unlucky one was Feng ruoting. He had been slapped in the face repeatedly, and no matter how thick his face was, he couldn't take it anymore!
Sima zhengxin was overjoyed. After understanding the details of the battle report, he stroked his beard and laughed out loud. The pride in his heart was beyond words.
Lin Yi took the chance to ask for a reward for Liu Ziyu."Grandfather Wang, Ziyu's contribution has been confirmed. It's no less than what I did to the seitong Commandery. To be fair, I suggest that the reward for Ziyu should be the same as what I did before."
Of course Sima Zheng Xin was willing. Even though Liu Ziyu's surname wasn't Sima, he was still his grandson through and through!
Moreover, he had been raised by the Sima family since he was young. Supporting him to occupy a high position would only benefit the Sima family.
But Feng ruoting and the others were not willing!
This old man could not care less about the fact that he had just been slapped in the face repeatedly. He brought a group of underlings to look for information from other places, but he did not agree to give Liu Ziyu that kind of high-standard treatment.

And Sima Yunqi would definitely support his son and nephew, leading the members of the faction to refute with all their might.
After a round of tug-of-war, the two sides finally reached a compromise.
He wouldn't reward Liu Ziyu as well as Lin Yi, but he couldn't be too far off either.
After all, the contributions of both sides were about the same, and there would only be harm if there was a comparison.
On the other hand, Feng ruoting and the others wanted to simply send Liu Ziyu away. Firstly, they could limit the expansion of Sima Yun's faction. Secondly, they could also plant a seed of resentment in Liu Ziyu's heart. Who knew, it might blossom and bear fruit in the future, and there might be unexpected surprises.
It was a pity that Sima Zheng's mind was still as upright as ever. When he finally made the decision, although he compromised a little, it was definitely not too big of a deal.
Rebellion general! Uncle Zhongyong!
This was the final result, or rather, the temporary result after the compromise between both parties. It would not change if there were no accidents. If there were any accidents, they would discuss it again.

When Liu Ziyu went to war, he was still an surplus general. When he returned, he had a meteoric rise and was also a general.
However, this anti-rebel general was still a level lower than Lin Yi's defender-general rank. They were al generals, but there was still a difference in rank.
In addition, the title of Earl Zhongyong was still a pure aristocratic title. Liu Ziyu, a newly promoted Earl, would not have his own fief and fief. He would only receive more resources from Hongshang Commandery every month.
Compared to Lin Yi's courageous God They weren't even on the same level!
To put it bluntly, it sounded good on the surface, but the actual benefits and power were not great. This was why people like Feng ruoting did not insist on opposing it.
Sima Yunfei was extremely unhappy, but he could not do anything to object. At the same time, he felt a strong sense of danger.
The second brother's family now had three great generals in one family. Their reputation and influence in the military had almost reached a height that could not be increased!
Lin Yi's role as Sima Zhongda was especially famous.

No one would care if Liu Ziyu was a general or not, because anyone with eyes could tell that this kid was Lin Yi's follower.
He wanted to fight Lin Yi? Hehe, just look at the main generals under Liu Ziyu and you'll know how ridiculous this is.
After all, Liu Ziyu's entire team was Lin Yi's people.
From now on, Lin Yi would be in charge of the military of Hongshang Commandery!
With the military's support, would it be difficult for si MA to take over the government?
"Father, the threat to the black charm Commandery has been removed. Now it's time to discuss the participation of the young master's Association!"
Sima Zhongda's mind raced. He finally brought up the young masters "Association. The only thing he could do now was to transfer Sima Zhongda away from Hongshang Commandery."The Dragon state's conferred Kingdom is our suzerain Kingdom, so we must take the young master's Association seriously. I suggest that the defender-general of the state must participate." Chapter 7843
"In the entire Hongshang Commandery, you can't find a heaven's favorite who can be compared with the defender-general of the state! If he doesn't go, it would seem like we're not paying enough attention to this matter."

Sima Yunfei didn't beat around the bush and directly pushed Lin Yi to the front.
No matter what, he had to make this happen. As for whether or not a conferred Kingdom could keep Lin Yi as their Prince Consort He'd think of another way!
"First Wangye's grand spirit and fist, I'm flattered!"
Lin Yi smiled faintly and nodded before anyone else could say anything."Since that's the case, then Zhong da will make a trip to the Dragon state's conferred kingdoms!"
The situation in Hongshang Commandery was pretty much stable now, so Lin Yi felt that it wouldn't hur to visit the higher-ranked conferred kingdoms.
Zhang Yiming could stay here and look for Wang Xinyan, but if he couldn't find anything in Hongshang Commandery, Lin Yi would have to go somewhere else.
Thus, the trip to the Dragon state's conferred Kingdom was just to Scout out the path for their next step
"The defender-general of the state is naturally the most powerful heaven's pride expert in our Hongshang Commandery. However, if you say that no one is comparable to him, you're underestimating the heroes of the world!"

"Let's not talk about the distant future,"Sima Zhongxiao suddenly said with a smile,"isn't our future anti- rebel general, Earl Zhongyong, a proud Son of Heaven? That's why general Liu Ziyu should be attending the young masters "gathering!"
This guy's dad pushed Lin Yi out, so he might as well drag Liu Ziyu in as well.
Regardless of whether he could make these two men the Prince's son-in-law of a conferred Kingdom in the Dragon state, at the very least, he could make them leave Hongshang Commandery. There might be a chance that they would not be able to return!
Sima Zhongxiao had never taken Liu Ziyu seriously in the past. Now that Liu Ziyu had become one of the most dazzling generals in Hongshang Commandery, it was impossible to say that he did not hate him!
"What Zhongxiao said makes sense. Now that seitong Commandery and Hongshang Commandery have both been defeated and are seeking peace, the border of our Hongshang Commandery is as stable as Mount Tai. Although it is not to the point where weapons are stored in the warehouse and horses are released to the southern mountain, there will definitely be a long period of peace and quiet."
Si MA Feifei understood tacitly and immediately assisted his son,""Let's make use of this time to let the two young great generals take a Tour of the Dragon state's conferred kingdoms and broaden their horizons. It'll only be beneficial to us in the future!"
"Especially this young master's gathering, where all the young sovereigns from various countries are gathered. If we can build a good relationship with them, whether it's for themselves or for our Hongshang Commandery, it'll be a hundred benefits and no harm!"

"That makes sense! Then this general will agree on behalf of general Liu! If we go to the Dragon Kingdom together, we'll have a companion!"
Lin Yi smiled faintly and nodded in agreement.
Sima Zhongxiao and Sima Yunfei were stunned. They had thought that this matter would take a long time, so why did they agree so quickly?
The two of them had a lot of drafts in their hearts that they had yet to say!
Lin Yi's actions messed up their thoughts.
Lin Yi's lips curled up as he cupped his hands."Speaking of the young talents of our Hongshang Commandery, brother Zhongxiao is also very generous. Why don't we go together?"
"Speaking of which, we've only known each other for a short time, and we don't usually have many opportunities to get along. If we can go to a conferred Kingdom in the Dragon Kingdom together, it'll definitely deepen the friendship between us brothers!"
Sima Yunfei and his son were speechless. It was okay to be humble normally, but if they said that Sima Zhongxiao wasn't good enough and couldn't compare to Lin Yi and Liu Ziyu, then they were completely incomparable.

And you want to fight for the Crown Prince and the grandson of the Wang family? Wash up and go to bed early!
"Hahahaha, Zhong da is right! Zhongxiao is also an outstanding child, so you brothers should come with us to the young masters "gathering of the Dragon state's conferred kingdoms!"
Sima zhengxin laughed out loud and opened his mouth to settle this matter,""It's best if you can perform well at the young masters "meeting, but it doesn't matter if you can 't. It's already a great gain to be able to broaden your horizons."
"If I can build a good relationship with the younger generation of other countries and lay a foundation for the future, it would be an even more unexpected surprise! Anyway, just treat it as a vacation. Don't be too nervous."
Since Sima Zheng Xin had already said so, what else could Sima Yun Fei and Sima Zhong Xiao do? they could only bow and accept the order.
In addition to these three people, Feng ruoting also represented the Feng family and asked for a place to participate in the young master's Association.
After all, it was one of the most prestigious clans in Hongshang Commandery. If not a single disciple went, they would really become a passerby in a conferred Kingdom of the Dragon state.

In the future, if he wanted to rule Hongshang Commandery, he must first get familiar with the mother country, not to mention the hard and soft forces!
As for who the Feng family was attending the young master's meeting, Feng ruoting didn't say, and no one cared. It was enough to know that such a person would be attending.
More than ten days later, Liu Ziyu finished handling the matters at the front line and returned to the capital with a small number of guards.
Under the leadership of Wu yucao and the others, the Army continued to oppress the black charm Commandery, following up on the peace negotiations and taking over the other party's territory.
The date of the young masters 'meeting in the conferred kingdoms of the Dragon state was getting closer, so as soon as Liu Ziyu returned, he did not care about all the unnecessary formalities. After simply accepting the rewards that he had previously decided on, he began to prepare to set off.
The houses had all agreed to go together, and so Lin Yi and Liu Ziyu arrived at the capital's Gate the next morning.
"Zhong da, Ziyu! You guys are here!"
Sima Zhongxiao had arrived even earlier, and immediately greeted them with a warm smile.

"Good Morning, big brother Zhongxiao! Are we late?"
Lin Yi smiled faintly and cupped his fists, maintaining proper etiquette."The Feng family hasn't arrived yet?"
"I'm not late. I came a little early and saw Zhong da and Ziyu the moment I arrived!"
Sima Zhongxiao was dressed like a scholar and held a folding fan in his hand. He looked gentle and elegant,""The agreed time hasn't arrived yet. The Feng family should be on their way. We might as well wait a little longer."
Beside Sima Zhongxiao, there were two young people who looked like page boys. Lin Yi sized them up and knew that they weren't weak. It would be more appropriate to call them guards.
Lin Yi and Liu Ziyu were both generals of Hongshang Commandery, so they were both dressed in militar uniforms that represented their status. Each of them had two guards following them, and their actions were filled with killing intent, completely different from Sima Zhongxiao's scholarly temperament.
As they spoke, a carriage turned around at the corner of the street. The Feng family's emblem was hung outside the carriage. It was obvious that the Feng family had arrived.
Lin Yi didn't use his spirit sense to observe it before-it wasn't necessary in the capital, so he was a little surprised when he saw the carriage.
Chanter 7844

Because the coachman driving the carriage was actually an acquaintance. The person sitting outside the carriage dressed as a boy servant was not unfamiliar, and the scholar sitting inside the carriage was also familiar!
They were all sent by Jian Chun!
The coachman, Martial Master Ma, the servant, AI fan, and the scholar, Feng Zhipeng!
With one look, Lin Yi suddenly felt like he was back at the sword spring sect!
He didn't expect the Feng family to send Feng Zhipeng to the young masters 'meeting!
He had also brought AI fan and Martial Master Ma
"I'm sorry, I'm sorry, I'm late. I've made you all wait for a long time!"
As soon as the carriage stopped, Feng Zhipeng jumped down and cupped his fists to the three of them, a sincere smile on his face,""Brother Zhong da, long time no see! If there were any misunderstandings in the past, this little brother will apologize to you here. No matter what, we're still from the same sect, so brother Zhong da, please don't be calculative with me!"

"Well said! I didn't expect to see you here, what a pleasant surprise!"
Lin Yi brushed it off lightly and nodded at Wushi MA and AI fan, who came over to greet him. "Everyone's here, let's go!"
"Do Zhongda and Ziyu ride horses? My carriage is spacious enough, why don't we all sit together?"
Sima Zhongxiao seemed to be inviting Lin Yi and Feng Zhipeng with sincerity. Both of them were dressed like scholars, and they were also in cars. It seemed like there was a rule in this area?
Lin Yi and Liu Ziyu, on the other hand, hadn't received any notice like this, so they were both wearing general attire that suited their status.
However, it didn't matter. In any case, it was still early to reach the Dragon state's conferred Kingdom, so it wouldn't be too late to prepare clothes when they arrived.
"Thank you for your good intentions, brother Zhongxiao. We can just ride horses! It's not suitable for us martial artists to be cooped up in the carriage!"
With that, Lin Yi shook the reins, and the Black Spirit Ferghana horse neighed and started running.
Liu Ziyu smiled and nodded at Sima Zhongxiao and Feng Zhipeng before following behind Lin Yi.

Sima Zhongxiao snorted discreetly and gave Feng Zhipeng a fake smile. The two of them got into their respective cars.
Lin Yi's one-thousand Guard units were gathered outside the city, taking on the escort mission. The Dragon nation didn't allow too many soldiers to enter the country, and one-thousand was the maximum.
In addition, these one thousand soldiers would eventually have to be stationed at the borders of the Dragon state's conferred Kingdom's territories, unable to venture any deeper.
When they arrived there, there were naturally people from the conferred kingdoms of the Dragon stat who took over the escort mission.
It was because of this that Sima Zhongxiao and Feng Zhipeng did not bring more guards. It was useless to bring them anyway.
If Lin Yi wanted to make a move on them, even if they brought a few hundred men, could they fight Lin Yi's personal guards head-on?
Don't joke around, he was the god of death who had slaughtered tens of thousands of soldiers!
What was the difference between bringing people and not bringing people?

Since they couldn't win either way, they might as well give all the spots to Lin Yi's Guards uni	t. This way,
they felt that Lin Yi wouldn't bully the weak, and it was much safer.	

Because the young master's meeting was approaching, Lin Yi's group was moving faster. Sima Zhongxiao and Feng Zhipeng's carriage definitely couldn't compete with the cavalry's speed. In order not to fall behind, they were in a difficult position.

In fact, it would be easier and faster to fly to a conferred Kingdom of the Dragon state by flying spirit beasts. However, as the young talents of Hongshang Commandery represented the face of Hongshang Commandery, it was impossible for only a few people to go to a conferred Kingdom of the Dragon state.

Even if they could not bring a well-organized Army into the hinterlands of a conferred Kingdom, it was still a must for them to show their face!

A few days later, Lin Yi's group entered the territory of a conferred Kingdom, and someone came to pick them up. They were brought to a city called flying Rock City.

"Ladies and gentlemen, there are guards from the various commanderies stationed in flying Rock City. Your guards must stay here as well. For the rest of the journey, the troops from the conferred Kingdom of the Dragon state will protect you."

The long bang's official who brought Lin Yi and the others into the city had a cold expression, showing the mother country's contempt for the subordinate country's people, "It's getting late. Your guards should go to the designated area and camp there. As for you young masters who are participating in the

young masters 'meeting, you should stay in the guest house for the night. Tomorrow, you will set off for the capital."
After a short pause, he continued."There are people from other commanderies in flying Rock City. Restrain your people and don't make trouble in flying Rock City. Private fights are forbidden in the guest house!"
"No matter what grudges you have between the two of you, you must put them aside when you arrive at a conferred Kingdom of the Dragon Kingdom. You can resolve them after you leave, understand?"
These words were no different from a warning. Lin Yi didn't care about it and didn't want to argue with him. Sima Zhongxiao smiled and cupped his hands,"I understand! Don't worry, high Ambassador, we know what to do!"
In Sima Zhongxiao's mind, the biggest enemies of Hongshang Commandery were definitely seitong Commandery and black magic Commandery. These two commanderies had just been defeated and were crying for ceding their land and paying indemnities. Even if they met them, they would not dare to provoke them easily.
In this way, they should be more stable in the Dragon state's conferred kingdoms, so it did not matter whether they knew their limits or not. In any case, they would not touch the bottom line of the Dragon state's conferred kingdoms.
"That's good. Then I won't accompany you any longer. Someone will take you to the guest house to rest. Tomorrow morning, I will arrange for people to send you out of flying Rock City!"

The official cupped his hands in a perfunctory manner and left with his personal attendants, leaving behind two soldiers to lead the way.
One was in charge of bringing the guards to their station, and the other was in charge of bringing Lin Yi and the others to the hotel.
"Commander song, I'll leave the guards unit to you!"
Lin Yi called out to song shaopeng and patted his shoulder. He lowered his voice, "Don't take the initiative to cause trouble, but don't be afraid of trouble. If someone dares to make a move on you, do what you have to do!"
Song shaopeng was stunned. This was a conferred Kingdom of the Dragon state! Would they be killed if they were blind?
However, on second thought, the Lord he followed dared to do something like 800 people slaughtering 70000 people. What else was there that he didn't dare to do?
A mere conferred Kingdom from the Dragon state was probably nothing in their eyes, right?
Wait a minute!

Song shaopeng scratched the back of his head and thought, "why did I use the words" a mere conferred Kingdom of the Dragon state "? The Dragon state's conferred kingdoms were obviously a hundred times more powerful than Hongshang Commandery, so why did he seem to be looking down on them?
Forget it, it's not important!
Following an invincible commander, he would naturally have the spirit to swallow mountains and rivers!
Lin Yi didn't think that song shaopeng would have so much drama in his heart. He didn't really mean it.
It wasn't that he looked down on the conferred kingdoms of the Dragon state, but he simply didn't think that there was anything great about them.
Sima Zhongxiao and Feng Zhipeng were speechless. Lin Yi may have lowered his voice, but they weren't deaf. They could hear him clearly at such a close distance.
Chapter 7845
It was not a big deal that they had heard it, but the problem was that there were two soldiers from the Dragon nation's conferred Kingdom next to them!
Wouldn't that be too disrespectful?

The two soldiers 'expressions were indeed a little unkind. They had probably already made a note in their little notebook and were definitely going to complain about it later.
What's wrong with being a soldier? Didn't a soldier care about his face? Did he think that the soldiers would have no temper just because he ignored them?
Hmph!
Just wait and see!
Song shaopeng bowed and took the guards to follow a dark-faced soldier, walking all the way to the camp. Lin Yi and the others followed another soldier in the opposite direction.
Soon, they arrived at the hotel. The soldier stood at the door and pointed at the door coldly."This is the guest house. You can go in by yourself. Someone will arrange your accommodation! You can move around freely, but it's best not to cause trouble! Flying Rock City is not a rural place like yours. If you cause trouble, no one can save you!"
Sima Zhongxiao smiled and was about to agree when one of the guards behind Lin Yi rushed out and slapped the soldier's face.
They were also the elites of Lin Yi's personal guard Camp, and they were definitely the best of the best to be able to become Lin Yi's personal guard. They were also people who followed Lin Yi through mountains of corpses and seas of blood on the battlefield.

Lin Yi was the God of War in their hearts, a position that was incomparably high. They wouldn't dare to look down on Lin Yi without orders, but a mere soldier dared to talk to him like that?
Are you tired of living?
The moment the guard made his move, a terrifying murderous aura burst out from his body. The killing intent he emitted on the battlefield was so strong that it was almost tangible, and it directly suppressed the soldier.
"Pa!"
The crisp and clear sound of a slap rang out. The soldier was dumbfounded, and his eyes were filled with fear as he was sent flying. He was sent flying three to four steps away!
Without waiting for him to react, the guard who had hit him moved like lightning and followed up with a stomp. His Big Foot stepped on his chest, causing his breath to stop and he could not move.
"Who Do You Think You Are? How dare you criticize and humiliate our general? My family's great general was invited here. Not to mention that you are a guest, even without this invitation, what right do you have to be so impudent in front of my family's great general?"
The Guard's face was cold as he spat at the soldier. He was so close to pulling out his knife and chopping the soldier up.

The soldier who was stepped on almost peed his pants. He had never fought a battle before, so how could he be compared to the guards who had killed hundreds of people each?
Just that murderous aura alone had scared him silly.
"Enough! This is a conferred Kingdom of the Dragon state! Don't you dare be so impudent!"
Lin Yi spoke faintly as if he was scolding the guard, but he was actually backing him up. After the guard bowed and retreated, he looked down at the soldier who was still lying on the ground. "I'm the defender-general of Hongshang Commandery, Sima Zhongda. I'm sorry for offending you just now. If you have anything to say, just come at me!"
Lin Yi didn't release any killing intent, and even looked very ordinary, but the soldier felt that he was a hundred times scarier than the guard.
He was just thinking of getting someone to kill the guard when he got back, but he didn't even have the thought of revenge in front of Lin Yi!
So scary Let's just go back to our own homes and find our own mothers
With that, Lin Yi ignored the soldier on the ground and walked into the hotel.

The conferred Kingdom of the long bang was indeed the suzerain of Hongshang Commandery, but a mere soldier was so arrogant and put on airs in front of an invited guest. This so-called suzerain was really nothing.
Lin Yi didn't stop the guard from making a move, and so he'd take responsibility for anything that happened after that. If a conferred Kingdom from the Dragon state really didn't let this go, heh That'd be interesting!
Lin Yi really didn't mind helping Hongshang Commandery expand their territory and raise their status.
Perhaps it was not a bad idea to give a conferred Kingdom to Hongshang Commandery. At least, they would be able to borrow more power. When they left in the future, their companions who stayed behind would have a brighter future.
"Zhong da, you're too impulsive! This is a conferred Kingdom of the Dragon state! How could you attack their soldiers?"
Sima Zhongxiao quickened his steps and complained quietly beside Lin Yi, his eyes shining with a strange light.
In fact, his first reaction was to give some benefits to the soldier and placate him to let this matter pass.
But she thought that this was a good chance to take Lin Yi down, so she didn't bother with the soldier and complained to Lin Yi.

As for whether or not he would be implicated, Sima Zhongxiao was not too worried. After all, he was just a small soldier from a conferred Kingdom of the Dragon state.
At the end of the day, he was just an insignificant figure, and the conferred kingdoms of the Dragon state would not fall out with their vassal kingdoms over such a small figure.
At most, he'd just punish Lin Yi!
Sima Zhongxiao calculated for a while and felt that his deduction would not be wrong, so he deliberately forgot about the poor little soldier.
Feng Zhi Peng and AI fan looked at each other. They were not easy to deal with, so they had naturally thought of what Sima Zhong Xiao had thought of. Furthermore, they were separated from the Sima clan by a layer. If Sima Zhong Xiao was not afraid, what were they afraid of?
If they could use this opportunity to deal with the Sima clan, that would be an unexpected surprise!
Feng Zhipeng had come to a conferred Kingdom to look for an opportunity to befriend the elites of the other kingdoms, and to see if he could scam Lin Yi and Liu Ziyu.
Because of these two people, the Sima clan's reputation in Hongshang Commandery was like the sun in the sky. As one of the general clans, the Feng clan's chances of returning to the throne were getting smaller and smaller. If they could defeat Lin Yi and Liu Ziyu in one go, it would be completely different.

Each of them had their own thoughts as they entered the guest house together. A wave of people came from the opposite side, all wearing similar styles of scholar's clothes. Other than their own guards, they were all holding folding fans in their hands.
"Yo, look who this is! Am I seeing things? It's actually Liu Ziyu!"
The leading scholar didn't pay much attention at first, but when his eyes swept over Liu Ziyu, his eyes suddenly lit up and he laughed out loud."Aiya, I'm wrong. It should be the stray dog, Liu Ziyu! Does everyone still recognize him?"
The two people beside him also laughed."How could I not recognize him? this stray dog still looks so pitiful. Look, he's actually wearing a General's uniform. With trash like him, he's just going to be a piece of meat on the battlefield, right?"
"That's right! Stray dog Liu Ziyu, how miserable are you to be someone's guard?"
"Impudent! How dare you mock our general! Are you looking for death?"
Liu Ziyu's guards weren't members of Lin Yi's personal guard Camp, but they were the elites of the Royal Garrison and had fought with Liu Ziyu against the black charm Commandery.
Chapter 7846
His respect for Liu Ziyu wasn't as high as Lin Yi 's, but it wasn't too far off.

Therefore, when someone humiliated Liu Ziyu, the two guards immediately stepped forward to defend him!
"Yo, yo, yo, you're a general now? It seems that there's really no one else in Hongshang Commandery. Even this kind of trash can be a general!"
The scholar at the front had a mocking expression on his face. He opened his folding fan and gently fanned it a few times."What do you two mean? Do you want to make a move on me? Come and try!"
Lin Yi frowned-he'd've slapped them if they'd been talking to him like that.
But they seemed to be related to Liu Ziyu, and Lin Yi couldn't do anything before he figured out the situation.
"Ziyu, who are they?"
Lin Yi wanted to ask them before making a move-he wasn't afraid of these idiots running away, anyway.
"They are from the Liu family of Huangyan CommanderyThey are my cousins!"

Liu Ziyu's expression was a little dejected."Of course, they've always treated me as a brother. Ever since my father passed away, my mother and I were pushed out of the Liu family. My mother was already mentally damaged by my father's incident. After this incident, she passed away very quickly"
After that, Liu Ziyu was adopted by Sima Yunqi and su lingyue. Unfortunately, he was still ostracized by his peers when he arrived in Hongshang Commandery.
Because Sima Yun's influence was weak, and Liu Ziyu was not a true Sima family member, it was a good thing that he was used to this kind of treatment since he was young. It was not a big deal for him to endure it.
When Lin Yi returned to the Sima family as Sima Zhongda, Liu Ziyu would instantly soar into the sky. He would no longer be the little brat who had to endure all kinds of humiliation. It was a pity that the Liu family didn't seem to know about this.
Thinking about it, it made sense. The black charm Commandery and the Huangyan Commandery were not connected. They did not even have any contact with the seitong Commandery, so the collection of information was relatively slow.
In addition, these Liu family's disciples had left Huangyan Commandery and traveled all the way to the conferred Kingdom of the Dragon state. They would not know about the war between Hongshang Commandery and heimei Commandery.
Lin Yi pinched his chin. This was considered a family matter, so it wasn't convenient to beat him up!

"What cousin? Our Liu family doesn't have a descendant like you! Don't randomly claim kinship!"

The leading scholar sneered and lifted his chin in disdain.""Do you think that just because you're an extra general, you can stand out? I thought you were just a guard, but it seems like you're overestimating yourself. Did you also come to the young masters "gathering?"
If they were guards, they would not bring two more guards. Everyone could understand this logic.
"Hahaha, this is too funny. An orphan who lost his parents, a stray dog, actually has the face to attend the young masters 'gathering?!"
Another Liu family disciple laughed out loud and pointed at Liu Ziyu with his folding fan.""With your shamelessness, you've surpassed your master. You're even more powerful than your dead father!"
Liu Ziyu's face instantly turned livid. Everyone had a reverse scale in their hearts that could not be touched. He had been suppressed and ostracized since he was young. If these people from the Liu family only ridiculed him, he would not care. However, humiliating his deceased father like this, he could not tolerate it!
"Shut up!"
Liu Ziyu growled in a low voice, the veins on his clenched fists bulging and his nails digging into the flesh of his palms.""If you dare to insult my late father again, don't blame me for being impolite!"
"Hehe, that's impressive! Come, come, come, I'd like to see how impolite you are. "

The leading scholar did not mind at all. Instead, he hooked his finger at Liu Ziyu and said provocatively,""You pitiful and sad stray dog. The Liu family didn't want you. You went to Hong Shang Commandery and thought that you would become a member of the Sima family. It's a pity that your surname is not Sima. No matter what, you will never become a member of the Sima family!"
"My fellow brothers, your words are wrong!"
Sima Zhongxiao suddenly opened his mouth and waved his folding fan. He had a smile on his face and was extremely elegant,""I am the eldest grandson of the Sima clan's head, Sima Zhongxiao. Ziyu is grandfather Wang's maternal grandson, so naturally, he is our brother. How could others not mention it? I, Sima Zhongxiao, have always treated Ziyu as a real brother."
Lin Yi was a little surprised-he didn't think that Sima Zhongxiao would speak up for Liu Ziyu at this time!
Initially, he was prepared to teach those idiots from the Liu family a lesson. Since they did not acknowledge Liu Ziyu as their brother, it naturally did not count as an internal matter of the family. Beating them up was equivalent to standing up for their brother, and it was perfectly justified.
Now that Sima Zhongxiao had done this, if the Liu family were to use this as an excuse, it would be difficult to do anything!
"So it's the Sima clan's eldest brother Zhong Xiao. I've been impolite!"

The leading scholar kept his fan and politely cupped his hands in greeting to Sima Zhongxiao,""I'm Liu Zimei from Huangyan Commandery. These two are my younger brothers, Liu Zilan and Liu zizhu."
On the side, Liu Zilan and Liu zizhu cupped their hands and bowed to Sima Zhongxiao in unison. They were very polite and elegant, as if the people who had just mocked and ridiculed Liu Ziyu were all others and had nothing to do with them.
This was how realistic the world was. In the eyes of Liu Zimei and the others, Liu Ziyu was just a stray dog that could be humiliated at will.
However, Sima Zhongxiao was different. He was someone who had the chance to become the Commandery Prince of Hongshang Commandery. They could offend Liu Ziyu to the death, but they would never dare to offend Sima Zhongxiao.
"So it's the Liu family's three gentlemen, Mei, LAN, and Zhu. It's an honor to meet you. Speaking of which, we're all on the same side. From now on, we'll have to look out for each other. Don't hurt our relationship!"
Sima Zhongxiao laughed as he tried to smooth things over. No one knew what he was thinking, but the tense atmosphere from before had indeed eased up.
"Brother Zhong Xiao is right, we're all on the same side, there's no need to hurt our relationship!"
Liu Zimei laughed and wanted to let the previous matter pass. Since Sima Zhongxiao had said that he

treated Liu Ziyu as a brother, if they continued to mock Liu Ziyu, it would be equivalent to slapping Sima

Zhongxiao's face.

The three of them looked at each other and gave each other a meaningful look, meaning that they should not target Liu Ziyu in front of Sima Zhongxiao in the future. Otherwise, everyone would look bad.
As for what had just happened, they acted as if nothing had happened. In their opinion, this was the greatest gift they could give to Liu Ziyu!
Unfortunately, Lin Yi didn't think that way!
"Since we're all on the same side, we can't hurt our relationship. This matter is simple!"
Lin Yi said lazily, a teasing smile on his face."Brothers Liu, you've just humiliated Ziyu and his father. Shouldn't you apologize to him?"
"If I'm not wrong, they're your uncles and elders, right? Is this how the Liu family of Huangyan Commandery treats their elders who have passed away?"
Liu Zimei and the other two looked at each other. They really couldn't say anything about this!
It didn't matter how they humiliated Liu Ziyu's family behind closed doors. However, if they were to speak like that outside, it would be disrespectful to their elders!

"Who are you? Do you have the right to speak in front of brother Zhong Xiao?"
Liu zizhu tried to change the topic, because no matter how he said it, it was wrong. It was best not to mention it again.
Chapter 7847
"Heh Brother Zhongxiao, does that mean I have no right to speak in front of you?"
Lin Yi looked at Sima Zhongxiao with a smile that was not a smile, making him feel very awkward.
Other than his age, Sima Zhongxiao was better than Lin Yi in every aspect. He had no right to say anything
That was because he, Sima Zhongxiao, had no right to speak in front of Lin Yi!
However, it was not good to say this in front of the Liu family! This was too embarrassing!
"How can this be? Zhong da can speak freely in front of Wang zufu, so there's naturally no need to even mention it in front of me!"

Sima Zhongxiao avoided the main point and introduced the Liu brothers,""This is my second Royal uncle's son, Sima Zhong da! I've been wandering outside for a long time, and I've only recently returned to the clan. The three brothers probably haven't heard of me. "
As for the defender-general of the state and the courageous God Marquis, he would not mention them. It would hurt his pride if he did.
"So it's brother Zhong da!"
Liu Zimei and the other two were shocked and didn't dare to slight Lin Yi anymore.
Huangyan Commandery and Hongshang Commandery were originally connected by marriage. The relationship between the two was not bad. Later, although there were some problems with the people involved in the marriage and they died one after another, between countries, interests came first. Both sides had been relatively polite.
Therefore, the Liu family knew more about the internal affairs of Hongshang Commandery. They were naturally clear about the fight for the Crown Prince between Sima Yunqi and Sima Yunfei.
Previously, Sima Zhongxiao was at a disadvantage in the fight for the position of Crown Prince because he did not have a son of the first wife. The reason why Liu Zimei and the other two valued Sima Zhongxiao was because his father was very likely to be the next Junwang.
However, now that Sima Zhongda had appeared, it was hard to say!

Sima Yun Fei's advantage was no longer there, Sima Yun Qi's love was even greater, the position of the Crown Prince
"Ziyu, we were wrong just now, don't take it to heart! We're all on the same side. Although the joke is a little too much, I don't have any ill intentions!"
Liu Zimei, on the other hand, was a Bachelor. With Sima Zhongxiao and Sima Zhongda stepping in, and the fact that they had blasphemed their elders in the matter just now, they could only admit their mistakes and end this matter.
After today, it didn't matter if they continued to target Liu Ziyu. In any case, they only needed to Capture One side of the Sima clan.
Because of his relationship with Liu Ziyu, Liu Zimei felt that it was impossible for him to be on good terms with Sima Zhongxiao. Therefore, he had already made up his mind to build a good relationship with Sima Zhongxiao.
If necessary, the Liu Clan could even fully support Sima Yunfei in fighting for the position of Crown Prince. If that was the case, Sima Yunfei's entire family, including Liu Ziyu, would never be able to rise again!
"Yes, it was just a joke. We apologize to you. Please don't take it to heart."

Liu Zilan and Liu zizhu cupped their fists in unison and bowed slightly to Liu Ziyu. The three brothers had the same thought, and they had all made up their minds to settle the score later. They had to get through the hurdle in front of them first.
Lin Yi squinted his eyes-these three were all big shots!
Being able to yield and stretch out, profit above all else, this kind of person absolutely couldn't be underestimated!
He had thought that they were three brainless rich second generations who only knew how to be arrogant and domineering idiots, but it turned out that they were not!
Lin Yi looked at Liu Ziyu, giving up on the idea of killing these three little B * stards. He'd leave these level of opponents to Liu Ziyu.
As Liu Ziyu's whetstones, the three of them should be quite qualified!
"Hahaha, it's great to know one's mistake and change for the better! The three brothers Liu are magnanimous, worthy of the name of the three gentlemen!"
Sima Zhongxiao's eyes flickered as he felt that he had an advantage to take. He immediately smiled happily and pulled the few of them in,""In the future, we'll all be family. Why don't we travel together so that we can look out for each other?"

"That should be the case! Brother Zhong Xiao is magnanimous and has the demeanor of an elder brother. In the future, we brothers will have to ask for your help so that we won't let down the opportunity of being companions this time!"
Liu Zimei had the intention of befriending Sima Zhongxiao, so she naturally welcomed him with open arms. For a moment, the few of them were very happy and harmonious.
Sima Zhongxiao then introduced Feng Zhi Peng to the three of them. As a descendant of the general's family, Feng Zhi Peng's status was not low. He could be considered to be in the same circle, so naturally, they were very friendly.
Lin Yi and Liu Ziyu, on the other hand, were faintly excluded from this circle.
Lin Yi smiled and shook his head. To be honest, he wouldn't be interested in joining this circle even if he was invited. It was good to let him gather together. If something really happened, he'd just take it all out!
Lin Yi couldn't help but curl his lips at the sight of the five people in front of him laughing and chatting.
They did a good job on the surface, but as for what they were thinking in their hearts, only they themselves knew!
Feng Zhi Peng had always been a bad guy. He might be close to Sima Zhong Xiao, but they might be planning how to kill each other!

Lin Yi touched his chin, thinking that maybe he didn't even have to do anything-the internal members of this group could take care of the other party.
That night, the three Liu brothers, Sima Zhongxiao, and Feng Zhipeng held a small banquet in the guest house and invited the other young masters of the commanderies in flying Rock City.
As for Lin Yi and Liu Ziyu, they didn't officially invite them, and only mentioned them.
The two didn't want to join in the fun, so they walked around flying Rock City together and bought some clothes.
Whether it was Sima Zhongxiao, Feng Zhipeng, or the Liu family, they were all dressed in the traditional scholar's clothing. The other people from the commanderies were also dressed in similar clothes. Only Lin Yi and the other two were dressed as generals, which was a bit different.
Lin Yi didn't think it was necessary to be a loner in this field, so he went with the flow and got himself a couple of scholar outfits.
Early the next morning, flying Rock City arranged for a team of one thousand people to escort the young masters in the guest house to the capital on flying spirit beasts.
Compared to traveling on the ground with the Black Spirit Ferghana horse, flying straight to the capital was ten times faster, but it still took them two days to arrive!

The journey was quite peaceful, and there was no abnormality. Whether it was a Bandit group or a dark spirit beast, they would not provoke a flying team composed of regular troops.
When they arrived at the capital, there were naturally people in charge of reception to make proper arrangements for everyone. Every young master who came to participate in the young masters 'gathering was assigned to an independent courtyard with a rather good environment.
Lin Yi and Liu Ziyu lived next to each other, and aside from two guards, the conferred Kingdom had arranged for servants, maids, and guards to serve them.
There might be a sense of surveillance, but Lin Yi didn't mind.
"Young master Sima, this is the invitation to the welcoming banquet jointly organized by the second Prince and the third Princess. It will be held tonight to entertain the young masters from the various commanderies. Young master Sima, please take time to attend!"
Lin Yi had just settled down when a maid came in with a golden invitation card. She was polite, but there was a clear sense of superiority in her tone. Chapter 7848
For example What the hell did he mean by taking time off to participate?
When inviting someone, shouldn't he say something like "welcome,""you're here, "and so on?

If a little handmaiden was so proud, it showed that in the eyes of the people of the conferred Kingdom, the commanderies under their control really had no status.
"I know, just let it go!"
Lin Yi couldn't be too calculative with a little maid, but he didn't have to take the invitation card so respectfully either. He lifted his chin and gestured for her to put it on the table.
The maidservant was stunned. Under normal circumstances, shouldn't the people from the Commandery dress up and receive the invitation with their heads lowered and hands when they see the invitation from the princes and princesses?
After all, the invitations represented the second Prince and the third Princess, and these were necessary etiquette, okay?
What's with this nonchalant attitude?
The maid was a little angry-she didn't know if she should listen to Lin Yi and put the invitation down, or talk to him about etiquette and let him recognize her mistake and correct it.
"If you're fine, you can leave! Don't come in if I don't let you in!"

Lin Yi didn't give the maid a chance to speak. He glanced at her indifferently."If there's anything, report it from outside the door. You should know this rule, right?"
Although he didn't target the little maid on purpose, Lin Yi's body already had an invisible force. It was just a normal look, but it made the little maid's heart jump.
The topic of etiquette was immediately thrown out of the window. After a quick reply, she put the invitation card on the coffee table, bowed quickly, and ran out.
Oh my God!
It felt so scary!
These barbarians from subordinate countries were really rude and unreasonable. It was better to stay away from them!
Lin Yi didn't know that he'd been labeled a barbarian, and he wouldn't mind even if he did.
The so-called etiquette was that if someone respects me one foot, I will return the favor ten feet!
If you don't take me seriously, why should I take you seriously?

Lin Yi's eyes stopped on the Golden invitation for a second, not even interested in looking at it.
As for this welcoming banquet, he still had to go and take a look. After all, it represented the relationship between the conferred kingdoms and Subordinate Commanderies of the Dragon state. He could also figure out what this young masters 'gathering was about.
Liu Ziyu must've received the invitation earlier than Lin Yi-he'd run over as soon as he could, appearing at the door and greeting Lin Yi with a fist salute.
"Cousin Zhong da, you've also received an invitation, right?"
"Come in and talk!"
Lin Yi waved at Liu Ziyu and sat down on a chair beside the coffee table. He pointed at the invitation with his chin."I just received it. I haven't seen it yet."
"Oh," Liu Ziyu replied and sat down on the chair beside Lin Yi, throwing the invitation card on the table."The ones holding this banquet are the second Prince and third Princess of a conferred Kingdom of the Dragon state. Does cousin Zhong da know anything about them?"
"I've never heard of it! What do you say?"

Lin Yi shrugged. He didn't really care much about the situation in a conferred Kingdom.
Zhang Yiming, who was in charge of intelligence, was still in the heimei Commandery. He didn't know if he had returned to Hongshang Commandery.
To put it bluntly, Lin Yi didn't really think much of a conferred Kingdom, and so he didn't really care about gathering information in advance.
The people from the conferred kingdoms didn't think much of Lin Yi and the others, but they didn't know that in Lin Yi's eyes, the entire conferred Kingdom was just so-so.
"Cousin Zhong da, have you not heard of it? In the conferred kingdoms of the Dragon state, the second Prince is one of the most powerful contenders for the position of Crown Prince. Although he's young, he has many supporters. "
Liu Ziyu nodded and started introducing. He wasn't surprised-after all, it hadn't been long since Lin Yi returned to Hongshang Commandery, and he'd fought two defensive battles in a row. It was normal that he didn't know about conferred kingdoms.
"And the third Princess is a heavenly beauty who is loved by all the royal families of the conferred kingdoms in the Dragon state. Nothing will happen to her if she offends the second Prince, but she'll definitely suffer if she offends the third Princess!"
Liu Ziyu looked at Lin Yi and hesitated, "Cousin Zhongda, tonight's welcoming banquet was actually arranged a long time ago. We received the invitation as soon as we arrived, and it could be considered a coincidence."

"It's just that we don't know what we need to prepare for this banquet. Let's not say that we don't know, even if we know, I'm afraid we won't have time to prepare. If there are any problems at that time cousin Zhong da, you must bear with it"
Liu Ziyu hadn't been in contact with Lin Yi for too long, but he understood him very well. He knew that Lin Yi's personality was a bit stubborn, and he was afraid of offending the second Prince and third Princess at the party.
It was a bit dangerous to do so in other people's territory, so he specially reminded her tactfully.
"What're you worried about, Ziyu?"Lin Yi chuckled. I'm not someone who doesn't know my limits. Don't worry!"
Liu Ziyu muttered in his heart,'I'm not worried about you. I'm worried that you'll do something to the second Prince and the third Princess.'
He dared to take 800 people to attack a camp of 70000 people, and he dared to take two people to face 10000 soldiers who had taken potions and were well-equipped Liu Ziyu could not think of anything that his cousin did not dare to do!
He could only pray that the young masters, princes, and princesses at the banquet would not cause trouble. As long as everyone was well-behaved, his cousin would not take the initiative to stir up

trouble. Liu Ziyu was quite confident about this.

Ziyu went on to talk about the long bang's conferred kingdoms, giving Lin Yi a general impression of them. The man had actually talked about this on the way here.
However, most of the time, they talked about the geography of the mountains and rivers, the local customs, and if a war broke out, where to defend, where to attack, where to set up an ambush, and so on.
Fortunately, he was surrounded by his own people at that time. If the people from the long state's conferred Kingdom heard this, they would most likely think that Hongshang Commandery was planning a rebellion and was secretly planning to attack the long state's conferred Kingdom.
Lin Yi and Liu Ziyu felt that they'd gained a lot from leading an Army in battle, and so their conversation was very congenial, and they didn't pay much attention to the situation in the Dragon state's conferred Kingdom's court.
Liu Ziyu wasn't too clear about the situation, but it was enough for Lin Yi.
It was almost evening, and the maid asked Lin Yi outside the door,""Young master Sima, young master Liu, it's almost time to head out for the banquet. Do you need this servant to help you two young masters change and dress up?"
The invitation didn't have any specific requirements, but it wasn't hard to guess that most people would be dressed as scholars. Naturally, it wouldn't be appropriate for Lin Yi and Liu Ziyu to wear military uniforms to the banquet.

After the guard at the side handed over their invitations and checked them, he stepped aside and said,""Young masters, please come in. There will be someone to lead the way. Your guards may rest in the side hall."
Lin Yi nodded to the four guards-it wasn't appropriate to bring them to the banquet, after all, and the host had already made arrangements.
Liu Ziyu followed Lin Yi through the door, and as expected, there was a pretty maid with fair skin leading the way with a smile. There was a row of equally Pretty Maids standing beside her, probably the ones who were going to lead the way.
He followed the maidservant through many corridors and courtyards before finally arriving at a spacious and luxurious Hall. There were two separate tables in the hall, and some fruits and melons were placed on them.
At the head of the table, there were two tables made of white jade. At this time, no one was there, so it was obvious that the two hosts had not arrived yet. As for the guests, there were quite a number of them.
The three Liu brothers, Sima Zhongxiao, Feng Zhi Peng, and the others had all arrived. These five people were more like people from the same country, coming and going together.

He'd left Lin Yi and Liu Ziyu aside, not even asking them to come along.

In addition to these five people, there were about 20 more people in the hall. People from the same Commandery and those who were close to each other would automatically gather together, which divided them into their own circles.
"Young master Sima, young master Liu, your seats are here. Please take a seat!"
The maid brought the two to the door and pointed at two adjacent seats not far from the door,""Before the two Majesties arrive, young master can have some fruits and desserts in your seat. You can also go and chat with the guests you are familiar with. However, when your Majesties arrive, please be sure to return to your seat."
Lin Yi raised an eyebrow and nodded, not saying anything.
Lin Yi and Liu Ziyu weren't at the bottom of the table, but they were definitely at the edge.
From this, it could be seen that the status of Hongshang Commandery was really not high among the other commanderies.
Sima Zhongxiao wasn't in his seat. He was in the circle, smiling and chatting with the young masters from other commanderies. When he saw Lin Yi and Liu Ziyu, he pretended not to see them.
The others had noticed the newcomers, but after seeing where the two were seated, they no longer paid any attention to them. No one took the initiative to come over and say hello.

Lin Yi didn't mind at all as he sat down with Liu Ziyu. It was good that no one came to greet them-the two were happy to be free, and had no interest in entertaining these young masters.
"Cousin Zhong da, Sima Zhongxiao is really an embarrassment. I feel disgusted just by looking at him like that!"
After Liu Ziyu sat down, he glanced at Sima Zhongxiao's side. His brows furrowed slightly, and he revealed an unhappy expression."No matter what, he is the eldest grandson of the Commandery Prince of our Hongshang Commandery. How can he be so humble and curry favor with people from other commanderies? The face of Hongshang Commandery has almost been completely ruined by him. "
Although there was some distance between the two sides, everyone was a body-tempering martial artist and had sharp ears and eyes.
Sima Zhongxiao didn't try to cover up his words, so Liu Ziyu could hear all the flattery clearly.
He was the eldest grandson of the Commandery Prince of Hongshang Commandery, but he was submissively kneeling and licking the boots of people from other commanderies. It was simply embarrassing!
Liu Ziyu didn't even want to say that he knew Sima Zhongxiao!

He lowered his voice, not because he was afraid that Sima Zhongxiao would hear him, but because he felt that it would be embarrassing to let people know that he and Sima Zhongxiao were from the same country.
"Don't worry about him. He has earned his own reputation. He has no right to represent Hongshang Commandery."
Lin Yi smiled faintly as he popped a grape into his mouth."Maybe he thinks this is an opportunity to build a good relationship with the young generation of various countries, which will help him improve his status in Hongshang Commandery."
Actually, it wasn 't! No matter how much foreign aid you have, it's not much use even if you get the power of Hongshang Commandery. Internal factors are still the key.
The strength and influence within the Commandery was the most important point.
Lin Yi was confident that as long as he was in Hongshang Commandery, Sima Yunfei's faction would never be able to defeat Sima Yun's faction.
In other words, no matter how much Sima Zhongxiao kneeled and fawned over others, in the end, he would still have to go home and sing his losses!
"Hehe, with his performance, how could he possibly gain the respect of others? I'm afraid that they might not even want to be dogs. "

Liu Ziyu sneered in disdain.
Among the commanderies adjacent to Hongshang Commandery, seitong Commandery and heimei Commandery had already been defeated. The relationship between Huangyan Commandery and Hongshang Commandery was still okay, but it was not to the point where it could affect the state affairs of Hongshang Commandery.
With Lin Yi and Liu Ziyu's current status in the Hongshang Army, it was meaningless for Sima Zhongxiao to win over the commanderies that were further away!
"Everyone has their own choices. What he wants to do is his own business!"
Lin Yi shook his head and threw another grape into his mouth, chewing casually."Although he does not have any moral integrity, this kind of person with no bottom line is even more terrifying when he acts like a demon. In the future, you should be more careful of him."
In the future, Lin Yi would definitely leave Hongshang Commandery, and Liu Ziyu would face Sima Zhongxiao directly.
Now, he had to remind him, in case he looked down on Sima Zhongxiao too much.
You can look down on your enemies, but you must never underestimate them!

"Don't worry, cousin Zhong da, I understand!"
Liu Ziyu was a smart person and naturally understood what Lin Yi meant."He won't have the chance"
There wouldn't be any opportunities, so there was no need to say it out loud. Everyone had a tacit understanding.
In fact, Liu Ziyu didn't know that Lin Yi would leave, so he thought that Sima Zhongxiao had no chance of reaching the top.
After a while, a loud announcement came from outside the door,""The second Prince and the third Princess have arrived!"
The people who had gathered together immediately dispersed and quickly returned to their seats. They stood up straight and adopted a respectful posture.
When a young man and a young woman in gorgeous robes entered, everyone bowed in unison.""Welcome, Your Highness, the second Prince. Welcome, Your Highness, the third Princess!" Chapter 7850
"Everyone, please dispense with the formalities!"

The second Prince walked in slowly with a smile on his face and raised his hand.""We're all talents from our respective countries. Today, let's drink together and get drunk!"
On the surface, the second Prince was quite a gentleman, unlike the other people Lin Yi had met from the long bang conferred Kingdom. Even if they were just small fries, they had their eyes on their heads and looked down on people from commanderies.
The third Princess was wearing a thin veil that covered everything below her nose, revealing only a pair of bright and lively big eyes. She followed the second Prince and did not speak or move.
"I've long heard that the second Prince is a man of honor. Seeing you today, you really live up to your reputation!"
Someone started flattering Lin Yi, and both Lin Yi and Liu Ziyu couldn't help but curl their lips. This guy just said something so casual, and he called this "treating the wise like soldiers"?
There were really all kinds of birds in a big forest!
The two didn't follow the crowd, and seemed to be walking their own paths.
Fortunately, the second Prince didn't notice Lin Yi and Liu Ziyu-there were plenty of people fawning over him, so he didn't need one or two more.

The second Prince and the third Princess ascended to the main seats.
After they sat down at their table, the maidservants outside the door entered one after another and began to remove the fruits and desserts from before, and then replaced them with rare delicacies.
The White jade cup was filled with amber-colored wine, and the rich aroma of the wine quickly spread. Just by smelling it, there was a refreshing feeling. It was obvious that this wine was not an ordinary one.
"The purpose of today's welcome banquet is to welcome all of you here in the Dragon nation. Since we're all young, there's no need to address you as princes and princesses. As the host, I'd like to offer a toast to all of you!"
The second Prince stood up and raised his wine glass to both sides. Everyone present stood up one after another, and after another round of flattery, they toasted each other.
Lin Yi drank a glass of wine, a little bored. He didn't like this kind of occasion, and was thinking of an excuse to leave first and let Liu Ziyu stay to see what was going on.
As for whether Liu Ziyu wanted to stay here or not, it did not matter. He would have to face more similar situations in the future, so he would train for now!
"Your Royal Highness, your Royal Highness! The eldest grandson of the Sima family of Hongshang Commandery, Sima Zhongxiao, pays his respects to the two Majesties!"

Sima Zhongxiao stood behind the table and turned to the seat of honor,""I've long heard of the second Prince's reputation in Hongshang Commandery. I've been looking for an opportunity to meet you. Now, I've finally fulfilled my long-cherished wish. It's really delightful!"
"So it's Sima Zhongxiao from Hongshang Commandery. I've heard of you too! No need to be so formal, I already said that you can call me whatever you want!"
The second Prince had a smile on his face. Although his words were polite, he could address him as he wished. Sima Zhongxiao did not have the guts to do so.
"Your Highness has heard of this lowly subject?"
Sima Zhongxiao's face was filled with pride and even a little excitement,""This lowly subject is truly honored. Your Highness is indeed as the rumors say, knowledgeable and has a deep mind! Even if you don't step out of the house, you can still know everything about the world!"
Liu Ziyu couldn't help but purse his lips again. He thought to himself, this Sima Zhongxiao is getting more and more shameless!
Before anyone else could say anything, he had already jumped out and was eager to kneel and lick the boots of the second Prince of a conferred Kingdom of the Dragon state.
After all, it was more effective to curry favor with the second Prince of a conferred Kingdom of the Dragon state than with the young masters of the commanderies from before.

As long as a conferred Kingdom of the Dragon state gave the order, not to mention passing the throne to Sima Yun Fei or Sima Zhong Xiao, even if it were to pass it to Feng Zhi Peng, Sima Zheng Xin would have to obey it unconditionally!
Of course, Lin Yi wouldn't agree to that. Who would be the unlucky one then?
Sima Zhongxiao didn't care what others thought. He had finally managed to get close to the second Prince of the Dragon nation, so he was really trying his best to make the second Prince laugh. The atmosphere was quite good.
"Second brother, don't just talk!"
The third Princess suddenly opened her mouth. Her voice was light and ethereal, and it was quite pleasant to the ear. Although one could not see her true appearance under the veil, just her eyes and voice alone were enough to be called a beauty!
"Everyone here is a genius from various countries. It's rare for us to be able to gather together. Why don't we let everyone show off some of their personal talents and broaden our horizons?"
If someone else had said this, these arrogant young masters might have been angry. After all, they were all people of status. How could they perform any talents in public?
There was no problem with exchanging pointers, but it would be embarrassing if it was a pure performance to attract the attention of others!

However, since the one who had spoken was the third Princess of a conferred Kingdom of the Dragon state, those young masters didn't have any thoughts of embarrassing themselves. All of them felt that this was a good opportunity to show off!
"Your Highness is right! Since that's the case, I'll be the first to show off!"
Sima Zhongxiao took advantage of the fact that he had been talking to the second Prince the entire time and was the first to gain the upper hand, so he rushed to show off.
Unless there was a particularly amazing talent, if everyone's standards were similar, the first one to come out would always have an advantage and would easily leave a deep impression.
"Great talent Zhongxiao, I wonder what kind of talent you are going to show today?"
The second Prince smiled and nodded, expressing his appreciation for Sima Zhongxiao's initiative,""We can't wait to see it."
"Your Highness, I have some experience in sword dance and would like to show it off in front of you two. Please allow me to do so!"
Sima Zhongxiao left the table and walked to the center of the stage. He bowed and cupped his fists.

The people who came to the banquet naturally would not carry any weapons with them. Even if it was just a decorative sword, it would be taken away by the guards for safekeeping.
After all, they were going to meet the prince and Princess of a conferred Kingdom in the Dragon state.
Therefore, if Sima Zhongxiao wanted to perform the sword dance, he would first have to get the second Prince's approval before he could get the props.
"Accurate! Of course it was! Men, go and get the sword!"
The second Prince raised his voice and gave the order. Soon, a guard brought a long sword into the hall with both hands.
The hilt and scabbard of the long sword were extremely gorgeous. They were inlaid with dazzling gems. Even if they were not moved, they would constantly reflect light, dazzling the eyes.
Lin Yi couldn't help but rub his chin, thinking of Fernandes.
Well, it was now called Fei daqiang. If he saw this sword, his eyes would probably be very red, right?

From the decorations alone, it seemed to be from the same line as his great podao. Perhaps this guy would try to get his hands on this sword by all means.
On the other side, Sima Zhongxiao thanked the second Prince once again before he took the longsword and slowly unsheathed it.
A cold light as clear as autumn water shone out, reflecting on the gem decorations, making them even more dazzling.
"Good sword!"
Sima Zhongxiao praised loudly, his face full of admiration.
Liu Ziyu pouted and muttered,"how cheap!"
