Chapter 7881 The Power Of The Devil

The eaves of the ninth level did not light up, which meant that Liu Ziyu had not passed. The eaves of the first eight levels did not extinguish, which meant that Liu Ziyu had not been eliminated!

Five minutes passed, and there was still no response from the ninth floor.

Ten minutes had passed, and the first eight floors were still lit up!

And at this time, the person in second place had just entered the sixth level and was instantly eliminated!

The five levels of eaves that represented him were extinguished at the same time, which made everyone's tense mood surge.

"F * ck! What kind of trash was this? he was eliminated at the sixth level! You made this young master mistakenly think that Liu Ziyu's Pagoda eaves were destroyed!"

A young master dressed like a scholar couldn't help but curse in a low voice, which was what the others were thinking.

Right now, everyone's attention was focused on Liu Ziyu. In fact, no one had noticed that he was the first person to be eliminated on the sixth level since the beginning!

This unlucky fellow had been under double the pressure all the way up. The amount of energy he had consumed was completely different from the previous batches!

Although there was a difference in the speed of the people in front, when the second person went up, the first person had basically not left.

And then the third one would catch up in time. It could be said that no one had ever encountered such a situation!

Therefore, it was reasonable for him to be eliminated!

He was finished, but the people behind him were even more unlucky. The third person had to face attacks that were multiplied several times and was also killed instantly!

The fourth, fifth, and sixth players were getting stronger and stronger!

The sixth floor, which was supposed to be a guaranteed floor, was now like the eighth or even ninth floor.

After all of them had been eliminated and all the eaves of the tower had been extinguished, the eaves representing Liu Ziyu's eighth level were still lit!

No one paid any attention to the five who had failed, because everyone's eyes were focused on the ninth floor, guessing what had happened inside.

Under everyone's attention, the ninth level of the tower lit up!

The tip of the tower emitted a milky-white light, which gently sprinkled down and enveloped the entire formation tower.

The old eunuch, who was sitting in the armchair, suddenly jumped up and shouted in a sharp voice, ""Clear! We cleared the game!"

When Ximen liuyan entered the ninth floor, he did not have any expression at all.

After all, they were eliminated in an instant.

When Liu Ziyu entered the ninth floor and even stopped there, he did not pay much attention to him.

What was there to care about when he was going to be eliminated?

However, the result was that Liu Ziyu had actually passed the tower of arrays. The old eunuch lost his composure instantly!

This had completely exceeded his expectations. He had never thought that there would be such an outcome.

It was true that the formation tower was used to train the elites of the Imperial Army, but no one in the Imperial Army, including the commanders, had ever passed the ninth floor!

To be more precise, ever since the formation tower was built, no one had ever passed the ninth level. Liu Ziyu was the first!

Of course, those Masters above the earth formation stage wouldn't come to this kind of array tower for nothing, and the array tower also had some corresponding restrictions.

If the people from the Dragon state's conferred kingdoms were shocked beyond words, then the people who had attended the young masters' assembly were in complete despair!

What did clearing the ninth floor mean? This meant that Liu Ziyu had collected more than 5100 points!

In addition to his original 1500 points, the gap was too terrifying!

Ximen liuyan sneaked into the crowd and no longer dared to think of mocking Liu Ziyu.

Originally, he had relied on special means to enter the ninth floor and thought that he was very impressive.

Hence, Ximen liuyan ran over to show off in front of Liu Ziyu, and even boasted shamelessly.

But now, he had been slapped in the face!

It was still him giving himself up to be hit in the face, that was really called a crisp and loud sound!

Fortunately, everyone's attention was on the formation tower, so no one noticed him.

Otherwise, Ximen liuyan felt that she could change her name to Ximen Wuyan!

"Young master Ziyu! Congratulations to young master Ziyu for successfully clearing the level!"

When the old eunuch saw Liu Ziyu coming out of the tower, he went up to him and cupped his fists to congratulate him. "This old servant never thought that I would be able to personally see someone pass the formation tower today! This is truly worthy of congratulations!"

The old eunuch had always been cold and arrogant, but now he was so humble that he even said such words to this old servant.

"Many thanks, Lord manager! It's just luck. It's nothing to pass by luck!"

Liu Ziyu didn't dare to act arrogantly and quickly bowed back.

This was the head Minister of the palace of a conferred Kingdom in the Dragon state. Even if Sima zhengxin came, he would have to treat him with respect, so Liu Ziyu did not dare to slight him.

If he accidentally offended this old eunuch and brought trouble to Hongshang Commandery, he, Liu Ziyu, would not be able to bear the consequences!

Moreover, the other party had lowered his stance and treated him with courtesy, so he couldn't act cold and arrogant.

"Young master Ziyu is too modest. The array tower isn't a place that can be passed through by luck! Those without strength will naturally be eliminated early!"

The old eunuch smiled and pulled on Liu Ziyu's arm affectionately. "Can you tell this old servant how you passed the ninth level? No one has ever succeeded in this before!"

This was purely to satisfy his curiosity and also to improve their relationship.

"Hehe ... When the General Manager asked me how I passed through ... I couldn't explain it, so I just passed by casually and naturally!"

liu ziyu smiled naively.

he couldn't tell them about lin yi's message, so he just gave them a vague answer.

because, under lin yi's guidance, he really didn't know how he passed the ninth floor.

however, in the eyes of others, liu ziyu was just pretending to be cool! this was simply infuriating to the gods!

everyone fought with all their might, and the vast majority of them couldn't even pass the eighth level. yet, you passed the ninth level so easily?

come, come, come, why don't you tell me how casual you are?

"Hahaha, this old servant was too impetuous! Let's stop this topic!"

The old eunuch thought that Liu Ziyu was trying to protect his secret. After all, everyone had their own trump card, and it was impossible for them to reveal it to others.

If it had been anyone else, the old eunuch would have been angry, but Liu Ziyu was different!

This little fellow already had an 80% chance of becoming the Prince Consort. He couldn't even wait to befriend him in advance, so how could he be angry?

"Chief, can we continue?"

The Imperial Army officer who was in charge of judging the old eunuch came over to change the topic so that the old eunuch would not feel awkward.

There was still a group of people who did not go to the array tower. Because of the conversation between Liu Ziyu and the old eunuch, they did not know if they should continue.

"Yes, let's continue!"

The old eunuch waved his hand nonchalantly, then smiled at Liu Ziyu and extended an invitation. ""Young master Ziyu, why don't we sit together in the arena? We can drink some tea and chat, and we can see more clearly. "

Chapter 7882

Liu Ziyu thought to himself, 'the array tower is isolated from the outside world, so how can you see clearly from the arena?'

To see clearly, probably only the omnipotent cousin Zhong da could do it, right?

Lin Yi met Liu Ziyu's questioning gaze and nodded slightly.

The old eunuch was an important figure in a conferred Kingdom of the Dragon state, so there was no harm in Liu Ziyu befriending him.

Liu Ziyu only agreed to the old eunuch's invitation after getting Lin Yi's signal. He smiled and went up the stage together.

Then, a young eunuch brought over a new chair and placed it next to the old eunuch. He also set up a tea table with some fruits, desserts, and brewed tea.

After the two of them sat down, the next batch of people was ready to challenge the tower. They stood in front of the six gates of the tower and waited for the gates to open so that they could enter together!

This batch of six people had returned to their original track.

However, because of Liu Ziyu's stunning performance, they were all in a state of despair.

As a result, not a single person from this batch passed the seventh level, and their final results all stopped at the sixth level.

This would have been impossible before.

It was Lin Yi's turn next!

Liu Ziyu sat in the arena, not worried at all.

Zhong DA's cousin had been able to let him pass the ninth floor with remote control. Now that he was personally going on stage, what difference could there be?

Ximen liuyan, Liu Zimei, Sima Zhongxiao, and the others all watched Lin Yi walk into the formation tower in silence.

They'd already been scared by Liu Ziyu, and didn't dare mock Lin Yi.

They'd really hit the wall if Lin Yi cleared the level easily again!

"Begin!"

The judge announced with a solemn expression.

He knew about Lin Yi and Liu Ziyu's relationship, and was guessing if another person would make it through the ninth floor.

Lin Yi, on the other hand, stood with his hands behind his back, relaxed. He waited for the door to open and walked in with ease.

It was his first time in the formation tower, but Lin Yi's spirit sense had already studied the tower thoroughly. He wouldn't be hit by the attacks even if he closed his eyes.

With his hands still behind his back, he strolled through the dense attacks of the array tower. After three steps, he casually kicked out!

All the attacks suddenly stopped!

If Fei daqiang was here, he would probably exclaim in surprise that the Kasaya's Big Foot control technique had reappeared in the pugilistic world!

Lin Yi's lips curled up into a smile-his deduction was proven right. This was a key control node of the formation tower!

The formation would stop temporarily when attacked, but only in the area Lin Yi was in.

As for the positions of the other five people, not only would they not stop attacking, they would also greatly increase the power of their attacks because the balance of the array was broken!

If Lin Yi had entered the second floor normally, the five of them would've shared the attack, which meant that each of them would be strengthened by twenty percent.

However, Lin Yi forcefully stopped the formation in his area, and the attacks in the other five areas increased by three hundred percent!

It was equivalent to the five of them entering the first level and having to face the power of the third level's attack!

The five unlucky fellows had initially felt rather relaxed, but the pressure had suddenly increased by several times!

This seemed to be a little different from what his companions had said ...

Perhaps this was what the formation tower looked like?

They didn't know what was going on, and they didn't dare to ask. They could only keep their spirits up and deal with the intense attacks.

Lin Yi, naturally, didn't care what happened to the five poor bastards. No one would die in the formation tower anyway, so he stopped the first level's formation and entered the second level.

His hands were still behind his back, and he took a few steps forward with butterfly steps before casually sending out another kick.

The second level of the formation tower was the same as the first-the area Lin Yi was in was completely still, but the other five areas that weren't activated yet were automatically activated due to the imbalance of the formation, greatly increasing the attack power.

The old eunuch and Imperial Army soldiers outside the formation tower were all rather dumbfounded.

Although they could not see what was going on inside the array tower, they could sense what was going on inside.

What was going on now?

Only the eaves on the first floor, which represented Lin Yi, lit up, which meant that only one person had entered the second floor, so all six sections of the second floor were activated!

Lin Yi didn't know what would happen, so he wanted to try!

After all, this formation was different from the ones he was familiar with, so the damn thing wanted Lin Yi to study the theory behind it.

When the entrance to the third floor opened, Lin Yi didn't rush in, but used his spirit sense to check for possible changes in the first and second floor.

The area where Lin Yi was was no longer under attack, so the attacks wouldn't keep multiplying.

The pressure from the third floor was also spread to the other five areas.

"I see!"

Lin Yi muttered to himself, a smile on his face.

It seemed that the previous deduction was not very accurate. He could only fully grasp the mysteries of the array tower after experimenting.

For example, what Lin Yi was doing now had a very interesting change.

Because all the areas on the second floor were activated, and the only area with people had stopped, the attacks had nowhere to go. Even the attacks from the third floor's Lin Yi area all rushed down to the first floor!

The five unlucky players on the first floor finally managed to deal with the sudden increase in the power of the previous attacks. However, before they could even take a breath, they were greeted with another wave of double attacks!

At this moment, the only thought in the five of them was that they had been deceived!

How could the first level be that simple? Those who said the first level was easy were all liars!

Lin Yi observed the five people on the first floor with interest before walking up to the third floor.

With elegant and graceful butterfly steps, he easily and happily found the node of the array on the third level and kicked it again.

"What's going on?"

The old eunuch couldn't sit still anymore-Lin Yi's speed was fast, but it wasn't hard to understand with Liu Ziyu's help.

But the problem was that Lin Yi was going through the levels alone-why did he activate all the other areas of the tower?

"Chief ... We don't know either!"

The Imperial Army officers at the side bowed together, but the word 'dumbfounded' was also written all over their faces!

He had never encountered such a thing before!

If we don't have such experience, who should we ask?

"Quickly investigate! Then, send someone to invite the grandmasters who maintain the array tower. Perhaps there's a problem with the array tower!"

The old eunuch's expression was grave as he gave the order decisively.

Naturally, the Imperial Army soldiers received the order and quickly ran out to convey the old eunuch's instructions.

Chapter 7883

This old man was representing the Prince today. Even the Imperial Army, who didn't have a direct relationship with him, didn't dare to slight him.

However, just as the guards started to move, the fourth level roof lit up!

This speed was even faster than Liu Ziyu 's!

Could it be that the second person to clear the nine-level array tower was about to appear?

Lin Yi's enemies were all pale-faced, feeling like there was no hope left in their lives!

However, in the next moment, hope suddenly appeared again!

The eaves of the fourth level, which had just lit up, along with the three levels before it, were all suddenly destroyed!

Happiness came too suddenly. Ximen liuyan, Sima Zhongxiao, and the others were dumbfounded and could not react for a while!

He was ... Eliminated?

He just passed the fourth level, right? He calculated the total points ... One, two, three, four ... Ten, twenty, forty, eighty ...

Ximen liuyan only had 150 points after all!

Compared to Liu Ziyu, they were just a fraction!

Hahahaha, Sima Zhongda, to think that you would have such a day!

Ximen liuyan laughed wildly in her heart, already planning how she was going to laugh at Lin Yi later!

The others were also shocked, thinking that they would see the second person to pass the ninth level. They didn't expect to see the first person who was eliminated after passing the fourth level!

They didn't even notice that the five people from Lin Yi's group had already walked out of the formation tower, their souls lost.

Not a single one of the eaves that represented them had lit up ...

in other words, this was a group of people who had not even passed the first level!

they had no choice-after lin yi took care of the fourth floor, the pressure they faced on the first floor was comparable to the pressure on the seventh and eighth floor!

there was no f * cking way to play with this! who could withstand it?

they were even starting to doubt their lives. others had at least reached the sixth level, but they couldn't even pass the first level!

were they really trash? was living simply a waste of food?

lin yi realized that he'd gone a little too far, too, and decided not to continue. he exited the tower after passing level four!

with five people who couldn't even pass the first level as background, lin yi who passed the fourth level was considered strong!

Ximen liuyan and the others didn't even care about the five unlucky bastards. They were all waiting to see Lin Yi make a fool of himself.

So, when Lin Yi came out, Ximen liuyan went up to him.

He'd forgotten all about the loss he'd suffered from Liu Ziyu just now, and the awkwardness of being slapped in the face as he blocked Lin Yi's path with a laugh.

"Sima Zhong da, you've truly surprised this young lord! I thought you would have some skill, but I didn't expect you to only make it to the fifth floor!"

Ximen liuyan was extremely pleased with herself. She even deliberately made a gesture of nine with her hands.

He meant that he had made it to the ninth floor. He didn't pass, but it was still an honor. At least in front of Lin Yi, he had something to show off.

As for Liu Ziyu ... Ximen liuyan had already automatically ignored him!

"Sima Zhong da, you may have disappointed me, but you don't have to be discouraged. After all, your Foundation is quite solid. This mistake is not irreparable!"

Ximen liuyan was so excited to show off that she couldn't stop.

She pretended to be comforting Lin Yi, but she was actually mocking him. "Of course, that's all you've got. It'll be more difficult for you to continue rising. At least you didn't come here in vain if you can maintain your current ranking!"

It wasn't just Ximen liuyan, even Sima Zhongxiao ran over and spoke to Lin Yi with a serious expression,

"Zhong da, you were really too careless this time. How did you end up defeated on the fifth floor? You're really a disgrace to our Hongshang Commandery!"

this guy and feng zhipeng had both entered the array tower before. although they did not have outstanding performances, they followed the crowd and passed the sixth level. they were eliminated on the seventh level.

it wasn't anything to be proud of, but lin yi's elimination on the fifth floor made sima zhongxiao feel superior.

and so, he took the chance to lecture lin yi as an elder brother.

the three liu brothers joined in as well, but lin yi just stood there quietly with his hands behind his back, looking calm and collected.

in his eyes, it was as if he was watching a group of idiots performing a farce.

"young master zhong da, what happened in the formation tower? why is it so abnormal this time?"

the old eunuch walked to the side of the stage and bowed.

He'd lowered his head because of Liu Ziyu, and also because of Lin Yi's outstanding performance before.

"Lord general manager, I'm truly sorry. I seemed to have destroyed some of the array nodes in the array tower, causing abnormalities in the first four levels!"

Lin Yi finally took his hands out from behind his back and cupped his hands at the old eunuch. "I don't know if this kind of damage can be repaired. In the beginning, I didn't feel anything wrong, but later I found that it seemed somewhat inappropriate. In order to not cause trouble for future people, I gave up on the fifth floor!"

In other words, it's not that I can't continue to play, but I'm afraid that if I continue to play, the people behind me won't be able to play!

After all, Lin Yi's number was only near the end, not the last. There were still many people behind him.

Lin Yi didn't destroy the formation tower at first, he only stopped the nodes.

Lin Yi, on the other hand, wanted to go up to the 9th floor.

However, after thinking about it, he felt that it was inappropriate. He did not want to reveal too much of his strength now.

After all, array Masters were rare on the sub Island, and he didn't know what level the array Masters on the sub Island were at. Therefore, when he came out of the fourth layer, he destroyed the previous nodes.

This was more in line with the character setting of someone who didn't understand formations, and all the points of destruction looked like miracles!

Ximen liuyan and the others were instantly petrified. They looked as if they had just eaten sh * t.

Are you F * cking bragging? Do you think we can believe this?

Alright ... In fact, Ximen liuyan and the others were starting to believe it!

Otherwise, his face wouldn't look so bad as if he had just eaten sh * t!

The corners of the old eunuch's mouth twitched slightly. Was it something a human would do to destroy the nodes of the array tower?

Even the array Masters who were responsible for maintaining the array tower didn't seem to have the ability to do this after entering the array tower.

So, this Sima Zhong da was also a powerful array master?

Or did he just do it by accident?

If he was really a powerful array master, then his value was a bit high!

The old eunuch started to consider if he should recommend Lin Yi as a candidate.

Chapter 7884 The End

"Young master Zhong da, do you also study formations?"

The old eunuch wanted to make sure, so he asked.

Sima Zhongxiao and the rest perked up their ears and listened attentively.

Whether it was Sima Zhongxiao or Feng Zhipeng, they had never heard that Lin Yi knew about formations.

Lin Yi was their enemy in their minds, and this was a serious information loss!

Lin Yi smiled faintly and shrugged. "You must be joking, Sir. Although I've read a few books on formations, I don't really understand them."

Ximen liuyan and the others looked as if he was lying. How could someone who did not know anything about arrays create such a big commotion?

If he knew about arrays, wouldn't he just tear down the array tower?

There should be a limit to lying! What's the point of lying through your teeth?

The old eunuch didn't seem to believe Lin Yi's words either, his eyebrows twitching.

Lin Yi didn't wait for him to speak and continued, "Actually, my intuition is very sharp. I can often find the enemy's weak point in an instant and attack according to my intuition. I can basically achieve the effect of hitting the enemy in one shot."

"The same goes for the array nodes in the array tower. Because I can sense them, they are easily hit. This has nothing to do with whether you understand arrays or not."

"It's likely that the offensive and defensive power of the arrays in this array tower is somewhat lacking. If they were more profound, I'm afraid that they would be able to defeat me before my intuition can take effect."

Lin Yi was just talking nonsense, of course, but the old eunuch thought that it made sense.

Lin Yi's words seemed to be true when he recalled the battle with selenbronze Commandery.

His instinct told him that the weakness of the seitong Commandery was the reason why they could win against the enemy and achieve such a miraculous result!

Lin Yi didn't think that the old eunuch would think that much of it-he just didn't want to expose his skills in formations, and he didn't even consider what the old eunuch would think.

"I see ... Young master Zhong da is truly a genius!"

The old eunuch complimented him politely, but he could not help but feel disappointed.

Although having sharp intuition was a decent talent, it was nothing compared to a formation master.

"I don't dare, I don't dare, you're too kind!"

Lin Yi shook his head and waved his hand humbly, "I've damaged the array tower. Is it okay?"

"I really don't dare to continue breaking through. If I break too many, I won't be able to afford it ..."

Lin Yi mumbled, but not low enough for the people around him to hear.

The old eunuch's mouth twitched again-he felt like Lin Yi was doing this on purpose!

Sima Zhongxiao and the others 'faces turned even uglier. These words were clearly a counterattack to their ridicule just now!

Ximen liuyan's mouth was bitter. Only now did he remember the embarrassment of being beaten up. He did not expect to experience it again so quickly!

For a moment, the atmosphere was a little subtle. Everyone stopped talking and looked at each other with some awkwardness.

At this moment, a group of people came to the martial arts practice field from afar.

In the middle was an Imperial carriage carried by four people, inside of which sat the third Princess with a light veil covering her face.

The old eunuch saw this from the ring. He quickly jumped down and went over to greet them.

The Imperial Army also raised their heads and puffed out their chests, lining up to welcome him.

"This old servant respectfully welcomes the arrival of the third Princess!"

The old eunuch and his men saluted the third Princess in front of her carriage.

"there's no need for formalities, manager. is the test in the formation tower about to end? what was the result?"

the third princess's beautiful eyes flickered, quickly scanning the faces of the young masters "gathering. when she passed lin yi and liu ziyu, she stopped for a while.

she'd probably heard about lin yi's performance, and she'd had a deep impression of them at the banquet, so she paid a little attention.

according to the rules, the third princess should not have come.

however, the prince doted on her too much, so he allowed her to come over and see who her future husband was.

"your highness, it's not over yet, but it'll be over soon!"

The old eunuch replied respectfully. At the same time, he motioned to the young eunuch beside him to present the current score record to the third Princess.

When the third Princess saw the shocking number of points behind Liu Ziyu's name, her beautiful eyes instantly lit up, and she subconsciously took another look at Liu Ziyu.

Then, it was the record of Lin Yi destroying the formation tower.

Although Lin Yi's points were behind Ximen liuyan 's, it didn't stop the third Princess from paying attention to him.

"Is the array tower broken?"

The third Princess only looked at what she wanted to see, then calmly passed the record to the maid beside her.

"Your Highness, it's indeed broken. The array Masters who are maintaining it haven't arrived yet, so it can't be continued for the time being. But as long as it's repaired, it will be able to start again very soon ..."

"No need!"

The third Princess waved her hand and interrupted the old eunuch, ""There's no need to waste time. The young masters who haven't passed the array tower will be counted according to the points they get from passing the sixth level. This is also a relatively average score! The formation tower is over. Let's move on to the next segment!"

The five people in Lin Yi's group wanted to die!

If they missed Lin Yi, they would have gotten the sixth floor's points without even trying, but they didn't even get a single point!

Sima Zhongda!

What kind of enmity do we have for you to harm us like this?

Lin Yi suddenly felt an itch on his back. He shrugged his shoulders, relieving a lot of the resentment of these five passers-by. That was all!

"As Your Highness commands!"

The old eunuch immediately bowed and received the order.

Anyway, he didn't care what happened. He was choosing a husband for the third Princess, so he had to cooperate with her.

Besides, the two most promising candidates had already passed. The remaining extras who were destined to accompany the Crown Prince in his studies were not important at all!

The third Princess nodded slightly. Her eyes and brows that were exposed under the veil seemed to be smiling.

Coincidentally, a gust of wind blew past and lifted the veil, revealing the third princess's complete smile.

Her skin was fair and delicate, her nose was exquisite and straight, and her cherry-like mouth was slightly curved on both sides, forming a perfect arc.

In addition to that pair of beautiful eyes, she had perfect facial features. She was definitely a rare beauty!

Not only that, the appearance of the third Princess was slightly different from those of the conferred kingdoms of the Dragon state. She looked like a mixed-blood of the secular world.

She didn't know where her mother came from, but she was most likely sent by some country for marriage.

The third princess's beautiful eyes flickered, not minding the veil flying away. Instead, she smiled sweetly, her eyes shifting back and forth between Liu Ziyu and Lin Yi.

Lin Yi had seen his fair share of pretty girls, so he didn't really mind this third Princess.

Chapter 7885 The End

to be honest, lin yi didn't really like the appearance of mixed-bloods.

of course, this was purely a matter of personal aesthetics. on the other hand, when liu ziyu saw the third princess reveal her true appearance, it was as if he had been struck by lightning, and his entire person was a little dumbfounded!

he had never believed in love at first sight before, and thought that it was an exaggeration in books. but now, he believed it!

liu ziyu only felt his mouth go dry, his heart beat faster, and his hands and feet went soft ...

to be more precise, he didn't know where to put his hands and feet!

he was at a loss!

the third princess in lin yi's eyes was like that, but in liu ziyu's eyes, she had already surpassed the legendary fairy, a one-of-a-kind beauty!

at this moment, liu ziyu really wanted to shout out loud that he wanted to marry the third princess!

but the next second, he remembered his identity.

Although he was already the general of Hongshang Commandery, he still couldn't get rid of his sense of inferiority ...

Liu Ziyu couldn't help but ask himself, was he really qualified to get close to this fairy-like beautiful third Princess?

On the other side, Liu Ziyu was worried about his personal gains and losses, and his entire person was a little dazed.

On the other side, the third Princess had already covered her face with the veil from the maid before waving to Lin Yi and Liu Ziyu.

"Young masters Sima Zhongda and Liu Ziyu, please come over. This Princess would like to have a few words with you."

Ximen liuyan and the others were instantly envious and jealous. Such a beautiful princess, they also wanted to go up and talk to her!

The people who originally did not have any interest in becoming the emperor's son-in-law now had some thoughts in their hearts.

For example, Sima Zhongxiao was also attracted by the third princess's beauty. He felt that it was not a bad thing to be able to stay in a conferred Kingdom and become the Prince Consort.

In terms of power, how could the Commandery Prince of a mere Hongshang Commandery be compared to the Prince Consort of a conferred Kingdom of the Dragon state?

"Ah? I ... I?"

Liu Ziyu did not notice the complicated gazes of the people around him.

Being called out by the third Princess, he suddenly panicked and seemed to be at a loss. He was no longer as confident and at ease as he was when he passed the ninth level of the array tower.

The third Princess chuckled, as if she found Liu Ziyu's panic very interesting.

To be able to make a young genius who had passed through the ninth level of the array tower lose his head in front of him was obviously something to be proud of.

Lin Yi could tell that Liu Ziyu was feeling inferior and unconfident, and he frowned imperceptibly as he spoke to him.

"Ziyu, calm down. What's there to panic about? She's just a little princess. You're a great general who has commanded tens of thousands of troops in large-scale battles and a genius who has passed the ninth level of the array tower. There's no one here that's worth being nervous about!"

"If you like the third Princess, then take out your courage and face her bravely. If you don't even have the courage to face her, how can you take a step forward?"

"You have to believe in yourself. You're an outstanding person, more than enough to match this third Princess. Relax, put on a smile, and go talk to her!"

"Remember, you have your cousin Zhong da behind you in everything! As long as you want to, there's nothing you can't do in this world! A mere conferred Kingdom from the Dragon state is nothing in my eyes. If that Prince or whatever doesn't agree to your request, I'll be in charge of dealing with him!"

Liu Ziyu couldn't help but want to laugh. He felt that Lin Yi's joke was a little too much!

But thinking about it, Zhong DA's cousin was really omnipotent. Since they had known each other, there had never been anything that he couldn't do.

If they really fell out with the conferred kingdoms of the Dragon state for his sake, then things would become very serious!

"Cousin Zhong da!"

Liu Ziyu didn't have the ability to use his spirit sense to communicate with Lin Yi, so he could only speak obediently. However, he was interrupted as soon as he called out to Lin Yi.

"The third Princess is waiting. Let's go over first. We'll talk later!"

Lin Yi tugged at Liu Ziyu, and the two walked over to the princess and bowed.

After Lin Yi's counseling, Liu Ziyu was indeed a lot calmer, and he wasn't as nervous as before.

However, when he saw the veiled third Princess, his mind was still filled with her stunning face.

"The two young masters can dispense with the formalities! Sima Zhongda, can you tell us how you broke the array tower?"

The third Princess seemed to be more interested in Lin Yi, so she skipped over Liu Ziyu and asked, ""If I'm not mistaken, no one has ever done this before!"

"Your Highness, no one has ever done it. It's not that they can't do it, they just don't want to do it. I was just lucky, and the ignorant are fearless. I was lucky to destroy the nodes of the formation."

Lin Yi's face didn't change as he replied, "Your Highness, if you ask me for the details, I really can't tell you!"

The third Princess was taken aback, not expecting Lin Yi to be so cold!

In front of her, most people would not take the initiative to ask questions. Even if there was nothing to talk about, they would try to find a way to talk about it.

Preposterous!

Is this the attitude you should have towards a Princess? He simply needed to be taught a lesson!

The third Princess was a little unhappy, so she turned to Liu Ziyu. "Young master Ziyu, you're truly a genius to be able to pass the ninth level smoothly! It's not enough to describe you as a genius!"

"Your Highness is too kind! It's just a fluke, not worth mentioning!"

Liu Ziyu was overjoyed that the third Princess was able to talk to him. It was as if his mood had soared to the clouds, and his face was blushing.

The third Princess laughed to herself, and her impression of Liu Ziyu improved.

Look at her attitude. That's how you should face a Princess!

"Young master Ziyu, you don't have to be so modest. No amount of praise is too much for someone who can do this!"

Now that the third Princess was in a good mood, she was naturally willing to speak a few more words with Liu Ziyu.

However, that was the end of the topic of the array tower, in case the conversation died down if they continued!

"By the way, I heard that not long ago, young master Ziyu led his Army and had a direct confrontation with the black charm Commandery, and won! Can you tell me more about the situation?"

"If your Highness is willing to listen, I will naturally tell you everything I know!"

Liu Ziyu was excited, so he was less nervous, and his thoughts became clear. "Actually, when it comes to military warfare, it's not as boring and serious as others think. There are also many interesting little things ..."

Lin Yi was secretly impressed-this Liu Ziyu kid just got enlightened!

Looking at his witty speech, it was unknown if what he said was interesting or not, but the third Princess was amused and giggled. She was obviously in a good mood.

Other than some minor stuff that Lin Yi didn't know if it really happened or if Liu Ziyu made it up, Liu Ziyu also talked about the war with the black magic Commandery.

For example, the Scout battle was a Grand, bizarre, and blood-boiling battle!

Chapter 7886

The third Princess had never been on the battlefield before. She was sometimes nervous and sometimes shocked. In the end, she began to daydream, imagining herself leading an Army on the battlefield!

There was probably no more hope for this matter, so the third Princess quickly returned to reality. However, when she looked at Liu Ziyu, her eyes were filled with admiration!

Such a heroic young man, with the bearing of a famous general, and also a top genius, even someone as picky as the third Princess could not find any dissatisfaction at this time.

If one had to put it in words, Liu Ziyu's figure was slightly thinner. Even though he was still considered handsome, he always lacked a bit of domineering aura.

It was because of this that the third princess's attention was on Lin Yi from the start!

But it didn't matter now. Beauty is in the eyes of the beholder, so what if she was a little thin? It was the essence!

Compared to a General's aptitude and martial arts genius, what was a mere figure?

After he became famous, he would be a giant in the eyes of the future generations!

"Young master Ziyu, you must continue to work hard and strive to have an outstanding performance in the last round!"

The third Princess clenched her little fist and cheered Liu Ziyu on. "Although young master Ziyu's current points are far ahead, it doesn't mean that he'll be safe. If you want to keep it up until the end of the young master's gathering, you'll still need to keep your spirits up."

"Of course, I believe that young master Ziyu will be able to obtain the final victory! Because no one can be more outstanding than young master Ziyu!"

The rules of the young masters 'Association had been set by the princes of the conferred kingdoms of the Dragon state. Although the ultimate goal was to choose a husband for the third Princess, it could not be ended halfway.

That would be too much of a joke.

The formation tower had been destroyed, and there were a few who hadn't cleared the trial yet. It didn't matter if they changed the rules at the last minute, but ending the young masters 'gathering early was absolutely unacceptable!

Therefore, the competition had to continue. The only thing the third Princess could do was to cheer for the person she had her eyes on!

The old eunuch quickly bowed and said, ""Then this old servant will announce the rules of the last round?"

"Head steward, you may leave!"

The third Princess waved her hand and regained her cold temperament. "Don't waste the time of the young masters "Association!"

The people around them were all speechless. You and Liu Ziyu had been joking around for so long, and now you're saying that you don't want to delay?

Alright! You're a Princess, and you're pretty. Whatever you say is right!

The old eunuch bowed respectfully and announced, ""The last round is an individual battle. It is also the last chance for the young masters to turn the tables!"

All the participants immediately perked up their ears. Each and every one of them was invigorated. How could there be a chance to turn the tables? This was great!

I've long found Liu Ziyu an eyesore. I'll kill him after I turn the tables!

This was the thought of all the young masters aside from Lin Yi.

It wasn't that Liu Ziyu himself was hated, but that he and the third Princess were chatting and flaunting their affection as if no one else was around, which could be considered to have angered the public!

Killing Liu Ziyu, marrying the third Princess ... No, marrying the third Princess-this was the consensus of everyone except Lin Yi!

The old eunuch continued to explain the rules unhurriedly,""The final competition is an individual battle! The young masters will be divided into two groups and will fight in pairs to eliminate the rest!"

"The winner can get half of the loser's points and then enter the next round of duels until the top of the group is decided! It's a battle between the top teams of the last two groups!"

"It's not over yet. the winner of the duel will have the obligation to be challenged once! all the losers can choose one to challenge the winner. the method of selection can be through battle or through discussion. of course, if all the losers think that there is no possibility of victory, they can give up!"

"if a loser challenges and wins the final victory, he can also get half of the opponent's points! however, the final ranking isn't the only criterion. it'll also be based on the performance of the previous rounds to determine the ranking. "

those who didn't have as many points as lin yi and liu ziyu were all dumbfounded-why were the rules so twisted?

they had come all the way to earn points, but in the end, points were not the only ranking standard?

ximen liuyan's expression was a little gloomy. he was currently ranked second in terms of points. as long as he could beat liu ziyu, he would definitely be first.

However, the old eunuch said that he would take into account the performance of the previous rounds. He only wanted to curse!

This was obviously a shady deal!

In terms of performance, Liu Ziyu was definitely better than everyone else, maybe even better.

If that's the case, why don't you guys just make Liu Ziyu the top scorer?

"General manager, isn't this a little unfair? Wouldn't it be better to rank directly based on points?"

A hotheaded young man who had thought it through but was unconvinced raised his doubts. The others were instantly delighted. The bird that stood out had finally come!

"No! This is the fairest method for the young masters!"

The old eunuch smiled and shook his head. "Actually, every round can be regarded as a competition with a full score of ten. I'm sure you all know how many points you'll get."

"It's the same for the final individual battles. Every additional round of elimination will add one point to each event. In the end, your points will be reduced by 100 times. The final ranking will be based on the scores of all the events!"

The eyes of Ximen liuyan and the others lit up instantly!

In that case, although Liu Ziyu still had an advantage, it was already very limited!

As long as Liu Ziyu was defeated, it should be easy for him to be overtaken!

Sima Zhongxiao, Feng Zhipeng, and the three Liu brothers immediately gathered together and whispered a few words. They instantly came to a tacit agreement to attack Liu Ziyu and Sima Zhongda with all their might!

That's right, Liu Ziyu's importance had been placed above Lin Yi 's!

They had already decided that if they encountered Liu Ziyu, they would immediately go all out.

Even if he lost, he had to make Liu Ziyu pay the price so that he would not be able to fight in his best condition in the later matches.

According to the rules, the earlier Liu Ziyu was eliminated, the better it would be. Therefore, after they reached a tacit understanding, they immediately dispersed and went to find people they were close to to discuss in secret.

Ximen liuyan was the first person to be found. As the saying goes, the enemy of an enemy is a friend.

Sima Zhongxiao and Ximen liuyan didn't have a good relationship, but they had a common enemy, so Sima Zhongxiao came over without any hesitation.

The two sides hit it off! They quickly reached a consensus!

The old eunuch hadn't even finished his sentence when an Alliance against Liu Ziyu and Lin Yi was already established!

Lin Yi's spirit sense covered the entire area, and he could see everything that Sima Zhongxiao and the others were doing, but he didn't care!

They were just some jumping clowns. No matter how much fun they were jumping around now, it wouldn't change the result!

From the moment Liu Ziyu took a fancy to the third Princess, the result was already set. The final champion could only be Liu Ziyu.

It wasn't because of the third Princess, but because this was the result Lin Yi wanted!

Chapter 7887

"Next, we'll draw lots for the groups. First, young master Liu Ziyu and young master Ximen liuyan, who are ranked in the top two, will become the seeded contestants of their two groups. The rest of the people will enter the two groups by drawing lots!"

Two large grouping battle lists were erected on the ring. First, the names of Liu Ziyu and Ximen liuyan were filled in.

Both of them had a bye in the first round, so they could directly enter the second round.

Next, the adjudicator, an Imperial Army officer, drew out the names of the others from the secret boxes that had been prepared long ago and filled them in for two groups.

Without a doubt, Lin Yi was in Ximen liuyan's group. After all, everyone knew how to operate under the table!

The old eunuch wouldn't let Lin Yi and Liu Ziyu fight in the same group after knowing their relationship. If the two wanted to fight, it would have to be in the finals!

The grouping ended quickly. Ximen liuyan shrugged at Sima Zhongxiao, indicating that there was nothing they could do to Liu Ziyu. They could only rely on them to snipe Liu Ziyu.

This was because Sima Zhongxiao and the rest were mostly in Liu Ziyu's group.

On Ximen liuyan's side, only Liu Zilan was one of the founders of the sniper Alliance. He and Ximen liuyan needed to deal with Lin Yi!

Lin Yi's lips curled up into a cold smile as he walked to the designated area with his hands behind his back.

He was waiting for his opponent in the first round to defeat Liu Zilan!

The arena would be the venue for the final battle. Because the elimination round was divided into many small venues at the same time, it was not suitable for the arena.

In the first round, only Liu Ziyu and Ximen liuyan were free to go. They did not need to fight, as the others had their own opponents.

After Lin Yi stood still, his spirit sense suddenly noticed Feng Zhipeng sneakily taking out a small bottle, hiding it in his palm and pouring out a pill. He pretended to yawn and put it in his mouth.

That bottle ... Lin Yi seemed to have some impression of it. He tried to recall and remembered that it was something Al fan gave Feng Zhipeng before he separated from Martial Master Ma and the others.

Lin Yi didn't think much of it back then-he thought it was some sort of healing item.

Now that he thought about it, it didn't seem quite right. Who would eat healing medicinal pills first for no reason? Was he sure that he would be injured the moment he went on stage?

As expected, after taking the pill, Feng Zhipeng's aura began to strengthen, and his muscles and meridians were strengthened.

Although the change in his appearance wasn't obvious, if one looked closely, one could still notice that his entire body seemed to have grown a size.

It was just that Feng Zhipeng's performance at the young masters "meeting had been lukewarm, as if he was invisible. No one paid attention to him, except Lin Yi!

Lin Yi was suspicious-this pill's effect was very familiar!

It was very similar to something produced by a certain organization!

Could it be ...?

When Al fan first came to the sword spring sect, he had a few words with Martial Master Ma. After that, Martial Master Ma started to help him. Then, Al fan got together with Feng Zhipeng.

So the key person was Al fan?

Lin Yi rubbed his chin subconsciously, thinking that he'd have to do a proper check later.

At this time, Liu Zilan was already standing in front of Lin Yi, her face full of anxiety.

Although he was one of the founders of the sniper Alliance, his legs still felt weak when he really had to face Lin Yi.

Full power? Would it work after the outburst?

Liu Zilan's mind went through a thousand twists and turns, but Lin Yi still put Feng Zhipeng aside first and hooked his finger at Liu Zilan.

"Come on, I'll let you make the first move. Otherwise, you won't even have the chance to make a move and you'll be dissatisfied with your loss!"

"Sima Zhong da, don't be too arrogant! Do you really think you're invincible?"

Liu Zilan felt humiliated. She mustered her courage and shouted, unleashing her strongest martial technique with all her might.

Lin Yi's lips curled up.

Are you alright? He just didn't want to waste time.

I still have to pay attention to Feng Zhipeng's performance. Where would I find the time to play house with you guys?

Lin Yi's butterfly steps were light and graceful as he appeared behind Liu Zilan. Liu Zilan, on the other hand, was like a boorish man, foolishly rushing over her head.

Lin Yi lifted his foot and casually kicked Liu Zilan's butt, leaving a huge footprint!

"Aaaaah~~"

Liu Zilan was already extremely nervous, and Lin Yi's sudden kick sent her flying into the air, leaving behind a series of screams as she landed on the edge of the arena!

"Sima Zhong da wins!"

Liu Zilan was so embarrassed that she refused to get up from the ground.

This was too much of a bully. You said you would let me make the first move, so at least let me complete a martial art technique!

He had just made an opening move and kicked the person away, what kind of first move was this?

Unfortunately, no one cared about what Liu Zilan, the loser, thought. No one even cared if he was dead or not, lying on the ground.

After all, if he died, his two brothers could help him collect the body ...

After Lin Yi kicked Liu Zilan away, he turned his attention to Feng Zhipeng.

After taking the pill, Feng Zhipeng's strength increased greatly. His opponent was originally on par with him, but now he was completely crushed and had no way to fight back.

Feng Zhipeng, on the other hand, still had some energy left, as if he was adapting to the changes brought about by his new power!

Lin Yi nodded silently. Feng Zhipeng did have some brains.

If the pill was taken at a critical moment and then suddenly exploded, it could catch the enemy off guard, but it might not be a good thing to gain a powerful force beyond control in the battle.

If he didn't control it well, he might be hurt instead. It was like a baby holding a knife. It was hard to say whether he would hurt others or himself first.

Right now, it seemed like he had revealed his strength in advance, but as he became more familiar with and controlled his strength, he would be able to display his best combat power in battle!

"Ziyu, if you meet Feng Zhipeng, don't be careless!"

Lin Yi glanced at the match table and used his spirit sense to warn Liu Ziyu, "He's not showing his full strength now. If we're not careful, we might be killed by him in seconds!"

If there were no accidents, the two would meet in the group finals.

Lin Yi wasn't planning on using his consciousness to help Liu Ziyu take care of his opponent. It wouldn't be good for his growth.

however, there were only benefits and no harm in giving pointers during battle. it could allow liu ziyu to grow up faster.

it was because of this that lin yi had to remind liu ziyu to be careful of feng zhipeng.

if liu ziyu was careless and didn't turn lin yi's advice into action in time, he might lose.

Liu Ziyu heard Lin Yi's voice and looked at Feng Zhipeng's battle field. He turned to Lin Yi and nodded seriously, indicating that he would be careful.

The first round ended quickly and half of the people were eliminated. Their journey in the young masters Guild was basically over.

Although there was still a segment where the loser would challenge the final winner, it probably had little to do with them.

Chapter 7888

Those who were eliminated in the first round would only be the ones being represented.

In the second round, Lin Yi's opponent was a general who was a bit stronger than Liu Zilan. They didn't have any grudges against each other.

"Young master Zhong da, please enlighten me!"

The general was quite polite-he gave Lin Yi a martial Dao salute before the fight started, a very formal one.

Lin Yi returned the gesture-he couldn't be impolite, after all. The two then got into a fighting stance and started fighting.

This person was different from Liu Zilan-Lin Yi gave him face and only defeated him after twenty rounds!

On the other side, Feng Zhipeng's control of his strength had improved a lot. He finished off his opponent faster than Lin Yi and entered the next round.

Liu Ziyu's performance wasn't bad either-Lin Yi had been paying attention to him, but didn't give him any pointers.

Liu Ziyu was now completely relying on his own strength to defeat his opponent and advance.

The time he used was about the same as Feng Zhipeng, but he was faster than Lin Yi.

In the third round, Liu Ziyu was going to face one of the founders of the sniper Alliance, his former cousin in name, Chenchen Liu Zimei!

Lin Yi's opponents ... Were random people he didn't even bother to remember their names.

"Liu Zimei, aren't you going to say something?"

Liu Ziyu looked at Liu Zimei, who was in a battle stance, and was a little surprised.

Previously, whenever they met, Liu Zimei would always sneer at them. What was going on this time? Did he change?

"I have nothing to say to you. Let's fight!"

Liu Zimei's face was cold, and she looked like she was unwilling to say a word.

It wasn't that he didn't want to mock Liu Ziyu, but he didn't dare to!

The third Princess was obviously paying attention to Liu Ziyu. At this moment, he was ridiculing Liu Ziyu. It would be fine if he could defeat Liu Ziyu in a handsome manner, but he could also leave a good impression on the third Princess.

But if he couldn't beat them ... That would be extremely embarrassing.

The third Princess would definitely bear a grudge against a useless person like Yingluo for mocking and ridiculing Liu Ziyu when she couldn't beat him. She was looking for death!

"Then let's fight!"

Liu Ziyu nodded slightly. He had nothing to say to Liu Zimei. They would just go up and do it!

The two of them activated berserk mode and fought fiercely.

To be honest, Liu Zimei did have some ability. Compared to Liu Ziyu, she was much more powerful.

But Liu Ziyu had been with Lin Yi for a while now, receiving Lin Yi's guidance and improving his combat strength.

Lin Yi hadn't even helped him yet, and he was already on par with Liu Zimei.

Liu Zimei was getting more and more excited as she fought. She could not help but laugh out loud. "Liu Ziyu, is this all you've got? I thought you were powerful, but in the end, you're just a silver spearhead, good to look at but useless!"

Liu Ziyu's strength was much stronger than it was now, but that was because he had Lin Yi's help. Liu Zimei's heart was heavy before the battle, and she had overestimated Liu Ziyu.

After they really started fighting, they realized that although it wasn't easy to win, it wasn't easy to lose either!

"I'm not that powerful. I'm just more than enough to deal with you!"

Liu Ziyu retorted sarcastically. The two of them were evenly matched in combat, so they had the spare time to bicker in the battle.

"Then let me see how you can deal with me!"

Liu Zimei laughed out loud and increased the power of her attack, erupting with a wave of violent attacks, temporarily suppressing Liu Ziyu.

Liu Ziyu wasn't panicking at all-Lin Yi had already started guiding him.

Fighting someone of similar strength was the best chance to level up, and Lin Yi couldn't miss it.

"Ziyu, it wasn't the best choice for you to take a step back just now. You would have lost the initiative!
"You can take a step to the left and then attack Liu Zimei's ribs. Although you can't decide the outcome with one strike, you can interrupt his attacking rhythm and seize the initiative, then counterattack ..."

"The timing of this head-on clash was not right. Although it delayed his combo, it also disrupted your own rhythm ..."

Lin Yi kept pointing out Liu Ziyu's shortcomings and areas that needed improvement.

Divine sense voice transmission took almost no time, and Liu Ziyu didn't need to split his attention. All of this was just like the thoughts in his mind.

From the looks of it, Liu Ziyu seemed to be suppressed by Liu Zimei, but the actual situation was that Liu Ziyu had already grown at an astonishing rate in a short period of time.

Lin Yi didn't teach him how to attack Liu Zimei directly, but used a way to summarize his experience and improve Liu Ziyu's fighting instincts.

After being suppressed by Liu Zimei for nearly three minutes, Liu Ziyu started to counterattack after continuously verifying Lin Yi's instructions.

As a result, each of his attacks perfectly interrupted Liu Zimei's rhythm, while he himself became more and more smooth.

Liu Zimei suddenly felt very uncomfortable. No matter how she fought, it was as if she had fallen into a quagmire.

Martial arts techniques couldn't be used smoothly, and many times, they had to change moves midway. After changing moves, they were forced to change moves again. It was so uncomfortable that they wanted to vomit blood!

At this time, Liu Zimei realized that even if she wanted to go all out, it was impossible for her to die together with Liu Ziyu!

If they continued to fight, the situation would only get worse and worse. In the end, he would be completely suppressed by Liu Ziyu!

Why was it like this?

Liu Zimei was at a loss. Liu Ziyu's strength had clearly not increased, but he was able to turn from being suppressed to suppressing her. What exactly had happened?

Liu Ziyu, of course, wouldn't tell him what had happened. The difference between the two of them was only a single pointer from Lin Yi!

As a result, Liu Zimei, the leader of the sniper Alliance, was in a state of confusion. He did not even have the chance to unleash his sniping ability before he was sniped by his target!

No one seemed to be surprised by this result. Before the two of them started fighting, everyone had thought that Liu Ziyu would win!

Ximen liuyan, Sima Zhongxiao, Feng Zhipeng, and the others had finished their own battles long ago. They were all paying attention to the battle between the two Liu 's, but in the end, they all cursed in their hearts."Trash!"

They did not expect Liu Zimei to be able to eliminate Liu Ziyu, but at the very least, they could fight a little more miserably and properly exhaust Liu Ziyu's stamina!

That way, he would have a huge advantage when he met Liu Ziyu later on.

And the result? The two of them seemed to be fighting quite intensely, but Liu Ziyu's face did not turn red after the fight, and he was not even panting. He did not seem to have expended much energy at all!

The elimination round was a continuous battle with no time for rest. There would only be a little time for rest if the opponent in the next round had not been decided yet.

As Liu Ziyu's match had ended rather late, his opponent was already waiting for him.

However, Liu Ziyu's current condition was perfect, so he easily defeated his opponent and advanced again!

The competition progressed extremely quickly, and soon, both groups reached the finals.

Chapter 7889

On one side, it was Liu Ziyu against Feng Zhipeng, and on the other, it was Lin Yi against Ximen liuyan!

It was expected that the top three in the rankings would all advance.

On the other hand, Feng Zhipeng did not show his abilities before, but he overcame all the obstacles and won so easily that everyone was surprised.

The two groups faced each other, not in a hurry to make a move.

Ximen liuyan gave a mysterious smile and nodded at Lin Yi, "Sima Zhong da, you truly are a decent opponent. You are worthy of this young master's full strength! This time, this young master will bring out his trump card and make you accept your loss!"

"Oh ..."

Lin Yi replied with a blank expression, and then there was no more.

Ximen liuyan's mouth twitched. 'Shouldn't you be asking me what trump card I'm using now?'

At the very least, there should be some bewilderment on his face, or curiosity and desire to explore, right?

What the hell is "Oh"? Can't you show some respect to your opponent?

"Sima Zhong da, don't be too arrogant! Do you really think you're so powerful that you can ignore everyone in the world? Do you believe that this young master will make you lose very badly?"

Ximen liuyan was secretly embarrassed and angry, so she said some harsh words!

"Ha ..."

Lin Yi's face was still as poker as ever. The corner of his mouth only twitched a little as a response to Ximen liuyan's joke.

That's right, from Lin Yi's point of view, Ximen liuyan was telling a joke!

It might be difficult to ignore everyone in the world, but it was no problem for Lin Yi to ignore a mere Ximen liuyan!

Ximen liuyan almost went crazy with anger. "Oh, and you're laughing again?"

Ha, your mother!

There should be a limit to looking down on others, you bastard!

On this side, Ximen liuyan was about to go berserk, and on the other side, Feng Zhipeng was about the same.

Liu Ziyu subconsciously wanted to imitate Lin Yi's style, and so he'd been paying attention to Lin Yi's side.

Liu Ziyu didn't pay attention to Feng Zhipeng's arrogant words and replied with an "Oh" like Lin Yi.

Feng Zhipeng continued to threaten Liu Ziyu, but Liu Ziyu still didn't pay attention to what he said and mimicked Lin Yi's "ah" sound.

Feng Zhipeng wanted to say ... F * ck!

Indeed, one is marked by the company one keeps!

This Liu Ziyu was exactly the same as Sima Zhongda, both of them were so annoying!

She really wanted to immediately press his hateful face to the ground and rub it!

"Liu Ziyu, let's start! It's been hard on you to keep your points until now! I'll accept it without any hesitation!"

Feng Zhipeng gave himself a way out. Without waiting for Liu Ziyu's reply, he immediately rushed over.

It would be too embarrassing if Liu Ziyu responded with 'Oh' and 'ha'!

At the same time, Ximen liuyan couldn't help but charge at Lin Yi.

Liu Ziyu couldn't help but sigh in his heart. Cousin Zhong da was indeed amazing. Without making a sound or expression, he had provoked the enemy to the point of losing their rationality.

It was much easier to deal with an angry enemy like this!

Cousin Zhong da is mighty!

Lin Yi didn't know what Liu Ziyu was thinking. He just didn't want to bother with Ximen liuyan. He didn't even think about psychological warfare.

Was there a need for such high-level challenges to deal with someone like Ximen liuyan? What a joke!

Facing Ximen liuyan's charge, what Lin Yi needed to think about was whether he should finish her off in one move or fight a few more moves to show that he wasn't that strong.

After thinking about it, Lin Yi decided that it was better to deal with it in one move, so that he wouldn't get annoyed just by looking at Ximen liuyan's face!

Lin Yi's body moved nimbly as he dodged the attack with the graceful butterfly steps under his feet. He then kicked Ximen liuyan's butt.

Liu Zilan, who was watching the battle from the side, suddenly clenched her buttocks as she recalled the humiliating and painful experience just now!

However, seeing that someone was about to experience the same thing as her, Liu Zilan was actually filled with anticipation and excitement!

Unfortunately, Lin Yi's kick didn't make Ximen liuyan fly away!

"Eh?"

Lin Yi was surprised as well. His foot did hit the target, but Ximen liuyan's entire body turned illusory!

The kick sank into his shadow and did not cause any damage.

To be exact, this move was like Lin Yi's essence spirit turning illusory-it was completely immune to physical attacks!

If it wasn't for the fact that his spirit sense was locked onto her, Lin Yi would have suspected that Ximen liuyan was using a martial skill similar to the three appearances of cloud and Dragon.

However, the truth was that this illusory Ximen liuyan was his real body!

Interesting!

Lin Yi raised an eyebrow as he continued his chain of kicks. He didn't care if the guy was immune to physical attacks-he'd give him at least a hundred kicks!

Ximen liuyan's face was already filled with pride, not expecting Lin Yi's attacks to be so continuous. He couldn't block it at all!

If it wasn't for the fact that he'd turned illusory, he'd probably be a pig-head already.

Even his mother wouldn't be able to recognize him if he went home!

In the blink of an eye, Ximen liuyan's expression turned extremely ugly.

It was not his own ability to turn his body into a void, but he had borrowed a life-saving secret treasure passed down in his family!

Previously, he was able to reach the ninth floor because of this artifact.

He had passed the test on the eighth floor with his invisible body and immunity to physical attacks.

However, this secret treasure wasn't always effective. If the attack intensity was too high or the duration of the effect was too long, it would immediately lose its effect.

However, if he wanted to use it again, he would have to wait for a cooldown period.

Ximen liuyan was immediately eliminated after entering the ninth floor because this heirloom had entered a cooldown period.

And it just so happened that he could use it again in his fight with Lin Yi.

With this life-saving trump card, Ximen liuyan felt that she would definitely win.

But he didn't expect Lin Yi's attacks to be so concentrated that it was beyond the artifact's tolerance!

Most importantly, even though Ximen liuyan was immune to all the attacks, she still could not find a chance to counterattack ...

What to do? What to do?

Ximen liuyan was panicking, but Lin Yi didn't give him the chance to think of what to do. Lin Yi's series of attacks directly broke the treasure's limit!

From the beginning to the end, his void-form actually only lasted for less than five seconds!

Lin Yi's fist felt real and he immediately stopped his attack. He walked around Ximen liuyan with butterfly steps and kicked her butt.

This time, there was no accident. Ximen liuyan was sent flying, leaving behind a series of screams in the air. He fell to the edge of the martial arts practice field.

Lin Yi's lips curled up as he retracted his foot.

The script was set to kick the opponent like this, so he had to follow the script and couldn't change it casually!

Although there was an accident, it was only a waste of five seconds, so it was not a big deal!

After taking care of Ximen liuyan, not only Lin Yi, but the others also didn't have the time to marvel at the speed of the battle. They all turned their attention to the battle between Liu Ziyu and Feng Zhipeng.

Chapter 7890

Liu Ziyu was the genius who ranked first in points and was favored by the third Princess. Feng Zhipeng, on the other hand, was a Dark Horse who overcame all the obstacles and entered the finals with an irresistible force.

There were more people who paid attention to the battle between the two, so not many people actually saw Lin Yi defeat Ximen liuyan.

At this time, Liu Ziyu and Feng Zhipeng were already going all out, and the battle was extremely intense.

It wasn't as quick as Lin Yi's fight, but it was still a close call-he could've been eliminated in one hit.

In terms of strength, Feng Zhipeng was obviously stronger after taking the medicine, especially after a few rounds of familiarization in the early stages. He could already fully control the newly increased strength and perfectly display it!

If it wasn't for the fact that Liu Ziyu's combat awareness had improved by leaps and bounds under Lin Yi's guidance, he might not even be able to take one hit from Feng Zhipeng!

"Liu Ziyu, aren't you very powerful? Why did he only know how to hide? You don't dare to fight me face to face?"

Feng Zhipeng laughed out loud.

Although he could not do anything to Liu Ziyu for the time being, he could already sense that there was a huge gap between their strength. It would not be difficult for him to completely crush Liu Ziyu.

As long as he maintained his current state, Liu Ziyu would be unable to hold on sooner or later!

"I'm just giving you a chance to show off your martial arts. After all, you and I are both from Hongshang Commandery. I have to give you some face!"

Liu Ziyu revealed a disdainful smile. He was not flustered, but rather, he was at ease. "If you can't wait, I can send you away earlier!"

The only reason he had the confidence to say this was because Lin Yi's divine sense had already reached him!

"Ziyu, you have to fight well against Feng Zhipeng. You have to win gloriously. From now on, do as I say!"

Lin Yi was very concerned about Feng Zhipeng's medicine, so he put in a little more effort in guiding Liu Ziyu, ""Turn sideways, take half a step to the left with your right foot, and use 60% of your strength to cut the height of your front waist!"

The speed of the divine sense was extremely fast-Liu Ziyu had always listened to Lin Yi, so he didn't even need that warning. He reacted immediately after hearing the detailed instructions.

At this moment, he was only attacking the air. Feng Zhipeng was still on the other side, and it was completely the opposite direction.

However, something magical happened. Feng Zhipeng was clearly a mass of air when he attacked, but when the hand knife fell, Feng Zhipeng actually just turned around!

It was as if Feng Zhipeng had personally delivered his waist to the hand knife attack!

Feng Zhipeng's shock was no small matter. If he was hit by Liu Ziyu, there would be an obvious delay in his movements!

In a battle between experts, the difference of a few millimeters could result in a great loss!

A tiny flaw could lead to a landslide defeat, much less an obvious stagnation.

In the nick of time, Feng Zhipeng twisted his body forcefully, and the bone armor on his body made a creaking sound that made one's teeth ache.

With great difficulty, he managed to stop his body and avoid Liu Ziyu's hand knife attack.

"Backhand, go up and hit hard!"

Lin Yi's voice was calm, as if he'd expected Feng Zhipeng's reaction, so he only asked Liu Ziyu to use 60% of his strength.

All of this was for this full-force strike!

Liu Ziyu did as he was told without hesitation. Poor Feng Zhipeng barely managed to Dodge the hand knife just now. Although his waist was not hit, his body was still inevitably stiff!

Although it was much better than being hit, this stun was also a huge flaw.

Hence, when Liu Ziyu waved his hand, Feng Zhipeng could only watch as the palm quickly grew bigger in his eyes, and then it came into close contact with his cheek.

With the crisp sound of a slap, Feng Zhipeng's entire body flew up.

Feng Zhipeng was in the middle of the air, trying his best to control his body and prepare for a counterattack!

Unfortunately, Liu Ziyu would not give him the chance to counterattack. In a flash, he had already appeared behind Feng Zhipeng!

He raised his hand and grabbed Feng Zhipeng's left ankle that was in the air. He swung his hand with force, lifted Feng Zhipeng's body, and smashed it heavily on the ground.

Feng Zhipeng was a little dumbfounded. Why was the plot completely different from what he had expected? This wasn't right!

Before he could figure it out, his body was lifted up again and slammed hard on the ground on the other side!

Liu Ziyu followed Lin Yi's instructions and pinched Feng Zhipeng's meridians, causing half of his body to go numb. He couldn't react effectively at all and could only be smashed to the ground like a sandbag.

"Something's wrong! This isn't right!"

Feng Zhipeng suddenly shouted. His body had been strengthened by drugs and was extremely strong. This kind of blow was not enough to hurt his Foundation. It only made him a little dusty and dirty.

When he hit the ground again, he suddenly thrust his numb palm into the ground, penetrating the hard bluestone as if it was tofu.

Then, he bent and closed his five fingers, firmly fixing his body on the ground, not allowing Liu Ziyu to continue hitting him!

Liu Ziyu shook it but it didn't move, so he didn't force it. Anyway, he had already flirted so many times, it was time to change it!

He lifted his arm and grabbed Feng Zhipeng's ankle, making him look like he was standing upside down, revealing his arm that was grabbing the ground.

Then, Liu Ziyu's right foot kicked three times in a row at lightning speed.

The first time he kicked Feng Zhipeng's armpit, no matter how strong his body was, it was still a weak point. Feng Zhipeng's arm was sore, and he could not help but let go of his fingers.

At this time, Liu Ziyu's second kick landed on Feng Zhipeng's shoulder. As a result, his entire arm was extremely numb, and he could no longer hold on to the ground to stabilize his body.

Lin Yi's spirit sense continued to guide him-Liu Ziyu's third kick wasn't anything special, it was just a kick that sent someone flying into the sky!

The kind that went straight up and down!

It wasn't time to decide the winner yet!

Liu Ziyu raised his head and looked at Feng Zhipeng, who was flying in the air. When he fell from the top, he stomped his feet and his body rose from the ground, appearing in mid-air like lightning.

When he crossed paths with Feng Zhipeng, Liu Ziyu threw out a punch and a kick!

After a series of attacks that were like a storm, Feng Zhipeng's falling speed seemed to have stopped. His entire body was shaking and twitching in the air.

Every time Liu Ziyu made a move, he could use the momentum to continue floating in the air for a short period of time, surrounding Feng Zhipeng and attacking him madly.

This scene of hitting a sandbag in the air was really gorgeous.

The people below looked up at their leader with their mouths wide open. They had never thought that people without the ability to fly could do this.

Isn't this too difficult?

Liu Ziyu couldn't do this on his own, but with Lin Yi's spiritual sense guiding him, he could succeed in one try.

Unfortunately, they still couldn't hold on for long. After six or seven seconds in the air, the two of them began to fall faster.

the difference was that liu ziyu's figure was elegant and graceful, floating out of the dust as he landed on the ground calmly. on the other hand, feng zhipeng crashed into the ground like a meteorite.

fortunately, feng zhipeng had been smashed to the ground many times, and he had gotten used to it.
