

Bodyguard 7891

Chapter 7891 The Power Of The Devil

although it was a little heavier this time, the feeling of intimacy with the ground was still there!

pei pei pei! to hell with the intimacy!

feng zhipeng was so angry that he was about to go crazy. he roared and jumped up from the ground.

however, that burst of critical hits wasn't just for show. liu ziyu followed lin yi's guidance and basically aimed at feng zhipeng's meridians.

to sum it up, it was dark!

on the surface, it didn't look like much of an injury, but his muscles and meridians had already suffered quite a bit of damage.

therefore, feng zhipeng's legs went soft when he landed after he jumped up, and he fell back down again!

Dear Earth! We F * cking meet again!

"Feng Zhipeng, stop struggling! If it weren't for the fact that we're both from Hongshang Commandery, you wouldn't even be able to stand up now!"

Liu Ziyu mimicked Lin Yi's posture, his hands behind his waist and his eyes lowered, looking down at Feng Zhipeng.

Feng Zhipeng was furious. 'I'm lying on the ground!' Was this considered standing up? He didn't even stand up, okay?

Liu Ziyu also felt that what he said was a little wrong, but it didn't matter. He didn't need to care about such small details. ""You should just admit defeat. I don't want to kill you either!"

"I'm going to kill you!"

Initially, Feng Zhipeng was also hesitating whether to give up or not. However, after being provoked by Liu Ziyu, the anger in his heart suddenly surged up. He gritted his teeth and jumped up from the ground, wanting to continue charging toward Liu Ziyu.

The corner of Liu Ziyu's mouth curled up. If Feng Zhipeng had been lying on the ground, it would have been difficult for him to make a move. Now, since Feng Zhipeng was not willing to give up, he would continue!

After another round of beating, Liu Ziyu's hair was not even messed up, while Feng Zhipeng returned to his kind embrace with a bloody nose and a swollen face.

The surrounding spectators felt sorry for Feng Zhipeng. If they were in his position, they would have surrendered long ago!

"Young master Ziyu is indeed powerful, and he knows what he's doing. Feng Zhipeng looks quite miserable, but he's actually not injured. As expected, we're from the same country. Young master Ziyu has shown mercy!"

"That's right. This Feng Zhipeng doesn't know what's good for him. It's obvious that he can't beat the other party, but he still wants to humiliate himself. What a waste of time!"

"In my opinion, young master Ziyu should have been ruthless and severely injured Feng Zhipeng. This kind of person who doesn't know his own place should be taught a lesson!"

Those who spoke were those who were more neutral or those who wanted to get close to Liu Ziyu. Those who didn't speak, such as Sima Zhongxiao and Liu Zimei, actually had similar thoughts.

The sniper Alliance had basically failed. Their last hope, Feng Zhipeng, had been beaten like a dead dog. What else could they hope for?

However, Feng Zhipeng was not convinced!

However, he clearly felt that he wasn't seriously injured, but his whole body was weak, and it was difficult for him to even get up.

Lin Yi pinched his chin as he pondered. He passed Liu Ziyu's test, and the pill Feng Zhipeng took didn't seem to be particularly strong.

If it was really a mature technological product from central, it shouldn't be so weak.

Could it be because true energy couldn't be used on the sub-Island, so this was only a low-end drug that purely strengthened the body?

Feng Zhipeng was probably just a lab rat. Unless he had the support of subsequent potions, his achievements would end here.

"Liu Ziyu wins!"

The judging Imperial Army officer couldn't stand it anymore. Seeing that Feng Zhipeng couldn't stand up after struggling for a while, he immediately announced the result of the battle.

After all, the third Princess was still there watching. It was normal for people she cared about to receive a little preferential treatment!

the third princess's eyes were curved, and she seemed to be very happy.

just now, liu ziyu's performance was very outstanding, especially his graceful and confident posture. he was really too handsome!

petite? hehe!

at that moment, in the third princess's eyes, liu ziyu was a tall and mighty figure. no one present could compare to him!

when liu ziyu heard the results, he first smiled and thanked the judge, then turned to the third princess and cupped his fists from a distance.

no matter how the third princess looked at liu ziyu, she was so happy. such a simple action made her blush and her heart beat faster.

was this the feeling of spring?

"Young master Ziyu and young master Zhong da, please come on stage for the final battle!"

The old eunuch announced with a smile.

These two were people he had high hopes for, and the facts proved that his old eyes were not dim-sighted, and his vision was very sharp!

Lin Yi smiled as he went up the stage, and Liu Ziyu hesitated for a moment before following him.

Lin Yi did say that he'd help him achieve his goal, but he still felt a little uncomfortable when he was face to face with him.

After all, he'd relied on Lin Yi's support all this time to reach his current height!

All the glory was given to him by Lin Yi, so he naturally didn't have any desire to fight Lin Yi.

"Cousin Zhong da ..."

"Ziyu, don't think too much about it. We haven't really had a good sparring session before. Today's opportunity is rare, don't miss it!"

Lin Yi smiled and waved his hand, interrupting Liu Ziyu's words. He then gave Liu Ziyu a very formal martial arts salute!

Liu Ziyu was speechless. What sparring?

All of his combat experience came from Lin Yi's pointers, and he wanted to spar with him?

Liu Ziyu felt that he might not even be qualified even if he practiced for another ten years or so.

Liu Ziyu didn't dare to be arrogant after seeing Lin Yi's bow, and quickly returned it with respect.

Then, the two of them got into a fighting stance and prepared to fight.

"Ziyu, relax. We're just having a simple spar. You're now the face of Hongshang Commandery. We'll fight well, but you must win in the end!"

Lin Yi said through His Spirit sense. His words were simple and direct, "Let's begin!"

Lin Yi knew that Liu Ziyu was too embarrassed to make the first move, so he didn't waste any time and activated his skill.

The sword spring sect's martial arts techniques, which were more gorgeous but not very powerful, were his first choice.

Liu Ziyu didn't dare to waste any more time-he quickly gathered his energy to fight Lin Yi.

The two of them went back and forth, looking very intense, but in fact, it couldn't even be considered as stopping.

Everything was under Lin Yi's control. It was more like a coaching match than a spar!

Lin Yi's divine sense didn't stop, imparting all sorts of combat techniques and consciousnesses to Liu Ziyu!

Liu Ziyu was very happy with the beating and learning, and he was very grateful to Lin Yi.

The audience below the ring was dazzled. They felt that these two were indeed worthy of being the final players. They were indeed powerful!

The speed of the battle on the stage was extremely fast. In the midst of exchanging blows, three hundred rounds of great battle had already been fought very quickly.

Lin Yi felt that the act was about to end here, and there wasn't much point in continuing. He intentionally revealed a small opening, leading Liu Ziyu to attack that point.

Chapter 7892

lin yi pretended that he couldn't dodge in time and met liu ziyu's palm with his.

he wasn't able to exert enough strength, and took a few steps back.

lin yi, on the other hand, was already at the edge of the stage-he'd fall off the stage if he took another four or five steps back.

of course, lin yi didn't fall off the stage on purpose like feng zhipeng did.

in the air, he naturally turned a circle and then stood firmly on the ground. his posture was still very elegant.

"ziyu, you're amazing! i'm impressed!"

Lin Yi smiled and cupped his fists, turning to Liu Ziyu."Congratulations, you're fully deserving of the first place!"

Liu Ziyu thought to himself,'I'm ashamed of myself!'

In order to help me succeed, cousin Zhong da didn't even care about his own reputation.

"Cousin Zhong da, you let me win!"

These words were definitely from the bottom of his heart and not simply out of courtesy!

Sima Zhongxiao, Feng Zhipeng, and the others secretly pouted.

They knew how strong Lin Yi and Liu Ziyu were, and they wouldn't believe it if Lin Yi said he didn't!

But they couldn't say anything now, because Lin Yi and Liu Ziyu's acting was too good!

The teaching match was so intense and brilliant that no one would believe it if someone said that it was fraud.

The third Princess saw the result she wanted and jumped for joy in the carriage. She immediately regained her reserved look and quietly left the martial arts practice field.

She had already decided on the Prince Consort she wanted, so she wanted to pretend to avoid suspicion, so she left with her men first!

As for the last challenge, she didn't even bother to watch it.

They were all losers, so how could they defeat the young hero that she had taken a fancy to?

The old eunuch was relieved to see the third Princess leave.

This young master was not easy to serve. Even if he was the chief of the inner palace, he still had to deal with him carefully.

Fortunately, she was in a good mood today and did not cause any trouble. Speaking of which, she had to thank Liu Ziyu!

This young man is not bad. He might be able to subdue the third Princess in the future.

Well, it was just a possibility. There was a high chance that he would be subdued by the third Princess ... But it didn't matter, the effect would be similar.

"The winner has been decided. The loser has a chance to challenge the winner. You can choose your own candidates or compete among yourselves!"

The old eunuch didn't think that anyone would challenge Liu Ziyu. After all, everyone had witnessed the previous battle. If one didn't have the strength, they would only be looking for trouble if they stood out.

However, there were always people who were unconvinced and felt that they might not lose to Liu Ziyu!

In addition, Liu Ziyu's condition was definitely not as good as when he was at his peak. If he took advantage of this opportunity, he might be able to turn the tables.

"I want to challenge him!"

"I'll ..."

"all of you, get out of the way. let me do it!"

.....

in the blink of an eye, four to five people came out, one of them was ximen liuyan, who had been kicked away by lin yi in five seconds.

this guy's life-saving trump card was most likely out of cooldown again, and he felt that he had a chance to use this trump card to deal with liu ziyu, so he jumped around more than anyone else.

it was true that he lost to lin yi, but after experiencing the battle with lin yi himself, he was very clear.

lin yi and liu ziyu's fight just now was so intense, and it sounded like they were going to fight for three hundred rounds, but in reality, the intensity of the fight couldn't even compare to his five-second fight with lin yi!

from this, it could be inferred that liu ziyu's strength was only average!

There's hope! Dry!

Seeing that Ximen liuyan had stepped forward, the few people who had wanted to challenge her hesitated.

If he were to fight with Ximen liuyan, wouldn't Liu Ziyu benefit from it in the end?

"Everyone, I believe that young master Ximen liuyan has the ability to challenge Liu Ziyu. We are all losers and only have one chance. Therefore, we should not be an obstacle to young master Ximen!"

Sima Zhong Xiao stood out and shouted, ""Let's not waste any more time. Let young master Ximen liuyan take the challenge! If he wins, it will be the glory of all of us who have been eliminated. This means that the strongest person might not be the one standing at the end. That person might just be lucky!"

The people present were all smart people and naturally understood what Sima Zhongxiao meant.

If the losers couldn't reach a consensus and had to fight each other, they would only give Liu Ziyu time to rest.

The final challenger would probably be exhausted. Against Liu Ziyu, who was well-rested, he would definitely lose more than win.

Only by immediately sending Ximen liuyan to challenge Liu Ziyu would they be able to take advantage of Liu Ziyu's exhaustion from the consecutive battles and defeat him in his best state!

Everyone thought about it and felt that this was indeed the case.

Although it would not benefit them if Ximen liuyan won, they could not bear to see Liu Ziyu become the winner and the man who was favored by the beautiful third Princess. He would always have a mocking aura!

"I agree with young master Xi men!"

"I also agree ..."

"I agree!"

.....

Some people took the lead, and others followed.

Out of herd mentality, most people quickly expressed their approval, while a small number of people forfeited.

In the end, Lin Yi was the only one who didn't say anything.

Ximen liuyan and the others instinctively ignored Lin Yi. After all, Lin Yi had just "lost" to Liu Ziyu, and under normal circumstances, he wouldn't challenge him again.

"Liu Ziyu, I want to challenge you!"

Ximen liuyan was very proud of himself. It was already a very glorious thing to be able to get the support of others!

Therefore, he laughed happily and shouted loudly.

Lin Yi appeared on his path, picking his ear lazily. "Did you ask me? Am I not the loser?"

We're all people who have been eliminated, so who are you looking down on?

Ximen liuyan was furious. "What's so great about the loser?"

[Look at you, talking as if it's a great honor. Can you have some shame?]

"Sima Zhongda, don't mess things up. You just lost to Liu Ziyu ..."

"Yeah, I lost to Liu Ziyu! That's why I'm not convinced! That's why I'm going to challenge him again!"

Lin Yi shrugged and made a face of indignation, as if losing to Liu Ziyu was the worst thing he could do!

Sima Zhongxiao, Feng Zhipeng, and the others were all speechless. They thought to themselves, "don't you know what happened when you lost to Liu Ziyu?"

Do you think we're blind?

Still F * cking unconvinced? what the f * ck are you unconvinced for! We didn't even say we were unconvinced!

The corners of Ximen liuyan's mouth twitched. She turned to look at the old eunuch in the ring, hoping that he would stand up and speak for her.

The old eunuch rolled his eyes and looked at the White clouds in the sky. He began to wonder why the weather was so good today. The clouds made him feel very relaxed, and the breeze was blowing gently, making him feel comfortable.

As for Lin Yi challenging Liu Ziyu, what was the problem?

There was nothing wrong with wanting to challenge again after losing! Just now, he was just defeated!

Who knows, maybe he would win the second challenge?

Chapter 7893

Of course, the old eunuch's eyes were sharp, and he knew exactly what happened in the fight between Lin Yi and Liu Ziyu.

And so, he wasn't worried at all that Lin Yi would challenge Liu Ziyu.

He knew that Lin Yi was only acting as a shield for Liu Ziyu.

Such a good cousin ... The old eunuch expressed that he wanted to have a dozen too!

Ximen liuyan's chest felt heavy, and her head hurt. It was impossible for her to continue challenging Liu Ziyu, unless he could beat Lin Yi.

Could he beat Lin Yi?

When she thought of this, not only did Ximen liuyan's head hurt, but even her chrysanthemum ached!

F * ck! Sima Zhong da, do you think you're that great?

I'm not afraid of you. At most ... I won't challenge you!

"Hmph!" Ximen liuyan snorted. "Alright, I see that you're not happy about losing to Liu Ziyu. I'll give you the chance to challenge him!"

Without waiting for Lin Yi's reply, Ximen liuyan turned around and left.

He couldn't challenge Lin Yi-his Ace could only last five seconds, what the hell was he supposed to do?!

Since Ximen liuyan had already followed her heart, no one else would jump out and invite trouble.

It didn't matter if they'd fought Lin Yi before, they'd seen what he could do. Who would want to get themselves in trouble if they weren't confident?

So what if he beat Lin Yi? Liu Ziyu was still waiting!

They were at a disadvantage no matter how they looked at it, and so everyone was smart enough to wait for Lin Yi to challenge Liu Ziyu again.

Lin Yi jumped onto the stage and asked the old eunuch, "General manager, as the representative of the losers, I would like to challenge Liu Ziyu. Is that okay?"

The old eunuch, who had been studying the clouds for a long time, nodded with a smile. "No problem! Young master Zhong da will be given the only chance to challenge the victor. Do you have any objections?"

These words were just a formality to ask those who had been eliminated.

No one spoke!

Only those with bigger fists had the right to speak. If they couldn't beat someone, they could only hold back their opinions!

"Since you all agree, then it's decided!"

The old eunuch didn't expect anyone to jump out and say anything, so he continued immediately.

Ximen liuyan was filled with hatred!

Damn eunuch! There was no sincerity at all! You deserve to be a eunuch for life!

... However, since you've become a eunuch, it seems that you can only be a eunuch for the rest of your life. I curse you to continue this glorious eunuch career in your next life!

"Young master Zhong da, you can start challenging young master Ziyu now!"

The old eunuch raised his hand and then took a few steps back.

The distance of these few steps was actually not far. If they really fought, he would be easily affected.

He was sure that Lin Yi wouldn't really fight Liu Ziyu.

In fact, he was right!

Lin Yi said with regret after getting the right to challenge, "I admit defeat! I think I suffered internal injuries just now. Although I really want to challenge Ziyu, I really have no choice ... I can only wait for the next time!"

Internal injuries? Ximen liuyan almost suffered internal injuries from holding back her anger!

Sima Zhongda, isn't your excuse a little too shameless?

Even if he wanted to use his injury as an excuse, he should at least put on a more convincing act!

With such a nonchalant look, only a ghost would believe that he was injured!

Lin Yi didn't mind-Liu Ziyu had just defeated him fair and square, and it was obvious that he didn't want to challenge him. He'd just have to give him an excuse after getting the right.

It was fine as long as he could maintain his reputation as a conferred Kingdom of the Dragon state!

The old eunuch thought that it was acceptable, and announced, "Since that's the case, the ranking for this young masters" gathering has been confirmed. Liu Ziyu is in first place! The second is Sima Zhong da ..."

"General manager, please wait a moment!"

Ximen liuyan suddenly raised her hand and interrupted, "what right does Sima Zhongda have to be ranked second?" Since the last loser has admitted defeat, half of his points should be given to Liu Ziyu!"

"And before this, Sima Zhongda had already lost once and his points were halved. Now that his points have been halved again, how can he still be ranked second?"

Ximen liuyan had already thought it through. Liu Ziyu's Ascension to the top was unstoppable. Since that was the case, it did not matter if he had more points!

Right now, the best choice was to seize the opportunity to drag Sima Zhongda down.

According to the rules, Lin Yi had lost to Liu Ziyu twice, so three-quarters of his points should have been transferred to Liu Ziyu!

As for the remaining quarter, no matter how you looked at it, it was not enough to be ranked second!

"Young master Xi men's calculation skills are not bad, but there is one mistake!"

The old eunuch waved his hand with a smile. ""Young master Zhong da will represent all of the people who were eliminated in the battle, so the points of his defeat will not only be deducted from him alone!"

"although young master zhong da will have half of his points deducted, the rest of you will also have half of your points deducted! therefore, the final result is that young master ziyu's points have increased greatly, while every young master, including young master zhong da, only has half of their points left!"

the old eunuch didn't need to finish his sentence. everyone could understand.

the drop rate would be the same for everyone, so it naturally wouldn't affect the ranking.

ximen liuyan was dumbfounded. how could this be explained?

i've read a lot, don't try to lie to me!

the old eunuch still had a smile on his face. he stood on the ring and looked down at ximen liuyan with a condescending attitude. his eyes were filled with pride.

this is my territory, i have the right to explain. i can say whatever i want, and you can only listen obediently!

Ximen liuyan understood the meaning in the old eunuch's eyes and was instantly infuriated!

Alright!

You guys can do whatever you want, this young master won't play with you anymore!

Ximen liuyan snorted and decided not to dwell on this matter anymore.

After all, the person standing in the ring was the most trusted subordinate of a Prince of a conferred Kingdom in the Dragon state, the head chief of the Royal Palace. He did not dare to go against such an important figure.

He thought that he had found something to use against Lin Yi, but now the internal affairs chief was protecting Lin Yi. What could Ximen liuyan say?

He could only obediently admit defeat!

"Young masters, do you have any more questions? If not, then the young masters "gathering will officially end!"

The old eunuch looked around. No matter whether he had doubts or not, those who met his eyes all shook their heads.

Everyone expressed, "you're the boss, so you have the final say. We have no problems!"

At this moment, a young eunuch walked up to the old eunuch and said in a soft voice, ""Head chief, the Prince has ordered that after this is over, we will bring the young masters to the main hall to receive their rewards. The top three can enter the main hall, the top ten can wait outside the main hall, and those ranked below the top ten can wait in the square outside the main hall."

The main hall that the young eunuch had mentioned was the official office for the princes of conferred kingdoms of the Dragon state. It was the place where they held court meetings with the civil and military officials every day.

From the square to the main hall, there were a total of 80 steps.

Chapter 7894 The End

those who were ranked below the top ten did not even have the right to go up the steps. they could only wait in the square below the steps.

as for the seven people at the back of the top ten, they could wait outside the main hall. compared to the people at the back, their treatment was several times better.

of course, they still couldn't be compared to the top three.

for the top three to be able to enter the main hall was definitely an honorable thing.

the old eunuch led all the participants of the young master's party to the main hall after a long walk.

most of the people didn't need to be reminded and consciously stayed in the square.

the top ten continued to advance and stopped at the entrance of the hall. lin yi, liu ziyu, and ximen liuyan followed the old eunuch into the hall.

it wasn't the time for the court session, but the civil and military officials of the conferred kingdoms of the dragon state had all arrived in an orderly fashion, clearly placing great importance on the results of the young masters 'meeting.

"your majesty, the young masters 'meeting has ended smoothly. the top three are young master liu ziyu and young master sima zhongda from hongshang commandery ..."

The old eunuch paused for a moment. He suddenly could not remember which Commandery Ximen liuyan was from. His mouth trembled and he said,""The third place goes to young master Ximen liuyan! What's praiseworthy is that young master Liu Ziyu and young master Sima Zhongda are both young talents of Hongshang Commandery. Hongshang Commandery is really full of talents now!"

Ximen liuyan was secretly angry."Is this how you introduce people?"

The third place deserved to be discriminated against.

It wasn't easy for me to show my face in front of the princes and officials of the conferred kingdoms of the Dragon nation, but you, an old eunuch, are making me look like I'm just a passerby!

This was simply preposterous!

However, he would not dare to send a message to Ximen liuyan at this moment!

He could only curse madly in his heart, and still had to put on a respectful appearance.

"Good! As expected, heroes come from youngsters! When this King sees young geniuses like you, his heart is very gratified!"

The Prince stroked his beard and laughed out loud. No matter which Commandery he came from, he was still from a conferred Kingdom of the Dragon state. As long as he could be recruited for his own use, he was a good genius.

"Big companion, take out the previously drafted reward and read it out. Then, drive away those who are just here to make up the numbers!"

The Prince waved his hand.

The old eunuch immediately bowed and accepted the order. He was an old man who had grown up with the Prince, so the Prince called him his great companion.

The rewards he was going to announce now were only for the ten outer realm cultivators.

They were the people waiting in the square. Not only were they unable to enter the hall, but they could only get some ordinary rewards and were treated like beggars.

Before the old eunuch could leave, the Prince stopped him, ""Wait a moment. Give them the rewards outside the hall as well. They did well. You record them and see which commanderies they are from. In addition to giving them their own rewards, give some to the commanderies behind them."

The reward did not need to be too generous. It was enough as long as the meaning was clear. It was an honor for the royal families of each Commandery to be rewarded by a conferred Kingdom of the Dragon state, even if it was just a bag of rice or grass!

"As the king commands!"

The old eunuch bowed again and was about to leave the hall to read out the rewards when the Prince stopped him again.

"My companion, why don't you just let them wait a little longer? the most outstanding person is still here. These extras should at least be able to last until the end. Tell this King about their performance first."

The purpose of the Prince's meeting was to choose a Prince Consort for his daughter. The three young men in front of him all looked quite good.

Although one of them was a little petite, he was the first place this time!

Naturally, the old eunuch did not object. He told her everything he had seen and heard, with his intonation and the plot full of ups and downs.

The Prince wasn't the only one who was listening with great interest. All of the officials were also excited.

The only person who was unhappy was Ximen liuyan, because everything the old eunuch said was to highlight Liu Ziyu's excellence and to boost Lin Yi's status.

As for Ximen liuyan, she didn't talk about him at all. When she did, she only talked about the embarrassing incident where Lin Yi kicked her butt and she flew far away!

It was not hard to imagine what kind of impression the higher-ups of the conferred kingdoms of the Dragon state had of Ximen liuyan.

They would probably be wondering how Ximen liuyan managed to get into the top three. Could it be that he was relying on others to be more useless than him?

"Hahahaha, this is wonderful! This King didn't go to see it for himself. It seems like I missed a lot of interesting things!"

The Prince was in a good mood after hearing the old eunuch's description. He laughed heartily and said, "Hongshang Commandery has selected two such outstanding geniuses this time. They must be rewarded!"

After a moment of silence, he continued, ""Pass down my decree. Hongshang Commandery will be exempted from paying Tributes and taxes for two years! Liu Ziyu and Sima Zhongda will be given first-grade rewards. "

The rewards of conferred kingdoms were also divided into different levels. The first-class rewards were already extremely high, and the only rewards above that were special-grade rewards.

The seven people at the entrance of the hall had set the third-class reward, while the ones in the square had set the seventh-class reward. They were completely different.

"Thank you for your reward, Your Majesty!"

Liu Ziyu and Lin Yi thanked him.

On the other hand, Ximen liuyan was a little dumbfounded. What the hell? Only the first and second place? The third was silent?

No, even if he discriminated against the third place, there should be a limit, right?

There were rewards for the fourth, fifth, sixth, seventh, and eighth places, so the third place couldn't be left out, right?

Ximen liuyan consoled herself. "Don't panic. The Prince must not have mentioned it yet. There will be more!"

It was not that he was greedy for a little reward, but this matter concerned the reputation of himself and the Commandery. If everyone else had it but him, then he and the Commandery behind him would not be able to survive in the conferred Kingdom of the Dragon state!

Don't panic, don't panic. There were only three people in total. After rewarding two, the Prince would never forget the third!

Ximen liuyan was cheering herself on like crazy, but the Prince seemed to have forgotten all about it. He completely ignored Ximen liuyan after talking about the rewards for Lin Yi and Liu Ziyu.

"Liu Ziyu, your performance this time was indeed stunning. This King can see that you're truly a rare genius! This King really admires you!"

The Prince seemed to think that the topic of rewards had ended and was about to get to the main topic. He completely ignored Ximen liuyan's fragile little heart that was about to collapse.

"This King has a young daughter who has been pampered unparalleled since she was young. Now that she has reached marriageable age, this King doesn't want her to marry far away to another country, so I want to find her a Prince Consort. The third Princess who is very suitable for this King!"

The Prince didn't beat around the bush and directly said, "Today, this King will bestow a marriage between you and the third Princess. From now on, you will be the Prince Consort of the third Princess of a conferred Kingdom of the Dragon state!"

He did not even ask if Liu Ziyu had any opinions, because that was not important. What was important was that the old eunuch had vaguely mentioned that the third Princess had gone to see Liu Ziyu, and she must have taken a fancy to him!

Chapter 7895 The Second Prince Snatching The Bride

Since his precious daughter had taken a fancy to him, what else was there to say?

If this brat dares to disagree, I'll just kill him!

Liu Ziyu opened his mouth and widened his eyes, his face full of disbelief!

The third Princess? Prince Consort?

Happiness came too suddenly, and she was caught off guard!

He didn't expect that the Prince would directly bestow a marriage. This, this, this ... This was F * cking great!

Liu Ziyu almost jumped up and cheered loudly. Fortunately, he could still remember where he was, so he restrained his emotions.

"Thank you for the marriage, Your Majesty! Ziyu will not let down Your Majesty's good intentions. In this life, I will cherish the third Princess, protect her, and not let her Highness suffer a single grievance!"

Liu Ziyu restrained his ecstatic mood and solemnly made his oath.

He felt that being able to marry the third Princess was the greatest reward for him, and the gratitude he felt for Zhong DA's cousin could not be any greater.

If he didn't have the full support of cousin Zhong da, how could he have won the beauty?

As for whether he would marry her or marry into her family, that was no longer important. What was important was that he, Liu Ziyu, would be spending the rest of his life with the girl he liked!

"Hahaha, very good. I hope you can remember what you said today. If this King's good daughter is wronged in any way, this King will definitely ..."

The Prince laughed and was about to say a few harsh words to show off his dignity as a father-in-law when suddenly, a loud voice came from outside, "The special envoy from the Shanlian Empire has arrived!"

"The special envoy from the Shanlian Empire has arrived!"

"The special envoy from the Shanlian Empire has arrived!"

One after another, the voices quickly reached the main hall, and the Prince of long bang was slightly stunned.

He had even forgotten what he wanted to say. He stood up suddenly and quickly walked down from the throne.

"Quick, follow me to welcome the special envoy!"

He had not received any notice before this, and he did not know why this envoy had suddenly appeared.

The Shanlian Empire was the suzerain of the conferred kingdoms of the Dragon state.

The relationship between the two was similar to that between the conferred kingdoms of the Dragon state and Hongshang Commandery.

Therefore, the Prince of the long bang did not dare to show any neglect and personally led the civil and military officials out to welcome them.

As soon as he walked out of the hall, he saw a group of dozens of people riding on handsome Black Spirit Ferghana horses. They rushed through the palace gate, rushed through the square, and came to the bottom of the steps.

With such speed, it was as if he was chasing after the roar of the relay, so there was not much time left for the Prince of the long bang.

The young masters from the commanderies who had stayed in the square earlier had all moved to the sides. They knelt on the ground to greet the group of people.

It couldn't be helped. Even the lowest-ranking soldier in the Empire's special envoy team had a much higher status than the young masters of the commanderies.

The difference between a Commandery and an Empire was like the difference between a drop of water and a Great River. If they accidentally offended the special envoy team, they would be killed without any reason.

"Welcome, envoy!"

The Prince of the long bang led his civil and military officials down the steps. When they reached the square, they hurriedly straightened their crowns and tidied their clothes, and solemnly stepped forward to pay their respects.

"No need for formalities! Prince long bang, do you know this envoy?"

The leader was a rather handsome young man, and he was sitting on the back of the Black Spirit Ferghana horse with no intention of getting off.

The man looked down at the Prince of the long bang. "If I remember correctly, I should have met you once in the capital of the Empire two years ago."

The Prince of the long bang looked up and sized him up. Suddenly, he was shocked. "His Royal Highness? This Little King pays his respects to Your Highness!"

"We pay our respects to Your Highness!"

The Prince of the long bang knelt down on one knee, and the civil and military officials behind him could only follow suit.

Their actions were uniform, and their shouts were clear and loud. They had some momentum, and those who didn't know would definitely think that they had rehearsed for a long time.

Lin Yi and Liu Ziyu didn't follow them down at all, hiding behind a pillar outside the hall to watch the situation.

"Your Royal Highness has graced us with your presence. I didn't come out to welcome you. Please forgive me for my rudeness!"

The Prince of the long bang was very humble. This Prince had a strong background, as he was the legitimate son of the Emperor of the Shanlian Empire.

He was ranked second and had a high reputation in the Shanlian Empire. He was one of the candidates for the Crown Prince position.

Because he didn't like people calling him "second Prince," those who knew him had a tacit understanding and would only call him his Highness.

"I'll pardon you, get up and talk!"

The second Prince waved his hand and revealed a smile unique to those in power. "This Prince has personally come to a conferred Kingdom of the Dragon state for no military or state affairs. It's just a private matter,"

"What are your orders, Your Highness? Please speak, and I will do my best to cooperate with Your Highness!"

The Prince of the long bang groaned inwardly. Sometimes, private matters were more difficult to deal with than official matters. If possible, he would rather choose official matters to deal with.

Moreover, seeing the second Prince charge into the palace on his horse, how could his private affairs be simple?

"Hahaha, Prince long bang, you don't have to go all out. This matter is as easy as lifting a finger for you. No, no, no, it's not even a lift of a finger. It's just a matter of a word!"

The second Prince laughed a few times, trying to make his expression gentler and friendlier. Then he looked down at the Prince of the long bang and said, ""I won't waste any more time with you. I've come to a conferred Kingdom in the Dragon state for a single matter!"

The Prince of the long bang stood up and put on a look of being all ears.

"I've heard that the Prince of the long bang's third Princess is still in her chambers. This Prince has come here to propose marriage to the Prince of the long bang! Originally, this Prince doesn't need to come personally, but in order to show my sincerity, this Prince has come. Do you understand, Prince?"

The Prince of long bang was secretly angry. How was this a marriage proposal? this was clearly using his status to oppress and snatch the bride, right?

He did not want the third Princess to marry to another country, which was why he held the young masters Gathering to find the Prince Consort and kept the third Princess by his side. How could he send her to the Shanlian Empire?

Moreover, the second Prince already had an imperial consort. If the third Princess of the Prince of the long bang were to marry over, she would at most be a secondary consort!

If the second Prince could ascend the throne and become the Emperor, the third Princess could probably become a noble consort. But what if she failed to become the Crown Prince?

"Your Highness, please forgive me. I'm afraid this matter is a little difficult!"

The Prince of the long bang laughed dryly. He was already unwilling to do so, and now that there was an excuse, he had to refuse decisively. "My daughter has already found a Prince Consort. I'm afraid I'll have to disappoint His Highness!"

The second Prince's face darkened. He had taken a fancy to the third Princess 'beauty, but more than that, he wanted to bind the conferred kingdoms of the Dragon state to his chariot through marriage.

In the fight for the position of Crown Prince, it wasn't enough to just rope in a few people from the Imperial court. The conferred kingdoms that had been enfeoffed would be the most important force!

If not for this, why would he, the first Prince of the Empire, have to come all the way here to propose marriage?

Just send a eunuch over and it would be over!

Chapter 7896 Don't Bully People Too Much

Marriage was a means, and the most important thing was to reach a tacit understanding with the Prince of the long bang!

"Prince long bang, are you just patronizing this Prince?"

The second Prince's face was as dark as water, and his eyes were extremely unfriendly. "I didn't hear that the third Princess has already found a Prince Consort! Could it be that you think that this Prince is not worthy of the third Princess of your Dragon state?"

"I don't dare! It is a great fortune to be able to marry His Highness, but my daughter's fortune is not good enough. She has indeed already found a Prince Consort, so I can only feel ashamed to face His Highness!"

The Prince of the long bang waved his hand and continued to explain, ""This time, I'm holding a meeting of the young masters of the commanderies under the jurisdiction of the Dragon state. The purpose is to choose a Prince Consort for my daughter!"

"Just now, the young masters" gathering has ended. I have also betrothed my daughter to the champion of the young masters "gathering ..."

"Hahaha, this Prince thought it was something big! So it was just decided?"

The second Prince's face brightened up. He laughed and shook his head, ""Prince long bang, your joke is really funny! The decision just now can be overturned. Is my personal visit inferior to a country bumpkin from a mere Commandery?"

What young Master's Guild? in the second Prince's eyes, that was a joke!

Even all the young masters of the conferred kingdoms in the Dragon state combined could not compare to a single finger of his!

"This ... Isn't this a little inappropriate? This young king is a Prince of a conferred Kingdom in the Dragon state, after all, so I can't go back on my word!"

Prince long bang's heart skipped a beat as he realized that something was wrong. Unfortunately, he could no longer take back the words he had said.

"Prince long bang, do my words hold more weight, or do your words hold?"

The second Prince narrowed his eyes and stared at Prince long bang with a faint smile. Prince long bang could already feel his back sweating.

"Of course ... Of course it's the words of Your Highness that carry enormous weight, your words are effective!"

The conferred kingdoms of the Dragon state were still under the jurisdiction of the Shanlian Empire. Even if they were relatively independent, the princes of the Dragon state could do nothing when facing the first Prince.

This was also the reason why the second Prince had come personally. If it were any other special envoy, if the Prince of the long bang wanted to resist, no one would be able to stop him!

But the second Prince's personal visit was a completely different story!

"Good! Since my words are effective, then the decision just now is invalid! The third Princess will be my concubine! This matter is settled!"

The second Prince didn't have any intention of discussing it. He directly and overbearingly settled the marriage.

The Prince of the long bang wanted to object? Sure, you can object to it, but in his case, any objection is invalid!

Liu Ziyu stood at the entrance of the main hall, ashamed and indignant. He was already the third princess's Prince Consort in name, but the second Prince had come over and wanted to snatch the third Princess away. This was equivalent to snatching his wife in front of everyone!

No one would be able to tolerate this kind of thing, and Liu Ziyu was so close to pulling out his sword and attacking! But he couldn't!

The Shanlian Empire was a huge force!

In front of the Shanlian Empire, the Hongshang Commandery was nothing!

If Liu Ziyu offended the second Prince now, the entire Hongshang Commandery might be annihilated in the blink of an eye!

Liu Ziyu wasn't afraid of death. If he was alone, he would definitely have rushed out to fight for his life.

However, for the sake of Hongshang Commandery, for the sake of Sima Yun's family, he couldn't do anything!

He clenched his fists so tightly that his nails dug into the flesh of his palms, and blood seeped out. He gritted his teeth, and the corner of his mouth cracked, with a trace of blood flowing down.

Powerlessness, a deep sense of powerlessness!

On one hand, Liu Ziyu hated the second Prince, but on the other hand, he hated his own powerlessness.

If even the Prince of the Dragon state could not withstand the pressure, nothing he did would be of any use!

Lin Yi raised an eyebrow, a little displeased.

What bullsh * t second Prince, acting like he's a Big Shot, does he really think he's a green onion?

Snatching Liu Ziyu's wife? He was afraid that he was tired of living and came all the way here to fight for a coffin to sleep in!

"I refuse!"

Just as the second Prince was feeling proud of himself, and the people from the Dragon state and the conferred kingdoms were feeling depressed, the third Princess suddenly appeared.

It turned out that she had been hiding in a hidden place all this time. She had originally wanted to see the scene of Liu Ziyu being confirmed as the Prince Consort with her own eyes.

He did not expect to see the farce of the second Prince of the Shanlian Empire forcing him into a marriage!

The third Princess, who had already secretly fallen in love with Liu Ziyu, would not consider such troublesome political matters!

She only knew that she was the little princess of a conferred Kingdom in the Dragon state. Since she was young, she could get whatever she wanted, and she would never do anything that she did not like!

"So the third Princess is here too. That's great!"

The second Prince wasn't angry. He looked at the veiled third Princess and gave her a smile that he thought was very handsome.

"This Prince has personally come to propose marriage, and it can be said that I've given enough face to your Dragon state's conferred Kingdom! Third Princess, please don't be childish. It's better to let your Royal father decide on marriage. "

"This Princess already has a Prince Consort. Many thanks for your Highness" kind intentions, but Your Highness, please choose another partner!"

The third Princess once again reiterated her rejection of the second Prince."Other than this, if your Highness needs anything in the long Kingdom, my Royal father will definitely satisfy Your Highness!"

"Third Princess, I've already said that this matter is not up to you! You'd better quietly wait to be married into this Prince's Palace!"

The second Prince's face darkened, and he returned to his domineering CEO style."Prince long bang, hurry up and make the necessary arrangements. I'll be returning to the imperial capital in three days. At that time, the third Princess will be leaving with me in a grand manner!"

The Prince's expression became uglier as he heard this.

No matter what, he was still a Prince of a conferred Kingdom with a million elite soldiers under his command!

Even though he could not be compared to the Shanlian Empire, he was still an influential feudal lord in the Shanlian Empire.

The second Prince's actions were simply forcing him to pick a side!

But he still couldn't resist this damn thing, Yingying. Did he really think that he wouldn't resist?

Fine, the Prince of the long bang had thought it over and over again, and he really did not have the guts to go against the Shanlian Empire!

It was the same reason why the black charm Commandery and seitong Commandery would never dare to fight against the Dragon state conferred Kingdom.

The difference in strength between the two sides was too great. Resistance would not end well ...

"Your Royal Highness! Don't you go too far!"

Liu Ziyu finally couldn't hold it in any longer and stepped forward with a loud shout!

The third Princess had already bravely stepped out to express her attitude. If he still refused to step out, what kind of man was he?

As the saying went, the hatred of killing one's father and snatching one's wife was absolutely irreconcilable. Today, Liu Ziyu had already gone all out. He would stop this matter from happening even if he had to die!

Of course, he had to make it clear that this was a personal act and had nothing to do with Hongshang Commandery!

The second Prince didn't even look at Liu Ziyu. In the entire conferred Kingdom of the Dragon state, the only person he paid a little more attention to was the Prince of the Dragon state.

Even the third Princess could only be regarded as a tool for marriage.

En, it's also a very beautiful tool for marriage. Bringing it back to the Prince's residence can make one happy both physically and mentally!

Other than that, he didn't care about anyone from the Dragon state's conferred Kingdom!

Chapter 7897 Killing Mountain Split Stage Cultivators

"Where did this clown come from? how dare you shout at me!"

The second Prince snorted. He wasn't even interested in knowing what the clown he was talking about looked like. He waved his hand and said, "Kill him!"

As soon as the order was given, one of the second Prince's guards immediately jumped up from his horse and pounced on Liu Ziyu after flying for a distance.

The incomparably sharp metal-attribute Qi condensed into a long saber and slashed down!

Mountain opening stage!

An expert of such strength would be considered a Big Shot even in a conferred Kingdom of the Dragon state. However, in the Shanlian Empire, he could only be a guard by the second Prince's side!

Liu Ziyu's expression was grave. He knew that Zhong DA's cousin would definitely be helping him in secret.

However, the problem was that the opponent was too strong. In the face of absolute strength, any tricks were meaningless.

It wasn't just empty talk. Liu Ziyu felt that he was dead for sure this time.

But he did not regret it, because he had done what he should have done!

"Don't just stand there, stab that Idiot's throat. He thought he was handsome when he jumped so high, but he's just looking for death!"

Lin Yi's instructions came as expected, and Liu Ziyu instinctively followed Lin Yi's instructions.

The sword wasn't his own. He had "borrowed" it from the Imperial Army.

One was definitely not allowed to bring any weapons when greeting the Prince of the long bang!

Fortunately, the swords of the Imperial Army were not bad. They were not decorations used by the guards of honor. They were indeed sharp weapons that could kill!

A cold glint flashed on the tip of the sword, and it smoothly pierced the neck of the man who was pouncing down from the sky.

A sword to the throat!

Everyone was silent!

When they saw the guard display the strength of a mountain-opening cultivator, no one thought that Liu Ziyu would survive.

What they were concerned about was how Liu Ziyu would die. Was he killed in one shot? Or torture him until he was better off dead?

No one had expected that the plot would have such a reversal. An expert in the mountain opening stage had his throat slit by a sword?

Had the world gone crazy or had they gone crazy?

Those who had fought with Liu Ziyu at the young masters 'meeting felt a chill run down their backs as cold sweat trickled down their backs!

it was too terrifying!

it was really not easy to survive at that time!

with a cold expression, liu ziyu kept his sword and flicked his hand, the blood on the tip of the sword flying out.

at this moment, the second prince's first mountain guard fell to the ground with a loud crash, like a pile of rotten meat.

"it's not that easy to kill me!"

liu ziyu didn't know why the guard didn't dodge at all, but he knew that it was lin yi's doing.

that was because he was already used to such miraculous and unbelievable things.

Thus, Liu Ziyu was not surprised at all. Instead, he looked at the second Prince and his men with cold eyes. "I, Liu Ziyu, am the Prince Consort of the third Princess, personally bestowed by the Prince of the long bang! I don't care if you're a Prince or not. It's impossible for you to take the third Princess from me!"

"What is it? You actually dare to boast shamelessly here!"

The second Prince didn't care about the lives of his guards. What he cared about was his face. He only wanted Liu Ziyu to die!

"Are you all dead? Seeing master being hit by this rubbish, you actually don't know what to do?"

The three guards behind the second Prince quickly cupped their fists and bowed. At the same time, they flew off the back of the Black Spirit Ferghana horse and surrounded Liu Ziyu!

The strength of these three people was not inferior to that of the one who had died before. They were all Masters of the mountain opening stage.

Moreover, they had been very careful this time. They were on guard against each other and were not prepared to give Liu Ziyu any chance.

To be honest, they didn't know how their companion had died. Maybe they had underestimated the enemy, or maybe they had taken things too hard and wanted to die.

In any case, in their opinion, Liu Ziyu's strength should not have reached the level where he could kill them in seconds.

Now that he was on guard, it was even more impossible for there to be a problem!

Lin Yi's face was calm as he looked at the three mountain opening Masters surrounding Liu Ziyu, a faint sneer on his lips.

Did he think that he would be safe and sound like this?

How naive!

You have no idea what kind of trouble your stupid master has caused!

With the strength of Lin Yi's spirit sense, not to mention these three mountain opening Masters, even if they were earth splitting or sea splitting Masters, under the influence of the spirit sense attack skill, they would only be targets for Liu Ziyu!

Three invisible spiritual awareness collided and quietly hit the three mountain opening guards who were on guard.

Their heads involuntarily leaned back slightly, and their eyes instantly became unfocused as they fell into a trance.

Almost at the same time, Liu Ziyu, under Lin Yi's command, thrust his long sword out like lightning, attacking the three mountain opening stage Masters at the same time.

"Is he looking for death?"

This was the common thought of the audience!

No matter how Liu Ziyu had killed an expert in the mountain opening stage, attacking three mountain opening stage experts in an unguarded state was simply courting death!

In their opinion, it was impossible for Liu Ziyu to kill three mountain opening experts at the same time.

As long as any of the experts managed to pin down Liu Ziyu for even a moment, then he would definitely die!

This was because Liu Ziyu had no way of dealing with the attacks of any expert in the beginning stage.

However, just as the spectators had this thought, they saw the sword in Liu Ziyu's hand flash incessantly, instantly piercing the throats of three mountain opening guards!

Another throat-slitting sword!

The three of them did not put up any resistance and were completely defenseless. They were like wooden blocks as they stared blankly at the tip of the sword piercing into their throats!

When Liu Ziyu retracted his sword, blood splattered everywhere! But not a single drop touched his body.

"Who else is there?"

Liu Ziyu stood tall and proud, exuding an imposing aura.

Since he had already killed someone, it didn't matter if he killed one or ten people!

"Impudent! Who are you? how dare you kill four of my guards in front of me! Prince of the Dragon state, are your conferred kingdoms planning to rebel?"

The second Prince flew into a rage and finally looked at his unremarkable opponent, Liu Ziyu, in the eye. ""Do you believe that this Prince will give the order to completely raze your entire conferred Kingdom to the ground?"

"Your Highness, please calm down! Our long bang has no intention of rebelling! This is all a misunderstanding!"

The Prince of the Dragon state hurriedly bowed in respect. If the matter were to escalate to the extent of a rebellion, the conferred kingdoms of the Dragon state would really be razed to the ground!

Whether it was the number of troops, the equipment, or the generals leading the Army, the Dragon state and conferred kingdoms could not be compared to the Shanlian Empire.

Not to mention, the Shanlian Empire did not even need to mobilize its Army. All it needed to do was issue a decree and mobilize a few other conferred kingdoms to besiege the Dragon state. That would be enough to crush the Dragon state!

"Misunderstanding? He he he!"

The second Prince sneered. "I can't be bothered to talk to that lowly person. If you want to clear this misunderstanding, go and kill that rebel immediately to prove your innocence!"

Chapter 7898 Give Me A Good Sword

even though liu ziyu had killed four mountain opening experts in a row, the second prince still looked down on him from the bottom of his heart.

that was why the second prince had ordered the prince of the long bang to take action, lest he lowered his status by taking action himself.

"third princess, is this the rough warrior that you like? his vision was a little too poor! for your sake, i can actually spare his life!"

the prince of the long bang was still struggling to decide if he should make a move on liu ziyu when he heard the second prince's words.

thus, he immediately put aside his confusion and focused on listening to the second prince.

"Third Princess, as long as you obediently follow me back to the Empire, and make this brat kneel in front of me and beg for mercy, it's not like I can't let him off!"

The second Prince turned to look at Liu Ziyu and suddenly revealed a mocking smile. ""Maybe I can help him a little and take him into my Palace as a eunuch. He can serve us every day and watch how I pamper you every night. What do you think?"

"You're shameless!"

The third princess's face turned red!

Even through the veil, one could feel the burning shame on her face. ""How can a person like you be the Prince of the Shanlian Empire?!"

Liu Ziyu was also furious.

If the second Prince had only humiliated himself, he wouldn't have been so angry.

However, just imagining the scene described by the second Prince, he wanted to kill this B * stard immediately!

"Your Royal Highness, you should just give up! This Princess would rather die than marry you! Compared to young master Ziyu, you're not even worth mentioning!"

The third Princess immediately started cursing. She didn't care what that damned Prince would do. "Young master Ziyu, I'm willing to die with you! If you die today, I'll die with you!"

This girl was so angry that she even said that she would die with Liu Ziyu.

Prince long bang sighed in his heart. There was no way this matter could be resolved peacefully today!

He just didn't know what the second Prince would do in the end!

"Hehehe! What an adulterous couple! You guys are the ones who have no sense of shame!"

The second Prince was furious. In his eyes, Liu Ziyu was like mud on the ground, but now the third Princess was saying that he was worse than mud?

What a joke! Damn it!

"Prince long bang, you're very good. You've really given birth to a good daughter! You even ignored this Prince's orders, and even now you're not going to kill that brat!"

The second Prince vented his dissatisfaction on the Prince of long bang, and then drew the long sword hanging at his waist, "Since you're not going to do it, I'll do it myself. I'd like to see how you're going to explain this to my father after I kill this brat!"

"Your Highness, please calm down. I didn't ..."

The Prince of the long bang was very anxious. He wanted to say, "I'm waiting for you to make the final decision!" If you agree, then I'll definitely kill people when I have to!

Unfortunately, the second Prince no longer gave the Prince of the long bang a chance to speak. He personally charged at Liu Ziyu with his sword in hand!

The second Prince's strength was also quite impressive. He was even stronger than the guards who had died.

Most importantly, the equipment he was wearing was of the highest quality. Even if he stood still and let Liu Ziyu attack him, Liu Ziyu would probably not be able to break his defense.

Lin Yi knew that he had no choice-Liu Ziyu's sword couldn't even cut through his opponent's skin!

All of this took a long time to describe, but it actually happened in the blink of an eye.

The second Prince made his move, and Lin Yi dodged at almost the same time. Liu Ziyu didn't even have time to react before Lin Yi blocked the second Prince.

The second Prince didn't care who was in front of him. If someone blocked his way, he would immediately thrust his long sword forward.

Anyone who dared to block his path should die!

Unfortunately, the scene of blood splattering did not happen.

Lin Yi casually reached out his left hand and raised his index and middle fingers, easily catching the second Prince's sword.

The second Prince was slightly startled. He was not wearing a decorative sword, but a genuine top-grade long sword. It was easy for him to kill the dark spirit beasts in the mountain opening stage.

It wasn't an exaggeration to say that even if a sword was thrown at a rock, it would easily sink into it!

But what was the situation now? It was caught between two fingers?

That was impossible!

The second Prince's first reaction was disbelief.

He twisted the sword and tried to cut off Lin Yi's finger.

Unfortunately, no matter how hard he tried, the sword didn't move at all, as if it had already taken root in Lin Yi's fingers.

"and where did you come from, you lowly slave? go to hell!"

the second prince didn't understand the situation at all-he couldn't even pull out his sword, so he started yelling at lin yi."are the conferred kingdoms of the dragon state planning to rebel? anyone dares to be disrespectful to me! all of you, attack! kill them all!"

There were dozens of guards who came with the second Prince. The first four guards were the weaker ones. The rest of the guards took out their weapons and got ready to fight when they heard the order.

Lin Yi's face went cold as he sent a slap across the face.

The second Prince was caught off guard and couldn't guard against it. Even if he could not guard against it, his entire body was sent flying.

His face, which could be considered handsome, instantly swelled up, and he even spat out a few teeth!

The guards were shocked and hurriedly rushed over to save him. Fortunately, the second Prince did not fall to the ground.

Lin Yi flicked his fingers, and the sword that was still between his fingers changed its direction. It drew an arc in the air, and the hilt fell back into Lin Yi's hand.

"Good sword!"

Lin Yi flicked the sword lightly, and the light of the sword flowed like a pool of autumn water. The sword hummed melodiously, and the sharp aura pressed against the skin.

"Your Royal Highness, you're so polite. You even gave me your sword, so it would be impolite of me to refuse!"

Lin Yi's lips curled into a mocking smile as he tossed the sword to Liu Ziyu. "It's a pity that this sword is good, but not as good as the one I'm used to. So I'll give it to Ziyu as an apology for their marriage!"

The second Prince almost vomited blood. No, he really vomited blood!

She didn't know if it was because she lost a few teeth or her sword, but Lin Yi's mockery made her spit blood.

"Damn bastard! You dare to hit me? What are you guys doing? Hurry up and kill him! Whoever kills this traitor will be promoted by three ranks!"

All the guards' eyes turned red and their hearts beat faster.

It was not easy to be promoted in the Shanlian Empire, but now he could be promoted three levels by killing someone? Dry!

The second Prince's words had just ended when a dozen men charged at Lin Yi!

All kinds of martial arts techniques burst out with the strongest power, aiming to kill in one strike. No one wanted to give the opportunity to be promoted to others!

Lin Yi's face was calm as he used the butterfly steps, his body floating like a fish in the water. He even sent a few guards flying.

Chapter 7899 The Second Prince's Death

It was only at this moment that the second Prince and his men finally realized a fact!

The person in front of him didn't look strong, but his true combat power was absolutely terrifying!

They ... Might not be able to take down the other party!

"Prince long bang! Do you really want to rebel? Hurry up and take down that traitor!"

The second Prince panicked a little and couldn't help but scream, ""Quickly kill him! Otherwise, I'll raze all of your conferred kingdoms to the ground!"

The Prince of the long bang also began to panic. It was not impossible to settle this matter!

After all, Lin Yi and Liu Ziyu were both Grand generals of the Hongshang Commandery, which was under the jurisdiction of a conferred Kingdom of the Dragon nation. He couldn't get away from this no matter what!

"Sima Zhong da! Young master Zhong da! Quickly stop! It's all a misunderstanding!"

The Prince wanted to stop Lin Yi first before killing him for the second Prince.

Would Lin Yi stop? Of course not!

Long bang's Prince might have weight in Liu Ziyu's eyes, but what was a mere Prince to Lin Yi?

As the Prince spoke, Lin Yi had already made his way through the guards and appeared in front of the Prince.

"Your Highness, do you know?"

Lin Yi said with a mocking smile. "In my eyes, you're just a fart! What Prince and grandson? If you were more polite and respectful to us, I wouldn't have bothered with you and wouldn't have made things difficult for you! However, if you're so arrogant that you want to act tough here, you're making a big mistake!"

"To be clear, you're looking for death!"

"Sima Zhong da! You're Sima Zhong da, right? Don't be impudent! Do you even know who I am?"

The second Prince was panicking now, but he was still stubborn and refused to admit defeat. "If you kneel down and admit your mistake now, I can consider giving you a chance to make up for your mistake!"

"If you dare to continue to provoke me, I swear that I will raze your kingdom to the ground and execute your parents and clansmen by dismembering them by a thousand cuts. I will also exterminate all of your nine generations ..."

this idiot didn't know what to say-she thought Lin Yi would take her threat.

What he didn't know was that Lin Yi hated it the most when people threatened him with the people close to him.

Although Sima Yunqi and the others from Hongshang Commandery weren't really related to Lin Yi by blood, it was undeniable that they were really good to him!

So, Lin Yi had already treated them as his own people!

using these people to threaten lin yi was crossing his bottom line!

lin yi's eyes flashed with killing intent, his expression turning cold."very good, you have successfully angered me! in order to cut off any future trouble, you must die today!"

Lin Yi's eyes were terrifying, and the second Prince's body turned cold as if he'd fallen into an ice cave.

He had also realized that something was wrong, but it was too late to change it!

Lin Yi reached out his hand and grabbed a sword from the Guard's hand.

The second Prince's head, which was protected by all kinds of top-grade equipment, flew high into the air, leaving a long trail of blood!

"He killed His Royal Highness! Kill him! Otherwise, our entire clan will be exterminated!"

The second Prince's guards were going crazy-they couldn't save him in time even if they wanted to, because Lin Yi was too fast!

It was so fast that they barely had time to catch the second Prince's head.

Then, the guard leader ordered everyone to surround Lin Yi and kill him.

This was because they had failed to protect the second Prince and had caused him to fall here. If they could not take revenge by killing the murderer, not only would they die when they returned to the Shanlian Empire, but they would also implicate their families.

The only way to save his family now was to kill Lin Yi, or be killed by Lin Yi!

The Prince's mouth was wide open as he reached out his hand, still in the position he was about to say something.

What did he just see?

The Crown Prince of the Shanlian Empire, one of the strong contenders for the Crown Prince position, was dead?

He died in the square of the main hall in a conferred Kingdom of the Dragon state?

The Prince of the long bang felt as if the sky was about to collapse!

It was as if he could already see the doomsday of the conferred kingdoms of the Dragon state!

Lin Yi dropped the sword in his hand-there was no one else in front of him who dared to fight him.

Most of the people that the second Prince had brought with him were dead. Only a few of them had escaped and concealed their names when they saw that the situation was not good.

"You, you, you ... You, you, you ... How dare you kill the Empire's second Prince!"

The Prince of the long bang was so terrified that he could not even speak properly.

He was thinking if he could get the Shanlian Empire's forgiveness if he kidnapped Lin Yi and gave him to them.

The problem was that this Sima Zhong DA's strength was strange and unpredictable. Could they really take him down?

"I've already killed him, what's there to be afraid of?"

Lin Yi smiled coldly and shrugged his shoulders. "I'm already very surprised that this kind of person can live to this age! With his personality, shouldn't he have been beaten to death long ago?"

The Prince of the long bang was speechless. 'It's strange that you haven't been beaten to death in your life!

But then again, that was the second Prince of the Shanlian Empire!

Other than a hothead like you, who would dare to provoke him?

Most importantly, the second Prince was surrounded by experts ...

Alright, those experts weren't that strong, and they were all killed very quickly ...

With the protection of those not-so-powerful experts, ordinary people would not even have the chance to get close to the second Prince!

The Prince of the long bang did not want to waste any more time. He only felt a headache!

The second Prince had come to a conferred Kingdom of the Dragon state, so he definitely wouldn't have brought so few people with him. That damned Sima Zhong da hadn't completely eradicated them, and had instead let a few escape from the palace!

Some of these people had indeed escaped and hidden their names for fear of being implicated, but there were also those who were loyal to the second Prince!

The news of the second Prince's death must have reached the Shanlian Empire by now!

What to do?

The Prince of long bang was speechless. 'I just want to find a son-in-law for my daughter. How did such a small matter escalate to the extent of the destruction of the country?'

Now that he couldn't even marry his daughter to the second Prince, he probably wouldn't come here to die if he knew what would happen.

The surrounding officials finally recovered from their shock, and they were all running around like headless flies.

Some people tried to discuss with the people around them what to do, but there was no way to discuss it.

The second Prince of the Shanlian Empire had died here, and no matter how the conferred kingdoms of the Dragon state tried to defend themselves, it would be useless!

Seeing that a great calamity was about to befall them, they had no idea how to deal with it.

If the Prince of the long bang had always wanted to rebel, he could have directly risen up and rebelled!

However, the problem was that the conferred kingdoms of the Dragon state had always been guarding their own land with peace of mind, and they had no intention of replacing it.

Chapter 7900 You'll Know When The Time Comes

If they wanted to go against the Shanlian Empire without any preparation, it would be like hitting a rock with an egg!

All of the officials present knew very well whether or not the conferred kingdoms of the Dragon state had the right to rebel, and that was why they were so flustered at this moment!

They definitely couldn't defeat him, and there was nowhere to run either. They should just surrender ... If they surrendered now, wouldn't they be killed by the Emperor to vent his anger?

He was in a dilemma!

It wasn't just these officials, even the young masters who attended the young masters 'meeting were in trouble!

They did not know whether to stay or leave. If the Shanlian Empire sent out their troops, how could the commanderies of the Dragon state and the conferred kingdoms stay out of it?

When the nest was overturned, no eggs would remain intact. The commanderies at the lowest level might be the first batch of cannon fodder!

"My King! Please quickly order the arrest of Sima Zhongda and Liu Ziyu, and at the same time, question the crimes of Hongshang Commandery. Send your troops to wipe out the entire Hongshang Commandery and ask for His Majesty's forgiveness. Perhaps this can appease His Majesty's anger!"

One of Ximen liuyan's lackeys spoke. He was really scared, and he knew that his boss didn't get along with Lin Yi and Liu Ziyu, so he took the chance to speak.

He hoped to use this to appease the anger of the Shanlian Empire and save their own lives.

Unfortunately, the Prince didn't even get a chance to reply before Lin Yi kicked the hilt of a sword on the ground.

The long sword turned into a flash of lightning.

Before the underling could react, the flying sword had pierced through his throat and sent him flying back a dozen steps before he was nailed to a stone pillar.

The entire place was silent, only the slight dripping sound of blood continued to ring.

No one expected Lin Yi to suddenly make a move, not even bothering to say a word before killing them.

"Whoever still wants to capture me and Ziyu and send troops to attack Hongshang Commandery, come out!"

Lin Yi's face was cold and murderous.

Everyone kept quiet out of fear-the bloody lesson was right in front of them, and they couldn't stand against Lin Yi before they figured out his true strength.

After all, he only had one life. If he died, he would have nothing!

Ximen liuyan immediately became a coward. Not only did he not stand up for his dead underlings, but he was also cursing the brainless thing in his heart.

Even if he wanted to take down Sima Zhong da, he should have gone behind the other's back and quietly persuaded the Prince of the long bang!

You said in front of the God of Slaughter, Sima Zhong da, that you were going to capture him, then send troops to destroy his home and kill his parents and clan ... If you don't die, who will?

Even if you want to die, please die far away and don't drag this young master down with you!

Ximen liuyan was glad that he didn't provoke Lin Yi too much when they were fighting.

It was obvious that Lin Yi wasn't serious at all. If he were serious, his body would've been cold by now!

"Sima Zhong da, don't go too far!"

The Prince growled, but there was nothing he could do.

The Imperial Army surrounded the Prince, protecting him and also preventing Lin Yi from hurting him.

However, the Prince of the long bang did not feel much sense of security. He felt that if he really wanted to take down Sima Zhong da, he would be the first to die!

"Your Majesty, have I gone too far?"

Lin Yi grinned and spread his hands. "If people don't offend me, I won't offend them. If people offend me, I'll pay them back ten times! These people want me, my family, and our Hongshang Commandery to die. Your Majesty, if I don't let them die, should I wait for them to come and kill me?"

The Prince of the long bang was speechless.

In fact, he wasn't really speechless. He just felt that no matter what he said, it would be useless. No matter how much nonsense he said, it wouldn't save the second Prince's life.

As for the idiot who jumped out and said that he wanted to take down Lin Yi and Liu Ziyu, and then destroy Hongshang Commandery, he deserved to die.

"Sima Zhong da, let's not talk about anything else. Let's just talk about what we should do now!"

The Prince of the long bang rubbed his forehead and decided to speak the truth. "We're in the same boat now, you can't run away, and neither can I! If the Shanlian Empire were to blame us, the entire conferred Kingdom of the Dragon state would be in trouble, and your Hongshang Commandery would be no exception!"

"Even if I don't take action against you now, and I don't question your Hongshang Commandery, do you think your Hongshang Commandery can resist the Shanlian Empire's Army?"

In the Prince's mind, no matter how strong Lin Yi was, he was just a general!

In a real battle, an individual's martial prowess would not be able to determine the final outcome of the battle.

In a battle between millions of soldiers, no matter how fierce you are, how many heads can you cut off?

Not to mention killing a million troops, even killing a million standing pigs could exhaust you to death!

Unless you were one of those Masters who were at the level of a Minister of offerings in the palace of the Shanlian Empire!

Of course, he didn't know how strong Lin Yi was.

The sub island's people probably couldn't imagine how strong Lin Yi was!

Even if they were at the same level, the sub-Island master and Lin Yi were two completely different forces. They were like clouds and mud. There was no way to compare.

"Your Majesty, this matter was done by me, Sima Zhong da, so I naturally won't let your Majesty bear the lightning! Don't worry, if the Shanlian Empire wants to punish me, just let them come to me!"

Lin Yi didn't mind at all, waving his hand casually and happily as if it wasn't a big deal. "I will stay in the capital and wait for the results. I won't make things difficult for the king. Before that, why don't Your Majesty betroth Ziyu to the third Princess?"

"It's rare for them to be in love with each other and not abandon each other in the face of life and death. Why don't Your Majesty make arrangements as soon as possible and let them decide on a title?"

The Prince of long bang was speechless once again. 'You're still concerned about Liu Ziyu and the third Princess' status at a time like this?'

The second Prince's messengers were very fast. Who knew when the Shanlian Empire's Army would arrive? was it appropriate to talk about this now?

Prince long bang could only mock him in his heart, but he could only give a perfunctory reply. He then changed the topic. "Let's not talk about the two of them first. Sima Zhong da, do you think that by staying in the capital, the Shan Lian Empire will let us off?"

Who Do You Think You Are? Why are you so full of yourself?

You're just the murderer of the second Prince!

If you show up, they'll kill you and then continue to attack. The country that should be destroyed will still be destroyed!

"Heh ... You'll know when the time comes if I let you off!"

Lin Yi said with a mysterious smile.

Prince long bang didn't know that when Lin Yi said let them go, it wasn't the Shanlian Empire that let them go, but the Shanlian Empire!

"When the time comes ... When the time comes, it'll be too late!"

The Prince of the long bang heaved a long sigh.

He didn't have a better idea right now, and Lin Yi not leaving the capital was what he wanted. If Lin Yi wanted to run, he'd have to use all his power to make Lin Yi stay.
