

Bodyguard 7941

Chapter 7941

However, it was impossible to completely return to its original state, because damaged buildings could not be restored. Only the terrain could be restored.

At that moment, Sante was still holding the small bronze cauldron in his hand. He was completely dumbfounded by what he saw.

He couldn't believe what he was seeing!

Was this all fake? was she hallucinating?

The mountain chain formation had lost its effectiveness?

That brat Sima Zhongda had just casually kicked a few times, and it was already ineffective?

It should be known that the great mountain-linking formation could be said to be the strongest trump card of the Shanlian Empire. If the great mountain-linking formation was fully activated, it would be a terrifying formation that could kill a super expert of the sea splitting stage!

Of course, since the establishment of the Shanlian Empire, they had never met an expert at lie Hai's level. Therefore, the great mountain Formation had never been activated.

However, who would have expected that the only time it was activated, it would fail?

Sante shook the small bronze cauldron in his hand wildly. His face was ferocious and his entire body was shaking.

"Your Majesty Sante, have you organized your last words?"

With that, Lin Yi stepped like a butterfly and easily passed through the stunned broken peak camp soldiers, appearing in front of Sante and snatching the cauldron from his hands. "This thing is interesting. I'll keep it and study it for a while!"

With a flick of his wrist, he tossed the cauldron to Liu Ziyu. "Ziyu, keep it for me, don't lose it!"

Subconsciously, Liu Ziyu hurriedly and carefully caught it. He smiled bitterly in his heart. How could he lose such an important thing?

At this moment, his respect for Lin Yi was even higher!

Every time they came across danger and trouble that seemed impossible to solve, Lin Yi would solve it with ease. Liu Ziyu felt that his respect for his cousin had reached the peak, and there was no room for improvement!

But every time, he would realize that this peak did not seem to be the real peak!

"Kill him! What are you all doing? Kill Sima Zhongda!"

Sante's face turned pale as he pointed at Lin Yi and screamed, "Protect the Emperor! Protect the Emperor! Kill this guy!"

The National Hall Masters beside him didn't hesitate and charged at Lin Yi.

These people used their strongest martial arts in an attempt to kill Lin Yi in one move.

The soldiers of the broken peak camp who were the closest to Lin Yi turned around as well, forming a formation with practiced steps as they surrounded and prepared to attack Lin Yi.

It was just that their skills, which they thought were the strongest, were nothing but child's play to Lin Yi.

Lin Yi smiled helplessly and yelled, ""Kneel down!"

The voice contained the power of the divine sense, and with Lin Yi as the center, Sante was the first to be hit, followed by the Masters from the National Hall and the soldiers from the broken peak camp!

Whether it was the earth-splitting stage experts or the Golden core stage soldiers, all of their brains went blank. Their knees went soft and they knelt on the ground with cracking sounds.

It wasn't that they wanted to kneel, but they couldn't help it.

The spiritual awareness oscillation could not control a person's actions, but it could guide them slightly.

In an instant, following Lin Yi's shout, all the soldiers of the Shanlian Empire, including Sante, knelt down.

Only Lin Yi stood proudly in the middle of them, like a king High above!

"Your Majesty Sante, it seems that your wish to kill me can not be fulfilled! How about this, I'll give you another chance. You should reorganize your words!"

Lin Yi didn't get angry, and just looked down at Sante with a faint smile.

His eyes were not cold, but they carried an endless pressure, which made Sante break out in cold sweat. He almost lost his mind again after recovering with great difficulty.

"No! It was wrong! I am the Emperor of the Shanlian Empire! I'm the Emperor appointed by the martial Alliance, you can't kill me! If you kill me, martial League will never let you off!"

Under Lin Yi's gaze, Sante didn't even have the courage to stand up. He could only scream and shout on the ground, trying to convince Lin Yi not to kill him!

"Ha ... It seems like this is your last words after you reorganized your words, right? Are you done? After you're done, I'll send you on your way!"

Lin Yi picked up a random knife from the ground with the tip of his foot and was about to cut Sante's head off.

If he killed the Emperor of the Shanlian Empire, the entire Shanlian Empire would be destroyed!

The three legitimate princes were all done for. The remaining illegitimate children of Sante did not have the qualifications to raise the flag without Sante's approval. They were not a threat.

"Stop!"

A black-robed figure suddenly shot out from the Imperial Palace in the distance.

Before he arrived, a loud voice had already exploded.

Lin Yi's men paused, not killing Sante immediately.

It was not because he wanted to give face to the visitor, but because he felt that it would be good to keep Sante and listen to what the visitor had to say.

They were ants in his hands anyway, so it didn't matter when he killed them. He didn't need to rush.

The black-robed man was extremely fast, and he was in front of Lin Yi in a few flashes.

Lin Yi glanced at the old man with white eyebrows and a white beard. He nodded slightly as a greeting.

It was about respecting the elderly. Regardless of whether they were enemies or not, they still ran away so quickly at such an old age, so he had to give them some face.

"Forefather! Old ancestor, save me!"

Sante had thought that he was dead for sure, but he did not expect the tables to turn and reinforcements to come.

He immediately rolled and crawled, crying and shouting as he wanted to hug the old man's thigh.

Then, to his dismay, he found that there was a cold and sharp blade on his neck, and he didn't dare to move at all.

"Old man, are you the ancestor of Emperor Sante? So he was the former emperor of the Shanlian Empire?"

Lin Yi held the knife to Sante's neck and looked at the old man calmly. "Now that you have come out, are you trying to save Emperor Sante or your Shanlian Empire?"

"Young man, don't be too heartless and leave no room for mercy! When this old man roamed the world, your parents weren't even born yet. In front of this old man, shouldn't you show some respect, or at least put down your weapon?"

The old man raised his chin, looking down at Lin Yi as if he was a superior. "Sante is my descendant. You'd better let him go first." He said.

"Ha ... The old ancestor of the Shanlian Empire is indeed impressive. I was still respectful of you for having a beard, but I didn't expect you to take advantage of your seniority just because you have a beard?"

The old man's words made Lin Yi frown, a trace of mockery on his face. "You are a thief if you are old but not dead. Old thief, do you want to die with Sante today?"

The black-robed old man's face immediately sank, and he was very displeased!

What did he mean by taking advantage of his seniority just because he had grown a beard?

I don't have a beard, but I'm still taking advantage of my seniority ... It seems like something's wrong ...
Ah, bah, do I still need to take advantage of my seniority?

Chapter 7942

"Young man, did your parents and elders teach you this? Or do you have no parents at all and are an illegitimate child? He didn't know how to respect his elders. He was really uneducated! This old man will teach you a good lesson on behalf of your uneducated parents!"

With a cold snort, the black-robed old man flicked his sleeve and angrily shouted, ""Let Sante go and I'll give you three moves!"

"How generous ..."

Lin Yi's eyes narrowed as a dangerous light flashed in his eyes. "Old thief, Who Do You Think You Are? how dare you talk about my parents?"

As he spoke, Lin Yi pulled the long sword in his hand. Before Sante could understand what happened, he saw a large amount of blood spurting out from his eyes, dyeing the whole world red. The world in his eyes was distorted!

The black-robed old man's eyes widened. He didn't think that Lin Yi would really dare to kill Sante!

He'd called for Lin Yi to stop when he came, and he'd thought that Lin Yi was in the mood to negotiate.

Therefore, the black-robed old man fearlessly acted tough.

Little did they know that Lin Yi had been an orphan since he was young, and the topic of his parents was taboo.

This old man was joking around with Lin Yi's parents-he really didn't know how to die!

And Sante was just a scapegoat for Lin Yi's anger.

"Impudent! How dare you kill Sante! You're looking for death!"

With a roar, the black-robed elder's aura exploded as he raised his palm, aiming for Lin Yi's face.

Half-step sea splitting!

The Royal patriarch of the Shanlian Empire was indeed extraordinary. His strength had reached the edge of a breakthrough at any time!

He was only one step away from becoming a true expert of the shattered Sea.

In comparison, even though the hall Master of the National Guardian Hall, Yuwen Wuji, was at the great circle of earth creation, he was still far inferior to the black-robed elder!

"Sante should die, and you should die too!"

As he spoke, Lin Yi's eyes were filled with coldness as he sent his spirit sense out!

The black-robed old man raised his head and took two steps back involuntarily. He looked at Lin Yi in shock, his eyes full of disbelief and vigilance!

"You really have some skills. No wonder you dared to destroy our Shanlian Empire with such a small number of people!"

After saying that, the black-robed old man took a step back. With a flip of his hand, a small and exquisite Golden Bell appeared in his hand.

Looking at the shape, it was similar to Sante's small bronze cauldron. It should be a magic treasure of the same series.

"How many years has it been? I've never used this Golden Bell before, but I didn't expect to use it today! It's a rare honor for you to die under the Golden Bell!"

The black-robed elder laughed coldly, looking at Lin Yi as if he was a dead man.

Lin Yi raised an eyebrow, surprised.

In an environment like this sub-Island, spirit sense collision was an invincible skill. Not to mention an opponent below Lin Yi's immortal spirit level, even Masters of the same level would find it hard to block it!

However, the black-robed old man only raised his head slightly, and then there was no more!

Lin Yi only understood when the old man took out the Golden Bell.

Perhaps this Golden Bell was the key to the black-robed old man's resistance against the spiritual awareness attack?

"Old thief, you actually prepared your own death knell. Did you expect that you would be finished today, so you prepared your funeral in advance?"

Lin Yi was on full alert, but he didn't mind teasing her, "I'll take your death knell later and ring it for you. It'll be considered a gift!"

"Junior! Do you only know how to talk? I'll let you know my true strength today!"

It was time to show his true strength!

The black-robed old man sneered and the Golden Bell in his hand suddenly let out a clear bell ring!

Within the range of the bell, whether it was the earth formation Masters of the Shanlian Empire's National Guard Hall, the soldiers of the broken peak camp, or even Lin Yi's personal guards, they all felt like their heads were going to explode!

At this moment, everyone couldn't help but hold their foreheads, their faces filled with pain.

However, even though the Chancellors of the fallen Shanlian Empire were having a headache, their eyes were filled with fanatical worship.

As long as the old ancestor was there, the Shanlian Empire would not be destroyed!

The patriarch alone could reverse the entire situation!

Dare to ask, this kind of world-destroying power, who could endure it?

The legendary blood spirits were also holding their heads in pain.

Even the blood ghost could not do so. In front of the patriarch, he could only kneel!

Indeed, the 800 blood spirit guards were in great pain. They couldn't withstand the pressure of the bell at all. Their faces were pale and they were covered in sweat.

Although Liu Ziyu had always felt that his cousin was omnipotent, he was a little hesitant at this moment.

Could cousin really resist the attack of this treasure?

One had to know that magic weapons were not something that could be resisted by human strength. They were treasures that had been passed down from ancient times!

"Do you see that? This is this old man's magic treasure. Under the attack of this old man's magic treasure, no one can remain conscious ..."

The black-robed old man said arrogantly as he looked up at the sky.

But ...

Just as the black-robed old man finished acting tough, a lazy voice sounded!

"You're speaking as if you're not human!"

Lin Yi curled his lips, speechless.

No one has been able to stay awake. Aren't you still awake and acting cool?

If there was no one, then what the hell were you?

"Cousin Zhong da!"

Liu Ziyu's mouth flashed with a hint of relief. As expected, cousin Zhongda was omnipotent!

It looked like he was fine!

"You ... Why are you fine?"

The elder's eyes widened as he looked at Lin Yi, "You ... Are you not human?"

"You're right, I'm really not a human!"

Lin Yi froze for a moment before nodding seriously, "Alright, you're done acting tough. I saw it too! Your magic treasure is indeed more suitable to send you off!"

From a certain perspective, Lin Yi wasn't even human after his body was reconstructed!

At most, he would be in a vegetative state!

Therefore, the black-robed old man was right.

"How is that possible? Why did it turn out like this? It's fake, it's an illusion!"

The black-robed old man lost his calm demeanor as he glared at Lin Yi. "How can you be fine? It's impossible for him to be fine! This magic treasure has never failed before!"

"There's a first time for everything. You should be glad that you can see your magic treasure lose its effectiveness in your lifetime! This is a moment to witness a miracle!"

The black-robed old man almost spat blood at Lin Yi's teasing!

Who would want to see such a miracle in their lifetime?

As Lin Yi spoke, he didn't just sit around and do nothing. He kept on attacking the old man with his spirit sense collision!

Chapter 7943

Even with the protection of the Golden Bell, the black-robed old man was still overwhelmed.

After all, the collision of spiritual awareness was invisible, and a passive defense would always be careless.

Therefore, under the continuous attacks, the black-robed old man still lost!

The black-robed old man's head felt dizzy, and his entire body came to a standstill.

Lin Yi took the chance and swung his blade. If it hit the elder, he might just cut him in half.

“Duang~~”

A crisp bell ring resounded, and the little Golden Bell suddenly appeared in front of Lin Yi's blade, blocking the blade!

The black-robed old man took this chance to regain his consciousness and quickly retreated a few steps, putting some distance between him and Lin Yi.

"Forefather, good luck!"

"The patriarch is mighty! The Golden Bell is mighty!"

"After losing its effectiveness once, the Golden Bell has indeed shown its might again!"

These fallen generals didn't even know what was going on-they thought that the old ancestor had the upper hand when they saw little Golden Bell making the first move and Lin Yi's blade was sparring!

And so, these people took the chance to retreat, leaving a large open space for Lin Yi and the old ancestor to show their true strength!

Liu Ziyu also took advantage of this opening and waved his hand, quickly retreating with the personal guards unit. A battle of this level was no longer something they could interfere in.

"Hehehe, not bad! It's been many, many years since I've met such a powerful opponent! Compared to an expert like you, the mountain Ghost Army and the like are nothing!"

The black-robed old man laughed in a low and strange voice. It was as if something was stuck in his throat. His words were a little unclear. He seemed to be reluctant, but he was also a little determined.

Lin Yi had to rely on his sharp senses to barely understand what the old thief was saying.

"In order to show my respect for you, I'll give up this magical treasure today and let you die a glorious death!"

Suddenly, the black-robed old man's voice was raised 180 degrees as he spoke arrogantly.

Lin Yi raised an eyebrow, surprised.

Abandon the magic weapon?

Lin Yi was still trying to figure out what the old man meant when he saw the old man raise the little Golden Bell over his head.

The small and exquisite Golden Bell slowly rose into the air and began to spin rapidly on its own. At this moment, a golden light shone brightly!

The originally small Golden Bell seemed to have expanded, becoming bigger and bigger bit by bit!

"The patriarch is showing his power. Everyone, look! This Golden Bell is really awesome!"

"That's right. Previously, the small Golden Bell was already able to fight Sima Zhongda. Now that it's bigger, won't it be able to crush the blood spirit?"

However, just as they finished speaking ...

"Bang!"

With a loud bang, the small Golden Bell shattered silently, turning into countless fine powder that scattered in the air.

"Argh! Why did it explode?"

"This is bad! Let's run! The patriarch's magic treasure exploded!"

"Ah, The Mountain Company is doomed! I thought the forefather could turn the situation around, but I didn't expect him to be a pretentious old lamp!"

The harsh words infuriated the black-robed old man. He almost killed his stupid teammates with one strike!

What are you all doing? It's over!

On the surface, the black-robed old man turned a deaf ear and stood proudly under the debris of the Golden Bell's explosion.

Soon, the fragments of the Golden Bell fell on the black-robed old man and covered him completely, turning him into a golden-robed, golden-haired, and golden-bearded man.

"Patriarch, why don't you know how to dodge?"

"Ah, the Golden Bell must have exploded. The elder ancestor couldn't accept it at once and was stunned on the spot!"

"Run, patriarch! Where there's life, there's hope!"

The black-robed old man really wanted to set these fallen ministers on fire and burn them to death!

However, he was in the middle of showing off and couldn't let it affect his momentum!

A mighty aura exploded from his body. The black-robed old man straightened his back, his hair and beard flying in the wind. He seemed to have grown a few inches taller, and the aura on his body was several times stronger.

The sea splitting stage!

The black-robed old man's strength had actually leaped to the sea shattering realm!

It seemed that he was only half a step away from the half-step sea rending realm. However, the gap between them could not be measured!

Stepping into the sea splitting stage could be said to be reaching the heavens in one step!

The fallen ministers who were just about to escape became excited again!

The sea Rift stage! That was the strength of the martial Alliance branch's chief!

"The ancestor is mighty!"

"The ancestor split the sea, and the mountain is invincible!"

The black-robed old man's face darkened. He didn't want to talk to these stupid officials anymore and turned to Lin Yi!

A menacing smile appeared on his golden face as he raised his right hand casually at Lin Yi. He clenched his fist and flicked his index finger with his thumb!

"Ignorant brat! You should die in peace now that you've been killed by me, an expert of the sea splitting stage!"

The old man shot out a golden beam of energy. Lin Yi's pupils contracted as he instinctively activated his super butterfly microstep and dodged the Golden beam.

"You do have some strength, to be able to avoid this old man's casual attack!"

The black-robed old man laughed eerily as he flicked his fingers, "Then try my casual attacks!"

Several golden beams came from different directions, sealing off all of Lin Yi's escape routes!

This way, Lin Yi would be forced to face the attack head on.

If it was a normal person, they would have to follow the old man's script, but Lin Yi was different!

Lin Yi smiled coldly. His body was weak, but his essence spirit had reached the great completion of the sea-splitting realm!

He was many times stronger than the black-robed old man, who was in the early stage of the shattered Sea realm. Lin Yi could see through his attack without any effort.

But as mentioned before, the only thing he didn't have was the strength of Lin Yi's body-it couldn't keep up with the strength of his spirit!

Therefore, it was one thing to see through it, but it was another thing to be able to react in time!

The butterfly subtle steps were extremely profound. He dodged a few of the light golden qi attacks, but he couldn't avoid the last one no matter what.

However, Lin Yi didn't have to take it head on. He used the advantage of his movement to make a small difference in the angle of the attack, allowing Lin Yi to hit it from the side and break it with skill.

He picked up the long sword that killed Sante and swung it at the Golden energy.

However, as the Golden qi was split apart, Lin Yi's longsword started to break from the blade.

The powerful recoil sent Lin Yi letting go of the handle, forcing him to take two steps back before he managed to steady himself.

In terms of strength, Lin Yi's current body was nothing compared to the black-robed elder 's!

"Interesting, interesting! This old man is really a bit reluctant to kill you! At such a young age, your strength doesn't seem to be very strong, but your combat power is so amazing. What secrets are you hiding?"

Retracting his right hand, the black-robed old man rubbed his chin and fell into deep thought. "You must have a big secret on you. I've lost a magic treasure, but I might be able to get it back from you!"

Chapter 7944

"Kid, just surrender obediently, or you'll suffer more! This old man promises that as long as you hand over the secret on your body, I will definitely spare your life!"

He said that, but the black-robed elder had already made up his mind-he'd kill Lin Yi as soon as he got the secret!

A secret that could make one so powerful only needed one person to know.

The others must die!

Only dead people would not reveal secrets!

"Ha ... Old thief, you really know how to talk to yourself. Do you think you can defeat this Marshal with your little strength?"

Lin Yi laughed in disdain. The three spirit vortexes landed around the old man and started to attack his essence spirit.

The black-robed old man's body glowed with golden light, and a look of surprise flashed across his face. "There's such a method? It's a pity that I've already become one with the Golden Bell, and there are no more flaws around me. No matter what kind of attack you use, you can't break through my defense!"

After saying that, the black-robed old man became more and more excited.

He didn't know that Lin Yi was using a spirit sense attack, but he knew that it was very powerful and he really wanted it!

If they caught Lin Yi, they'd be able to get this mysterious method!

Lin Yi frowned-was this the legendary Golden Shield Iron Shirt?

What a joke, what kind of golden Bell cover and iron cloth could defend against spiritual awareness attack skills?

"No flaws at all? Wouldn't that be a perfect 360-degree defense with no dead angles?"

"Old thief," Lin Yi suddenly smiled, "you should've had a bigger turtle shell on your back-that'd make your defense a lot stronger!" Right now, this so-called flawless defense is actually the biggest flaw!"

The black-robed old man was slightly stunned by these inexplicable words.

He didn't quite understand what Lin Yi meant, but it did make sense.

The lack of a flaw was the biggest flaw!

So cool!

Before the old man could figure out what the words meant, Lin Yi increased the output of his spirit sense!

He was just a warrior at the early stage of the shattered Sea realm. What was the big deal if he relied on a magical treasure to defend himself?

The so-called flawless defense meant that he had to take into account the defense of all directions. No matter how powerful the Golden Bell was, it would not be strong by spreading its power so evenly!

The Golden Bell could still withstand an attack of a similar level to the black-robed old man 's, but if it encountered a power that exceeded its tolerance limit, it would probably collapse in minutes!

Spirit sense refinement fire started to appear in Lin Yi's three spirit sense vortexes, turning from normal spirit sense vortexes to spirit sense refinement fire vortexes!

Great strength creates miracles!

The whirlpool of consciousness and pill fire collided!

BOOM!

The golden light on the black-robed old man's body flashed, but it only lasted for less than a second before it shattered.

In the blink of an eye, his primordial spirit was torn apart. Even a body at the sea splitting stage couldn't resist the attack of the divine sense!

The moment the Golden Bell was destroyed, the black-robed old man was as well.

"Stop! This old man has something to say!"

The black-robed old man held his head with his hands, his eyes were about to burst, and he showed an extremely painful expression. "I ..."

"Old thief, I'm not interested in your last words. Die in peace!"

With a cold Hmph, Lin Yi didn't give the other a chance to speak. He instantly increased the pulling and burning power of the whirlpool.

The black-robed old man couldn't help but cry out in pain. He wanted to struggle, but he didn't even have the right to struggle.

He had no way of dealing with such an attack that directly affected the essence soul.

The defensive layer formed by the Golden Bell was the only thing he could rely on. Now that it had been broken, he, a super expert of the sea splitting stage, was actually not much different from the original infant stage and golden core stage ancient martial art practitioners.

"Sima ... Zhong ... Da ... You killed me ... You ... You'll ... Regret it ... Ah!!"

The black-robed old man screamed as he tried to make his last threat. "We ... The Shanlian Empire ... Was established because we completed ... The mission entrusted to us by the martial Alliance! That's ... That's why ... He's still standing! You actually dared to ... Change the dynasty ... Martial Alliance ..."

"Martial League won't let me off, right? I know! You don't have to say it with so much effort! Aren't you just trying to tell me that you have a backer?"

Lin Yi said helplessly as he rubbed his nose.

It took too much effort for the old man to say it, and it was even harder for Lin Yi to listen, so he decided to say it for him!

"Gah! Not bad ... Then do you dare?"

The black-robed old man couldn't catch his breath and almost choked to death.

"Why should I be afraid? Just in time, I was worried that I wouldn't be able to find martial League. Since martial League will avenge you, I'll just wait for them to come to me. It'll save me the trouble of finding them!"

With that, Lin Yi waved his hand, "that's enough, you should just die!" You don't have to worry about me!"

The black-robed old man was almost angered to death by Lin Yi even before he was killed by the whirlpool!

If it wasn't for his unwillingness, he would have died just like that!

"Sima Zhong da! Don't be so arrogant! If you dare to offend the martial League, the martial League will definitely kill you!"

It was time for the black-robed old man to finish his last curse, and he finally felt much better. "Our Shanlian Empire only ascended the throne after completing the mission entrusted to us by the martial Alliance. You, on the other hand, seized the throne on your own!"

"Oh!"

Lin Yi shrugged nonchalantly, "you think you're the only ones who can complete the mission?" Why do you think I can't complete martial league's mission?"

"If one isn't enough, then two! I don't believe that there are no other empires before your Shanlian Empire!"

Lin Yi waved his hand impatiently and continued, "Since you've completed martial league's request and ascended to the top, why can't I?"

"This ... Gah!"

The black-robed old man's eyes suddenly widened.

Lin Yi's words made sense, and he couldn't deny the possibility!

To the martial Alliance, the Shanlian Empire was just a Lackey. It would be embarrassing if they were killed, but it would not be a loss if they had a stronger replacement!

This was because the Shanlian Empire had once been the successor of a weak Empire!

It was precisely because he understood this that the black-robed old man suddenly felt fear!

The Shanlian Empire was at its end!

With fear and unwillingness, the black-robed old man finally stopped breathing.

His eyes were still wide open, and there was still some hatred in his unfocused pupils.

He died with his eyes wide open!

Lin Yi sighed in relief, still a little scared.

He didn't expect the people on this Island to have such powerful Dharma Treasures. They seemed to be more powerful than those on the Sky Class Island!

If not for the fact that his primordial spirit had recovered and improved greatly after returning to the secular world, he would have been killed by the black-robed old man!

However, Lin Yi's strength hadn't recovered yet, and he couldn't fight the old thief head-on. He'd already run away.

Chapter 7945

"Long live great emperor Sima!"

Lin Yi was still thinking about the gains and losses of this battle when one of the fallen Shanlian Empire's officials trotted over and knelt down respectfully, "Your Majesty, the Shanlian Empire has lost its virtue for a long time. We have long been looking forward to your Majesty sweeping through the six directions and restoring Shanlian!"

"Today, Your Majesty has succeeded in one fell swoop. It's time to take over the mountain ridge Empire. I sincerely request your Majesty to revive the mountain ridge!"

"This subject agrees! Revive The Mountain Company!"

The officials who were a little slow to react quickly followed. They cursed the guy who jumped out first for being despicable and shameless, while thinking about how to be even more despicable than him.

The new emperor was right in front of them, and there was no hope of him taking the initiative, so they had to think about what other contributions they could take.

Lin Yi smiled faintly as he looked at the kneeling ministers and the people from the palace. They were all Sante's trusted men, otherwise Sante wouldn't have brought them along.

And the result?

How long had Sante died?

Before their bodies even turned cold, these former confidants of his could not wait to turn to the enemy and kneel and lick their boots.

"You despicable people! All of you will die without a burial place!"

Sante's personal eunuch suddenly cursed in grief and indignation.

He had been Sante's partner for decades. They had grown up together. He was Sante's most trusted man.

At this moment, everyone wanted to surrender. Only he drew his sword and committed suicide after cursing loudly!

This was just a small interlude. Those who were bent on surrendering did not pay any attention to the old eunuch.

Although this old eunuch was originally the head of the inner palace, he was now trash that was not even as good as dog shit.

Lin Yi glanced at the old eunuch, not showing any emotion.

No matter how bad a person was, there would always be one or two people who were willing to die with him. Sante could be considered to have lived a worthwhile life with this old eunuch accompanying him!

"Broken peak camp, do you still want to resist?"

Lin Yi didn't care about the kneeling officials, but turned to the broken peak camp soldiers.

The strong Army still held their weapons in their hands and did not let their guard down because of Sante's death.

They had their own pride, and even if it was worthless in front of blood ghost and Lin Yi, they still held onto it.

"Does the broken peak camp want to protect the people of the mountain ridge, or the imperial family? If you are protecting the people, then submit to me and continue your mission. "

Lin Yi was about to take over the Shanlian Empire, so he had some thoughts about the broken peak camp.

It would be a waste to kill them for nothing, if they could recruit them and train them, they would not be much worse than the guards unit.

"If you want to be loyal to the Shanlian Empire, I can fulfill your wish and give you a chance to fight to the death!"

Behind Lin Yi, the guards raised their weapons in unison, their killing intent rising!

Lin Yi didn't say that he would give the broken peak camp a chance to fight fair and square, and instead used the excuse of dying in a fair fight. This meant that they had no chance of survival after fighting with the guards unit.

"We are protecting the people of Shan Lian! It's not the Shan family!"

The commander of the broken peak Battalion only hesitated for a second before making the wisest choice. "From now on, our broken peak camp will be loyal to general Sima, but we will still protect the people of Shanlian!"

This was an excuse for their surrender.

But Lin Yi didn't really care-as long as they surrendered, it wasn't like they could do anything.

The ease of subduing the broken peak camp made the important officials of the Shanlian Empire even more fearful.

The Minister who had made the first move continued to show his support, ""Emperor Sima, the new country has been established, and there are many things to do. I would like to invite the Emperor to temporarily stay in the crown prince's residence, and I will choose an auspicious day to hold the Ascension ceremony for the Emperor."

"During this period, the great emperor can think of a new title for the country, as well as a new title for the great emperor and a new Year ..."

"There's no need to go through so much trouble!"

Lin Yi waved his hand and smiled. "There's no time like the present. The Ascension ceremony will be held today! The day the Shanlian Empire Falls is the day we will be destroyed. What day is better than today?"

As for the crown prince's residence, Lin Yi had no interest in it at all.

There wasn't a Crown Prince in the Shanlian Empire, so no one should've lived there before. Lin Yi didn't want to add to the atmosphere of a house like this and move out after a few days.

"Today? Great emperor Sima ... Wasn't today a little too rushed?"

The Minister was a little dumbfounded. He thought to himself, "is this man so eager to be an Emperor?" Couldn't he wait a few more days?

There were many things to prepare for the Ascension ceremony. Wasn't it better to be Grand? If we do it today ... What can we do!

"What's the rush? The people of the imperial capital have just experienced a man-made disaster and are in need of the new emperor's comfort. Do you still want to use the name of the old dynasty to comfort them?"

Lin Yi threw out a random reason, and the Minister was rendered speechless.

How dare he go against Lin Yi at a time like this? Are you tired of living?

In fact, he had already regretted his hasty words. This was the new Great emperor. Whether it was reasonable or not, he was a subject who had surrendered. He should not have any other voice other than support.

The word 'rushed' might have wiped out the credit of being the initiator. Just thinking about it made his heart ache!

Lin Yi didn't bother with the official and pointed at a nearby eunuch. "You! Yes, I'm talking about you! Come over here!"

The young eunuch pointed at his own nose with a dumbfounded expression. After receiving confirmation, he immediately ran over in fear, his heart extremely perturbed.

He didn't know why Lin Yi called him over-to kill him?

Could it be that he was standing too close to the previously dead inner palace chief and was mistaken as an accomplice?

The young eunuch, who was crying in his heart, ran over and forced a smile on his face as he bowed respectfully, ""Emperor Sima, what's your order?"

"The one who just committed suicide was the eunuch in charge of the palace, right?"

Lin Yi was asking about the eunuch who claimed to be the only one loyal to Sante.

The young eunuch was slightly stunned, and his heart immediately trembled. Sure enough, he was definitely treated as an accomplice!

However, the young eunuch did not dare to not answer. He could only bow and answer, ""Your Majesty, it was the original imperial minister!"

"Oh, since that steward is already dead, then you will be the steward of the palace!"

Lin Yi saw that the eunuch was pretty smart, and gave the order, "Your first task is to clean up the harem and clean up Sante's belongings. Pack them up as soon as possible!"

What?

Not to kill him?

The little eunuch was still a little dumbfounded at this time. He had never thought that such a big meat pie would fall from the sky!

Chapter 7946

If he followed the normal procedure, he would need at least a few decades to become the Minister of the inner palace, if he was lucky!

It was more likely that he would never be able to make a name for himself.

After all, every eunuch who could become a great eunuch had their own background.

For example, the original eunuch in charge was Sante's confidant. They had grown up together. If this person didn't become the eunuch in charge, who would?

If Sante had passed the throne to the princes normally, the new chief of internal affairs would have been a trusted aide of the Prince. It would have been impossible for this little eunuch to be the new chief.

He didn't expect that ... He would become the head of the Imperial Household just like that?

The eunuch still felt like he was in a dream, but after seeing Lin Yi's questioning eyes, he shivered and quickly knelt down, "Yes, Your Majesty!"

The chief of the Imperial Household!

The young eunuch kowtowed on the ground, but he was already laughing in his heart!

She swore that she'd do her best to complete Lin Yi's task perfectly!

"Alright, stand up and talk!"

Lin Yi wasn't used to people talking to him on their knees. He told the eunuch to get up and continued, "Before that, you need to draft a decree saying that the Shanlian Empire has been completely destroyed. From now on, the entire territory of the Shanlian Empire will be changed to the Hongshang Empire!"

"Those of the Empire who haven't surrendered, surrender as soon as possible. If there are any disloyal ones, prepare the Army and wait for a fair battle to kill them!"

Lin Yi had conquered many cities along the way from the long bang conferred Kingdom.

In terms of territory, it was already a hundred times larger than Hongshang Commandery.

However, this small area was not even one-sixth of the entire mountain, not even the territory directly under the Empire's jurisdiction.

It was even worse if the other conferred kingdoms were included, and so Lin Yi first mentioned the cities with the Shanlian Empire flag.

He would definitely have to subdue them in the new Hong Shang Empire!

"As for the year, let's not worry about it! Even though I killed Sante and conquered the Shanlian Empire, I'm just a representative. I'll pass the position to Liu Ziyu immediately!"

When he said that, everyone was stunned!

Furthermore, they were beginning to suspect that there was something wrong with their ears.

Immediately pass the position?

Big brother, do you think that being an Emperor is a family? You'll do it today and I'll do it tomorrow?

Can't we be more serious about such a solemn matter?

Other people aside, Liu Ziyu was completely dumbfounded!

It was only natural for Lin Yi to become the Emperor of the new empire.

Other than Lin Yi, he didn't know who else had the right to sit on that throne.

As for himself, he had never thought that he would become the Emperor of an Empire!

The fact that he was the Prince Consort of the third Princess of a conferred Kingdom in the Dragon state had already given Liu Ziyu some pressure. The Emperor?

Cousin Zhong da, can you not joke around? The underling was panicking!

"Cousin Zhong da, don't make this little brother feel bad! You must not do this!"

Upon hearing this, Liu Ziyu rushed forward, shaking his head and waving his hands. For a moment, he was actually at a loss. "The new empire was built by you, cousin Zhong da. How can you hand it over to me?"

"Why can't I?"

Lin Yi asked, his tone light.

The Shanlian Empire was just a piece of land in Lin Yi's eyes!

He was a man with big dreams. How could he stay on the sub-Island and be the Emperor for such small benefits?

Lin Yi came to the sub Island to rebuild his body and get Xinyan's information-everything else was just a small matter.

Back then, if Lin Yi had stayed on the Sky Class island's North Island, he might've already become Shangguan Tianhua's grandson-in-law and become the island Lord!

So, if Lin Yi really wanted all this fame and status, he would've done it a long time ago. Why would he wait until now?

Lin Yi shook his head as he looked at the confused Liu Ziyu. He could only use force,"Since you said that I smacked it down, then naturally, I can give it to you if I want to. Who would dare to be unconvinced?"

"This ..."

Liu Ziyu choked. Lin fan was right about this!

With Lin Yi's power now, he had the final say, and everyone could only listen.

If Lin Yi really wanted Liu Ziyu to be the Emperor of the Hong Shang Empire, there might be many who wouldn't agree with him, but no one would dare to say anything against Lin Yi's decision!

"It's not like this ... Cousin Zhong da, even if you don't want to be the Emperor for the time being, you can let uncle be the Emperor! Uncle is currently in the prime of his life, and he is outstanding in both literature and martial arts. He will definitely be an outstanding Emperor. "

Liu Ziyu's mind was in a mess. He finally thought of a good excuse. "Cousin Zhong da, you can let uncle be the Emperor first, and you can be the Crown Prince at ease. Wouldn't this be the best of both worlds?"

After saying this, even Liu Ziyu himself felt that it made sense!

The Sima clan was currently in charge of the Hong Shang Commandery, and the new Hong Shang Empire was completely conquered by Zhong DA's cousin. No matter what, it should be the Sima clan that should be the Emperor.

Although Liu Ziyu was Sima zhengxin's grandson, his surname was not Sima!

If he became the Emperor, he would not have the right to do so. He would not have the face to face his uncle and aunt who had loved him since he was young.

However, Lin Yi was even more speechless.

Crown Prince?

Who has the time to stay in this small place and be the Crown Prince!

Now that he knew of the martial Alliance's existence above the Empire, Lin Yi naturally wanted to go to a higher platform.

Who knew how far martial League was from becoming a super-rich family? Lin Yi couldn't waste any more time.

"Ziyu, you're so talkative! What's the matter? have you grown wings? That's why you don't even listen to your cousin?"

Lin Yi looked at Liu Ziyu from the corner of his eyes, his face stiff as if he was a little angry."Or are you questioning my cousin's judgment? do you think I'm wrong?"

Liu Ziyu was speechless.

How do you continue this? It didn't seem right no matter how he answered it!

"Cousin Zhong da, it's very easy for you to end the conversation like this!"

Other than a bitter smile, Liu Ziyu did not know what expression he should have. "This little brother will naturally listen to cousin Zhong da, and will definitely not question cousin Zhong DA's vision! It's just that this matter ... This little brother still feels that we should listen to uncle and aunt's opinion. "

He could not say that this was the Sima clan's matter, so he could only use Sima Yun Qi and his wife as a shield.

"There's no need for that. The Shanlian Empire was conquered by us brothers. It has nothing to do with father and mother. Besides, if you become the Emperor, will you let down my parents?"

Lin Yi waved his hand and interrupted.

"Of course not. Uncle and aunt have always treated me like their own son, and this little brother is naturally deeply grateful. In my heart, I've always treated the two elders as my own parents! Even if I have to die, I will not allow anyone to harm them!"

Liu Ziyu subconsciously puffed out his chest and argued.

Chapter 7947

His feelings for Sima Yunqi and his wife were not fake, Lin Yi could see that.

There were some things Lin Yi couldn't tell Liu Ziyu too clearly, like how he wouldn't be staying here for long.

So there was no way Lin Yi would sit on the throne himself!

As for handing it over to Sima Yunqi, it was not impossible. The problem was that if Sima Yunqi became the Emperor, the throne would belong to the Sima family!

Once Lin Yi left, Sima Yun would have no other sons, and it might end up with Sima Zhongyi and Sima Zhongxiao, these two idiots.

After all, the Sima clan was a large clan. Even if Sima Yun were to become the Emperor, it was impossible for him to be separated from the Sima clan!

After he passed away, the throne would definitely still fall into the hands of the Sima clan, and Liu Ziyu would have nothing to do with it.

Even if Sima Yun could have stood his ground and passed the position to Liu Ziyu, wouldn't the outcome still be the same?

As such, Lin Yi decided to just leave the Sima family and let Liu Ziyu be the Emperor.

With Liu Ziyu's temperament, he would definitely not mistreat Sima Yunqi, his wife, Sima Zheng Xin and the others.

As for the other members of the Sima family, Lin Yi couldn't be bothered with them.

Of course, Lin Yi had his considerations as well-MA Sijun was a martial artist at first, and wasn't suited to be an Emperor.

"Then that's it. I'll be more at ease if you become the Emperor. As for my grandfather and the others, you can also make arrangements. Hongshang Commandery is a little smaller, so it should be enough to be conferred a larger fief and promoted to a conferred Kingdom!"

Lin Yi didn't care about a small place like Hongshang Commandery, where several families took turns to be the Commandery Prince.

If he were to allow the Sima clan to establish a new conferred Kingdom, he would be doing them a good favor.

"Cousin Zhong da, although that is what you say, but this little brother is not an Emperor ..."

Liu Ziyu felt his head throb and subconsciously wanted to continue declining.

Lin Yi glared, pretending to be displeased. "What happened? My words really don't work, do they? You won't listen no matter what I say, right?"

"I don't dare! Don't be angry, cousin Zhong da, I was just saying ..."

Liu Ziyu's forehead was covered in sweat-he really didn't dare disobey Lin Yi.

However, he was really afraid that he would not do a good job as the Emperor.

"It's good that you don't dare! If I were the third Princess, I wouldn't be interested in you!"

Liu Ziyu couldn't help but puff up his chest when Lin Yi mentioned the third Princess.

That's right. For the sake of his beloved third Princess, he must be a good Emperor of this new empire!

At the thought of making his beloved girl the Empress of the new empire, Liu Ziyu felt more confident, and he finally couldn't help but feel excited.

"Cousin Zhong da, what should we do next? I don't know how to govern a country! After I become the Emperor, cousin Zhong da, you can't just leave me alone! In the future, you will be the retired emperor! So, elder cousin retired emperor, what do you think we should do now?"

Liu Ziyu immediately gave Lin Yi the title of Emperor.

Lin Yi didn't really mind-as long as he didn't get involved, it didn't matter if it was the Emperor or the Grand Madam, as long as he had a good reputation.

"What are you afraid of? I'll learn it! Besides, with so many people helping you, are you afraid you can't learn it?"

Lin Yi pointed lazily at the fallen ministers.

It was hard to say whether these people were talented or not, but it should not be a problem to temporarily use them to stabilize the situation!

"Next, you should prepare for your own Ascension ceremony. In a moment, I will announce in front of everyone that I will pass the throne to you! Therefore, your Ascension ceremony must be fully prepared and Grand. "

"Why? This little brother should just be a little simpler. Otherwise, there would be so many red tape ... Just thinking about it gives me a headache!"

Liu Ziyu had some understanding of rituals and etiquette, so he knew that this was definitely not an easy task!

"Nonsense, I'll be the Emperor for a day, you'll be the Emperor for a lifetime! How can we be the same? The grandness of the ceremony had to be proportional to the time he had been an Emperor! Don't tell me you don't even know about this?"

Lin Yi's nonsense sounded reasonable, but it was all bullshit!

Liu Ziyu was dumbfounded. There was such a saying?

Brother, I've read a lot, don't lie to me!

You lied to me ... I can only believe you!

"You, and you, you you you!"

Lin Yi didn't care about Liu Ziyu anymore after his nonsense-he turned around and picked a few people. "You're in charge of making Liu Ziyu's Ascension ceremony grander, and you can relax the timing a little. After that, you'll have to inform the surrounding empires and conferred kingdoms.

"They don't have to come to my succession ceremony, but all the princes of conferred kingdoms must be present for the Ascension ceremony! The other empires should at least send an emissary to attend. "

"Any Prince of a conferred Kingdom who is not there will be regarded as a traitor and will be listed on the punitive expedition list! If the neighboring empires didn't send any emissaries, they would also be listed as enemy nations! I'll send troops to kill them at any time!"

Lin Yi didn't want to fight, he only did this to help Liu Ziyu establish his authority!

Liu Ziyu had always been under Lin Yi's wing and didn't have much prestige, but once he ascended to the throne, he'd naturally have a lot of prestige if he taught those ignorant bastards a lesson.

It would be even better if there were no blind people. If everyone gave him face, his face would naturally become bigger!

The people who were chosen were surprised and overjoyed-they were overjoyed that they'd be able to build a relationship with Lin Yi, but they were surprised that these missions weren't easy.

It was hard to say whether sending out such a notice to the conferred kingdoms and surrounding empires would bring fortune or disaster.

"Do you all understand? Is there any problem?"

Lin Yi's stern eyes swept over them, and they quickly bowed and said loudly that they had no problems with it.

"If there's no problem, then do it! Don't waste time here!"

Lin Yi waved his hand and asked the eunuch to find a place for him to rest.

The fight with the elder seemed easy, and he wasn't injured, but the limited contact made Lin Yi's body uncomfortable.

In the end, it was still because his body was too weak.

He had no choice but to take a good rest first and slowly think of ways to improve his body's strength.

Lin Yi went to rest, while Liu Ziyu and the guards were busy comforting the entire Imperial City.

After that, the news of the Shanlian Empire's destruction and the new Hongshang Empire's establishment was spread out using Messenger Eagles.

Lin Yi had already attracted the attention of the surrounding empires when he brought 800 men to conquer the cities.

A big country like the Shanlian Empire could not be compared to small countries like the Hongshang Commandery, the black magic Commandery, and the seitong Commandery.

Chapter 7948

The surrounding empires and many conferred kingdoms were paying close attention to the development of the situation here.

No one thought that Lin Yi would actually complete the feat of destroying the Shanlian Empire.

The conferred kingdoms that had not been subdued started to hesitate whether they should surrender voluntarily, wait for someone to come and ask them to surrender, or simply declare themselves Kings.

However, when they thought of the blood ghost's reputation, those who had just thought of making themselves King quickly shook their heads and dispelled the terrible idea. They continued to choose between voluntarily surrendering or passively waiting for their surrender.

When the news reached the conferred kingdoms of the long bang, the Prince was dumbfounded!

Did Sima Zhongda really destroy the Shanlian Empire?

Was this a F * cking joke?

The Prince of the long bang felt like he was going crazy!

How could there be such an absurd and unruly thing? it was simply ridiculous!

"My partner, do you think I'm dreaming?"

For a moment, the Prince of the long bang could not believe that this was true, thinking that it was fake news.

"Your Majesty, when Sima Zhong da established the Hong Shang Empire, he decreed that all the conferred kingdoms of the Empire had to submit to him unconditionally ... This is absolutely true! What should we do?"

The old eunuch beside the Prince of the Dragon state also felt like he was in a dream.

Not long ago, Sima Zhong da was only a rising star from a country's Prefecture who had come to participate in the young masters' gathering.

When the old eunuch was with Lin Yi and Liu Ziyu, he'd still had a sense of superiority, as if he was the leader of the younger generation.

But how long had it been? A young man from a rural Prefecture had destroyed an Empire and replaced it?

It was really like a dream!

But even so, the old eunuch was still clear-headed enough to remind his master, ""Your Majesty, the fire Empire and we ..."

It was very vague, but it was enough.

As expected, the Prince of the long bang slapped his forehead after hearing this, feeling a terrible headache!

'What the hell!'

Who knew that things would turn out like this!

The Prince of the long bang wanted to cry but had no tears.

In order to leave a path of retreat for himself, the Prince of the long bang had secretly colluded with the fire Empire and attacked huyue conferred Kingdom from both sides.

There was nothing wrong with this plan, and it was going smoothly.

Before Lin Yi took down the capital, the long bang conferred Kingdom and the fire Empire had already joined forces and taken over a lot of huyue conferred Kingdom's territory.

From the area of the land, about 30% of the HU Yue conferred Kingdom's territory should have fallen.

However, those were all relatively peripheral positions and weren't too important, so the losses were actually still within an acceptable range.

If things were to continue developing like this, Prince long bang's plan would only take a few more months before he and the fire Empire's Army would meet up within the borders of huyue conferred Kingdom. Then, the strengthened long bang conferred Kingdom would be completely merged into the fire Empire!

But Lin Yi just had to appear out of nowhere and destroy the entire Shanlian Empire!

The Prince of the long bang wanted to cry just thinking about it. He had joined forces with the fire Empire, and even after fighting for so long, they had only managed to take over thirty percent of the HU Yue conferred Kingdom's territory.

And Lin Yi?

With 800 men, he had completely annihilated the entire Shanlian Empire ... There was no way to compare them!

"My King! There's no need to hesitate, immediately stop our cooperation with the fire Empire and secretly assist the HU Yue conferred Kingdom in their resistance against the fire Empire!"

The old eunuch saw that the Prince's expression was constantly changing, and no one knew what he was thinking. He could not help but admonish, ""Compared to the fire Empire, young master Zhong DA's blood spirit is clearly more dangerous! Our enmity with the Shanlian Empire has already been resolved, so why would we still need to rely on the fire Empire?"

"Ah? What did you say, my partner?"

The Prince's thoughts were clearly not on the same wavelength as the old eunuch 's, so he did not understand and could not react for a moment.

"My King! What this old servant is saying is that if we offend the fire Empire, we might not be in any trouble! Now that a new empire has been established, even if the fire Empire intends to invade, they will have to consider the possibility of being counterattacked. "

The old eunuch couldn't care about anything else. He quickly explained the pros and cons to his master, ""Now that our Dragon state has become a part of the new empire, what can the fire Empire do to us?"

"Not to mention, with our relationship with the third Princess, our conferred Kingdom will only grow stronger and stronger. Why should we surrender to the fire Empire?"

The old eunuch spoke in a hurry, but the Prince of the long bang listened carefully. He went through the whole thing in his mind in a daze, then slapped his thigh. "Yeah! Why didn't this King think of this!"

"Sima Zhongda was only the founding Emperor for a day, and he immediately passed the throne to Liu Ziyu! And Liu Ziyu has been in love with this king's daughter for a long time! So.....This Prince will have a daughter to be the Empress and a son-in-law to be the Emperor?"

"I grabbed a blade of grass! The new emperor of Hong Shang is my son-in-law, and the Empress is my daughter. Do I still need to care about the stupid fire Empire?"

The Prince of the long bang finally understood, and he immediately became extremely excited. "Big partner, this Prince is about to become the Hong Shang Empire's father-in-law! To hell with the fire Empire, I can do whatever I want!"

In his excitement, the Prince of the long bang could not help but curse!

"Congratulations, Your Majesty! Congratulations, Your Majesty!"

The old eunuch smiled in satisfaction and congratulated him on his success. He then reminded him, ""Your Majesty's status is no longer the same. However, it's best that we give the fire Empire some explanation."

"We're not afraid of the fire Empire, but there's no need for us to offend them! Tell them the truth and they should understand!"

The Prince of the long bang was so full of himself that he did not care about the old eunuch's words at all. He laughed and waved his hand. "There's no need. So what if I offend them? They didn't work for nothing. No matter what, they've occupied quite a bit of land in the HU Yue conferred Kingdom!"

"Even if the fire Empire is unhappy, they can't do anything to us. Let them do whatever they want. This King should hurry to the imperial capital as soon as possible so that this King can attend the coronation of this King's good son-in-law!"

The Prince of the long bang could not help but grin at the thought of having a son-in-law soon!

Especially when the emperor's son-in-law had a terrifying and powerful Army, the bi 'an blood spirit, in his hands!

With the blood ghost in his hands, why would the Prince of the long bang be afraid of the fire Empire?

"Your Majesty, this old servant feels that it is not appropriate for us to become enemies with the fire Empire. After all, the new emperor's main priority is to maintain stability. If the fire Empire seeks revenge for our Dragon state's conferred Kingdom, even though we won't suffer any losses, the new emperor might detest us ..."

The old eunuch raised his head slightly to look at the Prince of the long bang and said in a low voice, ""If the third Princess is implicated and the new emperor also detests the third Princess, then ..."

Chapter 7949

The Prince of the long bang was dumbfounded.

That's right! If Liu Ziyu did not want the third Princess anymore, then what was the point of him, a Prince of a conferred Kingdom in the Dragon state, playing around for?

To offend both the Hong Shang Empire and the fire Empire at the same time? Are you tired of living?

"My partner ... That's not what you said just now ..."

Prince long bang's face turned ugly. His previously inflated state of mind was now like a balloon that had been punctured by a needle, bursting with a bang!

What should he do about this?

The old eunuch secretly heaved a sigh of relief. He had exaggerated a little just now because he was afraid that the Prince of the long bang would be too arrogant and get into trouble easily.

Now that he knew how to be respectful, things would be much easier in the future!

The Prince of the long bang scratched his head in distress, not knowing how he should handle the matter with the fire Empire.

At this moment, someone came in to report that the Prince of the HU Yue conferred Kingdom had arrived!

"Ah? Why is he here? And there wasn't any news about it beforehand?"

After hearing this, the Prince of long bang was surprised.

Strictly speaking, the long state conferred Kingdom and huyue conferred Kingdom were still at war, and they were genuine enemies!

Prince Hu Yue had come personally. Was he here to deliver his head?

"Your Majesty, Prince Hu Yue must have received the news of the fall of the Shanlian Empire, the establishment of a new dynasty, and the Ascension of a new emperor. That's why he came here to discuss with you, right?"

The old eunuch knew that the conferred kingdoms of the Dragon state would not make things difficult for Prince huyue under the current circumstances.

Prince Hu Yue had also recognized this point, and that was why he had quietly come to the capital of the Dragon state's conferred Kingdom.

"Reasonable! Prince Hu Yue ... No! This King will personally welcome you!"

Prince long bang felt that it would be easier to solve the fire Empire's problem with Prince Hu Yue!

Therefore, he didn't put on the airs of the new emperor's father-in-law, but came out to welcome him personally.

"Hahahaha, Prince Hu Yue, long time no see. I didn't think that you would suddenly come. This King wasn't prepared and didn't welcome you. Please forgive me!"

As soon as Prince long bang saw Prince huyue, he immediately opened his arms to welcome him, as if he were reuniting with an old friend who had not seen him for many years. He did not feel any shame at all for robbing someone else's house.

Prince huyue did not use the same posture to act out a reunion with Prince Longbang. When he saw Prince Longbang walk over, he knelt on one knee and held a roll of silk above his head.

"Prince long bang, I've personally come today to ask you to surrender! Instead of being swallowed up by the fire Empire, I would rather offer the huyue conferred Kingdom to the long bang conferred Kingdom and become a Commandery under the long bang's jurisdiction!"

Prince Hu Yue said these words loudly without the slightest embarrassment. "I've personally come to ask for your surrender. Is this enough to show the sincerity of our Hu Yue conferred Kingdom? If you don't believe me, Prince long bang, you can kill me!"

The corner of Prince long bang's mouth twitched. He had opened his arms to hug Prince huyue, but in the end, he was half shorter and knelt on the ground ...

This was a little awkward!

Was the Prince of the long bang considering whether he should go up, ignore everything, and pull her up to complete a warm welcome hug? Or should he quietly put his hand down and pretend that nothing had happened?

"Prince Hu Yue, you're being too serious. Our two countries are separated by a strip of cloth and water. We're originally brothers. What's there to talk about surrendering? quickly get up and speak!"

After a slight hesitation, the Prince decided to adopt a moderate strategy. First, he quietly put down his arms, and then went up to help her up as if nothing had happened.

At the same time, he had to wear an awkward but polite smile on his face to reflect his current noble status.

Prince huyue was not used to kneeling to the Prince of the long bang, so he stood up with the help of an arm.

In order to not appear abrupt, she stuffed the silk in her hand into the hands of the Prince of long bang.

"This is a letter of surrender! I believe that the Prince of the long bang would be happy to accept us! After all, given the current situation, the Prince shouldn't be involved with the fire Empire, right?"

Prince huyue glanced at Prince long bang's expression and went straight to the point, "Everyone here is an understanding person, so I won't beat around the bush! Our Hu Yue conferred Kingdom is fighting on two fronts, and we can still hold on for a while, but it definitely won't be too long. "

"Rather than being crushed in the end, why don't we surrender to your Dragon state conferred Kingdom and join forces to fight against the fire Empire? that would make things much easier! With your relationship with the new emperor, the new dynasty's reinforcements should arrive soon!"

Prince long bang was stunned. He really could not accept Prince Hu Yue's straightforward statement!

So he had come to surrender only because the new emperor, Liu Ziyu, was the son-in-law of the Prince of the long bang?

The old eunuch lowered his head and didn't say anything, but in his heart, he was praising Prince Hu Yue for being a wise man!

Prince Hu Yue's grasp of the situation was quite accurate. He knew that with the relationship between Liu Ziyu and the third Princess, the Dragon state conferred Kingdom would only become stronger in the future, and it was by no means something that Hu Yue conferred Kingdom could compare to.

After this battle, even if the huyue conferred Kingdom could still struggle on whilst at death's door, its vitality would definitely be greatly damaged, and the gap between it and the Dragon Kingdom would only grow wider and wider.

Therefore, he simply proposed to surrender. By submitting to a conferred Kingdom of the Dragon state, he would be submitting to Liu Ziyu!

In this way, not only could they better preserve their strength, but they could also get closer to the new emperor. Perhaps they could return to being a conferred Kingdom after the situation had stabilized.

While the old eunuch was praising Prince huyue for being a wise man, Prince huyue was also sighing that Prince long bang had found a good Prince Consort!

No, he couldn't be considered a Prince Consort anymore!

Because Liu Ziyu had become the Emperor, the third Princess had married a good husband and had reached the heavens in a single bound, becoming the Empress!

"Prince Hu Yue, don't say such things in the future. You and I are both princes of the conferred kingdoms under the Hong Shang Empire. What would that place His Majesty in that position?"

The Prince cupped his hands in the direction of the imperial capital and said with a righteous look, ""You and I are brothers who are as close as brothers. Now that there's a misunderstanding, it's fine as long as we can talk it out. Please don't take it to heart!"

Taking over the huyue conferred Kingdom would double the territory of the long bang conferred Kingdom. It would be a lie to say that the Prince of the long bang was not moved!

However, in the face of greater benefits, his interest was immediately erased!

I'm about to go to the imperial capital to become the father-in-law of the country, and that's a true relative of the royal family. I'll definitely get an official position with real power. Who has the time to take over your huyue conferred Kingdom?

On the contrary, if they angered the new emperor because of this, that would be a stupid thing to do!

The Prince of the long bang snorted to himself and could not help but praise his own wit.

"Right now, the fire Empire is still attacking your Hu Yue conferred Kingdom. As a brother Kingdom, our Dragon conferred Kingdom will definitely support you in resisting the enemy!"

The Prince of the long bang pretended to think for a moment before continuing, "Prince Hu Yue, mobilize the Army of your conferred Kingdom and defend the place to the death. You must delay the fire Empire's advance. This Prince will secretly send over all kinds of rations and heavy military equipment to you as a little bit of support!"

Chapter 7950

It was impossible for him to fight the fire Empire head-on! Because it would make things more troublesome!

However, if he were to secretly support Hu Yue conferred Kingdom, then he would not feel any pressure!

In any case, the withdrawal of the Dragon state's conferred Kingdom's Army was equivalent to freeing a large number of Hu Yue conferred Kingdom's elite soldiers. In addition to all kinds of supplies and armaments, the combat power of Hu Yue conferred Kingdom would greatly increase!

It would be much easier to resist the fire Empire!

Anyway, when the reinforcements from the Hong Shang Empire arrive, the situation would be completely reversed!

Prince Hu Yue thought about it and felt that this was a good idea.

To be honest, he was a little uncomfortable to bow to the Prince of the long bang.

Now that the Prince of the long bang had taken the initiative to give him a way out, Prince huyue naturally took the opportunity to step down.

"Alright, this matter is settled. Huyue Prince, come, come, come, sit inside and pass down this Prince's order. Prepare the state banquet. This Prince will properly entertain huyue Prince!"

Prince long bang grabbed Prince Hu Yue's arm and laughed as he walked with him. "Prince Hu Yue, don't worry. Nothing will happen! This King doesn't have any ambitions for your Hu Yue conferred Kingdom!"

"After all is said and done, this Empire is now owned by His Majesty, the new emperor. You don't have to worry that I'm just patronizing you on the surface, but still coveting you in secret! You said that the entire Empire belongs to this king's son-in-law, His Majesty Ziyu, so how could I possibly want your conferred Kingdom? don't you agree?"

Prince Hu Yue thought that it made sense and felt more relaxed."Then I'll have to thank Prince long bang ... He should be the father-in-law of the state!"

"No need to be so polite, we're all brothers!"

The Prince of the long bang laughed heartily, flying up in a good mood.

Having an Emperor as a son-in-law, it felt so good to speak. He could even straighten his back a little."Prince Hu Yue, after you find someone to arrange the defense, will you come with this Prince to the imperial capital?"

"His Majesty has decreed that all of us, the princes of conferred kingdoms, are to attend the coronation! Although the HU Yue conferred Kingdom is currently being attacked by the fire Empire, this King has heard that the new emperor has ascended to the throne and has requested for the surrounding empires to send envoys to attend the ceremony. I reckon that the fire Empire's attack should be temporarily halted. "

"So you don't have to worry. After you attend the coronation, everything will be different!"

The Prince of the long bang was now sparing no effort in flattering Liu Ziyu, very conscious of his status as the nation's father-in-law.

Because the more powerful the Emperor was, the more authority he, the country's father-in-law, had!

Prince Hu Yue did not object, and it could be considered that he approved of Prince long bang's words.

In any case, even if he stayed in the huyue conferred Kingdom, he would not be personally involved in the battle. The war was completely maintained by the generals in the front line, so it did not matter whether he was there or not. He might as well go to the imperial capital and use the power of the Prince of the long bang to build a good relationship with the new emperor.

Other than these two princes, the other princes of the other conferred kingdoms had also made their decisions. They were basically all preparing to head to the imperial capital to attend the new emperor's Ascension ceremony.

As long as they could reach the imperial capital, it would be equivalent to acknowledging Liu Ziyu's right to rule, and acknowledging that the Hong Shang Empire was the suzerain of these conferred kingdoms!

On the other hand, Lin Yi also sent a letter back to Hongshang Commandery, reporting what happened to Sima zhengxin and the others. He also summoned Wu yucao and the others to the capital.

Fernandes, or Fei daqiang, of course, couldn't help but beat his chest when he heard that Lin Yi had taken down the entire Empire."F * ck! Boss has only gone out for a short time, and he's already so powerful (acting). I've missed it!"

"If I can be with boss, how awesome would that be!"

Fei daqiang was deeply regretful. He felt that if he followed Lin Yi, he would have a lot of opportunities to let Lin Yi take him to show off and fly!

He thought about the magnificent scene of eight hundred slaughtering a hundred thousand, and the legendary journey of traversing ten thousand miles and taking over countless cities ...

What a huge loss!

"Yup! I really missed it!"

Wu yucao and the rest sighed as well.

However, they really felt that it was a pity that they didn't make it to such a big event. They probably wouldn't have the chance to encounter such a big event again in the future.

She really envied the guards unit-why did they have to follow Lin Yi around all the time?

"Right? You guys think so too, don't you?"

Fei daqiang saw everyone's regretful look and suddenly felt that he had found the organization!

It turned out that everyone was the same. They all liked to hug someone's thigh and let that thigh carry their posturing?

'No, Fernandes can do it alone. You scumbags should help each other!'

"Yeah, we all think so!"

Jin Yuan Bao and the others nodded in agreement. They didn't know that what they said and what Fei daqiang said were completely different!

What they felt was that it was a pity-why did Lin Yi reject the throne and pass it to Liu Ziyu?

"Hey, do you know how the Imperial court reacted when they heard this news?"

Ling Hanxue suddenly started a new topic, but before she could finish, she started laughing. "'I don't think I need to say more about what kind of people the Marshal brought his personal guards to attack the Shanlian Empire, do I?'"

"Everyone knows that, so of course you don't need to say anything! In fact, you don't need to tell me how they will react this time. I can already guess it!"

Zhang Yiming naturally took over the conversation, his face showing an extremely disdainful expression, ""When they heard that the Marshal had conquered the Shanlian Empire and established the new Hongshang Empire, they must want to be his lackeys, right?"

"You're right! Unfortunately, they were not even qualified to be bootlickers! They weren't even invited to the Hong Shang Empire's founding ceremony and the new emperor's coronation. They're not even qualified to attend the ceremony!"

Ling Hanxue was similarly disdainful, and there was a hint of disgust in her voice. ""Especially Sima Yun Fei's group, they actually dared to say that it was against the rules for the Marshal to pass the throne to general Liu, and that the throne should belong to the Sima clan! Even if the general doesn't want to be the Emperor, it should be someone from the Sima clan!"

"What a joke! A bunch of rats in the sewers! You'll never be able to show your face!"

Li Yingjian's reaction was even more obvious. He directly spat on the ground, ""At this time, I remember that the Marshal is a member of the Sima clan. What about in the past? Other than stabbing him in the back, I really don't know what right they have to say that they are the great commander's clansmen. "

"Don't say anymore! He's still a member of the Sima clan, we shouldn't make any comments!"

Wu yucao wasn't happy with Sima Yunfei's group either, but as the leader of this small group when Lin Yi wasn't around, she couldn't let her emotions get the better of her, ""Are you all done packing? The

commander has ordered us to gather at the imperial capital. If we are ready, we should set off as soon as possible!"

"What's there to pack? Let's go!"

Fei daqiang couldn't wait anymore. He didn't care if Lin Yi became the Emperor or not. As long as he could get back to Lin Yi's side, he would have a chance to act tough. He didn't want to miss out on any more chances!
