

## Bodyguard 7961

### Chapter 7961

What a sad story!

The eunuch was sad-Lin Yi asked him to pick a weapon, and he just borrowed one from the guard, even apologizing to him politely, saying that he might have to get it back himself.

Lin Yi couldn't help but smile-this eunuch was quite an interesting person. He'd made the right decision to appoint him as the head of the palace.

After a short while, the fifty Wind and Fire Army soldiers stood in an orderly line in the square below the steps outside the hall.

Lin Yi, Liu Ziyu, and the other officials all walked out of the hall and stood on the platform at the entrance, ready to watch the fight below.

"So this is the fire Empire's Wind Fire Army. They're indeed extraordinary. Be it their military bearing or the aura of their experts, they're far superior to those of the same rank."

"Yup! No wonder they are the trump card of the fire Empire. In the past, the three great armies of the Shanlian Empire have never had an advantage over the Wind and Fire Army. As long as they encountered them, they would only be able to barely escape. "

"The retired emperor sent a little eunuch to his death. It's true that he's looking down on the fire Empire, but it also seems like he's lowering the prestige of our Hong Shang Empire."

"Perhaps the retired emperor is planning to let them be proud for a while before he uses the blood spirit to deal with them?"

.....

Some of the officials were whispering to each other, making their own speculations. They thought that Lin Yi and Liu Ziyu couldn't hear them, but in fact, Lin Yi's spirit covered the entire area. No matter how quiet they were, they couldn't escape Lin Yi's surveillance.

But Lin Yi didn't care at all. Everyone thought that the eunuch was going to die, only Lin Yi himself knew that the eunuch was going to kill people!

Other than Lin Yi, Liu Ziyu was also aware of the situation.

In his heart, Zhong DA's cousin was an omnipotent super power. If he said that he would let a little eunuch fight, there must be a secret to victory!

If 800 could win against 100000 and destroy a country, why couldn't a small eunuch win against 50 Wind and Fire Army soldiers?

The young eunuch was thinking of the heroic image of him facing death with his head held high and chest out, but in fact, he was dejected, holding his knife, and slowly walking down the steps.

No matter how slow he was, there would be a time when he reached the end of the hundred steps.

When he arrived in front of the 50 Wind and Fire Army elites, he was even more panicked.

The courage that he had mustered up in his imagination had never existed in reality. Now, he didn't even have the space to imagine it. It had vanished into thin air, leaving nothing behind.

The Wind and Fire Army soldiers all knew what was going on. Their eyes were filled with anger after being humiliated!

The strongest and most elite army of the fire Empire, the Wind and Fire Army, was actually going to fight with a mere eunuch, and it was fifty people against one!

It was simply a lifelong humiliation!

He must use this little eunuch's blood to wash away this humiliation!

In the eyes of the Wind and Fire Army soldiers, the young eunuch was already a dead man, and a dead man who had been chopped into pieces!

The little eunuch was terrified and barely managed to raise his knife. He was shaking so much that he couldn't hold it steadily. No matter what, he was a master of the Jindan stage. It was really embarrassing that he couldn't even hold his knife steadily.

"Gulp!"

The young eunuch swallowed hard, making a clear gulping sound.

The Wind and Fire Army soldiers' eyes were filled with even more disdain. Although they wanted to skin the little eunuch alive, they felt that it would be too embarrassing to attack first.

"That ... Brothers, why don't we have a chat first?"

The young eunuch felt that his life had come to an end, and he could only struggle to live a little longer.

If they could chat, they could at least delay for a while, right?

The soldiers of the Wind and Fire Army looked at the young eunuch coldly, clearly not interested in chatting. The soldier in the lead hooked his finger at him, indicating for him to make the first move.

This was the last pride and persistence of the Wind and Fire Army soldiers. Saying it out would at least give the other party a chance to attack.

"Since they're giving way to you, you don't have to be polite. No matter what, you're fighting fifty of them alone. It's not shameful to make the first move!"

Lin Yi looked down at the eunuch from above, his calm voice clearly heard by the eunuch.

The young eunuch's face was full of tears. Retired emperor, ah, I really wasn't being polite!

I'm not afraid of losing face!

If I could surrender, I would surrender immediately. If I lose my life, who would still care about my face?

One against fifty?

Wuwuwu ... It's clearly 50 people ganging up on me, okay?

The eunuch was full of drama as he cursed inside, but he didn't dare to disobey Lin Yi's order. He could only force an ugly smile at the Wind and Fire Army soldiers with a sad face, "Then ... Then I'll make the first move! Big Brothers, please forgive me!"

The knife in his hand was still swaying, and the young eunuch was obviously unable to hold it.

Tuoba tuo sneered. Even if the Wind and Fire Army stood there for him to slash, they wouldn't die.

"Argh! "Ah!" "Ah!" Ah!"

The young eunuch screamed and rushed forward. He closed his eyes and waved his hand randomly.

Since he was going to die anyway, he had to go all out. Even if he died, he had to die in a glorious and heroic manner. At least, he had to look good.

Lin Yi's lips curled up into a mysterious smile as his spirit sense descended, enveloping all the members of the Wind and Fire Army. The eunuch's blade descended as they fell into a daze!

The young eunuch first felt the knife in his hand meet a trace of resistance. After a slight pause, it followed the momentum and chopped down. Then, a warm liquid with a fishy smell sprayed on his face.

He still had the time to think that it was a good thing he had closed his eyes, or else he would have gone blind.

Wait a minute! What was this thing? Blood? 'I've already been killed?'

It doesn't seem to hurt ... Is it because I'm about to die, so I can't feel pain? He didn't seem to be dead?

The young eunuch's mind was in a mess and he didn't know what he was thinking. However, the knife in his hand didn't stop. After making a turn, he swung it again, spinning like a windmill!

This was naturally Lin Yi's spiritual sense guiding him. The eunuch's mind was in a mess, and he almost lost control of his body.

So Lin Yi's guidance made him think that it was his own body's natural reaction. Not only would he not resist, but he would also follow the guidance.

At this moment, the people on the platform outside the hall looked down in shock.

The young eunuch who seemed to have lost his mind wielded the long saber with both hands. The snow-white Saber Light spun like a windmill and soon turned into a blood-red Saber Light.

The fifty soldiers of the wind Fire Army, who were known as the strongest army in the fire Empire, stood there like wooden blocks, dumbfounded. They allowed the windmill-like blade light to sweep across their necks and take their lives!

In the blink of an eye, the 50 Wind and Fire Army soldiers were all either dead or injured. Every one of them had their necks cut open and died in one strike without any delay!

The young eunuch was still screaming with his eyes closed, his body flashing with the light of his blade as he passed by the fifty people. He had no idea what was happening.

Chapter 7962

Lin Yi withdrew his spirit sense, and the eunuch's body went soft. The knife flew out of his hand and fell to the ground, leaving a pool of blood.

The young eunuch was even worse off. Under the effect of inertia, he swayed left and right for a while as if he was drunk. Then, he fell to the ground with a standard and difficult butt-back posture, like a wild goose falling on the sand, and began to pant heavily.

Lin Yi was a little impressed-it wasn't easy for a person to pull off such a difficult landing move.

Usually, someone had to help kick him in the face to have a similar effect when he was sent flying. The little eunuch was indeed extraordinary and not an ordinary person!

The 50 Wind and Fire Army elites were all annihilated!

Tuoba po was dumbfounded. He could not believe his eyes and thought that he was hallucinating.

The wind Fire Army was the elite of the fire Empire!

And these fifty people were the elites of the elites!

He was actually killed by a little eunuch as if he was cutting vegetables?

The civil and military officials in the hall were also dumbfounded. They had never realized that this newly appointed chief of the inner palace was actually a hidden peerless expert.

Before, they had all looked down on this little eunuch who had been hit by a pie from the sky and had not been very fond of him. But from today onwards, no one dared to look down on this chief of the inner palace.

Although Liu Ziyu knew that Lin Yi was strong and that Lin Yi was confident in doing this, he was still shocked by the scene in front of him.

This inner court chief was really awesome. Retired Emperor's cousin really had a good eye for people.

"Ha ... The Wind and Fire Army!"

Lin Yi's mocking smile broke the silence.

Only then did everyone come back to their senses and look contemptuously at Tuoba tuo, who was at a loss with his mouth and eyes wide open.

With that, Lin Yi turned around and walked back into the hall, disdainful and disdainful. Everyone could feel it.

Liu Ziyu mimicked Lin Yi, shaking his head and sneering, "Hehe ... The fire Empire's super powerful Army!"

After saying that, he turned around and entered the palace, leaving Tuoba Chou with a disdainful back.

Then, the officials of Hong Shang Empire followed suit and sneered. They turned around and entered the hall.

Tuoba tuo's face turned red and white. He ignored the ridicule of the crowd and only trembled as he looked at the scene of corpses strewn all over the ground.

"How ... How is this possible? Why was it like this? This ... This is the Wind and Fire Army!"

No one answered him, and he could not answer himself.

Fifty Wind and Fire Army elites were killed under his eyes?

And the murderer was just a little eunuch who looked like a good-for-nothing!

For the Wind and Fire Army, which had no more than a thousand men, the loss of 50 elites was already a very serious loss. The most damnable thing was that Tuoba tuo didn't even know how to explain it when he returned.

The report said that the 50 Wind and Fire Army soldiers were like wooden blocks, standing still and allowing a little eunuch to kill them?

"Something's wrong! This little eunuch's knife skills ... Such exquisite knife skills, how could he be an ordinary person?"

Tuoba tuo jumped down, his eyes sweeping over the necks of every dead Wind and Fire Army soldier. Almost all of them had the same knife wound, which confirmed his guess.

"Who the hell are you? You're actually a super expert of the earth formation stage, right?"

Tuoba tuo grabbed the young eunuch anxiously and shouted, ""You guys are too despicable! You actually used an earth formation stage expert to deal with our Wind and Fire Army!"

As everyone knew, earth-splitting stage experts had already surpassed the level of ordinary troops.

Even the Wind and Fire Army, with only a small team of 50 people, could not be a match for an earth splitting stage expert!

The little eunuch's brain was still shut down and he was still in a daze. When Tuoba tuo grabbed him and roared at him, he was baffled!

I'm not dead yet? I'm still alive? The Wind and Fire Army didn't kill me?

However, I'm going to create land, your sister!

I'm only at the Golden core stage, okay? although I'm not confident, I was so scared that I peed my pants just now.

Previously, the young eunuch did not know what he had done and was still in a daze. He did not see or hear anything and did not know anything.

Hence, when he was suddenly lifted up by someone, he subconsciously thought that Tuoba had gone crazy!

Was this person crazy? Did he deliberately ask people to show mercy and not kill him, and then pretend to say that he was an earth splitting stage expert?

What kind of trick was this? even if they wanted to please the Hong Shang Empire, they wouldn't do this, right?

This act was too fake!

That's right, the retired emperor must have seen through Tuoba Chou's act from the start, so he sent me to fight!

The young eunuch suddenly felt that he understood everything.

"Tuoba tuo! You can't be disrespectful to the director!"

The Imperial Guards at the side quickly gathered around and stared at Tuoba tuo with serious expressions. They were just short of drawing their swords and attacking!

Tuoba tuan quivered and quickly let go of the eunuch, allowing him to stand steadily.

It wasn't that he was afraid of the Imperial Guards, but he suddenly thought that if the little eunuch was really an earth-splitting expert who was pretending to be a pig to eat Tigers ...

Then he was really playing with his life!

If the other party was unhappy, he could just wave his hand and he would definitely kneel!

Just as he was feeling embarrassed, another voice rang out from outside, "The Commandery Prince of Hongshang Commandery, Sima Zhengxin, along with the Sima family, requests an audience!"

"The Commandery Prince of Hongshang Commandery, Sima Zhengxin, along with the Sima family, requests an audience!"

.....

The voice was transmitted through the layers and soon reached the main hall.

Lin Yi and Liu Ziyu, who had just entered, paused for a moment before turning around and leaving after exchanging a look.

Even though Sima Zhengxin was just a Prince of a small Commandery and was nothing on the level of the Empire, he still had the identity of the grandfather of the retired emperor and the grandfather of the new emperor.

Lin Yi and Liu Ziyu, as the younger generation, had to be outside to welcome them.

"Elder cousin retired emperor, why did maternal grandfather and the others only arrive now? Did something happen on the way?"

Liu Ziyu first had people invite Sima zhengxin and the others in, then he stood outside the hall and spoke to Lin Yi in a low voice, ""According to the time, maternal grandfather and the others should have arrived the day before yesterday at the latest. Today's Ascension ceremony was too busy and I didn't pay attention to it. I didn't expect them to only arrive now."

The Commandery Prince of an ordinary Commandery was not even on the invitation list.

However, it was because of the special relationship between Lin Yi and Liu Ziyu that Hongshang Commandery sent a Messenger to invite them.

"Maybe he was delayed by something. As long as he's fine, it doesn't matter if he's late or not!"

On the surface, Lin Yi shook his head as he explained.

However, Lin Yi had already used his spirit sense to check. Sima zhengxin and the others' carriages were all intact. It was obvious that they were not delayed by any danger.

A bad feeling rose in Lin Yi's heart-these people were Liu Ziyu's elders, but weren't they being a little too arrogant?

Chapter 7963

After all, Liu Ziyu was the new emperor of the Hong Shang Empire. The Hong Shang Empire was under the jurisdiction of the long state conferred Kingdom, and the long state conferred Kingdom was under the jurisdiction of the Hong Shang Commandery.

As a regional King, even if he was Liu Ziyu's relative, it was a little too much for him to do this.

Therefore, there must be something fishy going on. He guessed that these people were going to do something.

The two of them spoke softly, and soon, they saw a group of people entering the square in the distance.

The bodies of the Wind and Fire Army had already been moved away, and Tuoba tuo had quietly left without even daring to say goodbye.

The bloodstains on the ground had faded after being washed with clean water a few times. It was almost impossible to tell that a small-scale one-sided slaughter had just taken place here.

"Why is there so much water here? isn't the person in charge of cleaning the Imperial Palace too irresponsible? I'll have to teach them a good lesson later. "

Sima Yun Fei followed beside Sima Zheng Xin. When they passed by the area where the blood had just been washed, he frowned and mumbled with a face full of dissatisfaction, as if he was the master of the palace.

"Cousin Zhong da, should we go down and welcome him?"

Liu Ziyu was a little apprehensive. He had yet to fully adapt to his identity as the Emperor.

The people who came down were basically all elders. Even Sima Zhongxiao, who was of the same generation, was considered a cousin. It was impolite to look down at them.

Lin Yi frowned as he shook his head, "No need, you are the Emperor. It's already enough for you to receive me outside the main hall!"

What Sima Yunfei said just now, the people outside the hall couldn't hear it, but Lin Yi heard it very clearly, so he was a little unhappy.

Sure enough, this guy had come up with a trick!

They were just from a small Commandery, and the Emperor had personally sent a Messenger. How dare they be late!

Lin Yi could overlook the fact that they were late, considering that they were his elders, but he couldn't just order them around like they were the Masters of the palace!

Liu Ziyu wanted to say something but stopped himself. In the end, he did not say anything.

Since Lin Yi had already spoken, he would just follow his orders out of habit. In terms of relationship, Lin Yi was the one who was part of the Sima family, and he was even closer to Lin Yi.

The speed of the Sima clansmen was neither fast nor slow. However, with the Emperor personally waiting outside the main hall, and with all the civil and military officials standing alongside them, this speed seemed a little too fast.

Under normal circumstances, they should have run as fast as they could upon seeing such a scene!

So what if he was the emperor's relative? Could they ignore the might of the Imperial power?

Look at the Prince of the long bang, isn't he also standing obediently and respectfully at the side?

To be honest, all the officials were already dissatisfied. They were all convinced by Lin Yi and Liu Ziyu, but who were Sima Zhengxin and the others?

It was just an insignificant Commandery under a conferred Kingdom. In the eyes of the officials in the imperial capital, the Commandery King was probably just a rich man in the countryside!

When the Sima family finally made it up the stairs, Sima Yun smiled at Lin Yi and Liu Ziyu.

However, in front of everyone, he couldn't just come up and reminisce about the past.

"Your Majesty ..."

Sima Yun was just about to bow to Liu Ziyu. Although he had raised him since he was young, Liu Ziyu was now the Emperor. He knew his limits and had to bow first.

However, Sima Yunqi had just made a move, and before Liu Ziyu could even open his mouth to stop him, Sima Yunfei suddenly stretched out his hand and pulled Sima Yunqi away.

"Second brother, wait a moment. There are some things that aren't clear yet. Why are you randomly bowing?"

Sima Yunfei unhappily glared at the dumbfounded Sima You Yun, then turned to Liu Ziyu and said, ""Liu Ziyu, don't you know how to greet your elders? Is this how our Sima clan has taught you?"

Liu Ziyu was slightly taken aback. He didn't mind greeting the elders first, but in this era, it was all about father and son!

As the Emperor, it wasn't without reason that he was called a lonely man.

First of all, the Emperor was the Emperor of the country, so all the elders should be discussed first about the sovereign and his subjects, then the seniority within the family!

According to the rules, Sima Yun Fei should greet the Emperor first. Then, the Emperor would decide how to greet his uncle according to his mood!

Of course, Liu Ziyu would definitely respect Sima Zheng Xin, his maternal grandfather, and Sima Yun Qi, who had raised him since he was young.

The civil and military officials behind Liu Ziyu were all filled with righteous indignation, but this was the emperor's family matter. As officials of a fallen country, even if they wanted to show off, they did not dare to stand out on this matter. They could only forcibly endure it for now.

Only Lin Yi didn't care, he directly stood in front of Liu Ziyu and greeted Sima zhengxin and Sima Yunqi, then sneered, ""Big Uncle is so impressive, you dare to be so unscrupulous in front of the Emperor! Let's forget about it this time. If you have anything to say, just say it!"

"Hehe, another disrespectful thing!"

Sima Yunfei snorted and glanced at Lin Yi before turning to Liu Ziyu, ""Liu Ziyu, let's make things clear today!"

"Please speak, uncle!"

Liu Ziyu had a bad feeling in his heart, but he was still very polite and did not flare up.

Lin Yi knew that Sima Yunfei was looking for trouble, so he didn't stop him. Let's watch his performance first!

Lin Yi felt like something was wrong the moment these people came in.

"Good! Since you still acknowledge me as your uncle, then let me ask you, who was the one who conquered the Shanlian Empire?"

Si Ma Yun smiled arrogantly. Those who didn't know the situation would think that he was the one who had destroyed the Shanlian Empire.

Liu Ziyu blinked. This was a simple question, and everyone in the world knew about it, so he answered honestly, ""It was cousin Zhong da who led Ziyu and the brothers of the guards unit to destroy the Shanlian Empire!"

"Well said! What is the name of the new empire?"

Sima Yunfei continued to ask questions. The questions were still very simple, and even a three-year-old child in the entire imperial capital could answer them.

"Hong Shang Empire!"

Liu Ziyu was not a three-year-old child, but he could only fall into Sima Yunfei's rhythm.

"It's obvious that the Hongshang Empire was born from the Hongshang Commandery, right?"

Sima Yunfei looked at Liu Ziyu intently. When he saw him nod, he immediately continued, ""Who is in charge of Hongshang Commandery now? What is the surname of the regional King?"

Although Liu Ziyu's expression was already not too good, he had to answer Sima Yunfei, ""The Sima family is in charge of Hongshang Commandery now. The Junwang is my maternal grandfather, so naturally, his surname is Sima!"

"Very good! Since the Hongshang Empire was born out of the Hongshang Commandery, and the Sima family was in charge of the Hongshang Commandery, and this Empire was conquered by Sima Zhong da and the Sima family's soldiers, then let me ask you!"

Taking a step forward, Sima Yunfei approached Liu Ziyu and asked in a stern voice, ""Why is the Emperor of the Hong Shang Empire not someone from the Sima clan, but you, Liu Ziyu?"

Chapter 7964

This was simply a series of questions that struck directly at the soul. Liu Ziyu's momentum was completely suppressed, and he even showed a little timidity under Sima Yunfei's pressure.

"Liu Ziyu, Oh Liu Ziyu, the Sima clan has treated you well, right? Your parents died when you were young and you were ostracized by the Liu Clan. It was our Sima clan that adopted you and provided you with

good food and clothes since you were young. We raised you to become a talent. Is this how you repay the Sima clan?"

Suddenly, Sima Yunfei changed his tone and became distressed. He beat his chest and stomped his feet, ""Tell me, why did you become such a disobedient and unfilial thing? Is this how you repay the Sima clan that raised you since you were young? If you still have a bit of conscience, shouldn't you immediately abdicate and return the throne to our Sima clan?"

Liu Ziyu was a little dumbfounded by this series of questions. His mind was in turmoil, and he almost nodded in agreement.

"Have you said enough?"

Lin Yi waved his hand and felt that he had seen enough of the show. He stood up and looked at Sima Yunfei coldly, ""The Shanlian Empire was destroyed by me and the new empire was built by me. If I want to be the Emperor, I will be the Emperor. If I don't want to be the Emperor, I will pass the throne to Ziyu. Ziyu is the Emperor. When is it your turn to tell me what to do?"

"Don't think that you can say some outrageous things here just because you're my father's elder brother. You don't have the right to make decisions in this Empire!"

Lin Yi's attitude was very firm, and he didn't have any intention of showing Sima Yunfei any mercy.

Sima Yun, who was standing at the side, was suddenly in a difficult position. He really wanted to protect his son, but he couldn't say anything that would be detrimental to the Sima clan.

In his heart, Sima Yunqi agreed with Lin Yi's words. He also felt that the Empire was built by Lin Yi. Whether Lin Yi wanted to be the Emperor himself or pass the throne to Liu Ziyu, there was no problem.

In any case, the two of them had similar positions in Sima Yunqi's heart!

Lin Yi was his long-lost son, and Liu Ziyu was his nephew he raised as if he were his own. Their statuses were almost the same, and it didn't make a difference who became the Emperor.

"Hehehe, another disobedient and unfilial thing! Second brother, you really know how to educate the younger generation! Each one is more powerful than the last!"

With a few cold laughs, Sima Yun Fei looked at Sima Yun Qi from the corner of his eyes and pointed the spearhead at his second brother, ruthlessly mocking him.

"Sima Yunfei, don't use my father as an excuse! If you have anything to say, just direct it at me!"

Lin Yi's face darkened. Sima Yunqi was indeed a person worthy of respect. Lin Yi would not allow Sima Yunfei to mock him, ""Originally, if you were to behave yourself, it would not be impossible to build a Commandery or even a smaller conferred Kingdom for your lineage. It seems that your appetite is not so small. I'm afraid that even a conferred Kingdom can't feed you, right?"

"Sima Zhong da, don't talk nonsense. I, Sima Yun Fei, am talking to you about the Sima clan! It's not a problem of Commandery or conferred Kingdom!"

It was probably because he had been exposed, Sima Yun Fei directly shouted out in anger, ""Don't say those useless things. Tell me, do you still have any respect for your ancestors? Do you still know what order is? You don't want to be the Emperor, but don't you know how to give it to your family's elders?"

"Your grandfather is still healthy, your father is in the prime of his life, and I'm his uncle. If you don't want to be the Emperor, you can let your grandfather be!"

Sima Yunfei almost blurted out that he wanted to let Sima zhengxin be the Emperor.

In Sima Yun Fei's heart, if Sima Zheng Xin became the Emperor, it would be the same as him becoming the Emperor!

In any case, there was nothing wrong with getting the throne into the hands of the Sima clan first!

Otherwise, if Liu Ziyu had a son in the future, what would the Sima clan have to do with it?

"Hehe ... Sima Yunfei, is it Royal grandfather who wants to be the Emperor, or you? Why do I feel like you'd rather sit on that throne?"

Lin Yi naturally saw through Sima Yunfei's thoughts and sneered, ""I advise you to stop dreaming. With your ability and magnanimity, you might not even be able to handle a Commandery, let alone an Empire? If you really become the Emperor, I'm afraid you'll be like Sante of the Shanlian Empire, an Emperor who has lost his country. "

"You ..."

Instantly, Sima Yunfei's face turned white with anger!

Lin Yi's words were too harsh-what could be more venomous than a fallen Emperor to someone who wanted to be an Emperor?

Perhaps there was, but Sima Yunfei couldn't recall it now!

"Sima Zhong da, don't you slander me! When did I say I wanted to be the Emperor? This is the Sima clan's matter. Even if you want to be the Emperor, it can only be your grandfather!"

Of course, Sima Yun Fei would not admit to what he was thinking and pushed the blame to his old man, Sima Zheng Xin.

However, Lin Yi couldn't be bothered to waste time with him. He waved his hand and turned to Sima zhengxin, who hadn't said a word since he came over,""Imperial grandfather, do you want to be the Emperor of the new empire?"

To be honest, Lin Yi asked this question without thinking about Sima zhengxin's answer.

After all, when Sima zhengxin was in Hongshang Commandery, he was already prepared to choose the Crown Prince and abdicate.

A Commandery already made Sima Zheng feel like he had power but did not follow his heart, let alone an Empire?

"I want to be!"

She didn't think that Sima zhengxin would give such a definite answer without hesitation!

A kind smile appeared on his old face. "Zhong da, your Imperial grandfather has always been stuck in a small country on the border as an insignificant King. He doesn't even always have the chance to be a King. Sometimes, he even has to give it to other clans to rotate."

"The Empire! I've never dreamed that one day, I'll be able to control such a large piece of land and decide the life and death of hundreds of millions of people. This kind of feeling makes me excited just thinking about it!"

"Zhong da, let Imperial grandfather tell you, when I think of controlling such a large empire, Imperial grandfather suddenly feels like he has become several decades younger! So if you don't want to be Emperor, then let Imperial grandfather be. When Imperial grandfather dies of old age and you can still succeed to the throne, perhaps you'll want to be Emperor at that time?"

"What?"

Lin Yi was stunned.

At this moment, he really doubted whether this was still the Sima Zhengxin from the past. Why did he suddenly seem like a different person and also began to covet the Empire's throne?

And wait for him to succeed the throne after he dies of old age? After you die of old age, who knows who will take over? Anyway, it couldn't be Liu Ziyu.

"Imperial grandfather, I'm truly sorry. I've already passed the throne to Ziyu and announced it to the world! Today, Ziyu has also held his Ascension ceremony. The matter of the throne has already been settled and can not be changed. "

Frowning, Lin Yi was displeased, but he still explained patiently to Sima Zhengxin.

By now, the Sima clan had probably become the laughing stock of all the countries. If Sima Zheng Xin was as unforgiving as Sima Yun Fei, then they would really be hopeless.

Chapter 7965

"What can't be changed? So what if the Ascension ceremony has been carried out?"

Sima Zheng's face sank and he said coldly, ""If you can pass your position to Liu Ziyu, then Liu Ziyu can naturally give it to me! Ziyu, are you also unwilling to fulfill maternal grandfather's wish?"

Liu Ziyu was at a loss for words. When had he ever encountered such a situation?

He really couldn't deal with it, so he could only secretly look at the omnipotent cousin Zhong da and hope that he would quickly resolve this matter.

Liu Ziyu really didn't want to be Emperor before Lin Yi passed the throne to him.

But now that he had become the Emperor, he did not want to hand over the throne so easily.

If Lin Yi wanted the throne back, Liu Ziyu would give it up without a second thought, but if it was Sima zhengxin and Sima Yunfei ... Liu Ziyu was not willing!

He promised to make the third Princess the Empress, and no one could take the throne away from him except Lin Yi!

It was a pity that although Liu Ziyu thought so in his heart, he couldn't reject Sima zhengxin with his mouth. After all, that was his maternal grandfather, and he had always been very filial.

"Imperial grandfather, don't make things difficult for Ziyu. He's already the Emperor. Even if he respects you, there's a limit."

Lin Yi's face turned even colder, "do you think it's appropriate for an Emperor to abdicate his throne every two or three days?" Will the surrounding empires still take us seriously? It's more like a joke!"

"What do you mean? Are you saying that my desire to be the Emperor is a joke?"

Hearing that, Sima Zhengxin's old face darkened, and the smile on his face disappeared. He looked at Lin Yi coldly, ""Sima Yi, there are some things that we just need to know in our hearts. I don't want to expose too much either! But if you force me, then don't blame me for giving you a hard time!"

Bottom? What base?

Lin Yi's eyes narrowed, a dangerous glint in his eyes.

Sima Zhengxin's words made Lin Yi have a lot of bad thoughts.

Especially when Sima Zheng Xin called out the name Sima Yi, and not the Sima Zhong da that he was used to, it explained the problem even more!

Did he, or maybe they, know that Lin Yi was impersonating Sima Zhongda?

If this matter was exposed, Lin Yi didn't really care, but it would definitely hurt Sima Yunqi and his wife!

They truly treated him like their own son. How would they feel after they found out the truth?

"Imperial grandfather, I didn't force you, so don't force me. I don't even know where to start!"

Lin Yi's eyes turned cold as he looked at Sima zhengxin indifferently and nodded, ""Since we've already said this much, let's just make it clear! It's to avoid having a thorn in everyone's heart in the future. "

"Hehehe! First of all, when you attacked the Shanlian Empire, you didn't encounter any resistance at the beginning, and the cities along the way surrendered, right?"

Nodding his head, Sima zhengxin smiled and stroked his beard, ""Then who surrendered? And what flag did they change?"

Lin Yi was silent for a moment and understood what Sima zhengxin meant, ""That's right. They surrendered to Hongshang Commandery and changed their flag to that of Hongshang Commandery!"

"Hahahaha, well said! He was absolutely right! They surrendered to Hongshang Commandery and changed their flag to that of Hongshang Commandery!"

Sima zhengxin clapped his hands and laughed, his old face full of pride, ""Since you have admitted it, then answer me again. In what capacity did you turn these cities that surrendered to Hongshang Commandery into the territory of the new empire? Have you ever come to ask me, the Commandery Prince of Hongshang Commandery?"

The people behind Lin Yi all looked at Sima Zhengxin in disdain. This old man was really shameless!

Who didn't know that the cities along the way only surrendered because Lin Yi had blood ghost with him?

In other words, they were all Lin Yi who surrendered, not some bullshit Hongshang Commandery!

If it was someone else, no matter who it was in the Sima clan, if they brought eighty thousand or even eight hundred thousand people, would they surrender?

He might even beat the Sima clan's people into dog shit!

Everyone present understood this logic, but they couldn't say it out loud.

It couldn't be helped, because Sima Zhengxin was right. Those cities did hang the flag of Hongshang Commandery.

In theory, they were all in the territory of Hongshang Commandery. How to deal with them, it was indeed up to Sima Zhengxin, the Commandery Prince of Hongshang Commandery, to decide.

Lin Yi's eyes were cold, but he had to answer, "As the grandson of the royal family of Hongshang Commandery, there's nothing wrong with me handling the territory that I've conquered personally, right?"

Even if it was against the rules, facts spoke louder than words. Without Lin Yi, Hongshang Commandery wouldn't even be able to walk out of the Dragon state, let alone build an empire.

"Hahahaha, grandson of the king? What a joke! Then I'll tell you now, you're not the Royal grandson of Hongshang Commandery, nor are you a member of our Sima clan!"

Sima zhengxin suddenly revealed his true intentions and laid everything out, ""You're just a dog raised by our Sima clan. You're a general of Hongshang Commandery who helped us expand our territory! When did a general who fought for the country become his own?"

He grabbed a blade of grass! What he said made so much sense!

Although the surrounding onlookers were very unhappy with Sima Zheng, they couldn't refute him after hearing what he said.

If Lin Yi was just a general in Hongshang Commandery, no matter how big the territory he took down, it would still belong to Hongshang Commandery, not him!

Now that Lin Yi had established the Hongshang Empire, to put it more seriously, he'd be using his own army to carry himself with dignity and then betray his country!

A heroic Emperor who had established a huge Empire was directly called a traitor. This was a huge contrast!

"Father, you can't say such things! Zhong da is your son's child. Although he established the Hong Shang Empire, that doesn't erase the fact that he is a descendant of our Sima clan!"

Cupping his fists, Sima Yun was starting to get anxious!

He valued the concept of family. Not to mention that Lin Yi had already passed the throne to Liu Ziyu, even if he wasn't the Emperor of the Hong Shang Empire, Sima Yunqi still hoped that Lin Yi would first be a member of the Sima family!

"Father, regarding the matter of the throne, we can sit down behind closed doors and discuss it properly. We're all one family, and there's nothing we can't talk about. You can't deny Zhong da because of this!"

Sima Yunqi was more tactful with his words.

In reality, she felt that Sima Zhengxin might really be old and muddled!

For such an outstanding member of the clan, Sima Zheng Xin actually said that Sima Zhong da was no longer a member of the Sima clan for the sake of the throne?

What was she thinking? If he really wasn't a disciple of the Sima clan, it was even more impossible for him to hand over the throne!

Chapter 7966

A traitor is a joke!

Even the Empire had been destroyed, so what was a mere Hongshang Commandery?

According to this, Hongshang Commandery was the younger brother of the younger brother of the Shanlian Empire! Sima zhengxin wanted to take over the mountain Empire, wasn't that also a traitor?

"Foolish! You can't even tell if he's your own son. You've really disappointed this King!"

Sima zhengxin first reproached Sima Yunqi loudly, then he revealed a pained expression, clutched his chest and said with grief and indignation, ""Originally, this King didn't want to tell you this secret because I was afraid you would be sad! But at this moment, I have to say it!"

She had the acting skills, but Lin Yi couldn't help but say that it was too bad!

This is a heart attack, not a heart attack!

But Lin Yi didn't expose him. Things had already come to this point, and what was meant to come would come. It seemed like his guess was right.

This Sima zhengxin must have known something, that's why he said something like bottom line!

If that was the case, then Lin Yi would just wait for him to finish him off!

If he did, Lin Yi would be able to break off all ties with the Sima family without any worries.

Of course, this was referring to the Sima family and not Sima Yunqi.

Even if they weren't Lin Yi's biological parents, Lin Yi still felt the long-lost kinship with them. He would definitely recognize them as foster parents!

Lin Yi didn't have any special reaction, and the anger he expected from being exposed didn't appear. Sima zhengxin was a little embarrassed. He put in so much effort to act for nothing. He pointed at Lin Yi and shouted, ""This Sima Yi is indeed Sima Yi. He might just happen to have a character called Zhong da, but he definitely isn't your son, Sima Zhong da!"

"Because your son, Sima Zhong da, died many years ago! This King has never mentioned this matter. Other than being worried that you'll lose hope, there's another reason that I'm afraid you'll be sad!"

As he said this, Sima Zheng Xin turned his head and looked at Sima Yun Fei, ""There's no need to hide anything now. Just tell me, did you send people to kill Sima Zhongda?"

Lin Yi realized that the real Sima Zhongda had died long ago!

This explained everything. Sima Zheng Xin knew that his grandson had died, but he wanted to hide the truth. Other than worrying about Sima Yun Qi's emotions, the most important thing was that the murderer was Sima Yun Fei!

If the truth was revealed, his two sons might directly start a fight to the death!

This loss was much greater than losing a grandson.

An underage grandson, even if he was not killed, could die at any time. It was a pity that he died, but he could not lose his two sons because of this.

After hearing the truth, si Ma Yun was shocked beyond words. His eyes widened in disbelief as he looked at his father and brother. He couldn't accept such a cruel statement.

Sima Yunfei was silent for a while before he calmly nodded and admitted, ""That's right, the real Sima Zhong da died many years ago. It was indeed my ... My wife who sent people to kill him! This Sima Zhong da in front of us has nothing to do with our clan. He's a complete imposter!"

Speaking of this, Sima Yun Fei did not feel guilty at all. He was not afraid of Sima Yun Qi's anger at all.

He probably felt that after exposing this matter, he was already certain that he could become the Crown Prince of the new empire!

Therefore, he was a little fearless now. Even if he couldn't become the Crown Prince, he was still the Father of his grandson!

"Why? Why was it like this? You killed Zhong da? He's just a child ..."

In an instant, Sima Yunqi's world view collapsed!

Back then, Sima Zhong da was simply an insensible child. What threat could he have posed to Sima Yun Fei's family?

Even if they really wanted to kill someone, they should be targeting Sima Yunqi!

"No! I don't believe it! My son Zhong da is right here! Don't you dare lie to me! I don't believe it!"

Suddenly, si MA jerked his head and rushed to Lin Yi's side, grabbing his arms with both hands, "Zhong da, you are father's child, right? They're all lying to me, right? In order to obtain the Empire's throne, they would really use all means possible! Am I right?"

Lin Yi couldn't bear it.

Although si MA was a fake father, he was really good to Lin Yi. Lin Yi was just glad that su lingyue couldn't come to the main hall directly because she was a woman. Otherwise, it would be a mess!

"Father! No matter what happens, you will always be my father! A mother will always be the mother of this child. This will never change!"

Although he didn't admit it directly, Lin Yi's words were the same as admitting that he wasn't the real Sima Zhongda.

This made Sima Yunqi, who originally still had a glimmer of hope, suddenly silent.

After a while, it looked like he'd aged ten years, but his face was full of relief and relief as he patted Lin Yi's shoulder.

"Good child ... You're a good child! It's worth it for a father to meet a son like you in his old age!"

With that, Sima Yun stood up and closed his eyes. Two drops of tears rolled down his cheeks.

A man doesn't shed tears easily, only because it's not the time to be sad!

He didn't know what to say anymore!

His real son had died many years ago, and his bones had probably rotted away. And the murderer was his big brother's family!

And his father, Sima Zhengxin, who knew everything, had intentionally hidden the truth, keeping him in the dark for more than ten years ... Sima suddenly understood why Lin Yi would pass the throne to Liu Ziyu!

Even if Lin Yi wasn't the real Sima Zhongda, he wouldn't choose to give the throne to the Sima family!

Looking at the sad Sima Yunqi, Lin Yi sighed.

It was difficult for an upright official to resolve family matters. Lin Yi didn't know what to say, and he wasn't good at comforting people. He could only give Sima Yunqi a light hug, giving him some comfort.

The new emperor of the Hong Shang Empire, Liu Ziyu, was a little dumbfounded. After all this, cousin Zhong da wasn't the real cousin Zhong da?

However, this cousin Zhong da treated his fake cousin much better than his real cousin!

"Hahaha, what a good show of a father and son! You know it's fake, but you can still act so emotionally. Second brother, no wonder you're destined to not have a biological son in this life!"

Sima Yunfei was no longer afraid of anything. He started mocking and barking at Lin Yi, ""We knew long ago that you were a fake Sima Zhongda, but we just never exposed you."

"Originally, I wanted you to give second brother's family some hope, so that they won't keep harping on finding their son and drag me into this. But I didn't expect you to have some skills. You can lead the Army to war, and you can even fight beautifully."

Chapter 7967

"In that case, we don't mind having a dog like you to help us expand our territory! In any case, you won't be able to take anything away in the end!"

"To tell the truth, we never thought that we had underestimated you, but we still greatly underestimated you. Who would have thought that you would be able to take down the entire mountain and even the Empire!"

"Hahahaha, what an unexpected surprise! At first, I thought it would be great if you could help us take down a few cities in the surrounding commanderies, but you actually gave us the entire Empire! You really are a good dog that our Sima clan has raised!"

Sima Yunfei had already fallen into madness. He was so proud that he had forgotten himself. He laughed wildly and kept telling everything.

Lin Yi didn't interrupt him, but listened quietly, and the whole thing matched up!

"Hehe ... You're all sly old foxes! What a good plan! Since we've already made things clear, then things are simple!"

With a cold smile, Lin Yi looked at Sima Zhengxin and Sima Yunfei coldly, "Since that's the case, I have no relationship with the Sima clan. In the entire Sima clan, I will only acknowledge my father Sima Yunqi and my mother Su Lingyue! The others will just be passersby from now on!"

"As for the throne, the entire Empire was won by me. If you want it, you'll have to ask for the approval of my soldiers! Do you think that a mere Sima clan can control the entire Empire? What a joke!"

"Don't talk to me about the name of Hongshang Commandery. Although I'm no longer the Emperor of Xin country, if I want Hongshang Commandery to disappear today, it will not stay until tomorrow. Do you believe me?"

The moment he said that, Lin Yi had completely fallen out with the Sima family, and it was full of threats!

If you keep talking, I'll destroy your Hongshang Commandery today!

In the world of cultivators, one could only establish a country through force. How could one seize the throne by relying on words?

It was simply laughable!

"Now, except for my father Sima Yunqi, all the other people in Hongshang Commandery should go back to where they came from! With your status, you're not qualified to come here to pay a visit to the Emperor!"

"Father, you can stay in the imperial capital from now on. The Emperor is still young and needs someone to assist him. My position as the retired emperor is just child's play. Father can become the real retired emperor and assist in politics with the identity of the retired emperor! As for Hongshang Commandery, let's just break it from now on!"

Since they had already fallen out, Lin Yi naturally wouldn't give Sima zhengxin and the others any face.

He had thought that the old man was kind to him, but he didn't expect it to be fake!

This actually hurt Lin Yi's heart a lot-he didn't have family love, but he valued it so much that he didn't expect it to be a scam! He was just using it!

Lin Yi was already giving face to Ma Weiqi by not killing them on the spot.

If Sima zhengxin and his son still didn't know what was good for them and continued to talk nonsense, then Lin Yi really didn't mind teaching them a lesson!

Furthermore, Lin Yi's order for Sima Yunqi to break off his relationship with the Sima family was not just for show. There was no point in staying in this kind of family. The real Sima Zhongda was already killed by the Sima family. How could Sima Yunqi and Su Lingyue continue to stay in Hongshang Commandery?

"Hahahaha, that's really domineering! As expected of a famous general who could destroy a country, the founding Emperor of a new dynasty, he's amazing!"

However, Sima Yunfei was not afraid. He clapped his hands and smiled as if everything was under his control, "Sima Yi, you're indeed powerful, I admit that. However, do you think that we would dare to come and find you without any preparations? Do you really think that the entire Sima clan is stupid?"

It was just as Lin Yi had thought-in the practitioner's world, strength was the foundation of everything!

How could the Sima clan, knowing that they would fall out, still rely on their sharp tongue to claim the throne?

"That's right, I think so. "

It was obvious that Lin Yi wasn't going to give Sima Yunfei any face.

"Cough, cough, Yunfei is right. Sima Yi, this King advises you to surrender! Do you think that this King tolerated your pretense and cooperated with your act to not expose you? Was it really as simple as you said?"

After coughing twice, Sima zhengxin's old face tightened and he smiled like an old chrysanthemum, ""If it wasn't for the fact that someone has given this King a great benefit that this King can not refuse, how would this King have the time to play with you?"

Great benefits? Unable to refuse?

Lin Yi's heart sank as he had a bad feeling about this!

They clearly knew that they were powerful and had the eight hundred guards with the name blood spirit, yet Sima zhengxin and the others still dared to turn against them. Without any backing, they were indeed very stupid!

Would these old foxes, big foxes, and Little Foxes be that kind of people?

It was hard to say at other times, but it should not be the case now!

As he was thinking, Lin Yi suddenly felt the exit of the nine-story Pagoda in the palace open. Wu yucao and Ling Hanxue came out!

Fernandes, Zhang Yiming, and the guards didn't follow them out. Only Wu yucao and the other two girls were left.

Lin Yi hadn't paid much attention to the situation in the nine-story Pagoda these past few days. He thought that they would be in the pagoda for a long time, but two of them came out so quickly.

As soon as Wu yucao came out, she released a relatively powerful divine sense. It was a real mountain-opening divine sense!

Even on the Sky Class Island, he would be an Overlord!

Lin Yi could understand now-it was probably because of Wu yucao's physique that she cultivated faster and came out first.

As Wu yucao's best friend, Ling Hanxue had probably received a lot of guidance. Moreover, Ling Hanxue's aptitude was not bad. She just lacked the opportunity!

People who used bows and arrows had to have more sensitive Six Senses than other cultivators. Otherwise, they wouldn't be able to hit the target!

After Wu yucao came out, he scanned the hall with his divine sense and immediately came over with Ling Hanxue.

Lin Yi frowned, considering if he should let them go back to the nine level Pagoda. After all, the situation here was a bit chaotic.

However, before Lin Yi could make a decision, Sima zhengxin laughed madly and shouted, ""Zhongxiao, it's your turn to appear. Destroy him!"

Sima Zhongxiao, who had been silent all this while, suddenly smiled, "Sima Yi, you didn't expect this, did you? I didn't expect your big brother to be such a powerful and ruthless person! I'll let you see how ruthless your big brother is today!"

As he spoke, Sima Zhongxiao stretched out his arm and pressed a red button on his wrist. In an instant, a ray of light shot in from outside the palace like lightning.

Chapter 7968

In an instant, a stream of light descended and landed on Sima Zhongxiao's body. Then, it made a light cracking sound.

If there was music accompanying it, this scene would be like the main character in an animation.

At that moment, Lin Yi started to imagine the music from those cartoons ...

In the blink of an eye, Sima Zhongxiao had completed his equipment and became a human-shaped weapon covered in shiny metal armor.

"Hahahaha, Sima Zhongda! You're dead!"

Sima Zhongxiao, who was armed to the teeth, spoke through the metal mask. His voice had a strange mechanical feel to it.

However, before Lin Yi could fully understand the difference, Sima Zhongxiao had already pounced over.

The huge fist was pushed by the power device, and its speed soared to an unbelievable level!

He could see clearly, but his body couldn't.

Lin Yi dodged a little with his butterfly microsteps, and then tried to attack from the side.

"Bang!"

The punch collided with Lin Yi's body for a brief moment before Lin Yi's body flew out!

Lin Yi couldn't handle the recoil from the impact!

Early stage of sea Rift!

With just one contact, Lin Yi had a rough idea of Sima Zhongxiao's combat level after putting on the armor.

Judging from the power of his attack, Sima Zhongxiao had already reached the early stage of the shattered Sea realm!

However, what was terrifying was the other party's defensive power. To describe it as invulnerable would be a huge underestimation!

With Lin Yi's current strength, he probably wouldn't even be able to scratch an itch, let alone break through the defense!

Lin Yi frowned-he could tell that this was Central's product just by looking at it!

As expected, the central government's ability to cultivate forces was really pervasive!

Lin Yi didn't even know when central and the Sima family formed a partnership.

Then, was this fight for the throne also arranged by the central government?

Lin Yi's thoughts had just started wandering when Sima Zhongxiao continued to charge forward after missing his first attack, putting a little distance between them. His other hand suddenly reached out

from under his armpit, his five fingers clenched into a fist, and two thin long tubes were exposed on the back of his hand!

"Swish Swish Swish!"

The long pipe fired a few laser beams at Lin Yi!

The speed of the laser was too fast, and Lin Yi couldn't reach that speed with his butterfly microsteps without his Qi. He couldn't completely Dodge the laser even if he tried his best!

A laser beam brushed past his arm, spraying Lin Yi with blood.

The blood was vaporized by the laser as soon as it came out, and the wound on Lin Yi's arm turned black like charcoal, stopping the bleeding instantly!

The surrounding people were in a state of chaos. A few civil and military officials were not able to react in time and were pierced by lasers.

"Ziyu, retreat!"

Lin Yi's current body was no match for Sima Zhongxiao in his armor!

Therefore, he naturally couldn't protect Liu Ziyu. As such, he urged Liu Ziyu to escape while leading Sima Zhongxiao away from the crowd.

During this time, Lin Yi kept on using the soul evoking hand and his consciousness, but to Sima Zhongxiao, it was like throwing a stone into the ocean-it had no effect at all.

Lin Yi was both shocked and frustrated.

The powerful spiritual sense that had never failed before had no effect or threat on this high-tech battle armor!

Obviously, Central's design idea this time was very targeted!

The man in gray knew that Lin Yi's spirit sense attacks were extremely strong, so he put in more effort in defending against it. At the same time, he strengthened the armor's close-range attack and long-range attack.

From the current situation, this battle armor could be said to be perfect!

"Hahahaha, Sima Zhongda, aren't you very awesome? Why was he now like a pitiful mouse, only knowing how to flee in panic? Do you dare to have a good fight with this big brother?"

Sima Zhongxiao was extremely proud of himself and his arrogant laughter came from his armor, ""Do you think that you can escape the fate of destruction by running away? It was impossible! Just give up on resisting and surrender!"

Sima Zhongxiao had always been suppressed by Lin Yi to the point where he couldn't even raise his head. He couldn't be compared to Lin Yi in any aspect, and there was a time when Sima Zhongxiao almost doubted his life!

Now that he finally had the chance to completely suppress Lin Yi, Sima Zhongxiao was overjoyed!

So he wasn't in a rush to kill Lin Yi-he played with Lin Yi like a cat playing with a mouse, thinking that he had everything under control.

Looking at Lin Yi's sorry state, Sima Zhongxiao felt like he had reached the peak of his life ...

As for Liu Ziyu and the officials of the Hong Shang Empire, Sima Zhongxiao didn't care about them at all. He had to take care of these little trash anyway. If he turned around, they would be wiped out in a matter of minutes.

So he pretended that he didn't know that Lin Yi was bringing him away from the crowd and chased after Lin Yi.

Lin Yi's heart was bitter. In the beginning, he did want to lure Sima Zhongxiao away, but gradually, this initiative became passive, and he had no choice but to retreat!

All kinds of martial arts skills hit the armor, but Sima Zhongxiao didn't even shake, let alone get hurt!

Spiritual and physical attacks were completely ineffective, and Lin Yi was forced to retreat. He had to Dodge Sima Zhongxiao's laser beams from time to time!

It was simply too miserable!

Lin Yi couldn't even remember if he'd ever been in such a sorry state before. Perhaps he had, but he couldn't remember the last time!

"Hey! Sima Zhongda, what's wrong? Can't run anymore? Please don't slow down! It wouldn't be fun if they were slow! Big brother will give you some more motivation!"

Sima Zhongxiao was having the time of his life-he fired another seven or eight laser beams at Lin Yi's butt as he spoke.

Lin Yi was in a lot of pain. He used everything he had and relied on his divine sense to Dodge the attack.

"Hahahaha, not bad, not bad, isn't this pretty good! Continue to work hard!"

Sima Zhongxiao laughed weirdly as he closed the distance between them and raised his fist, aiming for Lin Yi's back!

Laser beams were interesting, but it was more satisfying to hit him with his fists!

So Sima Zhongxiao was prepared to fight Lin Yi in close combat. The armor's defense was strong anyway, so he wasn't afraid of Lin Yi's counterattack.

Lin Yi's eyes narrowed, knowing that he couldn't Dodge anymore.

Sima Zhongxiao's ultra-modern armor was not only strong in attack and defense, but also extremely fast in running!

However, Lin Yi suddenly remembered something. The scene in front of him, the armor, was very similar to a scene from before!

Zhaoming had made a similar armor and laser weapon during the trial on the West Island!

Chapter 7969

At that time, it was Han Jingjing who instructed him over the phone and told him to use lightning to break its defense!

That's right, metal was afraid of lightning!

On the other side, before Sima Zhongxiao's fist could land, he saw Lin Yi suddenly twist his body and hit the chest area of the armor with lightning in his palms.

"F \* ck, what the hell is this?"

Sima Zhong Xiao was shocked.

Because of his confidence in the armor's defense, Sima Zhongxiao didn't have any intention of dodging.

And so, he watched as the two balls of lightning landed on his chest, even forgetting to continue his attack on Lin Yi.

This was a lightning attack formed from the Qi of the lightning attribute. The power of the lightning attribute was already strong, and Sima Zhongxiao was now covered in a metal armor.

It was common knowledge that when lightning met metal, its power would be stronger, so Sima Zhongxiao was a little confused.

He didn't know that Lin Yi had a lightning attribute before!

"Swoosh, Swoosh, Swoosh!"

When the lightning landed on the armor, it split into countless tiny lightning arcs and covered the entire surface of the armor.

However, it didn't seem to be of much use. Sima Zhong Xiao was already prepared to be paralyzed by the electricity, but he felt nothing!

In an instant, all the lightning bolts disappeared, as if they had been absorbed by the armor.

It's useless?

Lin Yi didn't say anything and turned to run.

Damn central. They had indeed learned their lesson from the trial on the West Island. The newly designed armor even had lightning protection measures.

This was clearly a new Warframe designed for him!

In order to deal with him, central had been scheming!

"Hahahaha! Sima Zhongda, are you trying to scratch my itch? It's a pity that you didn't use much strength, I didn't feel anything at all!"

Sima Zhongxiao immediately recovered from his shock and laughed wildly.

This armor was a real treasure!

The armor was clearly made of metal, but it was lightning-resistant!

"I can defend against lightning, but can you defend against lasers?"

As Sima Zhongxiao spoke, he fired laser beams at Lin Yi again, making him jump up and down. He was so proud of himself that he couldn't be described.

Lin Yi, on the other hand, felt bitter. He had really miscalculated this time. He didn't think that central would collude with the Sima family.

It wasn't hard to guess-with Central's Intel, how could they not know that Lin Yi and Sima Zhongxiao weren't on good terms? How could he not have set up the plan in advance?

The funniest thing was Sima Zhongxiao's armor. Most of the materials were probably from the things Lin Yi brought back from the secular world for the man in gray!

Otherwise, with the original technological strength of the sub-Island Center, not to mention creating an improved and evolved version of the Warframe, they would not even have the ability to copy the previous Warframe!

What did it mean to lift a stone and smash one's own foot? This was it!

Thinking about how he was the one who brought this upon himself, Lin Yi felt really helpless!

Lin Yi's spirit sense completely covered Sima Zhongxiao's armor, not letting go of any flaws and looking for a chance to win.

Lin Yi really did find a flaw that he didn't know if it could be considered a flaw!

The entire battle armor was indeed made of metal and covered the entire body. However, in order to operate it freely, all the joint joints were made of a soft material.

Lin Yi didn't know what it was, but he knew that its defense was equally shocking.

However, since it was a soft material, at least he had the chance to try it!

"Hahahaha, Sima Zhongda, you rat, you're not willing to die like this, are you? He even wanted to counterattack! Why don't you take a look at your own strength? even if I stand still and let you hit me, what can you do?"

After defending against the lightning attack, Sima Zhongxiao was completely arrogant, ""You can't even leave a mark. If I let you hit me, you'll probably die of exhaustion, right?"

Lin Yi's lips curled up as he turned around and dodged a laser beam. "You make it sound like you're invincible. Why don't you just stand there and let me attack you?"

Sima Zhongxiao was slightly stunned. I was just saying it casually, don't tell me you believe me?

However, on second thought, it didn't seem to matter!

Wasn't this the best chance to act tough?

"Why can't I? I'm giving you a chance to die in peace. As your brother, I'm giving you a lot of face, right?"

Sima Zhongxiao stood still with his left hand on his waist and pointed at Lin Yi with his right index finger, "Come on, let me see what kind of marks you can leave before you die of exhaustion! Of course, if it's the liquid that flows out after you cry or pee, it doesn't count!"

Lin Yi squinted his eyes and smiled. He ignored Sima Zhongxiao's provocation and walked towards the armor that was reflecting the sunlight.

When they were two steps away, Sima Zhongxiao opened his arms, ready to attack. Lin Yi didn't hold back anymore and used his butterfly microsteps to get close to Sima Zhongxiao.

Above his palms, a white cold air condensed and did not dissipate!

Sima Zhongxiao's vision blurred and he lost track of Lin Yi, but the armor's lock-on device immediately notified him that the target was behind Yingying!

Trying to sneak attack from behind? It was completely useless!

With a disdainful smile, Sima Zhongxiao couldn't even be bothered to turn around!

Anyway, the defense of the armor was the same on both sides. What was the difference between attacking from the back and the front?

Sima Zhongxiao laughed arrogantly, not caring what Lin Yi was doing.

Lin Yi didn't care how Sima Zhongxiao would react and started his attack.

First, it was the ankle!

Lin Yi crouched down behind Sima Zhongxiao and held his ankle with both hands. There wasn't much exposed soft tissue at the joint area of the armor, but it was enough for Lin Yi to use.

The ice attribute energy was quickly and steadily released, and in a flash, a thick layer of ice crystals was formed on the ankle of the armor.

Lin Yi didn't stop. He raised his hands and grabbed the knees of the armor, using all his ice Qi to freeze it.

At first, Sima Zhongxiao didn't pay much attention to it and didn't feel anything wrong. However, the alarm inside the armor soon sounded, indicating that there was something wrong with the leg joint!

"What's this?"

Sima Zhongxiao was still a little dumbfounded. He had only gotten this battle armor not long ago. He had only tried it once on the way here before this official battle. In fact, there were many operations that he was not familiar with.

For example, the alarm now!

Before he could react, Lin Yi had already stood up and grabbed onto Sima Zhongxiao's open arms. He didn't let go of his elbow, hand, and shoulder joints.

When Sima Zhongxiao finally understood what was happening, Lin Yi had already completed his attack!

The alarm in the armor was getting more and more intense, and Sima Zhongxiao panicked. He immediately turned around and attacked Lin Yi.

Chapter 7970

"Crack! Crack!"

The frozen ankle and knee were the first to react. The completely stiff soft tissue couldn't withstand Sima Zhongxiao's sudden and violent movements at all. It became extremely fragile in an instant and completely shattered in the process of turning.

Success!

Lin Yi's heart jumped in joy-his guess was right!

After being frozen, the joints of the armor would become hard and brittle. As long as there was enough force, it would be easy to break it!

Under normal circumstances, it was impossible to seal these joints with ice. In a battle where the armor was moving, even a little bit of ice Qi could be easily resolved.

Sima Zhongxiao, the idiot, wanted to act cool and let Lin Yi Do whatever he wanted. It was much easier to freeze these joints when he was still.

In the end, Sima Zhongxiao, who was acting like an idiot, even turned around with all his might in his combat armor, not caring about the ice seal on his joints at all.

The armor's powerful mechanical force acted on the frozen joints and instantly shattered them!

Even Lin Yi wouldn't be this effective!

Sima Zhongxiao panicked as the alarm sounded more and more urgent. His skills were weak and he lost his balance. He wanted to use his hands to make up for it, but the result was ... Too horrible to look at!

Lin Yi had frozen more of Sima Zhongxiao's upper limbs, his wrists, elbows, and shoulders were all on the list. In Sima Zhongxiao's panic, these frozen parts were torn apart by himself!

Sima Zhongxiao, who had been so mighty and arrogant just now, squatted down and did a difficult move like a dog gnawing on mud. Then, he lay on the ground and didn't move.

Sparks were coming out of the broken parts, and it seemed that the limbs of the armor were no longer usable. Looking at his appearance, even his limbs inside the armor were probably badly injured. He could not even move.

"Sima Zhongxiao, are you dead? If you're not dead, then squeak! Don't play dead on the ground!"

Lin Yi let out a breath of relief and walked over quickly. He knelt down and grabbed the back of Sima Zhongxiao's neck.

This was also a connection point, and under normal circumstances, it wouldn't be exposed at all with the armor's protection. But now, Lin Yi could pinch however he wanted, completely unaffected by the armor.

An ice attribute Qi started to gather behind Sima Zhongxiao's neck-Lin Yi didn't plan on letting this guy go just like that.

This time, Lin Yi was going to take care of Sima Zhongxiao completely, not giving him any chance to turn things around.

Sima Zhongxiao was extremely embarrassed and angry, this was a good situation! The tables had actually been turned!

He had such a good hand, but he had been beaten to a pulp by himself. He really had no face to say anything.

"Creak creak creak"

Sima Zhongxiao was scared, but he couldn't bring himself to beg for mercy. He could only do as Lin Yi asked and let out a sound to show that he was still alive.

"Pfft!"

Lin Yi almost laughed to death-did you really just squeak when I told you to? Why is he so obedient?

"Sima Yi, stop!"

Seeing the frost forming on his son's neck in an instant, Sima Yun Fei's heart was as panicked as his son 'S. He quickly shouted,""Let Zhongxiao go. We can slowly talk about this!"

"Slowly? What's there to talk about?"

Lin Yi continued to freeze Sima Zhongxiao's neck, then looked at Sima Yunfei calmly,""You all want my life, what's there to talk about? Those who kill will be killed! Before Sima Zhongxiao made his move, he should have already realized this, right?"

"Don't kill Zhongxiao!"

Sima Yun Fei did not only have one son, but Sima Zhong Xiao was the one he was most satisfied with and proud of. If he had a choice, he would rather all his other sons die than let Sima Zhong Xiao live.

Lin Yi laughed coldly and tightened his grip ... And then there was no "and"!

After being frozen, Sima Zhongxiao's neck did not break ...

As expected, Lin Yi's physical strength was still too weak. Even if he found the weakness, he couldn't break through it!

What a sad story ...

In other words, Sima Zhongxiao had been standing still the whole time, carrying out his promise to the end and letting Lin Yi attack him. Even if his limbs were frozen, Lin Yi didn't have the strength to completely destroy the joints of the armor!

Weakness. It was only a weakness in the face of enough power. The reason why the armor would sound an alarm was most likely to indicate that there was an obstruction in joint operation. When the ice seal was removed, it would return to normal.

If Sima Zhongxiao didn't use the strength of the early stage of the split sea realm to pull, Lin Yi's little strength would've been very embarrassing.

Just like now, Lin Yi didn't succeed in one try. He was dumbfounded and embarrassed!

He was already strangling the enemy's neck, but he was still a paralyzed enemy with no ability to resist. He couldn't be killed ... Couldn't be killed ... Couldn't be killed ...

"Cough ... Forget it. For my father's sake, I'll spare Sima Zhongxiao's life!"

Lin Yi coughed dryly-it was a good thing he'd hidden his movements well enough to avoid being seen through.

Since he couldn't kill him, there was no use in keeping Sima Zhongxiao alive, so he didn't mind doing him a favor.

"Sima Zhongxiao, I can spare your life, but your armor is interesting. Take it off immediately, and you can go back to your father's side!"

Lin Yi wasn't going to lie to Sima Zhongxiao about taking off the armor and killing him-he really wanted to study the armor, even if it was broken.

When there was a chance to hand it over to Han Jing Jing, she could at least research a targeted plan or find some loopholes. Otherwise, if central were to mass-produce this kind of Warframe in the future, who in the world would be their match?

It was simply terrifying to think of a large group of people wearing armor that was impenetrable by swords and Spears and invisible to spiritual sense, and a team that could casually exert the power of the early stage of the shattered Sea realm!

Even the tide of sun-devouring rats wouldn't have a place to gobble up such an invincible mighty army, right?

"I can't take off my armor!"

Sima Zhongxiao, who had squeaked just now, was very embarrassed. Fortunately, he had the protection of the helmet and face armor, so his red to purple face was not exposed.

Answering Lin Yi in a muffled voice was the best he could do.

"If you don't take off your armor, I'll kill you and then peel it off myself!"

Lin Yi started to scare Sima Zhongxiao, "Do you want to die?"

Lin Yi might not be able to kill Sima Zhongxiao, but he didn't know about it!

However, Sima Zhongxiao really wanted to die. This kind of humiliation, if it was someone with a slightly thinner skin, they would have died long ago!

Fortunately, he was thick-skinned enough to want to die for a while, but not anymore.

"Sima Zhongda, I really can't take it off. The control device is in my hand, but I can't move it anymore. I really don't have a choice!"

Sima Zhong Xiao, who didn't want to die, was about to cry. Life was so hard!
