

Bodyguard 7971

Chapter 7971

As the saying goes, "when it's hard, don't tear it down." If I can't tear it down, can you do it yourself?

Lin Yi didn't know that Sima Zhongxiao had so many complicated thoughts. He heard that this guy couldn't be taken off, so he could only study it himself.

On the other hand, Lin Yi had just started examining it when the Warframe started beeping in alarm, along with an emotionless mechanical voice, "The main body of experimental armor 002 has been severely damaged and has lost its ability to move. An enemy is trying to dismantle it. Self-destruction device activated. It will self-destruct in ten seconds!"

"The power of the self-destruction is equivalent to a small nuclear explosion of the same level. All nearby friendly units, please take note to avoid it. The countdown begins. Ten ..."

It was Lin Yi's turn to be dumbfounded!

What the hell are you doing? Can't be touched? You should've said so earlier, I've touched you all over, alright?

"Help! Help! I don't want to die! Save me!"

Sima Zhongxiao was about to go crazy. Was it so difficult to survive?

Finally, the enemy was willing to let go, but his own Warframe jumped out to kill him. Could they still have fun together in the future?

Wait a minute, if I self-destruct now, it seems like there won't be a future. What's the point of having fun!

Sima Yunfei was also panicking. Self-destruction?

He didn't know what a small nuclear explosion meant, but he could tell that it wasn't a good thing. In any case, self-destruction would definitely kill someone. "Father, save Zhongxiao!"

"Nine ... Eight ..."

The mechanical countdown didn't stop. It continued and steadily.

Lin Yi ordered Sima Yunqi and Liu Ziyu to run as fast as they could while scanning the entire mecha with his divine sense, imprinting all the internal circuits in his divine sense.

The armor was destroyed, and Lin Yi could naturally use his spirit sense to scan through the cracks.

But even so, Lin Yi couldn't open the armor. Sima Zhongxiao's human cabin was separated from the mechanical cabin, and he could only wait for death inside.

Of course, even if he could save him, Lin Yi didn't have the time to care about him. He deserved to die, and he wanted Sima Yunfei to feel the pain of losing a son.

Lin Yi didn't have a second to waste-even if he couldn't get the real thing, he'd at least get a blueprint as he scanned the armor's internal structure.

Giving the blueprint to Han Jing Jing wouldn't be much different from the real thing. Central even made a self-destruct program, so it was obvious that it was very important to them. Lin Yi couldn't miss it!

"My business partner, come out quickly and save my grandson! I agree to all of your conditions. As long as you let me become the Emperor of the Hong Shang Empire, I can give you as many test subjects as you want!"

Sima Zheng Xin was a little flustered as well. Although he valued Sima Zhong Xiao, he didn't really care if Sima Zhong Xiao died or not. He was afraid that Sima Zhong Xiao's self-destruction would drag him in and kill him.

As such, Sima zhengxin shouted while quickly distancing himself from Sima Zhongxiao.

That insignificant nuclear explosion didn't sound like a good thing, so it was better to stay as far away as possible.

"Three ... Two ..."

As Sima zhengxin finished, the ten-second countdown also reached its end, "...One, di di di ..."

Just as he counted to one, Sima Zhongxiao started to scream in pain. However, his armor suddenly made a beeping sound, and he continued to count, ""0.9 ... 0.8 ..."

Lin Yi's mouth twitched.

10 second countdown, do you still have 0.9 and 0.8?

"Ling lingfa, since you're here, don't hide anymore! Come out!"

Lin Yi stood up and looked at the end of the square.

The reason why he didn't run away or throw Sima Zhongxiao out when the countdown was about to end was because Lin Yi's divine sense had already noticed the arrival of the grey-robed Ling lingfa.

"Hahahaha, you've found out! What a pity, I wanted to see you frantically run for your life in the self-destruction of your armor, but you're not running?"

Ling lingfa, who was wearing a strange-looking armor, landed on the ground lightly.

He didn't have any armor on his head, only a glass cover. That was how Lin Yi knew it was Ling Ling.

Ling lingfa pressed a button, and the timer finally stopped.

"If you're not running, why should I run?"

Lin Yi glanced at Ling lingfa and shrugged nonchalantly, ""Why are you everywhere?"

"Long time no see! I didn't expect you to act so quickly and conquer an Empire. Since you won't be staying here to manage the Empire, why don't you give it to us?"

After landing, Ling Ling looked at Lin Yi with a smile. "We're old friends and allies, right? This small matter is nothing, right?"

"Gah!"

Sima zhengxin's eyes immediately widened and his mouth opened wide. What the hell? Are you still old friends or allies? Then what am I? A third party?

Should I have cupped my fists and said goodbye?

"Ling lingfa, you have allies all over the world. I don't dare to claim connections with you!"

Lin Yi laughed coldly and looked at Sima zhengxin, "I know your new ally, so I won't trouble you to introduce him!"

"Since we're all acquaintances, it's easier to talk to him! You've handed the new empire over to the Sima clan to manage. If you need anything, you can also ask them for help!"

Ling Ling looked at both parties with a smile and said, ""Do you think I'm right? What's wrong with each taking what they need? There's no need to be so stiff!"

"Ling lingfa, we're all old acquaintances. You don't have to put on an act!"

Lin Yi laughed coldly. He didn't believe a single word Ling Ling said.

The armor with such a strong target had been made, so what did central mean?

"You're right! I really don't need to put on an act in front of you!"

Ling lingfa's face suddenly darkened. ""Then let's get straight to the point! Hurry up and get lost, or I won't be polite to you! Don't say that I'm bullying you, you should be very clear about your current situation. Do you think you can be my opponent?"

With that, Ling lingfa's helmet armor closed up and wrapped him up completely, blocking Lin Yi's divine sense attack.

"It's useless! Whatever methods you can use here are all within my calculations! I wouldn't have made the same mistake as that idiot Sima Zhongxiao, you can't do anything to me!"

Ling lingfa's voice was not too smug, but it was rather certain. ""If you take the initiative to leave, I won't make things difficult for you. Don't force me to make a move on you!"

Lin Yi didn't say a word. He didn't have any methods to arm-wrestle Ling lingfa with his divine sense being ineffective.

Chapter 7972

However, what should he say if he gave up the Hong Shang Empire just like that? He was unwilling!

"Don't waste your breath on him! Get rid of his accomplices first and cut off his sidekicks!"

Sima zhengxin shouted. He was afraid that a long night would bring more trouble. What if Ling lingfa and Lin Yi joined forces again while they were chatting? what should he do then?

After all, from Ling Ling's words, he and Lin Yi used to be allies, and they had the foundation to work together!

Now that the Hong Shang Empire was under Lin Yi's control, wouldn't it be easier if Ling lingfa chose to work with Lin Yi? He had to make use of this opportunity to completely turn against Ling lingfa and Lin Yi! Killing Lin Yi's companions was their best chance!

Ling lingfa furrowed his brows and was unhappy with Sima zhengxin's tone.

However, he didn't care too much about it. Anyway, his thoughts were similar. So, he raised his hand and aimed at Sima Yunqi and Liu Ziyu, who were retreating.

Lin Yi was shocked. Sima Zhongxiao's laser beam was a super weapon that he had personally experienced. If it hit Liu Ziyu and Sima Yunqi, their bodies would definitely not be able to withstand it.

In his panic, Lin Yi's butterfly microsteps burst out, wanting to pull Liu Ziyu and Sima Yunqi away.

Ling lingfa's eyebrows twitched, but he didn't stop. He adjusted his position and moved his wrist slightly, bringing Lin Yi into the range of his attack.

An arm-thick grey laser beam shot out, expanding to the size of a bucket as it got close to Lin Yi, piercing through his back.

Hiss!

Lin Yi's body shook-he didn't think he'd be hit so easily!

However, the expected injury did not appear on his body. Instead, there was a loud bang in his spiritual sea.

His originally complete spiritual sea was actually showing signs of collapse.

Hehe ...

Ling lingfa's lips curled into a wide smile. However, under his mask, no one could see it except for himself.

Nano spiritual awareness laser particles!

This was a new weapon developed by the center!

Currently, it was still in the experimental stage. All the resources on the sub-Island were only enough to launch two attacks!

Ling lingfa had indeed wanted to attack Liu Ziyu and the others, but he had only used an ordinary laser weapon.

Ling lingfa didn't expect Lin Yi to pounce on him all of a sudden, and he changed his attack method without hesitation, giving the precious laser particles to Lin Yi.

In terms of spirit sense strength, no one was more suitable than Lin Yi to be the test subject for the nanoscopes laser.

Not to mention, this thing was created to deal with Lin Yi!

Lin Yi didn't feel good at all.

Countless grey-white laser particles were moving around in his spiritual sea, tearing it apart. He wanted to stop it, but it was useless.

His divine sense trembled!

Lin Yi wanted to drive the laser particles out, but his strong spirit sense was extremely weak.

It wasn't enough to trigger the vibration of the divine sense!

Before the grey-white laser particles were used up, Lin Yi could only watch as his sea of consciousness was being melted away layer by layer. There was nothing he could do!

At his peak, Lin Yi's essence spirit had reached the great completion of the sea-splitting realm, and there were signs of it going further. But now, his level was dropping.

Peak of the late stage of the sea-splitting realm ... Late stage of the sea-splitting realm ... Peak of the middle stage of the sea-splitting realm ... The middle stage of the sea-splitting realm ...

The speed of his fall was like that of a broken cliff. In the blink of an eye, he fell from the sea splitting stage and then continued to fall from the consummate level of earth splitting realm.

The speed of the earth-splitting stage was even faster than that of the sea splitting stage. In the blink of an eye, it had reached the mountain-splitting stage. However, the speed of decline had not slowed down. Xuansheng stage ... Yuanying stage ...

When it stopped, the strength of his primordial spirit was the same as his physical body-he had reached the perfected golden core realm!

At this moment, Lin Yi's heart was like dead ashes.

The last time his primordial spirit was injured, it didn't suffer such a huge injury. Could it recover this time?

Lin Yi was even considering if he could leave this place alive!

Ling lingfa seemed to have the intention to kill him!

Lin Yi panted heavily, his body and spirit extremely weak. He couldn't even stand straight and knelt on the ground.

At this moment, Lin Yi could clearly feel the threat of death.

He'd struggled on the edge of life and death many times before, but none of them had made his heart palpitate more than this.

Especially his biggest trump card, his sea of consciousness, which he relied on to survive on the sub Island, was almost completely destroyed. Lin Yi couldn't believe it.

When did the central Research Center develop such a terrifying weapon?

It could actually attack the sea of consciousness directly!

One could say that this was made for Lin Yi!

"Hehe ... I'm really sorry. I didn't even want to hurt you, so why did you suddenly appear? It's really an accident. You're the one who's courting death, so don't blame me!"

Ling lingfa let out a fake laugh as he strolled towards Lin Yi, "I originally wanted to leave you to the end to play with slowly, but I didn't expect that you couldn't wait to rush out and die. You really can't blame me for this!"

"Of course, I won't really kill you. For a reason that we both know, I won't let you die so completely."

Ling lingfa's lips twitched as he stood in front of Lin Yi. "To be honest, I'm surprised that you're still conscious. However, it might not be a good thing for you!"

"Originally, it would have been good to let your primordial spirit collapse and turn you into a Living Dead person, but now that you're half-dead, I'm also in a difficult position! Then, how about I destroy your physical body again and let you return to your weak primordial spirit state?"

The laser particles were only enough for two shots on the sub-Island, and Ling lingfa didn't want to waste the last one on Lin Yi.

Although in his opinion, the people of the sub-Island didn't have any spiritual awareness, what if they still had? He had to leave some for self-protection.

But since he had already made a move on Lin Yi, Ling lingfa wouldn't give up halfway. He could only choose to destroy Lin Yi's body and extract his essence spirit.

Since one of his body and essence spirit was still alive, it meant that Lin Yi wasn't completely dead. It would be easy to explain to the other side.

Sima zhengxin shivered. He didn't understand what Ling lingfa was saying, so he felt like his partner was crazy ... Was it really okay to work with a crazy person?

It was simply too frightening! He didn't even understand what happened, and the powerful Lin Yi knelt down.

"Cousin Zhong da!"

"Zhong da, my son!"

Liu Ziyu and Sima Yunqi saw that Lin Yi was hit by the laser and panicked. They didn't care about running for their lives anymore and turned around to rush back.

Chapter 7973

"You guys hurry up and run!"

Lin Yi almost vomited blood at the sight!

I've already risked my life, destroyed my spiritual sea, and helped you guys fight for a chance to escape, but you guys just squander it away like this?

Besides losing two more lives, what use do you have for coming back?

Ling lingfa naturally saw the two as well, but he didn't care. It was just as Lin Yi thought-these two were just there to deliver their heads to him.

It was more important to take care of Lin Yi first, in case anything happened!

Ling lingfa raised his hand and aimed at Lin Yi. His laser weapon was ready to fire, but he wasn't confident that he could capture Lin Yi's spirit before he killed Lin Yi.

After all, while the armor was powerful, it didn't have the soul-snatching hand ability. Ling lingfa could only bet that Lin Yi would control his Yuan Shen to leave his body when his body was destroyed!

Ling lingfa had experience with primordial spirit body, and he was confident that he could capture Lin Yi's primordial spirit after it left his body.

As long as Lin Yi's spirit didn't die, everything would be fine.

In order to give Lin Yi enough time for his spirit to leave his body, Ling lingfa intentionally slowed down his attack speed!

"Are you ready? Then I'll send you on your way! My old friend!"

Ling lingfa's laser weapon's long barrel glowed.

Lin Yi gritted his teeth and prepared to leave his body as Ling lingfa predicted.

Right now, his body was extremely weak. He had lost more than half of his strength, and without the nourishment of true Qi to recover, it was extremely difficult for him to escape.

On the other hand, although his primordial spirit body had been weakened countless times, it was very suitable for escaping.

As long as it wasn't those laser particles that could destroy the sea of consciousness, other physical attacks, including ordinary laser weapons, could be used. The primordial spirit was immune to all damage.

Lin Yi knew that Ling lingfa might have something up his sleeve, but he had no choice but to follow his pace.

"Zhong da, be careful!"

Suddenly, Wu yucao rushed out while screaming.

After she and Ling Hanxue came out of the nine story Pagoda, she used her divine sense to confirm Lin Yi's location and rushed over without stopping.

In such a short period of time, the situation had turned into a situation where Lin Yi was about to be killed.

Wu yucao was so shocked that she didn't think much and immediately pounced over, standing behind Lin Yi!

At the same time, she activated her most powerful divine sense attack and attacked Ling lingfa!

Lin Yi grumbled to himself-his sea of consciousness was destroyed, and his consciousness was at its weakest point-he didn't even notice Wu yucao's arrival.

It was too late to ask her to leave now!

Ling lingfa's eyes narrowed. Another master with a strong divine sense? He actually had such a powerful spiritual sense!

The nano spiritual awareness laser particles were fired!

At the last minute, Ling lingfa changed his strategy again. He fired the remaining nano spiritual laser particle weapon on Wu yucao!

At the same time, Lin Yi was separating his essence spirit from his body, forming it, and putting his body into the Jade space at the same time!

If time had stopped, one would have been able to clearly see what had happened in that instant!

However, time could not stop, so no one could clearly see what had happened!

Lin Yi's consciousness was weak and he couldn't react in time. He wanted to save Wu yucao but it was too late!

The nano spirit consciousness laser particles pierced through Wu yucao's body. Although it didn't kill her in one shot, it caused nearly fatal damage to her sea of consciousness.

However, the laser didn't stop after piercing through Wuyu Cao. It continued to pierce through Lin Yi's body!

This made Lin Yi cry out in pain-his spirit was already weak enough at this point, and he almost died from that.

Luckily, most of the power was absorbed by Wu yucao, so Lin Yi didn't die immediately.

"Big sister Wu!"

He couldn't care about himself anymore as he pounced on Wu yucao, his heart trembling.

The scene in front of him was so familiar, and it had happened more than once!

Wu Yuhua, Wu yucao, and now the fusion of Wu Yuhua and Wu yucao!

Lin Yi couldn't help but ask himself what the sisters owed him. Why did he have to use his life to protect himself again and again?

"Big sister Wu!"

Ling Hanxue was a few steps behind, but she managed to escape.

When she saw Wu yucao limply fall to the ground, she was both shocked and angry. She immediately drew her bow and shot arrows at Ling lingfa in succession.

The target of the arrow was not Ling lingfa's vital parts, but the long laser beam tube in his hand!

His godly archery skills seemed to be in a mess, but no matter how Ling lingfa moved his arm, there would always be an arrow that would hit his laser gun.

Ling lingfa was immediately annoyed. The long tube that fired the laser was made of a special material, which was different from the main material of the armor. Not only was it not hard, but it was also very fragile. It just would not be melted by the laser.

Therefore, the long tube that fired the laser was only extended when it was fired. It was usually retracted because it was afraid of being attacked.

This hateful firewood girl was actually shooting the laser beam tubes continuously, causing Ling lingfa to be flustered as he dodged.

Because of that, Lin Yi and Wu yucao were temporarily safe!

"Big sister Wu, you'll be fine! You'll definitely be fine!"

Lin Yi hugged Wu yucao and crazily took out all kinds of healing pills for her to eat, but this kind of damage to his sea of consciousness was something he couldn't do anything about, let alone help others.

Wu yucao's spiritual sea couldn't withstand such a heavy blow and had already started to vomit blood. Even if she ate the pill, 90% of it would be spat out with her blood.

"Zhongda...You...It's good that you're fine ..."

Wu yucao was extremely weak and could barely maintain a bit of consciousness. A relieved smile appeared on her bleeding lips.

"I'm fine, and you're fine ..."

Lin Yi's heart felt like it was being cut by a knife. The pain of losing a friend was a hundred times worse than the collapse of his sea of consciousness.

"Zhongda...I...I seem to have ... Many things...I can 't...Remember clearly...My...My mind...Is going to stop ..."

Wu yucao's eyelids kept dropping down, but she forced them open to see Lin Yi clearly. "I'm almost ... Unable ... Unable to think ... Am I ... Really going to die this time?" It's such a pity ... I can't stay with you ... I didn't expect ... I didn't expect that in the end ... I'd still be like big sister ... My soul was destroyed ... Destroyed ..."

Her voice gradually became inaudible, and Wu yucao's body went completely limp, limply falling down.

She didn't have a spirit as strong as Lin Yi 's, and even after the training in The Kraken King's nine-story Pagoda, she was only in her mountain opening stage.

Chapter 7974

If Lin Yi was injured to this extent, then Wu yucao would be even more injured.

It was already very impressive that she could say a few words on her deathbed. If it were an ordinary person's spiritual sea shattered, their primordial spirit would have been directly destroyed.

"No! Big sister Wu!"

Lin Yi couldn't help but scream at the top of his lungs.

It was the same face, but it was the third time that it had disappeared in front of him. Even with Lin Yi's strong will, he couldn't help but break down.

"Zhong da, quickly leave!"

Ling Hanxue's heart felt like it was being cut by a knife. She was the only one left from the previous three-man team!

Back then, when the three of them were together, they were not only partners but also like family.

Ling Hanxue watched as Chen Zhisheng and Wu yucao died one after the other, and her pain was no less than Lin Yi 's!

"Zhong da, quickly leave! Otherwise, big sister Wu would have died in vain!"

Ling Hanxue's tears fell like rain as she screamed for Lin Yi to run. Her arrows could only affect Ling Ling for a while, not for long.

If Ling lingfa had not used his laser weapon and ignored Ling Hanxue's arrows, Ling Hanxue would not have been able to do anything about it.

This was because her arrows could not pierce through Ling lingfa's armor!

Lin Yi was extremely sorrowful-he'd wanted to have a good talk with Wu yucao after establishing the Hongshang Empire, and have her stay here to lead the guards unit and help Liu Ziyu defend the country.

She didn't expect that Wu yucao would have no future!

In order to save him, she had once again sacrificed herself without any hesitation!

Lin Yi's heart was filled with a deep sense of helplessness.

Looking at Wu yucao's pale face, Lin Yi was helpless.

At this moment, he could not even protect himself. His body was weak and his sea of consciousness had collapsed. Even if he wanted to help Wu yucao, he could not.

"Zhong da, quickly go!"

Ling Hanxue drew her bow and shot like a mad demon. Her fingers were dripping with blood. Due to the extreme speed at which she drew the bow, she could no longer care about her fingers!

"Cousin Zhong da, quickly go! Hurry up and run!"

At this time, Liu Ziyu and Sima Yunqi ran over, pulled Lin Yi up, and ran.

Lin Yi wanted to resist, but he didn't even have the strength to do so.

Unless they used ethereal form, Liu Ziyu and the others were strong enough to control Lin Yi.

Lin Yi's mind was in a bit of a daze-he was just complaining about the two not running, but now? Lin Yi didn't want to leave either.

Looking at Wu yucao's limp body on the ground, Lin Yi instinctively wanted to put her into the Jade space-maybe he'd have another chance.

However, he did not succeed in collecting the Wu yucao!

He was still alive!

Wu yucao wasn't dead!

Lin Yi was surprised.

Since it couldn't be stored in the Jade space, it meant that Wu yucao still had a chance of survival, or to put it cruelly, she wasn't completely dead!

"Release me! I want to save big sister Wu!"

Lin Yi struggled for a bit, both happy and worried.

Since the Wu yucao was not completely dead, he definitely could not give up any chance!

"Zhong da! Don't mess around! Do you want to kill more people? There's nothing you can do right now. The best way is to leave!"

Sima Yunqi shouted angrily, wanting to wake Lin Yi up.

Lin Yi wasn't an idiot-how could he not know his situation?

In his current situation, he was unable to change anything. If he stayed, he would only be a burden to more people and they would not be able to escape.

Take Ling Hanxue for example. If she did not have to restrain Ling lingfa, she could have left the place. Ling lingfa would not have cared about Ling Hanxue.

If he stayed, he wouldn't be able to save Wu yucao and would only kill more people!

If he left, he would be able to get his revenge and perhaps save more people ...

Lin Yi closed his eyes in pain and said in a low voice, "Alright, I'll go! You guys take care!"

His Yuan spirit blurred for a second and broke free from the two's grip. Lin Yi shot out like lightning and shouted at Ling lingfa, ""I'm leaving, come and chase me!"

Lin Yi knew how dangerous Ling lingfa's presence was for the others.

The best way was to lure him away.

The primordial spirit body could fly after turning illusory, and Ling lingfa's armor might not be able to catch up. This was the safest way.

Ling lingfa saw that Lin Yi was about to escape and wanted to chase after him. He put away the laser gun and ignored Ling Hanxue's normal attacks!

"With me here, don't even think about leaving!"

Ling Hanxue let out an angry roar and drew her longbow. A powerful wind gathered around the arrow, and it whistled through the air like a super-spinning arrow!

After the arrow was shot, it was as if the arrow had disappeared without a trace. It instantly formed a vacuum tunnel and hit Ling lingfa's armor with a loud bang.

Although it did not break through his defense, the powerful impact pushed Ling lingfa and his armor a few steps away.

With that slight delay, Lin Yi's spirit had already disappeared into the distance!

It was true that Lin Yi wanted to lure the enemy, but in his current state, he didn't dare to hold back at all. He had to go all out.

So Lin Yi didn't even dare to turn back to confirm whether Ling lingfa had caught up to him or not. He was afraid that any delay would ruin everything!

Ling Ling was furious. He felt that all his efforts had gone to waste!

Everything was under control, and Lin Yi's spirit did leave his body!

He didn't think that he'd miss the best time to capture Lin Yi's essence spirit after being interrupted time and time again!

To be honest, Ling lingfa wasn't confident that he could capture Lin Yi's primordial spirit, and now that Lin Yi had escaped, there was no more hope.

"That damned woman! Since you want to die, I'll fulfill your wish!"

After stabilizing himself, Ling lingfa turned to Ling Hanxue to vent his anger. The big fish had left, but he would not let the small fish go!

Ling Hanxue let out a huge sigh of relief when she saw Lin Yi leave. She comforted big sis Wu. Zhong da is fine, you can rest assured!

Ling Hanxue turned around and saw Ling lingfa charging towards her at an astonishing speed. Ling Hanxue knew that she could not escape, so she simply stood still and drew her bow!

Unfortunately, after Lin Yi left, her energy had relaxed, and the injury on her finger exploded.

He shot two weak arrows, not even slowing Ling lingfa down, and the terrifying metal armor had already arrived in front of Ling Hanxue.

"You, are you ready to say goodbye to this world?"

Ling Ling slapped away the bow and arrow in Ling Hanxue's hands. With a sinister smile, he grabbed Ling Hanxue's neck and easily lifted her up in the air.

Sighing softly, Ling Hanxue slowly closed her eyes, a smile of relief appearing on her pale face.

Sister Wu-Chen Zhisheng, I will be able to reunite with you soon! In the future, our team will never be separated again!

Wuwu Zhongda, you must live on well, with big sister Wu and my share, live on well together!

Such a thought flashed through Ling Hanxue's mind like lightning. She was already prepared to face death calmly.

Seeing that Ling Hanxue did not respond, Ling lingfa snorted coldly. His hands began to tighten, intending to break that beautiful, slender, and snow-white neck!

Chapter 7975

Ling lingfa found it interesting to watch a beautiful woman die in his hands.

Ling Hanxue closed her eyes and recalled her short life.

Before they met Sima Yi, the three of them lived at the bottom of the food chain. They might not even have the chance to enter the sword spring sect, and they still had to worry about food and clothing every day.

Were you happy at that time?

Although he was happy, he wasn't actually happy!

Ever since she had followed Sima Yi and advanced triumphantly all the way to the increase in her strength in the nine-story glazed Pagoda, Ling Hanxue felt like she had opened a new door every once in a while.

Although she was going to die, she didn't regret it!

Instead of living a mediocre life, it was better to make a Grand sacrifice.

It could be said that his life was worth it!

After personally experiencing so many miraculous things, Ling Hanxue felt that she would die without regrets even if she were to meet Chen Zhisheng and Wu yucao!

However, at the critical moment, a gust of eerie wind suddenly swept across the entire scene.

Wherever it passed, everyone felt a bone-piercing chill and couldn't help but shiver.

"Who is it?"

Ling lingfa was immediately on guard. Before he could react, he felt the weight in his hand disappear.

Ling Hanxue, who was being held by the neck and waiting to die, had disappeared from his hands!

"Hahahahaha! You lowly ants! How dare you touch the woman that I, great witch of ghost Yin, am happy with! Are you tired of living? If you want to die, just say it. This Lord likes to satisfy the wishes of lowly ants like you!"

Wild laughter and arrogant words rang out in the cold wind, but their positions were erratic, sometimes East, sometimes West, and it was impossible to lock onto their position.

"Where did this rat come from? you only know how to hide your head and show your tail. Don't you even have the courage to show yourself?"

Ling lingfa laughed coldly as he was on his guard. He looked around fearlessly, as if he was not afraid of this mysterious opponent.

Of course, Ling lingfa was also relying on his battle armor.

Although Ling Ling realized that her current strength couldn't be compared to when she was at her peak on the Sky Class Island, it was still enough for her to do whatever she wanted on the sub-Island without having to worry about any opponents.

As for being vigilant, it was because this opponent was very strange, and he didn't know if he was a human or a ghost!

"Hiding your head and showing your tail? What a joke, you lowly ants don't have the ability to find this Lord, and you actually dare to blame this Lord? It's ridiculous!"

The great witch of ghost Yin laughed and revealed himself. A gust of cold wind gathered in the air and formed a shapeshifting human-shaped shadow.

Ling Hanxue was half-hugged in the air by the illusory black figure with a dumbfounded expression. Her mind was still unable to change from being about to be killed to the current situation.

What the hell was this? Luo Changle? Great witch of ghost Yin? Was he here to take revenge on her? It didn't seem like it!

"Did you see that? I'm standing right in front of you, what can you do to me?"

The great witch of ghost Yin sneered.

"Whether I can do anything to you or not, you'll know soon enough!"

Ling lingfa sneered and raised his hand. The laser beams shot out continuously, and there was a small amount of laser beams mixed with a little grayish-white material.

These weren't nano spiritual laser particles, they were just scraps produced when making nano spiritual laser particles.

Central felt that it could be recycled, so it didn't throw it away. Instead, it was used as a more special weapon.

Compared to the nano-spiritual awareness laser particles, this weapon couldn't damage the primordial spirit and the sea of consciousness, but it could have enough influence on low-level spiritual awareness.

The most important thing was that there was a large amount of this thing, unlike the nano-spiritual laser particles, which could be used up after two shots!

Countless laser beams were shot at the illusory black shadow in the air, but great witch of ghost Yin Luo Changle did not care at all. He allowed these attacks to penetrate his illusory body, only paying attention to avoid Ling Hanxue in his arms.

"Is this all you've got? You don't even have the right to scratch my itch, is there anything more exciting?"

Great witch ghost Yin laughed madly again, as if he felt that Ling lingfa's methods were not even worthy of such an evaluation. "I'm not afraid to tell you that I'm a pure sorcerer spiritual body. No matter if it's physical attacks or means to attack the divine sense, they're all useless Against Me!"

"In front of you lowly ants, I'm invincible!"

Sorcerer spirit body?

Ling lingfa furrowed his brows. What was that? Never heard of it!

It was actually immune to physical attacks and methods to attack the spiritual sense!

Wait a minute, he said it was a method to attack the consciousness, and not a method to attack the consciousness?

Could it be that a divine sense attack skill would have an effect on this guy?

Ling lingfa fell into deep thought. The technology developed by the center, including the nano-divine sense laser particles, could only be regarded as means of attacking the divine sense. It was completely different from the divine sense attack skills.

The research direction of the central Research Center was to destroy Lin Yi's spirit sense, not to use it to fight Lin Yi!

Lin Yi was using a spirit attack!

Why don't I try a divine sense attack skill?

At that thought, Ling lingfa shook his head. His current divine sense on the sub Island couldn't be compared to Lin Yi 's, and this guy in front of him was obviously not weaker than Lin Yi.

Ling Ling came back to his senses. Just as he was about to set the Sorcerer spirit body as the next research topic, he found a gust of cold wind wrapping around his armor.

"What do you want to do?"

Ling lingfa was on high alert. He quickly got into a defensive stance, but he did not know how to fight against the cold wind.

Great witch ghost Yin was also a little embarrassed. The cold wind was his attack method, which had both the function of binding and strangling.

However, it had no effect on Ling lingfa!

The yin wind was just a gust of Yin wind, what binding! There wasn't any obstruction to his actions, alright?

Of course, the great witch of ghost Yin would not say this out loud. Seeing Ling Ling's alert look, he deliberately laughed a few times to cover up the embarrassment in his heart.

"What are you doing? Do I need to tell you lowly ants what I'm doing? Since you've offended me, I'll have to kill you all, but I haven't been cultivating seriously recently. In order to focus on saving my woman, I'll let you go for now. "

"You lowly ants, why don't you hurry up and thank me for not killing you?"

After saying this, great witch ghost Yin didn't dare to be too aggressive as he was afraid of giving himself away. His illusionary palm grabbed the Wu yucao on the ground and sent him into a Pagoda formed by Yin wind.

"That's all for today, this account book will remember this. When I return, I will come to collect it from you. All of you, wash your necks and wait for death!"

After acting tough, the great witch of ghost Yin quickly turned into a gust of cold wind and carried Ling Hanxue away in the air.

Ling Hanxue finally understood the situation and could not help but ask, ""Who ... Who are you?"

Chapter 7976

Ling Hanxue was very familiar with the great witch of ghost Yin and the shape of the pagoda formed by the yin wind!

It could even be said that it was unforgettable because Chen Zhisheng had sacrificed himself there to save everyone!

Therefore, when she asked, Ling Hanxue's voice was trembling slightly.

"Who am I? Hahahahaha!"

The great witch of ghost Yin laughed, but no one could tell what kind of emotion he was feeling. "I've told you, I'm great witch of ghost Yin, Luo Changle! Or, you can also call me ... Chen Zhisheng!"

Ling Hanxue's heart trembled. Chen Zhisheng?

Was it really Chen Zhisheng? Was he really ... Not dead?

Great witch ghost Yin's sinister wind in the air disappeared in a flash, bringing Ling Hanxue and Wu yucao along with it. The answer to this question would not be found so soon.

Ling lingfa raised his head and looked in the direction where the great witch of ghost Yin had disappeared. He revealed an interesting smile.

"The world is really big and full of wonders. I didn't expect to encounter such an interesting state. The Sorcerer spiritual body ... Isn't just a pure primordial spirit. I'll have to study it carefully in the future. Maybe I'll make some amazing discoveries. "

"But before that, let's do Lin boliang's orders first. We'll take out either Lin Yi's soul or body!"

"Do you really think that I can't do anything to you just because you escaped? Too naive! Even if the nano spirit consciousness laser particles were used up, they would leave a mark in your primordial spirit for a period of time! I'll find you no matter where you are!"

"Primordial spirit Positioning System, activate!"

"Dididi ... Dididi ..."

Sima zhengxin and the others who had been doing nothing initially wanted to run over to find Ling lingfa to discuss the issue of the throne. In the end, when they got closer, they heard him mumbling something that they couldn't understand. They immediately hesitated.

Sima zhengxin originally thought that this business partner was crazy, but now he was even more certain!

If he wasn't a lunatic, what was he mumbling about?

It was most likely because she was stimulated, so her illness started acting up, right?

What to do? Do you want to go? Would he be beaten to death if he went over?

It was not illegal for a lunatic to kill someone, but the point was that there was no place to reason with him even if he died!

Sima zhengxin couldn't help but fall into deep thought, and then, there was no then.

Ling lingfa didn't care about Sima zhengxin and the others at all. After the spirit Positioning System locked onto Lin Yi's spirit, it immediately chased after him without saying a word.

Sima Zheng's heart was in a mess. Wait, hey, you bastard!

What are we going to do if you leave? This was the Hongshang Empire, not the Hongshang Commandery!

As expected, Yingying was a lunatic!

Lin Yi didn't know what the Sima family would do, but after he escaped from the imperial capital, he felt that his soul was extremely weak. It was at the peak of the Golden core stage before, but now it was unstable.

The scariest thing was that he couldn't contact the thing, not even the Jade space!

Such a thing was simply unprecedented!

In the past, no matter how serious his injuries were, this situation would not have happened. But now ...

Not to mention, when Wu yucao was heavily injured, Lin Yi could even take out healing pills from the Jade space to feed her, and put his body back into the space.

But why was there no contact at all now? He couldn't even take out his physical body!

But then again, his physical body was only a burden now. It was more convenient to move with his primordial spirit. This could be considered a blessing in misfortune, right?

Lin Yi still couldn't dispel the despair in his heart.

The predicament in front of him was like a nightmare. No matter how difficult it was in the past, at least the Jade space and the damn thing in the Jade space had always been there!

Lin Yi couldn't adapt to the sudden loss of contact.

It could be said that this was the first time in his life that Lin Yi had been in such a sorry state!

After a while, Lin Yi used his spirit sense to check the direction behind him.

It was a pity that Lin Yi's detection range was pitifully small after his strength was greatly reduced. He didn't find any trace of Ling lingfa in this pitifully small range.

But that didn't mean Ling lingfa didn't catch up. Lin Yi didn't dare to let his guard down, so he retracted his divine sense and continued running.

"Someone's coming!"

He didn't walk far before he felt something and looked up at the sky, alert.

But when he saw the person in the air, he froze!

That was because the person passing by in the air happened to be the great witch of ghost Yin, Luo Changle, who had been transformed by the yin wind. He was flying in the air while carrying Ling Hanxue in Chen Zhisheng's image.

"Sister Xue, Chen...Zhisheng?"

Lin Yi was shocked. Wasn't Chen Zhisheng dead? Why did you come out again?

But Lin Yi was overjoyed. No matter what, Ling Hanxue was fine!

It's great that she's fine!

"Zhong da! It's great to see you!"

Ling Hanxue had not actually suffered any serious injuries. She only looked a little weak after being picked up by Ling lingfa and given a scare. In addition, she was also exhausted from shooting arrows.

So, when she saw Lin Yi below, she immediately patted the witch's shoulder and asked him to land.

"Little Xue, don't worry! I knew that he ran over here, so I brought you to see him, so that you won't worry about him in the future. "

Luo Changle, or rather, Chen Zhisheng, said softly, "Although his condition isn't too good, at least he won't die. You should be able to rest assured, right?"

"Chen Zhisheng, since you are the great witch of ghost Yin, do you have any way to help Zhong da?"

Ling Hanxue had already accepted the fact that Chen Zhi had won against great witch of ghost Yin, Luo Changle, so she did not hold back when she made her request.

Chen Zhisheng? Great witch of ghost Yin?

Lin Yi looked at the shadow in front of him suspiciously. Was this Luo Changle or Chen Zhi?

Not only did this guy not die, but he also looked very awesome. It seemed that he had another fortuitous encounter!

"You are Chen Zhisheng? Or Luo Changle?"

Lin Yi frowned, too lazy to think about it. "You saved sister Xue?"

"Uh-huh!"

Great witch GUI Yin replied arrogantly and didn't answer Lin Yi's question.

"Al! From his attitude towards me ..."

At this point, Ling Hanxue sighed softly and continued in a low voice,""Plus, he also took sister Wu away. I think he is Chen Zhisheng!"

The great witch of ghost Yin curled his lips. Although it was just an illusory image, his expression was still vivid and lifelike, no different from a real person.

He most likely did not agree with Ling Hanxue's words, but he did not want to refute her, so he continued to maintain his tsundere attitude.

"It's like this!"

Lin Yi heard that Chen Zhisheng had taken Wu yucao away and immediately bowed deeply to the witch, "Thank you for saving sister Xue and bringing back sister Wu! How's big sister Wu's condition now?"

Chapter 7977

"Zhong da, big sister Wu has already left ..."

Ling Hanxue's eyes were sparkling, and tears were about to fall as she spoke.

Lin Yi opened his mouth, wanting to say that Wu yucao was probably still alive, but he didn't know where to start.

He had lost contact with the Jade space. Not being able to put away Wu yucao's body before might not be proof that Wu yucao was still alive. Perhaps it was because the Jade space had started to lose contact at that time!

However, Lin Yi didn't notice this. After all, he had taken out quite a lot of pills before. He didn't think that Wu yucao's body couldn't be put away because he couldn't communicate with the Jade space.

"Alright, let's stop with the small talk!"

Great witch ghost Yin patted Ling Hanxue's shoulder and said impatiently to Lin Yi, ""You're still running for your life, so we won't waste your time! I can't help you with your situation. Even if Xiaoxue asked, I still can't help you!"

"But I can give you a few pieces of information for free to thank you for taking care of little Xue all this time. After you return this favor, you and little Xue will be even!"

"Chen Zhisheng, what are you talking about?"

Ling Hanxue shook off the great witch's hand and said angrily, ""Zhong da is our partner. If you don't want to help, you can leave. I will accompany Zhong da through all difficulties!"

"Little Xue, don't let your emotions get the better of you. If you follow Sima Yi now, you'll only drag him down. In the end, you two will drag each other down and both of you will die in the hands of that metal shell!"

Great witch ghost Yin's attitude towards Ling Hanxue was very gentle. He was almost submissively coaxing Ling Hanxue, ""I'm also thinking for Sima Yi, don't you think so? Otherwise, if I return Wu yucao's body ... Body to him, he won't be able to escape, right?"

Ling Hanxue snorted and did not say anything. She had to admit that what Chen Zhisheng said did make sense.

"Sister Xue, he's right. If you follow me now, we'll both be in danger. It's better to follow him. It'll be safer."

Lin Yi could feel that the great witch of ghost Yin really did care for Ling Hanxue from the bottom of his heart, so he didn't object to Ling Hanxue going with him, ""Great witch of ghost Yin, you haven't finished your words. Continue!"

"Good! Sima Yi, you're indeed a straightforward person! I'll tell you some urgent news first!"

Great witch of ghost Yin turned around and pointed in the direction of the imperial capital, "That metal shell seems to be coming toward you. If I'm not wrong, it should be eyeing you!"

Lin Yi was shocked. He was in his essence spirit form, and he even flew a distance when he escaped. There was no way he could leave any trace.

If Ling lingfa was still able to track his whereabouts ... It was terrifying!

"Chen Zhisheng, can't you kill him? His attacks are ineffective against you, so what are you afraid of?"

Ling Hanxue couldn't help but ask. She had seen Ling lingfa's attack pass through the illusionary body of the great witch of ghost Yin without causing any damage.

This was standing in an undefeatable position! What was there to be afraid of?

"Xiaoxue, I'll tell you the truth. Although that metal shell can't hurt me, I can't do anything to it either! I don't even have the ability to stop him. It's not that I don't want to help ..."

Great witch of ghost Yin smiled bitterly. If he could kill Ling lingfa, he would have done so earlier. Who the hell liked to show off halfway?

He really had no choice!

If he could kill Ling lingfa, Chen Zhisheng would definitely show off in front of Ling Hanxue.

"Sima Yi, if they catch up to you, your life and death will be in their hands. I really can't help you with this! The second piece of information I'm going to give you is a place that can help you recover or even become stronger!"

"A place?"

Lin Yi's eyes lit up as he realized something.

Now that his physical body was in the space of the jade pendant, and he had lost contact with the space, his primordial spirit body at the perfected golden core realm was not powerful enough.

If he could recover his primordial spirit or even become stronger, no, there was no need to become stronger. As long as he could recover, he should be able to contact the Jade space and that damn thing again!

"Maybe it's fate. You didn't run in any other direction, but you ran here."

Great witch ghost Yin's tone was complicated as he used a gust of dark wind to form an arrow and pointed it at Lin Yi, "There's a forest 50 kilometers ahead. It's called the Forest of Illusions, and anyone who enters it will have a 90% chance of dying! And as long as they can come out alive, without exception, they will grow into the world's greatest power and will certainly become the sub-island's most powerful force!"

"I was able to recover because of the Forest of Illusions. If it weren't for the fact that it's close to the imperial capital, it would have been difficult for me to rush to the imperial capital in time to save Xiaoxue ... This is off-topic!"

"Let's continue talking about the problem of having a 90% chance of survival. This is just an adjective. In fact, the real situation is that only one in 10000 people can come out alive after entering the illusion forest. To be more precise, when you entered the Forest of Illusions, 90% of your life had already been lost!"

"The pros and cons are all here, how you choose, it's up to you! However, I can say for sure that as long as you enter the Forest of Illusions, no matter what methods the metal shell uses to track you, its methods will lose their effect!"

Lin Yi nodded. The interior of the Forest of Illusions might be another dimension or plane, so it made sense that it could block tracking.

"Many thanks! Regardless of whether you're the great witch of ghost Yin, Luo Changle, or our former companion, Chen Zhisheng, you're a good person! I will definitely repay you in the future!"

Lin Yi didn't even bat an eye as he gave the witch a nice guy card.

In fact, Lin Yi didn't think that Chen Zhisheng was a bad person, he was just a little narrow-minded.

A good person?

The great witch of ghost Yin was stunned for a moment. After living for so long, this was the first time someone had called him a good person!

Shouldn't he be a little more humble? What if he became a bad person after being humble? It was better to accept the title of a good person!

The great witch of ghost Yin fell into deep thought ...

Lin Yi didn't expect that giving out a nice guy card would distract the witch.

After a slight pause, Lin Yi lowered his head and made a fist salute. "There's one more thing. Big sister Wu might not be completely dead. If she still has a chance to live, I hope you can use all your strength to save her ... After all, big sister Wu used to be your companion!"

After a moment of silence, the great witch of ghost Yin sighed and said, "I don't want to make any promises. I'm most likely really powerless in this matter! Take care of yourself first. When you've recovered your strength, you might have a way to save her. "

Chapter 7978

"For now, I can only promise you that I will seal Wu yucao's current state and keep her in this state until you return!"

"This is enough!"

"Thank you!" Lin Yi cupped his fist and bowed.

Perhaps this really was Wu yucao's last chance at survival, and so Lin Yi didn't come to the Forest of Illusions just for himself, but also for Wu yucao!

Even if it was just a glimmer of hope!

After saying goodbye to Ling Hanxue, Lin Yi continued to fly forward and disappeared in an instant.

Ling Hanxue's eyes were filled with worry as she waved her hand in the direction that Lin Yi had disappeared. "Little brother Zhongda, you must come back. Big sister Wu is waiting for you to come back. You must ..."

The great witch of ghost Yin stood quietly beside Ling Hanxue. He did not say anything, and no one knew what he was thinking.

Seeing that Lin Yi had disappeared, Ling Hanxue retracted her hand in disappointment and turned to ask the great witch of ghost Yin, ""What is that Forest of Illusions?"

"The Forest of Illusions ... Is a terrifying place that you can't imagine. There are all kinds of terrifying things inside!"

Great witch ghost Yin's voice was low, as if his heart was heavy at the mention of the Forest of Illusions. "Xiaoxue, do you think Shanlian Empire is big? Compared to Hongshang Commandery, the Shanlian Empire is more than a thousand times bigger!"

"At that time, we were adventuring on the edge of Hongshang Commandery. We thought that Hongshang Commandery was already very big. Even Luling city was an unattainable existence for us!"

The great witch of ghost Yin obviously regarded himself as the real Chen Zhisheng, and even his words carried a trace of nostalgia, "Back then ... Ignorance was also a kind of happiness, right?"

"I'm getting off topic. Let's get back to the main topic. You think that the Shanlian Empire is already very big, right? In fact, the Shanlian Empire is only the tip of the iceberg to the entire sub-Island!"

"Other than the Shanlian Empire, there are a few other similar empires nearby. Above them, there is a mysterious organization called the martial Alliance! Any Empire must be approved by the martial Alliance before it can be established!"

Ling Hanxue really wanted to say that she was asking about the Forest of Illusions. What do you think these countries, empires, and martial alliances are for?

After enduring for a long time, when he almost couldn't bear it anymore, the great witch of ghost Yin finally entered the main topic!

"The martial Alliance has formed an alliance with all the great empires, or rather, established all the great empires, in order to join forces to resist and suppress the Forest of Illusions! The imperial capital of the Shanlian Empire is near the entrance of the Forest of Illusions. There is a reason for this!"

"Wait, you mean this is just an entrance to the Forest of Illusions? There are other entrances in other places, such as near the imperial capital of other empires?"

Ling Hanxue could not help but interrupt great witch of ghost Yin.

Great witch of ghost Yin nodded in agreement, but he didn't understand what was so surprising about it.

Of course, he would not say that out loud. Seeing that Ling Hanxue had no other questions, he continued, ""Little Xue, don't you feel curious about martial league's Grand display of power? What made them spend so much effort?"

"What is it?"

Ling Hanxue was already attracted to him and subconsciously became the great witch of ghost Yin's sidekick. The great witch of ghost Yin was very satisfied and felt that this way of chatting was not bad!

"It's a darkness magical beast!"

Great witch of ghost Yin enunciated each word clearly and said, ""Be careful, it's a darkness magical beast, not a darkness spirit beast! There is a fundamental difference between the two!"

"What's the Difference?"

Cuiji snow was still online!

"The darkness demon beast is considered an evolved form of the darkness spirit beast. The weakest darkness demon beast is still much stronger than the strongest darkness spirit beast!"

The great witch of ghost Yin did not beat around the bush and directly revealed the answer, ""Darkness demon beasts are hundreds of times more dangerous than darkness spirit beasts! "If it weren't for the fact that the martial Union had united with many other empires to seal it in the Forest of Illusions, there probably wouldn't be many living people left on the entire sub-Island. How would they have the chance to rule the world? hundreds of thousands or even millions of people would die at any given moment?"

"The Forest of Illusions. Ordinary people don't know of its existence. Its specific location should be at the intersection of several empires. However, the entrance is near the imperial capital of each Empire."

"The reason why every Empire can be established is actually because of a suppression point set up by the martial Alliance. There are rumors in the outside world that every Empire must be recognized by the martial Alliance before it can be truly established. Whoever changes the Empire rashly will be targeted and retaliated by the martial Alliance. This is actually what they're talking about."

"Seriously speaking, the Empire is the knife that the martial Alliance is supporting to suppress the dark magical beasts in the Forest of Illusions. It definitely can not be destroyed by anyone!"

Ling Hanxue was speechless. The martial Alliance probably had not reacted to Zhong DA's act of destroying the Shanlian Empire and establishing the Hongshang Empire!

Otherwise, there was no need for the Sima clan to bring people over. The people from martial League would have come to settle the score first, right?

"Martial Alliance is a general name, and it's internally divided into various regional branches of the martial Alliance. For example, we belong to the naduo martial Alliance's branch, and we govern the naduo Forest of Illusions. Countless darkness magical beasts are sealed and suppressed in this area, and they are all extremely powerful."

"Of course, that's only for the top-tier darkness-type beasts. In fact, the nado Forest of Illusions isn't a high-level area, and the darkness-type beasts inside are one of the weaker ones."

"Even so, this weaker group of darkness magical beasts is not something that we outsiders can easily deal with. Even with my strength at my peak back then, it was difficult for me to do as I please here, let alone be invincible ..."

The great witch of ghost Yin was Frank and did not boast in front of Ling Hanxue." "I was already like this back then. In my current state, I'm even more safe in the naduo Forest of Illusions. I have to be careful at all times!"

"Sima Yi's strength was not weak in the past, but it's a pity ... His injuries are very serious. I'm worried that he's in the Forest of Illusions, and it'll be difficult for him ..."

"Don't say anymore! I understand what you mean!"

Ling Hanxue raised her hand and interrupted great witch of ghost Yin, ""I already know that the Forest of Illusions is full of dangers, but so what? Little brother Zhong da had always been a person good at creating miracles! I believe that he can do it! Others can 't, but little brother Zhongda can!"

Great witch ghost Yin really wanted to let out a long sigh. He thought to himself, is it really good for you to admire Sima Yi so much? I'm so awesome now, can't you just praise me?

"Little snow, I know you have a lot of confidence in Sima Yi. I don't want to dampen your enthusiasm ..."

The great witch of ghost Yin wanted to say something but stopped. He sneaked a few glances at Ling Hanxue and saw that she didn't have much of a reaction. "Sima Yi's current strength is not even at the original level. Entering the naduo Forest of Illusions is the lowest level of existence."

Chapter 7979

If such a weak person were to be a snack for the darkness magical beasts, they would probably be disgusted, right?

Great witch of ghost Yin complained in his heart and silently gave himself a like. Then, he continued, ""Do you know how the Empire was recognized by the martial Alliance?"

"I don't know. How do I get acknowledged?"

Ling Hanxue thought that if she could figure this out, she might be able to help the Hong Shang Empire obtain the martial Alliance's recognition in the future. Thus, she was slightly interested.

"As I said earlier, the Empire is the blade that the martial Alliance supports. If they want to be recognized, they have to show the sharpest blade!"

"I'm not sure now, but in the beginning, any Empire that wanted to be recognized by the martial Alliance had to send at least one expert at the sea splitting stage to help suppress and seal the Forest of Illusions!"

The great wizard of ghost Yin had lived for a long time and knew a lot of things, so he was able to explain easily, "Those who can be considered as high-end combat forces must at least be at the sea splitting stage."

"Nowadays, there are very few cultivators at the sea splitting stage in the major empires. What do you think is the reason? It's all because of the Forest of Illusions!"

The corner of Ling Hanxue's mouth twitched. So, you're saying that little brother Zhongda is dead for sure? Then why did you F * cking guide him to the Forest of Illusions?

Only cultivators at the sea splitting stage could go there. He was only at the Golden core stage.

.....

Lin Yi didn't dare to look back. He gritted his teeth and quickly moved forward for dozens of miles.

Because Lin Yi could clearly feel that his essence spirit was getting weaker and weaker!

This time, the spirit leaving his body was different from the previous times. Lin Yi suddenly felt light-headed.

After the sea of consciousness shattered, the primordial spirit had no duckweed and seemed to become ethereal.

As everyone knew, the spiritual sea was the place where the primordial spirit rested and nourished. Without the spiritual sea, the primordial spirit could not exist for a long time.

True Qi cultivators relied on their dantians, and if their dantians were broken, they would lose all their strength.

Similarly, the cultivation of the primordial spirit could not be separated from the spiritual sea.

Without the sea of consciousness, the essence spirit couldn't exist on its own. It had to return to the body as soon as possible!

If he could not return to his body as soon as possible ...

His essence soul might be completely destroyed!

Lin Yi's head hurt-this was trouble he'd never encountered before!

In the past, even if he was forced into a desperate situation, he could always find a way to survive. But this time, it seemed that there was no way to survive!

Because Lin Yi didn't have a body to return to, and that was the most F * cked up part!

Back in the palace, if Lin Yi didn't use the method of separating his soul from his body, his body would have been destroyed by Ling lingfa.

Therefore, at that time, the primordial spirit leaving the body was the best choice.

But who would have thought that after putting his physical body into the Jade space, he would actually lose contact with the Jade space?

Now, he couldn't contact the Jade space, so he couldn't release his physical body.

In other words, Lin Yi didn't have any moves left unless he could make another body!

However, that was impossible.

Lin Yi couldn't go back to the valley to find the purple mist evil Lotus in his current state, and it would be extremely difficult to rebuild his body even when he was in his best state.

Could it be that he really had to die in such an aggrieved manner?

Lin Yi didn't want to give up, but he had no choice.

He'd tried to contact the Jade space countless times as he ran, but there was no response at all!

What else could he do? he had to continue running!

Luckily, the primordial spirit was running fast enough, and Ling lingfa wasn't able to catch up yet. This gave Lin Yi a little more hope.

Otherwise, if Ling lingfa really caught up to him, Lin Yi wouldn't have the confidence to last even one move!

Really, it was just one move!

His opponent had destroyed his soul with a single move.

The scenery in front of them suddenly changed, from the normal post Road to overgrown weeds.

There was no more road ahead.

The road took a turn here and turned back.

Was the place ahead the great witch of ghost Yin mentioned?

Lin Yi wasn't sure, but he had no other choice.

Even if the witch was lying, Lin Yi had no choice but to keep running.

Going back along the ring road, wasn't that the same as seeking death?

He passed through the messy grass and forest, but because Lin Yi was in his Yuan spirit form, it was easy.

Soon, Lin Yi saw the end of the forest.

It couldn't be said to be the end, because there was a forest not far away.

However, between the two forests, there was an empty space that separated them.

And this space was actually barren.

It was just bare, without even a trace of life.

This was a land of death, and even Lin Yi's essence spirit trembled in fear.

It seemed to indicate that the forbidden death zone was just ahead.

However, Lin Yi's guess was right.

After passing through the clearing, they came to the forest. Lin Yi realized that there was a barrier between the forest and the clearing.

In other words, Lin Yi couldn't move forward.

Even in the form of a primordial spirit, it was blocked outside.

This feeling was similar to the sea serpent King's nine-story glazed Pagoda. There was a transparent membrane at the edge of the illusionary scene.

It was the same now.

Lin Yi's eyes scanned the area before stopping on a sign.

Forest of Illusions, danger ahead!

One-way entry, exit unknown!

Enter the split sea with caution!

Looking down at the naduo illusion martial League

Below the sign, there was a space transfer formation, invisible and colorless.

If Lin Yi didn't study formations, he wouldn't have noticed this at all.

It could be said that ordinary people wouldn't even be able to find the door, let alone enter.

It seemed that the great witch of ghost Yin was not lying.

However, the Forest of Illusions ... Could it be the solution to his current state?

Lin Yi wasn't sure.

But at this moment, Lin Yi's yuan spirit body had reached a new low. Although he was still at the peak of the Golden core realm, the fighting power of his Yuan spirit body could only barely maintain at the early golden core realm.

And as time passed, he would probably only be able to display the combat power of a Foundation establishment cultivator!

Lin Yi stood in front of the formation at the entrance of the Forest of Illusions, his expression complicated.

Regardless of whether going in was the solution or not, this was the only choice!

If he didn't go in, his essence spirit wouldn't be able to hold on for too long and would soon completely shatter!

Lin Yi didn't know what would happen after he went in.

He could only rely on his luck. After all, if he entered, he might have a chance of survival.

He had no other choice but to fight!

Lin Yi let out a long breath and walked towards the formation.

Before entering, Lin Yi quickly observed the function of the formation.

Just as the sign had said, this was a one-way formation. Once you entered, it was almost impossible to return the way you came.

Chapter 7980

Even with Lin Yi's current attainments in formations, he wasn't sure if he could break out of the formation after entering it.

Especially in his current state, he didn't even need to think about it.

If he could still contact those things, then it would be possible to get out. But now, there was no way he could get out!

His essence spirit body felt like it was being torn apart.

To put it more vividly, it was as if his primordial spirit had entered a meat grinder and was ground into minced meat.

No matter if it was making steamed buns or dumplings, they were all becoming snacks.

The condition of his primordial spirit, which was already extremely bad, had now reached its peak!

Lin Yi didn't know how much longer he could last-his spirit might just collapse with a "bang" in the next second.

Di di di!

As soon as he took a step forward, an alarm suddenly sounded in the Jade space.

Hmm?

Lin Yi blinked. Was it dangerous?

But, didn't he lose contact with the Jade space earlier? why was there an alert?

However, before Lin Yi could react, the space in the Jade suddenly opened. It was so fast that Lin Yi didn't even have time to react!

Then, Lin Yi's body was thrown out of the Jade space.

It was as if the Jade space had sensed Lin Yi's danger, and had broken through all obstacles to save him.

It was just like how the Jade space would alert him when he encountered danger in the past.

But now, the Jade space could no longer alert him, so he tried his best to throw out his physical body.

No matter what the situation was, Lin Yi was still very excited!

With a physical body, at the very least, he didn't have to worry about his primordial spirit crumbling.

Even if one's strength was slightly lower, one's primordial spirit would be able to exist forever if it was attached to the physical body.

Lin Yi's essence spirit felt his body and entered it instinctively.

In an instant, the signs of his primordial spirit collapsing were stopped, but the weakness was still present!

"Bang!"

With a loud thud, Lin Yi stumbled and fell to the ground.

He'd been using his essence spirit to escape, but now that his body and spirit were one, he couldn't even get used to it.

"The Jade space! Senior ghost!"

Lin Yi was a little stunned from the fall, but he didn't have time to check if he was injured. He quickly called out to the Jade space and the damn thing.

Unfortunately, he had lost contact with the Jade space again!

It seemed like it was an accident that his body was thrown out.

Lin Yi guessed that either his body or the Jade space felt that his spirit was in extreme danger and desperately created a crack, and then ... There was no more and then!

He propped himself up and looked at his naked body speechlessly. He was sure that the Jade space had tried its best this time!

Even the clothes he was wearing had been torn to pieces, let alone some healing pills!

However, no matter what, it was a good thing that his physical body had returned.

His primordial spirit, which had nowhere to rest, finally had a safe harbor and could slowly recuperate.

Swoosh Swoosh Swoosh Swoosh Swoosh Swoosh Swoosh Swoosh!

Just as Lin Yi was feeling happy, he heard a sound not far behind him.

Lin Yi's heart skipped a beat as he quickly turned around, his face changing instantly!

Ling lingfa was in his armor, flying toward them like a meteor.

Lin Yi finally understood why the Jade space had sent him an alert.

The target of the warning was probably Ling Ling.

However, the Jade space was probably struggling to send out its last warning, so it threw out its physical body together with it!

"Ling lingfa, you're really persistent! However, if you want to chase me, then come in together!"

He quickly waved his hand at Ling Ling, who was closing in on him. Lin Yi grinned and quickly entered the barrier.

Lin Yi was still hesitating whether he should enter the Forest of Illusions before, but he didn't hesitate anymore.

It wasn't because of Ling lingfa, but because Lin Yi had obtained a body!

Having a physical body was equivalent to having the plant attribute!

In that case, what was the point of danger in the forest?

Who would be afraid of the plant attribute?

"What are you doing!"

Ling lingfa's heart tightened, and he quickly activated the armor's explosive speed.

However, even so, when he landed, Lin Yi had already entered the barrier, leaving only a faint view of Lin Yi's naked back.

"He actually entered the Forest of Illusions?"

Ling lingfa was a little surprised when he saw the sign.

However, it was obvious that he knew about the Forest of Illusions because he did not read the words behind the sign.

"Lin Yi, you're really bold, aren't you? you dare to enter the Forest of Illusions in your current state? you're not afraid of death!"

After pressing a button, Ling lingfa retracted his helmet and replaced it with a glass cover, revealing a complicated expression. ""In fact, if you fall into my hands, you will certainly not be completely destroyed. Why do you have to run into such a dangerous place to court death? When you get there, the possibility of your body and soul being destroyed is ten thousand times greater than the chance of survival!"

As expected, Ling lingfa knew about the Forest of Illusions, and his understanding of the place was much more detailed than Lin Yi 's!

Central's information gathering on the sub-Island was done with care, and Lin Yi couldn't compare to that.

However, Ling lingfa didn't plan to follow Lin Yi in. He knew that one could only enter but not leave the formation, and he also knew how dangerous it was.

It was true that the armor could exert the combat power of the early stage of the sea Rift realm, but the armor was not the power of his own body. It needed a driving force to move!

After entering the unknown Forest of Illusions, it was hard to say whether the armor would be a help or a burden.

At the very least, Ling lingfa did not plan to explore such a dangerous place before he achieved a more advanced technological breakthrough.

"It's fine, Lin Yi won't blame me if you die in there, but that person will ... So, since we're friends, I'll wish you good luck, Lin Yi!"

Ling Ling activated her finger armor as she looked in the direction Lin Yi disappeared. "At least don't die in an ugly way. Don't be accidentally eaten by the darkness magical beasts as a snack!"

Lin Yi wasn't sure if he'd become the dark Demon beast's little snack, but after entering the barrier, the first thing he needed to do was to get the baby some clothes!

Although there might not be any outsiders in this forest, it was too awkward to move around naked!

He pulled out a few huge leaves and used the vines to tie them up, turning them into simple clothes.

The image of a Savage Lin Yi was better than the image of a newborn!

He couldn't use his spirit sense anymore-his spirit was very weak now, and the only reason he could keep it was because his body returned in time. He couldn't use his spirit sense to do anything anymore.

Moreover, there seemed to be objects and areas that could affect the divine sense everywhere in the Forest of Illusions.

If Lin Yi's spirit wasn't injured, he would definitely feel that his spirit sense was greatly restricted.
