

Bodyguard 7981

Chapter 7981

Now that his sea of consciousness was shattered, he no longer had such a restriction.

He was already so weak, so the Forest of Illusions probably couldn't be bothered to restrict him anymore, right?

Lin Yi couldn't help but shake his head with a bitter smile, trying to find joy in his heart.

However, even a fool would know that it was impossible.

The Forest of Illusions, from its literal meaning, was full of illusions.

The illusion affected one's consciousness, but Lin Yi's sea of consciousness was broken, and there was no consciousness at all. He was weaker than a normal person, so what was the point of it affecting him?

At least this was a blessing in disguise-Lin Yi could see through places that could affect his spirit sense and cause hallucinations with one look.

It could more or less be considered a benefit of having a broken spiritual sea!

For example, there was a giant tree a few hundred meters to the left.

From a distance, it was faintly visible.

However, if one were to use their spiritual sense to observe, they might not be able to see it at all!

Even an ordinary person who had never cultivated their spiritual sense would be confused.

After all, although ordinary people didn't cultivate their spiritual sense, their spiritual sea still existed, and their spiritual sense also existed.

However, it could be ignored, but it didn't mean that it didn't exist!

As long as one had divine sense, they would be confused by this phenomenon.

The reason for this was a big black cat lazily lying on the tree, looking at Lin Yi with a bored expression.

The big cat's lively eyes revealed a very human-like look of ridicule.

Lin Yi recognized this big black cat. He'd met Yingying in the abandoned land before. This was a Phantom Night Demon cat!

This was a type of Dark Demon beast that was good at creating illusions. Its combat strength wasn't too outstanding, but compared to the current Lin Yi, it was definitely many times stronger.

However, Lin Yi was a little shocked.

There was actually a darkness magical beast here?

Lin Yi thought there weren't any dark beasts here when he saw the dark beasts on the sub-island!

But now, these dark beasts were right in front of him.

Could this be an abandoned land?

Or was there a connection between this place and the abandoned land?

Or could it be that a portion of the darkness magical beasts from the abandoned land had escaped and come to the Forest of Illusions?

Lin Yi didn't want to think about it for now.

Besides, Lin Yi felt that he shouldn't mess with the dark beasts in his current state. They were too terrifying.

Even if he did provoke them, he would at least need to stabilize his physical condition and adjust his condition slightly to recover to his current peak state!

And so, Lin Yi acted like he didn't see the illusionary night demonic cat at all and walked in another direction.

The ground here was covered with thorny weeds. If an ordinary person took a step, his leg would probably be cut with countless bloody wounds.

Lin Yi, on the other hand, had the plant element. With every step he took, the thorns and grass were as soft as silk, sliding past his feet.

From a distance, the wild grass seemed to be wrapping around Lin Yi's legs, but in reality, they didn't even touch him!

The illusionary night demonic cat on the tree saw Lin Yi go the other way, and its eyes froze!

Its fat body flickered and instantly appeared on the branch of another big tree. It continued to move, moving in a semi-circle to Lin Yi's front.

Lin Yi laughed coldly to himself as he saw the illusionary night demonic cat's movement from the corner of his eye.

It seemed that he didn't want to provoke this guy, but this guy treated him as a prey and didn't want to let him go easily!

However, it had probably been a long time since a human entered the Forest of Illusions. The Phantom Night demonic cat finally saw a crunchy human-shaped snack, so it didn't pounce on it immediately. It was a good restraint.

Since things couldn't be settled anymore, Lin Yi didn't think about hiding anymore. He started thinking about how to kill The Phantom Night Demon cat!

If it was before, Lin Yi wouldn't even need to think about it-he'd be able to kill the cat with one slap.

But now, if he didn't think about it carefully, he would most likely be killed by the fantasy night demonic cat.

"Ah, Yingluo."

He hadn't even taken two steps when Lin Yi suddenly shouted.

Then, as if his feet had been tripped, Lin Yi fell forward and fell into the grass with his body on the ground.

The long spiky wild grass danced happily, quickly wrapping around Lin Yi.

Lin Yi struggled violently, letting out a scream or two from time to time as if he was going to be eaten by the wild grass at any moment.

The illusionary night demonic cat stopped on a branch of a big tree, cocking its head and looking suspiciously at Lin Yi, who was already covered in thorns and weeds.

What was going on? How could this person fall down like this?

The illusionary night demonic cat felt that something was wrong.

Lin Yi sneaked a peek through the bushes and grass, wondering if his acting was a little too exaggerated. He couldn't even trick a Phantom Night demonic cat?

This is awkward!

With Lin Yi's current strength, fighting the illusionary night demonic cat head on was like an egg hitting a rock.

Therefore, he had to play some tricks to lure the illusionary night demonic cat into the trap. Only then would he have a chance to kill the other party!

Unfortunately, this illusionary night demonic cat's intelligence wasn't low. It was as smart as a Fox and didn't seem easy to fool!

Lin Yi reflected on his acting skills and decided to give up on the boastful style and return to the simple style!

Thus, the screams stopped, and the struggle became weaker and weaker.

From the outside, Lin Yi looked like he was about to die.

In the midst of the thistles and weeds, the smell of rotting corpses and the thick smell of blood could be smelled everywhere. It was unknown how many people had died to have such an effect.

And because of that, Lin Yi's play-off went very smoothly-the atmosphere was just too good!

At this moment, the illusionary night demonic cat didn't hesitate anymore. How could it let the low-level brambles and weeds take advantage of its prey?

It would be better to leave the leftovers for the thorns and weeds!

"Meow meow meow!"

The illusionary night demonic cat let out a sharp cry and turned into a black lightning bolt, pouncing towards Lin Yi's position.

Before it even got close, black, shiny, sharp claws appeared on its feet.

This was the Nightwalker demonic cat's survival weapon!

Even the toughest steel would be torn apart like paper under the claws of the illusionary night demonic cat!

However, Lin Yi only laughed coldly to himself and continued to play dead.

Then, he let the sharp claws that could break through gold and stone land on his body.

In the end, nothing happened!

The illusionary night demonic cat's claws pierced through Lin Yi's body, but it didn't cause any damage.

Phantom!

This illusionary night demonic cat was cautious enough, even using an illusion to test the waters.

But what the cat didn't know was that no illusions would work on Lin Yi without a sea of consciousness.

This was like playing a horror movie to an idiot. Only those who weren't idiots would be afraid, and idiots wouldn't understand it at all.

Chapter 7982

Therefore, the result of the test was no abnormality.

As The Phantom disappeared, The Phantom Night demonic cat's real body rushed out, at the same speed, at the same angle, and with the same sharp claws!

But this time, Lin Yi didn't play dead anymore!

When the illusionary night demonic cat landed, the thorns and grass on the ground grew wildly, like countless long whips with sharp thorns, lashing back and forth in the air.

Caught off guard, the illusionary night demonic cat's Black fur stood on end as it jumped up, shrieking and trying to escape from this strange situation.

However, the wild grass and thorns weren't going to let the fantasy night demonic cat go.

Countless branches were torn apart by the illusionary night demonic cat's claws, but more of them wrapped around the cat's legs!

After restricting the cat's movements, more and more thorns and grass began to attack its body.

No matter how hard it struggled, it couldn't break free.

Lin Yi's face was a bit pale, but he stood up from the grass and smiled in satisfaction.

The plant attribute was indeed the most powerful technique in the forest. There was no other!

Under the effect of the plant element, the ordinary thorns and weeds had become terrifying killers. Even the illusionary night demonic cat couldn't break free from their restraints!

Other than the thorns and wild grass, how many more powerful plants were there in this Forest of Illusions?

All of these would become Lin Yi's support!

This was why Lin Yi dared to enter the Forest of Illusions!

Lin Yi looked up at the sky and took a deep breath. The air in the Forest of Illusions reeked of blood, but it was also filled with the fresh smell of plants!

This is my home ground!

The fantasy night demonic cat struggled for a while before it stopped moving.

It wasn't pretending to be dead like Lin Yi, it really was!

The thorny undergrowth was so dense that it could suffocate the fantasy night demonic cat!

Its survival skill, the ability to create illusions, was completely useless against the thorns and weeds.

Which plant would be afraid of illusions? Wouldn't it be very funny if word got out?

"You've worked hard, you've done well!"

Lin Yi patted the terrifying thorns and grass, not caring if they understood him or not, ""Let's Make a Deal, can you give me this illusionary night demonic cat? I'm so hungry, I want to eat something ..."

Lin Yi didn't know why, but he felt extremely hungry.

How long had it been since he had encountered such a situation?

Ever since he had become a heavenly path expert, he had only eaten to satisfy his desire for good food!

Experts above the heavenly path realm really had very low requirements for food.

The wild thorn grass seemed to understand Lin Yi's words and retracted its branches, revealing The Phantom Night demonic cat's body and throwing it on the ground.

Lin Yi thanked him with a smile and started working on the body.

He didn't have a suitable weapon to cut open the cat's stomach, so he decided to use its claws to cut it.

Using the fire element, he started a fire and placed the fantasy night demonic cat's meat on a stick. Soon, the entire area was filled with a rich meaty aroma.

Lin Yi's stomach was rumbling with hunger-he didn't care if the meat was hot or not, he just started gobbling it down.

"Wuwu, it's a little sour ... It's not very delicious ... But it can fill my stomach!"

Lin Yi mumbled as he ate.

The illusionary night demonic cat's meat wasn't exactly delicious, but it contained the dark energy of a demonic beast. It filled Lin Yi's stomach and replenished his energy.

After eating, Lin Yi made the cat's claws into simple gloves and used them as weapons. They looked like boxing gloves.

The illusionary night demonic cat's fur, on the other hand, was made into a shirt after Lin Yi cleaned it up.

This was much better than using plant leaves as clothes.

Even so, this image was still that of a Savage Lin Yi, nothing had changed!

And the most important thing was the dark Demon beast's inner core-Lin Yi wanted to eat it to see if it could repair his sea of consciousness, but it couldn't be bitten ...

Lin Yi didn't force it-using the dark beast's inner pellet to repair his sea of consciousness was a wild idea.

In fact, there was no connection between the two. Thinking this way, it was just a last-ditch effort.

It'd be a waste to throw it away without the core, but Lin Yi couldn't connect to the Jade space now. He didn't have anything on him, and he couldn't just give it up like that.

And so, Lin Yi collected the remaining illusionary night demonic cat's meat and inner core. He mixed the extra cat skin and leaves into a bag, putting the spoils that he couldn't get rid of yet.

He couldn't contact Lin Yi in the Jade space, and not only did he lose all his assets, but he couldn't take anything he wanted either.

Now, Lin Yi was thinking that even a storage bag or a storage ring would be good!

These things that Lin Yi didn't care about at first had become extravagant.

After cleaning up, Lin Yi continued to move forward, but more carefully.

Without his spirit sense, it was indeed hard for Lin Yi to detect danger with his eyes alone!

But don't forget, even though Lin Yi's spirit sense couldn't be used anymore, the plant element was still showing its amazing effect!

In the forest, no one could escape the surveillance of the plants, and with Lin Yi's plant attribute, it meant that he could monitor the situation in the entire area at any time!

And so, as they moved, Lin Yi took the initiative to avoid some of the dark beasts, and then faced another illusionary night demonic cat that he couldn't avoid.

He didn't know if it was because the illusionary night demonic cat liked to chase and block people, or if it was because it was related to the previous one by blood, but it had its eyes on Lin Yi from far away!

Lin Yi noticed that the new illusionary night demonic cat's eyes were filled with hatred. Its black fur stood on end as it let out a low growl.

From the current situation, it seemed like the other party was here to take revenge for the previous illusionary night demonic cat!

"Little kitten, did you think that I wasn't full before, so you're here to feed me again?"

Lin Yi decided not to hide anymore, seeing that the enemy was still twenty steps ahead of him after he changed direction.

He smiled and hooked his finger at the illusionary night demonic cat. He gathered his energy and shouted, "You, come here!"

"Meow?"

The illusionary night demonic cat was intimidated by Lin Yi's aura. Not only did it not come over, it took two steps back.

Although they hated each other, the illusionary night demonic cats never liked to attack their enemies head-on!

Chapter 7983

On the contrary, they always liked to hide in the illusions they created, and with the attitude of an assassin, they would launch fatal sneak attacks on the enemies who were trapped in the illusions!

However, after Lin Yi's sea of consciousness shattered, he somehow gained the ability to see through illusions. The cat was in an awkward position!

The illusionary night demonic cat realized that no matter what it did, it couldn't make the human lose himself in the illusion!

The exploding illusionary night demonic cat was dumbfounded. If the opponent didn't want to fall into the illusion, how was he going to launch this fatal sneak attack?

However, not only did the illusionary night demonic cat not come over, it even took two steps back. This made Lin Yi feel like he was a failure!

He had provoked an illusionary night demonic cat, but he had failed. This was intolerable!

And so, Lin Yi carefully tidied up the illusionary night demonic cat's claws on his hands, straightened the sharp claws, and hooked his finger at the cat again.

"You, come here!"

It was like a cry that came from the depths of the illusionary night demonic cat's soul, attacking its already restless and hateful heart.

When it saw its companion's sharp black claws appear on the human's finger, the illusionary night demonic cat's rationality collapsed!

"Meow meow meow!"

After letting out a sharp shriek, the illusionary night demonic cat no longer remembered the Code of Conduct of an assassin. In its heart, it probably only wanted to deal a fatal blow to its illusion. I must tear that damned human apart!

Lin Yi nodded, pleased that the illusionary night demonic cat was moving.

It seemed like he had mastered the provoke skill!

He had the plant element, but Lin Yi was too weak right now, and the range of his plants "attacks wasn't large.

If the illusionary night demonic cat didn't get close, it would be impossible for Lin Yi to kill it from a distance!

However, it was all good now!

The illusionary night demonic cat's speed was extremely fast, and its black figure was like a bolt of lightning.

But it didn't matter how fast it was-it couldn't move any further when it was just a meter away from Lin Yi, and its sharp claws were less than a centimeter away from Lin Yi's face.

Countless green vines extended from the trees and snaked around the fantasy night demonic cat, binding it tightly and tightening its grip.

"Yes, the toughness of the vines is even higher than that of the brambles and weeds. Although they don't have the sharp thorns of the brambles and weeds, their powerful strength after tightening is even stronger than that of the brambles and weeds."

Lin Yi smiled and pushed the cat's paw away as he continued to comment, "Little kitty, you'll probably be strangled to death very soon. To thank you for sending me meat, I'll definitely make you as delicious as possible later. At least I won't let your good intentions down."

The illusionary night demonic cat was baring its teeth in the vines. If it could speak, it would definitely curse at him for his good intentions! I'm going to eat you!

Lin Yi stretched out his hand, showing off the illusionary night demonic cat's sharp claws. "You should be very satisfied to use this to kill you, right? I'm hungry again, so I won't talk nonsense with you. Have a safe trip!"

With a wave of his sharp claws, the Nightwalker demonic cat, who had lost its ability to resist, died instantly!

Lin Yi was really hungry-he'd just had his fill, why was he hungry again?

Could it be that this body needed nutrients to grow again?

He couldn't come up with anything after thinking about it for a while, so he decided to take out a piece of leftover cat meat and gnaw on it to satisfy his hunger. He then put the cat down.

The whole process of skinning, cutting, cleaning, and roasting was extremely smooth.

Unfortunately, he didn't have any seasoning, so he could only make do with it. The illusionary night demonic cat's meat was a little sour, so it couldn't be considered delicious.

But after eating it, Lin Yi could clearly feel his stamina getting stronger, even his weak spirit getting better.

But his sea of consciousness didn't show any signs of recovery, and Lin Yi couldn't tell if it was just his imagination.

The meat of an illusionary night demonic cat wasn't really that tasty. Next time, he would try to find the meat of other dark beasts.

Of course, Lin Yi didn't do it for food-he just wanted to see if other meat had a better effect on replenishing strength.

As he cursed in his heart, Lin Yi gobbled up the entire illusionary night demonic cat like a tornado!

This time, his appetite was even better than before. If this continued, he would really have to find a bigger darkness magical beast!

One illusionary night demonic cat was not enough to fill his stomach!

After finishing the meat, Lin Yi didn't want to waste the fur and other things, so he packed them up for future use.

After packing up, they continued on their way when Lin Yi suddenly let out a soft sound.

There was a human skeleton under a Bush not far away.

Lin Yi had been in the Forest of Illusions for quite some time now, and this was the first time he'd seen a human.

Although this was a skeleton that had been dead for who knew how many years, it still had some value.

Lin Yi didn't have anything on him right now, even his clothes were just some casual barbarian clothes- he was really poor!

Anything that could be of help to him was within Lin Yi's collection.

He naturally couldn't give up on the skeleton!

In the blink of an eye, Lin Yi was right beside the bones.

According to the detection of plant attributes, there were no darkness magical beasts in the surroundings, so it was relatively safe!

Lin Yi crouched down and inspected the skeleton.

The clothes wrapped around the skeleton should be good stuff, but it was a pity that they were in tatters and had long been destroyed and rotted along with the flesh and blood of the skeleton.

Other than that, Lin Yi also found a good item, the Kasaya storage bag!

Lin Yi didn't even care about it when he was still in the Jade space-he'd just use it as a cover, but it was definitely something good in this situation!

There were many storage bags in the space of the jade pendant. They were all the spoils of war that he had collected in the past. It was a pity that he could not get them out. If he could ... Who would still use storage bags?

Lin Yi picked up the storage bag carefully and checked it. There weren't any signs of decay, and he relaxed.

The scariest thing was the situation where it looked intact, but was completely weathered when picked up. That would be embarrassing.

Lin Yi was disappointed when he opened the storage bag-it was empty, cleaner than his face!

From the looks of it, its previous owner, the skeleton, had most likely used up all the reserves inside, so in the end, he had no choice but to die Here.

Lin Yi didn't really care as long as the storage bag could be used. He didn't expect anything good to be in it.

The storage bag wasn't big, but it was enough to store some small items.

Chapter 7984

Lin Yi put the loot into his storage bag and hung it on his waist, patting it twice in satisfaction.

It would be even better if he could have proper clothes to change out of the leaves and magical night Demon cat fur!

"I took your storage bag, so I owe you a favor. But I can't return it to you like this, so I'll help you clean up your bones as a reward!"

Lin Yi cupped his fists at the skeleton and made a simple hole. He put the skeleton in the hole seriously and filled it up with soil, forming a small mound.

"This unknown brother, you can rest here. I will make good use of your storage bag. Goodbye!"

Lin Yi cupped his hands at the small grave and continued his journey.

After eating the two illusionary night demonic cats, both his body and soul felt much better.

Putting aside his primordial spirit, it might still be an illusion, but he was sure that his body had really become stronger!

At the very least, he was full of qi and blood, and his physical strength was stable. He had long gotten rid of his weakened state.

With that in mind, Lin Yi felt that he should continue hunting dark beasts.

Not only to fill his stomach, but also to recover his strength as soon as possible.

Therefore, he had to change his previous strategy of avoiding them as far as possible!

In the Forest of Illusions, apart from the plants that were everywhere, there was no lack of darkness magical beasts.

After Lin Yi decided to change his strategy, he didn't walk too far-around three to four hundred meters in a straight line-before he ran into a Dark Demon beast.

This dark magical beast looked a little like a wild boar in the mortal world, but it was a little bigger. The two black fangs at the corner of its mouth looked extremely fierce!

Without the explanation, Lin Yi didn't know the name of this boar-like dark Beast, nor did he know what skills it had.

In any case, from afar, their strength was only so-so, and in the end, they would all be roasted!

"Hey, Brother Wild boar, why don't you come over and have a chat with me?"

Lin Yi chose a place where the vines and grass were thick and jumped out with a "whoosh" and waved at the dark Beast. "Your muscle lines are not bad. You must have practiced a lot, right? For a wild boar to do this much, you can be considered very diligent!"

The Dark Wild boar was speechless.

What the hell? Was this person a Joker? I'm a darkness magical beast, what's a wild boar?

Lin Yi waited for a while-the boar was just looking at him, not moving at all.

Could it be that this wild boar was also a long-range attacker?

If it was a darkness magical beast that was proficient in long-range attacks, then it would be a little troublesome!

His strength was too weak, and the range of influence of the plant attribute was too small. If he just took the hits and couldn't fight back, he would be kited to death!

It seemed like he had to use a big move!

And so, Lin Yi took a deep breath and raised his arm towards the boar-type Dark Beast with a serious face. He hooked his index finger three times and shouted, "Come over here!"

The wild boar-type dark magical beast suddenly felt its blood and Qi rush up, and its anger burned!

He didn't know why, but he really wanted to kill that human!

Isn't she just a crunchy little snack? how dare she be so arrogant? Do you really think I can't kill you?

The boar-type Dark Demon beast howled and lowered its head, pointing its fangs at Lin Yi before charging at him.

Lin Yi was overjoyed-this ultimate taunt was powerful indeed, it worked every time!

Since he had rushed over, it would be easy to handle!

Lin Yi only dodged unhurriedly when the boar was right in front of him.

It wasn't that he was trying to Dodge the attack, but that he was giving way to the wild grass on the ground.

In an instant, the wild grass formed a series of horse-tripping traps.

The wild boar was very aggressive-it was afraid that it wouldn't be able to kill Lin Yi in one hit, but it tripped over a blade of grass.

In a moment of carelessness, the wild boar lost its front hoof and fell down.

Then, its beautiful and fierce fangs were ruthlessly inserted into the ground, becoming a solid fulcrum, turning into a falling green onion!

The body of the wild boar that weighed a few hundred catties ... Or perhaps a thousand catties, immediately rose into the air. Supported by its fangs, it drew a semi-circular arc in the air, then heavily flipped over and fell to the ground!

Lin Yi dodged to the side after the explosion, satisfied as he looked at the boar lying on the ground with its belly exposed.

Vines and wild grass shot out like snakes and quickly wrapped around the boar's limbs and neck. It was a pity that the boar's teeth were still stuck in the ground, and it could only wail and struggle.

Lin Yi suddenly remembered the lines from the TV shows he'd seen in the common world."Go ahead and scream! No one will come even if you scream yourself hoarse ..."

F * ck! Such a line would make a wild boar-type Dark Beast feel terrified without even thinking about it ...

"Kill the pigs!"

Lin Yi yelled, throwing away all the pointless thoughts and using his fantasy Night Cat claws to stab into the boar-type Dark beast's stomach.

They cut open their stomachs, skinned them, and roasted them to their fill!

Lin Yi was getting more and more used to this process!

Although he wasn't that hungry, he didn't feel full eating while barbecuing ...

The most important thing was that the boar-type Dark beast's meat was much more delicious than the fantasy night demonic cat's sourish meat!

Not only was the aroma stronger, but the meat was also tender and juicy, extremely bouncy. Lin Yi's mouth was full of oil as he ate.

Now, Lin Yi had concluded that the dark beasts in this area weren't too strong. They should be in the outer area of the Forest of Illusions.

Although Lin Yi couldn't fight them head on with his current strength, he had the plant element and the forest as his home ground advantage. It wasn't too difficult for Lin Yi!

Lin Yi bit off a big piece of meat and decided to change the way he said it-what wasn't too difficult? It was simply easy and enjoyable!

Even a group like the illusionary night demonic cat would be easy to deal with, let alone a single darkness demon beast!

That's right, the two illusionary night demonic cats could be considered as a tribe!

Lin Yi felt that there wasn't much of a difference between attacking them separately or together-he could still kill them the way he wanted to!

As he was thinking, he heard some rustling in the distance, and Lin Yi stopped eating.

The feedback from the plants was that there was a darkness magic beast in the distance, but it couldn't accurately describe what kind of darkness magic beast it was.

This couldn't be compared to using his spirit sense to scan, and it was more or less inconvenient for Lin Yi.

The small sounds were extremely fast, and their target was clear-they were coming in Lin Yi's direction!

Chapter 7985

Lin Yi swallowed the boar meat and quickly put the inner core, Tusk, and skin into his bag of holding. He then jumped up a tree and looked into the distance.

There was still nearly half of the wild boar meat left, but he couldn't care less. The storage bag wasn't big and couldn't fit too much. If he put the meat in, he would be a little embarrassed.

"F * ck! It's actually a sun-devouring rat!"

Lin Yi cursed as he saw the dark Demon beast in the distance and quickly turned to run!

He had just said that he could deal with the darkness demon beasts ... But the sun-devouring rat didn't count!

One race could eat up an entire world!

The Forest of Illusions wasn't eaten by the sun-devouring rats, and Lin Yi thought it was strange. Were the sun-devouring rats picky with their food? Didn't she like to eat everything?

Lin Yi turned around and saw the sun-swallowing rat passing by the boar meat. It disappeared in an instant, not even the bones were left!

Hmm ... He doesn't seem to be that picky ...

After eating the meat, the sun-swallowing rat didn't slow down at all and continued chasing Lin Yi.

It was probably because of the smell of meat on Lin Yi's body, as well as the smell of blood from killing the dark Demon beasts. To the sun-swallowing rat, it was a great delicacy.

To the large dark beasts, Lin Yi was a crunchy little snack, but to the sun devouring rats ... It all depended on how many sun devouring rats there were.

If it was one or two, Lin Yi would be a crunchy meal, and one or two hundred would be the appetizer. One or two thousand ... It wouldn't even be enough to fill the gaps between one's teeth!

Lin Yi's plant element was fully activated, and he used his vines to move quickly in the forest. Even so, he couldn't shake off the sun-swallowing rat's pursuit.

He looked back and estimated that this group of sun-swallowing rats was not large, only about two or three hundred.

But even so, Lin Yi didn't dare to relax at all!

Although he had seen hundreds of thousands or even millions of sun-swallowing rats before, so what?

It wasn't difficult for two or three hundred sun-swallowing rats to grow into two or three million!

These things couldn't be killed ... It wasn't just because of their special characteristics, Lin Yi couldn't beat them with his current strength!

If it was just one or two, he could still suppress them with his plant attributes, but if there were a few more, he would not be able to defeat them!

If the sun-devouring rat started to split, the plant element would be useless ...

"Hey, why are you guys running? Or is it a darkness magical beast?"

Lin Yi wanted to use the other dark beasts to stop the sun-devouring rat, but as soon as they got close, the dark beasts turned and ran without hesitation.

It was obvious that the sun swallowing rats weren't very popular among the darkness magical beasts. Apart from the corpse demon bees and shadowless devil corpse beasts, the other darkness magical beasts didn't want to get close to the sun swallowing rats.

"A bunch of unreliable things. They are not dark magical beasts!"

Lin Yi cursed at another group of dark beasts that were running away, feeling helpless.

'Damn sun swallowing rat, it's as if you've set your eyes on me. Those darkness magical beasts that ran away are obviously bigger and meaty, why are you staring at my small body instead of chasing after them?

You think I'm easy to bully?

So what if he was easy to bully? Should I be bullied?

Lin Yi didn't stop criticizing, but his mind was still thinking of ways to deal with it.

He couldn't count on those unreliable dark beasts anymore, and he could only rely on himself to get stronger ... Bah! The last one was crossed out!

Just as he was feeling helpless, Lin Yi's eyes suddenly lit up-there were some special plants nearby!

Devil-eating flower!

Lin Yi didn't know what this plant was, but he could sense the characteristics of the nearby plants with all his attributes activated!

The Forest of Illusions was a terrifying place to begin with, and Lin Yi was only at the outskirts of the forest before, so he didn't see any special plants yet. But after the sun-swallowing rat's chase, he went a little deeper, and the demon eating flower started appearing.

As the name suggested, the demon eating flower was a plant that liked to eat dark magical beasts!

Sun-swallowing rat, demon-eating flower!

Hehe, let's see which one of you can eat who!

Lin Yi was overjoyed to see the demon eating flowers and quickly turned towards the area where the flowers were.

With the nature of plants, the demon eating flower naturally thought that Lin Yi was the same kind, so it wouldn't eat him!

More importantly, the demon eating flower could not run away, unlike the darkness magical beasts that had run away.

Therefore, when the sun-swallowing rat came, the demon eating flower could only face it head-on.

So Lin Yi felt that he had a 99% chance of escaping!

Most darkness magical beasts would turn around and run away when they encountered a field of devil eating flowers.

Because this was their natural enemy, if they didn't run, would they be sending themselves to the door?

But the sun-devouring rat was no ordinary magical Beast of Darkness!

This was the sun-devouring rat that could attack the sky, the earth, and the air!

In theory, there was nothing in the world that they didn't eat, and the devil eating flower was also on the sun swallowing rat's menu list!

Relying on its near-undying characteristic, the sun-devouring rat had never been afraid!

Lin Yi ran into the demon eating flowers "formation, and the sun swallowing rat followed.

The originally quiet group of demon eating flowers suddenly became violent!

A feast!

We'll start eating immediately, you'll get what you want!

The demon eating flower opened its mouth full of sharp teeth and bit down on the sun-devouring rat.

The sun-devouring rat wasn't afraid at all. They were just some stinky flowers, how could their teeth be sharper and sharper than ours?

The two sides immediately launched a crazy bite.

The demon eating flower did not have the ability to regenerate, so it would be finished if the sun devouring rat bit off its roots. However, the mouth of the demon eating flower was huge!

It was normal to swallow one sun-swallowing rat in one bite, and it was possible to swallow two or even three in one bite!

Of course, three was a little too much. As the saying goes, one can't chew too much. It wasn't easy to swallow three devil eating flowers in one bite.

No matter what, the sun swallowing rats' numbers quickly decreased as the devil eating flowers ate them.

Their ability to split and resurrect, which they relied on to survive, was of no use in front of the devil eating flower.

The sun-swallowing rats that were swallowed by the devil-eating flower would be digested and decomposed almost instantly without any residue left. There was no chance of resurrection at all.

Lin Yi hid on a tree nearby, watching the battle with great interest and complimenting from time to time.

If there was a melon to support him, he would definitely be a qualified onlooker.

The demon eating flowers were indeed the natural enemies of the darkness magical beasts. Even the sun devouring rat could not do anything to them!

No wonder there weren't too many sun-swallowing rats in the Forest of Illusions. There were probably quite a number of devil-eating flowers in the forest.

The sun-devouring rats were very stubborn, and they would not be afraid of the demon eating flowers. In the end, they naturally became the demon eating flowers' feast, so it was normal that the number of the sun-devouring rats did not increase.

Of course, if the number of sun-devouring rats reached a certain level, the demon eating flower would probably not be able to stop them.

Chapter 7986

However, when the devil eating flowers outnumbered the sun devouring rats by one, two, or even three, four times, the sun devouring rats would definitely be defeated!

Lin Yi was even considering if he should get some demon eating flower seeds and grow them in the Jade space. He'd use them against the sun-swallowing rats and corpse demon bees when he needed them.

However, he couldn't even contact the Jade space now, so there was no point in thinking about this.

Soon, the devouring battle between the two sides came to an end. The demon eating flowers suffered some losses and the sun-devouring rats were all annihilated!

The lost demon eating flower quickly rotted and left its essence seeds behind, waiting to grow again.

From another point of view, this could also be considered a kind of immortality, right? It was just that the resurrection time might be a little long.

Lin Yi couldn't help but feel a little hungry after watching the devouring battle ...

After running away for half a day, he had indeed consumed a lot of energy, so it was reasonable for him to be hungry!

There was so much darkness magical beast meat, and not even a bit was left. It seemed to be a waste!

However, on second thought, the sun-swallowing rat was also a rat. How disgusting would it be to eat rat meat?

So what if it's a waste?

Lin Yi smacked his lips, trying to comfort himself.

After watching the show, Lin Yi was ready to leave and look for suitable dark beasts to barbeque.

As for whether it would attract the sun-swallowing rats ... It didn't matter. Anyway, with the demon eating flower, who was afraid of who?

He was about to leave when he suddenly stopped-he seemed to have heard someone calling for help.

"Save me ... Save ... Save me ..."

Although it was weak and intermittent, it seemed like someone was really shouting for help.

Furthermore, it was a woman!

Was it an illusion?

It shouldn't be, right?

That was Lin Yi's first suspicion-this was the Forest of Illusions, after all.

However, on second thought, he had basically said goodbye to his ability to hallucinate, so what he heard should be true, right?

Lin Yi stopped in his tracks and quickly pinpointed the location of the woman through the nature of the plants.

Lin Yi didn't notice that the woman was at the edge of the other side of the flower camp.

With the protection of the plant element, Lin Yi walked through the devil eating flowers without any problems, and soon saw the person who was calling for help.

It was a young woman in a yellow robe. Her lower body was swallowed by the demon eating flower, and her upper body was exposed. She pushed the edge of the flower's mouth with both hands, trying to break free.

As her body was facing the ground, her hair was hanging down, and her face could not be seen clearly.

Lin Yi only thought that the girl was younger because of her fair skin.

As for his voice ... There was no need to mention his weak voice. It did not have the vigor of a young man at all.

Lin Yi was confused-how was this girl still alive?

The glutton flower's digestive ability was not just for show. It could even easily digest the immortal genes of the sun-devouring rat. Who could be more awesome than the sun-devouring rat?

If they weren't in the Forest of Illusions, Lin Yi would've suspected that this was a scam.

However, to lie under an illusion, he must be tired of living.

Even an expert at the sea Rift stage would die if he stayed in the mouth of the devil eating flower for a long time!

Only when they got closer did Lin Yi realize that this woman had a treasure!

The people of the sub-Island were really good at refining magic weapons. The clothes this woman was wearing were obviously an extremely high-grade protective magic weapon!

The devouring flower's bite force and digestive power could not do anything to her protective treasure.

The group of sun-swallowing rats were all dead, but the yellow-robed woman was still alive. She was really weaker than a cockroach!

However, there was a limit to a magic treasure, and it was impossible to persist without a limit.

Lin Yi could tell that the yellow-dressed woman's treasure was at its limit.

Perhaps in less than two hours, he would become a snack in the mouth of the devil eating flower.

"Help! Help me!"

The yellow-clothed woman seemed to have felt Lin Yi's arrival. Whether it was her intuition or the sound of footsteps, she was invigorated even though she didn't see Lin Yi, and even her voice for help was a lot louder!

Lin Yi shook his head and turned to leave.

Those who could enter the Forest of Illusions were not ordinary people. The fact that this yellow-robed woman had such a powerful Dharma Treasure on her proved this point!

Who knew if she'd turn on Lin Yi after being saved?

Lin Yi wasn't a good guy, and as long as he could guarantee his strength, saving people wasn't a problem.

But now, they couldn't even protect themselves and even increased the risk of being devoured. Who had nothing better to do?

Don't try to control things that you can't control!

Lin Yi was about to leave, but the yellow-dressed woman seemed to have sensed it. She struggled to raise her head, trying to look at Lin Yi as she called out urgently, "Don't go! Save me! Please save me!"

She was really anxious!

An ordinary person would have gone crazy after being bitten by the devil eating flower for a long time. It was already a great achievement for her to be able to persist until now!

However, seeing that someone had come and left in the end, this kind of blow was unbearable even if one's heart was strong!

"I will repay you. As long as you can save me, I will definitely repay you! I will tell you a secret of the Forest of Illusions! This secret will bring you great fortune!"

The yellow-robed woman had no other choice but to reveal all her trump cards in one go.

Lin Yi was her last hope, and she had to try no matter what.

Moreover, she had thought it through very clearly. A person who could walk leisurely among the ogre flowers must have something extraordinary!

If it was any other expert, they might not be able to save her, but this person, who they didn't even know was human, could definitely save her!

The secret of the Forest of Illusions?

Lin Yi was starting to get interested!

However, after pausing for a moment to think, Lin Yi decided to continue walking.

If Lin Yi's family and friends were trapped here, he would save them even if it meant risking his life.

However, this yellow-robed woman was just a stranger. If he saved her, she might even become his enemy.

Then why did he have to save her?

As for the secrets of the forest of Illusions, Lin Yi didn't think that she would know more than the witch of ghost Yin, Luo Changle. He was an old monster who had lived for who knew how many years.

"Wait! Wait a minute! What do you want? I can promise you anything. As long as you save me, I can promise you!"

The yellow-clothed woman was panicking, not knowing what else she could offer Lin Yi. She could only try to make empty promises to keep Lin Yi.

With hope, her voice returned to its original tone and was no longer as weak as it was before.

It was actually quite nice to listen to.

Chapter 7987

If Lin Yi had a voice control complex, he might've attacked already.

Unfortunately, Lin Yi's experience told him that many people with nice voices weren't necessarily beautiful women. It could be an Auntie, or even a man with a bigger body than him ...

And so, Lin Yi didn't even bother with the yellow-dressed woman. He continued to walk his own path, determined to see if the yellow-dressed woman had a way out!

"What do you want? What do I have to do for you to save me?"

The girl didn't go crazy with the flower's mouth, but Lin Yi's attitude was driving her crazy!

The yellow-robed woman was about to explode!

Fortunately, she quickly understood her situation and knew that she couldn't lose her temper now. She quickly used her brain to try to move Lin Yi with words.

"Don't go, don't go! You're a student from one of those Academies in martial League, right? Could it be that there was a problem with his deific consciousness and he wanted to come to the Forest of Illusions to find an opportunity to cultivate the Wu Linghai? If you save me, I can help you! I can definitely help you!"

The Forest of Illusions was a place where humans suppressed darkness magical beasts.

Therefore, under normal circumstances, those who were not at the sea Rift stage would not enter!

However, there were also some young geniuses who would come in to look for opportunities.

Among them, at least 80% of the young geniuses wanted to cultivate Wu Linghai, so this was not a secret at all.

The yellow-robed lady was just making a logical deduction-she didn't think that Lin Yi would be someone who came in here after his sea of consciousness shattered, even if he wasn't a martial Union student.

So the yellow-shirt woman's words really did attract Lin Yi, making him hesitate.

The yellow-robed woman gave up on using her hands to resist the devil eating flower. Since the magic treasure could still hold on for a while, her top priority was to grab hold of the life-saving straw that had appeared out of nowhere.

Her freed hands quickly gathered her loose and drooping hair together. Then, she raised her head with difficulty, revealing a beautiful face that was both angry and happy.

"Hey, do you have a heart of stone? I've already said so much and promised you so many benefits, can't you just save me?"

The yellow-robed woman pouted, and a hint of resentment flashed across her pretty face. "No matter what, she's still a girl. Can you bear to treat her like this? Did he have to be so cold-blooded? When I get down, I really want to kick you to death!"

Lin Yi was going to say that he rejected her because she made too many promises and didn't seem reliable.

But when he heard the last sentence, Lin Yi's calm heart couldn't help but tremble!

I'll kick you!

I'm going to kick you ...

For a moment, Lin Yi fell into a trance and reminisced.

It had been a long time since she had heard these familiar words!

Looking at the yellow-clothed woman, Lin Yi suddenly felt the sweetness of love from back then.

Tian Huan!

Yes, it was Tian Huan!

This yellow-robed woman actually looked somewhat similar to Tian Huan!

They were similar yellow clothes, and their catchphrases were extremely similar. Even their eyes were 70% to 80% similar!

"Tian Huan?!"

Lin Yi blurted out in a daze before realizing that he'd lost his composure!

Tian Gang was cultivating on Tian class Island with Tian Xing. How could he have come to the Forest of Illusions?

Moreover, although this yellow-robed woman looked like Tian Huan, if one looked carefully, one could still see many differences.

"Ah? What did you just say?"

The yellow-robed woman was slightly startled. She immediately furrowed her delicate brows and fell into deep thought. "Do you want a magic treasure called Tian Huan? Let me think, what kind of talisman is this Tian Huan?"

"Damn it ... I should have read more books on magical treasures. I can't even remember what kind of magical treasure it is!"

The girl mumbled softly before putting on a big smile, trying to make herself look better and cuter so that Lin Yi could give her a like, "Hahaha, then, if you want any magical items, just say the word. I'll definitely ... No, I'll try my best to satisfy your request! Even if you don't have what you want, it's fine. I'll find a way to find a similar substitute for you!"

"To be honest, I really don't know what the Tiangang magical treasure you want is. Why don't you describe the function and effect of this magical treasure to me? maybe I can remember something."

Lin Yi smiled-this yellow-shirt girl was unreliable!

However, she still had a bottom line and changed from "definitely satisfied" to "as much as possible." Most likely, she was frightened by that heavenly cosmic magic treasure that she had never heard of.

At a time like this, Lin Yi couldn't be bothered to explain that the scale wasn't a treasure but a person. If she wanted to misunderstand, then so be it!

Looking at that pretty face, Lin Yi couldn't just leave her be!

Even though she wasn't Tian Huan, the thought of her being eaten by the demon eating flower was like watching half of Tian Huan being eaten. She still felt uncomfortable.

Forget it, I'll help her!

Saving a life is better than building a seven-story Pagoda ... This kind of saying was used now!

"Hey, say something! We should at least have a discussion! Even if I don't have a Tiangang magic treasure, you can still make other requests, right? As long as you save me ..."

The yellow-clothed woman was still jabbering on and on, not even considering if Lin Yi would interrupt her.

"Shut up!"

"Don't talk if you want to come out!" Lin Yi said impatiently.

"Ah!"

The yellow-robed woman hurriedly covered her mouth with her hand, even her breathing stopped.

The hair that he'd just gathered up fell down again, and the eerie atmosphere made Lin Yi think he'd seen a ghost.

"Let her go!"

Lin Yi activated his plant element and controlled the flower to let go of the yellow-clothed woman.

The mouth of the devil eating flower that had been in its mouth for a long time slowly opened, and the yellow-robed woman's body quickly slid down and fell to the ground with a "plop"!

In fact, the devil eating flower was already exhausted!

He didn't know what kind of magic treasure this woman had, but the devil eating flower just couldn't devour and digest it.

If he wanted to give up, he would feel embarrassed. If he didn't give up, he wouldn't be able to eat it, and even if he did, he might not be able to digest it.

Lin Yi's appearance gave the flower a way out and they spat the girl out.

However, the yellow-robed woman's beautiful eyes widened and her pretty face was filled with disbelief!

It's over?

She'd been struggling for a long time, but the flower didn't respond at all. One sentence from Lin Yi and it was over?

Immediately, the yellow-robed woman felt an inexplicable anger!

It was obviously an easy task ... No, that bastard didn't even raise his hand and saved her, and she had to beg for half a day?

This was too much of a scam!

Was it so difficult to save people so casually?

Was it that difficult?

Lin Yi ignored her and patted the flower.

Chapter 7988

Although it was a plant, it seemed to have some emotions. The food it had been eating for a long time was gone, and it had even missed the sun-devouring rat's feast. It probably felt that it had suffered a great loss.

In fact, Lin Yi misunderstood-the flower was relieved.

"Right, your ... Your sea of consciousness is fine?"

The yellow-clothed woman cursed at Lin Yi in her heart for a long time before reacting, "You can use your spiritual sense to affect plants, so you didn't come to the Forest of Illusions because there was something wrong with your spiritual sea?"

Lin Yi didn't answer, but looked at the yellow-clothed woman curiously.

The entire sub-Island had an obvious suppression of spiritual awareness, so very few people would cultivate spiritual awareness.

Even Luo Changle, the great wizard of ghost Yin, was not an expert who specialized in the cultivation of the spiritual awareness. He was from another branch that was similar.

And so, Lin Yi was very curious about why the yellow-clothed woman kept talking about the sea of consciousness.

Could it be that there were actually people cultivating primordial spirit on the sub-Island, but the plane he had come into contact with before was too low, so he didn't know at all?

Could it be that at the level of martial League, there were people who cultivated divine sense?

"Hey, why aren't you saying anything? You clearly knew how to talk just now! By the way, not only can you influence a demon eating flower, but you can also walk among the flowers easily. Who are you?"

"Shut up!"

Lin Yi scolded again, "I only saved you because you look like an old friend of mine!" If you continue to talk so much, I don't mind shoving you back in!"

"You!"

The yellow-dressed girl pouted, almost crying as she glared at Lin Yi!

Was there a need to be so fierce to a beautiful woman?

She could tell that Lin Yi wasn't the kind of person who would go easy on women!

Therefore, a good woman would not fight when the odds were against her. If she were to really be stuffed back, she might as well just die.

"I really want to kick you to death!"

The yellow-robed woman mumbled softly. She then tried to stand up, but her legs gave way and she almost fell down again.

"My ... My leg is injured!"

The yellow-robed woman's face paled as she realized that a small part of her left leg had been corroded!

Although it was not a serious injury, it had already affected her movement.

The devil eating flower had been biting for a long time, but it was not without any progress.

The girl's protection treasure was at its limit. If Lin Yi had attacked any later, her legs or lower body would've been digested by the flower.

"It's not a big deal, there's no need for amputation!"

Lin Yi looked at it casually and made his judgment. "If you have your own medicine, quickly apply it. It should be fine soon."

With that, Lin Yi turned to leave.

The yellow-robed woman looked like Tian Huan, but she was not Tian Huan!

That "I'll kick you "made Lin Yi reminisce, but he didn't really want to hear it.

He didn't see Tian Huan the last time he went to Sky Class Island. He didn't know where she went, or if she was in danger.

Before, Lin Yi thought that Tianxing was strong enough to protect Tian Gang and Xue Li.

But now, after all that he'd been through, he couldn't help but worry.

The Sky Class Island really wasn't as peaceful as it seemed.

Just the branches of Sky Class Island alone were terrifying enough!

The abandoned land, the sub Island, and that mysterious star area were full of unknown.

And so, Lin Yi felt like he'd been cursed every time he heard the word "kick you."

Plus, this was the exclusive catchphrase of the heaven spirit spin, and Lin Yi didn't want anyone else to say it!

Especially a woman who was so similar to Tian Gang!

"Saving you is the best I can do. After saving you, I have no reason to continue helping you!"

Lin Yi shrugged and turned to leave, "You should just leave it to fate!"

As for the secret and repayment, Lin Yi didn't care about it at all!

If this woman really knew everything, she wouldn't have walked into the forest of demon eating flowers and been eaten.

"Hey, you're not leaving just like that, are you? My leg is injured, I can't walk! If you leave, wouldn't that be the same as killing me? why would you save me?"

The yellow-robed woman immediately became anxious. This was the flower garden of the devil eaters!

If Lin Yi left, wouldn't she become a crunchy snack in the devilish flower's mouth?

She didn't know what Lin Yi did to affect the flower, but she knew that if she wanted to live, she had to stay close to Lin Yi!

"Why don't I just stuff you back in and pretend I didn't save you?"

Lin Yi thought about it and found that the yellow-dressed woman's words made sense. He found a relatively reasonable solution.

"You!"

The yellow-shirt girl almost choked on her breath!

What's the point? What's the point of dissing a beauty like this?

Lin Yi was just joking, of course, he wouldn't really do something like that. He turned to look at the girl's injuries, "It's alright, it's not too serious. Can't you walk on your own?"

"Nonsense!"

The yellow-clothed girl couldn't help but retort.

Lin Yi nodded, "so you can walk?" Since you can leave, then let's go!"

The veins on the yellow-clothed woman's forehead were popping as she clenched her fists-she really wanted to kick Lin Yi to death!

However, since his leg was crippled, he couldn't be kicked to death. He could only use his small fists to hammer him to death!

"If I could walk, I wouldn't need to tell you."

The yellow-robed woman reminded herself to stay calm. Her life was still in the hands of the other party, so she had to be polite. "You see, you've already saved me, so you have to save me to the end, right? I can't give up halfway! How about you carry me? I'm very light, and it won't be a burden to carry me!"

Lin Yi's lips twitched. The Forest of Illusions wasn't a good place. He couldn't even protect himself, and now he had to carry such a big burden. Was he looking for death?

Even if he didn't carry her and only brought her with him, having a cripple would still be an additional burden, and it wasn't a wise choice.

"I'm sorry, I will only save people for a moment, not forever! You're injured, so you have to find a way to solve it. I can't help you more!"

Lin Yi said coldly.

Of course, if it was before, he could give her one or two healing pills if she could communicate with the space in the jade pendant!

As for now, as a penniless pauper, he was already being fair to her by not having any thoughts of looting a burning house.

With that, Lin Yi turned to leave.

The yellow-clothed woman was afraid that Lin Yi would leave her behind. She quickly called out, "Don't go, don't go! I'm very useful. If you bring me along, I'll definitely be able to help you a lot!"

"For example, ordinary people can't find the place where the Wu spirit sea is cultivated, but there won't be any problems if I lead the way! And ..."

The girl wanted to say that he was very familiar with the Forest of Illusions, but remembering that Lin Yi could even handle the devil eating flower, she didn't think that would be an advantage.

Chapter 7989

Wu Linghai?

Lin Yi said after some hesitation.

Great witch ghost Yin didn't mention much about Wu Linghai. Perhaps he could get some information from this woman.

"Fine, tell me what you know first. I'll consider it!"

Lin Yi walked back to the girl's side and looked at her calmly, "If what you say is really valuable, I can take you with me. If you want to deceive me, then I'm sorry, we'll still have to go our separate ways!"

"Don't worry, I won't lie to you. I'm such a beautiful girl, how could I lie to you!"

The yellow-robed woman was overjoyed. This was not easy! Finally, this blockhead agreed to bring her along!

"I've heard that the more beautiful a girl is, the more likely she'll lie!"

Lin Yi's face was still expressionless, and the words came out of his mouth!

The yellow-robed woman was frustrated again. What kind of people were they? Don't you know how to chat?

But by saying that, it seems like he's admitting that I'm beautiful, right?

With this thought, the yellow-robed woman's mood instantly became Beautiful Again!

"I really don't understand. I'm such a beautiful girl with a good figure, and I'm asking you to carry me, but you're still so reluctant. Do you know how many people are waiting in line for this opportunity, but they can't even wait until they die?"

The yellow-robed girl looked down on Lin Yi and praised him a bit, her mood becoming even better.

Lin Yi's mouth twitched-this guy really had the nerve to say anything he wanted?

Good-looking ... I guess so!

He was as beautiful as a Phoenix, and there was nothing to say about his looks. As for his figure ...

Lin Yi's eyes swept across the yellow-dressed woman, and he was taken aback.

Chest binding?

Lin Yi thought of Tian Gang again.

However, how could he tell her figure with this?

The yellow-robed woman's face turned slightly red as if she had sensed something!

She couldn't open it for Lin Yi to see!

He looked like Tianji, and his looks were really good ...

Lin Yi coughed and changed the topic. "Let's get down to business! Don't say those useless things, or I'll leave! First, introduce yourself. "

"I'm Luo caidie, a teacher at the illusionary martial league's Union Academy!"

When she said this, the yellow-robed woman who had a pitiful expression suddenly became very proud. She subconsciously raised her head and puffed out her chest.

He did not know why she was so proud.

"I'm a teacher from the illusionary martial league's Alliance Academy!"

Seeing that Lin Yi didn't react and didn't receive the praise she expected, Luo caidie couldn't help but repeat it!

She looked at Lin Yi with wide eyes.

"Oh, I heard it," Lin Yi replied, "I'm not deaf!" Is a teacher from the illusionary martial Alliance's Union establishment Academy that amazing?"

No matter how amazing he was ... He was still almost eaten by the devil eating flower!

Luo caidie was stunned for a moment and suddenly felt a little angry!

What kind of attitude is this?

The illusion martial League was one of the top Academies. Even Academies of the same level would show due respect to the teachers.

"I haven't asked for your name. Which Academy are you from?"

Luo caidie glared at Lin Yi and asked.

If she didn't have to rely on this brat to save her, she would have left long ago!

After finding out which Academy this brat was from, he would deal with him later!

"My name is Sima Yi, I'm not a student of any Academy!"

Lin Yi shook his head. If he had to say school, would Feiyang school count?

"Not a student? He's so young, could he also be a teacher at some Academy?"

Luo caidie was stunned and suddenly looked at him in a different light!

After Lin Yi's body was remade by the purple mist evil Lotus, his body was indeed very young.

In the eyes of an expert, he was at most a teenager.

Of course, before his body was destroyed, Lin Yi was still a teenager!

Therefore, to be able to become a teacher of the Academy at such a young age was indeed very impressive!

Even if it was just a Normal School, it was enough to prove Lin Yi's talent!

Sima Yi?

I've never heard of any Academy having a genius young teacher called Sima Yi!

"I'm not a teacher!"

Lin Yi interrupted caidie's thoughts and reminded her again, "Can we talk about serious matters now?"

"How is this not a serious matter?"

Luo caidie's eyes widened, but her aura was very weak. She immediately changed her tone, "Getting to know each other first will be helpful for our trust and cooperation. Don't you think so?"

"I don't think so!"

Lin Yi's face was expressionless-what a topic Terminator!

Luo caidie already had a certain resistance to this, so she directly ignored it and continued her own words, ""You're not from the Academy. Are you a Savage from the Forest of Illusions?"

"Right! I'm a savage! Now we're going to continue to go wild, you can do as you please!"

Lin Yi turned around and left after saying that.

Barbarian?

I'm still a Ronin!

Have you ever seen it?

But looking at his own clothes, Lin Yi instantly lost his temper!

The branches and leaves were used as undergarments, the fur was used as a coat, and the vines were used as belts!

Lin Yi wouldn't believe it himself if they said they weren't savages.

Perhaps Luo caidie had long thought that he was a Savage?

He said that the students and teachers were just looking for a way out?

Lin Yi was wrong about caidie Luo this time. She didn't think that Lin Yi was a barbarian from the beginning!

After all, it was normal for people who came to the Forest of Illusions to wear any kind of clothing.

For example, Lin Yi's current outfit was a very good disguise for Luo caidie!

If it wasn't for the restrictions, she would also like to disguise herself like this. It felt pretty good.

"Hey, hey, hey, can you stop saying that you're leaving all the time? you're like a little wife who wants to run away from home after an argument!"

Caidie Luo didn't dare to let Lin Yi go and quickly apologized, "I'm sorry, I don't mean to look down on you. In fact, the term "barbarian "isn't an insulting term!"

"There are only three types of people in the Forest of Illusions! First, it was the Super experts from the big shots who had come to suppress the area! After that, the genius teachers and students of the various Academies will come to find their own opportunities. "

"The last type is the natives of the Forest of Illusions. They are not very powerful, but they have many special abilities. They are very used to the Forest of Illusions. They are called savages!"

Caidie carefully observed Lin Yi's expression and subconsciously put on a smile,"I saw that you didn't seem particularly strong, but you were very familiar with the habits of the demon eating flowers. That's why I thought you were a native of the Forest of Illusions!"

Luo caidie wisely didn't continue to say the word "Savage," in case she looked for trouble!

A vein popped on Lin Yi's forehead-this woman really didn't know how to talk!

He resisted the urge to stuff her back into the flower's mouth and waved his hand. "Let's not talk about these useless things. Let's continue with the important matters!"

Chapter 7990

Luo caidie couldn't help but roll her eyes. This sentence again ... How am I not talking about serious business? Which sentence was I joking with you?

Forget it, a good woman doesn't fight with a man. For the sake of my life, I'll endure you!

"As I mentioned earlier, there are three types of people in the Forest of Illusions. The second type is actually more common. There are many Academies under the martial League, and the teachers of each Academy are basically the honorary experts of the various great empires and the outstanding elders of their sects. "Among them, the strongest is our Alliance Academy!"

Speaking of this, Luo caidie began to feel proud again, as if she was very proud of being a teacher at the Alliance Academy!

"The students recruited by the Academy are all geniuses with extraordinary talents. Under normal circumstances, the Academy will organize teachers and students to enter the illusion forest for training at a fixed time, but they are basically all in the outer area!"

"That's why there are very few darkness magical beasts in the outer area of the Forest of Illusions. They've either been cleared out by the training teams or moved to a deeper area to avoid this kind of elimination."

"In addition to this kind of experiential learning Team organized by the Academy, there are also some situations where one or two or three people enter. Basically, there's a problem with their spiritual sea and they want to enter the illusion forest to find opportunities."

"In this case, there's no benefit in staying on the outskirts of the Forest of Illusions. We have to go deep into the forest of Illusions, and the dangers we encounter will naturally increase exponentially. Unless we're forced to, very few people will stake everything on one throw!"

Luo caidie said a lot of things, and her face slowly showed a bit of helplessness.

Lin Yi's heart jumped as he interjected, "Luo caidie, you came here alone, right?"

Because of the sun-swallowing rat, Lin Yi ran for a long time, and he guessed that this wasn't the outer area of the Forest of Illusions anymore.

If Luo caidie had entered the Forest of Illusions alone, then it would be the situation she had described.

"Yes ... I did come here alone!"

Luo caidie hesitated for a moment and then nodded, ""There's something wrong with my deific consciousness. If I can't find the opportunity to cultivate my Wu Linghai, my strength might get weaker and weaker, let alone my future development. In the end, I might even be worse than an ordinary person!"

"What's wrong with your spiritual sea? Why would there be a problem?"

Lin Yi didn't have any sympathy for her, so he asked directly, not caring if he would expose caidie's wound, "Since you're a teacher from the Alliance Academy, is there no one willing to help you?"

No matter what, she was still considered a beauty ... At least her looks were very high, but she was actually in such a miserable state with no one to help her? How bad was his relationship with others?

"Of course there are people who are willing to help me, it's just that I don't want to trouble others!"

Caidie Luo glared at Lin Yi as if she saw through his thoughts. She tried to argue for her popularity, "I don't want to talk to you about this! Let's talk about my spiritual sea!"

"My spiritual sea was actually heavily injured by a darkness magical beast during an operation! At that time, he suffered irreversible damage, and it's still worsening!"

When Luo caidie talked about her sad story, her expression couldn't help but become sad again, "Although there are experts in the Academy who have helped me temporarily suppress the collapse of my spiritual sea, this is only drinking poison to quench my thirst. It can't solve the problem at all!"

"Not only that, but once the suppression loses its effect, my spiritual sea will collapse even faster than before. At that time, I'll be very lucky to become a Living Dead!"

The so-called "Living Dead" was just a word for people in a vegetative state. Lin Yi nodded slightly to show that he understood. He also understood Luo caidie's injury a little more.

"The only way to solve the damage to the deific consciousness is to find opportunities in the Forest of Illusions. Others don't know much, but I've read about this in an ancient book. I know how to cultivate the Wuling sea in the Forest of Illusions!"

Caidie finally said what Lin Yi was interested in. Lin Yi subconsciously straightened his body and made a gesture of listening.

"Wu Linghai was born out of the deific consciousness and is a variant of the deific consciousness. After successful cultivation, it can be used as a deific consciousness. Most importantly, Wu Linghai is not afraid of means of attacking the deific consciousness. As long as it is successfully cultivated, it will almost never be damaged."

"It's a pity that there are very few records of the Wu Linghai. The ancient book I saw was only an incomplete one. It only recorded how to cultivate the Wu Linghai, but it didn't record how to use it! Even if we succeed, the Wu Linghai can only be used as a deified soul sea!"

Luo caidie shook her head regretfully, as if she had already become Wu Linghai.

Lin Yi was a little stunned. After hearing Luo caidie's words, he suddenly thought of the witch of ghost Yin!

To be more precise, it was the ghost Yin curse technique from the great witch of ghost Yin.

In theory, this skill was quite powerful, but Lin Yi could only barely use it when he used this powerful spirit sense to activate it before. He had to be very close to someone weaker than him to use it.

So now that he thought about it, perhaps it was Wu Linghai's problem?

The ghost Yin curse technique was actually a skill that required Wu Linghai to fully unleash its power?

If that was the case, it would make sense!

Lin Yi couldn't help but be excited. He wanted to cultivate the Wu Linghai as soon as possible and try out the correct way to open the ghost Yin curse.

"I see. Then where is the place that you said can cultivate Wu Linghai? Is it far from here?"

Lin Yi couldn't wait to start training in the Wuling sea.

In comparison, bringing along a little cripple didn't seem to be too unacceptable.

"It's ... It's not that far!"

Luo caidie deliberately pretended to be uncertain, ""I'm not very sure now. I need to find some markings to confirm the location before I can find the place. "

She was afraid that Lin Yi would leave her alone again if she told him everything.

At that time, she didn't even have a place to cry, so Luo caidie subconsciously held back.

"Why don't we leave this place first and slowly walk around? Maybe we can find the right direction soon?"

"Alright! Then let's leave this place first!"

Lin Yi didn't want to waste any more time-he nodded in agreement."Can you walk now?"

"Not yet! Sima Yi, can you carry me?"

Luo caidie made a pitiful face, trying to get Lin Yi's pity.

Lin Yi's lips twitched. He definitely wouldn't pity him, but in order to buy time, he couldn't let the Cripple leave on his own.

"Forget it. I'll get you a cart. You can sit on it and I'll pull you along!"

Lin Yi quickly made a stretcher with branches and dead leaves and let caidie sit on it. He then pulled a vine in front of him.
