

## Bodyguard 7991

### Chapter 7991

He looked tired, but in fact, he didn't use any strength at all. He relied on his plant element, and the grass on the ground pushed him forward like a small wave, pushing the stretcher under caidie.

Caidie Luo was a little unhappy that Lin Yi didn't want to carry her, but she also felt lucky. She didn't know what she was feeling.

But this wasn't too bad-at least Lin Yi didn't leave her behind, so she didn't continue looking for trouble.

"Tell me about the situation in martial League!"

Lin Yi didn't want caidie to be so idle, so he continued to ask.

It was also Lin Yi's main concern.

Emperor Sante and elder Shanlian both told him about the martial Alliance before they died. Lin Yi had to go to a higher platform if he wanted to find out more about the Super families.

"Martial Alliance ... Is currently the strongest organization on the entire sub-Island, but it's just a general name. There are also branches under martial Alliance in various districts. On the surface, everyone is friendly and harmonious, but in reality, they have a competitive relationship."

"My martial league's greatest mission is to suppress the Forest of Illusions! The Forest of Illusions was huge, and so was the branch of the illusionary martial Alliance. The place we were at was considered to be in the outer region! The darkness magical beasts here aren't that strong!"

"The darkness demon beasts that are of a higher level are all sealed in the abandoned forest, which is the intersection between the Forest of Illusions and the forests guarded by the martial Alliance! There are many connection points between the abandoned forest and the Forest of Illusions. It's a place that the illusionary martial League needs to focus on patrolling and suppressing. "

"Even so, there will still be some powerful dark magical beasts in the abandoned forest who will break through the shackles and sneak out from the connection points. They will slaughter in the Forest of Illusions and the devil's dens in the human cities! At such a time, the top experts of martial League will step in to stop and suppress them. "

"Other than that, there's the battle between the core forces. Generally speaking, the martial Alliance will recruit a portion of the Academy's teachers to fight! Or to be more precise, we'll encircle and annihilate the darkness magical beasts that aren't particularly powerful!"

Luo caidie sighed, and her expression became a little complicated,""My spiritual sea was actually damaged at that time! A few of our Academy's teachers were summoned to exterminate the darkness spirit beasts, so my injuries are actually not that serious ..."

Lin Yi rolled his eyes. How could a guy with his sea of consciousness almost shattered say he wasn't seriously injured?

Although Luo caidie didn't see Lin Yi's expression, she seemed to have guessed what he was thinking and added, "At least ... I'm still alive!" He said.

Lin Yi suddenly understood. It seemed that someone had died in that battle, and they were probably all acquaintances of caidie 's. Otherwise, she wouldn't have such a sad expression.

"After that ..."

Luo caidie was silent for a moment, and when she wanted to continue, Lin Yi suddenly turned around and pounced on her, carrying her and the stretcher, and quickly jumped into a lush Bush not far away.

Before caidie could scream, Lin Yi covered her mouth.

Luo caidie was shocked. Could it be that Lin Yi's Beast Mode was triggered and he was going to do something to her?

She must've been touched when she was telling Lin Yi about her beauty, and she must've hesitated. Lin Yi thought she was too beautiful, and he wanted to do it?

Caidie Luo was about to struggle when she heard Lin Yi whisper in her ear, "Don't make any noise. Darkness magical beasts are coming!"

"Oh!"

Luo caidie's face turned red and she had a fever. She knew that she was overthinking.

This made her a little embarrassed and her breathing hastened.

But Lin Yi's attention was on the outside, and he didn't see her situation at all, so he didn't put down his hand!

Lin Yi was wearing a simple claw set made from illusionary night demonic cat's claws. It didn't matter if it was dirty or not, but the smell of blood was thick!

Luo caidie took a deep breath and almost fainted from the smell!

Damn it!

I know, don't make any noise. Can't you take your claws off me?

However, her hands and feet, along with her body, were wrapped in the stretcher, and it was impossible to pull them open.

And if she struggled too hard, she was afraid of attracting the attention of the spirit beasts of darkness.

Luo caidie really wanted to cry but had no tears. What could she do? She was also in despair!

As for Lin Yi's lack of love and gentleness, caidie Luo had already cursed him countless times in her heart. She even had the urge to open her mouth and bite Lin Yi's hand!

If it wasn't for the strong smell of the claws, he might have really eaten it.

Right now, she really hoped that Lin Yi would be bewitched by her beauty-even if it wasn 't, it'd still be better than now!

Lin Yi was a little nervous-the information he got wasn't detailed enough, only a rough idea!

There were eight darkness magical beasts nearby, and they were extremely fast. Most importantly, they were all in the same group!

It was obvious that this was a small tribe.

Lin Yi wasn't sure if he could take on eight of them at the same time. Plants could control plants, but the ones around him were all normal plants!

Without a powerful weapon like the devil eating flower, it would be too difficult to deal with eight darkness magical beasts at the same time!

Not long after the two hid, the eight dark beasts appeared in Lin Yi's sight.

From their appearance, these eight darkness magical beasts were all wolf-type magical beasts. They looked a bit like the Dark Flame demonic Wolf he had encountered before, but there were some differences.

Their movements were silent, and they came and went like the wind. Their bodies had faint wind attribute fluctuations.

He could basically confirm that it was a wind-type darkness magical beast.

Lin Yi didn't know the exact names of these wolf-type dark beasts, but he guessed that they might be related to the Dark Flame demonic Wolf.

Caidie's eyes widened as her pupils contracted. She wanted to tell Lin Yi that they were done for, but she didn't dare to move.

As a teacher of the Alliance Academy, she had a deep understanding of darkness magical beasts!

These eight Wolf-shaped darkness magical beasts could be said to be overlords of the border between the Forest of Illusions 'outer and central regions.

Shadow Wind Wolf!

They were used to living in groups. The small wolf group had five or six members, while the big wolf group had dozens of members. Sometimes, these Wolf groups would even work together to form a large wolf group of hundreds or thousands.

Lin Yi and Luo caidie were quite lucky to have met eight Shadow Wind wolves, a small Wolf Pack ...

However, eight Shadow Wind wolves did not seem to make much of a difference from eighty. The two of them were still unable to deal with them.

However, this was not the main point. The main point was that the shadow Wind Wolf was very powerful. It could come and go without a trace. It had the ability to hide its tracks, which was why it had the name of shadow.

With the addition of its own wind attribute, ordinary human warriors of the same level would not be able to detect the existence of the shadow Wind Wolf at all.

By the time they discovered it, it would basically be the time for them to be killed!

Luo caidie didn't know how Lin Yi found out about the killers of the dark beasts, but she knew that there was no point in them hiding.

Chapter 7992

The shadow Wind Wolf's sense of smell was extremely sensitive. The smell of blood on Lin Yi was so strong that in the eyes of the shadow Wind Wolf, he was as obvious as a Lighthouse in the dark night. There was no need to spend any effort to find him!

Lin Yi noticed it too, but it was too late.

The eight Shadow Wind wolves did not stop at all. They formed an encirclement formation as they charged towards the Bush where the two of them were hiding!

Luo caidie's pretty face turned pale. I'm finished. I should've just given the devil-eating flower some. At least it could be swallowed by Yingying!

Now, it was going to be devoured by the eight Shadow Wind wolves!

The protective magical treasure was already damaged, and it was likely that it could not be used to save his life ...

Before she could finish her thoughts, she suddenly felt her body being thrown up by a great force, and she flew up like a meteor.

"Ah, Yingluo."

Luo caidie could finally scream.

At this moment, she was panicking. Was Lin Yi going to abandon her and feed her to the shadow Wind Wolf?

Subconsciously, caidie wanted to call Lin Yi a bastard, but she shut up as soon as she opened her mouth.

Because Lin Yi's throw had sent her up the tree!

Luo caidie also understood that Lin Yi didn't want to throw her out to feed, but to put her in a safe place.

As for closing his mouth, it was because the leaves around him were too lush. When he opened his mouth, the leaves poured into it. He didn't know how many branches he broke. In the end, he was blocked by a branch and didn't continue to rise. He hung miserably on the tree.

Lin Yi couldn't be bothered with caidie Luo. The eight Shadow Wind wolves were giving him a lot of pressure.

Although he didn't know their names and skills, his instinct told him that running away wasn't a good choice. He made sure to make sure cripple Luo caidie was safe first!

After throwing caidie Luo away, Lin Yi jumped out of the bushes and ran in the opposite direction of the shadow Wind Wolf.

Of course, he wasn't really running away. He was just showing his weakness!

As expected, the eight Shadow Wind wolves saw that Lin Yi wanted to run and immediately sped up, not even caring about caidie Luo who was hanging on the tree.

It wasn't that they couldn't climb up the tree, but they felt that the one hanging on the tree was already a piece of meat in their mouths, so they had to catch the one who escaped first!

The shadow Wind Wolf was known for its speed. It got close to Lin Yi in an instant.

Then, the shadow Wind Wolf launched a close-range attack!

The fastest Wolf almost touched Lin Yi's shoulder!

Lin Yi's lips curled up into a cold smile. The vines on the tree beside him suddenly came to life and turned into snakes, whipping at him like lightning.

The shadow Wind Wolf Pack was shocked. They were very sensitive to living things. Even if it was a cold-blooded snake-type creature, they would definitely sense it when they got close.

But vines ... In the entire Forest of Illusions, which place did not have vines?

If they could sense the vines, they could forget about wandering around.

Therefore, the sudden appearance of the vines caught the eight Shadow Wind wolves off guard!

The sudden twining of the vines had disrupted the shadow Wind Wolf's attack rhythm.

Five of the shadow Wind wolves dodged in time and had to retreat to some distance to observe.

As for the other three Shadow Wind wolves, one of them was the closest to Lin Yi and wanted to hit him with its claws, but Lin Yi took special care of it!

At this moment, its body was wrapped and bound by three vines, and it could not move.

The remaining two that were slightly behind, although they weren't bound by the vines, were whipped a few times by the vines and were a little dumbfounded.

Lin Yi laughed coldly and used all the power he'd accumulated to attack. He used The Phantom Night demonic cat's sharp claws to stab into the throat of the shadowwind Wolf, tearing it apart and causing blood to spray out.

At the same time, Lin Yi kicked a Shadow Wind Wolf that was beaten up, sending it to the tree trunk and twitching.

Then, he raised his bloodied hands and swung them at the third shadow Wind Wolf.

Everything happened in a flash. Luo caidie could vaguely see through the branches and leaves, and she couldn't help but scream!

She didn't see the Vine's help, she only saw Lin Yi turn around and kill one Shadow Wind Wolf with one move, kicking the second away, and injuring the third.

What a ruthless man!

Luo caidie could only exclaim in her heart.

She'd thought that Lin Yi's strength was just average, far from when she wasn't injured.

But now, she realized that she seemed a little silly and naive ...

The shadow Wind Wolf wasn't a darkness magical beast that was easy to deal with. Not to mention eight of them working together, even if there were only one or two, it wouldn't be an easy thing for her to deal with.

Not to mention killing one and injuring two in such a short time!

Lin Yi wasn't as relaxed as Caidie thought. If it wasn't for the plant element, it would be very difficult for him to fight the shadow Wind Wolf with his current combat strength!

Now that he'd feigned weakness and used the plant element to catch them off guard, one dead and two injured didn't fulfill Lin Yi's expectations!

The best result would be to kill three Shadow Wind wolves in one go. Only then would he have the opportunity to continue circling around and find an opportunity to kill the remaining five.

Although the result was not satisfactory, it was still barely acceptable.

The shadow Wind Wolf that was kicked to the tree twitched and was tied up by the vines. The other injured Shadow Wind Wolf rolled away from Lin Yi's pursuit, pushing away the plants around it with the wind.

Although it wasn't restrained, the Wolf's front leg was injured, and it didn't have the strength to fight for a while.

The remaining five Shadow Wind wolves let out a low growl and pounced back at the same time after realizing that something was wrong.

This time, they didn't underestimate Lin Yi and used their full strength.

With that, Lin Yi turned and ran, taking out two fantasy night demonic cat fangs from his storage bag.

It was extremely sharp and didn't take up much space. Lin Yi kept it as a memento, and it came in handy this time.

He poured his lightning Qi into the fangs and flicked them out, using them as hidden weapons to attack the two injured Shadow Wind wolves.

One of them was bound by vines, while the other had an injured front leg. They were the best targets.

Tiny lightning arcs flickered on the fangs. They instantly tore through space and appeared in front of the target.

The shadowwind Wolf struggled for a while, but it couldn't Dodge. It could only watch as the fangs pierced through its eyes and into its head.

The other shadow Wind Wolf that had its front leg injured did not die. It avoided a fatal blow, only leaving a not-so-serious wound on its back.

The smell of blood became thicker and thicker, and the remaining Shadow Wind wolves went on a rampage. Their bodies flickered and surrounded Lin Yi.

In terms of speed, even with the help of plants, Lin Yi still couldn't compare to the shadow Wind Wolf.

Chapter 7993

Luo caidie was extremely nervous on the tree. Although Lin Yi had killed two Shadow Wind wolves, she could tell that the situation was not good.

Once Lin Yi was done for, she, who was hanging on the tree, didn't seem to have a good ending either.

The only difference was whether he would be dismembered by eight Shadow Wind wolves or five or six Shadow Wind wolves.

The situation was critical, but Lin Yi was calm.

What kind of danger had he not experienced since he came from the secular world? He had seen things that were thousands of times more dangerous than this, so why would he be afraid of such a small scene?

His escape just now was to retreat in order to advance. Now, he had barely achieved his goal!

Surrounded by five Shadow Wind wolves, Lin Yi turned back and attacked The Last Shadow Wind Wolf!

Before he was surrounded, he had to break through a little!

Lin Yi didn't choose his position randomly when he was pretending to run away. He activated his plant element, and the soft xiphodon around him suddenly burst out!

The soft branches and leaves turned into real swords, making it seem as if there were countless swords growing around Lin Yi.

The shadow Wind Wolf, which was about to attack, was caught off guard again. Although it moved nimbly and dodged the attack, its attack was delayed for a moment.

This was the moment Lin Yi was waiting for!

All of his attacks were focused on the shadow Wind Wolf he had chosen!

With the help of the plant attribute, he could break them one by one!

The targeted Shadow Wind Wolf was originally going to cooperate with its companions to attack, but a mistake occurred in the middle, and it was still a little confused for a moment.

Although its strength was above Lin Yi 's, Lin Yi had the upper hand ... The wolf was not sure what to do.

It didn't release the attack it had prepared. It hesitated and felt that it was better to defend first!

Lin Yi's eyes lit up. The opponent had turned from attack to defense. This was the best!

Lin Yi wasn't sure if he could take it head on, but since the shadow Wind Wolf had chosen to defend, the pressure on Lin Yi was immediately reduced by countless times.

With the lightning Qi and butterfly steps, Lin Yi's speed suddenly increased, and he appeared in front of the target Shadow Wind Wolf like lightning!

That Shadow Wind Wolf changed from attack to defense, naturally, there would be a flaw. Of course, with Lin Yi's original speed, before he could get close, it would have already completed the change of moves, so even if there was a flaw, it wouldn't be a problem.

But Lin Yi's sudden acceleration completely stunned the shadow Wind Wolf!

In its panic, it tried to react and attack again, but the unremarkable plants on the ground hindered it for a moment, causing the shadow Wind Wolf to be stuck on the spot.

Lin Yi's illusionary night demonic cat's sharp claws swept across, and blood splattered everywhere!

Lin Yi didn't stop and continued to charge forward, his target was the injured Shadow Wind Wolf.

Sensing the danger, the injured Shadow Wind Wolf bared its teeth and let out a low growl. Although it could not move, it was ready to fight to the death.

At the same time, the other four Shadow Wind wolves that were blocked by the sword Fang grass chased after Lin Yi again. Halfway through, one of them suddenly changed direction and rushed towards Luo caidie on the tree trunk like a ghost.

"You're looking for death!"

Lin Yi shouted, frowning.

These Shadow Wind wolves were cunning by nature. When they saw that things were not going well, they knew how to change their target and capture Luo caidie as a hostage to threaten Lin Yi!

Lin Yi used too much strength just now and threw caidie too high, out of the control range of the plant element. It was obviously impossible to use the plants to block and protect her.

This Shadow Wind Wolf that went to attack Luo caidie was also very clear that if Lin Yi turned around to protect his companion, they could also save their injured companion and regain the upper hand.

In terms of speed, they were confident that Lin Yi wouldn't be able to escape!

Even if those annoying plants were in the way, it wouldn't make a difference!

Lin Yi's eyes flashed with ruthlessness. He increased his speed and appeared in front of the injured Shadow Wind Wolf in an instant.

The creature was prepared for this, opening its mouth wide to bite Lin Yi.

To his surprise, a large bone appeared out of thin air in Lin Yi's hand. There was still some cooked meat on it, and it gave off a light fragrance.

After that, Lin Yi stuffed the bone into the shadow Wind Wolf's mouth.

This was the leg bone of the illusionary night demonic cat that he didn't finish earlier-the penniless Lin Yi thought that he could use it to ambush him, so he kept it.

In the end, the SAP didn't hit, and it was directly sent into the shadow Wind Wolf's mouth!

The injured Shadow Wind Wolf was a little dumbfounded. What the hell? Aren't you here to kill me? Why did it become feeding?

This meat was quite fragrant!

Lin Yi, of course, wouldn't be so kind as to feed the shadow Wind Wolf. He took the chance when it opened its mouth and stabbed the leg bone into the Wolf's throat.

The shadow Wind Wolf, which had just tasted the cooked meat, was directly pierced through the throat by the leg bone, dying without any hesitation.

Well ... At least he had a bite of meat before he died, so he was not a Hungry Ghost ...

Lin Yi didn't waste any time and kicked the shadow Wind Wolf's body with all his strength. His target was Luo caidie!

The shadow Wind Wolf was fast, but the body Lin Yi kicked away wasn't slow either.

Although his strength had dropped a lot after his sea of consciousness was damaged, Lin Yi's eyes and calculation skills were still there!

The shadow Wind Wolf that had gone to ambush and capture Luo caidie was about to succeed, but it was knocked aside by its companion's body and smashed into the tree trunk!

Luo caidie had been a little dazed before, but now she came back to her senses.

She had only injured her leg and turned into a cripple, but she still had her fighting strength!

Seeing that the shadow Wind Wolf had been hit by Lin Yi, she immediately let out a shout and broke her arm from the stretcher, stabbing her sword at the shadow Wind Wolf that was stuck to the tree and seeing stars.

Under normal circumstances, Luo caidie could deal with the shadow Wind Wolf. In a one-on-one fight, perhaps neither could defeat the other.

However, the situation now was special. Luo caidie's will to survive burst out, but the shadow Wind Wolf was a little confused and confused. It was actually killed by her sword!

The cold blade of the sword easily pierced through the shadow Wind Wolf's fur, through its heart, and nailed it to the tree trunk!

Luo caidie was a little stunned. She couldn't believe that she had killed a Shadow Wind Wolf so easily!

At the same time, Lin Yi's situation wasn't good. In order to help Luo caidie, Lin Yi's rhythm was messed up.

The remaining Shadow Wind wolves were extremely fast, and they seized the opportunity to pounce on him!

Lin Yi's shoulders and legs received a Wolf's kiss at the same time!

F \* ck!

Lin Yi's face paled-he'd be a cripple if he got bitten, and his hand would be disabled!

Subconsciously, Lin Yi controlled the surrounding plants to block it!

No matter what kind of plants they were, they all blocked his hands and feet, but they were stuck in the mouths of these Shadow Wind wolves!

Chapter 7994

Lin Yi let out a breath of relief. If it wasn't for the plant element controlling the plants around him, his body would've been torn into pieces by now!

Although the shadow Wind Wolf was blocked by the plants, its sharp fangs still charged forward, cutting into Lin Yi's skin and muscles.

It was only because of the plants in their mouths that they couldn't bite through Lin Yi's body.

Lin Yi couldn't help but break out in a cold sweat. He raised his hand and grabbed the head of the shadow Wind Wolf that was biting his shoulder. He forcefully opened the Wolf's mouth and slammed it on the ground!

"Sima Yi, wait for me, I'll help you!"

Luo caidie, who had just killed a Shadow Wind Wolf on the tree branch, was suddenly in high spirits!

She suddenly felt that it would be a waste if she didn't show off her skills.

So, Luo caidie pulled out her long sword and fell down with the stretcher.

"....."

Lin Yi couldn't help but roll his eyes!

We're busy here, can you stop causing trouble, you little cripple?

With the speed of the shadow Wind Wolf, even if you're not crippled, it's still very difficult to match it!

Was he trying to screw his teammates over by jumping down now?

However, Lin Yi couldn't care about anything else right now. He had to kill the shadow Wind Wolf on the ground first, even if it meant that his leg was injured.

The other two Shadow Wind wolves that were biting his legs had already broken free from the restraints of the plants to a certain extent, and were biting Lin Yi's legs without letting go.

Blood gushed out of Lin Yi's leg like a fountain, but fortunately, his bones weren't injured.

They looked miserable on the outside, but they were all just superficial wounds.

When Luo caidie got herself off the tree, she remembered that she was a cripple, and her legs were not very flexible.

Hence, she screamed a few times and fell to the ground with a thud!

Lin Yi really wanted to leave her to her own devices-she was a pretty girl, and a teacher at some school at that-why was she so funny?

However, seeing that they were still companions, he couldn't just leave them in the lurch.

So Lin Yi took some time to use his plant element to control the grass on the ground to create some fluctuations to reduce the impact of caidie Luo's fall.

If not for this, Luo caidie, who had panicked, would not have just fallen to the ground, but had broken several bones and fallen to the ground.

Her protection treasure couldn't protect her anymore, and without Lin Yi's help, she probably wouldn't even be able to use her hand ...

The consequence of Lin Yi being distracted was that he was injured more severely by the shadow Wind Wolf!

Fortunately, The Last Shadow Wind Wolf was also muddle-headed. It only knew how to use its mouth to bite and had completely forgotten that it had other innate attacks.

After Lin Yi caught his breath, he used the help of his plant element to kill the remaining Shadow Wind wolves, which wasn't very easy, but it wasn't very pleasant either!

"Sima Yi ... Are you alright?"

Luo caidie didn't help, and her appearance was embarrassing, so it was a bit awkward.

After a long while, she finally came to Lin Yi's side and took out two pills. "This is the healing medicine I brought with me. It's effective for external injuries. You can use it first!"

Her injuries were caused by the corrosion of the demon eating flower, so it would not be easy to heal.

But Lin Yi's wound was caused by a bite. It looked serious, but this kind of injury could be healed by half with pills.

Lin Yi didn't reject it and took a look at it. As an alchemy master, he could easily tell the effects of the pill.

This was indeed a pill for healing, so he nodded to Luo caidie and threw it into his mouth.

"Your legs ... Can you still walk?"

Caidie Luo looked at Lin Yi's bloody legs with a sad face.

She was a cripple, but looking at Lin Yi, she almost had her leg amputated!

What would they do in the future? Two disabled people relying on each other?

"I'm fine, it's just a superficial wound!"

Lin Yi replied indifferently, his face expressionless.

Then, he bent down and began to deal with the shadow Wind Wolf's corpse beside him. He skinned it, pulled out its tendons, cut it into pieces, and roasted it!

He was very familiar with the whole process. Wolves and cats were similar, but wolf meat should be more delicious after roasting, right?

Lin Yi was secretly looking forward to it, feeling a little happy.

A little injury was not a big problem, and with the darkness magical beasts to eat, he should be able to recover quickly.

"We ... We're just going to eat the shadow Wind Wolf's meat here?"

Luo caidie was a little stunned. How big is your heart?

Although the battle just now was very short and ended in the blink of an eye, the commotion was really not small!

Moreover, the smell of blood here is so strong, aren't you afraid of attracting more darkness magical beasts?

"Ha ... You can choose not to eat it!"

Lin Yi felt that his need for Dark Beast meat was quite big, and it would be great if caidie didn't eat it.

Luo caidie was angry. Am I talking about eating meat?

What I'm talking about is that this place is not suitable for us to stay!

"Why aren't you eating! I also want one!"

She was angry, but when she smelled the meat, she grabbed a branch and took a bite, treating the meat as Lin Yi's ...

She also understood that since the two disabled people couldn't run even if they wanted to, they might as well eat their fill first!

As for whether or not he would encounter a darkness magical beast, that would be up to fate!

Lin Yi smiled, not minding it.

Anyway, there was a lot of roasted meat. If she wanted to eat, she could eat some. She estimated that one or two pieces would be enough to fill her stomach.

Luo caidie took a big bite of the meat and chewed it hard. Then the amazing taste exploded in her taste buds. Her eyes lit up instantly, and her chewing speed suddenly increased several times.

His face, which was filled with meat, was like a hamster that had stolen a bite. He swept away the meat that weighed at least one to two pounds in his hand.

Lin Yi froze-he didn't even eat as fast as caidie! What a glutton!

You really can't judge a book by its cover, and you can't measure your stomach!

Lin Yi was still sighing when caidie Luo picked up two more skewers.

He took a mouthful from the left to the right, not caring about his image at all.

Lin Yi was dumbfounded.

Seeing the meat in caidie's hands quickly decrease, Lin Yi didn't dare to delay and quickly ate his own.

If he continued to be in a daze, who knew how many more mouthfuls of the shadow Wind Wolf's meat he would be able to eat!

This was too terrifying. How was this a woman? she was simply a human-shaped Taotie!

Luo caidie didn't know what was wrong with her. She just felt that the roasted meat in her hand was too delicious.

Moreover, no matter how much he ate, he would not feel bloated. He could not stop eating after one bite!

Lin Yi wanted to cry, but no tears came out. He was so embarrassed that he couldn't even fight against caidie Luo in a fight for meat. It was so embarrassing ...

Lin Yi only ate about two-fifths of the shadow Wind Wolf's meat, and the remaining three-fifths went to Luo caidie's stomach.

Chapter 7995 The End

And her stomach actually didn't bulge much, it was simply ... Extremely terrifying!

Lin Yi was starting to suspect that this woman was a Dark Demon beast in human form, trying to steal his food.

Luo caidie didn't think too much about it. She grabbed the last skewer and realized that it was gone. Without thinking, she handed the other shadow Wind Wolf to Lin Yi.

With her mouth full of meat, she couldn't speak, so she only raised her chin at Lin Yi, signaling him to continue.

Lin Yi didn't know what to say-he didn't eat as much as you did, and you're ordering me around?

Wasn't this identity a little unclear? Shouldn't we have a good talk?

"You ... What do you want to see? Hurry up and finish this ... We're leaving ..."

Caidie Luo didn't feel anything at all. Seeing that Lin Yi didn't move, she tried to swallow the meat and mumbled to Lin Yi.

Lin Yi couldn't help but smile at the way she was eating the meat with her mouth full of oil.

I've never seen a female teacher like her before. The canteen of the Alliance Institute must be giving me a headache, right?

Luo caidie could usually eat the portion of several people, right?

Forget it, a good man doesn't fight with a woman. Anyway, there are enough Shadow Wind wolves. The earlier we eat, the earlier we leave!

Lin Yi shook his head and didn't want to waste time with caidie. He quickly started the second barbeque.

The two of them didn't speak after that, and they just buried their heads in the food in silence.

The eight Shadow Wind wolves were quickly annihilated, and Lin Yi finally got back some face.

Luo caidie's time was probably up, and her eating speed slowed down as well. Finally, Lin Yi overtook her in one go.

In the end, Lin Yi ate around 4.5 Shadow Wind wolves, while caidie Luo ate around 3.5.

Or the difference was even smaller, like 4.2 to 3.8.

"Heavens! How did this happen? Why do I eat so much meat?"

After eating, Luo caidie wiped her mouth and began to exclaim, ""Sima Yi, did you put some kind of drug in? Let me eat and drink? I'm going to die of obesity!"

Lin Yi almost fell to the ground. He thought she'd say she'd die from overeating, but what the hell was that?

"I didn't want to treat you to meat. You ate so much of me. I'll put it on my tab and count it together later!"

Lin Yi stood up expressionlessly and put away the useful things on the shadow Wind Wolf into his storage bag.

"What do you mean I ate that ... Wait, your leg has recovered?"

Luo caidie's eyes were like copper bells, and her mouth was wide open.

Lin Yi's wound from the shadow Wind Wolf was so deep that his bones could be seen, and he lost two pieces of flesh.

Although she had taken healing medicine, Luo caidie was very clear about the efficacy.

And now? Not to mention stopping the bleeding, even the scar had fallen off, and he looked perfectly fine!

"I'm healed, are you?"

Lin Yi stomped his foot lightly-he was indeed fine, and his movements were no longer affected.

Other than the healing medicine, the most important reason for such an effect should be the benefits of the dark shadow Wind wolf meat.

The dark Demon beast's blood and flesh could speed up Lin Yi's body's recovery, and also increase his strength.

It could even have a slight benefit to his broken sea of consciousness, but this was not obvious and almost undetectable.

Luo caidie looked at Lin Yi's legs, then at her own legs. She tried to stand up but fell back down.

Little cripple was still little cripple, and he didn't change much.

"This is not fair. Why can you recover from such serious injuries, but I can't?"

Luo caidie almost cried. It didn't make sense!

That damned Sima Yi was clearly about to be amputated, how could he be alive and kicking now?

This lady is as beautiful as a fairy. I only suffered a small injury, why can't I recover?

Is there still justice? Is there still any law?

Lin Yi muttered to himself, unsure, "This might have something to do with his character?"

Luo caidie was stunned. What did recovery have to do with character?

"Sima Yi, you're saying that my character isn't good?"

After thinking for a while, Luo caidie reacted and suddenly let out a roar that hit her soul.

Lin Yi shrugged, "I'm not a good person, so I'm leaving. Bye!"

"Wait, wait, wait! Sima Yi, you're such a good person, how could you leave me alone? I have a bad character, I really have a bad character!"

Caidie quickly put on a smile to please Lin Yi.

What a joke, this was the Forest of Illusions!

The little cripple had no way out here, alright?

No matter what, she had to follow closely behind that bastard Sima Yi!

Of course, Luo caidie would never admit that she was actually quite looking forward to the next barbecue feast ...

She didn't know why, but after eating so much darkness magical beast meat, she felt that her condition was a little better.

Especially his spiritual sea, at least it wasn't as painful as before.

Although this might just be an illusion, Luo caidie hoped that the illusion would last longer.

Lin Yi chuckled to himself-this woman was quite interesting, a teacher at some school.

With such a funny teacher, would her students grow crooked?

"Alright, let's go!"

Lin Yi stopped joking and continued to pull the stretcher, bringing caidie along.

Lin Yi guessed that the reason he was able to have a barbecue meal in peace was probably related to the shadow Wind wolves.

Magical beasts of darkness had their own sense of territory, and this area was most likely the territory of those eight Shadow Wind wolves.

Under normal circumstances, other dark magical beasts that were not as powerful as the shadow Wind Wolf Pack would definitely not take the initiative to cross the boundary.

Unless it was a dark magical beast like the sun-devouring rat that could disobey the heavens and earth!

They weren't afraid of anything, so they could be food anywhere. That was why they chased Lin Yi and became food for the flower.

After Lin Yi and caidie continued on their way, they raised their guard again.

The next step he took would be one step deeper into the forest of Illusions, and the darkness magical beasts he would encounter would naturally become more and more powerful.

Even with the plant element, the entire Forest of Illusions was his home field. Lin Yi didn't dare to be careless.

Facts had proven that the plant element was not invincible. In a situation where one's own strength was not enough, it was very easy to be killed!

"Hey, Sima Yi!"

After walking for a while, Luo caidie suddenly said, ""It doesn't seem appropriate for you to drag me like this!"

Lin Yi stopped and turned to caidie, "So, you mean I should give up on you?"

"Bah! What are you thinking? You want to leave me all day long, are you still a man? How can you treat a weak woman like this?"

Lin Yi's mouth twitched. A weak girl who could eat three or four Shadow Wind wolves in one breath ... You have the nerve to say that!

Chapter 7996

"What I mean is that if you drag me along, you'll leave traces on the ground. If we encounter a darkness magical beast that likes to track us, it will follow the traces we left behind and secretly chase us down!"

Caidie really wanted to yell at Lin Yi, but she was really afraid that Lin Yi would leave her behind. So, she changed the topic and pointed at the path for Lin Yi to see.

Lin Yi used his plant element to help carry the stretcher forward, but after going over, the enhancement of the plant element disappeared, and the plants withered even more, leaving no difference to normal dragging.

Thinking about what Luo Caidie said, it wasn't without reason. There might be some dark magical beasts that liked to track their prey and hunt them down!

In addition to the darkness magical beasts, the natives of the Forest of Illusions might also be in danger, and even humans might have the thought of killing them for their treasures.

Others didn't know if Lin Yi and Luo caidie had treasures, but they could tell with one look that they were injured!

Some greedy people might have such thoughts of looting a burning house.

In any case, who would know if he killed someone in the Forest of Illusions?

Lin Yi hadn't been in the Forest of Illusions before, but he'd seen a lot of people like this.

"So what do you mean? Can you walk on your own?"

Lin Yi frowned.

It was better to avoid trouble. Although he might not be afraid, it was better to avoid some trouble.

"If I could walk, I would've done so long ago. Why would I wait until now?"

Luo caidie snorted and immediately put on a smile, "I mean, it's not appropriate to drag a stretcher on the ground. Why don't you work harder and carry me?"

"What? You really dare to think about it!"

Lin Yi laughed, a look of unwillingness on his face.

He was really reluctant. Not to mention whether it would be tiring to carry someone, they were all martial artists, and it was not a big problem to carry eighty to one hundred catties.

The problem was that Lin Yi didn't trust Caidie very well!

Now that his strength had been greatly reduced, if he didn't use his plant attribute, he might not be Luo Caidie's opponent.

If he were to carry her and she suddenly attacked him, Lin Yi suspected that he wouldn't even have the chance to resist.

"Hey, hey, hey, Sima Yi, what's with your expression? I'm not a country-toppling beauty, but I'm still as beautiful as a flower, right? You should be snickering if I'm willing to let you take the loss. What's with the look of disdain on your face?"

Caidie Luo didn't know what Lin Yi was thinking, but she could see the expression on his face. She was furious, "Explain to this lady clearly, what exactly do you mean?"

If it wasn't for her legs being so weak, Luo caidie swore that she would have rushed over to deal with this brat right now.

As for whether he could clean it up ... That was not within his consideration!

Lin Yi shrugged. It meant that she didn't like it. Why did she have to say it when she already knew?

Luo caidie was furious. Lin Yi didn't say anything, but his expression was more obvious than words. This was intolerable!

But caidie's face changed immediately. She pulled out her sword and flew towards Lin Yi. At the same time, she pressed hard on the ground and flew towards Lin Yi's position.

Lin Yi blinked. What was going on? He really attacked because of a disagreement?

But Lin Yi immediately felt that something was wrong. Although Luo caidie's sword was flying in his direction, he wasn't the target!

Rather, it was something behind him.

The longsword flashed past Lin Yi's ear.

Lin Yi knew that she wouldn't touch him, so he ignored her and turned around to see what she was going to do.

At the same time, Lin Yi was still on guard. He wondered if caidie was going to use her sword to divert his attention and then use her fists to attack him.

After all, there was no change in his plant attribute, so in theory, there should not be any danger behind him.

"Be careful!"

Luo caidie, who was in mid-air, finally had the time to shout. Then, she pounced on Lin Yi, and the huge impact made Lin Yi fall face up.

Lin Yi didn't make a move because caidie didn't have any killing intent and didn't have any intention to attack him. She just wanted to jump on him.

It was because of this that Lin Yi didn't make his move.

If Luo caidie had any bad thoughts, she would probably be dead by now!

Lin Yi, who had fallen, turned around and saw caidie's sword being bounced away by a vine!

Then, the vine shot out like lightning, its target was where Lin Yi was just now!

It was wrong!

This wasn't a vine!

Lin Yi's face changed.

This thing that looked like a vine could not be controlled by the plant attribute.

It was only when it revealed its sharp fangs that Lin Yi reacted. This wasn't a vine, it was just a giant snake that looked like one!

Caidie Luo groaned and pounced on Lin Yi. Her body took over Lin Yi's original position and became the snake's new target.

Then, before Lin Yi could react, the snake teeth bit on caidie Luo's shoulder.

Although Luo caidie's protective magic weapon was damaged, it still had a little defensive effect.

So the snake's fangs didn't completely bite down-it slid a little, leaving two bloody marks on caidie's shoulder, and Lin Yi reacted and grabbed the seven-inch area.

The illusionary night demonic cat's sharp claws flashed past, and the snake's head was directly cut off!

"Luo caidie, how are you?"

Lin Yi blamed himself.

He had just suspected that Luo caidie had evil intentions and would secretly attack him. He didn't expect her to actually sacrifice her life to save him.

Her shoulder was swollen and the blood that flowed out was as black as ink. It was obvious that the snake was quite poisonous!

"Haha ... I'm probably going to die. You'll have one less burden ..."

Luo caidie forced a smile, her pretty face extremely pale. Her face that looked like a god's Phoenix instantly became Haggard, making Lin Yi's heart hurt.

Lin Yi suddenly thought of Wu yucaao.

It had only been a short while, and two women were about to die in front of him.

"No, you won't die! It's just a small snake, it can't poison you to death!"

Lin Yi said as he hit a few acupuncture points on caidie Luo's body.

Although he did not have any true Qi, it was not difficult for him to temporarily stop the blood flow in her meridians.

After that, Lin Yi used the illusionary night demonic cat's claws to tear open the clothes on caidie Luo's shoulder. He lowered his head and sucked on the wound, spitting out the black blood.

"Zi Zi!"

The ground that came into contact with the black blood immediately emitted wisps of black smoke!

If Lin Yi didn't seal caidie's acupuncture points, she would probably die in a few seconds.

Luo caidie's body trembled slightly. She didn't know if it was because of the pain or some other reason, but her pale face couldn't help but have a faint blush.

Chapter 7997

"Sima Yi ... Don't ... This is a shady wood withered vine snake ... Its poison ..."

Luo caidie said a few words and couldn't continue.

Lin Yi didn't care about her at all, continuing to suck the snake venom for her.

As for the toxicity, Lin Yi wasn't worried if he would be poisoned as well.

This was no ordinary body, but a body refined with the purple mist sinful Lotus as the main material!

The purple mist sinful Lotus was the king of all plants, and with the green Devil God's plant element, Lin Yi's body was even more resistant to poison than his previous body.

Think about it, no matter how vicious the Darkwood withervine snake was, it would still have to live in the jungle, right?

However, he had never heard of any plant that would die from poisoning after being bitten by a snake.

The Darkwood wisteria snake's poison wasn't even worthy of carrying the purple mist sinful Lotus's shoes.

But Luo caidie didn't know that. She only saw Lin Yi sucking the snake venom for her.

At this moment, Luo caidie's heart was filled with gratitude. She also lowered Lin Yi's level from brat and big brat to little brat!

It was true that Luo caidie was injured because she tried to save Lin Yi.

However, Luo caidie had to be saved!

She and Lin Yi were one now, and she wouldn't be able to recover even if Lin Yi died.

"Alright, your injuries should not be a big problem! The poison has been cleared, there won't be any future problems!"

Soon, Lin Yi announced the end of the healing process.

The swelling of Luo caidie's wound had been eliminated, and the color of the blood flowing out of the wound had returned to normal, without a trace of black blood mixed in.

"You ... Are you okay?"

Caidie Luo didn't care about her own injury right now, but looked at Lin Yi's mouth nervously.

But after looking for a long time, she didn't see any signs of poisoning!

Could it be that there was no trace of poisonous blood left when little hundan spat it out?

"I'm fine. What could be wrong with me?"

Lin Yi shook his head and pulled off one of caidie's dresses.

"Argh! Why did you tear my dress?"

Luo caidie's attention was immediately diverted. She screamed as she pulled her skirt up, afraid that Lin Yi's animal instinct would come out.

Lin Yi was speechless. He waved the cloth in his hand. "I'm helping you bandage your wound! Although the poison had been removed, it was still best to bandage it to prevent it from being infected by other unclean things. What did you think I was going to do?"

Luo caidie's face turned red and she stammered, "I ... I thought you were going to bandage me too! But why did you tear my skirt ..."

"Are you going to tear mine? I don't mind, do you want it?"

Lin Yi rolled his eyes and shook the animal skin off his body.

Well, it was very fresh animal skin, the kind that had just been peeled off.

Using this to bandage the wound, was it because the wound was not infected fast enough?

Caidie Luo looked at Lin Yi who was dressed like a barbarian and sensibly turned her head away, revealing the wound on her shoulder. She didn't say anything more.

Lin Yi's lips twitched as he bandaged her wound.

In fact, after the poison was removed, the two blood marks were just small wounds. They were not much and could be casually bandaged.

"Just now, you said that this snake was called a shady wood withered vine snake? Is it a Dark Demon beast?"

Lin Yi asked casually.

The Darkwood wisteria snake was finished with a single claw attack. It didn't seem to be that powerful.

"Right, the Darkwood withervine snake is also a type of darkness magical beast! It doesn't have a strong fighting power, but it's very poisonous. Almost anyone who gets hit will die. "

Caidie Luo looked at Lin Yi with a complicated expression.

She had been bitten, but she did not die.

Lin Yi sucked out the poison, and he wasn't dead ...

It seemed like the Darkwood withervine snake's poison wasn't as strong as the rumors said!

"Apart from its toxicity, the Darkwood withervine snake has the wood attribute and can fuse with the plants in the forest, not leaking any aura! That's why it's very hard to find them. Only the moment they launch an attack will we be able to find some clues. "

"At that time, it would be difficult for anyone to react in time. Once they were bitten, they would be dead."

Speaking of this, Luo caidie felt that something was wrong. After all, she had been bitten, but she was still alive and well.

Lin Yi said, understanding.

No wonder his plant attribute couldn't detect the shady wood dry vine snake's trace. It had the same aura as a plant, and even plants thought it was the same kind.

However, if he could use his divine sense, he should be able to detect the difference.

Unfortunately, he couldn't use his divine sense to probe, so he could only use the plant attribute to explore the surrounding environment.

To Lin Yi, this was already an amazing move. It was better than nothing.

It seemed that he would have to be more vigilant in the Forest of Illusions in the future!

Since there was a Darkwood wisteria snake, there would definitely be other darkness magical beasts with similar attributes. He couldn't be careless!

"Sima Yi ... It's getting dark, shouldn't we find a safer place to set up camp? It'll be more dangerous to move in the Forest of Illusions at night!"

Luo caidie looked up at the sky that was already dark, and her handsome face became a little serious, ""At night, the darkness magical beasts" ability to move and fight will double. If we don't find a good place, who knows what will happen. "

"Alright, you're more familiar with it. You can lead the way!"

Lin Yi didn't object and carried caidie on his back, surprising her.

Lin Yi didn't want to carry her before, but now he did.

"What you said just now makes sense. We'd better not leave any traces. Now, tell me, where should we go?"

"Oh ... Oh! Let's go this way!"

Caidie tried to hold back her smile as she pointed in a direction.

Lin Yi nodded slightly and started running quickly without making a sound.

Although his strength had declined, carrying the light Luo caidie on his back would not increase his burden too much.

Lin Yi even wondered where all the shadow Wind wolf meat she had just eaten went.

However, Lin Yi had eaten more meat and his digestion was faster.

So, Lin Yi guessed that caidie Luo was in a similar situation as him.

After walking for ten minutes, Lin Yi found a small stream, and there was a small cave right next to it.

The space inside the cave was not big, but it was enough for three or four people to lie flat and have a good sleep.

This was a pretty good campsite for the two of them.

The only flaw was that there weren't many plants around the cave and the stream.

Lin Yi didn't even need to consider using the plant's properties to monitor or even defend himself.

If they were attacked by darkness magical beasts, the two of them might not be able to withstand it.

"Sima Yi, what are you thinking about? Why are you frowning? you don't look satisfied. "

Luo caidie was quite satisfied with the cave, but she turned around and saw Lin Yi's expression, "There's enough space in this cave, and it's very dry inside. There's also no trace of darkness magical beasts, so it should be safe. "

Chapter 7998

"And the entrance isn't big, it's easy to defend and hard to attack. We'll stay here for the night, and as long as we're alert, there won't be any problems. Are you worried that we'll encounter a dark magical beast?"

Luo caidie said as she looked out of the cave and nodded slightly, ""If there is a small stream, there might be a darkness demon beast coming to drink water. Your worries aren't without reason. Or you can find some stones and seal the entrance. That way, even if a darkness demon beast comes to drink water, it shouldn't be able to find us."

Lin Yi shook his head, "I'm not worried about that ... It's nothing. It's pretty good here. I'll take you to the stream to wash up and get rid of the blood on you so that it won't attract the dark Demon beasts 'attention."

Most darkness magical beasts had a very sensitive sense of smell, and they were very concerned about the smell of blood.

Lin Yi didn't want to be surrounded by dark beasts in the middle of the night.

There weren't many plants around at night, and Lin Yi felt like he was going to be finished if he got surrounded by them!

"Ah? 'Wash ... Wash? There's no need for that, right?"

Luo caidie was embarrassed.

As a cripple, she didn't want Lin Yi to help her shower!

"No need? The smell of blood on our bodies is very strong, and the darkness magical beasts can smell it from far away! Are you sure you don't want to?"

Lin Yi looked at caidie Luo seriously, "if you don't want to wash off the blood smell on your body, I might not be able to take care of you if the dark Demon beasts attack. Don't blame me for leaving you behind."

Whether or not he really didn't care, he didn't say it first. In any case, he had to make things clear so that Luo caidie could be mentally prepared.

"Wash! Can't you just wash it?"

Luo caidie was very embarrassed. She was most afraid of Lin Yi leaving her.

She had no choice but to admit defeat after hearing Lin Yi's words.

Lin Yi shrugged. It was good that she was willing to cooperate. So he carried Luo caidie and came to the stream.

Caidie was wondering what she should do if Lin Yi wanted to help her wash. He said that his leg was crippled but his hand was not broken? Or should he just slap him down without saying a word?

Or did he just push Lin Yi away and let him do it? Or ...

Lin Yi didn't even say a word as he put her in the water and turned around to go down.

"Hey! Sima Yi, what do you mean?"

Luo caidie was stimulated by the cold water and finally sobered up. She was a little annoyed,""Why did you throw me into the water?"

"I told you to clean up! I'm afraid it'll be inconvenient for you if you're not in the water. "

The stream wasn't deep, and the water would only reach up to their ankles if they were to stand. Sitting on the cobblestones in the stream was not only clean, but it wouldn't hinder anything.

Lin Yi looked at caidie suspiciously, "your leg is crippled, not your hand. Do you want me to help you wash it?"

"You're so silly!"

Luo caidie's face turned red and she was extremely embarrassed.

This should be her line, so why did this little B \* stard say it first?

"Roll roll roll roll!"

Luo caidie scolded and drove Lin Yi away!

Lin Yi curled his lips and ignored caidie as he walked to a corner of the stream.

There was a huge rock blocking their view. Although the two of them were not far from each other, they could not see each other.

He quickly cleaned the blood off his body, and even washed the fur that he used as his jacket.

After that, he dried it with the fire attribute Qi and put it on again. He did feel much more comfortable.

Lin Yi didn't know what to say as he listened to the sound of water-women took their time indeed.

He leaned against a rock and closed his eyes, planning to go back after caidie finished.

Unknowingly, he actually felt a little sleepy.

This would never have happened before he was injured, but now this body actually felt tired.

He really had to thank his good ally, Ling lingfa, for this!

If it wasn't for his luck, he probably wouldn't have been able to last until now.

Moreover, even if he had persisted until now, he didn't know if he could repair his deified soul sea and cultivate it into a Wu Linghai by relying on the plant element.

What Lin Yi found hard to believe was why Ling lingfa would tear up the agreement this time?

Could it be that central was planning to start a full-scale war? Or was there another hidden story?

However, if he could make it out alive this time, he would definitely ask Ling Ling about it.

If there isn't a reasonable explanation, then don't blame me for personally sending Ling lingfa on his way!

As for the center, if you want to fight, I'll bring han Jingjing with me and I won't be afraid of you!

At that time, who knows who would be able to last!

Lin Yi realized that caidie wasn't done yet, and he started to get impatient.

"Luo caidie, are you done? If you're done, I'll come and take you back to the cave!"

Lin Yi didn't want to just go over like that, so he asked.

"Alright, you can come over!"

Luo caidie's voice was still a little embarrassed, and her tone was a little stiff.

Lin Yi didn't mind and walked over.

"Did you not change into clean clothes?"

Lin Yi saw that caidie Luo was still sitting in the stream, and her clothes were still the same. He was a little surprised.

Usually, girls would bring a change of clothes when they went out.

Luo caidie was an exception?

She was wearing a leather armor-style defensive clothing on the outside, but an ordinary dress on the inside. It was not too embarrassing to be soaked in water, but it would definitely be uncomfortable to stick to her body.

Luo caidie snorted and didn't bother to answer Lin Yi's question.

She'd be crazy to change clothes in a place like this where there was nothing to cover her up, and Lin Yi could appear at any moment.

It's fine if it gets wet, it won't freeze to death anyway!

"Come up first, I'll help you bake it."

Lin Yi didn't think too much about it and assumed that she didn't bring her clothes, or that she lost them.

He got caidie on the shore first and used his fire Qi to dry her clothes before carrying her back to the cave.

Luo caidie's mind turned a thousand times, and thoughts came one after another.

Unfortunately, Lin Yi didn't know about it at all, and he didn't care even if he did. He gathered the leaves and grass in the cave and let her lie down to rest.

Blocking the cave with rocks was too stupid and troublesome-Lin Yi wouldn't do that.

However, it was a good idea to find some suitable items and set up a concealment array at the entrance of the cave.

He didn't have formation flags or energy to power the formation, but with Lin Yi's Grandmaster level, he could use normal rocks and branches to set up a super weakened version of the invisibility formation.

In terms of effect, if the complete version of the concealment array could make the cave disappear completely, then this super-weakened version of the concealment array could only make the cave lose its sense of existence.

It was like digging a hole in the ground and placing a few branches on the hole to hide from sight.

If one looked carefully, they would definitely notice something was wrong, but if they didn't pay attention, they would miss it.

Luo caidie's eyes were shining as she watched Lin Yi working at the cave entrance.

She was a teacher at the Alliance Academy. Even if she didn't know how to set up formations, she had a good eye.

She didn't expect Lin Yi to know about arrays!

Although this formation looked very crude and might not have any use, it was still a formation.

He wasn't that powerful, but he was becoming more and more mysterious ...

Was this guy really a Savage?

After Lin Yi was done, he went back to the cave and sat down casually against the wall. "We won't light a fire tonight to avoid attracting the darkness magical beasts" attention. You should quickly rest and recover from your injuries!"

"Oh ..."

Luo caidie agreed, but she felt a little nervous.

The sky was getting dark, and the visibility in the cave was slowly declining. It was dark, and a man and a woman were alone ...

What if this little soul turned into a beast and wanted to do something to her? what should she do?

Bah!

What else could he do?

Of course, it was a life and death struggle!

He was definitely going to kill this little B \* stard!

Could it be that he was going to push the boat along with the current?

Caidie Luo felt her face heat up as she quickly turned her back to Lin Yi, "Then I'll go to sleep first ..."

It would be a ghost if he could sleep!

Luo caidie was very nervous, afraid that Lin Yi would suddenly pounce on her, so she was on guard and highly concentrated!

Chapter 7999

After a while, Lin Yi's breathing became even and long, as if he had fallen asleep. Luo caidie relaxed a little, but she was a little disappointed!

'Damn you little bastard, I'm a natural beauty. Such a beautiful woman is sleeping here, and you don't have any bad intentions at all?'

Are you looking down on me?

Thinking back to the time at the Alliance Academy, not to mention those young teachers, even the students in the Academy had treated her as their dream lover!

Her suitors could line up from the Academy's main entrance all the way to the Academy's back door, but why was it that they were nothing in front of this damn little soul?

Do I really not have any charm?

That didn't make sense!

Could it be that his charm had decreased due to his injury?

That shouldn't be the case!

The injured beauty looked even more pitiful, making people have the urge to protect her!

Then what was the problem?

He had to admit that women were really complicated creatures.

She was still worried that Lin Yi would turn into a beast and rape her, but Lin Yi didn't do anything, and she couldn't understand!

In the end, he could only conclude that Sima Yi was a bastard and worse than a beast!

How could the beast-like Sima Yi know what Luo caidie was thinking? after his strength dropped and his sea of consciousness shattered, Lin Yi's body was also affected.

After a day of fighting, although he had gotten better by eating the darkness magical beast's meat, the fatigue that he had felt before had burst out after he had relaxed.

Without the Qi to recover, Lin Yi really did fall into a deep sleep, but he still instinctively maintained a trace of vigilance.

Caidie turned around and stared at Lin Yi in the dark.

There was still a little bit of visibility in the cave, and her eyes were fixed on Lin Yi as she fell into deep thought.

It was as if he could see through Lin Yi by doing that.

However, that was not the case.

The final result was that Luo caidie's eyes were a little sore. When she wanted to close her eyes and rest, she fell asleep without realizing it.

After all, it was a day of life and death, and she was physically and mentally exhausted, even more so than Lin Yi.

If it wasn't for the drama in her heart, she would have fallen asleep long ago ...

The night was silent. When the sky was bright, Luo caidie woke up in a daze.

Lin Yi's calm and emotionless voice sounded in her ears as she blinked her eyes.

"You're awake? If you're awake, then get up! You can sleep so much!"

Luo caidie was shocked, and her body bounced up from the ground as if a spring had been installed in it!

At the same time, she put up a defensive posture in the direction of the sound with a vigilant look, wondering if the little soul had turned into a beast in the end.

And then ... It was awkward!

Luo caidie's face turned red under Lin Yi's cold eyes.

She quickly realized what was going on-Lin Yi was leaning against the wall last night, and he was still in that position.

She didn't know when, but she'd ended up sleeping beside Lin Yi, even using his leg as a pillow for a good night's sleep.

If it was just that, it wouldn't be a big deal, but the thing was that there was a wet patch on Lin Yi's leg, and that was where caidie's mouth was when she was lying on it.

To put it more clearly, she was the one who drooled in her sleep and drooled on Lin Yi's leg ...

Luo caidie felt that her face was about to burn. This was too embarrassing!

Last night, he seemed to have dreamed of eating the dark Demon beast meat barbeque that little soul had made ... So it was all little soul's fault!

You can't blame this lady!

Luo caidie wanted to secretly wipe off the saliva stain, but it was on someone's leg. No matter how thick her skin was, she couldn't reach out!

"Haha...Haha...The weather is nice today!"

Luo caidie laughed twice and turned to look out of the cave, trying to change the topic to resolve the embarrassment.

Lin Yi didn't really mind. He used his fire Qi to dry the saliva on the leather before standing up. "Yes, the weather is good. Let's continue!"

His priority now was to cultivate his Wu Linghai to replace his sea of consciousness. He didn't want to waste any time.

Luo caidie was still embarrassed, so she didn't have any objection. She nodded obediently.

The two of them washed up by the stream and continued on their journey.

But he felt really hungry after a night's sleep-he was planning on finding some dark spirit beast to make breakfast for himself.

Luo caidie had the same thoughts. It was just that she was so embarrassed just now, so she was too embarrassed to make such a request. She could only pray in her heart that Sima Yi little bastard was also hungry ...

No, I can't think about it anymore. I'm going to drool again!

If she were to turn around and drool on his shoulder, she would really die!

Luckily, Lin Yi didn't disappoint her. He found a few dark violent demon rabbits very quickly.

Using the plant attribute to bind him, he quickly ended the battle and became the best ingredient for breakfast.

The dark storm demon rabbit was a type of Dark Demon beast. It wasn't big and could reach Lin Yi's waist when it stood up.

These creatures looked like cute rabbits from the secular world, but they were very strong. If it weren't for the help of the plant element, Lin Yi might not even be able to beat a dark storm demon rabbit in a head-on fight.

After the familiar process, Lin Yi and caidie Luo started to eat.

The two of them didn't have the time to talk as they fought to eat the dark violent demon rabbits.

This time, Lin Yi had experience and had the advantage from the start.

So the ratio was six to four, and Lin Yi was six!

Lin Yi was quite satisfied with this, but Luo caidie was a little upset.

"Hey, Sima Yi, you have the plant attribute, so you can control plants, right?"

Staying on Lin Yi's back, Luo caidie more or less understood Lin Yi's methods.

Although the plant element was rare, as a teacher of the Alliance Academy, Luo caidie had some knowledge of it.

"That's right. How else do you think I saved you?"

Lin Yi didn't want to hide it.

In the Forest of Illusions, the greatest reliance was the plant element. Since he was going to cooperate with Luo caidie, it was normal to let her know.

"I really didn't expect you to have a plant attribute. You're quite powerful."

Caidie said, not really surprised, "If that's the case, our chances of success are much higher! It seems that my luck is indeed not bad. I'm sure I'll be blessed after surviving a great disaster!"

This was quite sincere-if it weren't for the demon eating flower, how would Luo caidie have met Lin Yi?

Even if they met, it was very likely that they would leave on their own while being on guard against each other, right?

"How far is the place you mentioned?"

Lin Yi didn't want to talk about the nature of plants, so he changed the topic. "And has your foot injury gotten better? It's very inconvenient to carry you all the time!"

Chapter 8000

It was full of disdain!

Luo caidie almost went berserk. This lady is as beautiful as a flower, a national beauty, and a heavenly fragrance. It's your good fortune to have you carry me on your back. What do you mean by being so disdainful?

Do you want to die? Ah? Don't you agree?

I'll kick you to death!

Unfortunately, although Luo caidie was roaring in her heart, she didn't dare to make a sound.

It couldn't be helped. He had a soft mouth when he ate people, short hands when he took people, and made people carry him because his legs were disabled ...

When you're begging someone, it's better to be obedient!

"What ... There's still some distance, right? we'll soon enter the inner region of the Forest of Illusions. The darkness magical beasts in this area will be even more powerful."

Luo caidie changed the topic.

After saying a few words, he felt that he still couldn't avoid the problem of his leg injury, so he simply said, "My leg hasn't recovered yet, so I'll have to trouble you to carry me!"

She was glad that she didn't tell Lin Yi the exact location.

Otherwise, this little soul might have left her behind and left on his own.

"But I think that eating the meat of a darkness magical beast will help with my injuries. Why don't we enter the inner area of the Forest of Illusions later and hunt in the outer area for a while? perhaps it will speed up my recovery?"

Luo caidie would never admit that this was just an excuse she came up with to eat more dark magical beast meat.

Even though eating the meat of a darkness magical beast seemed to really help with his injuries ...

"Sima Yi, look, if my injuries were to heal, I wouldn't be a burden to you, right? Not only will I not be a burden, but I can also be of help to you. Isn't that great?"

Lin Yi didn't say anything and continued in the direction he decided on.

"Hey, say something. What do you think?"

Caidie calculated the position and reminded Lin Yi, "Just a little further and we should be in the inner area of the Forest of Illusions!"

"You want to eat meat? We can also go to the inner area!"

Lin Yi finally opened his mouth, a smile that Luo caidie couldn't see on his face, "The darkness magical beasts there should be stronger, right? Perhaps their flesh can speed up your recovery!"

"No... What I meant was to find the weaker ones in the periphery first!"

Luo caidie was anxious.

Eating meat was a good thing, but it would be bad if he gave it to the darkness magical beasts. "The darkness magical beasts in the inner area are very powerful. We might not be able to deal with them in our current state. It's more suitable to go to the outer area now ..."

If she hadn't been injured, Luo caidie would have also planned to enter the inner area alone.

After all, he was in good condition and had a magical treasure to protect him, so he might not be afraid of those powerful darkness magical beasts.

But now ... A little cripple with a destroyed protective magical treasure, Luo caidie had to seriously consider the danger of entering the inner area.

Of course, if she was alone, she would have no choice but to go in and try. If she couldn't cultivate Wu Linghai, she would die.

Now that she had Lin Yi, Luo caidie felt that it would be better for her to recover first, but Lin Yi didn't seem to think so.

"Don't worry, I know what I'm doing!"

Lin Yi had moved forward quite a bit as he spoke.

According to the feedback of the plant's attributes, there was a big guy in the distance. It was a super powerful darkness magical beast!

As for how powerful it was, the plant attributes could not provide a direct data.

However, this was already the inner region, so it definitely wouldn't be weak!

So Lin Yi didn't want to face the powerful Dark Demon beast head on. He wanted to use it as bait and deal with it after luring it over.

"What are you doing?"

Luo caidie tried to persuade Lin Yi, but seeing that Lin Yi had made up his mind, she didn't say anything more. When they were settled on a branch of a big tree, she asked curiously, "Are you going to leave me here? Sima Yi, I'm telling you, you can't do such a thing ..."

"You're thinking too much. "

Lin Yi didn't know whether to laugh or cry. He controlled the vines to form a small vine nest around Luo caidie to make sure that the little cripple wouldn't fall, "I'll set up a trap here to lure and kill the darkness magical beasts. You stay here and don't make a sound! If you're in my way, I don't mind using you as bait!"

"Hey! What do you mean by that? Are you threatening me? Am I someone who's afraid of being threatened?"

Luo caidie glared and was about to argue with Lin Yi.

Lin Yi didn't want to talk to her anymore, and jumped down from the branch.

He used some branches and vines to distract himself and landed on the ground quietly, setting up the trap.

Caidie pouted, secretly angry, but her eyes couldn't help but look through the branches and leaves, watching Lin Yi busy down there.

Lin Yi chose this place to set up the trap because there was a natural pit here, which saved him a lot of time digging.

Under normal circumstances, this pit wouldn't be a threat to the darkness demon beast. After all, although the darkness demon beast was called darkness, its eyes weren't dark, and it wasn't blind!

But it was hard to say after disguising it. It wouldn't attract any attention, so it was perfect to trick the darkness magical beasts.

Lin Yi started with the sword Fang grass.

This kind of plant could be found everywhere in the Forest of Illusions. Its leaves were sharp, but it had no consciousness and would not actively attack anything.

Lin Yi had the plant element, and after he gained control of the sword Fang grass, it turned from a harmless plant to a dangerous weapon.

If a darkness magical beast fell into the pit without any preparation, it might be directly cut open by the sword tooth grass!

At this stage, caidie Luo could still understand. She knew that Lin Yi had the plant element, so she knew what the effect of the transplanted xiphodon was.

However, she couldn't understand Lin Yi's next move!

After coming out of the pit, Lin Yi started placing rocks and branches around the pit, trying to blend them in with the environment so that it looked like they'd been there the whole time.

Could he be setting up another formation?

Luo caidie was secretly puzzled.

But Lin Yi's actions didn't seem like he was setting up a formation.

Moreover, what kind of formation could be set up with rocks, branches, and the like?

And he wanted to use it against darkness magical beasts? what a joke!

Lin Yi, of course, wasn't joking. He didn't have formation flags or spiritual jades to power it, but with the sub island's formations, Lin Yi could use these simple materials to set up some weaker and simpler formations.

What he was setting up now was a weaker version of a simple trapping formation.

Moreover, it was layered with a weakened version of a simple killing formation and a weakened version of a simple illusory formation!

It was a waste of talent to use the layering formation technique to set up a weak version of this trash formation.

However, after the three formations were superimposed, they could more or less increase the power.
