### Chapter 8001 The Power Of The Devil

Lin Yi didn't expect the stacking formation to kill the dark Demon beast, but he just wanted to trap it for a while!

After finishing all this, Lin Yi was ready to get some traps and hidden weapons.

But after thinking about it, Lin Yi decided not to.

In the forest, with the help of the plant element, the so-called hidden weapons might not be as effective as Lin Yi's flexible attacks.

The last step was to put the bait in the pit!

Lin Yi's storage bag had quite a few Dark Demon beasts' furs, like the fantasy night demonic cat, Shadow Wind Wolf, and so on. Not only did he have their smell, but he also had the smell of blood from their fur.

Throwing them into the pit as bait was the best choice.

Lin Yi even used his wind element to blow the smell in the direction of the dark beasts.

After doing all this, Lin Yi quickly climbed up the tree and came to Caidie Luo's side. He looked down through the branches and leaves, waiting for his prey to take the bait.

"Sima Yi, this trap you set up, is it useful?"

Caidie wanted to ask if Lin Yi was setting up a formation, but she couldn't bring herself to ask.

She probably felt that it was not the right time to ask such a question that involved privacy.

"It should be useful! It's hard to judge without trying!"

Lin Yi didn't have much confidence, mainly because he didn't know what level of Dark Demon beast it would attract.

It was already good enough that he could detect darkness magical beasts with his plant attribute, so he couldn't be more detailed.

After all, Lin Yi's spiritual sense was gone, and his ability to control plants with the nature of plants was a lot weaker.

That was why Lin Yi wanted the strong to hide from the weak. If the bait attracted an earth opening or sea shattering stage Dark Demon beast, Lin Yi could only pray that the two people hiding on the tree wouldn't be discovered. Otherwise, it would be over for them!

"Right, lend me your weapon first!"

Lin Yi looked at the illusionary night demonic cat's claw in his hand, not sure if it was reliable.

Even though he had used it to kill many darkness magical beasts before, he was now facing an even more powerful existence.

These claws ... It was hard to say if they could break his defense.

If he could have a proper weapon, it was best to use this claw as a backup!

"Here you go!"

Caidie Luo took out her sword and gave it to Lin Yi.

A lady-suited sword like this was really light-it felt like a feather in Lin Yi's hand, as if it wasn't as comfortable as his own.

A section of the sword was pulled out, and the body of the sword glowed with a cold light, emitting a cold aura.

In terms of sharpness, it wasn't bad. Lin Yi nodded and put the sword back into its sheath.

"Sima Yi, what's the meaning of that look of disdain on your face? If you don't like my sword, then return it to me! I'm not even willing to lend it to you!"

Caidie Luo had been observing Lin Yi's expression the whole time, and she wasn't very happy when she saw that he didn't like it, "This is a famous sword in our Academy. You should feel honored to be able to use it for a while!"

"I'm not disgusted! Why are you saying this?"

Lin Yi was surprised, but he shook his head and smiled, "So it's a famous sword. I'm honored to be able to borrow it!"

"That's more like it. "Luo caidie snorted.

After saying that, he couldn't help but smile and muttered, ""If you dare to despise my sword again, I'll kick you to death when my legs recover!"

Lin Yi couldn't help but turn to look at caidie Luo. Her expression and tone really did sound like Tianji!

Of course, Luo caidie couldn't be Tian Huan.

The two of them were only similar in spirit, not to the extent of the Wu Sisters.

After waiting for a few minutes, there was no movement below. Luo caidie couldn't help but ask, ""Can this trap really attract the dark beasts? If we can't lure them here, are we going to keep waiting here?"

Wouldn't it be a waste of time to wait here?

Luo caidie wanted to persuade Lin Yi to leave the inner area and go to the outer area to find a chance to kill the dark beasts.

The bigger the chance, the higher the chance of survival, right?

Lin Yi didn't say anything, but raised his right index finger and made a shushing gesture.

Lin Yi could feel that the bait was working-the dark Demon beast was coming his way.

Luo caidie's eyes widened for a moment, but she immediately reacted. Not only did she close her mouth, but even her breathing slowed down a lot, for fear that she would attract the attention of the darkness demon beast.

Very quickly, the darkness magical beast that the plant attribute detection had detected quietly appeared within their field of vision.

Luo caidie's pupils contracted and she subconsciously held her breath, not even daring to make a sound.

It was a pitch-black leopard-type darkness demon beast. Its body was three to four times larger than a single Dark Flame demonic Wolf, and the two fangs at the side of its mouth were like two scimitars. It looked like it could easily tear apart any prey's body.

Luo caidie really wanted to show Lin Yi how terrifying this leopard type Dark Beast was!

The strength of any one of them was above the peak of the mountain opening stage, and even the earth opening stage was very common!

Moreover, this type of leopard-type darkness magical beast was fast and had high attack power. Even if she wasn't injured, she could only quietly run away when she saw this type of darkness magical beast.

But she didn't even dare to breathe, so how could she dare to move? He didn't dare to speak!

Luo caidie could only pray in her heart that the dark Demon beasts below didn't fall into the trap, and that they would leave quickly after taking a look!

Once they stepped into the trap, even if Lin Yi didn't do anything, the dark Demon beasts wouldn't let it go.

A darkness magical beast of this level definitely wasn't any less intelligent than a human. Once it knew that it was a trap, it would definitely chase after the person who set the trap!

Lin Yi didn't know this type of leopard-type Dark Demon beast, but he could feel how strong it was. Naturally, his heart was heavy as he held onto the hilt of his sword, waiting for the best chance to attack!

The Black Panther did not approach the trap directly. Instead, it observed from the side for a while, but could not find anything unusual.

Lin Yi's layering formations included illusionary formations-it was a low level one, but it could at least create some different scenes in the pit.

It was actually very easy to break the illusory formation. After all, it was a weakened version of a simple formation.

However, the Black Panther did not know anything about formations and had not entered the place, so it was unable to see through the illusion.

He didn't know what kind of illusion the Black Panther had seen, but it was eager to try!

After all, coupled with the smell of blood in the pit, this was the real blood of a magical Beast of Darkness, the smell of blood that made it hungry and thirsty!

After wandering around for a while, the Black Panther rushed into the illusion. It probably felt that it was powerful, so it was not too vigilant.

Lin Yi's eyes lit up. Now!

The weakened and simplified version of the layering formation was the first to be activated. The trapping formation trapped the black leopard that had entered the pit for an instant. The illusory formation caused it to be slightly dazed, and the killing formation launched its greatest attack!

Chapter 8002

Unfortunately, an attack of this level couldn't even break through the black leopard's defense.

"Roar!"

The Black Panther was a little dizzy. Although it wasn't injured, it was instinctively enraged!

That's right, this kind of attack had infuriated it!

As it raised its head and let out a long roar, the simple layering formation was shattered. The black leopard saw a figure holding a cold light in his hand above it, rushing down like a meteor!

This must be the mastermind, right? This was the mastermind!

The Black Panther's anger had a target now-it focused all its attention on Lin Yi, ready to teach this human a lesson he'd never forget!

That's right, this human was about to die!

But just as the Black Panther was crouching on the ground, charging up its strength to jump up and tear Lin Yi apart with its fangs, the sword Fang grass below it, which had been lying limply on the ground, suddenly became as strong as a sword!

Together, they stabbed into the black leopard's soft and defenseless abdomen!

The Black Panther's body trembled, as if all its strength had been sucked out. It lowered its head in shock and looked at the sword tooth grass beneath it.

How did this happen?

These weeds ... Why would they suddenly attack?

The dozens of wounds were not too big, and one of them would not be fatal.

However, with the number of wounds stacked together, just the bleeding alone was enough to make the black leopard feel so weak that it could not stand steadily.

So, those ticklish attacks and the appearance of that damn human were all to attract its attention and cover for the weeds to attack?

The black leopard was indeed intelligent, and it understood everything in an instant.

If its attention had not been completely attracted by the continuous attacks from above, how could it have been injured by a mere sword tooth grass?

In order to attack this human, it had to jump out of the pit, so it had to bend its knees and accumulate energy to jump. This had simply become an instinct!

The sword tooth grass took advantage of this opportunity to suddenly stab out, which was equivalent to the black leopard sending its well-protected abdomen to the door to be stabbed.

Despicable human!

The Black Panther was furious, but its body immediately stiffened. It realized that it had forgotten about the human, Qingqing!

Due to the sudden attack of the sword Fang grass, the black leopard's power-up was interrupted, and its attention instinctively turned to the sword Fang grass below!

In that split second, the Black Panther understood Lin Yi's plan, but it forgot that Lin Yi was diving down!

The leopard suddenly raised its head, and a cold glint fell like a meteor, directly entering its eyes.

Lin Yi's leg hooked onto the edge of the hole and his body was as straight as a spear as he stabbed into the hole.

The light sword in his hand was half-buried into the black leopard's eyes, deep into its head!

The powerful black Panther had lost all its life force in just a moment.

The dark Demon beast didn't even use its full strength before it was killed by Lin Yi!

Luo caidie, who was on the tree branch, finally dared to breathe heavily. Like a fish out of water, she felt like she was almost suffocating!

As for Lin Yi's operation, Luo caidie was also amazed!

Even the Black Panther could understand the theory behind it. As a teacher of the Alliance Academy, she could naturally see what had happened.

Simply put, Lin Yi's traps didn't really focus on killing, but on attracting the attention of the prey.

The simple formation didn't have much power, but it successfully attracted the black leopard's attention, making it notice Lin Yi's sudden attack.

Under normal circumstances, a surprise attack would be a failure, but Lin Yi still had a backup plan.

Sword tooth grass!

The appearance of the mastermind was enough for the black leopard to focus all its attention on Lin Yi, creating an opportunity for the sword Fang grass to attack its weakness!

Although the sword tooth grass was still not fatal, it was enough to severely injure the black leopard and forcefully divert its attention.

Even if it was just for a moment, by the time the black leopard reacted, Lin Yi had already been exposed. It was like a divine weapon falling from the sky to kill!

The powerful darkness magical beast, dead!

The Black Panther's body lay limply in the hole, and Lin Yi landed lightly, pulling back caidie's sword as he let out a breath of relief.

This matter seemed to be closely linked, extremely precise, and done in one go.

However, it was precisely because it was too precise that a slight mistake could lead to a different story.

Lin Yi had felt a lot of pressure before killing the Black Panther.

Of course, everything was fine now. The process was perfect, and so was the result.

Skinning, pulling out the tendons, cutting the bones, and lighting a fire to grill the meat-Lin Yi was extremely familiar with the whole process, and caidie started panicking.

"Hey, Sima Yi, let me down! I don't want to stay on the tree anymore!"

There was no meat on the tree! I want to eat meat!

Lin Yi couldn't help but smile. After packing up, he got little cripple down from the tree and the two started fighting for the meat again.

The darkness spirit beast in the inner region was indeed different. Its powerful strength made its meat contain more essence.

After Lin Yi and Luo caidie ate it, they felt that the effect was better than the dark beasts they ate before.

In particular, the injury on Luo caidie's leg finally began to get better.

After eating, Lin Yi carried caidie on his back and continued on his way, looking for a new hunting spot to set up traps.

In the next two to three days, he successfully hunted and killed several darkness magical beasts.

After constantly eating the meat of powerful dark magical beasts, Luo caidie's leg finally recovered.

Although the two's spiritual seas didn't get any better, they didn't seem to get worse.

It was clear that the darkness demon beast's meat had a certain effect on the broken sea of consciousness.

"Luo caidie, who else is in your family? Do you have any brothers or sisters?"

One day, Lin Yi threw out a question as he was barbecuing meat.

After spending a few days with caidie, Lin Yi felt a sense of familiarity.

It was as if Tianji was beside him, but he was sure that he really didn't know Luo caidie before.

And so, he wanted to use this chance to ask if caidie Luo really had something to do with Tian Gang!

Just like Wu yucao and Wu Yuhua, they were clearly twins, but they were in two different planes.

"Ah? Haha, why do you ask? I'm a teacher at the Alliance Academy. That's enough for you. Why do you care about my family?"

Luo caidie laughed and said some nonsense to fool him. She even joked, "Could it be that you have some feelings for me? He wanted to propose marriage? I'm telling you, Sima Yi, you should give up on this idea!"

## Chapter 8003

"You ... You're thinking too much!"

Lin Yi was speechless-what did she mean by marriage? What a strange way of thinking!

But with caidie's interruption, Lin Yi could tell that she didn't want to talk about her family at all. There was no point in saying more.

The two of them tacitly avoided this topic and then entered the familiar segment of snatching meat.

After Luo caidie's leg injury recovered, her movements became a lot more agile, and she could basically fight Lin Yi on equal footing.

After eating this meal, they continued on their way. Not long after, Luo caidie stopped and stood in a place that didn't seem special. "It's here. If we keep going forward, we should be able to find the place we're looking for. "

"This place? What's so special about it?"

Lin Yi looked at it and didn't find anything out of the ordinary, "This way? It doesn't look like a path!"

The other directions were similar. The Forest of Illusions looked the same everywhere.

Most people would easily lose their way if they didn't have any auxiliary tools.

"There's a difference. Haven't you noticed that it's especially dark here?"

Luo caidie smiled and took the lead to walk over.

Lin Yi raised an eyebrow and looked at it carefully. It really was the case-it was a little darker here than the other directions.

But in fact, this situation was very normal in the Forest of Illusions. There was nothing strange about it.

Seeing that caidie had already walked in without looking back, Lin Yi could only shrug and follow.

In the end, he had only taken a few steps before a change occurred!

This change was very sudden, without any warning!

It was as if they had crossed some dividing line-Lin Yi could clearly feel the difference in the environment!

The trees and plants were still the same as before, but when he got closer, he realized that these plants were all lifeless, without a trace of life that plants should have.

It looked like a normal plant on the outside, but Lin Yi was a plant. He could tell the difference with a little test.

The plants here were indeed lifeless, and Lin Yi's plant element couldn't communicate with them, let alone control them.

Just like that, Lin Yi's alertness was raised by a few levels!

In the Forest of Illusions, the plant element was his greatest trump card. It was because of the plant element that the entire Forest of Illusions could become his home field.

And after losing his trump card to control plants, Lin Yi didn't think that he and Caidie would have much of a chance of winning if they met a Dark Demon beast.

In fact, he might not even be able to escape.

"What's wrong? You're a little nervous?"

Caidie turned around and smiled as if she could see Lin Yi's tense nerves, "This place is just like the legends. It's a land of death. All the plants in the area have no life. You must have realized that your plant element is useless, right?"

"Yes!"

Lin Yi admitted straightforwardly and raised an eyebrow. "You've been so mysterious all the way and refused to tell me the details of this place. Now that we're here, shouldn't you tell me more about this place?"

"What mystery? you've misunderstood!"

Luo caidie slowed down her steps and waited for Lin Yi to come up, "In fact, there's nothing much to say. It's just that in such a lifeless place, even if we have life, we can't stay here for too long. If we stay here for too long, our life force will disappear and we will die Here."

"That's right, just like these trees and plants you see, they have nothing on the surface, but the inside has completely disappeared! However, this is also a good thing. You don't have to worry about not being able to control the plants because there is no danger here at all! The land of death is also a forbidden area for darkness magical beasts. Under normal circumstances, no darkness magical beasts would be willing to come here. "

Lin Yi suddenly understood-so that was what happened!

Since there weren't any darkness magical beasts here, then whether or not he could control the plants really wasn't that important.

"This is a place without any life. What are we looking for?"

Lin Yi relaxed a little, but still maintained his vigilance.

It wasn't that Luo caidie said that there were no darkness magical beasts that he could completely relax.

"What we're looking for is naturally a dead land. Don't worry, we should be able to see it soon."

Caidie didn't explain further and just smiled mysteriously as she continued to lead Lin Yi forward.

The two of them walked for a few minutes and turned around a huge tree. The view in front of them suddenly opened up and a relatively large open space appeared.

There was a huge tomb in the open space.

Although there were no trees above the tomb, it was still covered in gloomy clouds and fog, unable to see the daylight.

"We've arrived, this is the place!"

When Luo caidie saw the huge tomb, she was a little excited.

She had gone to the Forest of Illusions with great difficulty just to find this place!

If it wasn't for Lin Yi, she wouldn't even have had the chance to find this place and would've been killed by the demon eating flowers on the way.

Sometimes, Luo caidie would think about some boring questions, such as whether it would be more miserable to be eaten by the demon eating flower or by the dark Demon beasts.

Fortunately, she didn't need to think about these boring questions now. If she could find this place alive, there was a possibility of repairing her spiritual sea!

Lin Yi lifted his head and sized up the huge tomb. He wasn't unfamiliar with exploring ancient tombs.

Many ruins looked like this, so it wasn't strange.

"How do we get in?"

Lin Yi was direct, asking the most important question.

"Don't worry! I still have some things to say. "

Caidie Luo raised her hand to stop Lin Yi and said with a serious expression, "It's said that you'll encounter great danger if you enter this tomb. Sima Yi, are you sure you want to go in?"

"You have to know that whether you can obtain any benefits after entering depends on your own luck! The chances of getting nothing were very high, but they would definitely encounter those dangers! Have you thought it through? are you really going in?"

"Ha ... Is there no danger in the Forest of Illusions? Since we've come here, let's not talk about whether we've gained anything or not. Who would stop because of danger?"

Lin Yi smiled and shook his head. He looked at caidie, "Are you afraid? It doesn't matter, we're already here. If you're scared, you can wait for me outside. I can go in alone. "

"Hmph! I've gone through countless dangers and finally found this place, how can I give up halfway?"

Luo caidie pouted, snorted, and walked toward the tomb. ""Since you're not afraid, then follow me!"

As she said, it was not easy to find the place. Even if she had to die, she had to die inside!

Because if he didn't enter, his spiritual sea would eventually collapse again and he would die sooner or later.

Chapter 8004

Only by going in and taking a risk to see how good his luck was would he be able to find a chance of survival!

There was a tall stone tablet with no words in front of the mound. From its position, it should be a gravestone, but there were no words on it. It was impossible to tell who had left this mound and whether there was anyone buried inside.

Or was it just a tomb-shaped ruin?

Lin Yi looked at the wordless stone tablet and couldn't help but guess. He followed caidie around the stone tablet and saw a stone door on the mound.

The stone door didn't have any complicated mechanisms and could be pushed open with force. It seemed that the owner of the tomb didn't care about people entering.

After opening the door, a stone staircase leading down appeared in front of the two.

There was an oil lamp on the walls on both sides of the passage at regular intervals. When the door opened, the oil lamps would light up in turn.

Although the light was dim, it was enough to light up the passage.

However, this passage was not straight. There were curves, so the two could only see the curve.

"Go in!"

Lin Yi nodded to caidie Luo and walked into the passage.

When the door opened, air gushed out from the passage, but there was no smell of suffocation or decay. Obviously, there was its own air circulation channel inside, so there was no need to worry about suffocation.

Luo caidie nodded. She instinctively wanted to walk in front to deal with some sudden dangers.

After all, she felt that she was much stronger than Lin Yi, and that was without the plant element.

But Lin Yi went in first, so caidie didn't force him.

She felt that she should take care of a man's pride at a time like this-she didn't want Lin Yi to be upset if she had to take the first place.

In fact, Lin Yi didn't think too much about it. If Luo caidie wanted to lead the way, Lin Yi would have said that the ladies First ...

The two of them spiraled down the stairs. After about a hundred steps, they arrived at another door underground.

The door here was much taller than the one above, and there were two black human-shaped stone statues guarding it.

There wasn't any movement, but Lin Yi's instinct told him that there was more to the two statues than met the eye!

"Luo caidie, the danger you were talking about, do you mean these two stones?"

Lin Yi stood on the last step and asked caidie in a low voice.

After all, they had not encountered any danger along the way.

If there was anything dangerous, it would be the two stone statues that were suspicious.

Caidie Luo was a bit confused, but she glared at Lin Yi and coughed, ""How is this possible? aren't they just two stone statues? The real danger should be after the door is opened. "

"Is that so?"

Lin Yi's mouth twitched, a bad feeling in his heart. "You actually don't know what's dangerous inside, do you?"

Just this performance was clearly a bad start, picking up all the equipment and guessing all the dangers!

"What's wrong with not knowing? It's already good enough that I can bring you here!"

In order to cover up her guilty conscience, Luo caidie straightened her neck and shouted, ""You can't blame me for this? From the records I found, there's only one sentence about how dangerous it is inside the Tao Wu! And I've already told you everything!"

At the end of his sentence, he almost added, 'you ask me, but who should I ask?!

"Alright, alright, alright, I won't blame you!"

Lin Yi decided to back off. Reasoning with women was unreasonable.

Now that he knew that he couldn't count on her, Lin Yi could finally be mentally prepared.

"Wait here for a while, I'll go over and take a look!"

Lin Yi still felt that something was wrong with the two black human-shaped stone statues, so he didn't feel safe letting Caidie go with them.

If anything happened, he'd have to take care of her.

However, Luo Caidie didn't appreciate it. She snorted twice, "Sima Yi, are you still unclear of the situation? In this place, I'm stronger than you. What do you mean by that?"

"What I mean is that you'll help me hold the line here, so that you can help me in time if anything happens! Generally speaking, the vanguard's strength is not strong, and the strong are behind. Don't you think that's the case?"

Lin Yi decided to bullshit-if he really did say what he was thinking, he wouldn't be able to do anything today!

Caidie didn't hear the half-hearted tone in Lin Yi's words and nodded in satisfaction, "What you said does make some sense, so let's do it this way! I'll hold the line for you, so don't worry!"

Lin Yi's mouth twitched, not sure if it was a smile or not. He waved his hand and walked down the stairs to the door.

As he walked, Lin Yi placed most of his attention on the two human-shaped stone statues.

As expected, Lin Yi's bad feeling came true after two steps.

The two human-shaped stone statues suddenly moved.

The black outer layer of their bodies started to shed off bits of debris. Their movements were stiff, but they were full of strength as they prepared to charge at Lin Yi.

Luo caidie was suddenly shocked. She wondered if it was time for her, the backup, to go on stage, so she was ready to wait for the opportunity.

Lin Yi didn't look back, but he seemed to know what caidie was thinking. He raised his hand casually, signaling her not to move.

Lin Yi didn't want to let caidie fight before he saw what the two stone statues were capable of.

Caidie Luo hesitated and chose to believe in Lin Yi.

During this time, the stone statue began to charge. Its heavy body was unexpectedly light.

There wasn't any sound or vibration as he walked, and he was in front of Lin Yi in an instant.

The two stone statues were on the left and right, using both their hands and feet. Their movements were wide and open, and they seemed to have some power.

Lin Yi's butterfly steps allowed him to use his agility to Dodge the attacks, and he slowly began to have an idea of what was going on.

The two stone statues weren't too strong, around the original level. Lin Yi could barely handle them with his current strength.

The illusionary night demonic cat's sharp claws continuously attacked, leaving marks on the two stone statues, but the stone statues didn't react.

It was as if Lin Yi's attacks weren't even an itch to them.

But Lin Yi didn't give up. He continued to scratch the two statues.

He didn't have any other moves anyway. Even if the power of the attack wasn't good, it wouldn't be useless if he attacked too many times.

"Sima Yi, let me help you?"

Luo caidie, who was the backup, was a little impatient. She also saw that the combat power of the two stone statues was average, so after shouting, she directly drew her sword and attacked!

Lin Yi didn't stop him this time. The stone statue's fighting strength was limited anyway, so it shouldn't be a problem for Luo caidie to come up.

As expected, with the two of them working together, dealing with the two stone statues became much easier.

As the sword light and the sharp claws flew, the stone chips on the stone statue fell off, revealing the translucent bones inside.

Chapter 8005

Lin Yi was a little surprised-the statue was weird indeed, but what was that thing inside?

The illusionary night demonic cat's claws seemed to cut through the air, without any resistance.

"Sima Yi, What is this? Why did my sword ... Miss?"

Luo caidie also found the abnormality and was suddenly at a loss.

The outer shell of the stone statue could at least be cut off a little. Who would have thought that the thing under the shell was immune to physical attacks?

"You're asking me?"

Lin Yi was speechless.

Big sister, this is the place you brought me to. It's fine if you don't know, but you're actually asking me?

"If I don't ask, who do you ask? Should we ask them?"

Luo caidie's eyes widened.

Although she could still handle it, if this continued, she would die of exhaustion one day.

In the face of an unkillable enemy, it was useless no matter how strong you were!

Lin Yi's lips twitched, remembering that he shouldn't argue with women. He started thinking of an answer to brush her off. "At first, I thought they were some kind of puppets used to guard the door. After we entered their range of protection, they would attack us."

It wasn't the first time he'd encountered a situation like this-The Kraken King's puppet, for example.

However, these two stone statues were clearly different from the puppets of the sea serpent King.

"But now, I don't think they're puppets. They're just wearing the outer shell of a puppet! We broke their outer shell, which revealed their true form. "

Caidie couldn't help but interrupt before Lin Yi could finish his sentence, "So? What is their true form?"

Lin Yi didn't know the answer to that question!

He could only change the topic. "If you want to know what they are, break their outer shells first!" He said.

Luo caidie felt that it made sense, so she tightened her hand. The light sword emitted more and more dazzling light, constantly breaking the outer shell of the two stone statues.

Soon, the thing under the shell was completely revealed. It was still two human figures, but they looked a little unstable, as if they were constantly fluctuating.

No matter if it was Luo caidie's sword or Lin Yi's claws, none of his attacks could touch them.

Any attack would pass through it.

In other words, these two strange things just stood there and let Lin Yi and Lin Yi attack them, but they weren't hurt at all.

"What the hell? Why is it like this?"

Luo caidie felt a little guilty.

After the two monsters in front of him removed their outer shells, they temporarily stopped moving and did not launch any attacks.

But it was more like the calm before the storm. Luo caidie didn't know what would happen next.

Lin Yi frowned. This situation was similar to the ethereal state.

However, the void-form of the primordial spirit did not have such a solid appearance.

Speaking of which, it was a bit like a primordial spirit body. Or perhaps it should be said that these two strange things were in between a primordial spirit body and a primordial spirit void. They had two characteristics!

Lin Yi's eyes lit up-this seemed to be similar to the great witch of ghost Yin, could this be a sorcerer spirit body too?

It was a pity that Lin Yi couldn't use his spirit sense attacks, or he could try it!

"Sima Yi, they're not moving. Is it because they can't move without an outer shell? Why don't we just ignore them and go through the door?"

Caidie Luo quietly got closer to Lin Yi and whispered, "It's impossible to leave, so we can only move forward! Let's take one side each and see if there's a mechanism to open the door ..."

Before he could finish, two strange things suddenly floated over, their targets Lin Yi and Luo caidie.

Luo caidie exclaimed. Her long sword flew up and down, creating a silver light in front of her, forming an airtight defense.

Unfortunately, this kind of defense was not an obstacle to the flying thing at all.

While being immune to physical attacks, it would also ignore physical defense.

Therefore, Luo caidie's defense didn't play any role. The thing directly penetrated the sword curtain, and its hands came together to grab Luo caidie's head!

Luo caidie was shocked. She quickly stepped back, but that thing followed her like a shadow, and the distance between the two sides was getting closer and closer.

"Sima Yi, quickly run!"

At this critical moment, Luo caidie didn't forget to remind Lin Yi.

Before she could finish her sentence, the thing was already on her body. On the other side, Lin Yi was in a similar situation.

Luo caidie told Lin Yi to run, but Lin Yi didn't move at all.

Lin Yi knew what level of strength he was at right now, and whether or not he could avoid the pursuit of that strange thing.

The two of them were wrapped up by something that came out of the stone statue almost at the same time!

However, the terrifying thing that they had imagined did not happen. The two of them were in a daze for a moment, and everything returned to normal.

The door in front of him was already open, and on both sides of the door, the black stone statues stood there as if they had never moved. The powder on the ground had also disappeared.

It was as if nothing had happened!

"Sima Yi ... Are you alright? I ... Did I fall into an illusion just now?"

Luo caidie's forehead was covered with fine beads of sweat, and her back was even more drenched in sweat, soaking her clothes.

The crisis just now had really frightened her, but who knew that in the blink of an eye, nothing had happened!

"Sima Yi, what happened just now? Are we in an illusion?"

Luo caidie didn't have any problems with this explanation. The Forest of Illusions was full of illusions, and she didn't encounter many illusions along the way with Lin Yi. She thought it was a bit strange!

"Yes, you were trapped in an illusion just now!"

Lin Yi nodded with certainty, his serious face making caidie unable to doubt him at all.

In fact, Lin Yi knew that everything that happened just now was real. There was no illusion at all.

After his sea of consciousness shattered, Lin Yi didn't know what happened but he could see through the illusion.

He knew very well if he was in an illusion or not.

As for why it ended up like this ... Lin Yi didn't know.

After the two things in the stone statue wrapped around him and Luo caidie, they didn't seem to have any malicious intentions.

"No ill will" only meant that they didn't hurt the two of them, but Lin Yi still felt that something was wrong, but he couldn't tell what it was.

"So it's an illusion, you scared me! I really thought that there was such a terrifying thing!"

Luo caidie heaved a sigh of relief, patted her chest, and then asked suspiciously, ""That illusion was very realistic. We shouldn't have been able to break free from it. Why did we suddenly break free?"

"I don't know," Lin Yi shrugged and walked towards the door.

If he really had to explain it to Luo caidie ... What a waste of his saliva? He would let her make up her own story.

Chapter 8005

Lin Yi was a little surprised-the statue was weird indeed, but what was that thing inside?

The illusionary night demonic cat's claws seemed to cut through the air, without any resistance.

"Sima Yi, What is this? Why did my sword ... Miss?"

Luo caidie also found the abnormality and was suddenly at a loss.

The outer shell of the stone statue could at least be cut off a little. Who would have thought that the thing under the shell was immune to physical attacks?

"You're asking me?"

Lin Yi was speechless.

Big sister, this is the place you brought me to. It's fine if you don't know, but you're actually asking me?

"If I don't ask, who do you ask? Should we ask them?"

Luo caidie's eyes widened.

Although she could still handle it, if this continued, she would die of exhaustion one day.

In the face of an unkillable enemy, it was useless no matter how strong you were!

Lin Yi's lips twitched, remembering that he shouldn't argue with women. He started thinking of an answer to brush her off. "At first, I thought they were some kind of puppets used to guard the door. After we entered their range of protection, they would attack us."

It wasn't the first time he'd encountered a situation like this-The Kraken King's puppet, for example.

However, these two stone statues were clearly different from the puppets of the sea serpent King.

"But now, I don't think they're puppets. They're just wearing the outer shell of a puppet! We broke their outer shell, which revealed their true form. "

Caidie couldn't help but interrupt before Lin Yi could finish his sentence, "So? What is their true form?"

Lin Yi didn't know the answer to that question!

He could only change the topic. "If you want to know what they are, break their outer shells first!" He said.

Luo caidie felt that it made sense, so she tightened her hand. The light sword emitted more and more dazzling light, constantly breaking the outer shell of the two stone statues.

Soon, the thing under the shell was completely revealed. It was still two human figures, but they looked a little unstable, as if they were constantly fluctuating.

No matter if it was Luo caidie's sword or Lin Yi's claws, none of his attacks could touch them.

Any attack would pass through it.

In other words, these two strange things just stood there and let Lin Yi and Lin Yi attack them, but they weren't hurt at all.

"What the hell? Why is it like this?"

Luo caidie felt a little guilty.

After the two monsters in front of him removed their outer shells, they temporarily stopped moving and did not launch any attacks.

But it was more like the calm before the storm. Luo caidie didn't know what would happen next.

Lin Yi frowned. This situation was similar to the ethereal state.

However, the void-form of the primordial spirit did not have such a solid appearance.

Speaking of which, it was a bit like a primordial spirit body. Or perhaps it should be said that these two strange things were in between a primordial spirit body and a primordial spirit void. They had two characteristics!

Lin Yi's eyes lit up-this seemed to be similar to the great witch of ghost Yin, could this be a sorcerer spirit body too?

It was a pity that Lin Yi couldn't use his spirit sense attacks, or he could try it!

"Sima Yi, they're not moving. Is it because they can't move without an outer shell? Why don't we just ignore them and go through the door?"

Caidie Luo quietly got closer to Lin Yi and whispered, "It's impossible to leave, so we can only move forward! Let's take one side each and see if there's a mechanism to open the door ..."

Before he could finish, two strange things suddenly floated over, their targets Lin Yi and Luo caidie.

Luo caidie exclaimed. Her long sword flew up and down, creating a silver light in front of her, forming an airtight defense.

Unfortunately, this kind of defense was not an obstacle to the flying thing at all.

While being immune to physical attacks, it would also ignore physical defense.

Therefore, Luo caidie's defense didn't play any role. The thing directly penetrated the sword curtain, and its hands came together to grab Luo caidie's head!

Luo caidie was shocked. She quickly stepped back, but that thing followed her like a shadow, and the distance between the two sides was getting closer and closer.

"Sima Yi, quickly run!"

At this critical moment, Luo caidie didn't forget to remind Lin Yi.

Before she could finish her sentence, the thing was already on her body. On the other side, Lin Yi was in a similar situation.

Luo caidie told Lin Yi to run, but Lin Yi didn't move at all.

If he really had to explain it to Luo caidie ... What a waste of his saliva? He would let her make up her own story.

Chapter 8007

Lin Yi's mouth couldn't help but Twitch as he watched Luo caidie gesturing on the ground with the scabbard.

However, it was obvious that Luo caidie didn't understand the truth behind this, so there was less to laugh about.

As the two of them spoke softly, the son of a B \* tch and his grandson, oh no, it should be Wang Ba, Gao Zi, and GUI Shen had already walked over.

GUI sun had a disdainful smile on her face as she pointed her sword at Luo caidie, ""Who Do You Think You Are, to actually dare to point fingers at me? I can talk if I want to, I can sing if I want to, what's your business?"

"Luo caidie, this isn't the Alliance Academy. No one cares if you die or not, so you'd better be smart. Don't get yourself into trouble and die without even knowing how you died!"

"Hmph!"

Snorting coldly, Luo caidie was not afraid at all. She immediately drew out her long sword and pointed it at the two people opposite her, ""What's wrong? Do you think I'm afraid of you? Don't talk nonsense, let's attack together!"

Lin Yi was speechless-this was a bit of a problem? They wanted to start a fight just because they didn't agree!

"Hehehe, Luo caidie, you're already a cripple, yet you're still so arrogant? To be honest, why would we need to join forces to deal with you now? Any one of them can beat the two of you!"

Wang Ba Gaozi and Luo caidie's enmity was obviously deeper, so the ridicule directed at Luo caidie was also more: "I can't even be bothered to attack a piece of trash like you! By the way, you're here to find a way to cultivate Wu Linghai, right?"

"Hahahaha, that's too unfortunate. With us here, do you think you still have such hope?"

GUI Shan laughed out loud, matching Wang BA's posture."Why don't you kneel down and beg us? if you beg us, we might let you live if we don't soften our hearts."

Luo caidie's face was ugly. She knew that what they said was not without reason.

These two were good at ruining things. They might not be able to find Wu Linghai's cultivation method by themselves, but to destroy Luo caidie ... They were very confident!

"Those two clowns, I don't know how you got here, but you'd better behave and don't get in my way. Otherwise, I don't mind taking care of you first!"

Lin Yi stood in front of caidie with his hands behind his back, looking at the two coldly, ""If you're not convinced, you can try!"

Wang Ba Gaozi and GUI Shan were both slightly stunned.

They really didn't take Lin Yi seriously at all, thinking that he was just some cannon fodder Luo caidie found.

She didn't dare to look down on Lin Yi anymore-he had the air of a Grandmaster just by standing there!

Before a martial artist made a move, it was difficult to see the true level of the martial artist.

However, it was usually very difficult to disguise the bearing of an expert!

Although Lin Yi's current strength wasn't very good, he was a real master of the sea shattering realm before. He was more than enough to scare Wang Ba, Gao Zi, and GUI sun.

"Who are you? Why are you interfering in the matter between us and Luo caidie?"

GUI sun's expression was solemn and he didn't dare to be slow, ""We have no intention of being enemies with you, Sir. It's best if you don't provoke us!"

His words sounded tough, but in reality, he was obviously afraid!

If he wasn't afraid, he would have directly drawn his sword and attacked!

"Luo caidie is my partner. If you offend her, you're offending me. So what do you want now?"

Lin Yi's cold eyes swept over the two people's faces, "If you're not convinced, then let's have a fight first!"

The more unyielding he was, the more the two people on the other side didn't dare to act rashly.

Luo caidie's heart was uneasy, afraid that Wang Ba Gaozi and GUI sun would really rush up and fight to the death.

However, Lin Yi was standing up for her, so she couldn't back down. She stood beside Lin Yi with her sword and looked at him calmly, not showing the panic she was feeling.

"Hahaha, no need! We're not mortal enemies, what's the point of fighting in such a dangerous place?"

Gui Ye rolled his eyes and laughed, "I haven't asked how I should address you, Sir? I'm GUI Shen, GUI as in GUI Shen, and Shen as in Eagle Shen!"

Since he didn't want to fight, he would first pull some strings and figure out the details before deciding what to do.

"I know, you're a bastard!"

Lin Yi nodded indifferently, making GUI sun's face turn red. It didn't sound wrong, but it didn't feel right at the same time. She couldn't refute it even if she wanted to.

"The other one is a son of a B \* tch. Luo caidie has already called your names just now, so there's no need to introduce them again!"

It was Wang BA's turn to blush-she didn't know what Lin Yi was saying, but it wasn't anything good!

"Grandson of a turtle, son of a B \* tch!"

Lin Yi's lips curled up into a smile as he looked at the two people before him.

GUI Shan and Wang Ba didn't know what to do-they didn't know if Lin Yi was cursing or something, but it didn't feel good.

"What's your name? You should at least let us get to know you, right?"

GUI Shan tried to change the topic as she didn't want to continue talking about their names ...

"My name is Sima Yi. Now that everyone knows me, then ... Apologize to my companion Luo caidie!"

If it was someone else, they might've stopped, but Lin Yi knew that he had to be tough to the end!

If he retreated even a little, the other side might become suspicious and attack him.

The most important thing right now was to repair his sea of consciousness. To be safe, Lin Yi chose to take the risk.

This might sound like a paradox, but it was quite appropriate to apply it to the two fellows in front of him.

"Hahaha, Aiya, we and Luo caidie are teachers from the same Academy. We're used to talking and laughing. Brother Sima, you might have misunderstood!"

GUI sun definitely didn't want to apologize to Luo caidie, so she just laughed it off.

Lin Yi's face was cold and he didn't say anything.

GUI sun laughed dryly and turned to Luo caidie, "Teacher Luo, don't you think so? Right now, everyone's goal is the same, so it's actually much better to work together than to fight alone. Why don't we work together?"

Luo caidie looked calm on the surface, but she was actually very uncertain in her heart.

Since GUI Shan had taken the initiative to give her a way out, she wanted to use this opportunity to get out of the situation.

"Sima Yi, GUI sun is right. If we work together, our chances of success will be higher ..."

Before she could finish, Lin Yi raised his hand and interrupted her. "Luo caidie, you don't have to say anymore! GUI Shan, if you want to cooperate, show me your sincerity! Apologize!"

Lin Yi knew that he wasn't a match for these two, but he still maintained a tough attitude and didn't give them any leeway.

An apology was a must!

GUI sun's face twitched-he didn't think that Lin Yi would be this tough!

Chapter 8008

But just as Lin Yi expected, the tougher the attitude, the more alert GUI sun was, and she didn't dare to have any thoughts of falling out.

"Hahaha, brother Sima is really a serious person. You're just right with my temper!"

GUI sun's face darkened for a moment before he smiled and waved his hand. ""Forget it, forget it. We're all friends. It's a little too much to joke around. It's indeed our fault."

"Teacher Luo, we're sorry for our offense just now! You're a magnanimous person, so don't take it to heart!"

It wasn't a very formal apology, more like a joke. But no matter what, GUI Shan had already apologized.

Under Lin Yi's threat, GUI sun was really a coward. She didn't dare to fight Lin Yi head-on, nor did she leave.

Wang Ba Gaozi was indignant, but since GUI sun was already like this, she could only unwillingly say "sorry" as an apology.

Caidie Luo was surprised. She knew what kind of people these two people were, but she didn't expect them to lower their heads and give in to Lin Yi's Bluff.

Caidie knew exactly what Lin Yi's background was.

If they were in the Forest of Illusions, Lin Yi would be able to take on the two with the help of the plant element.

And in this tomb that had no life, no plants ... Lin Yi really was just a piece of trash!

"Alright, since we're all friends and have the same goal, let's work together!"

Lin Yi's cold expression softened as he nodded to the two, "What should we do next? do the two of you have any ideas?"

There was nothing in this open space other than the four doors. If these two weren't here, Lin Yi would've thought that he had to choose one of the other three.

But of course, he didn't think so now. GUI Shan and the other man had come out from the opposite door, and they had just arrived here. It was obvious that there was more than one passage into the tomb!

The mound that Luo caidie brought Lin Yi to was probably only one of the entrances to this underground tomb.

The two found another entrance.

The other two doors probably corresponded to two entrances, so if they left through the doors, they would most likely be leaving the tomb.

GUI Shan and Wang Ba looked at each other, their eyes containing a meaning that only they could understand.

Simply put, the two of them had come to an agreement-they'd pretend to be nice to Lin Yi first, and then find a chance to screw him up later.

It'd be great if they could kill Lin Yi, but if they couldn't ... Then they'd have to kill him!

"Brother Sima, the information we found did have some records. There should be a mechanism in this place. Let's look for it first."

GUI sun turned to Lin Yi with a smile on her face. "After the mechanism is activated, there will be some changes here. There's no need to be nervous. The records say that there won't be any danger, so don't worry!"

Lin Yi looked at caidie Luo. As expected, this woman was still as unreliable as ever. She obviously didn't know about this.

That's right, when she chose the path before, she had relied on luck to come here, so it was normal that she didn't know about the traps here.

"Then let's find the mechanism. What does it look like?"

Lin Yi knew that he couldn't count on caidie anymore, so he nodded to GUI sun calmly, ""Is there anything I need to pay attention to after I find it?"

"There's no need, I've already seen the mechanism!"

Wang Ba suddenly walked to the center of the room and stepped on a bump on the ground.

The ground began to shake slightly, and Wang Ba quickly flew to the side in a flash.

The ground she had been standing on began to rise, and the dome above her began to change.

Lin Yi was a bit surprised-it was that simple?

The mechanism was so obvious. Was it a toy for kindergarteners?

Why didn't it seem to be as difficult as he imagined? This was too perfunctory ...

But thinking about it, Lin Yi didn't just stand there. He backed up with Caidie and the others until they were close to the door.

There was no longer any vibration at this position, and the thing that rose from the center was already in place.

It turned out to be a pitch-black Altar.

On the dome above the hall where everyone was, there were countless spots of light. It looked like a starry sky, extremely gorgeous.

"Is this what you guys are talking about?"

Lin Yi felt that something was off, but he couldn't tell what the altar was for.

Also, the man-made starry sky above didn't seem to be something like a formation.

"That's right. I was talking about this. I didn't expect it to go so smoothly!"

GUI sun smiled happily and cupped her fists to Lin Yi, "Brother Sima is a Lucky Star. We just met you and you found our target."

"Brother Sima, you should know what this is, right? If you know, I won't be long-winded and let's just start. "

"No, I don't know! You can explain it to me, right?"

Lin Yi said, shaking his head.

What you know is what you know, but what you don't know is what you don't know. It's scary to pretend to know when you don't.

Even though it was very likely that GUI Shan would spout nonsense, as long as there was some information that was true, he could more or less make a judgment.

"Oh, so brother Sima doesn't know what this is? then I'll explain it in detail."

GUI sun's eyes flashed and a faint smile appeared on her face, ""It's like this. This altar was very famous since ancient times. However, it has been passed down to this day and has been buried for too long. As a result, not many people know about it. "

"Its name is the star wish altar. As long as you step onto the altar and pray sincerely, the star wish will descend and grant you the thing you need the most."

"Of course, these things are basically limited to the scope of cultivation methods, martial arts techniques, and so on. Anyone who receives the blessing of the stars can become an all-powerful Big Shot!"

Gui Ye's face revealed a fanatical expression, as if he had already obtained an invincible cultivation method and martial technique, becoming a super expert whose might shook the world!

"I see, this is called the star wish altar?"

Lin Yi exclaimed as he looked at the pitch-black Altar.

GUI sun's words should be true-Lin Yi could feel a mysterious power summoning him from the altar.

The method to repair the deific consciousness sea, or to replace it with the Wu spirit sea, should be on this altar!

He originally thought that it would expend tremendous effort, but he did not expect that it would actually be so smooth. It was truly surprising!

But Lin Yi felt that something was wrong!

After all, the journey had been too smooth. It could be said that there was no danger at all!

Chapter 8009

GUI sun's lips curled up into a mocking smile, but it was quickly replaced by a warm one, ""Brother Sima, the star wish altar has appeared. You should go up and receive the blessing of the star wish first! The first person to go up would most likely get the best blessing! We're all on the same side, so don't refuse!"

Up until now, what GUI Shan said was basically the truth, but he had hidden the most important point, the Suan ni altar needed a sacrifice to activate!

If there were no sacrificial offerings prepared on the star wish altar, the person who went up would become a sacrificial offering and offer up that person's life.

GUI Shan and Wang Ba came here to find the star wish altar, so of course they had prepared the offerings in advance.

If Lin Yi knew about this, he'd definitely prepare a sacrifice.

However, GUI sun had already confirmed that Lin Yi didn't know about the altar, so there was no way he could talk about the offerings.

In other words, as long as Lin Yi went up the star wish altar, he would become a proper sacrifice to the stars above.

The sacrifice of a living person was many times more effective than the sacrifice prepared by GUI Shan and the others.

So this was a plan that killed two birds with one stone-while using the altar to get rid of Lin Yi, he'd also be sacrificing a great sacrifice!

"Sima Yi, wait!"

Luo caidie pulled Lin Yi back, her expression uncertain, "I don't think it's that simple. Something's not right. Why don't you stay here and let's study it?"

"Luo caidie, what are you saying? If you don't understand, then don't talk nonsense, okay?"

Wang Ba snorted coldly and slapped Luo caidie's hand away. She turned to Lin Yi and smiled, "Brother Sima, the star wish altar will only be activated for no more than ten minutes each time. After the time is up, it will fall into a deep sleep. It's hard to say when it will wake up again."

"It might resuscitate in two or three days, but it might not resuscitate in 20,30, or even 400 years. Are you sure you want to waste this opportunity?"

"You have to know that the beginning ceremony of the blessing of the stars will take some time. It's really not enough for you to go back and forth!"

Wang Ba said in a gloating manner.

It didn't matter if it was real or fake, she was going to trick Lin Yi into going to the altar.

"Many thanks! I'll be the first to go up!"

Lin Yi cupped his hands and started walking towards the altar.

It wasn't that Lin Yi didn't have his suspicions, but there was indeed an invisible force coming from the altar, as if it was summoning him.

Most importantly, for some reason, Lin Yi felt that he couldn't refuse the call.

Yes, knowing that there were Tigers on the mountain, he was inclined to go to the Tiger Mountain.

Lin Yi was feeling that way right now.

If Lin Yi was at his peak, this summoning would be child's play.

But now, Lin Yi couldn't say no.

"Sima Yi!"

Luo caidie wanted to stop Lin Yi from going up.

There was no need for any other reason. Just by looking at the two guys 'eager looks, she felt that there was definitely something fishy going on.

The two wouldn't let Lin Yi go up first if there was something good going on-they'd be the ones rushing up.

Lin Yi turned around and smiled, waving his hand at caidie, "I'm fine. Don't worry about me!"

In fact, Lin Yi was smiling bitterly in his heart.

Since he couldn't refuse, he would face it with a smile!

Luo caidie pouted and widened her eyes. Just because you say he's fine, he's fine?

But she couldn't say anything-she knew she couldn't stop Lin Yi from making his decision!

Now, the only thing she could do was to be on high alert. If there was anything wrong, she would immediately come to the rescue.

The moment Lin Yi turned around, the smile on his face disappeared. Step by step, he walked up the stairs.

With every step he took, the feeling of Destiny Calling him grew stronger!

Soon, Lin Yi was at the top of the altar.

Before Lin Yi could get a clear look at the altar, the Starlight from the ceiling poured down and concentrated on the top of the altar.

Under the starlight, Lin Yi felt as if he had entered a dream space, wandering in the sea of stars. His body was floating, and even his spirit was soft and lazy.

To put it more bluntly, it was like entering a dream!

But Lin Yi knew that this wasn't a dream!

Everything around him had disappeared, leaving only the endless starry sky.

Who am I? Where am I? What am I doing?

A few questions lingered in Lin Yi's mind.

It was a very ethereal feeling, as if a mysterious force was guiding Lin Yi's thoughts!

It was wrong!

In that instant, Lin Yi understood that something was controlling his thoughts!

Most importantly, Lin Yi had been keeping his subjective thoughts, and the controlled thoughts were guided in the dark!

This kind of guidance allowed Lin Yi to walk up to the altar step by step.

Lin Yi wanted to resist, but he didn't know where to start.

Suddenly, Lin Yi's mind shook as a line of words appeared in the sky above his broken sea of consciousness.

Copper body and iron bones, controlling the sea and connecting with the gods, not as good as Wu Ling, transcending the world!

The short 16 words seemed to have gathered all the stars in the sky and emitted a bright light that was even more dazzling than the sun. At the same time, it was filled with a domineering aura that seemed to reign supreme in the world!

This was ...

Lin Yi only looked at it in his sea of consciousness for a moment, and his blood was boiling!

The literal meaning was actually very simple. It said that it was a third state that transcended the physical body and primordial spirit, the bi Wu spirit body!

Or rather, the Sorcerer spirit body was a higher level than the physical body and primordial spirit!

These 16 words were the key that led Lin Yi to the unknown realm!

A faint feeling of enlightenment started to form. There were no words this time, but Lin Yi knew what he should do next.

This was the thought in the dark, guiding him.

With blood as a guide, with one's body as a medium, to trace the great Dao, one could become a witch spirit!

The 16 resplendent words above his sea of consciousness suddenly changed into these few words!

Then, as if out of instinct, Lin Yi uncontrollably cut his finger and started to trace the Starlight characters in the air in front of him.

At this moment, in Lin Yi's heart, it was the great Dao!

But things weren't that simple. Lin Yi had just started the first stroke when his fingers were controlled by the Starlight characters in his sea of consciousness!

Lin Yi's boiling blood gushed out from his fingertips, spiralling in the air in front of him and forming the Starlight characters in the sky above his consciousness.

Lin Yi's face was pale, partly due to the rapid loss of blood, and partly because the Starlight words above his sea of consciousness had changed.

I, Suan ni, use my blood as a guide and my body as a sacrifice. I, the great shaman, shall descend upon me!

Chapter 8010

No, this wasn't right!

This wasn't a great Dao at all. He had been deceived!

However, Lin Yi's consciousness suddenly blurred. The huge loss of blood not only weakened his body, but also made his already injured essence spirit even worse!

If Lin Yi didn't have the support of his strong will, he might have fallen into a deep coma already.

The sixteen blood words formed in front of him, and a black mist gathered, entering Lin Yi's Shattered sea of consciousness in a flash.

With his spirit damaged and his sea of consciousness shattered, Lin Yi couldn't resist at all. He could only watch as the black mist entered his sea of consciousness and quickly took control of it.

From this moment on, although Lin Yi's consciousness was still clear, he could only become a weak and lowly spectator in his own sea of consciousness. He was completely reduced to a bystander.

After the black mist gained control of the sea of consciousness, it also gained control of Lin Yi's body!

The finger he used to draw the blood word curved slightly, and the blood word in the air started to disintegrate and return to its original form. It flowed back into Lin Yi's body through the wound on his finger at a faster speed than it was flowing out.

Lin Yi couldn't feel his body anymore, but he could see his weak body recovering quickly. He seemed to be in better condition than before!

It was as if his blood had gained the ability to strengthen his body after copying the large characters.

Unfortunately, this body seemed to have already belonged to someone else ...

Was he about to be possessed? Or had he already been possessed?

Lin Yi wasn't too sure-he'd never had a similar experience before.

In the past, when someone wanted to take over his body, he would always press the other party to the ground and rub them. He had never really experienced what it was like to be taken over.

Speaking of which, it was similar to the ghost possessing his body to fight in the past. So, was this possession or possession?

Or was there some other strange way of saying it?

No matter what it was, it was definitely not a good thing!

Lin Yi even wondered if this was how Chen Zhisheng's body was taken over by the witch of ghost Yin.

Chen Zhisheng's will still existed in great witch of ghost Yin Luo Changle's body, and it could even affect his actions and thoughts.

But Lin Yi didn't want to experience that himself!

He was a unique individual, and if he fused with someone else's will, he would no longer be himself!

Lin Yi couldn't resist for now, so he let himself go and started thinking about things that didn't matter, like ... He seemed to be a little unlucky recently, no, extremely unlucky!

He had never been so unlucky since he started cultivating!

First, he was plotted against by the gray-robed Ling lingfa and was almost beaten to death. Although he didn't die, his spiritual sea was crippled!

This was even more serious than the time when his body was destroyed and his essence spirit was injured on Sky Class Island!

He had almost been consigned to eternal damnation!

It was not easy to escape from Ling lingfa's pursuit and enter the Forest of Illusions. After all the hardships ... Fine, it was not that hard. In any case, he had come here and found the hope of recovering his deified soul sea. He did not expect this to be a trap!

The traps were one thing. The number of traps he had encountered in the past was uncountable. The problem was that he had really fallen into one this time!

His body had been taken over by someone just like that. It was simply extremely bad luck. He wondered if it was time for him to bounce back.

Wait a minute, was there still a chance to bounce back?

After the black mist took complete control of Lin Yi's body, it turned into a black human figure that looked similar to Lin Yi and floated in front of Lin Yi's remaining essence spirit.

"Hahaha, it's really smooth! From now on, this old man is the new you, so I will bestow you with my honor! Come, be obedient and let this old man fuse with you!"

The black mist figure extended his hand, and the black mist quickly spread, enveloping Lin Yi's spirit and devouring it.

"Get lost!"

Lin Yi's essence spirit resisted intensely, but it was too weak. It looked like a futile struggle.

"Hahaha, don't resist anymore. It's useless for you to struggle. This old man is granting you eternal life. Your body will be famous in the world, your ... Eh! What happened to your primordial spirit?"

The black fog figure was smugly smiling and acting cool when it realized something was wrong. "What's going on? the quality of my primordial spirit is so high!"

Shocking!

Then, he was overjoyed. "I didn't expect it. I didn't expect it to be such a powerful little fellow. Your previous primordial spirit level was a little scary!" If I was at my peak, I really wouldn't be your opponent!"

"It's a pity that no matter how high the quality of your remaining primordial spirit is, it's useless now! I've waited for countless years, so I don't mind waiting a little longer. I'll slowly grind away at your origin soul and turn it into a Super Tonic!"

"After devouring your soul, not only will I be able to return to my peak, but there's also a high chance that I'll be able to make another breakthrough. The heavens are really helping me!"

Lin Yi was under a lot of pressure, and his consciousness was a bit blurry, but he could still maintain a certain level of consciousness. From what the black figure said, it seemed like he wouldn't be devoured for a while.

This could also be considered a great fortune in misfortune, right?

As long as he wasn't killed off immediately, he could always find a chance to bounce back!

"Tsk, tsk, tsk, not only is his primordial spirit powerful, his body is also indescribably pure! There's not even a trace of impurity, he's definitely a super genius!"

The black figure's attention shifted from Lin Yi's spirit to his body, and it was another round of surprise. "I didn't pay much attention just now, but now I realize that you're really the darling of the heavens! I've waited for tens of thousands of years, and finally found a vessel like you!"

"This old man's luck has really turned. After I've completely controlled it, this old man will definitely be invincible! As this old man's vessel, you're also a small part of it. Naturally, you'll also have a share of that glory, hahahaha!"

The black figure must've been asleep for too many years, so it was having a blast in front of Lin Yi. It was mumbling non-stop, even hoping for Lin Yi to interact with it.

Unfortunately, Lin Yi couldn't even take care of himself-he wasn't in the mood to interact with him.

After showing off for a while, the black human figure started doing business. He stopped staring at Lin Yi's essence spirit and ordered the black mist to spread out, filling up the broken sea of consciousness.

The black mist seemed to have turned into a glue, sticking the fragments of the shattered sea of consciousness together, then refining and assimilating them, causing a subtle change to appear in the fragments of the sea of consciousness.

Lin Yi's heart jumped. Was he ... Forming the Wuling sea?

Now, Lin Yi couldn't move and couldn't do anything, so he decided to calm down and check out the relationship between Wu Linghai and his sea of consciousness.
