

Bodyguard 8011

Chapter 8011

Lin Yi had heard before that Wu Linghai was born from the sea of consciousness!

He wasn't sure how exactly it was done, but he could see it clearly now.

If the deific consciousness sea was a complete skyscraper, it was almost impossible for the Wu Linghai to form.

But now, the skyscrapers had collapsed, leaving only ruins.

Using the ruins to build new buildings was the key to the formation of Wu Linghai.

To put it bluntly, if the deific consciousness sea wasn't damaged, it would take up space, and the Wu Linghai wouldn't have room to live.

Now that the place had been vacated, Wu Linghai could naturally take over this place.

"Hahaha, little guy, did you see that? your spiritual sea is so broken. Although you are a rare genius, without this old man, you would be a cripple!"

The black figure's mouth couldn't stay still. As it formed the Wu Linghai, it teased Lin Yi, ""After losing your sea of consciousness, your body is very weak. I guess you won't live for long. This old man has given you a new life, shouldn't you be grateful?"

Lin Yi hmphed coldly, but his heart was as calm as water, "You're trying to possess me, right? You actually want me to be grateful? If it wasn't for the fact that my sea of consciousness was damaged, do you believe that I would have killed you in a matter of minutes?"

Lin Yi was telling the truth, but that was the only thing he could do for fun now.

"Hahahaha, what an insolent little fellow, but I like it! Don't be unhappy, you should think from a different perspective, this old man is saving your life! I'm giving you a new life, so you can have more power. Are you happy?"

The black figure got a response and started chatting happily with Lin Yi.

However, the speed at which he repaired his deific consciousness and formed the Wu Linghai was not slow at all. In fact, it seemed to be getting faster and faster.

"Are you happy? Then do you have the ability to give me the control and let me have the final say in the future?"

Lin Yi observed the process of Wu Linghai's formation carefully, trying to find any possible flaws and principles!

As long as his consciousness did not disappear, there would always be a chance to turn the tables!

Lin Yi even had a guess now, but he wasn't confident enough.

And so, Lin Yi continued to watch as he made up some bullshit, "Forget it, you definitely wouldn't dare to. You've waited for tens of thousands of years for this rare opportunity. How could you let it go?"

"Hahaha, you're right! Trying to goad me into action is useless against me, so there's no need for you to be so petty. "

The black figure was in a good mood-he was happy whenever Lin Yi talked to him. "Little guy, why don't you tell me what unfulfilled wish you have? this old man has such an excellent body, so if it's not too much trouble, I can consider helping you fulfill your wish!"

"Oh!"

"Fulfill my wish?" Lin Yi said faintly. My wish is for our roles to be reversed, do you think that's possible?"

"Hahaha, little guy, you're being petty again, right?"

The black human figure laughed and said, ""Since you want to become the master of Wu Linghai, that's fine. If you take the initiative to merge with me, not only will you gain eternal life, but you will also become stronger! Why don't you consider it?"

The black figure encouraged Lin Yi-it'd save him a lot of trouble if he could get Lin Yi to merge with his spirit.

Of course, it didn't matter if Lin Yi didn't agree-it was just a matter of time, and it was only a matter of time before Lin Yi's spirit was devoured!

"I still don't know who you are and what your background is."

Lin Yi didn't want to waste his time talking-he needed to at least understand the enemy, only then would he have the confidence to turn the tables!

"Oh? Do you want to know my identity?"

The black humanoid was stunned at first, but then it was overjoyed!

As far as he was concerned, since Lin Yi asked this question, it meant that he'd seen the reality and was ready to accept his fate!

As long as he was strong enough, Lin Yi would probably want to take the initiative.

"Hahaha, I should have introduced myself earlier so that you would have an idea of what kind of noble existence you would be."

The black human figure's aura trembled, and he became much more imposing. ""I'm the Starlight great Magus who shocked the world tens of thousands of years ago! It's one of the noblest existences!"

"Strictly speaking, a senior Magus can no longer be considered a human being. However, a senior Magus and his tribesmen have a close relationship with humans. They are the best allies."

"In that era, the greatest threat in the world was the darkness magical beasts! I'm one of the most powerful Grand Magi, and I've suppressed many high-level darkness magical beasts by myself. My name is well-known throughout the world, and who dares to disrespect me?"

It sounded like he was bragging, but Lin Yi didn't mock him.

If the other party liked to brag, then so be it. It was not bad to listen to it as a story, there would more or less be some real information.

The Starlight Magus didn't know that Lin Yi had already labeled him as a bullsh * t King. He continued to brag about his glorious achievements!

However, Lin Yi took it all as bullsh * t, so he omitted 20000 words here ...

"... After that, the Sorcerer clan and the humans fell out. Many senior sorcerers died in the war with the humans, and both sides suffered heavy casualties. As the strongest senior sorcerer left, I led the Sorcerer clan and the darkness demon beast clan to join forces to deal with the humans."

"It's just that the darkness demon beast clan was being suppressed very badly at that time. Even if they joined forces with our wizard clan, they couldn't turn the tables ..."

Lin Yi was surprised-ten thousand years ago, this was the situation?

The Starlight wizard was probably not bragging about this, and what he said was the truth.

Unfortunately, this fact had long been buried in the long river of history, and few people would know about it now.

According to the Starlight Magus, the humans and the Sorcerer tribe had joined forces and defeated the dark demonic beasts, almost exterminating them.

Everything had been fine, but because of the decline of the darkness demon beast clan, the conflict between the Sorcerer clan and humans had erupted.

Originally, the two sides had a common enemy, so they could naturally point their guns at the same time. As a result, after the enemy was crippled, the two sides also fell out because of interests.

According to the description of the Starlight Magus, he must have said that humans were wrong, and the truth could no longer be verified.

Anyway, this was what had happened. The Sorcerer tribe and the human race had fallen out. In the end, the human race should have gained the upper hand, not the mutual destruction that the Starlight sorcerer had said.

If both sides had suffered losses, the Sorcerer tribe should have been able to annihilate the humans after joining forces with the darkness demon beast tribe. How could there be a Golden Age for human cultivation?

Just look at the darkness demon beast clan being sealed in the Forest of Illusions by humans!

As for the Sorcerer tribe? There wasn't even any news.

Occasionally, a little bit of it would appear, but it would not cause any waves.

Lin Yi laughed coldly in his heart. This braggart was really used to bragging, turning a blind eye to such a big loophole!

Chapter 8012

But Lin Yi didn't have to expose him now, so he just watched the Starlight Magus act cool.

"After that, our wizard clan and the darkness demon beast clan began to form alliances through marriage, in order to strengthen the foundation of our cooperation ..."

"Marriage?!"

Lin Yi was really shocked-the Voodoo race sure had weird tastes, marrying a Dark Beast?

"What's so strange about that?"

Starlight explained, curling his lips."The higher-ups of the darkness demon beast clan are all powerful existences who can transform into human forms. It's normal for our wizard clan to marry them!"

Lin Yi could understand it now!

On the Sky Class Island, there were countless Masters of the spirit beast clan who could take human form, and the darkness demon beast clan should be about the same.

It was even more understandable when he looked at the Starlight wizard!

The Sorcerer tribe was probably not a human tribe, so the marriage between them was indeed very suitable.

"What happened after that? Even after the wizard clan and the darkness demon beast clan joined forces, they still couldn't defeat the humans, right?"

Lin Yi was asking the obvious!

If the humans were to lose, the sub-Island would be the domain of the Voodoo race and the dark magical beasts. What would the humans do?

"Hmph ... Humans aren't strong, but they're good at playing tricks ..."

The Starlight wizard was obviously not convinced, but he could not say anything more tough!

The fact was that the Allied army of the wizard clan and the dark Demon beast clan had failed, and he, the Starlight great wizard, had been half-dead for more than ten thousand years!

"Ha ... You're not bad at scheming either, are you?"

"You set up everything here on purpose and spread the rumors to attract people, right?" Lin Yi asked suddenly. If you encounter someone who is not suitable for you to possess, you will intercept them outside and not let them enter!"

"Those who can pass the interception are probably those who meet your requirements in certain aspects. Although they may not meet the conditions for you to possess them, the news of them repairing their sea of consciousness and forming the Wu spirit sea will be released. By then, it will attract more people with broken sea of consciousness to come here to seek opportunities!"

"As for the sacrifices and the like, I reckon that after tens of thousands of years, your primordial spirit or sorcerer spiritual body has been severely damaged and needs some kind of special supplement to supplement it. You hinted that they would make sacrifices to supplement you, right?"

"If I didn't meet your requirements, I would have become your nourishment and then really disappear."

"As for the two stone statues we encountered at the entrance earlier, the ones hidden inside should also be sorcerer spirit bodies, or rather, sorcerer spirit body puppets! And their duty is to filter out the type of physique you need!"

"Once we pass through, this Witcher spirit puppet will possess our bodies and guide us to the main hall! Then, according to their hints, it can be a sacrifice or a repair of the Wu Linghai!"

"I said, yes and no?"

Lin Yi felt much more at ease after explaining everything in one breath.

He had felt strange before because he and Luo caidie were obviously qualified candidates, so he had entered smoothly!

Then, the various traps behind him seemed to be playing around, and there was no danger at all.

As for the three Forks, for others, it was most likely three different paths. For those who passed the selection, they should end up with the same destination!

No matter how he walked, he would still end up in this place and find the altar!

All of this was just a trap to make Lin Yi, a suitable person, step onto the altar willingly and become a test subject for Starlight Magus "possession.

"Yes, you're right! This little fellow is quite smart! I'm starting to like you more and more!"

The Starlight great wizard laughed out loud, and he didn't even need to hide his smug look. "This forest was actually built by this old man to suppress the darkness demon beast clan. In fact, this area was even named after this old man."

"After that, I joined forces with the darkness demon beast clan, but I was defeated by the humans' schemes. My physical body was destroyed, and only an injured wizard spirit body was left! Helplessly, this old master could only return here and enter this tomb that was prepared long ago, waiting for greedy little fellows like you to deliver your bodies to this old master's door!"

"It's a pity that I've waited for more than 10000 years! However, it's all worth it. I'll die of regret if I miss such a perfect body and primordial spirit like yours! I've been waiting for you for ten thousand years! Hahahaha!"

Lin Yi's lips twitched. This old man was probably going crazy. He'd been dead for ten thousand years, and he still came out?

"Is this area named after you? So, your name is "illusion"?"

It's reasonable to call the Forest of Illusions an illusion!

"No, this old man's name is na duo. This is the NA duo illusion forest!"

Starlight witch announced his name arrogantly, hoping to see Lin Yi's shocked face, but it didn't.

Lin Yi remembered that he'd heard of the naduo illusion forest before.

Wait a minute!

Lin Yi suddenly remembered the words on the sign before they entered the Forest of Illusions!

Nado's illusionary martial League!

That's right, this was really the case. This area was really called na duo!

The full name of the Forest of Illusions should be called the forest of nado. Perhaps it was because it was hard to pronounce, but after tens of thousands of years of evolution, people had omitted the word nado.

Because people nowadays could no longer remember the great Starlight wizard, nor did they know the true meaning of 'na duo'!

Just like now, nado's illusionary martial League. Everyone probably thought that the name nado was just a place's name or a codename. They never thought that it was the name of the former Starlight wizard.

Otherwise, judging from the conflict between the Sorcerer tribe and human beings, no one would have named themselves after the great Starlight sorcerer.

"Alright, you're Starlight great wizard nado. It's an honor to meet you. I'll remember you!"

Lin Yi said half-heartedly.

Na duo was instantly infuriated. You just remembered it, what's there to admire! Do you think I'm stupid?

"Great Starlight Magus, have you never met a suitable person for you to possess in the past ten thousand years? That's not possible, is it?"

Lin Yi thought that it was unbelievable. It was just possession, did they have to have such high requirements? Did they have to wait for him, who had used the purple mist evil Lotus to reforge his body, to come?

If the great Starlight wizard's requirement was a body Reforged by the purple mist sinful Lotus, it would be really difficult to find ... If it weren't for a coincidence, he probably wouldn't have been able to find it even after waiting for ten thousand years.

After all, the purple mist sinful Lotus was hard to find, and it was even harder to refine it into a pill!

"It's not that there aren't people who can possess me, but their quality is too poor, and they can't fully display this old man's strength. It's better not to have such inferior goods!"

The Starlight wizard was very proud, and he said that he didn't like ordinary goods,"Not long ago, a junior of our sorcerer tribe came here and called himself the great sorcerer of ghost Yin! Hehe, with that kind of level, you dare to call yourself a senior Magus in front of me? what a joke!"

Chapter 8013

Great witch of ghost Yin?

Was Luo Changle happy? Or rather, Chen Zhisheng.

Lin Yi nodded to himself-the great witch of ghost Yin, Luo Changle, really did come here. He wasn't lying about that.

"With his strength, he's nothing in front of this old man! If it wasn't for the fact that our Wu tribe is so poor, this old man would have taught him a good lesson!"

"Great Starlight wizard, did you give this great wizard of ghost Yin any benefits? In fact, I think you can keep him here and train him well, so that he can inherit your legacy and become a real senior Magus. Isn't that great?"

Lin Yi wanted to know more about Luo Changle.

After all, Wu yucao and Ling Hanxue were still with the great witch of ghost Yin, and they would be of use in the future.

"Do I really need a little kid like him to inherit my legacy? With a body like yours, I'm about to return to my peak, and I don't need a successor!"

The Starlight Magus laughed complacently and said casually,""That little guy is also quite cunning, he lied to this old man that he would go out and find a suitable person to come in for this old man to possess."

"I passed him some of the witch clan's cultivation techniques and insights, and then let him go! In fact, I can feel that he is most likely talking nonsense. However, since he is from the Wu tribe, I will give him those cultivation methods and insights no matter what!"

"After this old master goes out, if I find out that he didn't do anything and was really lying to this old master, then this old master will personally clean up the sect!"

Lin Yi's heart skipped a beat, but he wasn't too sure!

The great witch of ghost Yin really wanted to help him when he pointed him to this place. Or did he want to fulfill his promise to the great star wizard and simply trick me into being a vessel for him to be possessed?

Or perhaps it was both, and the witch was just doing it in passing, not caring if Lin Yi got the opportunity or was possessed?

After thinking about it carefully, Lin Yi felt that the third possibility was more likely!

After all, great witch GUI Yin wasn't a good person. No matter what the result would be, bringing Lin Yi over would only bring him benefits.

If Lin Yi could successfully gain the trust of the Starlight Magus and re-cultivate the Sorcerer spirit body, he would naturally be grateful to the ghost Yin Magus.

If he failed, he would have fulfilled his promise to the Starlight wizard.

Lin Yi didn't believe that Luo Changle didn't see that Lin Yi's body met the requirements of a Starlight Magus!

As for why Luo Changle chose Chen Zhisheng over Lin Yi, he didn't know.

Perhaps, every senior Magus had their own requirements and Dao, and different senior Magi had different containers for them.

Or maybe Lin Yi was strong back then, so it wasn't easy to take over his body.

Of course, it didn't matter-getting Lin Yi here was killing two birds with one stone.

Starlight needed a suitable container, and Lin Yi needed to become a wulinghai!

It didn't mean that Lin Yi wouldn't come here if he knew it was dangerous, but he would definitely come here!

Why wouldn't Luo Changle do something that would make him a good person?

And so, Lin Yi wasn't sure if he was tricked by the ghost Yin witch or not. He wouldn't be able to explain it to the ghost Yin witch in the future!

"It's almost time! My Wu Linghai is about to take shape. When it's done, I'll completely devour and merge with your deified soul sea! At that time, your primordial spirit won't be able to hold on for long, so listen to this old man's advice and take the initiative to merge with it. It can save you a lot of pain. "

Seeing that Wu Linghai was about to finish, Starlight Magus was even happier and tried to persuade Lin Yi again, ""Do you really want to experience the pain of your soul being ground away bit by bit and then being devoured bit by bit? Why? The result can't be changed, can't you just accept your fate?"

"Say no more. If you have the ability, then come and destroy my primordial spirit. If you don't have the ability, then just like now, we will live in peace!"

Lin Yi said faintly.

Although Lin Yi was looking forward to turning the tables, he wasn't very confident. After all, it was hard to say until he really got to that step.

If he kept resisting, he might really die a horrible death, but even so, it was impossible for Lin Yi to surrender!

"Alright, you're a tough one. You're worthy of praise. I won't force you. If you're willing to bear hardships, then bear them!"

Great Starshine wizard stopped talking and started to form a Witcher spirit sea!

Starlight flashed, and soon, a grey Witcher spirit sea appeared in Lin Yi's shattered consciousness!

As the Wu Linghai took shape, the surrounding deific consciousness fragments that had not been assimilated and absorbed began to gather toward the Wu Linghai.

After coming into contact with the Wu Linghai, the fragment of his deific consciousness quickly melted and disappeared. Meanwhile, the Wu Linghai was expanding at a speed that was visible to the naked eye!

"Hahaha, success! I'm finally going to see the light of day again and shock the world once more!"

Starlight Magus laughed wildly and controlled Wu Linghai to speed up the merging process. He showed it off to Lin Yi. "Little guy, did you see that? You can't even imagine how powerful I am, so it's not too late to change your mind. Do you know that after I, Wu Linghai, achieved phenomenal success, it would be a piece of cake for me to destroy your primordial spirit?"

Lin Yi didn't say a word, quietly watching the Starshine Magus act cool, acting like he didn't know and didn't dare to ask, which made the Magus even happier.

In fact, Starshine was looking forward to refining Lin Yi's sea of consciousness, and so was Lin Yi.

The two of them had different ways of expressing themselves, but the results they expected were surprisingly similar.

Finally, Starshine's Wu spirit sea expanded to its limit and swallowed the last piece of Lin Yi's sea of consciousness!

Wu Linghai, great success!

"Hahahaha! Success! It was finally done! It's been a long time since I've felt this powerful!"

Great Starlight was overjoyed. He laughed in the sky above Wu Linghai. "I've been waiting for this day for far too long! However, after a long period of accumulation, this old man's strength is even stronger than before! He was too F * cking strong! Hahahahaha!"

"No, this isn't the strongest state yet. Wu Linghai will only be complete after I devour the last of your primordial spirit. Little guy, give me your primordial spirit!"

Starshine finished refining the Wu Linghai and didn't want to wait any longer. He immediately changed his target to Lin Yi's essence spirit.

"Is that so?"

Lin Yi suddenly revealed a strange smile, "I've been waiting for this day for far too long! However, with the accumulation of time, yours truly's current strength was even stronger than before! He was too F*cking strong! Hahahahaha!"

"What's this? You're sick!"

Starlight paused for a second and then ignored Lin Yi. He put his hands together and shouted, "Refine and fuse them!"

In an instant, the grey waves in The Witcher spirit sea surged towards Lin Yi's essence spirit!

Chapter 8014

At this critical moment, a jade pendant suddenly appeared in the sky above Wu Linghai!

A faint light shone down, and Wu Linghai, who was covered in grey waves, instantly quieted down. She was completely suppressed by the jade pendant.

Then, two powerful primordial spirits suddenly appeared next to great Starlight Magus!

"What's this?"

The Starlight Magus was stunned.

As a result, the two primordial spirits attacked without saying anything and gave the Starlight great shaman a good beating!

The Starlight Magus's face turned green. What was going on?

Where did the primordial Spirit come from? Where did this jade pendant come from? Why was Wu Linghai being suppressed?

Countless questions suddenly emerged in the mind of the great Starlight wizard, and the total number of questions could be published into a book of a hundred thousand whys.

"Hehehe."

Lin Yi grinned.

He'd been thinking about this before, but he wasn't sure!

Great Starlight Magus had been refining the Wu Linghai to merge with the broken deific consciousness. Once the Wu Linghai was formed, would he be able to establish a connection with the Jade space like before?

As long as he could establish a connection with the Jade space, everything would be fine!

So, even if Starshine Magus really took over Lin Yi's body and Wu Linghai's control, it didn't matter!

As long as Lin Yi's spirit wasn't completely devoured by the Starlight Magus, he could still communicate with the Jade space!

And in fact, Lin Yi's bet was right.

The moment Wu Linghai succeeded, the long-lost connection with the space of the jade pendant returned.

As a result, the Starlight wizard shot himself in the foot!

He'd spent so much effort repairing his sea of consciousness and making the Wuling sea, but it was all for nothing!

To put it simply, for example, Lin Yi's sea of consciousness was a real estate under his name, and he was renting it out to Starlight Magus.

The Starlight wizard had decorated the house with a luxurious decoration named Wu Linghai and thought that it was his house.

In his plan, he was going to kill Lin Yi and take his place as the new owner.

Unfortunately, he didn't have the time to do so before two of Lin Yi's tenants beat him up!

No matter how luxurious the interior was, the landlord was still Lin Yi!

Lin Yi's jade pendant brought peace back to the house.

The two primordial spirits that suddenly appeared were the ghostly thing and the nine neonate that Jiao yazi and the ghostly thing almost played with until it surrendered!

Lin Yi finally let out a breath of relief and watched quietly.

This place had become the home of the ghostly thing. The ghostly thing and the nine neonate caught the Starlight sorcerer and gave him a beating, having a great time!

Especially the nine neonate, who was almost broken in the Jade space. It had been holding in its anger and had no place to vent it. Now that it finally found an opportunity to have an unlucky person as a target, it was even more desperate!

Starlight great witch was Dazed and Confused.

He really couldn't figure out what these two things were.

"Stop! What the hell are you? Do you know who this old man is?"

Great Starlight Warlock managed to block two attacks, and he wanted to have a good talk first!

This was too F * cking scary. Why did two experts suddenly appear out of nowhere?

We're all cultured people, isn't it good to chat?

"Big brother, he called you a ghost! This little brother will teach him a lesson on your behalf!"

The nine neonate finally had a chance to vent its anger, so how could it stop?

Therefore, he ignored the great Starlight wizard's warning and made up an excuse, seizing the opportunity to beat the great Starlight wizard again.

The ghostly thing fell into deep thought at the side. Did he scold me? It doesn't seem wrong to call me a ghost!

The Starlight Magus was extremely miserable, not understanding how he had suddenly fallen into such a situation!

She had already restored Wu Linghai, so how could she be bullied like this?

Why, why, why?

The second volume of the one hundred thousand why's was officially released!

The nine neonate was in high spirits at this moment. It was not easy, and finally, another idiot had come to take its place and become the new target King!

Today, the serf had turned over a new leaf and was singing a song. Let's first vent out enough of our previous gloominess!

"Not bad, not bad. Jiuying, you did well. I'm very satisfied!"

The damn thing didn't care whether the Starlight great witch was cursing or not, and praised with a smile, ""You have good eyes! You have a bright future!"

"Big brother is too kind, this is what this little brother should do!"

The nine neonate ran over eagerly, dragging the Starlight shaman like it was dragging a dead dog.

"Senior ghost!"

Lin Yi's heart settled down as he smiled and bowed. "I knew that as long as the connection with the Jade space was restored, you would definitely appear. I made the right bet!"

Lin Yi did predict that Wu Linghai would open up the connection between him and the Jade space when she reached completion.

But Lin Yi wasn't too confident. After all, the sea of consciousness wasn't the same as the sea of sorcery.

The so-called gamble was actually done out of helplessness, because there was no other choice!

"Haha, it's good that you're fine. Let's go back to the space first. Your new spiritual sea is a bit strange, you should get used to it first!"

The ghost greeted Lin Yi and was about to return to the Jade space.

Lin Yi was the owner of the Jade space. They wanted to bring the Starlight Magus into the space and teach him a lesson, but Lin Yi didn't have the authority to do so, so he could only come out and beat him up.

Fortunately, this was Lin Yi's sea of consciousness, and the damn thing had entered or taken over this place many times before. Otherwise, it wouldn't have been able to take down the Starlight Magus so easily and happily with the nine neonate.

Of course, in fact, the strength of a Starlight wizard at his peak might not be weaker than that of the ghost or the nine-headed fierce beast!

Just like the nine infants, its true ancient strength was even stronger than the ghostly thing. After all, it was an existence on the same level as the big Frog.

However, everyone was now a primordial spirit. After tens of thousands of years of obliteration, the remaining strength was not too high!

As the first primordial spirit to enter the Jade space to cultivate, the ghost was naturally the one who recovered the most. The nine neonate was second.

As for the Starlight Magi, they were his underlings.

Therefore, a real man shouldn't boast about his past achievements. No matter how strong he was in the past, he was like this now. If he didn't want to die, he had to submit!

The nine neonate had already deeply understood this truth and had long abandoned its former glory. It had gloriously become the underling and fighter of the ghost.

Lin Yi nodded and threw the Starlight into the Jade space without saying anything.

As soon as Starshine left, Lin Yi regained control of the Wu Linghai. This was Lin Yi's home ground.

It had to be said that this comeback was too thrilling. There were coincidences, but also inevitability.

Now, it seemed that even the Starlight wizard plus couldn't do anything in front of the ghost, let alone the Starlight great wizard!

Chapter 8015

"Big brother, what should we do with this guy? Do you want to continue beating him up?"

The nine neonate did not seem to have had enough fun, so it immediately asked the ghostly thing to continue the game of beating people up.

The ghostly thing waved its hand casually and said, "do as you see fit!" By the way, your performance just now was not bad, so this old man will give you a promotion!"

"Many thanks, big brother! I wonder what kind of official I can be?"

When the nine neonate heard this, it was instantly overjoyed!

It seemed that the damn thing was very satisfied with him for this operation!

Regardless of his position, as long as he took this step, it meant that he was one of them in the eyes of that thing, and he would definitely not be bullied in the future!

"How about this, Lin Yi is the owner of the space, and elder Jiao was the first to enter the space, so he's the Overlord, while I'm the second in command, the Vice Overlord! You'll be the space manager from now on! The first thing I'm going to take care of is this guy!"

The demonic thing was just making it up.

Anyway, there were only a few people. If he became a manager first, there would still be room for promotion in the future!

The main purpose was to let the nine neonate deal with the Starlight shaman.

"Understood! Many thanks to the Deputy Lord for the promotion!"

The nine neonate was immediately overjoyed. After thanking him solemnly, it carried the Starlight sorcerer and ran to the side. It first greeted him with a blast punch and an electric cannon, then talked about the matter.

"Kid, you're going to be the space's temporary underling from now on, do you understand?"

The nine neonate was quite arrogant in front of its only subordinate. It pointed at the nose of the Starlight shaman and said, ""I have a lot of things to do as a temporary worker. There are a few main things. First, I have to be a sandbag when I'm free and help the big bosses vent their anger."

"Second, be an all-rounder when you're in trouble. No matter what the boss asks you to do, you must do it well. You can't find any excuses to refuse or delay, and you can't fail, understand?"

"Third, if something happens, you have to be the scapegoat. No matter how big the blame is, you have to take it without hesitation. And you have to take it steadily. You can't reveal any flaws, do you understand?"

"The fourth ... The fourth ... That's it for now. I'll slowly improve it later!"

The nine neonate could not think of any other requests for a while and could only end it hastily.

Starlight great witch wanted to cry but had no tears. His face was full of the demonic words "Zi Dao bu." What the hell was this old man going to Zi Dao for?!

Just you wait, boy. I'll find an opportunity to kill you!

"Great Starlight wizard, I really have to thank you. If it weren't for your generous help, I don't know how long it would have taken for my spiritual sea to be restored! You've worked hard!"

Lin Yi chatted with the ghost for a while and turned to the Starlight Magus with a smile, "To thank you for your help, this will be your home from now on! Just stay here and be a good temporary underling!"

This time, the Starlight great witch really cried. What kind of people were these?

The Wu Linghai that I've worked so hard to create is all for someone else!

"I say, Who are you? Why is there such a terrifying existence in your spiritual sea? Ah, I know, your spiritual sea was actually destroyed by them, right?"

The Starlight great wizard's thoughts were not very coherent, and he had already begun to let himself go, saying whatever he thought of, "That's not right! They're living in your spiritual sea, so you shouldn't have destroyed them ... So you destroyed your spiritual sea to get rid of these two things, right?"

"This old man understands, this must be the case! You're also a part-timer under their control, right? How about this, you help me! Helping me is the same as helping you. Let's get rid of them together, how about it?"

"Pfft!"

Lin Yi couldn't help but laugh. Was this Starlight Magus crazy? He actually wanted to instigate a rebellion? It seemed that his brain had been beaten to a pulp!

How could he say something like that? didn't he hear the damn thing say that it was the owner of this place?

His brain and ears were not working well!

"Are you looking for a beating? Can't you be more honest? Didn't you hear the words of the Deputy Lord? This was the master of the space! You're just a temporary underling, what are you thinking? are you out of your mind?"

As expected, the nine neonate also felt that the Starlight Magus was not in the right mind and gave him another punch.

He really loved this feeling now. It felt so good to beat people up!

No wonder the damn thing and elder Jiao were so willing to beat him up!

The Starlight wizard was a little dumbfounded. He realized that things were not as simple as he thought.

What should he do now? Could he only continue to be this shameful temporary underling?

Lin Yi didn't care what Starshine Grand Magus was thinking and started studying the Wuling sea.

According to Luo caidie, Wu Linghai was a substitute for the sea of consciousness.

Obviously, Wu Linghai's function was above the sea of consciousness.

With that thought, Lin Yi tried to control Wu Linghai.

Although Wu Linghai was controlled by Starshine for a while, it was built on Lin Yi's sea of consciousness. As soon as Starshine left, Lin Yi had absolute control.

In an instant, his essence spirit returned to its original position, and Lin Yi suddenly felt very comfortable, like a fish in the ocean.

His previously weak primordial spirit seemed to have suddenly received a great supplement, and its level shot up like a rocket, quickly recovering to its original strength!

The Great Perfection of the sea-splitting realm!

In fact, he even had a faint feeling that he was about to break through to the heaven breaking stage.

His strength had been restored just like that?

But thinking about it, the reason why Lin Yi's essence spirit dropped so many levels was because his sea of consciousness was damaged.

Without the sea of consciousness, the primordial spirit would have no duckweed, just like how a cultivator would not have a dantian.

The spiritual sea stored spiritual energy, while the dantian stored true Qi.

Without the dantian, there would naturally be no true Qi, and the level of the cultivator would plummet.

The same went for his sea of consciousness, which was why he recovered so quickly.

In essence, Lin Yi's spirit wasn't damaged at all-it returned to its original level naturally.

The only thing he regretted was that he didn't know if it was because of the body's original condition or if it was because he couldn't use pure energy on the sub Island, but even if he went back to his spirit level, it wouldn't increase his body's level.

This process might sound long, but it was actually very fast.

It was all over now, and Lin Yi slowly opened his eyes.

The Starlight on the altar had already dissipated, and even the specks of light on the dome had dimmed significantly. If one did not pay attention, one would not be able to see them clearly.

Luo caidie and the other two were all lying on the ground with their eyes closed. It was unknown if they were unconscious or asleep, or if they had been killed.

Lin Yi had been suppressed by the Starlight Magus, so he didn't know what was happening outside.

Chapter 8016

Could it be that the Starlight Magus had used them as sacrifices when he was repairing his deific consciousness and building The Witcher spirit sea?

Thinking up to this point, Lin Yi quickly looked at caidie Luo carefully and let out a breath of relief.

Luo caidie's chest heaved slightly. She was obviously still breathing!

Caidie Luo was considered Lin Yi's companion along the way, and he wouldn't be able to rest easy if she died for no reason.

In particular, there was a possibility that she had died because of him.

Just as he was about to go down to see what was going on, the three of them opened their eyes almost at the same time and jumped up from the ground at almost the same time!

"Wu Linghai! I've cultivated Wu Linghai!"

Luo caidie was extremely excited, and she cheered like a little girl, ""Sima Yi, are you done? I'm healed! I have Wu Linghai! I've recovered my strength!"

"What's there to be proud of? I also have Wu Linghai! Even without experiencing a sea of consciousness being shattered, you can still cultivate a sorcerer spirit sea. Can you compare?"

Wang Ba Gaozi couldn't help but mock, ""One look and I can tell you're a country bumpkin who has never seen the world. You're such a disgrace. Don't tell others that you're a teacher at the Alliance Academy!"

"Hahaha, so you all have Wu Linghai? I thought I was the only one who had it, and I wanted to be happy in secret!"

GUI sun interrupted with a smile. She was probably in a good mood, so she didn't mock Luo caidie with Wang Ba and Gao Zi.

Lin Yi was stunned. What was going on?

He had worked so hard and almost been possessed. With the help of the Jade space, the ghostly thing, and the nine neonate, he finally defeated the Starlight Magus and obtained the Wu Linghai.

The three of them were completely fine. They just slept and woke up with Wu Linghai?

How could it be so unfair!

"Sima Yi, how are you? Are you alright? did you succeed?"

Luo caidie was a little surprised that Wang Ba and Gao Zi had also cultivated Wu Linghai, but she didn't take it to heart.

She was more concerned about Lin Yi's condition right now, so she jumped onto the altar and looked at him with concern.

"Oh, I've succeeded too. Now, my primordial spirit has also recovered to its peak state. I feel very good!"

Lin Yi snapped back to reality.

However, in his heart, he secretly asked the Starlight Magus in the Jade space, ""Na duo, what's going on? Why did the three people under the altar also have Wu Linghai? Can Wu Linghai be sold in bulk?"

Why should I be possessed, devoured, and fused by you, while the three of them just have to sleep and everything will be over? Is there still any spirit of fairness and justice?

"Hehe, what do you know?"

Starlight was obviously still not used to being a part-timer, and he subconsciously put on a proud attitude when he heard Lin Yi's question, "Those are just fake Wu spirit oceans. How can they be compared to the real Wu spirit oceans that I've created?"

"To tell you the truth, the fake Witcher spirit ocean that the three of them have is just a counterfeit that I didn't want to waste when I created The Witcher spirit ocean, so I used a senior Witcher's technique to help them form."

"Although it has some characteristics and functions of the Wu Linghai, it's completely different from the real Wu Linghai. There's no way to compare! They thought it was a sea of sorcery spirits, but their fake sea of sorcery spirits can't use the skills of a senior sorcerer. In my eyes, this thing is really just a toy. "

"Most importantly, their fake Wu spirit sea is a branch of my Wu spirit sea, so it is naturally suppressed by my Wu spirit sea ..."

The Starlight wizard became more and more proud as he spoke, and his tail was almost raised to the sky.

The nine neonate at the side couldn't stand it. It was said that if one didn't fight for three days, one would tear down the roof. This old thing had only stopped fighting for three minutes and wanted to fly to the sky to stand side by side with the sun?

I hit!

The nine neonate slapped the back of the Starlight Magus 'head.

Starlight great wizard's proud attitude immediately fell apart and disappeared.

"Old man, you motherf * cking husband! Who are you with? I'm telling you, I've been tolerating you for a long time! What kind of F * cking identity do you have? A temporary underling! The boss is asking you a question, what's with your attitude?"

The nine neonate cursed while punching and kicking again. Anyway, it was used to beating up the Starlight sorcerer, and the more it beat him, the easier it became.

"Attention, stand up straight ... Why the F * ck are you standing up so straight? You're not convinced? He bent down, lowered his head, and bowed! Remember to maintain this posture when you speak to your superiors in the future. If you dare to get angry, I'll beat you to death!"

Starlight great Magus wanted to cry but had no tears. 'You asked me to stand straight, but you think I'm standing too straight? Did he do it on purpose?

If you want to beat me up, just beat me up directly. Why do you have to play such tricks?

In the face of the nine neonate's storm-like punches and kicks, the Starlight shaman decisively admitted defeat.

A wise man does not fight when the odds are against him. It was not that he did not want to take revenge, but the time had not come yet. If he found an opportunity in the future, he would definitely return the favor tenfold or even a hundredfold!

He had no choice but to lower his head when he was under the roof and under the witch's fists!

"I was wrong, brother! I was wrong! Please spare me this time!"

Starlight shaman smacked his lips and got into position according to the nine neonate's instructions before continuing to answer Lin Yi's question, ""Where were we just now?"

"You're asking me? Are you blaming me for interrupting you? So you're not convinced, right?"

The nine neonate's ability to pick bones from an egg became more and more skilled. It seized the opportunity to catch the great Starlight sorcerer and beat him up again, until the great Starlight Sorcerer's face was full of stars.

Can't you speak properly? Ah? Can you, can you?

Lin Yi couldn't stand it anymore and coughed, "Jiuying, stop for a moment and let him finish."

If you continue playing, I won't care anymore!

The nine neonate understood tacitly and immediately stopped. It lectured, ""Did you see that? you must absolutely obey His Excellency's words. If His Excellency says to stop, I will stop immediately. You should learn well!"

The Starlight Magus swore in his heart, 'I'll learn from you and bite you to death if I have the chance!'

The Starlight great wizard did not dare to be negligent after being beaten up for no reason. While cursing in his heart, he quickly recalled what he had just said.

"Yes, I remember now. The Sorcerer spirit ocean that I built has the ability to suppress those fake sorcerer spirit ocean. To put it bluntly, they are my pawns to attract more people here."

Starlight paused for a second as if he was afraid that Lin Yi might have other thoughts. He quickly explained, "This is a method I used in the past to find a suitable target for possession. I was just using it earlier ... Actually, it's fine even if I don't do this!"

"In the past, 70 - 80% of the people who came here would become sacrifices for the star wish altar. The remaining 10 - 20% would receive some benefits, such as the fake sorcerer spirit sea and some not-so-powerful sorcerer tribe techniques ..."

Lin Yi pretty much understood what was going on.

Chapter 8017

To put it bluntly, the fake Wu Linghai of Luo caidie and the other two was a backup plan left by the Starlight great wizard.

If Lin Yi wasn't here, two of the three would've died and become sacrifices for the star wish altar.

As for the remaining one, he would obtain the fake sorcerer spirit sea or other sorcerer tribe techniques and become the new ambassador!

The three of them were still alive, and they even obtained the fake sorcerer spirit sea. It was all thanks to Lin Yi.

The Starlight wizard thought that his wish was about to be fulfilled, so he was in a good mood and fulfilled the three of them without taking their lives.

After all, he was about to be reborn, and the star wish altar no longer needed blood and flesh as a sacrifice.

The Starlight Magus was still talking in the Jade space, but Luo caidie was still asking Lin Yi, ""Really? He recovered to his peak state in an instant? I don't feel like I've fully recovered yet!"

Just now, Luo caidie thought that she had fully recovered and her strength had also been completely restored. Now that she felt it carefully, she found that this was not the case.

His primordial spirit state was only about 80% of its peak state, and his physical combat power was about the same.

However, he could feel that his primordial spirit and body were recovering with the help of the pseudo-sorcerer spirit sea. It should not be a problem for him to return to his peak.

So, it didn't seem to be a problem when he said that he had recovered.

"Yes, I've really recovered. It's probably because I'm on the altar and you're under it! The recovery speed will be faster here. "

Lin Yi couldn't say that his was the real Wu Linghai and yours was a fake, so it was normal for there to be differences. He could only find an excuse.

In fact, Lin Yi himself knew that he wasn't just completely healed, he was much stronger than he was at his peak!

Wu Linghai's primordial spirit had undergone a qualitative change. If the deified soul attack skill could exert 100% of its power before, it could now exert 150% of its power!

It might even be 200%!

The word 'strong' was so powerful!

Even Lin Yi himself was shocked when he realized it!

The primordial spirit in the past was already an invincible existence at the same level!

Now, he was even more invincible, and crossing realms would be an easy and pleasant thing.

Lin Yi felt that he was already at a level where no one would be convinced of the strength of his spirit sense!

"So that's how it is. It's true that I can obtain more benefits on the altar. That's great!"

Caidie Luo didn't feel anything was wrong and was still happy for Lin Yi's recovery, "We're really lucky this time. We both managed to cultivate Wu Linghai and recover our strength ..."

"Yes, this is all thanks to your two colleagues, son of a B * tch and son of a B * tch!"

Lin Yi shrugged and grinned at the two.

Was it thanks?

Perhaps, he was indeed grateful.

However, the two of them should thank Lin Yi more. If it wasn't for Lin Yi, who was a suitable vessel, the two of them would've become sacrifices directly since their seas of consciousness weren't shattered.

This place was the territory of the great star Magi, and they would be turned into sacrificial offerings even if they didn't make it to the altar.

"Oh ... No need to thank me ..."

GUI sun's face didn't look too good-why wasn't Lin Yi dead yet?

Plus, from what Luo caidie just said, Lin Yi's sea of consciousness was also broken?

I'm done for, I've been tricked by this kid!

Since this kid's spiritual sea was shattered, then his strength was definitely not strong. He must have been acting all this while!

Thinking about how she, Wang Ba, and Gao Zi had to give in to this kid and Luo caidie, GUI sun was furious!

"Hehehe, Luo caidie, it's hard to say whether your luck is good or not!"

Wang Ba Gaozi had obviously thought of this as well. She sneered and beckoned the two people on the altar with her finger. "All of you come down. Let us measure your strength."

The two of them were pissed off at Lin Yi's Bluff!

Especially now that they had Wu Linghai, they felt that they were much stronger. They wanted to teach Lin Yi a lesson.

"This is Sima Yi. Since everyone has improved, why don't we have a spar?"

GUI Shan was also filled with confidence at this moment. She was actually tricked by a weakling who was pretending to be a pig to eat a Tiger. What a disgrace!

Moreover, they were the kind of weaklings who could crush a bunch of them with one finger!

"You want to fight me? I can!"

Lin Yi's lips twitched. You guys want to learn my provocation technique? Then it's useless to just beckon with your finger!

It had to be accompanied by that spell-like shout.

A fake was a fake. Not only was his sea of fake sorcerer spirits fake, but even his provoke skill was a fake. It seemed like it was time to show his true skills!

"You guys, come here!"

His expression immediately turned serious as he extended his finger to display a secret provocative technique.

Unexpectedly, Luo caidie quickly jumped off the altar and stood in front of Wang Ba, Gao Zi, and GUI Shen with a cold face.

"Enough, do you two want to die? What kind of place is this for you to fight? If anything happens, we'll all die Here!"

There was a bit of anger on Luo caidie's pretty face, ""This is the legendary resting place of the top-tier senior Magi! Do you think that you can do whatever you want now that the great shaman is dead?"

It wasn't that Luo caidie didn't believe in Lin Yi's strength, but she knew that Lin Yi was the main battlefield in the forest!

Therefore, if they had to fight, Luo caidie hoped to do it outside, so she deliberately said some dangerous words to scare Wang Ba and Gao Zi.

After all, according to caidie's previous feeling, Lin Yi's true strength wasn't as strong as her own.

On the other hand, the difference between Wang Ba, Gao Zi, and GUI Shan wasn't big.

Wang Ba Gaozi and GUI Shan looked at each other, feeling a little uncertain!

Legend had it that the tomb of a Grand Wizard was full of dangers, but they had not encountered many of them before.

Now that he had cultivated Wu Linghai, something bad might happen if he messed around here.

After all, even though the Grand Magus was no longer around, he still had the ability to let them obtain the Wu Linghai, which meant that his Sorcery Power still existed!

"Okay, Luo caidie, I'll give you face. Let's leave here first!"

With a quick thought, GUI Shan immediately made a decision.

After that, he did not forget to secretly pull Wang Ba Gaozi's arm, signaling her not to be impulsive.

Wang Ba Gaozi wasn't stupid and understood GUI Shan's intentions.

However, Lin Yi was a little depressed.

He was about to use his secret taunting technique, and he was going to give up just like that?

The Starlight Magus had been brought into the Jade space as a temporary underling, so what danger could there be here?

But Lin Yi couldn't say that out loud-caidie was doing this for his own good, after all, so he had to leave first.

Wang Ba Gaozi and GUI Shen walked in front, but they kept an eye on Lin Yi and Luo caidie behind them, afraid that the two would escape from another door.

Chapter 8018

"Luo caidie, don't have any bad ideas, or we won't be polite!"

Wang Ba was still worried and threatened him from time to time.

They had made up their minds to teach Lin Yi and caidie a lesson after they got out.

Let these two people know that they were not easy to deceive!

"I know, I know. Can't you just leave? Stop dilly-dallying!"

Caidie pretended to be impatient and waved her hand to urge Lin Yi to leave. She then turned around and whispered in Lin Yi's ear, "Sima Yi, have you recovered your body refinement level? Why does it look like ... There isn't any?"

On the way here before, Luo caidie was very clear about Lin Yi's physical level-he wasn't even at the original level.

If it weren't for Lin Yi's nature, the two would've been swallowed by the dark Beast and turned into pooped.

Luo caidie thought that Lin Yi's spirit sea was damaged, causing his body's level to drop.

And now that Lin Yi said he was completely healed, caidie decided to ask him.

"I've recovered! It's the one you saw earlier ..."

Lin Yi didn't try to hide it-there was no point in hiding it anyway.

"Ah?"

Luo caidie opened her cherry-like mouth and was suddenly speechless.

Are you kidding me? a body refining level that isn't even at the original infant stage?

Even with the support of the plant attribute, it was already very amazing that he could survive until now!

In front of them, Wang Ba, Gao Zi, and GUI sun were eavesdropping with their ears perked up. They were only a few steps away from each other, so no matter how soft Luo caidie's voice was, they could still hear a thing or two.

Plus, Lin Yi didn't even try to hide it, so they heard it even more clearly.

It was indeed a Bluff!

Wang Ba, Gao Zi, and GUI Shan smiled at each other, making up their minds to teach Lin Yi a lesson!

He had to let him know what the consequences of scaring an expert were!

As for whether this kid would live to see the sun tomorrow after learning his lesson, that was hard to say!

"Sima Yi, we'll go out in a while. I'll hold them back, you hurry and escape!"

Caidie's voice was getting softer and softer, and Lin Yi couldn't even hear her clearly anymore, "I've already recovered. It won't be a problem to hold them back for a short time. You rely on your plant attribute and quickly hide after you escape. Don't be found by them!"

In Luo caidie's opinion, since Lin Yi's strength was so weak, even if he had the plant element, it wouldn't be of much use!

After all, the difference in strength between the two sides was too great. The plant attribute could not even restrict Wang Ba, Gao Zi, and GUI Shen!

Lin Yi was touched. He didn't expect caidie to be so loyal, willing to sacrifice her to help him escape.

It seemed that he had to acknowledge this companion!

"Don't worry, I'll be fine!"

Lin Yi waved his hand with a smile, "Even if I stand still and let them hit me, they won't be able to hurt me!"

"Hahaha!"

Wang Ba turned her head abruptly, glaring at Lin Yi with disdain.

Obviously, she heard what Lin Yi said. This bullsh * t, what a joke!

She couldn't be bothered to argue with him. After she left the tomb, she would teach this braggart a good lesson!

Caidie Luo sighed. She also thought that Lin Yi was bluffing and was prepared to use her full strength.

No matter what, she had to create a chance for Lin Yi to escape.

When Lin Yi saw the difference in strength between them, he'd probably run, right?

Luo caidie glanced at the two people in front of her and sighed in her heart again. I'll do my best and leave it to fate!

The way out was smooth, and nothing unexpected happened. Of course, nothing unexpected could happen, unless the Starlight Magus wanted to continue being beaten.

The four of them quickly left the tomb and appeared in the open space in front of the tomb mound.

"Alright, we'll do it here! If I kill you, I'll throw you into the tomb, so that your corpses won't be left in the wilderness!"

Wang Ba turned around and sneered, looking at Lin Yi and Luo caidie arrogantly.

As for Luo caidie, they just scared her and beat her up.

But Lin Yi, on the other hand, was ready to be killed.

"There's no need to rush, right? Let's go a bit further, this is still the ruins, we've all gained some benefits, so we should at least show some respect to the master of this place, right?"

Luo caidie came out again to stop him.

There was no choice-the area was filled with death Qi, and the plants were lifeless. Lin Yi's plant element was useless.

If he wanted to escape, Lin Yi's plant element was his biggest support!

Luo caidie had to think of a way to get Lin Yi out of this dead area.

"I'm already very respectful. Luo caidie, you don't have to delay any more time. Come on, do you two want to come together or one by one?"

This time, Wang Ba Gaozi was unmoved. She immediately got into a fighting stance and prepared to attack.

GUI Shan was the same. The two of them were obviously going to attack together, and had no intention of fighting alone.

"Don't you have any shame? The two of them together? Alright! I, Luo caidie, will fight you two alone. I'm not afraid of you!"

Luo caidie put on a tough stance and gave Lin Yi a look.

She was telling Lin Yi to grab the chance and run, and she'd be in charge of buying time.

Lin Yi, on the other hand, didn't seem to notice caidie's look at all. Instead, he was staring at Wang Ba, Gao Zi, and GUI sun with great interest, as if he had seen something interesting.

In fact, it was indeed quite interesting!

Lin Yi was injured and couldn't use his divine sense anymore. The Golden finger in the Jade space was gone too, and the two didn't make a move, so Lin Yi couldn't tell their true strength.

However, judging from their temperament, their strength would not be too high.

Now that they were ready to make their move, Lin Yi finally saw through their true strength.

Gui Ye was in the middle stage of the sea-splitting realm, while Wang Ba was in the early stage of the sea-splitting realm!

It was really amazing!

If this was on a Sky Class Island, even if it was a Mystic class sea, he would be a giant!

He didn't expect that the two teachers he met from the Alliance Academy would be such powerful experts!

Looking at Luo caidie, she was also not simple. She was also a Super Master in the middle stage of the broken sea realm.

No wonder she had the confidence to take on Wang Ba, Gao Zi, and GUI sun by herself!

"Sima Yi, quickly leave! Don't be a hindrance here!"

Luo caidie's eyes didn't work, and she could only shout at Lin Yi, "Immediately, immediately, leave! Otherwise, I'll kick you to death!"

"Leave? How could it be that easy? Luo caidie, do you really think we are fake?"

Wang Ba laughed coldly.

Luo caidie's guilty look made Wang Ba Gaozi calm down, once again confirming that Lin Yi was a King of bragging, using his mouth to scare people!

She'd also observed Lin Yi's aura-he wasn't even at the original level, and was at the peak of the Golden core stage at most.

Chapter 8019

"GUI Shan, I'll go stop that kid! You deal with Luo caidie first, and I'll come and help you when I have time!"

Although victory was already in her hands, Wang Ba Gaozi was not confident in facing Luo caidie alone, so she pulled Luo caidie to GUI sun and pinched the soft persimmon herself!

"There's no need to go through so much trouble. Just attack them with your divine sense and knock them down!"

GUI Shan's mouth twitched as she threw out the plan she'd already planned,""That brat is obviously a braggart. Use your divine sense to attack him and make him sober up!"

Wu Linghai wasn't immune to deific consciousness attacks, but she was immune to the damage that was originally aimed at her deific consciousness.

But the effect of the spiritual awareness attack still existed.

This was also the reason why the great wizard of ghost Yin was not afraid of Ling lingfa, and Ling lingfa did not know how to attack with divine sense.

Of course, GUI Shan also wanted to test the power of his Wu Linghai.

Luo caidie was his opponent at the same level, and Lin Yi was a weakling-he was the perfect test subject.

"That's right. Then let's attack with our divine sense together!"

Wang Ba also wanted to test the power of Wu Linghai, so she nodded in agreement.

Luo caidie's heart sank, and her face became very ugly.

If it was a normal fight, she could hold off the two of them and create a chance for Lin Yi to escape.

But if it was a spirit sense attack ... She could only defend and counter-attack by herself, she couldn't help Lin Yi at all.

"Sima Yi, you're really ... I told you to leave, but you didn't. Now you can't even leave if you want to!"

Luo caidie shook her head with a wry smile, then gritted her teeth and said, ""There's no other way. I'm going to use all my strength to attack with my divine sense. I hope that we can both suffer heavy losses!"

If it worked, perhaps Lin Yi would have a chance to escape?

Unfortunately, Lin Yi didn't even think about running away!

The pseudo-Wu spirit sea, which existed as a tributary, would be completely suppressed by the real Wu spirit sea!

Even without that connection, Lin Yi's spirit was strong enough to kill the two in seconds.

The Great Perfection of the sea-splitting realm was equivalent to the primordial spirit of a half-step heaven breaking realm cultivator, and he was absolutely invincible among his peers. Facing two opponents who were merely in the middle stage and early stage of the sea-splitting realm ... He was not even qualified to be called an opponent, okay?

After all, whether it was the middle stage or the early stage of the sea-splitting realm, it was the other party's body-tempering strength, not the strength of his divine sense.

"Luo caidie, you don't need to worry about it!"

Lin Yi reached out and pulled caidie's arm, moving to the front, "I've already said that I'll just stand still and let them attack. They can forget about hurting me!"

What?

Luo caidie was slightly stunned!

At a time like this, would it kill you to stop bragging?

Wait a minute, such a confident look ... Was he really bragging?

Or was he actually telling the truth?

Luo caidie's eyes were slightly confused. For a moment, she didn't know what was going on.

"Hahahaha, what an arrogant person. Does he really think he's that powerful? Then let me see how powerful you are!"

Wang Ba laughed heartily.

As for Lin Yi, she looked down on him from the bottom of her heart-he was just a kid who used his mouth to scare people!

Being intimidated by him just now was already a great humiliation to him!

And now he was doing this again? He really didn't know what was good for him!

"Then open your eyes wide and take a good look!"

Lin Yi opened his arms and put Caidie behind him, a calm smile on his face, ""You two little B * stars, if I attack, you'll definitely die without knowing why! I'll give you a chance to attack first. I promise I won't fight back, so you can attack without worry!"

"You're still bragging when you're about to die! You'll die if you don't brag, but you'll die even more if you brag!"

Gui Shan laughed coldly and turned to Wang Ba. "Kill him!"

Wang Ba and Gao Zi nodded hard, and the two launched their spirit sense attacks at Lin Yi at the same time!

Luo Caidie was extremely nervous behind Lin Yi, and she felt that her back was covered in cold sweat. Her inner clothes were soaked.

Lin Yi, on the other hand, was still smiling with his arms wide open, completely oblivious to the two's attacks.

"You can be strong as you like, the breeze blows the hill! You can do whatever you want, the moon shines over the river!"

Lin Yi laughed heartily and casually copied a few lines to show off. As expected, the two people opposite him were stunned for a moment. They didn't know what Lin Yi was talking about, but they felt that Lin Yi was very powerful.

This was the spiritual awareness attack of two experts at the sea splitting stage!

Why was there no movement at all?

Was it really a gentle breeze? Was it really moonlight?

It didn't make any F * cking sense!

"Just this much? Are there any more powerful moves? I didn't sense it just now. Why don't I give you another chance?"

Lin Yi shrugged and continued to open his arms. "You guys, come here!"

Wang Ba Gaozi was furious. This brat really knew how to act tough, he was simply the head of acting tough!

However, the truth was that they couldn't use their spiritual sense to attack him.

The two of them looked at each other for a while, both somewhat puzzled. Why was the spiritual sense attack ineffective?

"Do you think it's because he achieved Wu Linghai on the altar, so his quality is better, and he has a stronger resistance to our deified soul attacks?"

GUI sun thought for a while and finally found a reasonable explanation.

He was actually getting closer to the truth.

"That makes sense!"

Wang Ba nodded in agreement.

Since that was the case, what was the point of playing? she sneered and said, ""Don't use your divine sense to attack anymore. Just do it and hammer him to death with your fists!"

The two discussed quietly for a bit and came to an agreement. They were ready to activate their skills and beat Lin Yi up.

Luo caidie was happy and worried at the same time. She was happy that Lin Yi wasn't bluffing, easily resolving Wang Ba Gaozi and GUI sun's spirit attacks!

She was worried that Wang Ba, Gao Zi, and GUI sun were about to use physical attacks. Could Lin Yi still block them?

After all, Lin Yi's confidence in his spirit sense meant that he might have gotten some benefits from the altar, just as GUI sun said.

This was why Lin Yi was so confident in facing a spirit sense attack.

Perhaps Lin Yi could be immune to spirit sense attacks.

Physical attacks, however, were a different story-Lin Yi's body was still at the peak of the Golden core stage.

After hesitating for a while, caidie Luo decided to stick to her original plan. She would block the attack herself and give Lin Yi a chance to escape.

Luo caidie made her decision and immediately made her preparations. She fully activated her most powerful martial arts technique and was going to have a head-on confrontation with Wang Ba, Gao Zi, and GUI Shen!

Just as the situation was about to be triggered, the Forest of Illusions suddenly shook violently, as if there was an earthquake.

Chapter 8020

"Boom boom boom!"

It was as if a meteor had hit the earth, and the few of them were shaking.

"Not good, lie down first!"

GUI sun shouted and then took the lead to fall to the side.

Lin Yi looked at the three who were still at each other's throats a moment ago, and was a little confused.

What was going on? It was just an earthquake, but why did it feel like the end of the world?

However, since GUI sun and the others stopped attacking, Lin Yi gave up on attacking them and found a place to lie down.

The shaking lasted for about the time it took for an incense stick to burn before it stopped.

Wang Ba, Gao Zi, and GUI sun were both worried. They stopped paying attention to Lin Yi and turned to a certain direction.

Luo caidie was also in a similar state, with a worried look on her face.

Lin Yi was even more confused-why did the earthquake attract all their attention?

"This vibration, it seems like something has happened there!"

GUI sun frowned and muttered, ""I hope it's just a coincidence ..."

"It should be a coincidence, otherwise ..."

Wang Ba forced a smile and waved her hand, but before she could finish her words, the stone ring on her wrist began to flash!

Moreover, it wasn't just Wang Ba Gaozi's stone bracelet that was flashing. Lin Yi also saw the same stone bracelet on GUI Shen and Luo caidie's wrists!

"It's an emergency message from martial League. I'm afraid something has really happened!"

Looking at the stone ring on her wrist, Luo caidie muttered to herself.

Before she could finish her sentence, a dignified voice came from the stone ring,"

"The nado branch's order from the martial Alliance ... A Dark Demon beast has broken through the suppression node in the abandoned forest. All martial Alliance members, please put down everything you're doing and rush to coordinates 755 and 368 at full speed! The situation is urgent. I repeat, immediately put down everything at hand and rush to coordinates 755 and 368 at full speed!"

The martial Alliance token?

Lin Yi was a little shocked-this martial token seemed pretty strong!

Was that bracelet-like thing they were wearing martial league's communication tool?

"Luo caidie, I don't have time to deal with you today. Let's get down to business! When we're done with our business, we'll find an opportunity to settle the score!"

GUI sun immediately stood up without saying anything.

Luo caidie didn't hesitate and immediately nodded,"Of course, the martial Alliance order has already been issued. Everything will be based on the martial Alliance order. We'll set off immediately and rush to the predetermined coordinates!"

Wang Ba and Gao Zi nodded in agreement. The three of them made their decision in just a few sentences and began to move toward the coordinates issued by the martial Alliance token.

What?

He stopped fighting just like that?

Shake hands and make up instantly?

Lin Yi was impressed at the same time.

He didn't expect that Wang Ba, Gao Zi, and GUI Shan, who looked unreliable, would make the right choice without hesitation in the face of major issues.

The darkness demon beast's escape was a major event that concerned the entire human race. No matter how great a personal grudge was, it couldn't be compared to this major event!

To be honest, their performance had raised Lin Yi's impression of the teachers in the whole school-he even had a deep respect for them now!

"Those two guys don't seem to have a good character, but in the face of major right and wrong, they actually maintain absolute clarity. This is worthy of their identity as Academy teachers!"

Lin Yi couldn't help but sigh as he walked beside caidie.

Luo caidie just realized that Lin Yi could actually keep up with their speed!

However, this was not the time to ask about these details.

"Sima Yi, you're not a member of the martial Alliance, so you don't need to follow the martial Alliance's orders! So don't get involved in this matter and quickly leave the Forest of Illusions!"

Lin Yi's speed was fast, but caidie didn't think that speed meant he was stronger.

After all, Lin Yi could rely on the nature of the plants to move quickly in the forest.

Lin Yi was still at the peak of the Golden core stage when he was running, so caidie's first reaction was to persuade him to run.

It seemed like Luo caidie had been telling Lin Yi to run from the very beginning.

Unfortunately, Lin Yi didn't listen to her. She was so angry!

"Luo caidie, you can't say that! The darkness demon beasts had broken through the suppression nodes, and they were threatening all of the humans! As a part of the human race, how can I just stand by and watch?"

Lin Yi made it sound so righteous, but that was only one of the reasons!

The darkness demonic beast had to be killed, and it couldn't be allowed to threaten the humans. However, it was also an important goal to take this opportunity to get in touch with the martial League.

He'd have to reach a higher level if he wanted to get information on Xinyan.

Back in Hongshang Commandery, he had not even heard of the martial Alliance, let alone the Super powerful families.

If he wanted to get more information, he had to do everything he could to get higher.

How could Lin Yi miss out on a rare opportunity to get in touch with martial League?

Caidie Luo's body trembled as she was touched by Lin Yi!

After all, Lin Yi wasn't a member of the martial Alliance, and he didn't enjoy the benefits of the martial Alliance. He didn't have the obligation to respond to the martial Alliance order.

However, Luo caidie still felt a little awkward and strange.

Because no matter how she looked at him, Lin Yi didn't seem like the kind of person who was warm-hearted!

She was in trouble when the demon eating flower devoured her, and Lin Yi wouldn't save her easily.

But now, he was going to take the initiative to respond to the martial Alliance's call to deal with the darkness demon beast?

Could it be that he had been moved by her kindness?

With that thought, Luo caidie didn't try to persuade him anymore. She smiled at Lin Yi and continued to speed up.

Wangba Gaozi was surprised by Lin Yi's words as well. She turned around and nodded. "Just because of what you said, you can rest assured that we will not harm you before this matter is over!"

Lin Yi nodded as a response, but he wanted to say that it didn't matter if he picked on her.

After a short while, the group of four arrived at the coordinates issued by the martial Alliance token.

At this moment, there were already a dozen or so people gathered here. They were all dressed differently, and were probably people who had rushed over from various places in response to the martial Alliance order. They weren't that close to each other.

Among them was a man wearing black and white clothes with gold trimmings. He was tall, had a clear face, and had an extraordinary aura. He stood out among the dozen people.

After Luo caidie and the other two saw it, they immediately came forward and saluted, ""Greetings, vice Hall Master Hua!"

The man turned around and looked at the three of them. He immediately revealed a friendly smile. "No need to be so polite. You are truly the elites of our human race for being able to come to our aid in time. May I know where you are from?"

This person was the Vice Hall Master of the nado illusion martial Alliance branch, the language of the living things (book friend)!

In the entire nado illusionary martial Alliance branch, the hall Master had the highest authority, followed by the Vice Hall Master.

In the nado illusionary martial League, the artifact language was second only to one person and above tens of thousands of people.

Therefore, Luo caidie and the other two knew him, but he didn't know them.
