

Bodyguard 8091

Chapter 8091 The End

The Academy's concerns were also reasonable. The uncontrollable factor of a spiritual sense attack was too strong!

On the contrary, the chances of killing him were not high if they fought with martial skills.

After all, the mentors "overall strength was about the same. Other than Lin Yi, they were all in the sea shattering realm.

Well, it was understandable ... But understanding was one thing, this was too F * cking messed up!

He couldn't use his divine sense to attack, so how many times could he do it?

The difference between Lin Yi and Gu Fengji was too big!

Being smacked by this blast blower, a fracture was already a light injury. It should at least be a comminuted fracture, right?

"Hahahaha! Pretending not to know? Alright, I'll just pretend that you didn't know just now! Now do you know?"

Gu Feng laughed wildly.

As far as he was concerned, Lin Yi wouldn't be able to use his spirit sense attack anymore after Luo caidie finished speaking!

... To be honest, he was a little scared of Lin Yi's spirit sense attack.

Although he wasn't prepared just now, it was hard to say if he could block it if he was prepared!

But now, if Lin Yi still dared to use his spirit sense attack skills, Luo caidie would look down on him.

In this way, Gu Fengji felt that he had also profited, and he wouldn't suffer any losses either way, so what was there to be afraid of?

"A mere kid at the consummate level of the mountain splitting realm probably only knows these low-level sneak attacks, right? Did you get into the Academy by relying on this kind of sneak attack?"

Gu Fengji was determined to get back at Lin Yi, and his tone wasn't polite at all. "What else do you know besides sneak attacks? How can someone like you be a teacher? And you still have the nerve to say that you're competing with me in the ability to guide disciples? what a joke!"

"If you have the guts, then fight with me right now. Let Cai die be our witness, and you're not allowed to use your divine sense skills, so that you won't deny your loss!"

On the other side, Luo caidie really couldn't stand it anymore and couldn't help but say, ""Enough, Gu Fengji, don't you know your own strength? Forcing Sima Yi to spar with you, how impressive! Why didn't I see you challenge the top ten?"

"Gah!"

Gu Fengji choked. It wasn't that he didn't want to challenge the top ten, but he really couldn't win ...

"Forget it, since caidie has spoken, I won't argue with you today. In the future, you have to recognize your own position and don't be too arrogant!"

"I said, don't call me caidie! We're not that close!"

Caidie didn't hold back at all as she pulled Lin Yi away, "Sima Yi, we're short on time. Let's not waste any more time with this guy!"

Lin Yi blinked. He actually wanted to try fighting a sea-shattering expert without using his spirit sense.

If he could perfectly use all kinds of martial arts techniques, perhaps he could?

However, since Luo caidie had pulled him away, he would forget about it for now.

Gu Feng glared at Lin Yi with hatred. He didn't even hold Luo caidie's hand, how dare this kid!

Even if Luo caidie took the initiative to hold his hand, this kid shouldn't have pushed the boat with the current like this, but should have decisively refused!

Damn bastard!

When I find the chance, I'll definitely teach him a lesson!

"Teacher Gu, I've admired you for a long time. This time, I'm fortunate enough to enter the Alliance Academy because I want to become your disciple. Please grant me my wish, teacher Gu!"

Luo caidie and Lin Yi had just turned around when the new student jumped in front of Gu Fengji.

His face was full of smiles as he bowed in a flattering manner, wanting to become Gu Fengji's disciple.

Of course, he also wanted to find a teacher ranked in the top ten. The problem was that he had a pretty good idea of his own talent and aptitude. Among this batch of new students, his assessment results were only slightly below average.

If there wasn't any chance, it wasn't impossible to try their luck with the top ten teachers. There was no loss anyway, but what if they were lucky?

However, the best choice outside of the top ten was right in front of him, and it was an extremely rare opportunity. If he didn't grab it immediately, he would be letting himself down.

Although dreams were good, it was more important to be practical!

A bird in the hand was better than a thousand birds in the forest!

The kid could tell that Gu Fengji wasn't angry because he lost face, but because he wanted to prove his needs to Luo caidie and Lin Yi!

Hence, he decided to express his admiration for Gu Fengji before Luo caidie and Lin Yi left. The success rate should be high!

"Hahaha, very good, you have good taste! Join my sect and I will definitely nurture you with all my heart! Compared to those idiots who entered the Academy through unorthodox means, I'm the best choice for a new student like you!"

Gu Fengji's mood was very good as he smugly glanced at Luo caidie and Lin Yi, who had turned to leave. His meaning was obvious!

Did you see that? GE's fame and strength are right here. It's not something you, Sima Yi, can compare to!

Hey, hey, Cai die, you should turn around and look!

Choosing that piece of trash that sneaked in was your biggest mistake. The sea of bitterness is boundless, and you can turn back to the shore!

Unfortunately, no matter how much he acted on the inside and outside, it couldn't affect Luo caidie and Lin Yi's pace.

Lin Yi even felt sorry for the new student.

What benefits could there be to be gained by being a disciple of such a thing?

Originally, if this kid had good vision and could become his first student, he would definitely cultivate him well!

Talent wasn't important at all-Lin Yi's methods really taught everyone without discrimination!

The first disciple on the sub Island, even if he was originally a passerby, he would definitely be famous in the future!

It was a pity, a pity. As expected, if one's judgment was bad, no one could save them!

"Thank you, teacher, for your help! It's really my good fortune to be able to become teacher's disciple!"

The new student, who didn't know what he had missed, was overjoyed. He hurriedly passed his identity token to Gu Fengji, and Gu Fengji completed the verification of his acceptance into the sect.

"Teacher's reputation has spread throughout the world, and this student has long admired you. You're completely different from those despicable people who only know how to sneak attack. This student is truly ecstatic to be accepted as teacher Meng's disciple. This kind of feeling is simply indescribable!"

The kid was complimenting Gu Fengji and disparaging Lin Yi at the same time, even bringing himself into the picture!

Lin Yi sighed to himself after hearing this-this was a talent!

It was a pity that his eyesight was bad!

Gu Fengji laughed again, and the anger in his heart dissipated.

He'd only wanted to take the kid in as a show of strength to Lin Yi, but now he felt that the student wasn't bad at all.

Putting his talent aside, in terms of knowledge and tactfulness, he was indeed remarkable. Every word he said was right in his heart!

It was worth nurturing!

Lin Yi and Luo caidie had just walked a few steps when two old acquaintances appeared not far away. They were Wang Ba, Gao Zi, and GUI sun!

"Yo, look who this is! It's actually Sima Yi, I didn't expect to see you again! Luo caidie, your old flame is here. You must be so happy, right?"

Wangba Gaozi started mocking Lin Yi as soon as she saw him.

Chapter 8092

He didn't know if it was Luo caidie who dragged Lin Yi into this, or if it was Lin Yi who dragged her into this.

By right, everyone had fought side by side in the Forest of Illusions, and there should be a sense of comradeship between them, but Wang Ba and Gao Zi did not think so!

She just felt that business was business, private was private, business was comrades, private was enemies, there was nothing wrong with that!

Therefore, he was not ambiguous when he retorted.

Luo caidie blushed and subconsciously let go of Lin Yi's hand. She glared at Wang Ba and Gao Zi, "Wang Ba, Gao Zi, what nonsense are you talking about! What old flame, it was so unpleasant to hear! Sima Yi has fought alongside us before, how can you do this ..."

"There are many people who have fought side by side. I have even fought side by side with you, Luo caidie, but I, Wang Ba Gaozi, have never thought of you as my friend!"

Wang Ba raised her chin arrogantly. "Moreover, I admit that Sima Yi is quite capable in some areas of the minority. However, his strength is there. I don't know which old flame he relied on to get into the Alliance Academy."

"As a teacher, the thing I hate the most is students cheating, let alone becoming a teacher by cheating! I ..."

Wang BA's mouth was unforgiving, and she kept on blabbering, but GUI sun quietly pulled her aside and interrupted her, "Why are you pulling me? I'm not done yet!"

"You don't have to say anymore ..."

GUI sun lowered her voice and smiled at Lin Yi, "I'm personally very happy that teacher Sima can enter the Alliance Academy and become our colleague! No matter what, we were comrades who fought side by side in the past. We can hang out more when we have time in the future. "

"Today is the day of recruitment. Wang Ba and Gao Zi are also one of the coaches. I have a lot of things to do, so I won't hold you up. See you later!"

After she finished, GUI Shan waved goodbye and pulled Wang Ba away.

Wang Ba struggled in dissatisfaction, still shouting, ""GUI Shan, let go, why are you pulling me! Let go! I'm not done yet!"

"Don't say anymore, my little great aunt! What's the point of offending people for no reason?"

GUI Shan quickened her pace and held on to Wang BA's hand tightly. At the same time, she said in a low voice, "Let's not talk about Sima Yi's strength for now. We've both seen his array skills with our own eyes. He's definitely at the Grandmaster level!"

"A Grandmaster of formations, even if his strength is a bit low, is he not qualified to be a teacher at the Academy? Although I don't know why the Dean is targeting him, there's no need for us to jump in front and be the vanguard to offend him!"

"Although we don't get along with Luo caidie, and Sima Yi and Luo caidie are good friends, it seems that we are natural enemies, but after all, we have fought side by side. We don't have to be enemies with him ... Even if we are enemies, we don't have to fight him head-on. It's not a problem to be a little more roundabout ..."

Lin Yi's lips curled up into an unnoticeable smile.

GUI sun thought that only Wang Ba and Gao Zi could hear him, but he didn't know that Lin Yi was monitoring him with his spirit sense. No matter how soft his voice was, he couldn't hide it from Lin Yi.

But Lin Yi didn't really mind the two.

Under the premise of not losing out on the big festival, some private little tricks were left to them. They wouldn't be able to cause any waves anyway.

With Wu Linghai's natural suppression, they posed no threat to Lin Yi.

Well ... There was no big threat, but it was quite good at creating small problems.

After they left, the two started spreading Lin Yi's news, intentionally or otherwise.

They had fought together in the Forest of Illusions, but Sima Yi had never really fought against the darkness demon beasts. Sima Yi's strength was too low, so what was Sima Yi doing ...

Strictly speaking, it was not a lie, but it was easy to mislead people if the beginning and the end were omitted.

Especially when the news spread among the new students-it was a huge blow to Lin Yi's reputation!

..... But Lin Yi didn't have much reputation to begin with, and if things got worse, it wouldn't be much.

From another perspective, the freshmen didn't know that there was a mentor like Sima Yi before, but now that they knew, and everyone knew about it, it could be considered to have increased their reputation by quite a bit.

It was just that this fame made Lin Yi go from being ignored to being avoided by all the new students ...

"This is too much! How could they do this! This is simply preposterous!"

Luo caidie brought Lin Yi to put up the information everywhere, and found that the situation was wrong. She only needed to ask a little to understand the whole story, and her face immediately turned red.

She stomped her feet in hatred and said, "I'll go find them!" We must get an explanation from them today!"

"What kind of explanation! He didn't say anything wrong! What can you do to them?"

Lin Yi reached out to stop Caidie, who was about to go berserk, and smiled lightly, "It's fine. The students who are willing to join me are lucky and lucky. If they don't want to join me, it's their loss. I don't care. "

"Bah! You're so shameless, and you still have the mood to brag here. You're really thick-skinned!"

Caidie thought that Lin Yi was just teasing her and couldn't help but laugh. She even glared at him, "Forget it, forget it. If you, the main character, aren't in a hurry, why should I be? Really, I'm not the one who'll be expelled if I can't get any students!"

"Luo Caidie, you're wrong! We're friends, are you happy that I'm fired?"

Lin Yi said in a joking tone as he thought about what he should do.

But now, there wasn't even a single one of them ... How embarrassing!

Luo Caidie's expression darkened, and the smile that had just appeared disappeared in an instant. Her mood became a little low, ""Why would I be happy! You're already having a hard time, and because of me, you're being targeted by Wang Ba, Gao Zi, and GUI Shen!"

"If it wasn't for the conflict between me and them, they wouldn't have treated you as an enemy the moment they saw us together. Look at the rumors they spread ... Your current situation is many times more difficult than before."

Lin Yi shrugged indifferently and shook his head with a smile, "Alright, don't blame yourself and be depressed. This has nothing to do with you. Wang Ba and Gao Zi are also new instructors. We're competitors, so it's normal for her to attack her competitors!"

Luo caidie was in a bad mood and couldn't help rolling her eyes.

We're both mentors, but Wang Ba and Gao Zi don't even see you as an opponent, okay? Whether it was fame or qualifications, they were far too lacking.

To be honest, Lin Yi was just a new teacher, and he didn't have the right to be the opponent of any new teacher.

"Let's not talk about the two of them. Just thinking about it makes me feel disgusted!"

Luo caidie waved her hand gloomily, as if she was trying to drive away the images of Wang Ba and Gao Zi from her mind. "Tell me, what can you do now? The gap is already huge, and with such a rumor, it won't be easy for you to recruit people. "

Chapter 8093

"It's not like I don't have a chance. It's definitely a bit difficult to wait in the classroom because the new students who have already entered most likely won't choose me,"

"But it's still early-there shouldn't be many new students yet, and the other instructors are all waiting in their classrooms. Let's just go to the entrance!" Lin Yi pinched his chin and raised a brow.

"The new students who haven't entered the Academy definitely won't be affected by the rumors inside. Maybe we can recruit a few of them, don't you think so?"

'Your head!

Luo caidie covered her face with one hand and felt like she was going crazy.

Such an embarrassing incident had never happened in the history of the Alliance Academy, okay?

Which teacher would recruit new students at the entrance of the Academy?

If word got out, the Alliance Academy would lose all its face, okay?

However, Luo caidie had to admit that Lin Yi's wild idea had a chance of success!

Given the urgency of the situation, between losing face and being expelled, it seemed like it wasn't impossible to choose to lose face. In any case, it would be the Academy's face that would be lost ...

"Why are you covering your face? Do you think my idea is not good enough?"

"Alright! Why not? You're really too good!"

Luo caidie forced a smile. Today, she was also prepared to risk her life to accompany the gentleman.

Since this was Sima Yi's last chance, he would go crazy this time!

If you don't go crazy, you'll be old!

Of course, it was fine if caidie didn't want to go with Lin Yi, but she felt that she had to be loyal.

Since it was because she provoked Wang Ba, Gao Zi, and GUI Shen that they did this to Lin Yi, Luo caidie would stand on Lin Yi's side no matter what!

The two quickly got to the entrance, set up a table, and pasted Lin Yi's information on it.

"Hmm ... Your information is too formal and not attractive enough."

Lin Yi watched as caidie took out the things she had prepared and finally couldn't hold it in.

"Ah? What's wrong? I think it's pretty good!"

Luo caidie was a little stunned. She looked through it but didn't see any problems.

"Look, just write that I'm the honorary Vice President of the combat Association of the martial union branch, and that I've fought against the darkness-type magical beasts with everyone in the Forest of Illusions and achieved a glorious victory ... Others won't feel anything when they see this!"

Seeing that there were no new students coming, Lin Yi gave caidie some detailed instructions, "You probably haven't experienced recruitment either, right? If not, you definitely wouldn't be like this. If you want the students to follow you, at the very least, you have to display your strengths and specialties, the kind that people want to learn from you at first sight. "

Luo caidie's pretty face was slightly red. She really had not experienced recruitment.

In fact, she had only been at the Alliance Academy for a few years. She had been assigned to a group of second-year students and had been with them all this time. No one had graduated yet.

Next year, she would participate in the recruitment.

So when she said she'd help Lin Yi, it was just some basic knowledge-she really didn't have much experience.

"Hmm, you're right. What do we do now? Do you want to write down your advantages? Array Dao? But array Dao wasn't something that could be learned just because one wanted to, it could even be said to be a somewhat unpopular skill! After all, even though array Masters are respected, they also need to be talented ..."

Luo caidie's right index finger pointed to her chin, and her brows furrowed in worry.

Moreover, the Alliance Academy itself wasn't particularly famous in the field of array Dao. Although they had public classes in this area, they didn't have a deep understanding of it.

Most of the students who chose to come to the Alliance Academy were here to improve their combat strength.

As for the array Dao, there was another Academy whose reputation was not inferior to the Alliance Academy. However, they specialized in array Dao, and students who really liked array Dao would go there directly.

So caidie thought that even if Lin Yi revealed his Grandmaster status, he wouldn't be able to attract anyone.

"I'm not only good at array Dao, I'm also not weak in other aspects!"

Lin Yi smiled as he took out a pen and paper, starting to write down a line of words.

Xuanji's all-rounded teacher, recruiting new students at will, limited slots, will stop once the quota is full!

After he finished writing, he used two tree branches to make a banner and stuck it behind the table as a sign.

Luo caidie began to cover her face again. She thought that recruiting at the entrance of the college was already the most embarrassing thing, but it turned out that she was still too young.

What was more embarrassing than the recruitment at the entrance of the college was definitely the banner at the entrance!

It's over, it's over, I really won't have the face to see anyone in the future ...

Lin Yi, on the other hand, was quite satisfied-the words on the silver hook, the iron brush, the force of the strokes!

Not to mention anything else, just calligraphy was enough to prove his strength!

There might even be students who were interested in calligraphy who would immediately acknowledge him as their master upon seeing this banner!

After all, this was a calligraphy that was written by the sea serpent King's divine sense, and it contained a deep Dao of divine sense.

Unfortunately, the ideal was full, but the reality was cruel.

Lin Yi was sitting at the entrance-there were seven or eight new students passing by, but they all looked at him suspiciously before quickening his steps.

It was obvious that they didn't trust the recruitment at the Academy's entrance.

Gu Fengji had been paying attention to Lin Yi and Luo caidie's movements, and he laughed coldly after hearing Lin Yi's banner.

"All-rounded instructor? Hehehe, he really dared to boast! Did this kind of person think that people would believe him just because he came up with some gimmicks? How naive! What a joke!"

Gu Fengji sneered, and then called one of his students, ""Xiao Ma, go to the academy's entrance and expose this swindler's true colors. Make him lose his reputation completely!"

"Isn't he known as an all-rounded teacher? it just so happens that you've been stuck at the breakthrough point for a long time, let him guide you to break through! Of course, he won't succeed, so don't hold any hope. "

This student called Xiao Ma was not a new student, but an old student of Gu Fengji. He had not graduated this year, so he was still learning under him.

The reason why he was unable to graduate was because Young Ma's level had been stuck at the consummate level of the mountain-opening realm for a long time. He had tried many methods but was unable to break through.

It was as if his ceiling was the great circle of mountain-splitting, and it was impossible to break through it no matter what.

"Yes, teacher. Don't worry. I will definitely embarrass that braggart!"

Xiao Ma patted his chest and accepted the task readily. He then rushed to the entrance of the Academy.

Gu Fengji naturally wouldn't miss the chance to watch such a good show, so he immediately followed behind Xiao Ma and hid to the side to watch.

"Teacher Sima, I heard that you're an all-rounded teacher. You can guide everything, right?"

Xiaoma found Lin Yi and greeted him with a fist and palm salute. "I'm at the great circle of the mountain-opening stage. I want to break through to the earth-opening stage, but I've never been able to find the opportunity to do so. I wonder if teacher Sima has any way to guide me in breaking through?"

Chapter 8094

Lin Yi looked up at Xiao Ma, and from his attitude and spirit sense, he immediately found Gu Fengji.

And so, Lin Yi understood what was going on.

"I'm sorry, I'm very busy right now. I'm recruiting! I don't have time to guide you in your breakthrough. If you're interested, you can come and find me in a few days!"

Lin Yi waved his hand, rejecting him.

The guy was wearing the Alliance School uniform, and it was obvious that he wasn't a new student. Why would Lin Yi bother with this guy when he was too focused on recruiting new students?

"Teacher Sima, are you deliberately trying to avoid it because you can't do it? If you can't do it, then don't shamelessly say such big words, you won't be laughed at!"

Xiaoma pointed at the banner behind Lin Yi with a cold smile. "What all-rounded teacher? it's all a lie! It'd be a wonder if a liar like you could attract anyone!"

"Watch your words. I know you're a student under Gu Fengji. Why didn't you go find your own teacher? why are you here to cause trouble for Sima Yi?"

Luo caidie, of course, knew Xiao Ma's identity, so she immediately stood up and scolded him coldly.

However, Xiao Ma, whose identity had been exposed, did not panic at all.

"Teacher Luo, I haven't been able to make a breakthrough, right? That's why I wanted to try other methods. I heard that teacher Sima is an all-rounded teacher, so I definitely came here with a glimmer of hope to ask for advice!"

Xiao Ma immediately put on an innocent look and spread his hands. ""Who knew that this teacher Sima only knows how to give people hope, but doesn't have the ability to realize this hope. Can't I complain a little?"

In the dark, Gu Fengji smiled and nodded. He was quite satisfied with this student of his.

Just like that, as they continued to argue, there were already new students who had stopped to watch the scene.

Once there were more people, Sima Yi would definitely continue to make a fool of himself, and he would no longer have the face to stay in the Alliance Academy!

"Hehe ... This student, who told you that I don't have the ability to fulfill your wish? It's just that I'm too busy to help you! You're neither my student nor my relative, so what reason do I have to put down the important things in my hands to help a stranger I've never met?"

Lin Yi waved his hand to stop caidie's tantrum and looked at Xiao Ma with a smile, "It's not that I can't help you, but you should at least give me a reason to help you, right?"

Xiaoma blinked, not able to argue with Lin Yi.

It was just as Lin Yi said-no one would let a stranger affect their own business.

"Alright! As long as you can help me, I'll transfer to your sect and become your student!"

Young MA thought for a moment and threw out a bait that he thought the other party could not refuse!

Aren't you recruiting new people? it's the same if I'm your student.

Now that I've become your student, you can't use this excuse anymore, right?

"It's not a new student, is that a problem?"Lin Yi turned to caidie.

If it only counted if there were three new students, then there was no point in accepting this kid!

"It counts! As long as there are three students!"

Caidie knew that Lin Yi didn't know much about the rules and quickly explained, "Generally, the older students will have their own mentors and will not easily switch to another person's tutelage. So, in the case that you have not been assigned, recruiting new students is the easiest way."

"If you have the ability to get students from other people, you don't need to recruit new people! However, it was not easy for a student to switch to another mentor. Not only did the student have to be willing, but it was also a blow to the prestige of his previous mentor! "Even though you need the approval of the teachers before you can let them in, in reality, the students don't want to follow you anymore. If you don't let them in, you'll only be humiliating yourself!"

"The most important thing is that the new mentor must agree to accept the student. None of the three can be missing! If you have less than three mentors, you'll be dismissed. If you don't have a fixed mentor, you'll also be expelled by the Academy because of the lack of points!"

It was precisely because of this that the students in the Academy would not change their mentors at will.

It was because leaving under a teacher's tutelage was very risky.

It was still fine if the three sides had agreed on it, but if they hadn't, the students would most likely have played themselves to death.

Three points?

One, the student himself must agree.

Two, the student's previous instructor had to agree.

Third, the new instructor would also agree.

One and three were definitely not a problem. As for two, as Luo caidie said, if fan fan didn't agree, it was equivalent to losing face and humiliating himself.

"So that's how it is. Since he's also considered a candidate, it's not good for me to give him up!"

Lin Yi heard that this guy could count heads, and his spirits rose. He wasn't going to let this go!

Who cares if this student's purpose is a coward, just take him in first!

"Hey, you, introduce yourself first!"

Lin Yi sat up straight and put on a serious expression. There were already new students watching-this was a rare advertising opportunity, and he had to show off his skills.

Lin Yi wanted to let the newbies know that there was a God here, and the smart ones would gather here immediately!

"My name is MA pijing, and I have a fire attribute physique. I'm currently at the consummate level of the mountain-opening realm, and I've been stuck at this level for almost a year and a half! I'm an upright person who abhorred evil and never knew how to flatter others. I've used all kinds of methods to break through, but I'm always one step behind ..."

Little Ma's name was MA bijing ... This really surprised Lin Yi!

The people from the Alliance Academy were really weird. Why did they dare to name themselves?

If you say that you don't know how to flatter others, no one will believe you, right?

..."That's the general situation. Does teacher Sima have any way to guide me? As long as I can break through, I'm willing to be your disciple!"

"Yes, you've explained it in detail. I basically understand the situation now!"

Lin Yi nodded, but he was still hesitating on whether he should take MA pijing in. After all, the first student of the Alliance Institute was already considered an opening disciple, yet he was called a bootlicker ...

It wouldn't be nice to say it out loud. For example, Sima Yi's eldest disciple was a bootlicker ... It was a little embarrassing just thinking about it!

However, it seemed that he had no choice now. He had to put everything into the basket first.

"You said that you're willing to be my disciple, but without your current instructor's approval, your words don't count! Unless you get your teacher's approval first. "

When Gu Fengji heard this, he immediately jumped out and laughed, ""I heard what little ma said. He's been stuck at the consummate level of the mountain opening realm for so long. As his teacher, I can't help him, and I feel guilty. As long as you can help him break through, what's so difficult about getting him to join your sect?"

Chapter 8095

"Teacher Gu!"

MA pijing pretended to be ashamed and respectfully bowed to Gu Fengji. ""I don't want to switch to another sect, it's really ..."

"Little ma, you don't have to say anything. I understand! Don't worry, I'll make the decision! As long as you can break through under Sima Yi's guidance, you can go and follow him!"

Gu Feng magnanimously waved his hand and asked MA pijing to take out his identity card and cancel his teacher's relationship. ""Sima Yi, as you can see, Xiao Ma is free now. As long as you can do it, he'll be your student!"

In order to make Lin Yi lose face, Gu Fengji had done his best.

Of course, he was also sure that Lin Yi wouldn't succeed. After all, MA pijing's breakthrough was too difficult, and he might even end his life there.

Canceling his mentor relationship now would put Lin Yi at ease, but when Lin Yi failed, he could take MA pijing back as a disciple. Nothing would change!

Another important point was that Lin Yi was only at the peak of mountain-opening, and he didn't have any experience in breaking through to earth-opening stage. How was he supposed to guide other peak-level mountain-opening cultivators?

If he had this ability, he would've broken through long ago-why would he still be at the peak of the mountain-opening realm?

"Teacher Gu is really a good teacher who thinks for his students! He is worthy of respect!"

Lin Yi couldn't help but give Gu Fengji a thumbs up-it'd be weird if he didn't take in a flatterer after all that he'd done.

Sigh, I'm just too soft-hearted! This was the only way!

"MA pijing, fully circulate your cultivation technique and display your best martial arts technique. I want to see your condition first."

"Alright!"

MA pijing didn't refuse. He motioned for a few new students to make way. Then, he circulated his cultivation method and activated his martial arts technique. The scorching fire attribute Qi swept in all directions. It had to be said that this guy's Foundation was really solid.

Being stuck at the consummate level of the mountain-opening realm for a year and a half was not without any gains. At the very least, it allowed him to make quite a bit of progress in his solid foundation.

"Hmm, not bad. I think I know what your problem is!"

Lin Yi waited for MA pijing to stop before nodding slowly, "The cultivation technique you're cultivating is the raging flame Arts. Originally, this cultivation technique was very compatible with your attribute, but a small problem occurred during the process of your cultivation."

"I don't know if it's because you're cultivating the raging flame Arts incorrectly or if something went wrong during your cultivation process. In short, it's because your raging flame Arts cultivation method is wrong, and it affected your body when you used your martial skills."

"Have you noticed that every time you use the raging flame mantra, there will be a slight numbness between the second and third rib on your left side? And then the well point in his left shoulder was faintly tingling? Every time you use a martial skill, the area around tan Zhong point will feel a little weak?"

MA pijing's face was full of shock. He didn't know anything about the jianjing and tanzhong points, but Lin Yi pointed out the corresponding positions as he spoke, so it was easy for him to understand.

He didn't mind if Lin Yi didn't say it, but he remembered it now that Lin Yi did. It was true!

Because the symptoms were mild and didn't affect the circulation of cultivation techniques or the activation of martial arts techniques, he had never taken it seriously. After a long time of getting used to it, he felt that this was a normal phenomenon.

He didn't expect that there would be a big problem.

"Teacher Sima, what's going on? Is this the reason why I can't break through?"

MA pijing couldn't help but bend his back a little, his attitude towards Lin Yi a lot more respectful.

To be able to identify the hidden flaws and flaws with just a glance at the activation of the martial technique, this eye of discernment was already very amazing!

MA pijing was starting to believe that Lin Yi could solve his problem.

"That's one of the reasons. There's also a problem with your physique!"

Lin Yi smiled lightly, "your fire attribute body is very disadvantageous for absorbing all kinds of materials. I think you must have tried many materials to break through but didn't get much effect, right?"

"Indeed! Teacher Sima, you're really a God! What could be seen through at a glance? it was simply inconceivable and admirable! Your student's admiration for you is truly like the endless water of a Great River ..."

MA pijing, who claimed that he didn't know how to flatter others, was indeed a flatterer. Words of flattery came from his mouth without any consideration.

Lin Yi only smiled and nodded, accepting all of MA pijing's flattery. It wasn't that Lin Yi liked to be flattered, but there were new students watching, and he couldn't reject someone who wanted to help him raise his reputation.

Gu Fengji's mouth was wide open as he looked at Lin Yi in disbelief. He had no idea what was going on.

He, Gu Fengji, had studied MA pijing's problem for a long time but was still unable to figure it out. How could Sima Yi see through it with a single glance?

It must be fake!

The two of you actually knew each other long ago, but you're here today to play a duet with me, right?

Not to mention Gu Fengji's mental breakdown, Luo caidie was deep in thought and seemed to have understood something.

Lin Yi's Wu Linghai was very powerful, and she knew that. With such a powerful Wu Linghai, it wouldn't be a problem at all to check MA pijing's body with his divine sense. Even MA pijing himself wouldn't notice.

With that, Lin Yi would be able to see if there were any dissonance in his muscles, meridians, bones, and other parts of his body during the channeling process. It wasn't hard to spot the problem.

However, Luo caidie was a little surprised that he could call out the name of the raging flame Arts.

After all, the raging flame mantra wasn't a common cultivation technique. On the contrary, it was more of an obscure cultivation technique, so not many people would choose to cultivate it.

Moreover, its attribute was eighty percent similar to that of a more common fire attribute cultivation method!

When most people saw MA pijing circulating his cultivation method, they would think that he was circulating another fire attribute cultivation method!

Yet Lin Yi was so sure that it was the flame Arts, and at the same time pointed out that there was a mistake in the flame Arts that caused MA bijing's body to have problems.

What she didn't know was that not only did Lin Yi collect the sword spring sect's collection, he also swept the entire Hong Shang Empire's Royal Library into Wu Linghai.

In terms of knowledge, there was probably no one in the entire school who was more knowledgeable than Lin Yi!

Coupled with the scanning of his spiritual awareness, it was really easy and pleasant to determine MA pijing's problem!

"MA pijing, how many materials do you have in your hands? show me!"

Lin Yi was confident that he'd be able to help MA pijing break through by modifying his training and giving him pointers, but it'd take at least two to four hours. It was recruitment day, and he didn't have time to waste.

With the accumulation of materials, the speed of breakthrough would be greatly increased!

Another thing was that if he had more ingredients, he'd want to take some and use it to break through.

After all, people at the consummate level of the mountain-opening realm were looking down on him. At the earth-opening realm, he would at least feel slightly better, and the recruitment of new people would be smoother, right?

Chapter 8096

"Yes, yes, yes. Teacher Sima, please take a look. These are the materials that the students have prepared. I wonder if they are suitable?"

MA pijing quickly took out a pile of materials. In order to break through, he was also very hardworking. Usually, when he had some money, he would collect suitable materials, but he was afraid that too little would not be enough, so he saved a few sets and prepared to put them in one go to try to break through.

Lin Yi didn't lie to him about one thing-his fire element was too strong, and it'd be hard for him to absorb the materials-most of them would be burned by the fire Qi before they could be absorbed!

After that, he didn't know how to extract it, so the absorption efficiency was even lower. Basically, he couldn't even absorb one-tenth of a portion of medicinal materials.

If there was a mistake in the cultivation technique and the absorption rate of the medicinal herbs was low, it would be a ghost to be able to break through under such circumstances!

"Hmm, you're well prepared. These herbs are enough!"

Lin Yi was overjoyed-not only was it enough for MA pijing, but it was more than enough for him to break through as well."Because your body is not suitable to absorb the herbs directly. How about this, you give them to me. I will refine them and guide them to you."

"Before that, I'll help you modify your cultivation technique to get rid of the hidden dangers in your body. Later, you'll cultivate according to the modified cultivation technique I've given you, and with the help of the medicinal power I've given you, you should be able to break through to the earth formation stage very quickly."

"Many thanks, teacher Sima! Many thanks, teacher Sima!"

MA pijing didn't doubt Lin Yi's lies after hearing that there was hope for a breakthrough. He immediately piled all the herbs on the table in front of Lin Yi and looked at him eagerly, waiting for the modified technique.

Lin Yi didn't waste any time-he picked up a pen and paper and started writing, not only fixing MA pijing's mistakes, but also making some slight improvements.

After all, he had taken a portion of the medicinal herbs from others, so he had to give them something in return. Otherwise, wouldn't he be a thief?

Now it was an Equal Exchange, no, to be exact, a premium exchange. Not only would MA pijing not lose, but he would also make a big profit. He was worthy of these herbs.

"First, circulate your Qi according to this cultivation technique, then prepare for the breakthrough. I will refine these herbs, extract their essence, remove their impurities, and guide them into your body to help you absorb them."

Lin Yi passed the modified manual to MA pijing as he prepared to extract the ingredients.

In fact, when these medicinal herbs were refined into a soup, one's entire body would be soaked in it, allowing the medicinal liquid to penetrate through the skin, muscles, meridians, bones, and bones to display the best effect.

It was a pity that he didn't have the time or the conditions today. He could only extract the essence and swallow it. Although it would be a waste, it was enough.

MA pijing took Lin Yi's modified technique and was overjoyed with just one look-it was too strong!

At first glance, it didn't seem like much of a change, but after careful observation, one would realize that the power of this new raging flame art had increased by at least fifty percent. Moreover, its growth and cultivation potential had also increased by a lot!

Strong! He was too strong!

Even if he couldn't break through this time, MA pijing felt that it was worth it!

And he was already thinking about what excuse he should come up with to join Lin Yi if he couldn't break through.

This time, it was only the raging flame mantra. He still had many other martial arts techniques. If they all had such an effect, even if he didn't break through, his combat strength would almost double!

MA pijing was overjoyed, but his face remained calm. He suppressed his emotions and quickly began to try to run the new flame mantra.

The foundation was the same, with only a few minor changes, so he could easily operate it smoothly.

On the other side, Lin Yi gathered all the herbs on the table and wrapped them up with fire Qi, starting to refine them.

Of course, this was only what people saw. In fact, in that layer of fire Qi was Lin Yi's spirit sense pill fire. Using fire Qi to extract the essence of the herbs was a waste, and the chances of refining it into dregs were high.

He couldn't make elixirs without a furnace, but his control was enough to extract the essence of the medicine. At most, he'd lose a bit more.

However, MA pijing had prepared enough medicinal herbs, and the loss was within an acceptable range!

Lin Yi's refining process was completed just as MA pijing finished his new flame Arts. An emerald-green basketball-sized medicinal essence floated above the table, emitting a faint herbal fragrance. Just the smell alone was enough to make people feel relaxed and happy.

Lin Yi opened his mouth and sucked. The essence of the medicine turned into a water arrow and flew into Lin Yi's mouth, disappearing instantly.

"MA pijing, continue to circulate your cultivation technique and prepare to break through!"

Lin Yi shouted in a low voice and raised his right hand to MA pijing's forehead. An emerald green light started flashing in his palm, spreading down from MA pijing's forehead and quickly wrapping him up.

"Hey, that person is green from head to toe. How amazing!"

The surrounding audience exclaimed in surprise. MA pijing almost choked to death!

If he didn't know that this was the critical moment of his breakthrough, he really wanted to beat those new little guys to death!

Lin Yi, of course, didn't want to turn MA pijing into the Hulk. The green light was the essence of the medicine absorbed into his body, which Lin Yi would then convert and pass to MA pijing.

Although the amount given to MA pijing was less than one-fifth of the total amount, the quality was a world of difference from MA pijing's own absorption. Although it was less than one-fifth, if he were to absorb it himself, he was afraid that it would not even be half of this.

MA pijing himself had a particularly profound experience. He had never experienced such a strong medicinal effect before!

Combined with Lin Yi's newly improved raging flame mantra, he could feel the barrier of earth formation almost instantly. He started to break through it and it was loosening up quickly.

It was as unbelievable as a dream!

No matter what, she had to stay under Sima Yi!

Not to mention the ability to modify the cultivation technique, just this method of indirectly helping to absorb the medicinal effect was worth keeping!

Lin Yi retracted his palm after giving MA pijing some of the essence. The rest of the breakthrough was on his own, and no one else could interfere.

Using this time, Lin Yi started breaking through as well. He'd already accumulated enough before, and now that he had a large portion of the medicinal essence that he'd retained, there were no more obstacles for him to break through to earth creation stage!

Breaking through the barrier easily and happily, Lin Yi completed the breakthrough from mountain split stage to earth split stage in the blink of an eye. His aura suddenly increased by a huge amount.

Other people who had just entered the earth stage would need a period of time to consolidate their Foundation, but Lin Yi used the extra essence of the medicine and didn't need to consolidate his Foundation at all. His aura kept rising, breaking through from the initial stage of earth stage to the peak of the initial stage before stopping.

Chapter 8097

"Sima Yi! You're finished! You actually stole a student's medicinal ingredients to use for your own breakthrough!"

Gu Fengji was shocked by Lin Yi's breakthrough speed, but the peak of early stage earth split wasn't much different from the peak of mountain split, so he seized the opportunity to target Lin Yi.

"I've already used the Jade token to record everything that happened just now. You pretended to help the student break through and swindled the student's trust to obtain the student's medicinal herbs. Then, you embezzled the medicinal herbs for yourself. In broad daylight, in front of everyone's eyes, you brazenly embezzled the student's medicinal herbs. You're simply shameless!"

"Little ma should have been able to break through, but after you swallowed the medicinal herbs, it caused his breakthrough to fail again! I'll report this matter to the Dean immediately and have him expel a scum like you! I didn't expect that such a small temptation would make you reveal your true colors!"

Gu Feng was overjoyed, thinking that he could use this chance to get rid of Lin Yi!

From then on, this eyesore would never have the chance to appear beside Luo caidie again!

Lin Yi let out a breath of air, satisfied with the breakthrough. He then looked at Gu Fengji, "Who told you that MA pijing failed in his breakthrough? Also, which eye of yours saw me swallowing his medicinal herbs?"

"You still want to argue? "You've succeeded in breaking through, but the pony didn't move. You say that the pony didn't fail? As for the matter of you swallowing the medicinal liquid, I saw it with both my eyes!"

With one hand on his waist, Gu Fengji drew an arc in the air with his other hand, encompassing everyone around him. ""Not only did I see it with my two eyes, everyone here has sharp eyes. No matter how you try to quibble, you can't escape!"

The irrefutable evidence is like a mountain, let's see how you flip the sky!

"Ha ... If there's no movement, does that mean that the breakthrough failed? You still have the nerve to say that you're the 12th ranked mentor of the Alliance Institute? open your light bulb and take a good look!"

Lin Yi's face was full of mockery as he lifted his chin, signaling for Gu Fengji to look at MA pijing.

Gu Fengji laughed coldly, thinking that Lin Yi was just struggling. He didn't expect to see MA pijing really break through!

His opponent's aura was soaring. He had broken through the barrier of the earth-splitting stage, which had not shown any signs of movement for the past one and a half years!

'F * ck! You F * cking piece of trash!

You didn't break through earlier or later, you broke through when I, the teacher, was making things difficult for Sima Yi!

So, you two are really in cahoots, right? You're just putting on a show to frame me, right?

I knew it! You guys have been trying to harm me!

Gu Fengji was really going crazy. You can't do this!

"Alright, Xiao Ma did break through, but this has nothing to do with whether you swallowed his medicinal herbs or not! You can't deny that you relied on Xiao Ma's medicinal herbs to achieve consecutive breakthroughs!"

Gu Fengji's thoughts moved like lightning, and he grabbed onto the last life-saving straw. "You directly skipped the initial stage of earth creation and entered the peak of the initial stage, but Xiao Ma only barely broke through to the initial stage. Isn't it because you swallowed his medicinal materials? He could've entered the peak of the initial stage of earth creation!"

"Air blower, can you stop blowing for a while?"

Lin Yi's mouth twitched in disgust, "can you please talk after you're done?" Which eye of yours saw that MA pijing was only at the initial stage of the earth-splitting stage and it ended?"

"Gah!"

Gu Fengji was suddenly like a duck that had its neck grabbed, unable to speak. His heart was even more bewildered. Could Xiao Ma really break through to the peak of the initial stage of earth creation?

It didn't make sense!

Unfortunately, facts spoke louder than words. MA pijing was like Lin Yi-his aura didn't stop after breaking through, and he continued to break through to the peak of earth-opening primary stage in one go!

This time, it really wasn't Lin Yi's help-it was all due to the guy's accumulation of experience. If it wasn't for the mistake in the art of raging flames that prevented him from breaking through, he would've reached the peak of early Earth-splitting stage by now.

Now that he'd been led back to the right path by Lin Yi, it was only natural that he'd break through like this.

However, in the eyes of others, it would be unbelievable!

"I've broken through! I've finally broken through! Hahahahaha! The peak of the early stage of earth creation! He had broken through twice in one go! Hahahahahaha!"

After MA pijing stabilized himself, he immediately jumped up and laughed excitedly. He had held it in for too long!

He almost thought that his ceiling was here and that he really couldn't continue to improve. He didn't expect that either he didn't break through, or he broke through twice in a row!

"Teacher Gu! Teacher Sima! I've broken through! He had really broken through! This wasn't a dream! This is real!"

This guy was really going crazy, jumping and shouting as he shook Gu Fengji's hand, and then Lin Yi's hand, the excitement in his heart couldn't be vented.

Fortunately, he didn't hold Luo caidie's hand. Otherwise, he would have been finished off by Gu Fengji the moment he broke through!

Gu Fengji didn't want to say anything anymore. Every time he said something, he would be slapped in the face. This burning feeling on his face hadn't even dissipated when it came back again!

I'm the 12th-ranked celebrity mentor, so how can I be so shameless?

Gu Fengji felt like his lungs were about to explode.

"Teacher Gu, I really have to thank you for your help this time. If it wasn't for teacher Gu, I wouldn't have achieved what I have today!"

MA pijing solemnly bowed to Gu Fengji and thanked him.

Others might have thought that he was thanking Gu Fengji for his guidance all these years, but only Gu Fengji knew that MA pijing was thanking him for being sent to test Sima Yi ...

Without this ill-intentioned test, how could MA pijing have broken through twice in a row?

Gu Fengji's train of thought was a little jumbled up by this 'thank you'... What did he want to say just now?

That's right, we can't give up just like this. If we give up now, we'll definitely be slapped in the face. We have to find a way to turn the tables!

"Cough, cough! Little ma, it's great that you've broken through. I'm very happy for you!"

Gu Fengji first put on a fake smile and said a few words, then he changed the topic, "However, your breakthrough was due to your previous accumulation. Sima Yi secretly swallowed your medicinal ingredients. Look at him, he also broke through twice, and his speed was even faster than yours!"

This was Gu Fengji's idea.

No matter what, he had to create some trouble for Lin Yi and make MA pijing unhappy with him!

As long as MA pijing stepped out to blame Lin Yi, the situation would be turned around.

"Ah? Teacher Sima has taken my medicinal ingredients?"

MA pijing was slightly stunned, then shook his head and said, ""Impossible! Teacher Gu, you must have misunderstood! I feel that the medicinal power I absorbed this time is more than twice as much as before!"

"If teacher Sima can still absorb my medicinal ingredients with such an efficiency ... Then I hope teacher Sima can keep on swallowing my medicinal ingredients!"

These words were really from the bottom of MA pijing's heart!

Chapter 8098

it was true. if he had encountered sima yi in the past who had swallowed his medicinal ingredients like this, he would have broken through to the earth opening stage a long time ago. why would he have waited until now?

ma pijing naturally knew that his fire attribute wasn't good enough for him to absorb medicinal herbs, so he was more than happy to have such a person help him refine the medicinal effects!

even if he knew, even if sima yi really swallowed half of his medicinal effects, he would be willing!

in the world of cultivators, there was no return without effort.

even if it's the alchemist association, doesn't it cost money to ask them to refine pills?

not only did they have to pay double the materials, but they also had to pay money and martial league points as labor fees.

in other words, according to the alchemist association's rules, if you ask someone to concoct pills, you must prepare the materials for two pills.

even if they refined two, they would only give you one.

if you're unlucky and can't make a single one, then your labor costs and materials will go up in smoke.

Of course, no one was so unlucky. Since he went to find an Alchemist from The Alchemist Association, as long as the pill wasn't too complicated, he could always guarantee that he would be able to refine one.

Alchemists also operated in the alchemy room of the Association to ensure fairness and justice, and they would not invade the alchemy room for personal gain.

MA pijing also knew that the effects of the elixir were good, but he did not have that many martial league points, and he did not have any connections.

So many people with strong backgrounds have to queue up to find The Alchemist Association to refine pills. What's the use of a student like him?

In summary, if teacher Sima Yi could always help him extract the medicinal effects, then it would be equivalent to having an Alchemist by his side. Only a fool would refuse such a good thing.

Gu Fengji's face darkened. Just whose student are you?

Can you use your brain before you speak? How am I supposed to turn the tables if you say that?

"No, Young MA, you must be mistaken. I've already said that you were able to break through because you had accumulated enough experience in the past. It has nothing to do with medicinal herbs! Sima Yi wanted you to have this kind of illusion, that's why ..."

Gu Fengji was still struggling, and Lin Yi nodded to himself.

This guy did have some insight. He could see that MA pijing's continuous breakthroughs were due to his previous accumulation. Such results were only achieved after a long period of preparation. He was indeed worthy of being the twelfth-ranked teacher. He did have some ability.

In fact, Gu Fengji didn't have that kind of vision-he was just trying to smear Lin Yi's name!

He just didn't expect that a blind cat would run into a dead mouse, and he really got a few points right.

MA pijing hesitated. He naturally understood what Gu Fengji meant!

After all, it was the extreme ancient wind sect that came to cause Lin Yi trouble!

But the problem was that MA pijing had just broken through because of Lin Yi's guidance, and he was very grateful to this young mentor. He didn't want to work with Gu Fengji to target Lin Yi anymore.

And he felt that he had a better future with Lin Yi, at least much better than with Gu Fengji!

However, he couldn't let go of his friendship with Gu Fengji at the moment, and he couldn't let go of this face.

"Teacher Gu, actually, teacher Sima's guidance was very effective, such as the modification of the raging flame mantra ..."

MA pijing didn't want to lie, so he decided to convince Gu Fengji to stop going against Lin Yi.

After all, they were teacher and student, and he didn't think that Gu Fengji would have a good ending if he became Lin Yi's enemy.

"Forget it, I don't want to hear these words anymore!"

Gu Feng waved his hand in annoyance and said, ""Since this matter is over, you can return to my sect!"

Originally, if MA pijing had not broken through, Gu Fengji would not have paid much attention to him. A student who could not advance to the earth creation stage in a year and a half would not be of any benefit to his results as a teacher.

However, it was a different story for the earth-opening stage.

"MA pijing, didn't you want to be my disciple? You said it yourself, after I guide you to break through, you will come and be my student. "

Before MA pijing could react, Lin Yi interrupted the conversation between the teacher and student, clearly trying to get MA pijing to join him. "Now that you've broken through, come over!"

What a joke, he had worked so hard to finally get first blood, how could he allow Gu Fengji to come and steal his kill?

MA pijing was a hundred percent willing to be with Lin Yi, but he was worried about Gu Fengji's feelings and didn't want to join Lin Yi immediately.

Therefore, he had to show enough hesitation so that he would not offend either side.

In fact, he was thinking too much. Sometimes, when one's stand was not firm and one did not want to offend either side, it was often the case that one would offend both sides.

After thinking for a while, MA pijing said to Gu Fengji in a soft voice, "Teacher Gu, I've already promised to enter teacher Sima's tutelage. If I go back on my word now, I won't be able to gain a foothold in the Academy in the future!"

"Of course, it's not that I want to betray teacher Gu. It's just that I've made a promise first, and people can't stand without trust! I hope teacher Gu can understand ..."

Gu Fengji's face turned even darker. MA pijing's meaning was clear-he could never return to Gu Fengji's sect!

"Little ma, don't worry. This is only a verbal agreement, and there's no conclusive evidence left behind. I can help you settle it. Do you really want to leave your teacher and go under Sima Yi?"

Gu Feng was extremely unwilling to give up and still wanted to make a final struggle.

If one of her students really did become Lin Yi's student, then wouldn't she be slapping him in the face after slapping him in the face?

MA pijing's expression became more and more embarrassed, and he cursed in his heart!

As a teacher, you don't have the ability to help your student break through, yet you want your student to go back on his promise?

Where was the image of a teacher?

However, MA pijing still had a teacher-student relationship with Gu Fengji, so it was not convenient for him to be too decisive.

Luo caidie, who was on the side, couldn't stand it anymore. She sneered and said, "Gu Fengji, you're a famous teacher, can you please take note of your image?"

After a sarcastic remark, Luo caidie turned to MA pijing, "You don't have to think too much. I've already recorded everything you said with a Jade token. If you go back on your word, the Alliance Academy will probably not be able to accommodate you! Do I still need to consider?"

MA pijing immediately quivered, but he was secretly happy in his heart. He immediately took advantage of the situation and said, "There's no need to consider. I will definitely keep my promise and enter teacher Sima's sect!"

After saying this, he cupped his fists towards Gu Fengji and bowed, ""Teacher Gu, I thank you for your guidance all this time. I really can't continue to learn from you this time. Please forgive me, teacher Gu."

Gu Fengji's chest felt heavy, but he had no choice.

Since Luo caidie had already spoken, he couldn't say anything more, regardless of whether there was a record or not.

Originally, he sent Xiao Ma to beat Lin Yi down so that he could belittle Lin Yi in front of Luo caidie and make Lin Yi get lost.

Now, if he was still haggling over MA pijing's matter, then Luo caidie would look down on him!

"Alright! Little ma, you should go to Sima Yi's side ..."

Gu Fengji sighed and turned his back slightly, giving MA bijing a look.

Chapter 8099

He meant for MA pijing to go to Lin Yi's side first, but he was actually a spy. "If there's a chance in the future, you can come back to my sect. I'll always welcome you back."

He was giving MA pijing a way out, telling him that he wouldn't have nowhere to go after offending Lin Yi.

It was also a subtle way of saying that Lin Yi wouldn't be able to stay in the Alliance Academy for long. He'd be kicked out soon, and his students would be homeless.

MA bijing and Gu Fengji had been together for a long time, so he knew Gu Fengji's character and the way he dealt with things very well. Therefore, MA bijing really understood the meaning behind his eyes.

However, MA pijing pretended not to see it. He looked confused and did not look at Gu Fengji.

What a joke, it wasn't easy for him to become Lin Yi's disciple, why would he need to be Gu Fengji's spy?

Not helping Lin Yi deal with Gu Fengji was already being considerate!

It was impossible to be a spy!

As for Lin Yi being kicked out of the school ... MA pijing didn't believe it.

To have such a strong ability to modify cultivation techniques and guide students to break through, even the top ten instructors might not be able to do it, right?

"An all-rounded instructor ... Seems a little reliable! Are you going to register?"

"Although this teacher Sima Yi looks pretty good, he's not famous after all. The risk is too high!"

"I think you guys can actually give it a try ..."

"You're not going?"

"I want to see the top ten teachers first ..."

The new students who were watching from the side didn't know each other, but they were conversing in low voices.

They'd be lying if they said they weren't moved after seeing Lin Yi's performance.

It was a pity that Lin Yi's reputation was just too low, and even if there was an outstanding example in front of them, most people would still choose to go find a famous mentor to try their luck.

"Alright, everyone, disperse! Do what you need to do!"

Gu Fengji was afraid that some of the new students would really turn their thoughts into action and go under Lin Yi's wing, and so he turned around and chased them away.

Lin Yi didn't mind-the seeds had been planted, and these people might just come back if they didn't find a suitable mentor.

MA pijing quickly handed his identity card to Lin Yi with both hands, allowing Lin Yi to leave his mentor's Mark on it.

In this way, the teacher-student relationship between the two sides was confirmed!

Gu Fengji had not been able to achieve his goal, and had instead been slapped in the face several times. Thus, after chasing away the new students, he did not even say a word and quietly slipped back.

Lin Yi, Luo caidie, and MA pijing continued their recruitment at the entrance.

It was a pity that they didn't manage to recruit anyone just now when they were guiding them to break through. Now that the three of them were just sitting there doing nothing, naturally, no one would pay any attention to them.

"Sima Yi, we should actually go back to the classroom, right? Wouldn't it be a pity if someone wanted to be your disciple but couldn't find them in your classroom?"

Caidie Luo was bored and tried to get Lin Yi to leave the school, "If it's here, let MA pijing stay. He'll be of some use!"

MA pijing was speechless.

Don't I care about my face?

Recruiting new students at the entrance of the school ... Teacher Luo, what are you thinking?

Lin Yi looked at the sky-it was almost noon, and most of the new students had already entered the school.

At this moment, after waiting here for a long time, no more students came.

After all, there were only so many instructors. If they didn't come earlier, their spots would be snatched up by others. No matter how talented they were, they wouldn't be able to find any higher-ranked instructors!

"MA pijing, you stay here and watch. If any new students come, think of a way to trick them ... No, I mean, introduce our situation and advantages to them, and try to get them to join my sect."

However, caidie ordered without waiting for Lin Yi's reply.

Lin Yi was just about to say that it didn't have to be so troublesome when a bronze bell rang in the school.

Then, the principal's voice reverberated throughout the Academy.

"Attention all teachers in the college, please gather at the small square in front of the college. I repeat, all teachers in the college, please gather at the small square in front of the college immediately, without any delay!"

Lin Yi blinked and looked at caidie, "The small square at the entrance of the Academy that the old Dean was talking about, it seems to be here, right?"

"Yes, that's right! Although the Academy had several entrances, this was the only place with a small square. Because this is the main entrance of the Academy!"

Luo caidie nodded and then asked suspiciously, ""What's the Dean trying to do with such a big formation? They actually want all the teachers in the Academy to gather here, are they preparing to welcome some Big Shot?"

"It should be. It does seem like some Big Shot is coming."

Lin Yi extended his divine sense out and indeed found a group of people rushing over to the Alliance College. It was quite a big scene.

One look and one could tell that they were not simple people.

"Luckily, I didn't go back to the classroom. Otherwise, I would have to turn back here."

Luo caidie pouted and looked into the distance. No one had come in her sight yet.

Soon, the Dean and the teachers flew over at a rather fast speed.

"Sima Yi, what are you doing? Hurry up and remove these things!"

The Dean's face darkened when he saw Lin Yi's banner and stand. "There has never been a case of a teacher setting up a stall to recruit students at the entrance of the Alliance Academy. This is simply embarrassing!"

The old man was stubborn and prejudiced against Lin Yi, and there were important people coming soon- he was furious!

If the other party were to see this scene, the sign of the Alliance Academy would probably collapse!

She didn't hold back at all when she scolded Lin Yi, her voice and expression harsh.

The other mentors didn't care if they'd seen Lin Yi before, but they'd definitely heard of the name Sima Yi. They all looked at Lin Yi with strange expressions after hearing the Dean's words.

gu fengji saw that his chance had come, and immediately jumped out to agree,""the dean is right. this kind of person who only knows how to use crooked ways is a disgrace to our alliance academy! i don't know what methods he used to sneak into our alliance academy. "

"dean, in my opinion, this kind of black sheep can't stay for long. it's better to just expel him. otherwise, who knows what kind of joke he will make and disgrace our academy's reputation for no reason."

the dean was moved, but as the dean, he couldn't fire lin yi over something as small as this. he had to have a proper reason.

for example, if lin yi had less than three students, they'd be able to make a move.

after all, this dean was an old-fashioned man, and he definitely had to maintain the academy's rules well!

ma pijing had never been in the company of so many big shots before, and even though no one was paying attention to him, he was still scared witless. as soon as the dean finished scolding lin yi, he picked up the table and ran away with the banner.

Chapter 8100

It was better to stay as far away from this place as possible, or the pressure would be too great!

Gu Feng glared at MA pijing's departing figure with great displeasure. This kid was really a bastard. It was such a good opportunity, but he actually made things worse!

As long as the table and banner were not removed, the headmaster's anger towards Sima Yi would continue to burn.

With MA pijing's interruption, the Dean didn't want to talk to Lin Yi anymore.

After all, compared to Lin Yi, the person who was about to arrive was more important.

"Hmph, you're lucky! The Dean doesn't have time to argue with you!"

Gu Fengji wasn't willing to give up, and started mocking Lin Yi a little more. Wang Ba and Gao Zi couldn't help but jump out and echo him.

But Lin Yi didn't even care about them.

The atmosphere eased up a little, and everyone's attention shifted from Lin Yi to the person who was coming.

"Principal, who are we welcoming? A martial Alliance branch's Hall Master? Or the Emperor of the nado Empire?"

Caidie was curious, but she also wanted to share some of Lin Yi's burden. She went up to the Dean and asked, "I didn't hear that they were coming. Did they arrange this trip at the last minute?"

Luo caidie was one of the four beautiful teachers of the Alliance Institute. In addition, she had a good reputation among the students, so when the Dean heard her question, a smile appeared on his old face.

"It's not them, but an important student!"

The hospital director looked at the people around him and did not hide anything. "The reason why she asked everyone to come is because the situation is a bit special. If she wants to choose someone as a teacher, then that person will be her teacher. It is not limited to this year's recruitment of new teachers."

Luo caidie and the other teachers were a little stunned. Was it so special? In the past, the director had never used special treatment.

Who could make this old man make an exception?

"Before anyone comes, I'll tell you the bottom line! This time, it's a Princess with a noble status. She's the one that Emperor nado personally greeted me. "

The director was a little helpless. He didn't want to be given special treatment, but he had no choice. The Emperor of the nado conferred Empire wasn't someone that the emperors of other ordinary empires could be compared to.

It could be said that there were three big shots in the nado martial Alliance branch's jurisdiction.

They were the great emperor of the NA duo conferred Empire, the hall Master of the martial Alliance's branch, and the College's Inspection Supervisor that the martial Alliance had sent to the NA duo conferred Empire.

These three appointments came from the higher-ranked martial Alliance of the continents.

In terms of authority, the great emperor of the NA duo conferred Empire was inferior to the hall Master of the martial Alliance's branch and the College's patrol supervisor, who had a superior status.

However, the Emperor of the naduo conferred Empire was still the Supreme ruler of the naduo conferred Empire in name. Even the martial Alliance's Hall Master and the College's patrol supervisor had to give him face, let alone the Dean of an Alliance-established college!

The Alliance Academy and the other Academies were all under the management of the continental martial Alliance. In other words, they were under the management of the Academy's Inspection Supervisor.

Since the great emperor had personally greeted him, he had to give him face.

No matter how unwilling he was, this was still a rule, and the Dean had to abide by it.

"So that's how it is! If that's the case, we can understand!"

The teachers in the surroundings nodded in agreement. For the Emperor of the nado conferred Empire to personally greet the principal, this Princess must have an extraordinary status.

Otherwise, it wasn't like there hadn't been any princes or princesses coming to the Academy in the past. Such a situation had never happened before. It was clear that the princess who came this time was very important to the Emperor.

With this level of understanding, many teachers began to plan how to perform in their hearts and strive to take this Princess under their wing.

the students chose the instructors, and the instructors would choose the students.

talent was an important standard of measurement, but it was undeniable that a student with a distinguished status was sometimes even more important than a student with high talent.

for example, if a certain prince or princess were to be my students, i would be able to gain a lot of face. i could also act as a role model for publicity and attract more students.

while everyone had their own thoughts, a group of people came over.

the black spirit ferghana horse in the lead had a beautiful lady with a slightly pale face sitting on its back. she exuded a kind of classical beauty that made one feel pity for her.

the girl was wearing a long black dress with gold embellishments, giving off a low-key sense of luxury.

lin yi's eyes lit up.

this was the first time lin yi had seen a girl so delicate yet beautiful.

it was a bit like master's wife, lin zhiyun, that he had seen when he was a child.

Everyone had thought that the princess would come by taxi, but they didn't expect her to come directly on the Black Spirit Ferghana horse. It was quite unconventional!

"Who is the president of the Alliance Academy?"

On the other side, the large group of people stopped in the small square. An old eunuch by the princess's side rode forward on his horse, dismounted in front of the crowd, and cupped his hands to ask.

The Dean cupped his fists. "I am the Dean of the Alliance Academy. Princess, please come over."

His status was quite extraordinary, and he was one of the more impressive figures in the Academy. He would give face to the Emperor of the nado conferred Empire, but he would not be too polite to an old eunuch.

"Headmaster, the princess's phoenix body is a little unwell, so I came first to inform you."

the old eunuch flicked the horsetail whisk in his hand and squeezed out a smile on his old face. "everyone here is a teacher from the alliance academy, right? i've made it clear that whoever can see the princess's discomfort and find the root cause, let alone whether they can solve it, the princess will be taught by that teacher. "

everyone's eyes simultaneously turned to look at the beautiful young lady who was still sitting upright on the black spirit ferghana horse. they had originally thought that her face was only slightly pale, but now they understood that there was something wrong with her body.

however, what could he see just by looking at it?

they were all instructors, not doctors. even if they were doctors, they wouldn't dare to say that they could make a diagnosis with just one look, right?

moreover, the old eunuch did not say what kind of princess she was. he was acting all mysterious and arrogant, which made the other teachers who were also arrogant feel dissatisfied.

of course, dissatisfaction aside, if he could accept this princess as his student, he would definitely accept her!

this was especially so for people like gu fengji, wang ba, gao zi, and the others. they had always liked to accept students with strong backgrounds. if those proud teachers were still reserved, they would be extremely enthusiastic.

"So the princess is unwell? It doesn't matter, we'll definitely be able to find the root cause and treat the princess. "

Gu Fengji was the first to jump out, smiling as he cupped his fists and bowed to the old eunuch,""If eunuch Liu can describe the princess's symptoms, we will be more confident,"

"That's right. If we know the symptoms, it's easier for us to prescribe the right medicine. Or, why don't we ask the princess to come with us? we'll find a quiet room first and sit down. Then, we'll study it. What do you think?"

Wang Ba also chimed in, not willing to fall behind Gu Fengji.
