Chapter 8111

Was this damn Alliance Academy the only place where outstanding instructors could not be seen?
Hmph!

"Teacher! "Since the Alliance Academy doesn't want us to stay, we'll just leave. The martial Alliance doesn't only have one alliance Academy under its jurisdiction! There are many good schools to choose from!"

Qin mengzhen didn't even think about begging for mercy. If it weren't for Lin Yi, she might've just ordered the Dean to stop, and the conflict would've escalated.

"Qin mengzhen, don't be anxious! Retreat to the side!"

Lin Yi waved his hand calmly, and Qin mengzhen didn't dare to disobey him. She glared at the Dean and stepped aside obediently.

"Principal, is it time already? The rule should be that we only need to recruit three students today, right? It's not over yet! It's only close to dusk!"

Lin Yi lifted his chin, indicating that the sun was still setting. There was still a lot of time before the day was over.

"It hasn't ended yet, but the recruitment has already ended! Do you think you can poach a student from any of the instructors?"

The Dean was expressionless, but a hint of mockery flashed in his eyes. ""Don't be delusional. It's not easy for a student to change their allegiance. Even if teacher Luo caidie wants to help you, her disciples may not dare to take this risk!"

Other than caidie Luo, the Dean believed that no other mentor would help Lin Yi.

As for the students under Luo caidie, he didn't need to say anything. Someone would naturally warn them.

Whoever dared to join Lin Yi's sect at a time like this wouldn't be able to live a good life in the Alliance Academy!

A teacher who could be expelled from the Academy at any time would not be able to provide much protection to the students under his tutelage. On the other hand, the entire Academy's teachers had countless ways to toy with the small students who had offended this group of people!

So, everyone believed that Lin Yi was done for!

Lin Yi was the only one who was calm and didn't look worried at all, "Since the time isn't up yet, principal, you don't have to rush to a conclusion! Why don't we start with the recruitment ceremony?"

"It's meaningless to delay any longer. Your end has already been decided! Why do you have to put up such a pointless struggle?"

Gu Fengji laughed coldly. "Even if I pitied you and gave you Xiao Ma, you're too disappointing. You still can't escape the fate of being expelled!" Principal, don't listen to his nonsense, just expel him!"

The Dean was quite moved, but he thought that the time was indeed not up yet. As a person who upheld the rules, he couldn't take the initiative to break the rules, so he shook his head and said, "Just give him some time! It won't drag on for long anyway!"

Before he could finish his sentence, an old student ran over quickly from a distance. He was sweating profusely as he bowed to the Dean and the teachers on the high platform.

This group of people didn't know what this senior student wanted to do, so no one asked him to leave. But soon, they regretted it!

The student's eyes lit up as soon as he saw Lin Yi, and he quickly ran over and bowed. "Student tu gexia, I sincerely request teacher Sima to take me in as your disciple! This is a student's identity card!"

As he spoke, tu Gesha had already handed over his identity card with both hands.

It clearly stated that he had already obtained the approval of his original mentor, and could now transfer to another mentor!

The Dean, Gu Fengji, Wang Ba, Gao Zi, and the others who didn't like Lin Yi were all shocked!

Why would there be such a sudden reversal?

Slaughtering gatesha ... What the hell are you trying to do?

Wasn't it better to just stay here? Why did he have to jump into such a Whirlpool to court death?

"En, I remember you. I didn't expect you to come to my sect. It's fate!"

Lin Yi smiled as he nodded. This tu Gelao was the one he taught during the test.

Lin Yi's spirit sense had already picked up on tu Gesha's request at the school gate, asking his mentor to let him join his sect.

Tu Gelao's mentor wasn't in the school today, so he didn't join the team that was welcoming Qin mengzhen at the school gate. He didn't know what Sima Yi's name represented in the Alliance Academy.

But while he wasn't in the school, he wasn't too far from it-Lin Yi's spirit sense was already in range when he was at the gates.

Because both of them had mentioned Sima Yi's name, they were more or less paying attention to him. Only then did they remember that there was such a student, and they were shocked that he actually wanted to come and join their sect.

"I have always remembered teacher Sima's guidance during the teacher assessment. When I found out that teacher would come to our Alliance Academy, I have already made up my mind to learn from teacher."

Tu Gelao didn't know that Lin Yi had been watching his every move, and explained, "My previous mentor was also very good to me and was very considerate of me. After hearing about what happened during the instructor's test, I also have a lot of respect for teacher Sima. I feel that it would be a good thing for the students to be able to come under teacher Sima. "

"It's just that this student's teacher still had some concerns, so he delayed a bit more time. After analyzing the various pros and cons for this student, he finally agreed to let this student join teacher Sima!"

"If not for that, I would have come to see teacher Sima a long time ago. I wouldn't have delayed until now ..."

What tu Gelao said was mostly correct. His original mentor was indeed good to him, and he also supported tu Gelao to switch to a better mentor.

It was just that Lin Yi was a new teacher, and he wasn't that strong, only a peak-level mountain-opening, so he was worried about tu Gelao's future.

The two of them chatted for a long time before tu Gesha's instructor agreed to this.

After all, this was tu Gelao's own future. Since he insisted on this, as a teacher, he could only support him.

The Dean and the others finally understood the karma between Lin Yi and tu Gelao, but they still didn't understand. What was tu Gelao trying to do?

It was just a test, what was the point of going to a teacher and asking to join Lin Yi?

At the same time, they also had some complaints about tu Gesha's instructor.

That teacher was also very famous in the Alliance Academy, but his reputation was not due to his strength or excellent teaching skills. Instead, it was due to his weak character and his good-for-nothing appearance. He was a useless teacher who ranked at the bottom of the Alliance Academy.

Just like how the most eye-catching student in a class would always be the top and bottom-ranked student, tu Gexia's teacher was as famous as the top-ranked teachers in the Alliance Academy because he was good-for-nothing!

It was understandable that such a teacher would agree to his disciple switching to another teacher!

The Dean even thought that it was a waste of resources for such a teacher to stay in the Alliance Academy. Why don't we find an opportunity to fire him as well, so that he won't drop the ball at a critical moment!

Chapter 8112

"I'm very happy that you're willing to become my disciple! It's better to come at the right time than to come early. You're just in time!"

"From now on, you're my student!" Lin Yi nodded with a smile.

With that, Lin Yi gave the card back, leaving the mentor Sima Yi's logo on it.

"Dean, you see, the sky isn't even dark yet, and my students are enough."

Lin Yi shrugged, "it seems like the Alliance Academy is quite suitable for me!" I'll be in your care from now on, principal!"

The Dean's face darkened, but Lin Yi did fulfill the school's rules, and he couldn't say anything!

Although he was unhappy, it was precisely because he was old-fashioned and followed the rules that he couldn't take the lead to break the rules.

"Very good, Sima Yi has successfully passed the new teacher assessment. From today onwards, you are an official teacher of our Alliance Academy!"

He had no choice. No matter how unhappy he was, he had to admit it!

This time around, I'll just take it as Sima Yi's good luck!

You'd better not make any mistakes in the future, or I'll definitely punish you severely!

The Dean was determined in his heart before he announced the official start of the welcoming ceremony!

Lin Yi's three students, tu Gesha and MA pijing were old students. Only Qin mengzhen was a new student, but Her Highness didn't give the Dean any face at all and urged Lin Yi to take them out of here.

He'd be an eyesore if he stayed anyway, so Lin Yi really did leave with the three students.

The Dean was furious, but he was helpless!

"Teacher, where are we going now? Are you going back to class?"

Qin mengzhen was excited and couldn't wait to listen to Lin Yi's class, "Where's our classroom? How far away is it?"

Lin Yi blinked. What was the princess talking about?

You're just a little girl, why are you so loud? are you going to eat me?

Where did that weak yet tough and cold goddess go?

"I know, I know, there's still a long way to go! It's a rather secluded place, but the environment is not bad!"

MA pijing was probably the only one who knew where Lin Yi's classroom was, and he turned around after showing off. "The three of us are all students under teacher Sima. For the sake of convenience in the future, let's get a seat first!"

"Although the princess's identity is noble, there is a order in entering the sect. I was the first person to enter teacher Sima's sect, so I will not pass on my responsibility. I will definitely be your eldest senior brother!"

MA pijing patted his chest and was very proud. ""From now on, you will be my junior brothers and sisters! Don't worry, I'll protect you!"

"On what basis? You said you were the first to enter teacher's tutelage, is that true?"

Tu Gelao immediately refused and raised his voice, ""I've already received teacher's guidance when he was taking part in the teacher assessment. That's why I should be the eldest senior brother of the two of you!"

"I was just giving you some guidance for the sake of the assessment. It has nothing to do with you becoming a disciple! Don't try to pull any strings, it's as if you've received the true inheritance!"

MA pijing immediately retorted. The reason for slaughtering gatesha was simply too ridiculous, and he was not convinced at all. "Let's follow the ancient method and count the time taken to become a disciple! So I'm still your big senior brother!"

"Who said I didn't get the true inheritance?"

Tu gexia immediately laughed arrogantly and said, ""I'm cultivating the martial skill that my teacher specially created for me, the "strong wind rock breaking strike"! This is teacher's unique true inheritance!"

"Gah ... This ..."

MA pijing was a little confused. Was this true?

He had casually given him some pointers during the examination, and he had even specially created a battle technique for this fellow?

However, in front of teacher Sima, he couldn't say anything about slaughtering Gelao. Otherwise, what was he trying to do? he would be exposed on the spot.

"Stop arguing, what's there to argue about?"

Qin mengzhen appeared domineeringly and made the final decision, ""It doesn't matter which one of you is the senior brother, I'm your Senior Sister! You are all my junior brothers! If you're not convinced, you can choose to change your gender. I can help you with the surgery!"

What kind of logic was that?

MA pijing opened his mouth to speak, but he didn't dare to. After all, she was a Princess. With her status, he didn't have much confidence.

"Don't be unconvinced! I'm teacher's true disciple, and you're just his students. To put it bluntly, I'm his direct disciple, and you're just in-name disciples! Is there a problem with me being the senior Sister?"

"No problem, no problem. If Senior Sister has anything in the future, just tell me. Junior Brother will definitely do it well and there will be no mistakes!"

MA pijing immediately nodded and bowed. He finally understood. Not to mention that Qin mengzhen had a good reason, even if there was no reason, was there a problem with letting the princess be the eldest Senior Sister?

If he fawned over her properly, he would have a lot of face when he went out and said that he was the princess's junior Brother, alright?

"You're tactful! Junior Brother MA has good eyes! In the future, when you go out and have trouble, use your Senior sister's name. I will protect you!"

Qin mengzhen was very satisfied. She turned to look at tu gexia, ""What do you say, Junior Brother tu? If there's anything you're dissatisfied with, just say it! Please don't keep it to yourself!"

"No, no! I'm very satisfied with eldest Senior Sister becoming the eldest Senior Sister!"

Tu Gelao quickly shook his head and waved his hands. Although he didn't make it in time to welcome Qin mengzhen to the school, he knew that Qin mengzhen wasn't someone to mess with when he saw MA pijing's terrified look. It was better to follow him obediently and admit defeat!

Lin Yi smiled and shook his head, not wanting to get involved in their banter. He was surprised that the three of them could get along so quickly.

They originally thought that the cold Princess, Qin mengzhen, would be rude to the other two. They didn't expect this girl to be so friendly with them. With a few words, she turned MA pijing and tu Gelao into her underlings.

How was this a cold and aloof Princess? She was clearly a clown Princess!

The four quickly returned to the classroom. It was a little small, but Lin Yi only had three students right now. No matter how small the classroom was, it would still look empty.

"Teacher's classroom ... The environment is really not bad. The air is also quite good!"

Qin mengzhen tried to comfort Lin Yi, and MA pijing and tu Gelao went along with her, acting like they were his lackeys!

"The mountain is not high, it is famous when there is an immortal, the water is not deep, it is spiritual when there is a Dragon, this is a shabby house, only Dexin ... Alright, let's find a place to sit!"

Lin Yi dropped a couple of books and told them to find their seats.

"Teacher is really amazing. Those few sentences were really well said!"

Qin mengzhen's eyes were sparkling as she looked at Lin Yi with admiration.

Lin Yi coughed dryly, "I didn't say it, but read more when you have nothing to do. As the saying goes, 'if you've read more than ten thousand books, your pen is like a god'. 'As the saying goes, ' if you have a stomach full of poetry, you'll be able to become elegant '. As the saying goes ... Alright, let's talk about our class first!"

Chapter 8113

"I don't know how the other instructors teach, but my teaching method is a bit special. I won't have many group lessons. I'm sure you all know the basics, so I don't need to teach you much."

"What I need to do is to correct each of your shortcomings, and at the same time cultivate your original strengths to make them more outstanding! To sum it up, it can be said that my teaching method varies from person to person, and everyone is different!"

Qin mengzhen immediately revealed a big smile and raised her hand in excitement. "I understand, I understand. Teacher is teaching according to the material, it's the ability of the most powerful teacher! I knew it! Teacher is the most amazing one in the Alliance Academy!"

"Qin mengzhen, don't say such things in the future. You must know that there's always someone better than you. Don't ever say that you're the best because there will always be someone more powerful in this world. We need to learn to keep a low profile!"

Qin mengzhen, MA pijing, and tu Gesha all curled their lips at Lin Yi's words. Teacher, can you learn how to be low-profile first?

Their expressions were obviously saying that they could learn to keep a low profile by following a teacher who was the leader of posturing. That would be a ghost!

Lin Yi's mouth twitched. What's the meaning of this? What did that expression mean?

'When did I not keep a low profile?

Of course, it's not that he doesn't want to keep a low profile sometimes. It's just that his strength doesn't allow it.

"Ahem ... Alright, let's start our first class!"

Lin Yi quickly changed the topic and waved at MA pijing. "Come over here first!"

MA pijing was immediately happy. To be the first one to be called out by the teacher, it meant that the teacher really valued him the most, as the first student to enter the school, right?

Hehe, as expected, I, MA pijing, am the true eldest senior brother!

No matter how much you two fight, you can't compete for my important position in teacher's heart!

As MA pijing thought about it, he glanced at tu gexia smugly. As for Qin mengzhen ... He didn't dare to!

He was just so cowardly and self-righteous! What's the matter?

"MA pijing, you've just made a breakthrough. At this stage, your priority is to stabilize your own level, so there's nothing more to say today. Go back and cultivate hard."

Lin Yi's words almost made MA pijing stumble-that was it?

Was this how the first person to come over was? Teacher, can't you say a few more words?

His proud smile had become a little awkward. For a moment, MA pijing did not know how to control his expression to appear more natural.

Tu gexia held back his laughter and thought to himself, "who asked you to be so smug!"

He deserved it ... Lin Yi called out his name again before he could even finish gloating.

"Next is the slaughter of the tower! You, come over here!"

Lin Yi waved at him, but he didn't wait for him to get up. "Your situation is similar to MA pijing's, so there's nothing more to say today. How's your cultivation of the gale rock-crushing strike?"

"Teacher," tu Gelao quickly bowed and replied, "I'm not familiar with the storm rock-crushing strike yet. I'm still far from success. I still need to work hard."

As he spoke, he glanced at MA pijing with a smug look.

Although the teacher didn't give him any new guidance, at least he answered all his questions!

'Little guy, now you know who your senior brother is, right?

You're still too inexperienced to fight with me!

"Mm, it's good that you know you still need to work hard. Go back and stabilize your cultivation, and at the same time, continue to practice the martial skill storm rock-crushing slash. It will be very beneficial for you!"

Lin Yi said casually and waved his hand for him to step aside.

"Yes, I understand. Teacher, please rest assured!"

Tu Gelao saluted respectfully and left in satisfaction. He didn't want to compete with Qin mengzhen. He just wanted to be stronger than MA pijing!

"You two go back first and cultivate well!"

Lin Yi asked them to leave before turning to Qin mengzhen."Qin mengzhen, you stay!"

"Neigh~~"

Tu Gelao and MA pijing immediately started to make a fuss.

Although one of them was a teacher and the other was a Princess, it didn't stop the fire of gossip from burning in their hearts!

Especially the strange expressions and gazes on their faces, they all revealed the dirty thoughts in their hearts at this time!

After all, there weren't many rules on the sub-Island.

In the world of martial arts cultivation, it was common for students to marry teachers.

"What are you panting for! Hurry up and get lost!"

Lin Yi glared at him and fired!

The two of them shouted and ran out with a smile. When they left, they gave Qin mengzhen a look that said, ""Big Senior Sister, we'll take our leave first! You and your teacher should focus on your lessons!"

Qin mengzhen did not feel embarrassed at all. She even waved at the two of them casually!

"Qin mengzhen, do you know why I asked you to stay here alone?"

Lin Yi waited for the other two to leave before turning to Qin mengzhen. "You've just broken through too. At this stage, you should focus on stabilizing your strength."

"Then I don't know. Teacher came here alone as an overseas student. Could it be that ... He has taken a fancy to me?"

Qin mengzhen smiled cheekily and did not have the aura of a Princess when she first appeared. "Teacher wants to be the emperor's son-in-law? That's impossible!"

Lin Yi smacked his forehead, almost laughing at mengzhen's words. What was wrong with this girl's brain?

"Qin mengzhen, what are you thinking about? I'm your teacher! What nonsense are you spouting!"

Lin Yi smiled bitterly and shook his head, "can't you go back to that cold Princess you were before?" Can you not speak like this anymore? I really can't take it!"

"Teacher, don't you want to be my Prince Consort? That's good! But I like to talk like this!"

Qin mengzhen had no intention of changing her mind. Instead, she raised her head and said,""That cold princess style is just for show in front of people, okay? it's so tiring to be like this behind the scenes! I'm myself. If I want to live freely and show my true self, will you support me, teacher?"

Lin Yi's mouth twitched. He couldn't guarantee that he wouldn't clean up the house if the guy kept making noise!

"Teacher, let's not talk about this anymore! In fact, the other teachers in the Alliance Academy wanted to take me in as a student because of my identity! They want to use my identity to make their own meteoric rise!"

"If it wasn't for my status as a Princess, with my previous talent and aptitude, I wouldn't even be able to enter the Alliance Academy, let alone be accepted by the top-ranked teachers, right?"

Qin mengzhen had a clear understanding of herself."Teacher, you are different from them. You don't care about my status as a Princess. It doesn't matter if I'm indifferent to fame and fortune or any other reason. In any case, teacher's character really makes this disciple admire you."

"You're thinking too much! I took you in as my disciple not because of your status, but also not because of your noble character. "

Lin Yi smiled and shook his head,"you saw it for yourself-if I couldn't get three students, I'd be stripped of my mentor status by the Alliance College. I only took you in because I wanted to make up the numbers!" If I had successfully recruited enough people, I probably wouldn't have taken you in ..."

Chapter 8114

Qin mengzhen was speechless for a moment. Then, she pretended to be hurt. "Teacher, aren't you going too far by saying this? You won't be able to find such a beautiful and lovely disciple like me even if you light up a lantern! He actually said it was just to make up the number of people! Teacher, can't we have fun together?"

"Hmm ... If that's the case, I don't think I can ..."

Lin Yi said seriously after some thought. "If you follow me, you won't have time to play around. Just wait to start the bitter cultivation that you've never experienced in your life!"

After he finished speaking, he did not care about Qin mengzhen's Lamentations. He took out a divine quenching pill and handed it over, ""First, eat this pill!"

"What kind of pill is this? I've never seen him before!"

Qin mengzhen didn't stretch out her hand and directly exclaimed, ""I've never seen a pill like this before ... Could it be a legendary drug? Master, are you serious? Could it be that he saw that this disciple was cute and pretty, so he wanted to drug this disciple and then do some unspeakable bad things? For example, bewitching me or something?"

Lin Yi didn't know what to say-the guy said he couldn't speak, and he made it so clear ... What the hell was this, calling the pill a drug when he gave it to him?

"You really think too much! This is the spirit tempering pill, it can help you temper your spirit sense! Your Wu Linghai has just made a breakthrough. With this soul quenching pill, it will help you improve your primordial spirit with half the effort!"

Lin Yi couldn't be bothered explaining Qin mengzhen's wild imagination and stuffed the pill into her mouth as he explained!

Qin mengzhen was mumbling something irrelevant, but she didn't resist the pill Lin Yi stuffed in her mouth. She just swallowed it.

The soul tempering pill melted in her mouth and took effect immediately. It was used on Qin mengzhen's newly-born sorcerer spirit sea and began to temper her primordial spirit.

Lin Yi was supervising from the side. He was glad to see Qin mengzhen's consciousness changing at a speed that was visible to the naked eye.

In fact, Qin mengzhen's natural talent wasn't bad. The reason why she seemed mediocre in the past was mainly because her spiritual sense had slowed down her cultivation progress.

Now that the problem had been solved, his talent and aptitude had reached a higher level, and his potential had increased a lot!

"Sima Yi, how are things on your side? The Dean didn't give you a hard time, did he?"

At this time, Luo caidie just happened to come over.

She wasn't a mentor this year, so she didn't go with Lin Yi. She didn't know that tu Gesha was Lin Yi's student yet.

After finishing her own things, she rushed to see Lin Yi, wanting to see if he could still stay.

"Yes, there's no problem. I've already taken in three students, so the Dean will naturally not make things difficult for me!"

Lin Yi smiled and waved his hand before turning to Qin mengzhen. "You can cultivate on your own for now. If you have any problems, come and talk to your master!"

"Oh~~so you've taken a fancy to a beautiful teacher. No wonder you're not interested in becoming a disciple!"

Qin mengzhen paused her cultivation for a moment and teased Luo caidie, ""Teacher Luo, you've stolen our teacher's soul away with your arrival!"

"What nonsense are you talking about? hurry up and cultivate!"

Lin Yi scolded with a smile before inviting Caidie to come in and sit down, "Ignore Qin Mengzhen. This little girl is one person in front of others but another behind their backs. You won't be able to tell which of her words are true and which are false!"

"I didn't expect the princess to be so honest. Don't worry, I won't mind such a joke."

Luo Caidie smiled and waved her hand, "by the way, did you see the notice posted at the gate of the college?" The two new instructors have contacted your batch of instructors from the same batch to prepare for a gathering. Those people are already waiting at the entrance of our college. "

"You, on the other hand, are so serious on the first day of class. You don't even think about whether you need to go out and familiarize yourself with the environment since you've just reported. Those people are all here, I guess you're the only one left!"

"I don't really care if I go or not," Lin Yi shrugged.

"How can you say that? After all, they were from the same batch, so it was natural for them to feel closer! It might not be a bad thing if we can help each other. "

Caidie said, not really trying to persuade Lin Yi.

She didn't really care if Lin Yi wanted to go or not, "It's mainly because everyone thinks that I'm your female companion now. They asked me to inform you to come along, so I couldn't refuse ..."

Female companion?

Qin mengzhen, who was at the side, was immediately unhappy. She stopped her cultivation and said angrily, ""That old woman, what do you want? Do you have any manners? Can't you see that the teacher is tutoring me alone? Are you deliberately causing trouble?"

To give face to teacher Sima, I called you teacher Luo. It doesn't matter if I'm joking with you, but if I don't want to give face, you're just an old woman!

Luo caidie was furious. What the hell is this?

I'm at the peak of my youth and beauty, how did I become an old woman?

"Qin mengzhen, who are you talking about? Who are you calling an old lady? This is simply preposterous!"

Luo caidie left Lin Yi and started arguing with Qin mengzhen.

"It's you. Why don't you take a look at how old you are? you're still trying to seduce a teacher!"

Pouting her lips, Qin mengzhen puffed out her chest, ""If teacher is looking for a female companion, you should also find someone like me!"

"I'm mature and charming. What does a little girl like you know?"

Luo caidie also exploded in anger.

Lin Yi was confused-what was going on?

He was fine just now, but why did he almost draw his sword?

Lin Yi didn't know how to stop the two girls from quarreling. He could only put his hand on his forehead to show that he had a headache.

In just a few sentences, the two's verbal battle escalated. Caidie said she'd help Lin Yi discipline Qin mengzhen-she shouldn't think that a Princess could do whatever she wanted!

Once you enter the academy, you'll just be an ordinary student!

Qin mengzhen wasn't scared at all. She actually shouted things like "whoever's afraid, whoever's going to fight," and so on. She didn't even think about her own strength and Luo caidie's strength.

If they really fought, Luo caidie could press her to the ground with one little finger and teach her how to behave!

"Enough! Both of you, stop fooling around!"

Lin Yi saw that things were about to get out of hand and quickly stopped him, "Qin mengzhen, do you still have me as your teacher in your eyes? It's only the first day of class and you dare to disobey your teacher's order? Do you want to be expelled from my sect? Hurry up and go cultivate!"

"Oh ... I'm sorry, teacher. I know I was wrong!"

Qin mengzhen was really afraid that Lin Yi would get angry, so she pouted and lowered her head, glaring at caidie.

"Luo caidie, you're a mentor at the sea splitting stage. Why are you quarreling with such a little girl? She's insensible and yet you stoop to her level!"

Lin Yi couldn't just criticize Qin mengzhen, so he brought up caidie as well.

Chapter 8115

Caidie Luo pouted, but she wasn't angry at Lin Yi. She only teased, "Sima Yi, you've spent so much effort to take this Princess into your sect, could it be that you're coveting her beauty and want to be in a favorable position? How? Do you want to be the Prince Consort?"

"That's right! Teacher just likes me, right? Just now, the teacher was feeding me medicine, trying to knock me out and do some indescribable things!"

Qin mengzhen couldn't help but start spouting nonsense again. Lin Yi's warning to her was only effective for three seconds!

Lin Yi's face darkened as he glared at Qin mengzhen. "If you dare to talk nonsense again, you'll have to choose another master!"

"But teacher, didn't you want me to come and make up for it? If the disciple chooses another master, wouldn't that mean that there wouldn't be enough people under the master?"

A mischievous smile appeared on Qin mengzhen's face. It was obvious that she was taking revenge on Lin Yi for saying that he had no other purpose in taking her in-it was just to get her head.

Caidie Luo chuckled as if she found Lin Yi's loss interesting. As for the argument with Qin mengzhen, it was nothing.

They even stood on the same side as Qin mengzhen, mocking Lin Yi.

Lin Yi didn't know what to make of this-he couldn't understand what they were thinking.

Ha ... Women!

He turned around and saw Ning Dali and Zhang Xiaoyi standing outside the classroom. He'd noticed them when they came in, but didn't pay much attention to them, thinking that they were just walking around.

They had their female partners with them, after all, and they didn't expect the two to walk straight to Lin Yi's classroom.

"Sima Yi, this is your classroom! Not bad! The environment looks very good!"

Ning Dali looked at Lin Yi's classroom with a smug look on his face. He'd just taken in a second year student from a fallen mentor, and that mentor's classroom and so on. Naturally, he felt that he was a head higher than Lin Yi.

Zhang Xiaoyi was the same, and although he seemed to agree with her, he was naturally showing a sense of superiority.

They were busy with their own matters and were not familiar with the school. They did not manage to make it in time when the Dean informed all the school instructors to welcome Qin mengzhen.

As a result, she didn't know much about what happened to Lin Yi today, but Lin Yi was still in the Alliance Academy, which meant he wasn't expelled yet.

"Why are you guys here?"

Lin Yi didn't know these two, and they didn't have to come here just to show off, did they? However, thinking about what Luo caidie had just mentioned, he suddenly understood something.

As expected, after Ning Dali showed a slight sense of superiority, he said, ""Don't say that we don't care about you. There will be a gathering in a while. It's a celebration for the assessment at the same time. It's a gathering organized by a noble. We've specially come to bring you along to broaden your horizons!"

Lin Yi's lips twitched. What party and celebration? seriously, there was no meaning to it at all. Especially with those unfamiliar people, what fun was there?

"Sima Yi, don't think about it anymore, hurry up and come with us! We're here to take you with us, surely you'll give us some face?"

Zhang Xiaoyi didn't wait for Lin Yi's rejection. "We're just going to have a meal to celebrate and get to know some people. If you want to have a good time in the Alliance Academy in the future, it won't hurt to get to know more people!"

In fact, the main reason they came to see Lin Yi was to confirm if he'd been fired. Since he was still there, they'd invite him over as well-it'd be a topic of conversation, after all.

Especially when they felt that Lin Yi was doing far worse than them, and they would feel better if they had the chance to show off their superiority in front of Lin Yi.

"This is the first place of your assessment? He looked ordinary! You two can't beat him?"

Ning Dali's female companion seemed to be surprised by Lin Yi, sizing him up.

Lin Yi's mouth twitched a little, taking it as a compliment.

After all, it had become a trend in the secular world to praise people for being mediocre.

"Don't talk nonsense, Sima Yi is still very powerful. Although his own rank is a little low, he is still very talented in other aspects!"

Ning Dali laughed. Even a fool could tell that he was agreeing with the plain statement. "Oh right, Sima Yi, this is my female companion. I have to bring a companion with me to this gathering. It's fine if you don't have one. It's not impossible for you to go alone, but you'll be a little lonely!"

"Teacher Luo caidie is his female companion, but I don't know if she will be embarrassed if she goes with him!"

Zhang Xiaoyi laughed as well. He knew that Luo caidie couldn't be Lin Yi's date, so he said that on purpose!

From their point of view, Luo caidie helped Lin Yi only because they were friends. It was impossible for her to be a partner.

Luo caidie liked Lin Yi? Don't be ridiculous.

Lin Yi didn't care about the topic and looked at Zhang Xiaoyi and ning Dali's female partner coldly.

He didn't know who the girls were, though. Lin Yi didn't look like a student of the Alliance Academy, nor did he look like a teacher. Caidie would've greeted them if she did.

Where did these two get their confidence from, showing off their superiority in front of Lin Yi with two plain-looking girls?

Lin Yi had so many female confidants, and any one of them was enough to kill these two girls in seconds. Even if they worked together, they wouldn't be able to beat him.

What a pity ... He had so many female confidants, but now, not a single one was by his side!

"Hehe! With this Princess here, what female companion does teacher need? In the entire imperial capital, who would dare to call themselves a noble in front of this Princess?"

Qin Meng was really unhappy. She walked out with an ice-cold face and returned to her previous aloof Princess-like demeanor. "Don't tell me that you're talking about the Emperor of the nado conferred Empire?"

Ning Dali and the rest were stunned. They were bewildered by Qin mengzhen's Princess-like aura. "Of course it's not His Majesty ..."

Although they didn't know what kind of Princess she was, Qin mengzhen's appearance had reminded them of some rumors about the princess. They didn't manage to welcome her in time, but along the way, they had heard some rumors. It was just that they didn't pay much attention to it.

Now that he connected the dots, he was a little frightened.

Sima Yi was not expelled by the Dean because he had managed to cling onto the Golden thigh of a Princess!

Ning Dali and Zhang Xiaoyi looked at each other, and their eyes revealed that they had seen through everything and found the truth.

"Qin mengzhen, don't mess around. How many times do I have to say this? hurry up and cultivate!"

Lin Yi glared at Qin mengzhen again. The soul quenching pill wouldn't be digested that quickly, and now was the time when the effects were strong. What was this girl trying to do by coming out all day instead of digesting the pill?

Chapter 8116

"Yes, teacher! This disciple knows his mistake!"

Qin mengzhen backed down obediently. In front of outsiders, she didn't just act like a cold Princess, but she also maintained enough respect for Lin Yi, raising Lin Yi's status.

"Teacher Luo, are you free? If you're free, why don't you accompany me to this gathering?"

Lin Yi wasn't interested at first, but now he was interested. He could leave some quiet space for mengzhen to absorb the pill.

He didn't have any other female confidants by his side, and he couldn't bring Qin mengzhen out either, so he could only catch Luo caidie.

"Alright! I'm free anyway ... No! You're wrong. Since you've invited me so sincerely, I'll definitely give you face!"

Luo caidie smiled and winked at Qin mengzhen. Qin mengzhen then wrinkled her nose and snorted.

Lin Yi didn't understand what they were talking about, and he couldn't be bothered to.

Anyway, it was fine as long as Luo caidie agreed to go out together!

Ning Dali and Zhang Xiaoyi were both dumbfounded. Although they had just entered the Alliance Academy, they had done their homework and had a certain understanding of the Academy's teachers.

This was especially so for the more famous teachers, such as the top 10 teachers, or Luo caidie, one of the four most beautiful teachers of the Alliance Institute!

Luo caidie! She was one of the four beautiful female coaches!

Didn't they say that it was difficult to invite Luo caidie out, and that no male teacher could ask her out? Could it be that Sima Yi was not a man?

Or were the rumors all fake?

Could it be that the two of them said that Luo caidie was Lin Yi's date on purpose, and even Luo caidie herself believed it?

Ning Dali and Zhang Xiaoyi were smiling on the surface, but their hearts were throbbing in pain.

As new teachers, they had the least experience and had no confidence to invite the female teachers in the Academy.

Lin Yi's guess was right-the girls beside them weren't from the school at all. They weren't instructors or students, they were outsiders.

They weren't able to welcome Qin mengzhen at the entrance, and they didn't hear about what happened to Lin Yi. Half of the reason was because they weren't familiar with the school, and the other half was because they were out looking for a date.

They'd been working so hard for half a day, and Lin Yi's casual invitation had gotten caidie to come.

Ning Dali and Zhang Xiaoyi were really envious!

"What are you guys doing? Let's go!"

Lin Yi looked at the two of them and pretended not to notice their stiff smiles. He turned to Qin mengzhen and said,""Cultivate well in the classroom and absorb to stabilize your Wu Linghai. I'll check your progress when I'm back. Do you understand?"

"I understand. Don't worry, teacher!"

Qin Meng wasn't very happy because her teacher had actually taken Luo caidie, that old woman, out for a gathering and left her alone in the classroom to cultivate!

Is it because I don't want teacher to be the emperor's son-in-law, so teacher is using that old woman to anger me?

Hmph! Men!

I've already seen through everything!

Lin Yi didn't care about Qin mengzhen anymore after giving his orders and signaled for the others to leave.

Ning Dali and the others smiled awkwardly as they walked out of the classroom, a little regretful that they'd invited Lin Yi to the date.

If he didn't come, Sima Yi wouldn't have the chance to invite Luo caidie, right?

Naduo Central Restaurant was the largest and most luxurious restaurant in the imperial capital. There was no other restaurant like it!

Although it was not located in the center of the imperial capital, it was the most prosperous area. Every day, there would be a gathering of rich and powerful guests. Being able to enter here was a symbol of status.

Ordinary rich people didn't even have the right to go in and eat.

Although this was not a rule set by the nado Central Restaurant, under the subtle influence, everyone had agreed to this unspoken rule.

"Sima Yi, did you see that? that's naduo Central Restaurant, the most luxurious place in the imperial capital. Even if you have money, you might not be able to enter."

Zhang Xiaoyi pointed at a restaurant not too far away as he bragged to Lin Yi. "Our status is not bad, but we might not be able to afford to eat in there. The salary of the Alliance Academy is not low, but it's far from enough for a meal in there!"

"That's why I'm letting you off easy by bringing you here this time. It's an eye-opener for you. When you see delicious food later, pay attention to your image and don't be too fierce!"

Because of Qin mengzhen, both ning Dali and Zhang Xiaoyi were much more polite to Lin Yi. The superiority they'd been showing off before had also receded a little, but they couldn't help but show it occasionally.

Of course, with caidie Luo by Lin Yi's side, they couldn't show off their superiority. They were quite envious and jealous, and Lin Yi could feel it.

As they spoke, they arrived at the entrance of nado Central Restaurant.

A shop assistant saw that the six people's clothes were not considered luxurious, so he rushed to block the door before they could enter.

"I'm sorry, guests. We're full. Please come back another day!"

"Why are they full? There's still a lot of space!"

Ning Dali's female companion didn't think too much and immediately raised an objection.

With her status and financial ability, she usually had no right to come here to eat, so she attached great importance to this gathering.

When he was stopped by the shop assistant, he got anxious and didn't care what Ning Dali thought.

"I'm sorry, there are seats inside, but they're all reserved by guests!"

Although the shop assistant appeared polite on the surface, there was a hint of mockery in his eyes.

It was a fact that he had made a reservation, but he didn't even ask if Lin Yi had made a reservation.

He looked down on Lin Yi and the others from the start, thinking that they didn't have the right to enter!

If it was an ordinary restaurant waiter who did this, the customer would definitely be kicked out on the spot when they made a scene. However, in the naduo Central Restaurant, this was a very normal operation.

These waiters clearly remembered who was qualified to enter the restaurant in the imperial capital.

When the people at the top of the list came, even if they didn't make a reservation, they would find ways to give up their seats or even make room for them.

In other words, the restaurant would always have a few empty private rooms in reserve, specially used to deal with such a situation.

As for those who were not on the list, hehe, then sorry, they wouldn't give them a seat even if they had one!

"We were invited, so we should have an appointment. Can you help us take a look?"

Ning Dali pulled his female companion behind him and smiled politely at the shop assistant. "We're all teachers from the Alliance Academy. There's a gathering of new teachers here today. You know about it, right?"

"So it's the teachers from the Alliance Academy. There is such a matter, please come in!"

The waiter immediately stepped aside and moved sideways, ""Please follow me, I'll bring you to the private room!"

Chapter 8117

The waiter's respectful attitude showed that the person who invited them was indeed of high status. Otherwise, even if he had taken care of them in advance, he might not have been so respectful.

"Haha, it seems like the status of the teachers of our Alliance Academy is indeed not bad. They're rather noble!"

Zhang Xiaoyi felt quite proud of himself, and couldn't help but say this proudly. However, he didn't notice that the waiter in front of him had a disdainful smile on his face.

It was obvious that the respect he gave them was not due to the teachers of the Alliance Academy. Although he was just an employee, he did not seem to have much respect for the teachers of the Alliance Academy.

Lin Yi saw it, but he just smiled and didn't mind.

If he wanted to be respected, he had to rely on his own strength and not on his status.

He believed that if it was Feng Shan or Lei da, not to mention his identity as a teacher, this shop assistant would be equally respectful.

To put it bluntly, they were not respectful of you because of your identity as a teacher in the Academy, but because of your true strength.

The group was brought to one of the most luxurious private rooms in the restaurant. When they pushed the door open, there were already many men and women inside.

Lin Yi took a look-the men were all new instructors who'd passed the test, and there were some he didn't recognize.

The remaining women were basically people he had never seen before. Most of them were female companions that they had brought with them, and there was no one worth paying attention to.

"Young master Linglong, I really have to thank you for your invitation!"

As soon as he entered, ning Dali saw a young noble son on the main seat, and immediately smiled. He quickly walked up and greeted,""I heard that the moment young master Linglong entered the fu Yao apothecary school, he immediately took over a group of third year students. As expected of a descendant of a prestigious clan, your strength is indeed recognized by everyone!"

Ning Dali wasn't too clear about what had happened at the Alliance Academy, but he was able to find out what was going on at the Fuyao pill refining Academy. He was indeed a talent!

Master Linglong's name was Kong Linglong, and he was a young master from an alchemy family.

Everyone knew that alchemists were rich and Noble. Therefore, when he went out, most people would address him as young master Linglong. He also felt that he had a good reputation.

"Hahaha, of course! My strength is beyond doubt!"

Master Linglong was not modest at all. He laughed and waved at Ning Dali. "You are Ning Dali, right? This young master remembers you. You were in the limelight during this assessment, but unfortunately, I was still one step behind and lost to that Sima Yi behind you. "

The guy didn't move at all, still hugging the girls to his left and right, not showing any signs of getting up to welcome the guests. He even looked at Lin Yi with a hint of provocation in his eyes.

In the assessment, his results were only average, and he really didn't have any outstanding performance.

Hence, she was a little jealous of Lin Yi and the others.

Especially when he saw Caidie Luo beside Lin Yi, and compared it to the two girls beside him, he was even more dissatisfied.

I'm the master! In the end, the quality of his female companion was inferior. Wouldn't that be embarrassing?

Other than having more people than them, there was nothing else to say ...

Lin Yi glanced at Linglong, confused. They didn't even talk to each other, and he didn't know where this Idiot's anger came from, making it so obvious.

"Young master Linglong really has a good memory. I am ning Dali, that is Sima Yi, and this is Zhang Xiaoyi!"

Ning Dali didn't mind Kong Linglong's attitude at all. He still laughed as he replied and pushed Lin Yi and Kong Linglong out, "The two of you, come over and pay your respects to young master Linglong. Today is young master Linglong's party, so you should thank her."

Lin Yi's lips twitched. He wasn't interested in that idiot Linglong. Instead, he scanned the room and looked at the decorations.

Zhang Xiaoyi didn't dare to be as arrogant as Lin Yi, so he immediately went up to greet Kong Linglong with a smile after ning Dali introduced him, but Kong Linglong brushed him off.

"Young master, I heard that the Alliance Academy is very poor. I didn't believe it in the past, but it's proven today!"

A girl beside Kong Linglong laughed and glanced at Lin Yi in disdain. "If it wasn't for young master's arrangement today, some people would probably never have the chance to eat here in their entire lives. It's a rare opportunity to broaden their horizons. I'm guessing they'll be dumbfounded by this?"

Even an idiot could tell that she was mocking Lin Yi and the Alliance School.

First, Lin Yi ignored Linglong's attitude, and she wanted to show off and make Linglong happy. Second, caidie Luo's looks suppressed hers, so she wanted to use this opportunity to suppress her.

"Hahaha, sister is right. That kind of pauper who has never seen the world is really funny!"

The other didn't back down and started laughing at Lin Yi as well.

Lin Yi didn't really mind-he knew exactly who the ignorant were, and there was no point in arguing about it.

It was like a passerby in the secular world pointing at the richest man and saying that he was poor. Everyone knew who was the one who lost face.

However, their words caused ning Dali and Zhang Xiaoyi to feel extremely awkward.

No matter what, they were still teachers from the Alliance Institute. If it was just young master Linglong, they could go all out and be as shameless as they wanted to make young master Linglong laugh.

However, there were new teachers from other schools here, and they didn't dare to blame Linglong's two female companions after the embarrassment. They could only direct their anger at Lin Yi ...

However, Lin Yi had the princess behind him and Luo caidie by his side, so they couldn't say anything!

Other than silently grumbling, she could only smile awkwardly and not know what to do.

"Which eye of yours saw that the Alliance Academy was poor? Or do you have so much wealth that you can look down on the financial resources of the Alliance Institute?"

Lin Yi didn't care about the two women, and the two didn't dare to offend Linglong, but Luo caidie couldn't stand it anymore!

He stepped forward and laughed coldly. "I really don't know what right these two people have to look down on the Alliance Academy. Do they think that the Alliance Academy can be bullied?"

The two women's expressions changed. Although Luo caidie's words were not too harsh, they were not fools. Who was the person who could entertain people with his looks? Indeed, there was no need to explain too clearly.

The woman who spoke first sneered, ""Do you think you're so noble again? Aren't you the same as us sisters? So what if they said the Alliance Academy was poor? Isn't that the truth?"

"This is teacher Luo caidie, one of the four beautiful teachers of the Alliance Academy. Do you think she's the same as you? is she trying to elevate herself or belittle the teachers of the Alliance Academy?"

Lin Yi didn't want to talk to this boring woman, but since caidie was here, he couldn't keep pretending. After all, caidie was here as his date.

If his female companion didn't say anything after being bullied, he wouldn't be able to work in the future!

The two girls' expressions changed again. They were only talking about it, but they didn't dare to really offend the teachers of the Alliance Academy!

Chapter 8118

There was a world of difference in status between the two sides, and no one would feel pity for them even if they were beaten to death.

"Hahaha, so it's teacher Luo caidie from the Alliance Academy. I've long heard of your name! Today, he saw that it indeed lived up to its reputation! It's my honor to have teacher Luo's presence!"

Kong Linglong laughed and got up. She cupped her fists and bowed to Luo caidie, covering up what had happened just now.

Luo caidie snorted and didn't give Kong Linglong a good look. She turned her head and ignored him.

Kong Linglong didn't take it to heart. She rolled her eyes, and in order to tease Luo caidie, she took the initiative to mention the previous topic, ""Speaking of which, the Alliance Academy's financial resources aren't that great!"

Luo caidie was slightly stunned. Sure enough, she fell into Kong Linglong's trap and turned back to look at her. She seemed to want to say something, but she hesitated and swallowed her words.

Kong Linglong narrowed her eyes and smiled."Of course, saying that the Alliance Institute is poor is only in comparison to our Fuyao Alchemy School. This is a publicly acknowledged fact. I'm sure teacher Luo is well aware of this."

"With such an outstanding talent like teacher Luo, if she were to come to our Fuyao apothecary school to teach, her salary and benefits would at least double! I can guarantee that. How about it, teacher Luo, are you interested in knowing more?"

Although this fellow was a new teacher, he had a deep background in the Fuyao apothecary school. It wasn't impossible for him to poach an outstanding teacher over.

"I'm not interested!"

Luo caidie refused without any politeness. In fact, she felt a little sullen in her heart.

Because Kong Linglong was right. Compared to the Fuyao apothecary school, the Alliance Academy was indeed very poor ...

The same teacher had a much lower income ... However, the teachers of the Alliance establishment college never felt that it was unfair. After all, most of the teachers in the alchemy college were alchemists, so it was normal for them to be rich.

"That's such a pity! Actually, teacher Luo, you should really consider it. The doors of our Fuyao apothecary school will always be open to you!"

Kong Linglong bragged and bragged as if the Fuyao apothecary school was owned by her family!

"Young master Linglong really has good eyes! He could see the talent of our teacher Luo! Actually, I also think that teacher Luo should consider it. After all, people strive for higher heights, and water flows lower!"

Ning Dali smiled obsequiously, causing Luo caidie to look at him with disdain.

This kind of trash could actually enter the Alliance Academy. It was simply a disgrace to the Academy!

The old Dean was really old and muddled. He let a genius like Sima Yi go, but not only did he not know how to put him in an important position, he even suppressed him again and again. On the contrary, a spineless trash like ning Dali was treated like a treasure!

Hmph, he's really old and muddled, so his eyes are blurry, right?

The old headmaster of the Alliance Academy suddenly sneezed. He rubbed his nose and looked up at the sky outside. He muttered to himself, "could it be that it's getting cold?"

Perhaps he should look for long johns to wear. After all, he was getting old, and he still needed to take good care of himself!

Back in the private room of naduo Central Restaurant, Luo caidie didn't give her any face at all. Even if Kong Linglong wanted to pretend to be gentlemanly, the atmosphere was inevitably a little awkward.

Ning Dali and Zhang Xiaoyi joked around and tried to please both sides, but it didn't alleviate the awkward atmosphere much.

If it wasn't for the waiter coming in, who knew how long it would have lasted.

"Young master, our restaurant will be serving a rare dish soon. I wonder if young master is interested?"

The shop assistant was very respectful to Kong Linglong, which made him very proud.

"Of course I'm interested! I've come to your na duo Central Restaurant for your daily precious dish!"

Kong Linglong laughed complacently and introduced with a tone full of superiority, ""You guys might not know this, but nado Central restaurant's specialty is that it serves a unique and precious dish every day!"

"This rare-quality dish uses the rarest ingredients, and it has a great effect on people of any level. That's why it can be sold at a sky-high price every day."

"I'm not talking nonsense, but I'm afraid none of you here have the capital to eat this treasure! However, since I'm happy today, I'll let everyone have a good time!"

"Waiter, we want today's rare-quality dishes. Hurry up and send them over!" Someone shouted from outside the door.

Kong Linglong's female companion was waiting to eat this legendary treasure. When she heard that someone was going to snatch it, she immediately rushed to the door and shouted, ""Don't think about it. We've already made a decision. If you want to eat rare-quality food, please come early tomorrow!"

There was only one unique treasure every day because the rarer something was, the more expensive it would be. Therefore, it was normal for such a scene to occur. The waiters of the restaurant had long been used to it.

"Who Do You Think You Are? naduo Central Restaurant never preorders the treasures in advance. They only give people a chance when they are ready. Who Do You Think You Are?"

The people outside obviously didn't have the awareness that a good man wouldn't fight with a woman. When they saw the woman come out, their voices became louder.

"Who do you think I am? I'm a subordinate of young master Linglong. Today, this precious dish is for young master Linglong! If you're not convinced, come in and talk to our young master Linglong!"

When Kong Linglong's female companion mentioned his name, the person outside thought for a while and snorted coldly. He left after saying some polite words.

"Hehe, our young master's face is bigger! Awe-inspiring! Just a name and that guy was scared away!"

"He must be some nouveau riche. He thinks he's so great just because he has some money. However, since he knows about young master's reputation, we don't have to continue to pursue this matter!"

The two women sang and bragged at the same time, praising Kong Linglong both openly and secretly, which made Kong Linglong very proud.

"Young master, shall we serve today's precious item?"

The waiter asked Kong Linglong for her opinion.

"En!"

"Of course!" Linglong gongzi nodded proudly, "hurry up and get on!"

After getting permission, the waiter immediately went out to serve the dishes.

Soon, a huge silver plate was served. It was divided into eight separate areas, each containing a type of food.

As soon as they entered the door, the rich aroma made people drool. Looking at the color, it also whetted their appetite.

He didn't need to eat. Just looking and smelling it made him feel that this trip was worth it!

"Please enjoy your meal. These are our rare-quality dishes today, the eight Treasures of the firmament!"

The waiter didn't explain too much and left after telling him the name of the dish.

Kong Linglong seized the opportunity to show off again, ""You guys don't know this, but the NA duo Central restaurant's daily delicacies are not only unique on that day, but also unique in the entire restaurant!"

"The precious items from each day have never appeared again. In other words, if you miss today, you will never be able to eat these Eight Treasures of the firmament again!"

Speaking of this, Kong Linglong became more and more proud. "The person who didn't get it just now must be hiding in some corner crying. But there's no other way. The best food must be for people like this young master who are most qualified to enjoy it!"

Chapter 8119

"Young master is right. They have no right to enjoy such a unique and precious dish. It's all thanks to young master that we have such an opportunity today!"

It wasn't just Kong Linglong's female companion who was flattering him, the others were also agreeing with him. Only Lin Yi and Luo caidie were independent and didn't join in.

Although Luo caidie didn't care about Kong Linglong, she couldn't resist the eight Treasures of the firmament that had been exaggerated.

So, while they were still talking happily, she picked up the chopsticks and started eating.

Lin Yi wasn't slow either-he'd already said that it was one of a kind, and that if you were fast, you'd be slow-now was the time!

The two of them moved like lightning. Before the others could react, they had already tasted every area.

Needless to say, it was indeed delicious, so he turned around and did it again!

This time, no one said anything. All of them exploded in silence, and the chopsticks felt like sharp swords.

Kong Linglong's forehead was full of black lines. "I, the owner, haven't even touched my chopsticks. Is this appropriate?" Ah?

Do you have any manners?

Ah?

Can you leave some for me? "Ah?!!"

Kong Linglong couldn't care less about her anger and quickly joined the Taotie Army.

Fortunately, naduo Central restaurant's celestial Eight Treasures was full of ingredients and wasn't a black-hearted restaurant with large plates and small portions. Even if there were so many people fighting to eat, there was no need to worry about it being finished in a short time.

While they were eating happily, the door of the private room was suddenly kicked open!

A group of people quickly walked in from the outside, and the one in the lead said angrily with his hands on his waist, ""Young master, these people are the ones who stole our vault of heaven Eight Treasures! Because I didn't want to cause trouble for the young master, I didn't fight them head-on. I didn't expect that they would eat the vault of heaven Eight Treasures in the time it took for them to turn around!"

Judging from his voice, he was the one who had said that he wanted to obtain the eight Treasures of the firmament.

It turned out that he wasn't afraid, nor did he run away, but he went to get help.

"Who are you people? Don't you know that this is young master Linglong's territory?"

The woman who had gone out to deal with them was fearless. She felt that young master Linglong's name was enough to settle everything!

As a result, he had just finished speaking when he was slapped in the face and sent flying to the side.

"Who are you? how dare you jump around and shout in front of our young master?"

With a backer, the guy who went to find reinforcements was full of confidence. This was revenge!

"Young master Linglong, Kong Linglong, you're really good at dancing! You dare to snatch food from this young master?"

A young man glanced at the half-eaten vault of heaven Eight Treasures on the table with a cold face, and he couldn't suppress the evil fire in his heart.

"You know I'm Kong Linglong and you still dare to come to me? Looks like you're quite bold!"

Kong Linglong didn't know him, so her intuition told her that he wasn't some Big Shot. He must be bluffing, so she told herself not to be afraid. "I haven't even had a few bites of the dishes I ordered, and you've already spoiled my mood. What do you think I should do?"

"Hehehe, what do you think we should do? Do you want this young master to apologize to you?"

The young man laughed disdainfully, then his face turned cold. "Kong Linglong, you're really bold. You actually dare to snatch food from this young master! I really don't know who gave you the courage! This young master would like to see who else is there?"

"Hahaha, what big words! May I know who you are?"

Kong Linglong told herself not to be a coward, but she still felt a little guilty when she saw the arrogant look on the other side.

"Tell him who this young master is!"

The young man opposite him was very arrogant. He didn't even bother to talk to Kong Linglong. He waved his hand and asked the man beside him to come forward.

"Yes! Young master!"

The man bowed to the young man respectfully. When he turned to face Kong Linglong, he immediately put on an arrogant look.

"Listen carefully. Our young master is the newly appointed Vice President of the alchemy Association of the naduo martial Alliance branch, Ouyang Changhong! Are you blind? how dare you bump into our young master!"

Kong Linglong's expression changed, and she knew that something was wrong!

Although the alchemy Association of the martial Alliance and the Academy were not under each other's jurisdiction and were two separate systems, the pills, medicinal ingredients, and so on distributed to the various Academies by the higher-ups would all be distributed through the alchemy Association of the martial Alliance.

Therefore, even though there was no relationship of leadership between the two systems, the Academy naturally respected the alchemy Association and did not dare to offend them.

He did not expect that he would offend the alchemy Association's Vice-President today!

Kong Linglong was also unlucky. If it were any other important figure in the alchemy Association, as a disciple of an alchemy clan and a teacher in Fuyao Alchemy School, even if he had never seen the person in person, he would definitely have remembered his appearance by heart.

However, Ouyang Changhong had just been demoted to the alchemy Association as the Vice President, so the news had not yet spread.

Therefore, Kong Linglong didn't know Ouyang Changhong at all. At first, she thought he was just a nouveau riche with no background!

"So it's vice guild leader Ouyang. I was really impolite just now!"

Kong Linglong forced out a fake smile. Regardless of whether the young man in front of her was the true alchemy Association's Vice President or not, he had to lower his stance!

This was because the other party's name was Ouyang Changhong!

One of the martial Alliance's vice Hall Masters, who was the president of the alchemy Association?

It was Ouyang Changqing!

As soon as he heard the name, he knew that this guy was Ouyang Changqing's brother!

He just didn't know if they were blood-related brothers or cousins.

With such a surname, Kong Linglong felt that Ouyang Changhong was the alchemy Association's Vice President.

The alchemy Association was Ouyang Changqing's place. The Ouyang family was also a well-established alchemy family. If they wanted to arrange for Ouyang Changhong to be the Vice President, there would be no obstacles at all.

Speaking of which, Ouyang Changhong becoming the Vice-President of the alchemy Association was related to Lin Yi.

Since the language of monsters had made Lin Yi the Vice President of the combat Association, he didn't want to be outdone. He got a Ouyang Changhong to come to the alchemy Association.

Everyone was cultivating the direct line of descent, so there was nothing to say.

"My father is also a senior member of the alchemy Association. We are all family. Today, the flood has really washed over the Dragon King's temple. Exquisite apologizes to vice guild leader Ouyang, and I hope that vice guild leader Ouyang can be magnanimous and forgive her ..."

Kong Linglong was indeed a smart person. She knew that there was no benefit in fighting Ouyang Changhong head-on.

Therefore, he decisively followed the voice in his heart. With a smile on his face, he apologized and tried to pull strings, even bringing up his old man.

"Stop! Who are you with? Our young master doesn't have family like you!"

The guy next to Ouyang Changhong saw Kong Linglong's cowardice and became even more arrogant."Kong Linglong, even if your father is here, he doesn't dare to act arrogantly in front of our young master. He has to pay his respects to him in an orderly manner! You're just a junior, don't you have any idea if you have the right to speak to our young master?"

Chapter 8120

Kong Linglong felt aggrieved, but she was speechless!

This was because what the other party had said was the truth. The old man was only a senior member of the alchemy Association. It was already good enough for him to speak to the Vice President as an equal. It was impossible for him to act like an elder.

From this perspective, Kong Linglong was really Ouyang Changhong's junior ...

"Haha ... Isn't this a misunderstanding, vice guild leader Ouyang?"

Kong Linglong was embarrassed, but no matter how embarrassed she was, she had to solve her current predicament.

Unfortunately, he had just opened his mouth when he was rebuked by the guy next to Ouyang Changhong.

"Misunderstanding? What was there to misunderstand? A bunch of ignorant juniors, hurry up and get lost! She was an eyesore here! Our young master is magnanimous and won't argue with you today. Get lost!"

At the beginning, he didn't know his master's attitude and Kong Linglong's background, so he just endured it.

After all, his master had just arrived in the imperial capital, and he didn't dare to make any enemies.

Now that his master's attitude was very clear, and the other side's background was also clear, he really had no bottom line when he was arrogant.

He actually shouted and waved his hand, telling everyone in the private room to get out of the NA duo Central Restaurant.

"We're all instructors of the Academy. We're in a different system from the alchemy Association of the martial Alliance. We each mind our own business. There's no need for you to be so overbearing, is there?"

It was unknown which hotheaded teacher hid in the crowd and shouted.

He didn't speak too loudly so that Kong Linglong could hear him.

No matter how powerful Ouyang Changhong was, the only person they could get in touch with was Kong Linglong. Therefore, it was more practical to gain Kong Linglong's favor at this critical moment.

Of course, that was all.

The person who spoke didn't even dare to raise his voice, let alone come forward to argue. He could only hide in the crowd and make a gesture!

"Who said that? Stand out!"

Ouyang Changhong coldly glanced at the group of new teachers.

Because there were quite a few of them, he felt that it was necessary to speak up and intimidate them. ""Do you dare to say which Academy you are from? Do you believe that your Academy's share of medicinal pills this year will be reduced by half?"

As soon as he said that, all the new instructors lowered their heads. They were like quails, not daring to look Ouyang Changhong in the eye.

It wasn't just one Gu, but a bunch of Gu, so everyone didn't have any psychological burden.

It's the same anyway, no one's criticizing anyone!

So be it. They still had hope in their hearts. They all secretly glanced at Kong Linglong, hoping that she would come forward to save their dignity.

"Vice guild leader Ouyang, I, Kong Linglong, was wrong this time. I'm sorry! However, today is the gathering of the new teachers from the various Academies. It's not a family gathering. If we leave just like that ... It's a little too much!"

Kong Linglong's heart was filled with fear, but there was no other way. Everyone was watching, so he could only try his best to see!

"Are you going to get lost or not? If you don't get lost, all of your Academy's quota will be reduced by half!"

These words were not said by Ouyang Changhong, but by his Lackey, who was acting arrogantly.

To be honest, Ouyang Changhong's heart trembled when he heard this.

It would be fine if they were to take advantage of one of the academies, but if they were to take advantage of a few of them ... Even Ouyang Changqing, the Guild leader, would not dare to do such a thing, let alone him, the Vice guild leader!

However, this was the time to save face, so he had no choice but to admit it.

While Ouyang Changhong was feeling guilty, the new instructors were also terrified.

If the Academy's quota was really reduced because of this, they would undoubtedly be kicked out.

This was already the lightest punishment!

However, if he were to obediently leave like this, he would feel a little unwilling ... Forget it, if he was unwilling, then so be it. When it was time to leave, he would still leave!

Kong Linglong felt that she was a wise man. The other party didn't even give face to so many Academies, so what else could he struggle for?

"Vice guild leader Ouyang, I'm really sorry to have disturbed you today! Goodbye!"

She didn't even have time to say anything. She lowered her head and wanted to leave this sad place as soon as possible.

The others didn't dare to say anything. Ouyang Changhong also heaved a sigh of relief. He secretly gave a look to his extremely arrogant follower to stop provoking others!

The Lackey misunderstood his master's meaning. He immediately put his hands on his waist and said proudly, ""What are you all doing, so slow, waiting to stay and eat shit? If you don't leave now, you'll lose all your quotas!"

Ouyang Changhong immediately staggered. If by any chance someone resisted, would you deduct their quota or not?

If they were all deducted, the matter would definitely blow up. If they didn't deduct, they would lose face.

Ouyang Changhong had no choice but to clean up the mess for his follower. He said coldly, ""Forget it, since they left tactfully, I won't pursue this matter!"

The Lackey was stunned for a moment. Although he didn't understand why his master had become so kind, his face still had some contempt and pride.

No one spoke in the private room. For a moment, it was extremely quiet, so an untimely chewing sound was finally noticed by everyone.

Lin Yi didn't stop eating.

Ouyang Changhong and Kong Linglong's drama didn't affect Lin Yi's mood at all-he just treated it as a show.

Even Luo caidie was the same. The two of them ate more than half of the eight Treasures of the firmament.

The others were all nervously watching the changes between Ouyang Changhong and Lin Yi. Only Lin Yi and Lin Yi's tummies were already in a state of being round.

Lin Yi was thinking about how good the food was as he ate.

Naduo Central Restaurant. It sounded like it was opened by central, right? I wonder if I can get the bill for free with that black card? Otherwise, he would just treat this place as a canteen.

"Hehe, there really are people who aren't afraid of death! Do you think this young master is joking with you?"

Ouyang Changhong had been holding on with a tough look on his face. Now that he saw someone ignoring him, he definitely couldn't back down!

If he pretended not to see, the imposing aura that he had built up just now would all be gone!

"It is! Where did this country bumpkin come from? was he the reincarnation of a Hungry Ghost? Can't you see that our young master is talking? what are you two doing hiding there and eating?"

Ouyang Changhong's lackeys had sharp eyes and were fully aware of being lackeys. As soon as their master spoke, they immediately charged forward and began to bite.

"Are you looking down on our young master? Do you think you're especially awesome? Come, come, come, tell me about your background. Which school did this Hungry Ghost come from?"

Lin Yi's chopsticks didn't stop moving. He only raised his head to look at the other side, curling his lips and shaking his head. "Which eye of yours saw us secretly eating? We're clearly eating in broad daylight, okay?"

"That's right. He's in charge of the heavens and the earth. He's even in charge of people's food?"

Luo caidie also wrinkled her nose. She hadn't swallowed it yet, and her cheeks were puffed up like a hamster as she said, ""What's wrong? did I eat your rice or your meat?"

The Lackey choked. Why was his reaction so different from what he had expected?
