

Bodyguard 8121

Chapter 8121

Can't you guys have some professional standards? what if you don't follow the script?

Fortunately, ning Dali spoke up in time and soothed his embarrassment. ""Sima Yi, stop causing trouble! Hurry up and come with us, so we don't get everyone involved!"

He didn't dare to speak too loudly, but in the current environment, it was useless no matter how quiet he was. Everyone present heard him.

Ouyang Changhong's heart calmed down. He felt that this wave should be settled. The other party's companions were so cowardly, so they were definitely nobodies without any background.

"If you want to leave, go ahead. No one is stopping you ... Oh, that's not right. He told you to get lost, so if you want to get lost, go ahead. If you think the door frame is blocking your way, I don't mind removing it for you."

Lin Yi didn't give ning Dali any face, and his words made the guy's face turn red.

The guy hmped in anger, mumbling that he didn't know what was good for him. He stepped to the side, drawing a line between him and Lin Yi.

"And you guys, why are you here to disturb others from eating? Since when could the people of martial League be so overbearing? "Oh, that's right. Last time, a few guys from martial League had a King's meal, but they didn't look very peaceful when they left!"

Lin Yi raised a hand and pointed at the follower, who was about to yell at him. "You'd better shut up. As a dog, you have to keep your eyes open. Don't bite someone you can't afford to offend. If you get beaten to death by your master and apologize to him, you won't even have a place to cry!"

Ouyang Changhong blinked, unsure of Lin Yi's approach. He gave a look to his follower, telling him not to be afraid and to continue testing the waters.

As the master, he definitely couldn't go out immediately. It was better to let the follower go to the mine first. If anything happened, he could cover it.

A few of the new instructors remembered Lin Yi's other identity as well, and they were excited-this might be their last chance to save their dignity!

Lin Yi saw the exchange of glances between Ouyang Changhong and the lackeys, naturally, so he spoke up before they could say anything. "The alchemy Association's Vice-President, is he that amazing? I really don't know where your sense of superiority comes from. And you dare to threaten us like this!"

Ouyang Changhong wasn't happy-he'd been the proudest person ever since he'd landed in the alchemy Association and became the Vice-President, but Lin Yi's words made it seem like it wasn't worth mentioning at all.

"Hehe, you really talk big. You don't even care about the alchemy Association's Vice President? You're just a small new teacher. You'll never be able to reach this height in your life. What qualifications and position do you have to say that the alchemy Association's Vice President is just so-so?"

Because of his anger, Ouyang Changhong did not even let his followers stand up for him. Instead, he personally went to fight.

"Ha ... The position of the alchemy Association's Vice President is very high? It's really just like that!"

Lin Yi took out his gold badge and put it on his chest, not minding at all. "Look, it's just a golden one sword badge. It's as if everyone doesn't have it!"

The new instructors who hadn't thought about it were all excited as they remembered Lin Yi's identity.

The combat Association and the Academy had no connections. At most, they would fight side by side during battles. They were two completely independent systems.

So when they found out about Lin Yi's combat Association Vice President status, they were only surprised for a moment, and nothing more.

However, in this situation, Lin Yi's status was completely different. The Vice President of the alchemy Association could control the school, but he couldn't do anything to the honorary Vice President of the martial Union's combat Association.

Kong Linglong and the others had expressions of sudden realization. They thought to themselves, "no wonder Sima Yi is so calm and doesn't care about Ouyang Changhong at all. It turns out that he has a status that is not inferior to Ouyang Changhong 's!"

Ouyang Changhong was dumbfounded. He also had a golden one sword badge, and it was the kind that he had just gotten his hands on. He did not expect that this little teacher in front of him was actually someone who had the same status as him?

Although he was not sure of this person's identity, the golden sword's badge could not be faked. The martial Alliance's branch was in the imperial capital. Who would dare to show off a fake badge here? did they not want to die quickly enough?

"Who are you?"

Ouyang Changhong composed himself and thought to himself, "everyone has the same status. I can't do anything to you, and you can't do anything to me!" What's the big deal?

"Nado martial Alliance branch combat Association honorary Vice President Sima Yi!"

Lin Yi announced his name, "I'm really sorry. You said that I would never be able to reach such a height in my life. In fact, I had already reached it before you!"

Ouyang Changhong's face felt a little hot. Only now did he remember that the reason he was able to become the alchemy Association's Vice President was because a brat named Sima Yi was promoted to the combat Association's honorary Vice President by an exception!

With a precedent, Ouyang Changqing could successfully carry out this matter!

No wonder Sima Yi's name sounded familiar. It was that Sima Yi!

"Sima Yi, don't be too smug. You're just the honorary Vice President of the combat Association, what's so great about that? My young master is the Vice President with real power, how can he be compared?"

Ouyang Changhong's Lackey braced himself to cheer for his master. If he did not stand up for his master at this time, he would not have a leader in the future.

Unfortunately, he'd hit the bull's eye this time, and Ouyang Changhong didn't appreciate it at all. After all, Lin Yi's honorary vice guild leader rank really was comparable to his actual vice guild leader rank!

After all, he had a cousin called Si Yaoqian, the Vice President of the combat Association. He didn't get any advantage from Lin Yi's conflict, and it was said that he was at a disadvantage.

"Sima Yi, even if your status is equal to mine, so what? Do you know who today's rare-quality dishes were originally meant for?"

Ouyang Changhong felt that he couldn't hold Lin Yi down, so he decided to use the people he could. "It's the president of our alchemy Association, the Vice Hall Master of the Naduo Illusion Martial Alliance, Ouyang Changqing!"

"This is your superior. I can't do anything to you for offending me, but can't the Vice Hall Master do anything to you?"

Ouyang Changhong laughed coldly. This was the place where he had invited the two brothers, Ouyang Changqing and Si yaoqian, to the banquet. That was why he wanted to fight for the one and only precious dish of naduo Central Restaurant every day.

He wanted to thank Ouyang Changqing for helping him to become the Vice President of the combat Association! Although he and Ouyang Changqing were brothers, they were not Blood Brothers, but cousins from the same clan.

Even blood Brothers had to settle their accounts clearly, so cousins couldn't be careless. Since they were treating, they must bring out the best food.

"Yeah," Lin Yi shrugged nonchalantly, "vice head Ouyang's here too?" He's not my superior, and it's not up to you to decide if he can do anything to me!"

Ouyang Changqing was the Vice Hall Master of the martial Union, but he was in charge of the alchemy Association. It had nothing to do with Lin Yi. Lin Yi's superior was the monster language!

Chapter 8122

If Ouyang Changqing dared to reach out his hand recklessly, no one knew what the consequences would be if the language of the living things found out!

"Sima Yi, forget it! Just say a few soft words and solve this matter!"

"Vice head Ouyang and this vice head Ouyang are obviously family. Both of them have real power in the martial Alliance. There's no need for you to offend them!" Zhang Xiaoyi whispered.

It sounded like he was worried about Lin Yi, but that cowardly look on his face betrayed his true thoughts.

The others came to their senses as well and started to persuade Lin Yi to stop.

After all, one was an honorary Vice President, one was a powerful vice Hall Master, the president of the alchemy Association, and the other was the powerful Vice President of the alchemy Association. They couldn't be compared!

Some of the instructors were starting to get angry at Lin Yi's stubbornness, and started pointing at him and saying that he was overestimating himself.

Lin Yi glanced around indifferently, his eyes full of disdain. These spineless cowards, even if they had some ability or talent, they weren't qualified to be teachers!

Look at these cowards. If the students they taught were also so bloodless, then they might as well not teach!

"Go and tell vice clan master Ouyang that I, Sima Yi, am here. Would he dare to come and chase me away? You're just a Vice President under him, you don't have the right to talk to me!"

Ouyang Changhong wanted to retort, but he suddenly felt extremely guilty. Thus, he nodded and agreed. ""Fine, don't leave. I'll teach you a lesson later!"

Everyone was dumbfounded. The plot twist was too unexpected!

They originally thought that no matter how stubborn Sima Yi was, he would not be able to match up to the Vice President who had real power. They did not expect Ouyang Chang Hong to actually cower!

So you're such a Ouyang Changhong!

If we had known earlier, why would we have been afraid of you?

This group of cowards actually thought that they could do it if they wanted to, but they did not think that they did not have the status to not fear Ouyang Changhong!

Ouyang Changhong couldn't care about it anymore. He brought his men and noisily returned to his private room, leaving the follower outside in the corridor to monitor this side in case someone sneaked away.

He was still hoping to use Ouyang Changqing's name to get back his face. If he left, who would he go to for face?

"Big brother, the kid in that room is so arrogant. Can you guess who he is? Sima Yi! He actually said that eldest brother wouldn't even dare to do anything to him in the past, this is simply preposterous!"

As soon as Ouyang Changhong came in, he started adding oil and vinegar to the fire, making up a story about Lin Yi.

All in all, Lin Yi was looking down on Ouyang Changqing, so Ouyang Changqing had to go and teach him a lesson!

"Sima Yi? Yes, he did enter the Alliance Academy. I didn't expect to meet him here!"

Ouyang Changqing's emotions didn't fluctuate much. He had obviously automatically filtered out Ouyang Changqing's provocative words. "We're in the wrong in this matter, so it's not good to do anything to him. "

"Ah? Big brother, don't tell me you really can't do anything to that honorary Vice President?"

Ouyang Changhong's eyes went wide with disbelief. "It's just a title in name. Although you don't care about the combat Association, he's still a vice Hall Master. If there's really no other way, can't you just get him to come and pay a visit?"

Ouyang Changqing hesitated. With his status, it was reasonable for him to ask Lin Yi to come and visit him. He was above Lin Yi, but what was the point of it?

"No need! Sima Yi is from the language of the living things. We are not afraid of him, but now is not the time to fight! That brat isn't easy to deal with. If we really make a big deal out of it, I'm afraid it won't end well!"

After Ouyang Changqing had made his decision, he gave his two brothers a heads up. ""Chang Hong and yao qian, both of You Must Remember This. A little impatience will spoil a great plan. There are some meaningless disputes over personal feelings, so don't take them to heart. The most important thing is to achieve our goal in the end!"

"Cousin, this has nothing to do with me!"

Si yaoqian really didn't say anything. After being called out by Ouyang Changqing, he still felt a little aggrieved. He grabbed a piece of hind leg meat and took a bite. "Although I'm not happy with that brat Sima Yi, I still know the priority of this matter!"

"It's fine as long as you know!"

Ouyang Changqing nodded. Si yaoqian had suffered some losses in Lin Yi's hands before, so he should be smarter now, "Chang Hong, you're in the wrong this time. We can only admit defeat. You go and give Sima Yi a toast as an apology. If he doesn't let it go and forces us, then we can't even say anything if we cause trouble for him!"

"Ah? He still wanted to make a toast? He even wanted to apologize? Big brother, can I not go?"

Ouyang Changhong was a little dumbfounded. He had been acting tough like a tiger just now, and now he was going to admit defeat. It was really a little embarrassing!

"What do you think?"

Ouyang Changqing glared at him, a little angry at him for not giving up. ""If you leave without a word, people will say that you're so afraid of Sima Yi that you don't even dare to face him directly, and that you're just running away! Do you still have any face in the future?"

"Now, let's go over and make a toast. No matter what happens in the future, at least now that you've shown your magnanimity, no one will look down on you! How can you not understand such a simple logic?"

Other than Ouyang Changhong's true talent in alchemy, Ouyang Changqing had pulled Ouyang Changhong into the martial Alliance's alchemy Association because he wanted to cultivate a direct descendant who could take charge of a field!

Unfortunately, Ouyang Changhong's ability to react when something happened really disappointed him. It seemed that there was still a long way to go in order to cultivate someone!

"I'm sorry, big brother! I understand, I'll go and propose a toast now!"

Ouyang Changhong didn't dare to talk back-he lowered his head and admitted his mistake. He quickly got up and left the room, his face dark as he sprinted back to Lin Yi's side in a few steps.

When the new instructors saw that his expression was not right, their hearts jumped in unison, thinking that he was going to fall out with them.

They even began to think that if they were to make a move, would they be helping? Or should he escape?

Hmm, don't even think about it. Let's just escape ...

"Vice President Sima, Let Me Reintroduce Myself. I am the alchemy Association's newly appointed Vice President, Ouyang Changhong. From now on, we will be colleagues. What happened just now was a misunderstanding, please don't take it to heart!"

Ouyang Changhong forced out a fake smile and took a spare wine glass from the cabinet on the wall of the private room. He walked to the table and filled it with wine."Come, let me toast Vice President Sima. We don't get to know each other without fighting. I was wrong as a brother before. Let's drink this and take it as you've forgiven me, Vice President Sima!"

Ning Dali and the rest were so shocked that their eyes almost popped out.

They had never expected that Ouyang Changhong, who had been so awesome just now, would actually lower his stance so much!

Chapter 8123

Not only did they not fall out, they didn't even have the intention to fight!

We're all ready to run, but you guys are starting to drink and chat merrily. Can you be any more ridiculous?

"You're too kind, vice guild leader Ouyang. You said it yourself. It's just a misunderstanding. It's no big deal!"

Lin Yi didn't push it too far-it was always good to avoid trouble. Since Ouyang Changhong was a coward, he'd just let it go.

It was said that one should not slap a smiling person. It was not a big deal, so let it go!

As for whether or not there would be new conflicts in the future, that would have to be discussed later.

"Hahaha, Vice President Sima is really a straightforward person. Let's do it!"

Ouyang Changhong really laughed this time, and Lin Yi didn't make things difficult for him. He picked up his glass and clinked it with Ouyang Changhong's, giving him some face and giving him a way out.

He thought that he would be humiliated, but he didn't expect it to go so smoothly. After Ouyang Changhong raised his cup and drank it, he said with a smile, ""Vice President Sima, I'll take my leave for today and won't disturb your meal. If there's a chance in the future, we'll hang out more! I'll treat you next time. Vice President Sima, you must do me this honor!"

"You're too polite! Vice guild leader Ouyang, you're too polite ..."

Lin Yi put down his glass and brushed it off casually. Ouyang Changhong didn't want to stay any longer, and left after some small talk.

As soon as he left, almost half of the people in the room started sucking up to Lin Yi-they didn't ask for anything from him, just to get to know him.

Kong Linglong secretly gritted her teeth. She didn't dare to hate Ouyang Changhong too much. After all, her father was only Ouyang Changqing's subordinate.

But towards Lin Yi, Kong Linglong didn't have any concerns. All of her anger was transferred to Lin Yi.

As he watched Ouyang Changhong leave, his face was dark as water. Countless thoughts went through his mind, thinking of how to deal with Lin Yi.

Ouyang Changhong returned to his private room with a similarly gloomy expression.

Drinking and chatting with Lin Yi was just an illusion-toasting to Lin Yi and apologizing to him was an insult that he couldn't accept. Just like Kong Linglong, he was thinking about how to deal with Lin Yi.

"What's wrong? You're not convinced?"

Ouyang Changqing smiled and poured a glass of wine for Ouyang Changhong. ""He's still too young! You can't even keep your cool, how can you do great things like this?"

"Cousin, don't blame cousin Chang Hong. I'm also not convinced by that Sima Yi kid!"

Si Yaoqian spoke up for Ouyang Changhong. Strictly speaking, he and Ouyang Changhong were not related by blood. However, Ouyang Changqing was both his and Ouyang Changhong's older cousin. Therefore, the two of them could be considered brothers.

"If you're not convinced, then you have to find a way to strengthen yourself. Actually, what's the big deal with one Sima Yi? He's not qualified to be our opponent. If it weren't for the language of the living beings behind him, I could've dealt with him easily. "

Ouyang Changqing waved his hand nonchalantly. ""It's not wise to have a direct conflict with him. It's actually very easy to deal with him. Isn't he a teacher at the Alliance Academy now? Chang Hong, do you understand?"

"I understand. Don't worry, big brother, I understand! What's the big deal with a mere Alliance Academy?"

Ouyang Changhong revealed a sinister smile. "Later on, I'll just find a random reason and reduce the Alliance Institute's quota of elixirs by half. Then, I'll spread the word. I'll let the Dean and teachers of the Alliance Institute know that this is all because of Sima Yi."

"When the time comes, we don't need to do anything. The Dean and teachers of the Alliance Academy will naturally help us deal with Sima Yi and make it difficult for him to move a single step in the Alliance Academy! He might be fired soon!"

"Hmm ... It's not fun to expel him. It's best to let him suffer in the Alliance Academy and not give him a chance to leave. Hahaha, big brother, do you think Sima Yi will come and kneel down and beg for mercy?"

Thinking of this scene, Ouyang Changhong was in high spirits. The smile on his face was a little distorted, and his originally handsome face became a little devilish.

"Wonderful! If you do that, even the assimilation language can't say anything, because the distribution of the Academy's pills is the power of the alchemy Association. The assimilation language has no right to interfere!"

Si yaoqian clapped his hands and laughed. "The best thing is that if Sima Yi comes to us, we can just push the blame away and say that we don't know anything. We're not targeting him. It's just a normal quota change!" He wants to say that the rumors we spread, hehe, can small news be used as evidence?"

"Not bad! You two have more or less improved! Just like that, one Sima Yi could be taken care of with a few casual moves! There's no need to confront him directly!"

Ouyang Changqing raised his glass with a smile and said, "come, drink up!" There's no need to care about that kind of small fry!"

"Hahaha, well said, big brother. Come, let's drink! Cousin, come, come, come!"

"Come, come, come, let's drink!"

Ouyang Changhong and Si yaoqian were in a good mood. They greeted each other with a smile and started to eat and drink again.

The atmosphere in Lin Yi's room was getting awkward.

After the incident just now, Kong Linglong and the others had lost their interest in continuing the meal.

Plus, Lin Yi and caidie had already eaten more than half of the cangqiong Eight Treasures, and there were only a few leftovers left. It was a bit annoying to not eat them, so he decided to just leave them be and called the waiter to pay.

When the shop assistant reported a number, Kong Linglong was dumbfounded!

"This ... So expensive?!!"

Kong Linglong's face turned red when she heard that.

Who didn't know that the food and wine here were expensive?

If you think it's expensive, you can go to the small shop next door!

The shop assistant was instantly a little unhappy.

"Young master, it's not expensive anymore. Because of the dispute over the eight Treasures of the firmament, our shopkeeper has specially given you a 10% discount as an apology."

The shop assistant's face was full of smiles, but there was some disdain in his eyes. "If you don't have money, why are you here acting like a master?" Your Grandpa!

Kong Linglong's mouth twitched. A F * cking 10% discount? I'll break your bones, do you believe me?

It's just one of the eight Treasures of the firmament. How could it be so expensive?

To be honest, when Kong Linglong planned to treat them to a meal at the naduo Central Restaurant, she had already brought enough money. She had also inquired about the price of the unique rare-quality dishes here before she stepped into the naduo Central Restaurant.

He didn't expect that ... The price of the celestial Eight Treasures today was 200 times the price of the rare-quality dishes he had inquired about, and it was the price after a fracture, no, a 10% discount!

This was a scam!

"By the way ... Why is your vault of heaven Eight Treasures so much more expensive than the previous ones?"

Kong Linglong was embarrassed, but she could only ask. What else could she do? It would be even more awkward if he didn't have the money to pay!

"Young master, before you ordered, you must have reminded us that the eight Treasures of the firmament is a little expensive today, right?"

The waiter still maintained his smile, but that smile looked very despicable!

Chapter 8124 No Problem

Kong Linglong cursed madly in her heart. This black shop called it a little expensive when it was two hundred times more expensive? Are you all F * cking crazy?

However, he had to admit that he really did seem to have been reminded ...

"Young master, are you the one who knows how to account?"

The waiter saw Kong Linglong's embarrassment, but he still rushed to add salt to the wound.

Kong Linglong's face slowly turned red. "I also want to pay the bill, but I can't take out the money!"

Who knew that a meal would cost them enough money to buy a shop on a busy street in the imperial capital?

If he had known ... If he had known, he would have let Ouyang Changhong, that bastard, snatch it!

"That ... Everyone ... You've all tasted the eight Treasures of the firmament, and they are indeed very precious, right? Since everyone has already eaten, let's pool our money together and pay the bill!"

Kong Linglong really had no other choice. Even if he had the money, he wouldn't be willing to use it to treat them. The most important thing was that he had spent so much money, and he hadn't even eaten two mouthfuls. Just thinking about it made her upset!

"Young master Linglong, how can we get everyone to gather? You said you'd treat ..."

Some people were indignant on the spot. What kind of joke was this? the sky-high price of the vault of heaven Eight Treasures? What the hell! Just a random sum of money would cost him the money of a few shops!

I can't agree to this!

"Yes! I said that I'll treat you. Other than the eight Treasures of the firmament, I'll pay for all the other expenses!"

Kong Linglong had been waiting for this. She immediately patted her chest and said, ""Don't worry, everyone. It'll be fine as long as you all contribute your share of the vault of heaven Eight Treasures!"

Everyone was speechless. Can't you have any more shame? Other than the eight Treasures of the firmament, what else was there?

Yes, this meal wasn't considered the eight Treasures of the heavens. It was still a sky-high price outside, and the average rich family couldn't afford it.

But the problem was that when compared to the price of the eight Treasures of the firmament, all the other items added up were not even 1/300 of the price of the eight Treasures of the firmament!

F * ck you!

For a moment, nearly half of the people shook their heads firmly, indicating that they were here to attend the banquet and had not brought any money, so they could not count on them to join in!

Kong Linglong didn't count on them anymore. They were obviously unreliable! He could only find a few people who were on good terms with him to raise the money.

Unfortunately, these people usually freeloarded with Kong Linglong, so even if they brought money with them, it was only a drop in the bucket. Compared to the bill they had to pay, it was not even a drop in the bucket.

"This is all I have! I didn't think that the vault of heaven's Eight Treasures would be so much more expensive than your usual treasures ... Why don't you put the rest on your tab?"

Kong Linglong still wanted to keep her face. As long as the restaurant agreed to keep the bill, it would be his business whether he paid it back or not!

To be honest, he didn't even have two bites of the main course of such an expensive meal, so he really didn't want to pay!

"I'm sorry, this small shop is a small business, no credit allowed!"

The shop assistant put on a fake smile, and there was a bit of disdain in his eyes. "Young master, why don't you ask your family to send the money over?"

The others were all ridiculing in their hearts. Naduo Central Restaurant was considered a small shop, and if it was called a small business, then in this Imperial City, which house wasn't small?

"Impudent! Are you insulting me? How dare you look down on me!"

Kong Linglong was furious. "It's your pricing that's wrong. You didn't tell us the price of the eight Treasures of the firmament. Can you blame the customer for not bringing enough money?" You still won't let me off?"

"Now this young lord is very suspicious that you are trying to extort this young lord! Hmph Hmph! Don't you know who I am?"

Kong Linglong puffed out her chest.

Just now, in front of Ouyang Changhong, his status did not have much effect. This time, in front of a little shop assistant, there should be no problem, right?

"This young master is a direct descendant of the great alchemy clan, the Kong clan, a teacher of the Fuyao apothecary school, and also a noble Alchemist! Is this how your restaurant treats this young master? Who gave you the courage?"

"This is outrageous! It's fine if you're completely suppressed by Ouyang Changhong, the alchemy Association's Vice President, but even a small restaurant waiter dares to act tough in front of this young master!"

If a Tiger doesn't show its might, do you think I'm a sick cat? What a joke!

Kong Linglong thought that the waiter would be intimidated by her identity and title, but he didn't care at all. He just picked his ear with his pinky and looked lazy.

"I know, I know! But so what? Paying for food, paying for debts, these were all things that were natural! I don't care who you are, but if you eat in our restaurant, you have to pay the corresponding amount!"

The shop assistant shrugged, "don't say that you're some direct disciple, some teacher, or some Alchemist. Let me tell you, it's useless!" Even if the Emperor himself came, he would still have to pay for the food!"

Kong Linglong felt aggrieved and couldn't help but shout, ""This young master just doesn't have money. This young master only has this much money in his hands, do you want it or not? Don't forget about it, so what if this young master ate a free meal today?"

"Hehehe, young master, you really know how to joke. No one has ever tried the Overlord's meal in this restaurant. Young master, are you sure you want to try it?"

The waiter's face turned into a pitiful smile, as if he could already see Kong Linglong's miserable end.

"I'll try it! This young master would like to see what you can do to this young master!"

Kong Linglong waved her hand with a cold face, "everyone, let's go!" If you don't leave now, they're going to ask you for money!"

When the others heard this, their hearts and livers trembled!

If he really asked them for money, he didn't know if they could pay him back even if he sold them!

Therefore, more than half of them tacitly raised their feet and prepared to follow Kong Linglong to dine and dash!

Anyway, Kong Linglong was the one who stood up for them. If the restaurant wanted to pursue the matter in the future, they would definitely find Kong Linglong and not them!

The waiter's lips curled into a cold smile, and he raised his hand to Pat the door a few times.

A few burly men in green clothes immediately appeared outside the private room. Each of them was extremely tough. The aura they exuded was at the middle stage of the sea Rift realm or above!

Kong Linglong immediately gasped. This was too F * cking Grand!

He just wanted to eat the Overlord's meal. Did he have to bring out so many experts at the middle stage of the shattered Sea realm all of a sudden?

There was no lack of experts at the sea splitting stage among the new instructors, but if they were to really compare, they were definitely no match for the hatchet men arranged by the restaurant. This was because each and every one of them had a strong baleful aura on their bodies. It was obvious that they had experienced the test of mountains of corpses and seas of blood!

Lin Yi was a bit surprised. Were sea shattering realm Masters really as common as cabbages on the side of the road?

But then again, with Central's strength and style, it seemed to make sense for them to have such a setup!

It didn't matter whether these sea Rift stage experts were hired or trained by the central government. It was normal for them to appear in the central government's territory.

Chapter 8125

"Haha...Haha...I was just joking, don't take it seriously!"

Kong Linglong was stunned. She listened to the voice in her heart with a bitter face. "We're all people of status. How could we do something so tasteless as to eat the Overlord's meal?"

"Young master is right! Since you don't want to eat the Overlord's meal, then please pay!"

The shop assistant extended his hand and motioned for Kong Linglong to pay.

Kong Linglong was on the verge of tears. If I could afford it, would I have delayed it until now?

She was feeling awkward when she turned around and saw Lin Yi smiling at her, and she was furious!

"Sima Yi, you've eaten the most of the eight Treasures of the firmament, and you've eaten more than half by yourself. Hurry up and pay! As the Honorable Vice President of the combat Association, is he just going to stand by and watch?"

Lin Yi only shrugged, "what's wrong with that?" You don't have to care how much I eat. Since you said you're treating, of course I can't overstep my boundaries and pay for you. That would be not giving you face!"

"Since I'm an eyesore to you, I won't bother you anymore. Teacher Luo, let's go first!"

Kong Linglong thought to herself, "don't give me face, just pay me directly!" I don't mind!

If the waiter didn't speak up first, he would've pulled Lin Yi along and said that!

"I'm sorry, Sir, no one can leave before paying!"

The waiter reached out to stop Lin Yi and caidie, evidently not letting either of them go.

Kong Linglong laughed gloatingly, ""Aren't you very awesome? I really thought you were powerful, but it turns out that you're just so-so! Want to leave? In your dreams!"

This young master can't even get out, so you should just obediently stay here and accompany me!

Lin Yi looked at Kong Linglong as if she was an idiot. He smiled faintly. "Who told you I can't leave? I can leave if I want to, but you can 't. If you don't pay the bill, you really can't leave!"

"Hehehe, continue acting! He's blocking you right in front of your eyes, why don't you leave and this young master will see!"

Kong Linglong was also desperate. If I can't recover, you can be my scapegoat. "If you can leave, then leave. This young master is telling you, this young master will not leave today!"

Lin Yi's lips twitched-talking to an idiot was tiring! Forget it, I'd better ignore him, lest he lowers my IQ.

A black card magically appeared in Lin Yi's hand, and he held it between his index and middle fingers.

"Do you know him?"

Lin Yi said calmly, naturally exuding the aura of a superior ... Well, that was only to the waiter.

The waiter's eyes narrowed as he saw the card in Lin Yi's hand. He immediately bent his back and lowered his body.

"I know him! This lowly one didn't know that Daren had arrived. Daren, please forgive this lowly one if I have offended you!"

This guy's forehead was covered in cold sweat. He really knew what the identity of a black card meant, but he actually led people to block the way of the black card holder ... Damn it!

"This is an honorable Lord from the headquarters. Hurry up and pay your respects!"

The few experts of the sea splitting stage didn't respond. The shop assistant couldn't help but turn around and shout, letting them understand the importance of the person in front of them.

"Greetings, my Lord!"

The more powerful they were, the more they understood how terrifying central was. So when the sea split realm Masters heard Lin Yi's background, they immediately bowed.

"No need to be so polite. Can I go now?"

Lin Yi waved his hand casually, and the black card disappeared.

"Of course, it's our honor to have you here! How could he charge more? I've neglected you, you can all leave ..."

The shop assistant bowed respectfully and turned around, trying to send the sea Rift stage experts away.

"No need!" Lin Yi said. After deducting my and my companion's share, you'll have to collect the rest from young master Linglong. After all, he's treating us today, so we can't not give him face!"

The shop assistant understood what Lin Yi meant-why wouldn't he do it if he could get paid and get on this man's good side?

Kong Linglong was dumbfounded, ning Dali and Zhang Xiaoyi were dumbfounded, and the other instructors were all dumbfounded!

However, they all reacted quickly. Other than Kong Linglong, even ning Dali and Zhang Xiaoyi rushed to Lin Yi's side with flattering smiles on their faces.

"Instructor Sima, we're all from the same batch. I've always admired you. You're so young and yet you're able to take the first place in the assessment. You deserve it ..."

"Instructor Sima, I'm also your companion. It's fate that we're together ..."

"Instructor Sima, my little sister is twenty-eight years old. Not only is she a national beauty, but she is also well-educated. Why don't we arrange a time to have a meal together?"

"Instructor Sima, a Dragon among men like you is worthy of being my friend ..."

"Instructor Sima ..."

"Instructor Sima ..."

Seeing that Lin Yi could leave without paying, the new instructors all went crazy!

They'd already wanted to suck up to Ouyang Changhong when he'd just lowered his head, and now they weren't even trying to hide it at all-they surrounded Lin Yi and said all sorts of things.

Even people like Ning Dali and Zhang Xiaoyi, who weren't happy with Lin Yi, wanted to get on his good side and use him first. They'd get back at him later when they had the chance.

Lin Yi's mouth twitched. They were all teachers, and they were all refined people. Wasn't this a bit too much?

"Alright, today's meal is on everyone's tab. I'll take care of their own. However, you still have to pay for Linglong's own share. Treating him to a meal is also a treat!"

Lin Yi was annoyed and put everyone on the free list, except for Kong Linglong. It was Central's money anyway, so it didn't matter.

"Yes! We will follow your instructions!"

The waiter bowed and accepted the order. It was good to collect some money. There was nothing to be dissatisfied about. He had wanted to get all the bills free when he saw the black card.

Kong Linglong's face darkened. He had been calculating in his heart. If he was alone, the money in his hands would be enough.

However, after he paid the bill, his pocket was empty and clean!

Today's Plan was to have a meal at nado Central Restaurant, then change to another place for entertainment. Now, it was time to go home, wash up, and sleep!

For a period of time in the future, he would not have the money to go out and have fun, nor would he have the face to do so!

She had lost too much face today, and Kong Linglong felt that she had no face to see anyone!

With that, Lin Yi left the naduo Central Restaurant with caidie. It was quite annoying to be surrounded by people, but no one dared to follow them anymore after Lin Yi said he wanted to leave with caidie.

"Hey, Sima Yi, you're pretty good! Just who are you, and why are the people in the NA duo Central Restaurant so respectful to you?"

Caidie waited until there was no one else around before finally asking Lin Yi, "What does that black card mean? I saw the people in the restaurant change completely when they saw the black card!"

Chapter 8126 No Problem

"What background can I have? don't you know that the naduo Central Restaurant is not respectful to me, but to that black card!"

Lin Yi smiled and shook his head, "As for the black card, I don't know what it means either. I just saw someone use it last time, and one day, I happened to pick up this card on the road, so I took it out to try it out. I didn't expect it to be so useful."

"You picked it up? You're lying to me, right?"

Luo caidie's eyes widened, and her face was full of doubt, ""Tell me where you picked it up, I'll go and pick it up too!"

"Heh ... I'm the chosen one, the son of destiny. It's normal for me to pick up good things. You can 'T. You wouldn't recognize good things even if they were in front of you!"

Lin Yi continued his nonsense-it was up to you to believe it or not.

Caidie pouted, thinking that Lin Yi was getting more and more out of hand.

Anyway, he knew that he had such a free meal ticket. Next time he was hungry, he would drag him out for a walk.

Mm ... They didn't even need people, they just had to take out the black card. Anyway, Sima Yi said that it was something he picked up, so it would be a waste not to use it!

Lin Yi didn't know that the foodie had her eyes on his black card. He looked up at the sky and turned around,"Luo caidie, you should return to the Academy first. I'll go to the martial Alliance branch."

"Why are we going to the martial Alliance branch? You, an honorary Vice President, really think you're something. Do you want to go to the branch to report?"

Caidie was still thinking about using the black card to eat and drink, and naturally, she'd be talking back to Lin Yi.

When she realized that Lin Yi was her free meal ticket, she immediately put on a smiling face to remedy the situation.

"No, what I mean is that as an honorary Vice President, you're still so responsible and never forget to contribute to martial League at all times. Even after becoming a teacher at the Alliance establishment Academy, you still think about martial League ..."

"Luo caidie, why do I feel like you're mocking me?"

Lin Yi squinted at caidie Luo.

Luo caidie immediately shook her head in a righteous manner, "No, you're wrong! How could I be mocking you? I'm complimenting you! I'm being sincere!"

Afraid that Lin Yi wouldn't believe her, caidie opened her eyes wide, trying to convey her true feelings.

Lin Yi's mouth twitched. At first glance, it was obvious that it was fake, and her acting skills were too bad. If she went to film, she would definitely be the king of bad movies!

"Alright, alright. Anyway, you should go back first. I'm going to make a trip to the martial Alliance branch ..."

Lin Yi waved his hand and parted ways with caidie at the intersection. Caidie was upset-would it be easy to cheat ... No, to borrow a black card like this?

"I'm really complimenting you! Sima Yi, you have to believe me!"

Luo caidie didn't want to give up and tried to save herself again. Lin Yi didn't look back and just waved his hand. Luo caidie didn't know what he meant, so she could only return to the school.

She'd wanted to go with him, but she was worried that Lin Yi might mock her again. She decided to just follow the arrangement.

Lin Yi walked all the way to the martial union branch. He didn't go to the beast language, but went straight to the combat Association to see how Fei daqiang was doing.

After all, Lin Yi needed the vice president's help from the martial Union sometimes, so he had to contribute to the martial Union in return.

You can't always use other people's name to do things but not do things for them, right?

In the end, before they even reached the combat Association, they saw Fei daqiang leading a group of battle generals and whistling past them like a myriad of stars surrounding the moon. The pride on his face could not be concealed at all.

"Boss, you're here!"

Fei daqiang had good eyes, and he didn't miss Lin Yi's figure even when he was feeling good.

After running past, he immediately turned back and came up to greet her, ""How's the Alliance Academy? If you can't get used to it, why don't you come back to the combat Association? we all miss our boss!"

"Greetings, Vice President Sima!"

The group of generals that followed Fei daqiang all knew Lin Yi and didn't dare to be as casual as him. They all saluted him with respect.

Then, some people started to talk at once, ""Brother da Qiang is right. We all miss Vice President Sima. We hope that Vice President Sima can come back and lead us!"

"Vice President Sima, what's so good about the Alliance Academy? it's nothing compared to our combat Association! Come back! Let's bring brother da Qiang and make a career out of this!"

"Brother da Qiang has spoken our hearts out. Vice President Sima ..."

.....

Lin Yi looked at Fei daqiang with a half-smile, "Brother da Qiang is doing pretty well. He's so popular in such a short time!"

"That's not true. It's all because of your reputation that I'm able to do so well. If it wasn't for you supporting me from behind, who would be willing to submit to me?"

Fei daqiang flattered him and then said with a smile, ""What brother da Qiang? they just call me that for fun. In front of boss, I will always be a cockroach, Fei Xiaoqiang!"

Lin Yi couldn't help but laugh-it was hard to be in a bad mood with this guy around!

"That's not the case. Vice President Sima, you don't know this, but brother da Qiang is so awesome now. Even though he's not the Vice President and is only a manager, he's even more powerful than si yaoqian in the combat Association!"

A battle general was praising Fei daqiang, and Lin Yi recognized him as one of the people who had been learning battle formations from him.

A few others, such as Zhang Butong and Wang sanbing, also laughed and echoed in the crowd around Fei daqiang.

There were also many new faces. Needless to say, they were definitely people who had been developed later.

Obviously, Fei daqiang was doing well. In a short time, he had already formed a rather large-scale force.

To say that si yaoqian was afraid of him might not be a big deal, but Fei daqiang should have no problem with it if he were to arm wrestle with him!

Fei daqiang's mouth was humble, but his face couldn't hide the pride, ""You guys haven't seen much of the world, but I'm far from our boss! Saying that I've only learned a little is already praising me!"

Lin Yi smiled and patted daqiang's shoulder. "Alright! You've done well. Everyone is convinced by you, and that's enough to explain the problem!"

As expected of the man who was once the leader of the thugs in kirrlutz, he did have some skills to recruit a bunch of underlings so quickly!

"What were you guys planning to do just now?"

Lin Yi still remembered the way they were rushing back and forth. "Don't tell me you're gathering people to cause trouble?"

"How can that be! We've always followed the boss's instructions, not causing trouble and not being afraid of trouble! Why are you causing trouble for no reason?"

Fei daqiang chuckled and puffed out his chest, "I want to take them to practice the battle formation and let them be more familiar with it. Just like you said before, the more they sweat, the less they bleed in war!"

Lin Yi blinked, not remembering when he said that to Fei daqiang.

Chapter 8127

However, it shouldn't be wrong. Otherwise, with Fei daqiang's level, he probably wouldn't be able to say such profound words!

"Very good! Since that's the case, let's continue!"

Lin Yi nodded. "I'll go with you and see how your training is going!"

"Hurry up and thank the Vice President for his guidance! You guys are in luck today!"

Fei daqiang was definitely a professional at hugging someone's thigh. He seized the opportunity and pulled everyone to farm together!

"Many thanks for Vice President Sima's guidance!"

Everyone bowed in unison, feeling genuinely happy.

Not to mention Zhang Butong and the others, most of the new battle generals were here for Lin Yi!

Lin Yi wasn't in the combat Association, so they could only settle for second best and follow Fei daqiang, Zhang Butong, and the others. It wasn't easy for Lin Yi to come back and give them pointers, so of course they would be happy!

Without needing anyone to command them, the group of battle generals quickly jogged to the training field and formed their own battle formations to start training.

What Lin Yi taught Zhang Butong, Wang sanbing, and the others were all basic battle formations. Fei daqiang knew more, but he didn't have Lin Yi's teaching and commanding skills, so these generals didn't learn anything above basic.

It was also because of this that they had a very solid foundation in the elementary battle formation. Under Fei daqiang's command, the operation was quite good, and the power could be roughly exerted, which was quite a good result.

"Very good, you've been trained to this level in such a short time, which is quite good! I'll have to work harder in the future. While laying a good foundation, I'll also have to further learn and master profound battle formations!"

Lin Yi was satisfied, but he didn't teach them anything about formations.

For the time being, these battle generals could not grasp very profound battle formations. What Fei da Qiang knew was enough to teach them.

"Next, in addition to practicing the battle formation, you must also focus on improving your personal strength. A battle formation is a way to gather the strength of everyone and exert extraordinary power, but it doesn't mean that it doesn't need individual combat power!"

"An Advanced Battle formation formed by a group of ordinary people would not be able to block a casual attack from any one of you. However, a beginner battle formation formed by people who are of a higher level than you would be enough to trap any one of you to death!"

"So when we learn the way of battle formations, it's not that we don't pay attention to individual martial strength. On the contrary, with a strong martial strength Foundation, the power of battle formations can be exerted more! Do you all understand?"

"Understood!"

When Lin Yi spoke, everyone listened intently, and when he asked a question, everyone responded loudly in unison, full of vigor!

"Vice President Sima, there's something that I don't know if I should say."

Zhang Butong said, hesitating as he looked at Lin Yi.

He was the first to follow Lin Yi in the combat Association, and both he and the others felt that they were closer to Lin Yi. That was why he spoke to him.

"If there's anything you want to say, just say it. Why are you so hesitant?"

"Zhang Butong, have we grown distant after not seeing each other for a few days?" Lin Yi shook his head, smiling.

"How can this be? This subordinate's respect for the Vice President is higher than the sky and deeper than the sea, and my loyalty can be seen by the sun and the moon ..."

Zhang Butong was relieved by Lin Yi's words, and Lin Yi couldn't help but chuckle. This guy wasn't like this before!

Was it because he followed Fei daqiang and was tainted by Fei daqiang?

"Alright, alright, get to the point. I don't have the patience to listen to your nonsense!"

Lin Yi chuckled, and Zhang Butong scratched his head awkwardly.

"It's like this, Vice President. Recently, the supply of elixirs for us has been reduced by more than half. They said that the quota of our combat Association to the alchemy Association has been reduced, so the elixirs allocated to us will also be reduced."

Zhang Butong took a moment to organize his thoughts, and his face turned serious, "If the entire combat Association was like this, we wouldn't have much to say. Unfortunately, that's not the case!"

"As the Vice President, si yaoqian is in charge of the distribution of the pills. Even though we have lost more than half of our people, the people who follow si yaoqian have not lost a single bit. Sometimes, he will even get more!"

"Vice President Sima, we also want to become stronger. However, cultivation requires resources, and pills are one of the most important resources. Without more than half of the pills, we have no way to quickly improve our strength!"

"Brother da Qiang is only a manager, so he can't negotiate with si yaoqian directly. Since Vice President Sima is back, can you help us talk to si yaoqian?"

Lin Yi listened quietly and shook his head, "It's impossible to get a result from the negotiation! The president of the alchemy Association is si yaoqian's cousin, and the Vice President is his cousin. It's easy for them to tamper with the quota!"

"Si yaoqian is the Vice President with real power. He will not protest against the alchemy Association, nor will he compromise with us. His purpose is to force everyone in the combat Association to stand on our side. Which side should we stand on?"

Even if the language of the monsters were to step in, there would be no result. Everyone would just be caught in a vortex of wrangling!

Si yaoqian had used an open scheme, so there was nothing against the rules that could be found.

Lin Yi suddenly realized that this guy had Ouyang Changqing backing him up-he knew when to give and take.

He knew that it was unwise to have a conflict with him in the restaurant. On the surface, he still wanted Ouyang Changhong to apologize, but he was not bad at playing tricks in the dark.

Ouyang Changqing was clearly telling these battle generals that only by following his little brother si yaoqian would they have meat to eat. Following Fei daqiang or Lin Yi would have no future!

But he'd never worried about that-with Lin Yi backing him up, what was there to be afraid of?

Fei daqiang laughed heartily as he saw the disappointed expressions on Zhang Butong and the others "faces.

"Hahahahaha, si yaoqian and the others are a bunch of stupid birds. They think that they can threaten us with these stupid pills. What a joke!"

As he spoke, he waved his hand vigorously, using his rich body language to show that it was really not a problem. "With your great Vice President Sima here, pills are nothing! It's not a problem even if you want to eat medicinal pills like rice!"

"They think we'll be scared if they don't give it to us, hehe! How childish! I don't want those stupid pills even if you give them to me! The elixirs that we refine are much better than the elixirs from the alchemy Association!"

Zhang Butong, Wang sanbing, and the others all had an awkward but polite smile on their faces. Brother da Qiang, even if you want to brag, you have to look at the occasion. If you could concoct pills, why would you wait until now?

"Hey! You guys don't believe me, do you? Who is this, do you see? When the east wind blows the drums, who have we been afraid of? With your Almighty Vice President Sima around, what can't be settled?"

Lin Yi's mouth twitched, thinking that Fei daqiang's speech was too exaggerated. No matter how he looked at it, it seemed like a joke. If he were one of those battle generals, he wouldn't believe it either.

Chapter 8128

As expected, the battle generals still maintained their awkward but polite smiles. As they nodded, their eyes revealed that they were bragging and that they had seen through everything but had no choice but to play along.

Fei daqiang hmped and ignored the gazes of these ignorant country bumpkins. He turned to Lin Yi with a smile, "Boss, it's time for us to show our true skills! Let's show them that following boss and hugging onto his thigh is the right choice!"

"What is considered a display of true technology?"

Lin Yi looked at Fei daqiang with a faint smile, but the guy only laughed.

"Boss, you can just take out anything you want. That's real technology, and it's enough to broaden their horizons! Of course, it's a headache to have too many choices. I can understand boss's feelings!"

Lin Yi couldn't help but smile-even he didn't understand what he was feeling right now, what the hell would you understand?!

Forget it, the battle Association's battle generals were the main force in fighting against the darkness magical beasts. Increasing the battle General's strength was indeed a top priority!

Most of these battle generals should be loyal to him and Fei daqiang. A small portion of them might be spies planted by si yaoqian and the other factions, but it didn't matter!

As long as they were a general of the combat Association, they would fight with the dark magical beasts. Even if the meat was rotten in the pot, it would still be meat soup!

It didn't matter if they were sincere or not, the chances of them turning on Lin Yi would be higher after they gained actual benefits and strength. Lin Yi liked people who could make his opponents turn on him the most-he could win without fighting!

"How about this, Fei daqiang, you will lead the team and enter the nine story glazed Pagoda to cultivate. While improving your strength, you can also refine pills inside!"

Lin Yi made his decision and took out the nine-story Pagoda.

The moment this treasure appeared, it shocked all the battle generals. Only Fei daqiang was left to the side, laughing smugly.

Are you all dumbfounded? A bunch of country bumpkins. I can just take out any treasure and you'll all be shocked to death!

"Go! Cultivate well inside. When you come out, I want to see that your combat strength has improved significantly!"

At the moment, the nine-story glazed Pagoda was the most powerful treasure in Lin Yi's hands that could quickly and comprehensively increase the strength of a large group of people!

In the nine-story glazed Pagoda, not only could one cultivate one's divine sense, but one could also use it to drive the physical body to upgrade. One could also cultivate true Qi!

Although he said that he could not use his true Qi in the nine-layered glazed Pagoda, he could still cultivate in the nine-layered glazed Pagoda. They complemented each other and greatly improved his progress.

The most important thing was that there were countless medicinal herbs for alchemy in the nine-story glazed Pagoda, which could be used to train middle and low-ranked alchemists in large quantities.

In the glazed Pagoda, there were no restrictions on the spirit sense pill fire and true Qi pill fire, which was much more powerful than the pill refining on the sub-Island.

"Boss, don't worry! I promise to complete the mission!"

Fei daqiang stood at attention and saluted to Lin Yi before turning back, "Brothers, come with me and we'll be rich! Let's go!"

Those battle generals were all a little dazed. When they saw the door to the bottom level of the nine-story glazed Pagoda open, they didn't know what to say. When they saw Fei daqiang walk into the door first, they all followed him in a daze.

After everyone had entered, the door slammed shut.

Lin Yi believed that when they came out, they would be the most elite combat Team in the entire combat Association, or even the entire martial union branch!

Their talent and current strength were many times stronger than the guards of Hongshang Commandery. Therefore, the improvement they received in the nine-story glazed Pagoda would also be much greater!

After making arrangements for Fei daqiang and the others, Lin Yi turned to the language of artifacts.

Since he was already here, it was better to pay him a visit than not entering. After all, the language of beast transformation did help Lin Yi a lot.

However, the language of monsters was not in the martial League branch. His subordinates said that he was out on business, and he could be gone for days, weeks, or even months.

Lin Yi didn't mind since he wasn't around. He turned around and went back to the school.

"Qin mengzhen, you're still cultivating? not bad, not bad. You're quite diligent! Are there any problems?"

Lin Yi didn't have anything to do back at the school, so he went to the classroom to take a look.

The princess, Qin mengzhen, had not left. She was still cultivating in the classroom.

"Teacher, you're back! There were no problems for the time being, and his cultivation was going smoothly! With this disciple's aptitude, it can't be any easier!"

Qin mengzhen was showing off proudly. In the past, she was treated as a mediocre talent, but now that she had turned into a genius, she wanted to show off to others anytime and anywhere. "Teacher, do you have anything new to teach your disciple?"

"Want to learn something new? It's not impossible!"

Lin Yi touched his chin and thought about it. Qin Meng really had Wu Linghai, and her divine sense was unrivaled in the same realm. She could teach her some divine sense skills, "How about this, master will teach you a spiritual awareness attack skill, which can make full use of the advantage of your powerful spiritual awareness!"

"Good, good! Teacher, please give me some pointers!"

Qin mengzhen's eyes lit up.

Now that she had been reborn, not only did she solve her previous hidden danger, but even her talent had become much stronger. She was like a sponge that could absorb a large amount of water.

"Today, I'll teach you a simple spiritual sense attack skill, spiritual sense collision!"

Qin mengzhen's nose twitched and her mouth twitched when Lin Yi said the name, clearly showing her disdain for the collision of consciousness.

"Teacher, I know how to use spiritual awareness collision. This kind of beginner level spiritual awareness attack skill is not difficult at all. Could it be that teacher thinks this disciple really doesn't have any Foundation in this area?"

If it was an ordinary warrior, a spiritual awareness attack skill like spiritual awareness collision could be used as a trump card, and there was no place to learn it.

However, Qin mengzhen's identity was there. As long as she needed it, a collision of divine senses was indeed not a good thing.

No wonder she lost interest when Lin Yi said he was going to teach her spirit sense collision.

"Ha ... Are you sure you know how to use the divine sense collision? Why don't we do it this way, you try to use your spiritual sense to collide with your master once, with all your strength!"

Lin Yi's essence spirit was many times stronger than Qin mengzhen 's, so he didn't need any defensive items.

If he just stood there and didn't move, he didn't even need to use his consciousness to defend himself. Qin mengzhen wouldn't be able to hurt Lin Yi.

"Ah? Teacher, Are you sure? This disciple is going all out to urge his divine sense to collide, that's not a joke!"

Qin mengzhen bared her teeth like a little tiger, displeased that Lin Yi was underestimating her."It wouldn't be good if you hurt teacher!"

"If you can hurt me, you'll be qualified to leave your master's place. Unfortunately, you're still far from it. I'm not on guard. No matter whether you attack me in the open or in the dark, you can't hurt me!"

Lin Yi put his hands behind his back and smiled at Qin mengzhen with the air of a Grandmaster."Alright, you can rest assured and go all out! If you can affect me for even a moment, you win!"

Chapter 8129 No Problem

"Teacher, you said it yourself! You can't blame this disciple for being injured!"

Qin mengzhen bared her fangs and brandished her claws, trying to make a fierce look. Unfortunately, she didn't even look like a little tiger at this moment. Instead, she looked like a little kitten, the kind that was cute and fierce.

With that, she really did launch a sneak attack, sending out a full-force collision of consciousness, bombarding Lin Yi's Wuling sea.

Lin Yi blinked. What did his Wu Linghai go through?

A gentle breeze? Ripple of waves?

If he hadn't been paying attention, he might not have known that he was really attacked by Qin Meng ...

"You're done?"

Lin Yi tried to test the waters-after all, Qin mengzhen might test him first!

To be honest, Lin Yi knew that his Wu Linghai was very strong. As for how strong she was and how big the gap between her and Qin mengzhen was, he only had a rough idea. He finally understood it now!

Qin mengzhen was dumbfounded. She was also wondering if she had finished the game.

If he was done, why was there no reaction at all? If he hadn't finished ... Then he had really used all his strength to send out his divine sense to collide with it!

"Oh ... Are you done? What do you think, teacher?"

Lin Yi smiled-why should he be the one deciding if the fight was over?

"I think you've probably fought ... Alright, master probably understands what's going on with the collision of your divine sense!"

Lin Yi waved his hand and went straight to the lesson. "The spiritual sense collision that you have learned is only the most basic skill. What I am going to teach you is not such a shallow thing!"

"First, you have to learn how to control your consciousness so that it can change according to your thoughts and thoughts!"

Lin Yi said as he sent out a small spirit sense pill fire from his right fingertip.

Spiritual awareness was invisible and colorless, so it was more convenient to demonstrate. "Look at this, we'll treat it as your consciousness. Previously, when your consciousness collided, it was like this."

At this point, Lin Yi's conflagration was flicked to his left palm. There was a thin layer of conflagration on his left palm, which was a spiritual defense.

The pill fire that attacked first shattered into countless small sparks when it hit the defensive wall and then disappeared.

"Do you understand? Your so-called collision of consciousness is just hitting your own consciousness against the target. If the target is weak, it can naturally have some effect, but if the target is very strong, your collision of consciousness will be meaningless. "

Qin mengzhen could understand what Lin Yi was saying, but she was still confused. Wasn't this what a collision of consciousness was like?

"What I'm going to teach you is to control your own consciousness and turn it into a more effective attack. For example, like this ..."

As Lin Yi spoke, he sent out the same spirit sense refinement fire on his right fingertip, compressing it into a needle-like fire. "Using this form to attack, although it's the same amount of spiritual sense, the power of the attack can be increased many times!"

As he spoke, the spiritual awareness pill fire needle was once again flicked to the pill fire defense layer in his left palm. This time, the defense layer had no resistance and was penetrated by the thin needle, directly collapsing.

The thin needle didn't disappear after piercing through the fire protection, it was stuck in Lin Yi's palm- the contrast between the two was extremely clear!

Qin mengzhen's mouth was wide open, and her face was filled with disbelief. Was this really a collision of divine senses? Could the collision of divine senses be played like this?

The facts proved that the collision of spiritual awareness could be played in more ways than this.

Lin Yi showed a few more variations, all of which were small techniques in terms of control. They weren't profound, but the actual effect was quite shocking!

"Teacher, you're really amazing! To be able to play so well with the collision of divine senses, you are indeed worthy of being the teacher I chose!"

After Qin mengzhen's continuous shock, she entered a numb state. After she calmed down a little, she couldn't help but exclaim, ""Teacher, now teach this disciple how to cultivate the collision of spiritual sense!"

After seeing Lin Yi's performance, Qin mengzhen didn't dare to say that she knew about the collision of consciousness anymore. She was so embarrassed!

"It's actually very simple. What you need to do now is to strengthen your control over your own spiritual awareness. As long as your control is good, you can easily control the changes in the collision of your spiritual awareness ..."

Lin Yi smiled as he passed on his experience to mengzhen.

This should be enough for her to digest for a while. As for whether she could learn it or not, it would depend on her own ability and effort.

After making arrangements for mengzhen, Lin Yi left the classroom. He didn't go back to his room to rest, but went straight to the library of the school.

Previously, he had arranged for MA pijing and tu Gelao to go back and cultivate on their own, which was more targeted. But in fact, MA pijing's arrangement was not wrong, but tu Gelao was a little different.

Lin Yi felt that there was something wrong with tu gexia.

This student's aptitude was very ordinary. Just by cultivating the martial skill storm rock-crushing slash, at most, it would increase some combat ability, but it would not have much of an increase in his future strength level.

Lin Yi hadn't thought of a way to change the situation yet, and now that he had nothing to do, he decided to go to the library to find a solution.

The Alliance school's library was much bigger than any other place Lin Yi had been to before.

Not to mention the sword spring sect, even the Hongshang Empire's Royal Library paled in comparison to the Alliance Academy. They simply could not be compared.

Entering the library as a teacher and looking at the sea of books, Lin Yi couldn't help but sigh. As expected of an Alliance School, it was extraordinary!

Without a doubt, he spread out his divine sense and scanned it crazily!

Lin Yi didn't leave the library the entire night, only coming out when the sky was bright!

When he returned to the classroom, MA pijing and tu gexia had already returned. He didn't know if Qin mengzhen had left the classroom last night, but she was still in the classroom.

"Good Morning, teacher!"

The three men bowed to Lin Yi when he entered, but Lin Yi waved his hand casually.

"Everyone seems to be in good spirits. Qin mengzhen, did you make any progress in your cultivation yesterday?"

Lin Yi asked Qin mengzhen first.

In fact, it was impossible to make much progress in one night.

After all, the collision of consciousness couldn't be used all the time. Even if Qin mengzhen had Wu Linghai, her consciousness couldn't be used indefinitely.

After continuously using it for a period of time, he had to rest and recover his divine sense. Otherwise, even dizziness was light, and it was possible to faint on the spot.

"Teacher, I already have some ideas, but I haven't made much progress!"

Qin Meng really didn't know what to say, so she only nodded.

"Then you can continue to cultivate today. You don't have to stay in the classroom all the time to cultivate your spiritual sense. You can go out and find a big tree to use spiritual sense collision to practice."

"Teacher, what's the meaning of using your spiritual sense to collide with the big tree?"

Qin mengzhen was puzzled. She had never heard of such a cultivation method!

Chapter 8130 No Problem!

"All living things have spirits, and plants are also a kind of life. It's much better for you to attack the tree with your consciousness than to activate it from nothing without a target."

"When your divine sense can affect the tree, then it'll be considered a major achievement!" Lin Yi explained.

"So that's how it is! His teacher was indeed knowledgeable! This disciple will obey!"

Qin mengzhen was still a little confused, but since Lin Yi said it, she trusted him unconditionally.

"En, cultivate well. With your aptitude, you will definitely be able to shake the tree very soon!"

Lin Yi encouraged before turning to MA pijing. "MA pijing, your cultivation direction is to explore your own potential! To put it bluntly, it's to first digest the accumulation in the body!"

"This is the new cultivation technique I've modified for you. Take it and study it. Circulating this cultivation technique will reduce your absorption of external elements. It will mainly guide you to digest the deposits in your body. "

"After you've completed this stage of cultivation, I'll give you a new cultivation technique to help you continue to improve your strength!"

Lin Yi said as he handed MA pijing a thin book.

This was the most suitable technique for MA pijing to consolidate his cultivation at this stage after Lin Yi used his spirit sense to record the entire library of the school.

He'd made a copy of it before leaving the library, preparing to give it to MA pijing.

"Many thanks, teacher!"

MA pijing was secretly delighted. He bowed respectfully and took the book with both hands, then opened it eagerly.

In the pursuit of strength, he was no weaker than anyone else!

When he saw what it was, he was shocked.

This ... This was too exquisite. Before this, he had never felt that the mental cultivation method and martial arts technique he cultivated were any exquisite. They were just ordinary goods.

In fact, MA pijing had once complained that he was not highly valued by the Academy because of his poor aptitude. He was only taught ordinary mental cultivation methods and martial arts techniques.

In this way, the gap between him and the elite students would only get bigger and bigger, and it would be impossible to make up for it.

Even if he had the chance to get a better heart technique in the future, he would not be able to cultivate it anymore.

Firstly, it took more energy and time to change the mental cultivation method. Secondly, the previous mental cultivation method was already deeply rooted, and it would be easy to go crazy if he practiced something else.

But now, with teacher Sima's casual modification, the mental cultivation method was still the original mental cultivation method, and the martial skill was also the original martial skill, but the effect was completely different.

It could be said that this mental cultivation method and martial arts technique were the best in the Academy.

For a moment, MA pijing was so excited that his eyes were filled with tears.

He was very grateful to Gu Fengji for giving him to such a good teacher.

He, MA pijing, could also enter the ranks of the top students from now on.

"Alright, Qin mengzhen and MA pijing, you two can go and cultivate as I said. Tu Gelai, stay behind and continue to listen to my teachings!"

Lin Yi waved them away.

MA pijing was very excited, so he naturally agreed happily and left to cultivate.

But Qin mengzhen was looking at Lin Yi with some resentment.

Yesterday, you still let me give you special treatment, but today, it's changed to slaughtering the tower?

I didn't expect you to be such a teacher. Could it be that I, Qin mengzhen, am no longer the most charming person in my teacher's heart?

Lin Yi didn't know that Qin mengzhen was acting. He frowned at her dilly-dally.

Qin mengzhen was depressed. 'Are you not even willing to tell me when you see me here?' Is there any secret that I can't hear?

But Lin Yi was the boss here, so she had no choice but to turn around and run out.

"Tu Gelao, I asked you to stay here alone because I found some problems with your cultivation. This is your privacy, and it's not convenient to let them know without your permission."

Lin Yi was right-everyone's training was top secret, and they couldn't let anyone know about it-it could become a fatal weakness.

"Many thanks, teacher! Teacher, please point out where your student has gone wrong. "

Tu Gelao lowered his head respectfully.

He had complete faith in Lin Yi-he wouldn't have transferred from his mentor otherwise.

So if Lin Yi said there was a problem with his training, then there was definitely a problem, even if he didn't think it was wrong.

"How about this? take a look at this martial technique first. This is a martial technique that your master has specially made for you!"

Lin Yi took out a thin book-it was something he'd prepared in the library as well."Try cultivating it, then we'll talk about other things!"

Tu gexia responded, bowed, and took the booklet with both hands. He opened it and read it.

However, after only two glances, tu Gelao raised his head in shock.""Teacher, this martial skill ... Doesn't match my attribute ... It's also not modified like the gale rock-crushing slash, so I can't practice it, right?"

"You don't have to worry about anything else, just give it a try!"

Lin Yi didn't explain too much and just told tu Gelao to train.

Tu Gelao replied with an 'Oh' and didn't think too much about it. Since the teacher said to give it a try, then he would give it a try!

The skill wasn't difficult, and its power wasn't that great. Lin Yi was interested in the fact that it was easy to learn, so he only looked at it twice before trying it out.

If it was someone else who asked tu gexia to practice and use this martial technique, even if he didn't throw the book at the person's face, he would still carry resentment in his heart and practice without putting in any effort.

But Lin Yi was a teacher he trusted with all his heart. Even if he thought it was impossible, he would still put all his effort into learning and trying to activate the skill.

After trying a few times, he was able to use this martial technique that was completely different from his. Although he couldn't fully activate it, he was able to use it a little.

"How could this be? I have an earth attribute physique, and this martial skill is of the wind attribute. It hasn't been improved like the storm rock cut, so why do I feel that it can be activated?"

Tu Gelao looked at his palm with a dumbfounded expression.

Although this martial technique felt very difficult to activate, it was indeed in a state where it could be activated, even if it was just a trace!

Normally, he should not have been able to activate a wind attribute martial skill!

"As expected!"

Lin Yi nodded, as if he'd expected it. "If I'm not wrong, you don't have the earth attribute, but the rare special wind attribute!"

"Ah? How was that possible? Hahaha, teacher, you must be mistaken!"

Tu Gelao instinctively smiled and waved his hand, but he couldn't smile anymore.

If he didn't have a wind attribute physique, how could he trigger this pure wind attribute martial skill?

"I ... I can't really have a wind attribute physique, right?"

Tu Gelao's smile froze on his face. He couldn't believe this fact!

Lin Yi replied, his expression unchanged. "I'm 99% sure! You possess the rare wind attribute, but it was destroyed and sealed by someone!"
