

## **Bodyguard 8221**

### Chapter 8221

Lin Yi sighed as he looked at the door.

As expected, you can't use something that isn't your own. If others are happy, you can use it. If they aren't happy, you can take it back at any time.

He should find a way to find a reliable background, and then build his own power, so that he would no longer need to be at the mercy of others!

However, what should he do with this background? Did he really have to rely on his own disciples? That would be too embarrassing!

But then again, since he was his disciple, he was one of them. There was nothing embarrassing about being one of them!

Let's go and ask Qin mengzhen!

Zhang Yiming was arranged to continue collecting information, while Fei daqiang took most of the people back to their original residence.

Lin Yi, on the other hand, had returned to the school all by himself.

As soon as he reached the school gate, he saw Hua Yao rushing out of the school gate. The two of them met face to face, and Hua Yao stopped in his tracks.

"Sima ... There's bad news, I was just about to tell you ..." He said.

Hua Yao's face was dark as he took out a small scroll and handed it to Lin Yi. "This is the order from the martial Alliance. Take a look ..."

Lin Yi already had a bad feeling about this, but he kept his face calm as he opened the scroll.

The scroll was indeed an order from the martial Union. There wasn't much, just that Lin Yi would be stripped of his mentor's status and all his test results would be void.

From the moment the order came into effect, no school was allowed to keep Lin Yi as a teacher, and he couldn't hold any empty positions in the school!

In other words, Lin Yi was no longer a mentor.

As for the honorary Dean position of the Fuyao pill refining school, it had also been stripped away by the continental martial Alliance!

hua yao had no way of objecting to this.

the martial alliance's orders were so direct that even hua yao, the dean, could be replaced at any time, let alone an honorary dean like lin yi!

"dean sima, this matter ... this old man really can't do anything about it ... i'm sorry! i'm really sorry!"

when he said this, hua yao couldn't help but feel a little indignant. he was unconvinced, but it was a pity that he couldn't change the facts!

out of guilt towards lin yi, hua yao actually bowed deeply to lin yi in apology.

lin yi, on the other hand, jumped and quickly reached out to help her up.

"Principal Hua, what are you doing? I'm flattered! What does the martial Alliance's decision have to do with you? I know that your influence on the martial Alliance is limited!"

Lin Yi had thought things through after the shop was closed down.

Therefore, he shook his head and pulled Hua Yao's arm. He smiled and said, ""This matter has nothing to do with principal Hua, so you don't have to apologize to me. However, the influence of the Ouyang

family has exceeded my expectations! You can even interfere with the martial Alliance of the continents!"

Normally, a new mentor like Lin Yi would only be registered in the martial Alliance's records-he wasn't high enough to enter the higher-ups "eyes.

As for the honorary Dean of the Fuyao apothecary school, it was only a title in name. The martial Alliance of the continent wouldn't interfere, and this was something that the Dean could decide with a single word.

But the martial Alliance came out with a very specific order, cutting off Lin Yi's path as a mentor!

Lin Yi wouldn't believe it himself if the Ouyang family wasn't behind this.

From the looks of it, simply killing Ouyang Changqing and Ouyang Changhong would indeed not have any effect.

Since the Ouyang family was already targeting Lin Yi, the death of the two brothers wouldn't stop them from continuing.

"The Ouyang family's influence is indeed great, but it's not enough to affect the main branch of the martial Alliance."

"This order wasn't issued by the main branch of the martial Alliance. It was issued by a patrol dispatched by the martial Alliance to the branch." Hua Yao shook his head and smiled bitterly.

"If it wasn't for this, the martial Alliance wouldn't have reacted so quickly. I heard that this patrol has a good relationship with the Ouyang family. He wouldn't reject the Ouyang family for such a trivial matter."

"Since the martial Alliance is quite far from the naduo branch, the patrol envoy has the power to make decisions on the spot. The orders he issues have the same effect as the main branch of the martial Alliance. He only needs to report back when he returns."

It was also because of this that Hua Yao had no say in Lin Yi's removal of all his duties and qualifications.

The position and power of the patrol envoy of the martial Alliance of the other continents were much higher than that of everyone in the nado conferred Empire!

Lin Yi finally understood why the first hall Master was so biased towards Ouyang Changqing and the others.

It wasn't that the first hall Master trusted them, but that the Ouyang brothers had such a capable family backing them!

It was no wonder that when he said he would punish Ouyang Changhong last time, he ended up with nothing but a suspension.

..."Since the Ouyang family has made a move and invited such a powerful figure to interfere, I'm afraid that they're not prepared to let you continue to survive in the naduo conferred Empire. You have to be careful."

Hua Yao's face was full of worry, genuinely worried for Lin Yi. "Actually, principal Sima, with your abilities, the naduo conferred Empire is still too small for you to display. Perhaps you can use this opportunity to display yourself on a higher stage."

"Originally, this old man wanted to keep a genius like you in the fu Yao apothecary school out of selfishness, but I didn't expect you to be targeted like this! Fine, just spread your wings and fly high! Let those people who look down on you know what kind of genius they are chasing out today!"

Lin Yi listened carefully to the old man's words and smiled as he shook his head. "Principal Hua, you think too highly of me! I'm not as powerful as you say, but it won't be that easy for them to drive me out!"

Just as they were talking, Qin mengzhen ran out with MA pijing and tu gexia. She saw Lin Yi talking to Hua Yao and immediately rushed forward.

"Master, I've received the news that the continental martial Alliance has ordered to strip you of your mentor's qualifications and all your duties in the Academy?"

Qin mengzhen obviously had her own information channels.

Hua Yao had just received the order not too long ago, and he'd come looking for Lin Yi right away-he didn't even have time to spread the news.

On the other hand, Qin mengzhen had only received the news a little later than Hua Yao. It was clear that the power in this little girl's hands was not ordinary!

"There is such a thing! Your master only just found out about it, but you guys came quickly!"

Lin Yi waved the command scroll in his hand, a smile on his face."I wanted to live a few days of peace and comfort, but it seems like there's no hope!"

"Preposterous! How could the continental martial Alliance do such an outrageous thing? Do you really think we're made of mud?"

Qin mengzhen flew into a rage. Her small face was burning with anger."Master, we can't just admit it like this. We must find them and explain it to them! Otherwise, they'll think that we're easy to bully!"

Chapter 8222

"Forget it, what's the point of explaining? Just a moment ago, principal Hua was telling me that the NA duo conferred Empire is only a small pond, and the world outside is vast. With my abilities, I can go anywhere I want. "

Lin Yi smiled faintly,"as the saying goes, birds can fly in the sky, fish can leap in the vast ocean!" Do you want to follow me to explore the world and see the vast world outside?"

"Wherever master goes, we'll follow! This is something we agreed on a long time ago, master doesn't need to ask us anymore!"

Qin mengzhen and the other two made it clear that they would follow Lin Yi no matter where he went, unless he didn't want them to!

"Master, are we just going to leave like this? Wouldn't that be embarrassing? wouldn't it be like you were chased away?"

It was still Qin mengzhen who spoke, and the little girl was very unhappy. She went wherever Lin Yi went, but she just wasn't happy to leave like this!

"What are you saying? if I don't want to leave, who can force me to?"

Lin Yi straightened his back and exuded an air of pride, "The reason I decided to leave is because I feel that the first hall Master of the martial Alliance branch here is not someone who can achieve great things! I'm so disappointed in him!"

"This kind of person, let's not talk about his own abilities. He repeatedly betrays his teammates and shamelessly likes to be a fence-sitter. If we work with him, we'll be the ones who suffer in the end!"

"If we stay here, no matter what we do or what we do, he won't be grateful to us. He will only think that it's a matter of course. And once there's any unfavorable situation, he will immediately betray us without any burden."

"If that's the case, we might as well leave. No matter where we go, we can create a new world! As for Ouyang Changqing and the rest, as well as the Ouyang family behind them, he would naturally return the favor when he had the opportunity in the future. There's no rush now. "

Qin mengzhen groaned and accepted Lin Yi's explanation reluctantly. She continued,"Master, actually, we don't have to leave. These things aren't a big deal. I have the ability to solve them!"

"Even if it's something like changing the first hall Master of the martial Alliance branch, it's definitely not a problem ... It shouldn't be a problem ... There might be some problems!"

Qin mengzhen was full of confidence in the beginning, but she became a little uncertain as she spoke.

After all, changing the first hall Master of a martial union branch would have too many implications. It would also affect the suppression area and various missions that the martial union branch was in charge of. It would be very troublesome.

As the saying goes, pulling one hair will affect the whole body. Qin mengzhen didn't dare to really brag, so she spoke with a responsible tone that carried some uncertainty.

Lin Yi smiled and patted mengzhen's head, not taking her words seriously.

Qin mengzhen pouted and wanted to continue speaking, but she realized that Luo caidie had also arrived at the Fuyao pill refining school.

Seeing Lin Yi, Hua Yu, and the others at the entrance of the school, caidie Luo paused for a moment before coming over to greet them.

After some small talk, caidie turned to Lin Yi, "I heard that the continental martial Alliance is going to revoke your mentor's status and all the positions related to the Academy. Is that true?"

Lin Yi looked at caidie Luo in surprise, "How did you know about it? Could it be that the news has already spread to the entire world?"

"Then it's true?"

Caidie Luo sighed and didn't explain how she knew. She only said to Lin Yi, "Actually, it's not that serious. There's still a possibility of salvaging it ..."

Lin Yi raised an eyebrow. Even Hua Yao said there was nothing he could do, and caidie said there was still hope?

What was going on?

Caidie Luo looked at Lin Yi and hesitated for a while before continuing, "Sima Yi, perhaps the fu Yao apothecary school has no other choice. After all, the person who gave the order also wants to save face. They can't change their orders overnight and let you continue to stay here."

"If there's really no other way ... I'll think of a way to get you to teach at another Academy. It might not be as good as the Alliance Academy or the fu Yao pill refining Academy, but it won't be too inferior ..."

Lin Yi didn't say anything, but Qin mengzhen didn't want to. "What are you saying, you old woman! My master doesn't need your help! With your little connections, where can you go? Hurry up and go back to wash up and sleep. I'll be the one to think of a solution, there's no need for an old woman like you to meddle in this!"

"Bah! Why did children interrupt when adults were talking? You're just a little girl, who are you to make decisions for your master? I'm talking to your master, so hurry up and stand aside, don't get in the way!"

Luo caidie exploded on the spot. No matter what, she was one of the beautiful teachers of the Alliance Institute. She had always been synonymous with youth and beauty. In the end, she was called an old woman by Qin mengzhen. It would be strange if she didn't explode!

No matter how good-tempered a beauty was, the word "old lady" was taboo!

"Don't think that you're all that just because you're a Princess. That's because I don't want to contact my family. Otherwise, forget about being transferred to another Academy, even if the martial Alliance were to withdraw that boring order and let Sima Yi continue to stay in the Fuyao Alchemy Academy or even return to the Alliance Academy, there's still a chance!"

"Hehe ... You don't even need a draft to brag! If I'm willing, what can't I do? He could even let his master become the principal of the Fuyao pill refining school or the Alliance establishment school! It's just an instructor, who cares?"

Qin mengzhen didn't back down and argued with Luo caidie, ""If it wasn't for master's unwillingness, would an old woman like you need to be so hypocritical? I'm telling you, a melon that is forcefully twisted is not sweet! I will follow master's decision unconditionally!"

Lin Yi and Hua Yao, on the other hand, didn't know what to say ...

"Alright, stop quarreling! You guys still have the mood to quarrel at this time!"

Lin Yi quickly stepped in to ease the tension, "I know you're doing this for my own good, but I've already made my decision. You two don't have to worry about it!"

"Sima Yi, do you also think that I'm being nosy? I really do care about you, otherwise I wouldn't have used my connections in this area!"

luo caidie felt a little wronged in her heart. these words were right. if this happened to her, she might not have used these connections in her hands.

it was also because of lin yi that she came over to help without hesitation, taking care of lin yi's feelings and using what she thought was the most tactful way to say it, afraid of agitating him.

and the result? it was just that qin mengzhen had called her an old lady who was a busybody.

"how could this be? of course you're not a busybody! we're comrades who have gone through thick and thin together. i can't thank you enough, but you really don't have to step in for this matter. i know what i'm doing!"

"see, master doesn't even need an old lady like you ..."

Qin mengzhen wanted to show off, but Lin Yi glared at her!

What a troublesome little girl!

Chapter 8223

Just as he was in a terrible fix, another person ran over from afar.

Lin Yi took a look and saw that it was a guy from the central Chamber of Commerce. He had some impression of him, but didn't know his name.

"Mr. Sima, our Lord would like to invite Mr. Sima to the house for a chat! Please take the time to come!"

The shop assistant ran up to Lin Yi and greeted him with a bow."If it's convenient for Mister, can you follow this little one now?"

His tone was very polite and his attitude was very humble. He probably knew about Lin Yi's close relationship with Ling lingfa, so he didn't dare to offend Lin Yi.

Lin Yi was still troubled-he didn't know why Ling lingfa was looking for him, but since she sent someone from the central Chamber of Commerce, it couldn't be anything urgent-it was probably something related to the central.

Lin Yi didn't have the time to deal with the Center's stuff-he waved his hand impatiently."I don't have time. I'm busy here. Go back and tell your family that I'll look for him when I have time!"

If he really was going to leave the naduo conferred Empire, he'd have to see Ling lingfa, but he hadn't decided when yet, so there was no rush.

The worker looked troubled, but he didn't want to force Lin Yi. He nodded after some hesitation and ran back to his room.

In the blink of an eye, Ling lingfa came over himself, and it seemed like he was just nearby. He had sent people to invite Lin Yi, but Lin Yi wouldn't budge, so he had to come himself.

"Sima Yi, you're really putting on airs! I can't even invite you now! Do you think it's appropriate to treat me like this?"

Ling lingfa didn't care about the others and started talking to Lin Yi,"When you came to me for a matter, did I make all sorts of excuses like you? Tell me, do you feel bad for treating me like this?"

Lin Yi thought about it seriously before nodding. "I'm so sorry!"

Ling lingfa's mouth twitched. He thought to himself, "there's no way I can continue chatting like this!"

"Alright, alright, cut the crap. If you have something to say, say it. I'm busy here!"

Lin Yi waved his hand casually, not in the mood for nonsense.

"you're ruthless! come with me, i need your help with something. don't refuse, i've never refused you when you asked for my help!"

it seemed like ling lingfa really did have something to discuss with lin yi. if it was before, he wouldn't have used the excuse of a favor.

lin yi blinked and nodded. "alright, then i'll go with you! but what's the matter? why are you so mysterious?"

"You'll know when you follow me! Let's hurry up and leave!"

Ling lingfa didn't bother explaining, only urging Lin Yi to follow him.

And so, Lin Yi, Hua Yao, Luo caidie, and the three disciples quickly gave some instructions and left with Ling lingfa.

Lin Yi only asked after they reached the central Chamber of Commerce, "Now, can you tell me why you've asked me to come here in such a hurry?"

"I don't need to say it, you can see for yourself! follow me, this way!"

ling lingfa still didn't point it out and sent the worker away. he continued to bring lin yi into the inner area of the chamber of commerce and into a secret room.

the secret room needed to go through many traps, and it wasn't open to the public easily. there must be something going on for lin yi to come in this time.

however, after entering the secret room, lin yi paused!

that was because there was someone in the secret chamber!

and this person was not in a serious state, but his four limbs were locked up by a specially made thick chain!

this person didn't react at all to lin yi and ling lingfa's entry.

It wasn't that they didn't move-they just didn't react, or perhaps they were ignoring Lin Yi and Ling lingfa!

The man seemed to be immersed in his own world, shaking his body crazily. If it wasn't for the fact that his limbs were tied up and couldn't touch his body, he might have torn his body apart!

"What's going on? Did you ask me to come here to treat him? What's his illness?"

Lin Yi didn't know what was going on-did Ling lingfa really think he was a doctor? It didn't seem impossible!

"It's not a simple treatment. It's not because he's sick!"

Ling lingfa shook his head, signaling for Lin Yi to look at it carefully. "With your eyesight, you should be able to see what's wrong, right?"

Lin Yi used his spirit sense to scan the area and immediately understood. "So that's how it is. Was it possessed by someone? Or rather, it's more appropriate to call it possession!"

Possession was to completely take control of the body, and the original primordial spirit would be devoured and annihilated.

Although possessing a body would also occupy a certain initiative, the original primordial spirit and consciousness could still maintain relative independence.

Although the two were similar, they were not the same.

"As expected of you, Lin Yi! He immediately saw the problem!"

Ling lingfa gave Lin Yi a thumbs up, not surprised at all. He was sure that Lin Yi had the ability to do so. "We've used our equipment to check for a long time before we found some clues. It's far from as fast and effective as your arrival!"

"Now that you've seen it, do you have the confidence to cure him? What do you need, how do you want us to cooperate, just tell me, I will do my best to cooperate!"

Ling lingfa seemed to take this person seriously. ""You're confident that you can cure him, right? If you can 't, then no one on this sub-Island can save him!"

"You can't save him? That shouldn't be the case!"

Lin Yi looked at Ling lingfa suspiciously. "Why didn't you use the laser weapon that targeted the primordial spirit? It seems to be the right medicine!"

"Do I need you to remind me? It was just that this guy's original primordial spirit was too weak, and after being possessed, the two sides fought for control of the body, so the primordial spirit was naturally even weaker! Once he uses it, he probably won't be able to hold on and will die directly!"

Lin Yi understood immediately-the laser weapon was indeed overbearing. It didn't distinguish between the spirit and the possessed one.

That kind of simple and brutal attack would only wipe out the primordial spirit in this body, turning them into nothingness together. There would no longer be any need to distinguish between each other and fight for control.

"I understand! Speaking of which, you went to such great lengths to find me to save him. Who is he? Is it important?"

Lin Yi looked at the person's face again. He didn't remember seeing him before.

This person's body cultivation level was not too high, and the guy who had seized the body was obviously trash as well. He could not even deal with such a trash.

"He is a very important researcher here. There are some things that only he can do. So if you can save him, please help!"

Ling lingfa hesitated for a moment, but he decided to tell the truth. ""The research project he's working on is very important to me. I owe you a favor for saving him. Just take it as you've returned the favor I've done for you before, and we'll write it off. How about it?"

## Chapter 8224

"ha ... you've really calculated well. such an important person and important matter, and you have the nerve to say that you'll write off the previous favor with me?"

lin yi chuckled, not planning to ask for too much. he teased ling lingfa, ""you tell me, isn't this a little too cheap?"

ling lingfa gave it some serious thought and actually nodded in agreement. ""you're right, the favor from last time is indeed not enough to offset it. how about this, if you have any other requests, just tell me. as long as it's within my means, i will definitely not refuse! if you don't have anything else to do for the time being, i'll forget about the favor from last time. this time, i'll owe you another favor. "

"you're really a forthright person!"

lin yi didn't plan on asking for anything at first-it was just a favor he'd ask for in passing, after all-but since ling lingfa said so, there was one thing he could ask for."how about this? i don't want anything else, but after this, i want to borrow the name of your center."

"what do you mean? using central's name?"

ling lingfa frowned and asked, ""what do you want to do?"

borrowing the name of central wasn't a big deal, but it still had to be used for something.

if they used central's name to do some very serious damage, then central's painstaking efforts on the sub-island were likely to be destroyed.

Ling lingfa didn't want to be the scapegoat, so he had to get to the bottom of Lin Yi's plans.

"It's nothing big. I just want to use your Center's name to open a Medical Center and a pill shop to accommodate those who are following me."

Lin Yi shrugged and said casually, "You should be very clear about what has happened recently. You should also know that even if I'm leaving the NA duo conferred Empire, I'll make sure to properly take care of the people who are following me."

"After the previous incident, I've finally understood. If you don't have a strong background here, you can be messed with at any time. Your central seems to have quite a reputation here. It's not too much to borrow your Central's name, right?"

"Of course, you'll only be borrowing Central's name. The two sides don't belong to each other. However, when there's trouble, central will come out to protect your face!"

That's right, they were protecting Central's face, not Lin Yi's Medical Center.

After all, with the central sign, being humiliated would be a slap in the face.

Ling lingfa's mouth twitched. There was nothing wrong with what he said, but it sounded a little awkward ... Forget it, it was just a small detail. There was no need to pay too much attention to it!

"If you just want to open a Medical Center and a pill shop, of course it's not a problem. In the future, you'll be under the name of our central Chamber of Commerce, and I don't think anyone would be stupid enough to find trouble with you!"

Ling lingfa nodded confidently and agreed to Lin Yi's request, ""Do you have any other ideas? Well ... I was just asking out of politeness, you don't have to really think about ..."

Lin Yi smiled-Ling lingfa saw that he'd fallen into deep thought, so he changed his mind immediately. Would it kill him to give this B \* stard more benefits? It was Central's fault anyway!

But never mind, Lin Yi wasn't greedy. It was already good enough that he could set up the clinic and the pill shop, settle down the people who followed him, and let Central Act as a shield!

One could not be too greedy!

"Look at how petty you are ... Forget it, let's leave it at that! I'll start helping him now!"

Lin Yi was very confident-an essence spirit that even a noob couldn't take down had to be extremely weak, so it couldn't be any easier to take him down!

"Then I'll leave it to you. You can do whatever you want. At the very least, it's fine as long as you can keep his primordial spirit from being destroyed. It doesn't matter even if his physical body is destroyed!"

What Ling lingfa cared about was the scientific results in this person's brain. If the body was destroyed, so be it. The center had the cloning technology anyway, so it would not be a problem to make an identical body.

It was just that the cloned body didn't have the same results of cultivation as before, and its talent couldn't be compared to Lin Yi's reconstructed body.

Ling lingfa didn't care about that at all. He was a researcher anyway, so it was fine as long as his physical fitness was good enough!

"Don't worry, it's not that troublesome, and it won't damage his body. He'll be the same as before!"

Lin Yi smiled and raised his hand, waving at the chained researcher as he activated his hand.

The primordial spirit that was trying to possess the body was nervously trying to do so. In the end, it was immediately pulled out by the soul-snatching hand.

However, his reaction was also extremely fast. Taking advantage of the opportunity when he was entangled with the researcher's primordial spirit, he pulled out the man's primordial spirit as well.

The two primordial spirits flashed and disappeared, directly entering the Jade space.

The primordial spirit that was trying to take over the body had yet to figure out its situation and began to clamor.

"I don't care who you are, but if you want to stop me from taking over this body, dream on! At most, we'll just go our separate ways. Do you believe that I'll kill off this noob's primordial spirit first? Even if you wanted to stop it, you wouldn't be able to! If it wasn't for the fact that I wanted to perfectly possess him, this noob's origin soul would have been crushed by me!"

This guy didn't even know who Lin Yi was and started threatening him, even using the researcher's soul as a bargaining chip.

Unfortunately, they were in the Jade space, and the Starlight Magus was overjoyed even before Lin Yi said anything!

He had always been at the bottom of the food chain in the Jade space, and he didn't dare to complain about being bullied all day.

It wasn't easy!

It seemed that with the addition of a newcomer who didn't know what was good for him, his status would definitely rise a lot in the future!

"Woof! Where did this stupid thing come from, to actually dare to talk big here! Are you looking for a beating? Then I'll fulfill your wish!"

The great Starlight wizard did not dare to delay. What if someone else ... Or a ghost got there first?

Therefore, as he shouted, he had already rushed forward.

As for the primordial spirit that was being held hostage, the Starlight Magus didn't care. What did it have to do with him?

after a round of beating, the primordial spirit that wanted to take over the body didn't even have time to react before it was pressed to the ground!

the starlight great wizard was so happy!

after being beaten up for so long, it was finally time for the overturned serfs to sing!

jiuying and the others didn't stop him. it seemed like he was really going to be promoted!

just thinking about it made her feel so happy that she sped up the pace of her attacks, taking back all the beating she had suffered earlier with interest!

"enough, enough, if we continue fighting, this guy's body and soul will be destroyed!"

the scene was so brutal that even lin yi couldn't stand it anymore. he opened his mouth to stop it, and the guy who wanted to take over the body was saved.

however, he was lying on the ground with a dumbfounded expression. his eyes were empty and listless, as if he was no different from dead.

Chapter 8225

Lin Yi guessed that the guy was probably thinking about the philosophy of "three in a row." Who am I? Where am I? What was he doing?

Speaking of which, it was quite pitiful. This guy only wanted to possess a weak researcher. In the end, not only did he not succeed, but he was also suddenly pulled into this strange space.

There were still several primordial spirits that were inexplicably powerful in this inexplicable space. Just one of them was enough to torture him to death!

What the hell was going on?

"Alright, I'll leave this guy to you guys. I'll be off!"

"Let's go," Lin Yi said, pulling the soul out of the Jade space and back into his body.

The entire process was only a split second to the outside world, and Ling lingfa didn't even notice anything unusual about Lin Yi.

"Alright, I've dealt with the guy who wanted to possess me. This person has returned to normal!"

Lin Yi dusted his hands, looking like he was done with work. "If there's nothing else, I'll take my leave!"

"Wait a moment! It's over?"

Ling lingfa was dumbfounded. Just a wave of the hand? He had said it so seriously just now, and he thought it would be difficult!

"We're done! You see, he's about to wake up. If you have any questions, you can ask him!"

Lin Yi raised his chin to signal-the researcher had calmed down, no longer the crazed person he was before. He looked weak, but his eyes were clear. He was back to normal.

Ling lingfa stared into his eyes and asked, ""What does Hong Ke's 23rd year mean?"

"Hong Ke, Jiazi 23 is the project number of the spirit God Project. Why are you asking this, director gray robe?"

The man answered subconsciously. He seemed to be in a daze, so he didn't pay much attention to his situation. "My head hurts ... I feel like I just had a nightmare. Mr. Gray robe, what happened?"

"Don't worry, this is just a small aftereffect of the primordial spirit fighting for control of the body. It will be fine soon!"

Lin Yi explained casually, "Ling lingfa, can you confirm that it's him?"

"Yes, it's him!"

Ling lingfa's expression relaxed a lot as he turned to Lin Yi with a smile. "You really do have a way to easily do something that makes things difficult for me. I have to thank you for this!"

"You're welcome, you're welcome. It's just a deal, not worth your thanks! Alright, if there's nothing else, I'll take my leave first. I'm still busy over there!"

Lin Yi waved his hand and walked out of the room. "Remember what you promised me. I'll be counting on you in the future!"

"Of course. You've helped me do it so beautifully, so I'll definitely return the favor! Wait a moment, I'll give you a ride, and I'll also write you a document to prove your identity!"

Ling lingfa unlocked the chains and put the researcher down. He comforted him, ""Take a rest first. I'll send someone off and make arrangements for you later!"

"Yes, thank you for your concern, gray-robed!"

The researcher thanked him gratefully.

Lin Yi had already left the secret room, and Ling lingfa was still talking. He turned around and urged, ""Didn't you want to send me off? Hurry up!"

"Coming, coming!"

Ling Ling took two steps forward and walked side by side with Lin Yi, leading him to his office.

Ling lingfa then used the name of the central Chamber of Commerce to present a few documents to Lin Yi.

From now on, Lin Yi could openly use the name of the central Chamber of Commerce to build a Medical Center and a pill shop. If anyone wanted to cause trouble, the central Chamber of Commerce would be there as a shield!

Lin Yi and Ling lingfa were both very satisfied-this trade was a win-win situation for both parties!

Hua Yao wasn't at the school gate anymore when Lin Yi returned. Qin mengzhen and the other two had packed their things and were waiting for Lin Yi at the gate. Caidie was with them as well.

However, Luo caidie and Qin mengzhen still didn't see eye to eye with each other. The two beauties stared at each other, neither willing to show weakness.

MA pijing and tu gexia hid far away. They couldn't interfere in the fight between these two women, and they didn't dare to interfere. They were most afraid of being caught in the crossfire, so it was better to avoid them!

MA pijing and tu Gelao let out a breath of relief when they saw Lin Yi. They quickly went up and bowed.

"Master, we've already packed our things and can leave at any time! Principal Hua had something to deal with, so she went back inside first. She left a message saying that if master came back, she asked us to apologize on his behalf. This time, he was very ashamed for not being able to help!"

MA pijing's mouth was sharp, and he said a lot.

When he finished speaking, Luo caidie and Qin mengzhen had just walked over.

"Principal Hua is still blaming herself! But this time, it really has nothing to do with him. I've never blamed him!"

Lin Yi sighed softly. They were both Deans, and Hua Yao had done his best to help Lin Yi. The Dean of the Alliance College, on the other hand, was nothing!

"Master, where are we going next? Should he directly start to trace the horizon? Or do you want to go back and take everyone with you?"

In fact, Qin mengzhen still had a little anticipation in her heart. Compared to the school life, it seemed more interesting to follow her master and wander the world!

The most important thing was that if he left here, he wouldn't be able to see this old woman, Luo caidie. Just thinking about it made him very happy!

"We won't leave for now. Let's return to our residence first!"

Lin Yi waved his hand and smiled, "I have a new identity now, I can stay here!" Those brothers don't have to leave their homes and follow me. I can also settle the score with brother Ouyang!"

"After we settle our accounts and our brothers have settled down, we'll set off to other places! You three don't have any objections, do you?"

"Of course not. I've already said that we'll be wherever master is. The important thing is to be by master's side, not where we're going!"

MA pijing rushed to answer, his face full of smiles.

Clearly, he preferred to stay within the nado conferred Empire's capital in peace, as compared to roaming the world.

This was the exact opposite of Qin mengzhen. However, Qin mengzhen didn't care too much. It didn't matter if she left or not. It was fine as long as she could follow her master. It was just that it was a great regret to have to face this old woman, Luo caidie!

To think that he was so happy just now, but it turned out that he was happy for nothing!

Luo caidie was a little speechless. After they finished, she interrupted, ""Sima Yi, how is it that every time you go out for a walk, you get a new identity? What's your identity this time?"

"Heh ... Didn't we go to the central Chamber of Commerce just now? I don't need to tell you. You should be able to guess that it's related to the central Chamber of Commerce!"

Lin Yi shrugged, not keeping him in suspense at all. "From now on, I, Sima Yi, will be the Honorary President of the naduo conferred Empire's central Chamber of Commerce!"

Chapter 8226

Ling lingfa couldn't give Lin Yi a position with real power in central. After all, central and Lin Yi were enemies, not friends. If he really did anything, he wouldn't be able to explain it to them in the future.

However, the Honorary President of the central Chamber of Commerce in the imperial capital didn't matter.

The central Chamber of Commerce was only one of the subordinate departments of the central Chamber of Commerce, and the central Chamber of Commerce in the imperial capital was only a branch.

Lin Yi was the Honorary President, but he didn't have any real power. He couldn't interfere with the central Chamber of Commerce's business. It was just nice to hear!

With such a noble status, it didn't affect the central Chamber of Commerce in any way, and Lin Yi could use the name of the Chamber of Commerce to open a clinic and a pill shop. Both sides were satisfied!

"Oh ho! Amazing! He actually became the Honorary President of the central Chamber of Commerce. This is even more impressive than the Honorary President of the Fuyao apothecary school. He's quite amazing!"

Luo caidie wasn't someone who didn't know anything, and she knew how powerful the central Chamber of Commerce was. She was shocked by Lin Yi's new identity, "Sima Yi, just Who are you? How did you become the Honorary President of the central Chamber of Commerce in the blink of an eye?"

"You still don't know my background? I'm a savage! Speaking of which, I was just lucky. An important person in the central Chamber of Commerce has contracted a rare and strange disease. Their people are all helpless. They know that my medical skills are outstanding, so they came to me for help. "

Lin Yi was pretty much telling the truth-he'd modified it a little, but it wasn't too far off. "I've worked with them before. This time, I cured that important person. As a token of gratitude, they let me be the Honorary President."

"Amazing, amazing! To be able to become the Honorary President of the central Chamber of Commerce so easily, Sima Yi, you're not an ordinary person!"

Luo caidie sighed again, and then her big eyes curved into crescent moons again. She smiled and said, "Great! Now that you've become the Honorary President of the central Chamber of Commerce, the martial Alliance can't do anything to you! Are you going to get back at them?"

"There's no hurry. I've already talked to the people from the central Chamber of Commerce. We'll build a Medical Center and a pill shop in their name. We'll talk about other things after we've settled all the brothers who followed me!"

lin yi didn't hide his plan from them since they'd know about it soon."the medical center and the pill shop are nominally under the central chamber of commerce, but the actual management, financial affairs, and so on have nothing to do with the central chamber of commerce. we still have to do it ourselves."

"as for the venue, we already have it. the central chamber of commerce has many shops in prime locations in the imperial capital. since i, the honorary president, needed it, i naturally bought it easily at the cost price!"

"in the future, we don't have to worry about our medical centers and pill shops being taken away again and again! after the purchase, that place will be our own. whoever dares to take over the house will be killed immediately!"

lin yi hated the fact that his clinic and houses were taken away by the martial union branch twice in a row, and so he made up his mind to buy his own property this time!

the central chamber of commerce happened to have these resources, and ling lingfa was willing to do lin yi a favor.

As a result, Lin Yi bought a large area of houses and shops in the capital's Golden area, which was even bigger than the martial union branch's Medical Center.

It was more than enough to set up a combat Association, let alone a Medical Center and a pill shop!

"That's great! When do you plan to open? Those places should need to be cleaned up and repaired, right? At least ten to twenty days, right?"

Caidie asked, wondering if she should prepare a gift to congratulate Lin Yi.

In the past, the medical center, the second alchemy Department, and the second combat Department were all under the jurisdiction of the martial Alliance's branch.

He had the central Chamber of Commerce's name, but all of these assets and manpower were all Lin Yi's!

The meaning was completely different. He definitely had to go and congratulate her!

"We don't need so many days. We'll just pack up a little tomorrow and the day after tomorrow. The earliest we can open for business is the day after tomorrow!"

Lin Yi wasn't really interested in the refurbishments. "The location over there is very good, so the original renovation should be fine. Even if the layout is a little unsuitable, it's not a big problem."

"I'll make do with it for now. When I have free time in the future, it won't be too late to find time to gradually renovate it! Right now, we need to put up the sign as soon as possible and let the nado conferred Empire know that we've never been afraid of being defamed!"

"So fast? Is there anything I can help you with?"

Luo caidie suddenly had a sense of urgency. She had to prepare the congratulatory gift at the opening. Now, time was a little tight!

"It's fine. I'm just cleaning up. I have enough people to do this rough work, so you don't have to worry about it!"

Lin Yi declined with a wave of his hand, "I'm going to make some preparations. You can go back first. When it opens, I'll invite you to attend the ceremony!"

"Alright! Then I'll wait for you to send the invitation!"

Caidie Luo was in a rush to prepare the gifts, so she waved goodbye to Lin Yi and went back to the school on her own.

"Qin mengzhen, go back to our original house and look for Fei daqiang. Tell him to bring some people to this address to clean up the house!"

"MA pijing, go and find a shop that makes plaques. Tell them to hurry up and make our plaques. We need them by the day after tomorrow at the latest. Don't delay it. It doesn't matter if we spend more money, but we must make it well!"

"Tu giexia, go find a printing shop and make a batch of flyers according to the contents on it. Then, find someone to help distribute them. We must let at least half of the people in the capital know that our medical centers and pill shops are opening the day after tomorrow!"

Lin Yi gave them their tasks one by one and gave them three pieces of paper with different contents. Qin mengzhen and the others glanced at the contents on the paper and quickly went to work.

The three people's movements were very fast. When Fei daqiang brought people to clean up, the new plaque had already been prepared to be made, and the first batch of flyers that tu Gelao was responsible for had also begun to enter every corner of the imperial capital.

Early the next morning, when Ouyang Changqing and Ouyang Changhong were having breakfast, there was a flyer for slaughtering gatesha on the table.

The content of the flyer was very simple. It said that the original martial Alliance branch Medical Center, as well as the disbanded alchemy Department and combat Department would change their identities. After leaving the martial Alliance branch, they would establish their own Medical Center and pill shop.

When will it open? please show your support and so on. Anyone who can come will receive beautiful gifts!

The flyer mentioned the origin and the composition of the medical center and pill shop, but it didn't mention that they had to hang the sign of the central Chamber of Commerce ...

After all, Lin Yi only wanted to use the name when they were in trouble, there was no need to promote central.

"Big brother, this Sima Yi is quite a troublemaker. He still hasn't given up. He wants to set up his own Medical Center and pill shop after leaving the martial union branch. I wonder who gave him the confidence!"

Ouyang Changhong laughed and said while eating breakfast, ""They're opening tomorrow, right? let them close tomorrow too. It'll save us a lot of energy if we can settle it in one day!"

## Chapter 8227 Closing After Opening

Ling lingfa couldn't give Lin Yi a position with real power in central. After all, central and Lin Yi were enemies, not friends. If he really did anything, he wouldn't be able to explain it to them in the future.

Ouyang Changhong laughed and said while eating breakfast, ""They're opening tomorrow, right? let them close tomorrow too. It'll save us a lot of energy if we can settle it in one day!"

Chapter 8228 Jumped Out

"Hehe, Sima Yi probably knows that he won't be able to do it for long, so he wants to make it big. Who knows, he might be able to get a big haul! Look at him, he didn't make any preparations at all. He just said that he wanted to open for business. That place was probably rented for a short time, right? It doesn't even have the basic decorations. If you want to deceive people, you don't even have to spend any money. How can you deceive people?"

Ouyang Changqing laughed with disdain. "Tomorrow, we'll expose their true colors and teach him a lesson! We'll let him know that he'll have to kneel down and beg for mercy if he still wants to survive in the capital after offending us brothers!"

"Hahahaha, big brother is right! Make him kneel and beg for mercy! Then, we'll humiliate him and reject him! Hahahaha!"

Ouyang Changhong laughed out loud as if he could already see Lin Yi kneeling on the ground and wagging his tail.

"I'll report this to the first hall Master and get him to give the order to deal with Lin Yi! With such a shield and scapegoat, we still have to make use of him!"

Ouyang Chang Qing chuckled. "As the saying goes, if you don't have a proper reputation, you won't be able to speak properly. With the first hall Master speaking, we have a good reason to suppress Sima Yi!"

"Big brother is so considerate, I'm impressed ..."

The two of them made up their minds. They quickly finished their food and went to find the hall Master with the Flyers.

As soon as they met, Ouyang Changqing handed over a leaflet with a serious face. "First hall Master, this is the flyer for Sima Yi's intention to establish a Medical Hall and a pill shop! This person is simply too arrogant. He doesn't even put the martial Alliance's branch in his eyes!"

"You're bringing the people of our martial union branch out and setting up a new branch. This is an insult to our martial union branch. Hall Master, please give the order to completely ban Sima Yi and the others' qualifications to set up a Medical Hall and a pill shop!"

The first hall Master looked at the Flyers expressionlessly and threw them on the coffee table. He said indifferently, "The martial Alliance's branch can't control whether ordinary people open medical halls and pill shops. They can't ban their qualifications!"

"However, what you said makes sense. Sima Yi's subordinates were originally the elites of our martial union branch. This move is really too much! How about this, tomorrow you bring some people over to take a look, and act according to the situation!"

The first hall Master didn't make it clear that they had to do something to Lin Yi-he only said that they had to play by ear, and that was very much in line with his personality.

Ouyang Changqing immediately understood. The so-called "act according to the situation" meant that he was looking for an opportunity to cause trouble!

The first hall Master was clearly unhappy with Lin Yi as well, even though he'd always let Lin Yi down, and Lin Yi had never let him down.

But it was also because of this that the first hall Master felt guilty towards Lin Yi, and in order to get rid of this guilt, he had to beat Lin Yi down to the ground ...

This kind of slightly twisted thought was a unique emotion of an extremely selfish person like the first hall Master.

Before, Lin Yi could be considered to have established his own sect, but he used martial Union's territory. In name, it was still alchemy Division 2, so the first hall Master could interfere with the seizure.

After all, she didn't give that place to Lin Yi, so it was normal for her to ask for it back.

But now, there was a name that was not justified.

Ouyang Changqing had a good grasp of the first hall master's personality and immediately bowed respectfully. "As you command! I'll definitely act according to the situation. I won't let those traitors have the chance to humiliate the martial Alliance branch!"

"Mm ... Go!"

The first hall Master nodded slightly and waved his hand to signal the Ouyang brothers to leave.

He wouldn't ask how things would develop in the future. He only needed a satisfactory result!

On the opening day of Lin Yi's Medical Center and pill shop, many ordinary people came to take advantage of the Flyers.

It was already a bustling area, and now it was even more crowded.

In front of the shop that was decorated in red, Fei daqiang followed the opening rules of the secular world and made a large string of firecrackers. They crackled for a long time, and the ground was really red.

A new plaque had been hung above the lintel, but the surface was covered with red silk, and it had not been officially revealed.

Lin Yi stood under the sign, waiting for the smoke to disperse before making a circle with a smile on his face.

"My fellow villagers and neighbors, today is the opening day of my store. It is divided into two parts, the medical Hall and the pill shop. They all enter from the same door, so please don't go the wrong way!"

Low laughter came from all around, giving Lin Yi some face, "I'm Sima Yi, I'm sure everyone has heard of me. That's right, I'm the legendary mastermind behind the recent poison pill incident!"

"I don't want to say anything more about the poison pill incident. I believe that everyone's eyes are clear. We all know what exactly happened!"

"Some people with power and money think that they can cover up the truth by bribing others, but they don't know that it's impossible to stop people from talking! Since everyone is here today, they should know what the poison pill incident is about!"

Lin Yi didn't want to talk about this at first, but he'd noticed that Ouyang Changqing and Ouyang Changhong had brought quite a few people with them in the crowd with his spirit sense. He'd said this on purpose, thinking that the two brothers wouldn't be able to take it if they heard it!

As expected, Ouyang Changhong was the first to jump out, pointing at Lin Yi. "Sima Yi, you black-hearted bastard, don't you know what you've done? But now, he was pointing at the Mulberry and scolding the locust, thinking that he could confuse the public? I'm telling you, stop dreaming!"

"The poison pill incident was caused by you. Now you want to clear your name, can you? "If it wasn't for your problem, why would the first hall Master expel you from the martial Alliance branch? How could the martial Alliance strip you of your mentor's qualifications and remove you from all your positions in the Academy?"

Ouyang Changhong tried to use the facts to attack Lin Yi.

The commoners didn't know much, and they'd start suspecting that there really was something wrong with Lin Yi after hearing so many people targeting him!

"Why did this happen?" Lin Yi laughed coldly, "do you need me to explain?" Not only can you threaten the victims of the lure poison pill incident, but you can also influence the martial Alliance's decision. You're really powerful!"

"If it's really as you say, that I, Sima Yi, am the mastermind behind the poison pill incident, how could so many battle generals, alchemists, and doctors from the martial Alliance branch leave the martial alliance with me? Was everyone blind? "That's because everyone has seen through the fact that you're in control of the martial Alliance branch, and that it's already rotten to the core!"

"I left to express my disappointment at this rotten martial Alliance branch! Even after leaving the martial union branch, we still don't dare to forget our mission. Thus, we've set up new medical houses and pill shops to serve the masses. Those battle generals are also continuing to work hard in their cultivation so that they can continue to fight against the invasion of the darkness demon beasts in the future!"

Lin Yi's words touched many of the audience, and the scales in their hearts tilted towards Lin Yi's side.

Ouyang Changqing was secretly angry and felt that Ouyang Changhong was looking for trouble. It was of no benefit to them to talk about the poison pill now!

The previous operation was to cover up the truth of the matter, but now that they were arguing in public, regardless of whether it was reasonable or not, it was still trouble, Yingluo, not to mention that they really didn't care!

Chapter 8229 Ruthlessly Smashing

Ouyang Changqing was secretly angry and felt that Ouyang Changhong was looking for trouble. It was of no benefit to them to talk about the poison pill incident now!

The previous operation was to cover up the truth of the matter, but now that they were arguing in public, regardless of whether it was reasonable or not, it was still trouble, Yingluo, not to mention that they really didn't care!

"Enough! Chang Hong, you can leave!"

Ouyang Changqing saw that Lin Yi was getting more and more excited, and interrupted him with a dark face as he scolded Ouyang Changhong. "Sima Yi, we are not here to reason with you today! I'm here to inform you! Your subordinates' names are still in the martial Alliance's branch. Even if they want to leave, it's not as if they'll be finished!"

"In theory, without our martial Alliance's approval, they're still members of the martial Alliance's branch. They don't have the right to follow you out and establish their own sect! That's why your clinic and pill shop are illegal! I'm here on the orders of the head Hall Master to suppress you!"

The first hall Master only told him to act according to the situation, but in the end, it directly became an order for him to cause trouble!

"That's right! We're here on orders, and we're representing the martial Alliance's branch! Unrelated people, quickly retreat!"

Ouyang Changhong arrogantly waved his hand, signaling for his subordinates to drive the people away. Then, he rushed over and smashed them!

Lin Yi smiled coldly. He didn't stop them, and just watched the Ouyang brothers walk around like they were some Big Shot. He even stopped his own people from coming out.

"Hahahaha, Sima Yi, you're finally afraid, right? Brothers, smash it!"

Ouyang Changhong laughed complacently, raising his head and nostrils to the sky in an extremely arrogant manner.

Fei daqiang looked down on such arrogant people the most and said indignantly, "Boss, why should we be afraid of them? Fight them! These pieces of trash are no match for us!"

Lin Yi raised his hand and placed it on Fei daqiang's shoulder as he smiled, "Don't move, let him smash!"

Fei daqiang paused, but he didn't argue with Lin Yi's decision. He continued to glare at Ouyang Changhong and the others.

Seeing that he was almost done, Lin Yi picked his ear with his pinky and smiled, "You're really bold to smash this! I'm impressed! I've seen people who aren't afraid of death, but I've never seen people like you who aren't afraid of death and are still rushing to court death!"

"Hehehe, Sima Yi, what are you bluffing for! We all know each other! What can you do to this broken place? Bite me!"

Ouyang Changhong slanted his eyes and had a mocking expression. "You're only left with a mouth, you're a dead duck with a stubborn mouth! I'm telling you, don't even think about opening a Medical Center or a pill shop. Every time you open one, this young master will bring people to smash it. If you have the ability, try resisting!"

Looking up at the plaque covered in red silk, Ouyang Changhong pointed at his two subordinates. "What's the use of that? Smash them all together!"

His two underlings agreed and decisively smashed the red silk-covered plaque to the ground. They even stepped on it and broke it into pieces.

"Good, well said! Good smash! I hope you can persist in your death-seeking character!"

Lin Yi wasn't angry at all. He even clapped for Ouyang Changhong with a smile.

Ouyang Changhong was thinking that Sima Yi couldn't have been too shocked and become stupid, right?

It was a good thing if he was really stupid!

Ouyang Changqing, on the other hand, felt uneasy. He felt that Lin Yi's behavior was too abnormal. It was really strange!

Coincidentally, a gust of wind blew past, lifting up the red silk covering the plaque on the ground, revealing the broken plaque!

As his eyes swept across the room, Ouyang Changqing's face suddenly turned livid!

Although the plaque was broken, the words on it could still be clearly seen. Xuanji's central Chamber of Commerce's heavenly elixir Pavilion, central Chamber of Commerce's Medical Hall!

One plaque and two names ... Who the F \* ck was so low-quality that they made it so crudely!

Wait, that's not the main point!

Ouyang Changqing gritted his teeth and stared at the words, especially the words "central Chamber of Commerce"!

He didn't need to say how much he had suffered at the central Chamber of Commerce last time and how much trauma he had in his heart!

As a result, when Ouyang Changqing saw the words "central Chamber of Commerce," he began to instinctively calculate the area of his psychological shadow!

"Central Chamber of Commerce? How could it be the central Chamber of Commerce? It's fake, right?"

Ouyang Changhong cried out involuntarily. He was dumbfounded when he saw the plaque on the ground."How is that possible! Is this a lie? This can't be!"

However, no matter how he denied it, the plaque was still the same plaque, and the words were still the same. There was no change!

"Big brother, something has happened! Something has happened!"

Ouyang Changhong turned around and said in a low voice,""That brat, Sima Yi, has hooked up with the central Chamber of Commerce ... They've worked together before. I didn't expect him to join the central Chamber of Commerce now. He's despicable to the extreme!"

If it was possible, Ouyang Changhong would not mind being despicable for once. He could even be more ruthless. Unfortunately, the central Chamber of Commerce would not give a damn about him!

"Don't panic! Let me think about it!"

Ouyang Changqing was actually also panicking in his heart. He had to comfort Ouyang Changhong and force himself to calm down. Suddenly, an idea flashed through his mind."Wait! Could it be that Sima Yi was impersonating her? All the alchemy in the pill industry has to go to the alchemy Association to record their alchemy. The central Chamber of Commerce has never been here before!"

"Right! Big brother is right! The central Chamber of Commerce did not come to the alchemy Association to file the records. This central Chamber of Commerce's heavenly elixir Pavilion was definitely something that Sima Yi had come up with himself! It's fake! Hahaha!"

Ouyang Changhong immediately reacted. He laughed and said, "This brat, he was just trying to scare us! Too detestable! Brothers, smash! Ruthlessly smashed! Today, we're going to fight back the fake news!"

If it was any other Department, brother Ouyang might not be so confident.

However, the two of them were the ones in charge of the alchemy Association!

Who would know better than them if the central Chamber of Commerce had reported to the pill store?

Now that he had the confidence, his imposing manner came up all of a sudden.

Ouyang Changhong was no longer satisfied with just making a small scene at the door. He ordered his men to rush in directly.

"Opening a pill store without permission is against the rules. Charge in and smash it!"

Ouyang Changhong stood proudly with his hands behind his back and waved his hand.

This group of underlings naturally obeyed his orders and smashed whatever they saw!

Whether it was furniture, rockery, or pavilions, everything was smashed in an instant.

These people were all martial artists, so smashing things was easy and enjoyable.

"Hahahaha! Good! It's like this! Brothers, smash it hard for this Lord!"

Ouyang Changhong was in a good mood. If it wasn't for the fact that Lin Yi had more battle generals under him, he would've ordered for them to be taken down already!

Chapter 8230 Is This A Misunderstanding?

"Boss, are we just going to sit back and watch?"

Zhang Butong's reputation among battle generals was second only to Fei daqiang 's, and he could no longer hold back his anger. He clenched his fists and was about to attack!

As for the doctors and alchemists, their faces were also filled with indignation.

After leaving the clinic twice, he finally had his own place. In the end, it was smashed by the Ouyang brothers as soon as it opened!

If it wasn't for Lin Yi's permission, they would've pulled out their knives and fought too!

"Mm, we'll just watch and let them smash it!"

Lin Yi, on the other hand, was calm and collected, not angry at all-he even had a smile on his face."The decorations here weren't suitable for our Medical Center and pill shop to begin with. We had to make do with it because we were in a hurry. Now, someone will help us demolish it for free. Isn't that great?"

When Zhang Butong and the others heard this, their mouths twitched uncontrollably. How could this be called dismantling? They were directly going to demolish it!

It was good to renovate, but looking at the current situation, it seemed that they would have to rebuild it ...

Ouyang Changqing didn't go in, but he sneered at Lin Yi's words."Do you think there's a need to renovate it? Sima Yi, I'm not afraid to tell you the truth, as long as we brothers are here, don't even think about opening a Medical Hall or pill shop. Every time you open it, we'll come and smash it. If you don't believe me, you can try!"

"Ha ... There's no need to try. You're having fun smashing things now, so you'll have to come back and help me rebuild them later. So, what you're smashing now is your own stuff. No matter how hard you hit, I won't feel any heartache!"

Lin Yi shrugged and made an inviting gesture to Ouyang Changqing. "Why don't you go in and smash it a few times? At least listen to it and try it out, so that when I come back to compensate, I won't feel like I've made a huge loss!"

"Bah! Sima Yi, are you daydreaming? Or was he so agitated that he was about to go crazy? Then I'll be guilty!"

Ouyang Changqing laughed in disdain, thinking that he already had a huge advantage against Lin Yi.

She couldn't kill Lin Yi yet, but seeing him forcing a smile and pretending to be calm gave her a sense of satisfaction!

A while later, Ouyang Changhong walked out with his men, all high and mighty. He even dusted his hands off in front of Lin Yi.

"Big brother, the inside is almost completely dismantled! We can leave now, let's see how that brat Sima Yi is going to open his Medical Hall and pill shop!"

He turned around and looked at the crowd. "Did you all see that? A person like Sima Yi was not worth trusting at all! It's impossible for them to open a Medical Hall or a pill shop. If you want to seek medical advice in the future, you'd better come to the alchemy Association of our martial union branch!"

However, Ouyang Changhong did not know that his actions, which were akin to a bully in the city, had already left a very bad impression in the hearts of the people even though they looked rather impressive.

At the same time, it made the public sympathize with Lin Yi and his group.

Although Lin Yi didn't need this kind of sympathy, it was undeniable that once Lin Yi opened his Medical Center and pill shop, the people in the imperial capital would naturally side with him.

Ouyang Changhong was pretty much digging his own grave ... He was still quite pleased with himself, thinking that he'd completely cut off Lin Yi's path of opening a Medical Hall and pill business!

"He's leaving just like that? Was there any place that wasn't completely smashed? Smash it thoroughly!"

Lin Yi smiled as he looked at the brothers, as if they were money bags. "Don't hold back. New things won't come if the old ones don't go. I'm still counting on you to rebuild it beautifully. It won't look good if some old things are left behind!"

"Hehe! Big brother, is this guy stupid? I shouldn't be too calculative with a fool, but why do I want to kill this fool so much?"

Ouyang Changhong was mocking Lin Yi, but Ouyang Changqing felt that Lin Yi's attitude was a little weird.

However, the people around Lin Yi all had looks of anger and hatred in their eyes, and it didn't seem like they were acting ... So this Sima Yi kid was just bluffing?

Since he wasn't sure, Ouyang Changqing decided to leave first. ""Forget it. We've already accomplished our goal. Let him go today!"

"Sima Yi, take care of yourself! If you dare to open a Medical Center or a pill shop in the capital, don't blame me for not warning you in advance. Every time you open a Medical Center, I'll bring people to smash it! Let's go!"

Ouyang Changqing left these harsh words behind before he proudly raised his head and led his men back to the martial Alliance branch.

"Boss ... Do you want me to pack up?"

Fei daqiang could tell that Lin Yi was confident and that his blind admiration for Lin Yi's big brother had already dissipated the anger in his heart. Now, he just wanted to see how the Ouyang brothers would die!

"No need. They'll come back to clean it up later. We don't need to do anything!"

Lin Yi was still calm and confident!

At the same time, Ling Ling appeared in the study of the martial Alliance branch's great Hall Master.

When the Ouyang brothers went to cause trouble for Lin Yi, he came to the martial union branch.

After the Ouyang brothers had destroyed the place, Ling lingfa had gone to the first hall Master to question him!

"What's wrong with your martial Alliance branch? Do you want to start a full-scale war with our Center? I've already magnanimously forgiven you for what happened last time, and now you're here to cause trouble again. Do you really think that our central doesn't have a temper? Or do you think I'm easy to talk to?"

Ling lingfa's attitude towards the first hall Master was not polite at all. It could even be said that his tone was harsh. "What kind of position do you have as the first hall Master of the martial Alliance's branch? Do you want to quit? If you don't want to work here, then get out of here and give up your position. I believe that your martial Alliance will definitely arrange for a more suitable person to take over your position!"

"No... Mr. Gray robe, what's wrong with you? What happened? I don't know anything ... Is there a misunderstanding?"

The first hall master's forehead was covered in cold sweat. He automatically lowered his posture and tried his best to be careful. "Towards central, our martial League has always had a win-win attitude. How could we deliberately cause trouble? There must be some misunderstanding. Why don't we sit down and have some tea first? let's have a slow chat and we'll definitely clear up the misunderstanding!"

Martial league's strength was unfathomable, and their Center was equally mysterious.

Although the martial Alliance wasn't afraid of the center, the purpose of their existence was to first defend against the darkness demonic beast!

Therefore, the martial Alliance would never go to war with the center!

If they suffered heavy losses, who would defend against the darkness magical beasts 'invasion?

The first hall Master did not want to be the scapegoat. If a large-scale conflict between the two parties were to occur, he would probably be hacked into a thousand pieces by the people from the martial League headquarters!

"Misunderstanding? Hehe ... First hall Master is really eloquent. You want to dismiss me with a misunderstanding?"

Ling lingfa sneered. "Your martial union branch's vice Hall Master, Ouyang Changqing, is also the president of the alchemy Association. He and his brother, Ouyang Changhong, the alchemy Association's Vice President, are now leading people to smash the medical center and alchemy shop under our central Chamber of Commerce. You're telling me that it's a misunderstanding?"
