

Bodyguard 8271

Chapter 8271

"The two princesses are both stunning geniuses. Under their leadership, both the spirit beast clan and the darkness demon beast clan have created their own glory!"

"It's just that Princess an is, after all, a younger sister, and the roots of the king of spirit beasts are also in the spirit beast clan. So, in the end, the legitimate throne was passed to the eldest Princess! Princess an was naturally not convinced, and started another battle. In the end, she was defeated for a while, and so she brought the darkness demon beast clan to a distant land, and came to the remote side Island!"

"At that time, the ruler of the sub-Island was the wizard clan. Although the darkness demon beast clan was a foreign race, they relied on their powerful martial strength to forcibly occupy a territory and become a new powerful force!"

"Hence, the sub-Island entered an era where the darkness demon beasts and the wizard clan ruled together. At that time, humans were extremely weak. To put it bluntly, they were the slaves of the darkness demon beasts and the wizard clan. They were in a primitive state!"

"It's just that the darkness demon beasts and the Sorcerer clan didn't expect that although humans are weak, they have a strong vitality like weeds. No matter how bad the environment is, they can survive tenaciously. "

"Although the reproduction ability of humans is not as amazing as that of some of the dark magical beasts, they are still quite extraordinary. Unknowingly, they have started to develop and grow!"

"The most terrifying thing about humans is their learning and cultivation abilities. Most importantly, they have the ability to create. Under the leadership of a small group of geniuses, humans have begun to rise!"

"The Sorcerer tribe was afraid of the darkness demon beasts, so they secretly supported the human tribe and joined forces with the human tribe to suppress the darkness demon beasts. After a Great War, the darkness demon beasts were suppressed!"

"Then, there was a conflict between the Sorcerer tribe and the human tribe. But at that time, the Sorcerer tribe could no longer fight against the human tribe alone. So, the Sorcerer tribe betrayed the human tribe and joined forces with the dark Demon beasts to fight against the human tribe!"

"In this three-sided war, no one can completely destroy the other, so they can only shake hands and make peace. The darkness demon beast clan occupies the largest forest on the sub-Island, and it's called the abandoned forest because they were abandoned by the spirit beast clan. This is the abandoned forest!"

"There is no right or wrong in this matter. Everyone has their own standpoint. The human race was originally a native of the sub Island, but they were enslaved by the darkness demon beast clan and the wizard clan. Resistance is inevitable!"

"You know the final result. The wizard tribe disappeared, the darkness demon beasts were sealed, and the human race has been thriving until now!"

Lin Yi was already dumbfounded by the history that the ghost was telling him.

he didn't expect that there would be so many stories here. it could simply be said to be magnificent!

if he sorted it out properly, he could probably write a drama about the three clans of the sub island, right?

"senior ghost, you said that everyone has their own standpoint. how about we use your force field?"

lin yi sighed.

"my position? hehe, i'm one of the higher-ups of the spirit beast clan. what do you think i think? what happened back then has nothing to do with this old man. "

"But the darkness demon beast clan and our spirit beast clan have already formed a long-standing feud," the demonic thing said with a carefree smile. "If the humans can kill the darkness demon beast clan, I'll naturally clap my hands and celebrate!"

This was the most basic attitude that the spirit beasts had towards the darkness demon beasts. It was deeply rooted and would never change!

"Senior ghost, why didn't you tell me this before? It doesn't seem like there's anything to avoid, why do you have to be so secretive?"

Lin Yi thought about it and realized another problem. "By the way, senior ghost, how do you know so much about the history of this sub-Island? by right, after the darkness demon beast clan left the Sky Class Island, the spirit beast clan shouldn't have any news of them, right?"

Especially since the sub Island and Sky Class Island didn't seem to be connected, how did the news get there? And how did the darkness demon beast clan come to the sub Island?

If he found the reason, would he be able to return to Sky Class Island from the sub Island?

"Silly boy! How could it be the same as ten thousand years ago? At that time, the Sky Class Island and the ancient little pugilistic world were still one ... Believe in your own understanding of the situation, don't try to find out the reason for the ancient times!"

The ghost didn't answer directly, but it gave a more reasonable explanation.

Lin Yi didn't ask anymore.

"As for why I didn't say it before, you should understand that the division of the darkness demon beast clan is a disgrace to the spirit beast clan. How could I explain this to you so clearly? You're the one who knows a part of the truth, so it doesn't matter if I explain it to you!"

"Besides, this prison is special. Not only can it suppress elemental Qi, but there is also a seal ... To be honest, even I don't understand this kind of seal. It's still a question whether you can get out, so it doesn't matter to you!"

Lin Yi's lips twitched at the words-the guy was making it sound like he was going to die Here for sure!

Although the ghostly thing had said a lot, because it was a communication through divine sense, it had actually happened in an instant in reality.

When the old man finished, Lin Yi had already finished his conversation with the ghost.

Seeing the old man's energy drain again, Lin Yi quickly asked,""Senior, I've understood all of this. Is there any other secret?"

Just what the old man had said could be considered a secret, but it was still lacking something.

"There's still the most important secret ..." The old man nodded."For a long time, there have been many darkness magical beasts, either in human form or possessing human bodies. They've snuck into human cities, and some have even held high positions!"

"If not for that, do you think the nodes of the seal would be so easily destroyed? This was all because of the mole! These demon beasts of darkness disguised as humans have already set up many strongholds in the underground Devil's Den, and are preparing to launch a counterattack on the surface!"

"This old man wants to tell you the locations of these strongholds! If you can get out, you must destroy these strongholds. If you can 't, you must find a way to send the news back!"

If he couldn't get out, he had to send the message back. It was really difficult!

"Senior, how did you find out such secret information? The darkness demon beast clan shouldn't easily reveal the information of their spies in the human world!"

Lin Yi's mind was still as sharp as ever, and he found the loophole almost instantly.

Spies were usually top-secret, so how could they possibly let everyone know? He even revealed the location of the spy's base to destroy all of the bases!

It didn't seem possible no matter how he thought about it! If it were the old man and his friends who were almost dead and couldn't escape, Lin Yi would definitely think that this was a trap!

Chapter 8272

"There's no time for this. You just need to know that there's no mistake!"

The old man waved his hand and pointed at a few other people who were on the verge of death. "You know how much we paid to get this information ..."

Lin Yi didn't know what to say-they'd been locked up for a hundred years, okay? what did that have to do with getting information? If he said that, it would make people feel that the secret was even more unreliable!

But the old man was right about one thing-he really didn't have much time left. So, before Lin Yi could say anything, he held his breath and told Lin Yi all the locations of the underground Devil's Den.

With that, the old man let out a breath of relief and nodded at Lin Yi, closing his eyes.

The other elders who were on the verge of death forced their eyes open as well, nodding at Lin Yi before closing their eyes again.

Soon, these old men all lost their breath and left the world one after another.

It was probably because of that little bit of hope in his heart that he didn't dare to die easily, so he had held on until now.

It wasn't easy for Lin Yi to inherit their last will, and they let go of their determination.

After a hundred years of defense, they were finally free. It could be said that they were overjoyed, so they all left in peace.

Lin Yi looked at the dead elders and bowed, "Seniors, don't worry. I'll definitely send the news that you've protected it with your lives back to martial League!"

As for the final result, Lin Yi didn't want to get too involved. At most, he'd just make a plan and arrange the people in charge.

With a wave of his hand, Lin Yi put all the corpses into the Jade space, making a special area for them.

Lin Yi planned to find a nice place to bury them when he got back to the sub Island.

These people were all heroes of humanity. Although they were already dead, they couldn't remain in this dark prison.

Lin Yi didn't mind bringing them back and arranging a good home for them!

"Next, I should leave this place and look elsewhere! Senior ghost, are you ready to meet your distant relatives?"

Lin Yi started studying the seal after he was done with his stuff, not forgetting to tease the damn thing a little.

"What distant relatives? If you keep talking nonsense, this old master won't be polite!"

The demonic thing laughed and scolded. Then, he thought of what he had just said about a distant cousin. Wasn't that his distant cousin?

Bah! This was not the main point, alright!

"Lin Yi, you've thought of a way to get out? The seal here is not easy to break, and we can't use elemental Qi, so we can't break it by force. How do we get out?"

Lin Yi smiled faintly and didn't reply. He walked up to the seal and opened it easily and happily!

The damn thing's eyeballs almost fell out of their sockets. What kind of operation was this?

The seal that even the old man found difficult to break was broken by Lin Yi?

Since when did Lin Yi's array skills reach such a high level?!

"Lin Yi kid, how did you do that? Even this old man thinks that this thing is very difficult, but you've actually completed the unsealing without any effort. It's as if you've set up the seal yourself!"

The damn thing was shocked and couldn't help but ask Lin Yi, ""Don't keep me in suspense, quickly tell me!"

As an array master who was obsessed with array Dao, this damn thing was interested in all the new things in array Dao. However, he had been studying the space Array, so when he came to the sub Island, he didn't have much time to study the sub island's array, which was why he was so surprised.

Lin Yi laughed, "senior GUI, I can't compare to you in terms of the formations on the Sky Class Island, but I've spent much more time on the sub island's formations and their effects are much better than yours. It's not strange to have such results!"

The damn thing thought about it and agreed-Lin Yi's talent in formations was strong to begin with, and although no one taught him on the sub Island, he had the foundation from before. He also collected countless books to get rid of the weeds and keep the fine ones. There was nothing wrong with him reaching this level.

"Hahaha, that makes sense. But in the end, a great teacher produces a great disciple! You're the proud disciple of this old man, it's very normal for you to have such attainments in array Dao!"

The ghostly thing laughed out loud and forced himself to flatter himself. "As expected, the student has surpassed the master. This old man is very pleased! It's great to have a disciple like you! Let's cut to the chase and quickly tell this old man all these things so that I can study them!"

Lin Yi couldn't help but smile, and told the ghost everything about how to break the seal.

As expected of a Grandmaster array master, he quickly grasped the essence of it!

As the two talked about the island's formations, Lin Yi didn't stop walking. He walked along the tunnel after leaving the prison.

In the end, he had only taken two steps when he was faced with a Half-orc Guard with a tiger head and a human body!

This kind of half-orc was a darkness magical beast that had yet to fully transform, and its strength was not bad.

However, they were not experts of the darkness magical beast clan, so they were sent to guard the prison.

The guard, who was patrolling the area, was shocked to see a human appear outside the cage. He was about to sound the alarm and attack Lin Yi.

Lin Yi was chatting with the monster, but it was easy to split his attention. He was ready to attack when he saw the guard.

No matter what, he couldn't let the guard sound the alarm. It would be very troublesome if a large number of darkness magical beasts were alarmed!

Soul snatching hand!

Lin Yi didn't say anything and activated his hand, killing the Beastman silently and locking his spirit in the Jade space.

The half-orc's body could not maintain its balance after losing its primordial spirit and fell straight down.

Then, Lin Yi's essence spirit left his body and entered the body easily. He controlled the body before the body fell and prevented it from making any sound.

Lin Yi's body, on the other hand, was put into the Jade space.

Everything happened in the blink of an eye.

If there was someone beside them, they would only be dazzled for a moment and might not be able to feel anything!

"Good idea! It won't be easy to arouse suspicion if you disguise yourself as a darkness demon beast. However, your primordial spirit isn't trying to take over a body, so it'll be difficult for you to control the darkness demon beast's body. Be careful and don't give yourself away!"

The demonic thing put down the seal it was studying and reminded Lin Yi.

Lin Yi agreed and replied, "Although my actions and temperament are a little different from the darkness magical beasts, it doesn't matter. With so many darkness magical beasts, no one would pay attention to a low-level prison guard. As long as his appearance is correct, it's fine!"

Chapter 8273

Lin Yi walked for a while and realized that the prison was pretty big, with a lot of cells.

However, most of them were empty. Occasionally, he would see some bones, indicating that there had been guests here before.

Of course, they would also encounter a few living people, but their conditions were similar to the old men from before.

They all looked like they were on the verge of death, barely hanging on to their last breath.

People in this state couldn't be saved-they could die at any moment, and Lin Yi didn't even think about saving them.

They would only be a burden to him if he brought them along, so he might as well let them stay in the cell.

It was a pity that Lin Yi didn't find any traces of the language of the monsters or Luo caidie in these cells. He didn't know if this was good news or not ...

With their strength, if they were captured and imprisoned, it should not be a problem to last for 80 to 100 years. They would not die in a short time.

Since he wasn't found here, he probably wasn't caught!

Lin Yi was happy, but at the same time, he felt strange.

As soon as he came in, he was dragged into this prison by those strange little hands. Didn't the language of the living things and Luo caidie experience this?

With all sorts of guesses in his mind, Lin Yi had been wandering around for a long time. In this huge prison, there didn't seem to be any guards other than the half-orc Lin Yi was possessing.

Could it be that the darkness magical beast clan was too confident in the prison's seal and felt that no one could break it, so they only let one guard out for fun?

Lin Yi pondered as he walked along the tunnel.

He didn't realize that he'd reached the heart of a huge mountain, and only then did he realize that he'd been wrong!

There were at least 30 to 40 darkness demon beasts in the great circle of the sea splitting stage in that huge mountain. There were more than ten times the number of darkness demon beasts in the sea splitting stage that had not yet reached the great circle of the sea splitting stage.

Lin Yi didn't even bother to count the dark beasts below the sea-shattering stage, earth-opening stage, and mountain-opening stage.

If all the dark beasts attacked the node together, even if Lin Yi brought the Imperial Guards, he might not be able to defend it!

Fortunately, these high-level darkness magical beasts were restricted by the location of the node and couldn't surge out in large numbers. Otherwise, not to mention the abandoned forest, even the sub-Island wouldn't be able to hold on!

Lin Yi couldn't help but break out in cold sweat after seeing such a huge group of dark beasts. The pressure and tension that rose in his heart was something he'd never experienced before.

As for the darkness magic beasts, they seemed to be doing something important as they were gathering in this empty mountain or underground area.

So it wasn't that the prison wasn't guarded. The reason why there was only one guard was because the other darkness magical beasts had come to participate in a group activity?

Lin Yi's curiosity was piqued after the nervousness, and he tried to guess what the dark Demon beasts were up to. It couldn't be that they were organizing a big date party, could it?

Speaking of which, did darkness magical beasts need such a thing? Do I need to? Don't you need it? Forget it, it's not important!

As Lin Yi was thinking, he adjusted his breathing and sneaked over!

There were too many demon beasts above the sea shattering realm, and Lin Yi didn't dare to extend his spirit sense too far. He had to get closer.

Once he blended into the group of darkness magical beasts, his disguise as a Beastman wouldn't be too eye-catching.

Compared to sneakily moving around the perimeter alone, it was obviously safer to do so.

Lin Yi quietly got closer and was about to hide at the back of the group when a Dark Demon beast saw him and shouted at him, ""Rushing taxi, what are you doing here if you're not on duty? Are you trying to slack off?"

Rush Gu? Are you calling me? It can't be, right?

Lin Yi lowered his head and pretended he didn't hear anything. He continued to approach the dark Demon beasts, trying to sneak in.

When he blended into the people, he would be like a drop of water flowing into a River, and he would no longer be afraid of attracting attention!

Another Dark Demon beast yelled at Lin Yi, "Rush Gu, what are you doing? I'm calling you, didn't you hear me?"

Yes! You're right! I didn't hear it!

Lin Yi continued to play dumb, not paying him any attention!

Isn't this a group activity?

There are so many big shots at the sea splitting stage inside. Is it really appropriate for you cowardly soldiers to shout and shout at the periphery?

Aren't you afraid that the big boss will get angry and kill you?

All these troublesome things, do you have any discipline? Ah?

wouldn't it be better to nod a little as a greeting when you see an acquaintance? why did he have to make such a big fuss? are you comparing who has the loudest voice?

in the end ... it didn't mean that he would be fine just because he ignored her!

one of the dark beasts on the side saw the injustice and roared, throwing a head at lin yi's head.

lin yi froze for a second, and then nothing happened.

of course, lin yi could have dodged it if he wanted to, but he didn't know what kind of character this little soldier had, so he kept a low profile and took the hit.

anyway, this body wasn't his, so it didn't matter if he was hit. it didn't matter if his skull was broken or even if his head was sent flying!

as long as you guys are happy!

lin yi staggered and pretended to be frightened, his eyes full of fear as he looked at the dark demon beast.

that fellow shook his head in disdain, 'rush gu, look at you! what a coward! didn't you hear me calling you?"

"Argh! Are you calling me? I didn't hear it! What's the matter?"

Lin Yi rubbed his head and shook his head innocently, hoping that he could get away with it.

He wondered how the original body of this body would react when it encountered such a thing ... Should he interrogate the primordial spirit of the half-orc in the Jade space to get some information?

"I'm asking you. Shouldn't you be on patrol? what are you doing here?"

The dark Demon beast didn't suspect Lin Yi's identity after beating him up, and it said impatiently, "This Grand meeting doesn't have much to do with you, so why are you joining in the fun!"

"Haha, it's nothing much. Since there's a meeting, I just wanted to come and take a look. At least I can gain some experience, right ..."

Lin Yi laughed, feeling that these dark beasts were easy to fool.

"Tsk ... Forget it, since it's a meeting held by the wilderness 'high priest, I'll let you come! No matter what, you're still a supporter of the wilderness high priest. For the sake of the wilderness high priest, I won't pursue this matter with you!"

The darkness demon beast waved its hand and turned to look at the battlefield. "Anyway, the humans in the cages will never come out until they die. It doesn't matter if you're here or not. There's no difference!"

If it weren't for the fact that they were certain that the humans in the cage couldn't break the seal and escape, the darkness demon beast wouldn't have left only one guard behind.

Moreover, this one guard was only there to put up a front.

Chapter 8274

Lin Yi thanked them casually and stood obediently at the back of the outermost group. He stretched his neck to look at the inner circle, where there were many masters of the consummate level of the broken sea realm.

Who knew what would happen if they found out that Lin Yi was a human!

It wasn't easy to attract attention in this corner, and Lin Yi listened to the conversation while looking around for the language of manifestations and Luo caidie.

In front of so many powerful dark beasts, Lin Yi didn't dare to use his spirit sense, but he was undeniably very careful when using it.

He was just afraid that if he wasn't careful, the darkness magical beast would notice him, and that would be a big problem!

After a round of searching, he didn't find any signs of the language of the living or Luo caidie. He was disappointed and decided to withdraw his spirit sense slowly and find an excuse to leave.

In the end, what he was afraid of happened. Before Lin Yi could withdraw his spirit sense, a human-shaped Dark Demon beast on the stone platform suddenly shouted, ""Who is it? Who was using divine sense? Stand out!"

Lin Yi was taken aback-he'd been so careful, and the dark Demon beast still sensed him?

Wasn't the other party's senses a little too sharp?

One had to know that the strength of Lin Yi's spirit sense had already exceeded the consummate level of the sea-splitting realm, much stronger than all the dark Demon beasts present!

With Wu Linghai's help, it should have been very difficult to detect!

He was being careful because he didn't think he'd be discovered!

But what was going on?

Everyone was having a meeting together, and they were all listening very seriously and attentively. Normally, they wouldn't notice this almost non-existent fluctuation of spiritual awareness, right?

In addition, there was a divine sense shielding effect in the surroundings, so it should be relatively safe no matter how he looked at it!

Lin Yi tensed up. There were too many masters from the dark Demon beasts. If he got caught in it, he might not be able to escape!

Even if they were in their primordial spirit form, there were still a large number of darkness demonic beasts that specialized in devouring primordial spirits. They were still extremely dangerous!

Lin Yi forced himself to calm down as hundreds of thoughts ran through his mind-he was thinking about how to retreat with greater confidence!

The advantage he had now was that he was close to the entrance of the passage, and he was at the outermost edge, so it was very convenient for him to escape.

Moreover, the darkness demon beast shouldn't have locked onto his position yet, so he didn't need to run for the time being.

maybe he could get away with it!

lin yi thought of many scenarios and came up with a plan to counter them, but ... he realized that he was overthinking things!

the dark demon beast that spoke wasn't talking about lin yi!

"the one in the fifth row and seventh column of the left area, stand up! i'm talking about you! do you think you can hide it?"

lin yi blinked-he wasn't sure which one was on the left, fifth row, seventh column.

the only thing he could be sure of was that the area seemed to be quite far away from him ...

Lin Yi didn't need to confirm the exact location anymore-the companions around the dark Beast were all on the move, taking down the bear-headed Dark Beast!

Judging from the aura fluctuations on this demon Beast of Darkness, it was also an expert at the sea Rift stage. However, under the siege, it didn't even have the chance to resist before it was sent up to the high platform.

Lin Yi frowned-this bear-headed Dark Beast was a little weird. It wasn't obvious when they were in the middle of the dark beasts, but now that it was on the stage, it felt weird.

The darkness demon beast that had pointed out the fluctuation of spiritual sense coldly glanced at the bear-headed demon beast and said in an emotionless tone,"You actually dare to pretend to be from our darkness magical beast clan and sneak into our auction. You really do have some ability! Peel off his skin!"

The two darkness magical beast experts that had sent the bear-headed magical beast up didn't say anything and directly started to tear it apart.

Very quickly, he tore off a layer of the dark magic beast's skin, along with the disharmonious bear head.

The language of assimilation!

Lin Yi's eyes brightened, surprised and happy.

He had never expected that the language of the manifestations would disguise itself as a Dark Beast and sneak into this place!

It was a pity that the makeup technique of the language of things was not perfect enough, and with the use of his divine sense, he was caught by the darkness demon beast!

It wasn't easy for him to find out the whereabouts of the beast language, but he didn't know how to save them when there were so many high level dark beasts!

"Hehe, I was wondering who it was. Isn't this the Vice Hall Master of the naduo martial Alliance branch, artifact transformation? Nice to meet you!"

The darkness demon beast laughed coldly, and there was a hint of mockery in its eyes. "In fact, I've long guessed that you would come, vice Hall Master Hua, but I didn't expect that you could sneak in with a disguise. Just this move alone, let's not talk about whether it will succeed or not, you should be the only one who has done it before!"

Lin Yi curled his lips. He didn't know if there were any old acquaintances involved in the beast transformation language's operation, but there must be someone behind it. At least Lin Yi himself had disguised himself and snuck in!

"Do you know why I knew you would come? Because we were the ones who deliberately leaked the news about that girl. I believe that someone as loyal as vice Hall Master Hua would never abandon his companions and escape on his own, right?"

"The facts have proven that the person who understands you the most will never be your friend, but your enemy! It's too easy to catch someone like you!"

Hua Yu spat on the ground and said, "what's there to be proud of?" Wasn't it just because they had more people! If you have the guts, let's have a one-on-one fight! Do you dare?"

It had been so difficult for him to sneak in, but he had been exposed and humiliated. It was easy to imagine how indignant and resentful the monster language was.

But he had to admit that the darkness magical beast's words were absolutely right!

He came back this time because he had heard the news about Luo caidie. It was the artifact language that had been caught, and Luo caidie had been dragged into the node.

After coming in, Luo caidie risked her life to save the language of monsters. The two of them ran away separately and were separated.

Hearing that Luo caidie had been caught by the dark Demon beast and was going to be executed in public, the language of the living things couldn't sit still anymore.

Of course, the artifact language had considered that this might be a trap, but even though it knew it was a trap, it had to take action. It knew that there was a Tiger in the mountain, but it still chose to go to the Tiger Mountain!

"One-on-one? What was there to be afraid of? Our darkness demon beast clan has never been afraid of a challenge!"

The darkness demon beast raised its head arrogantly and smiled indifferently. "But there's no need for me to fight a lowly human prisoner like you one-on-one. That would be demeaning my status! In other words, you don't even have the qualifications to challenge! Do you understand?"

"Tie this prisoner up first and throw him to one side. Later, throw him into the cage. I don't know if he will be of any use in the future, but if he's useless, just let him run his own course!"

The two darkness magical beasts obeyed. They took out a special rope and tied it up firmly. Even the sea splitting stage cultivators couldn't break free.

Chapter 8275

Hua Yu's face was filled with hatred. She knew that she could not fight back, so she did not resist.

"Let's continue! Don't let a puny human prisoner get in the way of our important matters!"

The darkness demon beast ignored the language of the assimilation realm and resumed the conversation. "As the high priest, I am very disappointed in the failure of this operation ..."

Lin Yi understood-this guy was probably the high priest from the wasteland.

He seems to have a very high status. Is he also the guy who made the prophecy from the old man?

There were actually many high priests in the dark Demon beast clan-Lin Yi had misunderstood!

"this was supposed to be a great opportunity. with our spies among the humans, they destroyed the seals of more than ten nodes at once, causing the human martial artists to be distracted by one thing and almost completely open two nodes. i didn't expect that they would fail at the last step!"

"there are many reasons for failure. for example, the human martial artists who came later were very powerful. not only were they able to resist the attack of our elite, but they were also able to counterattack and seal the node in an instant. it was really unexpected!"

"but this can not be the reason for our failure. in the end, it is because our warriors are not strong enough! that was why he had failed this time! because of this failure, the great plan we prepared was aborted!"

"Everyone! They all had to reflect on why they had lost! They had to face their own mistakes and correct them! This way, when the next opportunity comes, I will be able to grasp it well!"

"By the way, although it's a pity that this operation failed, it doesn't matter. We still have a chance! Our spies outside are working hard to build strongholds in the Devil's Den and use it as a Foundation to open up the nodes of the Devil's Den and teleport our darkness magical beasts out. Although there will still be

many restrictions, as long as we slowly infiltrate, we'll restore the great era of the darkness magical beasts sooner or later ..."

Lin Yi listened as he observed the dark beasts around him, trying his best to imitate them and show off.

From an outsider's point of view, Lin Yi didn't look like he had any flaws at all-he was a Dark Demon beast!

What the high priest of the wilderness said was basically the same as what the old man had said, which meant that the old man's information was reliable!

Fortunately, Lin Yi could tell from the high priest's words that there weren't many Dark Demon beasts in the outside world.

After all, it wasn't easy to successfully infiltrate the human race, and there would always be some darkness magical beasts that were exposed and killed.

In order to successfully infiltrate human society, it had to be an elite darkness magical beast. However, it was not easy for those darkness magical beasts to get out of the node, and it would be even more difficult for them to enter human society in large numbers!

Other than that, Lin Yi also learned about the power structure of the dark Demon beasts.

The priest was a very honorable profession. The high priest was equivalent to the hall Master of the naduo martial Alliance branch.

The high priest of the wilderness was the leader of this area.

All the darkness magical beasts present were subordinates of the wasteland's high priest, and they were mainly responsible for attacking naduo. Above him was the man Tian high priest King!

The entire darkness demon beast clan had a total of nine high priest Kings, and man Tian was one of them.

The high priest of the wilderness was only one of the high priests under man Tian Priest King.

As for whether there was something even more powerful than that, Lin Yi didn't know. That was all the high priest had said.

Even so, Lin Yi was still very satisfied.

After all, it was as if the high priest was giving Lin Yi a special class, giving him a lot of information.

Even Lin Yi felt a little embarrassed-he didn't even have to put in any effort to get this information, and it felt like he was getting it for free!

"Finally, I would like to reiterate that the Devil's Den stronghold plan is our final trump card. We must not reveal it! Therefore, in order to attract the attention of the humans, the battle for the nodes in the abandoned forest will continue as usual. It might even speed up a little, so everyone must be mentally prepared!"

"as soon as we receive news that our spies have destroyed the seal, we will immediately attack the node. if we can really take it down, we won't need to use the devil's den!"

"in short, before the next opportunity to attack the humans, everyone should rest and recuperate, and sum up the experience of the previous failures, as well as how to deal with the last elites of the human race! alright, that's all for today. everyone can go back to work!"

all of the darkness magical beasts bowed and took their leave, showing their respect to the high priest of the wilderness.

lin yi was at the outer circle and should be the first to leave, but the language of living things was still on the platform. how could he just leave?

it wasn't easy to see him, what would happen if she lost contact with him?

just as he was thinking about how to get to the language of the living without attracting attention, the dark demon beast that hit lin yi just now threw another head at him.

"why are you in a daze? don't just stand there like an idiot, hurry up and take that prisoner to the cage! why are you standing here and acting? don't tell me you want me to go and escort him?"

one sentence and lin yi was overjoyed. this was a timely help! the kind that would give her a pillow if she wanted to sleep!

"yes, yes, yes, i'll go now!"

Lin Yi was overjoyed, but he pretended to be reluctant as he went against the flow and arrived beside the language of monsters.

At this time, the wilderness high priest and the people around him had already left through another passage.

The high priest didn't pay any attention to the language of manifestations at all, and Lin Yi was quite satisfied with that!

This kind of disregard was the best!

Who could stand being interrogated every now and then if they paid attention to the language of the monsters? He couldn't save her even if he wanted to!

"Let's go! Mr. Prisoner, you should like everything I've arranged for you!"

Lin Yi grabbed the rope and pulled him back.

After carefully sensing it, he found that this rope was indeed rare. It could actually lock up the elemental Qi in a person's body!

It was no wonder that the language of the living things, which could even collapse mountains, could not do anything to this rope!

The monster didn't struggle or resist. It looked like it had lost all hope.

Lin Yi didn't care and nodded with a smile when he walked past the dark Demon beast.

"Then I'll take him there first! Oh right, where's that girl? Do you want to take them with you and put them in prison?"

Now that he'd found the artifact language, Lin Yi started to think about where caidie was!

"Wasn't that chick taken away alone to the Aragami high priest's tribe to be brainwashed ..."

The dark Demon beast didn't mind, but it immediately felt that something was wrong. It frowned and looked at Lin Yi, "Don't you know about this?"

Chapter 8276

Lin Yi's heart skipped a beat. Should I know about this?

"Haha, how would I know that much! I've been patrolling all day, and I thought I caught another girl!"

Lin Yi laughed to the sky and reacted quickly, without a trace of hesitation.

This was actually a risk, if what he said and did did not match the usual behavior of the possessed murky Gu, it would attract even more suspicion.

Fortunately, there seemed to be nothing wrong with what he said. The darkness demon beast revealed a trace of relief and laughed, "All you F * cking know is little girls, little girls. Do you want to send them to a cage so that you can take advantage of them? Be careful, the high priest might castrate you one day!"

What the hell, it turns out that this is a lecherous guy!

Lin Yi didn't think that killing this guy was a bad thing!

"Hahaha, human girls are beautiful. Everyone knows that!"

If such words were said, they would be acknowledged and even less likely to arouse suspicion.

As expected, the dark Demon beast understood and laughed at Lin Yi before telling him to get lost!

The artifact language was filled with anger, hatred, and unwillingness, but there was nothing it could do. It could only curse to vent its anger.

In the end, the darkness demon beast had casually pulled a piece of his clothes from his body and stuffed it into his mouth!

"You're already a prisoner, yet you still don't know what's good for you. Let's go quickly and see the place where you'll die of old age and starvation in the future!"

Lin Yi pushed the beast away and walked back to the prison.

After a while, there were no other dark beasts around them, only Lin Yi and the language of beast.

Lin Yi carefully used his spirit sense to make sure there were no enemies around before pulling the cloth out of the beast's mouth.

The beast's throat felt nauseated, and it took a while for it to get better. It turned to Lin Yi with a cold face. "Is this my burial ground? There was nothing special about it! If you're going to do it, then hurry up. Grandpa will be a good man again in 18 years!"

Lin Yi didn't know what to say-he didn't think such a cliché line would come out of an artifact language ...

Before he could tell him the truth, the artifact language sneered again.

"I am a man of indomitable spirit. You can kill me or cut me into pieces if you want to, but if you want to torture me and humiliate me to get any information from me, save your breath! You can lose your head, you can bleed, but you can not lose the dignity of the human race!"

He closed his eyes and raised his head, looking like he was ready to be killed. Lin Yi felt like he'd be letting the guy down if he didn't stab him in the neck!

"Alright, stop being so noisy. I'll let you go in a while!"

Lin Yi lowered his voice, forgetting to mention his identity. He continued to extend his spirit sense carefully to check the situation.

they had found the artifact language, but it would not be easy for them to leave this place. they had to make a good plan.

"let me go? what a joke! what are you planning? just spit it out!"

The artifact language did not believe murky's words. It opened its eyes and sneered, ""Don't pretend to be a good person here. Do you think I'll fall for your trick? I've lived for so many years, what haven't I seen? You're still too young to lie to me!"

Lin Yi didn't know what to say-this guy sure had a big brain hole. He'd only said one sentence, and he'd come up with so many things. It'd be a shame if he didn't become a screenwriter!

"Brother Hua, time is of the essence. We need to think of a plan to leave this place ..."

"What plan? You still want to deceive me? Do you really think I'm an idiot? Try saying that again? Believe it or not, I'll risk my life to fight you!"

The language of the living things seemed to be angry, and its tone was getting higher and higher!

Lin Yi patted his head, only remembering now that he still had murky's face on. As if the beast language would believe him.

"Brother Hua, lower your voice, it's Sima Yi! Why didn't you respond when I called you that?"

Lin Yi made a shush gesture and continued to speak quietly, "Although there aren't any darkness magical beasts around, if we continue to be so loud, it'll easily attract trouble!"

The only one who spoke loudly was the monster language, and Lin Yi only did so to take care of his emotions.

the artifact language was slightly stunned. there was surprise and suspicion in its eyes."brother sima? is that true? it doesn't look like it!"

he had experience disguising himself as a dark demon beast before, and considered himself an expert, but lin yi's disguise was flawless!

it was a complete darkness demon beast, not a disguise at all!

so, the monster language thought that lin yi was still lying to it!

"brother hua, i've achieved wu linghai. you know this as well. i'm currently in the state of a sorcerer spirit body and possessing this darkness demon beast!"

Lin Yi tried his best to explain in terms that were easy to understand."You guys lost the first battle. I heard that a Deputy Hall Master went missing, so I brought the combat generals from the combat Association here to help. When I arrived at the abandoned forest, I met the first hall Master ..."

He briefly explained the process and how the first hall Master detonated the spatial node to win, and the language of living things completely believed that the half-orc in front of him was Lin Yi.

"First hall Master ... Sacrificed ..."

The monster could not help but let out a long sigh. Although he had many complaints about the first hall master's style of doing things, it was undeniable that the monster and the first hall Master had always been partners who went on missions together. It was impossible for them to have no feelings for each other.

This time, the first hall Master had died a very heroic death, so he would naturally have some feelings in his heart!

"Younger brother Sima, it's really hard on you. For the sake of your older brother and teacher Luo caidie, you rushed into the node alone ..."

Lin Yi had already untied the rope, so transformation language could reach out and Pat Lin Yi on the shoulder. "It's a pity ... There's no news of teacher Luo. We don't know where the tribe of the Aragami high priest is. It's very difficult for us to leave this place!"

In particular, the dark Demon beast had mentioned before that Luo caidie was sent to the Aragami high priest for brainwashing. He didn't know what this brainwashing was.

Erase their memories? Or to make it submit completely?

No matter what it was, it couldn't be anything good!

Before Luo caidie was brainwashed, he must save her!

After a short pause, the artifact language said with determination, ""Brother Sima, don't worry about me. Quickly think of a way to go to the tribe of the Aragami high priest and find teacher Luo!"

"Your sorcerer spirit body can possess the darkness magical beast's body. To you, these tribes are all places that you can come and go as you please. However, I can 't. If I leave with you, I will become your burden!"

Chapter 8277

"And maybe at some point, the high priest of the wilderness will think of me, a prisoner. If he finds out that I'm not around, it will be very troublesome. So, you should hurry and leave first. After rescuing teacher Luo, send her out and then find an opportunity to save my brother!"

He wanted to tell Lin Yi to give up on saving him, but he knew that Lin Yi wouldn't agree to it. So, he settled for the second best.

"Brother Hua, you're wrong! As the saying goes, more people means more strength, and there's a saying that one person's shortcomings are reflected in two people's strengths. Are you trying to avoid responsibility and not help to save people?"

Lin Yi's one sentence shut down the monster language completely. He paused for a second and shook his head with a bitter smile.

"You, you! Since you're not afraid of bringing a burden like me along, then let's go together! But how to leave without being detected by the darkness magical beasts ... We still need to make a good plan!"

The artifact language pinched his chin and fell into deep thought. The tribe of the wilderness 'high priest had dozens of experts at the Great Perfection of the sea-shattering realm and hundreds of experts at the sea-shattering realm. The artifact language didn't think that there was any chance of breaking in by force!

He had to use his brain!

"Brother Hua, what you said just now was very reasonable, I deeply agree with you!"

Lin Yi nodded seriously, but transformation language was a little confused-what did he say?

It seemed to have said quite a lot, and I felt that they all made sense. So, brother Sima, which sentence did you say?

"Brother Hua, have you forgotten? Just now, you said that I can come and go as I please, but you have restrictions. If others find out that you are not in the cell, there will definitely be trouble!"

Lin Yi explained, seeing that the language wasn't sure what was going on.

The monster language was even more confused after hearing Lin Yi's explanation. What did he mean? You've changed your mind again. You want me to stay in the cell while you save Luo caidie alone?

That works too!

The artifact language didn't object to this. It even thought it was the best choice.

"Brother Sima, it's good that you've thought it through. Let's do it this way. I'll stay in the cell, you go and find teacher Luo first ..."

Lin Yi interrupted her before she could finish. "Brother Hua, what are you thinking about? we've agreed to move together ... I mean, now that you're not convenient to leave and are afraid of being discovered by them, we'd better find a way to wipe out the entire tribe of the high priest of the wilderness!"

"As long as all the darkness magical beasts here die, you and I will be able to swagger away without having to worry about being discovered by the darkness magical beasts."

The artifact language was dumbfounded. What the hell is this? Wipe out the entire tribe of the high priest in the wilderness?

Old brother Sima, you really dare to think!

The problem is, it's just the two of us. What right do we have to wipe them out?

It would be better if he was stewed in a pot!

"Brother Hua, this little brother already has some ideas. You should suffer for a while and go to the cell to put on an act. When I've arranged everything, I'll come and find you and leave!"

Lin Yi seemed to have a plan in mind. He pulled the monster to an empty cell, opened the seal, and let the monster in!

"Brother Hua, the seal here has already been lifted. If you want to come out, you can come out at any time, but it won't be visible from the outside. Even if a darkness demon beast comes over, it won't notice anything!"

"You wait here first, I'll go make the arrangements and come back immediately!"

Lin Yi didn't say what his plan was, and he didn't ask.

He believed that Lin Yi would tell him if he could-there had to be a reason why he didn't!

He would just wait and see!

Lin Yi settled down with the language of the living and continued to wander around the prison, perfecting his plan.

In order to be more confident, Lin Yi used all sorts of methods to check on murky's essence spirit in the Jade space.

The guy basically told him everything he knew, and Lin Yi got a lot of useful information from that.

For example, the tribe of the wilderness 'high priest wasn't a monolithic whole. The darkness demon beasts at the consummate level of the sea splitting realm all had their own races.

They were able to unite when fighting against external enemies, but when there were no external enemies, they were also good at fighting against internal enemies!

The high priest of the wilderness didn't interfere too much in this situation. The darkness demon beast clan revered the strong, and fighting was also a way to train their Warriors!

This was like raising poisonous insects. Those who could stand out in the battle would only be strong!

Such a situation was naturally a good thing for Lin Yi!

He was fishing in troubled waters. If he didn't muddy the waters, how could he fish?

In addition to the information about the wilderness high priest tribe, there was also some information about the Aragami high priest. However, murky did not know much about the Aragami high priest's tribe and only knew some general information.

For example, the Aragami high priest was a descendant of the darkness demon beast clan and the Sorcerer clan, which was why he was very powerful.

Moreover, he had the strong physical body of the darkness demon beast clan and the powerful primordial spirit of the Sorcerer clan!

It was because of this that Luo caidie was sent to the Aragami high priest. The wilderness high priest could not do such a thing as brainwashing!

It was a pity that murky had been stationed in the prison all year round and had almost never left his tribe, so he knew nothing about the tribe of the Aragami high priest.

If he wanted to find Luo caidie's whereabouts, he would have to find another darkness demon beast and do the same thing!

With the help of the murky, Lin Yi had a rough understanding of the dark beasts. They might have information about the Aragami high priest tribe, and he just needed to find a chance to get one or two.

After getting the information he wanted, Lin Yi left the prison's tunnel and turned in another direction.

Murky didn't know the tribe of the high priest, but he was very familiar with it. Lin Yi could be considered familiar with the place now.

"Rush Gu, where are you going? Why are you wandering around instead of keeping an eye on the prisoners? You should be on duty now, right? Are you trying to be lazy again?"

Lin Yi had just left the prison area when he ran into a Dark Demon beast, and it was obviously someone he knew.

This person not only recognized rush Gu, he even knew that it was rush Gu's on-duty time.

Unfortunately, Lin Yi was not murky, and even though he had extracted everything murky knew, he still could not know all the darkness beasts.

Especially in Lin Yi's eyes, dark beasts all looked the same-who the hell would know which one this was?

But it didn't matter, there was only one. A single darkness magical beast was a good target for his plan!

"Haha, I'm here to find you. I have something good to show you. Come here!"

Lin Yi waved at the beast mysteriously, and it really did believe him, running over to him!

"What good stuff? Don't try to fool me, kid. If it's not something good, I'll beat you up!"

Chapter 8278

"It must be something good. You've never seen it before!"

Lin Yi's smile was bright. When the other party got close, he sent his spirit sense over!

Have you never seen the improved version of the spiritual sense collision skill? It's really good stuff!

This Dark Demon beast was only a peak late-stage mountain split-Lin Yi only used 30% of his strength, and its spirit was completely destroyed by the spirit sense!

Lin Yi reached out and grabbed the man's body. Why did she ask him to come over? It's just convenient to grab!

Lin Yi looked at the body and thought about it. He used the ghost Yin curse to disguise the body.

Lin Yi did it discreetly, and a cursory look wouldn't reveal anything. Only a closer look would reveal the strange cause of death.

This was the effect Lin Yi wanted. After he was done, he found a corner and threw the body over.

It was also a place that was hard to find by accident, and only those with good eyesight would see it.

After that, Lin Yi searched the body again.

According to murky's explanation, there were several different tribes in the wasteland's high priest tribe, and every darkness magical beast would have the mark of their own tribe.

Soon, the tribe mark was found. This unlucky guy was a member of The Dark Barbarian tribe, which was considered a relatively powerful tribe among the high priest tribe in the wilderness.

The so-called tribe wasn't just a type of darkness magical beast, but a tribe formed by many different races. It was common for darkness magical beasts of the same race to join different tribes!

Murky Gu joined a tribe called black demon, it was slightly weaker than The Dark Barbarian tribe. This was murky's own words.

In fact, the black fiend tribe was the weakest tribe in this tribe, so murky, a low-level pawn, was often bullied.

"The Dark Barbarian tribe ... Ha ... They're a suitable target! I'm really sorry, you're unlucky today! I'll help murky collect its debt from you!"

Lin Yi chuckled and patted the beast's head before turning back to the tunnel.

Not long after, Lin Yi's spirit sense picked up five dark beasts that were alone, making a turn and walking towards him!

Yes, that's right, five darkness magical beasts that were alone!

F * ck them!

Lin Yi continued to walk, and after two steps, the five dark beasts turned around the corner and walked towards him.

"Eh, isn't that murky? why is it here?"

Naturally, the other party noticed Lin Yi as soon as they turned the corner and asked.

"Hey, murky, what are you doing here? What's the matter?"

Lin Yi's mouth twitched. Was this murky quite famous? Why did he recognize darkness magical beasts everywhere he went?

Was this considered good relations? Or was he too easy to bully, so the people around him had actually bullied him before?

If it had been bullied by everyone before, then murky would be in a really bad state ... The dark magical beasts were indeed a world where the strong preyed on the weak!

"Argh! I have something good that I want to show you. I guarantee that it's something that you've never seen before! Are you interested in learning more?"

Lin Yi decided to use the same trick again-he wanted to lure the five lonely beasts closer before killing them. It'd make it easier to collect their bodies.

"What good things can you have? you're always in the cage ... Do you really have good things? You should know the consequences of lying to us, right?"

He did not believe it at first, but after saying that, he was afraid that murky Gu really had good stuff, and with the mentality of not wanting to miss it, he decided to believe it.

The five darkness magical beasts that were alone didn't have much vigilance, and they giggled as they sped up.

Perhaps they'd already decided that if Lin Yi really brought out something good, they'd just take it!

Anyway, he had done this kind of thing a lot in the past, so he was very familiar with it!

"There's really something good here. Why don't you believe me? Come, come, come, hurry up and understand the enhanced variant of the divine sense collision! I guarantee that you won't suffer any losses or be fooled!"

Lin Yi was bullshitting as he calculated the distance and activated the spirit sense collision.

The invisible spiritual awareness attacks were released continuously, and they destroyed all five of the darkness magical beasts 'primordial spirits at almost the same time!

Easy and pleasant!

Five lone darkness magical beasts had been taken care of so easily!

Lin Yi did the same thing to the bodies and moved them to a hidden corner where they would be discovered.

In the end, as usual, he had to confirm the identity of these darkness magical beasts. They were still dark barbarians!

Tsk tsk!

Lin Yi couldn't help but rub his chin and shake his head. Why were they all dark barbarian beasts?

This tribe was quite unlucky! Did he do something against his conscience? It definitely was! Otherwise, how could he be so unlucky?

Lin Yi didn't plan to mess with an entire tribe in his plan!

Forget it, it doesn't affect me anyway! Continue!

Lin Yi dusted his hands and continued on his way. After a while, he killed another dozen dark beasts that were alone ... They were all from The Dark Barbarian tribe!

This was really a coincidence!

Lin Yi didn't have any preference for The Dark Barbarian tribe. He just wanted to muddy the water, and a few more tribes would be more suitable.

But The Dark Barbarian tribe was just so unlucky ... What else could he say?

Just as Lin Yi was about to look for his next target, his spirit sense detected seven sea Rift dark beasts gathered together.

And there were other sea Rift stage Dark Demon beasts nearby!

It seemed that they were still having a small meeting after the conference.

Lin Yi didn't dare to act rashly. He could deal with one or two sea shattering realm cultivators alone, but if there were so many of them ... He'd better behave!

"Lord Wu Tuman! Something had happened! So many brothers died! Enemy invasion!"

Just as Lin Yi was about to change his path, a Dark Demon beast ran over from another path and reported to the sea Rift realm Dark Demon beasts.

This guy must've found Lin Yi's body when he was passing by.

Wutuman?

Lin Yi remembered the name!

Rush Gu had mentioned it before, it was one of the leaders of The Dark Barbarian tribe, or more accurately, it was the second in command of The Dark Barbarian tribe!

A Dark Demon beast with such a high status was the target of Lin Yi's plan!

"What's going on? How could there be an enemy here? How many people have died?"

Lin Yi didn't even need to identify him as Wu Tuman jumped out to question him, revealing his identity.
"Where's the corpse? Hurry up and take me there!"

"Yes, please follow me, Lord Wu Tuman!"

The demon Beast of Darkness who had come to deliver the news quickly turned around and ran away with a group of sea Rift stage experts.

Lin Yi didn't hesitate and followed behind!

Chapter 8279

The group of people was extremely fast. After making a turn in the passage, they quickly arrived at a relatively open area.

At this moment, there were already more than a dozen corpses on the ground.

Without exception, they were all Dark Demon beasts from The Dark Barbarian tribe that Lin Yi had killed!

"Who is it? Who did this?"

Wu Tuman's eyes turned red and he roared, "These are the brothers of our dark barbarian tribe. Pass down my order. Seal off this area. We must find the beast. I will cut it into pieces!"

The dozen or so bodies here were not all. There should still be some that had not been found, but it no longer had any effect!

Among the corpses, Wu Tuman saw a descendant of his race!

My closest kin! It would be strange if Wu Tuman did not go crazy at the sight of this!

"Lord Wu Tuman, the cause of their death is a little strange ... It seems to be the work of the Sorcerer tribe!"

A calm sea Rift Dark Demon beast started to check the body as soon as it arrived, and as Lin Yi had planned, it found something.

Lin Yi's ghost Yin's curse was a camouflage, and as long as one was serious, they would be discovered. The results were as expected!

"sorcerer tribe? hehe ... where were the sorcerer tribe now? i'm afraid there's some guy with evil intentions who's pretending to be a member of the sorcerer clan?"

wu tuman's eyes flickered and his face darkened."it must be the work of the people from the mixed yin tribe! other than them, who else could have killed so many of our dark barbarian people without a sound?"

"Other than the mixed Yin tribe, who else can use this kind of sorcerer tribe's killing method? Pass on my order. Gather our men and go to the mixed Yin tribe to demand an explanation!"

Even Lin Yi, who was hiding in the dark, was stunned. The mixed Yin tribe had the smallest number of people under the high priest's command, but their combat strength was one of the best!

This was because the mixed Yin tribe was similar to the tribe of the Aragami high priest. They were all descendants of the darkness magical beasts and the wizard tribe after their marriage.

However, the mixed Yin tribe didn't have many techniques and abilities related to the primordial spirit. They only had some of the wizard tribe's innate talents, which made them stronger than the darkness magical beasts of the same level.

This kind of strength was only reflected in battle. They couldn't do high-level work like brainwashing!

Lin Yi knew this, and that was why he purposely left some traces of the ghost Yin curse on the dead Dark Demon beasts.

That was a genuine method of the Sorcerer tribe, with the intention of shifting the blame to the mixed Yin tribe. If it didn't work, they could also conveniently push the blame to the tribe of the Aragami high priest. In any case, they would not lose out.

However, he did not expect the plan to go so smoothly. Wu Tuman had jumped into it by herself just at the beginning.

It seemed that there was still such a benefit to killing all the darkness magical beasts of The Dark Barbarian tribe!

He was so lucky!

"Lord Wu Tuman, please be careful! The mixed dark Tribe and our dark barbarian tribe are both important forces under the high priest. It's not very likely that the mixed dark Tribe will come out and cause trouble during these troubled times. It's even more impossible for them to kill so many of our brothers without anyone knowing!"

The sea Rift stage Dark Demon beast that had just checked the corpse was indeed very calm. It immediately came out to hold Wu Tuman back. "I think ... It's more likely to be an invasion! So, the matter of seeking an explanation from the mixed Yin tribe ..."

"Shut up! It's precisely because of these troubled times that the mixed Yin tribe is certain that we won't dare to do anything to them. That's why they're acting so unscrupulously against our brothers!"

Wu Tuman was furious. He didn't even give face to his companion. "What you said is within the calculations of the mixed Yin tribe! If we don't even have the courage to ask for an explanation after our clansmen were killed, do you think our dark barbarian tribe still needs to exist?"

The tribe was not made up of a single race. Wu Tuman was right. If the People's hearts were scattered, The Dark Barbarian tribe might really fall apart.

The darkness magical beasts of The Dark Barbarian tribes might switch to other tribes, and this wasn't something that had never happened.

"In that case, we should also inform the clan leader about this matter, right? If anything happens, at least the clan leader can be prepared!"

"Get lost! If you want to go and inform the clan leader, then go! This Lord won't stop you! The rest of you, gather your men and follow me to the mixed Yin tribe to demand an explanation!"

Although Wu Tuman was the second-in-command, which was the Deputy Chief of the tribe, he had a lot of power.

Thus, it wasn't impossible for him to bypass the patriarch and give the order. At least, apart from the calmer darkness magical beast, the other darkness magical beasts didn't have any objections!

Lin Yi smiled coldly in the dark. Since the plan was going so smoothly, there was no need to do anything else. He just needed to keep the fire burning.

After quietly retreating a distance, Lin Yi turned around and flew away, sneakily moving in the direction of the mixed Yin tribe.

Murky had never been to the tribe's territory before, but he knew the general location. Lin Yi followed his description and arrived at the tribe's territory smoothly.

On the other hand, the three to five lone darkness magical beasts they encountered in the map did not continue to attack.

Since Wu Tuman of The Dark Barbarian tribe believed that it was the chaos shade tribe's darkness magical beast that had killed his underlings, the other darkness magical beasts of the other tribes wouldn't make a move first to avoid arousing Wu Tuman's suspicion.

Lin Yi only started looking for a suitable target after reaching the territory of the mixed Yin tribe.

In this area, the darkness magical beasts of the mixed Yin tribe were the most active. Even if there were other tribes, there wouldn't be too many.

According to murky, the mixed Yin tribe had the least number of people, but Lin Yi didn't feel that they were small in number.

This was because they had encountered two groups of seven to eight darkness magical beasts the moment they arrived at the territory of the mixed Yin tribe.

There was no reason for Lin Yi to let them go-they were all alone beasts, so he used his consciousness to shake them up first, and then went all out to make some brutal wounds.

The Dark Barbarian tribe loved to use brute force to deal with their opponents. The more bloody and cruel they were, the more excited they were!

In order to push the blame onto The Dark Barbarian tribe, Lin Yi had to force himself to be cruel this time. Fortunately, it was against the dark Demon beasts, so it was easier to accept.

He didn't know if there was something special on the dark Demon beasts of the mixed Yin tribe, but Lin Yi had alerted the Masters of the tribe after killing two groups of Dark Demon beasts.

Because his spirit sense was limited, Lin Yi didn't dare to use it too much. After all, there were too many high-level sea Rift realm Dark Demon beasts here, and it would be easy for them to detect him.

Because of this, the Masters of the mixed Yin tribe surrounded Lin Yi. When they were very close to him and were about to attack, Lin Yi realized that something was wrong!

"Rush Gu! You dare to come to our mixed Yin tribe's territory to kill?"

Once the encirclement was revealed, Lin Yi was completely exposed to the dark Demon beast Masters of the chaos shade tribe!

Chapter 8280

"It's a misunderstanding! I didn't kill anyone! My Lords, please don't wrongly accuse a good person!"

Lin Yi, of course, wouldn't admit it. He started crying out, "I have important news to inform the Lords! This is a matter of great importance, so I can't be negligent. In order to keep it a secret, I can't ask to see you in public. I ask for your understanding!"

Fortunately, Lin Yi was already far away from the crime scene when the encirclement was formed. They didn't catch Lin Yi on the spot, so they could naturally argue their way out of this. However, it was hard to say if they could fool them!

"Hehe ... You're just a prison guard. If you don't do your job properly, what important news can you have that you came to our mixed Yin tribe? Why didn't you report to your black fiend tribe?"

The dark Demon beast in the lead squinted its eyes and looked at Lin Yi with a smile that didn't look like a smile. It was a look that made one's hair stand on end.

"It's true! I really do have important news, so please listen to me first!"

Lin Yi didn't feel too good about it, but he had to put up a struggle. "Lord Wu Tuman of The Dark Barbarian tribe has already gathered the elite warriors of The Dark Barbarian tribe and is preparing to

attack the territory of the mixed shade tribe! Their Scouts are already nearby. Perhaps they've already started killing people in the periphery of the mixed Yin tribe!"

Shuai Guo! He was blatantly Shuai Guo!

This was the plan, but they didn't expect Lin Yi to be blocked by the mixed Yin tribe before they could even execute it!

"My Lords, if you don't believe me, you can send out a Scout to check if The Dark Barbarian tribe is really gathering their elite warriors and preparing to attack the mixed Yin tribe! If I'm lying, I'm willing to suffer a thousand cuts!"

The latter part of Lin Yi's words was the truth, and it made the dark Demon beast of the mixed Yin tribe suspicious.

"Send a few smart ones and see if Wu Tuman really wants to attack our mixed Yin tribe! Spread out a few more men and see if there are any dark barbarian tribesmen in the periphery!"

The leading Dark Demon beast gave a few orders before turning to Lin Yi, "And you, you are not murky, tell me, Who are you?"

Lin Yi blinked. How was that possible? Murky Gu's body was real, its aura was also exactly the same, there were no flaws at all!

"My Lord, what are you talking about? I am rush Gu ... Is there any doubt about this?"

"Hehe, murky Gu is just a low-level pawn, I know him because he left a deep impression, you think your disguise is flawless, but have you ever thought that murky Gu would not dare to speak like this in front of me!"

Lin Yi didn't know what to say-he couldn't understand how this bastard murky could be recognized everywhere he went!

He was clearly a small figure, but he could even call out the name of the Big Shot of the mixed Yin tribe!

Since when did nobodies receive such treatment?

Moreover, murky had said himself that he had never been to the territory of the mixed Yin tribe. Even so, he was still recognized by the leader of the tribe at a glance. Just how deep was this damn impression?

Bastard!

"My Lord, I came over to report the warning with good intentions. You can't do this to me, right? Even a small figure has dignity!"

Lin Yi still wanted to save the situation one last time-what if the other side was lying? To admit it stupidly was an idiotic action!

"Hehehe, you are still being stubborn, if you are murky, then tell me, Who are we?"

The darkness magical beast opened its arms and surrounded all the darkness magical beast experts. They were all high-level combatants of the mixed Yin tribe and were very famous in the tribe.

A small character like murky might not have the chance to talk to the big shots, but he could definitely recite their names and appearances!

Unfortunately, Lin Yi wasn't murky, and he couldn't get any of these Dark Demon beast Masters!

"Alright, stop struggling. Left and right, capture him and torture him. I don't believe I can't get what I want!"

The leading Dark Demon beast waved its hand, and two of them rushed out, ready to capture Lin Yi alive.

Lin Yi curled his lips as his spirit left murky's body, returning it to the Jade space.

Thus, before the dumbfounded murky could recover, it realized that it was suffering the most brutal and inhumane beating!

"Stop! "Ah!" Stop ... Stop, murky Gu ... I ..."

"Stop? I f * cking wanted to give you a kick! Tell me the truth, who are you, and why are you here?"

The darkness demon beast that asked the question asked as it punched and kicked.

Murky did not know what he had done, so it was still being beaten up for no reason, unable to even speak!

Murky felt extremely wronged. Even if you wanted to interrogate me, you had to give me a chance to speak!

He didn't even have the chance to speak. Was this an interrogation? This was purely a cuffing, okay?

The darkness demon beast didn't care whether it was torture or interrogation, as long as it had a good time!

Lin Yi hid at the side in his essence spirit state, looking at murky's unlucky state and apologizing in his heart.

Of course, Lin Yi wouldn't sympathize with murky. As the saying goes, there must be something hateful about the pitiful. Murky guarded the prison, and how many human warriors died in there?

If murky was innocent, then the coffins of the human heroes who had died would probably not be able to be pressed down!

In a short while, murky Gu was finished with a miserable cry.

The scene was extremely bloody and cruel, but it was also a little funny. He really didn't know how to describe it!

"Lord, murky Gu is not the killer! With his strength, he might have a chance to succeed in a one-on-one sneak attack. However, our brothers here are never alone. They always act in small teams!"

The darkness magical beast that killed murky calmly wiped the blood off its hands and reported to the leader of the darkness magical beasts, ""In this situation, with murky Gu's strength, it is impossible for him to succeed in his sneak attack, much less kill so many of our brothers without a sound."

This was the obvious truth, there was no need to doubt it, that was why murky Gu did not even have the chance to explain, he was killed on the spot.

This was because the darkness magical beasts of the mixed Yin tribe didn't plan to get any useful information from murky at all. They only wanted to vent the anger in their hearts!

In any case, so many darkness magical beasts had died in the mixed Yin tribe. Who could say anything if they killed a small fry that had come to the mixed Yin tribe's territory?

"You're right. So the murderer who killed our brothers is someone else. Maybe it's really an expert of The Dark Barbarian tribe, or maybe it's the black fiend tribe who wants to cause trouble ... In short, we'll gather everyone together first. If the other party really wants to attack us, they must be mentally prepared for us to break their hands!"

The leader of the darkness magical beasts had a gloomy expression, and after giving the order, the other darkness magical beasts immediately started to move.
