

## Bodyguard 8281

### Chapter 8281

The members of the mixed Pudu tribe were much fewer than The Dark Barbarian tribe, so they assembled very quickly.

By the time the darkness magical beasts that had been sent out to investigate returned, all the Warriors of the mixed Yin tribe had already assembled and were ready to fight with high morale!

"My Lord, The Dark Barbarian tribe has indeed gathered many elites. Under the leadership of Wu Tuman, they are rapidly approaching us!"

The scouting darkness magical beasts brought back accurate news, and the leader of the mixed Yin tribe was immediately enraged.

"Bastard Wu Tuman, you actually dared to lead your Army to fight us? do you really think that our mixed Yin tribe is easy to bully? Forget about the assassination, you even want to completely annihilate our mixed Yin tribe!"

One of the most important duties of a leader was to boost morale before the battle. "Brothers, for the home behind us, to deal with the brutal attack of The Dark Barbarian tribe, we must defeat the Dark Barbarian tribe with all our strength!"

They were all darkness magical beasts, so who didn't have a bad temper?

Moreover, even though the mixed genitalia tribe did not have as many people as The Dark Barbarian tribe, their combat strength was not inferior by much.

"Kill all The Dark Barbarian idiots!"

"Kill them all!"

"Kill, kill, kill!"

.....

The dark magical beasts of the mixed shade tribe responded to a single call, and their battle intent instantly soared. They were like an ignited barrel of explosives that erupted with astonishing killing intent!

Lin Yi, who was observing in the dark, was very satisfied with the effect. He sneaked out and prepared to find a chance to light another fire.

Most of the darkness magical beasts of the mixed shade tribe were gathered here, and it was obviously not suitable for them to play any small tricks. Thus, they could only target the scouts that had been sent out.

In his essence spirit state, Lin Yi's movement speed was as fast as lightning, like a real ghost. In the blink of an eye, he was far away from the group of mixed Yin tribe.

He spread out his divine senses and quickly locked onto a group of three darkness magical beast Scouts. They just happened to be near a pile of undiscovered corpses of the chaos Yin tribe's darkness magical beasts.

Lin Yi went to the pile of corpses first, picked one that was still intact, and attached his spirit to it.

"These guys are too ruthless ... He's already crippled. Even with possession, he can barely move. It's a little unrealistic for him to perform any combat moves!"

Lin Yi, who was still in the dark Demon beast's body, stood up and twisted his body as he mumbled.

After that, Lin Yi leaned against the wall and sat down on the ground in an extremely weak position.

"Help ... Help ... Is there anyone ... Help ..."

Lin Yi lowered his voice and called for help in a low and hoarse voice. It wasn't loud, but it was enough for the scout team to hear.

As expected, the commotion here quickly attracted the attention of the nearby scout team.

The three darkness magical beasts maintained their vigilance and quickly approached.

"Samoye! How are you? Are you alright?"

One of the dark beasts in the scouting team was clearly very familiar with the one Lin Yi possessed-it quickly pounced over when it saw Lin Yi's weak and helpless state.

The other two were on high alert, splitting to the left and right, keeping an eye on their surroundings.

Lin Yi's lips twitched. Why did he always meet people he knew when he was in the dark Demon beast's body? it seemed like the dark Demon beast's circle was really small!

It was a pity that the dark Demon beast's essence spirit had dissipated long ago, and Lin Yi didn't have any useful information. He didn't dare to talk to anyone.

Fortunately, Lin Yi was heavily injured, and it was hard for him to even speak.

"Enemy ... There's an enemy ... It's The Dark Barbarian ... Dark barbarian ... Tribe ..."

Lin Yi's acting was off the charts-that weak and vulnerable state was the perfect portrayal."They ... Went that ... That way ... There are four ... Four of them ..."

The finger that he had raised with all his might only managed to raise a few inches before falling down dejectedly, but it was enough to point out the direction he wanted to point!

"Four of you ... The two of you, go after him. If you're not confident, don't make a move. Bite the tail and wait for reinforcements! I'll treat samoye first!"

The dark Demon beast beside Lin Yi was very decisive and immediately assigned tasks.

Lin Yi said four because he felt that even if they couldn't win, they wouldn't lose, and they could hold on for a long time.

The two didn't say anything, only nodding and flying in the direction Lin Yi pointed.

Lin Yi didn't think that the plan would go so smoothly. He was thinking of another plan if his first one didn't work, and that one of them would be left alone.

It was too F \* cking smooth!

After the two demon beast Scouts left his sight, Lin Yi suddenly smiled. "I'm sorry! The samoye is waiting for you to accompany him. If you walk faster, you might be able to catch up!"

The darkness demon beast was about to save Lin Yi when it heard this. It felt that something was wrong and wanted to react, but the essence spirit in its sea of consciousness shattered as if it was struck by lightning!

Lin Yi's essence spirit took the chance to move from the samoye's body into the beast's body.

The shattered soul floated in the sea of consciousness, and Lin Yi's soul kept it somewhere. His wulinghai spread out and covered the beast's sea of consciousness.

Soul-searching technique!

The information was extracted from the fragments, and while most of them were broken images, it was enough to provide Lin Yi with useful information.

For example, this unlucky fellow was called labrazhe. He was a Scout of the mixed Yin tribe and had a close relationship with the dead samoye. In the words of the secular world, he was called a childhood friend.

Therefore, when he saw that sa Moye was heavily injured and on the verge of death, he was more or less anxious. That was why he temporarily put down the mission and saved him first.

He didn't expect that the rescue would fail and he would also lose his life.

The other two Scouts also knew of the relationship between the two, which was why they had taken on the task of tracking the enemy.

After a short while, the two Scouts returned. ""Labrazhe, we haven't found any traces of The Dark Barbarian tribe. How's the samoye? Did sa Moye remember the wrong direction?"

"Samoye ... Is dead!"

Lin Yi's expression was pained, and his voice was hoarse, perfectly expressing the sadness after farting. The other two Scouts didn't suspect anything at all.

The two Scouts sighed and patted Lin Yi's shoulder, "Don't be sad, labrazhe. We will definitely avenge samoye! The most important thing now is to go back and report the situation!"

This was the effect Lin Yi wanted. He and the two Scouts immediately brought the bodies back.

After returning to the gathering point, Lin Yi pretended to be extremely sad and gave the report to the other two Scouts, earning himself the good reputation of being loyal.

In fact, Lin Yi was just afraid that he'd make mistakes if he said too much-it was better to keep his mouth shut!

Chapter 8282

It was all thanks to the fact that samoye and the labradza were his childhood friends that he didn't have to suffer the wrath of the heavens!

"As expected, it's the people of the Dark Barbarian tribe! Now, the evidence was irrefutable and the facts were there! My sons, let's take revenge! Let those barbarians of The Dark Barbarian tribe know that our mixed Yin tribe isn't to be trifled with!"

The scouts didn't catch anyone from The Dark Barbarian tribe, and the so-called evidence was all there. It was just Lin Yi's one-sided story from that damn sa Moye, but all of that wasn't important!

Sa Moye was already dead. As the saying goes, when a man is about to die, his words are also kind. There was no evidence against a dead man's words. No one would doubt that the loyal warrior of the mixed Yin tribe, sa Moye, would lie with his life!

"Revenge! Take revenge!"

Lin Yi played the role of the labula perfectly as he raised his arms and roared, rousing the momentum of all the dark Demon beasts of the mixed shade tribe!

The chieftain of the mixed Yin tribe was very satisfied. With a wave of his hand, he led the team and set off!

Within the territory of the wilderness high priest's tribe, there were all kinds of crisscrossing passages, and many intersections were relatively open, so it was basically impossible to ambush a team.

Therefore, even though the chief of the mixed Yin tribe knew which path Wu Tuman and his men would take, he could not ambush them in advance. He could only find a place suitable for a large group of people to fight and wait for the final battle.

Lin Yi kept calculating in his mind. The actions of The Dark Barbarian tribe and the mixed dark Tribe couldn't be hidden from the high priest. There might be someone coming to stop the war soon.

After all, even though the darkness demon beast clan encouraged fighting, it was only a small fight, and it was not a big deal for ten to twenty darkness demon beast Warriors to die.

However, if the two tribes were to fight and both sides were injured, it would hurt the vitality of the wilderness 'high priest tribe!

So Lin Yi felt that time was of the essence. If he couldn't let The Dark Barbarian tribe and the mixed dark Tribe fight each other before the high priest mediated, the plan would fail!

He didn't go through so much trouble just to fail!

Lin Yi made up his mind and started to move to the front of the tribe. He didn't use the identity of labrahim to sneak in just to give them false information and let them confirm that the murderer was from The Dark Barbarian tribe!

After a short while, the mixed Yin tribe arrived at the designated battlefield. The space was very wide, enough to accommodate tens of thousands of people!

The Dark Barbarian tribe appeared in the opposite passage at about the same time, and both sides began to face each other.

"Wutuman, you ..."

The leader of the mixed shade tribe was prepared to say a few words to show that he was a Righteous Army and that he was going to fight against the evil people of the Dark Barbarian tribe!

He'd just opened his mouth when Lin Yi's possessed labula yelled, "Wu Tuman, you bastard, hand over your life!"

Before he finished his sentence, Lin Yi took the lead and charged fearlessly into the opposite line!

Time is of the essence, where would I find the time to give you guys some nonsense? Let's get started! Let's wrap up early after we're done!

Neither side had expected that there would be a darkness magical beast that would start a fight just because they didn't agree with each other. It dared to fight against a large group of dark barbarian tribes alone!

This wasn't eating a bear's heart and a leopard's courage, but his entire body had grown a bear's heart and leopard's courage, right?

However, the darkness magical beasts of the chaos shade tribe could still be understood. After all, everyone knew that the good brother of labradza, samoye, had been killed by those bastards of The Dark Barbarian tribe!

As brothers, they would definitely seek revenge!

However, that imposing aura that seemed to be determined to go even though there were millions of them still shocked all the dark magical beasts of the mixed Yin tribe. Then, it was as if they had been injected with chicken blood as they roared and began to charge!

Since labula had the guts to avenge his brother, who was the coward? Charge!

Wu Tuman was furious. He had originally wanted to question if the mixed shade tribe was the murderer of their dark barbarian tribe. Now, there was no need to ask!

"Kill them all! These despicable things of the mixed Yin tribe are all trash!"

From Wu Tuman's point of view, the mixed Yin tribe had launched an attack without even saying a word. They must have a guilty conscience!

Or, they simply didn't bother to explain and used their actions to confirm the fact that they had killed and committed crimes!

The darkness magical beasts of the mixed shade tribe wanted revenge, and the darkness magical beasts of The Dark Barbarian tribe also wanted revenge. Both sides didn't even have the time to speak before they entered a melee battle with blood, flesh, and brains flying everywhere!

The mastermind behind all this, the mastermind of all this, takashila bourachan Lin Yi, had been chopped into pieces by The Dark Barbarian tribesmen after putting on a brave show of charging through the battlefield alone and killing two dark barbarian Warriors!

To be pulled and chopped into pieces ... Well, he deserved it!

Naturally, Lin Yi's spirit was completely fine. It left labrazhe's side and left the battlefield quietly. No one had the energy to notice Lin Yi's presence now that the two sides were fighting to the death.

Even if they had the energy, they wouldn't be able to find Lin Yi. After all, Lin Yi's spirit was extremely strong. Without a stronger spirit, it would be hard to see Lin Yi's tracks.

He quietly hid at the side and watched for a while. At first, the two sides were evenly matched, in a state where one of them died, and the other died. No one could think of dying more or less.

But very quickly, the balance of the situation began to tilt. After all, Wu Tuman was only the Deputy Chief of The Dark Barbarian tribe, and the darkness magical beasts that he had brought this time were not the entire combat power of The Dark Barbarian tribe.

However, the mixed Yin tribe was different. They had directly bet all their assets!

In terms of combat power, the mixed Yin tribe was already slightly superior. Now that their numbers were basically equal, and there were even more mixed Yin tribe members, it was very normal for the battle situation to tilt in their favor!

Lin Yi thought for a moment and left the battlefield silently, heading towards the high priest.

On the way, he met a group of nine dark beasts rushing in Lin Yi's direction. The leader was a mid-tier sea Rift Dark Demon beast, and the rest were earth formation stage and above.

If he was not wrong, this should be the envoy sent by the high priest of the wilderness to mediate.

The strength of the middle stage of the sea shattering realm was not enough to suppress the two races, but his status was there. He represented the high priest of the wilderness, and no one would dare to ignore him!

Lin Yi laughed coldly. As expected, the high priest acted quickly. He probably sent someone to mediate the situation as soon as he received the news.

The timing was also very accurate. It would not be too early or too late. If it was too early, the two sides would not have met yet, so how could they mediate?

If it's too late, both sides will be fighting, what's the point of mediation?

Therefore, this group of emissaries was basically hurrying on their way. It was expected that the two sides would meet and bicker, and before they started fighting or if there was only a small conflict, they would be able to rush over to mediate.

Chapter 8283

Unfortunately, they didn't expect Lin Yi to push The Dark Barbarian and mixed Yin tribes into a full-scale battle, skipping the testing of words.

If this group of emissaries were to head over now, it wouldn't be easy to make the two races stop their killing!

It wasn't easy, but Lin Yi wasn't going to let them mess things up!

So when these nine messengers passed by, Lin Yi activated his strongest spirit sense vibration and took them down instantly!

After searching for a while, he found the high priest's token on the leader of the darkness magical beasts, confirming the identity of the messenger.

Needless to say, he used the soul-snatching hand and possessed her. He was very familiar with the process.

After becoming a Messenger, Lin Yi took care of the eight followers easily. Four of them died miserably, which was a sign of The Dark Barbarian tribe's methods.

The other four had disguised themselves as the members of the mixed Yin tribe. Regardless of whether it was useful or not, they had to be prepared. As the saying goes, 'there's no harm in being prepared'!

After finishing all this, Lin Yi identified the direction and flew towards the black demon tribe's territory.

This Dark Demon beast's body was strong, but it wasn't compatible with Lin Yi. He could only control his movements, but couldn't use the body's normal fighting strength.

The previous labradza fit Lin Yi quite well, and he was able to use about 70 - 80% of his strength. That was why Lin Yi was able to kill the two dark barbarian Warriors with his life-risking attack.

The messenger was way stronger than labrahe, but his actual combat strength was far from labrahe's. It wasn't even as strong as Lin Yi's body ...

So Lin Yi decided that he wouldn't use his hands when he could talk!

Fortunately, although he couldn't use his fighting strength, his speed wasn't affected much. He quickly reached the black fiend tribe's territory.

"The high priest of the wilderness has ordered! Black fiend tribe, assemble!"

Lin Yi took out the high priest's token as soon as he saw the dark Demon beasts.

In addition, the head he was currently wearing was also a well-known figure in the tribe, so the black fiend tribe didn't dare to neglect him. They immediately reported to the tribe leader, and the tribe leader personally led a team to welcome him.

The gathering of the black demon tribe was even more effortless-they'd already started gathering before Lin Yi arrived.

It wasn't that they wanted to get involved in the muddy water, but they just wanted to protect themselves.

The black fiend tribe was the weakest tribe among the high priest tribe in the wilderness. The battle between The Dark Barbarian tribe and the mixed Yin tribe was not too far away from the black fiend tribe.

They were afraid of being caught in the crossfire, so they had to make defensive preparations.

It wasn't like there hadn't been such a precedent in the past. Two large tribes had fought to the death, but in the end, they had joined forces to divide up a small tribe ... This was F \* cking unreasonable!

"Lord tai di, I wonder what orders the high priest has for us?"

Although the black demon tribe's patriarch was at the consummate level of the sea-splitting realm, he didn't dare to be rude to the messenger that Lin Yi had possessed. He was very respectful.

Lin Yi's lips twitched-what the hell did he pick?

Labradors and poodles. Those who didn't know would never think that this was a tribe of dark beasts. Instead, they would think that this was a Dog Pet shop!

Come on, they were all big, burly, and fierce dark magical beasts. Was it really good to have such a cute name? Can't you be a little more imposing?

Lin Yi wasn't done cursing in his heart as he spoke coldly in front of Lord tai di,"The chaos shade tribe is plotting a rebellion. Murky Gu from your black fiend tribe accidentally found out about it and reported it to the high priest!"

"It's a pity that murky Gu was chased by the mixed Yin tribe, his injuries were too severe and he died, but the information he sent with his life exposed the conspiracy of the mixed Yin tribe!"

"Lord Wu Tuman of The Dark Barbarian tribe has received the order and has already gone ahead to annihilate the mixed Yin tribe. Unfortunately, the incident was too sudden and The Dark Barbarian tribe's troops were not fully assembled. They can't suppress the mixed Yin tribe in a short time!"

"Therefore, the high priest has ordered the black fiend tribe to immediately assemble and send troops to assist the black barbarian tribe in suppressing the chaos shade tribe's rebellion! When the order arrived, it would be carried out immediately! I still have to go to other places to mobilize troops!"

The patriarch of the blackfiend tribe and the darkness magical beasts beside him were all stunned, not knowing how to react.

So this was the truth of the matter?

He couldn't figure out why The Dark Barbarian tribe and the mixed shade tribe would suddenly go against each other. There was no reason for this in the current situation!

It made sense now! It turned out that the rebels of the hunyin tribe wanted to rebel!

Needless to say, he must be thinking of going to the tribe of the high priest of the desolate God tribe, right?

After all, they were the mixed-blood descendants of the darkness magical beasts and the wizard tribe, so it made sense!

Lin Yi didn't care what the people of the black demon tribe were thinking, and left after a few words.

Lin Yi didn't want his cover to be blown if he stayed any longer, but this was just right.

Before he left, Lin Yi gave the black demon tribe a big reward, saying that if they made any contributions, the high priest would reward them and expand the tribe's strength.

The black fiend clan's clan leader, who had always been at the bottom of the pack, immediately became excited. He immediately led the troops he had already gathered and charged towards the battlefield.

At this moment, the battle between The Dark Barbarian tribe and the mixed Yin tribe had reached its climax. Both sides had lost many Warriors. At least one-tenth of the mixed Yin tribe had died, and more than half of them were injured.

The Dark Barbarian tribe was even worse off. They had twice as many casualties as the mixed Yin tribe, and the rest were all injured in varying degrees.

If they didn't have any reinforcements, it probably wouldn't take long for them to be wiped out!

The darkness magical beasts of the mixed shade tribe were excited as they killed, and they became more and more courageous as the battle progressed. As for The Dark Barbarian tribe, their ability to resist was even lower after the number of casualties had increased. The situation was beginning to develop in a one-sided direction.

At this moment, the black fiend clan arrived!

No matter how weak they were, they were still a tribe of darkness magical beasts!

It was like a class where the top student scored 100 points and the last student scored 90 points. The difference in ranking was like heaven and earth, but the real difference in score was not as big as it seemed!

The black fiend tribe's new force would definitely not be able to fight against the chaos Yin tribe at its peak. However, they were now evenly matched against the chaos Yin tribe, which had already suffered quite a few losses!

With the help of the dark Demon beasts of The Dark Barbarian tribe, the situation was reversed in an instant.

The hunyin tribe's suppression of The Dark Barbarian tribe had suddenly turned into suppression.

Although it wasn't a one-sided massacre, it was certain that their destruction was close at hand!

The patriarch of the black fiend tribe was extremely excited. He personally led the charge. As long as the mixed Yin tribe was annihilated, the good days of the black fiend tribe would come!

Chapter 8284 The End

What was Lin Yi doing at this time? Lin Yi found another tribe and used his identity as tai di and the high priest's token to successfully trick another tribe into joining the battle!

However, he was helping the mixed Yin tribe this time!

More than half of the dead and injured mixed Yin tribe members were forcefully healed and their lives were successfully extended. The battle once again fell into a stalemate and began to reverse ...

As more and more darkness magical beasts were thrown in, the initial battlefield could no longer hold them. The battle began to spread, affecting the surrounding tribes.

Lin Yi didn't need to do anything else-the entire high priest tribe had been snowballed into a meat-grinder battlefield.

By the time the high priest of the wilderness reacted and wanted to come out in person, the situation had completely gone out of control!

All the darkness magical beast tribes felt that the other tribes were rebelling and wanted to rebel. They then fought to the death to protect themselves.

Chaos descended!

The wilderness 'high priest was powerless to reverse the situation. He could only watch his tribe rapidly slide into the abyss, but he was powerless!

No one knew what had started the battle.

Countless people from The Dark Barbarian tribe and the mixed Yin tribe died in the war. The black fiend tribe and the other tribes that were tricked by Lin Yi only knew that they were here to suppress the rebels!

Some tribes believed that the rebels were the mixed Yin tribe, while others believed that it was The Dark Barbarian tribe.

The two sides were divided into two camps, and they were fighting endlessly. There were even more magical beasts who were innocently affected, and they could not tell what was what. In their eyes, they were all rebellious.

Lin Yi started lighting fires everywhere and hid in the dark, watching as the small sparks grew into a Prairie Fire.

When things are done, one will brush one's clothes and leave, hiding one's achievements and fame!

Of course, it wasn't the time yet. Lin Yi waited for the chaos to reach its peak and the dark beasts to die before they started moving again.

"My Lord, things are not right. We need to find reinforcements to help. I think that the Aragami high priest's tribe is the closest, so we can ask for help from him!"

Lin Yi changed his identity again and sneaked up to a tribe leader with his face covered in blood, trying to find out the location of the high priest tribe.

"That makes sense ... Hurry up and ask for help from the Aragami high priest!"

The clan leader was in the middle of a heated battle, and he took the time to agree to Lin Yi's suggestion.

Lin Yi was speechless. If he knew where to find the Aragami high priest's tribe, he wouldn't be here talking to you.

Can't you have a better eye?

"That's not right. Do you know the location of the Aragami high priest tribe?"

Fortunately, the clan leader reacted in time and asked.

Lin Yi was very pleased-this kid had a bright future ahead of him!

"I don't know, clan head!"

Even if you're unreasonable, you're still strong. Come on, tell me quickly! I'm going to find the Aragami high priest, you guys can continue to beat up the heads of your own people!

"If you don't know, why are you here! I don't know, hurry up and kill the enemy!"

If it wasn't for the fact that the patriarch couldn't free himself, he would've sent Lin Yi flying with a kick!

You're so busy, and you're still here to make trouble. If you have time to talk nonsense, can't you help kill a few opponents first?

Lin Yi's mouth twitched-this guy wasn't a fake chief, was he?

They didn't even know the location of the Aragami high priest's tribe. How did they survive?

How could he be the clan leader? Hurry up and die!

Lin Yi turned around and left, throwing a spirit sense collision at the clan leader. The man was stunned for a moment, and his opponent took the chance to kill him easily!

There wasn't any balance in the situation anymore-it was all dark beasts anyway, and Lin Yi didn't care which one died.

To be honest, Lin Yi's initial plan didn't have much of an effect. He just wanted to create chaos and fish in troubled waters.

He didn't expect things to go so smoothly, so what was there to be picky about?

Lin Yi did the same thing and asked two Chiefs, but no one knew the location of the tribe.

They had only heard that the Aragami high priest's tribe was very mysterious, and that there were very few dark magic beasts that they knew of.

In this tribe, the only person who might know was the high priest of the wilderness!

Helplessly, Lin Yi started to observe the high priest, the high priest who had been tricked by Lin Yi.

At this moment, the high priest of the wilderness had begun to suppress the chaos in person.

After all, the other party was the leader of the tribe and had deep prestige, so he quickly had some results.

It's not easy!

Lin Yi pinched his chin as he pondered.

The high priest of the wilderness was very powerful, and he was at least a half-step heaven breaking expert.

As a high priest, he must have some achievements in the soul as well. Lin Yi wasn't sure if he could take down the high priest in one go!

Be it his physical strength or his essence soul's strength, he had no confidence!

In this case, adding the language of the monsters was just another dish. It was completely meaningless!

The only thing he could do now was take a risk!

Lin Yi made up his mind and stepped forward, "High priest, why do you want us to kill each other? So many of our brothers have died. High priest, what benefits do you have? This is your tribe!"

The Furious roars suppressed the deafening battle cries, and the entire battlefield fell silent for a moment!

The high priest of the wilderness was stunned. 'I asked you to kill each other?' Is his brain damaged?

The dark beasts' minds cleared up a little after Lin Yi's shout. They started to think about why they had to get involved in this battle.

"High priest, our black fiend tribe may be weak, but we are loyal to you. After our tribe leader received the order, he immediately gathered his troops and personally led them to suppress the chaos Yin tribe's rebellion."

Lin Yi's face was full of grief and indignation. The person he was possessing was the leader of the black demon tribe, the trusted general of the tribe leader. The black demon tribe leader was already dead.

In other words, Lin Yi's current status was enough to compete for the chief of the black demon tribe, if the black demon tribe still existed.

The black fiend tribe was the third tribe to join the battle. They suffered heavy losses and were almost exterminated.

After today, the black fiend tribe would probably be gone!

Lin Yi could at least gain some sympathy if he used this identity.

"But what have we experienced? The mixed dark Tribe is also constantly being joined by other tribes. It is said that they have also received the high priest's order to send an emissary to exterminate the rebellion of The Dark Barbarian tribe and our other tribes!"

"Why? Why are we the ones who accepted the order to suppress the rebellion, but in the end, we became the rebels who were suppressed? High priest, what are you doing? You want us to kill each other to this point! Is it to eliminate dissidents?"

Lin Yi's words made most of the dark beasts suspicious. They all looked at the high priest with questioning eyes, waiting for an answer!

Chapter 8285

The high priest of the wilderness was furious, ""Impudent! Why would I do such a thing? It's clear that someone is trying to sow discord. All the brothers in the tribe are loyal to this King, so how could I have the idea of letting you kill each other?"

"High priest! What you said is true, but what's the truth? Lord tai di is your trusted aide, high priest, and he also has the token that you gave him. If not for that, how could our black fiend tribe have gotten involved in the battle between The Dark Barbarian tribe and the mixed Yin tribe?"

Lin Yi looked at the high priest angrily, but he didn't lose his mind. He said with reason, "I heard that the tribe fighting against us also received Lord tai Di's order. Perhaps we should ask the high priest to call Lord tai di out for a face-to-face confrontation?"

Some tribes had already stopped and agreed with Lin Yi's words.

Too much blood! No matter how bloodthirsty the darkness demonic beasts were, they would get tired. They also wanted to find out what was going on.

"Tai dei...He is the emissary I sent to mediate the conflict between The Dark Barbarian tribe and the mixed shade tribe. I have never asked him to mobilize troops from other tribes to suppress the rebellion!"

The high priest of the wilderness was a little flustered and felt that something was not right. "After Tiandi went out, he didn't come back to report. Something must have happened. Everyone, don't worry ..."

"High priest, you didn't kill him, did you? After using Lord tai di, he would deal with him? Can't you just give us a dead man's testimony?"

Lin Yi laughed coldly.

The dead man from Thailand had indeed been dealt with, but the person who dealt with him was definitely not the high priest of the wilderness. Now, there was no evidence!

"Bullshit! Why did I do this? What are the benefits of destroying my own tribe?"

The high priest of the wilderness was shocked and angry, and he couldn't distinguish it for a while.

However, with his prestige and identity, the tribal leaders did not dare to do anything to the wilderness high priest, even though they were suspicious.

Lin Yi, on the other hand, didn't care-he pretended to be angry and laughed,"The real high priest of the wilderness would not do such a crazy thing, but what if you are not the high priest? Or you are the high priest of the wilderness, but you are controlled by outsiders?"

It was actually very risky to put it that way-people would wonder if it was really it, if it was being controlled, and even if Lin Yi was being controlled as a Dark Demon beast.

But Lin Yi couldn't care about that. There wasn't any danger anyway, and it didn't matter if he just left. If he could kill the high priest while the dark beasts were still confused, then that would be great!

"It is said that the Aragami high priest has the ability to control people's hearts. If humans need to be brainwashed, they will be sent to the Aragami high priest. Could the wilderness high priest ... Have he also been controlled by the Aragami high priest?"

Lin Yi's guess worked surprisingly well-the dark Demon beast patriarchs were starting to get suspicious.

If they could really defeat the high priest of the wilderness, these tribal chiefs would also benefit, and a new high priest might be born!

"Nonsense, how can I be so easily controlled? You're distorting the truth, could it be ..."

The high priest's reaction was fast, and he immediately caught the loophole in Lin Yi's words. Whether he was really suspicious or trying to divert attention, he was ready to say that he suspected that Lin Yi was being controlled.

Lin Yi couldn't let the high priest say it-all his efforts would go to waste!

"Tribe leaders, we've killed each other today, causing more than half of our brothers to die and the rest to be injured. The person behind all this is the high priest of the wilderness!"

Lin Yi raised his arms and shouted, stirring up the ambition in the hearts of these dark beasts, "Thailand represents the high priest of the wilderness. Even if there is a problem with Thailand, the high priest of the wilderness will have to bear the blame!"

"Judging from the current situation, I think the wilderness high priest is no longer qualified to continue to serve as the high priest! Everyone, let's capture the high priest of the wilderness and interrogate him! At the same time, we will elect a new high priest to restore order and control the situation!"

If they had any reservations before, the temptation of becoming the new high priest had moved the hearts of the tribal chiefs.

Whether or not he could become the new high priest in the end, at least he would have this opportunity, right?

And so, under Lin Yi's call, the remaining tribe leaders really did join forces to attack the high priest!

The high priest of the wilderness was shocked and angry, and he shouted, ""You traitors, are you all going to rebel?"

The tribe leaders were still a little uneasy when they heard the words "rebels". When the high priest of the wilderness mentioned "rebels", they became ruthless!

I was treated as a traitor by you, and that's why I fought to the death with other tribes. Now you finally admit it, right?

"Kill him!"

"Kill him!"

The crowd was excited!

The high priest of the wilderness naturally had many underlings around him, but the number was far less than the Joint Forces of many tribes. Even if there was a gap in their combat power, in the face of absolute numbers, this gap was not enough!

Soon, the guards of the wilderness 'high priest were defeated, and he was besieged by several patriarchs. The gap in individual strength could be made up in the face of absolute numbers!

The tribal chiefs might not be a match for the wilderness high priest in a one-on-one battle, but they were more than capable of beating the wilderness high priest in a group. If they did not want to preserve their strength to be the final winner, the wilderness high priest would have been killed!

Even so, the high priest of the wilderness could only hold on for a while before he was finally besieged by the experts of many tribes and died!

Lin Yi was mixed in with them, and in the last moment before he killed the high priest, he released a burst of consciousness. It wasn't strong, and it only dazed the surrounding darkness demon beasts for a moment.

In that instant, Lin Yi used the chance to pull the weakened high priest's soul into the Jade space!

Under normal circumstances, he might not have been able to succeed so easily and without attracting attention. However, the situation before him seemed dangerous, but it was actually safe.

His primordial spirit was taken away by the soul-snatching hand, and the remaining body of the wilderness high priest was destroyed by the following attack!

It was flawless!

Lin Yi wasn't the one who dealt the last blow, so they couldn't suspect him. Even if the dark Demon beasts checked the body, they wouldn't be able to find anything!

As soon as the high priest of the wilderness died, the tribe was really finished. The few dark magical beast tribe leaders who had just joined forces immediately pulled away and prepared to fight for the position of the high priest!

## Chapter 8286

They originally did not have any thoughts of betraying or rebelling, but they had pushed it to this point step by step, and they could no longer stop or turn back!

"Kill!"

Lin Yi was worried that the tribe leaders would sit down and negotiate-that was unacceptable! He immediately shouted and attacked a clan leader beside him!

It didn't matter if the black demon tribe, which was on the verge of extinction, could compete for the high priest's position-no one cared about Lin Yi's identity.

In such a tense state, any spark could detonate the entire tribe!

Lin Yi's reckless approach was the last straw that broke the balance and broke the camel's back!

Other than the clan leader who was ambushed by Lin Yi, the others all made their move at the same time, unleashing their strongest attacks on their targets!

They would naturally become the targets of the other tribe leaders, and the chaotic battle would begin again!

The battle that had just calmed down had once again entered white heat. There was no need to even warm up!

The dark Demon beast that Lin Yi possessed was quickly killed. It wasn't the chief, and it was a warrior from a weak tribe like the black demon tribe. Plus, its body and spirit weren't very compatible, so its strength was affected. The only thing it could do was to ignite the fire.

Lin Yi's spirit entered the Jade space quietly, and the people fighting around didn't notice at all-they were all focused on fighting!

Lin Yi didn't know how many people would be left in the end, but he was sure that the tribe was finished!

"Lin Yi, you did well today!"

As soon as he entered the Jade space, the ghostly thing popped up and praised Lin Yi, and the nine infants came up and licked him like crazy. He wiped out an entire tribe of dark beasts alone, and he was far weaker than the other party. He was really strong! He was so strong that he had no friends!

"I was just lucky! It won't be easy to replicate it!"

Lin Yi smiled as he waved his hand. Today's success did have some element of luck in it, and it wouldn't be so easy to replicate this success in the future.

"How is that possible? if you succeeded once, you can succeed a second time! You're more suited for this kind of sneaky thing, this old master has high hopes for you!"

The ghost laughed as he teased Lin Yi, and Lin Yi could only smile back.

"Alright, let's get down to business! Before you came in, the nine infants had already helped you interrogate the primordial spirit of the wilderness high priest! The result wasn't ideal!"

The ghastly thing's expression returned to normal, and it looked a little serious. "Even the wilderness high priest doesn't know the concrete location of Aragami high priest's tribe. That tribe is very mysterious. If you want to enter it, you have to be guided by an insider. Additionally, each time you enter it, you will enter a different place. The wilderness high priest couldn't tell it clearly either!"

"How could this be? You don't even know the high priest of the wilderness?"

Lin Yi was shocked, but he didn't doubt the result. He didn't fight for long, but it was enough for jiuqing to torture the high priest's spirit.

He'd placed all his hopes on the high priest, and it was unacceptable that his hopes were dashed!

"No! I want to try it myself!"

Lin Yi made up his mind and didn't pity him. He searched the high priest's soul, but the result was the same. This guy didn't know the exact location of the tribe.

Other than the location of the tribe, Lin Yi did get some information. For example, each high priest was under the Priest King, and there was no direct connection between them!

Therefore, it was not strange that the wilderness high priest did not know the location of the Aragami high priest's tribe.

Any human who surrendered would be sent to the Aragami high priest to be brainwashed, and then sent back to the human world to be a spy. Luo caidie was one of the people who chose to surrender, so she was sent to be brainwashed.

Lin Yi didn't believe that Luo caidie would betray humanity and join the dark Demon beast clan, so he believed that there must be a hidden reason behind this. The simplest way was to delay the enemy!

Perhaps Luo caidie had no other choice but to pretend to surrender and then find a way to escape. As long as she was alive, she would have a chance!

"Lin Yi, since caidie Luo chose to be brainwashed, she won't be in any danger for a while. Don't worry about her!"

The damn thing knew the whole story and tried to persuade Lin Yi, ""There's no point in you staying here. Take the language of the living things and leave. This old man has a feeling that something is not right. "

Lin Yi nodded in understanding-he felt the same uneasiness as well, having the feeling that staying any longer would ruin things.

"Forget it, senior ghost, you're right. Since I can't find any news about Luo caidie, I'd better take brother Hua and leave as soon as possible!"

Lin Yi also understood that it didn't matter if caidie was brainwashed or not,"I believe that Luo caidie will go back sooner or later. At that time, I will definitely be able to find a way to solve her problem!"

If he didn't know that Luo caidie had been brainwashed, he might suffer in the future.

But now that Lin Yi knew about this, as long as Luo caidie was sent back to the human world, he could immediately control her and figure out a solution!

Luo caidie was the one who made Wu Linghai succeed, so it wouldn't be easy for her to be completely brainwashed.

Perhaps, this was why she had the confidence to take the initiative to be brainwashed?

Lin Yi relaxed a little after making a guess.

His Wu Linghai was the source of Luo caidie's Wu Linghai. Even if Luo caidie couldn't resist it and was successfully brainwashed by the Aragami high priest, Lin Yi was confident that he could use the Wu Linghai to return her to normal!

"It's good that you can think this way. Hurry up and find the monster language and take him away from here. A long night may cause more trouble!"

The ghost was very pleased-Lin Yi was becoming more and more mature, and there were signs of him surpassing his master in many aspects. While he was extremely satisfied, he couldn't help but sigh.

Perhaps Lin Yi wouldn't need the old man's help anymore after a while?

Lin Yi's consciousness left the Jade space and returned to the prison in his spirit form, entering his body again.

There weren't any dark beasts left in the prison, so Lin Yi swaggered his way to the demon transformation language's cell.

"Brother Hua, I've made you wait! We can leave this place now!"

Lin Yi opened the door and called out to the monster language,""We can stay here for a long time, but brother Hua, let's go back!"

"Brother Sima, have you found Luo caidie's whereabouts?"

The artifact language was a little strange.

If there was news of Luo caidie, he shouldn't have gone back, but to save Luo caidie, right?

"No, we only know that Luo caidie was sent to the Aragami high priest tribe to be brainwashed. However, no one knows the location of the Aragami high priest tribe!"

Lin Yi shook his head and sighed, a bitter smile on his face. "Even the high priest of the wilderness doesn't know about this. Our chance to find Luo caidie is completely gone! So, let's go back first. "

Chapter 8287

"All humans who have been brainwashed by the darkness demon beast clan will be sent back in the end. I think Luo caidie should not be in danger. When she returns to our side, we will find a way to solve the problem of her brainwashing."

The artifact language was silent for a moment and could only nod slowly.

A long time had passed, and Luo caidie should have been brainwashed. Saving her now was no different from waiting for her to appear by his side!

"Understood. Let's retreat first! However, brother Sima, how are we going to leave this tribe? It's not necessarily safe to just disguise it ..."

"Don't worry, brother Hua, you don't know this, but the darkness demon beasts in this tribe are having a civil war, and they're fighting each other so hard that they don't have time to care about us. Just follow me!"

Lin Yi said as he left the cell, calling for the language of transformation to follow him. He picked a route and sped up.

Along the way, they passed by a few human cells. The beast language wanted to save them, but Lin Yi refused!

It wasn't that Lin Yi didn't want to save them, but these people were still alive, but they were already at the end of their lives.

Even if he took them with him, they might not be able to go far. They might die as soon as they stepped out of the door. If they stayed inside, they could live a little longer.

not tormenting him was the best choice.

all lin yi could do was open the seal and leave some pills and water for them to live in comfort for the rest of their lives.

if they still had the strength and didn't want to die in the prison, they could go out and find a suitable burial place.

"Brother Hua, don't think too much! They're all heroes, but it's a pity that we can't save them. No matter how good the pill is, it can't save them!"

Lin Yi said, consoling the man after seeing how depressed he was.

The artifact language forced a smile and said, "I understand, but I just can't bear to do it." Brother Sima, your decision is correct!"

If he took these extremely weak people with him, none of them would be able to escape in the end!

"That's right, you just said that this darkness magical beast tribe is having a large-scale Civil War. What will the final result be?"

Huayu changed the topic and began to pull herself together. She asked about what he was concerned about, "You still haven't told me why this tribe suddenly had a civil war."

"Ah ... I was lucky. I designed it a little, but the darkness demon beast really fell for it. I feel that this result is a bit unbelievable!"

Lin Yi chuckled and explained the design process briefly, leaving out the details and the general situation.

Even though it was a simple description, it was already shocking enough.

"Brother Sima, you're too amazing! He almost annihilated a tribe of darkness magical beasts all by himself!"

This kind of achievement would definitely shock the world if it was spread!

It was just like a Dark Demon beast that had broken into human society and single-handedly wiped out the entire nado martial Alliance branch. Normal people would think that it was a story!

"It's really luck. It's hard to replicate it!"

Lin Yi waved his hand humbly, "we don't know what will happen in the end. Now that the high priest is dead, the remaining tribal leaders won't give in to each other. There's still a lot of fighting to decide the new high priest!"

"By the time the victor is decided, they'll probably be severely injured. Even if this tribe isn't completely annihilated, they probably won't have much strength left to continue attacking the node!"

While Lin Yi was talking to the transformation language, more than half of the dark beasts in the high priest tribe had been killed.

Moreover, the number of casualties was still increasing.

Lin Yi suspected that the remaining dark beasts in this tribe could still be compared to the previous tribe.

"That's great! At this time, I must report this to the martial Alliance and ask for a reward for you, brother Sima!"

The artifact language was extremely excited. The darkness demon beasts had always been a big problem for him. Now that he could defeat the high priest's tribe in one fell swoop, he would die without regrets!

"Alright, brother Hua, you don't have to worry about this. You should know that I don't care about the contribution of martial Alliance. Don't spread this matter around. If you want to claim the contribution, then use your name, brother Hua, to save me some trouble."

Lin Yi waved his hand nonchalantly. Martial league's contribution was just a passing cloud-it meant nothing to Lin Yi.

Monster language was helpless, but he did not say anything. He knew what to do in the future.

"Younger brother Sima, let's not talk about other things first. Do you think that if we join hands, we can take advantage of the darkness demon beasts' internal battle and completely eliminate them in one fell swoop?"

The thought of Lin Yi doing such a big thing by himself moved the beast's heart. With him, they might be able to wipe out the entire tribe.

Lin Yi waved his hand and smiled, "brother Hua, you should give up on this idea. If we attack, we might have the opposite effect. The dark Demon beasts are fighting against each other and attacking each other. If we are exposed to them, it will only make them put down their internal conflicts and kill us first!"

"That's why I said let them be. Don't worry too much. Maybe they'll annihilate their own clan in the midst of fighting! Brother Hua, don't you agree with this?"

The artifact language thought about it and nodded with a smile. "It's still younger brother Sima who is far-sighted. This older brother is inferior to you. In the future, I'll listen to you for everything!"

It was an attitude, and Lin Yi didn't know how to respond to that. He just laughed it off.

With the information he had on the dark Demon beast, Lin Yi took Hua Yu around the area where the battle was taking place and left the tribe's territory through a remote passage.

On the way here, Lin Yi was dragged into the prison by the pale hands, and he only saw the entrance to the high priest tribe when he left.

If it wasn't opened from the inside, no trace could be seen from the outside.

Even with Lin Yi's array skills, he wouldn't be able to find the entrance if he didn't know the exact location.

However, there was more than one exit, so they didn't have to return the way they came.

The tribe of the wilderness high priest was like this, and the tribe of the Aragami high priest could be seen. Without accurate information to guide, finding it was like looking for a needle in a haystack!

"I didn't expect to come out alive! Brother Sima, between us brothers, there's no need for pleasantries, but I've been saved by you more than once, and I'm really ashamed. Why don't you hurry up and run into danger as well, so that I can help you out twice, and at least repay you for saving my life!"

When the artifact language was ready to save Luo caidie, it had already made up its mind to die, so it couldn't help but feel sad that it could come out alive.

Chapter 8288

She was joking with Lin Yi, but it was true.

"Brother Hua, you've said it yourself, we're brothers, so there's no need to say such things! If you really want to count, brother Hua, you've also helped this little brother a lot, so what do you say?"

The two of them looked at each other and laughed, feeling that the connection between them had deepened!

He went back to the node and opened the seal. He brought the language of manifestations through the node and the abandoned forest reappeared.

The abandoned forest was tall, and it was hard to see the sky or sunlight, but the node was dark inside. Lin Yi and the language of manifestations felt like everything was clear!

"Boss! You're back! And vice Hall Master Hua, this is great!"

Fei daqiang had been guarding the node with the Imperial Guards, and his eyes lit up as he saw Lin Yi and the language of the living things.

Lin Yi greeted Fei daqiang with a smile without frowning, "What's going on? What's the situation here?"

Other than the Imperial Guards, there were many martial artists outside the node, and they were in a stalemate with the Imperial Guards.

the imperial guards were in the inner circle, guarding the node. on one hand, they had to defend the node to prevent the dark magical beasts from rushing out, while on the other hand, they were in a confrontation with the martial artists.

"boss, other than us, the others have been taken over by gu litian. after he came over, he took control of the command as the martial alliance's branch's executive vice hall master and then set up the defense!"

fei daqiang looked back and his face was naturally filled with disdain,""that guy is really disgusting. first of all, he's just snatching power and credit. he's not at a disadvantage at all!"

lin yi understood immediately-gu shi was preparing for his future as the martial alliance's hall master.

defeating the darkness magical beast and successfully sealing the spatial node were both great contributions, and he could boast about just one of them.

"You guys, stand on this side! The darkness demon beast might come out at any time, so focus and don't slack off!"

"And you, you, you, you, you're not done here, What are you looking at? Hurry up and give me a hand!"

Gu Shi was now in high spirits. Although he said that he was giving orders to lay out the defense, he was actually showing off. At the same time, he was also establishing the prestige and status of a commander!

"That's not right. Listen to my command. Do it this way and this way again, understand?"

Fei daqiang was annoyed just by looking at Gu Shi. Gu Shi had wanted to take over the command of the Imperial Guards before, but Fei daqiang rejected him. That was why Lin Yi saw the confrontation.

"Boss, did you see how smug Gu Lihi is? I really want to go over and teach him a lesson ... And the person beside him is said to be the high Ambassador sent by the martial Alliance of the continent. He seems to have a very high status. Gu Lihi is like a pug, always following him around!"

Fei daqiang did not feel that he was a veteran leg hair at all. When he hugged his thigh, he was actually similar to Gu Shi's humble appearance at this moment.

On the contrary, he felt that his act of hugging someone's thigh was an art. A guy like Gu Shi was a complete bootlicker!

"The high Ambassador has already acknowledged Gu lige's achievements. We've all fought to the death before this, but in the end, all of our efforts have gone to this shameless villain! Boss, I, Fei daqiang, am not a person who likes to stir up trouble, but I really can't stand it if this happened to me!"

The language of monsters had heard about the battle from Lin Yi, so it was very dissatisfied with Gu Shi's act of taking credit!

He turned to Lin Yi immediately. "Brother Sima, leave this to me. The Ambassador can't just listen to one side of the story. Whoever deserves the credit should have the credit. How can we let Gu Lishi make up stories?"

After speaking, the language of living things patted Lin Yi's shoulder and walked towards Gu Shi and the high Ambassador.

Fei daqiang was secretly happy. With the language of manifestations, it was better than now, regardless of whether it succeeded or not.

If it really did not work out, he still had his support to cover for him. He did not believe that Gu Shi could do anything to him!

Lin Yi didn't really care about the credit, but he wouldn't let Gu Shi take advantage of him!

Lin Yi decided to wait and see if the language of monsters was going to do anything!

The first thing monster language did was bow to martial league's high Ambassador."Naduo martial Alliance branch's Deputy Hall Master, artifact language, greets the envoy!"

There was nothing wrong with it.

However, Gu Shi still had something to say,'the language of the living things, I didn't expect you to still be alive! That's good, he's a good fighting force, so do well!"

"But the matter of you being captured by the darkness magical beast is not over yet! As the Vice Hall Master of the martial Alliance's branch, it was a disgrace to the martial Alliance's branch that he had been captured! Be careful next time, don't drag everyone down!"

If there was anyone in the martial Alliance's branch who could compete with Gu Shi for the position of first hall Master, it would probably be the language of monsters!

Therefore, Gu Shi did not want to give Hua Yu any chance and immediately accused him of being a burden!

"Esteemed envoy, please allow me to explain ..."

The artifact language wanted to say something but was interrupted by the high Ambassador. "Say no more. I'm not interested in managing the affairs of people like you, and I don't want to hear any explanation. In the future, if you follow orders well, you might be able to rise again, right?"

"Yes! The high Ambassador is right!"

The artifact language was a little aggrieved, but there was nothing it could do. "But this matter ..."

"Shut up! The high Ambassador told you to stop, but you're not done yet, are you?"

Gu Shi scolded in a deep voice, giving the language of living things no chance to continue, "The high Ambassador told you to follow his orders. Just cooperate obediently and you'll be done for!"

"Over there, do you see that? there's a hole there. You don't have many people left, just bring that Sima Yi and his men over!"

"Hehe ... What a powerful official! You didn't even ask for my opinion and you've already made arrangements for us? Who Do You Think You Are?"

Lin Yi followed with a cold smile.

Lin Yi glanced at Gu Shi and the martial Alliance's Ambassador indifferently and said, ""Don't get it wrong. I, Sima Yi, and my brothers are not your men. We came here on our own accord. What right do you have to tell us what to do?"

Gu Shi's face darkened as he shouted, ""Impudent! In front of the envoy, Sima Yi, what kind of attitude is this? Don't talk about spontaneous reinforcements, since they've come to the abandoned forest, they're Warriors fighting against the darkness magical beasts. They must be under a unified command in order to display their greatest combat power!"

"Besides, you're a member of the martial Alliance. Although the person in charge of contacting central doesn't belong to a branch of the martial Alliance, you should know the big picture since you're a member of the martial Alliance! We're fighting against the darkness demon beast clan now, it's not the time for you to throw a tantrum!"

Probably because he felt that he had the support of the high Ambassador of the martial League, Gu Shi acted all high and mighty, and made a big statement.

It was as if Lin Yi would become a sinner of humanity if he didn't agree!

## Chapter 8289

"Don't talk about those useless things. When we were fighting the darkness demon beast, you didn't come out to take charge of the situation. Now that we've defeated the darkness demon beast, defended and repaired the node, you're here to tell me that you're looking at the big picture? What a joke!"

Lin Yi didn't give Gu Shi any face at all and spoke without mercy, "You're always missing when killing enemies, but you're always the first one to take credit. No one can beat you! As expected of the managing vice Hall Master, you're really brilliant!"

"What do you mean by snatching credit?" Gu Shi was furious. Do you know that you're looking down on the high ambassador's dignity?"

Lin Yi only smiled coldly and didn't say anything, dragging the martial Alliance's messenger down with him. The martial Alliance's Messenger was getting angry.

"Sima Yi, you've really gone too far! Even if the martial Alliance appointed you as the supervisor of the martial Alliance's branch and central communications, you're still considered a member of the martial Alliance. When fighting against the darkness demon beast clan, you should still obey the unified command and orders!"

The martial Alliance's emissary put on the airs of a high Ambassador and spoke with a serious expression, ""The hall Master of the naduo martial Alliance branch has died in the line of duty. The highest position now is the executive Vice Hall Master, Gu Lishi. With vice Hall Master Gu taking over the command, there are no problems with the procedures. Are you still not convinced?"

"I'm not exactly unconvinced, but the first hall Master entrusted me with some matters before he died in the line of duty. For example, I'll temporarily lead the team and deal with the battle in the abandoned forest!"

Lin Yi took out the hall master's token. "That's why we have to look at the big picture. I think that someone like vice clan master Gu who looks at the big picture would be more willing to follow the great clan master's will and listen to my orders and arrangements. Don't you think so, vice clan master Gu?"

Gu Shi's face turned extremely ugly.

Lin Yi's words weren't the only ones that hurt him. The first hall master's token and will made Gu Shili curse in his heart. He felt that the first hall Master didn't even want to live in peace, why did he have to leave behind such a disaster!

"Steward Sima, just because you have the token doesn't mean you're the first hall Master of the martial union branch!"

The messenger frowned slightly and said with a cold face, ""Back then, there might not have been a more suitable candidate, so the first hall Master gave the order at the last moment to temporarily hand the token to you. However, it's different now. With the martial Alliance branch's managing vice Hall Master present, it's no longer appropriate for you to continue holding onto the first hall master's token!"

gu shi was overjoyed. he laughed as if he had been injected with chicken blood, ""that's right, that must be it! the first hall master is on his deathbed and has no other way, so i gave him to you for temporary safekeeping. i'm not letting you take the token and become the new first hall master!"

"the high ambassador's words make too much sense! sima yi, quickly hand over the token! this is not your place to make the decision! even if the first hall master reincarnated, he would still have to obey the orders of the high ambassador, let alone the fact that you're only holding the first hall master's token. do you still want to disobey the high ambassador's orders?"

"Hahaha, you didn't expect this, did you? The high Ambassador saw through you at a glance, and you actually want to use the token to fake the first hall master's will. This is simply preposterous! Esteemed envoy, Sima Yi is obviously a liar, a true liar. If not for the esteemed envoy's sharp eyes, we would have been deceived by him!"

Gu Lishi rattled on and on, not only stepping on Lin Yi, but also flattering the martial Alliance's Messenger-his plan was flawless!

The high Ambassador smiled smugly and nodded, ""You can't say that. We still have to believe in others! Sima Yi, you must have forgotten something. After all, at that time, the situation was tense, so it was normal for you to not remember. Do you understand now?"

The guy thought he was giving Lin Yi face, but he didn't know that it was the same as humiliating him.

Lin Yi looked at the two of them, his face expressionless. "I'm telling the truth. There's nothing to understand. But the two of you, your ability to turn black into white is really unparalleled!"

Gu Shi and the Messenger's faces turned dark. They felt that Lin Yi didn't know what was good for him and was trying to slap him in the face.

"Sima Yi, you said that what you said is the truth, then show us proof! Although it's useless to prove it, at least we can believe that your character is not despicable to the point of being unbearable!"

Gu Shi felt that victory was in his hands, so he pressed on step by step.

"That's right. We still need evidence to speak for ourselves!"

The messenger nodded in agreement, asking Lin Yi to show evidence to prove that everything he said was true!

Lin Yi remained silent. He knew that the messenger was biased towards Gu Shi, and they might be acquaintances. So no matter what, there was no evidence, and it would not lead to a good result.

The artifact language couldn't take it anymore. It stood up and said, ""I believe in brother Sima. He has never lied. What do you mean by lying by nature? this is simply slander! The first hall master's bestowment at the last moment can't be fake, or else how could there be such a great victory?"

"You shut up, you have a big problem yourself. You haven't even made it clear yet. If you have the time, why don't you reflect on what you've done wrong?"

Gu Shi's face was even more unpleasant to the language of monsters. He opened his mouth and sneered, ""We don't have time to deal with your problem, not that we don't want to deal with you. Don't think that you'll be fine, okay?"

"You still believe in Sima Yi ... What's the point of believing in Sima Yi! Because you're not someone that can be trusted, you know? You've already been captured by the darkness magical beasts and brought into the spatial node. Did you see the first hall Master giving out orders with your own eyes, or did you hear the first hall Master say these words with your own ears? None of them, right? Then how can you have the nerve to speak up?"

The language of the living things was obviously not as eloquent as Gu Shi. After being rebuked by Gu Shi, it could not talk back and could only glare at Gu Shi in anger.

Gu Shi did not care about this kind of harmless glare at all and ignored it completely!

"Brother Hua, say no more!"

Lin Yi patted on the shoulder of the language of living things, then turned to Gu Shi and the messenger and shrugged, ""It doesn't matter! It has nothing to do with me whether you acknowledge the Great Hall master's will or not. I have no interest in things like commanding, I just feel that Gu Shi is not worthy!"

"I won't mention the credit of snatching back and sealing the node to you guys yet. I'll just pretend that this credit was really done by Gu Shi, so what? Just this alone was not enough to make Gu Shi the leader of the martial Alliance's branch. In terms of contribution, brother Hua is the one who has worked the hardest!"

"In terms of contribution, everyone should listen to brother Hua's command. In this battle against the darkness demon beast, he was the biggest contributor. All of our contributions added together can't even compare to his!"

Chapter 8290

Not only were Gu Shi and the emissary of the martial Alliance dumbfounded, but even the language of the living things was in disbelief.

How did he become the greatest contributor? Why don't I know what I did? Being captured ... Was that considered a great achievement?

Lin Yi didn't keep him in suspense and continued naturally, "Do you know what's behind this node? That's right, it was a darkness magical beast! But you don't know the details, do you?"

"I'll put it simply. There's a tribe of darkness demon beasts here, led by a powerful darkness demon beast called the wasteland high priest. The wasteland high priest is a super expert at the half-step heaven breaking stage. He has 30 to 40 clan leaders at the Great Perfection of the sea splitting stage and 300 to 400 powerful darkness demon beasts at the sea splitting stage under his command!"

"Below the sea splitting stage, there are countless earth splitting stage and mountain opening stage dark magical beasts! I don't need to explain much about the combat power that this represents. You should all understand, right?"

"It was such a powerful tribe that had an internal strife that affected the entire tribe after brother Hua broke into the darkness magical beasts' ranks and plotted in secret. By the time we came out, the high priest of the wilderness had already been killed by his Dark Demon beasts. The major tribes attacked each other, and countless people were killed or injured. "

"While we're talking, the battle in the darkness magical beast tribe might have already ended. It's hard to say how many darkness magical beasts will be left, and it's possible that they've all been exterminated!"

"With such amazing skills, can't he be the first hall Master of a martial Alliance branch? He wasn't qualified to take over the command of the abandoned forest? Anyway, the tribe of the wilderness 'high priest has been destroyed, so there's no need to defend the node!"

"Some people are really thick-skinned. They don't know anything, don't know anything, and still have the nerve to come here and steal the credit. Can't you have some shame? Don't you know that this is really laughable?"

"Captive? do you really think vice Hall leader Hua was captured? He deliberately went deep into the enemy's rear to create such a shocking technique. "

Lin Yi's mouth was also very sharp, and he spat out a lot of words, making Gu Lishi's face turn green and red, not sure if it was because of anger or guilt.

"Sima Yi, don't speak without thinking. You're a liar by nature, you're a liar. Do you think that just by randomly making up a story, people will believe you? But don't tell me, you made it up quite well. If you weren't bragging so much, I might have really believed it!"

Gu Shi's mind was spinning, and he finally found some flaws in his counterattack. He suddenly laughed, ""With just the language of the living things, he destroyed a tribe of dark beasts that had hundreds of cultivators at the sea splitting stage and dozens of cultivators at the Great Perfection of the sea splitting stage? I'm dying of laughter!"

"It's possible if you say that he killed a few sea Rift stage dark magical beasts with a sneak attack. But who do you think will believe your bragging? In any case, I don't believe it. Your Excellency, do you think it's true?"

The messenger from martial Union had a dark expression on his face, but after hearing Gu Shi's words, he felt as if he was just boasting. He laughed and shook his head, ""I don't think it's too reliable either ... Even if we use all the combat power here, it's hard to achieve such a result, right?"

After a slight pause, the emissary shook his head vigorously. ""It's not difficult, but it's impossible to achieve such a result. If the darkness demon beasts really have that kind of power ... It's already very difficult for us to hold them off and not lose, let alone win. "

He felt that saying this was already putting gold on martial league's face.

Facing such a powerful darkness magical beast, and a beast tide formed by countless low-level and low-level darkness magical beasts, how could they resist?

It was already considered a victory for him to not be drowned in the first exchange!

"It's still the esteemed Ambassador who sees things clearly. That's why I said that Sima Yi is a liar by nature, and I really didn't wrongly accuse him! Just look at what he said and did, and you can see it!"

Gu Lishi was extremely proud of himself. He felt that his wisdom was unparalleled. He found the key point in an instant and completely shattered Lin Yi's lie!

At the same time, it also proved that Lin Yi liked to lie and brag, and confirmed everything that happened before!

It was perfect!

Lin Yi chuckled and raised an eyebrow. "I knew you wouldn't believe me. Summer insects can't talk about ice! You can't even imagine it, can you? What a poor imagination! You're so pitiful!"

As he spoke, he turned around and walked towards the node. After a few steps, he didn't look back at all. Lin Yi casually waved his hand behind him, "Follow me, I'll Take You There to see for yourself, and you'll understand!"

"What do you want to do?"

Gu Shiyi was shocked. He already knew that Lin Yi could open the seal, but from Lin Yi's actions and words, it seemed like he wanted to open the node again?

F \* ck! Was this kid crazy?

"Sima Yi! Stop right there! Are you trying to scare us with this? It's useless! Stop!"

Gu Shi shouted as he chased after them. The emissary from the martial Alliance was also a little flustered.

What if the darkness magical beast Army rushed out after opening the node? This kid was really F \*cking crazy! Can't you just be a little less worried?

Unfortunately, Lin Yi didn't even care about Gu Shi's attempt to stop him. He reached the node in two to three steps and opened the seal with ease!

"Everyone, be on guard!"

Gu Shi was shocked and shouted.

The people of the martial League were all nervously in a defensive posture, while the people of the Imperial Guards did not move.

They had absolute confidence in Lin Yi, and since he didn't say anything, there shouldn't be any danger. What was the point of scaring themselves?

It turned out that the Imperial Guards 'confidence was completely correct. The seals at the nodes were completely opened, and even after the passage was completely opened, not a single darkness magical beast rushed out.

If it was in the past, the high priest of the wasteland would have been able to pass through the node when it was opened to this extent, and the entire tribe of darkness magical beasts would have probably rushed out!

However, at this time, the passage was quietly opened, without any movement.

"Let's go! When you see it with your own eyes, you'll understand whether I'm bragging or not!"

Lin Yi smiled and gestured for Gu Shi and the others to go ahead. He then ordered Fei daqiang, ""All the Imperial Guards, follow me into the node and clean up the battlefield!"

Back in the high priest tribe in the wilderness, Lin Yi and the monster language didn't have enough power, so he didn't get involved in the dark Demon beast tribe's internal war.

Lin Yi didn't plan to go back after leaving the node, but after what happened, he decided to just go in and do a sweep. At least he didn't open the node for nothing.

After such a long time, the Civil War of the high priest tribe in the wilderness should have almost come to an end.
