

Bodyguard 8341

Chapter 8341

"Yes, yes, yes! There's no need to modify it at all!"

The first hall Master seemed to be a little aggrieved, but he still chose to stand on Huang shulang's side without hesitation. "Dean Lu, why don't we follow this plan? do you want to choose the first or the second option?"

"I personally think that the second option is more suitable. Although you will be dismissed, with your alchemy skills, you don't have to worry about your future. The other two people will also be able to survive. This is better than dying here, right?"

F * ck you!

Lu sanjian almost cursed out loud!

How could the outcome of this matter be so F * cked up? What kind of secret did the Huang family have against the first hall Master? He had actually been threatened to this extent!

"First hall Master, don't forget that I'm the Dean of the martial Alliance. You have no right to interfere. What right do you have to dismiss me?"

Lu sanjian took a few deep breaths to calm his emotions, ""Unless you kill me today, I'll definitely report this matter. At that time, you don't need to say anything about whether you can sit still as the first hall Master, right?"

The first hall Master shook his head, as if he didn't care. He sighed and advised, ""Dean Lu, it's no use! Forget it, there's no point in saying more. Hurry up and make your choice. If you don't want to give up the position of principal, then let the two of them commit suicide!"

If they didn't want to commit suicide, then they would help. There was always a way to kill the two of them!

Ouyang Fantong's face was covered in tears, and her heart was cold!

He could have been alive. Although he had suffered countless beatings, it was better than dying on the spot.

And now? Was he really going to commit suicide?

Just thinking about it made him unwilling!

Ouyang Fantong thought that she was dead for sure this time and decided to just throw the pot to the ground. She started complaining to Lin Yi, "Sima Yi, it's all your fault. If you can't handle it, then don't mess around. You're happy with beating people up, but what about now? Aren't you good at fighting? Go ahead and fight! Otherwise, he would be dead! I'm really going to die because of you!"

"Shut up! Ouyang Fantong, how can you have the face to say this? Don't you have any idea who started this? Master came to save you, and not only are you not grateful, you even speak like this. Are you still human?"

Tang Yungui couldn't help but shout angrily. He was now somewhat regretful. He regretted working with such a villain. Not only had he trapped himself, but even his most respected master had been dragged into this!

Especially Huang shulang's choice, which completely ignored the students and focused on Lin Yi. Tang Yungui was so ashamed that he swore that if anything happened to Lin Yi, he would not live alone!

"You shut up! Am I wrong? It was originally a small matter, but Sima Yi had forcefully turned it into a big matter! Now that there's no way to end this, I can't even say it?"

Ouyang Fantong also threw caution to the wind and turned to look at Huang shulang with an ugly smile, "Huang Shao, you've already hit me and scolded me. Although I can't pay the ransom right now, I'm a pretty talented alchemy apprentice. Why don't I work under Huang Shao to pay off my debts?"

"Please believe me, young master Huang, I have value! If Sima Yi offended you, you can just look for him, don't drag in the innocent ..."

This guy's shamelessness was really breaking the bottom line. No, it should be said that there was no bottom line at all!

Lin Yi looked at Ouyang Fantong with pity. He didn't know if this kid would still have the face to go to the martial alliance with the team after this.

Lin Yi didn't even think that the guy had the right to be a refiner!

Trash!

But what Lin Yi didn't expect was that this future guy actually relied on calling Tang Yungui "dad" a few times to make a name for himself. He was shameless enough.

On the other side, although Lu sanjian also despised Ouyang Fantong's character, he didn't have the time to pay attention to this little trash. The old man's mind had already exploded. He strode to the front of the first hall Master, pointed his finger at his nose, and scolded!

"I don't care what evidence they have against you, but with your performance, you're no longer qualified to be the first hall Master of the martial union branch. Kill this old man to silence him! Otherwise, as long as I'm still breathing, I'll go to the martial Alliance to impeach you!"

"And the Huang clan! "Don't think that the martial Alliance will let you go. Just you wait! I don't believe that you can still do whatever you want in the martial Alliance!" Come on! Just kill me!"

The old man was truly furious! Wasn't he afraid of being killed by the Huang family?

Of course, he was also a little confident that the Huang family would not go so crazy!

After all, he was the Dean of the Qingshan Alchemy School, and some people in the school knew that he was here with Lin Yi to find Huang shulang.

If he died for no reason, the continental martial Alliance would not let the matter rest. The higher-ups of the alchemy School would not let the matter rest either. He was an alchemy Grandmaster and the Dean of the School!

On the sub-Island, the value of a Grandmaster Alchemist was self-evident. In order to fight against the darkness demon beast clan, every Grandmaster Alchemist was an extremely precious treasure. Lu sanjian bet that the Huang family wasn't crazy enough to do that!

As long as you can't kill this old man, this old man will bite you and won't let go!

The first hall Master smiled helplessly, not knowing what to say.

After hesitating for a moment, the first hall Master could only sneak a glance at Huang He 'an. After receiving a nod from Huang He' an, he leaned closer to Lu sanjian and whispered, ""Dean Lu, it's not that I don't want to help you ... I really don't have a choice! I'll tell you the truth now ..."

"Huang He 'an has an extraordinary status. He's a secret agent appointed by the Great Hall Master of the martial Alliance. He has great authority. He can replace me, the Great Hall Master of the martial Alliance branch, with just a word!"

"If I help you, I'll just be putting myself in danger. It's useless. I might as well compromise for now and do something for you in the future. I hope you can understand my difficulties."

"What? Huang He 'an, he ..."

Lu sanjian's mouth was wide open, and the words he was about to curse disappeared in an instant. The expression on his face also stiffened.

Secret agent ...

Lu sanjian had vaguely heard of it before, but he was not sure what it was used for.

Now, after listening to the head Hall master's explanation, Lu sanjian finally realized that the authority of the secret agent was shockingly high!

This wasn't the main point. The main point was, why was Huang He 'an the secret agent of the martial Alliance?

The Huang clan wasn't a member of the martial Alliance. How could such a thing happen?

Lǎn sanjian found it unbelievable, and so did Lin Yi. A strange look flashed across his face.

An assassin?

Why did it sound so familiar?

There was a sense of déjà vu.

It couldn't be the secret agent that he knew, right?

It was the old man he had met in the dark Demon beast clan's prison in the node in nado's Forest of Illusions, the dark Envoy who had passed on his legacy!

Chapter 8342

If the first hall Master didn't bring it up, Lin Yi would've forgotten about it already.

After all, Lin Yi didn't think it was a good idea. Appointing and removing the hall Master didn't sound realistic at all.

However, after hearing the first hall Master's introduction, it seemed to fit the description ...

Could it be that the secret agent was real?

That would be awesome. At the very least, he wouldn't be afraid of Huang He 'an anymore.

They were of equal status, so even if they couldn't do anything to each other, the other party couldn't do anything to them either.

Lin Yi's original plan was to just F * ck her!

If Huang He 'an didn't give in, then Lin Yi might as well just kill them all and take these students to the "spy" the gray-robed man.

Yes, this was Lin Yi's current confidence.

No matter what, martial Alliance and central had a friendly relationship on the surface, and with Lin Yi's identity as central, martial Alliance couldn't do anything!

In the end, it was very likely that Huang He 'an would die for nothing, and the matter would be left unsettled.

However, Lin Yi would also owe Ling lingfa a favor because of this.

And so, Lin Yi didn't want to do this unless he had no other choice. It would be best if he could solve it in another way.

On the other side, Huang He 'an wanted to put on a reserved front when he heard the head Hall Master's introduction, but he couldn't hide the pride in his heart!

After the first hall Master finished speaking, Huang He 'an immediately took out a token and showed it to everyone.

"I originally wanted to keep a low profile! However, the first hall Master has revealed my identity. Fine, I won't hide it anymore! That's right, I'm the secret envoy personally appointed by the hall Master of the martial Alliance!"

When Huang He 'an spoke, he had the feeling that he was a rich man pretending to be poor to experience life. Now that he had stopped playing, he had revealed his cards. It made people want to give him a big slap ...

After clearing his throat, Huang He 'an felt that the first hall Master's introduction wasn't enough, so he continued to pretend,"

"The secret envoy has a special status. He is responsible for supervising all the branches. He has the power to dismiss and appoint branch Hall Masters and those below. "Let's not even talk about the martial Alliance branch in the spirit bow conferred Empire. It's the same for your nado martial Alliance branch! Whoever I want to dismiss, I'll do so with a single word!"

"Dean Lu, do you think a mere Dean of the Green Mountain apothecary school can be compared to the first hall Master of the martial union branch? I can even dismiss the martial Alliance's branch Hall Master as I please, let alone you?"

"And that honorary Dean of the Fuyao apothecary school over there. If this seat wants you to die, you won't be able to walk out of here alive!"

Lu sanjian's face turned livid when he heard that!

If what Huang He 'an said was true, then his position as the principal of the Qingshan Alchemy School was really nothing!

It seemed like Huang shulang was not lying earlier. The decision to leave the director's position was indeed made by Huang He 'an!

Lin Yi wasn't too bothered by Huang He 'an's acting cool-in fact, he was getting excited!

It matched, it even matched!

And so, Lin Yi looked at the token in Huang He 'an's hand-it was almost the same as the one he got in the prison of dark magical beasts!

No matter the shape, style, or pattern, they were all the same. The only difference was the color!

The token in Huang He 'an's hand was a luxurious golden color.

The one in Lin Yi's hand, however, was a little dark.

Although there was some golden light within, it was hidden within and difficult to detect. It would only occasionally flash.

Plus, Huang He 'an's token was brighter, and it didn't have the ancient feel of Lin Yi's ...

Could Huang He 'an's item be a recently made counterfeit?

However, Lin Yi was just thinking about it. Huang He 'an wouldn't have the guts to make a fake one, and the first hall Master wouldn't cooperate with him either.

Could it be that the token in his hand was a fake?

Or perhaps, even though his was not a fake, it was just a dark emissary token issued by the martial Alliance branch's Hall Master, so it was different from the one Huang He 'an's great Hall Master of the martial Alliance had issued?

It didn't shine as brightly as Huang He 'an's token?

After some thought, Lin Yi decided to get more information.

"Since you're an agent, your identity should be kept a secret. Is it appropriate for you to announce it so openly? Why do I feel like you're actually impersonating a secret agent?"

Lin Yi shook his head. He didn't think that the person was fake, but he still asked, "The Great Hall Master of the martial Alliance doesn't allow you to use your identity as a secret agent, does he? If that was the case, then what was the use of the martial Alliance's branch? If you can manage the Academy's Affairs, then what's the point of having a patrol?"

Each department's patrol envoy had a very noble status and also had considerable authority. However, they could not dismiss the martial Alliance branch's Hall Master. They could only report to the martial Alliance of the continent and ask for a verdict.

Since the main authority of a patrol inspector was above the patrolling Academy, they only had a supervisory role in the martial Alliance branch.

And the authority of this secret agent was actually above that of the patrol. If he could expose his identity openly, there was indeed no need to go through the unnecessary trouble of establishing another patrol position.

Huang He 'an couldn't answer this question himself, so he looked up at the head Hall Master.

"That's right, the identity of the secret envoy does need to be kept a secret, but this Lord has had some business dealings with the Lord secret envoy before, so I know his identity."

The first hall Master immediately understood. He felt aggrieved, but he could only take the initiative to take the responsibility of explaining. "Now that your identity has been exposed, it was also me who revealed it. It has nothing to do with Lord Dark Envoy. Even if the higher-ups blame someone, they can't blame Lord Dark Envoy."

This was a blatant show of operations. A matter that was not in accordance with the regulations had become a reasonable, legal, and compliant matter after such an operation. No one could find fault with it.

Huang He 'an was secretly pleased with himself. The so-called "intersection of official business" was, of course, a title used by the Great Hall Master. In reality, for the development of the Huang family, he had secretly asked the Great Hall Master to do things for him. If he did not reveal his identity as the secret agent, the Great Hall Master would not even give a damn about him.

After he revealed his identity, Huang He 'an took the opportunity to find some trouble for the first hall Master as a form of punishment. After that, the first hall Master was considered to be obedient!

Now that the first hall Master had revealed his identity as a secret agent, not only did he not have to bear any responsibility, but he could also directly enter the moment to act tough!

"Do you all understand now? I want to keep a low profile, but my strength doesn't allow me to! Since you all already know, then this Lord doesn't need to waste any more words!"

Huang He 'an pretended to be deep and chuckled. ""You can start choosing from the options just now. Lu sanjian, don't say that I didn't give you a chance. If you choose the first option, I will guarantee your safety!"

The first one was for Lin Yi and Ouyang Fantong to both commit suicide in exchange for the safety of the others!

Therefore, when Huang He 'an mentioned the first task, Ouyang Fantong immediately became anxious!

Chapter 8343

Ouyang Fantong didn't know what Lin Yi was doing, but she didn't care. She didn't want to commit suicide!

"Lord secret envoy, you can't do this! Our Ouyang family has always been on good terms with the Huang family. Please give me a chance, Sir ..."

Ouyang Fantong didn't care if the Ouyang family really had a relationship with the Huang family. In any case, there was no other way, so she would try to fool them!

"Oh right, my Lord, please take a look. They've also offended young master Huang before, but they don't have any background. There's no friendship between our families at all. Why don't we use them to vent our anger? let me go?"

Ouyang Fantong pointed at Tang Yungui and the others and said indignantly.

Tang Yungui was so angry that his nose almost went crooked.

Such a shameless person was actually their classmate. It was simply a disgrace!

"Ouyang Fantong, shut up! Do you know that your mouth and face are disgusting? Master will naturally take care of this matter. You're so subservient and want to kneel and lick my boots. After master has taken care of this matter, will you still have the face to come back?"

As the saying goes, if you don't accompany me when the sun sets in the West, who are you when the sun rises in the east?

What's more, the whole thing was caused by Ouyang Fantong alone. At this time, the culprit wanted to get away with it, which was simply intolerable!

"That's right, master will definitely be able to solve this problem! Even if they're secret agents, don't even think about oppressing us!"

Diao Longtian hesitated for a moment, but he immediately made up his mind and followed Tang Yungui to show his loyalty to Lin Yi!

Even so, Diao mang Tian still felt that the reversal of this matter was not too reliable. He reckoned that this time, it would be difficult to escape the calamity!

But he didn't have any other choice. If he didn't support Lin Yi, was he supposed to support that idiot, Ouyang Fantong?

But then again, no matter what the result was, it didn't seem to affect them much. Anyway, winning or losing didn't affect them, so their lives were not in danger!

"Foolish! The Lord secret envoy is here, what else do you have in mind? No matter how you jump around, you're dead!"

Ouyang Fantong had directly treated him as Huang He 'an's man. She was bent on killing Tang Yungui and the others to replace his own chance of survival!

Tang Yungui, Diao Longtian, and the others wanted to go up and slap Ouyang Fantong to death, but they knew that now was not the time. They could only endure it for now and think about it later!

Lin Yi wasn't interested in the kids "fight at all-he just wanted to confirm something. He looked at Huang He 'an and smiled,"Well, Lord dark emissary, before making a choice, I still have a question to ask. Does your dark emissary's token have other colors?"

"Oh?"

Huang He 'an was slightly taken aback at first, then he revealed a smile of interest.""Interesting, you actually know that there are other colors to the secret envoy token? Could it be that you've seen it before?"

Lin Yi's heart skipped a beat-he was a little excited, but he kept a casual nod on the surface, not saying that he'd seen her before or not.

Since there were other colors, his piece should be the real one.

After all, the old man had no reason to lie to Lin Yi when they were in the dark magical beast prison.

Huang He 'an lifted his chin slightly and said arrogantly,""Fine, I'll explain it to you today so that you won't die in peace!"

"There are indeed other colors for the dark emissaries 'tokens. Different colors represent different status and the division of authority. For example, the token in my hand is a gold-grade dark emissary's token, which has the highest authority in all the martial Alliance branches!"

At this point, Huang He 'an couldn't help but feel a little proud!

After that, Huang He 'an continued,"below gold, there are silver and bronze secret agent tokens! However, silver-level secret agents could only secretly investigate a specific area of the martial Alliance's branch. They were unable to cross areas! Within the scope of their authority, Silver level secret agents can also appoint and dismiss the martial union branch's Hall Master, but they don't have the power to decide his life and death. "

"Below silver is the bronze level. They're the lowest level secret agents, and the area they're in charge of is about the same as the silver level. However, they can only appoint and dismiss people below the hall Master and vice Hall Master of the martial Alliance branch! Even if the hall Master or vice Hall Master is in the wrong, a Bronze level secret agent can't take any direct measures. They can only report it to a higher level secret agent and let him deal with it. "

"I'm a gold-level secret agent of an even higher level. All the branches of the martial Alliance in this continent are under my jurisdiction! I have the power to appoint and dismiss these martial Alliance branch Hall Masters, and I have the power to kill them without reporting!"

"Of course, I've always won people over with my virtue. I won't use this power easily, but when necessary, I'll never be soft-hearted!"

On the surface, Huang He 'an said that he was the king, but in reality, he didn't dare to abuse this kind of power that was too obvious!

The secret envoy and the patrol envoy, one in the open and one in the dark, were two separate systems. The patrol envoy paid more attention to the Academy, but if something happened to the martial Alliance branch, the patrol envoy would naturally not sit by and do nothing. He also had the authority to impeach them!

If an unreasonable situation occurred, the patrol would definitely report it to the higher-ups, so Huang He 'an didn't use his authority easily because he was afraid of being devoured!

Huang He 'an used this power to deter others!

This was because he could only obtain greater benefits when he was intimidating others.

Lin Yi frowned, thinking that the token in his hand wasn't silver or bronze, and even if it was, it was a low level of this Gold level dark emissary.

Could it be that this was really a counterfeit?

Lin Yi's mind spun as he asked, "In that case, silver and bronze secret agents are all your subordinates?"

"Of course! All the secret agents in the martial Union are under my management. All the secret agents in the martial Union must follow my orders!"

Huang He 'an was extremely cocky-there wasn't any benefit in arguing with Lin Yi about this, but it did make him feel better. Otherwise, he wouldn't be wasting his time here!

"Gold ... Is gold the highest level? Is there a higher level of shadow Messenger than gold?"

Lin Yi didn't believe that his token was fake, so he used this time to get more information.

In the end, Huang He 'an snorted coldly and gave an affirmative answer, ""That's right, above the Gold level, there is indeed an even higher level of existence, called the dark gold Dark Envoy! However, there's only one person in the entire martial Alliance who was personally appointed by the previous

Great Hall Master. He's responsible for supervising the selection of the next Great Hall Master, and he has the power to appoint and dismiss the next Great Hall Master!"

"Dark gold level dark gold level dark emissaries won't take the initiative to appear unless the Great Hall Master of the martial Alliance has some major problems. The martial Alliance can also control them, but they don't care about the small fries under them. "

In other words, the first hall Master of the martial Alliance branch was just a small fry in the eyes of a dark gold level dark gold level Dark Envoy ...

Chapter 8344

The first hall Master was a little embarrassed, and the corner of his mouth twitched, but he couldn't say anything.

Lin Yi interrupted, "This dark gold level dark emissary is so awesome, he should be considered your superior, right? Have you seen it before?"

"Dark gold ranked secret agents are always elusive. Although they're my superior, how could it be so easy to see them? It hasn't appeared in many years, right?"

Huang He 'an seemed to be calculating in his heart, wondering how many years it had been since he had received any news from his superior. In the end, he still couldn't figure it out and simply gave up. "Don't talk nonsense. I've shown you mercy and let you know so much secret information. You should die without regrets, right? Quickly kill yourself!"

He meant for Lin Yi and Ouyang Fantong to choose the first option.

After all, Lu sanjian was the principal of the Green Mountain Alchemy School appointed by the martial Alliance of the continent. He was also a Grandmaster of alchemy. There was nothing wrong with him, so it was better not to touch him.

Abusing one's power for personal gain could be done in private, but it was not good to use one's power in public!

Of course, if Lu sanjian decided to choose the second option to save Lin Yi and Ouyang Fantong's lives, Huang Hean wouldn't mind helping him!

"Oh, so you want me to commit suicide? Speaking of which, since you're so powerful, does it mean that those silver and bronze agents under you are also just some Small Soldiers who can kill at will?"

Lin Yi chuckled as he changed the topic, tickling Huang He 'an's sore spot-he'd feel uncomfortable if he didn't show off!

"Of course. I have great power, and my secret agents are extremely noble in the areas under their jurisdiction. However, in my hands, I don't even need a reason to kill them!"

Huang He 'an felt that his words were so domineering that they could even scare Lin Yi to death!

In the end, Lin Yi only twitched his mouth, with a hint of disdain, while Ouyang Fantong was really scared to the point of kneeling.

"Lord secret envoy, this lowly one really did not mean it. This matter was caused by Sima Yi. Lord secret envoy, please spare this lowly one's life!"

Ouyang Fantong knelt on the ground and cried bitterly, begging Huang He 'an,'"Lord dark emissary, this lowly one is simply an insignificant little person to Lord. Old man, just treat me like a fart and let me go! As long as you can spare this lowly one's life, this lowly one is willing to be an ox or a horse to follow Daren!"

After losing to Tang Yungui, Ouyang Fantong had completely lost her pride. She had gotten used to kneeling and did not feel that there was anything wrong with her current performance.

He could even kneel down and kowtow to Tang Yungui and call him father. Now, if it was such a powerful gold-level secret agent, he would kneel down and beg for mercy.

Ouyang Fantong felt that if she didn't beg for mercy today, she would definitely be finished!

Huang He 'an's vanity was greatly satisfied. He loved to see Ouyang Fantong's pleading!

After the humiliation, he would be even happier to kill him.

It was a pity that only Ouyang Fantong knelt down and begged for mercy, but Lin Yi didn't react at all, making him feel a little regretful.

Stubborn Lin Yi's cold eyes swept over the kneeling Ouyang Fantong before turning to Huang Hean. ""Gold level secret agent, that's really awesome! Since that's the case, I'll make my choice!"

"Are you preparing to commit suicide? You do have some backbone ..."

Huang He 'an had a mocking expression on his face-Lin Yi really was a prideful man ... Would it kill him to kneel down and beg for mercy?

He would indeed die!

But at least it could provide some fun, right? how boring would it be to just commit suicide like this?

"It's impossible to commit suicide, not in this life! I've chosen the third option. We'll both live well, and you can die!"

Lin Yi smiled mockingly as well. The clash of spirit sense erupted, and the demonic devouring sword appeared in his hand, a black light flashing!

Huang He 'an's body was strong, but his essence spirit was nothing to Lin Yi!

A divine sense charged over and directly stunned him.

The demonic devouring sword swept through the air, bringing with it a rain of blood as it took Huang He 'an's head!

The overpowered Gold level spy, Huang He 'an, who had the power to kill the first hall Master of the martial union branch, was beheaded by Lin Yi so easily!

Everyone was silent!

Everyone was stunned by this sudden turn of events!

No one expected Lin Yi to suddenly go berserk and kill Huang He 'an so easily!

Was he dreaming? It can't be true, right?

Even if it was a dream, it was absurd enough!

He was a gold-level secret agent of the martial Alliance!

Lu sanjian subconsciously pinched his thigh, and the pain spread throughout his body. Lu sanjian suddenly fell to the ground!

"Really? He wasn't dreaming! We're finished, we're all finished!"

Lu sanjian was an old man, and he almost cried!

In the whole matter, he was just a guide, but somehow, he was getting more and more involved!

Now that the gold-level secret agent had been killed, he would definitely not be able to escape if the martial Alliance investigated!

At that time, dismissing the director would be a small matter, and it would be hard to say if he could even keep his life.

A Grandmaster Alchemist was precious, but it was hard to predict how the martial Alliance of the continent would deal with it!

The first hall Master was stunned for a moment before he shouted, ""You've got some nerve! How dare you kill martial league's Secret agent! Today, no matter what your identity is, you're dead! Why are you guys still standing there? go!"

There were dozens of Warriors from the Huang family on the side. They were all shocked by Huang He 'an's death, and they didn't have time to react.

It was only after the first hall master's shout that the Warriors came to their senses and charged at Lin Yi.

The first hall Master retreated a distance and sent out the signal to gather the combat Association's Warriors. He looked at Lin Yi, who was surrounded by dozens of people, with a dark expression.

No one noticed that the first hall Master had a faint smile on his face!

Huang He 'an had something on the first hall Master and was the secret agent who could fire him at will. To the first hall Master, this was like a huge mountain pressing down on his head!

Now that the mountain had been killed, how could he not be secretly pleased with himself?

As long as he took Lin Yi down or killed him, he'd still get the credit!

Dozens of Huang family's martial artists rushed at Lin Yi like crazy, but Lin Yi only laughed in disdain. He swung the demonic sword in his hand and used the Super butterfly microstep, his figure flashing into the crowd like a ghost.

At the same time, he used all his strength to send out the deified soul vibration. With Lin Yi's deified soul strength as a half-step to the heaven breaking realm and Wu Linghai's achievement, even a wide-range deified soul vibration was powerful enough.

In an instant, more than half of the martial artists had been taken down by Lin Yi.

Chapter 8345

However, Lin Yi showed mercy this time and didn't take their lives. He only made them temporarily lose their ability to fight and can't get up for a short time.

After all, Lin Yi wasn't a bloodthirsty person. Killing Huang He 'an was enough. That idiot thought he was a big Shot and had harmed many people. Killing him would be considered as helping the heavens get what they deserved!

The scene was a bit chaotic. Ouyang Fantong, who was originally kneeling and begging for mercy, rolled and crawled to the side, her heart full of surprise, joy, and fear!

They were shocked that Lin Yi was so bold and powerful!

He was happy that Huang He 'an was dead. Did that mean he was safe?

But then he thought about it-house Huang was still there, and the martial Alliance was still there, so he might not be safe. And if Lin Yi won, he might not let him go ... He was in a bad situation!

How could he not be afraid?

"Sima Yi, stop! Do you want to rebel? With an order from the continental martial Alliance, there's no place for you in this world, unless you seek refuge with the darkness demon beast!"

The first hall master's face changed-he didn't think that even with so many masters, they still couldn't block Lin Yi's attack!

What kind of trash did the Huang family raise!

But the first hall Master didn't want to risk his life, so he called out to Lin Yi from a distance, "The combat Association's battle generals have already gathered and are rushing over at full speed. If you are still stubborn, you and your companions will die. Listen to my advice, surrender and don't make any mistakes!"

Ouyang Fantong's expression suddenly changed after hearing this.

In his opinion, the battle Association's battle generals were all experts who could fight against the darkness magical beasts. They were definitely not comparable to the Warriors of the Huang family.

Once the battle generals attacked, where could he run to?

"I have nothing to do with them. I'm a member of the Ouyang family. I have nothing to do with them!"

Ouyang Fantong's brain heated up, and she shouted at the side, trying to cut off her relationship with Lin Yi and the others.

It was a pity that no one paid attention to a small fry like him-all their attention was on Lin Yi.

Lin Yi didn't care about the first hall Master and continued to walk around the Huang family's practitioners. He moved like a dragon and his sword was like a Swan. Soon, those who could still stand were all flat on the ground!

Tang Yungui's blood was boiling. He couldn't help but shout, "Master is mighty!"

He'd always been focused on making elixirs, and now that he'd had the thought of learning martial arts from Lin Yi, the ease and ease with which he moved and retreated in a fight really made him want it.

Diao mang Tian also cheered loudly, but his face was somewhat worried.

When he had a chance, he whispered in Tang Yungui's ear, ""Senior brother Tang, although master is powerful, he might not be able to defeat the battle Association's battle general! Why don't we advise master to take advantage of this opportunity to escape!"

This was Diao Mantian's long-term experience. Whenever he caused trouble, he would quickly slip away and run away. After hiding from the limelight, he could come out and show off again!

"Master won't leave. No one in this world can Force Master to escape! Don't worry, Junior Brother Diao, master knows what he's doing. He'll be fine!"

Tang Yungui had a smile on his face. When he talked about Lin Yi, he was naturally full of confidence!

Diao mang Tian curled his lips in disapproval, but Tang Yungui had already said so. If he continued to talk nonsense, he would be doubting Lin Yi's ability as a master!

Unless he wanted to give up his in-name disciple status that he had obtained with great difficulty, it would be best if he didn't speak anymore.

Lin Yi put the demonic blade back into its scabbard and floated in front of the first hall Master.

The first hall Master went into a defensive position, afraid that Lin Yi would kill him again!

"Sima Yi, I'm the Great Hall Master of the spirit bow Empire's martial Alliance branch. If you attack me, you'll be committing an even greater crime, and you'll never be able to escape the territory of the spirit bow Empire! You can't even rely on the darkness magical beasts!"

The first hall Master was really nervous-Lin Yi's display of strength as if he was cutting vegetables had completely stunned him!

"First hall Master, you don't have to be nervous. I mean you no harm! If you don't mind ... Let's talk in private!"

Lin Yi gestured for the two to move to the side.

The corner of the first hall master's mouth twitched."I mind," he thought."Can you not take this step?"

It was obvious that the first hall Master didn't trust Lin Yi, and Lin Yi pulled him to the side impatiently.

The first hall master's face was bitter, but he didn't dare to struggle. If he pissed Lin Yi off, would Lin Yi kill him too?

It didn't seem impossible!

In terms of strength, the head wasn't much stronger than Huang He 'an. If Lin Yi could kill Huang He' an, he could kill him too!

"Dean Sima, don't be rash ..."

Lin Yi let go of the first hall master's arm and interrupted him before he could finish.

"First hall Master, don't talk. I'll tell you something first. If I want to kill you, it's not an additional crime. It's not right to say that. It's not a big deal to kill you!"

Lin Yi's words were filled with killing intent, and the first hall master's heart froze.

"But I'm not Huang He 'an's kind of person who likes to kill innocent people. Look at the Huang family's martial artists, did I kill even one more?" Lin Yi changed the topic.

This was the truth, and it also made the first hall Master relax a little.

There were dozens of Warriors from the Huang family, but none of them lost their lives.

With the first hall master's eyesight, he could naturally see that these Warriors had only suffered some superficial injuries. It was not a big deal and they would recover after a few days of rest.

"Hehe, Dean Sima ... Huang He 'an didn't really want to kill him. He was most likely just threatening him, but you directly ..."

The first hall Master smiled dryly, feeling that it wasn't appropriate to finish his sentence halfway. Wasn't he just going against Lin Yi?

He said that he was a compassionate person, but if you insisted on calling him a homicidal maniac, then it would seem that he was letting you down if he didn't kill you.

"To be honest, the matter of you killing the secret agent is indeed a little troublesome. However, as long as you surrender and admit your mistake, there might still be a chance for us to turn the situation around. After all, you are from the Fuyao apothecary school ..."

The first hall Master didn't dare go against Lin Yi, so he could only say some useless things to save some face.

Lin Yi's lips twitched as he opened his palm, revealing a token for the first hall Master to see. He quickly put it away.

From this angle, other than the first hall Master, no one could see him. The reason why he wanted to speak to him was to show him the token.

The first hall Master was tongue-tied, and the words she wanted to say were stuck in her throat!

Lin Yi didn't show the token for long-it was just a flash.

However, the pattern, pattern, and color of the token were deeply imprinted in the head Hall master's mind!

A dark gold ranked Dark Envoy token!

He grabbed a blade of grass!

It was too exciting!

Chapter 8346

No wonder Sima Yi said that killing me was not a big deal. A dark gold ranked secret agent killing a martial Alliance branch's first hall Master was indeed not a big deal!

"Dark ..."

With hundreds of thoughts in his mind, the first hall Master subconsciously wanted to say it.

"Shut up!" Lin Yi's eyes widened.

The first hall Master shut up immediately, even covering his mouth with his hand, afraid that he'd blurt out one more word and it'd become an excuse for Lin Yi to kill!

"First hall Master, don't be nervous. Relax ..."

Lin Yi's expression softened as he tried to calm the head down.

The first hall Master cursed in his heart. You F * cking took out the dark gold level secret envoy token, and you still want me to not be nervous? How could I not be nervous?

"Do you know the principle of confidentiality? Do you need me to tell you?"

Lin Yi blinked. He'd kill you if he told you!

What the hell is this principle of confidentiality? I don't know either!

It was a good thing that Lin Yi didn't know, but the first hall Master did. He nodded repeatedly, his hand still covering his mouth.

Lin Yi's mouth twitched. Did the nod mean that he understood the principle of confidentiality, or did he need to tell him? Please explain!

I'll decide if I want to kill you if you tell me clearly ...

The first hall Master seemed to think that just nodding wasn't enough, and so he nodded and shook his head, and Lin Yi thought that either he was crazy or he was!

"Alright, alright, put your hand down! It's fine as long as you know how to keep it a secret. Let's talk about how we're going to solve Huang He 'an's matter first!"

Lin Yi didn't want to waste any more time with the guy, so he waved his hand for him to give his opinion.

Under the premise of not exposing his identity as a dark gold secret agent, he really had to count on the first hall Master to settle this matter!

The first hall Master immediately put down his hand and squeezed out a sincere smile. "Lord Sima, this matter is actually very simple. Lord's identity needs to be kept a secret from the outside world, so don't announce Lord's identity."

"We'll say that Huang He 'an played favoritism and committed fraud. He used his identity as a secret agent to commit crimes in the local area. He allowed his family to dominate the market, suppressed and eliminated dissidents. He even trampled on the martial Alliance branch as he pleased!"

As the first hall Master spoke, he became emotional and began to speak faster, "This kind of person deserves to die. This time, it's because of your great strength that Huang He 'an's plot was destroyed. The Huang family has committed countless crimes under Huang He 'an's connivance. I will impeach them in the martial Alliance of this continent!"

"I'll gather all the evidence of Huang He 'an's crimes as soon as possible and hand them over. This way, Huang He 'an's crimes will be announced to the public and he'll be guilty!" Su mo said.

"However, your identity might not be a secret to the Great Hall Master of the martial Alliance. You haven't appeared for many years. If you make a move now, will there be any impact?"

Originally, the dark gold level secret agent was appointed by the previous Great Hall Master of the martial Alliance. However, the mission of the dark gold level secret agent was to inspect and supervise the next Great Hall Master of the martial Alliance, which was the current one!

So the first hall Master wasn't sure if Lin Yi was willing to expose his identity.

He felt that Lin Yi's current appearance was fake, just like how Lin Yi's strength level was fake!

His level was obviously very low, but he could kill a high-level opponent in seconds. This was clearly a hidden strength that no one could see through. His true strength was terrifying!

And Lin Yi's youthful appearance must have been made on purpose. How many years had it been since a dark gold assassin appeared? How could he be so young?

"It won't affect me. You can go and arrange all these. I'll leave it to you!"

Lin Yi shrugged nonchalantly. It was impossible to keep this a secret from the martial Union's great Hall Master, and it was fine as long as he could keep it a secret from the martial union branches.

Speaking of which, this token was really awesome. It could simply do whatever it wanted in the martial Alliance of the continent!

Lin Yi didn't think that the old man in the prison would give him such a powerful token.

No wonder he had said that the first hall Master of the naduo martial Alliance branch would not dare to disobey his orders, and that he would be fired if he did not!

He thought that he was just bragging, but it turned out that he was really awesome!

Even the current Great Hall Master of the martial Alliance would be terrified by this token, let alone the Great Hall Master of the nado martial Alliance branch.

Lin Yi sighed to himself, and the first hall Master was also laughing.

Huang He 'an had used his weakness to force him to do many things that he did not want to do, and these things had become new weaknesses that Huang He' an could use against him.

Under such circumstances, the Great Hall master's authority in the spirit bow martial union branch had long been stripped away by Huang He 'an. The few vice Hall Masters in the martial union branch were either directly from the Huang family or were people who had been supported by the Huang family.

The first hall Master was a loner in the martial union branch, and he'd had enough of this kind of life. Lin Yi killing Huang He 'an was a great help to him.

Now that Huang He 'an, the gold-rank secret agent who could suppress him, was dead, the first hall Master could calmly plan and slowly regain the power of the martial Alliance branch, kicking out all the Vice Hall Masters!

His days of suffering were finally coming to an end, and his future was bright!

At this moment, the combat Association's combat generals who had received the signal arrived at the scene in a hurry. They were shocked when they saw the Huang family's martial artists groaning on the ground.

"The first hall Master has been kidnapped by that brat. Quickly kill him!"

Huang shulang, who had been silent for a while, jumped out after being frightened by Lin Yi. He pointed at Lin Yi and shouted, "Hurry up! Don't let him escape! He also killed my uncle!"

The combat Association's combat generals knew that Huang He 'an had always been above the first hall Master, so they prepared to attack after hearing this. They had to kill Lin Yi first.

"How audacious! Do you want to rebel? Or do you want to kill me?"

The first hall master's body trembled as he stood in front of Lin Yi, his eyes wide with anger. "I haven't even given the order, and a little kid from the Huang family can command you? Are you the combat Association of the martial Union's branch or the Huang family?"

The first hall Master had very little control over the entire martial Union's branch, and only a small portion of the combat Association was still loyal to him. Thus, it had been difficult for his orders to be carried out in the combat Association in the past.

However, it was different this time. Huang He 'an was already dead. His head was separated from his body. Most of the combat Association's combat generals who were still wavering were intimidated by the first hall Master and did not dare to step forward.

Only a small group of Huang's loyal followers were still clamoring to move forward, ready to ignore the first hall Master and continue attacking Lin Yi.

The first hall master's eyes were filled with killing intent. These were all targets that needed to be cleaned up. It was a good time to settle them now!

"Combat Association, listen up. Take down these rebels who don't listen to my orders. Kill anyone who resists!"

"Yes, sir!"

The battle generals loyal to the first hall Master loudly acknowledged the order and then attacked from behind. The remaining battle generals only hesitated for a moment before following.

Chapter 8347

Huang He 'an was already dead, so the only right thing to do now was to follow the first hall Master!

If he hesitated now, he would definitely be dealt with later. Everyone knew what to do!

The Huang family's die-hard battle generals were quickly dealt with. Most of them had been killed, and only a small portion had been captured alive.

The Huang family's martial artists that Lin Yi had knocked down, as well as Huang shulang, were all sent to prison.

"Dean ... Dean Sima, then I'll take my leave first. After I've settled the Huang family's matter, I'll come and consult Dean Sima again!"

The first hall master's chest was bursting with anger as he cupped his hands at Lin Yi with a smile.

He had wanted to call Lu sanjian 'Sir', but when he saw Lu sanjian, he changed his address to ' Dean '.

"First hall Master, you're too polite. If you have something to do, go ahead and do it. There will be plenty of opportunities in the future!"

Lin Yi also showed enough respect and watched the first hall Master leave.

Lin Yi didn't care what the first hall Master did to the martial union branch, what he did to the rest of the Huang family members, and how he took back his power.

"Dean Sima, what did you say to the first hall Master? How did the situation suddenly change? Huang He 'an was a gold-level secret agent. How could he die just like that?"

Lu sanjian felt that everything that happened today was so unbelievable!

It was a Gold level spy, how could the first hall Master let Lin Yi go?

This matter would definitely alert the Great Hall Master of the martial Alliance!

"I didn't say much, it's just about benefits!"

Lin Yi smiled faintly as he started spouting nonsense. "Huang He 'an bullied the first hall Master just because he's a gold-level secret agent. Look at a mere junior like Huang shulang from the Huang family. How dare he be so arrogant and say that he wants to dismiss you from your position as the Dean of Qingshan Alchemy School?"

"From this, we can see how arrogant Huang He 'an is. The first hall Master must have suffered a loss at his hands. So, I convinced the first hall Master to make Huang He' an's crime a serious one. Then, we'll have nothing to do with it!"

Lin Yi was bullshitting, but it was surprisingly close to the truth. Lu sanjian nodded in understanding. "I understand now. Indeed, a few of the Vice Hall Masters in the martial Union's branch are related to the Huang family. I didn't understand before, but now I know that it's because of the gold-level secret agent!"

Lin Yi laughed to himself-it's good that you understand-I'm afraid I won't be able to explain myself if you keep talking!

"Master! I already knew that with master here, there would definitely be no problem!"

Before Tang Yungui could say anything, Diao Longtian had already rushed to claim credit.

Lin Yi smiled-he'd been monitoring everyone's behavior with his spirit sense.

But Lin Yi didn't expose Diao mang Tian. After all, the kid was someone who supported him with all his heart.

Tang Yungui came up to greet him and did not argue with Diao Mantian. The other two students had experienced emotional ups and downs and had not yet recovered from their shock.

Fortunately, they all followed Tang Yungui subconsciously. They did whatever Tang Yungui did, so they would not make any mistakes.

"Master, how should we deal with that shameless person, Ouyang Fantong? This kind of guy, even if we don't kill him, we should at least expel him. If he continues to stay in our Academy, he's simply ruining our Academy's reputation!"

Diao Mantian began to complain that the whole thing was caused by Ouyang Fantong, but that bastard wanted Lin Yi, Tang Yungui, and the others to be his scapegoats. Diao Mantian couldn't stand it anymore!

At this time, Ouyang Fantong's heart was also filled with regret!

If they had known that Sima Yi was so powerful, they would have just waited for him to come and save them!

She'd even jumped up and down, kneeled down and begged for mercy, but all she did was offend Lin Yi and his group. It was too late for Ouyang Fantong to regret it, but she wouldn't reflect on her own mistakes-she hated Lin Yi.

Since you, Sima Yi, are so powerful, why didn't you show it earlier? Are you deliberately trying to see me make a fool of myself?

Similar thoughts lingered in Ouyang Fantong's heart!

He was in a tight spot now-he'd just offended Lin Yi and the others, and no matter how shameless he was, he wouldn't be able to get Lin Yi's forgiveness. So, Ouyang Fantong decided to just lie on the ground and play dead.

Lin Yi glanced at Ouyang Fantong, who was playing dead.

To be honest, this kid was annoying-he'd kill him if he had the chance, but he was a representative of the Fuyao Alchemy School, after all, and Lin Yi couldn't just leave him like that.

"Forget it, let's just keep him for now. If we want to deal with him, it should be up to principal Hua to decide. I'm only an honorary principal. We'll talk about it after asking for principal Hua's opinion."

Lin Yi waved his hand, putting Ouyang Fantong to the back of his mind. She was just an insignificant person, there was no need to take her to heart.

"Dean Sima, it's getting late. I've already prepared a banquet to invite everyone. Shall we go now?"

Lu sanjian didn't dare look down on Lin Yi's group anymore, so he was very respectful when he invited them.

"Alright, let's go together then! As for Ouyang Fantong, she seems to be injured and unconscious, so there's no need to care about her. Her life shouldn't be in danger. When she wakes up, she'll probably go back to her own residence ..."

Lin Yi's tone was sarcastic, but he was implying that Ouyang Fantong should go back on her own. She didn't need to go to the banquet, so as not to ruin her appetite.

He didn't expect Ouyang Fantong to get up and bow to Lin Yi and the others in apology.

She didn't care if anyone was paying attention to her or not-she just stood at the back, following Lin Yi and the others.

He could tell that Lin Yi wasn't trying to kick him out or get even with him, so he decided to shamelessly stick with the team.

Even if Lin Yi didn't want him to go, he had to.

Only in this way could they continue to stay in the team and continue to participate in the assessment!

Now that his reputation had been swept to the ground, if he were to be expelled, he would really have nothing left. He might not even be able to return to the Ouyang family!

Thus, he could only continue to take the examination and obtain the title of apprentice apothecary. Only then would he have a way out!

Lin Yi frowned, too lazy to argue with Ouyang Fantong.

In any case, Ouyang Fantong would only be ridiculed and rolled her eyes at by Tang Yungui, Diao Longtian, and the others if she followed. It could be considered a kind of retribution.

When they arrived, the banquet was about to begin. The standard was indeed much higher than lunch, and there were many more people accompanying them than at noon.

However, Lu sanjian no longer had the face to mention those things like sparring!

The atmosphere was quite good as they were just eating and chatting. In the middle of the meal, the first hall Master came in person.

"First hall Master, I didn't expect you to come. I'm sorry!"

Lu sanjian came out to welcome him, feeling a little surprised. 'Shouldn't the first hall Master be so busy at this time and try her best to take back the power of the martial League branch?' Why did you have the time to come over?

"I've been busy all day. I heard that Dean Lu is inviting Dean Sima to a banquet, so I shamelessly came over to ask for a drink. I hope Dean Lu doesn't mind me, an uninvited guest!"

The first hall Master laughed as he walked into the hall, surrounded by a group of people. He quickly walked up to Lin Yi and greeted him, "Vice-Principal Sima, we meet again!"

Chapter 8348

"Yeah, we meet again. First hall Master has worked hard today!"

"It's no trouble, no trouble at all. It's all thanks to Dean Sima today that we've gotten rid of a tumor in our martial union branch!"

The first hall Master didn't dare to show too much respect and could only maintain a perfect smile. "Thanks to Dean Sima's blessings, our martial Alliance's branch has changed considerably. Apart from asking Dean Lu for a drink, I've come this time to inform Dean Sima about the Huang family's situation."

"After all, it was the Huang clan who provoked us first, causing the students of the Fuyao apothecary school to feel aggrieved. This seat will definitely have to come and give an explanation, so that Dean Sima will know."

This excuse was not bad. Although it was a bit out of line for the first hall Master to come personally, it was still reasonable. Lu sanjian and the others had some doubts at first, but now they understood.

"The Huang family's house has already been raided. Our martial union branch has found a lot of evidence of the Huang family's illegal activities. Huang He 'an is the mastermind behind most of them, and many of them are indirectly related to Huang He' an. This shows that his death was not unjust! Even if he's still alive, he won't have a good end if this evidence is sent to the martial Union. "

"All the relevant people have been captured and sent to prison. After the trial, there will be a result whether they should be killed or exiled. In short, the Huang family is finished! From today onwards, the Huang family will no longer exist in the spirit bow Empire!"

In less than two hours, the Huang family, which had once been strong and prosperous, was annihilated just like that!

From this, it could be seen that once the martial Alliance's branch exerted their strength, their combat ability would be shocking. Even the arrogant Huang family would be unable to resist.

As for the Vice Hall Masters of the martial union branch, the first hall Master didn't say anything, and Lin Yi didn't ask.

They probably wouldn't have a good ending either, and would most likely be finished.

From today onwards, the spirit bow martial union branch was back under the head master's control, so he was really grateful to Lin Yi.

It was hard to say how long this gratitude would last, but if Lin Yi kept his identity as a spy, it would probably last forever.

Lu sanjian, who was listening at the side, was stunned. The insufferably arrogant Huang family had been destroyed so quickly?

Not long ago, Huang shulang, that junior, was still clamoring to dismiss him from his position as the Dean of the Qingshan Alchemy School.

And now? The entire Huang family was finished. Things had developed too quickly, and Lu sanjian could not accept it.

In the corner, Ouyang Fantong lowered her head, her fists clenched and her body trembling. She couldn't tell what he was feeling right now.

A mere Huang shulang forced the Ouyang family to give up on him, almost forced Lu sanjian to be fired, and forced the first hall Master to deal with Lin Yi!

However, who would have thought that the Huang family would become history in just two hours!

The feelings of resentment were like a venomous snake gnawing at his heart. It wasn't easy for him to improve, but now he was in a worse situation than before. Ouyang Fantong felt that Lin Yi and the others had let him down!

The first hall Master wasn't interested in attending the banquet, but since Lin Yi was here, he didn't mind showing up uninvited.

As long as he could establish a good relationship with this dark-gold boss, everything else was a small matter.

Lu sanjian saw the first hall master's attitude towards Lin Yi and had some guesses in his heart. On the surface, it was as Lin Yi said, but on the inside, Lin Yi must have some strong background.

As a result, Lu sanjian became even more respectful towards Lin Yi, and the atmosphere became extremely harmonious.

"Dean Sima, with you leading the team this time, the competition at the Fuyao apothecary school is going to break through the heavens! I would like to bask in some of the glory. I wonder if Dean Sima is willing to join forces with our Green Mountain Alchemy School?"

Lu sanjian was trying to get on Lin Yi's good side, offering his sincerity, "Next year, we won't compete with the fu Yao apothecary school for the higher-ups' share. With Dean Sima around, we won't be able to compete."

"As for the other Academies, this old man feels that if we join forces, our chances of winning are very high. With Dean Sima holding the fort, our chances of winning will double! In this way, we'll get more benefits. What does Dean Sima think?"

"Dean Lu, you're too humble! It's my first time leading a team to participate in the assessment, so I don't have any experience at all. I won't know anything after I go, so I'll need more guidance from you, Dean Lu. "

Lin Yi smiled and cupped his fists. "It's great to be able to work with you, Dean Lu. It's a win-win situation if we work together!"

This was a good thing, and Lin Yi had no reason to reject it. He'd remember Lu sanjian's favor, and he'd return it when he had the chance.

"Hahaha, Dean Sima, you're too polite. It was this old man who needed Dean Sima's care. Come, drink this cup and wish our Alliance a happy time! First hall Master, if you don't mind, please join us!"

Lu sanjian was overjoyed. He smiled and raised his glass to invite them. The first hall Master beside him was also pulled in. It was really good to be able to build a good relationship with them.

"Hahaha, then I'll join in the fun! Full drink!"

The first hall Master also raised his cup with a smile.

Since Lin Yi and Lu sanjian were in an Alliance, the head naturally didn't mind being on good terms with Lu sanjian as well-it would be of help to him too.

Therefore, under the premise that everyone deliberately made friends, the banquet was filled with laughter, and it could be said that the guests and the host were happy.

The only one who was dejected and depressed was probably Ouyang Fantong!

Ouyang Fantong's heart was filled with all sorts of emotions. One moment she was envious, one moment she was resentful, one moment she was curious, how did Lin Yi Do all this?

How could this person be so awesome? Why did something so difficult become so easy in his hands?

Unfortunately, the first hall Master didn't say anything, and Lin Yi didn't mention it either. Ouyang Fantong could only keep her curiosity in her heart, and it turned into resentment!

All of you are F * cking bullying this young master!

Once this young master makes a comeback, none of you will be able to escape!

... These words were just thoughts in her heart. Ouyang Fantong didn't dare to say it out loud. In fact, no one would care if he said it out loud. It was just the useless barking of a loser!

The dinner party ended in a cheerful and harmonious atmosphere.

The next morning, Lin Yi and the people from the Fuyao apothecary school were ready to leave. When he left, he realized that Lu sanjian and the others were still early and were already waiting at the gate!

"Dean Sima, did you rest well last night?"

Lu sanjian stepped forward with a smile and cupped his hands in greeting. "This old master has been too negligent and was unable to properly play the role of a host. I'm really ashamed of my poor hospitality!"

"You're too kind, Dean Lu. We all feel at home! If this is considered poor hospitality, then you are nitpicking and not knowing gratitude!"

Lin Yi smiled and asked, "Dean Lu, you guys came here long ago? Why don't you go in and sit down? if you stand at the door, it'll seem like we're insensible!"

Chapter 8349

"No, no, we just arrived. We didn't even have time to knock on the door before Dean Sima and you came out! It's really a coincidence!"

Lu sanjian laughed and lied through his teeth.

In fact, he and the people from the Qingshan Alchemy School had been here for at least an hour, but they didn't want to disturb Lin Yi and the others, so they waited quietly at the door.

Lin Yi knew they were at the door, but he pretended he didn't know since Lu sanjian didn't knock on the door. He didn't want to affect his people because of these people.

"What a coincidence ... Dean Lu, are we going now?"

Lin Yi looked at the people beside Lu sanjian-they were the standard instructors.

However, the Qingshan apothecary school had six slots, one more than the Fuyao apothecary school. It was clear that the Qingshan apothecary school had won by a slight margin last year.

However, that was all there was to it. Five and six were really the same!

"We can set off now ... Dean Sima, do you need to prepare anything or eat something before we set off?"

Lu sanjian was very considerate. However, a martial artist could eat a big meal for a few days after eating it. If it was not special food, there was no need to eat three meals a day.

After all, she was just trying to improve Lin Yi's impression of her, so Lin Yi naturally declined with a smile.

"No need. Let's go!"

As soon as he finished speaking, the first hall Master rushed over with a few followers. Before they arrived, they laughed and greeted him from a distance.

"Dean Sima, Dean Lu, I'm here to see you off. Fortunately, I came in time, or I would have missed you!"

Lin Yi, Lu sanjian, and the others greeted him with cupped hands, and Lu sanjian had a strange feeling.

He felt that the first hall Master was a little too close to Lin Yi last night ... He didn't even try to please Lin Yi, because he felt the same way himself.

Not only did the first hall Master come personally to send him off, he even greeted Lin Yi first before bringing Lu sanjian along!

By right, the Qingshan apothecary school was the wing that the hall Master could rope in, while the Fuyao apothecary school was the naduo martial Alliance branch's cup of tea!

"First hall Master, you've come to send us off despite your busy schedule, we're really flattered ..."

Lu sanjian suppressed the doubts in his heart and said the standard conventional words to the first hall Master.

It was only when Lin Yi said it was time to go that the boring conversation was interrupted.

The group talked as they walked, and when they arrived at the area where they could ride flying spirit beasts, Lin Yi and the others got on their own flying spirit beasts.

Lu sanjian wanted to go with Lin Yi, but the flying spirit beast of the Fuyao apothecary school couldn't accommodate so many people. He had no choice but to ride another flying spirit beast.

"First hall Master, we'll meet again!"

Lin Yi cupped his fists to the first hall Master on the flying spirit beast and flew into the sky.

The first hall Master watched the aerial spirit beast leave before he turned around and left.

The rest of the journey was smooth without any accidents, and they arrived at the martial Alliance of the continent without any surprises!

The only one who felt aggrieved was Ouyang Fantong. No matter what he did, he was not welcomed by anyone. No one was willing to pay attention to him. No matter what he did, he could not obtain the understanding of Tang Yungui and the others.

On the way, Ouyang Fantong wanted to use the same old trick and bring everyone to buy some things to apologize, but in the end, everyone pretended not to hear him. He was standing in front of them, but he was ignored as if he was air.

After being repeatedly betrayed the last time, who would be stupid enough to go out with Ouyang Fantong for a small profit?

If it wasn't for Lin Yi, Ouyang Fantong might have already been thrown off her flying spirit beast by Diao Mantian and the others. Now that they completely ignored him, it was already a show of mercy.

After trying a few times, Ouyang Fantong also understood that it was impossible, so she completely fell silent and became completely invisible.

"We've finally arrived! Dean Sima, this is the city where the martial Alliance's headquarters is located! It's the most prosperous place in the entire continent!"

The two flying spirit beasts landed outside the gates of Tianxia city. Lu sanjian went to Lin Yi and introduced them, ""The ruler of world city is the martial Alliance of the continent. There are no empires here, but it's the center of all the empires in the continent!"

Lin Yi nodded, indicating that he understood. The titled empires were all conferred by the martial Alliance, and there were naturally no empires in the headquarters.

Hence, world city was the center of all the conferred empires. It was indeed worthy of its name!

"The whole world city is under the influence of the martial Alliance. Dean Sima, you can't offend anyone here. It's possible that an unremarkable person has a big Shot in the martial Alliance behind him!"

Lu sanjian lowered his voice slightly. "To put it bluntly, in the world city, if a stone falls from the sky and hits someone, they basically have the background of the martial Alliance of the continent. After seven or eight turns, they can meet a Big Shot, so we have to be as cautious as possible!"

"Don't worry, Dean Lu. I'm the most low-key person. I've never caused any trouble!"

Lin Yi said with a low-profile smile.

Lu sanjian's mouth twitched instinctively when he heard this. He thought to himself, "you're so low-key that your Huang family has already been destroyed. If you were more high-profile, the spirit bow Empire would have been destroyed, right?"

However, Lu sanjian immediately realized that his expression was not very good, so his pouting immediately turned into a smile, ""Indeed, I've never seen someone as low-key as Dean Sima. He's a role model for our generation!"

Lin Yi couldn't help but smile-this old man was pretty cute, after all, no one could be this good at bullshitting!

The group of people walked to the city gate, laughing and chatting. There were guards checking them, and Lin Yi and Lu sanjian took out their documents, explaining their participation in the test. After the guards verified it, they gave Lin Yi and Lu sanjian a tag each.

"Deans, this is the relay station arranged for your Academy. You can stay here with a license and wait for the assessment to begin. Because the two deans came together, I arranged for you two to be together. If you have any questions, you can ask now. "

The Guard's attitude was nice, even smiling when he spoke-Lin Yi couldn't help but want to give him a like.

"Many thanks! There are no more problems. We are very satisfied with this arrangement. "

Lu sanjian didn't put on any airs. He smiled and cupped his hands in thanks.

As mentioned just now, no one in world city could be underestimated. Who knew who was the big boss behind this? It was the same for the city guards.

Lu sanjian wouldn't easily offend them even if they had a bad attitude, let alone if they had a good attitude. Naturally, he wouldn't put on any airs.

Chapter 8350

"Please enter the city. Your courier station is located in the east of the city. There will be road signs along the way. Just follow the road signs!"

The guard stepped aside, and Lin Yi smiled and nodded at him before entering the city with his men.

After passing through the city gate passage, a bustling Street appeared in front of them.

The lively atmosphere was indeed better than the Imperial capitals from before.

"Dean Sima, let's go to the relay station and settle down first. Every year, the martial Alliance of the continent will make arrangements for this. This old man has also stayed in our relay station before, so we won't get lost without road signs."

Lu sanjian put on his old horse attitude and introduced the place to Lin Yi with a smile, "After we've settled down, this old man will take Dean Sima around the city. There are many good places that people who are here for the first time will definitely not know. This old man guarantees that Dean Sima will not be disappointed."

"Oh? It seemed that he had to trouble Dean Lu! Then let's go to the relay station first!"

Lin Yi smiled and agreed, and the group walked towards the inn at a steady pace. They also visited some shops along the way, and it was quite pleasant!

When they arrived at the inn, they settled the check-in procedures. Fuyao apothecary school and Qingshan apothecary school were each given a small courtyard. The two sides were separated by a wall, and it was convenient for them to live next to each other.

After a short break, Lu sanjian came to invite Lin Yi out for a walk.

Lin Yi was very interested in the martial Union's Tianxia city as well. He agreed happily and brought his men to follow.

At night, they ate and drank their fill before returning to rest.

They had originally agreed to continue their sightseeing the next day, but they had unexpectedly received a notice that the continental martial Alliance was summoning all the academies participating in the examination at the Tianxia Academy!

It wasn't a formal assessment, just a simple meeting.

The Tianxia Academy was the largest Academy in Tianxia city. It was also the top academy in the entire martial Alliance!

Originally, the examination was the alchemy Association's matter. However, because there were more people, the examination venue was set up in Tianxia college.

To the outside world, it was organized by the alchemy Association and assisted by Tianxia Academy!

In truth, Tianxia Academy was also a Superior School to the Fuyao apothecary school and the Qingshan apothecary school.

There was also an alchemy division in Tianxia college.

"Dean Sima, you've also received the notice, right?"

Lu sanjian rushed over as soon as he received the notice, assuming Lin Yi's role as the leader."I didn't expect that we would come at such a good time. If we were delayed for one or two days on the road, we wouldn't have made it in time for this meeting!"

There might not be any meaning in participating in this kind of meeting, nor would there be any benefits.

But if he didn't participate, it wouldn't be a good thing if those big shots targeted him!

"I've received the notice. We're a team. Of course, we won't favor one!"

Lin Yi smiled as he invited Lu sanjian to sit down before asking,"There should be such meetings in the past years, right? Since it's still early, why don't I ask Dean Lu to tell me if there are any things I need to pay attention to?"

"There's nothing to pay special attention to. We'll just participate as usual. Our Academy won't attract any attention anyway."

Lu sanjian waved his hand with a smile. Then, his expression became serious and he said with a serious look,"However, we need to pay attention to the Dean of Tianxia college. We must not offend him!"

"What's so special about the Dean of Tianxia college?"

Lin Yi asked casually. Was it because he was the Dean of a Superior School?

"It's not just because of the superior schools!"

Lu sanjian seemed to be able to hear Lin Yi's thoughts as he continued naturally, "The president of the Tianxia Academy is called Wei zhentian. He's also the Executive Vice President of the alchemy Association of the martial Alliance. He has real power!"

Lin Yi didn't really care about the actual power, but he did care about the Dean's name. Wei zhentian? How domineering!

I wonder if he has an enemy called Qin Tianzhu or something? If there was a chance in the future, he could ask.

"Dean Sima, do you understand the logic behind this? He's the Executive Vice President with real power, and he's the president of Tianxia college. This President Wei zhentian doesn't just control us, he can control our people to death!"

Lu sanjian said seriously.

"Oh, what an amazing person! I got it!"

Lin Yi said insincerely.

"He's just the alchemy Association's Executive Vice President. In fact, there's nothing special about him. The executive Vice Hall head of the continental martial Alliance is just so-so, what about Wei zhentian?"

"I don't think we'll have the chance to meet and talk to such a Big Shot. We won't even have the chance to offend him. Don't worry, Dean Lu!"

Lin Yi added, seeing how worried Lu sanjian was.

"Haha, this old man is naturally at ease. Dean Sima always does things with a sense of propriety, so what does this old man have to worry about? Hahaha ..."

Lu sanjian laughed drily, but he did not feel at ease at all.

Lin Yi knew what he was doing?

Huang He 'an wouldn't lose his head, and the Huang family would still be glorious in the spirit bow Empire!

Lu sanjian decided that he had to keep a close eye on Lin Yi and not give him a chance to show off!

"Dean Sima, it's getting late. Let's head to Tianxia Academy!"

"Alright, let's go then! Tang Yungui, are you ready? Let's go!"

Lin Yi nodded.

Tang Yungui and the others quickly came out of the courtyard and greeted Lu sanjian before standing behind Lin Yi.

Lu sanjian didn't put on any airs. He cupped his hands in return and led the way to Tianxia college.

On the way, they met many teams from other Academies, some of them more than others.

Some of them had more than twenty, while others had about the same number as Lin Yi's group. Everyone had the same goal, and so they slowly gathered into a huge group.

Tianxia Academy was located in the central area of Tianxia city. On the side was the martial Alliance's headquarters. The Academy's Gate was magnificent, with a heroic spirit that could swallow the world.

Lin Yi raised his head and looked at the four flamboyant words, "Tianxia Academy!"

He couldn't help but sigh.

It was indeed quite impressive. Just the gate of the Academy was enough to make one's heart flutter!

After entering Tianxia college, there were naturally people to guide the crowd to the alchemy sub-college.

Lin Yi's group followed the crowd and arrived at their destination without much worry.

Everyone entered a Hall that was several times larger than the Grand Hall of the fu Yao apothecary school. It was filled with tables and praying mats.

Each school had its own area. The Fuyao apothecary school and the Qingshan apothecary school were still next to each other, but their positions were worse. They were located at the back of the school, near the corner.

Lin Yi, on the other hand, didn't mind-he found a place to sit down cross-legged and started munching on the snacks on the table.
