

Bodyguard 8361

Chapter 8361 Villain's Success

Even Tang Yungui, who had a calm personality, could not accept such a huge difference. After all, he was still a teenager!

"Brother Ouyang, congratulations! I've long known that brother Ouyang is extraordinary. Today, you've amazed the world with a single brilliant feat, directly becoming a gold rank apprentice Alchemist!"

Not far away, Zhang Ling Fu saw Ouyang Fantong's name on the list and happened to see her nearby, so he immediately came over to congratulate her.

A few of the Zhang Ling family's close friends also came over to congratulate Ouyang Fantong.

Because Ouyang Fantong also came from an alchemy family, they saw her as someone from the same circle. Now that Ouyang Fantong was at the top, they had to come and befriend her.

"Hahaha, thank you, brothers. I'll set up two tables in Tianfeng restaurant later and invite all of you to come and drink!"

Ouyang Fantong was overjoyed. With the flattery from Zhang Lingfu and the others, she suddenly felt a little smug.

He didn't reject anyone who came to congratulate him, but he ignored Lin Yi, Lu sanjian, and the others.

It was clear that they were going to fall out completely.

In fact, Ouyang Fantong wanted to mock Lin Yi and Tang Yungui to vent her anger, but she didn't dare to!

If Lin Yi decided to beat him up, he wouldn't be able to do anything about it. He'd just be a laughing stock for everyone.

Now that he, Ouyang Fantong, was someone with status, a gold rank alchemy apprentice, he definitely couldn't do such a shameful thing.

"Brother Ouyang, congratulations! You are now the pride of our Fu Yao apothecary school. When we return, principal Hua will definitely reward you handsomely!"

Lin Yi's two invisible underlings, on the other hand, had turned their heads to please Ouyang Fantong!

Most likely, they were afraid that Ouyang Fantong would come back and settle the score with them. To make an enemy of a gold rank alchemy apprentice would not do them any good!

They had already offended Ouyang Fantong before, so this was the only way to make up for it.

"This young master doesn't care about the reward. Do you think this young master is someone who lacks that little reward? Forget it, this young master originally wanted to teach you two a lesson, but you don't need this young master to remind you of what you've done before, right?"

Once Ouyang Fantong was successful, she immediately returned to her previous arrogant appearance, "But seeing that you've changed your minds, this young master will not haggle with you!"

"Don't you two have any shame? This kind of despicable person, talking to him will dirty your mouth, and you guys actually went to congratulate him? This is simply preposterous!"

Diao mang Tian was immediately filled with righteous indignation after hearing this. He pointed at the two students and began to curse. His lungs were about to explode from anger!

Lin Yi was comforting Tang Yungui, so he didn't pay attention to them. However, the two students didn't dare to talk back after being scolded by Diao Mantian. They just stood aside with their heads lowered.

Ouyang Fantong was still in a good mood. If Lin Yi was the one fighting him, he might have some reservations, but he wasn't afraid of Diao Mantian.

Immediately, Ouyang fan raised his chin and proudly walked out of the crowd. He pointed his nose at Tang Yungui and deliberately persuaded him, "Tang Yungui, you don't have to be depressed. Although I won today, you can't let go of me. This means that you still have a lot of room for improvement! At most, you can come back two years later to take the exam. Don't be discouraged from this!"

These words sounded like he was comforting her, but in fact, he was mocking her!

Ouyang Fantong was now speaking with the attitude of a senior giving advice to a junior!

However, Ouyang Fantong felt that this was to be expected. Because he was now a gold apprentice Alchemist. In front of silver apprentices, he was the boss, and Tang Yungui was the little brother!

Tang Yungui was furious. He wanted to beat Ouyang Fantong up but was stopped by Lin Yi.

"Yungui, how could you forget your Master's words again? The bigger the matter, the calmer you have to be. You should adjust your emotions first. It's not a good time to get into a conflict with such a despicable person. "

Lin Yi stopped Tang Yungui to let him calm down.

Tang Yungui would force himself to follow his master's instructions no matter what negative emotions he had.

Thus, Tang Yungui took a deep breath and calmed his irascible emotions. However, he still glared at Ouyang Fantong.

"That's right, listen to your master and be good! Your master isn't very good at teaching disciples, but he's very good at advising you to be a turtle hiding in its shell!"

Ouyang Fantong laughed proudly, even daring to mock Lin Yi.

He had the confidence to do this. At this time, Ouyang Fantong was surrounded by many people who had come to make friends and congratulate her. Not far away, there were also people from the alchemy Association of the martial Alliance. Therefore, he simply didn't think that anything would happen, so he became bold.

He was just thinking that he shouldn't provoke Lin Yi too much, but he forgot about it now. She didn't know how this strange sense of security gave him the confidence.

"I am the final Victor. Tang Yungui, you should go back to the Fuyao apothecary school and continue to cultivate the turtle shell technique for a few more years. Come out and try again, hahahaha!"

Ouyang Fantong looked at Tang Yungui, who was furious but had to hold it in. She felt very comfortable.

All the resentment he had all along was vented at this moment.

Tang Yungui was furious, but Lin Yi told him to calm down. He had to endure it. His nails dug into his palms, but he didn't feel any pain.

Lin Yi advised Tang Yungui to calm down, but he didn't. He used the butterfly microstep and instantly appeared in front of Ouyang Fantong, giving her a slap!

"Pa!"

With a crisp sound, Ouyang Fantong was directly sent flying, and she spat out two teeth.

"You disrespected your teacher and your master! Do you think you have the capital to clamor in front of this Lord now? Even your Ouyang family's patriarch wouldn't dare to speak to me like this. Where did you get your courage from?"

Lin Yi smiled coldly, putting his hands behind his back and putting on a high and mighty posture, instantly intimidating the people around him. "Even if you become a golden apprentice apothecary and wish to join another school, you can not forget the fact that you are still a student of the Fuyao apothecary school. You can not forget the fact that the Fuyao apothecary school has nurtured you!"

"But how did you treat this Lord? "You're so cold, sarcastic, and so ungrateful. Which Academy would be so blind as to want someone like you? If I accept it, I'll have to be on guard against you stabbing me in the back!"

Ouyang Fantong was rendered speechless by Lin Yi's words, and she felt like vomiting blood ... And then he really did!

The aftereffects of Lin Yi's slap were still present, and he was holding his breath, so he could spit it out at the same time.

Chapter 8362 Expelled From The Academy

"I know that your heart is no longer with the Fuyao apothecary school, and that you want to use the school as a stepping stone to obtain the title of gold rank apprentice Alchemist before leaving. Since that's the case, this seat will fulfill your wish!"

Lin Yi didn't give Ouyang Fantong a chance to speak and coldly announced, "From now on, Ouyang Fantong is no longer a student of the Fuyao apothecary school. From now on, no matter what happens to you, whether you rise or fall, it has nothing to do with the Fuyao apothecary school!"

The apprentice apothecary test had already ended, and the following inter-Academy competition had nothing to do with the students. Ouyang Fantong had successfully passed the test on behalf of the Fuyao apothecary school, so it didn't matter if he was still in the Fuyao apothecary school.

As for whether or not the contribution points of these students would be calculated in the end, that would be the alchemy Association's business.

After all, even if he didn't count them, Lin Yi was confident that he'd get a good result in the test.

Since Ouyang Fantong wanted to fall out with him so badly, Lin Yi naturally wouldn't hold back. He'd use his ultimate move to remove him from the school!

"Gah!"

In the end, after Ouyang Fantong heard this, she was dumbfounded. Her mouth was wide open, her eyes were wide open, and she couldn't say anything. She couldn't help but spit out another mouthful of blood!

This time, it wasn't because of the slap-it was because of Lin Yi's actions.

That's right, Ouyang Fantong did indeed want to leave the fu Yao pill refining Academy. However, his plan was to obtain the title of a gold rank apprentice pill refiner, then leave in glory and enter a better school to study!

At that time, it wasn't the Academy that expelled him, but he wanted to improve and reach the next level!

But now Lin Yi just kicked him out ... This was completely different from what he expected. This way, his reputation would be ruined, and it was a thousand miles away from the Grand exit he had expected!

As long as he didn't respect his elders, Ouyang Fantong could even foresee that in the future, no school would even want to see him!

Even if he was a gold rank apprentice Alchemist, that was still not enough!

No Academy would want such an unruly, white-eyed Wolf.

Thinking of the dark future, Ouyang Fantong couldn't help but vomit blood again.

He vomited and vomited. He was used to it, so it wasn't as uncomfortable as before.

Ignoring Ouyang Fantong, who was vomiting blood, Lin Yi turned to Tang Yungui and comforted him, ""Yungui, don't be discouraged. Your alchemy skills are far above Ouyang Fantong 's. There must be a problem this time. Don't worry, master will definitely get to the bottom of this!"

Lin Yi had dealt with Ouyang Fantong, and the others saw it, but no one went to help.

After all, Lin Yi wasn't wrong. Ouyang Fantong's crimes fit the bill, so it was reasonable for the honorary Dean to discipline a student. No one could say no.

Ouyang Fantong's imagination of people being brave was of no use.

"many thanks, master!"

tang yungui cupped his fists gratefully.

tang yungui was very touched that lin yi could help him get rid of ouyang fantong and also investigate the whole thing.

lu sanjian also comforted tang yungui, but he looked hesitant. after thinking for a while, he whispered, "dean sima, that ouyang fantong ... forget it, it's fine if you want to expel her, but the results of this assessment have already been decided, and the matter is clear. you must not doubt anything!"

lu sanjian was very clear about the situation between ouyang fantong and lin yi, so he wasn't surprised by lin yi's decision. he even thought that lin yi should have kicked ouyang fantong out long ago.

it was already too late to make a move now, and it was after ouyang fantong had recklessly offended him, so she deserved it!

but the test results were from the alchemy association, what was lin yi supposed to know?

If he were to question them directly, he would be provoking the martial Alliance and the alchemy Association. Not only Lin Yi, but the entire Fuyao Alchemy School wouldn't be able to take the responsibility!

"Don't worry, Dean Lu. I won't question anything. I just want to clarify some things!"

Lin Yi knew what Lu sanjian was worried about, but he had his own trump card as well. He smiled and replied, "I remember Dean Lu saying that after the assessment, the team leader and teachers of the Academy are allowed to check the content of the assessment, right?"

Lu sanjian smiled bitterly to himself. He thought, "you can, but isn't this the same as questioning? if this isn't questioning, then what is questioning?"

Going to check the assessment content was to suspect that there was something fishy about the results!

Even if the other party didn't fall out on the spot, they would still bear a grudge in their hearts. Therefore, although the rules were true, the Academy had never really done it.

"That's right, but Dean Sima, you know ..."

At the thought of this, Lu sanjian was about to persuade him.

"It's fine as long as you're right! Dean Lu, please take Tang Yungui and the others to find a place to wait for me. Take good care of them. I'll be back soon!"

Lin Yi waved his hand and didn't let Lu sanjian continue. He left Tang Yungui and the others to Lu sanjian and ran into Tianxia College's branch of alchemy.

Lu sanjian shook his head with a bitter smile. He knew that he couldn't stop Lin Yi, so he gave up and left with Tang Yungui and Diao Hantian, who wanted to follow.

Lu sanjian knew that Lin Yi had good intentions, but he didn't dare to help Lin Yi. It would offend the higher-ups, so he could only do what he could, such as not letting these little guys cause trouble.

Tianxia Academy didn't have any security restrictions, and people could enter as they pleased. Lin Yi turned around and entered the school, spreading out his spirit sense to search for Wei zhentian's location.

He wasn't afraid that Wei zhentian would find out-he was here for an explanation anyway, so he didn't care.

it didn't take long for lin yi to locate wei zhentian.

although he was the dean of tianxia college, he was the executive vice president of the alchemy association, so he spent more time in the alchemy sub-college.

the good thing was that tianxia school was probably more confident and didn't set up anything to block or restrict spiritual sense, so no one noticed lin yi's spiritual sense coverage.

after confirming the location, lin yi went to the door and knocked.

"please come in!"

wei zhentian thought that it was a teacher from the academy who wanted to report something to him, so he replied casually without even raising his head.

lin yi pushed the door open and entered. he'd already scanned the room with his spirit sense, but he was still shocked when he entered!

as expected of an academy directly under the martial union and the executive vice president of the alchemy association of the martial union. this office was really impressive!

All sorts of ancient books, medicinal herbs, pill cauldrons, and so on were placed on the shelves around them.

At this moment, Wei zhentian was reading a book.

Chapter 8363 Questioning In Person

Feeling that something was amiss, Wei zhentian raised his head and was instantly stunned. Subconsciously, he asked, ""Who are you?"

Although Lin Yi was here to represent the fu Yao Alchemy School, this was still his first time here. Wei zhentian didn't know who he was at all.

He'd be a miracle if he remembered Lin Yi, who'd never interacted with him before.

"Dean Wei, I am naduo illusion martial Alliance's Fu Yao Alchemy school's honorary Dean, Sima Yi! You're in charge of leading the team to participate in the assessment this time!"

Lin Yi introduced himself, not surprised that Wei zhentian didn't know who he was.

"Oh, it's you. I've seen your information. I heard that your acting Hall Master, the president of the alchemy Association, Ouyang Changqing, tried to stop him. I was the one who put pressure on him!"

Hearing Lin Yi's explanation, Wei zhentian seemed to have some impression of it. He nodded and asked, "Do you need something?"

"It's like this. In yesterday's gold apprentice alchemy test, my disciple Tang Yungui performed outstandingly and successfully refined a pill that was beyond his level. "

Lin Yi didn't need any fake courtesy and went straight to the point, "Dean Wei, but on today's list, Tang Yungui's name fell behind Sun Shan 's, and Ouyang Fantong, whose strength is not as good as his, is on the list."

"I'm suspicious of this result, so I'm here to exercise my right as a participating college to ask for the examination paper and the results! Please allow me to do so, Dean Wei!"

With that, Lin Yi looked at Wei zhentian quietly.

Wei zhentian's face darkened, and his expression was somewhat startled. He then chided in a low voice, ""How audacious! The passing list is decided after a fair and just selection. What do you mean by asking to check the papers and the assessment results? Are you suspecting me? Or are you suspecting the alchemy Association of the continental martial Union?"

"Why do you say that, Dean Wei? Checking the examination papers and results was the right of every participating Academy. What did it have to do with suspecting anyone? Could it be that Dean Wei feels that I, Sima Yi, do not have the qualifications to represent the fu Yao apothecary school to apply for the examination?"

Lin Yi was a little surprised by his reaction, but he wasn't too surprised. He smiled coldly.

Lin Yi still wanted to talk nicely, but if Wei zhentian continued to stall for time, Lin Yi would really suspect that Wei zhentian was targeting Tang Yungui!

If he wanted to take revenge, Lin Yi wouldn't waste time talking to him, and he couldn't guarantee what would happen to him.

Wei zhentian choked at Lin Yi's words, and his expression became even more unnatural. After a moment of silence, he actually nodded, "That's right, you do have the right to do so. You also have the right to represent the fu Yao apothecary school in this matter!"

"Although I have no right to stop you, I still want to give you a piece of advice. You'd better consider the consequences before you do anything! Usually, no one would come to check the results. You should know the reason, right? At least, this has never happened before!"

"Of course, let's not talk about this for now. What this seat doesn't understand is that Ouyang Fantong is also a student of your Fuyao pill refining school, right? Your Academy already has a gold rank alchemy apprentice who has advanced, so what are you still here for?"

"Every Academy only has one promotion quota. If you don't even have a single student who is qualified for promotion, then it's understandable that you're here to cause trouble! But now that one of them has already advanced, you still want to check. Could it be that you want both of them to pass?"

"Let me tell you, this is impossible! Even if two people were very outstanding, in the end, only one person would be selected based on performance. This was the rule! Do you still want to check it now?"

With that, Wei zhentian turned to Lin Yi quietly.

Lin Yi's face was calm as he listened to Wei zhentian before nodding his head, "We need to check!"

"You're not investigating anymore ... What? Gah?"

Wei zhentian was instantly angered. He felt that this person called Sima Yi in front of him was so annoying. Did he not understand human language or something?

"Fine, if you want to check, then check. This is your right, I can't control it! However, I really want to know what you can do after you check it. It's impossible to give you the two promotion spots, and the name list has already been announced, so it's impossible to change it at the last minute! If the result remains the same, your inspection will be meaningless, and you'll have to offend the alchemy Association of the martial Alliance. Do you think it's worth it?"

Wei zhentian frowned and looked at Lin Yi in confusion, "I'm just curious, I'm not stopping you. You can choose not to answer. "

"There's nothing I can't say. "

Lin Yi nodded slightly. He felt that Wei zhentian's current behavior was quite natural. He didn't seem to be the one who wanted to harm Tang Yungui. At least this person had the patience to say so much. He shouldn't be the mastermind.

But in that case, Lin Yi had to check even more!

Because, Ouyang Fantong simply didn't have the ability to pass!

"It's worth it! Tang Yungui is my disciple. His alchemy skills are far better than Ouyang Fantong 's. There's no reason for Ouyang Fantong to pass but eliminate Tang Yungui! I need a reasonable explanation, or else this matter will not end well!"

Lin Yi's expression was still respectful, but his attitude was firm. He added, "And that Ouyang Fantong, because she had no respect for her elders, I've already expelled her from the Fuyao pill refining school! In the future, he will have nothing to do with our Academy!"

"Uh ..."

Wei zhentian couldn't help but Twitch his lips.

If it wasn't for the fact that Ouyang Fantong was expelled after the Golden apprentice apothecary examination and the list of names was revealed, Wei zhentian would have suspected that Lin Yi was using this method to ensure that only one person from the Fuyao Alchemy School would take the examination!

Wei zhentian was even wondering why Lin Yi didn't do this before. If he had done that, there wouldn't have been so much trouble later on!

Expelling Ouyang Fantong now was obviously of no use. The quota of Fuyao pill refining school had already been given to Ouyang Fantong, and it was impossible to get it back. Expelling her or not would be meaningless.

But then again, there were no longer any gold apprentices in the school, so Wei zhentian had no way to continue saying that the school was not at a disadvantage.

"I understand. Since you insist, then let's check!"

Wei zhentian shook his head and looked at Lin Yi, sighing softly. He lowered his voice, "To be honest, even if you check it, there won't be any results. Since it's been announced, there must be a reasonable arrangement. It's useless for you to check."

Lin Yi raised an eyebrow in surprise.

Wei zhentian's words ... Were not a hint, but an indication!

Someone must have changed the assessment results!

If he were to check it again now, it was already in a flawless state, and it was impossible to leave a trace of flaw!

of course, this person wasn't wei zhentian. otherwise, he wouldn't have said so much. however, to be able to make wei zhentian keep this a secret and even lower his head to cooperate with him, the identity of this person could already be easily guessed!

Chapter 8364 Want To Work Or Not

Wei zhentian had been observing Lin Yi's expression the whole time, and a smile appeared on his face when he saw Lin Yi's enlightened expression.

"Dean Sima, I'm sure you already understand that there won't be any results from the inspection. Why don't we stop here? This matter ends here, this Lord will naturally bear some responsibility!"

Wei zhentian paused for a moment, then continued after some thought, ""To tell you the truth, I have a good relationship with principal Hua Yao. For the sake of Hua Yao's face, I will, within the rules, make things easier for your Fuyao apothecary school. Tang Yungui should wait until after autumn. At that time, I will give him a chance to take the make-up test for a gold apprentice Alchemist. There is no need to wait for two years. What do you think?"

This was already giving Lin Yi a lot of face-he did this without even knowing who Lin Yi was, and it was quite a good gesture.

Lin Yi believed that Wei zhentian and Hua Yao were on good terms.

If Lin Yi still didn't let him go, Wei zhentian would probably flip out!

Lin Yi didn't want to make things difficult for Wei zhentian anymore,"Sima Yi is extremely grateful for Dean Wei's kindness. We really can't make things difficult for Dean Wei ... Forget it, let's forget about the inspection!"

Since the results had already been tampered with, the inspection would only be a waste of time!

Lin Yi decided to do him a favor, saving him some trouble.

"Dean Sima is indeed profound and righteous. It's great that you can think like this! Take a step back, it's all good!"

Wei zhentian's expression relaxed, and he laughed out loud,""Then it's settled. Tang Yungui will take the make-up test after autumn. There will be no problem then!"

Lin Yi cupped his fist in thanks before smiling faintly."Dean Wei, who did this?"

"What?"

Wei zhentian's smile froze-he thought that Lin Yi wasn't going to pursue the matter anymore, but it turned out that ... The kid still wanted to get to the bottom of it!

"Dean Sima, does it matter who did it? Wasn't it good to stop here? Why did he still want to get to the bottom of it? This is not good for you, Tang Yungui, or the Fuyao pill refining school!"

Wei zhentian sighed to himself. Why did he have to meet such a stubborn and rash young man? It was really worrying!

But looking at Lin Yi's age, he was still young. Young people were capable, but they didn't want to lose!

"Dean Wei, even if you don't tell me, I already know who it is. Who else could do this besides him? I'm only asking you to confirm!"

Lin Yi was calm, as if he had everything under control, as if he really knew who it was. "It doesn't matter if Dean Wei doesn't want to say it. I'll just go and confirm it."

"Are you crazy? Directly looking for the president, was he looking for death? It's better to let you give up after a check!"

Wei zhentian thought that Lin Yi really did find out, so he just revealed it without thinking.

The president of the alchemy Association!

She was indeed Lin Yi's suspect!

But Lin Yi wasn't too sure-after all, this wasn't the only one who could command Wei zhentian.

However, Wei zhentian was the alchemy Association's Executive Vice President, and the alchemy Association was in charge of the assessment. Other than the president, it would be difficult for anyone else to change the assessment results.

"Hehe ... It really is the president of your alchemy Association! Why does he want to control the results?"

Lin Yi's words made Wei zhentian slap his forehead-he finally realized that Lin Yi was trying to trick him!

But he had already said it, and he couldn't take it back even if he wanted to!

"Dean Wei, do you know the reason? Was he targeting Tang Yungui or was he trying to support Ouyang Fantong? Could it be that you're under pressure from the Ouyang family?"

Lin Yi didn't have the time to care about Wei zhentian's frustration as he asked a few questions.

Wei zhentian immediately shook his head with a bitter smile, "how would I know! By right, it's impossible for the president to know Tang Yungui, so he won't deliberately target him. As for Ouyang Fantong ... We don't seem to have any interactions, so there's no need to take special care of her, right?"

"The president of the alchemy Association and the Vice Hall Master of the martial Alliance is an extremely prominent figure. He was not qualified at all! Your lead is heading in the wrong direction!"

Wei zhentian muttered to himself, but he couldn't guess the reason behind it. It seemed like this fellow really didn't know much.

Lin Yi didn't want to make things difficult for Wei zhentian anymore, so he waved his hand, "Forget it, let's not think about this, just ask him directly! Dean Wei, I'll have to trouble you to get the president of the alchemy Association of the martial Alliance and tell him that he has something to discuss with us!"

"This is impossible! What are you thinking? This matter must not be allowed! What can you do if the president is here?"

Wei zhentian wasn't afraid of the president, but he was worried that the president would take revenge on him.

"You'll know what I can do when the time comes. Listen to me this once and take it as a favor. Go and find your President. Otherwise, do you want me to go to your door personally?"

Lin Yi didn't want to make a big deal out of this-if he went to The Alchemist Association, it'd be a big deal!

The best choice now was to call them over and quietly get rid of them.

Wei zhentian's mouth twitched-he couldn't let Lin Yi go looking for trouble after all!

"I understand. I'll send someone to invite the President over. However, when the president comes, you have to speak properly and don't offend the president!"

"Don't worry, Dean Wei! This matter has nothing to do with you, you can just watch from the side! When he comes, I'm just going to ask him if he still wants to be the president. If you don't want to work, then just pack up and get lost!"

Lin Yi's attitude was extremely unyielding, but Wei zhentian didn't care at all.

He was the Vice Hall Master of the continental martial Alliance and the president of the alchemy Association. How dare you ask him if he still wanted to work?

Come on, after he came, it's not that he doesn't want to work anymore, but whether you, the honorary Dean of the Fuyao apothecary school, still want to work?

"If this matter isn't resolved, I'll get rid of him, the president!"

Lin Yi didn't know what Wei zhentian was thinking, and frowned impatiently.

Lin Yi wasn't bragging-he really was thinking about it. He wanted to see what the relationship between the president and the Ouyang family was!

If they really had a close relationship, then he would just dismiss them and save himself from having an enemy.

Unfortunately, there was only Wei zhentian in the audience, and Lin Yi didn't get much of a response-this was an honest man who didn't know how to flatter!

The honest man was very displeased with Lin Yi-he didn't think that Lin Yi was telling the truth at all, thinking that the young man was just saying things out of anger!

As far as he was concerned, Lin Yi was just asking for it, and since that was the case, there was nothing else Wei zhentian could say-he'd just send someone to the Dean!

He called a subordinate over and personally wrote a note and stamped it with his seal. Wei zhentian had only sent him to deliver the letter.

Wei zhentian didn't have much hope as he waited for the president's arrival, and he tried to persuade Lin Yi as usual.

Chapter 8365

Although Lin Yi agreed with a laugh, he didn't seem to care at all. Wei zhentian decided to just let it be!

Not long after, Hong zhizhu, the president of the alchemy Association, arrived at Wei zhentian's office alone.

"Old Wei, I heard you have something to tell me?"

Hong zhizhu went straight to the point the moment he entered, ignoring Lin Yi.

From Hong zhizhu's point of view, Lin Yi was probably a mentor at the school.

"This is naduo illusion martial Alliance's Fuyao apothecary school's honorary Dean, Sima Yi. He is the one who has something to discuss with you!"

Wei zhentian briefly introduced the two of them, "Sima Yi, if you have something to say, just say it. I still have some matters to attend to, so I'll take my leave first."

With that simple explanation, Wei zhentian excused himself and left his office to Lin Yi and the others.

If he continued to stay, it would be easy for him to be implicated. Wei zhentian didn't want to be implicated.

Especially since Lin Yi didn't know what was good for him, and he didn't want to listen to his advice, he had to protect himself.

Wei zhentian's departure made Hong zhizhu very unhappy. He didn't know that Lin Yi was looking for him before he came, so he thought that Wei zhentian had lied to him and challenged his dignity!

If it wasn't for the fact that he had scruples about his bearing as a vice Hall Master, he might have already left on the spot.

Even now, Hong zhizhu was only prepared to feign civility and leave after a few words.

"Vice President Wei just said that you have something to discuss with this seat? If there's anything you want to say, say it. This Lord is very busy!"

Hong zhizhu pulled a long face, showing that he wasn't too happy with Lin Yi's indirect approach, "If there's nothing important, you don't have to say it!"

"Naturally, there's an important matter for me to ask you to come!"

Lin Yi didn't give Hong zhizhu any face, not even bothering to address him as President or vice head."In this year's gold apprentice alchemy test, in terms of strength, our Fuyao Alchemy school's Tang Yungui is much stronger than Ouyang Fantong. Why is it that Ouyang Fantong passed in the end? What's the secret behind this?"

This tone was not a question, but an interrogation!

If the president's attitude was good, Lin Yi wouldn't mind explaining patiently.

Now that the guy was clearly getting impatient, Lin Yi didn't have to be polite anymore.

Hong zhizhu's face darkened,"How dare you!" You're just an honorary Dean of a low-level Academy. How can you speak to me like this? Who Do You Think You Are, to dare question this Lord?"

In his eyes, Lin Yi's honorary Dean status was nothing! He didn't even have the right to speak to him!

Therefore, when he mentioned it, Hong zhizhu's expression was somewhat disdainful.

If it wasn't for Wei zhentian bringing him here, Hong zhizhu wouldn't even have the chance to see him, let alone question him so rudely!

"Ha ... Don't try to show off your authority. I'm afraid you can't afford it!"

Lin Yi's lips curled into a mocking smile as he continued, "There's no one else here. Let's not waste time and get straight to the point. Why are you targeting Tang Yungui? If you explain clearly, there might still be room for negotiation!"

"I don't know what you're talking about. Tang Yungui, Ouyang Fantong, and the like, I've never heard of them! Besides, with my identity, do I still need to target anyone? What a joke!"

Hong zhizhu would definitely not admit that he had done something. After flatly denying it, he said with a dark face, ""The result is the truth. I don't need to explain anything to you. This is the alchemy Association's judgment. If the other Academies that don't qualify aren't convinced, does that mean anyone can come and find trouble with me?"

There was some truth to that-Lin Yi wouldn't use his position to bully people, after all.

But Tang Yungui's situation was different. Lin Yi was sure that in this test, Tang Yungui's alchemy skills were not the best, but he was one of the top few!

Rather, compared to Ouyang Fantong, Tang Yungui was much stronger!

If Tang Yungui didn't pass, then with this as the standard, there were few who could pass!

There was no need to even mention a trash like Ouyang Fantong.

"I just can't accept it. The alchemy Association is unfair. They secretly manipulated the assessment results. The mastermind behind this is you, the president of the alchemy Association and the Vice Hall Master of the continental martial Alliance! Are you worthy of the badge on your chest?"

Lin Yi didn't want to waste any more time and entered the state of no return!

Hong zhizhu finally could not keep his face straight, and his expression changed."How audacious! You dare to slander your superior! Did the martial Alliance of the continent still exist in their eyes? I'll tell you one more time, the announced result is the final result. If you accept it, then accept it. If you don't, then get lost! Then I don't have to be an Honorary President anymore!"

"Hehe ... What a powerful official! Does your head Hall Master know that vice Hall Master Hong is so powerful that he can cover the sky with one hand?"

Lin Yi responded with a cold smile, mercilessly mocking him."Vice Hall Master Hong, you're very familiar with abusing your power for personal gain. I think you've done it many times over the years. After being exposed, you can still threaten people fiercely. At least I can save some face!"

"Quit?"

Hong zhizhu was so angry that he laughed, squinting at Lin Yi."Forget it, since you don't know what's good for you and want to die, I'll fulfill your wish!"

"That's right. I changed the test results, took down Tang Yungui, and helped Ouyang Fantong to the top. What can you do to me? Not to mention that Ouyang Fantong's strength isn't bad, enough to bear the title of a gold rank alchemy apprentice, even if he's a pile of dog sh * t, if this seat says he's gold, then he's gold!"

"As for the first hall Master, how should I put it? you can say that he knows, you can say that he doesn't know, and you can say that he doesn't know. These are not important at all! Because the person who asked me to handle this matter was introduced by the first hall Master! That person told me to take good care of Ouyang Fantong. Although first hall Master didn't intervene in the follow-up matters, can you say that he doesn't know?"

Hong zhizhu laughed out loud, looking as if he had everything under control.

Since he'd laid everything out, Hong zhizhu wasn't going to let Lin Yi go!

However, it seemed that Wei zhentian was very tactful. Even if he walked far away, he would not know what would happen here.

After he killed Lin Yi, Hong zhizhu would say that Lin Yi had offended him and wanted to attack him, the Vice Hall Master of the martial Alliance!

Who'd stand up for Lin Yi if he went against his superior?

He wasn't afraid even if someone wanted to cause trouble. If he could make the first hall Master his ally, who in the martial Alliance could challenge them?

"I see. You're the main culprit, and the first hall Master is an accomplice. I didn't expect the continental martial Alliance to have fallen to such a state."

Lin Yi nodded and sighed, "It seems that you really lack supervision. That's why you're lawless and have no taboos!"

Chapter 8366

"Hahaha, what a joke! In this place, we are the law, we are the heavens! Naturally, there were no taboos! You'll soon experience what despair is!"

Hong zhizhu raised his hand with an evil smile, evidently not wanting to waste any more time with Lin Yi. He was ready to kill Lin Yi.

He'd never thought about losing to Lin Yi-after all, Lin Yi's strength level was too low, and he couldn't even show it!

Hong zhizhu felt that taking care of Lin Yi with one finger was already doing him a favor!

He'd just raised his hand when Lin Yi smacked a token onto his face!

Before Hong zhizhu could react, he felt a burning pain on his face, and his back was covered in cold sweat.

What would have happened if it wasn't a token that had slapped his face, but a martial technique that had been activated at full force?

Or a divine weapon?

Was this kid that powerful?

Then, it seemed impossible to silence them without a sound!

Damn it!

He shouldn't have said it out loud just now. If he couldn't get rid of Lin Yi, this wouldn't end well!

Would there be any use in denying it now?

Countless thoughts flooded Hong zhizhu's mind, but all of this happened in an instant!

When he saw the token on his face, his mind went blank!

Dark emissary.....Dark gold!

F * ck! Was he dreaming?

"I don't care if the first hall Master knows or not, and I don't care how lawless you are! I only have one thing to say, settle this matter immediately!"

"If you can't give me a satisfactory result, I'll show you what true despair is!" Lin Yi said with a cold face.

Hong zhizhu trembled violently. He didn't even dare to answer!

The identity of a dark gold ranked dark emissary naturally crushed him.

He was the Vice Hall Master of the martial Alliance of the continent. He could even wrestle with the first hall Master, but he couldn't do that to an agent!

If Lin Yi was weaker, Hong zhizhu would've killed him.

However, he had been in a daze just now, and the token of the secret agent had smacked Hong zhizhu's face, giving him no time to react.

But then again, how could a dark gold ranked Dark Envoy be a fake?

Now it seemed that Lin Yi's identity and strength were all fake!

These were just disguises. If you believed them, you wouldn't even know how you died.

Hong zhizhu cowered!

He miscalculated Lin Yi's strength and thought that Lin Yi could kill him with ease!

However, it seemed to be the case. Lin Yi needed to use his spirit to kill him, not the physique strength that Hong zhizhu thought he had.

"Hong zhizhu greets Lord secret envoy! I didn't know Lord secret envoy's identity before, this one was rude!"

A wise man knows not to fight when the odds are against him. Hong zhizhu cupped his hands and bowed respectfully to Lin Yi, "Just now, this Hong was too domineering. Lord secret envoy, please forgive me!"

Lin Yi's face relaxed a little as he smiled, "Tell me what's going on first. Then, think about how to solve this problem and give me a satisfactory answer. If I'm not satisfied, then you can forget about being a vice Hall Master!"

Hong zhizhu groaned in his heart, but he did not dare to refute or hide anything. He could only obediently lower his head and say, ""In fact, I was entrusted with a task. I have nothing to do with that Ouyang Fantong, nor do I have any grudges with the dark emissary's disciple."

"This matter was all caused by the central Chamber of Commerce's chief blue robe. He found this Hong through the first hall Master and asked this Hong to take care of Ouyang Fantong and give her a chance to rise to power."

"Lord secret envoy, you should have heard about the cooperation between martial League and central, right? "As of now, martial Alliance and central are temporarily in an Alliance. For some insignificant matters, they will definitely have to give face. Manager blue robe's status in central is very high. For him to personally come and ask for a gold rank alchemy apprentice quota is really not a big deal."

"If we have to go against the blue-robed Chairman for such a small matter, then even if we have completely offended him, the relationship between our martial League and central will naturally be brought up for discussion! So, out of consideration for the relationship between the two sides, it wasn't strange for Ouyang Fantong to be promoted! In this matter, neither I nor first hall Master are in the wrong, right?"

The reality was cruel. In the eyes of Tang Yungui and Ouyang Fantong, the quota for gold apprentice alchemists was very precious. It could be said to be the foundation of their Alchemist career.

However, in the eyes of big shots like Hong zhizhu and Wei zhentian, gold rank alchemy apprentices were nothing. They were not even worth mentioning.

For example, in the eyes of the Marshal, what was the rank of a Centurion worth mentioning?

Hong zhizhu sneaked a glance at Lin Yi and saw that he was frowning. He didn't look very happy, and he couldn't help but feel nervous.

Hong zhizhu was thinking about what he would do if Lin Yi were to question him.

In fact, Lin Yi was thinking about the center, the blue-robed man!

Lin Yi didn't know what to say to this huge organization, his destined enemy.

It seemed that no matter where he ran, he would always encounter people in the center who would get in his way.

"Alright, now we have figured out the cause and effect of this matter. Let's not talk about this for now. I just want to ask you, Tang Yungui's title of gold apprentice Alchemist was destroyed by you. How do you solve this?"

Lin Yi didn't want to talk about central anymore-he needed to get what he came here for first."Just say one word, can you solve it?"

"I can! Of course, I can!"

Hong zhizhu immediately patted his chest. At a time like this, even if he couldn't, he had to. "Lord secret envoy, don't worry, leave this matter to this Hong! I'll go and get Wei zhentian to gather everyone and announce the solution!"

"Alright, I'll see how you perform then!"

Lin Yi nodded slightly, not asking what the solution was-Hong zhizhu wouldn't dare to talk nonsense.

"Yes, Lord secret envoy, please wait and see. I'll make the arrangements first."

Hong zhizhu cupped his hands and saluted. After getting permission, he quickly left the room and looked for Wei zhentian to make the arrangements.

Those students had dispersed after looking at the name list and were scattered all over the world city. It was not easy to find all of them, but that was only for ordinary people.

For a Big Shot like Wei zhentian, it wasn't too difficult.

After all, the whole world city was under the influence of the martial Alliance of the continents. It wouldn't take too much time to find these students if they issued an order in the name of the martial Alliance.

It didn't take long for the students who received the notice to return to Tianxia College's alchemy sub-school's Hall of ceremony.

Lu sanjian had just arrived with Tang Yungui and the others when Lin Yi arrived.

They didn't go far at all-they were waiting for Lin Yi's news, but they were told to come to the hall of rites and met up with him.

Chapter 8367

Ouyang Fantong, that traitor, had also come. He had returned to his normal state, probably because he had used medicinal pills to heal his injuries. There were no traces on the outside.

The kid saw Lin Yi and Tang Yungui and stared at them with undisguised hatred for a long time, but didn't dare to provoke them again.

After all, Lin Yi's actions had proven that he wouldn't hesitate to beat him up.

After a short while, when almost everyone had arrived, Hong zhizhu and Wei zhentian arrived together.

Hong zhizhu personally went up to the high platform, raised his hand, and made a gesture for silence. Then, in a clear voice, he explained the purpose of gathering the various Academies.

"I'm Hong zhizhu, the Vice Hall Master of the martial Alliance and the president of the alchemy Association. I'm in charge of the final review of this assessment. Yesterday's gold apprentice alchemy test was completed quite well. Here, this seat would like to first congratulate those qualified apprentice alchemists!"

Hong zhizhu was obviously a talkative person, so whenever he opened his mouth, it would be a long-winded and meaningless speech.

However, the students who had passed the assessment were listening with great interest.

Ouyang Changhong looked at Tang Yungui's side with pride.

Although he didn't dare to provoke them, this kind of silent show-off made him very happy.

Lin Yi looked at the stage calmly. He didn't ask Hong zhizhu how he was going to solve it, so he was still looking forward to it.

Hong zhizhu was almost done with his pleasantries and finally got to the main topic. "I've gathered everyone here today because I have a piece of good news to announce! The previous names were all gold rank apprentices who were qualified. "

"In fact, in this assessment, there is a genius whose alchemy ability has already exceeded the scope of a gold alchemy apprentice. The appearance of such an outstanding genius shows that the revival of our alchemy Association is in sight."

"Because yesterday's test was for a gold rank alchemy apprentice, we were very hesitant during the judging, not knowing if we should give him this quota. After careful consideration, in order to be fair to the other examinees, we decided to list him as an individual."

"That's why you can't see his name on the list, but it doesn't mean that he doesn't pass. We will give him a higher title to match his genius strength!"

"Dark gold rank apprentice Alchemist! Tang Yungui! In terms of alchemy, he has already far exceeded the standard of a gold apprentice Alchemist. Therefore, after some research, we have decided to make an exception and award him the title of dark gold rank in the gold apprentice alchemy assessment!"

"Let us congratulate this young genius! I believe that in a thousand years, he will become a world-shaking alchemy Grandmaster! Now, let's invite Tang Yungui on stage to accept the dark gold apprentice Alchemist's badge!"

Hong zhizhu's words made Ouyang Fantong completely dumbfounded.

He had been acting cool and thought that he could despise Tang Yungui as long as he became a gold apprentice Alchemist. He did not expect the reality to be so cruel and face-slapping to come so quickly.

In the end, he became an idiot!

A gold apprentice Alchemist showing off his superiority in front of a dark gold Alchemist, just how retarded would he be?

It wasn't just Ouyang Fantong who was dumbfounded. Tang Yungui himself was shocked too. Lin Yi didn't say anything when they met up, so Tang Yungui thought that his master didn't do anything because he couldn't find Lin Yi.

Suddenly hearing that he had become a dark gold alchemy apprentice, Tang Yungui almost suspected that he was hallucinating!

He turned his neck stiffly to look at his master, only to see Lin Yi nodding at him in encouragement. He finally believed that this was all real!

"Why are you in a daze? Didn't you hear the president of the alchemy Association calling you up to the stage to present the badge?"

Lin Yi was quite satisfied with the result. He reminded Tang Yungui and signaled him to get on the stage.

Tang Yungui agreed. He walked up the stage as if he was stepping on a cloud.

By the time he came back to his senses, he was already standing in front of Hong zhizhu.

"tang yungui, well done! in the future, you must continue to work hard and strive to become a great alchemist like your master!"

hong zhizhu smiled and encouraged tang yungui. he personally pinned the dark gold alchemy apprentice badge on tang yungui's chest and patted his shoulder as a form of encouragement.

"many thanks, president hong! your student will definitely live up to your expectations!"

tang yungui bowed slightly and thanked hong zhizhu with standard etiquette.

when he raised his head, his eyes were filled with tears, and they instantly turned red.

He was not a fool. Of course, he knew that this was not easy to achieve. Tang Yungui did not believe a single word of Hong zhizhu's nonsense!

It was definitely his master's help that resolved this problem, allowing him to take a step further and become the only dark gold rank alchemy apprentice.

If not for his master's hard work, the news of the addition of a dark gold rank alchemy apprentice would have long been spread all over the world. Why would he wait until now to announce it?

This was especially true when the alchemy Association announced that they would announce this matter as soon as his master returned. Who would believe that there was no connection between the two?

There was one more person who was also extremely shocked. He was the Dean of Tianxia college and the alchemy Association's Executive Vice President, Wei zhentian!

He knew best what was going on!

He was even more shocked because he knew. He thought that Lin Yi would be at a disadvantage if he talked to Hong zhizhu face to face.

She was suspicious when she saw Lin Yi come out fine.

But now, even though it was abnormal, the target wasn't Lin Yi, but Hong zhizhu!

What research and discussion, my ass! Never before, okay?

Hong zhizhu did not even discuss with him about Tang Yungui becoming a dark gold apprentice Alchemist!

However, an apprentice Alchemist, even if it was a dark gold rank apprentice Alchemist, to Hong zhizhu, there was really nothing much to discuss.

However, what was Sima Yi's background? What did he talk about with the president?

Apprentice apothecaries weren't that important. What was important was the reputation of the alchemy Association!

Going back on his word like this did not seem like Hong zhizhu's usual style!

When Tang Yungui rushed off the stage to celebrate with Lin Yi and Diao Hantian, Wei zhentian couldn't help but whisper to Hong zhizhu, ""President, what did Sima Yi say to you? Why did you suddenly change your mind?"

By right, Wei zhentian was Hong zhizhu's assistant, and his question was a little like probing into the leader's privacy, which was a taboo, but Hong zhizhu did not have the time to care about this.

Sima Yi over there was the real boss, a dark gold ranked secret agent!

He was someone who could dismiss them just because he wanted to. He guessed that Wei zhentian was not aware of this, so after some consideration, he hinted to him in a low voice.

"Sima Yi isn't simple, you must not offend him ... Because you can't afford to! It's not convenient for me to say more, but you're on your own, don't drag me down!"

It wasn't easy for Hong zhizhu to get past Lin Yi, so he was worried that Wei zhentian would be stupid enough to offend Lin Yi and blame him for it!

Chapter 8368

Wei zhentian was secretly shocked. How powerful was Sima Yi's background to make Hong zhizhu say such things?

Could he be a disciple of some super-powerful family?

No matter what, he took Lin Yi's words to heart and became more careful, deciding not to mess with Lin Yi for no reason.

Hong zhizhu sighed after saying that. Why was Lin Yi hiding so much?

Where did Hua Yao find such a ruthless person?

If he was so ruthless, why did he want to become an honorary Dean?

Could it be that he wanted to take in a disciple to play with?

That's right, that's right. As the saying goes, the great hidden in the city, the identity of the secret agent can not be exposed, so using this unremarkable identity to cover it up was the best. At the same time, taking in a genius disciple to teach, it was wonderful!

Hong zhizhu's ability to imagine things on his own was impressive-he'd already made arrangements for Lin Yi's identity in his mind.

Then, he admired himself and secretly gave himself a like!

"Everyone! In addition to announcing Tang Yungui's title as a dark gold apprentice Alchemist, there's one more thing I want to announce!"

Hong zhizhu was satisfied with himself for a while. He remembered that there was still a serious matter. Originally, there was no need to announce it, but since everyone was gathered together, he decided to say it in passing.

It just so happened that Tang Yungui's matter was relatively simple. It wasn't worth everyone coming. It was enough to just gather this matter.

The noise below gradually died down. Hong zhizhu glanced around and said,""The inter-Academy examination will begin tomorrow. All the Academy team leaders must be prepared!"

"This seat will personally preside over the Academy's assessment, but the specific Affairs will still be handled by Vice President Wei zhentian. If you have any questions, you can go and consult Vice President Wei!"

"The assessment is related to the welfare of your respective Academies for the coming year. That's all I have to say today, disband!"

Hong zhizhu waved his hand in a dignified manner as he watched the people from the other schools leave. He held himself back for a moment before nodding to Lin Yi, indicating that he wanted to talk to him.

He was the president of the alchemy Association and the Vice Hall Master of the martial Alliance. He couldn't just talk to Lin Yi like that, it'd raise suspicion!

For the sake of his identity, he had to ask Lin Yi to talk to him.

"Dean Lu, wait for me outside. I have something to say to vice head Hong!"

Lin Yi asked sanjian to take the students out.

Lu sanjian sighed in his heart. He really wanted to say that he was not his nanny! I don't want to take care of children, but I want to make friends with the Vice Hall Master!

Unfortunately, Lin Yi didn't know what he was thinking, and even if he did, he wouldn't care. He walked straight to Hong zhizhu.

Wei zhentian tactfully left first, leaving the two alone.

To be honest, he really didn't want to get involved in Lin Yi's business, and so he decided to stay as far away as possible from these two!

"Vice head Hong, is there anything I can help you with?"

Lin Yi looked around and got straight to the point, "Tang Yungui's matter has been resolved very well. I'm very satisfied!"

"I don't dare to claim any credit, I'm just doing my job diligently!"

Hong zhizhu said humbly, then whispered, ""My Lord, I'll only be in charge of the Academy's assessment. Wei zhentian will be in charge of all the specific matters. Should I reveal a little bit of your identity to him? So that Wei zhentian can take care of me?"

Under normal circumstances, the first and second-in-command would be in a competitive relationship.

On the surface, they seemed to have a good relationship, but in reality, one wanted to rise in power while the other wanted to be suppressed. Hong zhizhu and Wei zhentian were no exception.

Hong zhizhu was willing to let Wei zhentian know of Lin Yi's identity as a secret agent because he wanted to make his attitude clear to Lin Yi.

Secondly, he didn't want Lin Yi to take his anger out on Wei zhentian if he offended him.

Lin Yi didn't think much of it and shook his head, "There's no need for that. As long as you don't try anything funny, a mere examination won't be a problem for me. There's no need to cheat!"

Hong zhizhu thought about it and agreed. The reason he gave Tang Yungui the title of dark gold alchemy apprentice was because of Lin Yi, but Tang Yungui's own strength was also a very important part.

Tang Yungui's pills were the only ones that did not cut corners in this assessment.

As for the others who had passed the gold apprentice Alchemist test, they had only taken out castrated versions of their pills.

Although Tang Yungui's pills were only of low quality, being able to refine them meant that he had stepped into the threshold of a dark gold alchemy apprentice!

There was no doubt about Lin Yi's strength as a master if he could teach a disciple like this!

Just as Lin Yi said, as long as they didn't target him or cheat, it wasn't hard for him to stand out.

"That's right, Milord's strength is outstanding and indeed doesn't need this kind of unorthodox little tricks. Then this Hong will wish Milord victory in a single move!"

Hong zhizhu smiled and cupped his hands, secretly happy.

Lin Yi's identity was only known to him, so naturally, there were benefits to it!

Lin Yi was the one who didn't want to tell Wei zhentian, but he wouldn't blame Wei zhentian for anything in the future.

"alright, is there anything else? if there's nothing, then let's just do this! i'll be leaving first!"

lin yi waved his hand and turned to leave.

it was better to go back and talk to lu sanjian than to talk nonsense with hong zhizhu. previously, lu sanjian had said that the two academies would join forces.

lin yi didn't think he needed any allies, but he'd been getting along well with lu sanjian these days-there was no reason not to help him out.

"milord, take care!"

Hong zhizhu cupped his hands as he sent Lin Yi off. He didn't have anything else to say. He called Lin Yi over to ask if he needed Wei zhentian's special treatment.

Since he didn't need it, he wouldn't meddle!

Lin Yi gathered Lu sanjian, Tang Yungui, and the others and walked out slowly.

Tang Yungui had won the dark gold title in the gold apprentice alchemy test for the first time in history. He definitely had to celebrate.

Before Lin Yi came out, they'd already decided on a few places, all of which they thought were good restaurants. They were just waiting for Lin Yi to come and make the decision.

Lin Yi didn't really care what he ate, so he just picked a place that was close by.

"Dean Lu, the assessment will start tomorrow. What are the specific subjects? How can we cooperate?"

Lin Yi asked casually as they were walking-he didn't really mind.

"I don't know the details. It's different every year. Before the alchemy Association makes an announcement, anything is possible."

Lu sanjian was a veteran, and his knowledge wasn't much different from Lin Yi 's. His previous experience couldn't be counted, and he could only use it as a reference."In the past, there were some projects that could give us some room for cooperation, such as going to a secret realm to collect medicinal herbs."

Chapter 8369

"How much can we collect if we fight on our own? If they encountered a more overbearing school, they might be robbed! If we work together, our strength will naturally increase, and if we combine the gains from both sides, our chances of winning will naturally be higher. "

"There are also some other projects, and the more people the better. Cooperation would be very effective. For most Academies, it's not easy to cooperate for the sake of their own interests. However, we are different. This old man is willing to assist headmaster Sima, and everything will be given priority to the Fuyao apothecary school."

Lu sanjian had already felt that Lin Yi wasn't a simple person when they were at the Qingshan Alchemy School. He must have a powerful background to be able to get the first hall Master to kill the Huang family!

And so he'd decided to be on Lin Yi's good side, even if he'd have to suffer some losses in the exam.

Now, Hong zhizhu was also overly polite to Lin Yi, even making an exception and giving Tang Yungui the title of dark gold apprentice. From this, one could see how powerful Lin Yi was!

As for Hong zhizhu's official words, they might be true, but Lu sanjian wouldn't believe them. He'd rather believe that Lin Yi was the one giving Hong zhizhu pressure, which strengthened his determination.

"Thank you, Dean Lu, but you don't have to do that. We can work together to achieve a win-win situation. We can't sacrifice one for the other!"

Lin Yi didn't care about the test at all. He was confident that the Fuyao apothecary school would be able to do well in a one-on-one fight. The only reason he brought the Qingshan apothecary school along was because Lu sanjian was a good person.

"Yes, yes, yes, a win-win cooperation! Dean Sima is absolutely right!"

Lu sanjian laughed, agreeing with Lin Yi on the surface, but in his heart, he was thinking of how to help the Fuyao pill refining school when the time came.

"oh right, there's also an annual mandatory item, which is pill refining!"

Lu sanjian suddenly thought of something and said,

after all, alchemy was a must-do project every year. there was no need to talk about it, and Lu sanjian had even ignored it.

"i know about alchemy. i don't think it'll be a problem."

Lin Yi nodded. it was because of Lin Yi's skills that Hua Yao let him take the exam.

therefore, they didn't say much about this topic and just left it at that.

after that, the two of them speculated about what kind of test would be held the next day. soon, they arrived at the selected restaurant and began to celebrate tang yungui's winning the title of dark gold apprentice alchemist.

The next day, Lin Yi brought the two mentors and Lu sanjian to Tianxia for the exam.

The participants of this assessment were the team leaders and instructors of their respective Academies. The students were not qualified to join.

The students 'missions had already been completed, and the results of the apprentice apothecary examination would be converted into points, which would be added to the final points of the Academy's examination.

In terms of students, the Fuyao apothecary school could be said to be the only school that stood out, far surpassing any other school.

After all, there was only one dark gold apprentice apothecary, and that was Tang Yungui from the Fuyao apothecary school.

And among the gold rank alchemy apprentices, there was also Ouyang Fantong, who was also a student of the fu Yao Alchemy School.

Although he was expelled by Lin Yi, the points would still be counted as part of the school.

However, the points for the students were not high. In the entire Academy's assessment, it was only equivalent to a competition in one segment. The majority of the points would be in the later assessments.

As such, even so, the other apothecaries didn't have much fear of the Fuyao apothecary school.

"Dean Sima, isn't it too risky to let those little guys move freely? This is world city after all. If something happens, we can't help!"

Even though they had already entered the venue, one of the teachers from the fu Yao apothecary school was still a little worried.

Since the students weren't qualified to take the test, Lin Yi gave them the day off and allowed them to do whatever they wanted in the city.

Initially, it was nothing, but the incident in the spirit bow Empire's imperial capital was still vivid in his mind, and this teacher was really a little worried!

If the little ones went out on their own, would they be free again?

"It'll be fine. Don't worry. Tang Yungui is steady. With him leading the team, they won't cause any trouble. Without Ouyang Fantong, that black sheep, they are all good children!"

Lin Yi's face was calm, but he couldn't help but think of Diao Mantian. Were they really all good kids?

This guy seems a little mischievous. There shouldn't be a problem, right?

'Forget it, I have the secret envoy's token in my hands anyway, so it doesn't matter if I cause some trouble. At most, I'll just help them clean up their mess ...'

"Yes, don't worry. We'll be taking action together. We're all steady children. Nothing will happen to us!"

Lu sanjian chuckled and interrupted.

He had already instructed the apprentices of the Academy to follow Tang Yungui and the others. They were all young people, and it was easy to build deep friendships.

Lin Yi, on the other hand, didn't need to be mentioned-he'd be the one making the acquaintance, not the kids.

The other people's target was Tang Yungui, Lin Yi's disciple. Diao Longtian was also included. With a master like Lin Yi, they would rise to the top sooner or later.

Tang Yungui had already shown his talent. He was worth making friends with.

"That's right. The young men under Dean Lu are all steady and composed. You don't have to worry about them."

Lin Yi smiled and nodded, entering the hall as they spoke. He'd been here quite a few times recently, and was quite familiar with the place.

Most of the academies had arrived at about the same time, so they quickly gathered. Three people turned out of the back Hall's entrance and slowly walked up to the high platform.

Everyone had seen two of them before. They were the President and Vice President of the alchemy Association, Hong zhizhu and Wei zhentian. However, this was the first time the other one had shown his face.

However, this person was clearly not a nobody. As soon as he appeared, many of the Academy team leaders looked at him with solemn expressions.

Lu sanjian, who was standing beside Lin Yi, whispered to him, ""Who's the one beside Hong zhizhu? He seems to have quite the status, even Wei zhentian is inferior to him?"

"It's not that Dean Wei is inferior to him. In terms of status, Dean Wei is still a level higher. However, he's a bit special, especially to schools like ours."

Lu sanjian looked forward, his lips slightly opened, and he introduced in a voice as soft as a mosquito's, ""This person is the clan head of the spirit bow conferred Empire's he family, he buna. The he family used to be a small clan, but after he appeared, he led the he family to rise to power, and their status is on par with the spirit bow Empire's Huang family."

"Other than the he family head, his most important identity is the gold rank patrol envoy of the martial Alliance! Other than the Tianxia Academy in Tianxia city, all the other Academies under the martial Alliance's jurisdiction are under his supervision. He also has the power to make a decision on these Academies at the last minute, which is equivalent to having the ability to kill as he pleases. "

"As the saying goes, a county official is not as good as the current one. For us Academies, Tianxia Academy is our superior Academy, and Dean Wei zhentian is also our superior Dean, but in terms of deterrence, it's far inferior to the gold rank patrol envoy, he bu!"

Lin Yi nodded-so he was a gold rank inspector, after all. He and the dark ones were in two different systems, and didn't have any connection to each other.

Chapter 8370

The three people on the stage had already stood still. Hong zhizhu was the first to speak, ""Everyone, today is the day of the Academy's assessment. I will be in charge of the assessment, and Vice President Wei will be in charge of the assessment. The supervisor will be the gold rank patrol envoy he buna."

"I believe that everyone knows about patrol envoy he, so this Lord won't be introducing him. If anyone wants to say that they don't know patrol envoy he, I reckon that he wouldn't mind going to your Academy to get closer."

Hong zhizhu chuckled and said a joke that he thought was funny. As a result, the audience was solemn. No one wanted to laugh ... The patrol came to his door?

What's so F * cking funny about this?! She should be crying, alright!

The atmosphere was getting a little awkward!

Hong zhizhu's mouth twitched. He quickly stopped smiling and said indifferently, ""I'll leave the rest to Vice President Wei. This Lord won't get involved in the specific Affairs!"

After he finished speaking, he stepped aside and gestured for Wei zhentian to step forward.

Wei zhentian took a step forward. He didn't give any long speech and only said a few simple words before entering the main topic.

"Today is the first day, and the first day's test is alchemy. I believe everyone is familiar with it. It's your usual profession, and it's also one of the compulsory tests in the annual test!"

"The rules of pill refining are similar to previous years. In one day's time, you'll get points based on the number of pills refined! Today's topic is the mystic first level muscle regeneration pill. It may be a bit difficult for normal alchemists, but for bronze grandmasters, it's just a basic entry-level pill-I don't think it'll be a problem for you!"

Lin Yi had compared the systems of the sub Island and Sky Class Island, and had a rough idea.

A sub island's refiner was a Sky Class island's golden class refiner, while a Grandmaster refiner was a Mystic class refiner.

A bronze Grandmaster Alchemist was a Mystic first level Alchemist, and it wasn't hard for them to make Mystic first level pills.

It was harder for a diamond Alchemist to make a Mystic first level pill, but it wasn't impossible.

Once they were able to produce a medium to high quality product, it was equivalent to becoming a bronze-level Grandmaster.

Other than the team leaders, the teachers from the various schools were all Diamond Grade alchemists. The fu Yao Alchemy School was no exception. It was clear that they had long prepared for this Alchemy Project.

Under such pressure, they might even be able to become bronze rank alchemy grandmasters!

Every Academy had this kind of expectation. With one more Grandmaster, the Academy's right to speak would increase by a lot!

The mystic first level body regeneration pill was a low-end beginner pill. Even diamond refiners could make it. In terms of medicinal effects, it was closer to the great cyclic pill from the Sky Class Island.

However, dahuan pill sub-Island didn't have one. Therefore, when they treated the first hall Master and the artifact language at the naduo martial Alliance branch, they regarded it as a life-saving immortal pill.

Compared to the recover pill which dealt both internal and external injuries effectively, the overall effect of the muscle regeneration pill was obviously a little worse, even though they were of the same grade.

In terms of external injuries, the muscle regeneration pill was more outstanding. However, in terms of saving lives and treating internal injuries, it was far less practical than the great cyclic pill.

"Next, each school will be assigned to their own small courtyard. During this day, you will all be refining pills in there. Of course, if you think that you have enough pills, you can come out earlier. It doesn't matter."

Wei zhentian clapped his hands, and the alchemy association's members waiting below the stage distributed a plaque according to the Academy's division.

Lin Yi was B39, and Lu sanjian was A27-they were no longer neighbors.

"Everyone, the sign in your hands is the corresponding courtyard. Now, you can follow the sign outside to find your own courtyard. In the following time, you will decide what to do. At this time tomorrow, please bring the pills you have refined here for settlement."

"every courtyard has a large amount of medicinal materials for the muscle regeneration pill. if you don't have enough, you can apply for more or use your own medicinal materials. at the settlement tomorrow, the cost of the medicinal materials will be deducted. the alchemy association will purchase them at 80% of the market price."

"to make it clear, the pills refined must be sold to the alchemy association. if you want to keep them for yourself, other than paying the cost of the ingredients, you will not be able to obtain any assessment points! please consider it carefully. "

after he finished speaking, wei zhentian waved his hand, indicating that they could all leave.

everyone rushed out of the door, but lin yi wasn't in a hurry. he pulled lu sanjian behind him.

"Dean Lu, what's the point of this assessment? There's no requirement for quality, only quantity, and there's no restriction on using your own ingredients ... Does that mean you can use your own pills?"

Lin Yi didn't understand-it felt like the rules ... Were just a bunch of blind people with no rules!

Lu sanjian nodded with a smile and said in a low voice, ""Dean Sima is a wise man! That's indeed the case. The purpose of this test is to collect more medicinal pills!"

"If it weren't for the Academy's examination, the martial Alliance wouldn't have been able to gather so many alchemy experts at once. The martial Alliance's annual consumption of elixirs isn't a small number. We won't be able to get much just by purchasing. "

"Dean Sima's words just now hit the nail on the head. In one day's time, you can't actually refine many medicinal pills, but you can use the medicinal pills you've prepared to make up for the number! This is an unspoken rule that everyone has tacitly agreed to. "

"That's why every school will prepare some Mystic first level pills before the exam. They have all kinds of pills, just in case. I've prepared hundreds of them, but I only have fifteen muscle regeneration pills!"

The test questions couldn't be predicted in advance, so he could only prepare a few of all kinds of pills. The range was Mystic first level low-end pills, which wasn't too much.

"Dean Sima, are you not prepared? That shouldn't be the case. How could Hua Yao, that old fox, make such a mistake?"

Lu sanjian turned to the two instructors beside Lin Yi, who were a little embarrassed."Dean Sima, Dean Hua has also made preparations. The medicinal pills are all on us. There are only ten muscle regeneration pills!"

Lin Yi couldn't help but roll his eyes. Was this old man afraid that he wouldn't come if he made this clear?

He had even given the pills to the two accompanying teachers. He would settle the score with this old man later!

"Only ten? That's indeed too little!"

Lu sanjian shook his head and took out the fifteen muscle regeneration pills from his storage bag, "Dean Sima, our preparations are insufficient. If we each take care of our own matters, we can only be at the bottom together. Take these medicinal pills and you might be able to rush to the front!"
