

Bodyguard 8411

Chapter 8411

He had clearly said that it had nothing to do with the Fuyao apothecary school, yet he had to spout so much nonsense. If they really did manage to establish the Fuyao apothecary school, who knew how he would deal with them later on!

"Vice Principal Jin is wise! Since that's the case, the fu Yao apothecary school has nothing to do with Sima Yi. The results will remain the same, and the points will remain the same!"

Although the first hall Master complained in his heart, he still repeated it respectfully on the surface. Seeing Jin potian nod slightly, he then took his leave.

The third round didn't even take a full day. In fact, it ended in less than two hours.

Because of the argument between Lin Yi and Qi Feng's Dean, the other schools were fortunate enough to witness both sides "recipes. They were all Masters of alchemy and understood with one look.

The other schools would've been able to follow Lin Yi's lead after he announced the results.

However, the top three had already been decided, and those after the fourth place had a fixed score of 500 points, so no one was fighting to hand in their answers.

Although they knew that it was copied, they should at least keep some cover up!

Therefore, the rest of the students dawdled for a long time. It was almost two hours before someone took the lead to hand in the paper.

With someone taking the lead, the rest naturally followed suit. Hence, the third round of assessment ended in less than two hours.

After the first hall Master had asked Jin botian for instructions and found out that he had no intention of targeting the Fuyao apothecary school, he had sent the news to Hong zhizhu.

The first hall Master didn't want to care about the assessment, so it was best to leave it to Hong zhizhu.

When the final list was announced, Dean Qi Feng and the others were naturally extremely furious.

The two teachers from the Fuyao apothecary school were pleasantly surprised. They were already prepared to accept the cruel reality of not receiving a single pill, but in the end, their results had not changed at all!

It wasn't just the results, the rewards that they should receive, as well as the resources allocated to the school next year, were all given to Fuyao Alchemy School without a single drop, not affected by Lin Yi's imprisonment at all.

This really made them both sad and happy. For a moment, it was a little difficult for them to accept.

Lu sanjian was also a little confused. He didn't know what Jin botian was up to.

However, since the Fuyao apothecary school was not in trouble, Sima Yi should be fine as well, right?

From the looks of it, not giving up on Sima Yi in such a difficult time would be the best choice for Lu sanjian!

With the Academy's ranking settled, it was meaningless to be happy or unwilling.

Lin Yi, who was in the stone room, didn't know about this. He was bored and waited for half a day when the noble vice-director of the inspection department came.

Jin botian's face was still expressionless. He waved his hand for the door to be closed, leaving Lin Yi alone.

Lin Yi's eyes flickered. If it was just one person ... Should he try to take them down?

Although he didn't know how strong he was, he estimated that he was at most at the heaven breaking stage. If he suddenly launched an attack, there was still a good chance of success.

Although he was sent to death, there weren't any restrictions on him. If he wanted to fight, he could still use his full strength.

But since Jin botian dared to face Lin Yi alone, he should be confident that he could suppress Lin Yi, right?

"If you want to try, then just do it. This Lord won't be surprised. If you can take this Lord as a hostage, you can naturally leave here safely!"

Jin botian saw through Lin Yi's thoughts as soon as he opened his mouth, displaying his extreme confidence, "This is your chance. Don't you want to try?"

Lin Yi's heart tightened, but he maintained a calm smile. "Vice-Principal Jin must be a hidden martial arts master, so there's no need to do anything. Besides, I don't think I've made any mistakes. I'm just and upright, why should I take Vice-Principal Jin as a hostage?"

"Brat, you still have some self-awareness!"

Jin botian sneered and nodded indifferently. He sat on the stone bench casually and said, "There's only the two of us here now, so answer honestly if I ask you anything, or else you'll suffer! Today's conversation won't spread out. You understand what I mean, right?"

Lin Yi's lips twitched. What do you mean?

Are you saying that you won't tell anyone, but if I do, you'll kill me?

Or just kill me after saying that?

If you want to chat like this, then it's a little hard to continue!

"Enough chit-chat, let me ask you, why did you impersonate a dark gold level dark gold level Dark Envoy?"

Jin botian didn't expect Lin Yi to answer, so he continued asking, "What is your intention in using this identity?"

Fake? Borrow?

Lin Yi blinked-this Big Boss thought he was a fake dark gold level dark gold level Messenger?

This was really a misunderstanding!

"I didn't impersonate a dark gold ranked secret envoy. Vice Principal Jin, what do you mean by this?"

Lin Yi let out a breath of relief-he wasn't a fake, so there shouldn't be any problems.

"Hehe, I knew you wouldn't admit it so easily!"

Jin potian's expression changed and he sneered,""Stop pretending. In my opinion, you're not human at all! You're probably a dark magical beast in human form, right? I don't remember any dark magical beast becoming a dark gold level Dark Envoy!"

Dark magical beast transformation?

Lin Yi was shocked!

What did Jin botian mean? This belonged to the category of wanting to pin a crime on someone without any excuse?

Previously, he had concluded that it was an impersonator, and then determined that it was a darkness magical beast!

Lin Yi didn't even know Jin botian before, let alone offend him.

But why did Jin botian want to frame her?

"Vice Dean Jin, what do you mean?" Lin Yi asked, confused. I'm a darkness magical beast? May I ask how you could tell?"

"You can tell? With this Lord's strength and perception, is there still a need to watch?"

Jin botian sneered, 'you don't have the aura of a human martial artist on you! No matter how similar your appearance is, you don't have the aura of a human in your essence!"

"Of course, if you don't look carefully, you won't be able to see this, because many experts will hide their own aura! However, when you were relaxed just now, you didn't guard yourself or hide anything, so I naturally knew!"

Lin Yi was shocked by these words!

Lin Yi knew that he was human, but according to Jin botian's aura, he wasn't human either!

After all, Lin Yi used the purple mist evil Lotus as the foundation for his body, and now he had the plant element. It wouldn't be wrong to say that he was in a vegetative state.

But what the hell was the dark Beast transformation?

The plant element had nothing to do with darkness magical beasts!

Speaking of which, although Jin botian had misjudged the situation, his judgment was still extremely amazing!

This was the first time in a long time that someone saw through Lin Yi's vegetative state-it was no exaggeration!

Chapter 8412

"Deputy Dean Jin, I'm afraid you've misunderstood. I'm not a darkness magical beast, and I'm not pretending to be a dark gold level Dark Envoy. I'm a human, and I'm a true dark gold level dark gold level Dark Envoy. I'm not pretending!"

Lin Yi explained patiently, not really worried after sorting out his emotions.

However, Jin botian obviously did not believe a single word of it. He had no choice but to sneer at the side.

Lin Yi had no choice but to continue explaining, "It's normal for Deputy Dean Jin to feel that I'm not human. Perhaps it's because I have a rare plant attribute!"

To be more direct, Lin Yi took out some seeds he had with him and threw a few on the ground.

Then, with his own plant attribute, he urged it to grow, and soon, a few small tender leaves grew out of the cracks in the stone.

Facts spoke louder than words, and only people with plant attributes could do this. Even wood attributes couldn't do it, let alone darkness magical beasts!

Jin botian was stunned at first, then he nodded slightly. "That's right, you are indeed of the plant attribute. This Lord's judgment was wrong in a hurry! However, are you trying to tell me that this stone room can't stop you? As long as there are enough weeds, you can easily overturn the stone room, right?"

"What?"

Lin Yi didn't know what he meant. How come I didn't know about it!

"Are you from the heiye clan? And a very pure-blooded heiye Clansman?"

It was as if Jin botian's words about the prison break were just a joke. He did not continue to explain and immediately changed the topic.

Although the heiye clan was only a clan in a small place like Hongshang Commandery, which was in the corner of the Wutong continent, and it had withered many years ago, this Big Shot of the Xingyuan continent seemed to know it very well.

Lin Yi was secretly surprised at Jin botian's vast knowledge, but he didn't waste any time and explained while shaking his head, "That's not the case. I'm not of the Kurono clan's bloodline. It's just a coincidence that I obtained the inheritance of the green Devil God and obtained the plant attribute. In fact, I have nothing to do with the Kurono clan."

Jin botian was expressionless and only nodded. ""So that's how it is. Your luck is not bad! He actually obtained the inheritance of the green Devil God. "

It was obvious that he knew about the green demonic god as well, and so he believed Lin Yi's words more.

As for how Lin Yi got his hands on this, Jin botian didn't seem to be interested.

It was probably because at the level of big shots like Jin botian, this kind of inheritance was no longer attractive to them.

"For the time being, I've explained the non-human aura on your body. Then, tell me about the dark gold Dark Envoy! You're saying that you're not an imposter? that's a little ridiculous!"

Jin botian's originally calm expression instantly turned cold. His fingers rhythmically tapped on the stone table, making a deep knocking sound.

Lin Yi furrowed his brows, a little pissed off.

It didn't matter if he told them about the plant attribute and the green Devil God. Anyway, there were many people who knew that he had the plant attribute, so it didn't matter if one or two more people knew.

Lin Yi was only cooperating because he didn't want to completely fall out with Jin botian.

After all, even though he could escape after falling out with them, he would become a wanted criminal across the entire starsource continent!

That would not be wonderful!

But if Jin botian continued to be unreasonable and aggressive, Lin Yi had his own temper. He didn't need to be afraid of him. At most, he'd change his appearance and identity, or even use the Sorcerer spirit body to move around!

There might be some inconveniences, but if you can still catch me, I'll admit defeat!

"What's wrong? Do you think there's a problem with my words? Is that why you're not convinced?"

Jin botian's eyes seemed to be able to see through people's hearts-Lin Yi's frown was enough to see through him,""Hehe, since you're pretending to be a dark gold level secret agent, you should know that a dark gold level secret agent is unique, there is only one in the entire Wutong continent! Unfortunately, this Lord knows that dark gold level secret agent, so this Lord is very certain that person is not you!"

This time, it was Lin Yi's turn to be stunned!

Could it be that Jin botian knew that elder from the darkness magical beast prison?

This was the reason why Jin botian was so sure that he was an imposter!

It was no wonder that Jin botian's expression was a little weird when the first hall Master said Lin Yi was a dark gold level secret agent. He immediately made an excuse to take Lin Yi down, even using four heaven breaking guards as a threat to make Lin Yi surrender without resistance!

It was all because Jin botian knew the old man in the prison, and they seemed to have a deep friendship!

"I'm not afraid to tell you the truth. I used to be the hall Master of the martial Alliance of Wutong continent, and that dark gold level secret agent was my teacher and my most trusted person! That's why I asked him to help me inspect and supervise the next Great Hall Master of martial League. "

Lin Yi was still in a daze when Jin botian revealed even more shocking news, "It's a pity that for some reason, my teacher disappeared without a trace. I didn't see him even when I left the Wutong continent for the Xingyuan continent."

"even though you're not a darkness magical beast, you still pretended to be my teacher and swindled people. this is also a capital crime! the reason why i didn't execute you immediately is because i heard that you actually have a dark gold ranked secret envoy's token! this lord would like to ask you, where did you get this dark gold ranked secret envoy token? and where is my master?"

everything could be explained now.

lin yi finally understood why jin botian wanted to hire him, and why he'd come here to talk to him alone- it was all to get some information on his teacher.

lin yi couldn't help but feel sad when he thought about the old man.

Sighing, Lin Yi didn't hesitate. He took out the dark gold level dark gold level dark Messenger's token and placed it on the table, "Deputy Dean Jin, since you're a dark gold ranked secret envoy, then you should also know that this token can be passed down, right?"

"Inheritance?"

Jin botian's body trembled violently, and his thin face, which had been expressionless all this time, instantly revealed a complicated expression of shock, grief, and sorrow.

"Teacher ... Teacher, he ..."

Jin botian was the first person to give out this token, so he naturally knew that it could be passed down. This was a ceremony that could only be completed when the previous generation's dark-gold ranked dark gold ranked dark emissary knew that his life was coming to an end and was willing to pass it on to his successor.

Since Lin Yi was talking about the legacy, it was obvious that his teacher was no longer alive!

Jin botian, who was in great pain, grabbed the token and verified that Lin Yi was right.

The token had both his teacher's and Lin Yi's imprints-Lin Yi was a true dark gold Dark gold Dark emissary!

Chapter 8413

"Teacher! That year's farewell had actually become an eternal incantation! This disciple is unfilial, I didn't even get to see teacher one last time!"

Jin botian could not help but burst into tears. It could be seen that he truly respected his teacher!

After saying that, Jin potian respectfully placed the dark gold secret envoy's token on the stone table. Then, he stood up, took two steps back, and solemnly knelt down.

Three kneels and nine kowtows!

This was the grandest ceremony. With Jin botian's status, there was probably no one in the entire starsource continent worthy of such a big bow, but he did it so naturally for his teacher's relics.

Lin Yi quickly dodged to the corner the moment Jin botian knelt down.

He was paying tribute to his late master. If he stood by the table and received a big gift, he would be hated by Jin botian later. He didn't know how he would be targeted!

Jin botian had forgotten that Lin Yi was still there. He kneeled on the ground and didn't get up. After kowtowing, he cried. Perhaps he had been looking for his teacher for many years. Now that he had confirmed the news, he couldn't help but pay his respects.

After a while, Jin botian finally calmed down. He sat back down and returned the token to Lin Yi, ""Since teacher has chosen you, and you are indeed teacher's inheritor, this token will still be in your care! This Lord has wrongly blamed you, please don't take it to heart!"

"Deputy Director Jin, you ... My condolences!"

Lin Yi took the token and sighed. He wasn't in the mood to blame someone like this. He didn't even know how to comfort him. He could only offer his condolences.

Jin botian sighed and waved his hand dispiritedly. ""I've not heard from you for so many years. In fact, I'm already mentally prepared for this. It's just that when I really get the news, my heart still hurts!"

"Forget it, there's no point in talking about this. Tell me first, how did teacher pass away? Was he in peace when he passed away?"

Lin Yi blinked. The old man didn't seem to be in peace when he left.

However, he had entered the magical beast prison and taken away the secret that the old man had been guarding so hard. He had also fulfilled the old man's wish and could perhaps be considered to be more peaceful.

With that thought, Lin Yi nodded. "Peaceful ..."

Jin botian didn't need to ask further, and Lin Yi told him everything about the old man.

There was no addition or reduction, just the whole story of what happened.

Jin potian's expression changed drastically when he heard that his teacher was trapped in the dark magical beast's prison behind the node.

It was no wonder he couldn't find any news of his teacher after so many years. He wasn't even here, so it would be strange if there was any news!

"So that's how it is. I didn't think that teacher would suffer so many years in the darkness magical beasts' territory. As a disciple, I've never been able to save teacher, sigh ..."

Jin botian was sighing a lot today, and Lin Yi could understand that. He tried his best to comfort him.

Unknowingly, the atmosphere between the two of them became much better, and Jin botian no longer had the poker face he had before.

"It's a blessing for my teacher to meet you before he died. If not for that, I'm afraid I wouldn't have been able to hear any news about my teacher in my lifetime!"

After Jin botian recovered from his shock, he sighed softly. "I'm afraid this is fate! Since teacher has chosen you to be his successor, from today onwards, you are also my Junior Brother. "

"If you don't mind, it shouldn't be a problem for me to call you Junior Brother, right? Teacher's spirit in heaven will probably hope that we can become fellow disciples. "

Lin Yi blinked-he'd become Jin botian's little brother? It didn't matter whether he took advantage of her or not. The key was that he was right. The old man's spirit in heaven would probably like to see this scene.

So Lin Yi nodded without hesitation."Of course, no problem. I'm Sima Yi. Greetings, senior brother!"

Since they were from the same sect, there was no such thing as social climbing. Jin potian smiled and nodded."Very good! To be able to meet Little Junior Brother on this trip to the Wutong continent was most likely arranged by the master's spirit in heaven! In the future, Little Junior Brother, if you have any needs, you can come to senior brother. As long as it's not against my principles, senior brother will do his best without hesitation!"

"Thank you, senior brother, for your kindness. I'll remember it!"

Lin Yi replied politely, still a little dazed.

He was originally a person who was sent to the death row, but now he had become the guest of honor of the Deputy Director of the inspection department. After those people who were watching the fun found out, who knew what kind of expressions they would have?

The atmosphere in the stone chamber became more and more cheerful and harmonious. After the two of them exchanged a few more words, Jin botian suddenly changed the topic."Little Junior Brother, it's a Time of Troubles. The martial Alliance of the starsource continent is also short on manpower. That's why I've come out to patrol personally to find suitable talents to recruit into the patrolling institution. Since we're fellow disciples, I'll be frank with you!"

"Senior brother, please speak!"

Lin Yi said with a fist salute.

"Alright!" Jin botian nodded in satisfaction. The martial Alliance of the starsource continent needs talents, and not those simple martial arts experts. Junior Brother, you were able to charge into the dark demonic beast Node alone and summon the clouds and rain with a flip of your hand. You can be said to have both intelligence and courage!"

"To put it bluntly, you're the talent that senior brother is looking for. I wonder if you're willing to help senior brother? You don't have to answer in a hurry, think about it first! If you agree, senior brother won't put you in the open for the time being, but will continue your role as an agent!"

"In other words, you may not be able to have a bright and beautiful identity in broad daylight. You will have people flattering you everywhere you go!"

Jin botian clearly had a lot on his mind-he didn't want Lin Yi, his trump card, to be exposed.

However, Lin Yi was overjoyed. Wasn't this great? If Jin botian really wanted him to be a small official in the inspection department, that would be meaningless!

The identity of a secret agent was the most suitable cover for his activities!

"No need to think about it. This younger brother will follow senior brother's arrangement. I will do as senior brother says!"

Lin Yi said without hesitation.

Jin botian was more and more satisfied and immediately took out a new token.

The shape and pattern of the token were similar to the one Lin Yi had, but it was made from a polished diamond. It glowed with the slightest light, making it look luxurious.

In the secular world, it was almost impossible for a diamond to be polished into such a shape. However, in the world of cultivators, there were forgers, so it was not surprising.

Chapter 8414

"This is the diamond Grade secret agent's token, take it. Teacher's dark gold grade secret agent token can only be used in the Wutong continent. Other than the Wutong continent, it has no other use."

Jin botian briefly explained. "Diamond-grade secret agents represent the level of the starsource continent. You'll need them in the future."

Jin botian didn't go into the details, and Lin Yi didn't ask much. He only knew that it was a Diamond level assassin.

Lin Yi hadn't shown his true strength in front of Jin botian yet, and so Jin botian could only judge Lin Yi's strength based on the previous reports. Perhaps he felt that there was still room for improvement, so he didn't immediately ask Lin Yi to do any specific missions.

The two of them tacitly stopped talking about this matter and casually chatted for a while before leaving the stone room together.

The guards outside the door shouldn't be able to hear what was going on inside, but when they saw the two of them come out together, they didn't show any surprise.

Lin Yi remembered Jin botian's words. He knew that these heaven breaking guards were only martial arts masters in the eyes of the top bosses on the continent, not talents.

They were strong but had no other abilities, so they could only be guards!

After Lin Yi and Lin Yi left, they saw the head Master and Hong zhizhu.

The hall Master and Hong zhizhu were looking for Jin botian, but they were dumbfounded when they saw him walking out with Lin Yi, chatting and laughing.

What was going on?

Just now, they were still going to fight to the death. Why were they talking and laughing now? What had happened?

In contrast to the first hall master's pure shock, Hong zhizhu was more surprised!

If Lin Yi was fine, it meant that he was fine too!

It's settled!

"You guys came just in time! I've already investigated and found out that Sima Yi isn't a dark gold level secret agent!"

When Jin botian saw the head Hall Master and Hong zhizhu, he beckoned them over and said, ""You are responsible for your negligence in this matter, but this Lord will not pursue it since you did not mean it!"

As soon as he said this, it was Hong zhizhu's turn to be dumbfounded!

The first hall Master, on the other hand, was secretly happy. He didn't have much of a relationship with Lin Yi, and he even had his own plans, so he would actually be happier if Lin Yi was in trouble.

Hong zhizhu sighed to himself. What the hell was going on? Sima Yi wasn't a dark gold ranked secret envoy, so what was the point of all of you talking and laughing? Are you kidding me?

This is terrible!

Jin botian revealed a smile, as if he was proud of his successful prank. ""Let's talk about Sima Yi's identity. Although he's not a dark gold ranked secret agent, he's indeed a member of our Xingyuan continent martial Alliance. He has another identity that no one knows about, but it's not convenient for me to tell you what it is."

"You Must Remember This. Do not leak this out. At the same time, I want to remind you that if you see Sima Yi in the future, treat it as if you see me personally. Understand?"

"Understood!"

The first hall Master and the first hall Master were slightly stunned at first, and then they immediately replied in unison. However, their feelings were completely different. The ups and downs of life!

If he didn't have a big heart, he would really be finished!

The first hall Master was dumbfounded again, while Hong zhizhu was happy again. He clenched his fists tightly and thought, "it should be settled this time, right?"

To be able to come in person like Jin botian, this Sima Yi's hidden identity must be super awesome!

In the future, he must firmly hold on to this thick leg!

Thinking of this, Hong zhizhu was a little excited!

"Headmaster Sima, for this year's examination, the Fuyao apothecary school has come first. This is truly a cause for celebration!"

The first hall Master suppressed the bitterness in his heart and forced a smile. "Vice Hall Master Hong and I just came to report this matter to Sir Jin. If Sir doesn't have any further instructions, we will arrange for the distribution of the rewards in a moment!"

The first hall Master wasn't an idiot-Lin Yi was able to make Jin botian say something like that. If he didn't know what to do, he'd be a farmer instead of the first hall Master of the martial Alliance!

Hong zhizhu didn't want to be left behind, and quickly congratulated Lin Yi,"With a young and promising talent like headmaster Sima leading the way, the Fuyao apothecary school will definitely be able to achieve great things. In the future, there will be many opportunities for us to interact. If there's anything you need my help with, please feel free to ask!"

Hong zhizhu had already made up his mind to get on Lin Yi's good side, so he lowered his stance.

Although it wasn't flattery, it was still interesting.

Lin Yi didn't mind. Hong zhizhu was the president of the alchemy Association, and he would be of great help to the school!

In the future, he would definitely not be able to remain in the Fuyao apothecary school. It was a good thing to have such a strong helper in the school.

Everyone was grateful to him. If he respected him one foot, he would respect him ten feet. After exchanging a few words, the atmosphere quickly became harmonious. Even the first hall Master felt a lot more comfortable.

Jin botian returned to his expressionless face in front of outsiders. Seeing that they were almost done chatting, he immediately waved his hand to chase them away. "I've already said that I won't interfere with the Academy's assessment. As long as we uphold the principle of fairness and justice, it'll be fine. You can handle this matter!"

The first hall Master now understood why Jin botian said that-it was clear from the boss's attitude towards Lin Yi. He bowed respectfully and left with Hong zhizhu.

As for capturing Lin Yi, there had to be some sort of secret behind it-perhaps it was a mutual agreement between the two.

Therefore, the first hall Master also understood that he shouldn't ask what he shouldn't ask. Who knew what these secret agents were up to?

Jin potian did not need to explain to him how to arrange the rewards and support for the Fuyao apothecary school. The head Hall Master and Hong zhizhu would do it well.

Lin Yi was the champion, after all, so it was normal for him to get more rewards.

After the two of them left, Jin botian motioned for his guards to spread out and prevent any unrelated people from approaching.

"Little brother, I still have a lot of things to do, I'll be leaving Wutong soon."

"You and I have just met, and we are already going our separate ways. This is really too rushed. After you have settled your own matters, come to the martial Alliance in the starsource continent as soon as possible to find your senior!"

"There's one thing you need to arrange before you leave. Now that you're a diamond ranked secret agent, the dark gold rank secret agent identity that teacher passed on to you is useless. One person can't hold two levels of secret agents, so before you leave, you need to find a suitable candidate to pass on teacher's token."

"Originally, senior brother wanted you to keep teacher's token as a memento, but if you do so, you will be letting down teacher's intention of passing it on to you. It's better to give it to someone trustworthy, and teacher will also be pleased, right?"

"I won't interfere in this matter. You can find a suitable candidate yourself, as long as it's someone within the scope of the Wutong continent. Of course, the strength of a dark gold level secret envoy must be sufficient. Otherwise, if you get killed without even knowing it, it'll be too depressing!"

Jin botian said a lot, and Lin Yi understood that the continent of Wutong needed a dark gold level secret agent.

Chapter 8415

This was supposed to be a position appointed by the hall Master of the martial Alliance, but the only dark gold token was in Lin Yi's hands.

So unless Lin Yi died, he'd have to personally pick a successor if he didn't return it to the hall Master.

"Don't worry, senior brother. I understand. I'll definitely keep this matter in mind and find a suitable successor!"

Lin Yi agreed readily-it wasn't a bad thing at all, and he'd even be able to train one of his own, so what reason did he have to reject?

"That's good. Also, do your best to do the things that master has entrusted to you. In addition to you, I will choose another public patrol inspector to patrol the various continents. If you have any problems, you can ask him for help."

Jin botian came to all the continents to pick this inspector, and he'd already calculated that Lin Yi would need time to deal with the mess in Wutong. By the time Lin Yi was done, he'd be almost done.

"Once you're done with your matters here, immediately head to the martial Alliance of the starsource continent. Recently, there have been some disturbances in various parts of the continent. I need you to patrol the various continents as soon as possible."

"Next year, the darkness demonic beasts will probably make a big move, and it will affect the entire starsource continent. We can't just ignore it. Every continent will have to mobilize all their forces. The patrollers on the surface might be ignored, and you have a huge responsibility as a secret agent."

"You already know the secret that teacher risked his life to send out. The darkness demon beast has spies among the humans, and its destructive power is beyond doubt. So, in addition to gathering manpower, we also have to ensure the safety of every node. This may require you to supervise."

Jin botian didn't say how he knew that the dark Demon beasts would make a big move next year, but Lin Yi guessed that there were human spies in the dark Demon beasts too.

It was easier for darkness magical beasts to transform and blend in with humans, but it wasn't easy for humans to blend in with darkness magical beasts, especially when it came to such important information. Who knew how many people had to die to be able to do that?

"I understand. Don't worry, senior brother. After I've settled the matters in the Wutong continent, I will go to the starsource continent to find you."

Lin Yi had made up his mind to move to a higher level after knowing the island's true area.

The naduo martial Alliance branch was still too small. It was a good thing to have the opportunity to skip the continental martial Alliance and go directly to the continental martial Alliance!

"That's it then. Senior brother will be leaving soon. They will be distributing the Academy's rewards, so I won't be participating!"

"Don't worry," Jin botian patted Lin Yi's shoulder. "I won't say anything else. Take care of yourself and come to the martial Alliance as soon as possible!"

"Yes, senior brother! Then let this little brother send you off!"

Lin Yi respected this cheap senior-someone who cried after hearing the news of his teacher's death had to be someone with good character.

Jin potian didn't reject Lin Yi's good intentions, but he didn't need Lin Yi to send him too far. He quickly got on his flying spirit beast and soared into the sky.

The first hall Master had gathered everyone to announce the rankings and rewards, but they had to wait until Lin Yi arrived to officially begin.

The rewards for the first and second place were very generous, many times more than in previous years!

When it came to third place, it was directly pushed down to two-thirds of previous years 'results, almost the same as the fourth place.

Dean Qi Feng was so angry that his nose was almost crooked, but he didn't dare to object.

The fact that Lin Yi had returned as if nothing had happened meant that even the vice-director of the starsource continent's inspection department wasn't able to do anything to him.

In addition, the rewards for the first and second place were so generous. What else was there that he could not understand?

Lu sanjian was grinning from ear to ear. Initially, he had been prepared to sacrifice the interests of the Qingshan Alchemy School to help the Fuyao Alchemy School. That was why he had been mentally prepared to rank last in the examination this year.

He didn't expect that not only was he not at the bottom, but he had also soared to the second place.

The rewards were even more than the total for the past ten years. He really had to hide and enjoy himself for a few days!

However, Lu sanjian also understood that it was Lin Yi who had brought such a harvest to the Qingshan Alchemy School.

The results aside, even the rewards were thanks to Lin Yi, and so she made up her mind to follow Lin Yi's footsteps!

"This year's Academy assessment has come to an end. Everyone can stay in the world city for a few more days to play and relax. I look forward to seeing you again next year!"

Originally, the first hall Master was not in charge of the Academy's assessment. The person in charge of this matter was the Vice Hall Master and the alchemy Association's President, Hong zhizhu. The person in charge of the specific Affairs was the Vice President, Wei zhentian.

The first hall Master was overstepping his boundaries, but he had to leave a good impression on Lin Yi, so he didn't care.

Hong zhizhu secretly pouted. This was originally the alchemy Association's business, but you're the first hall Master and you want to interfere. You're really shameless!

After cursing in his heart, Hong zhizhu took advantage of the time when the other schools were leaving to get closer to Lin Yi. "Dean Sima, congratulations to Fuyao apothecary school for obtaining first place! If you have time, let me treat everyone to a meal to celebrate?" "Dean Lu, you guys should come too. You've created a new history by getting second place this year. You must celebrate!"

"Don't leave your Academy's students behind. Don't worry, I'll send someone to bring them over. Dean Sima, Dean Lu, what do you think?"

In order to successfully invite Lin Yi, Hong zhizhu also brought Lu sanjian along.

Hong zhizhu had seen how much Lin Yi took care of Qingshan Alchemy School, so Lin Yi wouldn't reject him so easily, right?

If he wanted to build a closer relationship, eating and drinking was definitely the most direct and simple way. Hong zhizhu believed that he had made a precise move this time, and was even better than the first hall Master.

The first hall master's face darkened as if someone had stolen his lines, but he couldn't do it in front of Lin Yi.

Unfortunately, Lin Yi wasn't in the mood to socialize right now. He had to save time from now on in order to get to the martial Union as soon as possible!

"Vice Pavilion master Hong, I'm very grateful for your kind intentions, but I can only accept them. I still have some urgent matters to attend to, and I'm afraid I can't delay any further. We'll talk about it next time!"

Lin Yi's rejection was direct, but he left some room for negotiation. "We should be able to meet again very soon. I'll be coming to world city again soon. I'll definitely have to trouble vice clan leader Hong."

Hong zhizhu was a little disappointed at first, but when he heard the news, he became a little happier.

It didn't matter if Lin Yi was just brushing him off, he was giving him face by saying that.

"That's really a pity. If Dean Sima wasn't so anxious, I would definitely do my best as a good host. So it's a deal, the next time you come, you must find me!"

Hong zhizhu quickly said.

Chapter 8416

Lin Yi nodded with a smile, and Hong zhizhu turned to Lu sanjian, "Is Dean Lu alright? Why don't we go?"

Although Hong zhizhu didn't really care about Lu sanjian, he was still Lin Yi's partner. Perhaps he could improve Lin Yi's relationship through Lu sanjian?

Lu sanjian was not stupid. He knew very well who Hong zhizhu's main focus was.

Normally, if he had the opportunity to improve his relationship with the Deputy Hall Master of the martial Alliance and the president of the alchemy Association, he would gladly attend the meeting, regardless of whether it was just a polite greeting or not.

But this time was different, Lin Yi was leaving world city, and Lu sanjian would definitely follow. Compared to Lin Yi, eating with Hong zhizhu was nothing!

"Thank you for your invitation, vice clan leader Hong. However, Dean Sima is on the same path as me. Since Dean Sima wants to go back, I'll naturally go back with you. I can only let down vice clan leader Hong's good intentions. If there's a chance next time, I'll be the host again ..."

His words were tactful, but his meaning was clear.

Hong zhizhu was not too serious about Lu sanjian. He was just making a wild guess, so he politely waved his hand and said that he did not mind.

The first hall Master was quite happy that Hong zhizhu didn't manage to get Lin Yi on a date, so he came over to chat for a while. In the end, Lin Yi said that he was in a hurry, ending the useless pleasantries.

After returning to the relay station, they tidied up a little and the group went directly to the point where the flying spirit beasts were mounted and left the world city.

When they came, there were five students from the Fuyao pill refining school, but when they returned, Ouyang Fantong was missing.

Lin Yi had already kicked him out of the school, and no one knew where this good-for-nothing had gone to. No one even thought about asking him to go back with them.

He was left to his own fate!

On the way back, Lu sanjian had been looking for an opportunity to figure out how powerful Lin Yi's background was and why Jin botian let him go.

Why did the hall Masters and vice Hall Masters of the martial Alliance want to curry his favor?

It was a pity that Lu sanjian was unable to figure this out even when he was in the spirit bow Empire.

Every time Lu sanjian mentioned it, Lin Yi would always change the topic.

Lin Yi didn't plan on staying in the spirit bow Empire's capital. He was about to continue his journey after getting the documents when the first hall Master of the spirit bow martial union branch received the news and rushed over, also inviting Lin Yi to a meal and rest.

The result was no different. He had rejected Hong zhizhu's invitation, so there was no reason for him to accept the invitation.

Even Lu sanjian couldn't stop Lin Yi from going home-they only exchanged a few words before waving goodbye.

They traveled in a hurry and tried to save time. In the end, they arrived at the nado conferred Empire's imperial capital in about two days less than when they had left.

"I'm finally back!"

Lin Yi couldn't help but sigh as he stood outside the gates.

He hadn't been in the martial Alliance for long. It had been more than a month, but many things had happened during that time.

Lin Yi's own strength had also increased dramatically!

Looking back at the fu Yao apothecary school, he suddenly felt a little emotional.

"Dean Sima, we've been traveling too quickly. Perhaps Dean Hua thought that we would only arrive tomorrow or the day after, so there's no welcoming party at the entrance ..."

One of the two teachers looked at the cold and empty entrance and felt a little disappointed.

This trip to the continental martial Union had helped the Fuyao apothecary school gain a lot of face, so there was no need to even mention the benefits.

This was definitely hero-level!

Why wasn't there a welcome ceremony?

Principal Hua had miscalculated!

They saw that all the leaders wanted to get on Lin Yi's good side, and they understood how important this honorary Dean was. They didn't want to embarrass Lin Yi, so they could only find an excuse that they were too fast and Hua Yao didn't have time to arrange it.

Hua Yao was caught off guard by Lin Yi's speed and didn't have time to prepare a welcome.

The news of the Fuyao apothecary school's first place and Lin Yi's return had long since been made known to Hua Yao, and he'd made plenty of preparations for it.

Lin Yi didn't inform Hua Yao of his schedule, but the news from Tianxia city, as well as Lu sanjian's contact with Hua Yao after he arrived at Qingshan Alchemy School, revealed Lin Yi's whereabouts.

If Lin Yi were to arrive at the nado Empire's capital tomorrow, he'd be greeted with a completely different welcome!

As for today ... The welcome ceremony was still in the midst of a last-minute rehearsal, so he would definitely not be able to see it.

"Don't worry, I believe that principal Hua will give everyone a Grand triumphant ceremony. All of you are the heroes of the Fuyao apothecary school!"

Lin Yi acted as if he was free and easy, but it wasn't a big deal. He never cared about things like welcome ceremonies.

"All of you should go back and have a good rest. We've rushed all the way here, and everyone has worked hard. If there's anything, we'll talk about it tomorrow!"

The two mentors and the four students bowed in unison. After bidding Lin Yi farewell, the four of them left, leaving Tang Yungui and Diao Longtian.

"Master, we're not tired. Is there anything we can do?"

Diao mang Tian was a little excited. His body might be a little tired, but his spirit was very excited!

They were all heroes back at the school, and even if they had nothing to do, they'd still be happy to be by Lin Yi's side!

"All you need to do is to have a good rest! Hurry up and go! I'm going to talk to principal Hua about this matter, so you don't have to follow me. "

Lin Yi smiled and waved his hand, understanding Diao Mantian's excitement.

Tang Yungui nodded and bowed."Since master wants to discuss official matters with principal Hua, then this disciple will not disturb you. If there's anything you need this disciple to do, please let me know at any time!"

"Please give me your instructions at any time, master!"

Diao mang Tian quickly followed suit.

Lin Yi said casually and waved his hand, not bothering with what the two were going to do next.

He wasn't in Hua Yao's office when he reached-he was told that he'd gone to the hall of rites to direct the rehearsing of the welcome ceremony. Lin Yi couldn't help but smile-he'd come back early, indeed!

He had made Hua huabai work hard for so many days!

"Principal Sima, this subordinate will go and get principal Hua back right now?"

The staff on Hua Yao's side asked Lin Yi respectfully, but Lin Yi declined with a smile.

"No need, principal Hua will be back soon!"

His spirit sense had found that Hua Yao was running over at high speed. He must have received the news that Lin Yi had brought people back to the school!

It made sense-Lin Yi didn't hide his return at all, walking around the school openly. There'd be people who'd report to Hua Yao if they saw him.

Not long after, Hua Yao came back, and the old man was very excited to see Lin Yi. He didn't care about the Dean's status and came up to Lin Yi to give him a warm hug.

Chapter 8417

lin yi accepted the hug with a bitter smile, wondering if the old man had been hanging out with fei daqiang recently.

otherwise, where did he learn such western etiquette from?

"Sima, you really didn't disappoint this old man. You led a team out and shocked everyone with a single brilliant feat. You've directly become the number one in our Fuyao Pill Refining Academy! Amazing, amazing!"

Hua Yao laughed as he patted Lin Yi's back, not forgetting to add some color to his face. "This old man has sharp eyes! When that silly old man from the Alliance Academy heard this news, he would definitely cry until he fainted in the toilet, right? Hahaha!"

Lin Yi couldn't help but smile—she was still thinking about the Dean of the Alliance School?

"Principal Hua, did you forget to explain to me the main mission of this trip before we left? I thought that it was just to bring students to take the apprentice apothecary examination!"

Lin Yi said, putting on a serious face. "I accidentally went a little too far on something that Principal Hua didn't instruct me on. I'm really sorry, Principal Hua!"

The corner of Hua Yao's mouth twitched, and he laughed dryly. "Haha ... Haha ... About that, this old man is old and forgetful. I often forget some important things. The Academy's examination is such a big matter, did this old man forget to tell you, Sima?"

She's quite good at acting, and she even knows how to demean herself.

Lin Yi laughed and shook his head, "forget it, forget it. It doesn't matter if you've really forgotten, Dean Hua. There's no point in talking about this now!"

The old man was just bluffing back then, but Lin Yi was going to the martial Union anyway, so it was just a small matter.

It was a pity that they were in a hurry this time, and they could not obtain any useful information even after asking around. The only useful information was the structure of the sub-Island, which he had a general idea of. The rest could only wait until he went to the starsource continent.

With the identity of a Diamond Grade secret agent, he could travel to the various continents under the starsource continent, and it would be more convenient for him to gather information.

Hua Yao joked with Lin Yi for a bit before changing the topic to the school's entrance exam.

It didn't matter if he'd tricked Lin Yi or not, he was still very proud of his achievement. Where would he get the honor of first place if he didn't trick him?

"Sima, the official notice from the martial Alliance of the continent came a long time ago. Lu sanjian, that old man, also mentioned some of it when he contacted them. However, it was only a brief mention. Tell me about the assessment process!"

Hua Yao was still a little resentful towards Lu sanjian for not explaining Lin Yi's schedule clearly, causing the welcome ceremony to be unprepared. Hmph, that old man Lu sanjian must have done it on purpose!

If Lin Yi wasn't in front of her, she would've started cursing already.

Now, it was more important to listen to the glorious history of the assessment.

Lin Yi couldn't refuse, so he said something interesting to satisfy Hua Yao's curiosity. Then, the topic turned to him.

"Principal Hua, after today, I won't be returning to the Academy ..."

Hua Yao's expression changed as soon as he spoke. His hand trembled, and the few strands of beard he was holding on to snapped.

"No, Sima, what are you doing? Could it be that you're unhappy because I've deceived you? If you're really unhappy, just say it. It doesn't matter if you want to scold or beat me, this old man will definitely not retaliate if you beat me up, and I won't scold you back if you scold me. Why do you have to leave the Fuyao apothecary school?"

Hua Yao was really panicking now. He was just laughing at the Alliance College for letting their precious Lin Yi go, and now it was his turn?

If Lin Yi was here because of the school's test, then Hua Yao would be regretting his decision. Compared to Lin Yi, what was a mere champion?

"Principal Hua, you've misunderstood. My departure has nothing to do with you or the Academy."

Lin Yi waved his hand and explained, "I'll go to the Xingyuan continent after I'm done with naduo. I wasn't too sure about what I said just now. I'll still come back in the future, but it'll take a long time, and there won't be many opportunities."

"What I mean is that I probably can't interfere with the matters of the Academy. For example, I can't attend classes or this time. Principal Hua, you have to be mentally prepared."

"As for me being the honorary Dean, I personally don't mind continuing to carry this title. If Dean Hua feels that it's inappropriate, you can also take it back and award it to others."

It was easier to understand now. Although Hua Yao was still very disappointed, he could only nod. "Are we going to the starsource continent? Indeed, with your talent and strength, the stage in the NA duo conferred Empire is too small for you. The star source continent is more suitable for your development. Furthermore, I believe that this is still not your end!"

For such an outstanding person, there were many opportunities for him to soar to the heavens in a single bound. Hua Yao knew that it was impossible for him to remain in the fu Yao apothecary school forever.

"Sima, although I'm reluctant to see you go to the star source continent, I'll still support you! As for the honorary Dean, you'll always be one. To take it back ... Are you looking down on this old man?"

Hua Yao smiled as he spoke. His smile was a little bitter, but it was sincere enough to lighten some of the sadness of parting.

"How could I? I'm just afraid that you'll look down on me, principal Hua!"

Lin Yi laughed and changed the topic. "Let's not talk about this. My disciples, I haven't thought about whether I should bring them along with me ... If they want to stay, I'll have to ask principal Hua to take good care of them."

This was what Hua Yao had been looking forward to, so of course he wouldn't refuse.

All good things must come to an end, and there was no way Hua Yao could stop Lin Yi if he wanted to leave!

But if one of Lin Yi's disciples was in the school, then this friendship would continue forever, and Lin Yi would have more chances to come back to the school in the future.

The two chatted for a while more before Lin Yi left for the martial Union. He told Hua Yao what they were going to do next, and since the Fuyao apothecary school would probably be participating in it as well, there was no problem with telling them in advance.

He had gone to martial League to find the monster language, but he had met Ouyang Changqing first!

"Yo, if it isn't Sima Yi! I heard that you went to the martial Alliance of the continent. How was it? did you feel like you've broadened your horizons?"

Ouyang Changqing saw Lin Yi walking up to him, and his words weren't anything special, but it sounded weird coming from his mouth.

Lin Yi didn't want to talk to him. He hmped and prepared to leave to find the language of monsters.

But Ouyang Changqing didn't give up-his face darkened, and he blocked Lin Yi's way."Sima Yi, this Lord is talking to you! Are you deaf?"

One of Ouyang Changqing's lackeys jumped out and pointed at Lin Yi arrogantly,"Sima Yi, look carefully. This is the official first hall Master of our martial union branch. How dare you ignore the first hall Master? Do you really think your status is so high?"

Chapter 8418

Lin Yi raised an eyebrow-so that idiot Ouyang Changqing was now an official first hall Master! No wonder he was so confident, he thought he was F * cked up!

Ouyang Changqing really felt that he was very awesome. After his follower revealed his identity, he could not hide the smug smile on his face.""Sima Yi, the nado martial Alliance branch needs to be reorganized. First, those who have a reputation but have not made any contributions will be cleaned up. What do you think?"

The so-called "having a name but no contribution" wasn't a hint at all-it was clearly pointing at Lin Yi, the central communications Department manager!

Ouyang Changqing was already a full-time employee after the trip to Tianxia city, and Lin Yi really didn't do anything at all!

And so, Ouyang Changqing was ready to use Lin Yi as an incision the moment he saw him.

However, although Ouyang Changqing knew that Lin Yi got first place in world city's College exam because of the martial Alliance's official notice, he didn't know that Lin Yi's identity was enough to make the Vice Hall Masters of the martial Alliance want to get on his good side!

These secrets would not be mentioned in the notice.

Other than that, Ouyang Changqing also knew that Ouyang Fantong had been kicked out of the school by Lin Yi, and that the school's reputation was rising!

Ouyang Fantong had been expelled and her reputation was completely ruined. It would be very difficult to find another school to accept her.

Envy, jealousy, and old grudges-Ouyang Changqing lost his cool the moment he saw Lin Yi.

"Oh, then let's do that!"

Lin Yi said coldly, as if he were a superior listening to his subordinate's report.

ouyang changqing was feeling proud of himself, but lin yi's simple sentence made him feel stifled ...

"sima yi, i feel that you are the one who has failed in your duties the most, so you will be the first to be eliminated. do you have any objections?"

ouyang changqing couldn't take it anymore and used his aura to pressure lin yi, but lin yi just shrugged his shoulders. "i have no objections, do as you see fit! however, i have to remind you that my previous steward position was appointed and removed by the martial alliance of this continent. you shouldn't have the right to interfere, so you'd better ask for the martial alliance's opinion first. "

he didn't dare to do anything to lin yi in front of the big shot first hall master of the martial alliance, not to mention the vice hall masters and vice presidents!

therefore, if ouyang changqing really dared to do this, he would not be able to escape a round of scolding.

it was hard to say if he would be dismissed directly!

lin yi wasn't in the mood to pay attention to this clown. they were going to the starsource continent soon, and the naduo martial alliance branch wasn't worth his time.

fighting with ouyang changqing was a waste of time in lin yi's eyes!

right now, the most important thing was to quickly complete the last wish of the previous dark gold dark gold dark envoy, the old man!

Only after doing all these could he leave the Wutong continent with a peace of mind and head to the starsource continent to find Jin botian. Then, he would secretly patrol the various continents of the starsource continent to look for clues.

Ouyang Changqing saw Lin Yi's attitude and was even more furious. He didn't know that Lin Yi didn't want to waste time arguing with him, but he felt that Lin Yi was ignoring his existence. This was intolerable!

He, Ouyang Changqing, was now the official first hall Master of the naduo martial Alliance branch!

How could he allow Sima Yi to ignore him like this!

"Sima Yi!"

Ouyang Changqing couldn't hold back his anger and couldn't help but shout.

Lin Yi was getting impatient as well, frowning as he turned around. "What's wrong? First hall Master Ouyang, I agree with what you said. Is there a problem? Or are you hoping that I'll object to your opinion? That's fine, I'll object to it. Is there anything else?"

Ouyang Changqing was instantly dumbfounded ... What he said made so much sense that he didn't know how to refute it!

They said that Sima Yi had ignored them, but he clearly didn't object and acted as if he could do whatever he wanted, so what right did he have to get angry?

Ouyang Changqing felt depressed and was a little stiff for a moment. He didn't know whether he should get angry or hold it in. Damn it, the more he thought about it, the angrier he got!

The atmosphere was getting awkward, and transformation language was passing by. It was overjoyed to see Lin Yi. "Brother Sima! You're back!"

"Brother Hua, long time no see! I just came back today, so I went to the Academy to see Principal Hua, and then I came to find you!"

A smile appeared on Lin Yi's face-he was a completely different person from when he was with Ouyang Changqing!

Luckily, Ouyang Changqing was used to it already, and he was thinking about how to kick Lin Yi out of the martial Alliance.

"I just arrived today! It must have been a hard journey. Fortunately, you seem to be in good spirits. In a while, the two of us will have a drink to welcome you and celebrate your victory!"

The artifact language patted Lin Yi's shoulder affectionately.

The results of the Fuyao apothecary school's examination had long since been announced. There might not be many people in the imperial capital who knew about it, but the higher-ups of the martial Alliance branch were definitely aware of it. There was no need to say anything more.

"Alright! It just so happens that I have some things to discuss with brother Hua, so why don't we go find a place now? it's about time!"

Lin Yi completely ignored Ouyang Changqing as if he didn't even exist. He didn't care if the guy was there or not.

Ouyang Changqing's expression was very unsightly as he said in a deep voice, ""Vice Hall Master Hua, have you finished your business? Have you arranged the tasks?"

Ouyang Changqing didn't even realize that he was deliberately trying to make his presence known when he said these words. He felt a little sullen when he said it.

The smile on the artifact language's face disappeared. He looked at Ouyang Changqing with a serious face and said, ""First hall Master, you don't have to worry about this. I'm in charge of the combat Association. I'll take responsibility for everything. If there's a need to report to you, first hall Master, I'll naturally report to you!"

The soft nails were thrown over, and Ouyang Changqing's expression became uglier, but he couldn't find any mistakes in the language of the living things.

lin yi was a little surprised, "brother hua, you're the combat association's president again?" when did that happen?"

the beast's smile returned to its face when it spoke to lin yi, and the speed at which it changed its attitude was quite impressive. "it was when the hall master took office that the combat association went through a period of turmoil. now that it has been rebuilt, i have to thank fei da qiang, who is by your side, for helping me train."

"although there are more than half of the new members in the combat association now, their combat power is not weak at all. they are even stronger than before. speaking of which, younger brother sima, your contributions are not small!"

lin yi couldn't help but blush at the mention of the association.

the combat association's elites had all been taken away by lin yi, leading to the reconstruction of the monster language.

The combat generals who followed Lin Yi didn't plan on returning to the combat Association, so Lin Yi couldn't just chase them away.

The language of monsters would not ask them to return. They could only recruit new battle generals to replenish their manpower.

Fortunately, although Lin Yi went to the martial Union, Fei daqiang was still there.

Chapter 8419

The guy knew that Lin Yi and the language of monsters were close friends, so he would give them some face and give them some pills to improve their strength.

In a short period of time, these new battle generals had obvious improvements. Their strength was stronger than before Lin Yi came!

This way, he could make up for taking away so many battle generals.

As for the transformation language taking over the combat Association again, it was probably because it did not get the reward it deserved after its last contribution, and the continental martial Alliance had comforted it after the incident.

"It's just a matter of course, why talk about credit! Moreover, that brat Fei daqiang has also stayed in the combat Association before. Brother Hua, if you need him to do anything in the future, feel free to look for him!"

Lin Yi was being polite, but transformation language wouldn't take it seriously. Fei daqiang and Lin Yi were closer than he was, and it was fine to ask him for help, but it would be hard to say what would happen if Lin Yi asked him for help.

"Brother Sima, you're too polite ... Let's not talk about this first. Let's find a place to have a drink or two. Have you come back to see Fei da Qiang? Why don't we get him to join us?"

The two walked out as they talked. They didn't mean to give Ouyang Changqing the cold shoulder-they really didn't care about him at all!

Therefore, the two of them didn't even think of greeting this first hall Master.

It was precisely because it wasn't intentional that the feeling of being ignored made Ouyang Changqing go crazy!

Ouyang Changqing couldn't do anything to Lin Yi and the language of living things yet, but he'd made a note in his little notebook that he'd teach them a lesson if he had the chance.

Lin Yi and the Beast didn't go too far. They found a restaurant near the martial union branch and got someone to get Fei daqiang and Zhang Yiming.

These two brothers were Lin Yi's confidants, and when Lin Yi wasn't in the imperial capital, they did a good job of keeping up the front. They often interacted with the language of monsters and established a good relationship.

when the four of them met, it was naturally quite lively.

after they sat down and started drinking, lin yi briefly explained the process, and fei daqiang started complaining, "boss, you always leave me alone to have fun, that's not right! you can't do this next time. wherever you go, i, fei daqiang, will follow! is that a deal?"

"fine, fine, fine! you have the final say, is this fine?"

Lin Yi smiled and shook his head. "I'm representing the Fuyao apothecary school this time. Who knew that something like this would happen? it's all an accident!"

"Don't worry, I've never thought of leaving you behind. I'm just leaving you here to take charge. You can also help Brother Hua train the new combat Association! Just now, brother Hua praised you in front of me, you did well!"

Fei daqiang smiled happily and gave the transformation language a "you're a good friend" look before starting to brag, not forgetting to kiss Lin Yi's ass.

"Basically, my current achievements are all thanks to boss Lin Yi's guidance and guidance."

Lin Yi turned to Zhang Yiming and asked, "Did anything special happen in the nado capital while I was away?"

Zhang Yiming immediately sat up straight. "Boss, nothing special happened during this period of time. The more important thing is that Ouyang Changqing became the official Hall Master, and vice Hall Master Hua took over the combat Association and began rebuilding it."

"Other than that, there aren't many important things that are worth paying attention to! Wait, does the underground Devil's Den count? There are rumors that something strange has happened in the underground Devil's Den. Although nothing major has yet to happen, I thought that when it happens, it would be unstoppable!"

Lin Yi nodded-no matter how small the Devil's Den was, it was still a big deal!

The artifact language must have known about this a long time ago, and even rebuilt the combat Association in order to deal with the strange movements in the Devil's Den!

Jin botian's teacher, the previous dark gold level dark gold level Messenger, had told Lin Yi about this!

so lin yi wasn't surprised when zhang xiaopang mentioned it.

it was only a matter of time before something happened in the devil's den. the language of monsters was also aware of this, so it would probably make some preparations in advance.

"well done! the devil's den's disturbance is a big matter, and i've come back this time to deal with the darkness demon beast! "brother hua, please make some arrangements after the meal. i need you to hold a meeting with the combat association's combat generals! fei da qiang, call the battle general brothers that are following us. in the face of righteousness, there is no distinction between us!"

fei daqiang patted his chest and promised, "don't worry, boss. i'll inform them. our brothers all have the same intention. as long as boss gives the order, we'll go wherever you point us to. we'll definitely do it without a second thought!"

These battle generals were from the combat Association. If Lin Yi didn't say anything, it would be awkward for them to go back and help, but now there was nothing to worry about!

Monster language nodded in agreement. He didn't mind Lin Yi interfering with the combat Association's business. If Lin Yi wanted to, he could just make him the president of the combat Association. It wasn't like Lin Yi hadn't been the president before.

As a result, in the following period of time, the topic began to revolve around the Devil's Den. The welcoming and celebratory banquet that was agreed on directly became a pre-war discussion.

After eating and drinking, monster language and Fei daqiang went to gather people, while Lin Yi and Zhang Yiming went to the gathering place and started arranging the location and other trivial things.

After everyone had arrived, the meeting began!

"The Devil's Den is related to the safety of our entire sub-Island, so in the battle to guard the node, none of us have retreated! This time was no exception! In order to obtain victory, we must first obtain accurate information!"

lin yi went straight to the point, and that was to gather information!

it was meaningless for a large group of experts to enter without any information!

that would only be a waste of time.

"in order to grasp the best and simplest method for us, i've decided to send a large number of people into the devil's den to find the flaws in the dark demon beast plan, yiming!"

lin yi called out zhang yiming's name first, as the person in charge of the intel!

"yes, boss!"

"yes," zhang yiming answered solemnly. he was very excited to be able to participate in such a big event.

"you will choose the people and scatter them into the underground devil's den. you must gather all the information and clues as soon as possible. even if there are no obvious signs, you must sort out all the seemingly unrelated clues!" wang chong said.

lin yi's tone didn't change at all, and everyone could feel the importance of the matter.

zhang yiming bowed and accepted the order. he began to think about the selection.

this kind of mission didn't necessarily require a large number of people, but they had to be elite enough, have good skills, a flexible mind, and be able to adapt to changes. therefore, there weren't many suitable candidates.

zhang yiming knew very well who was suitable in the group of generals that followed lin yi.

Chapter 8420

On the other hand, the combat Association that had been rebuilt by the language of monsters was unfamiliar.

This operation was led by the combat Association. It was obviously not good to leave the people from the combat Association behind, so Zhang Yiming had already begun to think about how to pick people from the combat Association as soon as possible.

Lin Yi didn't stop after assigning Zhang Yiming his tasks."While gathering information, we also need to set up an elite combat Assault team and undergo high-intensity training. Once the information is accurate, the assault team will immediately respond and directly destroy the darkness demon beast's plan!"

"In the early stages, it'll be a small-scale intelligence battle and assault battle. In the middle and late stages, there may be a large-scale battle, so everyone can't relax and must take advantage of this time to practice more. Any carelessness will become a fatal factor!"

Lin Yi couldn't tell everyone that the dark Demon beasts had spies in the human world, as it would cause unnecessary panic!

Who could be sure that the comrades around them were definitely people who could be entrusted with their backs?

Maybe he's a spy who's a dark magical beast in human form?

Being stabbed in the back during a battle was the most terrifying thing!

Once this news was announced, the battle generals would definitely be on guard when they fought. If they could not concentrate, they would only die faster!

He could only discuss this matter with Zhang Yiming in private later. He would ask him to observe the battle generals to see if there were any suspicious people among them while he investigated the Devil's Den!

The main purpose of this General Meeting was to mobilize and make arrangements. There was another purpose. Lin Yi didn't even mention the language of transformation. He wanted to see if there was a traitor among the generals through this big move!

And so, at the end of the meeting, Lin Yi announced that all the generals here would cancel their holidays and focus on their training.

After they were dismissed, Lin Yi signaled Zhang Yiming not to leave yet. He didn't avoid the language of living things and Fei daqiang.

"Yiming, the darkness demon beast has spies among the humans. We've made a big move this time, and they'll definitely notice us. So, your task is very important."

Lin Yi was serious-this wasn't a joke."While you're gathering information in the Devil's Den, I want you to arrange for trustworthy people to monitor everyone present today! I've already arranged for everyone to be gathered together. If anyone tries to find an excuse to leave during this period, it should be more conspicuous. "

"There's also the entrance to the Devil's Den. We need to have people secretly watching it. No matter how many people we send up, the news will definitely reach the underground Devil's Den!"

Lin Yi paused and turned to the language of living things."Brother Hua, I need you to help me with the entrance. For the time being, there will be a restriction on people entering. Apart from our people, try to prevent irrelevant people from entering."

This was a bit troublesome. Although the artifact language was the Deputy Hall Master, it might not have enough authority.

Lin Yi could've easily taken care of the situation if he'd revealed his identity as an agent, but an agent couldn't just reveal his identity like that ...

"No problem, I'll take care of this!"

Without any hesitation or rejection, the artifact language agreed.""Although I really don't want to doubt my own people, it's better to be more cautious in the face of important matters!"

The darkness demon beast's spies had already developed to the point where they could destroy the nodes of the Forest of Illusions, so it was hard to say how well they could develop among the humans!

This was especially true when it came to the reconstruction of the combat Association. This was the best opportunity for him to get involved.

"With brother Hua's words, this matter is much safer. Yiming, do you have any difficulties?"

Lin Yi asked.

"No, I didn't! Don't worry, boss, I'll definitely complete the mission!"

Zhang Yiming was indeed under a lot of pressure, but he did not hesitate to say that he could do it.

This was where his value lay, and it was what he was good at. If he couldn't complete it, what was the point of having him?

However, he had to be even more careful when selecting people from the combat Association to Scout the Devil's Den. It would be a joke if there were darkness magical beasts among the people he selected.

This side was heavily guarded, and in the end, they personally sent the traitor in. The darkness demon beast would probably laugh their heads off, right?

In the end, he still had to discuss this matter with the monster language. After all, he knew more about the combat Association.

Lin Yi didn't ask about the details, but he knew that Zhang Yiming personally led the team to the underground Devil's Cave.

Five days later, Zhang Yiming came out of the Devil's Den with heavy injuries. Lin Yi appeared in front of him immediately.

"Yiming, what's going on?"

Lin Yi stuffed a Mystic class recover pill into Zhang Yiming's mouth as he asked. With the powerful effect of the pill, Zhang Yiming quickly regained his energy.

Lin Yi had given this kind of life-saving pill to the people around him a lot, especially Fei daqiang and Zhang Yiming, his two trusted aides. They could even eat it.

But Zhang Yiming was still in such a sorry state, and he even needed Lin Yi's pill to save his life. It was clear that he had used up all his pills.

"Boss, we found a gathering point of the dark Demon beast spies. We wanted to retreat first, but we were discovered by the spies they arranged, and they chased us all the way!"

zhang yiming heaved a sigh of relief and began to explain the process,""the brothers who followed me all sacrificed themselves to protect me ... i was the one who dragged them down!"

zhang yiming couldn't help but shed tears.

his strength had never been his strong suit, but he was extremely talented at gathering information. that was why he personally led a team into the underground devil's den, and the facts had also proven his ability in this area.

it had to be said that zhang xiaopang was talented in this aspect. in just five days, zhang yiming had found the gathering point of the dark magical beasts 'spies in the underground devil's cave!

lin yi couldn't help but give her a thumbs-up for her speed.

"Zhang xiaopang, our brothers are protecting you because they know how important you are! As long as you're here, they won't die in vain! Pull yourself together, let's go and take revenge for them!"

Fei daqiang patted Zhang Yiming's shoulder and tried to comfort the chubby boy.

"Yes! We must avenge them!"

Zhang Yiming's face became determined, and his eyes were filled with hatred. "Boss, we eavesdropped on some clues outside the gathering point. After I came back, I combined these clues with a lot of information I collected before, and we can basically confirm a few plans about the darkness demon beast."

"We have to act immediately. Lead the assault team into the underground Devil's Den and tell the others to get ready! Once the darkness demon beast's plans are ruined, it might be the start of the war!"

Lin Yi trusted Zhang Yiming's judgment one hundred percent. He nodded without hesitation. "Good! Let's not delay any further, you should rest for a while, I'll go find brother Hua and arrange for an assault team to set off!"
