

Bodyguard 8461

Chapter 8461

Lin Yi was teaching his disciple, and the masked woman and the others didn't disturb him.

Both sides minded their own business and lived in peace.

Half a day had passed, from morning to afternoon.

Because of the blizzard, it had started to get dark outside, and the people from both sides who went out to hunt had not returned.

"Master, Butler Fei and uncle-master Zhang have been out for a long time. It's getting late, why haven't they returned yet? Nothing will happen, okay?"

When Qin mengzhen spoke, she could not help but look at the other side with a worried expression.

What he meant was that the burly man from before had brought more than ten people with him and followed Fei daqiang out. He might have secretly attacked them halfway.

Qin mengzhen knew how strong Fei daqiang and Zhang Yiming were, but she didn't have Lin Yi's vision. She didn't know if the burly man and his men were a threat to the two.

They were all companions who had come here together, so they would definitely be worried at the critical moment.

"Don't worry," Lin Yi said nonchalantly, "maybe he thought the snow outside was beautiful, so he enjoyed it a little more. Don't worry!" The two of them have the ability to take care of themselves!"

Fei daqiang's current strength was not bad, and his personality was even more meticulous in his rough ways, so he would definitely not suffer a loss.

Plus, with Zhang Yiming, an Intel guy, by his side, the two of them were a very safe combination, and that was why Lin Yi was so calm.

On the other side, the masked woman maintained a cold attitude, but she would subconsciously look at the entrance of the passage from time to time. She was obviously worried about her subordinates. Why hadn't they returned at this time?

However, the masked woman relaxed a little when she saw how calm Lin Yi was.

After all, she had more people under her. If Lin Yi wasn't worried, what was she worried about?

Qin mengzhen let out an "Oh" and didn't say anything else.

In the end, after another half an hour, it was already pitch black outside the cave. The sky had completely darkened.

"Master, it's getting dark, why don't we go out and look for them? What if they lost their way and couldn't find their way back? Let this disciple and a few junior brothers go out to welcome them, okay?"

Under the blizzard, the visibility outside was very low. It was dark all around, and there were no coordinates to refer to.

Therefore, if a person without a strong sense of direction went out, it was very likely that they would get lost. They would go wherever they wanted to go and would not be able to find North, South, East, and West at all.

"No need. Since it's already dark, I think they'll be back soon! It's meaningless for you to go out now. Don't get lost outside when they come back. If that happens, you'll only be able to look for them every day. "

Lin Yi rejected mengzhen's suggestion and smiled,""You have to learn to trust your companions. Fei daqiang and Zhang Yiming are not easy to deal with. Do you really think a small thing can stop them? We've underestimated them!"

Qin mengzhen nodded. After some thought, she agreed. After all, they were all direct descendants of her master. Since her master was confident, there would definitely be no problems. She was indeed worrying for nothing!

"Master is right! I was too impetuous!"

Qin mengzhen bowed and accepted the lesson. Then, she calmed her heart and once again immersed herself in cultivation and learning.

The masked woman heard the conversation between Lin Yi and his disciple, and she was starting to get worried as well. She turned to Lin Yi, "They might have really met with some mishaps. Your confidence in your subordinates might have harmed them in the end!"

"I don't know much about your men, so I can't express my opinion. But I know my men very well. They shouldn't have gone out for a whole day without any news and not come back even when it's dark!"

"They know that I haven't eaten anything yet. As long as they find anything, they will immediately send someone to send it back to me. Even if they find nothing, they will at least send someone back to inform me before dark! Now that there's no news, something must have happened. I'm going to take people out to find them!"

The masked woman said her decision, her eyes fixed on Lin Yi.

It was obvious that she wanted Lin Yi to go out with her.

Lin Yi mentioned forming a hunting party at the start, so the masked woman thought that Lin Yi would agree to cooperate.

After all, none of the people who went out returned, so it was safer to go out together.

Lin Yi shrugged nonchalantly, "If you want to go, then go. Forgive us for not being able to accompany you! I have confidence in my companions. They are fine. He should be back soon!"

Lin Yi said that because he was confident!

Zhang Yiming's Wu Linghai was born from Lin Yi's Wu Linghai. As long as it wasn't too far away, Lin Yi would be able to sense it.

Now, Lin Yi could sense Zhang Yiming's location.

It meant that Zhang Xiaopang and the rest were not far from the cave. They were getting closer and closer. It was obvious that they were about to return.

At this time, was there still a need to go out and search?

The masked woman frowned as she stared at Lin Yi for a few seconds. She didn't understand what was going on, but she got up slowly and said to the people behind her, ""Let's go! Let's go out and find them!"

She seemed to have something against Lin Yi now, and didn't want to talk to him anymore.

The surrounding guards all stood up and picked up their weapons, ready to follow the masked woman out to find the person.

Just as they were preparing in such a chaotic state, there was some movement at the entrance of the cave.

Soon, Fei daqiang and Zhang Yiming ran in, carrying a pile of meat strips on their backs.

"Boss, we're back. Today's harvest is not bad. It's enough for us to eat for two days!"

Fei daqiang laughed as soon as he came in, not even having time to put down the meat.

Lin Yi blinked, speechless at the mountain of meat. He couldn't help but think of the time when Fei daqiang carried a mountain of gold and silver!

He didn't expect that this guy's style still hadn't changed despite the passage of time. This was how the hunt was supposed to be!

In comparison, Zhang Yiming was much more normal, less than a third of Fei daqiang.

In fact, this was already a lot, but with Fei daqiang as a reference, it was impossible to see!

"Boss, Fei daqiang and I killed dozens of dark icicles and got their essence meat to get these rewards! It's a pity that there's only a bit of meat left in the dark ice soaring beetle's body that can be eaten. The rest are just shells and are of no use, so we didn't get them back. "

Zhang Yiming explained the origin of the meat strips and why he had only brought them back.

Lin Yi's knowledge reserves were sufficient, naturally, he knew what the dark ice soaring beetle was.

This thing was a kind of dark spirit beast that liked to live in the snow and ice, and the nearby environment was the best habitat for them.

Chapter 8462

Although the dark ice spike beetle was called a bug, its body was not small. It was the size of a donkey in the secular world, but its movements were very agile, like a ghost in The World of Ice and snow.

The defense of the living dark icicle beetles was extremely strong. Their shells were strengthened by the dark and ice attributes at the same time. They were extremely hard and could be said to be invulnerable. They were the nightmares of human warriors of the same level!

He couldn't beat him to death and couldn't run away. He was really helpless!

By right, the dark icicle beetle's shell had such a defensive ability and was an excellent material for making armor, but the wondrous part was this.

As mentioned earlier, a living dark icicle beetle's defense was extremely strong, but once it died, its shell would become crunchy, even less than a normal layer of ice of the same thickness!

Because of this, Zhang Yiming and the others did not have any other gains, because other than a little bit of meat, there was really nothing else!

Then again, it was also because of this characteristic that humans were too lazy to hunt for dark ice soaring beetles. First, it was not easy to kill, and second, there was no harvest after killing them. After working hard for half a day, they could not even have a full meal. Who had the time to hunt dark ice soaring beetles?

Only Fei daqiang and Zhang Yiming, who couldn't find anything to eat, had the mentality that no matter how small a mosquito was, it was still meat. They made up for the weight with quantity, and that was how they had so many meat strips.

For a moment, the masked woman was a little confused. She didn't know if she should continue to go out to find people or what.

She finally regained her senses and wanted to ask Fei daqiang if they had seen her subordinates.

In the end, before she could ask, her men who had gone out to hunt had also returned under the lead of the burly man!

However, these people were all empty-handed and had not gained anything.

Not only that, everyone who went out, including the burly man in the lead, was injured without exception!

Lin Yi glanced at them-yes, they were all alive, not a single one dead. It was a good thing!

If a few of them died, it would seem a little inappropriate for them to eat the meat ...

That's right, Fei daqiang put down the small mountain on his back and began to roast meat on the fire.

The meat strips had been processed when they were dug out, so there was not a trace of blood. When they came back, they were covered in snow and frozen. Now, they only needed to roast it over the fire, and soon a rich fragrance wafted in the cave.

Lin Yi's barbeque skills weren't bad, but Lin Yi didn't have to do it himself. Fei daqiang had learned some skills, and the barbeque was good enough for everyone.

This scene directly stunned the masked woman!

What was going on?

So many of her men were injured, but Fei daqiang and Zhang Yiming were fine?

Could it be that Fei daqiang and Zhang Yiming had robbed and injured her subordinates?

It was no wonder that the masked woman would think this way. After all, Fei daqiang and Zhang Yiming had returned with a full load, while her men had returned empty-handed and were injured!

The masked woman was about to ask her subordinates about the situation, but one of the injured people shouted indignantly, "Miss, those two people were too careless. They clearly saw us being besieged by the dark ice soaring beetles, but they just stood by and watched. They only killed those dark ice soaring beetles after they saw that we were all injured ..."

"It is! If they had acted earlier, why would we all be injured? They're clearly letting us exhaust the dark icicle beetles on purpose so that they can reap the benefits in the end!"

Everyone started to ask for Fei daqiang and Zhang Yiming's help. However, Zhang xiaopang was drooling as he looked at the roasted meat on the fire. He did not seem to care.

Fei daqiang curled his lips in disdain, "It's really funny, you guys were the ones who said we didn't want to form a team, and you're also the ones who blame us for not taking action earlier! You're being attacked by the dark icicle beetles. How do we know if you're hunting or not? If we act too early, you'll say we stole your prey, right?"

"We saw that you were about to be wiped out, so you probably weren't hunting for dark icicle beetles. That's why we came to your aid and saved so many of your lives! It's fine if you don't thank us, but you're saying that we're just sitting back and reaping the benefits? This was too laughable! By the way, what kind of consumption did you guys cause to the dark ice soaring beetles?"

Fei daqiang sneered, "why didn't your Grandpa Fei see it?"

Lin Yi could imagine that these people wouldn't even be able to break through the dark ice soaring beetle's defense. A few blind attacks would only tire them out!

Zhang xiaopang finally shifted his attention away from the roasted meat. He sneered, ""You were the ones who rejected our good intentions and didn't want to team up with us, and now you're blaming us? Could it be that you feel that you've suffered a loss for saving your lives, and want us to split the harvest in half with you?"

Those guys really did have such thoughts, but they just didn't say it out loud.

The leader's expression was somewhat unsightly. He frowned and raised his hand to stop this wave of clamoring. He said in a deep voice, "I'll be honest with you. Don't speak nonsense that's far-fetched and disgracing our family's reputation!"

"This matter was indeed our fault for not recognizing Mount Tai. We rejected the other party's good intentions and were even rescued in the end. How can you have the face to ask others to do it? One had to know that in the previous situation, they were willing to help out because of their friendship, not because of their duty! Don't be rude!"

The burly man had a lot of prestige in this caravan, so as soon as he spoke, the people who were clamoring before immediately quieted down.

The masked woman waited for everyone to fall silent before indifferently asking the large man what had happened.

In fact, there was nothing much to say about the course of the matter. It was similar to what they had said before. The burly man mainly talked about Fei daqiang and Zhang Yiming's help.

"Miss, the dark icicle beetle's physical defense is extremely strong. Our attacks can't even break its defense! That's why he was in such a sorry state, and the two people on the other side were using spiritual awareness skills!"

"They almost didn't make a move, just used spiritual sense attack skills, and they easily took care of those dark ice spike beetles!"

The burly man emphasized the words "spiritual awareness attack skill" to make the masked woman pay attention.

His efforts weren't in vain-the masked woman's eyes lit up as she stood up and walked over to Lin Yi, bowing slightly."Thank you all for lending a hand and saving my brothers! Especially these two brothers, this little girl has a presumptuous request!"

"After the blizzard stops, can I invite you all to my house as guests? Don't worry, there won't be any danger! This little girl can use her character to guarantee it! I wonder if anyone has any opinions?"

Fei daqiang secretly pouted and thought to himself, you didn't even show your face and don't even know the person. Who would believe your character?

He handed the meat to Lin Yi respectfully before turning his head and hmped coldly, "This young lady, are you blind? Don't you understand who's in charge here? Go ask our boss if you have any questions!"

Chapter 8463

The masked woman smacked her forehead and wondered why she was so silly to not even remember who the leader was!

She turned to Lin Yi and bowed. "Once again, I would like to thank everyone for your help. I'll say the same thing again, can you all come home with us as guests? There's something I need help with. After it's done, I'll definitely grandly thank you. "

Lin Yi wasn't interested in how to thank him, so he shook his head. "I'm sorry, we're very busy and don't have time to visit. I'm sorry!"

It was almost time to report in, and Lin Yi had just entered Feng Qi continent's territory. The blizzard delayed his trip, and he really wouldn't make it if he didn't hurry.

In this situation, Lin Yi really didn't have the time to waste and cause more trouble!

"Please consider it again. As long as you are willing to be a guest at my house, we can compensate you for any losses! As long as you can do me a favor ... In addition to compensation, there will be a generous reward. I hope you can consider it again!"

The masked woman requested sincerely.

Lin Yi was still unmoved. He smiled apologetically and started eating the meat that Fei daqiang roasted.

Needless to say, the dark icicle beetle's entire body only had this little bit of edible essence meat. After roasting it, it tasted really good!

Although it was just roasted meat, it still had a cool and refreshing feeling in the mouth.

It was still a little hot, but it felt cold. The texture was soft and sweet, similar to ice cream.

When the two clashed, a unique eating experience was triggered.

Just this uniqueness alone was enough to attract the food-loving old woman to hunt for the dark icicle beetle.

Fortunately, the Warriors of the sub-Island liked to pursue strength, so no one would waste time on food.

The time and energy needed to kill a dark icicle beetle was several times more than that of a dark spirit beast of the same level, and the harvest was not even one-third of the same level of dark spirit beast. The difference between inside and outside could be more than ten times. Who would be so bored to do this kind of obviously unprofitable business?

The lady frowned, not sure if she was angry or not, but Lin Yi's stubbornness made her feel helpless.

"May I know your name, Sir? I wonder if you can tell this little girl?"

The masked woman changed the topic. Since inviting him wouldn't work, she decided to beat around the bush and build a good relationship with Lin Yi first.

She saw that Lin Yi had five students, and while he was only teaching the basics, it wasn't easy at all. She called him Mister because it was also a form of respect for teachers.

"I am Sima Yi, from Wutong continent's naduo conferred Empire."

Lin Yi continued eating, taking the time to answer the masked woman's question. "May I know your name, miss? Shouldn't you introduce yourself first before asking others?"

The young miss here was a lady from a big family, and Lin Yi didn't have any bad intentions. He didn't want to use the common world as a joke.

"My young lady's surname is Ling. If Mr. Sima agrees to my young lady's invitation and takes the time to come, I'm sure you'll get a satisfactory return!"

The burly man rushed to answer. He probably felt that it was not appropriate to tell the young lady's name to outsiders, so he only said a surname.

Lin Yi didn't really care about that-he just felt that the surname Ling was a little familiar!

After all, his surname was Lin, which sounded similar. In the past, he had often changed his name to Ling Yi.

In addition, there was also Ling Hanxue, the little sister, and Ling lingfa, the spy from the center. It was hard to say if they could be considered friends now, but it felt like they were old friends.

"So it's miss Ling, it's a pleasure to meet you!"

He brushed it off casually and continued to gobble down the meat. The texture was so good that he couldn't stop.

After eating a piece, he felt that it was a little impolite, so he invited the masked woman, ""Miss Ling, you haven't eaten yet either, right? do you want to join us for some?"

As a veteran leg hair, Fei daqiang immediately started to figure out what Lin Yi was thinking-could it be that Lin Yi was interested in miss Ling?

As someone who'd been following Lin Yi around since the common world, Fei daqiang knew how many pretty girls were surrounding his legs. He was obviously a man of love!

So, wasn't it normal to be interested in this miss Ling?

Old tie, there's nothing wrong with that!

"Miss Ling, our boss has personally invited you. You'll definitely do us the honor, right? come, have a seat!"

Fei daqiang thought he understood and stood up with a smile. He kicked Zhang xiaopang beside him like a dog, making space for miss Ling to sit beside Lin Yi.

At the same time, he respectfully presented a skewer of freshly roasted meat with both hands for miss Ling to eat.

Miss Ling didn't even have time to refuse before she was arranged by Fei daqiang. She also unknowingly got the meat stick in her hand.

She thought that she needed to build a good relationship with Lin Yi if she wanted to invite him to her house, and so after a slight internal struggle, she sat down beside Lin Yi.

The burly man also wanted to follow miss Ling, but Fei daqiang pushed him away and glared at him. His meaning was clear: step aside, you're not getting a share!

This is the time for my thigh to pick up girls, who the hell are you? Do you want to freeload food and drink? your Grandpa Fei won't serve you!

The burly man felt aggrieved, but he didn't dare to be as rude to Fei daqiang as before. After all, it was his young lady who was begging for Fei daqiang's help in the family.

If he dared to ruin things, who knew how he would be punished when he returned!

Moreover, Fei daqiang, who was nothing in his eyes before, was an expert, and the burly man didn't dare to provoke him.

Lin Yi blinked. He was just being polite, and he didn't think that this cold-looking miss Ling would agree so shamelessly. He didn't think that Fei daqiang would be so enthusiastic that he didn't even give her a chance to reject and just invited her to sit down ...

Since everyone was seated, Lin Yi wasn't a stingy person. He raised the meat skewer in his hand and smiled, "Miss Ling, have a taste. The dark ice soaring beetle's meat is really not bad. I think you'll like it."

"The one barbecuing meat is my Butler, Fei daqiang. This is Zhang Yiming. These are my disciples. They are Qin mengzhen, MA pijing, tu Gesha, Tang Yungui, and Diao Longtian!"

She was a guest, so Lin Yi treated her to a meal while introducing the people on his side.

Zhang Yiming and the others didn't know what Lin Yi meant to miss Ling, so they all smiled politely when they were introduced, giving miss Ling enough face.

Only Qin mengzhen pouted, silently calling Lin Yi a perverted teacher.

"Good day, everyone! It's an honor to meet everyone! Thank you for treating me to a meal!"

Miss Ling nodded slightly in greeting. Smelling the fragrance of the meat skewer in her hand, she could not hide her hunger. Thus, she gently lifted a corner of her veil with one hand, and brought the meat skewer to her mouth with the other hand. She took a light bite.

Chapter 8464

After taking a bite, miss Ling's eyes instantly brightened. She couldn't help but take another bite, her beautiful eyes curved as if she was very happy.

Clearly, she also did not expect that this dark icicle beetle's essence meat strip would actually be so delicious!

"Mr. Fei's craftsmanship is indeed exquisite. Even a simple roast meat can be so delicious. It's really amazing!"

Miss Ling, who had finished the meat stick very quickly, felt that she had eaten a little too fast. She was a little embarrassed, so she dryly praised Fei daqiang.

Fei daqiang laughed and said, "What's this?" I've only learned a little from my boss. If my boss were to personally make a move, I'm sure you'd be able to swallow your tongue!"

Lin Yi glared at Fei daqiang and scolded him with a smile, "Don't talk nonsense. You're just trying to be lazy and let me roast meat?"

"How can that be! Boss, don't mock me. As long as I, Fei daqiang, am here, you will never have a chance to do these small things! Unless you're disgusted by my food, boss!"

Fei daqiang continued to chuckle and handed a skewer of meat to miss Ling. He felt that the thigh was interested in miss Ling, so pleasing miss Ling was equivalent to pleasing the thigh.

The extremely smart Fei daqiang!

Miss Ling had returned to normal. She thanked Fei daqiang and took the meat skewer naturally, but she was not in a hurry to eat it.

"Mr. Sima, may I know where you are going? Is it convenient for you to reveal it?"

She wanted to figure out Lin Yi's destination first, and then think of a way to convince him.

If it happened to be on the way, wouldn't it be the best of both worlds?

"It's not convenient!"

Lin Yi's one sentence destroyed Miss Ling's plan. We can't disclose our whereabouts, you can't just keep asking, can you?

It wasn't that he couldn't tell Tianxia, he just didn't want to be a busybody.

It's no problem to treat you to meat. After eating, everyone will go their separate ways and have nothing to do with each other. This is the attitude!

Miss Ling gritted her teeth, not knowing how to continue the conversation.

She didn't like to interact with people, and she'd already made an exception and said a lot to invite Lin Yi to her house, but this was all she got in return.

Even though she had a cold personality and usually did not care about anything, she still felt very angry at this moment!

The big man standing two or three steps behind miss Ling couldn't help but interrupt, ""Mr. Sima, it's fate that we've met. Why do you keep me a thousand miles away?"

"I'm only inviting you to my residence as guests, I'm not trying to harm you! Our Ling family is one of the most prestigious families in the aoqian conferred Empire. Even if we were to invite the hall Master of the martial Alliance as a guest, it wouldn't be an insult to the other party. "

"Miss has personally invited you all. Once you arrive at the Ling family, you will be our Ling family's honored guests. Not only will no one in the AO Qian conferred Empire dare to bully you, even in the entire Feng Qi continent, our Ling family will still have some face!"

Lin Yi didn't care much about this sort of background comparison-even the big boss of the martial Alliance wouldn't be able to force him to do something he didn't want to do.

But when he heard the name "Ling family" from aojun, Lin Yi's heart moved.

He recalled a small incident that had happened in the medical Hall of the NA duo conferred Empire.

The Ling family of the AO Qian conferred Empire!

Lin Yi suddenly turned to look at miss Ling's neck.

The weather was cold, and miss Ling was wearing thick clothes-she even had a shaggy scarf around her neck. However, the red string around her neck caught Lin Yi's attention.

"Miss Ling, please untie your collar and let me have a look!"

Lin Yi's sudden words shocked everyone!

Fei daqiang was cursing in his heart, thinking,"when did your legs become so strong? he actually dared to tease miss Ling in front of so many people?"

Although it wasn't a big deal, Qin mengzhen and the other disciples were still around. Shouldn't boss be more careful of his master's dignity?

Miss Ling clutched her shaggy scarf tightly, and the skin that was exposed outside the veil was flushed with a layer of embarrassing pink.

No matter what, she was still the young miss of the Ling family of the aoqian conferred Empire. When had she ever been taken advantage of like this?

However, due to his embarrassment and anger, he couldn't say anything for a while.

The man behind miss Ling was furious, pointing at Lin Yi and glaring at him. "Sima Yi! We respect you, so don't take advantage of us! Is my family's young miss someone you can humiliate? Do you believe that if the Ling family goes all out, there won't be a place for you in the entire Feng Qi continent! Even if you run back to the Wutong continent, you won't be able to escape the wrath of the Ling family!"

The burly man was not bragging.

However, Lin Yi curled his lips, indicating that he didn't believe her.

It was just that Lin Yi's words were indeed ambiguous-she couldn't blame him for being angry, could she?

Miss Ling said coldly before Lin Yi could explain, ""Mr. Sima, please conduct yourself with dignity! If Mr. Sima likes beautiful women, I can make the decision and give you many beautiful women! We have many beautiful women in our residence, enough to satisfy Mr. Sima's various needs! I only ask that Mr. Sima not to have any thoughts about this young lady, because this young lady is not some peerless beauty, I'm afraid I'm not worthy of Mr. Sima's favor!"

Lin Yi furrowed his brows, evidently impatient.

I'm just asking you to unbutton your collar and take a look, not to take off your clothes. Where's the drama?

Miss Ling's grip on the scarf was especially funny, as if Lin Yi was going to take off her clothes in front of so many people!

And yet, Lin Yi really did it in front of so many people ...

With Lin Yi's current strength, miss Ling wouldn't be able to react in time to his sudden attack!

She felt her hand go empty-the shaggy scarf was pulled away by Lin Yi, revealing a fair and elegant neck.

Miss Ling was shocked, and the burly man behind her was also shocked and furious!

The burly man was the leader of the guards. If he allowed the young lady to be humiliated in front of him, he would not be able to live.

Thus, the burly man raised his hand and was about to activate his martial skill. Even if he was no match for the enemy, he had to die on the spot to show his loyalty.

The others were also shocked at this moment. Fei daqiang couldn't help but slap his thigh. The five little ones were even more at a loss. Was master trying to snatch a master's wife? In that case, should I call her master's wife in the future?

But the next second, Lin Yi didn't act like a beast as they thought.

Tearing apart the young lady's clothes, he merely took a red string from miss Ling's fair and tender neck.

There was a Jade tag at the bottom of the rope-with Lin Yi's spirit sense, he didn't need to take it out at all. He could just scan it through his clothes.

Chapter 8465

However, she was a girl after all. It was too obscene to secretly use his spiritual sense to look at her chest. It was better to act like a hooligan and take out the Jade card to see.

Just as Lin Yi expected, the pattern on the Jade was the same as the one he got before.

It seemed that miss Ling's Ling family was the Ling family that Lin Yi was thinking of!

"Let go of miss! You lecher! Today, I'll make sure your blood splatters everywhere!"

The burly man behind miss Ling shouted and rushed forward. However, just as he spoke, Fei daqiang suddenly stretched out his leg and tripped the burly man to the ground!

When his thigh was picking up girls, he naturally had to protect his leg hair well and not let those unrelated people disturb his thigh's pleasure!

Fei daqiang was smug in his heart, but he didn't think that his behavior seemed to have changed from being an experienced leg hair to a Lackey ...

Lin Yi let go of the Jade after he saw it clearly. The red string fell, and the still warm Jade went back to where it was.

Miss Ling's face reddened, not knowing if it was embarrassment or anger as she glared at Lin Yi!

If looks could kill, Lin Yi would've been riddled with holes by now.

"I'm just looking at the jade pendant on your neck. Why are you so nervous?"

Lin Yi raised an eyebrow, speechless. "You don't think I want to do something to you, do you? He was thinking too much! What can I do to you in front of so many people?"

"So, what exactly do you want to do?"

No one knew what miss Ling was thinking, but at least she appeared calm on the surface. She asked coldly, "Mr. Sima's behavior is really inappropriate. You should at least give me an explanation, right?"

"What explanation do you need? Didn't I say that I just want to see the jade pendant on your neck? if you cooperate and take the initiative, I don't need to do anything!"

Lin Yi's words were a little unreasonable, full of the tone of a rich man.

Miss Ling's brows furrowed slightly before relaxing. She had seen too many foppish people and was already used to it.

Seeing that this matter was about to be settled, miss Ling did not suffer any losses, and could not be bothered to argue.

It was just that she couldn't bring herself to invite Lin Yi and his group to the Ling family.

"Does miss Ling's invitation still count?"

Who would've thought that Lin Yi, who'd said he wouldn't go to aojun conferred Empire no matter what, would suddenly ask, "If it's still valid, let's go to the Ling residence to pay a visit. Is that okay?"

"No problem!"

Miss Ling straightened her back and agreed immediately, afraid that Lin Yi would go back on his words. "It is the Ling family's honor that Mr. Sima is willing to visit us!"

She'd already forgotten about that little bit of unpleasantness-it was nothing compared to inviting Lin Yi!

Miss Ling really wanted to ask Lin Yi why he changed his mind, but she was afraid that he'd change his mind again. That would be awkward!

So, miss Ling could only bury her doubts in her heart, as if Lin Yi never rejected her.

Perhaps, it was because of the Jade token?

It was only natural for him to think that way. After all, Lin Yi only changed his mind after seeing the Jade tablet. But miss Ling couldn't understand why the Jade tablet would have such an effect.

That was just a symbol of status that the direct descendants of the Ling family always carried around with them. Miss Ling had already stated her identity before this, and perhaps even promised to reward them handsomely. There was no reason for Lin Yi not to believe her. Why would he only believe her when he saw the Jade token?

She couldn't figure it out, so she decided not to think about it anymore. When she got home, she'd ask Lin Yi if she had the chance.

By that time, they would have already arrived and the rice would have been cooked, so there was no need to be afraid of any changes.

The others were also curious about Lin Yi's change in attitude, but they didn't ask. Fei daqiang, on the other hand, understood and laughed secretly.

This guy was probably thinking that his big brother must have taken a fancy to miss Ling, so he suddenly changed his mind and wanted to go to her house to see what was going on!

Extremely smart Fei daqiang!

As expected of the leg hair of the thigh, he knew the thoughts of the thigh like the back of his hand!

Fei daqiang was very pleased with himself, but he didn't know that Lin Yi would probably slap him on the head if he knew what he was thinking.

"What business does miss Ling have with bringing people here? The mountain road is difficult, and you guys brought so many big cars. It's not easy to walk!"

Since Lin Yi had decided to follow them to the Ling residence, he started to chat casually to understand the situation.

Miss Ling put the scarf back on calmly, as if she had only taken it off a little, and it had nothing to do with Lin Yi.

Miss Ling seemed to smile at Lin Yi's question, her eyes curving into crescents from behind the veil. Her cold face seemed to have a bit more of a smile now.

"Mr. Sima, my name is Ling Yingying. In the future, you can just call me by my name."

Ling Yingying wanted to deepen her relationship with Lin Yi, so she took the initiative to say her name, hoping to improve their friendship.

Lin Yi touched his chin, glad that he didn't use a fake name, or he'd have something to do with Ling Yingying.

"Then I won't be polite. Don't call me Mr. Sima in the future, just call me by my name!"

It was impolite not to return the favor, and Lin Yi returned the favor, confirming that their relationship had deepened.

Ling Yingying was overjoyed. She adjusted her scarf and continued, "That's good! In fact, the main reason we came here is to find an elixir. It's a long story, and we happen to have time. If you don't mind, please listen to me. "

It was dark outside, and the blizzard didn't seem like it was going to stop anytime soon. Lin Yi didn't mind listening to a story.

However, he had to show some sincerity before listening to the story.

Lin Yi waved his hand at Fei daqiang, "daqiang, give two-thirds of the meat to the brothers of the Ling family. It might not be enough, but it can at least fill their stomachs."

"Yes, boss!"

Fei daqiang didn't say anything and immediately pulled the big man to split the meat. However, he sighed in his heart. If he had known that this would happen, he would have let these people carry him back as hard labor.

I worked so hard to carry it back, but it ended up being taken advantage of by these guys. I'm so angry!

"Many thanks! I won't be polite!"

Ling Yingying thanked him and accepted the gift graciously. She didn't put on any airs, which Lin Yi appreciated.

After the meat was divided, Fei daqiang came back and sat down, ready to listen to the story. Ling Yingying continued.

"To tell you the truth, my father has a strange illness. The doctor diagnosed that his divine sense is unclear and it has affected his primordial spirit! This illness is extremely difficult to deal with. Both the famous doctors and alchemists are helpless. "

"In the end, the president of The Alchemist Association told us a clue. He said that in this place, there is a kind of spirit medicine called the spiritual ICE Clear mind grass. It might be effective for my father's strange illness. That's why we came here to look for the spiritual ICE Clear mind grass."

Ling Yingying's eyes dimmed a little. She seemed a little disappointed. "It's a pity that we haven't found any trace of the spirit Ice Spirit-clearing grass even though we've been wandering around here for a long time. We've also almost used up all of the supplies we had on us, so we can only find food on the spot,"
Chapter 8466

"It's not convenient to spread the news of my father's illness to too many people. Therefore, we came here in secret to find the medicine. We used the excuse that we were here to make a clan deal. "

"The large cart outside the cave is loaded with the goods to be traded. Although it's an act to deceive people, it's loaded with physical objects. This way, it can hide from the investigation of those who are interested."

"There are too many resources on the cart, and it's not convenient to put them in the storage bag. It's also not good to find a place to put them, so I can only carry them with me as a cover. Although the mountain road is difficult, there's no better way."

Ling Yingying looked up at Fei daqiang and Zhang Yiming and continued to speak honestly, ""I haven't found the spirit Ice Spirit-clearing grass yet. The only way now is to find an expert with a strong spiritual sense to help. Perhaps there's a chance to cure my father's strange illness."

"Sima Yi, your two companions, Fei da Qiang and Zhang Yi Ming, are both Masters with powerful divine sense. That's why I'm tempted to invite you to my house to help my father take a look. Whether it works or not, it's still a hope! No matter what, I'll thank you all. You'll be our Ling family's most respected friends. "

Ling Yingying felt that the best way to get Lin Yi to agree to help was to be honest and open with her, so she told him everything about the Ling family.

In fact, when she found out that Lin Yi was an Alchemist, she already wanted to ask Lin Yi for help. This was a typical desperate situation.

It was just that Ling Yingying didn't think that Lin Yi was a great refiner after hearing that he only taught the basics. That was why she didn't invite him.

After all was said and done, it was because Lin Yi was too young that Ling Yingying looked down on him.

If Lin Yi's hair and beard were white, even if he only taught her some basic knowledge, Ling Yingying might think that she was meeting a master.

What happened next was clear. After knowing that both of Lin Yi's men were divine sense Masters, Ling Yingying put down her pride and invited him. She didn't even give up when he rejected her. She really thought that this was her last hope.

A divine sense expert could only be encountered but not sought!

Even if Ling Yingying didn't witness Fei daqiang and his partner's deified soul techniques, the fact that they had killed dozens of dark ice soaring beetles in one fell swoop was enough to explain the problem.

"So that's how it is! I'm not sure if they can help, but since we're going to visit them, it's fine to take a look at them. Just don't count on them too much. "

Lin Yi blinked. This meant that he should be more reliable than Fei daqiang and Lin Yi-he didn't need to count on them.

Ling Yingying obviously misunderstood and thought that Lin Yi was being humble.

Thus, Ling Yingying complimented the two of them and said that it didn't matter if they couldn't help it. She wouldn't blame them, so there was no need to feel pressured.

All in all, this matter was settled. Ling Yingying's heart was finally at ease.

"Ling Yingying, I mentioned that your Ling family is one of the most powerful families in the AO Qian conferred Empire, right? If that's the case, why are you still worried about your father's illness being exposed?"

Lin Yi asked casually about the Ling family's situation. It was just a casual chat, and he didn't want to get any information. He was just curious.

The leader of Ling Yingying's guards, the big man, had already returned. He heard Lin Yi's words and quickly said, "Our Ling family is definitely one of the most powerful families in the AO Qian conferred Empire. I wouldn't dare to say that we're the best, but we're definitely one of the best."

"It's just that old master is concerned about the safety of the family. In order to avoid unnecessary chaos in the family, we need to keep it a secret for the time being. External enemies ... May not dare to take the opportunity to cause trouble!"

The burly man was very proud when he spoke, as if he was proud of being a member of the Ling family. It was clear that what he said was absolutely correct, at least in his heart.

"Alright, you can stop talking and leave!"

Ling Yingying didn't seem to want to talk about the Ling family anymore. She waved the man away and turned to Lin Yi. "In fact, it's not fair for us to say anything about our Ling family. If you have the chance in the future, you should ask around in the AO Qian conferred Empire. Perhaps you'll get the truth."

This was low-key, but also self-confidence. He was confident that Lin Yi would be able to hear the true status and power of the Ling family if he asked around.

At the same time, Ling Yingying was also a little ambiguous. After all, the Ling family's real situation was not as good as the burly man thought!

It could be said that there weren't many internal problems. After all, the side branches of the Ling family didn't dare to be rash.

The pressure had always come from the outside.

Lin Yi shrugged with a smile, not continuing the topic. It seemed that Ling Yingying was a low-key person, but the man wasn't as low-key as Ling Yingying.

Previously, the burly man had already mentioned that in the aoqian conferred Empire, even the hall Master of the martial Alliance had to show respect to the Ling family.

Lin Yi didn't really care-he wouldn't even need to give aoqing face if he revealed his identity. The difference between the two was obvious.

Lin Yi didn't want to talk about himself after the topic of the Ling family was moved away, and so the two of them started talking about all sorts of things, and the atmosphere was quite harmonious.

After eating, drinking, and chatting to their heart's content, everyone went to rest and had a quiet night!

"The snow has stopped!"

The next day, the guards of the Ling family were shouting excitedly outside the cave early in the morning.

Lin Yi brought his men out of the cave, feeling refreshed.

A cold wind blew past, stirring up some snow. After the blizzard, the sky was clear and blue. Looking out, the world was covered in silver and white. Under the sunlight, it shimmered slightly.

"What great weather!"

Lin Yi relaxed his body and took in a deep breath of cold air, his chest relaxing. After all, there were so many people stuck in the cave for two days, and it was very suffocating.

"Sima Yi, let's hurry down the mountain. It's rare to have such good weather. If we delay any longer, who knows when a Blizzard will come again. The weather in this area has never been good."

Ling Yingying followed him out, asking for Lin Yi's opinion as she waved her hand for her men to organize the convoy and get ready to go down the mountain.

"Good, we've been trapped in the blizzard for two days. We can't waste any more time!"

Lin Yi nodded in agreement, but Ling Yingying couldn't wait to go down the mountain.

"Since you're in a hurry, let's not delay any longer. We'll go down the mountain lightly and leave the convoy to the others!"

Ling Yingying was afraid that Lin Yi would go back on his word if something went wrong, so she brought eight guards down the mountain first. The rest of them were in charge of the convoy.

It was very difficult for the team to walk on the mountain road, especially after the blizzard. The mountain road was frozen, making it even more difficult to walk. It would be very time-consuming to go down the mountain together.

Chapter 8467

Since Lin Yi said that they couldn't delay, Ling Yingying decided to leave the convoy and take Lin Yi's group home first.

"Ling Yingying, is it okay for you to leave the convoy alone?"

Lin Yi didn't expect Ling Yingying to be so anxious. He asked out of concern, but Ling Yingying immediately shook her head.

"No problem. I'm not the person in charge of the caravan, so they're more suitable than me. Now we just need to go down the mountain as soon as possible."

Lin Yi shrugged. You're the host, you have the final say!

Thus, a total of seventeen people from both sides abandoned the cumbersome convoy and quickly went down the mountain with light equipment. They arrived in a city at noon.

Lin Tong city!

It was the city closest to the Wutong continent in the Fengqi continent. The city wasn't very prosperous, but it had all the facilities it needed.

"To save time, we'll use the teleportation array in Lin Tong city to return to the capital of the aoqian Empire. Do you have any objections?"

Ling Yingying only told him her plan after she arrived in the city.

Lin Yi blinked. Was there a teleportation formation between cities? It's quite high-level!

"Miss Ling, has your Feng Qi great continent already popularized the teleportation formation? You think you can just casually use a teleportation formation to travel?"

Fei daqiang asked the question on Lin Yi's behalf, "Or is it that this teleportation array requires a high price to use?"

"This question ... Don't you know?"

Ling Yingying didn't expect Fei daqiang to ask this question, so she patiently explained, ""As far as I know, Wutong continent and our Fengqi continent should be the same."

"Teleportation formations can be used to travel between cities, conferred empires, and even continents. However, you were right about one thing. The cost of using teleportation formations to teleport people is extremely high."

"That's why the teleportation array isn't open to the public. If there's no emergency, it's usually not used for travel. Usually, it's used for sending documents and files."

"If you really want to use the teleportation formation to travel, you must have a permit issued by the higher-ups of martial League or the hall Master of a branch of martial League. You must also pay the price for the teleportation. Our Ling family is on good terms with the hall Master of martial League here, so it's not difficult to obtain the teleportation permit. We also have enough power to pay for the teleportation fee."

"Of course, only a few people in our family can use this permit. Not everyone has the right to use it, even if you have money. Haven't you heard about this in the Wutong continent?"

Ling Yingying regretted asking the last question. She felt like she was rubbing salt into his wound.

He had never heard of teleportation arrays, so he was definitely not qualified. Wasn't he mocking others in their faces?

Luckily, Lin Yi didn't think of it that way. He was frustrated at the fact that there was such an energy saving tool. If that was the case, why did he have to fly all the way here from the nado conferred Empire?

Why didn't the artifact language tell him that he could use the teleportation formation? After all, he was a diamond-grade secret agent and a proper high-ranking member of the martial Alliance. He should be qualified enough to use the teleportation array, right?

Even if he wanted to hide his identity, he still had the newly promoted first hall Master, artifact language. It would be easy to give permission!

If the language of monsters were here, they'd cry out for injustice if they heard Lin Yi's complaints!

The language of beast transformation didn't expect Lin Yi to not know about the teleportation formation. He was already a diamond-level assassin under the martial Alliance of the starsource continent, and yet he told him he didn't know about it ... What the hell?

Since Lin Yi didn't suggest using the teleportation formation and was riding on a flying spirit beast instead, the language of manifestations thought that Lin Yi was doing his job as a Diamond Grade spy!

Lin Yi didn't know that the teleportation formation could teleport people, did he?

The information on both sides was inconsistent, which led to the current situation. It was no wonder that the monster language was involved.

"I've never been to the Wutong continent. I've only heard that both sides are similar, so I'm not very sure. In fact, not all cities in our Phoenix Qi continent have teleportation formations. Only places with martial League have teleportation formations. "

Ling Yingying felt that she had said something wrong, so she tried to remedy the situation, but she didn't know if it was of any use."Lin Tong city doesn't have a martial Alliance branch, but it does have an office. Since this is a city that connects two continents, a teleportation formation was set up here."

"I see ..."

Lin Yi's reaction was just like that. He was interested in the teleportation formation, but he wasn't interested in anything outside of it, like why Lin Tong city had a teleportation formation.

Ling Yingying saw that Lin Yi's expression was calm and didn't know what he was thinking. She followed the principle of "as long as we can bring her home as soon as possible," so she didn't say anything more and went to the teleportation formation in the city.

With the teleportation formation's permit, they did not encounter any obstacles. The group entered the teleportation formation without any hindrances and arrived at the aoqian conferred Empire's capital.

"It's ... So hot here!"

Fei daqiang, who was in the capital of the AO Qian conferred Empire, sighed from the bottom of his soul.

He thought that all the places in Fengqi Dazhou had the same climate as the snow Mountain!

He didn't expect that after being teleported to the capital of the aojun conferred Empire, he would directly change from a refrigerator to an oven. The increase in temperature was a little too intense!

"I'm sorry, I forgot to remind you that the temperature in the capital of the AO Qian conferred Empire is indeed very high. It's hot all year round, and it's a completely different world from Lin Tong city."

Ling Yingying took off her thick fur coat after she walked out of the teleportation formation, revealing her slender and graceful figure. "Everyone, follow me first. When we reach home, I'll arrange for someone to send some cool clothes over. You'll feel much more comfortable after washing up and changing your clothes."

As they spoke, they had already reached the main street. The AO Qian conferred Empire was one of the strongest empires in the Feng Qi continent, so the capital was quite prosperous. The streets were filled with people and cars.

The customs here were quite different from those of the nado conferred Empire. The clothes here were also filled with exotic flavors, and the majority of them were light muslin clothes.

Even martial artists rarely wore heavy armor. Most of them only wore light armor to protect their vital parts.

The Ling family's residence in the imperial capital wasn't far from the teleportation formation. It only took five to six minutes to reach the Ling family's luxurious residence.

"This is my humble home. Welcome, everyone. You have brought light to our Ling family's humble dwelling!"

Ling Yingying said courteously as the Ling residence's main door slowly opened. The guards who had returned earlier had already been notified, so the Ling residence opened the middle door to welcome Lin Yi and his group with the etiquette of welcoming important guests.

"You're too polite! What's the point of making it so Grand? I'm so embarrassed to go in!"

Even though Lin Yi said that, he didn't show any signs of stage fright. He treated himself as a guest of the Ling residence and allowed them to invite him in.

Chapter 8468

After entering, Ling Yingying didn't stay long. She arranged for the Butler to send Lin Yi and his group to the guest room to wash up and rest.

Ling Yingying took her leave first, saying that she also had to wash up and change her clothes, and that she would meet him again later.

Of course, this would not be the case under normal circumstances. However, considering that he had just returned from Lin Tong city, it was understandable.

Other than washing up and changing clothes, Ling Yingying probably needed to explain Lin Yi's group's situation to the elders of her family first.

Before this, he had only cared about bringing the person back and had no time to inform the family. He could only deal with it now to remedy the situation.

Lin Yi and the others were led to a guest room by the Butler. It was luxurious and exquisite.

There were enough rooms as well-each of them had their own room, living room, study, bathroom, and so on.

After washing up, the Ling family's servants naturally brought out exquisite and delicious food, filling the long table for Lin Yi and the others to enjoy.

"The host's kind intentions, everyone don't need to be polite, just eat to your heart's content!"

Lin Yi smiled as he gestured for everyone to sit down. He waved his arm in a circle."They all look good, so I won't be polite!"

Fei daqiang stretched out his hand and grabbed a big bone. He started to bite the meat on it and laughed as he chewed,""Boss, don't say anymore. I've already robbed everything!"

Zhang Yiming also laughed and began to eat heartily. The other juniors followed suit. Other than Qin mengzhen, who was more refined, the other four ate to their hearts 'content.

The Ling family was indeed extravagant. Just this meal alone had used many precious ingredients that were extremely beneficial to a cultivator's body. What was even rarer was that it was extremely delicious.

They ate to their heart's content, and then Ling Yingying arrived.

This time, she was no longer wearing a veil, revealing her true appearance. She was also wearing a long dress made of white gauze, which matched her slender figure and gave her a bit of fairy-like air.

Previously, Ling Yingying had said that she wasn't a beautiful woman, but she was being too modest. This was clearly a stunning beauty, and she had an exotic charm to her. She was definitely a fan of thousands of people.

It was just that Lin Yi felt like he'd seen her before after looking at her-she looked like the young man who'd given him the Jade tablet.

From the looks of it, the two of them were indeed from the same race, and perhaps they were even brothers and sisters.

"I'm sorry to have neglected you!"

A smile appeared on Ling Yingying's cold face as she bowed slightly to Lin Yi and the others. "Please forgive me for my poor hospitality."

"No, no, miss Ling is too polite. We feel at home as guests, and we definitely didn't neglect you!"

Fei daqiang smiled and greeted Ling Yingying politely.

Ling Yingying had probably already informed her elders, so she quickly got to the main topic. "Sima Yi, I told you before that my father has a strange illness and needs a divine sense expert to help him take a look. Do you think it's convenient for you to come with me now?"

Lin Yi tilted his head and ordered the two, "Da Qiang, Yiming, you guys go with miss Ling. I won't go. If there are any problems, we'll study it when we come back."

"Alright boss, we'll head over now!"

Fei daqiang and Zhang Yiming stood up and accepted the order. Ling Yingying didn't have any objections to this arrangement.

She wanted to invite Fei daqiang and Zhang Yiming, but Lin Yi was her boss, so she had to discuss it with him. Now that there were two main targets following her, it didn't matter if Lin Yi went or not.

"Many thanks!"

Ling Yingying thanked Lin Yi with a bow, then turned to the side. "Then, Mr. Fei and Mr. Zhang, please come with me!"

"Boss, let's go over and take a look!"

Fei daqiang and Ling Yingying said their goodbyes to Lin Yi and left the courtyard with Ling Yingying.

The Ling residence occupied a large area. Fei daqiang and Zhang Yiming followed Ling Yingying around. It took them more than ten minutes to reach her father's room.

There were two guards at the door. When they saw Ling Yingying and her people, they didn't stop them. They opened the door and let the three of them in. It was obvious that they had already discussed this beforehand.

The room was very spacious and the decorations were simple, but they were all low-key and luxurious items.

There should have been some furniture here because there was a faint mark left on the carpet in the room.

However, all the furniture had been moved out, and the empty space was used to build an altar in the room.

The altar wasn't very high. It was only about 1.5 meters tall. There was a large bed on it, and a middle-aged man in a brocade robe was lying on the bed. He should be Ling Yingying's father.

"Young lady Ling, what is this altar for? Why did you do this in the room?"

Fei daqiang felt a little curious and asked casually.

Before Ling Yingying could answer, Zhang Yiming took the phone. ""This altar was set up by an expert. If I'm not wrong, it should have the effect of gathering primordial spirits and stabilizing them so that they won't collapse easily. Am I right, young lady Ling?"

After Zhang Yiming became Wu Linghai, under Lin Yi's guidance, he had mastered some of the Sorcerer tribe's techniques and knowledge.

It just so happened that this altar was one of the methods passed down by the witch tribe, so Zhang Yiming could see its use at a glance.

However, this altar was relatively simple. Zhang Yiming said that it was set up by an expert, but he was only giving face.

"That's right! Mr. Zhang, do you have any research on this?"

Ling Yingying was overjoyed. She felt that she had finally found the right person. Zhang Yiming was able to see the effects of the altar with one look. He was definitely a capable person!

"I don't deserve the title of research. I've only dabbled in it a little!"

Zhang Yiming smiled humbly and waved his hand,""Although the effects of this altar are not bad, it can only treat the symptoms and not the root cause. At most, it can delay the symptoms and ensure that the primordial spirit will not deteriorate rapidly. Miss Ling, if you don't mind, can you let us go up and see your father's condition? After all, I can't see clearly from here. If I can't find the source of Dao, I can't explain it!"

"Of course I don't mind. Please!"

Ling Yingying quickly gestured for them to come over. They were here to save her father, so how could they stop them now?

Zhang Yiming and Fei daqiang nodded slightly and slowly walked up to the altar. They came to the side of the big bed and looked down at Ling Yingying's father.

The middle-aged man's face was sunken, and he looked extremely Haggard. Although his eyes were closed, he still exuded a faint noble aura. One could imagine how noble he had been when he was healthy.

Fei daqiang pursed his lips with a serious expression. He also released his divine sense to scan carefully, but he was actually just pretending. If he really wanted to treat this middle-aged man, he really didn't know what to do.

Zhang Yiming was the one who was in charge of this matter. Most of the Sorcerer tribe's methods were targeted at the primordial spirit. Although Zhang xiaopang only had a preliminary understanding of the method, he could still see some problems.

Chapter 8469

He'd solve it on the spot if he could, but if he couldn't, he'd record the details and pass it on to Lin Yi for him to decide what to do next.

Lin Yi let the two come because he wanted to train them, mainly Zhang Yiming. Fei daqiang was just a sidekick, the type that would hit on the right time.

"Gentlemen, how's my father's condition?"

Ling Yingying followed beside him, looking a little nervous.

This time, she did not manage to find the spirit Ice Spirit-clearing grass in Lin Tong city. Fei daqiang and Zhang Yiming were her last hope.

If the two of them couldn't cure her father, she really didn't know what to do.

Even if there were other methods, they didn't have the time to look for them, because Ling Yingying's father's condition had reached a point where they couldn't delay any longer.

The sacrificial altar was indeed effective, but there would always be a limit. After reaching the limit, the sacrificial altar would not be able to maintain her primordial spirit!

"Um ... Don't worry, miss Ling. We still need time to observe carefully before we can make a judgment."

Fei daqiang sneaked a glance at Zhang Yiming and saw that he was focused. He frowned and answered seriously, ""Your father's situation is a little complicated, and we can't make a conclusion easily. So, please don't be impatient, miss Ling!"

"I was too impetuous!"

Ling Yingying lowered her head and admitted her mistake. She suppressed the anxiety in her heart and prepared to patiently wait for the results of the two.

At that moment, the sound of an argument came from outside the door!

"Dodge! This young master wants to see my father, and you dare to stop me!"

"Please calm down, young master. The person brought by miss is diagnosing master. Please wait for a moment!"

This was the Guard's doing. They had done their duty and were afraid of disturbing the treatment inside, so they braced themselves to stop him.

Ling Yingying's eyebrows furrowed slightly. She excused herself from Fei daqiang and Zhang Yiming, turned around, and left the altar.

A young man standing outside the door raised his hand and was about to hit the guard. When he saw Ling Yingying coming out, he immediately sneered.

"Yingying, you're really impressive. With just one order, even your brother was stopped outside father's door! Let's not talk about this, where did you find this charlatan, how could you casually bring him here to diagnose father?"

The young man was probably Ling Yingying's older brother, so he didn't bother to be polite. "If something happens, can you bear the responsibility? Furthermore, have you thought about the consequences if they spread the news of father's illness?"

"Big brother, I know very well what I'm doing. I don't need you to teach me! This time, I went to Lin Tong city to collect the spirit ICE Clear spirit grass, but I didn't succeed. Fortunately, I met these two masters in the field of divine sense. It wasn't easy for me to ask them to come over and help me. I hope big brother won't make a mistake!"

Ling Yingying's expression was cold. Although she called him big brother, she didn't seem to have any intention of getting close to him. It seemed like the relationship between the two of them wasn't that close.

"Impudent! Yingying, you're getting more and more unruly! You dare to use this kind of person who you don't know anything about? Taking a step back, even if they didn't have any problems, would just a spiritual awareness expert be useful? That's so laughable!"

Ling Yingying's brother narrowed his eyes and growled, "You didn't consider this matter properly. However, now is not the time to talk about this. I will settle the score with you later. Quickly call the person out and drive him away!"

"Big brother! They are treating father, I hope ..."

"Hope my ass! Ling Yingying, I hope you understand why father ended up in this state today. "

The eldest brother raised his voice and shouted angrily, "if it wasn't for you, would so many things have happened?" I was polite to you before, and you took it as a blessing, right? Hurry up and get lost! Don't be so hypocritical!"

Ling Yingying's expression darkened, not because of her brother's scolding, but because those words had touched her sore spot.

However, Fei daqiang and Zhang Yiming weren't done yet. No matter how upset Ling Yingying was, she wouldn't give in!

Thus, Ling Yingying immediately opened her arms and blocked the door. She bit her lip and glared at her big brother. She didn't say a word, nor did she retreat.

A trace of hostility flashed across the elder brother's face, but he held back and didn't make a move. After all, there were outsiders present, and it would be a big joke if news of the siblings' internal strife spread.

"Ling Yingying, while I'm still talking to you, you better know your place. Don't force me to do it! To tell you the truth, I've already invited the Ouyang family's patriarch to treat father. He's in the front hall and is coming this way, so don't get in my way!"

The eldest brother suppressed the anger in his heart, narrowed his eyes, and warned in a deep voice, "It's a great honor that the Ouyang family head is willing to come. How can the charlatan you brought be compared to the Ouyang family head? If you don't get them out of here, you'll be humiliating the Ouyang family head. Do you think these charlatans can be on equal footing with the Ouyang family head?"

The Ling clan was one of the top clans in the AO Qian conferred Empire, and the Ouyang clan was also one of the top clans in the AO Qian conferred Empire. The strength of the two clans was almost the same, and they were both great Clans of the Empire.

There was competition and cooperation between the two families. Because of their equal family status, marriage was common.

After so many years, there were many girls from the Ouyang family in the Ling residence. Similarly, the Ouyang family had married many young ladies from the Ling family.

Of course, those who were connected by marriage were not the direct descendants, but the branch families.

This was because these big families all knew that direct descendants were usually married to higher levels to obtain greater benefits, or they were directly nurtured as the family's successor without marriage.

However, this relationship was already deeply intertwined, and it was difficult to clearly explain what was going on between the two families.

However, it was undeniable that Ling Yingying wasn't qualified to stop the Ouyang family master!

"Big brother, Mr. Fei and Mr. Zhang are not charlatans. They are honored guests that I have spent a lot of effort to invite. Although the Ouyang family master's status is noble, he can't belittle the two gentlemen!"

Ling Yingying's face was filled with anger as she argued.

However, she also felt that Fei daqiang and Zhang Yiming's status couldn't be compared with the Ouyang family's master, so she didn't have much confidence.

"Hehe ... Ling Yingying, don't be so shameless. If it weren't for you, father wouldn't be in this state. How dare you say that the charlatan you invited is an important guest? And you're not even willing to let them make way for the Ouyang family head. What are you thinking?"

Ling Yingying's elder brother sneered and was about to continue mocking her when an old woman with white hair and a white veil entered the courtyard. She was followed by four young maids.

"Alright, it's improper for two siblings to quarrel all day! Be quiet!"

The old woman's deep voice emitted a majestic aura, causing Ling Yingying and her sister to bow in apology.

"Greetings, grandmother!"

The two siblings temporarily put aside their quarrels and saluted the old woman. It turned out that this old woman was their grandmother, the mother of the middle-aged man inside.

Chapter 8470

"No need for formalities! You two! We're siblings, don't always quarrel and hurt our relationship! Bin kid, you too, don't talk nonsense without evidence. If this gets out, wouldn't it be a disgrace to our Ling family?"

The old woman glanced at her grandson indifferently, and Ling big brother bowed even more.

However, the elder brother also knew that the old woman was not blaming him, but was hinting that there were outsiders here and dirty laundry should not be spread.

Even if they were quarreling, they should do it behind closed doors. That was a small matter. Exposing family scandals in front of outsiders would affect the overall situation!

"Yes, grandson knows his mistake. Grandmother, please punish me!"

The eldest brother obediently admitted his mistake, but he did not immediately get up after bowing. "Grandmother, your grandson must say that it is very difficult to invite the Ouyang family head. If not for the friendship between the two families, how could he come personally? If father wants to recover, we have to rely on the Ouyang family head. He's a famous pill master in our Feng Qi continent."

"Whether the people Yingying brought back are charlatans or not, they are still some unknown small figures. How can they be compared to the Ouyang family master? it shouldn't be a problem for me to ask them to step down first, right?"

He could admit his mistakes, but his elder brother still insisted that the Ouyang family master he had invited was the best. He looked down on Fei daqiang and Zhang Yiming, who Ling Yingying had brought.

The old woman nodded slightly and said in a calm manner, ""What the bin kid said is right. The Ouyang family head is a famous alchemy Grandmaster. It's not easy to get him to help with the diagnosis. Yingying, clear the area first!"

His words were polite, but the meaning was self-evident. He was optimistic about the Ouyang family master and did not care about Fei daqiang and Zhang Yiming at all.

At the end of the day, what was important in this world was still strength and reputation, and reputation often represented strength!

A world-famous alchemy Grandmaster against two unknown nobodies, there was no doubt who the Ling family would choose.

Ling Yingying's face was a little red, and she felt sullen in her heart.

However, she couldn't resist her grandmother's words and could only respond in a low voice. She didn't know how to tell Fei daqiang and Zhang Yiming about this.

As a result, Fei daqiang and Zhang Yiming stepped out first.

It wasn't that the two of them couldn't hear the argument outside the door. They also understood the ins and outs of the matter. Since the other party was unwilling, there was no need to rush to help.

When they were in the room, Zhang Yiming had already explained the middle-aged man's situation to Fei daqiang, so Fei daqiang had some idea in his heart and deliberately put on airs when he left.

"Miss Ling, since your family doesn't trust us, then let's drop this matter! I only came to take a look because of you, miss Ling, but I didn't expect it to be so unpleasant!"

How could Fei daqiang be a person who would spoil a child? He immediately sneered and glanced at the old woman and his brother. "To tell you the truth, the patient's condition is indeed a bit troublesome, but it's not incurable! But since you have a better candidate in mind, we won't meddle in this matter, lest we ask for trouble! Please go ahead!"

"Mr. Fei, Mr. Zhang, I'm really sorry. It's not what you think. Please don't be angry!"

Ling Yingying lowered her head and apologized to the two of them. Even though she usually had a cold personality, when she was in the wrong, she would still sincerely express her apology.

Fei daqiang's expression changed. He smiled and waved his hand, "It has nothing to do with you, miss Ling. You don't have to apologize. It's rare for the two of us to come here, so it should be fine for us to sit in the courtyard, right?"

Without waiting for Ling Yingying's permission, she dragged Zhang Yiming to a Pavilion in the yard and sat down to enjoy the scenery.

The Ling family was in the wrong first, so they couldn't really chase them away. As such, they let the two of them do as they pleased. As long as they didn't interfere with the Ouyang family head, everything would be fine.

It didn't take long for the Ouyang family head to come over accompanied by the old Butler. The people from the Ling family didn't have any intention of introducing Fei daqiang and the other man to the Ouyang family head. They completely treated the two of them as invisible people.

Fei daqiang and Zhang Yiming were happy to be idle. They sat in the pavilion and waited to see the Ouyang family master's performance.

They greeted each other and went into the room together. Fei daqiang stretched his neck and looked around. He poked Zhang Yiming's arm with his finger and said, ""Zhang xiaopang, do you think that the pretentious Ouyang clan master can cure miss Ling's father's illness? Do we still have a chance to make a move?"

Zhang Yiming pouted and said noncommittally, ""Maybe, maybe not. It's hard to say! If that old man knows the methods of the Sorcerer tribe, he might be able to cure it. If he doesn't ... Then he's doomed. "

"The skills of an Alchemist can not cure his illness. Even the spirit Ice Spirit-clearing grass that miss Ling found earlier can only treat the symptoms and not the root cause. Even if she found it, it can not save her father."

Zhang Yiming lowered his voice and commented. He didn't have much confidence in the alchemy Grandmaster Ling Yingying's brother had invited.

"It's best if we can't handle it. Let's see how that kid and that old woman will come and beg us! Hehe, just thinking about their faces when the time comes makes me happy!"

Fei daqiang chuckled, so he sat in the pavilion and waited to watch the show, hoping that there would be no progress.

In the room, the Ouyang family head had already started to check on Ling Yingying's father's condition.

After a long while, the Ouyang family master stroked his beard and slowly spoke with a serious expression.

"Too late! You should've told me earlier! Now, it was beyond cure, and no medicine could cure it! I heard that you guys went to look for the spirit Ice Spirit-clearing grass, right? If I can find it, there's still a chance of recovery, but it's a pity ... Without the spirit Ice Spirit-clearing grass, the path of healing with medicinal pills is completely blocked!"

The Ouyang family master stroked his beard and shook his head, sighing. "It's not that I don't want to help, but even a clever housewife can't cook a meal without rice. Without the spirit Ice Spirit-clearing grass, even the gods can't save him!"

"Uncle Ouyang, please think of a way! My father and you have been friends for decades. No matter what, please treat him!"

Ling Yingying's elder brother begged her with the attitude a filial son should have.

However, he was cursing in his heart. Why didn't I look for you before? When I came to find you, you were in seclusion, but now it's too late!

However, big brother didn't dare to say this.

The Ouyang family master was in a difficult position. He hesitated for a while before nodding. "Originally, brother Ling really couldn't be saved. I'll say something disrespectful, but you can all prepare his funeral! However, seeing how sincere you are ... I'll tell you the truth!"

"If you want to save brother Ling, there is only one way. However, the price of this method is too great, and I would definitely not use it normally ..."

They were all smart people, and many things didn't need to be explained.
