

## Bodyguard 8471

### Chapter 8471

"As long as there's a way, it's fine. No matter what the price is, as long as the Ling family can afford it, we'll do it!" The old lady immediately expressed her stand.

"Old Furen is really a straightforward person! Then this junior will not be polite!"

The Ouyang family head was one generation lower than Ling Yingying's grandmother, so he addressed himself as a junior. He politely cupped his hands and bowed. Then, he impolitely demanded a huge reward.

"Old Madam, this junior is not asking for the Ling family's things for free. The final way to save brother Ling is to use my divine sense as a guide to come into contact with brother Ling's primordial spirit. There is no need to say much about the dangers involved. If we are not careful, we will both die."

"Even if everything goes smoothly, the amount of spiritual sense junior will need to consume will still be quite terrifying, and it will not be an amount that can be recovered in a short time! If I don't do it well, I might even hurt the foundation of my own primordial spirit. Only brother Ling would take such a risk. If it were anyone else, who would have the right to make me take such a risk?"

The Ouyang family master naturally had to say that the benefits were worth it.

"I understand. Thank you for your hard work, Ouyang family head!"

The old lady did not show any emotional fluctuations. She said this in a normal manner and raised her hand to ask the Ouyang family master to treat her.

"I should! However, junior will make it clear in advance that even if I exhaust my origin soul, this matter may not succeed. If things go awry, I hope old Madam will not blame junior. "

The Ouyang family had left a way out for themselves before they made a move, so that they wouldn't be unable to explain themselves if they failed.

Originally, they were all people who had been abandoned. It was good enough to have a chance. If they couldn't be saved, it was heaven's will. They couldn't blame the person who saved them!

"I won 't! Please don't worry and leave everything to fate, O Yang family head!"

The old woman quickly promised.

The Ouyang family master made up his mind and immediately started to save the man. "Let's face the storm ... Hehe!"

In any case, he just pretended to be as fierce as a Tiger and then made himself look very weak. He wanted to let people know that he had tried his best and was definitely not slacking off.

However, after this operation, the face of the middle-aged man lying on the bed really did have more color, and he was indeed much better than before!

Although his eyes were still closed, he looked much more energetic.

"Fortunately, I didn't fail my mission. It's already completed!"

The Ouyang family master took a deep breath and put on a look of exhaustion but satisfaction. He reached out and wiped the non-existent sweat on his forehead. "Next, Ling family head just needs to recuperate properly and he should be able to slowly recover! In terms of time, I estimate it will take about two to three months. Old Madam, you don't have to be too anxious!"

"Ah, that's great! The heavens have taken pity on us!"

The old lady was also extremely excited. She clasped her hands together and bowed to the Ouyang family head. "Thank you for helping us, Ouyang family head. Our Ling family will remember this!"

Ling Yingying's brother was also proud of himself. He looked at Ling Yingying proudly.

After all, he was the one who had invited the Ouyang family master. He was much stronger than Ling Yingying and the other two charlatans.

Although Ling Yingying was also very happy, she was sighing in her heart. She had wasted Sima Yi and the others 'time!

"It's also the Ling family head's good luck to have old Madam dote on him so much!"

The Ouyang family master chuckled and continued to pretend to be weak as he wiped the non-existent sweat on his forehead, indicating that his treatment was very difficult.

The old Madam was an old and experienced person. She immediately understood and quickly turned around to instruct,""Bin kid, you have to thank the Ouyang family head! It's all thanks to him that your father could be saved! We'll do our best to satisfy any needs the Ouyang family head has. "

Bin was Ling Yingying's big brother, and his full name was Ling Binbin.

Ling bingbin bowed and accepted the order, then said to the Ouyang family head gratefully,""You've worked hard, family head Ouyang. My father's recovery this time was all thanks to you! Ling Yingying, hurry up and thank the Ouyang family head!"

Although Ling Yingying didn't get along well with her elder brother and was slightly dissatisfied with what had happened just now, her father had indeed improved after the treatment of the Ouyang family head!

She was not an insensible little girl. She immediately bowed and thanked the Ouyang family head.

"It's my duty to dispense with the gifts. To be honest, I didn't have much confidence before I did it. I just did my best and left it to fate. The fact that master Ling is recovering now means that he's not fated to die!"

The Ouyang family master waved his hand and put on the appearance of a master, but in his heart, he was thinking, "stop talking nonsense and quickly take out the promised reward!"

It's not like I'll get any more meat if I just thank you verbally.

Just as the Ouyang family head was thinking about this, Ling Yingying's father, who was lying on the bed, suddenly started twitching.

In an instant, his chest suddenly swelled up. He opened his mouth and actually spurted out a mouthful of black-red blood.

His face, which had already regained some color, suddenly turned as pale as a sheet of paper. His entire aura also became weak to the bottom in an instant, and it was actually possible that he would die at any moment.

"Father!"

Ling Binbin and Ling Yingying were both shocked. They rushed to the bedside, wanting to hold their father's hand, but they were afraid that it would affect his condition. They were at a loss.

After all, the old Madam had been eating for decades. Even if she was panicking, she could still calm her emotions. She held back the trembling of her hands and asked, ""Ouyang family head, what's going on? Didn't my son get better just now? Why did the situation suddenly turn for the worse? Or is this one of the obstacles that recovery needs to go through?"

The Ouyang family master was also a little dumbfounded. He had thought that the treatment was effective, but now it seemed that it was not the case at all!

Could it be that the improvement just now was the final radiance of the setting sun?

"Old Madam, brother Ling's condition seems to be much more serious than I had imagined. I have underestimated the difficulty!"

The Ouyang family master was also an old fox. He didn't show any fear on his face and squeezed out a heavy expression. "I'm just trying my best and leaving it to fate. I thought I could save brother Ling's life, but it seems like this old man miscalculated! I'm really sorry!"

The Ouyang family head didn't admit that he had made any mistakes. He only said that Ling Yingying's father was beyond saving.

What he meant was that it was none of his business even if the patient died. He had tried his best to save the patient. If he couldn't save the patient, it was the patient's fault!

"Ouyang family head, now is not the time to talk about this. Is there any way to save my son?"

The hands hidden in the old Madam's sleeves trembled violently, completely unlike the calm appearance she had on the surface. The old Madam looked at the Ouyang family head with a pleading look.

This was her only hope, and she could only try her best to hold on to it!

The Ouyang family master shook his head and sighed. "Old Madam, I'm sorry for your loss. As the saying goes, medicine can not cure an illness. Now that brother Ling has already reached the point where no medicine can cure him, anything else will only increase his pain ... It's better to make proper arrangements for brother Ling's funeral!"

Chapter 8472

"If you had asked me to come and diagnose brother Ling earlier, things wouldn't have turned out this way ... All of our time was wasted! That's all I can say, I'm really sorry! This junior will take his leave first!"

The Ouyang family master cupped his hands and turned to leave.

He wasn't an idiot. In this situation, how could he still point? It would be easy to kill the person on the spot if he were to be treated again!

Ling Binbin jumped down from the altar and grabbed onto the Ouyang family head's sleeve. He pleaded with a sad face, ""Uncle Ouyang, please think of another way! My father is already in this state, so no matter what method you have, please try it! What if it's effective?"

Ling Binbin almost said 'give it a try'. It wasn't respectful enough to his father, but the meaning was almost the same, and everyone could understand.

The Ouyang family head looked like he was in a difficult position. However, he had no choice but to decline. He did not insist on leaving.

Fei daqiang and Zhang Yiming had been watching the show from the pavilion in the courtyard, but they had also discussed Ling Yingying's father's condition.

To be exact, Zhang Yiming was making a deduction, and Fei daqiang listened while playing the supporting role, so he also understood a lot.

At this time, seeing the attitude in the room, Fei daqiang couldn't help but ridicule,""That old man from the Ouyang family is really not a good person. He almost killed the man, but he still thinks that the other party hasn't given him his reward!"

Zhang Yiming smiled but did not refute Fei daqiang's words.

The two of them were bystanders, so they could see very clearly.

The Ouyang family head definitely had no other way out. The reason why he didn't leave was definitely not because of Ling Binbin.

Previously, the Ling family had promised to give him a handsome reward, so whether he saved her or not wouldn't affect the reward he would receive.

This was just like the hospitals in the secular world. They would not waive the medical fees, operation fees, hospitalization fees, and so on just because the patient died.

"At least he did consume some of his divine sense. You can't say that he's getting something for nothing!"

Zhang Yiming seemed to be speaking in a fair manner, but in the end, he made a contemptuous expression and gesture to show his disdain for the Ouyang family master.

At this moment, Ling Binbin was begging the Ouyang family head to think of another way to save him, but he couldn't get any results.

Ling Yingying's eyes were brimming with tears as she panicked. Seeing that the Ouyang family head had no more tricks up his sleeve, she recalled the two divine sense experts she had painstakingly invited.

Immediately, she rushed out of the room and ran all the way to the pavilion. Ling Yingying didn't care about any etiquette and directly looked at Fei daqiang and the other man with anticipation.

"Mr. Fei, Mr. Zhang, you know about my father's condition. Is there any other way to save him?"

Ling Yingying bowed deeply as she thought about her previous neglect and impoliteness. "It was our fault just now, please forgive us! As long as you can save my father, I'm willing to make any kind of apology. "

"Miss Ling, you're too kind! We don't blame you, and what happened just now has nothing to do with you!"

Fei daqiang casually waved his hand and immediately put on a serious expression. He sighed and said, "It's not that we don't want to save your father, it's just that some people are acting recklessly and increasing the difficulty!"

"If no one interrupted us just now, we would have already taken action to save your father. At this time, I dare not say that your father has fully recovered, but he would definitely be better, and his mind would be clear again. What a pity! Your father's illness has completely worsened after some people messed with him!"

"To be honest, your father's current situation is really bad. He's been ruined to this extent by some people. We don't have any other ways!"

Fei daqiang was not talking nonsense. Zhang Yiming had just analyzed it for him.

Ling Yingying was stunned. Tears welled up in her beautiful eyes. This was her last hope, but she had heard the same news!

For a moment, she felt as if she had been struck by lightning. She was so stunned that she didn't know what to say.

"Impudent! Two ignorant juniors, how dare you slander this old man! This is simply preposterous!"

The Ouyang family head had paid extra attention to Ling Yingying when she came out of the room. He had been eavesdropping on the conversation outside the room.

At this moment, hearing Fei daqiang's slander, the Ouyang family master couldn't help but jump out and roar, ""Anyone can say such cheap words. Now that things have come to this, no one can refute you when you said that you could save brother Ling by blowing on him!"

"Oh!"

Fei daqiang rolled his eyes indifferently. He would not pamper the Ouyang family master. He immediately ridiculed, ""I understand what you mean. You mean what you said just now was also bullshit. You said that if we find you early, we can save people ... Why didn't you say that if we find you early, you can save people by blowing on them?"

"Come to think of it, I don't know if you can save people, but your ability to blow your own trumpet is really genuine. I have to believe you!"

When it came to scolding people, who could compare with Fei daqiang?

The Ouyang family master was getting angrier and angrier, but he didn't know how to refute. He could only snort and wave his sleeves. "Ridiculous, I can't be bothered to argue with you shameless people!"

In terms of eloquence, he really couldn't catch up with Fei daqiang. With just a little confrontation, he saw this fact clearly, so he didn't continue to try to avoid asking for a snub.

Ling Binbin had a favor to ask of the Ouyang family head, and Fei daqiang couldn't come up with a solution either, so his only choice was to continue supporting the Ouyang family head.

"Shut up, both of you. As a charlatan, you should have the self-awareness of a charlatan. The Ouyang family master is a Grandmaster Alchemist, how can you two just humiliate him as you please? Hurry up and apologize, or else don't blame this young master for being impolite!"

Ling Binbin looked even angrier than the Ouyang family head. He was practically pointing at Fei daqiang and Zhang Yiming's noses and scolding them, ""You two ignorant things, you only know how to make irresponsible remarks. If you really want to show some skills, it's useless! Quickly kneel down and beg for forgiveness, then get out of our Ling residence!"

After scolding them, the two of them turned to the Ouyang family master and forced a smile. "Uncle Ouyang, you're a magnanimous man. Don't lower yourself to the same level as these small figures. I'll still need you to worry about my father's illness ..."

The Ouyang family master was using this as an excuse to step down. He snorted again. "Nephew, it's not that I don't want to help you, but I really can't do anything! Your father's illness is really beyond cure. He can only hold on for one more day at most. He definitely won't be able to hold on tomorrow. Hurry up and arrange his funeral!"

After he finished speaking, he flicked his sleeves and left, no longer insisting on the reward.

He didn't know if it was because he was embarrassed by Fei daqiang's words, or if he wanted to wait for the future to ask for it. In any case, between the two big clans, a verbal promise wouldn't be easily broken.

Chapter 8473

Ling Binbin wanted to make him stay, but how could he? He could only watch as the Ouyang family left. Then, he would vent all his anger on Ling Yingying.

"Ling Yingying, look at what you've done. What kind of people have you brought home? He simply can't do anything right but ruin things! Now that father is going to die because of you, are you satisfied? If you're not satisfied, you might as well kill me, your big brother, as well!"

The veins on Ling Binbin's neck were popping out, which showed how much force he was using. "You're unreliable, and the people you brought back are also unreliable. It's fine if they can't save people, since no one counted on them in the first place. But the way they offend people is really shocking. They directly offended the Ouyang family head!"

His words were a little harsh. Ling Yingying's beautiful eyes instantly welled up with tears, which then rolled down her cheeks like a broken dam.

"I didn't! I didn't want to kill father! I want to save my father!"

Ling Yingying's usual cold demeanor was completely gone. She reached out and grabbed Fei daqiang and Zhang Yiming's arms. "Mr. Fei, Mr. Zhang, I'm begging you. If you have any ideas, just try them! Tell me, there's still a way to save my father, right?"

Fei daqiang pretended to hesitate for a few seconds before shaking his head and saying, "We don't have any other way. If we want to save your father, the only way is to ask my boss for help. Maybe there's still a chance of survival!"

"Your boss? Sima Yi?"

Ling Yingying was stunned. She didn't even bother to wipe away the tears on her face as she hurriedly asked, "You mean that Sima Yi also has a powerful divine sense, and even has the means to heal people?"

She'd always thought that Lin Yi was just a mentor, or at most a normal refiner. Could it be that he had a strong spiritual sense as well?

Thinking about it, it seemed normal. If not, how could Lin Yi have such Masters of spirit sense like Fei daqiang and Zhang Yiming under him?

"Of course! "Our boss is so powerful. Zhang Yiming and I combined can't even compare to him! Boss is an expert, an expert, an expert, an expert, in both spiritual sense and medicinal pills. It's not that I want to target anyone, but compared to our boss, everyone here is trash!"

If Lin Yi was here, he'd slap him on the back of the head-was he trying to boost his popularity or ruin his reputation? Who brags like this?

Fei daqiang, on the other hand, didn't feel uncomfortable at all. He was putting in so much effort to help Lin Yi build up his reputation, because his target was Ling Yingying!

He felt that the man must have taken a fancy to Ling Yingying. Otherwise, he wouldn't have unbuttoned her collar at the snow Mountain and followed her to the Ling family's house.

These actions were excellent evidence. As a veteran leg hair, he naturally had to think of his thigh!

So Fei daqiang said that he couldn't help it, and pushed Lin Yi up the stage smoothly.

"Hehe, you're quite arrogant. This young master can't be bothered to argue with you. The Ling family is preparing for a funeral!"

Ling Binbin was in a bad mood, but he didn't want to argue with two crazy people." "Ling Yingying, father's already in such a state. Don't be so tormented. Can't you just prepare for his funeral?"

"Father is still alive! As long as there's a sliver of hope, we can't give up. Why did you choose to give up?"

Ling Yingying's current state was as if she was holding onto her last life-saving straw. She wouldn't let go no matter what." "I don't care if you agree or not, I'm going to try. I'm just trying! Don't you even have the courage to try?"

"Ling Yingying, that's enough!"

Ling Binbin shouted again, "you don't believe uncle Ouyang's words, and instead believe the lies of these charlatans. Boss is the best? there is no such master in this world!" Even if there is, it won't be in Fengqi Dazhou!"

Ling Binbin knew a master from another continent, but he couldn't get in touch with him!

"In the entire Phoenix Qi continent, although there are people more powerful than the Ouyang family head, each and every one of them is a world-famous scholar. They usually travel outside, and their heads and tails are elusive!"

Ling Binbin was really angry now. He turned around and pointed at Fei daqiang, ""So, what did you say your boss's name was?"

"Sima Yi!"

Fei daqiang cooperated and said Lin Yi's name.

Then, Ling Binbin spread his hands, ""Sima Yi! Who had ever heard of such a thing? Ling Yingying, tell me, can this thing really cure father's illness? Why don't you come with me to pray for the Ouyang family head to come back and help think of a way!"

"Ling Binbin! Big brother! Father is already in this state. As long as there is a glimmer of hope, we can't miss it. It's useless for you to lose your temper here! Why can't you just trust me this once!"

Ling Yingying was so angry that she almost burst into tears. 'I'll try everything I can, even if it's a dead horse. Someone has to come and treat me!' If you don't even invite him over, you're just waiting for death!

"I still have to believe you? How do you expect me to believe you? If you didn't say that you could find the spirit Ice Spirit-clearing grass, father's illness wouldn't have been delayed until now!"

Ling Binbin roared. Suddenly, his expression changed, "I understand. That Sima Yi, is he your lover outside? You said you were looking for spirit Ice Spirit-clearing grass, but you were just finding an excuse to go meet your lover, right?"

"When you rejected the marriage of the first hall Master, it was also for this so-called Sima Yi? You harmed father to this state because you were afraid that father would have a chance to recover, so you colluded with these outsiders to do this? Do you think that you can kill father without anyone knowing and no one will pursue your refusal of the marriage?"

Ling Yingying was so angry that she burst into tears. His words were getting more and more outrageous, but she didn't have the mood to refute him. Her father's life was on the line right now, and it wasn't the time to argue with her brother.

In fact, Ling Yingying could understand why her brother was angry and even suspicious of her. Ling Binbin was not to be blamed.

The Ling family used to be very prosperous and was a well-deserved big family in Feng Qi great continent, but recently, they were suppressed both openly and secretly. The reason was that Ling Yingying rejected the first hall master's marriage proposal.

Fengqi great continent and Wutong great continent were slightly different. The martial league's setting was a bit special.

The reason why the AO Qian conferred Empire did not set up a martial Alliance branch was because there was a martial Alliance headquarters here!

Fengqi great continent didn't have its own piece of land, so it had to share it with the AO Qian conferred Empire.

Since the martial Alliance already existed here, there was no need to set up a branch of the martial Alliance.

However, it was normal for the martial union branches of the other conferred empires to be under Fengqi great continent.

In fact, Fengqi great continent was the AO Qian conferred Empire, and the Emperor of the AO Qian conferred Empire had a higher status than the emperors of the other conferred empires.

Chapter 8474

Originally, the Great Hall Master of the martial Alliance had a very good relationship with the Ling family. Otherwise, he wouldn't have signed a permit to use the teleportation formation to the Ling family. Even Ling Yingying could use the teleportation formation as she pleased.

However, after the first hall master's proposal to marry Ling Yingying for his son was rejected, the situation began to change.

Originally, the two families were on good terms, and if the marriage was successful, they would naturally be closer.

Even if it didn't work out, it wouldn't affect their friendship.

However, Ling Yingying had personally rejected the marriage, and her words were a little harsh.

This cold and aloof woman had probably said some things that looked down on the silly son of the first master, implying that the other party was not even worthy of carrying her shoes.

The first hall Master was smiling on the surface, but he started to stab her in the back.

He couldn't even bear to scold his own son, so how could he allow others to humiliate and belittle him?

Thus, the Ling family began to be targeted and suppressed in all ways.

Ling Yingying's father had also suddenly contracted this strange disease, causing the Ling family to lose its leader. This made things even worse, and they were falling rapidly!

This was one of the main reasons why Ling Binbin and Ling Yingying fell out with each other.

Another reason was that Ling Binbin had always been jealous of his sister.

Normally, in a big family, the son of the first wife was always more important than the daughter of the first wife.

However, the Ling family was different. From the moment Ling Yingying was born, she was the Ling family's beloved little princess.

The head of the Ling family really doted on her like a precious treasure, holding her in his hands for fear of falling, afraid of melting in his mouth, not even saying a single harsh word.

Ling Binbin, on the other hand, was like a child that was picked up from the streets.

Ling Binbin was indeed a filial son, but the difference in treatment between the siblings made him unable to like his sister.

However, Ling Yingying's personality was also very cold. She had never taken the initiative to get close to her brother, so their relationship had always been very ordinary.

This time, Ling Yingying's willfulness in rejecting the marriage had caused the family to suffer a huge loss. She had even implicated her father. Ling Binbin had completely exploded.

Ling Yingying understood her brother's thoughts, so she couldn't blame him. However, Lin Yi was her last hope, so she had to fight for him no matter what.

"Big brother, I don't care what you're thinking in your heart, and I don't care how you blame little sister, but this matter concerns father's life and death. No matter what you say today, I won't give in!"

Ling Yingying gritted her teeth and held back her tears. She stubbornly raised her head and looked at Ling Binbin.

At the crucial moment, it was the old Madam who stood up and made the final decision. ""You siblings should speak less! Now that things had come to this, there was no room for choice! No matter who it was, as long as they had a way, they could try it! Yingying, go and invite the person over!"

The old lady heaved a long sigh. The one lying on the bed was her son, so some words could be said bluntly. "Let's try everything we can in a dead horse. It's just a day's worth of life, so it doesn't matter if we prepare for the funeral in advance. If we can get a good result, it will be an unexpected surprise!"

"Yes, grandmother! Your granddaughter will go and invite Mr. Sima over!"

Ling Yingying finally heaved a sigh of relief and replied happily.

Ling Binbin didn't say anything after the old lady spoke. Ling Yingying quickly turned to Fei daqiang and Zhang Yiming, ""Let's go now! If I had known that Mr. Sima had this ability, I would have invited him to come along!"

She did invite Lin Yi, but he didn't agree. Her targets were Fei daqiang and Zhang Yiming, so she didn't insist and was just being polite.

Now that he thought about it, he regretted it!

If only they had insisted on inviting him over! Perhaps the matter had already been resolved!

"Miss Ling, let's forget about it. You invited my boss just like that, and you didn't invite him just like that. You even said that he's a nobody. Do you really think that we're the servants of the Ling family who can come and go at your beck and call?"

Fei daqiang was unhappy again. He sneered and put on airs, "Since you're looking down on our boss, don't force yourself. It's none of our business whether your family members die or not!"

Ling Yingying almost fainted. She had just settled her big brother. Why did Fei daqiang have to play tricks again?

It's really too difficult for me!

"Mr. Fei, it was all a misunderstanding just now. You also know that I have never underestimated Mr. Sima! I'm sorry, I'll apologize to you, okay? When I see Mr. Sima, I will personally apologize to him, okay?"

Ling Yingying said anxiously. Her face was red, and her nose was covered in sweat.

"Miss Ling, this has nothing to do with you. Your family has gone too far! Especially that kid, he must apologize to us!"

Fei daqiang was unforgiving.

At this moment, Fei daqiang wasn't worried that Ling Yingying's father would suddenly die because Zhang Yiming said that his life wouldn't be in danger today, so it didn't matter if they delayed it.

Ling Binbin was furious, but he couldn't continue to mess things up when his grandmother said she wanted to try.

He had no choice but to suppress his anger and grit his teeth, ""As long as you can cure my father, I don't care if you apologize or even kowtow! But if you can't do it, don't blame me for being impolite!"

"Brat, I was waiting for you to say this. Hurry up and clean up the ground, so that you don't dirty your clothes when you kneel and kowtow!"

Fei daqiang laughed out loud, feeling extremely proud in his heart!

He had 1000% confidence in Lin Yi's Big Shot, and he felt that any problem wouldn't be a problem in the hands of Lin Yi's Big Shot. He was sure that Ling Binbin was going to be in trouble.

Fei daqiang was even considering how Ling Binbin should kowtow to him!

Ling Yingying shook her head with a wry smile. She couldn't say anything more, so she just walked out. "I'll go and invite Mr. Sima now. If Mr. Fei and Mr. Zhang don't want to go, then you can stay and wait!"

"Miss Ling, please wait a moment. Let's go together!"

Fei daqiang was also interested in staying behind to mock Ling Binbin, but he also wanted to go back with Ling Yingying to see his boss and explain the situation.

He decided that staying here was more important, so he gave up on the idea of staying and accompanied Ling Yingying back to the guest room.

After finding Lin Yi, Ling Yingying didn't even need to explain. Fei daqiang explained everything to her.

"Boss, this is what happened. Do you think we should help? Miss Ling's big brother is a little annoying. It should be quite interesting to make him kneel and kowtow!"

Ling Yingying didn't care if her brother would kneel down and kowtow to her. She knelt down to Lin Yi first, "Mr. Sima, I have been negligent before. If Mr. Sima has any means, please help save my father! This little girl is extremely grateful!"

Chapter 8475

After speaking, Ling Yingying was ready to bow and pray for Lin Yi to help her, but Lin Yi pulled her up.

"Miss Ling, you're too kind. Since da Qiang and Yiming can't solve it, I'll go and take a look! He couldn't guarantee success, he could only do his best! It's a way to repay miss Ling's trust in us. "

Lin Yi didn't make things difficult for Ling Yingying and agreed to help her.

Ling Yingying was overjoyed. She quickly stood up straight and led the way.

They quickly returned to Ling Yingying's father's courtyard. Before they even entered the room, they could hear Ling Binbin cursing, ""How arrogant. Ling Yingying went to invite him personally. Why isn't he here immediately? what does he want?"

"If there's a way, then it's fine. If there's no way, I definitely won't let this matter rest. Our Ling family isn't a place where just any Tom, Dick, and Harry can come and make a living. If you want to lie, you have to keep your eyes open ..."

The old Madam probably had a headache from his nagging and couldn't help but scold, ""Alright! Bin kid, be quiet! Your father is still lying in bed. Aren't you afraid of waking him up?"

"Yes, grandmother! It's your grandson's fault!"

Ling Binbin was indeed a filial child. He immediately lowered his head and admitted his mistake after being scolded by his grandmother.

But he was still mumbling about what he'd do if Lin Yi didn't have a choice.

Ling Yingying had already brought Lin Yi and the others into the courtyard and was about to enter the room. Ling Binbin heard the commotion and smiled coldly. He had already prepared countless words of ridicule in his stomach. He was just waiting for Lin Yi to come in and show him his power!

Ling Yingying and Fei daqiang were the first to come in. They went in first and then made a gesture to welcome Lin Yi in.

Fei daqiang was fine, but Ling Yingying was the daughter of the Ling family, and she did give Lin Yi a lot of face by lowering her status.

Ling Binbin wasn't happy at all. He didn't like Ling Yingying, but she was still his sister. She represented the Ling family!

Therefore, he directly opened his mouth and began to sneer, ""It's true that the less capable a person is, the more they like to put on a show. It's just a door, and they actually have to cause so much trouble. Hurry up and let this young master take a look ..."

Lin Yi walked in before she could finish.

Ling Binbin was pointing in Lin Yi's direction, the words he had prepared in his stomach about to burst out, but he froze when he saw Lin Yi's face.

"Benefactor!"

Ling Binbin screamed, completely forgetting what he was about to say. He knelt down in front of Lin Yi, ""So it's benefactor who has come, this is great!"

Everyone present was dumbfounded by this scene!

What the hell was this?

The old lady looked at Ling Binbin in confusion. Was this a classic case of saying one thing and not saying another?

Before he came, he had been berating him non-stop, but now, he knelt down?

Ling Yingying also found it strange. Her brother had changed? He knew that Sima Yi was his last hope, so he knelt down?

Fei daqiang, on the other hand, glanced at Ling Binbin from the corner of his eyes.

As expected of their boss. This person didn't even need to treat him, and his aura was enough to make Ling Binbin submit.

When this idiot said that he wanted to kneel, he really didn't say it casually. He really wanted to kneel!

When they saw their boss come in, they knelt down!

You said you had such thoughts, but why were you so stubborn just now? What was he after?

"Benefactor, what are you doing here? Could it be that you heard about my father's condition and came to help treat him? Why didn't you contact me in advance? Could it be that the Jade token I gave to benefactor has been lost?"

"Actually, when my father was sick, I thought of asking you to come over and help. However, when I tried to contact the nado conferred Empire, I lost contact with you. I didn't expect that you would come over directly. This is great!"

Ling Binbin didn't care about the others. The kid was so excited that his mouth was like a machine gun.

The people around them were all dumbfounded, but they couldn't find a chance to interrupt.

Lin Yi finally managed to pull him up when he was breathing. After all, he was the young master of the Ling family, and it didn't look good for him to kneel like that.

"No need to be so polite. I didn't come here on purpose. I just happened to meet miss Ling and was invited by miss Ling to be a guest at your residence!"

Lin Yi explained as he pulled Ling Binbin up.

Although he had expected to meet the young master of the Ling family who had saved his life in the NA duo conferred Empire, he didn't think that he would really be Ling Yingying's elder brother.

"Ling Yingying has finally done a good deed this time. If I had known that my benefactor would be here, I wouldn't have argued with her. This girl is always delaying things!"

Ling binbin casually reproached Ling Yingying, and Ling Yingying was so angry that she wanted to beat him up. He had really finished all her words!

"Grandmother, this is the benefactor I mentioned earlier. If not for him, I would have died back in the naduo conferred Empire!"

The person with the highest status was naturally the old Madam. Ling Binbin introduced her to Lin Yi in a serious manner, and Lin Yi cupped his fists and bowed respectfully.

"Sima Yi pays his respects to old Madam. I can't really be considered a benefactor, it was just a simple matter."

"Mr. Sima saved my grandson with a simple gesture. To my family, this is a great favor!"

Grandma Jian didn't hesitate. Even though she doted on Ling Yingying more, Ling Binbin was still her grandson. She didn't dote on him as much as she did on Ling Yingying.

So she also bowed to Lin Yi with the same respect, no one could find fault with her etiquette.

"Grandmother, let's not talk about the old times. Our benefactor is a Divine Doctor, and he is extremely famous in the nado conferred Empire. With our benefactor helping us, father might really have hope! Get out of the way and let our benefactor treat father!"

Ling bingbin was worried about his father, so he chased the two maids away and invited Lin Yi to check on him.

Fei daqiang suddenly realized that this kid had such a fate with boss. At first, he thought Ling Binbin was crazy!

The Father was sick, and the Son was sick. Was there a problem in the Ling family that was passed down from generation to generation?

After understanding the reason, Fei daqiang finally let go of his prejudice. He touched his chin and began to think. Did Ling Binbin have the potential to become another leg hair on his thigh?

As a senior leg hair, he was no longer afraid of new leg hair snatching his job. Therefore, he would occasionally consider recruiting some underlings to expand the leg hair team.

Ling Binbin's kneeling just now made Fei daqiang feel that he was a man of great potential!

In the future, he might have to get closer to her and cultivate her well!

Ling Binbin, who Fei daqiang thought was reserve leg hair, had no idea that he had a new title. He went to Ling Yingying after making arrangements for Lin Yi to observe his father.

Chapter 8476

Ling Yingying furrowed her brows, her eyes alert. She thought Ling Binbin was here to cause trouble again.

However, Ling Binbin lowered his head in front of her. "Little sister, I was wrong just now. I didn't know that the person you invited was my benefactor! I'm sorry, I apologize to you! When you're done, I'll apologize to him. "

If it wasn't for Lin Yi, Ling Binbin would've mocked him to the end.

No matter what the result was, he wouldn't be nice to Ling Yingying.

But now that it was Lin Yi, Ling Binbin's attitude was completely different.

Ling Yingying was stunned for a moment before she realized that her elder brother was apologizing to her. She quickly shook her head and said, "Big brother, you're too serious. It's all for father. There's no need to apologize ..."

"Yes, it's all for father! I apologize to you, but that doesn't mean I'll forgive you for implicating father. Little sister, big brother is telling you, this matter isn't over!"

Ling Binbin immediately turned hostile after his apology.

Ling Yingying was dumbfounded. My big brother! Can you stop messing around!

It's really too difficult for me!

The old lady looked at the two siblings and didn't want to get involved, so she turned her attention back to Lin Yi.

Lin Yi had already done some checks and found that the Ling family head's condition wasn't too serious.

It might be something the Ouyang family head couldn't do anything about, but it really wasn't a big deal to Lin Yi!

"Mr. Sima, how is my son? Is there any hope?"

The old Madam couldn't help but ask after seeing that Lin Yi seemed to be done.

She was worried that Lin Yi would give the same answer as the head of the Ouyang family!

"Old Madam, please rest assured. Although uncle Ling's illness is serious, it is not to the point of being incurable. This junior has already found the cause of the illness and will be able to treat it later. I believe that uncle Ling will be able to regain consciousness very soon."

Lin Yi was Ling Yingying's guest, so it was natural for him to address the middle-aged man as her uncle.

Ling Yingying's father didn't actually have any serious illness. It was just that someone had planted something similar to an instant death Seed in his divine sense.

Although the two were different in form, their principles were somewhat similar.

Once the instant-Death Seed took effect, it could instantly take the life of the host, and it was a trump card that the darkness demon beast clan used to control and brainwash humans.

The seed in Ling Yingying's father's consciousness wouldn't take a person's life instantly.

This was the difference between the two forms.

The seed in father Ling's sea of consciousness would continue to plunder the nutrients of the primordial spirit to strengthen itself. This was a relatively long process.

This seed would only complete its mission when father Ling's spiritual sea was completely dried up. It would then turn into some kind of tonic that could greatly nourish the primordial spirit.

After that, the seed would be taken back by the person who planted it to nourish his primordial spirit.

It could be said that this was a very insidious method!

Fortunately, the person who planted this seed could only plant one seed at a time, and it would take a long time to digest it after taking it back. He could not use this method all the time.

Otherwise, the primordial spirit of a person who was proficient in this method would reach a terrifying level!

Lin Yi knew that this was one of the Sorcerer tribe's methods, but he didn't care about people who used this method!

This method was insidious not only because it absorbed other people's primordial spirits as nutrients to strengthen itself.

Instead, during the absorption process, the seed would also release some of the nutrients it had absorbed to nourish the primordial spirit that had been plundered, so as to prolong the life of the primordial spirit!

It allowed it to continuously transport nutrients.

To put it simply, it was like cutting leeks. He didn't pull them up by the roots, but cut them one after another!

As for how much pain the person who was planted with the seed would feel, that was not within his scope of consideration.

Just like the instant-Death Seed, this method was extremely well-hidden, and ordinary people would not be able to find out the reason, let alone those alchemists!

Even Zhang Yiming, who had the Wu Linghai, found it difficult to notice the trick.

Even Zhang Yiming, who had been hit by the instant death Seed, couldn't see anything wrong, let alone the others.

Although Mr. Ling's condition was bad, he wouldn't have died immediately. The seed wouldn't simply kill the person it was attached to.

In the end, the Ouyang family head came and messed around just now, directly affecting the operation of the seed.

Therefore, out of self-protection, the seed absorbed a wave of energy and entered a self-shielding state. It hid deeper and waited for the planters to retrieve it.

If it wasn't for Lin Yi, no one in the entire Feng Qi continent would've been able to find it.

It was because of this that father Ling's condition took a turn for the worse and he wouldn't be able to live more than a day!

The situation was complicated enough, and Lin Yi understood it, but he didn't plan on telling the Ling family.

After all, this was a secret, and Lin Yi didn't want to reveal too much. He just needed to let them know that there was hope for Ling Yun's father.

The old Madam was overjoyed when she heard Lin Yi's words. She couldn't help but bow, ""Thank you, Mr. Sima. Please help me quickly. I'm very grateful! The Ling clan is extremely grateful!"

"Old Madam, you don't have to be so polite!"

Lin Yi said with a wave of his hand.

"Yiming, come here and do as I say. It'll be similar to what you did in the NA duo conferred Empire!"

The seed in father Ling's body was a great supplement, much better than the instant-Death Seed!

Lin Yi wasn't interested in it, but it was very useful to Zhang Yiming.

So, just like before, he let Zhang Yiming absorb and digest it.

Zhang Yiming was stunned. He realized that someone had planted a seed in Mr. Ling's soul.

However, Zhang Yiming was sure that Mr. Ling's seed was not an instant-Death Seed.

Zhang Yiming had been affected by it before, and he'd worked with Lin Yi to remove many people's instant-death seeds. He was very familiar and sensitive to the aura.

"Yes, boss! I'm ready!"

Zhang Yiming didn't say much-he knew that Lin Yi was the one who trained him, so he quickly prepared himself and started working with Lin Yi.

The two of them sent their divine senses into father Ling's divine sense.

This was an almost dried up spiritual sea, filled with a broken aura.

If it wasn't for Lin Yi's help, Ling Yun's father would've died in less than a day.

The seed was hidden very well, almost blending into Ling Xian's father's weak primordial spirit. If it was Zhang Yiming alone, it would be hard to detect.

Lin Yi's spirit sense was gentle but firm as he pulled the seed out of his father's spirit bit by bit.

This process consumed a lot of spiritual energy, which was Lin Yi's strength.

If it was Zhang Yiming, he might not be able to extract the seed, and his own divine sense would be exhausted.

Chapter 8477

"It's done! Do it!"

Lin Yi sent a message to Zhang Yiming with his spirit sense.

Zhang Yiming couldn't help but use his divine sense to wrap around the seed.

He had done this process many times before, so he was very familiar with it and it was very smooth.

The seed seemed to have sensed the danger as it started to struggle madly.

It was something that absorbed primordial spirit and spiritual consciousness as nutrients to nourish itself, so it struggled to absorb the spiritual power that Zhang Yiming had wrapped around it, trying to transform it into its own nutrients.

Of course, if it left father Ling's sea of consciousness, the seed would lose the ability to absorb primordial spirit and spiritual energy, just like how a seed could not survive on its own after leaving the soil.

But now, the seed was still in father Ling's consciousness, so even if it was foreign consciousness, it could be absorbed and transformed.

Zhang Yiming's face turned pale, which made the Madame and the Ling siblings, who were watching with bated breath, extremely nervous. They thought that the treatment was too difficult and had a relapse.

To be honest, if Zhang Yiming was alone, it would be very difficult to get this seed!

After all, Ling Xian's father's primordial spirit was stronger than Zhang Yiming's, and the seed had grown stronger after repeated cutting of leeks, so Zhang Yiming's divine sense could not resist its absorption ability.

But now, Zhang Yiming wasn't alone-Lin Yi was here too!

Lin Yi laughed coldly in his heart when he noticed the change in the seed. He directly crushed the seed into pieces!

The next moment, a huge amount of pure spiritual energy suddenly exploded.

Zhang Yiming couldn't handle the majestic power.

Lin Yi gave him a hand and stabilized the energy, preventing Zhang xiaopang's divine sense from bursting.

"Take your time to absorb it, don't worry!"

Lin Yi sent a message to Zhang Yiming with his divine sense while guiding a portion of the energy back into his father's sea of consciousness to nourish his Yuan spirit and rebuild it.

Speaking of which, this energy belonged to Mr. Ling, so she should return it all to him.

However, father Ling's sea of consciousness was extremely fragile and couldn't withstand the energy that was beyond its limit.

Lin Yi could only return a part of it to him gently and carefully protect his sea of consciousness and essence spirit in case of any accidents.

Moreover, it was impossible for Zhang Yiming to absorb and digest all the energy of the seed in a short time.

Insatiable greed would only make Zhang Yiming explode.

Lin Yi knew the limits, so he made sure both of them absorbed as much as they could.

It would not waste energy, nor would it harm them because of too much energy.

To others, this was as difficult as ascending to the heavens, but to Lin Yi, it was nothing. It was just a normal operation.

Lin Yi even had the time to say a few words to the people around him as he controlled the two to absorb.

"Uncle Ling's current condition is very stable. You don't have to worry. We're about to succeed!"

Lin Yi's words made the worried people breathe in relief.

Especially the old Madam, who slowly put down the hand that was originally on her heart.

Zhang Yiming, on the other hand, didn't dare to be distracted at all. He didn't have Lin Yi's multi-tasking ability and could only focus on absorbing energy. He didn't know that boss Lin Yi had the time to chat with people.

The entire process was long and dangerous, but in reality, it didn't last long, only ten minutes or so.

Zhang Yiming was the first to open his eyes. His face was pale and then flushed. His expression was ferocious and a little ugly.

He had no choice. He had absorbed almost half of the seed's energy and could not digest it completely in such a short time. He could only store it in the Wu spirit sea for now and assimilate it in the future.

So at this moment, Zhang Yiming's head was buzzing, and he couldn't show any good expression.

Lin Yi was doing some cleaning up in his father's consciousness, so he opened his eyes a second later.

But Lin Yi's face was very relaxed, and there was no sign of Zhang Yiming's pained expression.

"Alright, the treatment is going smoothly. Wait a moment, uncle Ling should be able to wake up very soon!"

As soon as Lin Yi finished his sentence, and before the old Madam could ask for more details and express her gratitude, Mr. Ling let out a low groan on the bed and slowly opened his eyes.

"Son, you're finally awake!"

The old lady was overjoyed. She couldn't thank Lin Yi anymore and jumped to the side of the bed, her calm and elegant demeanor gone.

At this time, she was just an ordinary old mother who was worried about her son's illness!

Ling Binbin and Ling Yingying were the same. They all pounced on him, and the whole family seemed to have lost control of their emotions.

It was clear that father Ling's illness had affected the Ling family greatly.

After a while, Ling Binbin finally managed to control his emotions and turned around to kneel down in front of Lin Yi!

"Benefactor! No words can express my gratitude for this great kindness! From now on, if you have any orders for me, I, Ling Binbin, will not refuse. I'll be in water, in fire, and in fire. I'm not a human if I even frown!"

Ling Binbin was about to kowtow to Lin Yi as he spoke. "I didn't know that my benefactor was here and my words offended these two brothers. I will kowtow and apologize to my benefactor and two brothers here. Please forgive me!"

Lin Yi quickly stopped him and helped him up. Ling Binbin struggled and didn't want to get up, but he couldn't resist Lin Yi's strength. He couldn't help but be pulled up, and his admiration for Lin Yi grew.

Our benefactor is indeed a hidden expert! Amazing!

Fei daqiang touched his chin and nodded secretly. He thought to himself, 'this kid really has potential. He should be absorbed into the leg hair team as soon as possible!'

Ling Yingying was about to kneel down to thank Lin Yi, but Lin Yi couldn't let go of Ling Binbin's hand. Fei daqiang quickly stepped forward and blocked her leg.

"Alright, alright. You siblings don't have to be so polite. If you continue like this, you're going to chase me away!"

"Could it be that you think I'm useless now, so you're asking me to leave?" Lin Yi joked helplessly.

"What are you saying, benefactor? You're our Ling family's benefactor, and I hope that you can stay in the Ling family forever so that we can repay you. How can we possibly chase you away?"

Ling Binbin quickly put on a serious face, not treating Lin Yi's words as a joke.

Ling Yun's father saw Lin Yi as well, and he woke up after the initial shock. Knowing that Lin Yi was the one who saved him, he struggled to sit up.

The old lady was very surprised. She didn't expect her son to be able to get up so soon after he woke up. It seemed that his illness had really been cured!

Chapter 8478

God bless the Ling family!

At the most critical time, they sent Lin Yi, their Savior!

Grandma Jian thanked the heavens in her heart. At the same time, she felt that she didn't dote on her granddaughter Ling Yingying for nothing. She was quite reliable during critical moments!

"Mr. Sima, thank you for saving my life!"

Ling Yun's father already knew Lin Yi's name. He sat up and cupped his fist to show his gratitude, ""It's a little inconvenient. I can't thank you with a big gift. I hope Mr. Sima can forgive me."

"Uncle Ling, you're too kind. I'm friends with young master Ling and miss Ling. Uncle Ling, you're being too polite!"

Lin Yi took a few steps forward and returned the salute.

At this point, Ling Binbin was in a difficult position. He quickly followed and shouted, ""What young master and young lady? benefactor, are you looking down on us? You can just call me by my name, Ling

Binbin! My little sister Ling Yingying, you can also call her by her name. Young master and young miss are too distant!"

Ling Yingying also came up to him and smiled,"that's right!" We won't call you benefactor anymore. Since you said that we're friends, then there's no need to be so distant. We've already said before that I'll call you big brother Sima and you'll call me Ling Yingying. Don't forget!"

"Alright, I'll listen to you guys then!"

Lin Yi only smiled, not saying anything.

The two were nice people, and Lin Yi didn't mind being friends with them.

"Then I'll have to be arrogant and call you nephew Sima!"

Father Ling's spirits were getting better, and his dry and sunken face seemed to be more energetic.""By the way, can honorable nephew Sima tell me what illness I have? Although I've been unconscious for a while, the pain before I fainted is still fresh in my memory!"

Lin Yi didn't tell them what kind of illness Ling Yi's father had or what caused his condition, so the madam and the Ling siblings were all very interested in the question. They were all waiting for Lin Yi's answer.

Lin Yi muttered to himself, thinking that it wasn't a bad thing to tell them. It was always better to be careful in the future.

"To tell you the truth, it's not an illness that caused uncle Ling's death, but a trap! It's a very rare technique that can continuously weaken uncle Ling's primordial spirit and drain his sea of consciousness."  
"

"The spiritual ICE Clear spirit grass can slightly alleviate the pain, but it can't cure the root of the problem. So, even if Ling Yingying successfully finds the spiritual ICE Clear spirit grass, it's only a delaying tactic."

Lin Yi wasn't trying to scare him-it was the truth!

Even with the spirit ice mind-clearing grass to help uncle Ling stabilize his divine sense, it was only to provide nutrients for the seed.

Ling Yun's father's expression turned serious. Although he was still very weak, he had the aura of a superior. "It's actually a plot? It seems like you're really a thoughtful person!"

"Uncle Ling, with all due respect, this kind of method can not be used by just anyone. Do you still remember what you did before your illness acted up, and who you came into contact with?"

Lin Yi didn't say that it was a witch's technique, but he wouldn't give up on this clue.

There were very few humans who knew how to use the Sorcerer tribe's techniques. Most of them were still being passed down by the darkness demon beasts.

Father Ling's death might be related to the darkness demon beast clan!

Lin Yi's purpose for coming to Fengqi great continent was to investigate the dark Demon beast clan.

Perhaps ... The plot against Mr. Ling was a breakthrough!

It was really like he had worn out his iron shoes in a long search, but found it without any effort!

"Before the onset of the illness ..."

Mr. Ling frowned slightly and reminisced. "If I'm not mistaken, I should be attending the first hall master's banquet! Because of Yingying's rejection of the marriage, the first hall Master invited me to a banquet. I have to go and explain. "

"At the banquet, the first hall Master said that the failure of the marriage would not affect our personal relationship and told me not to worry. He also drank with me many times and his enthusiasm was still the same as before."

"I drank a few more glasses because I was relieved. I didn't try to dissolve the alcohol, so I got drunk and went to sleep as soon as I got home."

"After that, he seemed to have a relapse and fell into a coma until now!"

"Could it be that this matter is related to the first hall master's banquet? Or is this the first hall master's doing?"

Everyone present was a Ling and his family's trusted people. Lin Yi may be an outsider, but he saved his father's life, so he didn't hold back and voiced his doubts directly.

"Well ... I can't be sure for now. It's possible that she was ambushed before the banquet and only acted up after a period of incubation."

Lin Yi stated the facts objectively.

If it was really the Hall's doing ... Then wouldn't the entire Fengqi continent's martial Alliance be rotten to the core?

As Lin Yi was thinking ...

Speak of the Devil, and the devil is here.

Just as they were talking about the first hall Master, a servant came in from outside and reported, ""Martial league's Hall Master is here to pay a visit and would like to invite old Madam to the front hall!"

Since Ling Chen's father was bedridden, the Ling family's matters would have to be handled by the old Madam personally.

Even though Ling Binbin had some uncles, they were only in charge of a small portion of the Ling family's Affairs. When there was a need to make a decision, the old Madam would be the one in charge.

That was why the first hall Master invited the old lady to talk to him instead of Ling Binbin's uncles.

"First hall Master? What's the meaning of him coming at this time?"

The old lady frowned and seemed very unhappy.

She had just found out that her son might have been plotted against by the first hall Master, but she had not immediately used her walking stick to beat him up. It was already considered very cultured of her.

"Old Madam, the first hall Master has brought betrothal gifts and said that he is here to propose marriage to young lady Yingying!"

The servant replied respectfully, but the old Madam was furious. She said angrily,

"Impudent! What did he mean by that? To hit him when he was down? He had already rejected her once, and she was still trying! Does he think that the Ling family is going to fall, so he'll definitely push Yingying to him?"

"Mother, please calm down! I'll go out personally and see what tricks he's up to!"

Father Ling actually got up from the bed and refused the help of the servant girl, standing up slowly!

After getting used to it, Mr. Ling's body swayed for a while before he finally managed to stand up straight.

The old lady was very happy with her son's recovery speed, but she was still worried about him going out to meet people now. "Don't force yourself, you should rest more! It's just gotten better, it can't be a relapse!"

"Mother, don't worry. Your son knows what to do! I can feel that my body is getting better and better. I've been lying down for so long, so I think I'll feel better if I move a little. "

Ling Yun's father comforted the old lady and turned to Lin Yi, "Nephew Sima, is this right? Is it okay if I go out now?"

"No problem! Uncle Ling is right, a little bit of action is good for recovery. It's good to see that first hall Master, maybe we can find some clues. "

Lin Yi thought that if it really was the first hall master's doing, he'd probably give himself away when he found out that Ling Yun's father was fine!

Chapter 8479

However, that seed was probably not planted by the first hall Master himself.

The seed was different from an instant-Death Seed-it had to be retrieved, so it had a connection with the person who planted it. Lin Yi destroyed the seed, and although he couldn't track the person through the seed, the person was probably suffering right now.

It wasn't just because the seed was destroyed and the heart blood was gone, there was also the effect of the backlash!

Lin Yi guessed that the person who planted the seed would be hurt as well, and it would be impossible for them to come to the Ling family and ask for her hand in marriage as if nothing happened!

The first hall Master had come so quickly, so he probably didn't know that the seed had been destroyed. So, it was still uncertain whether he was the one who had instructed this.

Lin Yi decided to follow Mr. Ling out and observe the head.

"Mother, look. Nephew Sima said that there's no problem. Walking around will only benefit your son. You don't have to worry."

After persuading the old lady, Ling Yun's father immediately ordered the servants to help him change his clothes. Lin Yi and the others went out to wait in the courtyard.

At the same time, the first hall Master, who was still unaware of the news, was talking to father Ling's third brother.

This third master of the Ling family wasn't the old Madam's biological son, but rather the son of a concubine and not the son of the first wife.

Since the first hall Master was here, he naturally couldn't leave him be. Thus, third master Ling came out to accompany him and wait for the old Madam to arrive.

He hadn't received the news yet, so he didn't know that Mr. Ling had regained consciousness and was recovering quickly.

"Third brother, I have always been on good terms with your Ling family. I thought that a marriage alliance would strengthen our relationship. Who would have thought that your family would look down on my son?"

The first hall Master was a burly man with a square face and a full beard. He looked like a rough and bold person, and his voice was also loud and clear. "I was rejected the first time. By right, I shouldn't have come a second time. However, my son can't forget your Yingying and has set his eyes on her. I can only thicken my skin and come again, hoping that we can form this marriage. "

"Look at your brother's current state, he can't make any decisions. I hope the old lady can understand that it's good for both of our families to be married! It just so happens that Yingying is getting married, and it can also give your brother some good news. Maybe his illness will be cured, right?"

The first hall Master said with a smile. In fact, he was very clear in his heart that he was here today to hit someone when they were down!

After the Ouyang family head left the Ling family, he informed the first hall Master of the results. That was why he thought that father Ling would not live past tomorrow!

Taking advantage of the Ling family's chaos, he came to propose marriage on the surface, but in reality, he wanted to squeeze the Ling family dry and squeeze out the last bit of value left in the Ling family.

After tomorrow, the Ling family would truly be in decline.

Third master Ling was completely unaware of the first hall master's dirty thoughts as he smiled and said, ""It is Yingying's good fortune that first hall Master thinks so highly of her! The child is insensible. Last time, she actually refused the Great Hall master's good intentions. This time, she should be repenting, right?"

"First hall Master, don't worry. It is our honor to be married to young master. We will definitely not let first hall Master down this time!"

While the third master Ling could not make any decisions in the Ling family, he was very clear about the first hall master's recent suppression of the Ling family.

Seeing that the family head was about to be finished, the best choice for the Ling family to survive was to cling onto the first hall master's thigh.

At this moment, third master Ling didn't think that Ling Yingying had a choice.

The daughters of big families were meant to be used as tools for marriage alliances. They had spoiled Ling Yingying too much before, so she was lawless. Not only did she reject the marriage alliance, but she also said some things that hurt people's pride.

What else could she do when Ling Yingying's father died?

Even if the old Madam doted on her, she would not give up her family for her!

"Hahaha, third brother, you really know how to talk! I heard that your elder brother is already in a difficult situation. If he has something he can't bear to say, the Ling family still needs you to hold up the front! After all, the old lady was old and could not worry too much about the trivial matters at home. If you can manage the family, we'll be closer in the future!"

The first hall Master looked up and laughed. What he said didn't sound like anything, but he was actually making a secret promise!

The moment father Ling travels to the West, he would support third master Ling with all his might.

Third master Ling was secretly overjoyed. With the current state of the Ling family, if he had the first hall master's support, he would definitely have the chance to become the next family head!

Ling Binbin was the son of the first wife, but he was still young and had no foundation. It was not impossible for him to seize the throne as his uncle!

The two of them reached an agreement to work together. However, they didn't know that not only was Ling Yun's father still alive, but he was also in the front hall!

The first hall Master and third master Ling were already discussing Ling Yingying's marriage. The two of them were in a heated discussion. The first hall Master might have offered a lot of benefits, but a cold laugh came from outside the door.

"First hall Master, I will decide my daughter's marriage, I don't need others to tell me what to do! Do you all think that I'm already dead? That's why you can arrange the Ling family's Affairs as you please and bully my daughter?"

As father Ling spoke, he entered the front hall, causing the first hall Master and third master Ling to turn pale with fright!

F \* ck! If we really thought you were dead, why the hell are you still alive? Hurry up and die!

"Master!"

Third master Ling's face changed drastically as he quickly stood up and bowed.

He was just thinking about snatching the position of the head of the family and stepping on Ling Binbin, but Ling Binbin's father was standing in front of him, alive and well. It was hard not to feel guilty!

Usually, third master Ling would also address Ling Tian as 'brother'. But today, he was so shocked that he directly addressed Ling Tian as 'family head'. This was a sign of his guilty conscience.

The first hall master's expression changed. At first, he was shocked, but then it quickly turned into surprise. "Hahaha, brother Ling, are you alright? That's great! I told you, this trick of flushing happiness would definitely work! Look, I'm just here to propose a marriage, and we haven't even agreed on it yet, and you're getting better. Isn't this too brilliant?"

Although he was smiling, he was cursing the Ouyang family master in his heart. He also cursed the Ouyang family master's 18 generations of female ancestors.

Is this a person who can't live past a day? Even a momentary recovery before death wouldn't be this energetic to wander around, right?

"Seeing that brother Ling has recovered, as an older brother, my heart is filled with joy. How could I possibly think that you're dead! Don't misunderstand! I definitely don't have the intention to bully the Ling family just because you're dead. "

The first hall Master chuckled and laughed.

"Hehe, it's all thanks to the Great Hall Master! I'm also very surprised that he didn't die! Speaking of which, what first hall Master means is that even if I'm not dead, I can still bully our Ling family as I please, right?"

Ling Yun's father continued to sneer, and his tone was not polite at all.

The first hall Master put away the smile on his face and showed a slightly gloomy expression. ""Ling lingjiu, don't go too far. I'm giving face to the Ling family by personally coming to propose marriage. What are you trying to do by saying such things?"

Chapter 8480

Lin Yi, who was following them, was startled. He only just found out that Mr. Ling's name was Ling lingjiu!

By the way, this name ... 009? Isn't it a little too familiar? Could it not be a coincidence?

"What do you mean? First hall Master, I, Ling lingjiu, would like to ask you what you mean by this. The Ouyang family head came to diagnose me and said that I wouldn't live past tomorrow. It would be more appropriate for you to come and ask for my hand in marriage, or rather, to force my hand in marriage. "

Ling lingjiu gritted her teeth. Her expression was cold, and the anger in her eyes could not be concealed. "Do you think that I, Ling lingjiu, am dead for sure, and that the Ling family has become a piece of fat meat for anyone to slaughter?"

"First hall Master, did you forget something? I, Ling lingjiu, am dead, but my big brother, Ling lingfa, is still alive! Do you think you can take over the Ling family?"

"Have you ever thought about what would happen if my big brother knew about this? Or do you think that Feng Qi Dazhou is Boss Blue robe's territory, so my big brother's words don't matter?"

Ling lingjiu's words were full of passion, but Lin Yi was dumbfounded!

What the hell?

Ling lingjiu had an older brother called Ling lingfa ... What the f \* ck!

Could this Ling lingfa be the Ling lingfa that he knew?

Didn't Ling lingfa come from the sky Island as a primordial spirit? How could he have become Ling lingjiu's big brother?

So, this was actually a person with the same name?

Now that he thought about it ... Upon closer inspection, Ling lingjiu and Ling lingfa really did look a little similar!

It was only because Ling lingjiu was too skinny that Lin Yi didn't notice her.

So, these two people were really brothers?

The Ling family is related to central?

However, it didn't seem like the Ling family had a close relationship with central.

That was because Ling lingjiu had just mentioned that this was the territory of the blue robe gang or something ...

Lin Yi's head was in a mess as the negotiation continued.

When the first hall Master heard Ling lingjiu mention his big brother, Ling lingfa, his expression changed again, and he forced out a smile.

"Hahaha, brother Ling, you really know how to joke. What you're talking about is something that doesn't happen at all! We're all Good Brothers, why do we have to make things unpleasant? I originally wanted to get even closer to you, but don't turn hostile!"

It was obvious that the first hall Master was very afraid of Ling lingjiu's big brother, Ling lingfa!

If Ling lingjiu died, he would support the third master of the Ling family and he would be able to deceive everyone. He wouldn't need to worry about Ling lingfa, who wasn't in Feng Qi continent, finding out.

Unfortunately, not only was Ling lingjiu not dead, but she seemed to be alive and kicking!

In that case, his fear of Ling lingfa had to be placed on the table.

That damned Ouyang!

The first hall Master cursed the Ouyang family master in his heart again.

It was this old thing that gave him false information that caused the first hall Master to make a wrong judgment and further offend Ling lingjiu.

"Younger brother Ling, I came here today to ask for your daughter's hand in marriage with all my heart. It's just that my son is deeply in love with your daughter. I can't bear to reject his sincerity!"

The first hall master's expression changed, and he put on the look of a loving father who took pity on his son,""If our marriage is successful, wouldn't it be a wonderful thing? of course, this is not to force brother Ling to make a decision, but to express our intentions."

The corners of Ling lingjiu's mouth carried a hint of ridicule as she chuckled.""This Ling knows the Great Hall master's sincerity, but for a marriage proposal, the Great Hall Master can just find a matchmaker, why bother to come personally? This is not appropriate!"

"Moreover, as my daughter's father, I won't forcefully arrange her marriage. It's mainly up to her own will. If she's not willing, it's useless for anyone to come, so we'll stop here for today. First hall Master, please go back!"

The first hall Master was secretly angry, but he did not show it on his face. He still smiled and cupped his hands,""Alright, then I won't say much today. Let's talk again next time!"

Lin Yi's heart skipped a beat.

Looking at the first hall master's expression, he was extremely afraid of Ling lingjiu's big brother, Ling lingfa!

With Ling lingfa around, the Ling family's influence was far beyond his imagination!

He couldn't be sure if this Ling lingfa was the same Ling lingfa.

If it was just a coincidence, it meant that Ling lingfa also had super strength.

If it was the same person, it could only mean that Central's strength was far beyond imagination!

Lin Yi's thoughts came back to the main point-Ling lingfa came to the sub Island as a spirit and used the purple mist Snow Lotus to reconstruct his body, so he wasn't that strong.

How could he have such a powerful family on the sub-Island?

Could it be that the sub-Island was the real base of the central base, so Ling lingfa would ... It didn't make sense!

What a headache. It seemed like he had to ask Ling lingfa personally in the future what exactly was going on.

Inside, the first hall Master was about to take his leave when his heart suddenly moved. He pretended to ask casually, ""Brother Ling, I heard that you were seriously ill. How did you recover so quickly? Did you take any miraculous medicine?"

"First hall Master is well-informed, so you naturally didn't mishear. However, I'm very lucky. My daughter invited a Divine Doctor Who cured me, so I managed to keep my old life."

Ling lingjiu did not hide anything.

Because there was nothing to hide about this matter, and because the Ouyang family master was also present at the time, it would eventually spread.

So, Ling lingjiu decided to take the opportunity to promote Lin Yi and help him gain some fame.

"Oh, there's actually such a Divine Doctor with such exquisite medical skills in this world, it's really admirable! Brother Ling, if you don't mind, can you introduce me to him? After all, no one can escape from the tribulations of life. It's a great fortune to be able to meet a Divine Doctor!"

The first hall Master said beautiful words without any of the rough appearance he had on the outside.

"That's no problem. Just now, Divine Doctor Sima came with me. Divine Doctor Sima, come in and meet the first hall Master of our Feng Qi great continent!"

Ling lingjiu thought that Lin Yi was here because he didn't want to see the head Master, so she didn't ask if he was happy and pushed him out first.

Lin Yi was just outside, and since they were going to meet eventually, there was no need for him to hide. He walked in openly.

"Sima Yi greets first hall Master!"

Lin Yi didn't put on any serious or respectful attitude-he just cupped his hands and looked at the man up and down.

The first hall master's eyebrows twitched-the Ouyang family head had mentioned Fei daqiang and the others to him before he went back, so he knew who Lin Yi was, but he didn't expect him to be so young!

To be able to cure Ling lingjiu at such a young age, it was very terrifying!

"Miracle doctor Sima, you're really young and promising! I thought it would be an old miracle doctor, but I didn't expect it to be such a young miracle doctor. I'm impressed!"

The first hall Master said with a smile, but his eyes were dark as he looked at Lin Yi deeply.
