

## **Bodyguard 8481**

### Chapter 8481

It was very obvious that the first hall Master had already given the death sentence to this Divine Doctor Sima who had ruined his plan!

As long as he had the chance, he would kill Lin Yi without mercy!

At the same time, Lin Yi felt the first hall master's ill-intentioned gaze. Combined with the fact that he had dealt with Ling lingjiu before, Lin Yi was quite unhappy. He also gave him the death sentence!

Whether that guy was a spy for the darkness magical beasts, or if he was in cahoots with them, he didn't know.

However, it was a fact that he had framed Ling lingjiu with the intention of suppressing the Ling family. There was no room for argument.

There would definitely be no grievances if she messed with him!

"Who is Divine Doctor Sima? I've never heard of Divine Doctor Sima's great name before, this Lord is really ignorant!"

The first hall Master wanted to mess with Lin Yi, so he naturally started asking around.

It would be easier to target them after understanding the situation.

"I'm just a nobody, it's normal that first hall Master hasn't heard of me. I used to live in Wutong continent, and I just came to Fengqi continent recently. "

Lin Yi explained his background calmly.

There was no need to hide these things. He would have to deal with the first hall Master later.

As the Dean of Tianxia College's branch, he would automatically become the Vice President of the alchemy Association in the martial Union. Lin Yi would have to go to the martial Union to complete the procedures.

Although he had to register with the inspector to take up a position in the Academy, he still had to take up a position in the martial alliance with the head Hall Master.

"I am the newly-appointed Vice President of the alchemy Association of the martial Alliance. This is the letter of appointment issued by the continent's martial Alliance. I will have many interactions with the first hall Master in the future. I hope that the first hall Master will take care of me!"

The letter of appointment from the Tianxia Academy and the martial Alliance's alchemy Association were separate.

Although the Vice President position was automatically attached to the position, the two positions were under two different systems on the surface, so it was normal to appoint them separately.

Lin Yi didn't take out the Tianxia school's appointment letter-the vice president's appointment letter was enough.

In any case, the recruitment of students from the all-under heaven Academy had nothing to do with the hall Master of martial Alliance.

"So, it's the new Vice President of our alchemy Association! Then we'll be a family from now on, we have to get closer!"

The first hall Master looked at Lin Yi's appointment letter, and after confirming its validity, his smile widened.

"Vice President Sima is really young and promising. He's already become an alchemy Grandmaster at such a young age and can even make the continent's martial Alliance personally sign the transfer order to transfer from Wutong continent to our Phoenix Qi continent to hold an important position."

"From the looks of it, other than Vice President Sima's own strength and talent, he must have some acquaintances in the continental martial League, right? I don't know which Lord it is, but maybe we'll have some interactions!"

He wanted to continue investigating, to see who Lin Yi's backer was and what was the purpose of getting Lin Yi to Fengqi Dazhou?

The first hall Master didn't just want to kill Lin Yi now, he was suspicious of Lin Yi's identity and background because of the appointment letter from the martial Alliance!

As expected of the number one figure in Fengqi Dazhou, his mind turned very fast, completely different from the uncouth appearance he had.

On the contrary, the first hall Master was definitely a cunning old fox. It was only a letter of appointment, but he was already on guard.

"You're joking, first hall Master," Lin Yi laughed, "how would I know any big shots from the martial Alliance?" I've been living in a small corner of the pellet Commandery under the naduo conferred Empire of the Wutong continent since I was young. It wasn't easy for me to get to the naduo conferred Empire's imperial capital with my hard work and hard work. "

"I was also very surprised to be transferred to the Phoenix Nest continent this time. Maybe it was because my performance in the Wutong continent's inter-Academy tournament was good, but I offended some people, so I was kicked out of the Wutong continent,"

Lin Yi's words were half-true and half-false, with a bit of self-mockery, and the first hall Master believed him a little.

After this, the first hall Master would definitely investigate Lin Yi's background to lower his guard. These half-truths would come in handy.

The truth could be found on the surface, but the lies could only change people's hearts in the dark, and there was no way to investigate them!

At that time, the first hall Master could only deduce that what he didn't find was the truth from the fact that what he found was the truth.

"Hahaha, Vice President Sima really knows how to joke. This should be considered a high promotion, right? how can you say that you were kicked here? Could it be that they are treating our Feng Qi great continent as a barren land for exile?"

The first hall Master pretended to joke, as if to improve the relationship between the two sides. ""No matter what, it's definitely a good thing for us to have a young alchemy Grandmaster like Vice President Sima join us. If there are too many talents in Wutong, I don't mind banishing some over."

Lin Yi laughed as he brushed her off, but Ling lingjiu regretted it in her heart. She felt that she'd pushed Lin Yi to the first hall master's side.

She thought that Lin Yi would be on the Ling family's side, but now she knew that this was the Grandmaster who was going to become the Vice-President of the alchemy Association. He was also a member of the martial Alliance. This made things difficult!

If their benefactor became their enemy, what should they do?

"Vice President Sima, you've just arrived at Feng Qi great continent and are unfamiliar with everything. Since you have to register at the martial Union, why don't you go together? I'll also take the opportunity to curry favor with you, the young Divine Doctor. "

The first hall Master was getting more and more approachable, and he even used a casual joking tone with Lin Yi as if they were friends. This made Ling lingjiu even more nervous, afraid that what she was worried about would come true.

"I'll do as you say! Then I'll have to trouble first hall Master to lead the way!"

Lin Yi didn't reject.

In fact, his thoughts were similar to the first hall master 's. If he wanted to defeat the enemy, he first had to understand the enemy. In order to understand the enemy, it was naturally more convenient to get close to him.

At this time, the Ling siblings arrived at the front hall. When they heard that Lin Yi wanted to register at martial Alliance's headquarters, Ling Binbin volunteered,""Big brother Sima, I'll go with you! I'm also familiar with martial League, so there's no need to trouble first hall Master to come. "

The kid didn't think too much about it-he just didn't like his Savior getting too close to the despicable man in his heart.

"That's right, that's right. Nephew Sima, you and Bin Bin seem like old friends at first sight, and you're about the same age as well. You're really good friends, so let him accompany you. If there's anything within the AO Qian conferred Empire, he can help you arrange it."

Ling lingjiu quickly chimed in.

First, he was afraid that Lin Yi would betray the first hall Master and become his helper. Second, he was afraid that the first hall Master would target Lin Yi if he failed to win him over.

No matter what the situation was, he didn't want to see it happen. He had Ling Binbin stay by Lin Yi's side to prevent it from happening.

Chapter 8482

As for Ling lingjiu herself, since she had already recovered, he was no longer afraid of the first hall master's tricks.

The Ling family was not weak to begin with, and after bringing out his big brother Ling lingfa, even the first hall Master was afraid of them.

"Sure, I won't be lonely with someone to accompany me. First hall Master, is there a problem?"

Lin Yi agreed quickly and asked the first hall Master.

Of course, the first hall Master could only say that it was no problem, and so Ling Binbin followed Lin Yi to the martial Alliance headquarters.

Along the way, the first hall Master tried to get more information on Lin Yi, but Lin Yi easily dispelled all his questions.

The old fox could only sigh in his heart. He had met a little fox today. He was truly a match for a worthy opponent. He was just short of appreciating her!

The first hall Master didn't make things difficult for Lin Yi after they arrived at the headquarters-she very generously helped Lin Yi with the registration procedures.

"Vice President Sima, I'm ready. You can go to the alchemy Association to register now. The Vice President of the alchemy Association of the continental martial Union is not appointed by the martial Union, so you need to go to the alchemy Association to register."

The hall Master didn't get much useful information from Lin Yi, so he decided to send him away."Nephew Ling is quite familiar with the alchemy Association. With him leading you there, there shouldn't be any problems."

"Alright! Thank you, first hall Master! Then we'll head over first!"

Lin Yi's thoughts were similar to the first hall master's-that's all they needed to know. How they were going to fight was a problem for the future, and that was it for today.

"First hall Master, don't worry. With me around, big brother Sima will definitely not get lost!"

Ling bingbin chuckled and casually cupped his hands to the first hall Master, taking it as a farewell.

The group of them turned around and arrived at the alchemy Association. Coincidentally, the president of the alchemy Association was also there.

"Sima Yi ... There's no problem with the letter of appointment and the registration of the martial Alliance!"

The president looked at Lin Yi's letter of appointment and the martial league registration details he just received. He nodded with a smile, "I'll have to call you Vice President Sima from now on! Welcome, Vice President Sima!"

It seemed that the president of the alchemy Association was not bad. At least, his attitude was not bad.

"Thank you, President. Please take care of me in the future."

Lin Yi was very polite-he had to return the favor.

The atmosphere on both sides was harmonious. When they officially entered the registration process, someone shouted to stop!

"Wait a minute! This Sima Yi was no good! You can't be the alchemy Association's Vice President!"

Fei daqiang and Zhang Yiming both knew the person who shouted 'stop'. He was the Ouyang family head who had caused trouble at the Ling family and almost killed Ling lingjiu. He even wanted the Ling family to give him a large sum of benefits to thank him for almost killing Ling lingjiu.

Ling Binbin was furious when he saw him.

He had originally invited the Ouyang family head to treat his father, but in the end, he almost caused his father's death. He even concluded that Ling lingjiu would not live to see the next day.

Who would believe him!

If it wasn't for Lin Yi's appearance, Ling Binbin would probably be settling Ling lingjiu's funeral right now!

They bought the best coffins and cried in mourning!

Bah! Ling Binbin was going crazy just thinking about it!

"Grand Elder!"

The president of The Alchemist Association was a little surprised. He bowed to the Ouyang family head respectfully and took out Lin Yi's appointment letter and the martial league's registration information. "There's no problem with the appointment of Vice President Sima Yi, so why can't he be the Vice President?"

The words surprised Lin Yi-this wasn't something the president could decide, and he needed a Grand elder's opinion?

Was Fengqi Dazhou like this?

There wasn't such a thing in Wutong, right? Different customs?

Lin Yi couldn't be blamed for his ignorance-this place was special.

The Grand Elder of the alchemy Association and the Ouyang family's patriarch, Ouyang kuantian, was the alchemy Association's previous president.

Back then, he had taken the initiative to submit a petition to the continent's martial Alliance to recommend and abdicate his position to the current president, and then become the Grand Supreme elder.

Therefore, Ouyang cuantian's authority in the alchemy Association was actually above that of the president. He could be considered the true controller. It was just that he had changed the way he addressed him.

The current president of the alchemy Association could question Ouyang kuantian's decision, but once Ouyang kuantian made a decision, the president would basically be unable to change his mind.

"Hehe, why can't I? Of course not! This old man has long heard of this Sima Yi!"

Ouyang chuantian sneered, "I'm not trying to pick on him. He claims to be an alchemy Grandmaster, but he has never taken an alchemy assessment. He has no talent at all!" What qualifications does a commoner have to be the alchemy Association's Vice-President?"

The president blinked. He didn't know much about Lin Yi, so he didn't know about this.

The martial Alliance shouldn't have made a mistake, so the Guild leader forgot to check Lin Yi's potential.

Ouyang cuantian was right. This was indeed a problem. However, it was not completely impossible to turn a blind eye to it.

They were all on the same side, so it was fine as long as they had the ability.

Lin Yi raised an eyebrow-it wasn't strange for someone from the Ouyang family to know about him.

Whether it was the bad luck of Ouyang Changqing and the others in the naduo martial Alliance, or the poor performance of Ouyang kuantian in the Ling family incident compared to Lin Yi, they were all enough reasons for him to target Lin Yi.

"Sima Yi, can you deny the truth of what this Lord said? Without any qualifications, how could he be the Vice President of the alchemy Association of the continental martial Union? When did the Vice President become so cheap?"

Ouyang chuantian was very pleased with himself. He had decided that no matter how Lin Yi resisted, he would suppress him to the end!

Lin Yi only shrugged his shoulders, not really caring, "It doesn't matter. Whether the alchemy Association's Vice President is cheap or not has nothing to do with me. Do you think I'm very willing to be the Vice President?"

"I've been caught up in a bunch of trifles all day long. I have nothing better to do, where would I find the time to do that! If you guys don't agree, then forget it! Let's do this!"

With that, Lin Yi turned around and even waved his hand.

"That's right, how can a mere Vice President be worthy of our boss's Grandmaster status? What's the big deal about not doing it?"

Fei daqiang hmphed and raised his chin arrogantly as he turned around and followed Lin Yi.

Anyway, whatever the Big Brother said was right, and whatever the Big Brother did was right. Following the Big Brother, there would never be any worry!

Lin Yi's unexpected reaction made Ouyang kuantian completely confused!

Why didn't he act according to the rules?

Didn't you say that you would resist and I would suppress you? why didn't you even try to struggle?

He's leaving?

The suppression methods and power that he had prepared for a long time had all hit the air. It was uncomfortable!

Ouyang cuantian was still thinking that Lin Yi was retreating for the sake of advancing, and that he was doing this on purpose to turn things around. He held back his words and didn't say anything-he wanted to see how Lin Yi would end this, how he'd get off the stage!

In the end, he didn't even turn back when he saw Lin Yi off!

Chapter 8483 The End

He really left ...

This ... Was so uncomfortable!

Lin Yi didn't care about Ouyang kuantian's pain at all. The position of Vice President really wasn't attractive to Lin Yi at all.

It just so happened that he had a little bit of mutual deception with the first hall Master, so he had come to the martial league's headquarters to take care of it in passing. It didn't matter whether he had it or not.

The head of Tianxia College's alchemy sub-school was more attractive!

Lin Yi walked out of the alchemy Association and quickly made his way to the patrol.

The patrol stationed here was considered Jin botian's subordinate.

It didn't matter if he was a trusted aide or not, the inspector knew that Jin botian had arranged for Lin Yi to be the Dean of the alchemy School, so he was very friendly and didn't neglect him at all.

"Dean Sima, there's no problem with the transfer order. It's already in effect. Why don't we go and take a look? I don't have anything to do anyway, so how about I accompany Dean Sima to familiarize myself with the environment?"

The patrol was in charge of the Academy. Even the principal of Tianxia Academy would greet the patrol politely.

However, Lin Yi was only the Dean of Tianxia school's pill refining section, yet the inspector was so friendly towards him. Naturally, it was because of Jin botian.

"Lord patrol envoy is too polite. In the future, there will be many places that I will need Lord to take care of. I won't trouble Lord today. It's already late and I'm not planning to go to the academy. Moreover, I still have friends here."

Lin Yi used Ling Binbin as an excuse to reject the inspector's offer.

After all, he was a nominal superior who was in charge of the Academy. It was too high-profile to let the patrol accompany him to the Academy when he had just reported. It would be difficult not to arouse suspicion.

The patrol envoy did not insist and laughed out loud, ""That's good. Then have a good rest today and let young noble Ling accompany you tomorrow! In the future, if you need any help, feel free to come and find me. "

He only thought of Lin Yi as a first-tier person in jinbotian, and they were naturally allies.

He didn't know how important Lin Yi was to Jin botian, though, so he stopped after showing his kindness.

As a patrol envoy, there was no reason for him to curry favor with the pill refining section's Dean. What he had done was more than enough.

"Thank you, my Lord. I'll take my leave first!"

Lin Yi led everyone out of the patrol's place, and the cautious Ling Bingbin let out a huge breath of relief.

"Wow! Big brother Sima, so you're the principal of Tianxia College's alchemy division! I thought you were just the alchemy Association's Vice President. Just now, you had a falling out with the Ouyang family head. I was worried that he would be angry and drive you back to the Wutong continent! This is good!"

Ling Binbin seemed to be very pleased with himself as he laughed, ""The principal of the pill refining sub-school! In Fengqi Dazhou, you're already in the small group of people at the top. Big brother Sima, you're really amazing!"

"You're too kind. He's just a division Dean. There's nothing special about him!"

Lin Yi waved his hand humbly, not really minding it.

The head of the alchemy sub-school was a cover identity, and it would be thrown away if it was useless.

"Big brother Sima is really too humble. However, with big brother Sima's talent, it's really not a big deal to be a branch Academy's principal. I think you can be the principal of Tianxia Academy!"

Ling Binbin agreed. He thought that the Dean of the alchemy School was a big Shot, but now he felt that he wasn't worthy of Lin Yi.

Fei daqiang couldn't help but cast a sidelong glance. He thought to himself, this kid's ability to hug thighs and treat them like leg hair is really not weak! He was a talent!

"Oh right, big brother Sima, my younger sister Ling Yingying is also a teacher in the Academy. In the future, you should take care of her more. This girl always puts on a straight face and pretends to be cold and aloof. She's not very popular. With you taking care of her, she should be able to live a better life, right?"

Ling Binbin had always been envious of his sister's love and adoration at home. On the surface, he seemed to have an ordinary relationship with his sister, but deep down, he didn't want his sister to suffer.

Whenever Ling Yingying's name was mentioned, she would subconsciously ask Lin Yi to take care of her, even with some sarcastic remarks.

Lin Yi smiled and nodded. He understood how Ling Binbin felt.

Having said that, it was normal for siblings to love and kill each other in this world.

Seeing Ling Binbin and Ling Yingying, Lin Yi suddenly thought of Murong Feiyan and Murong Feifei, who were far away in the Sky Class Island, East continent, Mystic class sea.

Although on the surface, their relationship was much better than that of the Ling siblings, it was inevitable that they would bicker and ruin each other's reputation.

I haven't seen them for a long time. I wonder how they are doing ...

It was hard to say how long it would take to take care of the sub-Island, and it was even more difficult to return to the sky Island.

Lin Yi couldn't help but shake his head. He organized the information on Feng Qi Dazhou. If he wanted to leave the sub Island, he had to solve the current problem first.

Fengqi Dazhou's problem was serious. So far, they only knew a little about the Fengqi Dazhou's factions.

First, it was the first hall Master. This person most likely had some problems.

Lin Yi guessed that the seed in Ling lingjiu's consciousness had something to do with him, but it wasn't planted by the first hall Master.

This was the work of the witch race, and Lin Yi estimated that there was at least a 70% chance that it was related to the dark Beast race.

After all, the darkness magical beasts had a much wider understanding of the Sorcerer tribe's techniques than humans.

In other words, there was a high chance that the Grand Master was connected to the dark Demon beasts. Lin Yi was the most suspicious of the Grand Master, but he couldn't confirm it yet.

Other than that, Lin Yi was also guessing that if the Grand Master was connected to the dark Demon beasts, was he brainwashed or possessed by a Dark Demon beast like the demonic eyes?

Or was he a dark magical beast in human form?

He couldn't rule out the possibility that the first hall Master was a human with a consciousness, but was working with the darkness demon beast clan.

How troublesome!

Lin Yi subconsciously rubbed his furrowed brows and continued thinking.

Apart from the first hall Master, Ouyang kuantian was also one of the suspects.

The Ouyang family head was naturally hostile towards Lin Yi. At the start, Lin Yi suspected that the Ouyang family head was on the same side as the first hall Master, which was why he cooperated with the first hall Master and plotted against Ling lingjiu, almost killing her.

But after thinking about it, it didn't seem right!

Since that seed needed to slowly absorb nutrients, if this matter was really related to Ouyang kuantian, then he definitely wouldn't blindly mess around and almost kill Ling lingjiu.

This meant that Ouyang cuantian didn't know about the special characteristics of this seed, and it was even more impossible for him to plant it.

On top of that, when Lin Yi went to the martial Union, the two of them treated him very differently. Lin Yi didn't think that they were on the same side.

But he was sure that neither of them was good.

Then, it was the inspector, Jin botian's subordinate. He was very friendly towards Lin Yi.

Chapter 8484 The End

However, this person didn't act too excessively. He had a good sense of propriety.

There shouldn't be anything suspicious about the inspector, but Lin Yi didn't trust him completely!

As a patrol envoy, was it a dereliction of duty to not provide useful information to the continent's martial Alliance? Or were there other reasons?

Small suspicions didn't mean that there weren't any suspicions. Since Jin botian said that Fengqi Dazhou was rotten to the core, then Lin Yi had to be more careful. He couldn't trust people he didn't know.

The right attitude was to be bold and suspicious and to carefully verify!

Finally, there was the Ling family. This was probably the power that he could rest assured of.

Ling lingjiu had almost been killed, which was enough to prove that the Ling family and the darkness demon beast clan were not in cahoots.

The Ling family's influence was not weak, and with Ling lingfa backing them, they had their current status.

Lin Yi felt that he could treat the Ling family as an ally for now.

Of course, the premise was that the Ling lingfa from the Ling family and the Ling lingfa from central were the same person!

If it really was the same person, then house Ling would be the support Lin Yi could get!

These were the leaders of the factions that Lin Yi had come into contact with so far, and the dark Demon beasts hadn't found any useful clues yet.

He said that Fengqi Dazhou was completely infiltrated by dark beasts, but that was just a saying. Lin Yi didn't think he could just casually grab a bunch of them!

Even if they suspected the first hall Master, they couldn't simply and violently check if the other party was brainwashed or controlled.

If they really did that, the first hall Master would order them to kill Lin Yi's small group!

"Big brother Sima, you've just come to Feng Qi great continent and don't have a place to stay. Why don't you stay in our house first? in any case, our house is big enough, but we don't have a lot of people. It's no problem for you to stay for as long as you want."

Lin Yi was deep in his thoughts when Ling Binbin invited him enthusiastically, ""In the future, if big brother Sima wants to stay in the Academy, it's also fine. Just let brother Fei, brother Zhang and the others continue to stay in our house."

Qin mengzhen and the others were going to continue their studies in the school, but Fei daqiang and Zhang Yiming weren't students or instructors. They didn't have the right to follow Lin Yi in school.

Lin Yi was the Dean, after all, and these were small matters, but he still felt that it was best to have a place of his own outside the school. It'd be more convenient for him to do anything.

"I'll stay the night. I'll report to the Academy tomorrow. I'll also make arrangements for Fei daqiang and the others. It's not bad to stay at your house, but we still need our own place to stay."

Lin Yi turned to Fei daqiang, "daqiang, let's go find a place tomorrow and buy a house. We'll probably be staying in Fengqi Dazhou for quite a while. It's not right to stay in someone else's house."

"Okay, boss. Don't worry, I'm familiar with this!"

Fei daqiang immediately agreed with a smile, "If there's anything else, you can leave it to me. I promise I'll complete the task!"

Lin Yi suddenly remembered the house he bought in naduo and felt a little apologetic, "I asked you to buy a house before and even renovated it for a long time. In the end, you didn't live there much and came to Fengqi Dazhou. What a waste of your efforts!"

"There's no such thing! Boss, you're wrong!"

With a wave of his hand, Fei daqiang laughed proudly and explained, ""Before we left, I had already sold the house. Boss, you don't know, but our house is in high demand. Someone had his eyes on it a long time ago, and we made a lot of money from the sale. There's no waste to speak of!"

Lin Yi didn't know much about this-he'd left it all to Fei daqiang, so he'd never paid attention to it. He was curious when he heard Fei daqiang say he'd made a fortune.

"Why did you make such a big profit just by changing hands? Could it be that the real estate market there was heating up? That's why real estate has become a commodity in high demand, and its valuation has also risen rapidly?"

"Haha, boss, you must be used to it. That's why you didn't notice that our house is a little different!"

Fei daqiang was a little proud."When I was renovating, I added some style elements that are not here. The effect is very good. Boss, you've seen it a lot and think it's normal, but the people here are quite amazed. That's why I can make a lot of money. It has little to do with the value of the surrounding real estate."

Lin Yi suddenly understood-so that was what happened!

Indeed, Fei daqiang had integrated some elements of the secular world into the renovation!

This was the sub-Island, and there were no such concepts. Lin Yi thought it was normal and didn't take it to heart, but the people on the sub-Island had never seen it before!

None of the craftsmen here knew how to copy it, so of course they would find it novel, so people were eager to get this unique real estate!

No wonder he could make a lot of money by reselling it. He was indeed Fei daqiang. He had a keen sense and a strong talent in business. This talent was almost the same as Zhang Yiming's intelligence collection talent.

"Big brother Sima, what are you guys talking about? It looks a little fun. "

Ling bingbin didn't quite understand what he was hearing, and he was curious, so he wanted to ask.

"You can ask Fei daqiang. He's an expert in this area and knows more than me!"

Lin Yi casually sent Ling Binbin to Fei daqiang.

Ling Binbin quickly turned around to ask Fei daqiang.

Fei daqiang was very happy. This was something that Ling Binbin had personally admitted. He said that he was better at this than Ling Binbin. Therefore, he didn't reject Ling Binbin and started to brag proudly.

The relationship between senior leg hair and reserve leg hair quickly warmed up, laying a solid foundation for the growth of the leg hair team in the future.

The next day, Lin Yi was ready to report to Tianxia college and take over the branch.

On the third day, Lin Yi had to personally handle these trivial matters. Fei daqiang and the five little ones couldn't help much, so Lin Yi sent Fei daqiang to take them out to look for a house.

"Big brother Sima, brother Fei and the others are unfamiliar with the place and the people. I'll take them for a walk. As for the Academy, let Ling Yingying accompany you. In any case, she's an instructor at the Academy, so she's more familiar with the place than I am. With her there, it definitely won't delay things!"

Ling Binbin had brought Ling Yingying to find Lin Yi early in the morning. After hearing Lin Yi's arrangements, he volunteered to be Fei daqiang's Guide and pushed Ling Yingying out with a smile.

When Ling Yingying heard this arrangement, her pretty face instantly became a little shy. However, she had always been cold, so she quickly adjusted her mood.

"Big brother Sima, Ling Binbin is right. He likes to wander around and attract cats and dogs. He's familiar with all the corners of the world. If he's with brother Fei and the others, we'll be able to get twice the results with half the effort."

Ling Yingying and Ling Binbin were the same, and they both called each other by their names. They didn't have the attitude of a brother or sister, and they didn't hold back when they teased each

other."He can handle such a small matter. As for the Academy, let this little sister accompany big brother Sima. If there are any problems, this little sister will be able to solve them more easily."

Chapter 8485

Lin Yi didn't mind, thinking that this was a good arrangement."Sure, I'll have to trouble you two then."

"It's not hard, not hard at all! It is our honor to be able to help big brother Sima!"

This time, the two siblings had a tacit understanding and said the same thing in unison. Then they glared at each other, meaning, 'why did you say the same thing as me?'

Then, Yingluo, you dare to glare at me?

What can you do if I continue to glare at you?

.....

Lin Yi chuckled to himself. Ling Yingying was always so cold and aloof, but her attitude was completely ruined when she met her brother!

"Alright, that's it then. We're leaving!"

Lin Yi didn't try to persuade the siblings, ending their game with one simple sentence.

The two of them quickly split into two groups and went their separate ways after leaving the Ling residence.

Ling Yingying and Lin Yi went to the college alone, and they didn't talk on the way. She returned to her cold and aloof self.

It was just that his personality was like that, and he couldn't find a topic to chat about.

Lin Yi wasn't in the mood to chat, and Ling Yingying would kill him off very quickly if he did.

Ling Yingying's expression didn't change, but she was already on the verge of crying to death in her heart. She didn't understand why she was so inferior.

He was clearly quite a talker when he was with Ling Binbin, and he was never at a disadvantage!

He was so vexed!

It was such a good opportunity for the two of them to travel alone and perform so badly. Big brother Sima would definitely think that I was a boring person, right?

She'd wanted to say something to change the situation, but couldn't bring herself to do so. She'd had to keep her cool all the way to Tianxia Academy with Lin Yi.

As soon as she entered Tianxia Academy's main gate, a man saw Ling Yingying and ran over. He called out to her happily, ""Yingying, you're back? I was just about to tell you that you went to look for the spirit Ice Spirit-clearing grass and should be back soon!"

Lin Yi thought that this person was Ling Yingying's friend, and from the clothes he was wearing, he should be a mentor at the school. Was he someone close to her colleagues?

If their relationship was normal, he wouldn't have called her Yingying, right? He would most likely call her instructor Ling.

Since he was Ling Yingying's friend, Lin Yi smiled and nodded at him as a greeting.

One had to know that with Lin Yi's status as the Dean of the alchemy division, other than the Dean himself, who else had the right for Lin Yi to greet them first?

He was giving Ling Yingying face!

However, Ling Yingying furrowed her brows and said in displeasure, ""Manager Zhen, I've told you many times that we're not that close. Please don't address me that way. You can just call me by my full name or by instructor Ling!"

"Also, my whereabouts have nothing to do with you, so please don't pay attention to or interfere with my personal affairs. I hope manager Zhen won't come to me except for the official Affairs of the Academy!"

Lin Yi paused-it wasn't what he thought it was!

Luckily, that manager Zhen guy didn't even put Lin Yi in his eyes when he greeted him with a kind smile. He just ignored Lin Yi!

No wonder Ling Yingying didn't like this guy!

"Yingying, don't say that. You know that I care about you the most. As the saying goes, one day apart feels like three years. You don't know how sad I was when I didn't see you these days. Every day felt like a year!"

Manager Zhen didn't just ignore Lin Yi's kind smile, he also ignored Ling Yingying's words and continued to say things that gave people goosebumps.

Ling Yingying's cheeks puffed up, and Lin Yi guessed that she was gritting her teeth so hard that they were about to break. It was quite a headache to meet someone like her, who was like a sticky candy.

The point was that this idiot didn't really care about Ling Yingying. Otherwise, he would have known that Ling Yingying had just returned.

Although the news of Ling lingjiu's recovery had yet to spread, those who were concerned about the matter had basically known about it.

Since manager Zhen didn't know, it meant that he didn't care.

"Big brother Sima, let's go. There's no need to pay attention to him! I'll show you around the entire Tianxia Academy!"

Ling Yingying forcefully suppressed the anger in her heart and decided to ignore manager Zhen. The more she paid attention to this kind of person, the more excited he would be!

"Alright!"

Lin Yi nodded, and the two were about to walk around manager Zhen when the guy looked at Lin Yi with disdain, as if he'd just noticed him.

"Yingying, who is this? Is he a new student who came to the Academy to study? He seems to be a bit old, or is he someone who wants to come to the Academy for a job?"

Manager Zhen felt that Lin Yi wasn't old, and his clothes were normal. He didn't look like someone with a strong background.

This was because he basically knew all the influential people in the AO Qian conferred Empire!

He looked down on Lin Yi and wanted to show off in front of Ling Yingying, so he became hostile to Lin Yi.

"He's a pretty boy. Yingying, you have to be careful. I heard that there are many people like him recently. They lie to beautiful girls and they do things unscrupulously. They are extremely dangerous ..."

"Shut up! I know better than you what kind of person big brother Sima is! Don't blame me for being impolite if you dare to talk nonsense again!"

Ling Yingying couldn't help but scold him.

She could ignore manager Zhen's harassment, but insulting Lin Yi was something she couldn't tolerate!

Putting everything else aside, just the fact that Lin Yi had saved Ling lingjiu was enough for Ling Yingying to stand up for Lin Yi!

Manager Zhen jumped in shock. He had seen Ling Yingying's cold and aloof side many times, but this was the first time he had seen her scolding him so fiercely!

That kind of angry look was so fierce and so good looking!

You're so fierce!

However, Ling Yingying's anger had truly frightened manager Zhen.

After all, the Ling family was also a huge force. Although he did not know that Ling lingjiu had fully recovered, he could not afford to offend the weak Ling family.

"Yingying, don't be angry! I'm Doing This for Your Sake. Good advice is unpleasant to the ear, and good medicine is bitter. If you don't like it, I won't say it!"

Manager Zhen glared at Lin Yi and suddenly took out a Jade bottle. He opened it to reveal the pill inside and presented it to Ling Yingying as if he was presenting a treasure.

"Look, this is the spirit stabilizing pill that I've specially requested for you. It contains the ingredients of the spirit Ice Spirit-clearing grass, which is very good for uncle's condition. Quickly take it back and give it to uncle!"

"The spirit fortifying pill is a pill that has a price but no supply. First, the materials are hard to find, and second, the refining process is difficult. If you are not a Grandmaster Alchemist, even if you have the materials, you would not dare to refine the pill. To find a second one in the imperial capital, I dare not say it is impossible, but it is still quite difficult."

Manager Zhen was very pleased with himself. He felt that he had done a great job and hoped that he could move Ling Yingying's heart with this.

"Yingying, I'm not bragging. If it were anyone else, they wouldn't have the ability to get such a precious pill no matter how much they paid!"

"We're all on the same side. I'm doing all I can for uncle's health. You should be able to understand my feelings, right? No, you will definitely understand my feelings!"

Chapter 8486

This guy was really thick-skinned. No matter what Ling Yingying said, he would automatically filter out the negative comments.

Then, she would come up with words that were suitable for him. She was simply living in her own world and couldn't extricate herself.

Now, she even took out a pill to act tough, thinking that Ling Yingying would be so grateful that she would want to devote her life to her.

He even threw Lin Yi a provocative look as he thought about this.

"I can ask for a spirit pill to save uncle. I'm not like some pretty boys who want to get a job in the Academy and need you to lead them. Actually, for such a small matter, you can just tell me. Isn't it just a job? I can do it with a word!"

He'd really thought that Lin Yi was here for some menial job, getting addicted to acting tough and out of control.

Lin Yi laughed to himself and didn't want to talk to this idiot. At the same time, he pitied Ling Yingying. She was really unlucky to be chosen by this kind of person!

Ling Yingying was getting impatient.

If it was before, the spirit solidifying pill would indeed have some appeal to her. After all, it contained the spirit Ice Spirit-clearing grass. As long as it was useful for her father's condition, everything would be fine.

But it was different now!

Ling lingjiu had already recovered, so who would still care about a spirit solidifying pill?

Besides, the person who cured Ling lingjiu is right beside you. Even if you take out a pile of spirit solidifying pills, you can't be compared to big brother Sima!

"Thank you, but I don't need it anymore. You can keep it for yourself! You don't need to worry about my matters in the future. Please move aside!"

Ling Yingying's face was cold as she took two steps to the side, preparing to walk around manager Zhen.

However, he still didn't give up. He continued to ignore Ling Yingying's words. He moved two steps and stood in front of Ling Yingying.

"Don't, Yingying, you can't do this. Uncle's condition is so difficult. With such a pill, why don't you save him? I know you're the most filial. Could it be that you'd rather uncle suffer than accept my feelings?"

Manager Zhen squeezed out a sincere expression, hoping to move Ling Yingying.

He tilted his head and saw the weird smile on Lin Yi's face, and he was enraged. "What are you laughing at? I'm talking to Yingying. What does it have to do with you? Hurry up and get lost!"

He was using Lin Yi as a punching bag now, trying to get a sense of superiority from Lin Yi.

Lin Yi didn't know what was going on-if you wanted to act cool, go ahead, I'm not stopping you!

How come you can vent your anger on the girl when you failed to move her?

"Zhen shamao! That's enough! If you dare to disrespect big brother Sima again, do you believe that I will really fall out with you?"

Ling Yingying was also furious. She clenched her fists, and her aura surged. She was really going to fight with the other party.

Lin Yi suddenly heard manager Zhen's name and chuckled at the wrong time. He couldn't help it-the name Zhen shamao really suited his personality. This guy was an idiot!

It was definitely not fake!

Ling Yingying's gathering of force was interrupted by Lin Yi's chuckle. She didn't know if Lin Yi was angry or not, and she couldn't help but feel nervous.

"You still dare to laugh! What are you laughing at!"

Zhen shamao continued to ignore Ling Yingying's warning and glared at Lin Yi,"Do you believe that I won't let you step into Tianxia Academy in the future?!"

"I don't believe you!" Lin Yi shrugged.

As the principal of Tianxia College's alchemy division, he was one of the higher-ups in Tianxia college. How could he be restricted by a steward?

I'll believe your ghost! What an idiot!

He didn't even know how to make a draft when he was bragging and in the end, he became an idiot.

"You don't believe me? If you don't believe me ... Just you wait! I don't have time for you now!"

Zhen shamao was just bragging. He was just a small manager. He had some power, but it wasn't enough to stop Ling Yingying from bringing people around the school.

He didn't need to stop ordinary people. They couldn't enter the academy for no reason. Naturally, there would be guards at the gate to stop them.

Since he was able to come in, he naturally had someone to bring him in. Normally, he couldn't interfere.

Just when Zhen shamao wanted to ignore Lin Yi and continue to pester Ling Yingying, a young man turned around the corner.

When he saw the situation, he immediately walked over with a gentle smile. "Manager Zhen, you seem to be very free. Is it because the Academy has nothing to do for you?"

Lin Yi turned around to see a handsome young man, about twenty-seven or twenty-eight years old, his long hair flowing down his back.

The left side of his white robe was embroidered with a few black bamboos, and the right side was a large white. He walked with a scholarly air.

He looked elegant and had the charm to charm many girls.

Unfortunately, Ling Yingying didn't seem to be charmed by him anymore.

Her eyes were still bright and her expression was cold. She maintained her cold attitude and nodded slightly to the man. "Director Shi!"

Zhen shamao didn't dare to be slow, he cupped his fists and bowed, "Director Shi, I really don't have anything to do today. I just happened to meet Yingying, so I chatted with her and asked about uncle's health."

Ling Yingying took advantage of Zhen shamao's silence to introduce Lin Yi, "Big brother Sima, this is the Dean of Tianxia Academy's array division, Shi longcai. Although he's young, he's an out-and-out array genius. At the age of twenty, he became a bronze-level array Grandmaster and is quite powerful."

When he was twenty years old, he was already a bronze-grade array Grandmaster. Now that he looked to be in his late twenties, it was unknown what level he was at.

Ling Yingying didn't say anything, and Lin Yi didn't ask. He was a bit more interested in this person.

He'd never met a Grandmaster this young before-in terms of talent, he might even be stronger than him.

Lin Yi himself was a genius in formations, and his progress was god-like under that damn thing's guidance. After coming to the sub Island, he became a Grandmaster in formations with his own knowledge and understanding, and even that damn thing had to admit defeat.

It was only natural for Lin Yi to show respect to someone who was on par with or even better than him in terms of formations.

However, Shi tiancai saw Ling Yingying approaching Lin Yi and frowned imperceptibly. At the same time, his eyes showed a hint of displeasure towards Zhen shamao.

Lin Yi laughed to himself-it seemed like this guy liked Ling Yingying too!

She didn't expect this girl to be so popular. She wasn't as bad as Ling Binbin had described!

Now, Lin Yi suspected that Ling Binbin was trying to slander Ling Yingying on purpose, saying that she wasn't a good person.

Now, seeing was believing. The two people she met in succession when she entered Tianxia Academy were actually both people who liked her.

When love rivals met, their eyes would turn red, so it was normal for Shi longcai not to like Zhen shamao.

However, from the looks of it, he didn't seem to care about Zhen shamao.

A person like Zhen shamao could not be considered Shi tiancai's opponent, he simply hated him!

Chapter 8487

"Manager Zhen, I think you're busy. You shouldn't be wasting your time here."

Shi wancai still spoke with a gentle smile.

Zhen shamao didn't dare to ignore Shi tiancai's words, and nodded very seriously.

"Director Shi is right. I suddenly remembered that there is indeed something that I have not dealt with. Thank you for your reminder, director Shi. I will do it now!"

Zhen shamao cupped his hands at Shi longcai in all seriousness, but he was reluctant to leave immediately.

After hesitating for a moment, he placed the small bottle of spirit fortifying pills in front of Ling Yingying. "Instructor Ling, this pill is for uncle Ling. Don't waste it. You should accept it. No matter what, uncle's illness can not be delayed."

"Manager Zhen, you don't have to worry. Instructor Ling's father has already recovered, so she won't need your pills. You should take them back yourself. If there's nothing else, you can leave!"

Shi longcai explained on Ling Yingying's behalf and rejected Zhen shamao's solicitous offer.

Zhen shamao was stunned for a moment, thinking that he had heard wrong. However, after Ling Yingying confirmed it, he could only leave dejectedly.

"Instructor Ling, if manager Zhen continues to pester you in the future, feel free to come and tell me. I'll help you get rid of him. He doesn't dare to be presumptuous in front of me, but after a few times, he naturally won't come looking for trouble."

After Zhen shamao left, Shi longcai turned to Ling Yingying. She elegantly adjusted her long robe and smiled. "Also, I'm very happy to hear that your father has recovered. Please convey my condolences. If there's a chance in the future, please visit him personally."

"Thank you, director Shi! I'll definitely pass on the message. My father will be very happy and welcome director Shi to my house as a guest!"

Ling Yingying replied normally.

Ling Yingying couldn't refuse him.

Moreover, even though Shi tiancai's intentions were similar to Zhen shamao 's, Shi tiancai was still the principal of the array path sub-school, and she wasn't as annoying as Zhen shamao.

Shi Yucai's eyes turned to Lin Yi."Who is this brother? Instructor Ling, aren't you going to introduce us?"

"I've been rude!"

Ling Yingying bowed slightly in a manner that was neither servile nor overbearing, and her elegance and grace made Shi longcai a little fascinated.

"I've already introduced director Shi to big brother Sima just now, so I'll introduce director Shi again!"

"This is Sima Yi, big brother Sima. He was the one who cured my father's illness. From today onwards, big brother Sima will be the head of the alchemy division."

"Dean Shi is an array genius, big brother Sima is an alchemy genius. In the future, the Tianxia Academy will definitely bloom with a different kind of light because of the two deans!"

Ling Yingying ignored Shi tiancai's gaze. She was afraid that this guy would show off in front of Sima Yi, so she purposely revealed Lin Yi's identity.

"So it's the new principal of the alchemy sub-school! I've been disrespectful!"

Shi chengcai's pupils contracted, and the way she looked at Lin Yi changed. "I didn't think that Dean Sima would be able to become a Grandmaster Alchemist at such a young age. When I became a Grandmaster in the array path, I didn't seem to be much younger than Dean Sima. I'm ashamed. "

Ling Yingying rubbed her beautiful forehead. As expected, he was here to show off!

Lin Yi chuckled to himself-was this guy a poser too?

Zhen shamao had just left, and now Shi Yucai was here. The atmosphere in Tianxia college was a little strange!

However, Shi longcai's level of posturing was clearly much higher than Zhen shamao 's, and she wasn't as obvious or forceful.

"Dean Shi is too humble. It's my honor to know an array Dao genius like you. If there's a chance in the future, we can discuss it together!"

Lin Yi ignored all the bullsh \* t-he really did like this Grandmaster, and wanted to get to know him and share some of his experiences with formations.

After all, this damned thing didn't know much about the sub island's formations. Lin Yi only got to where he was by himself.

In the future, if there were people to communicate with, there might be even greater improvements.

As for whether Shi tiancai was acting cool or not, Lin Yi didn't really care. He'd just take it that Shi tiancai was telling the truth.

After all, Lin Yi judged others by his own standards-when he spoke the truth, people would think he was acting cool.

Perhaps brother Shi longcai was in the same situation.

He had clearly told the truth, but he was secretly called the head of posturing.

"Haha, if Dean Sima is interested in array Dao, I can give you a few pointers! It's a pity that I don't have much interest in alchemy. I've studied it a little before, and it's more or less enough. I don't need to ask Dean Sima for advice. "

Shi chengcai flipped his hair, looking like a master as he laughed heartily. No one knew if he was telling the truth or not.

Lin Yi took it as the truth-he was an all-rounder himself, after all, and it was normal for others to be the same. "So that's how it is. I wonder what grade of Alchemist Dean Shi is?"

"Oh, I haven't taken the test yet, but I'll take it when I'm free!"

Shrugging his shoulders, Shi longcai said this in a casual manner, as if it was very easy to become a Grandmaster Alchemist.

"I'm impressed!"

Lin Yi nodded. This guy wasn't just the head of the show-off gang, he was an old man!

This act of pretentiousness was better than pretentiousness!

Shi chengcai smiled as if she didn't want to talk to Lin Yi anymore. She turned to Ling Yingying, "If instructor Ling has free time, you can also learn array techniques from me. Array techniques are easy to learn but hard to master. Learning some basic array techniques can be of great use at a critical moment. If you can master them, it will be even more amazing."

"To seal the darkness demon beast clan, we need a powerful array master, as well as some ordinary array Masters who have done some basic setup. I feel that there are only benefits and no disadvantages in letting everyone learn some array techniques! That's why I'll do my best to promote the array Dao. If I can start with Dean Sima and instructor Ling, that would be perfect!"

"It's just like how I study alchemy. Although I'm not interested, I feel that if I get injured fighting the darkness magical beasts on the front lines, I can use alchemy skills to save the dying and heal the injured. At the critical moment, I can be of great use!"

With that, Shi shengcai turned to Lin Yi with a smile. "Dean Sima, am I right?"

"There's no mistake!"

Lin Yi nodded in agreement, "Great minds think alike! I forgot to tell you, I've also done some research on arrays. When I have time, I'll also take the test to become an array master! Otherwise, when others call me a Grandmaster of formation techniques, I'll always feel ashamed of my reputation!"

Shi shengcai was stunned. She opened her mouth, but couldn't find the words to say.

Subconsciously, Shi Yucai felt that Lin Yi was lying.

However, Lin Yi was the Dean of Tianxia College's sub-school of alchemy. He wouldn't just talk nonsense, would he?

Even if Lin Yi was just bragging, Shi Yucai couldn't question or expose him.

Chapter 8488

After all, Lin Yi wasn't a small-time manager like Zhen shamao. He was the head of a branch.

Besides, Lin Yi's words seemed to completely agree with Shi tiancai 's.

Ling Yingying didn't know about Lin Yi's knowledge of formations, so she thought that Lin Yi was angry at her.

After some thought, Ling Yingying quickly pulled Lin Yi to the side, worried that Lin Yi would get on bad terms with his colleagues. She reminded him in an extremely low voice, "Big brother Sima, although Shi shengcai likes to show off, what he says should be true. That's why he's known as the king of acting tough in the Academy!"

What?

The king of acting tough?

Lin Yi really wanted to hold Shi tiancai's hand and exclaim-this is fate!

They were connected by fate! Who was the pretentious King or the pretentious leader?

But thinking about it, Lin Yi felt that Shi chengcai was more of a poser, because the guy was a little different from him.

Lin Yi was always forced to act tough, but this brother Shi was the one acting tough on his own initiative.

Just like before, Lin Yi only wanted to discuss formations with Shi wucui on an equal level, to mutually inspire and improve each other, but now the other party wanted to directly impart knowledge on formations.

"En, I know. I, the head of the posturing gang, admit defeat!"

Lin Yi admitted defeat.

Ling Yingying saw that Lin Yi was listening to her advice and had given up on arguing with Shi Yucai, so she quickly prepared to leave to avoid any trouble.

"Dean Shi, big brother Sima and I still have something to do, so we'll take our leave first. If there's a chance, we'll chat again!"

Shi longcai wasn't Zhen shamao. Even if he wanted to chase Ling Yingying, he wouldn't pester her.

He was confident in himself and firmly believed that Ling Yingying would one day throw herself into his arms.

"No problem. If you have something to do, go ahead. We'll all be colleagues in the Academy in the future, and we'll have the chance to meet at any time. There's no rush."

Shi shengcai still had a gentle smile on his face as he politely cupped his hands at Lin Yi and Ling Yingying before turning around and leaving.

To be honest, it was hard for people to get tired of such a person.

Ling Yingying looked at Shi longcai's departing figure and frowned slightly. A hint of helplessness flashed across her fair face.

She didn't hate Shi chengcai, but she didn't have a good impression of him either, so she continued to lead Lin Yi.

"Big brother Sima, we should be able to see director Yan in a while! Director Yan's name was su, which meant su Xuanji, Yan Su! His character is just like his name, simple yet serious!"

Ling Yingying introduced the Dean as they walked, "Director Yan's appearance looks like a skinny old man. He's not eye-catching at all, but he's a real expert!"

"Don't look at how he likes to study. If he really wants to fight, not many people in Feng Qi Dazhou would dare to fight him one-on-one. "He's also the Vice President of the martial Union's combat Association. He doesn't usually take care of things, but he's always the first person to charge into the enemy lines when something really happens. He's never one to fall behind!"

Speaking of this director Yan, Ling Yingying's cold face showed a rare look of respect.

Obviously, in her heart, director Yan was an elder worthy of admiration!

"From what you've said, director Yan must be a good teacher. I've always respected people like him. We'll definitely get along well in the future!"

Lin Yi added.

Ling Yingying's lips curled into a smile. "Big brother Sima is right. Director Yan likes young and promising talents the most. For example, director Shi was actually someone discovered and recommended by director Yan! Big brother Sima is even better than director Shi, director Yan will definitely look at you differently!"

"I hope so. I'll try my best not to disappoint director Yan!"

Lin Yi and Ling Yingying laughed and talked, and the barrier between the two quickly disappeared. They became familiar and close.

Before he knew it, he had arrived at the director's office.

Lin Yi and Ling Yingying asked for an audience with the guards and were quickly welcomed in.

Yan Su gave him face and stood at the door of the study to welcome him, showing her respect.

It seemed like it was just as Ling Yingying had said. Yan Su really valued young talents.

If it wasn't for that, he wouldn't need to treat Lin Yi like that with his status. He should be sitting in his room waiting for Lin Yi to meet him.

"Sima Yi pays his respects to principal Yan!"

"Ling Yingying greets director Yan!"

When the two of them saw the skinny old man at the door, they quickly walked a few steps forward and bowed with cupped fists.

Lin Yi knew that he had to give them face when they gave him face.

"No need for formalities, quickly come in!"

Yan Su smiled and raised her hand to support him.

Just as Ling Yingying had said, he was dressed very simply.

If he walked on the street, he would most likely be thought of as an ordinary commoner, without the aura and posture of the president of Tianxia college.

"This old man has already seen Dean Sima's resume, and it can be said to be quite wonderful! After seeing you in person, you're indeed a young and promising talent. For our Tianxia Academy to have a talent like Dean Sima join us, this old man is truly honored. "

Yan Su smiled as she led the two into the study, complimenting Lin Yi as she did so. She seemed to be in a good mood. "The two of you don't have to be so reserved, just sit wherever you want!"

Lin Yi and Ling Yingying thanked each other and sat down on their own chairs, not at all polite with Yan Su.

"Yingying, has your father fully recovered? I heard that it was Dean Sima who saved her, right?"

After sitting down, Yan Su first asked about Ling lingjiu's situation.

He and Ling lingjiu were considered friends, which meant that he was Ling Yingying's elder. Hence, there was nothing wrong with calling her Yingying. It had a completely different meaning from Zhen shamao.

"Yes, it's all thanks to big brother Sima's help! My father's condition has improved. Although he hasn't fully recovered to his peak state, he's recovering very quickly. I believe that he'll be fully recovered after a few more days of rest. "

Ling Yingying respectfully answered Yan SU's question in a simple and clear manner.

"That's good! I've been worried about his condition the whole time, it's great that he's fully recovered!"

A gratified smile appeared on Yan SU's old face. She was very kind and did not look serious at all.

Perhaps, this old man would not be serious when it came to people he admired. He would only be serious when it came to work.

Immediately, Yan Su changed the topic to Lin Yi, "Dean Sima really has real talent. We've all gone to check on Yingying's father's illness, but we were helpless and couldn't find the root cause."

"In the end, you cured the disease as soon as you came. This method is really extraordinary! Also, when you were in the Wutong continent, you also took the first place in the Academy's assessment. This old man also carefully looked at the assessment records at that time. You really are a top talent! I don't know how the Wutong continent was willing to let you go, but we've taken advantage of you!"

Yan Su had obviously done her homework, knowing Lin Yi's background like the back of her hand.

Chapter 8489

And so, after getting a talent like Lin Yi, Yan Su laughed out loud, clearly in a good mood.

Her gaze towards Lin Yi was also gentle, not as serious as Ling Yingying 's.

"Director Yan, you're too kind. I was just lucky. I don't deserve your praise."

Lin Yi said humbly.

At least, Lin Yi had a pretty good impression of old man Yan Su!

This old man was a world of difference from the Dean of the naduo branch Alliance Academy.

The Dean from before didn't even have a clear understanding of Lin Yi's actual situation, and he'd started picking on Lin Yi on his own.

However, Yan Su was different. She was very serious about things.

If Yan Su didn't mention it, Lin Yi wouldn't even know that his resume was this outstanding.

However, Lin Yi's politeness made Yan Su unhappy!

"What's there to praise? This old man is usually very serious about everything! I've never complimented anyone for no reason, and everything I say is the truth. Are you suspecting that I'm spouting nonsense?"

Yan SU's sudden stern face really scared Lin Yi!

Lin Yi didn't know what to say-it was just a courtesy, did she have to be so serious?

As expected, Ling Yingying wasn't lying. Yan Su was really serious!

"Director Yan, big brother Sima is just being humble. Why are you so serious? No one will say that you're talking nonsense!"

Ling Yingying knew that Yan Su wasn't really angry. This old man's personality was always like this, so she quickly put on a smile and tried to persuade her.

They laughed and chatted for a while before the topic returned to Lin Yi.

"Dean Sima, I heard that you went to the martial Alliance's headquarters yesterday. Have you finished your registration? Also, the Dean of the alchemy sub-school will also be the Vice President of the alchemy Association. Have you settled that?"

Yan Su knew that Lin Yi went to martial Union's headquarters yesterday, but she didn't know how things went.

Lin Yi didn't really care about what happened yesterday, so he didn't hide it, "The registration is done. However, the position of the alchemy Association's Vice President is canceled."

"Why? Are you not willing to be the Vice President of the alchemy Association? Actually, if you think it's troublesome, you don't need to be in charge, just put up a name. "

Yan Su was surprised at first, but she thought that she understood what Lin Yi was thinking. She shook her head and laughed, "I also think that the Vice President of the combat Association is troublesome. It's still there anyway. I just have to ignore it."

"Director Yan, you've misunderstood. It's not that I don't want to trouble you, but the Grand Elder of the alchemy Association, who is also the head of the Ouyang family, is called Ouyang kuantian, right? He said that I'm not qualified, so he doesn't agree to me being the alchemy Association's Vice-President. "

Lin Yi shrugged casually and smiled. "It just so happens that I'm not too interested in the vice president's position, so I'll just let it be!"

"What? Ouyang cuantian actually dared to disagree with you becoming the alchemy Association's Vice President? Did he really want to soar into the sky and stand shoulder to shoulder with the sun? He's rebelling!"

Yan Su was furious all of a sudden, and her originally kind old face instantly turned ferocious!

The little old man's fiery temper exploded at the slightest hint. "This is simply preposterous! It's our choice if we don't want to be one. What right does he have to deny it? If you think it's too troublesome, you can ignore it, but he can't deny this!"

"The Dean of the alchemy sub-school naturally holds the position of the alchemy Association's Vice President. This is a rule that has always been set by the continental martial Alliance! The honor is ours, and it's up to us to decide whether we want it or not. Who does Ouyang chuantian think he is to dare to talk nonsense here?"

At this point, Yan Su suddenly stood up and rushed out, ""Dean Sima, just you wait, this old man will seek justice for you! Ouyang cuantian is really blind, he dares to bully my Academy's people, does he think that this old man doesn't have long to live?"

Before he could finish, he had already disappeared, leaving only his voice echoing in the distance.

Lin Yi didn't know what was going on, not understanding why Yan Su exploded.

Isn't it just a title of the alchemy Association's Vice President? what's so great about it?

Was there a need to be so angry?

Ling Yingying turned pale with fright and exclaimed, "Shit! Something big was going to happen! Big brother Sima, let's hurry up and catch up. We must stop director Yan!"

"What's wrong? Even if director Yan went to the alchemy Association to reason with them, they wouldn't end up fighting, right?"

Lin Yi was a little confused-there was no need for Ling Yingying to be so nervous, was there?

Even if they were to fight, it would not be a big deal.

It was common for martial artists to fight and learn from each other. At most, director Yan's actions would be a little bigger.

"If it's just a fight, then it's nothing! Let's hurry up and leave, I'm afraid it'll be difficult to clean up if things get out of hand!"

Ling Yingying's face turned pale, and she didn't have time to explain. She grabbed Lin Yi and chased after them.

Lin Yi was troubled, but he had no choice but to speed up.

However, no matter how fast Ling Yingying was, it wasn't that fast. She was running with all her might, while Lin Yi was leisurely walking on the side. It was obvious that he still had a lot of energy left.

"Big brother Sima, don't worry about me. Hurry up and catch up with director Yan first. Don't let him make a big deal out of this."

Ling Yingying quickly ordered when she realized that Lin Yi was still holding back his strength.

Lin Yi didn't think much of it-how big could this be?

No matter what, Yan Su was still the Dean of Tianxia Academy and the Vice President of the combat Association. She had a close relationship with the martial League.

No matter how much of a B \* stard the alchemy Association was, they shouldn't have made such a big deal out of it.

"Okay," Lin Yi agreed, leaving Ling Yingying behind as he sped away.

Ling Yingying was dumbfounded when she saw Lin Yi suddenly increase his speed by several times.

She thought that Lin Yi was only good at alchemy, but she didn't expect his speed to be this shocking as well!

With this speed, there probably wouldn't be more than two digits of people who could be faster than Lin Yi in the entire Feng Qi continent.

Ling Yingying wasn't the only one exclaiming in admiration. Lin Yi sped up and reached the alchemy Association in no time.

In the end, he could see from afar that the alchemy Association's main door and signboard had already been torn down and smashed into pieces!

Lin Yi was speechless.

It seemed that he had been wrong!

This director Yan ... Was he really that powerful?

Lin Yi thought that Ling Yingying was afraid that the people from The Alchemist Association would bully Yan Su, but he was wrong.

Not only did Yan Su knock on their door, she even tore down the door. Furthermore, the alchemy Association's big signboard was also smashed into dust. If this matter was to be called small, it was really not small!

Not only that, but director Yan had already grabbed the president of the alchemy Association and was ready to beat him up.

Yan SU's figure was short and thin. The president of the alchemy Association was taller than director Yan by more than a head, and his body was also much wider.

Chapter 8490

In the end, the tall one was lifted up by the thin old man by his collar, and he looked like he was about to cry.

"Director Yan, what's wrong with you? How did this junior offend you? Let's talk this out and not fight, okay?"

The position of the alchemy Association's President was not inferior to Yan Su 's. However, his seniority could not be compared to Yan Su' s. Therefore, he did not dare to resist at all.

Of course, even if he wanted to resist, he was not Yan SU's match.

The more he resisted, the more humiliation he would suffer. What could he do? He could only give up on the treatment!

"Now you know to talk things out? When this old master told you to talk nicely, did you?"

Yan SU's face was cold. She raised her fist and was about to punch him. If he had anything to say, he would beat him up first.

At this time, Lin Yi rushed over and tried to persuade him, ""Director Yan, don't do it yet. President Liu of the alchemy Association didn't make things difficult for me. He had already agreed to let me be the alchemy Association's Vice President."

When guild leader Liu saw Lin Yi, he immediately understood why Yan Su was here.

Was she here to stand up for Lin Yi?

Although guild leader Liu didn't know what Lin Yi's relationship with Yan Su was, he knew that Lin Yi couldn't afford to offend Yan Su, so he quickly took the opportunity to step down.

"Yes, yes, yes. Director Yan, are you here for Vice President Sima? You really can't blame this junior for this! This junior would very much welcome a talent like Vice President Sima to join, but since the Grand Elder didn't agree, this junior couldn't do anything about it!"

This guy decisively threw the blame on Ouyang kuantian. In his heart, he was also complaining about Ouyang kuantian. Wasn't he just looking for trouble?

Putting aside the fact that Ouyang cuantian had given up his position and not given up his authority, he, the president of the alchemy Association, was no different from a puppet. He had long been dissatisfied with Ouyang cuantian!

If guild leader Liu were to take the blame for Ouyang cuantian and go against Yan Su, sorry, there was no way he would do that!

Yan Su thought that it made sense. Lin Yi said that it was Ouyang cuantian who was in the way, but he was too angry, so he went to the alchemy Association and started yelling.

Now that he thought about it, it was better to capture Ouyang cuantian to settle the score.

"Alright! I'll spare you for now since Dean Sima has pleaded for you. Hurry up and call Ouyang cuantian out. If you don't give me an explanation today, I'll tear down your alchemy Association!"

Yan Su threw guild leader Liu aside and glared at him in an aggressive manner, ""Quickly go and call for help, don't delay. This old lamp Ouyang has forgotten the pain after his scar has healed. He doesn't remember being hung up and beaten by this old man back then, right? It seems like I'll have to help him reminisce about his youth today!"

Guild leader Liu smiled bitterly.

This was a fight between Immortals, and the mortals suffered!

As a mortal, he really couldn't stand it, so after respectfully agreeing, he quickly went to find Ouyang cuantian.

In fact, Ouyang cuantian had already received the news. However, Yan Su had indeed beaten him up in the past, so he was a little afraid of Yan Su from the bottom of his heart. When he knew that it was old man Yan who had come to find trouble, he had already fled.

He would definitely not show himself if he could!

However, he couldn't hide anymore. Yan Su had specifically asked him, Ouyang kuantian, to come!

If she still dared to avoid him, Ouyang cuantian was sure that Yan Su would really tear down the alchemy Association!

Of course, the alchemy Association was the martial Union's territory. If it was demolished, so be it. Ouyang chuantian would not feel any heartache.

However, he was worried that after Yan Su demolished the alchemy Association, she would also demolish the Ouyang family. If that happened, there would be no one to reason with!

He had no choice but to come out and meet her!

"Hahaha, director Yan, what brings you here? What a rare guest!"

As soon as Ouyang cuantian came out, he tried to ease the atmosphere with his old face.

However, Yan Su did not buy it at all. She sneered, ""You're the one who went crazy, so you pulled me out! If you can't give me a satisfactory explanation, I'll make your whole body Twitch!"

"Uh,"

Ouyang chuantian laughed drily and looked at Lin Yi with hatred in his eyes, "We're all old friends, and you're already so old. Why are you still so angry? Was there a need to? What made you so angry? Let's hear it!"

Old Deng had already guessed that Yan Su was standing up for Lin Yi, but he didn't point it out.

"You know the answer, but you still ask! Forget it, I'll explain it to you so you won't be unconvinced!"

With that, Yan Su pulled Lin Yi over and looked at Ouyang cuantian coldly, "You've all met Sima Yi, so I won't introduce you!"

"He's the newly appointed Dean of Tianxia College's alchemy sub-school. As everyone knows, the Dean of the alchemy sub-school automatically holds the position of Vice President of your alchemy Association!"

"It's not that we want to take up the position of Vice President, but it's a rule set by your martial Alliance headquarters. What, are you going to overturn this rule now?"

"Who gave you the authority? Tell me, and I'll go ask him! If you can't tell me, then you're the one who's been messing around. Don't blame this old man for being impolite today!"

Although Yan Su seemed to be reckless, smashing and causing trouble, she was very reasonable!

Therefore, even the Great Hall Master of the martial Alliance couldn't do anything to him.

Although Ouyang cuantian was a little afraid of Yan Su, he refused to admit defeat. So, he straightened his neck and argued, ""That's the rule, and we're not going to overthrow it! However, the president of the alchemy sub-school and the Vice President of the alchemy Association have always been positions that only alchemy grandmasters are qualified to hold!"

"I don't care what your Tianxia college does, but I have to be strict with the alchemy Association! It's true that Sima Yi is a genius, but I'm not sure if you've read his resume in detail. He doesn't even have the qualifications to become a pill refining Grandmaster!"

"Don't even talk about alchemy Grandmaster, he doesn't even have the qualifications to be an Alchemist!"

"A person who has never participated in an assessment, you say that you want to be the alchemy Association's Vice-President, how can the people below be convinced? The people of the world will be convinced?"

"Director Yan, we won't stop you if you're willing to let someone be the Dean of the alchemy sub-school, but if you want to force such a person with no qualifications to be the Vice President of our alchemy Association, we will definitely not agree!"

Ouyang cuantian said passionately.

To say that he was being unreasonable, it did make some sense.

However, guild leader Liu looked at Ouyang kuantian with a hint of hidden bitterness. He thought to himself, "you can just talk about yourself, why are you talking about us?" I can actually agree to it!

"Bullshit! What was so important about a mere aptitude? As long as there's no problem with your ability, it's fine, right?"

Yan Su was furious. She glared at him and scolded, "trash like you do have the title of a Grandmaster Alchemist. But so what?" In the face of true difficulty, what use is a useless alchemy Grandmaster like you! For example, Ling lingjiu was almost killed by you, and you still say that she won't live for more than a day!"
