

Bodyguard 8511

Chapter 8511

Ouyang cuantian was slightly startled. He immediately gave a fake smile and said, "That's not true. Dean Sima is young and a super genius. He's a bit arrogant, but he's not arrogant. I don't have any conflicts with him."

He wasn't familiar with the patrol envoy, and only God knew what the other party wanted to do. He definitely wouldn't take the initiative to reveal his bottom line.

Especially since he wanted to set Lin Yi up in the dark, he couldn't let people talk about him.

"Grand Elder Ouyang is truly a generous elder! Actually, I've heard about Sima Yi taking the diamond rank alchemy Grandmaster test. If you're saying that he's just proud and not arrogant, then Grand Elder Ouyang is really broad-minded. "

The patrol envoy smiled meaningfully, ""I'm not one to pick a fight, but if it were me, I definitely wouldn't be able to stand it!"

Ouyang cuantian's expression froze, and he couldn't help but narrow his eyes.

In his heart, he was calculating what the patrol envoy meant. After some thought, he asked, ""So what if I can 't? Now that he is the Vice President of the mainland alchemy Union, his position is higher than mine. I have no choice but to bow my head!"

The old thing was still unwilling to give up, but he also tactfully showed a trace of unwillingness.

Both sides began to test each other.

In the end, it was still the patrol envoy who laughed and made things clear. "Grand Elder is too humble. In fact, I've always admired Grand Elder, but I've never had the opportunity to befriend you. This is a good opportunity."

"That brat Sima Yi is so young, yet he doesn't care about us seniors. If this continues, will we still have a place in the future?"

"With the Grand elder's ability, this Alchemist test should be able to cause some trouble for Sima Yi. I will be there to supervise. If Sima Yi does anything against the rules ... Haha!"

One didn't have to say too much. One had to listen to the sound if one wanted to be obedient. Ouyang cuantian understood from that "hehe" that he smiled.

He didn't know why the inspector wanted to team up with him, but since both sides had the same intention, it was a good deal!

Soon, the day of the apothecary examination arrived.

Lin Yi had completely established himself in the school, and he'd attended a few classes himself, gaining the respect of many students.

Qin mengzhen and the other four little ones were also arranged to study in the alchemy sub-school.

With Lin Yi's personal teaching, they could do whatever they wanted with their classes.

Fei daqiang and Zhang Yiming bought a house outside of the school and were still running some business. Lin Yi didn't want to bother.

Anyway, with the combination of a business genius like Fei daqiang and an intelligence genius like Zhang Yiming, they wouldn't lose anything.

"Dean Sima, there are a total of sixty-eight students taking part in the assessment this time. They've already gathered and are waiting. Will the Dean personally bring them to take part in the assessment?"

MA shenxiang came in to ask Lin Yi. It was already decided, and he wanted to confirm it.

"Yes, I'll go there personally!"

Lin Yi stood up and walked out. Who knew what Ouyang laodeng would do if he didn't go?

"Good day, Dean!"

Sixty-eight students were already waiting outside, greeting Lin Yi in unison.

Their eyes were filled with unconcealed respect.

The youngest Diamond Grade Alchemist in the continent, the real deal!

To these alchemy apprentices who had not yet become official alchemists, they were naturally like idols!

There were some fangirls who were Shi tiancai's fans before, but now Lin Yi had become the idol of all the students in the alchemy School, regardless of gender!

"Hello, everyone! Today is an important day for everyone, and I believe that you will definitely achieve good results. I wish everyone success and victory! Let's go!"

Lin Yi didn't need to go into a long speech-two simple sentences were enough to get the students "attention.

The group of people rushed to the alchemy Association.

There was already a test site prepared, and when Lin Yi and his men arrived, the first hall Master, inspector, and the higher-ups were already there.

Tianxia College's pill refining division's Student Assessment was indeed very important.

Even Lin Yi and Shi tiancai's Grandmaster examination didn't attract this many big shots.

It was clear how much importance the martial League placed on the cultivation of the younger generation.

Liu yedao very consciously put himself in the position of a subordinate and greeted Lin Yi respectfully, "Vice guild leader Ouyang, this way please. The head Hall Master and the patrol are both here."

Next to it was a high platform like a rostrum, with neatly arranged tables and chairs.

With all the big shots on top, willow leaf Dao wanted Lin Yi to join in.

The first hall Master and the others didn't get off the stage, but they all cupped their hands and greeted Lin Yi.

No matter what they thought, they were all very concerned about their face.

Other than Paddy coming down to welcome Lin Yi, Ouyang kuantian followed behind.

Before Lin Yi could say anything, he put on a fake smile, "Vice President Sima or Dean Sima? I wonder what identity you're using today? If you're the Vice President of the mainland alchemy Union, please go on stage to attend the ceremony! If you're here as the head of the alchemy sub-school, it's not appropriate for you to go on stage. "

Lin Yi didn't really care if he went up or not.

Since he had brought a team to participate in the assessment today, of course, he had to use his identity as the Dean of the alchemy sub-school.

"I'm here as the Dean of the alchemy sub-school, so I won't disturb you on stage!"

Lin Yi glanced at him indifferently before directing the students to their seats.

Willow rice was a little embarrassed. He felt that he had flattered the wrong person ...

He was still grumbling at Ouyang kuantian, but he put on a smile and ran around helping Lin Yi arrange the students.

"Dean Sima, today's examination questions are basically the same as the previous Grandmaster examination. The first round is to use alchemy fire to purify the medicinal ingredients, the second round is to identify the medicinal pill, and the third round is to complete the medicinal pill formula. The question is still Ouyang chuantian's emergence, but this subordinate has the right to veto!"

The students were almost done with their arrangements, and willow leaf rice whispered to Lin Yi, "If you feel that there is something wrong with Ouyang chuantian's question, you can send me a signal at any time, and I will definitely reject it!"

Most of the power in the alchemy Association had already returned to the hands of the president, willow leaf rice. However, The Alchemist examination questions had always been in the hands of the Grand Elder.

As a sign of respect to the Grand Elder, the Willow leaf rice could not be taken back immediately, but it had the right to veto the question.

Lin Yi nodded.

This was only an Alchemist test, and willow leaf rice had the right to veto, so Ouyang cuantian probably wouldn't ask for a snub.

"You should go back as well. The president of the alchemy Association needs to have a certain amount of dignity. Don't let Ouyang cuantian have the chance to regain his power!"

"Yes, thank you for your advice, Sir. This subordinate will go back now!"

Willow rice bowed slightly and cupped his hands in respect, then returned to the stage and sat down.

Chapter 8512

"Fellow students, this isn't the first time you've come to take the examination. There's no need for this seat to explain the rules. You should all know that regardless of whether you're an apprentice apothecary or an apothecary, it's the same!"

Ouyang chuantian coldly glanced at willow leaf Dao. He stood up and stood in front of the students of the alchemy sub-college,"

"From an apprentice apothecary to an apothecary, it is a qualitative leap. I hope that all of you will buck up and not slack off. If you fail this time, you will have to wait two years before you can take the apothecary examination again!"

Unless one of these students had extraordinary talent and could directly take the test to become an alchemy Grandmaster.

The problem was that if he couldn't even pass The Alchemist test, how could he become an alchemy Grandmaster!

"This assessment will be divided into three rounds. The full score for each round is ten points, and the total score for all three rounds is thirty points. Whether you pass or not will be judged based on the

number of points. If you get zero points in any of the three rounds, you will be considered to have lost. You must take note!"

Ouyang cuantian said as he scanned the students below. The corner of his mouth revealed a very difficult to detect sneer.

This time, Ouyang cuantian wasn't the only one to get the score. Instead, the five alchemists from the alchemy Association formed a panel of judges. After scoring all the points, the average score would be the final score.

Liu yedao thought that with Lin Yi's support, he'd regained control of the alchemy Association, but it wasn't that easy.

Ouyang cuantian had been in the alchemy Association for many years. He did not dare to say that the entire alchemy Association was a piece of iron. However, he definitely had more trusted aides than willow leaf rice!

For example, among the five judges, only two were Ouyang cuantian's people, and the other three were people arranged by willow leaf rice.

However, what willow leaf rice didn't know was that those three people were originally people that Ouyang cuantian had secretly arranged to be by his side!

Unless the Willow leaf rice could cleanse and replace the blood of the entire alchemy Association, it would not be able to escape from Ouyang kuantian's hands!

It was not something that could be done in a short period of time if he wanted to truly hold power.

"Alright, I'll cut to the chase. Next, we'll officially begin The Alchemist test. The first round is to use alchemy fire to purify the medicinal ingredients. The medicinal ingredients will be sent to everyone immediately."

Ouyang cuantian said as he raised his arm and clapped twice.

The people from the Alchemy Guild quickly distributed the medicinal herbs for the assessment.

Liu yedao looked at Lin Yi subconsciously, wondering if Lin Yi would be unhappy with the question and reject it.

Lin Yi didn't say anything, so he turned his attention to the herbs.

Before the question was revealed, the Willow leaf rice plant had no way of knowing the details, but now they knew.

The ingredients for the first round were very common, and they were very suitable for advancing from an apprentice apothecary to an apothecary.

Lin Yi didn't have a problem with that-there was no need for the test today if he were to object.

The sixty-eight students each condensed their pill fire and began to refine the medicinal ingredients.

As expected of the students of Tianxia College's alchemy division, each of them had extraordinary talent and successfully completed the extraction process.

The five judges gave their scores very quickly. In the end, the average score of all the students exceeded five points.

Even if it was measured by the standards of the entire Alchemist system, it was still considered a good performance.

"The second round is to identify the pills. All of you will step forward and observe the pills. You are not allowed to touch them, only observe and smell them! Then, write down the name and usage of the pill. If you can write down the medicinal herbs used, you will get bonus points. "

Ouyang cuantian announced the start of the second round in a very normal manner.

This time, it wasn't difficult to identify the pills. The appearance of the pills had been modified. They looked very ordinary, but the taste had not changed.

Lin Yi could tell what pill it was from the scent alone.

No traps?

Lin Yi looked at Ouyang cuantian suspiciously.

Would this old Deng really obediently allow this assessment to be completed smoothly?

Perhaps he was indeed worried about the first hall Master and the patrol envoy, so he didn't dare to play any tricks?

No matter what, passing the test was something Lin Yi was happy to see.

This was an important moment for the students, and it would be best if there was no trouble.

Soon, the second round was over. This time, the score was slightly lower.

However, the average score of the students was still above three points.

For the lowest bronze Alchemist, as long as they didn't get zero points in the last round, everyone would have passed!

"The third round, complete the pill recipe! This is the last round. Everyone's performance was very good earlier, so we must continue to work hard in the end. I represent the alchemy Association and welcome more alchemists to join us!"

Ouyang chuantian's face was expressionless, as if he had no selfish motives.

Lin Yi frowned. He felt that something was wrong, but he didn't know what it was!

Since he couldn't figure out what was wrong, he could only deal with it.

After Ouyang cuantian finished speaking, he hung up an incomplete pill formula.

There was only a single word "clear" in the pill recipe's name, and the medicinal effects only had a simple description related to meridians.

Then, there was a complete list of six medicinal herbs, as well as some incomplete parts.

Lin Yi took a look and frowned.

This incomplete pill formula didn't seem to be difficult.

With the six types of complete medicinal ingredients, in addition to the slightly vague description of the medicinal effects, he could actually deduce a lot of information.

Did Ouyang cuantian really not intend to play any tricks? Could he have misunderstood this person?

Very quickly, the students had already started writing to complete the pill formula.

Lin Yi used his spirit sense to scan the area-most of the students were writing down the recipe.

This was not a precious pill formula. Even the lower-level alchemy apprentices would learn the meridian cleansing pill's pill formula, let alone the outstanding ones in these Academies.

From the conditions given, the incomplete pill formula completely matched the characteristics of the meridian cleansing pill.

Lin Yi's brows, however, were furrowed even deeper.

It was wrong!

This matter was indeed not quite right!

Lin Yi looked up at the Willow leaf rice, wanting him to reject this incomplete recipe.

However, Ouyang chuantian seemed to have seen through Lin Yi's thoughts and cut him off.

"Hahaha, guild leader Liu, we're still working together quite well today. You didn't even object to the questions that I've set, and the students have already started to answer them. Your last chance to object has already passed. Don't you feel bored just sitting here and watching?"

"Why would I be bored?" willow leaf rice laughed. I'm very happy to see that the children are so outstanding and that our alchemy Association has a worthy successor. The Grand elder's questions are all standard, so what reason do I have to object?"

Ouyang cuantian's words had blocked the Willow leaf rice plant's way of opposing the question.

Now that the Willow leaf rice had fallen into his trap, Ouyang laodeng laughed even more proudly.

Lin Yi's face darkened-there was something fishy about this incomplete recipe!

This was because the meridian cleansing pill's recipe was simply too simple. He could only barely pass the diamond apprentice Alchemist test.

However, using the meridian cleansing pill as the topic of the apothecary examination was really not right!

Chapter 8513

In fact, other than the meridian cleansing pill, there was another pill formula that completely fulfilled the conditions of the incomplete pill formula.

The name of this pill recipe was the channel opening pill!

This was a pill recipe that only alchemists who were at least gold rank could refine. It was very rare for apprentice alchemists to come into contact with it.

Even if they had come into contact with this pill formula, because it was relatively unpopular and was far less basic than the meridian cleansing pill, few people would think of it.

Therefore, when people saw the incomplete pill formula, most of them would think that it was the meridian cleansing pill and would not think of the meridian opening pill.

This was indeed a trap!

The names of the two pill formulas were somewhat similar, and some of the supplementary medicinal herbs did overlap.

For example, the complete names of the six medicinal herbs. Other than that, there was no other similarity!

In terms of medicinal effects, the meridian cleansing pill was only used to clear the impurities in the meridians. It was a completely low-end supplementary pill.

The channel opening pill, on the other hand, was a cultivation pill used to open up one's channels. The two of them could not be mentioned in the same breath.

It was too late to stop them now. Lin Yi knew it was a trap, but he could only watch as the students jumped in.

He could only think of a way to solve the problem after the event.

"Alright, Time's Up. Everyone has finished answering, so hand in the completed pill formulas!"

When Ouyang cuantian's time was up, he couldn't help but reveal a proud smile and let the people receive the answers.

The five Alchemist judges quickly went through the answers of all sixty-eight people and then gave the final result without any expression.

Zero points!

Sixty-eight people, all zero points!

The students who were waiting for the results were in an uproar!

"What's going on? Why was it a zero? Let's not talk about a perfect score, no matter what, it can't be a zero!"

"Why is it like this? Give us an explanation! Why do we all get zero points?"

.....

The students were all furious.

It was only the recipe for the meridian cleansing pill. Who wouldn't know it?

He wrote it out so easily that he would feel ashamed if he didn't get full marks. What did he mean by giving a zero?

Moreover, it wasn't just one that gave zero points, but all five of the judges gave zero points!

"Silence!"

Ouyang cuantian stood on the stage and shouted with authority, instantly suppressing the students "dissatisfaction.

Then, he swept his cold eyes around, completely suppressing the sixty-eight students with his aura.

"None of you can answer the questions I set, and you still have the face to make a fuss? What are you guys thinking? What kind of place did he think this was? A wet market?"

"Grand Elder Ouyang, if the students feel that it is unfair, can't they express their opinions? So what if it's the alchemy Association? they don't even give people the freedom to speak?"

Lin Yi had to stand up for the students.

Even though he knew it was a trap, he still tried to argue. "Then I wonder if I have the right to speak?"

"Of course Dean Sima has the right to speak. However, if you also want to ask why, this Lord is looking down on you!"

Ouyang chuantian's face was filled with ridicule as he snapped his fingers at the five alchemists from the judging panel, ""Show Dean Sima the standard answers that this seat gave you and the students" answers before the end. After Dean Sima reads them, he should be able to understand why they could only get zero points. "

Ouyang cuantian had given the judges the channel opening pill's recipe, which was why all the students from the alchemy division had been annihilated.

The five judges were all people he had arranged, so they would definitely not say anything wrong.

Lin Yi smiled coldly and waved his hand."You don't need to look at it. At most, you'll just use the channel opening pill's recipe as your answer and say that my students 'answer was wrong!"

It was obvious-Lin Yi didn't need to look at the standard answer.

"Hehe, it looks like Dean Sima understands! Then I don't need to explain anything, as long as you understand this!"

The sixty-eight students were dumbfounded. Channel opening and Meridian clearing pill? Wasn't it the meridian cleansing pill?

What the f * ck!

Some of the students who had seen the channel opening pill thought back to it. Indeed, the incomplete pill formula was perfectly compatible with the channel opening pill without any flaws.

However, it was also a perfect match for the meridian cleansing pill!

Ouyang cuantian seemed to have seen through the students "dissatisfaction and continued to smile,"The meridian cleansing pill is only a pill formula for apprentice apothecaries. Do you think that I would use such a pill formula that does not require much skill as the final question in The Alchemist test? Just thinking about it was impossible! You children are too naive!"

He was speechless!

All the students were speechless.

Thinking about it, this was indeed the case. How could an apprentice apothecary's questions be used in an apothecary examination?

It was so easy that it was obviously going easy!

"Dean Sima, the children won't be able to pass this time. We can only wait for two years and teach them well next time. Don't make such low-level mistakes again!"

Ouyang cuantian was extremely pleased with himself as he started trying to drive a wedge between Lin Yi and the students. "Children, don't blame your Dean. After all, he is also very young, and he was directly assessed as an alchemy Grandmaster. He has not experienced these low-level assessments, so he can not give you much experience and guidance! To be honest, Dean Sima really isn't suitable to lead you to take the assessment. "

"If Vice Principal MA shenxiang was the leader, he might have been able to warn you in time and prevent you from making such a mistake. Don't be discouraged. You are still young. You will have plenty of opportunities in the future!"

"Grand Elder Ouyang, have you forgotten the mistake you made?" Lin Yi's eyes turned cold. Didn't you say that apprentice level pill formulas aren't suitable to be used as test questions?"

"I don't think so? Since there was no special explanation, why couldn't the meridian cleansing pill's pill formula work? The hint you gave was completely in line with the meridian-cleansing pill. Why did you say that the pill would get zero points?"

"You're deliberately misleading the students. It doesn't conform to the rules of the question setting. You're the one who made a mistake. If you want to use the channel opening pill as the topic, you should have used some of the ingredients for the channel opening pill. Even if it's just a special ingredient, it wouldn't mislead the students!"

"What's done can not be undone, so let's cut to the chase. The meridian cleansing pill matches your question perfectly, so it can't be considered a mistake. Therefore, for the third round of the assessment, any student who answers the question must be given points based on the correct answer!"

Lin Yi's words were reasonable.

It was like when you asked the question to start with the word "one" and didn't say anything else. Then, no matter if my answer was smooth-sailing, a setback, or a total failure, it would be the correct answer.

What right do you have to say that the standard answer is "one man can hold out against ten thousand men" and that the rest are all wrong?

There was no reason for the answer person to bear the responsibility for the question setter's mistake. This was playing hooligan!

Ouyang cuantian was going to act like a hooligan today. His face became serious as he coldly said, "This seat has already set the standard answer, and it is one that is compatible with the apothecary examination. A wrong answer is a wrong answer. There is no reason to say that this year's apothecary examination has been completely wiped out!"

Chapter 8514

"Dean Sima, please conduct yourself with dignity and don't be unreasonable here. Remember that you're the teacher of the students and must lead by example. You can't pass on these bad habits to the children!"

Ouyang chuantian said proudly.

Willow rice couldn't stand it and stepped forward, "Grand Elder, this seat also feels that this round's results can not be calculated this way. This question is indeed problematic. Since there's a dispute, why don't we come up with a new question for the third round of assessment!"

"Shut up! Guild leader Liu, why didn't you object to this topic? Did you fail your duty here? Since you didn't say anything in advance, why did you come and join in the fun after that?"

Ouyang cuantian glared at him and immediately retorted, ""It's the judges who are giving marks now. Do you think that the judges are giving marks normally? Do we need to change the result?"

Those five alchemists were all people arranged by Ouyang cuantian, so they naturally wouldn't undermine him. The five of them shook their heads in unison, "I don't need to!"

Liu yedao was stunned, and finally understood that the person he arranged was not one of his own ...

"Dean Sima, as you can see, the jury doesn't think there's a need to change the results. Do you have anything else to say?"

Ouyang cuantian grinned as he looked at Lin Yi, his face asking for a beating.

Lin Yi hmphed coldly and turned to the head and the inspector. "Do the two of you also think that this result is correct? Don't you think this is unfair to the students?"

These students clearly had the strength of an Alchemist, yet they had to delay two years for such a laughable reason, simply preposterous!

The head Hall Master and the patrol exchanged a look and said in unison, ""I don't think it's a problem!"

Then, the first hall Master added, ""Under normal circumstances, we will respect the opinions of the judges. After all, we are only here to supervise. We can make suggestions, but the decision is in the hands of the judges."

This was just an excuse. There was no sincerity at all. It was too perfunctory.

Yet the inspector just had to nod in agreement, which made Lin Yi feel a little weird.

He couldn't think too much about it now, so he nodded. "In that case, as the Vice President of the alchemy Union of the continent's martial Alliance, I would like to question the results of this assessment and review it!" The elder said.

Putting on the identity of the Alchemy Guild was enough to change the outcome.

Lin Yi was determined to turn the tables today-he'd be letting down the sixty-eight students who believed in him!

In the end, Ouyang cuantian just chuckled.

Lin Yi's status as a member of the martial Alliance was already in his mind. How could he ignore that?

"I'm sorry, Dean Sima. Today, you're here to take part in The Alchemist examination as the Dean of the alchemy division. According to the rules of the martial Union, those who take part in the examination as the Dean of the alchemy division will be automatically blocked from the martial Union."

"So, in this assessment, you can only be the Dean of the alchemy sub-school and can not use any other identity from the martial Alliance. Naturally, you have no right to review this assessment."

Lin Yi raised an eyebrow, remembering that Ouyang kuantian had asked him what identity he had!

If it was the Vice President of the alchemy Union, he could sit on the stage. If it was the president of the alchemy sub-school, he could not go on the stage.

It turned out that it wasn't a matter of going on stage at all, but was completely waiting to screw him over!

"There's such a saying?"

Lin Yi looked at the two.

The two of them remained silent and looked down, not intending to interfere. It seemed that they had tacitly agreed that such a rule did exist.

"Even if I can't do it today, I will still review this assessment when I can use my identity as an Alchemist guild member!"

"Dean Sima, I'm afraid you really don't understand. In this assessment, your position is already that of the Academy's Dean. No matter how much time has passed, as long as it involves this assessment, your position will not change. Do you understand?"

Ouyang chuantian proudly raised his chin at Lin Yi and pointed his nose at him, making a provocative gesture.

Lin Yi wasn't going to let him have his way-he was really pissed off, and he flashed to Ouyang kuantian's side and slapped him across the face, sending him flying off the stage and into the dirt.

"Sima Yi, how dare you attack the alchemy Association's Grand Elder in public? no matter how high your status is, you can't do this. First hall Master, patrol, you've seen it for yourself. You have to help me!"

Ouyang cuantian didn't suffer any major injuries, but he looked a little miserable.

The old man seized the opportunity to act pitiful.

At such an old age, she really threw caution to the wind, crying and complaining in front of the head Hall Master and the patrol envoy.

The patrol envoy's face fell, and he slapped the table and stood up. "Sima Yi, you're too presumptuous. Even the Vice President of the alchemy Union of the continental martial Alliance can't publicly humiliate the Grand Elder of the alchemy Association of the continent. What's more, you're only the Dean of the alchemy sub-school today. You have no right to make a move. This is simply preposterous!"

"Men, capture Sima Yi for this Lord and bring him back to the prison to wait for his punishment! If he doesn't repent, I'll make sure he'll spend the rest of his life in prison!"

The investigator was enraged, and the moment he gave the order, people rushed up the stage and surrounded Lin Yi.

Lin Yi's eyes narrowed as he looked at the inspector with deep meaning.

Could it be that this guy was not one of Jin botian's men? Was he being controlled by the darkness magical beast?

If he wasn't, why would he help Ouyang kuantian?

It didn't make any sense!

The situation in Fengqi great continent was getting more and more complicated. He didn't know what amazing secrets were hidden in it.

"Dean Sima, it's indeed a bit wrong of you to attack, especially in front of the patrol. You're not giving the patrol any face at all. Quickly surrender and wait for your punishment. With your status, you'll only be going through the motions."

The first hall Master leaned over like a caring big brother, trying to talk Lin Yi out of it, "If you fall out with the patrol again, then it really won't end well! Go with the patrol first. Don't worry, I'll definitely mediate and get you out as soon as possible. "

"Patrol envoy, you really want to take me down?"

Lin Yi looked at the first hall Master, then at the inspector, his face calm, "Even if I'm the Vice President of the alchemy Union of the continental martial Alliance, you still want to take me down?"

"Sima Yi, stop struggling. I've already said that you're only the Dean of the alchemy sub-school today. With regards to the assessment, your status as a member of the martial Alliance has automatically been revoked. This is also a rule of the continent's martial Alliance, and you must abide by it!"

The patrol envoy waved his hand expressionlessly and shouted, ""What are you all doing? Take him down!"

His men immediately moved, rushing towards Lin Yi to grab him.

Lin Yi could've chosen to resist, but he didn't do anything in the end. He let them tie him up and take him away.

Chapter 8515

"Principal!"

"Dean Sima!"

The students were all excited.

Lin Yi was standing up for them, and that was why he got into a conflict with Ouyang kuantian and even got thrown into jail by the patrol. How could they not be excited?

The students were on the verge of a violent conflict.

Lin Yi paused and turned back with a faint smile. "You guys go back to the Academy first, I'll be fine. Beating up Ouyang cuantian is not a big deal, don't worry!"

"I won't let today's assessment go just like that. When I come out, I'll definitely seek justice for everyone! So don't panic, don't panic, just go back to the Academy and wait for my news!"

With that, Lin Yi turned around and walked away.

Lin Yi already had a certain level of authority in the sub-school, so the moment he opened his mouth, the students quickly quieted down.

"A wise man submits to circumstances. Dean Sima is indeed a young and outstanding man. He knows when to yield and when to extend!"

Ouyang cuantian walked over as if nothing had happened and mocked.

It was embarrassing to be slapped, but it was worth it if it could bring Lin Yi down!

Now that he'd done what the inspector wanted him to do, Ouyang kuantian felt that Lin Yi was in trouble.

If not for that, why would the patrol envoy go through so much trouble to find him to cooperate?

"Ha ... Even if you know when to yield, you're not as powerful as Grand Elder Ouyang. Your saliva will dry on your own face!"

Lin Yi replied indifferently.

He hoped that Ouyang cuantian would not be convinced and take the initiative to fight back. Then, he would be in the right to fight back.

"Alright, stop talking nonsense and take him away!"

The inspector hushed as he cupped his hands at the people and ordered his men to escort Lin Yi out of the alchemy Association.

Lin Yi wasn't too worried-it was just a slap, what was the big deal?

If the inspector wanted to use this as an excuse to frame Lin Yi, he didn't mind killing him.

It wasn't convenient for Lin Yi to resist before the inspector made his intentions clear.

If he resisted, it would be easy to expose his true intentions in coming to Fengqi Dazhou.

Lin Yi was even starting to suspect that someone was testing him out with all the trouble today.

He wanted to throw himself into confusion.

In other words, did some people in the dark vaguely guess his intention for coming?

The first hall master's eyes flickered slightly as he looked at the patrol envoy and then at Ouyang kuantian.

Then, he smiled at the patrol who was preparing to leave,""Lord patrol envoy, this seat believes that Lord will definitely handle this matter impartially, right? Although Dean Sima has to avoid this matter due to his status, he's still a member of the higher continent's martial Alliance!"

"There's no need for first hall Master to worry. I have my own plans for the Academy's matters!"

The patrol envoy smiled indifferently and gave the first hall Master a soft nail.

Ouyang kuantian was standing at the side, smiling without saying anything. No one knew what he was thinking.

Lin Yi looked on coldly, a little confused.

These three people didn't seem to be in the same group, but they also seemed to be related in some way.

The relationship between them was really complicated!

If he wanted to figure it out, he had a long way to go!

The students obediently went back to the school under Lin Yi's orders, and informed Yan Su about what happened during the test.

Old man Yan's bad temper flared up, and he immediately wanted to find Ouyang kuantian to settle the score.

But when she heard that Lin Yi had been taken away by the patrol, she shut up!

He could face Ouyang kuantian head on, but he couldn't go and help the patrol envoy.

The alchemy Association and Tianxia college were two different systems, so it didn't matter if Yan Su beat up Ouyang cuantian.

However, the patrol was in charge of the people of Tianxia Academy. If Yan Su went to find trouble with the patrol, Tianxia Academy would immediately face a huge problem!

Aggrieved!

Yan Su was not afraid of what would happen to her, but she was worried about implicating Tianxia college.

But she couldn't just leave Lin Yi alone!

After much thought, Yan Su called someone to bring Ling Yingying over.

"Ying Ying, have you heard about Sima Yi being taken away by the patrol?"

After they arrived, Yan Su didn't waste any time and went straight to the point, ""In this year's Alchemist assessment, Ouyang cuantian that old man dug a hole and cheated all of our alchemy sub-school students. Dean Sima was not happy and hit that old man."

"With just a slap that was neither too heavy nor too light, the patrol ordered the arrest of Dean Sima and detained him. As you know, the patrol is in charge of our Academy. My relationship with the patrol is also very ordinary, so it's not very convenient for me to go to him to intercede ..."

"Director Yan, you're saying that big brother Sima has been captured by the patrol? What right did he have? Big brother Sima is the Vice President of the alchemy Union!"

Ling Yingying didn't care about the other information, only focusing on the main point. "It's true that the patrol is in charge of the Academy, but big brother Sima's identity is not ordinary. How can he arrest big brother Sima?"

"Actually, it's easy to explain this. Because Dean Sima is leading the team to participate in the assessment as the Dean of our alchemy sub-school, his identity as a member of the martial Alliance was automatically blocked during the assessment."

Yan Su explained, and immediately said, "There's no point in saying all this now. What's important is to think of a way to save Dean Sima!"

"That's right, director Yan. You're right. What should we do?"

Ling Yingying was a little flustered at this time. She couldn't think of any effective solution at all, so she could only place all her hope on Yan Su.

"How about this, you go home quickly and inform your father, Ling lingjiu, and ask him to intercede and protect Deputy Sima. With your father's status, he should have a say in this. Moreover, Deputy Sima is his Savior, so he has a good reason to interfere."

Yan Su had asked Ling Yingying to come so that Ling lingjiu could step in.

Ling Yingying felt that what he said made sense. She immediately bade him farewell and rushed home.

The people at the school were trying to get Lin Yi out, and Lin Yi himself was taking things as they came—he went to the inspector's place very calmly.

Lin Yi wasn't sent to the prison, but to a normal secret room.

There was nothing but simple tables and chairs.

After sending him there, he left, leaving Lin Yi alone.

Lin Yi wondered if this was his cell. He didn't know if this condition was good or bad.

Of course, Lin Yi wasn't surprised-it wasn't a big deal, after all. These local people probably wanted to show off their power to a parachuted soldier like him.

He waited for a while, but no one came to talk to him.

Just as he was feeling bored, the patrol suddenly walked in and had his men close the door of the secret room. He then retreated to guard the surroundings.

"Lord patrol envoy, what exactly do you want by capturing me and bringing me here?"

Lin Yi cupped his hands and asked, "Are you preparing to stand up for Ouyang cuantian and give me some face?"

Chapter 8516

But the inspector didn't reply, he just flipped his shirt and knelt down in front of Lin Yi!

This made Lin Yi jump-he was afraid that the guy would suddenly pull out a ring or something, that would be too scary!

Fortunately, the development of the matter wasn't that terrifying. The patrol envoy was just paying his respects normally.

"This subordinate greets the diamond Grade secret agent! Your Excellency has misunderstood. This subordinate did not invite Your Excellency over to do anything to Your Excellency. It was just a show to deceive the eyes and ears of others. "

The inspector's serious expression showed that he was not joking.""I'm truly sorry for not informing Milord in advance and causing Milord to be shocked! However, this is the only way to make it seem more real and hide from the eyes and ears of others. "

"Oh? Get up first, what's going on?"

Lin Yi frowned as he reached out to help the inspector up.

Since the inspector knew his true identity, there was no need for him to hide it anymore.

This patrol envoy was originally under Jin botian's command, so it was not surprising that he knew his identity.

Lin Yi had been suspecting that he'd defected, but it didn't seem so now.

"Thank you, sir. It's like this, this subordinate is a patrol sent by Jin botian from the inspection department to investigate Feng Qi Dazhou. Jin botian has already told this subordinate about Sir's matter."

The inspector got up and invited Lin Yi to sit down, while he stood to the side respectfully. "Milord's identity is special and needs to be kept extremely confidential. In order to not expose Milord's identity, this subordinate directed and put on this show to invite Milord here,"

"This way, everyone will think that this subordinate and Milord are at odds, and it will be much easier for Milord to do things in the future. This subordinate has too many people's eyes on him, and as long as this subordinate has any interactions with Milord, it will inevitably attract their attention and suspicion."

"With the false impression that we're on bad terms this time, their guard against you will be reduced by half. In the future, this subordinate will continue to attract their attention on the surface while you act in secret. Perhaps you'll be able to gain something!"

Lin Yi nodded noncommittally.

There didn't seem to be any problems with the investigator's explanation, but Lin Yi didn't trust him completely yet.

"You've been in Fengqi great continent for a long time, right? How's the situation in Fengqi Dazhou?"

"Milord, although this subordinate has been here for quite some time, everyone here is on guard against this subordinate! You also know that I'm representing the inspection Institute of Dazhou. This identity makes it impossible for me to investigate openly, so I haven't been able to open up the situation. "

The patrol envoy looked a little ashamed, "it's this subordinate's incompetence. If not for this, Dean Jin would not have asked you to come and help!" I'm really sorry!"

Lin Yi waved his hand casually. "You don't have to say this in the future. Let's continue talking about the situation here. You've been here for so long, you should have some understanding of this place, right?"

"Yes! This subordinate has some information about the surface situation of those higher ups in Feng Qi continent! For example, the first hall Master is a meticulous person who does things without leaking a single drop of water. He is well-mannered and seems to be good at everything, but he has enough dignity. Ordinary people do not dare to offend the first hall Master easily. "

What the inspector said was based on his own observations, so there were some subjective judgments: "Ouyang cuantian is the patriarch of the Ouyang family. He has an extremely arrogant personality, but it's hard to say if he's really that arrogant. It's possible that it's just a disguise. Not only that, but Ouyang cuantian is also an expert when it comes to schemes and intrigues,"

"This subordinate knows that Milord had a conflict with Ouyang kuantian and won, but we can't underestimate Ouyang kuantian because of that. He's not a kind person, and according to my investigation, the Ouyang family has Central's backing!"

"My Lord, you should know what it means for the center to be on a sub-Island. Not to mention the continental martial Union, even the continental martial Union, or even the higher-ranked martial Union, would not easily offend them!"

"As for Ouyang cuantian himself, he is the Grand Elder of the alchemy Association and also the Deputy Hall Master of the martial Alliance. Although he doesn't have any real power, this is already the highest symbol of power in the Wutong continent!"

"Normally, the Vice Hall Master position would be held by the president of the alchemy Association. However, Ouyang kuantian has never stepped down from the position of the Vice Hall Master. If the first hall Master doesn't say anything, no one else would dare to say anything. Therefore, he has been occupying the position of the Vice Hall Master."

"President willow leaf rice of the alchemy Association was really suppressed by Ouyang kuantian in the past. He was simply a puppet that Ouyang kuantian put on the stage! It was only when Daren came to Feng Qi continent that willow leaf rice could be considered to have gotten back what it should have, but it was also very limited!"

"From this year's Alchemist examination, my Lord should have already discovered that guild leader Liu is only in name. The entire alchemy Association is under Ouyang kuantian's control, regardless of whether he is in power in name or not."

Although the investigator's words were short, they revealed a lot of useful information.

Ouyang cuantian's background was extremely complicated.

Especially with Central's background, it gave Lin Yi a headache.

Central's influence on the sub Island was beyond Lin Yi's imagination.

As such, it was reasonable for the Willow leaf rice plant to be suppressed by Ouyang kuantian.

Even with his support, it would not be easy for the Willow leaf rice to regain its power as the president of the alchemy Association.

"In addition to these people you are familiar with, there is another powerful family in Fengqi great continent, the SU family! Along with the Ling family, the Ouyang family, and the Li family of the combat Association's President, Li Wen mie, they are the four great families!"

The inspector continued to explain the situation of the forces in the continent, "The SU family's power is spread throughout the entire Feng Qi continent. They are jokingly called su banzhou by the people of Feng Qi continent, which means that half of the industries in the entire Feng Qi continent are owned by the SU family. Although the truth may not be so, you can imagine the strength of the SU family."

"The SU family is so powerful not only because they have a deep foundation and many experts in the family, but more importantly, their old ancestor is still alive!"

"Old ancestor su was already a half-step heaven breaking expert many years ago. His strength was enough to suppress a continent. Then, he announced that he was going into seclusion. In the blink of an

eye, many years have passed and there was no news of him coming out. The outside world guessed that he might have entered the heaven breaking stage, so he was unwilling to interfere in the family Matters."

"With such a powerful old ancestor above, the SU family's development will naturally not be hindered. Even if his strength hasn't broken through, he's still one of the most powerful people in Fengqi continent. The hall Master is in charge of the martial League, but his strength is about the same as the old ancestor of the SU family many years ago."

Lin Yi frowned. Fengqi Dazhou's highest level of strength was only half step to heaven breaking?

He didn't seem to be very strong!

Chapter 8517

Jin botian had more than one heaven breaking expert as his bodyguard.

Speaking of which, the heaven breaking stage cultivators around Jin botian were relatively mediocre. They were probably the lowest existences among the heaven breaking stage.

He had no problem dealing with old ancestor su who was half a step to heaven but once he broke through, he might not be his match.

"Other than this hidden ancestor, there's another one who's the most famous in the SU family. He's the Vice Hall Master of the martial Alliance and the president of the array formation Association. His strength can't be underestimated. He's one of the top martial artists in Fengqi continent."

"Because of this, the SU family's power in Fengqi continent is super strong. Almost no one dares to provoke them. Even the martial Union has to be respectful to the SU family."

The inspector emphasized on the SU family's situation, clearly wanting Lin Yi to have a deeper impression of them and not underestimate their power.

If he accidentally offended the SU family, it would be very difficult for him to live in Feng Qi continent.

Lin Yi touched his chin and nodded, deep in thought.

In fact, during this period of time, Zhang Yiming had already collected some information. The inspector's information involved some of it, but it was not as detailed as his.

Lin Yi had his considerations for the SU family.

He didn't know if this huge family had anything to do with the darkness demon beasts, but even if they did, they shouldn't be completely controlled by the darkness demon beasts.

The reason was simple. If the great su banzhou was controlled by the dark Demon beast clan, with the power of the martial Alliance, the entire Fengqi continent would be completely taken over by the dark Demon beast clan. What would Lin Yi have to do then?

He would probably be captured and brainwashed, possessed, or even killed by the darkness demon beast clan as soon as he took over.

Jin botian said that Fengqi Dazhou was rotten to the core, but it wasn't really rotten.

Why would he send Lin Yi to his death if he really couldn't do it?

He should have directly mobilized the Army from the martial Alliance to clean up Fengqi continent.

"From the current situation, the SU family has formed their own faction in Feng Qi continent and has a good relationship with any side, but they are not particularly close to any side. They belong to an absolute neutral faction."

After introducing the forces and people he needed to pay attention to, the inspector began to explain the relationship between these people. "The first hall master's style is similar to the SU family 's. As I said just now, the first hall Master is a meticulous person. He is good at everything and has maintained a good relationship in all aspects."

"However, the head Hall Master and the SU family are somewhat different. He is not a neutral party, but will balance things out from time to time according to his own needs, and will lean towards one side at any time! As the Supreme Commander of the martial Alliance, it's normal for him to act like this, so I can't find anything wrong with it. "

"The Ouyang family and the Ling family both have Central's backing. On the surface, the relationship between the two families is not bad, but they don't have the same backing in central, so they look

United on the surface but are actually divided on the inside. Ouyang cuantian is also a person who likes to cause trouble, so it's not easy to judge whether the Ouyang family has any problems."

"As for the Ling family, they're also the core of the background, and they're also very powerful! The Ling family's Ling lingjiu was an expert at the consummate level of the shattered Sea realm. She had not yet reached the half-step heaven cleaving realm. Therefore, in terms of family strength, she seemed to be naturally weaker than the SU family. In fact, that was not the case! The person behind him is the person in charge of the central Branch in the great continent of Wutong, the grey-robed chief Ling lingfa!"

Realization dawned on Lin Yi as the inspector spoke.

As expected, this Ling lingjiu's younger brother, Ling lingfa, was the gray-robed CEO.

"The Ling family's current development is relatively mild, and they don't fight for anything. They only want to develop their own family! After all, the central Chamber of Commerce here was not managed by the Ling family. They also had to avoid any business conflicts with the person in charge of the central Chamber of Commerce here, blue robe! As for the other matters of the Ling family, you should be very clear about them. "

Lin Yi couldn't help but nod at the investigator's words. He had just arrived at Feng Qi Dazhou and he already had a deep friendship with the Ling family.

If he wanted to investigate the Ling family further, it would definitely be much more convenient than the patrol.

After the patrol envoy finished talking about the Ling family, he then turned the topic to the Li family. "Although the Li family, which the president of the combat Association, Li Wen mie, is from, is also one of the four major families, they are more aloof and devoted to cultivation. They don't form cliques and don't like to socialize! Your Academy's Yan Su is a distant relative of the Li family!"

Lin Yi was surprised.

So, old man Yan Su had such a background?

The inspector explained with a smile as if he saw Lin Yi's surprise, "According to my judgment, if someone were to come and plead for you to save your Excellency, it would be either the Ling family or old man Yan Su!"

"However, the Ling family is more likely! Firstly, it was his Excellency who had saved Ling lingjiu, and he had to find an opportunity to return the favor! Secondly, although Yan Su was a distant relative of the Li family, he was the Dean of the Academy. It was not appropriate for him to directly plead with his subordinate, who was his superior! "If he doesn't have the Dean's position and is only the combat Association's Vice President, it'll naturally be fine!"

Ling family.

The head of the Ling family, Ling lingjiu, had just finished listening to her daughter Ling Yingying's report. She was both surprised and delighted.

She was shocked that someone of Lin Yi's status would be taken down by the patrol without hesitation. Just how big of an enmity did he have with the patrol?

The reason for the inspector to teach Lin Yi a lesson without considering the consequences was intriguing.

Naturally, he was happy that the inspector had caught Lin Yi.

It was a bad thing, but from another perspective, it was a good thing for the Ling residence.

Lin Yi was already a Diamond Grade master at such a young age, and he was also the Vice President of the Alchemy Guild and the Dean of Tianxia College's alchemy division. His future was bright!

House Ling lending a helping hand at a time like this would not only be a way to return the favor, but also to build a closer relationship with Lin Yi.

"Yingying, you don't have to worry. Dean Sima's status is noble. Even if he's a patrol, he wouldn't dare to make things too difficult for him. Father will go and ask for him. I'll definitely be able to bring Dean Sima back!"

Without any hesitation, Ling lingjiu stood up and walked out. ""You've done a good job on this matter. In the future, if Dean Sima needs any help, you'll have to inform me at the first moment. Our Ling clan is not an ungrateful person. The matters of our benefactor are our matters!"

Ling lingjiu couldn't wait to come here a couple of times a day for such a good opportunity to rope Lin Yi in. She really should thank the inspector today.

There was also Ouyang cuantian. If it wasn't for his help, the Ling residence wouldn't have such a good opportunity.

Lin Yi had just arrived and didn't have any Foundation in Feng Qi continent. Recently, he didn't seem to have made friends with any forces other than the Ling residence.

Under such circumstances, Ling lingjiu felt that deepening her friendship with Lin Yi was a good thing, and Lin Yi would definitely not reject her!

Chapter 8518

"Yes, father!"

Ling Yingying agreed and followed Ling lingjiu. "Your daughter will go with you. I want to see father save big brother Sima."

Ling lingjiu looked at her daughter and smiled. She didn't know what he was thinking, but after nodding in agreement, she brought Ling Yingying to the patrol.

As expected, the patrol envoy's voice had just fallen when a subordinate came to report!

He said that Ling lingjiu had come to visit.

"My Lord, I will go out and deal with Ling lingjiu first. Please have a seat, my Lord. I think you will be able to return to the Academy very soon."

The patrol envoy excused himself and left the secret chamber. He headed to the living room to meet Ling lingjiu.

In the living room, Ling lingjiu and Ling Yingying had already been waiting for 11 to 12 minutes.

Other than the servants who served tea, no one else came over to pay attention to them.

Ling Yingying was a little nervous. She asked Ling lingjiu in a small voice, ""Father, is it because the patrol envoy doesn't want to see us and is deliberately giving us the cold shoulder so that we will back off? Are you not willing to release big brother Sima?"

"Don't worry, the patrol is busy. It's only been a while, how can we see him the moment he comes? There must be some matters at hand that need to be dealt with first. Don't be impatient, just wait quietly. "

Ling lingjiu remained calm and wasn't in a hurry at all. After lecturing Ling Yingying, she picked up the teacup and took a sip.

The moment the tea entered his mouth, the patrol envoy turned around from behind.

Ling lingjiu quickly swallowed the tea in her mouth and quickly put the teacup down. She stood up and cupped her hands."Lord patrol envoy, this Ling has presumptuously come to visit, sorry to disturb."

Ling Yingying also obediently followed suit.

The patrol envoy nodded his head with a cold expression and casually cupped his hands,""It's an honor for master Ling and miss Ling to grace us with your presence. Please take a seat!"

Ling lingjiu pouted in her heart. 'You look like I owe you a lot of money. Where is the honor?'

"Many thanks, Lord patrol envoy. Actually, this Ling has taken the liberty to visit today because I have a request ..."

"Ling family head, you don't come without a reason. I'm already mentally prepared, so why don't you tell me?"

The inspector put on an act and put on airs.""However, I'll make it clear first. If you're here for Sima Yi, there's no need for clan head Ling to say anything more!"

In order to show how bad his relationship with Lin Yi was, the inspector decided to play hard to get.

She was looking for a chance to let Lin Yi go, but when the chance really came, she had to put on an act first.

Ling lingjiu's brows furrowed as her heart skipped a beat. She really thought that there was some sort of unresolvable grudge between the inspector and Lin Yi.

That would be troublesome!

"Lord patrol envoy, this Ling has indeed come today for Dean Sima. This Ling has also heard about what happened during the examination. Although Dean Sima is young and impulsive, it's not a big deal, right?"

"Ling family head, are you accusing me of being unfair?"

The investigator stared at Ling lingjiu coldly. He was full of vigor and was definitely performing at the level of a movie King.

"Not at all, not at all, Lord patrol envoy has misunderstood. This Ling only feels that Dean Sima is young and impetuous, and occasionally making some mistakes is also worth forgiving! Moreover, this Ling's life was saved by Dean Sima. If something happens to him, this Ling will definitely run for him. "

At this moment, Ling lingjiu did not dare to offend the patrol envoy too much. She could only lower her posture and smile as she cupped her hands."Lord patrol envoy, this Ling has never easily begged others. This time, I sincerely ask Lord patrol envoy, can you give this Ling some face and give Dean Sima a chance!"

The patrol made a thoughtful look, but he was secretly happy in his heart. This step was quite good, and it was time to go with the flow and use the slope to get down the donkey.

After thinking reservedly for a while, the inspector nodded and said, "Fine, if it was someone else, I definitely wouldn't give them any face. But today, the Ling family head has come personally, and he has given me face. I have to return the favor!"

"You can let him go, but you must make things clear. Today, I'm only doing this because of you, Ling family head. I'm very respectful to you!"

The patrol envoy's words made Ling lingjiu smile in understanding. "Thank you, Lord patrol envoy. This Ling will definitely remember today's friendship in my heart. In the future, if there's anything you need this Ling for, Lord, please feel free to say anything. This Ling will definitely not have any objections!"

He'd returned Lin Yi's favor, and now he owed the inspector a favor.

However, there were big and small favors, and Ling lingjiu felt that this was a good deal.

Before, the patrol couldn't integrate into the local power of Feng Qi continent, so this was a good opportunity.

Ling lingjiu even wondered if the patrol had planned this all along. He wanted to use Lin Yi's identity as the Ling family's benefactor to get in touch with the Ling family.

It had to be said that Ling lingjiu's imagination was really big enough. It was just a pity that the patrol envoy had never thought of it this way, and this matter was completely just a matter of pushing the boat with the current.

Lin Yi was quickly brought out, and in order not to waste the inspector's effort, Lin Yi naturally acted as if he and the inspector didn't get along, parting on bad terms.

Lin Yi's face returned to normal after they left the investigator's area. He cupped his hands and smiled, "Uncle Ling, it's all thanks to you that I was able to leave that damn place so quickly. I won't say any more words of thanks, I'll remember it in my heart!"

"What are you saying, nephew Sima? you saved my life, how can this small matter be compared to it? We didn't even say thank you, so what are you thanking us for?"

Ling lingjiu laughed heartily, feeling that her relationship with Lin Yi had gotten a lot closer, "Remember, we are all one family. If you have any problems in the future, just say it. In this Feng Qi continent, our Ling family still has some influence. Ordinary things are not a problem."

If they could tie Lin Yi to the Ling family's war chariot, the future of the Ling family would be immeasurable.

Forming an alliance was often the best way to increase the strength of both sides.

As the Ling family helped Lin Yi, Lin Yi naturally used his own influence to raise the Ling family's status.

Whether it was the Vice President of the mainland alchemy Union or the Dean of Tianxia College's alchemy division, they were all important figures and would not bring shame to the Ling family.

"Thank you, uncle Ling. I'll remember this. I won't be polite with you in the future!"

Lin Yi smiled and nodded, showing his kindness.

From the looks of it, the Ling family was indeed a force that was worth recruiting.

Putting aside the fact that they were on good terms, just the fact that the Ling family had Ling lingfa as their backing was enough for Lin Yi to make use of the Ling family.

As for the central background behind the Ouyang family, since it was not on Ling lingfa's side, it could be regarded as an enemy force!

"Big brother Sima, are you going back to the Academy now or are you going somewhere else?"

Ling Yingying asked from the side.

Ling lingjiu grumbled inwardly at her daughter's insensibility. Shouldn't she be inviting Lin Yi over to her house at a time like this and have a banquet to calm her nerves?

Wasn't that the same as pushing Lin Yi away?

Chapter 8519

Lin Yi didn't think much of it and replied casually, "I'm going to go to the alchemy Association first and find Ouyang cuantian to explain the alchemy assessment. If we delay for too long, it will be troublesome if it becomes a fact!"

While it hadn't been long since it happened, he had to bring this matter back!

When Ling lingjiu heard this, she immediately retracted her complaints about her daughter and could not help but secretly give her a thumbs up.

However, it was still the young who understood the young! He knew what Lin Yi was most worried about.

"Nephew Sima, we'll go with you! Although they might not be able to help, the more people there are, the more powerful they will be. Maybe Ouyang kuantian will admit his mistake!"

Ling lingjiu planned to deepen her relationship with Lin Yi, and looking for Ouyang cuantian would naturally be a new opportunity. She could also create opportunities for Lin Yi and Ling Yingying to spend more time together.

"Alright, then I'll have to trouble uncle Ling!"

Lin Yi thought about it and didn't reject Ling lingjiu's good intentions.

After all, he had just said that he wouldn't be polite. If he were to be polite now, it would seem too perfunctory.

Thus, the three of them turned to the alchemy Association of the martial Alliance and found Ouyang kuantian.

Lin Yi said directly, "Grand Elder Ouyang, I have an objection to the results of the apothecary examination. Please re-evaluate!"

Ouyang cuantian's brows were slightly furrowed. He first greeted Ling lingjiu briefly before impatiently saying, "Sima Yi, don't waste your time. This matter has already been concluded. It's useless for you to make a fuss!"

"You only managed to escape from the patrol because of the Ling family head, right? It wasn't easy for him to come out, so why didn't he just keep a low profile and stay in peace? Do you really want to be caught again?"

"I've already told you clearly that you are not the Vice President of the alchemy Union. You are only the Dean of the alchemy sub-school and have no right to interfere with the results of the assessment!"

Ouyang cuantian felt like everything was under his control, so he was very relaxed and happy. All he could think about was how to make Lin Yi feel bad.

"Hmph!" Lin Yi snorted coldly, "I'm here today as the Dean of the alchemy School!" There's a problem with the pill refining test, and it's unfair. As the Dean of the pill refining sub-school, I will request the pill refining Union to review and arbitration!"

"If the result is still my fault, I'm willing to enter the underground Devil's Cave and guard the node at the front line for ten years! Grand Elder Ouyang, do you dare to accept a second investigation?"

Lin Yi had used it once before, and he became the Vice President of the Alchemy Guild. Since it didn't end badly, he had to continue using it.

Ouyang cuantian's expression immediately turned extremely ugly. He really didn't want to experience the previous scene again!

Previously, he still had some confidence, but this time, he had no confidence at all!

The reason why he dared to call a deer a horse without any fear was because he had the support of the patrol. How would he dare to apply for a review?

"Grand Elder Ouyang, what do you think? say something!"

Lin Yi looked at Ouyang cuantian from the corner of his eyes and said,"Last time, we drew, and no one was able to guard the node in the underground Devil's Den. This time, we have to determine the winner. After all, the node in the underground Devil's Den is lacking people to guard!"

Ouyang cuantian's old face turned green and white.

It was a draw last time, but it might not be the same this time!

Putting aside the fact that Ouyang cuantian was in the wrong this time, Lin Yi was already the Vice President of the alchemy Union. After the application was submitted, the person in charge of the review would most likely be a Vice President too, which would be the same level as Lin Yi.

If the Alchemy Guild were to side with Lin Yi, he'd be buried in the underground!

He didn't want to do anything he wasn't confident in, and so he didn't dare accept Lin Yi's challenge.

"Dean Sima, what do you think the Alchemy Guild is? There are many things to do in the martial Alliance on the continent. How can we keep bothering the Lords of the Alchemy Guild?"

Ouyang chuantian laughed drily."Forget it, forget it. Since Dean Sima is dissatisfied with the results of the third round of The Alchemist examination and thinks that it was my mistake, then the third round will be invalid and the examination will be re-assessed!"

It was impossible for him to admit his mistake and change the result.

Taking the test again was already the biggest concession he could make.

When the time came, he could think of other ways. Even if he could not wipe out the entire pill refining section, he could at least wipe out half of them.

Lin Yi's cold face melted instantly as he smiled, "Grand Elder Ouyang is really fair and honest. Such a decision can't be more correct!"

"Hehe!" Ouyang chuantian chuckled and said, "then, I'll set a time for the re-assessment ..."

"There's no need for Grand Elder Ouyang to worry. I'll arrange this matter myself!"

Lin Yi waved his hand and cut him off, "As the Vice President of the alchemy Union of the continent's martial Alliance, I'm here to interfere with the alchemy assessment. Grand Elder Ouyang made a serious mistake when he set the questions for the assessment previously, causing the results to be unsatisfactory. Therefore, the person who will set the questions for the re-assessment will be guild leader Liu!"

"Guild leader Liu, do you have any objections to my decision? If not, then hurry up and make the arrangements! This matter couldn't be delayed for too long and had to be resolved as soon as possible. Otherwise, the alchemy Association will become the laughingstock of the world. "

Willow rice was overjoyed. This was a good opportunity to establish the president's prestige!

He understood that Lin Yi wanted to get the right to come up with the questions back to his own people. To put it more clearly, he was like a knife in Lin Yi's hand.

But he didn't care-so what if he was used by Lin Yi?

In any case, being able to display his brilliance was better than being suppressed by Ouyang cuantian like a good-for-nothing.

"Yes! Don't worry, Vice President Sima, I'll do my best and get this done as soon as possible. I guarantee that there won't be any mistakes!"

Willow leaf rice quickly patted his chest and promised. He couldn't wait to immediately do this matter beautifully and completely suppress Ouyang cuantian.

Ouyang cuantian's old face was ashen as the anger in his chest burned.

But there was nothing he could do about it, unless he was willing to take the risk and go to the alchemy Union with Lin Yi.

He'd lose more if he did that, so he had no choice but to accept Lin Yi's arrangement.

Ling lingjiu and Ling Yingying came with Lin Yi but didn't say anything. They just witnessed how Lin Yi easily suppressed Ouyang kuantian.

Ling lingjiu's opinion of Lin Yi had naturally risen.

There weren't many people in the entire Fengqi continent who could make Ouyang kuantian lose his face and not speak, and Lin Yi was one of them!

Being on good terms with Lin Yi was the best choice!

Liu yedao excitedly went to make arrangements for the re-examination. Lin Yi and Ling lingjiu left the alchemy Association.

Chapter 8520

After leaving martial League, Ling lingjiu laughed happily.

"Nephew Sima, I'm really happy to see that old man Ouyang cuantian's bitter and helpless face. This matter was done beautifully!"

Ling lingjiu and Ouyang kuantian were considered friends. After all, they both had Central's background.

Even if they did not have the same backing, there would still be some ties.

Otherwise, Ling Binbin wouldn't have gone to Ouyang cuantian for help at the last moment.

However, ever since Ouyang cuantian almost caused Ling lingjiu's death, there was no longer any relationship between the two families!

Seeing that Ouyang cuantian had been defeated, Ling lingjiu naturally gloated.

"If it wasn't for Ouyang cuantian's overbearing attitude, determined to annihilate all of our Academy's students, I wouldn't have gone head to head with him."

Lin Yi said with a smile before taking his leave. "Many thanks to uncle Ling for running around for me today. It's getting late, I'll go back to the Academy to take a look."

"We're going back to the Academy? There's no need to rush, right?"

Ling lingjiu extended an invitation to Lin Yi, "if there's nothing urgent, why don't you come to my house and have a meal together?" You haven't been there for a long time, have you?"

"I appreciate your kind intentions, uncle Ling, but I still have to go back today to discuss the make-up exam with director Yan. I'll come another day. I'll definitely visit you at your residence another day."

"It's a rare opportunity after all, I need to talk to director Yan. I'll treat uncle Ling, Binbin, and Yingying to a meal next time," Lin Yi declined.

"Fine, it's indeed important and can't be delayed. We'll make an appointment then. But why are you treating us to a meal at our house?"

Ling lingjiu didn't insist. Since they had already made great progress today, she didn't need to care about the small matter of a meal. "If you have time in the future, come visit us more often. The Ling family's door will always be open for you. You are already a part of our family!"

If it was someone else, they might have been overwhelmed by Ling lingjiu's words.

But Lin Yi only smiled and thanked her, not paying much attention.

After exchanging a few words, both parties bade each other farewell.

Lin Yi sped all the way back to Tianxia Academy and found Yan Su.

"Director Yan, I'm back!"

"I already know that it was Ling lingjiu who brought you out and then went to the alchemy association with you. What was the result? Has that old fogey Ouyang cuantian given in yet?"

It was obvious that Yan Su had received the news. However, what happened in the alchemy Association had not been sent to her.

"Ouyang cuantian has already agreed to redo the third round of the examination. This time, I'll leave guild leader Liu in charge of setting the questions. I believe that there won't be any more problems."

Lin Yi briefly explained the process, and Yan Su looked a little regretful.

"Ouyang cuantian, that old thing, is quite smart. He knows how to admit defeat. To be honest, this old man really wants to see what he'll look like when he guards the underground Devil's Den for ten years after his failure!"

"Director Yan, you have too much confidence in me, don't you? Who knows, maybe I'll lose?"

Lin Yi didn't know that he had a certain chance of winning, but he did have a higher chance of winning.

There would always be an accident, so this result was already very good.

As for the matters regarding The Alchemist make-up test, Yan Su only needed to know about this matter. He would not interfere in the internal operations of the alchemy School.

Lin Yi said a few simple words and went back to the school to inform the students.

Very soon, the Willow leaf rice side also sent news that the make-up test was set for the next day.

The Alchemy Guild had already made preparations. Willow leaf rice was indeed Swift and efficient in his work.

Ouyang cuantian, who had been deprived of the right to come up with questions, simply didn't appear the next day. The Great Hall Master and the patrol also found an excuse to not come to watch the ceremony.

After all, it was just a make-up test, and it didn't matter if they came or not.

On the Willow leaf rice side, although they didn't come up with any strange questions, they didn't deliberately go easy on the questions either. They made it seem like even a retard could answer them.

This level of difficulty was considered average within the normal range, and no one could say anything about it.

The students from the alchemy sub-school completed the make-up test so simply and smoothly, and their results were not bad.

"Sir, all of the students' assessments have ended. There are a total of sixty-seven people and all of them have passed. This subordinate has already arranged for someone to collect The Alchemist badge!"

Willow leaf rice was in a good mood.

The arrangement of the make-up test this time showed his skills and ability, so he came over to ask for praise at the first moment.

Lin Yi frowned. Sixty-seven?

Shouldn't there be sixty-eight people in this assessment?

He didn't notice that one person was missing!

"Deputy Dean MA, only sixty-seven people came today? Is there something else?"

Lin Yi turned to MA shenxiang, who came with him today.

It was MA shenxiang who had informed the students yesterday, and Lin Yi had been too relaxed to notice the number of people.

MA Shenlong's face darkened and he replied in a low voice, ""Dean Sima, that student has gone missing ..."

"Missing? What's going on?"

Lin Yi frowned.

The Academy's students had gone missing, and he, the Dean, knew nothing about it?

"Dean Sima, you haven't been to Feng Qi great continent for long, so you don't know ... Actually, people often go missing for no reason on our side."

"In the beginning, the disappearance of people would attract a lot of attention. Both the martial Alliance and the Empire had mobilized a large number of people to search for clues, but they had not found anything," MA Shenlong continued in a low voice.

"The missing people seemed to have evaporated from the world, and we couldn't find any clues! "Under such circumstances, people disappear from time to time. Among those who disappear are officials, commoners, wealthy merchants, beggars, Academy students and teachers, as well as martial artists from the martial Alliance, and so on."

"No matter who they were, they disappeared and never appeared again. After a long time, everyone became numb to it. After all, doing something that no one could find out would only make them more desperate."

"It's the same this time. The missing student went out last night and disappeared without a trace. No one knows where he went. Because there are too many precedents, everyone is used to it, so they only mourn in their hearts and don't say it out loud."

Lin Yi was shocked.

It was simply appalling!

What the hell is this Feng Qi great continent? how could such a thing exist?

"Deputy Director MA, is there no conclusion after the investigation? Or to put it another way, did he not even have any suspicions? For example, being captured by the darkness demon beast clan?"

In Lin Yi's eyes, this was a big deal, and they just let it go?

It seemed that Fengqi Dazhou had a big problem!

Lin Yi didn't believe that there wasn't a force behind the disappearance, after all.

However, which force was it?
