

Bodyguard 8531

Chapter 8531

As he spoke, Lin Yi lifted the restriction on the space in the Jade, allowing the ghostly thing and Starlight Magus to sense the outside world.

In this way, he didn't have to worry about missing out on any good stuff!

These few were old men who had lived for who knew how many years, and there were few who were unconvinced of their experience and judgment.

As expected, the Starlight Magus stopped Lin Yi after a few stalls. "There's something good here. Do you see it? that piece of black paint looks like a broken stone ... A broken stone. It's a good thing. Boss, you must get it!"

Lin Yi used his spirit sense to check the dark stuff in Starshine great Magus "mouth. It was a good thing and a broken stone treasure, but he couldn't see anything special from the outside.

But, after all the time he'd spent in the common world and Sky Class Island, Lin Yi knew that the more useless something was, the more likely it was something good.

After all, the things that were obviously good at first glance had long been robbed by others, and it was not his turn to pick up the leftovers in the black market.

The owner of this stall obviously didn't think that this broken black stone was a treasure, so he casually threw it in the corner of the stall.

Lin Yi even suspected that he was using it to press down on the carpet.

The Starlight Magus explained quickly in Lin Yi's mind, "Don't judge it by its unremarkable appearance, as if it's trash. In fact, it's the best material for our sorcerer tribe's body tempering. Moreover, it's a key item to form the split sea. It's called the Black Star Crystal!"

"The Sorcerer tribe mainly focuses on the Sorcerer's spiritual body. Although we also pay attention to body cultivation, it is far less than our dedication to the Sorcerer's spiritual body. Therefore, the Sorcerer's spiritual body and the physical body can never maintain a balance."

"This doesn't matter at the beginning, but it becomes extremely important to break through to the sea splitting stage during the earth opening stage. Basically, 99% of the Wu tribe Masters will stop at the peak of the earth opening stage, and that's the reason."

"With the Black Star Crystal, the connection between the physical body and the Sorcerer spirit body can be balanced, allowing the two to merge into one and achieve the perfect split sea. Geniuses of the Sorcerer tribe who don't use the Black Star Crystal have also broken through with their own talents, but there has never been a perfect split sea."

"From this, we can see that the Black Star Crystal is of great use to our Wu tribe's breakthrough to the sea shattering stage. We're so lucky to see it in such a broken stall today!"

Black Star Crystal?

Lin Yi's heart jumped.

He'd gotten Star Ink stone, Star Ink charcoal, and Star Ink milk on Sky Class Island!

These were all good things for perfectly leveling up each major realm.

No wonder it looked so familiar. He didn't expect to find such a good thing from the star Ink series on the sub-Island.

Lin Yi knew very well how precious this black stone was.

It was indeed worth it for him to go all out to get it. However, if he directly asked for the price, he might attract the attention of the stall owner.

It wasn't that he cared about spending a bit more money, but that once the stall owner understood the value of the Black Star Crystal, he might not sell it, and that would be awkward.

And so, Lin Yi didn't even bat an eye at the star Black crystal as he squatted down in front of the stall and picked up a wrist guard."Stall owner, how much is this wrist guard?"

To be honest, other than the Black Star crystals, there wasn't anything else that caught Lin Yi's eye.

The wrist guard was only slightly better looking, but it didn't have much meaning.

The stall owner didn't seem to be very enthusiastic, and he coldly stated a price that was neither high nor low.

He didn't bid too much, probably because he saw the masked woman beside Lin Yi.

The masked woman also squatted down. "Little brother, have you taken a fancy to this wrist guard? The quality of this wristguard is very good and the price is also fair. If you like it, feel free to buy it. "

Lin Yi nodded and picked up another sword. "What's the price?"

The stall owner's eyes flickered-he thought that the sword in Lin Yi's hand was the most valuable item on display, so his tone softened as he gave Lin Yi another price.

Lin Yi pretended to hesitate and pouted. "It's a little expensive, can't you make it cheaper? I'm taking both the sword and the bracer!"

"This is already the lowest price. It seems like you know the value of this sword and wrist guard. I'm not bragging, but you can easily double the price if you take it outside."

The owner felt that Lin Yi really liked these two things.

The point was that Lin Yi didn't look like he was short on money, so he couldn't lower the price!

The masked woman also started to beat the drums at the side. "Little brother, this price is really fair. Even if other stalls have similar things, they will definitely not be lower than his price. If you really want it, why don't you consider it again?"

It was confirmed!

The masked woman would definitely be able to take a cut from the deal, otherwise why would she go through all that trouble to persuade Lin Yi?

She'd be helping Lin Yi persuade the boss to lower the price otherwise.

Only when the transaction price was high would there be a higher Commission, so she decisively chose to speak for the stall owner.

Lin Yi frowned and hesitated, but his acting skills were still on point. After a while, he said unwillingly, "Alright, that's the price then. After all, it's hard to buy something good with money. Who asked me to like it?"

"But this price is really a bit expensive. Stall owner, how about giving me a few more worthless little things as an extra? That's not a problem, right?"

Lin Yi's true goal was the Black Star Crystal-once he got it, he'd just give the sword and wrist guard back to the owner.

It was the real deal!

The stall owner was secretly happy, thinking that he had made a profit today, so he nodded his head very readily and said,"No problem. I can give you two or three of these worthless things. Which one do you want?"

Lin Yi randomly picked two items, not including the Black Star Crystal."How about just these two?"

"Not much! The unit price of these two pieces is about the same as the wrist guard, so they can't be considered as cheap trinkets. I can't give them to you!"

The stall owner shook his head like a rattle-drum. He would rather die than do such a losing business."You can pick two more!"

Lin Yi laughed in his heart. This was the effect he wanted. First, he wanted the stall owner to relax, so that he wouldn't be seen through!

Then, after deliberately asking for the more valuable stones and being rejected, he would ask for the worthless broken stones later. This way, he would not be stopped and suspected.

"Then these two ..."

"No! These two are also very expensive!"

"Then these two!"

"No..."

The two went back and forth to choose and reject a few times, and Lin Yi was getting angry, "Stall owner, you're too unparticular. You said you'd give me two pieces, but you can't do this or that. What do you want? Do you want me to use this broken stone as a bonus?"

The angry Lin Yi picked up the Black Star Crystal, his face full of disdain. The stall owner didn't care about Lin Yi's expression and quickly nodded, "This is fine. If you like it, you can take it as an extra. No problem!"

Chapter 8532

The stall owner was probably getting impatient-seeing that Lin Yi had fallen for his trap, he was overjoyed and couldn't wait to settle on the star Black crystals.

The owner was afraid that Lin Yi would be unhappy, so he gave Lin Yi something he said was even more precious than the bracer.

As for the truth, Lin Yi didn't care.

As long as he could successfully buy the Black Star Crystal, nothing else was important.

Lin Yi even thought of buying all the scrap metal from the stall at a high price after getting it as compensation.

Both sides finished their discussion and were about to close the deal when someone suddenly shouted, ""Wait, I want this thing. I'll add 20% to the price he offered!"

Lin Yi frowned-this was the type of person he met everywhere he went.

The thing that was just about to be in his hands had an unforeseen event!

The stall owner retracted his hand subconsciously. A 20% increase was quite a considerable amount because the base number was high enough.

It was really difficult for him to ignore this extra twenty percent.

The man didn't say anything, but his actions spoke for themselves. Lin Yi was getting more and more annoyed.

"We've already agreed on the deal. Young master, please take a look at the other items!"

Lin Yi turned around and said coldly, "Everything is based on first come, first served. When doing business, you must be even more credible. Stall owner, do you think this is right?"

The stall owner kept his mouth shut, but his expression clearly said, "what can you do to me if I don't want to?"

The person who suddenly appeared to interrupt the deal was a young man. He was quite good-looking, but his eyes were long and thin, and his lips were thin. He looked like a cold person by nature.

Moreover, there was an obvious arrogance about him.

There were six people following him. Four of them were clearly guards, vigilantly observing the surroundings.

The other two were dressed as servants, and their attention was on the young man.

This group of seven people did not disguise themselves or mask their faces. They appeared in the black market openly, which was a relatively rare kind.

"What a joke. Of course, the one with the higher price will get it when doing business. Not to mention that this is the black market, and the black market follows this principle!"

The young man waved his hand disdainfully, as if he didn't want to talk to Lin Yi.

And so, one of his servants stepped up to Lin Yi. "First come, first served doesn't exist at all. Your deal was only in the negotiation stage, and you didn't pay for the goods, so how is it completed?"

"What's the problem with my young master bidding? If there's no problem, you should quickly move to the side. Don't block the way and hinder people's business!"

Lin Yi laughed coldly. "That's a bit unreasonable. If that's the case, I'll add 50%. The higher the price, the better!"

The young man frowned, as if he was angry at Lin Yi's actions!

He felt that Lin Yi was challenging his authority.

The masked woman's eyes flickered as she tugged at Lin Yi's sleeve, trying to persuade him, "Little brother, let's forget about it. It's not like it's unique. You can buy it from other stalls. It's not worth it to add another 50%."

"It doesn't matter. It's not a matter of price now!"

Lin Yi made a stand, ready to fight to the end. "You don't have to persuade me. It's just money. I'm not someone who lacks money!"

"Hehe, where did this nouveau riche come from? he thinks he can do whatever he wants with a few coins? I'll pay double the price and give you one last chance. If you continue to talk, I'll teach you a lesson!"

The young man finally spoke again, his disdain towards Lin Yi even more obvious.

The masked woman didn't pull on Lin Yi's sleeve this time, but his arm instead. She quickly whispered into his ear,

"Little brother, don't let your emotions affect your decisions. He's the son of martial Union's array formation Association's Vice President su. Even if your Tianxia College's Dean is here, he'll still give you some face."

"It's not worth it to provoke such an enemy for two very ordinary items! Especially in a place like the black market, if I were to turn against you and kill you, you would have no one to reason with. "

Lin Yi blinked. This kid was the son of the Vice-President?

The backstage was not bad!

But if even the first hall Master didn't mind, so what if he was the Vice-President?

Of course, this time, they had to keep a low profile and not expose their identities.

In this case, it was not good to argue with this kid too much.

"Hehe, you know what kind of person our young master is, so why aren't you retreating? You nouveau riche brat, do you think you're worthy of competing with our young master for things?"

The servant who'd been talking to Lin Yi earlier was acting all high and mighty-he turned around and smiled,"Young master, we've already given him a lot of face. It's just that you're kind. Otherwise, why not just kill him? In my humble opinion, there's no need to pay too much. The 20% increase I mentioned the first time is enough. "

The young man waved his hand arrogantly."There's no need. I'm not short of money. If I say twice, I mean it!"

This pair of master and servant was probably putting on an act to deliberately set off the young man's style of treating money like dirt.

Lin Yi looked at them and turned to the owner, "We've already agreed on this. Let's Make a Deal now!"

After he finished speaking, he didn't even wait for the stall owner's agreement and directly snatched all the items in his hands, including the most precious Black Star Crystal.

"Hey, hey, hey, what are you doing? I haven't agreed to sell it yet, how can you Rob me? Give it back to me ..."

The stall owner was anxious.

This was a good deal, after all-she'd have to be crazy to complete the deal with Lin Yi if she didn't want double the profit.

The young man was also furious when he saw this scene."

"Impudent! You actually dare to Rob in the black market, do you not want to live? This young master ..."

He didn't even have the chance to finish his sentence before Lin Yi handed the sword to the young man."Young master su, I've long heard of your name. In fact, I've wanted to get to know you for a long

time, but I didn't have a way. Today, I came to the black market to buy some treasures to give to you so that we can get to know each other. "

"Young master su is also interested in this sword, right? As expected of young master su, this sword is truly rare!"

Lin Yi's sudden change in attitude surprised even the masked woman, let alone young master su!

He had a dumbfounded look on his face and was a little confused.

Are you still thinking that I'm so famous now?

Someone actually wanted to send gifts to get to know him?

"Young master su, please don't look down on it. Please accept this sword. I was afraid that it wouldn't suit young master SU's taste, but it's great now. Since young master su likes it, it can't be better!"

Lin Yi handed the sword to young master su with both hands, a sincere smile on his face.

Young master su was overjoyed.

No matter what, this was a good thing.

Therefore, he unceremoniously raised his hand to receive the long sword, unsheathed the sword, and played with it a few times.

Chapter 8533

"Good sword, what a good sword!"

It seemed like this young master su was very satisfied with the sword Lin Yi gave him. He nodded,

"It's rare for you to be so astute and sensible. In the future, you will be this young master's little brother! From now on, follow me, hahahaha!"

Young master su was in a great mood, taking Lin Yi in as his follower without even asking for his name.

It was obvious that he only cared about the longsword and didn't care about his new follower.

"Many thanks, young master su! And these few pieces, I originally wanted to give them to young master su as well, but the quality doesn't seem to match young master SU's status. What do you think?"

Lin Yi's main goal was the star Black crystals, so he couldn't afford to make any mistakes. As for the other things, it was a good deal to give them to young master su to gain his favor.

"It's all scrap metal, this young master isn't interested, you keep it for yourself!"

In the end, young master su really didn't care about anything else. He was still focused on playing with his newly obtained sword.

However, the servant who had spoken earlier suddenly said,""Young master, since it's a token of respect, of course it's more reasonable to accept it. If young master doesn't like it, can you just treat it as a reward?"

"Alright, alright, alright. You guys do as you see fit. Don't make this young master worry about trivial matters."

The servant was overjoyed and was about to take everything Lin Yi bought.

In the end, Lin Yi was very generous and transferred everything other than the Black Star Crystal to the servant,"These are all gifts for young master. Since young master said to listen to you, then I'll give them all to you!"

"But I won't give you this black broken stone! It's really too ugly. I just happen to be lacking something to stand on my table, so I'll take it back and make use of it. "

"I'm really sorry for today. I didn't have anything good! When I find something better, I'll definitely make up for today's lack of manners!"

The servant was very happy-he wasn't interested in the dark Star crystals to begin with, and Lin Yi was giving him face, so he didn't want to cause any trouble.

"Not bad, young man. You have good eyes. In the future, if you follow our young master, you will definitely not suffer losses. I will not be polite with these things."

He'd just gotten something out of the blue, and his attitude towards Lin Yi was pretty friendly.

After accepting it, he gave a look to his companion, meaning that he would share some of the profits with him later, so he should not cause trouble for now.

They were all partners. They could eat food by themselves behind other people's backs, but it was a taboo to eat food by themselves in front of others. It would make others jealous, and they deserved to be set up!

Young master su didn't care about the servants "gazes-Lin Yi's actions were to his liking, and he even got a sword he liked. He was in a good mood.

He took out a tag and tossed it to Lin Yi."From now on, you're this young master's man. However, if you want to stay by this young master's side, you need to work harder. Do well, this young master has high hopes for you!"

Lin Yi took the tag and pretended to thank him with respect before putting it away.

The servant who took Lin Yi's things said proudly, "You have to be grateful. Not everyone has the right to get this token. There are many people who want to be our young master's Lackey. Only with this token can we be considered to be acknowledged by the young master. Of course, if you want to gain the young master's trust like us, you will need to work harder."

Lin Yi understood-this was the dog tag of one of Su Yu's lackeys!

What a glorious thing!

"Alright, if there's nothing else, you can go first. We're going to the second level for a stroll. The quota is limited, so I can't take you there today!"

Young master su put away his sword and waved Lin Yi away. He then led his men into the house.

As far as he was concerned, Lin Yi's gift was only worth a dog tag-he didn't really want to take Lin Yi in, and so he never asked for his name.

Lin Yi didn't mind and cupped his hands with a smile, "Rest in peace, young master su. I'll definitely find you to play together after I leave this place!"

Young master su left without looking back, a cold smile on his face.

'This kid really doesn't know what's good for him. He doesn't even take a look at his status. He actually has the face to say that we're playing together. Is he qualified?'

He had thought that he was someone with good eyesight, but in the end, he was just a simple-minded person!

Lin Yi watched as the group left, thinking that these people were too naive-they treated trash like treasure and were still so happy.

They didn't know that the real treasure was easily taken by Lin Yi.

Of course, if they really knew about the Black Star Crystal and wanted to fight Lin Yi for it, then they'd be in deep trouble!

This was a treasure that could allow the body to merge perfectly and break through to the sea severing stage. How could Lin Yi let anyone snatch it away? I can't kill him!

"Little brother, your reaction is quite fast. Although it's a little expensive, you've also gained young master SU's favor. It's not a loss. If it really can't be done, just treat it as a loss of money to avoid disaster!"

The masked woman waited for everyone to leave before she started consoling Lin Yi.

After all, Lin Yi was the one who paid for it in the end, so she'd have to take a cut.

"It's fine, it's just a small amount of money, no big deal!" Lin Yi smiled faintly.

The masked woman was secretly happy. She thought to herself that she was lucky today to have found a rich guest!

"It's good that little brother doesn't mind. Although we can only walk around the outer perimeter, there are still many good things. Big sister will accompany you to continue walking around and see if there are any suitable treasures. "

Since he was a rich man, of course, he had to take the opportunity to let out more blood.

The masked woman was already planning to secretly inform the other stall owners to raise the price and slaughter the fat sheep!

But Lin Yi rejected it!

"No need! I'm no longer interested in the black market today. We'll talk about it next time!"

Lin Yi was very satisfied with the Black Star Crystal, and he had already used his divine sense, the damn thing, and the Starlight Magus to search the surrounding stalls.

Although there were many good things, he did not need them.

If he really went to buy it, he would attract too much attention, and he might even be blocked and robbed.

Lin Yi said he wasn't afraid, but the purpose of this visit was to find out the truth-the less trouble he had, the better.

Therefore, he would leave those unnecessary good things to fate. If he could come across them again in the future, there was no harm in buying them.

"Ah? You're not going to shop anymore? That's right, after being interrupted by young master su like this, I will indeed lose interest. "

The masked woman expressed her understanding, but she couldn't hide the disappointment in her heart. Her plan just now had failed!

It wasn't easy to meet a fat sheep, what a pity!

"Are we going to see the nether spring Aqua fruit now?"

The masked woman didn't struggle for too long. After all, the Commission was only for her side income. Her business was her main purpose.

Chapter 8534 The Power Of The Devil

Since the others didn't have the Fortune of eating a fat sheep, she had to try her best to ensure her own interests.

"Mm, let's go and take a look!"

Lin Yi nodded.

The nether spring Aqua fruit was not the main point. The main point was to see if this masked woman had anything to do with the missing people case.

Could it be that the other party really just wanted to bring him to the black market to sell things?

The masked woman replied and brought Lin Yi through the messy Street to a simple house at the edge. She knocked on the door a few times, and a square hole opened, revealing two eyes to look outside.

"I'm back!"

Behind the door was a similarly masked burly man with an extremely burly figure. He was clearly the companion of the masked woman.

Lin Yi's heart was filled with anticipation.

Whether or not they could find out the truth of the missing person case depended on this!

"Yes, this is a new student from the alchemy division. I brought him here to see the nether spring Aqua fruit!"

The masked woman said as she led Lin Yi into the room, opening the entrance to a basement.

Lin Yi used his spirit sense to scan the area and found that this simple looking house wasn't simple at all. Other than the traps and hidden formations, there were seven or eight strong martial artists.

To be able to gain a foothold in the black market, they were obviously not easy people.

However, it seemed that this little strength was not enough to cause such a big disappearance ...

Lin Yi thought to himself as he followed the masked woman into the basement. He was probably going to return empty-handed this time!

After walking up hundreds of steps, the two of them came to an empty space underground. There was a small pool in the middle, and black Spring water was gushing out of it.

There was a circle of low trees around the pond, and there were small green fruits on the trees. There were about ten on each tree, and there were about twenty in total, so there should be more than two hundred fruits.

"Little brother, look. These are the nether spring Aqua fruits. They're all fresh and unplucked. How many do you want?"

The masked woman proudly drew a circle with her finger, thinking that this fat sheep had never seen the world, so she should be able to make a big profit!

Next, it was time to make an exorbitant demand!

Lin Yi was disappointed when he saw the fruit.

This thing was rare, but he had no use for it!

Since the masked woman was the real seller, she was not the mastermind behind the disappearance.

Lin Yi used himself as bait to catch a big fish, and the line was heavy as if a big fish was on the hook, only to get a dirty leather shoe!

Lin Yi bought a few nether spring Aqua fruits and didn't mind the masked woman's huge profit. He quickly closed the deal and left.

Before he left, he was still thinking about whether the masked woman would launch an ambush at the last moment to catch him, which could at least cause a disappearance case ...

In the end, everything was calm and nothing happened. He just left the house easily!

It seemed like he really misunderstood. Lin Yi sighed and helplessly walked towards the black market's exit.

Nothing happened until they left the black market.

In this case, the disappearance had no direct connection with the black market.

If it had something to do with the black market, Lin Yi would've been noticed and taken away if he left alone.

Since they had come out as if nothing had happened, it meant that the black market was just a black market.

Perhaps there would be a missing person trade, but it would not be the direct cause of the disappearance.

With the lead gone, Lin Yi had to start all over again, looking for places like the black market that he didn't know about before!

Just as he was thinking about it, another customer came out of the black market alone. This person was carrying a lot of things in his hand. He must have made a big purchase in the black market.

Although this person had a storage bag on his waist, it probably couldn't fit, so he could only carry it in his hand.

"Brother, you're in luck today. You bought many good things to your liking!"

Lin Yi said naturally.

The man was on his guard at first, but he relaxed when he realized that Lin Yi was alone, and that he was young.

"Hahaha, you can't say that. My luck is just average! There's nothing good here. Look, these things aren't worth much. They're just trying to be cheap!"

The man was quite open, smiling as he started chatting with Lin Yi. "Little brother, you're so young, but you're also here to search for treasures in the black market? To be honest, there are many good things in the black market. As long as you have the right vision, it's easy to make money. "

"Even if you can't always pick up scraps, you can still buy cheap goods like me and resell them. You can easily earn double the price difference."

Lin Yi understood-this was a second-hand dealer.

The profits from purchasing from the black market and selling them outside were indeed considerable.

The reason why not many people did this was because the things sold in the black market had no idea what kind of trouble was behind it. The things sold were likely to bring about a fatal disaster, or even the possibility of being exterminated.

When people investigated stolen goods, the source would be traced back to the second-hand dealer, but they could not pursue the seller in the black market.

Therefore, the danger of being a second-hand dealer was quite high.

This was the so-called "the higher the profit, the greater the risk!"

"Brother, do you often come to the black market to buy things? Did you pick up anything good?"

Lin Yi was casually chatting, but he was trying to get information.

"Often is not always. After all, it's not easy to enter the black market. The money you earn has to be bribed. It's all blood and sweat!"

The man laughed as if he was complaining, but no one could see what he was doing.

Lin Yi couldn't help but smile-this guy must've earned quite a bit, after all-who would risk their lives for something so unprofitable?

The two of them chatted for a while before they went their separate ways.

Lin Yi didn't plan to leave the underground cave immediately. Since he was here, he might as well look around.

MA shenxiang might have followed them to the black market, but he did not get into any trouble there. Instead, he disappeared after he came out of the black market.

So Lin Yi decided to explore the underground cave.

Not long after, a manservant sneakily came over, ""Sir, did you buy anything that you're satisfied with in the black market? Perhaps it's because it's too expensive and not to your liking?"

Lin Yi raised an eyebrow, his face expressionless. "Who are you? Does my business have anything to do with you?"

"Of course it's not related, but this one has a way to buy better treasures, and it's cheaper than the black market. I don't know if you are interested?"

"Oh? Even cheaper and better than the black market? Then why don't you sell it in the black market, instead of asking here?"

Lin Yi looked at the servant with interest. He already had a feeling that Qianqian's target was about to appear!

Chapter 8535

The black market was already a place where people and things that could not be exposed to the light gathered, and this person actually said that it was even cheaper than the black market!

If he wasn't a scammer, he must have some other motive.

The waiter explained with a smile. "You may not know this, but the black market takes a very High Commission. You also have to pay taxes. So not everyone is willing to trade in the black market."

"Of course, the place I know is far smaller than the black market. However, it doesn't have those miscellaneous fees. Of course, it's cheaper!"

"Such a good place, it can be said to be a treasure paradise for cheap and good quality. Would you be interested in coming with me to take a look? Don't worry, if I don't have anything I'm satisfied with, I won't force you to trade anything!"

Lin Yi pretended to be moved, nodding after some hesitation. "If there's really such a good place, I'll definitely go and see it! Please lead the way!"

"Alright! Please follow me, Sir! I guarantee that you will be satisfied today, and you won't have made a wasted trip!"

The servant was very happy, leading the way with his body turned to the side enthusiastically, and he kept talking about how good the place was!

The two of them walked through the desolate underground Devil's Cave for a long time before arriving at a place that looked like a ruin.

Lin Yi's spirit sense scanned the area first, but he didn't find any signs of life.

"You're not talking about this place, right? It seems like no one has been here for a long time!"

Lin Yi intentionally stopped outside the ruins, putting on a cautious expression. "Don't tell me you're planning to bring me here for some evil scheme?"

"Hahaha, Sir really knows how to joke. How could this little one have any ill intentions towards you with such a small body? this is not the place this little one was talking about. It is only a path that must be passed through. Please continue following this little one."

The servant laughed and entered the ruins first. Lin Yi pretended to hesitate but still followed.

After a few turns in the ruins, the two came to a relatively well-preserved alley. The servant took out a black mask and handed it to Lin Yi.

"Sir, I'm sorry, but the last part of the journey has to be kept secret. Everyone who enters must wear a mask to ensure that the place will not be revealed. After all, this is snatching the black market's business, so we can't be careless. "

Lin Yi didn't mind-he was used to using his spirit sense to check his surroundings anyway, and it didn't matter if he had eyes or not.

"Fine, since I've followed you all the way here, I'll believe you this time. Don't you try to trick me!"

Lin Yi mumbled as he put the mask on.

After putting it on, Lin Yi realized that something was wrong. The mask was something that blocked out divine sense!

This time, not only was he invisible to the naked eye, but he also couldn't use his divine sense!

With Lin Yi's essence spirit, it wasn't hard to break through the head cover, but doing so would probably cause the head cover to explode.

In order to successfully enter that mysterious place, Lin Yi could only choose to endure.

If he couldn't see it, then so be it. He just had to find the place!

Soon, Lin Yi was pulled into a car, and it went on for seven to eight minutes.

Then, there was a familiar feeling of space transformation. He had probably entered another independent space.

It was common to see underground Devil's dens. The black market was a large independent space, and the node was also a passage to another space.

Lin Yi felt that they should be here.

Sure enough, after the spatial shift, he was quickly pulled out of the car, and the hood was removed.

The moment he took off the hood, Lin Yi extended his spirit sense out silently, scanning the space as clearly as possible.

There were many simple buildings and people here, but the most eye-catching thing was the teleportation formation that was under construction!

Lin Yi's heart skipped a beat.

That was because he was no stranger to the teleportation formation that was under construction.

He'd already seen something similar in the underground cave of the naduo titled Empire back in Wutong.

At that time, he had even destroyed the trap that the darkness demon beast clan had set up, and had backstabbed them!

Thus, there was no need to doubt that this was the gathering place of the darkness demon beast clan!

"Is this the place you mentioned? Where is the item you want to trade?"

Lin Yi didn't react and turned to the servant, "Why are the people over there in shackles?"

The people who had built the teleportation formation were all humans, and all of them had wooden expressions. Most of them had shackles on their hands and feet, clearly afraid that they would resist or cause trouble.

Only a small group of people were not shackled. Although they were also working, they were relatively light and somewhat technical.

Lin Yi realized that the missing MA shenxiang was among the people without shackles!

There were also a few students from Tianxia Academy.

Their expressions were normal, different from those of the slaves in shackles.

If one didn't know better, they would have thought that MA shenxiang and the others had already surrendered to the darkness demon beast.

Only Lin Yi noticed something strange and was sure that these people were brainwashed by the dark Demon beasts.

The darkness magical beasts couldn't even be bothered to brainwash the ordinary humans who had no value, and directly enslaved them.

As for MA Shenlong and the students of Tianxia Academy, they were seen as chess pieces with potential. After being brainwashed, they would probably be sent back to the human side.

As for the time ... It should be after the teleportation array is completed, right?

"They ... They are all worthless slaves. Sometimes they rebel, so it's easier to manage them with shackles. You're different. You'll probably be our chess piece. Do you feel honored?"

The servant's humble smile was replaced by a proud and ferocious expression.

He pushed Lin Yi into a room on the side.

Lin Yi didn't act rashly-there were many powerful dark beasts here, and there was more than one heaven breaking beast!

Thinking about the rotten high-level environment of Fengqi great continent, it wouldn't be an exaggeration to say that Fengqi great continent had already been occupied by darkness demon beasts.

As long as the darkness demon beast clan wanted to, they could change the situation in Fengqi continent at any time, right?

The only thing Lin Yi didn't understand was why the dark beasts didn't open the entrance to the underground cave if they were so strong.

That way, an endless stream of darkness demon beast armies would enter, and it wouldn't even be a dream for them to sweep the sub-Island.

Could it be that the human warriors guarding the node had not been corroded, so the darkness magical beasts were unable to take down this most important node? could it be that they had taken a roundabout route to build a teleportation formation here in an attempt to open up a new node?

Before Lin Yi could finish his thoughts, a Dark Demon beast locked him on the chair.

Lin Yi didn't resist-as long as it wasn't destroying his body, anything was fine.

Chapter 8536

"What do you want? Let me go!"

He still had to put up a struggle, and put on an act to make the darkness magical beasts feel more at ease.

"Don't worry, you'll know what we're going to do soon! Then you will be very happy, because to be able to join us is the greatest glory of your life!"

The dark Demon beast started brainwashing Lin Yi with a sinister smile, planting the instant death Seed in him.

At this moment, Lin Yi was in a lot of pain, and it was really hard!

Lin Yi had to suppress his Wu Linghai and not fight back against these invaders.

If not for this, the darkness magical beast would have died from the backlash.

Brainwashing Lin Yi was a joke.

He didn't know if there were any dark beasts on the island that could brainwash Lin Yi.

It wasn't easy for Lin Yi to brainwash the demon beast, and the instant-Death Seed he'd planted was sealed in the Wuling sea.

Removing the instant-Death Seed would be discovered, so Lin Yi decided to keep it for now. There wouldn't be any side effects anyway.

"Alright, you'll be a member of our darkness demon beast clan from now on. Be obedient and work hard, and you'll get your benefits!"

The dark Demon beast patted Lin Yi's shoulder in satisfaction and signaled for its comrades to release their restraints.

It'd be difficult for anyone else to pretend to be brainwashed, but Lin Yi was different.

Lin Yi was very familiar with brainwashing-he'd done it many times before, and he could copy it perfectly.

"Yes, I'll definitely listen to your orders and work hard for the revival of the darkness demon beast clan!"

Lin Yi smiled as he bowed.

People who were brainwashed would still be able to move normally and maintain their consciousness, which was why they could mix in with humans. Lin Yi's performance was perfectly fine.

"Very good! I'll be looking forward to your performance. Now, go out and help with the work so that the teleportation formation can be set up as soon as possible!"

The darkness demon beast nodded its head in satisfaction.

"Yes! I will obey your orders!"

Lin Yi cupped his fists and bowed.

Then, he was brought to the place where the teleportation formation was being built.

"Lord di, another good kid has come. You can make the arrangements!"

The dark Demon beast that brought Lin Yi over bowed to a Dark Demon beast that looked like a middle-aged man and handed Lin Yi over.

"A student of Tianxia Academy? Do you know about formations?"

Lord di glanced at Lin Yi casually before turning back to focus on the construction of the teleportation array.

Lin Yi suddenly felt that this Lord Di's aura was familiar.

For example, the mastermind who was still in the underground devil cave of the Wutong continent's naduo conferred Empire. Could it be this guy?

He didn't look very strong, but he had a deep understanding of teleportation formations.

The style of this teleportation formation was similar to the one built in the nado conferred Empire. It might really be him!

"Sir di, I know a little about arrays!"

Lin Yi waited for Lord Di's instructions to come to an end before he answered the question. "However, if I don't study it deeply, it might not be of much use."

"Whether it's useful or not is up to me, you don't have the say!"

Lord di said without turning his head. He then started to direct the construction of the teleportation array.

Because there were too many slaves, mistakes could be made if one was not careful.

Once the mistake was not corrected in time, the subsequent works would be useless when the problem broke out.

Lin Yi listened on the side and realized that the man was quite intelligent.

Even though he wasn't very powerful, his status in the darkness demon beast clan wasn't low, and he should be a think tank.

If he was really the mastermind behind the nado conferred Empire, he would definitely not let him off this time!

Hmm ... Even if he isn't from the NA duo conferred Empire, I can't let him off!

There probably wouldn't be many of these intelligent darkness magical beasts, and killing one would be much better than killing two heaven breaking stage darkness magical beasts.

Lin Yi didn't pay much attention to him as he got on his horse and slipped away with a few other students.

Even if MA shenxiang saw Lin Yi, he wouldn't greet him in private.

They were all brainwashing people, why would they greet each other for no reason?

Under Lord Di's command, MA shenxiang and the rest carried out some of the more detailed and important work in an orderly manner.

Because of the brainwashing, there was no need to worry that someone would play tricks in the dark. It could ensure the loyalty of the construction and increase the success rate.

Lin Yi looked around and saw that no one was paying attention to him. It was a good time to make a move.

Thus, he silently activated the ghost Yin curse technique and silently cursed Lord di.

With Lin Yi's current strength, no one would notice him if he used the ghost Yin curse on Lord di, let alone remove it!

This rare intelligent talent of the darkness magical beast clan should not live to see tomorrow!

If possible, Lin Yi wanted to kill those heaven breaking dark beasts as well.

However, the heaven breaking stage darkness demon beast was too powerful, and the ghost Yin curse technique couldn't be used on an opponent stronger than the user.

Lin Yi wouldn't do anything he wasn't confident in, or he'd expose himself and drag so many human slaves down with him.

As Lord di was giving orders, he suddenly felt a chill all over his body. Then, he returned to normal.

Although he was puzzled, he couldn't find anything unusual. In the end, he just thought it was an illusion.

"You, go over there and help. Listen to my orders!"

Lord di put the strange situation to the back of his mind and ordered Lin Yi to help the students.

The brainwashed students were clear-headed, but none of them talked to Lin Yi. They were all expressionless, doing what they were doing, like a bunch of puppets.

Lin Yi followed suit and did the same, saving him a lot of trouble.

The big gang coaxed them to mix in and not worry about giving themselves away.

After a while, Lord di announced the end of the day's work.

Everyone rested where they were. Slaves had no human rights, and the resting spot was the place they had to maintain.

On the other hand, the brainwashed people had more freedom. They could walk around as they pleased, and there was a good supply of food. They could also sleep in simple houses.

Lin Yi was sharing a room with an unfamiliar student, and the two weren't in the mood to talk-they just went to sleep, not disturbing each other.

After a few hours, the ghost Yin curse technique on Lord Di's body started to activate.

The symptoms were high fever and diarrhea, which was rare for the darkness demon beast clan, and they didn't have much experience in dealing with it.

Thus, Lord di could only feel uncomfortable and did not think of asking anyone for help.

In the end, in the early hours of the morning, Lord di died. His entire body showed signs of dehydration and was extremely miserable.

The darkness demon beast clan only started to panic after Lord Di's death.

Chapter 8537

Unfortunately, it was too late to do anything now. It was too late to even find out the reason, let alone save him.

However, Lin Yi's ghost Yin curse technique was extremely well hidden. Even if they had checked at the beginning of the attack, they wouldn't have been able to find out what the cause was.

Lin Yi, who was pretending to be asleep, was woken up by the dark Demon beast, and everyone was gathered by the teleportation formation.

The strongest darkness magical beasts were roaring at each other.

"What's going on? How did he suddenly die? Is this how you guys protect him?"

"What does it have to do with us? Was he killed by a sword? He died from diarrhea! What can we do?"

"Why did he suddenly have diarrhea? He must have been poisoned, and you said you would protect him well! Will he die from poisoning if we protect him?"

"Which eye of yours saw that he was poisoned? You better find out where the poison is. What poison had killed him? I'll be convinced if you can find it!"

.....

The 'he' they were talking about was, of course, the unlucky Lord di.

Lin Yi looked at the dark beasts fighting expressionlessly. He felt great inside. It would be even better if they could fight.

It was a pity that although these darkness magical beasts were noisy, they were still able to maintain their rationality and didn't really attack.

"Alright! He's already dead, what's the point of arguing now? shut up, don't make a fool of yourself here!"

In the end, a heaven breaking darkness demon beast impatiently ended the meaningless argument, and then glanced at the human slaves with a ferocious look.

"These human slaves are most likely the murderers who secretly harmed Lord di. Why don't we kill them all?"

Lin Yi's heart skipped a beat. There were tens of thousands of slaves here. Kill them all?

Even though he had killed far more darkness magical beasts, the current situation was different.

Lin Yi couldn't just ignore the fact that he had killed Lord di, which was why the tens of thousands of laborers were involved.

"No! It wasn't easy to capture these slaves, and the teleportation formation isn't completed yet. Do we have to capture another batch after killing them all?"

Luckily, the dark Demon beasts were against it, and Lin Yi relaxed a little.

"He's already dead, what's the point of building it! Are you going to build it or do you want me to build it?"

"Even if one dies, we can still wait for the second one! Even if we don't know the exact time, we can't just give up!"

.....

The argument started again, and Lin Yi fell into deep thought.

There was indeed more than one darkness magical beast with intelligence like Lord di!

However, from what they said, it seemed that it wouldn't be easy for such a darkness magical beast to come over, and he didn't know how long he would have to wait.

Teleportation arrays could only be built by an intelligent darkness magical beast like Lord di. Without him, the teleportation array here would be in a standstill!

Lin Yi had already observed this formation before, and it was very similar to the one he found in the underground cave of the naduo titled Empire.

The only difference was that the teleportation formation here was more sophisticated and could be considered an evolved version.

In other words, the nado conferred Empire was version 1.0, while the one here was version 2.0.

Once it was completed, the chances of opening the node to the abandoned forest would be much higher.

As Lin Yi was thinking, the higher-ups of the dark Demon beast finally finished their argument.

The teleportation formation couldn't be built now, so it could only be put on hold.

However, human slaves could not be killed. They had to be kept for the time being.

"All of you, return to Fengqi continent and return to your positions. Hide your identities and hide among the humans to collect intelligence for our darkness demon beast clan."

A heaven breaking Dark Demon beast gathered all the brainwashed people together, including Lin Yi.

"Regardless of whether it's the martial Alliance, the Academy, or the Empire's royal family, any important news or news that's disadvantageous to our darkness demon beast clan must be carefully organized and collected. Then, immediately send a message back. Do you understand?"

"I understand! Dark revival!"

The brainwashed people responded in unison, and the momentum was not weak.

"Very good! All of you better remember this, if anyone has the thought of betraying me, no matter where you are, I will have a way to kill you! I hope you can all treasure your lives and live well!"

Lin Yi knew that the dark Demon beast was talking about the seeds of instant death that it planted at the same time.

However, the brainwashed person would probably not know of the existence of the instant-Death Seed. By the time they knew, it would basically be the moment they were killed.

And so, other than Lin Yi, no one else understood the threat.

After the briefing and threats were done, the brainwashed people were all put on hoods and sent back the way they came.

The darkness magical beasts were so cautious that they couldn't even completely trust people who had been brainwashed. It could be seen how important this space and teleportation array were to them.

Including Lin Yi, there were around two hundred people who came back.

The Academy took up about one-tenth of the total. It was not considered a lot, but it was not a small number either.

Especially for MA shenxiang, who was in the middle and upper echelons of the Academy, if he did not know the details, it was easy for him to get a lot of confidential information.

It was very smooth when they left the underground Devil's Den. The guards didn't even ask any questions, and they didn't care if there were many people who had been missing for a long time.

On the one hand, these guards didn't know who was missing. On the other hand, there were so many people going in and out of the black market every day. Who would carefully check the people who went out?

When they returned to the surface, these people dispersed, but everyone had the same story and kept their mouths shut about the disappearance.

No matter who asked, they all said that they had no memory, did not know how they disappeared, and did not know where they went after disappearing.

They were able to escape back this time because an accident had happened during the transportation. After they were released, they realized that they were very close to the exit of the underground Devil's Den, and so they escaped easily.

After these two hundred people returned, they would definitely be inspected from all sides.

But Lin Yi was suspicious-did the person in charge have the ability to tell that these people were brainwashed?

Perhaps he had the ability, but had he been brainwashed and controlled?

This wasn't something Lin Yi should be concerned about for now!

Lin Yi, MA shenxiang, and the others returned to Tianxia together. Yan Su was already waiting at the entrance when they received the news.

When he saw the 20-odd people who had returned, he immediately smiled and felt relieved.

"That's great! You're all back in one piece! I'm so happy! Dean Sima, did you save them all? As expected, the moment you set out, you successfully found the missing person. "

Yan Su pulled Lin Yi out of the line affectionately before comforting MA shenxiang and the others.

"Dean Sima, many thanks for saving my life!"

MA Shenlong smiled and started chatting with Lin Yi.

Anyway, they were all on the same side now. With a superior as a companion, they would be more stable in the future.

Chapter 8538

"That's right. Due to the disappearance of Vice Principal MA and a few other students, Vice Principal Yan and I decided to use our bodies as bait to find you all. In the end ... Not bad, everyone has returned!"

Lin Yi smiled, "Deputy Director MA, you can take them back to rest first. I'll talk to director Yan for a bit, I'll see you later."

MA Shenlong laughed in his heart. Using himself as bait?

In the end, he became bait that was swallowed in one bite. What a pitiful child.

"Alright, Dean Sima! You guys have a good chat, we'll go back to rest first. "

After MA shenxiang left with his men, Lin Yi and Yan Su had a simple chat, talking about the bullshit they'd discussed before.

It wasn't that Lin Yi didn't trust Yan Su, but the situation and time weren't suitable for him to tell the truth.

"That's the gist of it. I'm not too sure about the details. Director Yan, I'm going back to rest as well. I'm feeling very tired. I'll come back to report the situation to you after I'm done resting."

Lin Yi cupped his hands and left. Yan Su was a little surprised, but she didn't insist, "Alright, have a good rest. This old master is free at any time. Come find this old master when you're done resting!"

He felt that Lin Yi wasn't telling the truth, but there must be some unspeakable reason behind it, so he let Lin Yi go.

Lin Yi, of course, wasn't going back to rest-he went back to the pill refining section to get MA Shenlong.

"Hahaha, Dean Sima, I really didn't expect that we would become true family. We'll have to take care of each other in the future!"

As soon as MA Shenlong entered, he cupped his fists and laughed.

She seemed to think that Lin Yi and her were both spies of the dark Demon beast clan, and their relationship was very close.

Lin Yi looked at MA shenxiang with a half-smile on his face and gestured for him to sit down, "Deputy Dean MA, how do you want me to take care of you? To give you the position of the principal of the pill refining sub-school?"

"Ha, we're already family, why are you still treating me like an outsider! It's the same whether you take the Dean's seat or I take it! As long as we do what the higher-ups want us to do, nothing else is important!"

MA Shenlong laughed and said, ""Of course, if you and I can both improve, it will be much more convenient. After all, it's enough for the apothecary school to have one person in charge. With the two of us together, there will be some overlap!"

"So what I mean is that Vice Principal Sima, if you have the opportunity, you should continue to rise up the ranks. It's the same if you leave the alchemy School to me. As long as it's beneficial to our career, anything is fine!"

Lin Yi understood what he meant.

This guy really wasn't greedy for the position of Dean, but after being brainwashed, the benefits of the darkness demon beast clan were his highest pursuit.

The position of Dean was only for the sake of completing the missions assigned by the darkness demon beast clan.

"Dean Sima, actually, your other identity is more suitable for development. You're the Vice President of the alchemy Union of the continent's martial Alliance. You're already in the middle and upper echelons of the continent. Make good use of this opportunity and obtain a higher status in the martial Alliance. It'll be very easy for you to obtain confidential information."

"In my opinion, Dean Sima should focus on this path and strive to gain a firm foothold in the martial Alliance as soon as possible. Then, he can develop rapidly. At that time, he can even justifiably promote me or other partners, forming a powerful force."

MA shenxiang's plan was very reasonable, and he was considering the problem from the perspective of the darkness demon beast clan.

Lin Yi was a little speechless after listening to the guy's words, so he started removing the brainwashing.

He'd done this many times back in the nado conferred Empire.

Now that he was dealing with MA Shenzhong, it was a piece of cake for him. He easily controlled the other party, wiped away the darkness demon beast clan's brainwashing, and temporarily isolated the seed of instant death.

MA Shenlong was in a daze. Suddenly, he quivered as if he had just woken up from a dream.

His eyes turned from confusion to shock, "w-what happened to me?" I've been brainwashed by the darkness demon beast clan?"

"Shush...Deputy Dean MA, calm down and relax!"

Lin Yi made a shush gesture.

Although there was no one in the office who could eavesdrop, it was still better to be careful.

Especially MA Shenlong, he had to make him develop the habit of being cautious to avoid any problems in the future.

"Dean Sima, you ... You helped me remove the darkness demon beast clan's brainwashing? So, you weren't brainwashed?"

MA shenxiang's voice suddenly lowered a lot, even lower than his normal voice.

At the same time, his face was full of confusion, "how did you get rid of the darkness demon beast's brainwashing? did director Yan help you?" It can't be, right?"

Lin Yi should've only seen Yan Su once when he returned to the school.

But if Yan Su found out that Lin Yi and the others had been brainwashed, she'd probably arrest all the instructors and students who came back, including MA shenxiang, with her temper, not to mention if she could remove the brainwashing.

How was it possible that there was no movement at all?

She couldn't figure it out and could only wait for Lin Yi's explanation.

Lin Yi sighed softly. This Deputy Dean MA didn't seem to be very smart!

"Deputy Dean MA, I can remove your brainwashing. Isn't that enough to explain the problem?"

MA shengkai suddenly realized that he was right!

Since Sima Yi was able to remove the brainwashing, he naturally had a way to fight against it!

Furthermore, he could even deceive the darkness demon beast clan!

Come to think of it, when Sima Yi first came to Feng Qi continent, didn't he save the head of the Ling family, Ling lingjiu?

I heard that Ling lingjiu's primordial spirit had a problem as well and almost lost her life. It was all thanks to Sima Yi that she was able to keep her old life.

This was enough to show how strong Sima Yi was in this aspect!

MA Shenlong's mind was filled with many details in an instant.

Lin Yi had only said one sentence, and he'd already been enlightened.

"I understand! Dean Sima, you're really amazing! This is really great! I almost became a sinner of humanity! If I really did help the darkness demon beast clan, I wouldn't be able to die in peace! I can't thank you enough for your great kindness, Dean Sima! I'll follow your lead in the future and do whatever you say!"

MA Shenlong could not hide his excitement as he clenched his fists and waved them around.

When he spoke, he deliberately lowered his voice, obviously afraid that he would leak this secret out too loudly.

"Dean Sima, then should we gather all the teachers and students who came back with us and help them remove the brainwashing?"

"There's no hurry. We'll talk about this later. Those who came back with us might not all be brainwashed!"

Lin Yi waved his hand, "I suspect that there might be people who really want to join the dark Demon beasts, or they've been possessed by the dark Demon beasts. If we don't investigate properly and act rashly, we'll expose the fact that we've removed the brainwashing."

Chapter 8539

"You might think that it's not a big deal to be exposed, right?"

MA shenxiang was dumbfounded, but he still nodded like an idiot.

That was indeed what he thought. What was the big deal if he was exposed?

"Deputy Dean MA, you're wrong! Do you think that the darkness demon beast clan is just brainwashing? At the same time, a seed of instant death was planted in the primordial spirit of all the brainwashed people! Once it is determined that there is a possibility of exposure or rebellion, the instant-Death Seed will erupt. "

Lin Yi's expression was serious, "as the name suggests, the instant-Death Seed is a technique that can kill people instantly!" If there's a darkness demon beast clan spy among the people who come back, and they discover that we can remove the brainwashing, then all of the people who come back with us will instantly die!"

MA shengkai suddenly turned pale with horror.

This time, there were more than two hundred people who had been brainwashed, and every one of them was an elite human.

If not for this, the darkness demon beast clan would not have spent so much effort to brainwash them.

It was a pity to lose over 200 human elites at once. MA shenxiang patted his chest in fear. "It's all thanks to Dean Sima's consideration. If I had been the one to handle this matter, the consequences would have been unimaginable!"

"You don't need to belittle yourself. It's just because you don't know about the instant-Death Seed."

Lin Yi patted MA shenxiang's shoulder. The two were quite different in age, but as his superior, Lin Yi didn't feel out of place with this action. MA shenxiang didn't feel anything wrong with it.

"That's right, Dean Sima, the instant death Seed you mentioned, once it disappears, will the darkness demon beast clan find out? If he does ..."

"I understand what you mean. There is indeed a possibility of being detected, so the instant-Death Seed in your primordial spirit has not disappeared."

Lin Yi smiled, "I'm just temporarily isolating the instant-Death Seed. I'll make sure that it won't affect you. It's not too late to solve the instant-Death Seed after I've removed the brainwashing of everyone who came back with me. Don't worry, it'll be fine."

"I'm not worried. With you by my side, Deputy Sima, these are not a problem."

MA shenxiang forced a smile.

In the face of the righteousness of the humans and the darkness magical beasts, MA shenxiang might have stood firm.

However, if he had to choose between his own safety and the 200 or so human elites that had nothing to do with him, he would definitely choose to protect himself.

Therefore, it would be a lie if he said that he wasn't worried about the instant-Death Seed that was only temporarily blocked.

If possible, he hoped that Lin Yi could get rid of the thing immediately, even if it would cost the lives of two hundred people.

If it had nothing to do with the righteousness of the two races, then it was all for themselves!

This was the normal psychological reaction of many ordinary people.

Lin Yi could clearly feel the man's thoughts, but he didn't expose him.

He wasn't a Saint anyway, so he didn't need to ask for everyone around him to be Saints. Ordinary people were good.

"Deputy Dean MA, I trusted that you weren't a spy from the darkness demon beast clan, so I helped you remove the brainwashing first. After that, we'll still have to pretend to be brainwashed and not reveal any flaws."

Lin Yi continued, "next, we'll carefully investigate who's the dark Demon beast's spy in the brainwashing division. Then, we'll slowly carry out the rescue plan."

"Because I've only temporarily sealed the instant-Death Seed, the darkness magical beasts won't notice your abnormality. We can beat them at their own game and complete the rescue of the others."

MA shenxiang nodded solemnly, "I understand. As expected of Dean Sima. With such a detailed plan, I believe we will succeed!" As for the investigation, I will do my best and not let down Dean Sima's expectations!"

Lin Yi thought to himself, "I don't really have high expectations, just don't expose yourself ..."

No matter what, having another double agent would always be of some help to him.

In the future, MA shenxiang's task would not only be to blend in with these two hundred brainwashed people and carry out a secret investigation. It was also possible to investigate the spies of the other darkness demon beasts, and perhaps there might be unexpected gains.

The two of them discussed for a while more before MA Shenlong took his leave.

After that, Lin Yi continued with his normal hosting work, passing the next few days very normally.

During this time, Lin Yi had a conversation with Yan Su. He had enough trust in Yan Su, so he didn't hide his plan.

After all, even Yan Su knew about his plan of using himself as bait. If he was in cahoots with the dark Demon beasts, Lin Yi wouldn't have come back so easily.

After Yan Su understood the situation, she acted as if nothing had happened and did not take any action. She only investigated the instructors and students who had returned as usual.

This included Lin Yi and MA shenxiang-everything was part of the process, and there was nothing suspicious about it.

In this way, the brainwashed who were sent back slowly felt that everything was calm and could hide in peace.

And then one day, a stranger came looking for Lin Yi.

"Dean Sima, I've long heard of your great name. Now that I've met you, you live up to your reputation!"

The person greeted Lin Yi politely, "I'm Zhen shuaqi, greetings to Dean Sima!"

Lin Yi's mouth twitched.

The person in front of him was short, square-faced, with arched eyebrows, thin eyes, and a flat nose. His wide mouth could not cover his front teeth.

A random darkness magical beast might be more handsome than you!

You're on par with the dead Zhen Yingjun in the secular world!

Of course, one couldn't judge a book by its cover, and Lin Yi didn't have the bad habit of judging a book by its cover. He only complained in his heart that the name and appearance didn't match, and didn't show any disgust on his face.

"So it's brother Zhen. May I know what business you have with me?"

Lin Yi cupped his hands politely and asked Zhen shuaqi with a smile.

Zhen Shuai's expression changed and he said something that didn't seem to make any sense, "I couldn't find a light last night, so I went out in the dark. I met someone around the corner and said he was dreaming."

Lin Yi blinked, "I had a dream last night. I was looking for a light in the dark. I woke up in the middle of the night and I was still in my dream!"

This was actually a secret signal, a secret code that the darkness demon beasts used to identify spies.

Lin Yi didn't think that a Dark Demon beast traitor would come looking for him just by sitting in his house.

As expected, it was not a bad idea to beat him at his own game. He just waited for the rabbit to catch the tail.

"Dean Sima, nice to meet you! Let Me Reintroduce Myself, I'm the person the higher-ups sent to contact you. Your identity is also quite unexpected!"

Zhen shuaqi put away his ugly smile and said seriously, "You're an unexpected gain. However, with you around, the new mission will be much easier!"

Chapter 8540

"What mission? Please explain in detail. "

Lin Yi didn't react and continued to pretend to be brainwashed, "For the revival of darkness and the completion of the mission, I will definitely go through fire and water without hesitation!"

Zhen shuaqi was satisfied with Lin Yi's attitude and nodded, "Not bad! Although you are the Dean of the alchemy sub-school, I will be your superior in the future. You have to be clear about this. You will be directly responsible for everything. "

"Let's talk about the quest that you need to do this time!"

Zhen shuaqi's expression turned serious as he looked at Lin Yi.

Lin Yi nodded, making a gesture of invitation.

From the looks of it, the darkness demon beast clan was about to make a big move?

"You also know that the person in charge of the construction of the teleportation array suddenly died in an accident. The new person in charge will not be able to arrive in a short time, so we need an array Grandmaster to be the transition person in charge."

Zhen shuaqi started to explain the mission details, ""Your mission target is the Dean of Tianxia College's array path division, Shi Yucai. Think of a way to lure him into the underground demon cave and have our people brainwash him, making him the organizer of this transitional array construction."

Lin Yi blinked-was he after Shi tiancai this time? From another perspective, the darkness demon beast clan's actions were enough to prove that Shi wangcai wasn't one of them.

"I can, but I don't have much of a relationship with Shi shengcai. On the contrary, we're not on good terms. He might not pay attention to me, so why don't you find someone else to help? The chances should be higher, right?"

Lin Yi didn't reject her outright, but asked tactfully.

Zhen Shuai sighed,"I can't help it. Shi shengcai is famous at a young age and doesn't lack money. It's almost impossible to attract him with material things."

"It's not like we haven't tried those methods that are effective on ordinary people, but they're useless on him. That's why we thought of you. You defeated Shi Yucai in the previous Grandmaster alchemy test. According to our observations, he actually cares a little about you. "

"It's similar to the mentality of finding an opponent. It's usually not revealed, but occasionally some details will be reflected. So we think that if you take the lead, Shi shengcai will be more likely to take the bait. "

Lin Yi laughed to himself as he understood what Zhen shuaqi meant.

It was probably because Shi Yucai regarded himself as a destined enemy, such as a Chuunibyou setting.

It didn't matter if Shi chengcai really had that intention or not, Lin Yi felt that the dark Demon beast clan was quite thoughtful this time.

Compared to the people Shi shengcai didn't care about, Lin Yi's appearance was indeed more important and had a higher chance of success.

"I understand. Since you said so, I'll try. However, I can't guarantee success. I can only try my best. I hope the higher-ups can understand and don't blame me for not doing my job well."

Lin Yi couldn't reject it anymore, so he agreed. "However, can't other people who know array Dao do the same?"

Zhen Shuai Qi frowned as if he wasn't happy with Lin Yi's words, "I'm not trying my best, I'm trying my best. I won't blame you if I really can't trick Shi longcai! We understand the current situation better than you, and Shi Yucai is the most suitable candidate. "

Lin Yi had wanted to offer himself up to cause some trouble.

But it seemed that Zhen shuaqi didn't trust him. Who asked him to not be as famous as Shi jincai?

After all, in the eyes of the darkness magical beast clan, Shi wangcai was the most suitable candidate for the path of formations.

"If you really don't have a chance to succeed, then you can settle for the next best thing. You must get a Deputy Dean of the array path sub-school. If you can't even do this, then you've failed your duty."

Zhen shuaqi said in a deep voice as he stared at Lin Yi coldly.

Even if he didn't succeed, he couldn't really punish Lin Yi.

After all, brainwashed people would spare no effort in serving the darkness magical beast clan, and there were other factors that made them unsuccessful.

However, he felt that as Lin Yi's superior, he had to give him the necessary pressure.

"I understand! I will do my best to complete the mission!"

Lin Yi was playing the role of a brainwashed person-he wouldn't go against orders.

Raising some reasonable doubts to make up for the missing was naturally not a problem, but publicly defying orders, everyone knew that there was definitely something fishy.

"I still have a question, I wonder if I can ask?"

Lin Yi's attitude was very proper, so Zhen shuaqi's face softened a lot.

He immediately nodded in agreement. "Sure. If you have any questions, feel free to ask. As long as I can tell you, I will tell you everything I know."

"Many thanks, I wanted to ask, why are you only staring at the array path sub-academy's principal and Vice Principal? They're grandmasters, but they're not the only grandmasters!"

Lin Yi lifted his chin in martial league's direction. "The President and Vice President of the martial Alliance's array formation Association are also array grandmasters, so we should be able to target them, right? I heard that the president of the array Association and one of the Vice Presidents are both from the SU family. If we can control them, the effect will be better than Shi longcai, right?"

Zhen shuaqi's gentle expression turned cold again. "I already said that Shi shengcai is the most suitable! Do you think the decision of the higher-ups is something you can question?"

"The array Grandmaster we're looking for this time will be missing for a long time. If the SU family goes missing, su banzhou's power is not to be trifled with. It's not appropriate for us to provoke such a level of trouble for the time being."

The first half of his sentence was to berate Lin Yi, but the second half was a slight explanation, showing that he valued Lin Yi's opinion and didn't want to hurt these brainwashed people too much.

Although the brainwashed people were loyal, they still had a clear mind and a mode of thinking.

So Zhen shuaqi didn't want to offend Lin Yi too much, in case he got hated!

One had to know that even though everyone was doing it for the darkness magical beast clan, there were internal conflicts within the darkness magical beasts too!

"So that's how it is. I've indeed been thoughtless. I understand now. I'll use this as the target of my next move and try to build a good relationship with Shi Yucai as soon as possible!"

Lin Yi clenched his right fist and waved it around, showing off his confidence.

Zhen shuaqi finally showed an ugly smile and was pleased.

After that, Zhen shuaqi didn't stay any longer and quietly left the pill refining division.

Lin Yi waited for him to leave before sending a message to Zhang Yiming, telling him to track Zhen shuaqi and find out his background.

It would be perfect if he could follow the clues and find out who was behind Zhen shuaqi.

Perhaps he could even find a bunch of darkness demon beast spies among the humans.

Soon, Zhang Yiming came to report to Lin Yi.

"Boss, the person you asked me to keep an eye on is a small manager in a Medical Center under martial League. Although he's ugly, he's always smiling and does things smoothly, so he's quite popular around here! After he left boss's place, he went straight back to work in the medical Hall and didn't look for anyone else. "

Zhang Yiming's ability to collect information was outstanding. In such a short time, he had collected a lot of information about Zhen shuaqi.
