

## Bodyguard 8561

### Chapter 8561

However, it was necessary to return to the alchemy sub-college to make some arrangements. He didn't know how long it would take to return to the source of array Dao, so it was better to make careful arrangements.

As soon as he got back to the pill refining section, MA shenxiang went to look for Lin Yi. "Dean Sima, you've returned! Someone's looking for you and is waiting in the office. "

As he spoke, MA Shenlong scanned his surroundings to make sure that there was no one around before he lowered his voice and said, "The people from that side are coming. Please be careful."

Lin Yi understood immediately.

That was naturally the darkness demon beast clan.

When he was taking the diamond formation Master exam, Lin Yi already knew that the dark Demon beasts would come.

That was why he couldn't wait to set off with Shi shengcai to avoid these troubles.

This was because Zhen shuaqi's mission was for Lin Yi to trick Shi chengcai into going to the underground Devil's Cave to be brainwashed and then become the commander of the teleportation formation.

Because on Fengqi Dazhou's side, Shi tiancai's array skills were publicly recognized as the strongest.

But who would've thought that yesterday's Diamond formation Master exam would have such a drastic change-the publicly acknowledged strongest didn't show his strongest presence, but was instead taken by Lin Yi, a rising star.

The dark beasts would definitely come to Lin Yi after hearing the news.

"I know. You can go back first. I'll go over by myself."

Lin Yi waved his hand, dismissing him.

This guy's brainwashing had been removed, but his acting skills were average. He could still get away with it in the Academy, but there was a risk of being exposed if he faced the people sent by the darkness demon beast clan.

If it wasn't necessary, it was better not to let him have too much contact with the darkness demon beast clan, so as not to reveal any flaws.

Back in the office, he saw his old friend Zhen shuaqi and pretended to greet him first.

Zhen shuaqi waved his hand for Lin Yi to sit down, his face full of regret, "Sima Yi, I didn't expect your array skills to be so powerful. You're even stronger than Shi tiancai. I'm really giving up what's near and seeking what's far!"

Lin Yi had suggested that he knew something about formations before, but Zhen shuaqi didn't believe him at all.

But Lin Yi suddenly became a diamond Grandmaster, and Zhen shuaqi was scolded by his superiors.

But who could he blame?

"Previously, when you were looking for an array master, I told you that I have done some research on array Dao, but you didn't believe me!"

Lin Yi said with a smile.

Zhen shuaqi sighed and knew that he couldn't blame Lin Yi, "if I knew that your array Dao was this good, I wouldn't need Shi Yucai. You'd be enough!" Come with me right now to rearrange the work for the teleportation formation!"

He had asked Lin Yi to get Shi Yucai on his side for this purpose, but now that Lin Yi was an array master himself, he didn't need Shi Yucai anymore.

"It's not a problem to take charge of the construction of the array, but we can't do it now!"

Lin Yi didn't reject him immediately, but rubbed his chin as he pondered. "The entire martial Alliance knows that Shi wangcai asked me to go to the source of array Dao with him. If I suddenly disappear, Shi wangcai will definitely be suspicious!"

"Maybe my identity as a spy will be exposed because of this, and the others who come back with me will also be implicated. In addition, the source of array Dao only opens once every five years, and any array Dao Grandmaster who enters can obtain a great opportunity. "

"If I can make a breakthrough in the source of array Dao, then come back to preside over the construction of the array, it will definitely be more at ease. What do you think?"

Lin Yi's suggestion was reasonable, but Zhen shuaqi didn't agree, "You're thinking too much. There won't be any problems if you leave now, because we don't need you to stay there and preside over the construction of the formation. "

"It's a pity for a talent like you to be restricted to the construction of the teleportation array. So, you just need to follow me to restart the construction of the teleportation array and make sure that the progress doesn't come to a standstill."

Zhen shuaqi lowered his voice and said, "There are some things that I don't need to hide from you. The master who will be in charge of the construction of the formation is already on his way. You just need to command the slaves to do some transitional work according to the formation map. When the master arrives, he can smoothly take over. So I won't take up too much of your time. One day should be enough. "

In fact, Zhen shuaqi could have ordered Lin Yi forcefully without any explanation.

However, Lin Yi's value was beyond imagination. The dark Beast clan must have listed Lin Yi as an important talent to train.

Therefore, Zhen Shuai revealed a lot of information while being respectful.

Lin Yi's mind whirled as he smiled. "If that's the case, then let's hurry up and leave. The sooner we go, the sooner we'll return!"

The two of them immediately left Tianxia Academy and headed to the underground Devil's Cave.

He went back to the teleportation formation and saw the dark Demon beast that brainwashed him last time.

It seemed that this guy should be the highest leader here.

"So you're Sima Yi. I didn't expect that you'd develop such a talent by accident!"

As the darkness demon beast spoke, it tried to communicate with the instant-Death Seed in Lin Yi's Witcher spirit sea.

Obviously, what Lin Yi had to do next was very important, so the dark Demon beast had to make sure that Lin Yi's brainwashing was going well.

But with his level, testing Lin Yi was a piece of cake.

"Next, you should go and take a look at the teleportation formation diagram."

After the dark Demon beast checked that there were no problems, it took out the teleportation formation and gave it to Lin Yi.

Lin Yi took the diagram and pretended to look at it for a while.

In fact, he could understand the principle of this stupid thing at a glance.

"This formation is indeed profound. Although it's a little difficult, if it's just for me to arrange a transition, it's not a problem."

Lin Yi frowned and put on a troubled face. "I just don't know when the new commander will come. If it's only a few days, I can do it, but I can't do it if it's more than that!"

The dark Demon beast leader wasn't surprised. After all, their teleportation formation was very complicated, and it was already good enough that Lin Yi could understand a small part of it. It didn't expect Lin Yi to understand it completely.

Besides, the more he didn't understand, the better!

If she understood everything, she'd have to get rid of Lin Yi, just in case.

Whether or not he was brainwashed.

This was related to the revival of the darkness demon beast clan, and they couldn't afford to make any mistakes.

However, the leader was a little reluctant to get rid of Lin Yi, the brainwashing expert who had both power and status.

"The new commander will arrive in about ten days, so you only need to arrange ten days of work. Of course, it doesn't matter if it's less. We can slow down the pace and delay it for a day or two. "

The leader of the darkness magical beasts said honestly.

Lin Yi raised an eyebrow. The new commander was coming in ten days?

Chapter 8562

He didn't know how long this trip to the array Dao origin would take. If he returned from the array Dao origin and the teleportation array had already been built, he was afraid that something would go wrong!

At that thought, Lin Yi decided that he should do something to the teleportation formation.

He'd been pretending to be in a difficult position with this in mind.

At that time, if the teleportation array really had a problem, it wouldn't be his fault.

He had only been able to understand some of the formation diagrams. It was already good enough that he could make the transition, let alone tamper with them.

"Don't worry, my Lord. Dean Sima isn't just a diamond-ranked array master. According to the latest news, he managed to repair the damaged array of the martial Alliance's array Association by himself!"

Zhen shuaqi suddenly added with a smile.

Lin Yi felt a little weird.

Was he doubting her and trying to make things difficult for her?

The darkness demon beast clan said that the new commander would be here in ten days, but was it really true?

As expected, the dark Demon beast leader turned to look at Lin Yi with a scrutinizing look, "I've underestimated Dean Sima. So you were being humble just now?"

"No!"

Lin Yi sighed, "the knowledge I've gained is mostly towards practical formations like offense and defense!" What you want me to study is teleportation arrays, which is an ancient inheritance. Nowadays, it is very rare to see people who know how to set up this kind of array!"

"I see!"

The leader of the darkness magical beasts nodded.

Lin Yi was telling the truth, so the leader didn't doubt him.

Teleportation formations were popular on the Sky Class Island, but not on the sub-islands.

Lin Yi didn't even know about the existence of teleportation formations before he came to the Phoenix Nest continent, which showed how rare they were.

"Alright, time is of the essence. Let's make the arrangements now."

Lin Yi put away the formation and walked towards the teleportation formation.

The human slaves sat on the construction site with numb faces. They did not show any emotion even though the construction had stopped.

He went up to the stage and unfolded the formation again, pretending to compare it before starting to give instructions.

"...At C-17, two hundred people start digging trenches and burying array bases. Pay attention to the route ..."

"... 300 people at position D21. Draw the formation runes without any mistakes ..."

"...A22, three hundred and sixty people ..."

Lin Yi gave the order casually, and the slaves followed it.

Very quickly, the entire teleportation array construction site started to move again. It was a bustling scene.

However, these human slaves were like machines, expressionless, making the bustling scene even more desolate.

The dark Demon beast leader nodded slightly, satisfied with Lin Yi's performance.

Although Lin Yi's performance was normal, he was just following the formation!

However, they didn't need Lin Yi to make any changes to the formation. They just needed to understand the formation.

How did the dark Beast leader know that Lin Yi didn't change it?

It wasn't that he knew how to build a teleportation formation, but that he'd intentionally slowed down the progress for half a day before Lin Yi arrived!

It was true that the leader of the darkness magical beasts did not know how to build, but he knew how to demolish!

He took down everything he'd built in the last half of the day, and used it to see if Lin Yi had really used the entire formation.

He couldn't say that he doubted Lin Yi's loyalty, but he did doubt Lin Yi's skill.

Now, it seemed that there was no problem!

"Dean Sima is indeed a great talent. I'll leave the next project arrangement to you!"

The darkness magical beast leader relaxed.

"Don't worry, Sir. I'll split the project into drawings and fine-tune each step. You just need to construct according to the drawings and then check according to the standards. There won't be any problems."

Lin Yi smiled and gestured for the dark Demon beast to prepare a pen and paper. "Every day's work must be exactly the same as the drawings. There can't be the slightest mistake. The method of verification is very simple. As long as there is a mistake, the subsequent works will not be able to proceed smoothly."

"However, we need a new commander to check it again and make sure that there are no mistakes! If we find any problems, we can fix them in time. "

Lin Yi said as he started drawing out the details of the job division, listing out the requirements.

Lin Yi didn't do anything during the whole process, since the inheritor had to be a formation master as well.

A formation master who could build a teleportation formation had to be above Diamond Grandmaster level. Lin Yi didn't want to take the risk.

Once the successor saw the problem, not only would it be a waste of time, but he would also expose himself.

He couldn't do something like that-he wasn't that stupid.

But just because he didn't do anything to the formation didn't mean he'd given up.

Lin Yi didn't have to do it himself, but he could secretly use his spirit sense to interfere with the construction slaves and let them do it.

It looked like the slaves were following Lin Yi's orders seriously, but only Lin Yi could tell if they were really doing it.

These darkness magical beasts could only compare the slaves according to the progress of the spell formation after they were done.

But by that time, Lin Yi would've already added some changes to the teleportation formation, so no one would notice.

They'd have to dismantle the teleportation formation and be better than Lin Yi and the damn thing in terms of formation skills if they wanted to find out what Lin Yi was doing!

If the dark Demon beasts wanted to dismantle it, they wouldn't have asked Lin Yi to do it.

Secondly, he didn't know if there was anything more powerful than Lin Yi and the damn thing on the sub Island.

"My Lord, that's the arrangement for the next ten days. As long as we strictly follow the drawings, we can ensure that there will be no problems!"

Lin Yi handed a stack of blueprints to the leader. "It's getting late. If there's nothing else, I'll go back first!"

There was no problem with this large pile of blueprints, and he believed that the successor would approve it after he came and took a look.

Unless the other party was bored to death, they would not tear down the teleportation array and compare it again.

"Alright, thank you for your hard work, Dean Sima! Zhen Shuai Qi, you can send Dean Sima back!"

The dark Demon beast leader was very satisfied with Lin Yi.

Zhen shuaqi only sent him back to the ground and said, "Dean Sima, your value is already at the top among all of us brainwashing experts. For the sake of the darkness demon beast clan's revival, you must protect yourself well on this trip to the source of array Dao. Take care!"

Lin Yi said a few words and sent Zhen shuaqi away. He didn't expect to bump into Shi tiancai on his way back to the school.

"Dean Shi, are you also out to buy materials? Are you almost done preparing?"

Lin Yi said, making it seem like he was preparing something as well.

He directly avoided Shi Yucai's question.

Chapter 8563

shi longcai nodded slightly. "that's right. we're almost done with the preparations. what about you, dean sima?" if that's enough, why don't we set off directly? After all, the activation of the array Dao origin will attract grandmasters from all over the continent, so it's better to leave early. "

"All the grandmasters on the continent?"

Lin Yi was surprised,"what a grand event!" I thought only our Feng Qi Grand state's grandmasters would go!"

If he were to expand the scope to the entire starsource continent, the number of formation Masters would be considerable.

Even if not all the grandmasters would go, they should not be underestimated.

"The source of formation Dao is so mysterious, how can there only be Fengqi Dazhou? Moreover, the entrance to the formation Dao origin isn't in our Feng Qi great continent! According to what you're saying, doesn't that mean we don't even have the right to go?"

Shi chengcai frowned at Lin Yi's ignorance-he finally found the feeling of acting cool.

He waved his hand and took out a map."It seems like you've never come into contact with the source of formation Dao. I'll explain it to you briefly then."

"The source of formation Dao is the treasure of the entire starsource continent. It will open once every five years, but the entrance is not fixed. It will appear on a random continent in the starsource continent."

"Before it opens, there will be some signs. The array Dao Union of the martial Alliance of the starsource continent will send experts to determine the opening location of the array Dao source! And this time, the entrance is right here!"

Shi Xun drew a circle on the map with his hand.

Lin Yi went over to take a look and was surprised.

This was because the map that Shi chengcai had opened up was very familiar to Lin Yi. It was the Hongshang Empire of Wutong!

And that circle was near the Hong Shang Empire.

It was an Empire that Lin Yi had built with his own hands, and now that it was on the martial Union's official map, Lin Yi was quite excited.

Lin Yi's face changed as he looked at the circle. It was also close to the sword spring sect!

"Dean Shi, are you sure the entrance to the source of array Dao is here?"

Lin Yi's expression was strange.

This time, not only would he have to return to the Hongshang Empire, but he would also have to return to the sword spring sect!

That was Lin Yi's starting point on the sub Island.

"Of course! Is there a problem?"

Shi wancai immediately frowned, feeling a little displeased.

He was explaining to Lin Yi as a teacher, and he didn't like Lin Yi's questioning tone.

"No problem. But I know this place. I've stayed here for a period of time!"

Lin Yi explained.

Shi shengcai finally realized that Lin Yi really did come from the great continent of Wutong.

"So that's how it is. But even if you came from there, it won't be of any help to the trial at the source of formation Dao."

Shi chengcai looked at the ignorant Lin Yi with disdain. "The entrance to the array Dao origin isn't fixed. Even if you're from here, you've never heard of the array Dao origin."

"I see!"

Lin Yi didn't think much of it-he could just ask if he didn't know.

Lin Yi wasn't like some people who forced themselves to act tough even if they didn't know how to.

"So, are we going now?"

Shi chengcai asked again as he picked up the map.

Lin Yi waved his hand, "wait, I still have some things to arrange."

He looked up at the sky and saw that there was still about two hours before it turned dark. "I should be able to finish it before dark. I'll meet up with you then. We can set off tonight."

"Alright, then hurry up!"

"Then I'll go prepare some more things. We'll meet at martial league's teleportation array before dark!"  
Shi Yucai nodded.

For a journey across continents like this, direct teleportation was definitely more convenient and faster.

Lin Yi came all the way to Fengqi Dazhou, thinking about it now made him feel really wronged!

Most importantly, Lin Yi didn't even know about the sub-island's teleportation formation.

"No problem, then it's decided!"

Lin Yi nodded, and the two separated.

After that, Lin Yi didn't go back to Tianxia Academy but went to Fei daqiang and Zhang Yiming's new house.

"Boss!"

"Boss!"

Naturally, the two were overjoyed to see Lin Yi return.

Zhang Yiming even congratulated him with a serious face,""Congratulations, boss, for winning the title of diamond-grade array Grandmaster!"

"What's there to congratulate? Boss's strength isn't just limited to a mere Diamond Grade array master. Other Diamond Grade array Masters are just trash in front of boss!"

Fei daqiang had been a professional bootlicker for thirty years. He was indeed a master of flattery.

Zhang Yiming immediately retreated in defeat, sighing at his inferiority.

Lin Yi glared at Fei daqiang. "Stop bullshitting. I'm here today to tell you something. I'm going to the formation Dao origin with Shi chengcai soon, and the place where the formation Dao origin is opening this time is near the sword spring sect of the Hongshang Empire!"

"Yiming, you've been out for a long time. I'm here to ask you if you want to come back to Hong Shang Empire with me. You can go home and visit your family. "

Hearing Lin Yi's words, Zhang Yiming paused, his eyes reddening.

He had indeed been away from home for a long time. It would be fine if he did not mention it on a normal day. At most, he would occasionally miss his family.

Now that he heard that he could go home to take a look, his heart suddenly had a little more anticipation!

"Boss, I ... I don't think I should go back? The incident at 38 Shuidun Road hasn't been investigated and Zhen Shuaqi hasn't figured it out yet ..."

Zhang Yiming really wanted to go back with Lin Yi, but he remembered his mission and gritted his teeth.

To her surprise, Lin Yi waved his hand, "I'm asking you, do you want to go home?" Nothing else matters. Even if you're not here, there's still Fei Daqiang. He can help you. "

Fei Daqiang's eyes instantly widened and he let out a cry, ""Boss, no! I want to go with you! I, Fei Daqiang, will be there wherever boss is. You can't leave me behind!"

"Boss, I want to go home and see!"

Zhang Yiming stared at Fei Daqiang speechlessly. "I'm going home. Why are you going back?"

Lin Yi glared at him, "I'll take you with me when I return to the secular world. I'll leave the matters here to you!"

Fei daqiang instantly stopped wailing and nodded seriously, ""Don't worry, boss. Boss's orders are the direction of my life!"

After making the arrangements, Lin Yi found the five little ones and gave them some homework before going to Yan Su to say goodbye.

Lin Yi arrived at the martial Union's teleportation formation before dark, while Shi Yucai and Zhang Yiming were already there.

Zhang Yiming was following Lin Yi as a follower, so Lin Yi didn't have to explain this to Shi Yucai.

Shi longcai, on the other hand, had always been used to being alone and didn't need an attendant.

Chapter 8564

"The procedures are done, we can go directly to the Wutong continent!"

With that, Shi longcai impatiently took the lead and walked into the teleportation array.

After that, Lin Yi brought Zhang Yiming into the teleportation formation.

The teleportation light flashed and the three people's vision blurred. When they looked again, they had already appeared on the teleportation formation of the great continent of Wutong.

"Welcome to the Wutong continent. I'm the manager of the martial Alliance's array formation Association. Are you all here to participate in the trial?"

A middle-aged man with a goatee was standing outside the teleportation formation. He put on a smile as soon as he saw the three.

"We're Fengqi Grand continent's grandmasters of arrays who came to participate in the trial. This man is his subordinate. "Shi Yancai nodded indifferently.

"Welcome, grandmasters. Please come this way. There will be people outside to take you to rest at the relay station. There are many grandmasters participating in the trial this time, and quite a number of people have already arrived. It is the martial Alliance of the Wutong continent's honor!"

The goateed man bowed slightly and led the three of them out.

Sure enough, there was a young man outside who was in charge of receiving them and sending them to a special courier station.

The three of them entered the courier station. The main hall was a place for eating, and it was full of people.

Most of these people were not formation path grandmasters, but their followers.

After all, a formation path Grandmaster's individual combat strength was not outstanding, and they needed the protection of a retinue.

However, they couldn't bring their retinue with them when they entered the source of array Dao, so most of them had to stay outside.

When Shi chengcai entered and saw the lively scene, he couldn't help but frown slightly. He beckoned to a little servant boy at the courier station next to him. "Come over and arrange two cross-courtyards for us!"

The manservant curled his lips and slowly walked over. He did not smile and simply shook his head, "I didn't cross courtyards!"

Shi longcai's brows furrowed even deeper. He was very dissatisfied with the manservant's attitude.

However, since they were outside, it wasn't convenient for him to lose his temper at such a small figure. He could only continue to say coldly, ""Then arrange three superior rooms!"

"He didn't go to the first room! Not a single room!"

The servant continued to ignore him.

Even Lin Yi felt that there was something wrong with this guy.

He was just an Inn's manservant, yet he dared to be so arrogant to an array Grandmaster?

Who gave him the courage?

Shi shengcai was a proud person, but he was directly provoked by the manservant's attitude!

However, he was well-mannered, so he suppressed his anger and asked in a deep voice, ""Then three ordinary single rooms!"

All the grandmasters of the continent were gathered here, and with so many people, he couldn't ask for too much!

In any case, he was just going to make do for a while, and he would be going to the source of formation Dao soon ...

Shi shengcai comforted himself in this way before he finally stabilized his mind.

"There's no single room!"

The manservant's lips curled into a mocking smile. "There's only a shared bed left, three people can still squeeze in! Do you want it?"

The relay station's shared bed was the kind of room that could fit 20 to 30 people on a bed.

This was basically a place for servants, handymen, stablemen, and the like to sleep.

Even a slightly higher-ranking guard would look down on this kind of shared house, let alone a proud Son of Heaven like Shi longcai.

Upon hearing this, Shi wancai's expression changed. He immediately questioned, "What do you mean? A Grandmaster of arrays can only sleep on a shared bed?"

"There's no choice, there are too many people. Who asked you to be late? The relay station is already full. It's already very good that we can give you a few beds. "

The servant spread his arms and shrugged, his expression asking for a beating. ""Don't talk about grandmasters, there are many grandmasters here, what's the big deal?"

"Grandmasters are different from each other. I'm a diamond-grade Grandmaster!"

Shi wancai immediately revealed his identity.

Although this was a little embarrassing, he felt even more embarrassed if he didn't subdue this manservant.

"The reception arranged by the Wutong continent is like this? A Diamond Grade Grandmaster, an existence that stands at the peak of all grandmasters, doesn't even have a single room and can only sleep on a shared bed?"

"So what if he's a diamond-grade formation master? You're not the only diamond Grade array master in our Inn, and I've never seen anyone as arrogant and despotic as you! If you don't want to stay in the shared house, then hurry up and leave. Our relay station can't afford to entertain such a Big Shot like you!"

The manservant's sharp tongue made Shi longcai's face turn ashen, but she was speechless.

"Since there's no single room, let's find another place to stay!"

Lin Yi frowned and pulled Shi tiancai's arm. "Other than the relay station, there must be an Inn nearby. There's no need to waste time here."

The servant's status was too low, and Lin Yi didn't want a Grandmaster like Shi chengcai to get angry or even hit a nobody.

There was no need for that!

Shi chengcai was on the verge of exploding. If Lin Yi hadn't pulled her back, she would've fallen out with him.

Now that he had finally regained some of his rationality, he suppressed the anger in his heart and snorted coldly as he turned around to leave the rest station.

Unexpectedly, the manservant was insatiable and laughed coldly, ""Take care, I won't send you off. Oh right, I forgot to tell you that the array Masters participating in the trial must stay at our Inn to make it more convenient for us to head to the trial location. If you find another place to stay, you will not be qualified to participate!"

"Impudent! Who Do You Think You Are? how dare you be so disrespectful to a diamond-grade array master? Even the Great Hall Master of the martial Alliance of Wutong has to be polite to us, the grandmasters of diamond-grade array Dao!"

Shi shengcai couldn't hold it in any longer. He instantly turned around and exploded.

If Lin Yi wasn't in front of him, he would've hit the servant already.

The Grand array master of Fengqi continent was humiliated by a servant today!

No matter how good his temper was, he couldn't endure it, let alone a proud and pretentious person like Shi shengcai.

Even Lin Yi couldn't make Shi chengcai completely submit. What was a little servant in the relay station?

"Hehehe, how impressive! Great prodigy Shi is still as arrogant as ever. You've broadened my horizons!"

Shi shengcai had just gotten angry when a young man who was eating at a table in the hall stood up and clapped at Shi shengcai with a mocking face. "Don't be so polite, kill that ignorant little person! How dare a mere Inn's manservant offend our great genius Shi? damn it! Damn it!"

Shi chengcai's pupils contracted slightly, and she couldn't help but narrow her eyes. She looked at the young man with a sharp gaze. "I was wondering who it was. So it's Jia Junjie. Long time no see. Did you have a breakthrough in array Dao, so you want to come and spar with me?"

The young man named Jia Junjie was slightly stunned, then he laughed, "Shi shengcai, no matter what, we're old acquaintances. I'm a soft-hearted person, and I can't bear to see my old friend in a sorry state. Didn't you want a single room? Jia Liu, give your single room to Shi shengcai. He's an array Grandmaster, after all, you can't really let him sleep on the shared bed, right? Hahaha!"

Chapter 8565

Shi chengcai's hands clenched tightly in his sleeves, and the anger in his heart grew.

Originally, this wasn't a big deal, but losing face in front of Jia Junjie made Shi Yucai feel especially embarrassed.

This Jia Junjie was Sangzi great province's array Dao genius, and his age was about the same as Shi longcai.

The most important thing was that both of them were top young geniuses of their respective continents and had pride in their hearts. When they met by chance, of course, neither of them was convinced by the other, so there was some hostility between them.

Fortunately, one of them was in the Fengqi great continent and the other was in the Sangzi great continent. There was nothing special. They would only meet once every few years, so they lived in peace.

Unexpectedly, Jia Junjie arrived first and gained the upper hand. Even his retinue had a single room, while Shi longcai could only go to the shared house. Jia Junjie naturally felt that he had the upper hand.

In fact, the main reason was that Shi Yucai had advanced to diamond-grade array formation Grandmaster, while Jia Junjie did not have this title yet. He was still a dark gold-grade array formation Grandmaster, a head lower than Shi Yucai.

Jia Liu was Jia Junjie's retinue, or rather, his servant. Therefore, when Jia Junjie was eating, Jia Liu could only stand behind him.

After hearing Jia Junjie's words, Jia Liu immediately bowed and said, ""Yes, young master!"

"No need!"

Shi shengcai gritted his teeth and said coldly, "I don't need your single room even if I sleep on the shared bed."

It was a humiliation for a retainer to give up a single room!

In the future, when Jia Junjie said that Shi chengcai stayed in his servant's room, he would have to thank him ...

Shi wancai couldn't bear the thought of it!

The courier station's servant came over again, "you want a shared house?" Hurry up and decide, or else we won't even have a shared bed and can only give you a woodshed or something. "

Woodshed?

Shi chengcai's heart skipped a beat, and she was completely enraged.

The sub-Island respected strength. In the face of a diamond-grade array master, even experts at the sea splitting stage had to show enough respect. Even experts at the heaven breaking stage had to be treated as equals.

Now, a manservant actually said that he wanted Shi chengcai to live in the woodshed? Who couldn't bear it!

"You dare to bully me!"

Shi longcai shouted and raised his hand to punch the courier station's manservant.

Lin Yi didn't stop him this time.

It was still the same sentence, the sub-island's strength was respected, and the status of the two sides was as different as the sky and the earth. That fool had sought Death himself, and he really could not blame Shi tiancai.

Lin Yi didn't stop him, but Jia Junjie made his move.

Of course, he didn't do it himself. Jia Liu beside him received the order and instantly intercepted it.

In terms of formation Dao strength, Shi tiancai was above Jia Junjie, and Jia Liu was even more difficult to catch up.

However, in terms of combat power, Jia Liu was several streets ahead of Shi tiancai.

Hence, Shi tiancai attacked first, and Jia Liu attacked after receiving the signal. Although he was a few steps slower, he was still able to reach first, and his palm landed on Shi tiancai's arm.

This palm strike was skillfully executed and did no harm to Shi wancai himself. It merely smacked his arm away and diverted the original attack.

However, the power hidden within it was rather powerful, directly causing Shi tiancai's attack power to soar several times.

Shi shengcai's expression changed drastically. He felt that he had lost control of his fist and wanted to pull it back, but he couldn't do it!

This punch carried the power of wind and thunder, and it hit the body of a person who was watching the show next to the servant.

Caught off guard, the man took Shi shengcai's punch head-on. His heart meridian was broken on the spot, and he spat out blood and died.

There wasn't even a chance to save him.

Lin Yi frowned.

Jia Liu's little tricks naturally couldn't escape Lin Yi's eyes.

It wasn't that he couldn't stop her, but he'd have to reveal his true strength if he did.

So Lin Yi hesitated for a bit, and the guy was killed by Shi chengcai's punch so easily without any reaction.

Of course, it was none of Lin Yi's business whether the man died or not.

He was also one of the people who laughed at her just now.

As far as Lin Yi was concerned, she deserved to die.

"Shi Yucai, you're really bold, you actually dared to kill our Sangzi great continent's array Grandmaster! If you're unhappy with me, you can come at me directly. Why are you venting your anger on our Sangzi great continent's formation path Grandmaster?"

Jia Junjie scolded loudly, appearing to be quite angry.

He was certain that Shi tiancai had intentionally killed someone, but he didn't mention that Shi tiancai's punch was actually influenced by Jia Liu.

Shi longcai was a little dazed and maintained his punching posture, unable to come back to his senses for a while.

He was a genius of arrays and rarely fought with others. Even if he had any disputes, he would use arrays to solve them.

This was the first time he had encountered something like killing someone with a single punch.

Lin Yi raised an eyebrow as he looked at Jia Junjie with interest.

Lin Yi saw clearly what had happened.

Lin Yi was starting to suspect that this whole thing was planned by this Jia Junjie!

If that was the case, then this Jia Junjie's schemes could be said to be deep.

Shi Yucai had just come out of the teleportation array when someone had probably sent him a message, so Jia Junjie had been able to make arrangements first!

What kind of enmity did he have with Shi tiancai that he had to scheme so much to mess with her?

Or rather, Jia Junjie had a grudge with that dead Grandmaster, but he had used Shi tiancai's hands to get rid of his enemy.

Lin Yi was still thinking about this when the generals of the martial Union who were in charge of maintaining order surrounded him.

The four battle generals moved quickly and took control of Shi Yucai in the blink of an eye.

"Shi Yucai, you're finished! In broad daylight, under the eyes of so many people, you actually dared to kill an array master who had no enmity with you? No matter how much of a genius you are, you have to bear the consequences!"

The corners of Jia Junjie's mouth carried a smug smile as he slowly walked towards the controlled Shi Yucai. "The Wutong continent is not your Phoenix land, no one will cover up for your crime! This matter will definitely be reported to the continental martial Alliance, and the final result will be that, at the very least, you'll be stripped of your Grandmaster rank. At the very least, you won't even be an array master in the future!"

Shi shengcai was dumbfounded.

He swore that he didn't use much power.

The first punch was just to teach the relay station's manservant a lesson.

This punch wouldn't even cause serious injuries, let alone kill.

Today, he was able to instantly kill a Sangzi great continent's array path Grandmaster because Jia Liu was adding fuel to the fire behind the scenes!

Jia Liu!

Shi Yucai suddenly came to a realization, and his eyes suddenly widened. He looked at Jia Junjie and shouted angrily, "It's you! You're framing me! If it wasn't for your servants, I wouldn't have been able to kill you!"

"Hehe ... Are you trying to bite me when you're desperate? Everyone's eyes are bright and clear, and they can clearly see what happened. You killed someone, and now you're trying to blame others and push the blame to others?"

Jia Junjie sneered again and again, and calmly made a circle around the surroundings, ""All the wise men here can be witnesses. The reason why my retinue acted was to stop Shi longcai from hurting people. I didn't expect this shameless person to go with the flow and kill an esteemed array Grandmaster. He even wants to pass the blame on my retinue. How can there be such an unjust thing in this world?"

Chapter 8566

Shi Yucai almost spat out a mouthful of blood. Wronged?

Who was the one who was wronged?

It was clearly Jia Junjie, this bastard, who had deliberately framed her!

"That's right, I can testify that brother Jia's retinue originally stopped him out of good intentions, but Shi shengcai took the opportunity to kill him. After that, he even wanted to frame someone else. It's really unforgivable!"

The other grandmasters beside him started to support Jia Junjie.

Jia Junjie smiled and cupped his hands in thanks. Following that, many people also expressed their stand.

"Shi longcai relied on his talent and was really arrogant. Now that he's killed someone in public, he thinks he can get away with it ingeniously. How preposterous! Such a person should be severely punished ..."

"We must report this to the continental martial Alliance's array formation Guild and strip him of his Grandmaster rank. We'll also punish him severely and forbid him from ever taking the array formation Master exam. Otherwise, it won't be enough to punish his descendants!"

"I can only say that he's digging his own grave. He deserves it!"

"I can also prove that such a scheming person is not worthy of pity! If you need a witness's testimony, I'll be obliged to do so!"

The surrounding grandmasters all expressed their opinions, either ridiculing Shi longcai, gloating at his misfortune, or directly cursing him.

In short, no one supported Shi shengcai's innocence.

These people might not know Shi longcai, but they had all heard of his name. After all, he was the top genius of the Feng Qi continent, and his reputation had spread to the entire continent.

Originally, most of them had no enmity with Shi longcai, so they wouldn't seize the opportunity to hit her when she was down.

However, the activation of the array Dao origin was imminent, and they were about to become opponents.

A Diamond Grade Grandmaster ... If there was a chance to stomp him to death, why would he give up on it?

Wouldn't it be nice to deal with a heavyweight opponent?

Thus, these people did not need to discuss in advance and immediately made a choice.

When three people become a tiger, the words of a crowd could melt gold. Even if there was nothing to begin with, it could be said to be a matter without a doubt.

Moreover, Shi tiancai had really killed a person in front of them just now.

It didn't matter what the truth was. What was beneficial to them was the truth!

Shi tiancai's face was getting paler and paler, and now she was in a situation where everyone was pushing a wall that had fallen.

Even if everyone knew what was going on, no one would help Shi tiancai.

Was he really done for?

It was not easy for him to become a diamond-grade array master, yet he was still hoping to break free from the shackles of an array master and enter a whole new realm.

The result.

Yet, he had inexplicably fallen into the hands of such an insignificant person!

The insignificant servant of the Xuanji station was extremely pleased with himself.

With so many grandmasters testifying against Shi Yucai, he was definitely dead this time.

Therefore, the servant boy's heart was filled with a fanatical excitement.

As an ant of the lowest level, suddenly overthrowing a proud Son of Heaven, that kind of joy really made him incomparably fascinated.

"Hahahaha, what kind of Diamond Grade array master is he? he's actually so angry that he wants to kill me? Now, he had overreached himself, right? You deserve to be unlucky! Do you think that a small figure like me can kill at will? Come On, Come Over! I'll be waiting for you here!"

The courier station's manservant couldn't help making a provocative face at Shi longcai when he said this to his heart's content. He even turned his back to Shi longcai, raised his butt, and smacked it a few times. The sense of humiliation he felt couldn't be any greater.

Seeing that Shi longcai didn't dare to move, the courier station's manservant became more and more proud.

He knew that Shi wangcai was already under the control of the battle general of the martial Alliance and couldn't do anything to him, so he completely let himself go at this moment and completely acted out what was called unscrupulous!

However, he had forgotten that Shi wancai hadn't come alone!

There's still Lin Yi!

Lin Yi didn't really like Shi shengcai, but they were still companions!

It wasn't Lin Yi's style to stand by knowing that Shi chengcai was being framed!

The two of them were now representing Fengqi great continent!

It was fine if this courier station's manservant had deliberately framed Shi longcai, but he really shouldn't have continued to humiliate others like this.

As a Diamond Grade Grandmaster, how much did he contribute to humanity?

It wasn't wrong to call him a hero of humanity, so how could he be humiliated by such a person?

Grandmasters were not to be humiliated!

Thus, the inn's servant was out of luck.

The guy was slapping his butt when Lin Yi raised his leg and kicked him right on the back of his hand.

With the crisp sound of bones breaking, the courier station's manservant's palm completely turned into a pool of rotten meat. From then on, it took root and sprouted, becoming one with his butt.

Before he could even let out a scream, the courier station's manservant was sent flying like a cannonball.

His body smashed through the counter and went through the wall, but he didn't fly out. Instead, half of his body was outside and the other half was inside the wall, stuck in the middle.

Lin Yi had left some mercy, and the servant was still breathing.

However, more than half of the bones in this servant's body were broken. If he didn't have a good medicinal pill or treatment method, his life would be completely wasted.

"Shi wangcai is still a diamond-grade array Grandmaster. He's not an existence that anyone can humiliate! If anyone can't figure out the situation, I don't mind teaching them a lesson!"

Lin Yi's cold voice reverberated in the silent Hall, his eyes even colder than his voice as he scanned the room.

However, no one dared to meet Lin Yi's eyes.

Everyone, including Shi Yucai, was stunned by Lin Yi's ruthlessness.

To be honest, Shi shengcai was really surprised. He didn't think that Lin Yi would stand up for him, and even use such a violent method.

This simply meant that he wanted to follow in his footsteps!

"How audacious! How dare you commit murder in front of us! No matter who you are, you're finished today!"

A battle general came back to his senses and instantly became furious.

The man's head heated up, and he didn't care about anything else as he activated his martial skill and charged at Lin Yi, wanting to take him down first.

Lin Yi's lips curled into a cold smile. These generals didn't ask right from wrong and surrounded Shi wucui, but didn't care about Jia Liu.

The inn servant humiliated the Grandmaster and they turned a blind eye to it, so Lin Yi naturally wouldn't hold back against these battle generals!

Lin Yi wanted to kill the chicken to warn the monkeys-he wanted to let these generals know that grandmasters shouldn't be humiliated!

The general pounced in front of Lin Yi but was surprised to find that Lin Yi didn't Dodge at all.

At this moment, his heart was filled with joy. As expected, array Masters were all battle trash. Their battle strength was pitifully weak, and they were actually dumbfounded when faced with an attack!

"He dares to kill in front of us. Sixth brother, kill him!"

"That's right, they really don't take us battle generals seriously!"

"A Grandmaster can not be humiliated, but a battle general can not be humiliated!"

The general called old six had a cruel smile on his face as he prepared to kill Lin Yi in one move!

Chapter 8567

A diamond-grade Grandmaster?

He was fighting a diamond-grade Grandmaster!

However, Lin Yi's figure flickered and disappeared.

Sixth brother was stunned at first, then he suddenly felt a huge force hit his back.

Accompanied by the crisp sound of bones breaking, sixth brother's entire body suddenly accelerated and flew out.

The pillar had been broken!

The moment sixth brother went out, he knew that he was finished.

With his spine broken, his career as a battle general was completely over.

A moment ago, sixth brother had been laughing at Shi longcai for being demoted from a revered diamond array Dao Grandmaster to a prisoner.

At this moment, sixth brother, who was once a revered battle general, had been beaten into a disabled person.

Lin Yi stood with his hands behind his back, still in the same position as before, as if he'd never moved.

Sixth brother fell to the ground with a clang and no longer made any sound.

"Who else is there?"

Lin Yi's cold eyes swept across the other generals, a cold smile on his face. "If you're not afraid of death, then come up!"

"Everyone, attack!"

These generals didn't dare to go up alone, but they couldn't just leave Lin Yi.

And so, someone shouted and charged at Lin Yi.

As they surrounded Lin Yi, one of the generals even sent out a signal to the combat Association to request for reinforcements.

In the end, just as he finished sending the signal and turned around, the other battle generals had finished their battle.

He only heard a series of crackling sounds, which turned into various screams and moans.

Lin Yi was still standing there indifferently, his eyes still looking at the general who sent the signal, "You called? It's best to call the big boss over. "

The battle General's face twitched and he revealed an ugly smile. "I've already informed the combat Association. The experts from our combat Association will be here soon!"

"It's too small. You should inform your first hall Master to deal with it. "

Lin Yi nodded. If he wanted to take this guy down, he could've done it earlier.

The reason why he had the other party leak the information was actually intentional.

There had to be a way to solve the problem.

Lin Yi couldn't be bothered to talk to these small characters.

"Who are you? Could he be Shi tiancai's retinue?"

Jia Junjie narrowed his eyes at Lin Yi, his expression alert.

Lin Yi's strength was shocking, at least much stronger than Jia Liu 's.

If this person was Shi tiancai's retinue, it was hard to say whether it was a good or bad thing!

The good thing was that the stronger Lin Yi was, the more intense his resistance would be, and the bigger Shi tiancai's crime would be. It would be impossible for her to turn the tables.

The bad thing was ... Jia Junjie was worried that Lin Yi would attack him, and if Jia Liu couldn't block it, he would be in real danger!

"This is our boss, the Dean of the alchemy sub-school of Tianxia college in the Phoenix Qi continent. He is a diamond-grade Grandmaster in both alchemy and array. Who is qualified to make our boss a retinue?"

Zhang Yiming couldn't help but ask.

But he only revealed Lin Yi's Deans and double grandmasters-he didn't even mention their names.

It seemed like their boss was going to cheat them. Zhang xiaopang was very smart and cooperated with him.

At this time, he definitely couldn't disclose all of his boss's identity, so as not to scare those children!

Jia Junjie's eyes narrowed-he'd never heard of Lin Yi's name before, not to mention how shocking his identity was!

A Double diamond-grade Grandmaster, awesome!

He didn't expect that there was such a powerful guy in Fengqi Dazhou other than Shi shengcai.

Why had he never heard of it before?

If she'd known that there was such an amazing genius, she wouldn't have tricked Shi shengcai and would've tricked Lin Yi instead!

Lin Yi waved his hand, telling Zhang Yiming to stop talking. He turned to the general, "Hey, you, didn't you hear me asking you to inform the hall Master of the martial Alliance of Wutong? Why are you still standing there? Tell him to get his ass over here and give me an explanation!"

"We've crossed thousands of miles to take part in the exam. Is this how the martial Alliance of Wutong treats their guests? To let a diamond-grade Grandmaster sleep in a shared bed and a woodshed? Is the first hall Master of the martial Alliance of Wutong arrogant?"

After Jia Junjie's interruption, Lin Yi realized that the general was still standing there stupidly, not calling the first hall Master. He frowned.

The battle general shrunk his head back. He did not dare to retort on the surface, but he was very disdainful inside.

He felt that Lin Yi was the one who was really overthinking!

A Double Diamond Grandmaster was indeed awesome, but he wouldn't go so far as to order around the hall Master of the martial Alliance of a continent!

He actually wanted to question the first hall Master?

Who gave you the guts?

But then again, this double Grandmaster was really powerful, and his combat power was also quite strong!

Therefore, he was afraid of being beaten up, so he wisely chose not to speak.

Not long after, more than a hundred battle generals arrived outside the courier station. They quickly rushed into the hall and surrounded everyone.

"What's going on? What was happening? Who dares to injure a battle general of martial League?"

The leading battle general came in and immediately asked three questions.

The only general that was still in one piece pointed at Lin Yi without hesitation. "It was him! He injured our brothers and even shamelessly said that he wanted the first hall Master to come and apologize!"

"Capture him!"

The leading general waved his hand, and a group of generals pounced on Lin Yi.

Lin Yi sighed. He couldn't be bothered to fight these people.

The battle generals that were charging over had even formed a simple battle formation!

Did water enter these people's brains?

Trying to use a battle formation in front of a diamond-grade array master?

It was like playing with a big knife in front of Guan Yu or teaching the Analects of Confucius in front of Confucius!

Lin Yi was too embarrassed to hit them.

It was a bit of a bully.

"You're half a beat too slow! You've stepped three inches in the wrong direction! You, you, and you, you made a mistake in your cooperation and revealed too many flaws!"

Lin Yi's feet were like the wind, and he used the butterfly steps to move between the battle formations.

He then continued to point out their mistakes. "You call this a battle formation? You've made the same mistake again!"

The team of battle generals were all in a state of confusion.

They'd thought that they'd mastered the formation, but Lin Yi was just walking around and hitting their heads.

"Knock, knock, knock, knock ..." He actually knocked with a rhythm, and it had the charm of a small wooden fish knocking!

"How can you bring out such a flawed battle formation to embarrass yourself? Furthermore, you didn't listen to me. You didn't change after listening to me. You corrected me and made a mistake. You didn't admit your mistake. You admitted it and didn't listen! Tell me, don't you deserve to be beaten?"

That team of battle generals were knocked until they started to doubt their lives. Did this battle formation really have so many problems?

Lin Yi was getting excited, and with a few random hits, the formation collapsed.

The battle generals that formed the battle formation all had large bumps on their heads. After they retreated, they all held their heads and choked.

They all knew that Lin Yi had gone easy on them-if he could knock their heads full of bumps, he could also punch a hole in their heads.

Chapter 8568

The leading General's face was serious-Lin Yi's strength had clearly exceeded his expectations!

"I admit that you're quite powerful. However, this is the Wutong continent. Even if you're at the sea splitting stage or the heaven breaking stage, you have to stay here after you hit someone!"

"Pass my words to your first hall Master and ask him to come over and give me an explanation!"

Lin Yi shook his head and looked at the general. "You are not qualified to handle this matter!"

Not qualified?

The leading battle general had an ugly expression.

But he had to admit that Lin Yi's strength was beyond his expectations.

With people like them, they would only be courting death if they went up.

He'd already gone easy on her before, and there was no telling if he'd go easy on her a second time.

"You are very strong! I admit it! But listen to my advice and obediently surrender, and you can still save some face. When our first hall Master really comes, you will definitely regret it!"

The leading battle general left these words and then quickly turned to fly out of the relay.

Lin Yi stood with his hands behind his back and didn't make things difficult for the generals.

The combat Association's combat generals were the main force against the dark Demon beasts, and Lin Yi had to consider the bigger picture.

The rest of the generals didn't leave, but they blocked the entrance of the station, staring at Lin Yi with vigilance.

"Dean Sima, this matter has blown up quite a bit. What should we do next? Why don't we just run?"

Shi shengcai really couldn't think of any other way. Staying here was a dead end.

If he escaped back to Fengqi great continent, it would be his territory and there would still be some room for negotiation.

"Run?" Lin Yi was speechless, "what's there to run for? this is just a small matter!"

Shi shengcai was stunned for a moment, but she didn't get angry. Instead, she laughed. "Sima Yi, Oh Sima Yi, you're too good at acting tough! I thought I was good at posturing, but I didn't expect you to be better than me. You're really the head of posturing!"

"Why do you say so?"

Lin Yi blinked-Shi shengcai was talking about acting cool at a time like this?

Besides, who told this guy about his long-lost nickname?

"You're still not acting tough? This was originally a small matter, but now that you're making a big deal out of it, even the Great Hall Master of martial Alliance has been alerted. Do you think you can go against the martial Alliance of an entire continent? Don't be too arrogant! Are you not going to run now and continue to act tough and wait for your death?"

Shi jincai was stunned. You can act cool, but you have to consider the occasion, right?

"Who's acting tough? I've never acted tough before!"

Lin Yi was too lazy to explain and waved his hand at Shi chengcai.

Shi shengcai was going crazy. He thought he had good intentions, but Lin Yi didn't accept it and continued to act cool!

From now on, Shi shengcai would only respect Lin Yi when it came to acting cool.

He really dared to act tough, and he was putting his life on the line to act tough!

.....

The battle general leader who had left earlier hurried back to martial League and asked to see the head Hall Master.

"First hall Master, there are two foreign kids causing trouble at the relay. One of them is extremely arrogant and doesn't put the Wutong continent in his eyes because his underlings have some power ..."

The battle general described the process with exaggerated details and added, ..."He's already injured many of our brothers, and he's even mocking us for being cowards! Not only that, he even asked first hall Master to get your ass over there and apologize to him ... Those were his exact words, not mine!"

The first hall master's face turned gloomy when he heard this.

As the highest leader of a continent, he was told to go and admit his mistakes?

"Don't say anymore. I'll go and meet him now and see who he is to be so arrogant. As for the other people from the combat Association, there's no need to move. I'll personally let him know the consequences of looking down on our Wutong continent!"

The battle general was secretly happy. He felt that his eloquence was great and had successfully incited the Great Hall master's anger.

That arrogant brat is definitely done for this time!

The two of them stopped talking and went straight to the courier station. The first hall Master only brought two guards with him.

However, the two guards were the Trump cards of the martial Alliance.

After a short while, the first hall Master came to the main hall of the courier station.

The first hall Master entered the inn first and saw Lin Yi in the crowd following the general's directions. His heart skipped a beat.

Why was it this little ancestor?

Why did he come back?

No wonder you're asking me to get lost in such an arrogant tone!

The little devil asked me to roll over, should I roll over on the ground now?

The first hall Master fell into deep thought.

The battle generals at the door saw that the first hall Master had arrived but did not notice anything strange. They all bowed and greeted him excitedly.

After that, it was time to file a complaint.

"First hall Master, it's those two brats. They're too arrogant. They think they can do whatever they want just because they're Diamond Grade array Masters. They don't have any scruples at all. They must be punished severely!"

"That's right. One of them killed someone in public, while the other violently resisted and injured countless people. They must be arrested immediately and sentenced to death!"

"First hall Master, that brat actually asked you to get your ass over here and apologize to him, how shameless! We can't let such an arrogant person go!"

The general leader who came with the first hall Master was in high spirits, his left hand on his waist and his Right Hand Pointing at Lin Yi as he laughed, "Little brat, are you afraid of our first hall Master? Do you still dare to ask our first hall Master to get his ass over there and apologize to you?"

Lin Yi looked at him with a half-smile before turning to the first hall Master. "Do you think I dare to tell you to get your ass over here?"

Everyone was shocked by his words.

Everyone thought that Lin Yi was tired of living and wanted to die!

He dared to provoke the head Hall Master so arrogantly. He was definitely a god of death!

Now, it all depended on how the first hall Master would react.

Should he fly into a rage on the spot and kill this arrogant brat directly, or should he bear with it for the sake of his demeanor, capture him first, and slowly torture him in prison?

However, to everyone's surprise, the first hall Master suddenly smiled.

Then, he jumped and flipped a few times in the air before landing in front of Lin Yi.

"You told me to get lost, but I'm here! Previously, my subordinates were insensible and did not follow the rules. I, as the first hall Master, have indeed made a mistake. I hereby solemnly apologize!"

Although the first hall Master didn't seem particularly flattering, his extremely low attitude still shocked everyone.

Was this guy really the first hall Master of the great continent of Wutong?

It wasn't switched, right?

did you really roll over just because he told you to?

although it wasn't rolling on the ground, but rolling in the sky, it was almost there!

at this point.

everyone who was waiting for lin yi to be in trouble had their eyes wide open.

they'd never have thought that the first hall master would actually apologize to lin yi, not only did he not pursue the matter.

this is fake, right? or is this first hall master actually possessed by something?

## Chapter 8569

"First hall Master, long time no see!"

"You're too lax with your men!" Lin Yi said, changing the topic after some small talk. Any Tom, Dick, or Harry would dare to bare their teeth at a diamond-grade Grandmaster. Don't they know that grandmasters can not be humiliated?"

On the sub-Island, there was a clear class gap that couldn't be easily broken.

What the courier station's servant did was indeed quite taboo.

"You, know the first hall Master?"

Previously, Shi wucai had thought that he was dead for sure this time.

The Great Hall Master of the continental martial Alliance was here in person, and he was accompanied by two guards who were at least at the consummate level of the sea rending realm. How could they resist?

Even if it was a life-and-death struggle, Shi shengcai and Lin Yi would become martial Alliance's wanted criminals in the blink of an eye.

But he didn't think that Lin Yi seemed to be old friends with the first hall Master?

Plus, the first hall master's attitude towards Lin Yi was quite respectful.

"The first hall Master was in trouble that year. He met me at his most dejected time. If I didn't give him half a cornbread, he might have died of hunger and injury."

Lin Yi knew that there were a lot of people who had questions like Shi Yucai, so he started making things up.

"At that time, my condition was not very good. After giving out half a cornbread, I went hungry. To you now, this may be a trivial matter, but at that time, I really saved first hall master's life."

"As the saying goes, a drop of kindness should be repaid with a fountain. Your first hall Master is a person who values affection and righteousness. He clearly distinguished kindness and grudges. At that time, he said that he would do his best to repay me in this life!"

Lin Yi was giving the head face by saying that, so that he wouldn't embarrass himself too much.

The first hall Master was very grateful. He quickly bowed and smiled, ""That's right. I've never been able to repay you for saving my life that year. In my heart, Mr. Sima is like my second parent. If I had known that you had come to world city, I would have come to see you immediately!"

The people around them were dumbfounded. What kind of reason was this?

What the hell is half cornbread? A spirit pill or a wondrous medicine?

People like Jia Junjie didn't believe a single word Lin Yi said, and his instinct told him that Lin Yi was just bullshitting!

However, since the first hall Master had agreed, he did not dare to ask!

"First hall Master, let's cut the formalities. You should know what happened. Now, just tell me how you want to deal with it."

Lin Yi wasn't interested in acting anymore and asked the first hall Master for a solution.

The head Hall Master turned around and retracted his smile, immediately revealing a cold and stern expression.

"According to the laws of the martial Alliance, grandmasters can not be humiliated! How dare you neglect a Diamond Grade array master, your crime is unforgivable!"

The first hall Master raised his hand and wrapped the injured but not dead courier station's manservant with elemental Qi and sent him into the air in the hall. ""This person deserves to die. I sentence him to death!"

Without even giving him a chance to distinguish himself, the courier station's servant who had been used as a gun directly exploded into a pool of blood in the air.

This courier station's manservant was obviously ordered by someone else. Otherwise, how stupid would he be to dare to look down on Shi longcai like this?

The first hall Master knew this very well. If he were to keep him alive and continue to dig, he might be able to find other people.

In order to keep the peace and avoid some trouble, the first hall Master decisively killed the courier station's manservant.

If Lin Yi wasn't happy with it, they could investigate it later.

But Lin Yi didn't say anything, only letting him handle it, which meant that it was over.

"The main culprit is already dead. As for those who disrespected the Grandmaster, I will be magnanimous and only give them a light punishment! You, go and record down those who disrespected the two grandmasters. If they do it again, they will be punished together!"

The head Hall Master turned to find the battle general leader and had him make a register.

Whether or not he was going to punish her was up to Lin Yi's mood.

"Yes, first hall Master, this subordinate will definitely do it!"

The battle general felt aggrieved but he had no choice but to yield.

He thought about how much he'd offended Lin Yi just now-he might as well put his name on the list as well.

Holy sh \* t, this is really too difficult!

That cornbread thing, where can i buy it?

'I'll go buy more and see if I can save one or two great Hall Masters of martial League. Even if there's no great Hall Master, vice Hall Masters, guild leaders, and the like can still make do!'

The battle general leader sighed in his heart.

The first hall Master turned to Lin Yi and smiled, "Mr. Sima, is it appropriate for me to handle this?"

Shi longcai, who was watching from the side, was secretly shocked.

The Great Hall Master of the Wutong continent's martial Alliance was actually asking for Sima Yi's opinion?

Even if he really did save his life, wasn't first hall master's performance a little too much?

Wasn't Sima's face too big?

"First hall Master, you're too polite. This is an internal affair of the martial Alliance of the Wutong continent. I'm only a person from the Phoenix Qi continent who came to participate in the trial. It's not my place to say anything."

Lin Yi's words made Jia Junjie's mouth Twitch-the guy didn't even say anything, and just attacked!

The first hall master's heart skipped a beat, thinking that Lin Yi was reminding him not to be too friendly or his identity might be exposed. He laughed, "Mr. Sima is my Savior. I must make sure he is satisfied."

"Forget it, let's not talk about these unhappy things. Since Mr. Sima has come to world city, it means that he has returned to his own home. I will set up a banquet tonight to invite Mr. Sima, Grandmaster Shi, and this friend. Please do not refuse!"

As soon as the first hall Master finished speaking, the battle general leader said awkwardly in a small voice, ""First hall Master, we have plans for tonight. In the name of the first hall Master, we are inviting all the array Masters to a banquet ..."

This was something they'd agreed on a long time ago, and now the first hall Master wanted to invite Lin Yi alone, it didn't make sense.

The first hall Master smacked his forehead. "That's true. I almost forgot. How about this? tell vice Hall Master Park Tianshi that he'll host the banquet tonight. He's the president of the array Association and the Vice Hall Master of the martial Alliance, so it's only right for him to host the banquet!"

Shi wancai was even more speechless.

When he heard the first two sentences of the first hall Master, he thought that he was going to cancel the invitation just now. He did not expect that it was just a drift and a turn, and he actually wanted to cancel the banquet that had been arranged long ago ...

Sima Yi's reputation was simply heaven-defying in the Wutong continent!

It was only now that Shi Shucai sighed deeply in admiration.

As expected, Sima Yi wasn't trying to act tough. He wasn't acting tough at all!

"First hall Master, we appreciate your kind intentions. Since it's already arranged, then let's participate together!"

"Let's not talk about the banquet first. Can you arrange our accommodation, first hall Master?" Lin Yi asked, not wanting to be alone.

The first hall Master froze for a moment before realizing why Lin Yi was doing this. He replied seriously, "This is my negligence! This Inn is only provided to the array Masters who are participating in the trial. Any retinue who comes with the Grandmaster does not have the right to use the room alone!"

Chapter 8570

"You can either stay in the same room as the master or find another place to stay. Immediately clear out all the rooms that have been illegally occupied!"

"Furthermore, even if we are all array Masters, there are still different ranks of grandmasters. The best residence should be reserved for the most respected diamond rank array master, dark gold rank would be one rank lower, and so on!"

"Do you understand? If you understand, then get into action immediately. I want to see the effect within ten minutes!"

The first hall Master was very strict when he was angry.

The relay station was directly under martial league's jurisdiction. After being berated by their Big Boss, the people in the relay station didn't even dare to let out a fart. They all lowered their heads and quickly ran away, reallocating all the rooms.

"Gentlemen, I'm doing this to show my respect to you. If there's any trouble, please forgive me and don't be angry with me!"

In the end, the first hall Master did not forget to smile as he said this to all the array Masters present.

After all, he was a Grandmaster of arrays who had spread throughout the entire continent, so he had to give him this little bit of respect.

In fact, those array Masters could not say anything.

Everyone was in the same circle, so who dared to say that the first hall master's punishment was wrong?

If he said that it was wrong, it would be equivalent to saying that the treatment of a bronze grade Grandmaster was superior to that of a Diamond Grade Grandmaster. What was he thinking? Are you rebelling?

"The first hall master's handling of the matter is impeccable and quite correct!"

"This is the first hall master's respect for us. This is just a small problem, not worth mentioning!"

A few grandmasters expressed their support, and the atmosphere was very harmonious.

But what these people were thinking, only they knew.

On the surface, it seemed like the first hall Master was handling this, but anyone with eyes could see that it was Lin Yi's influence!

All the grandmasters' respect for Lin Yi was renewed.

So when Lin Yi and Shi chengcai finally moved into two separate courtyards, no one dared to question them.

The two of them were both Diamond Grade grandmasters, so it was only natural for them to be respected.

When it was time for the banquet, the first hall master's treatment of Lin Yi reached its peak.

Everyone was seated according to their designated seats, except for Lin Yi, who was specially arranged to sit beside the first hall Master, on the same level as the highest leader of martial League.

Shi chengcai and Zhang Yiming also benefited from Lin Yi's presence. Although they weren't sitting side by side with the first hall Master, they were seated below him.

Other than Lin Yi, their seats were the most prominent.

"First hall Master is really loyal. For half a cornbread, you're so courteous to Sima Yi. Does first hall Master really like that thing called cornbread?"

"That makes sense! I don't know where I can buy cornbread, but I think I should buy some for first hall Master. Maybe I can make friends with such a person who values friendship!"

"Let's go together! However, what exactly was this cornbread? Has anyone seen it before? If you don't even know what it looks like, how are you going to buy it?"

"Don't tell me we have to ask Sima Yi? This person's luck was truly heaven-defying, how could he encounter all kinds of good things? This is simply preposterous!"

At the banquet, all the grandmasters were talking about the head and Lin Yi.

Of course, they admired and respected the first hall Master, but they were envious and jealous of Lin Yi.

Shi chengcai wasn't envious or jealous of Lin Yi, but she couldn't help but feel a little lost and lost.

He'd thought that he was a lot stronger than Lin Yi, and that the gap between them wasn't that big, but now it turned into self-doubt.

Shi Yucai couldn't help but sigh at Lin Yi's display of power. Was he really no match for Sima Yi at all?

he seemed to be completely crushed in every aspect!

even his proudest array skills couldn't beat lin yi ...

he was the number one array dao genius of feng qi continent. why did he seem to have become a piece of trash after meeting sima yi?

lin yi ignored shi shengcai's sadness and continued chatting with the first hall master.

the first hall master was focused on talking to lin yi, too-he wasn't interested in anything or anyone else.

"mr. sima only arrived today, and you're leaving tomorrow morning. i wanted to take good care of you, but i didn't have the chance. it's really a pity!"

The first hall Master put down his wine cup and sighed. "I can only let it go this time. Next time, when Mr. Sima and the others return successfully, please let me know if you pass by here. We can have a good drink!" We'll have to get drunk!"

"Good! We'll have to get drunk!"

Lin Yi nodded, giving him face.

The first hall Master was trying to get on Lin Yi's good side, and no matter what they thought, they acted friendly on the surface.

No one dared to cause trouble for Shi chengcai and Lin Yi anymore.

After the banquet, the first hall Master personally sent them off, giving Lin Yi and Shi chengcai enough face.

The next morning, when all the grandmasters were ready to leave, the first hall Master came to see them off again.

"Mr. Sima, Mr. Shi, have a safe journey! I wish you all the best in this trial!"

The first hall Master was only paying attention to Lin Yi and Shi Yucai, and only casually greeted the other grandmasters. Naturally, many people were envious and jealous of him.

Lin Yi didn't know what to do-he couldn't just tell the first hall Master to stay away, could he?

That wouldn't be in line with the first hall master's character of being grateful and grateful.

"Thank you for your kind words, first hall Master. I'll come and disturb you when I return. I'll take my leave today!"

Lin Yi said a few perfunctory words before entering the formation with Shi tiancai and Zhang Yiming.

This time, he was first teleported to the nado martial Alliance branch before heading to the Hong Shang Empire.

Lin Yi couldn't help but feel weird when he walked into the teleportation formation.

He had left the NA duo conferred Empire, and he had not expected to return to the NA duo conferred Empire so quickly.

When he was taking the apprentice apothecary test and the test, Lin Yi had to follow the routine and fly back and forth on his flying spirit beast.

Of course, Ouyang Changhong was also trying to make things difficult for Lin Yi-even if Lin Yi could use it, he wouldn't have let him!

Before Lin Yi could finish his thoughts, the teleportation was over, and the naduo martial Alliance branch had arranged for a Vice President of the array Arts Association to receive him.

Lin Yi was famous in the NA duo conferred Empire, but he'd never really had much contact with the Association.

The people from the Association were weaker and kept a low profile, so the higher-ups didn't even get to see him.

Although the array Association's Vice President who was in charge of welcoming them had heard of Sima Yi, he had never seen him before. He had never thought that the first person to come out of the teleportation array would be the legendary ruthless man!

"Welcome to the naduo martial Alliance branch. I'm the naduo array formation Association's Vice President, Zhu Qiu. I'm in charge of welcoming all of you!"

Zhu Qiu saw that Lin Yi, Shi tiancai, and Zhang Yiming were all young people, and he started to look down on them.
