

Bodyguard 8571

Chapter 8571

He was not a Grandmaster himself, so he did not have the right to know the details of the origin of array Dao.

In addition, the naduo martial Alliance branch didn't have any array grandmasters, so no one knew about the source of array Dao. They didn't know that all the people who had come this time were array grandmasters!

Any one of their identities was enough to shake the entire nado martial Alliance branch!

If the martial Alliance branch had known about this, they would have arranged for someone of higher status to welcome him. They definitely wouldn't have sent just the array formation Association's Vice President.

Therefore, the array formation Association only thought that this trial was an activity for young people to train. Zhu Qiu's expression was very relaxed, and he casually cupped his fists in greeting.

To put it bluntly, not only was there no respect, but it was also very perfunctory.

"Vice President Zhu, it's a pleasure to meet you!"

Lin Yi smiled and bowed slightly.

this was already giving them a lot of face. although they were all array masters, there was a huge difference in their levels.

if it weren't for the fact that lin yi was still the head of the naduo martial alliance branch, who would even bother with zhu qiu's attitude?

for example, shi chengcai, who was standing beside lin yi, only glanced at zhu qiu indifferently and snorted as a greeting.

the grandmaster who came out later ignored zhu qiu.

who would care about an unknown person in the array dao circle?

zhu qiu watched as more and more people came out from behind him. some of them were not young, and there were even array masters from the martial alliance's array association of wutong. he was shocked!

after knowing this, he realized that he had underestimated this trial!

"vice-president zhu, what's the schedule for the nado martial alliance branch?"

Lin Yi patted on Zhu Qiu's shoulder.

This guy was shaking from seeing the formation master of the Wutong continent, but his legs went soft from Lin Yi's Pat, and he almost fell on his butt.

Fortunately, he reacted in time and didn't reveal any ugly side!

Instantly, Zhu Qiu was very displeased in his heart.

He saw that Lin Yi was extremely young and thought that he was just a follower. He hmped coldly, "I don't need a follower like you to know whether I've arranged it or not."

"Are you blind? This is Fengqi Dazhou's Diamond level array master. You're just a small Vice President, you don't even have the right to be a follower!"

Zhang Yiming exploded. What kind of look was that? He actually called boss a follower?

His real attendant is right beside him, can't you see?

"Open your dog eyes and look at my boss's badge rank! I'm his F * cking follower!"

"Ah ... Ah ... I'm sorry, I'm so sorry!"

Zhu Qiu was immediately scared silly.

This young man was actually a Diamond Grade array master?

"The nado martial Alliance branch is honored to have all of you here! I've heard that it's not yet time for the trial, so I've arranged for everyone to stay in the nado conferred Empire's capital for a night before setting off tomorrow!"

Zhu Qiu quickly explained the arrangements and groaned in his heart.

He had thought that this was just an ordinary group, but now he realized that it was actually a heavenly group of array Dao!

A random young man is already a diamond-grade array Grandmaster?

Zhu Qiu felt that it was too low of a standard for him, the Vice-President of the array formation Association, to welcome them!

If he had known earlier, he would have asked the head Hall Master and the array Association's President to come personally!

"You're staying for another night? That's good! It just so happens that I'm going to visit an old friend, and your arrangement is very much to my liking!"

Lin Yi didn't blame Zhu Qiu. After all, these people were under the language of monsters. Lin Yi couldn't be bothered to teach them a lesson.

He turned to look at Shi Yucai. "Director Shi, you'll listen to Vice President Zhu's arrangements from now on. Yiming and I will go visit old friends. We'll meet again tomorrow."

Shi shengcai gave a very cold and aloof "en."

And so, Lin Yi left with Zhang Yiming, and Zhu Qiu watched the two leave with a pitiful expression.

He didn't know anything now, and he didn't dare to ask anything. He could only tremble alone.

He was afraid that he'd mess with a diamond master like Lin Yi just now and cause him trouble later.

When Lin Yi arrived at the office, the monster was listening to a General's report, "First hall Master, the alchemy Association is still unwilling to hand over the pills. Our combat Association has already used up

our reserves. If we don't replenish them, we won't even have enough for our daily cultivation, let alone going out to fight!"

"Preposterous!"

The artifact language's face darkened. It slammed the table and said angrily, ""Ouyang Changhong, that Birdman, is simply going too far! How dare he control the alchemy Association and cut off the supply of elixirs! This Lord can't bear it anymore today. I'll go and reason with him now. Even if I fall out with him, I'll dig out the medicinal pill from his hands! If he continues to babble, I'll go all out to kill him!"

"Do you need me to gather the combat Association's combat generals?"

The battle general hurriedly asked.

Lin Yi walked in and heard all of this. He smiled, "Brother Hua, long time no see. Why are you still so angry?"

"Brother Sima! You're back?"

Beast language was surprised at first, but when it saw Lin Yi, it was overjoyed!

The anger he'd had vanished instantly, and he laughed as he walked up to Lin Yi and gave him a big hug.

"You went to Feng Qi great continent without any news, and you didn't even tell me to send back any news. How was it in Fengqi great continent? If you're not used to it, then come back. Us brothers being together is better than anything else!"

"Don't you understand me? She could adapt well anywhere! It's just that there have been a lot of things going on recently, so I forgot to report my safety to brother Hua. "

Lin Yi shook his head nonchalantly. He was telling the truth.

Zhang Yiming also quickly stepped forward to greet them, and everyone took their seats.

"Brother Hua, I heard you guys talking about the pill before we came in. What's the situation?"

After sitting down, Lin Yi asked casually, ""Has that idiot Ouyang Changhong stopped the supply of medicinal pills? But that's not right, brother Hua, you shouldn't be lacking in pills, right? After all, the people in the pill shop and medical Hall that I left behind can also provide enough medicinal pills!"

Before Lin Yi left Wutong, he gave all his power to the language of manifestations.

He was originally a combat general of the combat Association, but now he had returned to the ranks of the Association.

The staff of the medical Hall and pill shop had also returned to the alchemy Association.

In terms of alchemy ability, these people were much stronger than the current alchemy Association. The language of assimilation was completely self-sufficient, so there was no need for them to be at Ouyang Changhong's mercy.

Artifact language's face darkened and he sighed. "Brother Sima, you don't know this, but Ouyang Changhong used the power behind him to move around after you left. He managed to climb up the ranks of the alchemy Association of the martial Alliance. Although he didn't become the official Hall Master, he successfully secured his position as the managing Deputy Hall Master."

"He also hasn't handed over the position of President of the alchemy Association. Now, the alchemy Association is completely under his control and has been forged into a piece of iron. The alchemy staff you left behind have all been forcefully incorporated by him. After all, these people all live in the alchemy Association, so they don't dare to oppose Ouyang Changhong. "

Chapter 8572

"I'm really useless. I can't do anything about it. I can only watch Ouyang Changhong grow and then be completely restrained by him!"

Lin Yi was stunned. What the hell was this?

Ouyang Changhong was quite capable. After he left the Wutong continent, did he become so powerful?

Even the alchemy association of the continental martial alliance had been dragged into this!

hong zhizhu was the president of the alchemy association of the martial alliance, right?

did this guy not know that the language of monsters was his man? how dare he team up with ouyang changhong to fight against the language of monsters?

he didn't see hong zhizhu yesterday. after all, it was the array formation association's trial event and had nothing to do with the alchemy association. it was normal for hong zhizhu to not appear.

however, lin yi felt that when he went back, it was time to meet hong zhizhu and talk about life!

"Brother Hua, you can actually counter Ouyang Changhong. Sometimes, you shouldn't hesitate when you should act!"

Lin Yi was referring to the subject's identity as a spy.

As long as he took out the secret agent token, not to mention Ouyang Changhong, even Hong zhizhu would have to kneel!

It seemed that the language of monsters did not exercise its authority as a secret agent. It probably did not want to expose its identity because of such a small matter.

The artifact language knew what Lin Yi was referring to. It shook its head with a bitter smile, "I thought that my tolerance could influence Ouyang Changhong, but it seems that I was too naive. I was just about to go and reason with him. Who knows, he might completely turn hostile in the end!"

Although the monster could kill Ouyang Changhong with his identity as a secret agent, it would be a failure for the monster to expose his identity because of this!

"It seems that my return today is a coincidence. Why don't we go to the alchemy Association together? I also want to see how arrogant Ouyang Changhong is now!"

Lin Yi didn't have as many concerns as the language of the manifestations. Everyone in the continent of Wutong knew who Lin Yi was.

"Brother Sima, you're going too? Would it be inconvenient?"

The language of living things knew about Lin Yi's identity as a secret agent. It was enough to crush Ouyang Changhong, but it shouldn't be exposed so easily, right?

"Don't think too much. I can kill Ouyang Changhong without that identity!"

lin yi shrugged nonchalantly and walked out of the office.

beast transformation language thought about it. lin yi had always been confident, and he wouldn't do anything he wasn't sure of.

therefore, she quickly followed him.

"brother sima, i forgot to ask you. why did you suddenly return?"

"i'm here for an array dao trial. "

with that, lin yi told the language of manifestations about his participation in the formation dao origin.

"Back then, I already felt that your array Dao standard was extraordinary. It was truly amazing that you were able to become the highest level array Dao Grandmaster in this assessment!"

As the two of them conversed, they arrived at the alchemy Association.

The guard at the entrance obviously knew Lin Yi, and his face changed when he saw Lin Yi and the language of monsters!

No matter who it was, he didn't dare to stop them. He could only turn around and run in to report.

The Alchemist Association was different from the array formation Association. Lin Yi had turned The Alchemist Association upside down when he was in the naduo conferred Empire.

Especially Ouyang Changhong and the others, they would never forget what Lin Yi looked like.

Ouyang Changhong received the news and ran out with a group of people, blocking Lin Yi and the monster in the reception room.

The two sides confronted each other, as if a storm was brewing.

Ouyang Changhong looked at Lin Yi, his face ugly.

He'd suffered a lot in Lin Yi's hands, and it was still a shadow in his heart-he was a little scared the moment they met.

Fortunately, he had an expert by his side this time, and he also had a strong background, so he had more confidence!

"Sima Yi, long time no see! What, you couldn't survive outside and came back dejectedly?"

Ouyang Changhong forced himself to remain calm as he looked at Lin Yi with a mocking expression. "That's true. Hall Master Hua should be hoping that you'll come back. After all, without you as his right-hand man, he can't do anything!"

"It's not that you can't make it anymore. It's just that I heard that you're doing very well, Ouyang Changhong. Not only have you become the managing vice Hall Master, but you're also able to suppress those above you. You're able to cover the sky with one hand in the naduo martial Alliance branch. That's why I'm here to watch you."

Lin Yi said faintly.

"Hmph, I can't say that I can cover the sky with one hand. It's just that the higher-ups are too incompetent. I have no choice but to worry more about the naduo martial Alliance branch!"

Ouyang Changhong coldly laughed.

Are you looking at monkeys?

Therefore, he was even more impolite. He almost called the language of the living things a piece of trash.

"It seems that you're quite capable? Does that idiot Ouyang cuantian know that you're so good at acting tough in front of me?"

"You dare to insult the master!"

Ouyang Changhong was instantly enraged, "Sima Yi, are you really not afraid of death?."

"Ha."

Lin Yi smiled faintly as he looked at the burly man behind Ouyang Changhong.

This person had not said a single word from the beginning to the end, and his face was completely expressionless, but he exuded an astonishingly powerful aura!

This person was the source of Ouyang Changhong's confidence?

A fake heaven breaking expert!

The so-called pseudo-heaven breaking stage meant that one's strength had reached the heaven breaking stage on the surface, but their combat power was far from the standard of the heaven breaking stage.

This person was definitely a little stronger than ordinary cultivators at the consummate level of the sea Rift realm or half-step to heaven breaking realm.

However, compared to the real heaven breaking stage, it was just a joke!

This kind of person usually had no hope of breaking through on their own, so they used external objects to advance. From then on, they would no longer have the opportunity to advance and would remain at their current level for the rest of their lives.

In fact, as time passed, their strength might even decrease.

But no matter what, this fake heaven breaking expert still had enough deterrence.

At the very least, he was an invincible existence in the nado martial Alliance branch.

It was no wonder that the language of the living things was suppressed by Ouyang Changhong.

"Ouyang Changhong, let's not beat around the bush. We've never been friends, so there's no need to waste time reminiscing. Let's get straight to the point!"

Lin Yi didn't even put the man in his eyes as he turned back to Ouyang Changhong.

"You're the Vice Hall Master of the nado martial Alliance and the president of the alchemy Association. Why did you cut off the supply of pills to the combat Association? Don't you know that the combat Association's battle generals are at the forefront of the fight against the darkness magical beasts? are you a spy from the darkness magical beasts?"

Putting a big hat on him first, at least he was standing on the moral high ground!

Ouyang Changhong had originally been calm and collected, but when he was suddenly accused of being a spy from the darkness magical beast clan, his expression immediately changed.

"Nonsense! This Lord's contributions to the human race are obvious to all, so how could I be a spy for the darkness demon beast race? I think you're the spy from the darkness demon beast clan, Sima Yi. You've come back this time to destroy our naduo martial Alliance branch, right?"

Lin Yi's mouth twitched. How did you know?

Chapter 8573

Now, he really did have the identity of a darkness magical beast spy!

"In any case, I've been to the underground Devil's Den before and destroyed the dark Demon beast clan's teleportation formation and stronghold. When I was fighting, where were you? Anyone with eyes can tell who the spy is!"

Lin Yi said with a shrug.

"If you weren't a spy, you would have left the Wutong continent. Why would you still come?"

Ouyang Changhong changed the topic.

"In any case, I've been to the underground Devil's Den before!"

"You ..."

"In any case, I've been to the underground Devil's Den before!"

Lin Yi almost made a face at Ouyang Changhong, who was fuming.

"Forget it, let's not talk about these achievements. Let's explain the medicinal pill first! Why did they cut off the combat Association's supply? Don't you want to reduce the combat Association's combat power so that you can create an opportunity for the dark Demon beasts?"

Ouyang Changhong's face was green, but he couldn't refute Lin Yi's words.

He was afraid that Lin Yi would say, "I've been to the underground Devil's Den before!"

"Hmph!" He snorted coldly and said, "I am the president of the alchemy Association. Naturally, I have to make arrangements for the supply of pills. Who said that I would not give pills to the combat Association?" It's just that the production of pills has been rather tight recently, so it's been delayed for a while. "

"The darkness demon beast clan in the underground Devil's Den has suffered heavy losses, so they won't be making any big moves in the short term. The combat Association won't be able to get any pills for the time being. What's wrong with that?"

Ouyang Changhong squinted at Lin Yi after trying to explain himself.

"But Sima Yi, I'm explaining this to the language of the living things, not you!"

"Who Do You Think You Are? You've already left the NA duo conferred Empire, so what right do you have to come back and criticize my alchemy Association? Do you really think I'm afraid of you?"

I have a heaven breaking expert as my bodyguard, so why should I be afraid of you?

Lin Yi didn't mind and smiled faintly, "What qualifications do I have? I've never had much interest in your alchemy Association, but since you're short on production, brother Hua and I won't force you. As long as you return my Medical Hall and pill shop's people to me, we'll refine our own pills. "

"Brother Sima, I forgot to tell you before. After Ouyang Chang Hong forcefully absorbed the people from the medical Hall and pill shop, there was no news of them. I once sent people to investigate, but there was no news."

Hua Yu sighed helplessly.

The dignified first hall Master of the naduo martial Alliance actually couldn't even extend his hand into the alchemy Association.

Lin Yi's eyes narrowed, and his smile turned into a murderous one!

People who followed him were his own people, and Lin Yi wouldn't say anything if Ouyang Changhong just took them in. It was a matter of skill.

However, if he made them disappear, that would be a big problem!

"Younger brother Sima, it's this older brother who has let you down. I didn't take good care of them!"

The artifact language felt very guilty.

When Lin Yi left, he didn't just give the general back to him, he also gave him the Dan Xing Medical Center, and now it was like this!

"There's no need to blame yourself, brother Hua. Ouyang Changhong will naturally be the one to give me the answer. "

Lin Yi waved his hand and stepped forward with a cold face, his aura rising. "Ouyang Changhong, where did the people from my Medical Hall and pill shop go? If you don't give me an explanation today, I'm afraid you won't be able to pass!"

Speaking of missing, Lin Yi's first thought was naturally the dark Demon beast's hand in Fengqi continent.

The valuable people were brainwashed and turned into spies, while the worthless were directly turned into slaves. They would not be able to make a name for themselves even if they worked hard until they died.

Although Ouyang Changhong was crazy, he probably wouldn't really sell out so many alchemists and doctors to the darkness demon beast clan.

However, Lin Yi started suspecting central after thinking about the relationship between the Ouyang family and central.

Compared to the darkness demon beast clan, the center was not much better off.

After they obtained these people, they would most likely use them as experimental subjects, and their fate might not be good for them to fall into the hands of the darkness demon beast clan.

"Hahaha, Sima Yi, are you trying to scare this Lord? I'd like to see what's going to happen today!"

Ouyang Changhong laughed out loud.

The fake heaven breaking expert beside him gave him enough confidence!

In fact, he even hoped that Lin Yi would make the first move, so that he could kill Lin Yi with a legitimate reason.

"I'm the president of the alchemy Association. I'm in charge of everything within the Association. There's no need for me to explain anything to you. If you want to lay a hand on me, then go ahead and try!"

This guy was just afraid that Lin Yi wouldn't do it, and even wanted to stimulate Lin Yi!

In the end, Lin Yi didn't waste any time and fulfilled his wish.

He pushed his butterfly steps to the extreme and turned into a shadow, getting close to Ouyang Changhong.

His right hand turned into a claw and grabbed at his throat.

Once it hit, Ouyang Changhong's life would be in Lin Yi's hands!

Ouyang Changhong was shocked. He subconsciously wanted to Dodge, but his body was stiff and he could not move at all.

Facing Lin Yi's sudden attack, all he could do was wait for his death.

Fortunately, the brawny man who had been standing behind Ouyang Changhong moved.

The man was strong, but his movements were quick and agile. He moved his feet and appeared in front of Ouyang Changhong like a ghost, blocking Lin Yi's attack.

Although a pseudo heaven breaking expert was indeed a joke in the eyes of a true heaven breaking expert, his combat strength was indeed stronger than that of an ordinary expert at the Great Perfection of the sea-splitting realm or a half-step to heaven breaking realm.

Lin Yi's speed wasn't as fast as his!

The man blocked Lin Yi's path.

A menacing smile appeared on the man's face as he reached out with his left hand like lightning, clashing with Lin Yi's right hand.

He was confident that he could break Lin Yi's right hand and wrist!

In the end, his sinister smile had just bloomed when it directly froze on his ugly face.

Lin Yi activated a spirit sense collision the moment their claws met, bombarding the man's sea of consciousness.

In terms of physical strength, even ten Lin Yi's together wouldn't be a match for a fake heaven breaking master.

But in terms of spirit sense strength and the power of spirit sense attacks, even ten strong men tied together wouldn't be enough for Lin Yi to fight.

The man wanted to break Lin Yi's wrist, but his mind went blank. It was as if all the strength in his body had been sucked out, and his entire body went soft.

Lin Yi swung his arm calmly, lifting the strong body up and smashing it to the ground with a loud bang.

At the same time, there was the sound of countless bones breaking.

Because his essence spirit was heavily injured, the man was caught off guard and couldn't block Lin Yi's throw at all!

A pseudo-heaven breaking master, a Super Master who could suppress the entire naduo conferred Empire, was killed in one move by Lin Yi!

Lin Yi let go of his hand and coldly brushed past the man's limp body, continuing to charge at Ouyang Changhong.

ouyang changhong's expression had changed several times in a short instant.

Chapter 8574

From the shock he felt when he saw Lin Yi charging at him, to the pride and ease he felt when the burly man appeared to protect him, and then to the shock and confusion when he found out that the fake heaven breaking master he was relying on was killed in seconds.

Finally, when Lin Yi locked onto him again, he couldn't hide the fear and despair in his heart!

Ouyang Changhong was already traumatized by Lin Yi's previous encounter with him. He'd been abused so many times before, and even his big brother had died tragically at Lin Yi's hands. Naturally, he felt that he wasn't Lin Yi's match!

If it wasn't for the fact that he had such a fake heaven breaking expert protecting him, how could Ouyang Chang Hong have the courage to cause trouble?

She didn't think that a fake heaven breaking master wouldn't even last one move in front of Lin Yi. What was the point of this?

"Wait! Sima Yi ..."

Ouyang Changhong retreated with all his might, probably using all his strength to put some distance between him and Lin Yi.

At the same time, he waved his hands in an attempt to calm Lin Yi down.

unfortunately, lin yi didn't want to listen to his nonsense. he used butterfly steps and quickly approached ouyang changhong.

a pseudo heaven breaking master might be able to beat lin yi in speed with their strong body, but a refiner like ouyang changhong had no speed at all. lin yi could easily catch up to him.

"...it's a misunderstanding ..."

"ah!" ouyang changhong shrieked miserably, unable to even complete his sentence.

lin yi's attacks were like a storm, landing on him from all directions.

the other members of the alchemy association were dumbfounded as they watched their boss being pressed to the ground and rubbed. no one dared to go up to help him!

the dark clouds in the sky became gloomier, and the wind that blew by became colder. it brought a withered yellow leaf from somewhere and it fluttered down on ouyang changhong's head.

at this moment, ouyang changhong was also lying limply on the ground like a pile of mud.

lin yi's whole body was swollen after the beating, and even ouyang kuantian probably wouldn't be able to recognize him.

Coupled with the broken leaf on his head, he looked really miserable.

Lin Yi put his hands behind his back and looked down at Ouyang Changhong with disdain.

"Do you think that you can do whatever you want in the nado martial Alliance branch just because you have a fake heaven breaking expert by your side? What a joke! Don't you know that in the battle of the underground Devil's Den, I, Sima Yi, have killed more than one or two heaven breaking stage darkness demon beasts?"

Ouyang Changhong cried. He was really crying.

However, because his eyes were swollen, his eyelids were drooped, and his tears were mixed with blood. No one could tell that he was crying.

The darkness demon beast clan had suffered heavy losses in the battle of the underground Devil's Den, and it was true that some heaven breaking stage darkness demon beasts had suffered losses.

but ouyang changhong knew that lin yi did it with his schemes, not with his own strength ...

but now?

at this moment, ouyang chang hong only felt that he had been wronged. if he had known that sima yi was so awesome, he would not have acted so arrogantly. he would have kept a low profile and developed at the side!

"from now on, ouyang changhong is no longer the president of the alchemy association of the naduo martial alliance branch. brother hua, you can choose another person to take on the position of president of the alchemy association!"

lin yi announced the major personnel change before kicking the mud on the ground."do you know why you are still alive? tell me honestly, where did you send the brothers who used to follow me? if you can't give me an explanation, you will die today!"

Ouyang Changhong's heart immediately turned cold from fear, and his face turned deathly pale.

He thought that Lin Yi didn't kill him just now because he was worried. He thought that as long as he was alive, he would have a chance to turn the tables.

She didn't think that Lin Yi was just here to get a confession!

Ouyang Changhong could feel the killing intent coming from Lin Yi, and his body shivered.

He knew very well that Lin Yi wasn't joking-he really was going to kill him!

"Wuwu...Wuwala...Wuliwula ..."

In desperation, Ouyang Changhong opened his bloody mouth and made a series of incomprehensible mumbling sounds.

Lin Yi's mouth twitched-he'd forgotten to stop hitting his mouth ...

Lin Yi had no choice but to give Ouyang Changhong a pill so that he could at least recover from his injuries and talk things through!

lin yi's products were of the highest quality!

after taking a great recovery pill, ouyang changhong's injuries recovered at a speed visible to the naked eye, and he soon had the ability to speak again.

"hurry up and tell me the truth. if you dare to hide anything, i don't mind giving you another beating!"

lin yi threatened coldly.

ouyang changhong's body couldn't help but tremble again. he really didn't want to experience that pain again!

"misunderstanding ... it's all a misunderstanding ... those people who were transferred from your medical center and pill shop to the alchemy association were not in any danger. i can swear it!"

Ouyang Changhong didn't dare to delay. He raised his hand and began to swear, ""If I, Ouyang Changhong, have hurt any of them, then let me be struck by lightning and die a terrible death!"

"Cut the crap and get straight to the point!"

Lin Yi frowned, getting impatient.

Ouyang Changhong shrunk back in fear-the trauma Lin Yi had left on him was huge ...

"They're not in the imperial capital. Instead, they've been transferred to a nameless Valley outside the imperial capital, where they're refining pills for me ... Because they're not very willing, I've taken some coercive measures, but I guarantee that they won't be in danger!"

Now that things had come to this, Ouyang Changhong did not dare to hide anything and could only honestly tell them where those people had gone.

As for the elixirs they refined, they were definitely not the regular elixirs of the alchemy Association. Instead, they were the elixirs that the blue-robed elder and the Ouyang family had requested in cooperation.

Ouyang Changhong used his official position for his own benefit and made those who disobeyed him work for central. Not only did he punish the rebellious people in his eyes, but he also pleased central and the blue-robed boss.

It could be said to be killing two birds with one stone!

"Don't worry, I'll immediately send people to bring them back! When the time comes, you can see for yourself that no one will die!"

People had to bow their heads under the eaves. Ouyang Changhong was very cowardly when he should be.

It was all for the sake of preserving their lives so that they could make a comeback and rise again in the future!

Lin Yi squinted at Ouyang Changhong for a while, making sure that the guy was telling the truth. He nodded, satisfied. "You're smart. Bring them back immediately. If there's one missing, I'll settle the score with you immediately!"

Ouyang Changhong did not dare to delay and quickly turned around to order his trusted subordinates to handle this matter.

After that, she sneaked a glance at Lin Yi and felt that he didn't look too bad. She took a while to prepare herself before gathering the courage to speak again.

Chapter 8575

"That ... The position of the president of the alchemy Association ..."

"You are no longer the president of the alchemy Association. You don't need to worry about who will take over this position in the future. It's already good enough that you can take care of yourself now!"

Lin Yi waved his hand and interrupted Ouyang Changhong's question. "You ignored the needs of the combat Association and imprisoned many alchemists to perform alchemy for yourself. Do you still think you are qualified to be the president of the alchemy Association?"

"But, it's not up to you to decide if I'm qualified to be the president!"

Ouyang Changhong's face turned red. He gathered his courage and argued, "Even if you want to punish me, it should be the alchemy Association of the martial Alliance of the continent. You, Sima Yi, coming out and saying such things is ignoring the alchemy Association of the Wutong continent. This is a taboo!"

"Also, even if I'm really fired, the president of the alchemy Association must be appointed by the alchemy Association of the continental martial Alliance. It's not something that can be decided by the language of the monsters. If he interferes, he'll be overstepping his authority! Let me give you a kind reminder, don't harm the monster language!"

Ouyang Changhong dared to argue with Lin Yi because the appointment rules were in his favor.

At the same time, he was using the rules to warn Lin Yi that he wasn't someone Lin Yi and the language of manifestations could do anything to!

In the end, he was afraid that Lin Yi would turn on him and continue to kill him.

Therefore, protecting his position as the president of the alchemy Association was only a superficial reason. The deeper reason was to protect his life!

"Sima Yi, I know you're very powerful, but no matter how powerful you are, you can't ignore the martial Alliance of the continent, right?"

"If you insist on doing this, I'll definitely appeal to the martial Alliance and ask them to deal with you. Even if you kill me, you won't be able to escape the martial Alliance's arrest!"

It was reasonable!

Ouyang Changhong felt that this wave should be settled. After saying this, his little life would most likely not be in any trouble.

Lin Yi shrugged nonchalantly, "if I say you don't deserve to be the president, then you don't!" When I say brother Hua will appoint a new president, it means brother Hua will appoint a new president! If you don't like it, you can go to the martial Union now. I don't mind!"

Ouyang Changhong blinked and looked at Lin Yi suspiciously, not daring to make a move ...

This brat Sima Yi had always been crafty, how could he be so generous?

He must be trying to trick me into making a complaint and then use it as an excuse to kill me?

Ouyang Changhong didn't care if Lin Yi would be hunted down by the martial Alliance after this. He was already dead, what was there to care about?

"Don't worry, I said I don't mind, so I don't mind. You can explain it however you want, just go! I, Sima Yi, have always been a man of my words, and my words are like nails. I've always kept my word ... In any case, I won't lie to you, so quickly go and complain!"

"really? you're not playing me? you actually want to kill me?"

ouyang changhong still didn't believe him and subconsciously asked. the moment he said it, he immediately panicked.

why did he say what he was thinking? wasn't this just courting death!

Lin Yi nodded seriously, "It's true, you should hurry! Hurry up before I change my mind. Otherwise, if I regret it, I might just kill you!"

Ouyang Changhong immediately moved like a rabbit, and with a "whoosh," he leaped out.

After realizing that Lin Yi really wasn't going to interfere, he ran as fast as he could.

Needless to say, this guy would exaggerate the matter a few times, add on the countless slanders and slanders about Lin Yi, and hand it over to the alchemy Association of Wutong continent, asking the higher-ups to help him.

The matter was urgent. Ouyang Changhong felt that after the Wutong continent received the news, they might send experts over through the teleportation formation. That would be wonderful!

At the same time, after Ouyang Changhong left, the people from the alchemy Association also took the opportunity to leave.

News of what had happened here quickly spread throughout the martial union branch. Even Shi tiancai and the other array grandmasters who had participated in the trial to obtain the source of array Dao had heard of this matter.

A bunch of bored grandmasters heard that Lin Yi was in trouble again, and all of them rushed over to watch the show. They were just short of a small bench and a slice of watermelon.

The audience aside, transformation language was worried after Ouyang Changhong left.

"Brother Sima, don't you think that this matter was a little lacking in consideration? What Ouyang Changhong said just now was right. We are indeed in the wrong on the surface!"

If he revealed his hidden identity as the secret agent, everything would not be a problem.

But the problem was, could he simply reveal his identity as a secret agent?

It was not worth it for a mere Ouyang Changhong!

The language of assimilation was already thinking about whether he should take the initiative to reveal his identity as the secret agent and inform the martial Alliance of the continent.

Exposing his identity was much better than exposing Lin Yi's identity.

What he didn't know was that the higher-ups of the martial Alliance already knew about it before Lin Yi told him about his dark gold status.

"Brother Hua, don't worry. Everything is under my control!"

Lin Yi patted transformation language's shoulder with a smile. "Rather than worrying about Ouyang Chang Hong's complaint, brother Hua, you should send someone to receive our brothers from the pill shop medical Center. First, you must ensure their safety."

"You don't have to tell me. I've already sent out a signal for the brothers outside to follow! "Actually, Ouyang Changhong wouldn't dare to lie to you about this matter. After all, the strongest martial artist under him has already been crippled by you!"

The artifact language said as it glanced at the fake heaven breaking realm man lying on the ground with pity.

After losing his value to Lin Yi, the man was abandoned.

Not to mention Ouyang Changhong, even Ouyang Changhong's subordinates ignored him!

Lin Yi did spare his life, but it seemed like he was better off dead.

The two talked for a while, and monster language's confidence in Lin Yi eased up a lot. The crowd arrived.

Shi chengcai came in and saw Lin Yi. He walked over and frowned, "Sima Yi, did you cause trouble again? You really can't stop!"

"What do you mean I caused trouble again? You were the one who caused trouble last time, so I'll help you clean up your mess!"

Lin Yi's lips twitched-the guy's memory wasn't that good, after all. It was his duty to help him remember!

"Uh, let's not talk about the past. What happened today?"

Shi longcai, who had been reminded, decisively changed the topic.

After listening to Lin Yi's simple explanation, the guy didn't say anything else and walked to the side to join the crowd.

If no one died, then it was a small matter that was not worth being surprised about. They just had to watch the show.

Chapter 8576

the other grandmasters didn't understand the situation, and most of them were looking forward to how things would develop with excitement. only shi yucai knew that the outcome had long been decided!

"sima yi is really a troublemaker. he causes trouble everywhere he goes! let's see how he's going to deal with this ..."

"what else can he do? he must be relying on his identity as the life savior of the hall master of the martial alliance in wutong continent. he's out to do whatever he wants. he doesn't know that the hall master of the martial alliance can't interfere with the direct appointment of the president of the alchemy association ..."

"they're really messing around this time, but it's none of our business. we'll just watch the show!"

the grandmasters discussed in low voices, most of them happy to see lin yi in trouble.

it was still the same sentence. in the origin of formation dao, everyone was a competitor. it was a good thing to have one less powerful opponent.

even if it wasn't any less, it'd be good to make lin yi's condition worse.

Ouyang Changhong came back very quickly, and he didn't dare to act out of line when he saw Lin Yi, but he was still quite pleased with himself.

"Sima Yi, I've already reported this to the alchemy Union of the martial Alliance. The results will be out soon. I hope you'll still be so ... Confident when the time comes!"

Ouyang Changhong wanted to be sarcastic, but he knew that Lin Yi might punch him if he did that. He had to be tactful.

"I'm not only confident about this, I'm also very confident. If you can't bring my people to me safely, you'll be very unlucky!"

Ouyang Changhong's face darkened, and his smile disappeared. He didn't dare to show off in front of Lin Yi anymore.

The atmosphere was a little awkward.

After a short while, the person in charge of contacting the martial Alliance of the continent sent a reply.

"The reply came so quickly!"

Ouyang Changhong's spirit was lifted, feeling that the time to slap Lin Yi in the face had finally come.

He had this confidence!

With the backing of the Ouyang family and Central's background, Ouyang Changhong had already bribed the higher-ups in the Wutong continent.

Even if he didn 't, he could guarantee that the martial Alliance of the continent would stand on his side.

"Read out the reply from the martial Alliance! This way, we can show that we are open and fair, so that no one will be unconvinced!"

With victory in hand, Ouyang Changhong seized the opportunity to show off!

The onlookers began to look forward to it excitedly. ""Oh, it looks like that guild leader Ouyang is very confident. It seems like he's 100% confident that he can take down Sima Yi, right?"

"It's definitely him! The Great Hall Master of the continental martial Union can't interfere with the alchemy Association's business. The alchemy Association of the continental martial Union is a Department directly managed by the alchemy Union!"

"If that's the case, then the first hall Master can't help even if he wanted to. In fact, the first hall Master might not even know about Sima Yi's trouble. After all, this is an internal communication of the alchemy Association. There's no need to go through the first hall Master ..."

"You're wrong. I'm guessing that the Great Hall Master of the martial Alliance will pretend not to know. After all, he's only half a cornbread's Savior. He's already given Sima Yi a lot of face last time. He'll definitely be unwilling to keep cleaning up Sima Yi's mess!"

"That makes sense! I'm also guessing that the Great Hall Master of the martial Alliance will pretend not to know anything even if he gets the news!"

Before the announcement of the reply, the audience was discussing in low voices.

But overall, they didn't think Lin Yi would be in trouble because of this.

Only Shi chengcai was sneering inwardly ... What a bunch of idiots!

These people didn't even know Sima Yi's identity!

Aside from being a diamond Grandmaster, Shi Yucai was also a bronze Grandmaster refiner. He took the test with Lin Yi.

And because of Yan SU's interference, the alchemy Union of the starsource continent was directly alerted!

In the end, not only did Lin Yi get the title of Diamond Grade Grandmaster, but he also became the Vice President of the alchemy Union!

"You're the Vice President of the Grand alchemy Union on the continent, yet you're saying that you can't decide the position of the president of the alchemy union branch of the martial Alliance on the continent?"

Are you kidding?

Shi chengcai looked up at Lin Yi and saw his nonchalant expression, and couldn't help but criticize him.

This brat, Sima Yi, was really sinister. This was clearly something that could be easily solved by revealing his identity, but he had to hide his identity and dig a hole for others!

Not only did he dig a hole, but he also had to watch the other party jump in and bury the soil. He was really too pretentious!

This posturing was simply earth-shattering, and even Shi Yucai, the king of posturing, had to admit defeat.

Shi tiancai's gaze turned to Ouyang Changhong, who was still gloating and unaware that he had fallen into a trap, and a hint of pity appeared in her heart.

What a pitiful guy, I'll mourn for him for three seconds later!

"Vice head Ouyang, why don't you take a look first? I don't think it's appropriate to read it out loud ..."

The martial League member who had sent the message was hesitant.

As soon as he saw the content of the reply, he didn't want to get involved in this battle. He was afraid of becoming pitiful cannon fodder for no reason.

He felt that the reply in his hand was like a burning piece of charcoal. He only hoped that Ouyang Changhong would quickly take it over.

In the end, Ouyang Changhong did not understand the other party's goodwill. He directly glared and shouted, ""This Lord wants you to read it, so just read it, what are you doing with all the chirping and dilly-dallying? Hurry up!"

That person wanted to cry but had no tears. He did not dare to disobey Ouyang Changhong's orders and could only unfurl the reply letter in an aggrieved manner. He lowered his head and softly read the words on it.

"... The situation has been acknowledged. The alchemy Association of the continental martial Union thinks that there are no problems with the outcome of the investigation. We have specially replied to the naduo martial union branch and asked the branch's Hall Master, the language of the living things, to actively cooperate and carry out all the orders of the upper continent's alchemy Union's Vice President, His Excellency Sima Yi, to the naduo alchemy Association!"

"The former president of the Association, Ouyang Changhong, has defied and framed his superiors. The problem is serious. After receiving this reply, he is dismissed and will be handed over to Sir Sima Yi to deal with. Hall Master Hua, please watch over Ouyang Changhong's people closely and investigate them one by one. If there are no problems, then they can be reinstated!"

The reply wasn't very long. The young man who sent the letter took about a minute to read it all out.

Ouyang Changhong's group was completely dumbfounded, and so were the surrounding onlookers.

This development was completely different from what he had expected!

It wasn't wrong to call it a super reversal!

The corners of Shi Shengcai's mouth curled into a mocking smile. The ending was indeed as expected, without any surprises!

The higher-ups of the alchemy Association of Wutong continent were smart enough to know Lin Yi's identity as the alchemy Association of the continent. Otherwise, they would have fallen into the trap as well!

He didn't know that Lin Yi was a hidden agent. Even without the Vice President of the continental alchemy Union, Hong Zhizhu didn't dare to offend Lin Yi.

The final result was still the same, just not as Grand as it was now.

Chapter 8577

In fact, Hong zhizhu had been shocked when he had received the notice that the alchemy Association of the continental martial Alliance had added a new Vice President.

He knew that Sima Yi was extraordinary, but he never thought that he would suddenly rise to the level of the continent.

"How could this be? How was that possible? You, you, you ... How could you be the Vice President of the mainland alchemy Union?"

Ouyang Changhong's face was ashen from despair. He raised his trembling finger, wanting to point at Lin Yi, but Zhang Yiming slapped it away.

"Who are you pointing at? Is our boss someone you can point at as you please? Why? You're not convinced? Our boss is the genuine Vice President of the alchemy Union of the starsource continent. Even if you are not convinced, you have to hold it in!"

Zhang Yiming and Fei daqiang had been together for a long time, and he began to like to show off. "Don't say that you're not convinced. There's a Grand Elder in the alchemy Association of Feng Qi continent called Ouyang kuantian. He's the head of your Ouyang family, right? He wasn't convinced either, but in front of our boss, he still had to hold it in. Who Do You Think You Are!"

Ouyang Changhong sat down on the ground.

Ouyang cuantian was his only hope at first, but now that he knew that he'd lost to Lin Yi as well, he'd completely given up!

It's over, it's all over, there's no turning back!

Ouyang Changhong gave up on resisting, and the people on his side immediately looked like their parents had died.

Immediately, the monster language sent out a signal, and the combat Association's combat generals quickly came in to control the situation and arrested all of Ouyang Changhong's trusted aides.

These people didn't dare to resist at all. The reply from the higher-ups was very clear. They would only decide if they could continue to use them after a thorough investigation.

If anyone jumped out at this time, there was no need to investigate, he would be slapped to death directly.

They were all alchemists of the alchemy Association, not combat generals of the combat Association. They didn't have the strength to rebel!

"I didn't expect Sima Yi to be the Vice President of the Alchemy Guild of the mainland ... How could he be so awesome?"

"President of the naduo alchemy Association, Ouyang Changhong's death wasn't unjust. He had offended a Big Shot from the starsource continent. It's already very kind of him not to be beaten to death on the spot ..."

"Grandmaster Sima, I'd like to ask you some questions about arrays ..."

Most of the audience were still whispering to each other after they woke up from their dazed state, but a small portion of them who were quick-witted had already moved closer to Lin Yi with smiles on their faces, wanting to hug this thick leg of his!

Even if he could not gain any benefits from the source of array Dao, he still had to get familiar with it and lay the foundation for his future development.

Unfortunately, these people were stopped by the combat Association's generals, not allowing them to get close to Lin Yi.

These were the battle generals that had followed Lin Yi before, and they still had the title of the Imperial Guards in the combat Association.

In their eyes, Lin Yi was the Supreme Commander!

Without Lin Yi's permission, no one was allowed to get close!

It was only after finishing the arrangements that he had time to express his shock to Lin Yi. "Younger brother Sima, you really scared this older brother! You've only left for a short time and you've already become the Vice President of the mainland's alchemy Union? This is the so-called "great Pengs rise with the wind and soar up ninety thousand li"?"

"Elder brother already knew that you're powerful and that you'll definitely soar into the sky, but I didn't expect it to be so fast. I think you should change your name to Sima cuantian. That Ouyang family's Ouyang cuantian can't even be compared to you!"

The artifact language started joking around, showing its respect for Lin Yi.

Lin Yi had another secret agent who was above the Vice President of the alchemy Union, but he couldn't expose that identity.

It was far from as honorable and convenient as the vice president's work.

"Brother Hua, please don't praise me too much, it's not a big deal, it's just a coincidence."

Lin Yi waved his hand humbly, "other than a few die-hard fans, the rest of Ouyang Changhong's men can be used. With these people here, there shouldn't be a problem with the supply of pills in the future." Brother Hua, you just need to find someone who can control the direction. "

Lin Yi believed that The Alchemist Association would return to its peak state when the people who were imprisoned returned, perhaps even stronger.

By then, the artifact language would have the combat Association on its left and the alchemy Association on its right. Its control and voice over the naduo martial Alliance branch would reach an astonishing level.

As for the array formation Association ... They were all array Masters who stood aloof from the world and didn't have much skill.

The array Dao Association in the naduo martial Alliance branch had a really weak presence!

The monster language also understood this principle, so it began to select and filter excellent alchemists in its mind to see if they were qualified to be the new president of the alchemy Association.

Ouyang Changhong wasn't dead, and Lin Yi wasn't interested in killing him. He left him to the beast transformation language to deal with, completely forgetting about it.

After the commotion, the combat Association's combat generals politely sent the spectators out regardless of whether they were willing or not.

Soon, the area was cleared, leaving only Lin Yi, the language of manifestations, and a few others.

While dealing with Ouyang Changhong's people in the alchemy Association, he waited for the people who had been captured to refine pills to return.

Soon, the alchemists returned and cheered loudly when they saw Lin Yi.

Even the battle generals of the Imperial Guards cheered.

Lin Yi may have left the NA duo conferred Empire, but they'd never forget their commander. Now that their commander had returned, it was only natural that they'd be excited!

The matter of the alchemy Association had been settled. Ouyang Changhong had been kicked out of the competition. This meant that the Ouyang family's influence in the naduo martial Alliance branch had been completely cut off.

The combat Association and the alchemy Association were now completely controlled by the monster language. From today on, the monster language's authority as the hall Master was finally established.

Unless Lin Yi came back, his position would be unbreakable.

While the beast language was busy dealing with the matters here, Lin Yi brought Zhang Yiming back to the fu Yao Alchemy School.

It was rare for him to come back, so he had to pay a visit to Hua Yao.

The old man was naturally overjoyed to see Lin Yi, and in order to express his joy, he dragged Lin Yi to class for half a day.

It was a rare occasion for the Honorary President to return, so he had to do his best for the Academy.

Lin Yi's half-day public lecture had caused a huge commotion in the entire school.

These were all small matters. Lin Yi, Hua Yao, the language of living things, and the others gathered for a while before returning to the rest station.

The next morning, all the array Masters gathered together and prepared to set off for the Hong Shang Empire.

On the other hand, the language of monsters was waiting for Lin Yi with all the Imperial Guards.

"Brother Hua, are you sending me off? It's a little too Grand!"

"I'm really touched that you're here, brother Hua!" Lin Yi smiled at the beast's whisper.

Chapter 8578

"brother sima, you're touched to see me off?" the artifact language said with a smile. i can't do that. to tell you the truth, i'm bringing the imperial guards to send you off, but i'm going with you to send you to the hong shang empire! you won't be so touched that you'll cry, right?"

lin yi blinked-it didn't sound like a joke!

"brother hua, you're not serious, right? the martial alliance's branch needs you right now. how can you leave?"

"What do you need? "The darkness demon beast clan has been subdued by you, and they won't be able to make any big moves in a short period of time. The Ouyang family has completely withdrawn from the stage of the martial Alliance's branch, and no one will be able to make any more small moves. Now that everything is peaceful inside and outside, why can't I leave?"

The artifact language laughed and put an arm around Lin Yi's shoulder. "This is all thanks to you, younger brother Sima. I, your older brother, will sit back and enjoy the fruits of others' labor. What's wrong with sending you to the Hong Shang Empire? It's not a problem for me to accompany you around the entire Wutong continent. "

Lin Yi didn't know what to say-it really did seem like that.

He had cleared the internal and external threats of the nado martial Alliance branch. The monster language had quickly integrated the alchemy Association yesterday and had complete control of the martial Alliance branch. It seemed that he was really free now.

on the other side, Zhang Butong smiled and said, "boss, the first hall master is right. since there's nothing going on inside and outside, the first hall master will bring us to accompany you to the Hong Shang Empire. treat it as an inspection."

Wang Sanbing, who was beside him, also nodded in agreement. "we, the brothers of the imperial guards, will never forget the kindness you have shown us, boss. it is our honor to be able to escort you to the Hong Shang Empire. don't you think so, brothers?"

"escort the boss!"

all the battle generals of the imperial guards responded in unison with unparalleled momentum!

the grandmasters behind were all envious and jealous, and at the same time, they marveled at Lin Yi's prestige in the Naduo martial alliance branch-it was ridiculously high!

even the first hall master, Artifact Language, was no match for him.

Lin Yi was touched. Zhang Butong and Wang Sanbing were the first two generals to follow him, and they became Fei Daqiang's right-hand men after he arrived. They were the most experienced people in the Imperial Guards.

They were all people who valued relationships and loyalty!

"Alright, if I don't agree, I'm afraid you'll say that I'm too pretentious! If that's the case, I won't be polite! I'll have to trouble brother Hua and the other brothers to work hard and send us to the Hong Shang Empire!"

Lin Yi found it hard to reject the offer, and so he agreed.

The battle generals of the feathered forest guards cheered together, once again causing the envy and jealousy of the formation path grandmasters!

All the grandmasters instinctively felt that Lin Yi was the center of this circle, and everyone else was just a foil to him!

Thinking about the upcoming trial of the source of array Dao ... It was really disheartening!

"Let's go!"

Lin Yi waved his hand, and the Imperial Guards responded in unison.

The team set out in a grandiose manner, their target being the Hong Shang Empire!

But at that time.

The situation in the Hong Shang Empire was not good.

Lin Yi passed the position to Liu Ziyu, and after stabilizing the state affairs, he went to the naduo martial Alliance branch.

After that, he left the NA duo martial Alliance branch and went to the Feng Qi continent.

From then on, it was equivalent to directly disappearing without a trace.

If Lin Yi was still in the naduo martial Alliance branch, he would be a deterrent, and normal people wouldn't dare to mess with the Hong Shang Empire.

But Lin Yi just had to leave the Wutong continent, and the empires under the naduo martial Alliance branch started to move.

Those who were able to establish an Empire were all families with experts in the sea splitting stage who worked in the martial Alliance's branch. Naturally, they could find out the news, but they only knew the surface and had no idea about the intricacies inside.

It was rumored that the Hong Shang Empire's backer, Sima Yi, had been ostracized and could only leave the other continents. It was not wrong to say that he was a stray dog!

Even the hall Master, who was on good terms with Lin Yi, was being suppressed by Ouyang Changhong.

Under such circumstances, the Hong Shang Empire, which had lost its backer, was like a big piece of meat. Everyone wanted to rush up and take a bite.

Hence, the empires around the Hong Shang Empire had a secret meeting and discussed. They sent their troops to attack the Hong Shang Empire at the same time and prepared to divide up the territory of the Hong Shang Empire!

Liu Ziyu was already in a terrible fix due to the attacks from the surrounding empires.

He also received the news that Lin Yi had left Wutong, so he couldn't ask for help even if he wanted to.

The current situation was quite unfavorable for them.

Hong Shang Empire was a newly established Empire, after all. More than 80% of the cities on its land weren't taken down, but because of Lin Yi's name.

Now, in the face of a strong enemy, many people who had already surrendered once surrendered again.

Some of the cities that refused to surrender were heavily attacked by the Empire's Allied forces as a warning to the others.

In order to deal with the situation, Liu Ziyu had already sent out all the generals and troops that he could use. Only 50000 Garrison troops and 100 blood spirits were left in the imperial capital to protect Liu Ziyu!

On this day, Liu Ziyu brought the last general of the imperial capital, the Vice-commander of Lin Yi's personal guard, song shaopeng, to stand on the city wall.

The sky was clear and the sun was shining brightly. There were no clouds for thousands of miles, and it was a rare good weather.

However, Liu Ziyu's heart was filled with gloom.

outside the imperial capital, the three countries 'allied forces had already surrounded it. more and more troops were coming in.

at present, the enemy's military strength had already exceeded 500000!

the importance of the imperial capital was self-evident. once the imperial capital fell, the hong shang empire could basically be declared to be over!

back then, lin yi had led the guards unit, named blood spirit, to take down the imperial capital.

the rest of the places were decided, and the hong shang empire was established!

liu ziyu looked at the army outside the city with a depressed expression. the allied army had surrounded the city but did not attack. they were waiting for more troops to gather so that they could take down the imperial capital in one go.

"ai! general song, do you feel that i'm really useless? cousin fought so hard to take down the hong shang empire and handed it over to me, but i don't even have the ability to protect her ..."

Liu Ziyu let out a long sigh, feeling extremely disappointed.

Song shaopeng was Lin Yi's trusted general, so he didn't treat Lin Yi as an outsider and spoke to himself.

"If cousin was here, what would the Alliance Army be? He could annihilate them all in the blink of an eye! Compared to my cousin ... No, how can I compare to my cousin? There's no comparison between us at all!"

At the end of his speech, Liu Ziyu could not help but shake his head with a bitter smile. He raised his eyes slightly and looked at the sky in the distance.

Cousin, where are you?

I need you, the Hong Shang Empire needs you!

"Your Majesty, don't undervalue yourself! The Commander-in-Chief entrusted the Empire to His Majesty because he believed that His Majesty could protect the Empire. However, the enemy this time is too despicable. They actually colluded in secret and even launched a sneak attack!"

Song shaopeng bowed slightly. He was still used to calling Lin Yi "Marshal."

Chapter 8579

Thinking about Lin Yi's bravery, song shaopeng couldn't help but sigh in his heart. If Liu Ziyu was half as brave as Lin Yi, he wouldn't be afraid of that Motley group of people!

"His Majesty's response is already very good. Defeat is not a crime in battle. Moreover, we haven't lost yet. There are still many cities in the Empire's territory that are in our hands! The imperial capital is still under our feet! We can definitely turn the tide!"

Liu Ziyu nodded, but he was still a little depressed. He knew that song shaopeng was just comforting him, so he didn't take it to heart.

The imperial capital would be completely isolated by the enemy, and the Hong Shang Empire would be defeated!

There were only 50000 soldiers left in the city. How could they defend against 500000 soldiers?

Not to mention, there were still more troops coming from behind!

If not for the fact that the imperial capital had a defensive formation as a trump card, Liu Ziyu suspected that the 50000 Garrison troops in his hands would have directly abandoned the city and surrendered!

Song shaopeng's words were not only to comfort Liu Ziyu, but also to boost morale.

After all, Liu Ziyu was the ruler of a country. If the Emperor did not have confidence, how could the soldiers fight?

"General song, do you have the confidence to escort the retired emperor and his wife out of the imperial capital with the remaining blood spirits? There should be a chance to take advantage of the fact that the enemy has not completely surrounded the capital, right?"

Liu Ziyu changed the topic and lowered his voice. "The retired emperor and his wife are the family that cousin values the most. They must not be allowed to get into trouble!"

Song shaopeng lowered his head and didn't answer immediately. Instead, he kept calculating the possibility of this plan.

the emperor and his wife were people that lin yi valued, and song shaopeng didn't think there was anything wrong with sending them away.

however, after some calculations, song shaopeng found that the probability of successfully breaking through was almost zero!

if the 800 blood spirits were all in the imperial capital, song shaopeng would still have the confidence to fight.

it was a pity that he only had a hundred blood spirits left, and the rest had been scattered to support various places ...

unless the commander personally led the troops to charge, it was simply a fool's dream to break through the siege of hundreds of thousands of troops!

even though blood ghost had entered the nine-story glazed pagoda before, song shaopeng didn't think that he had lin yi's talent.

if lin yi was here, a hundred blood spirits would be enough.

but, if lin yi was really here, would they even need to break out?

"Your Majesty ... I'm incompetent! I'm not sure if I can send the retired emperor and the others away safely!"

Song shaopeng lowered his head and bowed, looking very guilty.

At a time like this, if he couldn't protect Lin Yi's foster parents, he wouldn't be able to face Lin Yi even if he died in the battlefield!

Liu Ziyu's face darkened slightly, and he let out a long sigh. ""It's all my fault. I sent the blood spirits out in different directions. If all 800 blood spirits were here, we would have been able to break out of the encirclement."

Back in the days, Lin Yi led eight hundred blood spirits and swept the world, invincible!

All the enemies trembled when they heard the name of the blood ghost. How mighty was that?

However, now ... Liu Ziyu closed his eyes!

He also knew that only a complete blood spirit formation would be the strongest army!

However, Liu Ziyu had no other choice. The flames of war were everywhere, and any member of the blood spirit was an excellent middle-level general ...

For the sake of the suffering people in the city, Liu Ziyu had no choice but to split up the blood spirit Army.

"Yu 'er!"

Sima Yunqi's deep voice came from the city wall.

Liu Ziyu quickly turned around and saw the retired emperor, Sima Yunqi, and su lingyue walking over together. They were stepping on the city wall.

"Imperial father, Imperial mother! Why are you guys here?"

Liu Ziyu quickly went up to him.

Sima Yunqi and his wife were originally his uncle and aunt, but because of the throne, he directly addressed them as father, Emperor and mother.

In any case, he was raised by the two of them since he was young. They were not his biological parents, but they were closer than blood relatives.

Song shaopeng also immediately came to greet the retired emperor and his wife.

sima yun's face darkened as he waved his hand. "there's no need to be so polite. when the country is in danger, all those false courtesy should be avoided! yu 'er, we're here to help defend the city!"

"just now, you said that general song will lead the blood spirit to help us break out of the siege. this is not a wise decision. i'm not talking about the success rate, but the impact on the morale of the army if we escape. have you considered this?"

"especially since general song is the only commander in chief in the imperial capital. if he leaves with us, there's no need to fight the next war. the imperial capital will fall directly! do you want us to be the sinners of the empire?"

sima yunqi was originally rather gentle, but towards the end, his voice became stern!

This was the so-called "deep love and deep responsibility!"

Instantly, Liu Ziyu was so ashamed that his forehead was covered in sweat.

He couldn't help but admit that Sima Yunqi was right. His knees went soft and he wanted to kneel down in front of Sima Yunqi.

Sima Yunyan was quick to react. He reached out and grabbed Liu Ziyu's shoulder, making him unable to move.

"Stand firm! You are the Emperor of the Empire. In front of the hundreds of thousands of enemy soldiers outside the city, you must stand straight and set an example for all the soldiers!"

Sima You Yun stood up and turned around, facing the boundless Alliance army camp outside the city walls. He opened his arms and laughed, ""Thieves outside the city! If you want to destroy my Hong Shang Empire, then come and attack! You don't dare to attack even with such an advantage? you're all cowards. Do you think you're worthy of coveting the great Hong Shang Empire? Bah!"

"If you want to fight, then fight! If you don't want to fight, then get lost!"

Because it was infused with the Qi of the attribute, Sima Yunqi's voice rumbled like thunder, suppressing the shouts of the hundreds of thousands of soldiers outside the city!

all of the alliance army had heard it clearly.

now, sima yunqi's strength had also improved by leaps and bounds. when he first met lin yi, he was still at the great circle of xuansheng training, suppressing his own training, wanting to break through after he was more complete.

after meeting lin yi, his strength was the same as the people around lin yi, rising sharply.

furthermore, with the accumulation of his previous training, sima yunqi was now a martial artist of the middle stage of earth splitting.

therefore, this shout of "get lost" was very powerful and extraordinary.

the 50,000 soldiers in the imperial capital were greatly boosted in morale, and they shouted in unison.

for a moment, it seemed as if the hong shang empire had the upper hand.

the alliance army outside the city was in an uproar. even with such a huge advantage, they were still being pointed at and scolded. their pride was hurt!

therefore, the commanders of the empires communicated with red eyes and began to attack together. they were prepared to launch a general attack on the imperial capital from four directions at the same time.

"Sima Yunqi is really overconfident! Do you think that we won't dare to attack just because you have the great defensive formation? I originally wanted to wait a few more days to gather more troops and destroy the imperial capital in one go. Since he's tired of living, I'll fulfill his wish!"

The commander in charge of attacking Sima Yunqi, Liu Ziyu, and the others at the main city gate was sneering as he commanded his men to attack the city wall step by step.

Chapter 8580

"Pass down my order, anyone who captures Sima Yunqi, su lingyue, or Liu Ziyu alive will be made a Marquis of ten thousand households! Whoever takes their heads will be given the title of Marquis of thousand households!"

"The first person to climb the city wall will be rewarded with ten thousand! Those who kill the enemy's general will be promoted by three ranks ..."

The detailed reward plan was sent out one after another, and the morale of the attacking forces began to soar. All of them were shouting with red eyes!

They couldn't wait to rush up to the city wall and capture Sima Yunqi and the others alive.

No matter which Empire it was, it was very difficult to be conferred the title of Marquis.

Especially in a situation where there was no war, a soldier would not be able to touch the Marquis even if he died.

Now that the opportunity was right in front of him, he had to go crazy!

"Send the order to be on guard!"

Song shaopeng, as the highest commander in the front line, immediately gave the order to prepare for the storm of attacks from the enemy Army.

However, Sima Yun suddenly raised his hand and added, ""How about this? first, send the order to activate the formation to block the enemy's attack. Then, gather all the cavalry in the city and wait for an opportunity to attack!"

"Imperial father! Isn't that too risky?"

Liu Ziyu was shocked.

He didn't expect that under the current tense situation, Sima Yun would actually have such a crazy idea.

A surprise attack outside the city?

Most of the imperial capital's Garrison consisted of infantrymen. As most of the cavalymen were sent to other battlefields as support, only 10000 of the 50000 soldiers in the imperial capital's Garrison were cavalymen!

Take 10,000 cavalymen out of the city to launch a surprise attack?

This was almost the same as going out of the city to deliver food!

Only his cousin, Sima Yi, could do such a thing. No one else could, but his cousin was not here!

"no, a surprise attack is our only chance! the formation can protect us for a while, but it can't protect the imperial capital for a long time. we have to defeat the enemy to have hope!"

sima yunqi was very nervous, but his mind was unexpectedly calm.

he had always been an outstanding talent. back in hongshang commandery, he had already stood out and taken on an important position of commander.

if it wasn't for the fact that he didn't want to compete with sima yunfei, sima yunfei's line would have been suppressed to death by him!

later on, lin yi appeared as sima yi, invincible in all his battles. sima yi became invisible from then on, leaving the glory to the younger generation.

however, in reality, sima yunqi was not old. whether it was the hot blood in his chest or the military strategies in his stomach, they were enough to suppress a country!

"the enemy is besieging us from all sides, and they have ten times our number. even if we activate the formation, we'll only be able to protect the imperial capital for a while, but the empire has already fallen!"

"we can take advantage of the time when they split up to attack the city and use our cavalry to ambush them. after we defeat them, the pressure on us will be greatly reduced. then, we can use our schemes to sow discord between the allied forces. perhaps we still have a chance of survival."

sima yun stood up and pulled off his robe, revealing the light armor he was wearing. "i will personally go to this battle! if you don't succeed, you'll die!"

during the establishment of the hong shang empire, sima yunqi didn't participate in it. it was lin yi who built this huge empire.

Hence, si MA had never seen a battle of this scale.

It was inevitable for him to be nervous, but he was not afraid!

Since he wasn't there when his son built the Empire, he should be the one to protect it!

"Imperial father! My son is the Emperor of the Empire. I should be the one to fight the counterattack!"

Liu Ziyu was anxious and immediately stood up.

Because this battle was truly a narrow escape, completely using their lives to fight for that sliver of hope!

Su lingyue, who had been silent all this while, suddenly stepped forward and patted Liu Ziyu's shoulder. She smiled gently and said, ""Yu 'er, it's precisely because you're the Emperor that you can't move! They must stay in the imperial capital and take command. "

"If you're fine, then the capital will be fine! Only then would the soldiers be at ease. Leave the surprise attack to us! Your father and I will return in triumph!"

As su lingyue spoke, she also took off her cloak, revealing the fine armor she was wearing.

She was also going to fight with si Ma Yun. Looking at the couple's attire, Liu Ziyu knew that they had already made their decision beforehand and did not come up with it on the spot.

"Father, mother ..."

Liu Ziyu's eyes were filled with tears. He felt that he was really too useless!

He actually wanted the two elders to risk their lives!

"Don't worry! It was just a battle to the death, maybe he could really turn defeat into victory! If things don't go well ... When you have the chance to see Yi 'er in the future ... Tell him that we all miss him ..."

Sima Yunqi's eyes turned red when he mentioned Lin Yi.

He knew that Lin Yi wasn't related to them by blood, but he and su lingyue really treated Lin Yi as their son.

This would not change because of their blood relationship.

In the hearts of Sima Yunqi and su lingyue, Lin Yi was their son!

"No! Imperial father, I won't tell cousin these words. After this matter is over, let's go find cousin and see if he's doing well now!"

"Good! Then it's settled! General song, have you assembled the cavalry?"

Si MA stood up and waved his hand. He suppressed the emotions in his heart and officially entered the role of commander.

"Reporting to the retired emperor, we are currently assembling. We still need the time to brew half a cup of tea to complete the assembly!"

Song shaopeng admired Sima Yunqi's decisiveness, so his attitude was more respectful.

As expected of boss's foster father, he wasn't afraid at all at the critical moment!

The enemies outside the city had already started to charge and were about to approach the city wall. The soldiers in charge of defense drew their bows and arrows and attacked first when they entered their shooting range.

After a few rounds of arrows, the city protection formation would be activated to resist the attack of the Allied forces.

This was the first time the nation protecting formation had activated its defense mode, and no one knew how effective it would be ...

In fact, Lin Yi had modified this array later on, and its power was beyond everyone's imagination!

Not only was its defensive power extremely strong, it even had a certain degree of counterattack ability.

It was a pity that Lin Yi never told them about it-this formation was set up just in case, and Lin Yi didn't think anyone would risk offending him by attacking the imperial capital.

If there was really such a person, his strength would probably be above his. Whether the formation would be effective or not was hard to say.

He didn't think that all these empires would join forces to attack Hong Shang Empire just because of a rumor. Even Lin Yi didn't expect this.

Just as the brutal siege was about to begin, and Sima Yunki and Su Lingyue were prepared to fight to the death, a cloud of dust rose in the distant sky and quickly approached the imperial capital.

From the top of the city wall, it could be seen clearly. Sima Yunki and Song Shaopeng were both experienced generals in the Army. They could easily judge that the incoming party was a cavalry team of at most a few thousand people!

At this moment, they were running at high speed.
