

Bodyguard 8581

Chapter 8581

Sima Yunqi and the others didn't care too much. In the current situation, there were thousands of cavalrymen. No matter which side they were from, it didn't matter.

If they were reinforcements from the enemy, a few thousand cavalrymen would not make much of a difference.

If they were reinforcements from the Hong Shang Empire, they would not be able to get close to the imperial capital at all. Before they could even get close, they would be eliminated at the periphery by the enemy.

It was precisely because of this that the imperial capital was still preparing for a life-and-death battle in an orderly manner.

The approaching smoke was none other than Lin Yi's group.

There weren't that many grandmasters participating in the origin of array Dao, but other than Shi Yucai, there were very few grandmasters who didn't bring their retinue with them. The minimum was two or three people, and the maximum was five or six people. Even Lin Yi had Zhang xiaopang by his side.

As a result, the number of people increased.

With the language of the living things and the Yulin royal guards insisting on sending Lin Yi to Hong Shang Empire, as well as some soldiers in charge of logistics, the entire team immediately became a cavalry of thousands.

Lin Yi took the lead, with the language of monsters and Zhang xiaopang by his side. From afar, he could see countless soldiers surrounding the imperial capital of the Hong Shang Empire!

Lin Yi's face darkened.

After entering the territory of the Hong Shang Empire, Lin Yi realized that something was wrong.

The Hong Shang Empire was filled with people who were fleeing from the war, as well as some scattered soldiers.

Lin Yi knew that something had happened to Hong Shang Empire!

Hence, Lin Yi was as fast as lightning the whole way, never stopping.

The language of manifestations and the Imperial Guards had no objections, and even the formation Masters cooperated with Lin Yi in silence.

First of all, he really needed to hurry to the source of the array Dao and couldn't delay any longer.

Secondly ... Everyone had seen Lin Yi's performance, and Lin Yi's identity had shown enough weight.

Other things aside, the Vice President of the Alchemy Guild of the martial Alliance of the starsource continent was enough to make them look up to him.

At this level, he was an existence that could form a relationship with the array formation Guild.

They were all elites from their respective continents, and they knew the importance of networking with the higher-ups-there was no point in offending Lin Yi now.

A little bit of cooperation could at least create a good relationship.

One of the reserve forces that attacked Sima You's Gate saw Lin Yi and the others coming over, and immediately sent out a Cavalry Regiment of fifteen thousand.

The troops that were blocking Lin Yi's way spread out on both sides at the same time, forming an encirclement.

The enemy's commander was a capable general, too-he'd decided to surround and annihilate Lin Yi's side after realizing that they didn't have many people.

The cavalymen of the Allied forces slowed down when they were about three miles away and shouted, ""Who are you? Raise the flag! If you're an ally of the Alliance, stop!"

However, Lin Yi's side didn't seem to care at all. Instead, they raised their weapons. It was obvious that they weren't from the Alliance.

"It's the reinforcements from the Hong Shang Empire! All troops, get ready!"

the general of the alliance army snorted coldly, but he did not panic. he raised his hand and gave an order, "shout and persuade them to surrender. make them surrender!"

the soldier who had shouted earlier sped up his horse while straightening his back and shouting, ""we are the empire's alliance army, and we are here to fight against these traitors from the hong shang empire. the heavens are kind, and if you don't want to die, quickly dismount and surrender! swords have no eyes. if you insist on doing things your way, don't blame us for being impolite!"

as soon as he finished shouting, the soldier realized that the enemy's butcher's knife was already in front of him.

he wanted to pull out his saber to block, but in the end, he saw his headless body fall off the horse and then be trampled into dregs by countless hooves!

lin yi waved the demonic blade with a cold expression. he didn't need to use any martial arts-he could easily take the lives of his enemies with a casual wave.

the general who wanted to surround and kill Lin Yi was shocked. This expression was forever frozen on his face, never to be changed again.

As for the encirclement that he had imagined, it was even more of a joke!

Lin Yi led the Yulin royal guards and easily broke through the enemy's formation with a sudden attack. Then, he drew a beautiful arc, turned around and destroyed the left wing, and rushed to the right wing like lightning, breaking it again!

Only Lin Yi and the Imperial Guards participated in the battle. The formation Masters and their retinue all stopped their horses and didn't follow.

Therefore, they had clearly witnessed a one-sided massacre!

Lin Yi and the Yulin royal guards were like running horses, and wherever they passed, the enemies would split apart like water hitting rocks.

Other than shock, the array Masters could not think of any other words to describe their current feelings.

They had seen battles before.

However, they had never seen a battle that was as simple as chopping melons and vegetables.

Although the feathered forest guards were combat generals of the combat Association of the martial Union's branch, and their strength far exceeded that of the soldiers of ordinary empires, they were still too weak.

however, a large scale army battle was different from an individual competition. the imperial guards looked like a whole, or rather, a sharp long blade, with lin yi as the sharpest point!

"they ... aren't they going a little too far?"

a formation master's face was pale as he muttered, ""he's a combat general of the martial union's branch. how can he slaughter the soldiers of the empire?"

"shush ... don't talk nonsense. it's not like you don't know that this hong shang empire is grandmaster sima's hometown. in fact, this empire was built by him alone. the royal family is his family. if someone dares to attack grandmaster sima's hometown, how can he not be angry?"

"indeed, if anyone dares to lay a hand on my family, i will kill them without hesitation ..."

"They're said to be combat generals of the martial union branch's combat Association, but in reality, these combat generals were all Grandmaster Sima's former subordinates. They still use the designation from Grandmaster Sima's time, which is the feathered forest guards! If Grandmaster Sima wants to make a move, of course they will follow without hesitation. It's not strange!"

These grandmasters had basically learned about Lin Yi's relationship with the naduo martial Alliance branch on the way here, as well as the relationship between the Imperial Guards and Lin Yi, as well as the Hongshang Empire where Lin Yi came from.

Therefore, there was no difficulty in discussing this matter!

Even the language of the living things was charging with Lin Yi, what was the Yulin royal guards doing?

Lin Yi didn't care about the discussion here, and he didn't expect them to follow him. As long as they didn't interfere, it was fine!

In a short period of time, after destroying the cavalry Regiment, the Yu Lin Army changed their direction and charged towards the Alliance army camp.

The Alliance Army on the other side had already realized that something was wrong. They once again sent out nearly ten thousand cavalymen to charge at the Yulin royal guards.

At the same time, twenty to thirty thousand infantry began to get into formation, preparing to use infantry formations to resist the charge of cavalry.

After killing for a while, the anger in Lin Yi's heart had dissipated a lot, and he suddenly lost interest in the cavalry.

There was no point in killing these soldiers!

Chapter 8582

it was like a titan realm cultivator fighting against a heavenly dao realm cultivator or any cultivator below heaven class. what the hell was the meaning of this!

"raise the flag!"

lin yi's voice wasn't loud, but it was clearly heard by all the imperial guards.

everyone knew that lin yi was giving the alliance a way out.

if they were insensible and wanted to continue to block a chariot with their mantis arms, then they could only blame themselves for not having good judgment.

the speed of the yu lin army's charge did not slow down at all. a few of their flags were unfurled by the strong wind and flapped in front of the soldiers of the allied forces.

the flags of the continental martial union's combat association, yulin royal guards, huaxia, sima, and so on fluttered in the air.

the nearly ten thousand cavalymen who came to meet the enemy immediately knew the identity of the enemy.

Even the stupidest person would know who was coming after seeing these flags.

To the ordinary empires under its jurisdiction, the nado martial Alliance branch was like the sky!

Whether it was the language of the living things or Sima Yi, they were both great figures that they had to look up to and worship.

Lin Yi's Yu Lin Army, on the other hand, had already spread throughout the continent after their battle against the dark Demon beasts. They were known as the undisputed strongest army in the naduo conferred Empire!

"It's the feathered forest guards from the martial Union's combat Association!"

"There's Sima's flag, is Sima Yi back? Not good ... The Asura has returned, we're all finished ..."

"And the flag of Hall Master Hua, is it the hall Master of naduo martial Alliance? Even the first hall Master of the Hong Shang Empire has been alerted ..."

Those in the Allied army who reacted quickly were already frightened and pale.

This was especially so for the charging Cavalry Regiment. The moment they saw the flag, 99% of their courage had already disappeared!

Without the command of the general, the cavalymen automatically separated to the two sides. The cavalymen on their horses also threw their weapons on the ground in unison, indicating that they had given up on the battle.

Lin Yi was a little surprised-was it that easy?

They had just raised their flag, and they actually admitted defeat?

"We won't kill those who surrender, but we will kill those who resist!"

killing these soldiers wasn't a pleasant thing to do-lin yi didn't mind adding fuel to the fire if it was so easy.

the cold voice was transmitted far away. even though it was running, it was still very stable. even the people who were preparing to attack the city could hear it.

"it's sima yi! sima yi had returned! sima yi has returned with the imperial guards!"

"run! if you don't run, you'll be dead!"

"F * cking get out of the way! Don't block my way!"

"Go away! Go away! Mother, save me! I don't want to die ..."

The Alliance Army collapsed.

"what's going on? what happened after that?"

the commander in chief of the alliance army was shocked and furious. he heard lin yi's shout but didn't think too much about it. however, he saw the tens of thousands of troops at the back collapsing in front of him.

the scout in charge of gathering information quickly came to report. his pale and frightened face was enough to show the seriousness of the problem.

to be honest, the fact that this spy could still return to report instead of running away in the chaos was already considered to be very loyal!

"Report! Sima Yi had returned ... He had brought the head Hall Master of naduo martial League and the combat Association's battle generals to form the feathered forest guards! The cavalry and infantry at the back were no match for them at all, and they were all defeated in one blow ... Hurry up and retreat!"

After saying that, the Scout couldn't care about anything else and jumped onto the Black Spirit Ferghana horse, turned around, and ran away.

If they didn't leave now, that group of killing gods would arrive!

On the city wall, Sima Yunqi and the others were dumbfounded as they looked at the battle in the distance. The cavalry that did not have many people was charging forward with unstoppable momentum!

"Cousin brother is back! Cousin is back to save us!"

Liu Ziyu was ecstatic.

He didn't need to look at the flag, nor did he need to see Lin Yi-he was all too familiar with that kind of momentum!

Other than his cousin, Sima Yi, who else in the world could have such power?

"Yu 'er, are you sure Yi' er is back? I don't care! Let's attack immediately. No matter who he is, he has already created a great opportunity for us. We must seize it!"

Sima Yunqi suppressed the excitement in his heart. As a qualified commander, his ability to grasp opportunities was not weak.

He could tell that this was the best time to attack."Pass on my order! Gather all the cavalry and open the gates!"

"Imperial father, please calm down! There's no need for us to attack, we just need to defend the capital!"

Liu Ziyu stopped the messenger and said with a smile,""Since cousin has returned, what are we worried about? You just need to watch!"

"The hundreds of thousands of Allied troops are scattered across the four gates. They can't even withstand a single blow from cousin. If we go out, we'll only cause more trouble for cousin. We'd better stay on the city wall and watch his performance!"

as he spoke, liu ziyu revealed a nostalgic expression. he looked at the blood-red whirlwind that had split the crowd apart and was rapidly approaching from a distance, and sighed leisurely."i really haven't seen this scene in a long time, as expected of cousin sima yi! there are so many famous generals in the world, but biao older brother is definitely the strongest one!"

sima you yun was stunned for a moment, then he smiled.

he'd never participated in lin yi's previous battles, so he'd never seen lin yi charge into the enemy lines with the blood spirit.

after hearing liu ziyu's words, he was truly relieved and could watch the show from the city wall!

just as liu ziyu said, lin yi was able to take down the entire hong shang empire with blood spirit. this time, it was no problem for him to take on hundreds of thousands of allied troops with the generals of the yulin royal guards!

normally, if thousands of people were to fight against hundreds of thousands of people, and one could still be sure that thousands of people could win, one would be ridiculed as daydreaming if such words were said.

but that was the truth, and it was happening right before their eyes!

It didn't take long for Lin Yi and the Imperial Guards to kill their way through the back. Just as they were about to charge in, they realized that the morale of the middle troops had been completely destroyed. There were soldiers kneeling everywhere, asking to surrender.

Those who were clever and afraid of death had already secretly escaped, while those who didn't have time could only surrender.

Lin Yi said that he wouldn't kill those who surrendered, so they could only bet that he was telling the truth!

Lin Yi extended his spirit sense out and found that it wasn't just the middle troops, even the vanguards had retreated, most of them surrendering.

The imperial capital was safe and sound, and nothing would happen for the time being.

Only then did Lin Yi raise his hand, and the entire Imperial Guards stopped their charge.

The difficulty of this was self-evident. It perfectly illustrated what it meant to be as swift as the wind, as slow as a forest, as aggressive as fire, and as unmoving as a mountain!

Lin Yi looked at the transformation language, signaling for him to start.

After all, the language of the living things was the first hall Master of the nado martial Alliance branch in name, and everything that happened here was under his jurisdiction.

He'd thought that it was Lin Yi's family business, and that it wouldn't be appropriate for him to step in, but since Lin Yi asked him to handle it, he couldn't turn it down.

Chapter 8583

"I'm the hall Master of the naduo martial Alliance branch, artifact language. I've brought the battle Association's battle generals to escort Lord Sima Yi back to the Hongshang Empire to visit his relatives. I didn't expect to encounter such a scene!"

Hua Yu rode out on her horse and looked down at the surrendered soldiers, "The few of you, go and call the person in charge here. I want to ask what is going on. How dare they attack me and the combat Association's combat generals? are they all trying to rebel?"

The surrendered soldiers who had been pointed out secretly groaned. They had never thought that they would be able to see the first hall Master of the martial Alliance branch in their lifetime!

It was a pity that they had met under such an awkward situation. How good would it have been if they had met on another occasion!

If they offended the hall Master of martial Alliance, would the Empire behind them be destroyed?

The trembling soldiers were suspicious, but they didn't dare to be slow. They got up and ran madly to find their commander, and sent the news to the Allied forces at the other gates.

This was to prevent them from continuing to attack the imperial capital of the Hong Shang Empire without knowing anything and eventually implicating the other Allied empires.

The commander was the closest to them, so when he was called by his subordinate, he quickly came to the monster language, trembling.

Looking at the murderous generals of the feathered forest guards and the awe-inspiring Hall Master, the commander felt bitter in his heart ... What the hell is this?

He had thought that everyone would happily beat up the fallen Hong Shang Empire and then share the meat. In the end, he had provoked the martial Alliance's combat Association and ended up being beaten up like a dog!

He definitely didn't check his Almanac before going out!

"Greetings, first hall Master, I ..."

The miserable commander put on a smile and was about to bow, but the artifact language didn't even look at him. It said in a low voice, ""Kneel down!"

The commander's knees were already weak. After being shouted at by the monster language, he immediately knelt down and didn't even dare to make a sound.

He wanted to defend himself, but the artifact language didn't speak. He was nervous and didn't know if he would be punished for speaking.

Thinking about it again, it was better to be happy with everyone than to be happy alone!

If he had to bear the anger of martial Alliance's great Hall Master alone, why not wait for the other empires' people to come and bear it together?

If he didn't say anything, he wouldn't blame the crowd. At least he could distract the Great Hall master's attention ...

After making up his mind, this guy immediately put on a look of fear and trepidation, kneeling on the ground with his forehead touching the ground. It could be said that his gesture of asking for forgiveness was very sincere.

Seeing their commander in such a state, the soldiers had no more thoughts and all followed obediently.

As far as the eye could see, the kneeling of more than 100000 people was truly a spectacular sight.

After a short while, the other commanders also arrived on their horses. When they saw this scene, they knelt down and asked for forgiveness without being taught.

"Is everyone here?"

the artifact language glanced at them coldly, and the pressure of a superior made the kneeling commanders tremble. ""then tell me, who gave you the courage to start a war without permission? who gave you the courage to join forces to invade the hong shang empire?"

the few kneeling representatives of the empire lowered their heads even more.

at this time, only a fool would speak up and become a target for others to attract fire?

"say something! he had the guts to besiege the hong shang empire, why didn't he have the guts to speak? you tell me!"

Hua Yu named the commander who was the first to kneel on the ground.

The unlucky man was complaining in his heart, but he did not have the courage to disobey the order of the language of the living things. He could only reply with a bitter face, ""First hall Master, we're only following orders. We're just Small Soldiers. You can't blame us for this!"

"As for the reason, it's most likely that our Emperor believed the rumors and thought that the Hong Shang Empire was a traitor of the martial Alliance. Thus, the surrounding empires joined forces and attacked the Hong Shang Empire."

"It's rumored that the founder of the Hong Shang Empire, Lord Sima Yi, betrayed the Wutong continent and was sent to another continent without any news. After that, everyone thought that the Hong Shang Empire was a traitor and sent troops to avenge martial League."

"This matter is really a misunderstanding. I thought it was not a big deal and would report to the first hall Master after it was settled. I didn't expect that the first hall Master would come personally. It's really a sin!"

It wasn't that this guy didn't think about anything after kneeling for a long time. On the contrary, he had already prepared a draft.

Therefore, his speech was quite smooth, and he tried to stop the monster language from acting up.

"Hehe, are you trying to dismiss me with just a misunderstanding?"

The artifact language sneered and turned to Lin Yi. "Lord Sima, these people seem to be stubborn and disobedient. They are used to acting shamelessly and shirking responsibility. Why don't we stop asking and just kill them? The empires behind them, we'll have their royal families come personally to ask for forgiveness later. If they can't do it, we'll just destroy them. It's all up to Lord Sima. "

In order to highlight Lin Yi's status, the monster language didn't even call him "little brother" anymore. It put itself under Lin Yi's feet and was very respectful.

The people who were kneeling down started to let their imagination run wild. Of course, the more they thought about it, the more afraid they became.

They all remembered Lin Yi's face-when the Hong Shang Empire was first established, all the surrounding empires came to watch.

These generals had done their research on Sima Yi, who had risen to power mysteriously and established the Hong Shang Empire in a short time.

Oh my God!

..."This killing God Sima Yi seems to be even more powerful than the martial Alliance's Hall Master, the language of the living things. I'm really going to die this time!"

... What to do, what to do? Sima Yi wouldn't really kill us on the spot, would he?

... Is it too late to surrender to the Hong Shang Empire now and swear loyalty to the Hong Shang Empire?

...Or should he shift the blame to others and protect himself and the Empire behind him?

The few guys kneeling on the ground all had their own thoughts. Their lowered eyes flickered constantly, but no one dared to resist.

They all knew that they would only die faster if they did that!

In fact, the commander had already guessed what was going on when he saw how respectful transformation language was to Lin Yi.

At this time, if he still couldn't see that the information was wrong, he would really be an idiot!

It was obvious that Sima Yi had not been ostracized and could not establish himself in the Wutong continent, so he had gone to the other continents. Instead, he had ascended in glory!

His current status was definitely above that of the first hall Master of the naduo martial Alliance branch, the language of the living things!

Otherwise, the language of the living things wouldn't have to lower its status!

To put it more bluntly, the language of the living things, which was at the top of the pyramid in their eyes, looked like Sima Yi's subordinate.

If even the martial Alliance branch's Hall Master was so careful and respectful, then what were the ordinary empires behind them?

"Lord Sima, please spare me! It's all a misunderstanding. When I return, I will definitely offer sufficient compensation to make up for the losses of the Hong Shang Empire!"

Some of the smarter ones gave up on that idea and started wagging their tails at Lin Yi.

Even if it was begging for mercy, there was a point. The first one would always have an advantage, and the last one to beg for mercy ... Might as well resist to the end!

Chapter 8584 The End

Lin Yi raised an eyebrow. He didn't think that the ball would be kicked over by the language of the monsters. To be honest, he didn't know how to deal with this either.

"Lord Sima! We're willing to make Hong Shang Empire our suzerain country and pay tribute every year. We'll never betray you! The losses this time will also be compensated in full. I ask Lord Sima to give us a chance!"

"Lord Sima, we are also willing to become vassal states of the Hong Shang Empire! In the future, I'll be willing to be the vanguard of the Empire ..."

"Lord Sima, we can also send the Prince as a hostage ..."

"Lord Sima, our Emperor's third Princess is only twenty-eight years old and as beautiful as a flower ..."

with someone taking the lead, the others immediately reacted and followed suit, begging for mercy.

these people were raising their conditions higher and higher, and Lin Yi didn't even need to say anything before the empires that formed the alliance became the vassals of the Hong Shang Empire!

not only did they have to double the compensation for the losses suffered by the Hong Shang Empire in the war, but they also had to pay tributes every year and send hostages. They even proposed to send princesses for marriage.

lin yi's mouth twitched-this was unexpected, and he didn't know how to handle it.

"a bunch of useless people. they're as timid as mice. how dare they invade others? why don't they just stay at home and take care of the children?"

behind them, the team of grandmasters also caught up. they were already used to watching the fun, so when the dust settled, they immediately followed to be onlookers.

it was jia junjie, the guy was a little jealous of lin yi.

however, lin yi's presence was there, and he was in a state of mumbling to himself. even the people around him couldn't hear what he was mumbling.

Lin Yi turned back to look at Jia Junjie indifferently.

Did this fellow think that he wouldn't be able to hear him if he spoke softly?

Once he entered the range of his divine sense, no matter how quiet he was, he would not be able to hide!

Fortunately, Lin Yi didn't have time to pay attention to him now. At most, he'd just write it down in his little notebook so that he wouldn't mess with him in the future.

"Lord Sima ..."

The commanders were all waiting for Lin Yi's reply.

They had already shown their greatest sincerity within their authority, and some of them had even exceeded their authority.

Once they returned, their Emperor would turn his back on them ... The Emperor would not dare to turn his back on Sima Yi.

Therefore, he had given all the conditions that he could.

"All of you, follow me!"

Lin Yi looked up and saw the city gate open, Sima Yunqi and the others were rushing out from the city. He immediately urged his horse forward to meet Sima Yunqi and the others.

"Father! Mother!"

The two sides quickly met, and Lin Yi jumped down from his horse. He bowed to Sima Yunqi and Su Lingyue, ""This child is unfilial. I've come too late and have frightened you!"

"Yi 'er!"

Sima Yunqi and his wife got off their horses at the same time and pulled Lin Yi into a hug, ""You're not late, you've come back just in time!"

"Cousin!"

"Marshal!"

Liu Ziyu and Song Shaopeng also came up to greet him.

In front of Lin Yi, they weren't emperors or generals-they were still Lin Yi's soldiers!

"Greetings, Marshal!"

The 100 blood spirits that were left in the imperial capital were even more excited. They dismounted in unison, knelt on one knee, and shouted in unison.

They'd seen the Yu Lin Army charge from the city walls, and it was as if they'd seen the time when they'd followed Lin Yi to conquer the world.

His blood was boiling!

As expected, they could only be blood spirits if they followed the commander.

The Marshal was the blood Spirit's soul. After leaving the Marshal, the blood spirit was only an empty shell!

"All of you, stand up, no need for such formalities!"

Lin Yi quickly gave the order, and the blood ghost members responded in unison, standing up at attention!

Every word of the Marshal was a Military Order, and they would carry it out without any hesitation!

"This is not the place to talk. Let's enter the city first!"

Lin Yi wasn't used to showing his joy of reunion in front of hundreds of thousands of people, so after some small talk, he invited Sima Yunqi and his wife into the city.

As for the punishment of the Alliance Army, it was directly thrown to Liu Ziyu." "Ziyu, I'll leave these defeated countries to you. They've already laid out their conditions. Find someone to sort them out and have them sign the Treaty first."

"As for the rest ... You can do as you see fit! Let's get this over with as soon as possible and meet up in the city! Oh right, and those people behind, find someone to make arrangements for them to have a good night's rest!"

Lin Yi had to make some arrangements in case the grandmasters criticized the Hongshang Empire for their lack of manners.

"Yes, don't worry, cousin. I'll make the proper arrangements! Go back to the city with father and mother first, I'll be there soon!"

Liu Ziyu acted like a normal soldier, carrying out Lin Yi's orders without any hesitation.

It was only then that the commanders of the Allied forces heaved a sigh of relief in their hearts.

Facing Lin Yi, they were really trembling. They didn't even have the courage to look Lin Yi in the eye.

It'd be much easier if it was Liu Ziyu-at least he wouldn't have the same pressure that Lin Yi had!

Of course, they did not dare to have any ill intentions towards Liu Ziyu. If they were not careful, they might even destroy the entire country!

Lin Yi accompanied Sima Yunqi into the imperial capital. As they got close to the city gate, loud cheers came from the city wall, welcoming the return of Lin Yi as a King!

When they passed the city gate, the cheers instantly grew louder, with the momentum of soaring into the clouds.

The streets behind the gates were filled with people who came out to welcome Lin Yi.

If Lin Yi didn't return, the capital would be destroyed.

This was the home of the people of the imperial capital. Of course, they would not be willing to see such a situation.

At this time, Lin Yi swept through everything like a Savior, solving the siege of the Allied forces with a flip of his hand. The people of the imperial capital were naturally excited, and they all came out to welcome their hero!

"Yi 'er, the people all miss you, just like how we miss you!"

Sima Yun was very happy-he treated Lin Yi as his real son, and he was very happy to see his son being loved by the masses.

"I also miss my father and mother, and this Empire!"

Lin Yi smiled back at Sima Yunqi and waved to the people around.

The grandmasters behind him were like dim stars, setting off Lin Yi's bright moon.

The stars surrounding the moon was nothing more than this!

Other than Lin Yi, there weren't many other people on this continent who could make so many grandmasters become background characters!

Jia Junjie looked at the scene in front of him, his heart aching once more as he thought to himself that Lin Yi was just a country bumpkin who wanted to return home with a little bit of success and win the cheers of the people.

Hmph Hmph! How shallow!

The test for the source of array Dao hadn't even started yet, and Lin Yi was already the only one standing out among all the participants. This made all the grandmasters, including Jia Junjie, very upset.

Chapter 8585

In the past, when the source of array Dao had been activated, although there had been people who had the geographical advantage, they had not felt that this advantage had any use.

However, Lin Yi had developed this advantage to the extreme, and his aura was more than enough to suppress all the grandmasters.

After entering the city, Lin Yi entered the palace amidst the cheers.

Shi tiancai and the other grandmasters of arrays were naturally arranged to rest at the inn, and would continue their journey the next day.

It was almost evening and the sun was setting. The warm golden-red light shone down from the sky, dyeing the entire Imperial City in gold and Jade, making it look majestic and extraordinary.

Sima Yun ordered his men to keep a distance from Lin Yi. He and su lingyue accompanied Lin Yi as they strolled through the Imperial City.

This was also Lin Yi's request. After walking to so many places, this Imperial City could be considered his home on the sub Island.

This time, when he came back, he suddenly remembered all kinds of memories, so he wanted to take a look around. Sima Yunqi and su lingyue naturally would not reject such a small request.

"Yi 'er, you haven't been back for a long time. Have you seen any changes in the Imperial City?"

Sima You Yun asked with a smile.

Lin Yi looked around, "father, are you testing me?" I don't see any changes, he's still the same as before!"

"The Imperial City is still as Grand and majestic as ever, but it's not as lively as before. Father, mother, if you have nothing to do in the future, you should go out more often. Although the Imperial City is good, it's not comfortable to stay in there all the time."

All the Imperial cities in the world were similar. They had high walls, deep courtyards, and an empty square. They absolutely did not allow the planting of tall trees.

This was to prevent assassins from sneaking into the palace using the tree as a cover.

That was why Lin Yi said that he was less angry-even if it was the Imperial garden, where all the flowers were in full bloom.

"Haha, even if you don't tell us, we know. Your mother and I are not Yu 'er. As the ruler of a country, he's busy with his Affairs. When he's trapped in the Imperial City, he has no choice but to go out for a stroll. When we're free, we go out for a stroll. Our days are so carefree. It would be even better if you could come back and accompany us!"

Sima Yunqi's smile was a little sad. He and Su Lingyue weren't old, but they still hoped that Lin Yi, their son, could be happy.

Unfortunately, they knew that Lin Yi was the Dragon of the nine Heavens, and the vast sky was the stage for him to soar. He couldn't be trapped by their side.

Lin Yi didn't know how to respond to that!

If he could stay in one place safely, why would he have to go everywhere?

The secular world, the Heaven Island, the ancient martial world, the Sub Island ...

There were too many things to do and too many people to find!

Even if he wanted to stop, there would be an invisible force pushing him forward. This was the so-called involuntary movement!

Su Lingyue knew that this topic would put Lin Yi in a difficult position.

He immediately cut off the conversation and said with a smile, "It's good enough that Yi 'er can come back to visit occasionally. Children are all grown up now, and it's time for them to fly in the wider world. Let's hear how Yi 'er is doing recently!"

"There was a rumor that you went to another continent, but we didn't receive any real news. What is going on? Why don't you tell me?"

Lin Yi quickly bowed and said apologetically, "This matter is my fault for not considering it properly! I didn't send any news back. I've made father and mother worried. "

"It's a fact that he left the Wutong continent. Because of his outstanding performance in the alchemy division's tournament, he was valued by the higher-ups of the continental martial Alliance and was promoted to be the Dean of the alchemy division in another continent."

"I left in a hurry, so I forgot to send a message back ..."

Lin Yi didn't even believe it himself-no matter how busy he was, there was no way he didn't even have time to send out a message. He'd never even thought about this!

Although Lin Yi really treated Sima Yunqi and the others as his family, he was used to being alone. Even if he was worried about them, he never thought about reporting his whereabouts to anyone. Was this a kind of sadness?

In fact, it was all the bad habits that Lin Dongfang had developed for himself.

He'd wanted to report everything, but old Lin told him not to waste time with him-it'd affect his Mahjong session with the village head, widow Wang!

Lin Yi laughed at himself as he recounted the events that had happened.

Of course, they were all less sensational experiences, so that Si Ma Yun and the others wouldn't worry.

When he mentioned that he was leaving Wutong continent for Fengqi continent, Su Lingyue's expression changed slightly and became a little unnatural.

Si Ma immediately changed the topic, and Su Lingyue quickly returned to normal.

Lin Yi did notice the change, but he didn't think much of it.

"So you've already obtained the title of two Diamond Grade grandmasters in alchemy and formation. This is really too shocking!"

After listening to Lin Yi's story, Sima Yunqi couldn't help but sigh, "I've long known that you're extraordinary, Yi'er, but I didn't expect you to be so outstanding! Whether it's array Dao or pill Dao, some geniuses may not be able to reach your current height even if they immerse themselves in one of them for their entire lives."

"It can be said that in this world, there is no genius more outstanding than you! Other than pill Dao and array Dao, you're also extremely powerful. You're even an invincible commander and an undefeatable general!"

"Sometimes I really wonder how you can be so outstanding. Is there anything in this world that you can't do?"

Lin Yi was a little taken aback-no matter how thick his skin was, he'd still feel a little embarrassed after being praised like that by si MA."Father, don't praise me anymore. If you praise me any more, I'll really go to heaven!"

"What's wrong with going to the heavens? Yi 'er, you deserve all these compliments! Because you're just that outstanding!"

Su lingyue smiled and praised Lin Yi as well. In the eyes of parents, no matter how good-for-nothing a child was, he was still the most outstanding child, not to mention that Lin Yi was so outstanding that no amount of praise would go overboard.

The three of them chatted and laughed all the way to the retired emperor's palace. The servants who had been informed earlier had prepared a banquet and respectfully invited the three of them to sit. They ate and chatted, and the atmosphere became more and more harmonious.

After Liu Ziyu had settled most of the matters outside, he rushed over and joined the small family banquet.

Su lingyue suddenly turned to Lin Yi before the end. "Yi 'er, you said that the location of the trial is near the sword spring sect. If you're free, you should visit Yu mo!"

"This child has a cold personality and rarely contacts us. I wonder if she's doing well in the sword spring sect! Yu 'er's original intention was to find a bigger sect for her to cultivate in, but she's set her eyes on the sword spring sect and refused to leave no matter what. I don't know what she's thinking. "

The jianchun sect was just an ordinary sect under the jurisdiction of Hongshang Commandery. It was not a big power.

Chapter 8586

Back then, the Hongshang Commandery was only a small corner at the edge of the entire Hongshang Empire.

In terms of sect strength, there were at least hundreds or thousands of sects in the Hongshang Empire that were stronger than the sword spring sect.

Liu Ziyu was the Emperor of the Hong Shang Empire. If he wanted to change sects for his nominal cousin, su Yumo, he could do so with just a word. However, he did not know why Su Yumo was so unwilling to leave the Jian Chun sect.

Lin Yi blinked. If su lingyue didn't mention it, he wouldn't have thought of that cold girl. Speaking of which, she could be considered his cousin, right?

"Yes! I'll definitely visit cousin Yumo. If she's willing, I'll bring her along when I return. "

If su Yumo didn't want to leave the sect, Lin Yi wouldn't force her.

They only exchanged a few words about su Yumo before the family dinner ended and they went to rest.

Liu Ziyu really wanted to talk to the cousin he respected, but he didn't want to disturb Lin Yi after the long journey and the intense battle.

The night passed uneventfully, and Lin Yi's group set off the next day. The imperial capital was just a temporary stop, and they wouldn't be staying for long.

Liu Ziyu put down the complicated Affairs in his hands and accompanied Sima Yunqi and his wife to personally send them off.

Lin Yi promised to stay for two more days before leaving.

The artifact language and the feathered forest guards did not continue to send them off because there were some matters to be taken care of at the martial Alliance branch. Therefore, the artifact language had brought most of the feathered forest guards back to the naduo titled Empire's imperial capital.

Zhang Butong was the only one left with a ten-man team to escort Lin Yi.

Lin Yi couldn't reject them, so he just let them be. It wasn't too obvious to have another team in the formation master's group, after all, unlike the huge commotion from the Imperial Guards.

The formation path Grandmaster's team was almost regarded as the logistics team of the Imperial Guards.

Nothing else happened during the rest of the journey. The Allied forces that invaded the Hong Shang Empire had completely surrendered. All the Allied forces that were still within the Hong Shang Empire's territory had received orders to give up all armed forces and resistance. After surrendering, they were waiting for the Hong Shang Empire to deal with them.

The group of people approached the location of the sword spring sect without any obstructions.

As the location of the origin of array Dao was near the sword spring sect, and there was no courier station in that area that could accommodate the group of array Dao grandmasters, the sword spring sect was very honored to be assigned the task of receiving the group of grandmasters.

Before Lin Yi arrived at the sword spring sect, he temporarily separated himself from the main group and brought the small team of Imperial Guards to Zhang Yiming's house to visit him.

Lin Yi calculated the time-Zhang Yiming would have at least half a day to meet his family after he got home, and he'd be able to arrive at the sword spring sect at about the same time as the others.

If Zhang xiaopang wanted to stay for a few more days, it was fine. Lin Yi would go and participate in the test of the source of array Dao. After it was over, he would come back to Feng Qi continent with Zhang Yiming.

But Zhang Yiming said that he just wanted to see his family, and after that, he'd continue following Lin Yi. Lin Yi didn't say anything about that, and everything was up to Zhang Yiming.

Without Lin Yi, the group of grandmasters arrived at the sword spring sect as planned. Shi Yucai didn't leave with Lin Yi, and Jia Junjie and the others didn't find a chance to provoke them.

After all, Lin Yi was only leaving temporarily. They were also afraid that Lin Yi would go crazy if Shi wancai suffered a loss, so everyone lived in peace.

Zhang Yiming's father became the Yunying city Lord because of Lin Yi.

Therefore, the Zhang family was naturally the most powerful family in Yunying city. They were no longer the nouveau riche family that used to rely on their family's mines to throw money.

In fact, if the Zhang family wanted to expand, they could become the Lord of a bigger city, or they could build a Commandery or even a Kingdom.

After all, with Zhang Yiming and Lin Yi's relationship, Liu Ziyu, as the Emperor of the Hong Shang Empire, would have no problem making Zhang Yiming's family a King.

However, Zhang Yiming's father, Zhang Weibing, understood the principle of "being content with what you have," and did not expect a higher status. With the Yunying city and the Yunying fine iron ore in his hands, he was very satisfied.

Zhang Weibing had thought it through very clearly. Although Yunying city was remote, he had power, money, and wealth in his hands. He was equivalent to a local tyrant. He could enjoy anything he wanted. Why should he go out and worry about not being happy by working hard?

Even if he became a regional King, he might not get more!

In addition, their proudest son and the legendary boss Sima Yi, who had the most potential, were the powerful backers of the Zhang family.

He didn't need to worry at all!

It was also because Zhang Weibing was not greedy that the Zhang family was not affected by the attack on the Hong Shang Empire by the Allied forces.

The Alliance Army was simply too lazy to attack a remote place like the Zhang family. Even after taking down the imperial capital, no one would come. At most, they would send a Memorial to the Yunying city to change the flag to express their allegiance.

As a result, Yunying city, which was not affected by the war, was like a peach flower source isolated from the world. His daily life was not affected at all. When Zhang Yiming returned home, he was also dumbfounded.

"Young master! Why did you come back? Why didn't you give us a heads up?"

The old Butler of the Zhang family was surprised and happy to see Zhang Yiming. He was surprised that there was no news of the young master's return, so the family was not prepared to welcome him.

They were naturally happy that the most promising young master had returned home, and he even brought along the legendary Sima Yi who had built the Empire all by himself!

"Uncle blessing, you don't have to be busy. Boss and I were just passing by and dropped by the house to take a look, so we didn't give father and mother a surprise! They'll be leaving in a while. Are they in the backyard?"

Zhang Yiming stepped forward and hugged the old Butler. This was the old family who had watched him grow up and could no longer be considered a servant.

After greeting the old Butler, Zhang Yiming wanted to bring Lin Yi to the backyard to see his family, but the old Butler pulled on his arm with a bitter smile.

"Lord Sima, young master, it's really unfortunate. Because they didn't know that you were coming back, master and Madam took their family out to play two days ago ... Under master's governance, Yuning city's politics are clean and there's nothing much to do usually. Therefore, master took his family out and said that they would only return in three to five days ..."

The old Butler was a little embarrassed. Zhang Weibing's position as Castellan was appointed by Lin Yi, but when Lin Yi came, the castellan just left the city and brought his family out for a vacation ... It sounded like he was not doing his job properly!

Zhang Yiming was dumbfounded. What the hell? I crossed the continent and traveled through thousands of rivers and mountains to visit my family, and you guys actually went out to play together?

This is preposterous!

Didn't you say that you would bring me along!

"Lord Sima, young master, please come in and have a seat. Have some food and rest. I will immediately send people to look for old master. If he doesn't return today, he will definitely return tomorrow!"

The old Butler was at a loss. If it was just Zhang Yiming coming home, it wouldn't matter. What difference did it make if he came home one day earlier or later? But Lin Yi was here too!

Chapter 8587

How should he make arrangements for this master? Did he offend someone?

Zhang Yiming smiled bitterly and waved his hand. "Uncle Fu, don't worry about it. I just said that I just came back to see them. Although I didn't see father and mother, I just want to know that they are safe and happy!" I still have to go to the sword spring sect with boss, so I won't stay at home. We'll talk about it when we're free. "

Lin Yi greeted the old Butler with a smile, and the group left without entering the house.

He strolled around Yunying city and realized that the old Butler wasn't lying. Zhang Weibing had managed the city quite well-the government was well-connected, the people were friendly, and the atmosphere was clean. Lin Yi was very satisfied with the way he did nothing.

Lin Yi didn't waste any more time since the Zhang family was gone. He went straight to the sword spring sect after leaving the city.

There was still a lot of time left, so there was no need to rush.

Lin Yi calculated the time-it should be around the same time as the Grandmaster's group, so the sword spring sect wouldn't have to do it twice.

At this moment, the sword spring sect had already made preparations. After receiving the order from the higher-ups, the sword spring sect was on high alert and had already made arrangements with the highest standard.

They had no choice. With such a large group of grandmasters here, they had to be nervous!

It was a Supreme honor for any array master to come to the sword spring sect, not to mention that the ones who came this time were the top array Masters of the entire continent.

It was as if a small mountain village in the secular world had received an order to entertain the leaders of all the countries in the world. The complicated feelings were simply indescribable.

Knowing that the group of array Masters was about to arrive, the Vice sect leader brought a group of elders, led by elder Qin, and the elite disciples of the Sword spring sect to the mountain Gate to welcome them.

This was already the highest standard of noble etiquette. The sect leader was really in closed door cultivation and couldn't come out, so the Deputy sect leader could only lead a team to welcome him.

"The entire sword spring sect welcomes all grandmasters with great honor. Your presence brings light to our humble sect!"

When the Vice sect leader saw the grandmasters stop, he quickly led his men forward and bowed, not daring to show the slightest neglect.

He didn't know that Lin Yi would be coming back this time, and thought that these were all unfamiliar grandmasters, which was why he was acting so scared.

He was afraid that he would offend some Grandmaster without even knowing it.

Lin Yi hadn't arrived yet-the grandmasters were a bit faster than he'd expected.

Plus, the sword spring sect also went straight out of the gate, saving a lot of time, which led to Lin Yi not being able to meet up in time.

However, Lin Yi wasn't far away. He was rushing over as fast as he could, and his spirit sense could already cover the entire area.

"No need to be so polite. We have troubled your sect this time and caused you trouble. May I ask who Your Excellency is?"

Shi chengcai was one of the people walking at the front. He had heard about Lin Yi's relationship with the sword spring sect, saying that he was from the sect. Hence, his attitude towards the sword spring sect was quite gentle.

Although this guy was arrogant and looked down on people who were at the same level as him but were inferior to him in life and death, he would not put on such an annoying attitude towards the weak.

The Vice sect leader was flattered. He didn't expect the young Grandmaster in front of him to speak to him so gently and politely. He quickly cupped his fists and smiled, ""My surname is Zong, and I am the Deputy sect leader of the sword spring sect. This is elder Qin, and this is ..."

His surname was Zong, so his disciples would sometimes call his master, Xuanji, master of the Zong surname!

Normally, he would be a little proud of this, but compared to a real Grandmaster ... He simply couldn't compare!

Therefore, Deputy sect leader Zong was very excited to have the opportunity to talk to a real Grandmaster and get to know him.

Unfortunately, before he could introduce the two of them, Jia Junjie, who was next to Shi shengcai, snorted coldly, his face full of displeasure.

"Vice sect leader Zong?"

This kid purposely emphasized the words 'Deputy sect leader', ""The sword spring sect is so arrogant. So many grandmasters have come, but the sect leader doesn't even show his face. Or do you think that the identity of the sect leader of the sword spring sect is more honorable than all the grandmasters combined?"

Deputy sect leader Zong jumped in shock. This was a big hat. He felt that his head was too small and couldn't bear it!

"Misunderstanding, misunderstanding! The sect leader of my sect ..."

Deputy sect leader Zong's forehead was covered in cold sweat. He quickly shook his head and tried to explain. He explained that the sect leader of the sword spring sect was in seclusion and did not have the intention to look down on so many grandmasters!

You must be joking!

A Grandmaster could destroy the entire sword spring sect with a casual move of his little finger. How would the sword spring sect dare to look down on so many grandmasters? were they tired of living?

"Shut up! What misunderstanding could there be? The truth is out there, and your sect leader is nowhere to be found. What are you still trying to quibble about?"

Jia Junjie shouted in a deep voice. He was holding back the anger in his heart and could not vent it all the way.

Because of Sima Yi, even if Shi shengcai was right in front of him, he couldn't make a move. So when he saw Shi shengcai speaking to the Vice sect leader in a friendly manner, Jia Junjie was displeased.

Even if I can't deal with you, Shi longcai, I can deal with a mere Deputy sect leader of the sword spring sect.

"No..."

The Deputy sect leader felt very aggrieved. The sect leader was in closed door cultivation, what did it have to do with him?

I've come to welcome you so respectfully. Could it be that there's a problem?

He wanted to explain, but before he could finish his sentence, Jia Junjie cut him off, ""Don't explain! An explanation is a cover-up, and a cover-up is the truth!"

Deputy sect leader Zong's mouth twitched as ten thousand "F * ck you" galloped across his heart!

"This Lord, please calm down and listen to this old man!"

Elder Qin couldn't stand it anymore and tried to speak, but Jia Junjie slapped him in the face.

"Who the hell are you? An old thing dares to take advantage of his seniority in front of me! Are you tired of living?"

Everyone from the sword spring sect was stunned.

Elder Qin's prestige in the sect was extremely high, and with Lin Yi's prestige, it could be said that his status was even higher than the Vice sect leader. He didn't expect to be slapped the moment he opened his mouth!

That crisp and loud slap did not only land on elder Qin's face, but it also landed on the face of the sword spring sect, shattering it into pieces!

"You! Y-you ..."

Deputy sect leader Zong was both shocked and angry, and his chest was full of anger. He wanted to scold Jia Junjie, but he couldn't say anything for a while, so he could only point his finger at him to express his anger.

After Jia Junjie made a move, he felt a burst of comfort in his heart. He discovered that Deputy sect leader Zong did not seem to be convinced and simply made a move on Deputy sect leader Zong too!

Don't think that he was just a Grandmaster of arrays, and his combat strength was not strong, but that was only in comparison!

Compared to the sword spring sect, which was located in the corner of the Hongshang Empire, his strength was very strong!

Without the need for his retinue to make a move, Jia Junjie felt that he could kill everyone from the sword spring sect by himself without using his array Dao strength!

Chapter 8588

The Vice sect leader was so furious that he could not resist Jia Junjie's humiliating beating.

After being slapped a few times, he fell to the ground on his butt. Jia Junjie immediately stepped forward and kicked him over.

He laughed maniacally as he pressed the Deputy sect leader of the sword spring sect to the ground and rubbed his face crazily.

Although some people in the formation path Grandmaster team felt that Jia Junjie was too arrogant, no one was willing to offend Jia Junjie for the sake of such an insignificant sect like the sword spring sect.

Therefore, most of them maintained a cold and indifferent attitude.

Only Shi chengcai had a strange expression. This insignificant sword spring sect was the sect that Sima Yi was from!

By playing like this, was Jia Junjie prepared to fall out with Sima Yi?

The others didn't speak, but Shi wancai had to stand up for her.

After all, Lin Yi had helped him before. How could the proud Shi Yucai owe Lin Yi a favor?

This matter with the sword spring sect, just treat it as paying a little interest to Sima Yi!

"Enough! Jia Junjie, stop!"

Shi shengcai shouted coldly and blocked Jia Junjie's path, "They came to welcome us with great enthusiasm, but you didn't even give them a chance to speak before you attacked two of the higher-ups of the sect. What do you want?"

"Shi Yucai, mind your own business! Don't think that I don't dare to touch you! Jia Liu, what are you doing? Look at this hypocrite!"

Jia Junjie wasn't prepared to give Shi tiancai any face at all. After retorting, he had Jia Liu hold Shi tiancai back.

Shi tiancai's combat power was far inferior to Jia Liu 's, and it was almost impossible to get rid of him.

This was also because Jia Junjie was afraid of Lin Yi and didn't let Jia Liu mess with Shi tiancai. Otherwise, Shi tiancai wouldn't have it easy.

The people from the sword spring sect were all shocked and angry. When they finally regained their senses, the other elders who had come out to welcome them quickly came out to plead for mercy.

They definitely did not dare to resist. The group of array Masters was huge, and any one of their retinue was an expert that the sword spring sect could not afford to offend.

Without strength, they could only swallow their pride and beg for mercy.

"Grandmaster Jia Junjie, our sect leader has been in seclusion and is unable to come out to welcome you. It is indeed impolite. Now, our Deputy sect leader is the actual host of our sect. He did not mean to neglect you grandmasters. Please calm down!"

"That's right, our sect's respect for the grandmasters can be seen by the sun and the moon. We've already brought out the highest standard of ..."

Taking advantage of Shi longcai's appearance, the two elders of the sword spring sect managed to exchange a few words with great difficulty.

In the end, Jia Junjie turned around and coldly interrupted him.

"Shut up! When I'm talking, do you have the right to interrupt? Slap your own mouth!"

Jia Junjie was instantly furious.

This elder of the sword spring sect dared to interrupt, so he had to be punished to show his dignity.

"Grandmaster Jia! Elder Wu had already explained why the sect leader couldn't come out to welcome the grandmasters, so why are you still so aggressive? Even if you grandmasters are of noble status, this is still the territory of our sword spring sect. You are all guests from afar, how can you use the status of guests to suppress the host?"

Su Yumo could not take it anymore and stepped forward to berate Jia Junjie with a cold face.

For this welcoming ceremony, the elite disciples of the Sword spring sect had also come.

Even if su Yumo did not like it, she had no choice but to follow.

In the end, Jian Chun sect's face was thrown to the ground and trampled on by Jia Junjie. The other disciples were angry but did not dare to speak up, but su Yumo did not have such scruples and stood up for them whenever she could not stand it.

The other elite disciples were all stunned. They had thought that su Yumo was an ice-cold beauty who would never get involved in other people's Affairs. They did not expect her to have a cold exterior but a warm heart.

Jia Junjie looked at su Yumo, his eyes lighting up.

He raised his brows and smiled evilly, "so what if I'm a guest suppressing the host?" I still want to press you down tonight!"

Su Yumo's face turned frosty when she heard that. No one had ever dared to tease her with such frivolous words before. Jia Junjie was the first!

In fact, Jia Junjie usually paid a lot of attention to his demeanor. In front of those socialites, he was absolutely graceful and elegant. He would never reveal any expression that was beneath his status, and do anything that would be criticized by others.

Today, he had vented his anger and felt both physically and mentally at ease. After feeling smug, he began to act arrogantly. That was why he had subconsciously harbored evil thoughts towards the cold and unparalleled su Yumo in front of so many grandmasters.

Su Yumo looked cold, but she had a strong personality. After being teased by Jia Junjie, she did not say anything and immediately drew her sword to activate her martial arts technique, stabbing it at Jia Junjie.

It was a pity about her strength.

Among the disciples of sword spring sect, su Yumo was indeed a top expert. However, if one were to expand her scope to the entire star source continent, she would not even be ranked among her peers!

Jia Junjie was a super genius from the great land of Sangzi. Although his talent was in array Dao, his combat strength far exceeded su Yumo 's.

Facing su Yumo's fierce sword attack, he did not panic at all. Instead, he raised his right hand and flicked his fingers.

A powerful force shot out from his finger and accurately flicked against the tip of su Yumo's sword, producing a clear clang.

The longsword slowly swung away, the sword body trembling a few times as it digested the attribute Qi sent by Jia Junjie's fingertips.

Su Yumo groaned softly. The web between her thumb and forefinger was numb, and her arms were sore. She almost lost her grip on the sword hilt and had to struggle to control it from flying out of her hand.

Su Yumo was secretly shocked by Jia Junjie's strength.

He didn't expect that this young-looking guy's combat power was so extraordinary!

Jia Junjie had an evil smile on his face. After flicking su Yumo's long sword away, leaving her wide open, he immediately took a step forward, wanting to crash into su Yumo's arms!

His motive was not to hurt su Yumo, but to take advantage of her.

After all, su Yumo's combat power was not even worth mentioning in Jia Junjie's eyes. He was just the right person to tease her.

"How dare you!"

Elder Qin, who was slapped by Jia Junjie, was furious.

He didn't mind being humiliated. After all, the other party was a Grandmaster. Elder Qin wouldn't want to take revenge.

However, su Yumo was different. Although she was cold, she was viewed as an important junior by elder Qin!

Furthermore, su Yumo had a good relationship with Lin Yi, so elder Qin could not stand by and watch her be humiliated by Jia Junjie!

With a loud shout, elder Qin burst out with all his strength and rushed towards Jia Junjie with all his might. He completely gave up on defense and launched his strongest attack with a posture of mutual destruction.

jia junjie's eyes turned cold.

although he didn't take elder qin seriously, there was still a slight chance that this kind of suicidal fighting method could hurt him.

he was the youngest array master in the great land of sangzi, how could he be compared to an old man in the corner of wutong?

it was like a broken tile smashing against a precious and exquisite antique porcelain. the tile would be crushed, but it was difficult to guarantee that the porcelain would not brush against it. the losses would be too great.

jia junjie retreated in an instant. he was an exquisite antique porcelain, and he did not even want to be touched by elder qin.

Chapter 8589

Su Yumo secretly heaved a sigh of relief. If Jia Junjie had crashed into her, she might have been controlled by him and taken advantage of him!

Su Yumo felt that she would most likely not be able to survive that scene!

It was still alright!

It was a good thing that elder Qin took action and avoided that kind of bad situation!

"Jia Liu! Kill these old lanterns! Whoever dares to obstruct this young master will be killed without mercy!"

Jia Junjie was instantly enraged and immediately issued a must-kill order. His first target was elder Qin!

On the side of the sword spring sect, all of them were shocked.

They wanted to resist, but they didn't dare to do so, afraid that they would become Jia Liu's next target!

They were clearly welcoming the Grandmaster team with the highest standards. Why did the situation suddenly change? was the sword spring sect going to be destroyed?

"Jia Junjie! You're crazy! Quickly stop!"

Shi wancai had been pinned down by Jia Liu before, but now it was his turn to pin Jia Liu down with all his might. "This is the Wutong continent, not your Sangzi continent! Aren't you afraid that the hall Master of the artifact language Hall will come after you?"

"Shi Yucai, stay out of my business! Do you really think this young master doesn't dare to cut you?"

Jia Junjie shouted. He originally wanted to deal with elder Qin himself, but he suddenly turned and pounced towards Shi longcai. At the same time, he ordered Jia Liu, "Go and kill that old man!"

He was prepared to stop Shi longcai so that Jia Liu could escape and kill.

Shi tiancai's words were not without reason, and Jia Junjie took them in.

In order to avoid Hua Yu's revenge, he decided that he would not kill anyone personally!

If Jia Liu attacked now, he would just be thrown out to calm his anger when he couldn't shirk his responsibility.

"Yes, young master!"

Jia Liu agreed and pounced at elder Qin with a sinister smile. He had already accumulated enough power for his martial technique. He was just waiting for a thunderous strike to kill elder Qin.

Elder Qin's expression was serious. He knew that he couldn't resist it. He was prepared to die and was ready to take his opponent down with him. Even if he died, he had to hurt his opponent.

"Elder Qin!"

Su Yumo raised her sword and appeared beside elder Qin, ready to join forces against the enemy.

He knew that he was no match for them, but he didn't retreat!

She was even prepared to take out the life-saving trump card that she had hidden for many years.

However, she wasn't sure if this trump card would be able to kill Jia Liu!

This matter took a long time to describe, but it actually happened in an extremely short period of time.

The scene was in chaos. The situation was critical, and danger was imminent!

At this moment, a figure rushed into the field like lightning. It was as fast and violent as a raging fire and a whirlwind, but also as gentle and silent as a breeze.

The opposite qualities were perfectly fused together. The people around them only felt a little strange. When they fixed their eyes on the scene, they realized that the situation had changed!

"Who dares to kill my people in the sword spring sect?!"

A deep and majestic voice rang clearly in everyone's ears.

Everyone who heard it could feel the suppressed anger in his words.

"Sima Yi!"

"It's Sima Yi!"

"What did he just say?"

"He said that the sword spring sect was his people ..."

"Jia Junjie is going to be out of luck ..."

"Jia Liu is already out of luck ..."

.....

The formation path Grandmaster team let out gasps of surprise and murmurs, and at the same time, they started to discuss among themselves, before erupting with the desire to watch a good show.

With Sima Yi around, there was never a lack of liveliness!

Look, the moment Sima Yi appeared, he was already holding Jia Liu's neck and lifting him in the air.

Such a powerful martial artist was no different from a broken doll in Sima Yi's hands.

Jia Junjie's face was ashen-he didn't go to Shi tiancai because he was worried about Lin Yi.

He didn't expect to get into a conflict with Lin Yi after coming to the sword spring sect!

"Sima Yi, let Jia Liu go!"

Now that things had come to this, Jia Junjie could only harden his head and act tough.

Even if he had the intention of making Jia Liu take the blame from the start, he had to protect him now.

If he didn't do anything, who would dare to work for him, Jia Junjie, in the future?

The most important thing was that he would lose face!

Compared to Jia Liu's life, Jia Junjie valued his own face more!

If there were to be rumors about how Jia Junjie didn't even dare to let out a single fart when Sima Yi appeared, he would definitely be able to tolerate it!

Lin Yi's eyes were cold as he glanced at Jia Junjie indifferently, his fingers tightening.

Jia Liu's face was already red and he was having difficulty breathing. His eyes bulged and his neck cracked. His head tilted to the side-Lin Yi had crushed him to death!

Lin Yi's divine sense had scanned the area before he arrived, so he saw everything clearly!

So Lin Yi was already beyond angry, and used his spirit sense to hit Jia Liu. When Jia Junjie asked for his release, he crushed him to death!

Lin Yi wanted to slap Jia Junjie in the face!

"Sima Yi! You're too bold! You even dared to kill my people! Don't think that you can do whatever you want just because you have some strength!"

Jia Junjie flew into a rage, 90% of which was an act, only 10% was true anger.

"Our Jia family's influence in the Sangzi continent is so great that you can't imagine it. Apologize to me right now, or bear the consequences! I believe that you will regret what you have done today!"

He only needed to show his anger, and it was impossible for Jia Junjie to make a move on Lin Yi.

At the end of the day, all Jia Junjie dared to do was talk to Lin Yi.

Lin Yi's lips curled up slightly, a slight mocking smile on his face. He didn't really care about the Jia family.

Jia Junjie's mind moved like lightning, wondering if Lin Yi's anger had dissipated by half after killing Jia Liu, so he wouldn't continue the fight.

If that was the case ... Perhaps he could say a few more harsh words!

"Did you hear that? Hurry up and apologize. Seeing that we are all grandmasters, I will consider forgiving you! Of course, you have to kill a retinue as well. Only then can it be considered an equivalent exchange!"

Jia Junjie didn't know that he'd broken Lin Yi's taboo and continued running further and further away, "That little fatty beside you is not bad. Kill him and apologize to me. In the future, our Jia family can be your friends!"

"This is your last chance. If you don't accept it, you will be the enemy of the Jia family! We won't be polite to our enemies. When the time comes, more people will die around you. I advise you to think carefully. If you kill that little fatty, you will definitely not lose out!"

Lin Yi's face grew colder and colder, almost comparable to su Yumo's.

Lin Yi didn't give Jia Junjie a chance to say anything else and didn't bother to waste his time with the idiot. He used butterfly steps and appeared in front of Jia Junjie like lightning, sending a slap across his face!

Jia Junjie was slapped to the ground by this sudden slap, and his face revealed a frightened expression.

It was as if he couldn't believe that Lin Yi would do it!

Chapter 8590

Unfortunately, he didn't have time to react before his body touched the ground.

The great Sangzi continent's array Grandmaster, Jia Junjie, died!

"Sima Yi! How dare you?"

The array Masters from the Sangzi continent were all shocked and furious!

Regardless of whether it was Jia Junjie's talent, level, or background, he was one of the top grandmasters in Sangzi continent's array path.

Jia Junjie was basically the leader of the Sangzi continent's array Dao grandmasters in this array Dao origin trial!

That was why he had been so arrogant before, and no one had come forward to stop him.

If Sangzi continent had other leading array Masters, they would definitely stop Jia Junjie and at least try to persuade him.

However, it was precisely because Jia Junjie was the leader that no one was willing to speak up to persuade him.

The reason why he did not stand out to fight against the sword spring sect with him was most likely because he felt that Jia Junjie alone was enough.

"Grandmaster Jia is the light of hope for our Sangzi continent, and you actually killed him! Do you want to fall out with the entire Sangzi continent?"

"Even if the first hall Master of the Wutong continent is your friend, you shouldn't be so domineering, right?"

"Everyone, be on guard. Be careful of Sima Yi going all out ..."

The Sangzi continent's grandmasters were in a mess-they questioned Lin Yi, blamed him, guarded against him, wanted to take him down, and so on, but couldn't come to a consensus yet.

Lin Yi scanned the room with a cold face, not responding to their comments. He was waiting for them to make their move.

The Sangzi sect's grandmasters thought Lin Yi was too arrogant, not even bothering to explain when questioned.

Hence, the crowd was excited!

All of the Sangzi continent's grandmasters began to command their retinue to attack Lin Yi.

Especially Jia Junjie's other retinue, their eyes were red as they took out their weapons, ready to take Lin Yi down with their lives!

When Jia Liu died, they didn't react in time. When Jia Junjie died, they still didn't react in time. If they were to return to the great land of Sangzi, they would probably be killed before they could react!

If they wanted to live, if they wanted to save their families, they had to atone for their crimes.

Whether he killed or captured Lin Yi, it was his way out!

At this time, Zhang Yiming and the Imperial Guards finally caught up and protected Lin Yi in a flash.

They weren't as fast as Lin Yi, so they were naturally left behind.

It was a little awkward now that she'd caught up with Lin Yi.

As a guard, if he couldn't even catch up with the target he was protecting, what was there to protect!

Therefore, when he could perform, he had to do his best to show it, so that he wouldn't end up worse than a decoration.

"What do you want? Do you know where this place is? You want to attack my boss? Are you tired of living too long?"

Zhang Yiming asked four questions in a row.

Don't look at how he's not strong, his aura is very strong, directly intimidating the array Masters from the Sangzi continent!

"If you want to fight, then go ahead. I'd like to see how many of you can still survive after the fight! Don't forget that this is the Wutong continent, not your Sangzi continent. These are the battle generals of the naduo martial Alliance branch. Try attacking them!"

The Sangzi continent's grandmasters were instantly sullen.

Facing the sword spring sect, they didn't have the awareness that they were guests from afar. However, facing the naduo martial Alliance branch, they had to think twice.

The consequences would be unpredictable if he really angered the monster language.

Especially since the martial Alliance's Hall Master had a close relationship with Lin Yi, it was hard for the Sangzi continent to exert their influence.

To put it bluntly, they were all on the same level, so they could only appeal to the martial Alliance of the higher starsource continent.

Jia Junjie's other guards were in despair, and without waiting for the grandmasters to respond, they all drew their swords and charged at Lin Yi.

Even if they had to die in battle, they had to show this attitude!

Otherwise ... Only by dying on the spot could he be cleared of his crimes.

Lin Yi didn't move, and he didn't need to move.

The ten-man team from the Yu Lin Army formed a battle formation. This was Lin Yi's personal technique, so its power was naturally extraordinary.

The few guards who rushed over were like clay oxen that entered the sea, not even causing a splash.

As soon as they came into contact, they were easily and happily killed by the small team of the Imperial Guards. This could be considered to have satisfied their wishes, to die on the spot in exchange for the safety of their families in the distant Sangzi continent.

The Sangzi continent's formation Masters "faces all turned green. They didn't think that not only was Lin Yi so strong, but even these Imperial Guards were beyond their imagination.

Everyone was a Grandmaster in the field of formations, so they could naturally tell that the formation used by the Imperial Guards was completely different from those common ones that were circulated on the continent!

Even if they personally led the troops, they would not dare to say that they could easily break the formation of the Imperial Guards.

"Sima Yi, don't be too arrogant! Grandmaster Jia Junjie's death hasn't even been explained yet and you're actually allowing your men to kill the Jia family's retinue. Do you really want to completely tear all decorum with the Sangzi continent and the Jia family?"

A middle-aged man who was similar to the Vice-leader of the Sangzi great continent grandmasters grandmasters gritted his teeth and shouted, "This matter can't be hidden from the world. Do you dare to kill all the people of our Sangzi continent? Even so, the others will definitely spread the news!"

He was afraid. He seemed to be unyielding, but he was actually showing weakness!

Zhang Yiming laughed and said sarcastically, ""Mad? [You're crazy, but what are you going to do?] Our people from Fengqi Dazhou are arrogant, who asked our boss to be so strong! If you're not convinced, then go ahead. But if you want to talk to our boss, you'll have to get past me first!"

Zhang xiaopang's arms trembled and his chubby little body trembled. ""Since I've already killed Jia Junjie, it doesn't matter if I kill one or two more Zhen grass buns. If you don't dare to fight, you can go back and find the hall Master of your martial Alliance or the president of the array formation Association to help you."

"No matter who you find, after I'm done, our boss will take whatever you say. That's how confident I am! Don't say that I didn't give you a chance. Choose now, do you want to come at me together or go back and complain?"

The middle-aged man from the great land of Sangzi was speechless. He was an array master, and he was respected wherever he went. However, this Sima Yi was also an array master, and he was a diamond rank array master ...

He couldn't be compared to them in terms of status!

Not only was his status not as honorable as the other party, but his combat power was also inferior. What could he do? He was also in despair!

If he could stand up for the dead Jia Junjie, he would do it even if it was just to save some face.

The problem was that he might become the second Jia Junjie after he stood out. He ... Was afraid!
