

Bodyguard 8591

Chapter 8591

Lin Yi's eyes scanned across the grandmasters from the Sangzi continent and nodded calmly, "The people who humiliated the sword spring sect are all dead. This matter ends here. I will not implicate the innocent."

"If you want to take revenge for Jia Junjie, sure! However, you have to be mentally prepared to end up with Jia Junjie. Don't blame me for not warning you when you die. "

"If you want to go back and report to the martial Union of the great land of Sangzi or the Jia family of the great land of Sangzi, there's no problem. If they want to come, let them come. As long as they have the courage to come, I'll welcome them at any time!"

His tone was calm, and it was clear that the anger in Lin Yi's heart had dissipated quite a bit. However, his calm words contained an absolute force!

"You, did you hear me clearly?"

Lin Yi's eyes finally settled on the middle-aged man.

It was not a loud voice, but it exploded in his ears like thunder, causing his forehead to be instantly covered with cold sweat, but he did not even dare to raise his hand to wipe it.

Might!

Lin Yi's series of decisiveness after arriving caused his aura to reach its peak.

The middle-aged man's mind was already in shock, and he couldn't resist Lin Yi's words.

"I ... I heard it clearly!"

The middle-aged man swallowed his saliva and suppressed the fear in his heart. He lowered his head and replied softly.

With that, Sangzi Dazhou's momentum completely collapsed, and he lost the mood to argue with Lin Yi.

All the people of Sangzi continent lowered their heads and were determined to be ostriches. Things had only come to a temporary end at this point!

The people of the sword spring sect didn't dare to be too presumptuous, but they couldn't help but cheer in low voices. Then, elder Qin, the Deputy sect leader, and the other higher-ups came up and surrounded Lin Yi.

They thought that the sword spring sect wouldn't be able to escape today, and might even be annihilated. Who would've thought that Lin Yi was like a divine soldier that descended from the sky, killing Jia Junjie, who threatened the sword spring sect's survival, in just a few moves.

"Lord ... Sima, welcome back!"

The Vice sect leader's face was still swollen like a pig's head, but he squeezed out a twisted smile and bowed to Lin Yi.

He had wanted to address Sima Yi directly, but when the words reached his mouth, he realized that it was inappropriate and immediately changed to calling him Lord.

Elder Qin went up and hugged Lin Yi, his face red with excitement. He patted Lin Yi's back a few times, ""Good boy, you came back just in time! This old man almost couldn't see you again!"

Lin Yi smiled gently and hugged elder Qin tightly as well, speaking in a low voice that only he could hear, "Martial uncle, I'm late. I've let you suffer! In the future, whoever dares to make you suffer, I will make him the next Jia Junjie!"

Putting aside Zhang Liju's status as a cheap Junior Brother, elder Qin treated Lin Yi from the bottom of his heart.

Back in the sword spring sect, he protected Lin Yi many times, and Lin Yi would remember this.

That's why Jia Junjie died so easily-he touched someone Lin Yi valued, which was the same as touching Lin Yi's reverse scale!

If Jia Junjie only offended Lin Yi a few more times, Lin Yi might not kill him. After all, killing people was often a last resort. Just because he didn't hate killing people didn't mean he liked killing people.

Elder Qin's eyes reddened as he heard the whispers in his ears. He took a deep breath and let go of Lin Yi, pretending to rub the wounds on his face and covering his eyes.

Su Yumo was equally excited. However, she had always been cold and did not show it.

Plus, the higher-ups were talking to Lin Yi, and she wasn't interested in joining them. She just watched from the side.

After a simple greeting, Lin Yi smiled and nodded at su Yumo. Su Yumo's eyes flickered, and she nodded slightly.

It wasn't a good time to catch up with su Yumo, so Lin Yi didn't say much. He turned to the formation Masters and said loudly, "Perhaps you didn't hear clearly just now, so I'll say it again."

"The sword spring sect is the sect that I, Sima Yi, came from. There are my Masters, my senior brothers and sisters here! Although you are array Masters, you are only here as guests. I hope that you will do your job and not cause too much trouble for the sword spring sect!"

"I, Sima Yi, have walked out of the sword spring sect and reached this point. I have never forgotten this place. I ask all the wise men to remember my words. No matter who it is, if they dare to have any

thoughts about the sword spring sect or do anything disrespectful, they will become my, Sima Yi 's, enemy!"

"I've never shown mercy to my mortal enemies. If Jia Junjie can still speak, I think he will tell you about the taste of it!"

"You can think of this as a threat, and I don't care what you think. But to me, it's just a very common fact. Please remember it!"

Lin Yi's tone was as calm as ever, but it was as he said-all the grandmasters felt that this was a threat, or perhaps it wasn't a threat at all. It would be more appropriate to call it a serious warning.

There were no angry roars, nor any crazy expressions. It was very, very calm. However, everyone in the formation path Grandmaster team felt a suppressed panic.

Domineering! How domineering!

The calmer Lin Yi was, the more domineering his tone was!

On the sword spring sect's side, those who had conflicts with Lin Yi before were all in a daze, conflicted.

Normally, the grudges between them and Lin Yi wouldn't go away so easily, but Lin Yi saved the entire sword spring sect with one move.

The menacing declaration silenced all the grandmasters, and no one dared to fight Lin Yi head on.

This kind of height ... They didn't even have the qualifications to look up to!

Lin Yi's current level seemed to have reached a level that they couldn't even imagine. The difference between the two was too big, what else could they say?

They didn't even have the right to be Lin Yi's opponents, or rather, they didn't even have the right for Lin Yi to look at them in the eye.

When they were old, they might be able to brag to their descendants that when Sima Yi was in the sword spring sect, he was your grandfather's opponent and had once suffered at your grandfather's hands. If it wasn't for your grandfather's mercy, he wouldn't have been able to have such a legendary life ...

Among the elite disciples, there was a familiar face, black wildflower.

She was different from the others-she'd had bad intentions towards Lin Yi before, but she'd never really done anything to hurt him.

Strictly speaking, Lin Yi still treated her as one of his own, but she was trying to cut off their relationship.

She didn't dare to think about the plant element. Black wildflower had mixed feelings at the moment, and was a little remorseful. She remembered that she and Lin Yi were at the same level of strength.

And now?

Black wildflower couldn't tell what level Lin Yi was at, but he knew that he was very, very strong, the kind that could destroy the sword spring sect with a flip of his hand.

Chapter 8592

Looking at the fearful faces of the grandmasters, black wildflower guessed that Lin Yi must have reached the legendary sea Rift stage.

She thought of herself ... Golden core Paragon ... What else was there to think about?

Black wildflower sighed in his heart, but his eyes flickered as he looked at Lin Yi. Maybe ... He could ask Sima Yi for help?

No matter if it was Sima Yi's current status or strength, it seemed that reviving the heiyue clan was not a difficult thing. It could even be solved with a single sentence?

Black wildflower knew that Lin Yi was the one who established the Hongshang Empire, and the heiyue family was only one of the general families of Hongshang Commandery.

If she begged him, would he agree?

The seed of hope began to sprout, and the black wildflower's eyes grew brighter and brighter. It was most likely that it felt that this method was feasible, and at least the success rate was high!

Unfortunately, Lin Yi was like a moon surrounded by stars. She couldn't get close to him at all. Even su Yumo could only stand to the side. She could only continue to endure.

The farce at the mountain Gate ended with the death of Jia Junjie and his retinue.

After Lin Yi issued a serious warning, he brought his men and the people of the sword spring sect up the mountain, chatting and laughing.

As for the welcome ceremony ... It had been held before, right?

It was fine as long as he got the meaning!

They're all cheap skins, why didn't they welcome us properly, and have to kill a few of them before they're willing to go up the mountain!

"Vice sect leader Zong, is my previous residence still there? Did you give it to the other junior brothers?"

Lin Yi asked casually as they got up the mountain.

The grandmasters "group had their own accommodation prepared for them. It wasn't that Lin Yi didn't want to be with them, but he missed the times when he was back at the sect.

"I'm here! After you left, your residence will remain empty and will be cleaned regularly. It will still be in its original state. If you are willing, you can go back to live there at any time!"

The ugliest flower bloomed on the Vice sect leader's swollen face. He was deeply satisfied with his wisdom.

In fact, Lin Yi's house was given to the other disciples at first-it was one of the best houses in the North Peak, after all.

However, when Lin Yi used the name of Hongshang Commandery to start wars and expand his territory, he eventually established the Hongshang Empire. Vice sect leader Zong took back this place and restored everything to its original state. He was waiting for Lin Yi to come back and claim credit.

This day had finally come!

Excellent!

"It's really still here? That's great!"

Lin Yi's reaction was just the right amount of surprise, and vice sect leader Zong was overjoyed. "How thoughtful! Then I'll stay over there for today. Thank you, vice sect leader Zong!"

"I don't dare, it's just a small matter! Compared to what Lord Sima has done for our sword spring sect, it's not even worth mentioning!"

The Deputy sect leader was all smiles.

Although it was said to be not worth mentioning, in fact, they wanted to talk about it and continue to explore this topic in depth!

"I won't trouble everyone anymore. I'm very familiar with every blade of grass and every tree in the sword spring sect. Everyone can go do your own things. I'll walk around alone."

Lin Yi didn't want to always have a group of people following him, so he asked them to leave, "I'm a little tired from the journey, so I'll go back and rest for a while. I'll be participating in the trial tomorrow. Thank you for your welcome. "

In order to avoid being accused of favoritism, Lin Yi didn't even ask elder Qin and su Yumo to stay. He planned to talk to them alone later.

The Vice sect leader sighed at the pity-he wanted to get closer to Lin Yi, but he didn't give him the chance!

"Then we won't disturb Lord Sima's rest. Everyone, let's retreat first!"

The Vice sect leader bowed respectfully and waved to the people behind him."If Lord Sima has any needs, you can let me know. I will arrange for people to wait for your orders at any time ..."

"No need to trouble yourself. I'm not an outsider. Deputy sect leader Zong, you don't have to be so polite. If there's anything, I'll do it as I see fit!"

Lin Yi's words made the Vice sect leader unable to insist, but he was very happy inside-one sentence from Lin Yi meant that he could ask for help openly!

And so, the Vice sect leader and the others bowed and left, leaving Lin Yi alone to his original residence.

Zhang Yiming was arranging the campsite of the Imperial Guards, and he would go to Lin Yi when he was done. He was familiar with the jianchun sect, and strictly speaking, he entered the sect earlier than Lin Yi. In other sects, he was considered Lin Yi's senior.

Lin Yi went back to his old place-it was the same as before.

But Lin Yi could tell that it was a new set up, and it wasn't as if it hadn't been moved.

Of course, that wasn't important. What was important was that Lin Yi's heart felt a bit more peaceful now that he was back here. He thought back to his old friends, and now only Zhang Yiming was with him. Everyone else had their own paths to walk.

After sighing for a while, the sky was about to turn dark when someone suddenly knocked on the door!

Lin Yi scanned the room with his spirit sense and smiled. He got up and opened the door.

Outside the door was a black wildflower with an exquisite face, wearing a Black Veil and holding a dark purple fan!

The mountain wind blew gently, and the black veil fluttered, outlining black wildflower's beautiful body. A strand of hair on the side of her cheek danced in the wind, making black wildflower even more charming.

For a moment, Lin Yi felt like he was back at the fighter station, the first time he saw that alluring lady boss!

"Lord ... Sima, long time no see. Aren't you going to invite big sister in to sit?"

In the past, he had affectionately called her sister and brother, but now, black wildflower instinctively didn't dare to act rashly.

She didn't dare to call him 'little brother' anymore, so she could only try to continue calling herself 'big sister'.

If Lin Yi didn't like it, she'd change her mind immediately and not drag it out!

Lin Yi smiled strangely and turned to the side. "It has indeed been a long time since we last met. Big sister's demeanor is still the same as before, and it hasn't changed at all! Come in and sit!"

Black wildflower relaxed, feeling more confident in his plan. He covered his mouth with his fan and smiled, following Lin Yi in.

After the door behind him closed, black wildflower's heart suddenly beat faster. The scene that he had rehearsed countless times in his mind suddenly became nervous again.

In order to revive the heiye family, in order to get Lin Yi's help!

Black wildflower cheered himself on in his heart, and then gathered his courage. "Little brother Sima, big sister has something that I need your help with!"

Lin Yi stopped and turned around to see black wildflower untie his belt, and the black veil fell down, revealing her smooth, snow-like skin.

Although she still had a tight-fitting underclothes to cover her key parts, it was also made of light muslin, which made it even more seductive. That hot figure simply made the temperature in the room rise a lot.

Chapter 8593

Lin Yi jumped-what was this? What the hell is this about taking off your clothes without a word?

"Little brother Sima, I'm willing to give myself to you as long as you agree to help me. Don't worry, I won't make things difficult for you. To you, it's as easy as lifting a finger!"

Black wildflower said as he put his hands behind his back, ready to take off the last of his clothes.

Lin Yi shook his head with a bitter smile and took out a spare robe from his storage bag. He used his butterfly steps and arrived beside black wildflower in an instant, putting the robe on her.

"Big sister hei ye, who do you think I, Sima Yi, am? If there's anything, just say it! Do you think I won't help you if there's no benefit?"

Lin Yi was speaking from the bottom of his heart. Not to mention his friendship with black wildflower, just for the sake of the green demonic god, Lin Yi would definitely help black wildflower if he was in trouble.

After all, the black wildflower was the descendant of the green Devil God, and he had inherited the plant attribute of the green Devil God. He had also gained a lot of benefits, so he definitely couldn't just eat it and ignore the life and death of the black wildflower!

Black wildflower was slightly startled, and his expression dimmed. ""That's right, I'm old, it's normal that you don't like me!"

Lin Yi's mouth twitched. Wasn't this point a little weird?

Shouldn't you have noticed that I said I would help you?

The two of them were very close now, and the faint fragrance of the black wildflower entered Lin Yi's nose. There was also the alluring heat of the body after putting on the robe. It would be a lie if Lin Yi said he wasn't tempted at all!

But he couldn't do that-he didn't want to turn a simple help into some dirty deal!

So, sister, why didn't you pay attention to what I promised to help?

It had to be said that a straight man would never understand a woman's heart. When a beautiful woman undressed and threw herself into his arms, no matter what the reason was, you rejected her!

She would only wonder if her charm had faded. Could it be that he's not interested in me at all? Could it be that I'm old and my face is yellow?

As for helping ... What the hell was that? Who said anything about helping?

"Sister hei ye, don't joke with me. Tell me quickly, what do you need my help with? We're going to take part in the trial tomorrow morning. Time is tight!"

Lin Yi's focus was completely different from black wildflower 's. They were already in a serious discussion mode, and he didn't notice black wildflower's resentful eyes at all.

But black wildflower finally came back to his senses and understood that Lin Yi had agreed to help!

She blushed, not sure if it was because she was rejected or if it was because Lin Yi agreed to help ...

Black wildflower forced himself to calm down as he wrapped Lin Yi's robe tighter around him and started to tell him what he needed.

Revive the heiye clan!

Lin Yi smiled. Just that? It really wasn't anything!

Black wildflower thought it would be hard to convince the rest of her clansmen, but it wasn't a problem in Lin Yi's eyes!

"Sister hei ye, don't worry. When I'm done with the trial, I'll go with you. I'll definitely help you fulfill your wish, trust me!"

Lin Yi patted his chest and guaranteed. Black wildflower was overjoyed, and her eyes were as soft as water. She seemed to want to give herself to repay Lin Yi's kindness again. Lin Yi quickly sent her away, wondering if she really wanted to revive the heiye family or if it was just an excuse. Was her real purpose here to give herself?

No matter what, Lin Yi ignored the bitterness in black wildflower's eyes and didn't stay in the house after sending her off.

Seeing that the sky was getting dark, Lin Yi flashed to elder Qin's Mountain peak to visit him alone.

Elder Qin had been waiting for Lin Yi since he came back, expecting him to visit him alone.

Elder Qin came out to greet Lin Yi as soon as he reached the door.

"Martial uncle! How can I trouble you to personally welcome me? aren't you trying to embarrass your disciple?"

Lin Yi quickly stepped forward and bowed to elder Qin.

Elder Qin laughed heartily and held Lin Yi's arm as they walked in, "Don't be so formal. We haven't seen each other for a long time. Come and sit down and have a good talk!"

Lin Yi smiled and sat down with elder Qin.

Tea and snacks were already prepared, and the two chatted as they ate. After an hour, they talked about Lin Yi's experience after he left the sect.

"I didn't expect so many things to happen these days, and you've finally reached a height that even this old man has to look up to! I don't think there's a second diamond-level Grandmaster in both alchemy and array Dao on the entire continent, right?"

Elder Qin stroked his beard and smiled, deeply moved. "You're growing too fast! Back then, the sword spring sect could still give you some help, but now, the sword spring sect needs your protection. If you had not participated in the trial this time, the consequences would have been unimaginable, and the sword spring sect might have been destroyed!"

Elder Qin had deep feelings for the sword spring sect.

If it wasn't for that, he could've just followed Lin Yi and left the jianchun sect. Even if he went to the imperial capital of Hongshang Empire, he would've been able to live a very comfortable life.

So what happened today had a huge impact on elder Qin. Subconsciously, he hoped that Lin Yi could become The Guardian of the sword spring sect.

"It was an accident this time. I warned them just now. They won't dare to continue to act recklessly. The sword spring sect will be fine!"

Lin Yi paused for a second before continuing, "Uncle-master Qin, not many people know about my relationship with the sword spring sect. That's why Jia Junjie dared to be so unbridled. But in my heart, I don't intend to let everyone know about this. "

"Those people who don't dare to touch the sword spring sect because of me are not a threat. What I'm most afraid of is that someone will target the sword spring sect because of me. That is the real danger!"

Elder Qin blinked as he understood what Lin Yi meant.

Enemies who dared to go against Lin Yi would naturally be able to destroy the sword spring sect easily.

Hence, the sword spring sect couldn't rely on Lin Yi. They had to get stronger!

"Forget it, let's not talk about this. Let's talk about your trial this time. Are you confident that you can stand out from it?"

Elder Qin changed the topic without changing his expression.

They hadn't seen each other for a long time, and the two of them actually had a lot to talk about, so the smile on elder Qin's face didn't disappear. It seemed that he hadn't been so happy in a long time.

It was dark outside, and Lin Yi got up to leave.

Before he knew it, they had been chatting for more than two hours. He still wanted to find su Yumo for a chat and complete su lingyue's request.

On the way back, Lin Yi started thinking about how to improve the sect's ability to protect itself. He already had an idea, but he didn't mention it to elder Qin.

It was said to improve the self-protection ability of the sword spring sect, but to be more direct, it was to improve the self-protection ability of elder Qin.

Chapter 8594 The End

After all, Lin Yi valued his uncle-master the most. If only one of the two could survive, Lin Yi would choose elder Qin to live without hesitation.

Other than elder Qin, black wildflower was also in Lin Yi's enhancement plan.

Reviving the heiye family was a small matter, and Lin Yi didn't think it was enough to repay the green God's gift. Increasing black wildflower's strength was a good choice.

And su Yumo, who he was going to meet now!

Su Yumo could be considered Lin Yi's neighbor, and she had never touched her house. Lin Yi stood in front of her door and raised his hand to knock on it, but he retracted it.

Lin Yi hesitated as he looked at the pitch-black sky. It didn't seem appropriate to visit a young lady at night.

He had chatted with elder Qin for a long time just now!

It wasn't impossible to wait until the source of array Dao returned, but it would waste a lot of time.

Lin Yi was a free and easy person, but he suddenly felt conflicted.

It could only mean that su Yumo was not a dispensable passerby in his heart. He was only conflicted because he valued her!

Before he could decide if he wanted to disturb su Yumo, the door in front of Lin Yi suddenly opened!

Su Yumo's cold and clean face appeared in the flickering light, and Lin Yi seemed to see her eyes light up for a moment, but he couldn't tell if it was an illusion because of the light.

"You're here? Why aren't you coming in?"

Su Yumo's trademark cold voice rang out without a trace of anger. ""Long time no see. Are you not going to come in if I don't invite you?"

Lin Yi's expression was a little odd. Su Yumo's words sounded a little ... Unusual.

"Sorry for the disturbance! I wanted to come earlier, but I spoke a little more with elder Qin, so I've delayed it until now. "

Lin Yi didn't know why he had to explain himself, but he followed su Yumo in and closed the door behind him.

"When I came back this time, I passed by the capital and met my family. Mother asked me to see you and let you visit her when you have time. You should also keep in touch with her. We're all family, so don't just focus on cultivating."

"MMH," su Yumo agreed and pointed at the seat, signaling for Lin Yi to sit down.

"Sima Yi, what's your strength level now?"

Su Yumo cut to the chase and asked the question she was most interested in.

Lin Yi had easily killed Jia Junjie and his servant, suppressing the entire continent's elite grandmasters. It was too amazing!

Su Yumo's heart trembled. Before Lin Yi came, she had been hesitating whether she should go down and look for him.

"I ... I can't say exactly what level I'm at. In any case, an ordinary expert in the sea splitting stage is no match for me."

Lin Yi scratched the back of his head. He didn't want to lie to su Yumo, so he was only being a little humble.

In general, cultivators who had just entered the heaven breaking stage or pseudo heaven breaking stage could deal with them, but that was by relying on spiritual sense attacks. Strictly speaking, it couldn't be considered a level of strength.

Even so, su Yumo was extremely shocked and speechless.

She was at the same level as Lin Yi back then, but now she couldn't even see through him.

Even though he had some speculations, he still found it hard to believe when he got the answer!

They were all humans, so why was the difference so great? Could it be that su Yumo was not working hard enough? Not talented enough?

"I was lucky and had many fortuitous encounters. Otherwise, I wouldn't have been able to improve so quickly."

Lin Yi could tell what su Yumo was thinking, so he comforted her.

She expressed that it wasn't that she wasn't talented enough or that she didn't work hard enough. It was just that luck was the biggest reason for the gap between the two of them.

It didn't matter if Lin Yi believed it or not, su Yumo did!

"I can't be envious of your luck."

Su Yumo nodded slightly, a strange glint in her eyes. "I also have an opportunity, and my opportunity is you! With your current strength, you should be able to guide me in my cultivation, right?"

Lin Yi was stunned for a moment before breaking into laughter. He didn't expect su Yumo to say something like that.

After thinking about it carefully, she wasn't wrong. He was her lucky chance!

"No problem. If you have any questions about cultivation, you can ask!"

Lin Yi was confident that he could guide su Yumo in her cultivation at her current level.

Su Yumo did not stand on ceremony and immediately threw out a few questions about cultivation.

Because her attributes were rather special, there were very few people in the sword spring sect who could guide her, which really accumulated a lot of questions.

Lin Yi, on the other hand, had studied all the attributes and had a huge amount of knowledge in his brain. After removing the weeds and keeping the fine ones, every suggestion he made pointed straight to the origin Dao.

Su Yumo understood the truth and was enlightened. All her doubts were cleared up and her curiosity towards Lin Yi increased.

"That's all I have to say. Next, you need to digest and absorb it, and transform it into your own strength!"

Lin Yi had an idea before he came here, and it was a good time to bring it up. "You said that I'm your lucky chance, so listen to my arrangements and go to a place to cultivate for a period of time!"

"Besides you, elder Qin and black wildflower will go with you. I'll go and invite elder Qin over. You go and find black wildflower and meet me at my place. Zhang Yiming is over there. If you're first, you can go in and wait for me."

Zhang Yiming had already returned to Lin Yi's place after arranging the team's accommodation. Lin Yi didn't go back earlier, but he knew everything about it.

"Alright!"

Su Yumo didn't ask anything else, showing his complete trust in Lin Yi!

Lin Yi wanted to explain, but she didn't ask, which saved him a lot of trouble.

The two of them split up. Lin Yi returned to elder Qin's Mountain peak, while su Yumo found black wildflower.

Whether it was elder Qin or black wildflower, they didn't have any doubts-whatever Lin Yi said was true!

They all gathered together, and Lin Yi started talking after Zhang Yiming greeted them.

"Let's not talk about other things. Zhang Yiming will take everyone to a place to practice. If you have any questions, you can ask him."

Lin Yi took out the nine-story Pagoda as he spoke-it wasn't Grand inside, but it was exquisite and full of spirit despite being only two people tall.

Elder Qin and the others were surprised, but Lin Yi said that he would ask Zhang Yiming if he had any questions, so he didn't ask now.

Lin Yi opened the door to the bottom of the nine-story Pagoda and said casually, "The flow of time here is different from the outside world. When I enter the origin of array Dao, you should be able to come out!"

"Zhang Yiming is more familiar with this place. With him leading the team, you can focus on your cultivation. I look forward to seeing you all again!"

Su Yumo was secretly shocked. The flow of time was different?

Was this the reason why Lin Yi improved so much in such a short time?

With this thought in mind, her heart was suddenly filled with a little more passion and anticipation, and black wildflower was even more excited. Only elder Qin was more indifferent.

Chapter 8595

As he grew older, the pursuit of strength became much weaker. In comparison, he was more willing to make progress in alchemy.

"Yiming, I'll leave them to you. Take good care of them. Also, you should take this opportunity to improve your combat strength, in case you can't even protect yourself without Fei daqiang!"

Zhang Yiming smiled embarrassedly and scratched his head, ""Don't worry, boss, I'll remember it!"

Although he said that, Zhang xiaopang was not confident that he could successfully improve his abilities.

He had entered the nine-story glazed Pagoda many times. There would definitely be improvements, which was not bad for him.

However, compared to others, he was a little lacking.

It could not be helped. Student Zhang xiaopang's talent points did not lie in a martial artist's ability. It was one thing to agree, but whether he could do it or not depended on fate!

"Alright, let's go in then!"

Lin Yi patted Zhang Yiming's shoulder and sent him into the nine-story Pagoda first, followed by elder Qin, su Yumo, and finally black wildflower.

They didn't say anything, only nodding at Lin Yi as they passed by before disappearing into the light of the nine-story Pagoda, disappearing into the door of the lowest level.

When they came out again, they would definitely be reborn.

Su Yumo, in particular, was extremely talented. With the nine-story glazed Pagoda's nurturing, she might be able to soar to the top!

Lin Yi set up a few formations to protect the nine-story Pagoda in the middle, in case anyone came in and discovered it.

After doing all this, Lin Yi slept for a while, and it wasn't long before dawn.

When he went down the mountain, the formation path Grandmaster team was almost fully assembled, and they could set off at any time to the source of the formation path.

As the host, the Deputy sect leader brought a few elders and disciples of the Sword spring sect to maintain order and serve the grandmasters.

Lin Yi's domineering declaration yesterday was enough to scare off these grandmasters, but the sword spring sect couldn't treat themselves as Lin Yi-they had to do what they were supposed to do.

"Lord Sima, did you rest well last night?"

Seeing Lin Yi walk over, the Vice sect leader immediately came over with a flattering smile, "It was really too rushed, I didn't even properly entertain Daren, I've neglected you!"

"Deputy sect leader Zong, you don't have to be so polite. The sword spring sect is my sect. If you treat me like an outsider, will I be able to come back in the future?"

Lin Yi brushed it off casually and added, "Before I return from the trial, don't let anyone come near my residence. If anyone comes near ... You'll have to bear the consequences!"

The Deputy sect leader was secretly shocked and quickly said, "I understand! I guarantee that no one will be able to get close before Daren returns!"

If someone from the formation path Grandmaster team stayed, vice sect leader Zong wouldn't dare to say such a bold statement.

Fortunately, all the grandmasters and retainers would leave the sword spring sect. As long as they were disciples of the sect, there would be no problem.

Of course, even the retinue wouldn't dare to go to their death if they knew that this was Lin Yi's territory.

The group left the sword spring sect and walked for half a day before they arrived at a desolate and remote Valley.

"This is the location where the source of array Dao will be opened. According to the information given by the continent's array Dao Guild, it will open today or tomorrow. Those who miss the time will miss the opportunity."

Shi chengcai whispered to Lin Yi, "All we have to do now is wait ... I forgot to tell you that you need to pay a fee to enter the source of formation Dao. Do you have any gold certificates with you?"

"The entrance fee is not low. It's not that I didn't want to tell you about it on purpose. I just didn't pay much attention to it. After all, you're a Double Diamond Grandmaster, so you shouldn't be short of money. It's fine if you really don't have it. I brought more with me, and I can help you pay the entrance fee."

After entering the formation Dao origin, Shi Yucai and Lin Yi would have to rely on each other's backs. He didn't want to cause any misunderstandings over these small matters, so he explained the situation first to avoid Lin Yi's dissatisfaction.

Lin Yi didn't really care about the gold or silver certificates-he didn't need money anyway, and he had Fei daqiang with him, so he didn't need to worry.

Fei daqiang was a Suan ni, and he was a master at making money. Lin Yi was ashamed of himself.

A portion of Fei daqiang's earnings would be given to Lin Yi every month, and as a veteran leg hair, Lin Yi would definitely take this into consideration.

Lin Yi didn't usually spend much money, and he didn't even know how many gold certificates he had accumulated. He'd just randomly given some to Zhang Yiming to spend on the road, and it didn't cost much.

Zhang Yiming was not short of money, and the old Butler had given him a large sum of money when he went home.

"It's fine. I have quite a few gold certificates on hand. They should be more than enough to pay the entrance fee. Speaking of which, who was the entrance fee to? Does the formation Dao essence require gold certificates to activate?"

Lin Yi was very curious-were the gold notes made of some mysterious material, something that the formation's origin needed to activate?

"That's not wrong. The activation of the formation Dao origin truly does consume gold certificates, but they are not directly used by the formation Dao origin, but by the person who activated it. "

Shi wancai explained.

As far as he was concerned, it was great that Lin Yi had money, but he wasn't sure if Lin Yi would still say the same thing after knowing the exact amount.

"The heavenly array sect of the star source continent is in charge of finding and activating the source of array Dao. Therefore, there is a fee for finding and activating it! Even though it's a little expensive, but it's the right answer. We're all grandmasters, so we don't mind spending some money. "

To a Grandmaster of array path, breaking through the shackles of the realm was the most important thing. Money was just a worldly possession. If he could increase his strength, it didn't matter how much it was, as long as he had that much money in his hands.

"So that's how it is, that should be the case! But what was the background of this sky array sect? I've never heard of this before. "

Lin Yi asked matter-of-factly, leaving Shi Yucai speechless.

"You've never heard of the sky array sect?"

No one would believe him even if he said this, and that naturally included Shi Yucai."The most powerful formation Dao sect in the star source continent is said to be founded by formation Emperor sun, who discovered the source of the formation Dao and passed it down. The method to discover and activate the source of the formation Dao is also passed down by formation Emperor sun."

The array Emperor meant the Emperor of array Dao. The sub-island's respectful title for sun sikong showed how high his status in array Dao was.

Shi Yucai was speechless that Lin Yi didn't even know about the sky array sect, and yet he was already a diamond-grade array master. This was ... Unreasonable!

Lin Yi's face was full of realization-so the sky array sect was sun sikong's sect! This made them feel closer!

Speaking of which, if han Jingjing and the king of junk came to the sub Island, wouldn't they become the second generation ancestors of the sky array sect?

If there was a chance, he could bring them over for a walk.

Chapter 8596

At this time, the grandmasters from each continent had automatically divided into small circles. Lin Yi and Shi chengcai were chatting while the guards of the Imperial Guards surrounded them.

That was why the other grandmasters from Fengqi Dazhou didn't come over to talk to him. They were all gathered in another place.

Sangzi Dazhou's people formed a circle as far away from Lin Yi and Shi tiancai as possible, and even set up a soundproof formation. They were all formation Masters, and this was basic operation.

Jia Junjie was originally the leader of the great land of Sangzi. After Lin Yi killed him, the Vice-leader who was intimidated by Lin Yi became the leader of the great land of Sangzi's grandmasters.

This person's name was Zhen Yingxian, and he was a distant cousin of Jia Junjie. He had some relatives with the Jia family, so he bore a deep hatred for Jia Junjie's death.

"Everyone, I've briefly mentioned it last night. Although it's not convenient to talk about it in detail, I'm sure everyone here should know what I'm talking about, right?"

Zhen Yingxian's eyes swept over the other formation Masters of the Sangzi continent, a cold smile on his lips,"Sima Yi relied on his tyrannical strength to wantonly slaughter and suppress our Sangzi continent. After a night of consideration, what do you all say?"

In order to avenge Jia Junjie, Zhen Yingxian had a simple conversation with the Sangzi continent's formation Masters last night, subtly expressing his intention to deal with Lin Yi and Shi tiancai. Now, they were just waiting for their response.

"Brother Zhen, Sima Yi has indeed gone too far. However, you've said it yourself. His strength is tyrannical, and the battle generals under him from the naduo martial Alliance branch are also difficult to deal with. All of us, including our retinue, are not his match!"

"That's right, Sima Yi was already being merciful by not killing us all. If we're not confident, it's better not to provoke him ..."

"Sima Yi's strength is extraordinary and his methods are ruthless. If things don't go well, I'm afraid it'll be difficult for us to leave Wutong ..."

A few of the grandmasters spoke up, not wanting to be Lin Yi's enemy-the strength and methods he'd displayed before had them all scared.

Zhen Yingxian seemed to have expected their answers and was not surprised at all. When they were almost done, he sneered and said, ""Everyone, you're afraid of Sima Yi, afraid that you can't leave the Wutong continent. I understand."

"however, don't forget that you are all array masters of the sangzi continent. your family and friends are all in the sangzi continent. are you only afraid that sima yi will not be able to leave the wutong continent, but not the jia family or the sangzi continent?"

a threat, this was a blatant threat!

the faces of the array masters present instantly turned ashen, and no one could say anything.

originally, jia junjie had sought his own death, and he could not blame them for his death. however, zhen yingxian was really sinister, and the meaning of his words was that he wanted to blame jia junjie's death on them.

for example, they didn't help him and even incited jia junjie to seek death. once they were recognized by the jia family, their family in the great land of sangzi would be in real danger.

and they ... just as zhen yingxian said, they probably couldn't go back to the sangzi continent!

the grandmaster's status was not just high, that was in other continents.

sangzi continent's jia family was the overlord, and almost all of the martial union's higher-ups were controlled by the jia family!

A few mere grandmasters of arrays would not do anything on the surface, but if they were secretly killed, it would probably not even cause a splash.

"Hahaha, brother Zhen likes to joke! That's why everyone's happy to joke with you, brother Zhen!"

One of the grandmasters saw that the atmosphere was heavy and laughed drily, ""Actually, Sima Yi is a vicious person. Who knows if he will attack us in the source of array Dao?"

"Everyone knows that the source of formation Dao is full of problems and dangers. Any accident can not be considered an accident. That's how Sima Yi dealt with us. On the other hand ... It's the same when we deal with Sima Yi!"

Hearing this, Zhen Yingxian immediately smiled. ""Well said! Everyone, let's forget about the joke just now. Now, we can talk about serious business!"

The other grandmasters forced a fake smile on their faces, but they were cursing in their hearts. Who the hell thought that was a joke? that was the real joke!

Unfortunately, circumstances were more powerful than people. They were ultimately people of the great land of Sangzi. Just as Zhen Yingxian had said, it was too easy for the Jia family to deal with them.

People had to bow their heads under the eaves!

One of the grandmasters forced a smile and asked, "brother Zhen, do you mean to strike in the source of the array Dao?" It's indeed a good plan, but we have to take into account Sima Yi and Shi tiancai's array skills. They're both diamond rank array Masters!"

Jia Junjie was the leader of the great land of Sangzi, but he was only a dark gold Grandmaster. Zhen Yingxian was the same. In other words, in terms of formation skills, no one in the great land of Sangzi could beat Lin Yi and Shi tiancai.

"It's normal for you to have this concern, but after we enter, we might have a chance!"

Zhen Ying didn't care. He stuck out his tongue and licked his lips. A glimmer of light flashed in his narrowed eyes, and the corners of his mouth curled up into a faint sinister smile. "The source of formation Dao is extremely dangerous. It's normal for accidents to happen. After the incident, no one will investigate what happened."

"So what if he's a diamond-grade formation master? So what if he was an expert of the sea splitting stage? With that treasure in hand, even a super expert of the heaven breaking stage would have to kneel down before me!"

Some of the array Masters were confused, not knowing what Zhen Yingxian was referring to.

The others were shocked. One of them said nervously, ""Brother Zhen, you want to use ... That? That's too dangerous!"

"If it wasn't dangerous, how could we let Sima Yi and Shi Yucai, those two brats, die in the source of array Dao? They were all Diamond Grade array Masters, so it was a worthy death for them to be buried in the source of the array Dao. They should be thanking us!"

Zhen Yingxian once again let out a low, sinister laugh ...

On the other side, the targeted Lin Yi and Shi tiancai were still chatting, not knowing that the people from Sangzi Dazhou were discussing how to kill them.

Lin Yi was a little overconfident-he did extend his spirit sense out, but he didn't go too deep into the soundproof formation to eavesdrop. After all, these grandmasters weren't a threat to him, so there was no need to be too nervous.

After a while, the two didn't have anything else to talk about. Shi shengcai was a bit cold to begin with, and she saw Lin Yi as an opponent. Even if her impression of Lin Yi became better, she wouldn't keep pulling Lin Yi to chat.

Shi shengcai couldn't find something to talk about, so the two of them sat cross-legged in meditation and began to adjust their conditions, waiting for the moment when the source of array Dao would be activated.

In the end, when the sky turned dark and the sky turned bright, no one came to activate the source of array Dao. Fortunately, everyone was prepared and took out their tents to stay the night. They did not have to sleep in the open and eat in the wind.

Chapter 8597

When the sun rose, the sky array sect didn't come, but Zhang Yiming, the little fatty, came to find Lin Yi.

"Why are you here? Have they finished their cultivation?"

Lin Yi was surprised. Time was accelerated, but one day in the outside world shouldn't be enough for them to reach their goal, right?

Zhang Yiming waved his hand and said in a low voice, ""Boss, they're still training, so I came out first. Because I've been there too many times, there's not much room for improvement. "

"I've already made arrangements for them. There won't be any problems cultivating inside. I'm free anyway, so I came to see if I can be of any help to boss. "

Lin Yi was speechless-there was no room for improvement after going in too many times? You don't have any leeway with this little strength?

Forget it. If Zhang xiaopang's strength could advance by leaps and bounds, he would have done so long ago. He would not have waited until now.

"What can you help me with? Only array Dao grandmasters can enter the array Dao origin. Are you helping me look after my tent?"

Lin Yi was overjoyed, too lazy to care about the fatty. "Forget it. Since you're already here, we'll go back to the sword spring sect with Zhang Butong and the others after we enter. At least keep an eye on ..."

As they were talking, a light flashed in the sky, and a pillar of light fell from the sky, landing on the open space in the valley. After the light dissipated, more than ten figures were revealed.

The one in front was an old man with a thin face and a long beard that reached his chest.

The array path grandmasters, whether they were sitting or lying down, immediately stood up when they saw the light, bowing to the old man.

"That old man is the Vice President of the star source continent's array Dao Association. Every time the array Dao source is activated, it's usually the Vice President who is in charge. It seems like this time is no exception."

Shi chengcai guessed that someone who didn't even know about the sky array sect wouldn't know the Vice President of the array Guild, so she introduced him in a low voice, "The people beside him are the managers of the array Dao Union. They are all wearing the same uniform and are easy to recognize. The few behind him are the people from the sky array sect."

The array Dao Guild's attire was completely different from the sky array sect's. The Guild wore a Lake Blue robe, while the sky array sect wore a black robe. There was no way they would be mistaken.

Lin Yi nodded slightly and looked at the sky array sect people curiously. He didn't know which generation of sky array sect disciples they were. Could they be Han Jingjing's disciples and Grand-disciples? From this point of view, he was also the generation of his own disciples and Grand-disciples, right?

"I've made everyone wait!"

The Vice President stroked his long beard and looked around. At the same time, he smiled and nodded. Everyone who made eye contact with him felt that they were greeting him, so they all expressed that they did not have to wait long.

"Today is the opening day of the array Dao origin. I won't say too much nonsense so as not to waste everyone's time. Before the opening, I only have one thing to say!"

"The entrance fee for entering the origin of formation Dao is ten million gold certificates per person. Apart from formation Dao grandmasters, retainers can also enter, and there's no higher fee. It's also ten million gold certificates per person."

"Because the notice is a little rushed, if any Grandmaster is not in good hands, they can temporarily borrow from the sky array sect. As for how to borrow, you can discuss it later. That's all I've said. If you have any questions, you can ask them. "

The Vice President turned to the side and revealed the few managers beside him.

It seemed that the decision announced just now made him feel a little ashamed, so he hurriedly gave up his position as the host.

Shi Yucai was dumbfounded. What the hell was this?

Not only could he bring his retinue into the source of array Dao, but only array Dao grandmasters could also enter, and the entrance fee would also be greatly increased!

"Vice President, wasn't the entrance fee one million in gold? Why did it become ten million gold certificates this time?"

Shi shengcai subconsciously asked the question on her mind, directly stopping the Vice President who was about to leave.

Shi shengcai had three to five million Yuan in cash with him, so he said that he could pay for Lin Yi if he didn't like it.

In the end, one million turned into ten million. Shi shengcai had to consider who to help him, let alone who to help!

There was also the problem of retinue-only formation Masters could enter the source of formation Dao, which was why Shi Yucai didn't bring any retinue with her and only teamed up with Lin Yi.

Now, he said that Squire could enter even if they paid ... Who the hell was he trying to scam!

If she'd known this was going to happen, she wouldn't have dragged Lin Yi to the diamond Grandmaster exam.

the vice president of the guild glanced at shi longcai. he obviously knew this super genius from feng qi dazhou. he replied with a smile, "it's normal for grandmaster shi to have doubts. however, the increase in price this time is because there are new changes in the process of finding and opening the source of array dao. the sky array sect has to pay a higher price, so they proposed a new standard for the entrance fee. the array dao guild feels that it's very normal."

on the star source continent, the sky array sect's status was transcendent, and the array dao association could only cooperate with them. in terms of the origin of array dao, the sky array sect was the weaker party, so whatever the sky array sect said was right.

the vice president had already made it very clear that the sky array sect had the final say in the increase in the entrance fee.

although the array formation guild was the organizer, they had no right to speak on this matter.

even when the heavenly array sect announced this just before the opening of the source of array dao, the array dao association could not object.

when shi longcai heard the vice president's words, numerous thoughts emerged in his mind, and he was momentarily speechless.

in addition to sighing about the sky array sect's black heart, he also began to consider the part that he was lacking. how should he solve it?

the other grandmasters were also very dissatisfied. although they didn't question it on the spot, they also lowered their heads and whispered to those they were familiar with.

"Isn't the sky array sect's table manners too unsightly? The entrance fee has suddenly increased by ten times, and it's only mentioned at the last moment. It's obvious that he wants us to take good things as collateral for a loan!"

"That's right, the source of array Dao has almost become the sky array sect's money tree! Senior array Emperor founded the sky array sect and passed down the method to find and open the source of the array Dao. In the end, the sky array sect actually used this to accumulate wealth, which is really an insult to senior array Emperor!"

"Obviously, the sky array sect is short of money again. If not, they wouldn't be so ugly. Not only did they increase the entrance fee by ten times, but even their retinue can follow in! He's gone crazy thinking about money!"

.....

No matter how dissatisfied they were, they could only Mutter a few words in private. No one would stand out to express their opposition.

If even the array Dao Guild couldn't object to it, then they couldn't do anything about it unless they didn't want to enter the array Dao origin!

A fat man in the sky array sect uniform walked out with a sneer on his arrogant face. "Those who think it's too expensive, you can give up the opportunity to enter the source of array Dao and return to where you came from. If you don't have enough money, our sky array sect can even provide some free help!"

Chapter 8598

Needless to say, this fatty felt that the Grandmaster's words were a little harsh. Even if he wasn't openly ridiculing and opposing the sky array sect, he wouldn't allow these dissatisfied voices to exist.

After he finished speaking, the somewhat chaotic scene suddenly quieted down, and all the people who were whispering shut up.

The source of array Dao was not a place that could be entered at any time. It was impossible to make these array Dao grandmasters give up on entering!

Since they had come here, they all had the intention of breaking through. No one would be scared off by 10 million gold certificates.

Across the entire star source continent, there were also many array Dao grandmasters who did not participate in the opening of the source of array Dao.

This was because most people felt that they had reached their limits.

Even if he entered the array Dao origin, there would be no improvement, which was why he gave up on coming.

Those who came were all people with pursuits, so there was nothing to say!

The fatty was pleased and nodded his head, "It seems that all the grandmasters are people with dreams and pursuits. They won't cross the treasure Mountain and not enter. Since no one wants to quit, let's start paying the entrance fee! After we collect the entrance fee, we'll immediately activate the array Dao origin and send everyone in. "

This fatty was an elder of the sky array sect. He looked at the array Masters in front of him as if he was looking at mountains of gold and silver.

He casually waved his hand and the other sky array sect members behind him began to collect the entrance fee.

Most of the grandmasters in array Dao were also rich people. Although they didn't earn money as easily as grandmasters in pill Dao, it wasn't a problem for them to get enough money to pay the entrance fee.

However, most of them were not very willing to fork out another ten million in gold certificates to bring a retinue.

The array Dao origin still required strength in the array Dao. No matter how strong one's combat power was, if one did not understand array Dao, they would still find it difficult to move forward in the array Dao origin.

Therefore, only one-third of the total number of people actually paid to bring their retinue in. Most of them only brought one retinue, and only a few brought two or more retinues.

It could only be said that this small number of people were really rich and willful!

The sky array sect disciples collected the entrance fee separately, so it was quickly sent to Lin Yi and Shi Yucai.

"How many of you are going in?"

The sky array sect people looked at Lin Yi and the other two, thinking that they looked too young to be able to afford the entrance fee. "If you don't have it, you can use something good as collateral."

Shi chengcai stood at the forefront, his face red. He really didn't have enough money. He didn't care if he had to pay 13 out of nine, but he felt embarrassed to borrow a Kasaya from the sky array sect in front of Lin Yi for the entrance fee.

Especially when she said she'd pay for Lin Yi's entrance fee-it was so embarrassing!

"Brother, are you embarrassed? Why was her face so red? He just didn't have money, so what if he said it out loud? Tell me, how much do you need? You wouldn't give up the opportunity to enter the array Dao origin just because you lack money, would you?"

The people from the sky array sect could see Shi tiancai's embarrassment and teased her with a few words, causing her face to turn even redder.

Although there wasn't much malice in his teasing, it still hurt Shi shengcai's proud self-esteem.

Especially the array Masters at the side, they looked at him with a bit more interest.

If it weren't for Lin Yi's infamous name, people would've started talking about him already.

Now, there were no strange words, but those gazes still made Shi longcai somewhat unable to bear it.

It was too awkward!

Shi wancai felt like he was riding a Tiger and couldn't stop. He didn't know whether he should take the loan or not!

Lin Yi raised an eyebrow. Shi wucaai was his teammate after all, and he couldn't let him suffer. He gave Zhang Yiming a look.

Zhang Yiming understood and immediately stepped forward, his face full of arrogance. ""Who doesn't have money? Which eye of yours sees us as people without money? You're really blind, your whole family doesn't have money, but us brothers don't lack money!"

"It's just 10 million gold certificates! Such a small amount of money almost scared us to death. It would be more interesting if you said 100 million for one!"

As he spoke, Zhang Yiming threw out gold certificates. ""I've counted it clearly, 30 million! The three of us are going in, is that enough? Do you want me to give you a tip? Since you're working so hard, take a million gold certificates as a tip and have a full meal later!"

As expected of a rich man with a mine in his family, the way he threw his money was so handsome. Needless to say, he had really stunned the people from the sky array sect.

"I'm sorry, I'm sorry! I've underestimated you, I'm sorry!"

The sky array sect's people were also carefree. They were here for money, so there was no need to make enemies. This time, the sky array sect had suddenly increased the price by ten times, which was in the wrong. Therefore, before they came out, they were specifically told that on the premise of getting the money, they had to endure a few scoldings and a few beatings!

Zhang Yiming didn't scold or hit anyone, but threw out a million gold certificates to hit his face ...

The sky array sect's disciple accepted it without hesitation. It didn't matter if you slapped his face or his butt, it was a million gold certificates!

I wonder if this little fatty is still interested in continuing?

This was his personal net income and he didn't have to turn it over to the sect, so he couldn't wait for Zhang Yiming to continue using money to humiliate him. He was always ready!

"Take the money and leave quickly. Hurry up and open the array Dao origin. Don't you know that we've been waiting for you here for a day and a night?"

Lin Yi glanced at the man, displeased.

The people from the sky array sect quickly apologized and said that they would activate the source of array Dao soon. Then, they quickly turned to the others and continued to collect money.

After a short while, all the array Masters paid the entrance fee. Some of them were not prepared enough and signed a mortgage loan agreement, allowing the sky array sect to earn an extra sum.

Shi shengcai didn't thank him, nor did he say he would pay the entrance fee, which seemed a little unreasonable.

But Lin Yi knew that this King of acting tough was just keeping his gratitude to himself. If there was a chance, Shi Yucai would definitely return the favor.

This was a natural pride in his character, and there was no need to doubt anything.

"The source of array Dao is about to be activated. All grandmasters, please line up according to your continent. If there are groups within the continent, please also try to get as close as possible. After the source of array Dao is activated, the teleportation will be carried out according to the continent!"

The sky array sect's fat elder loudly reminded them, and the four sky array sect disciples each took a position, forming a Pentagon.

The five of them took out a jade talisman at the same time, held it in their right hand, and raised it to the person on the other side, which was the second person on the right side. They raised their empty left hand to the person on the left side.

A soft light shot out from the five Jade talismans, hitting the target's empty left palm. In an instant, the five rays of light formed a five-pointed star. The five-sided star in the center shone brightly and suddenly shot up into the sky.

Chapter 8599

The clouds in the sky suddenly started to gather. The originally clear sky was quickly covered with thick clouds. The five-sided light pillar pierced through the clouds, stirring the wind and clouds to form a huge vortex.

Lin Yi was shocked, but it wasn't that the scene was beyond his imagination. It was a bit spectacular, but it wasn't enough to shock Lin Yi. What really caught his attention was the Jade talismans in the hands of the sky array sect's five!

If he wasn't wrong, those Jade talismans should be a special array talisman. He didn't know if it was something passed down by sun sikong or if it was a skill he passed down.

Things would decrease after they were used, and no matter how many there were, they would be used up one day. However, skills could be regenerated. In other words, did the sky array sect have the means to make array talismans?

If he had the chance in the future, he could go and find out more ...

As Lin Yi was thinking, the clouds in the sky started to change. The vortex-shaped clouds slowly descended, forming steps of clouds that extended into the valley.

Most of the array path grandmasters were not surprised. It was obvious that they had seen such a scene before. The few who were surprised were mostly newcomers who had come here for the first time. They were rookies who had only become array path grandmasters after the last opening of the array path origin.

"The scaling ladder has been formed. The source of the formation Dao is activated. Climb the scaling ladder on each continent!"

The fat man from the sky array sect was still maintaining the light pillar of the five-pointed star. He didn't look very relaxed, so his words were somewhat heavy.

The array Masters from each continent began to climb the ladder without a word, and they quickly entered the origin of array Dao with each continent as a unit. After entering, it didn't matter whether they acted together or not.

There were no hard rules. It was up to you whether you wanted to form a team or go alone. No one would interfere. However, most people would choose to move together. If there was any danger, they could look out for each other.

Other than Lin Yi and Shi chengcai, there were ten other grandmasters from Fengqi great continent, but they were all from different parts of the continent and didn't have any relationship with Shi chengcai and Lin Yi.

They didn't show any intention of teaming up with Shi tiancai and Lin Yi along the way, and after Lin Yi killed Jia Junjie and the others, they decided to cut off all ties with Lin Yi and Shi tiancai, forming a clear and distinct situation.

They probably thought that if they hung out with Lin Yi and Shi Yucai, they'd be viewed as enemies by the other continents "grandmasters. It'd be difficult for them.

Lin Yi and Shi chengcai didn't care. Shi chengcai was proud, and other than Lin Yi, who he recognized as a teammate, no one else from Fengqi Dazhou was worthy of being in his team.

It was because of this that Shi wangcai's popularity in the circle of formation grandmasters in Fengqi continent was quite poor.

So when Fengqi Dazhou's team climbed up the ladder, they were clearly divided into two groups.

Neither of them had any intention of greeting each other. They climbed up the ladder like strangers and entered the source of formation path.

After climbing up the ladder, everyone could feel a clear sense of teleportation.

Light flashed before his eyes, and after a slight sense of weightlessness, he immediately felt as if he was standing on solid ground again.

Lin Yi looked up and found that all the people from Fengqi Dazhou were in a strange place.

The surrounding mountains and rivers were beautiful, the sun was bright, butterflies were flying, birds were chirping, and flowers were blooming. It was a beautiful paradise on earth!

"Is this the source of the formation Dao? It looked pretty good! It's a good place to live in seclusion. "

Lin Yi complimented casually.

Then, he saw the formation Masters of Fengqi Dazhou go to the other side without even saying a word.

Only a relatively young man was left behind, standing there with an awkward look.

He was young only when compared to the grandmasters, but he was already in his early thirties, much older than Lin Yi and Shi Yucai.

However, in the circle of grandmasters, a Grandmaster in his thirties was indeed considered a young man. His talent was strong enough to be called a genius!

Lin Yi and Shi chengcai didn't mind the people who left. They didn't see each other as family, so it was normal for them to part ways.

The guy who stayed behind, on the other hand, caught the attention of the three.

Feeling Lin Yi and Shi tiancai's gazes, the man ran over and wiped away the awkwardness on his face, forcing a smile to greet them.

"Grandmaster Sima, Grandmaster Shi, and this ... Brother ... Good, I am the new president of the ping Yang alchemy branch under the alchemy Association of the martial Alliance of the Phoenix Nest continent, Pi yixia. Greetings to the three of you!"

Lin Yi's mouth twitched-it seemed like this Ping Yang branch's President was quite mischievous when he wasn't doing anything, or he wouldn't be called that.

He definitely felt very happy to be cheeky for a while!

"So it's President Pi, nice to meet you!"

Lin Yi cursed in his heart, but he put on a smile and cupped his hands. "What's the matter, President Pi? Why didn't you leave with them?"

"You flatter me, you flatter me. Grandmaster Sima, you can just call me by my name, or you can call me old skin or something."

Hero Pi's attitude was very humble and he lowered his posture. "I just became a Grandmaster not long ago, so I'm not familiar with them. In fact, I've been persuading them to work with Grandmaster Sima and Grandmaster Shi. After all, they're all from Feng Qi Dazhou, so they can look out for each other."

"It's a pity that they had some concerns and didn't accept my suggestion. In the end, they even asked me to find two grandmasters to form a team with ... I really admire the two grandmasters, and I hope that you won't find me a burden ..."

Lin Yi understood now-this Pi yixia was someone who'd been pushed out by those formation Masters in Feng Qi Dazhou because he wanted to be on good terms with Lin Yi and Shi Yucai.

If he didn't do anything, hero Pi would have to act alone.

He had just become a bronze-level array Grandmaster, so he would probably be one of the first to be eliminated from the array Dao origin!

"What do you say?"

Lin Yi turned to Shi tiancai.

Since Lin Yi asked, it meant that he had no objections.

Hero Pi was quite pleasing to the eye, not the kind of appearance that would make people hate him, and his impression of him was not bad.

Shi shengcai pursed his lips and said, "whatever!" You can decide!"

"Alright, then you can come with us!"

Lin Yi decided-it was rare that Shi wangcai didn't object, so he'd just bring one more. "This is Zhang Yiming, my brother. You guys should get to know each other."

"So it's brother Zhang, I'll take care of you in the future!"

Hero Pi's face was full of joy, and he was very polite to Zhang Yiming.

He was Lin Yi's brother, after all, and he didn't dare to treat Zhang Yiming lightly.

Zhang Yiming chuckled. "Don't worry about it. We're all family. Don't say that you're taking care of me. You're too polite. Can I call you mantis shrimp?"

"Ah? You can ..."

Hero Pi was a little stunned. Why did he call me mantis shrimp?

Chapter 8600

"Hahaha, I'm just joking. You're the president of the alchemy branch. How can you be called mantis shrimp? I'm just being cheeky for a while and I'm very happy, don't take it to heart. "

Zhang Yiming joked on purpose. This was the best way to close the distance between them and let hero Pi integrate into the team as soon as possible.

This was the source of the array Dao, so there was no time to cultivate feelings and tacit understanding step by step. By joking, the strangeness would be eliminated immediately. After everyone laughed, they would naturally become familiar with each other.

Hero Pi laughed dryly, thinking that he didn't seem to be as happy as he was. However, this did make him feel a lot more relaxed.

He'd been invisible in the Grandmaster's group-he'd been kicked out because he said he wanted to get on Lin Yi's good side.

Therefore, he didn't mind Zhang Yiming's joke and even joked with him.

The atmosphere between the four quickly became harmonious. Lin Yi looked around and asked Shi Yucai, "How should I go? He couldn't possibly follow those people just now, right? You've been here before, do you have any route?"

"What route is there? The array Dao origin opens at a different location every time, and the way in is also different. Why don't you tell me the route?"

Shi shengcai pursed her lips and randomly pointed in a direction. "Let's do it here! It's all the same anyway. In the origin of formation Dao, there are naturally formed formations everywhere. As long as you find the right opportunity, it's possible to break through your own limits. "

Lin Yi suddenly understood-as expected of the origin of formations, there were natural formations everywhere ...

However, there didn't seem to be any traces of a formation in his current location, so he couldn't say that he was everywhere, right?

"This is the simplest and least likely way to break through. If you're not strong enough, you can choose to comprehend these ordinary natural arrays. You'll also gain a lot."

Shi shengcai continued to explain. After all, he was the only one who had been here before. The other three, including Lin Yi, were noobs who had just come in. "Array Masters with goals and pursuits will definitely find the true source after entering the source of array Dao!"

"After finding the hidden natural array and cracking it, you'll get a clue that will guide the person who cracked the array to the source of the array Dao. As long as you reach the source, the breakthrough will be a done deal!"

Lin Yi was surprised-so there was a real source in the formation Dao origin, and it didn't mean that the formation Dao origin itself was the source ...

It sounded like a tongue twister, but that was what it meant.

"Has anyone entered the formation Dao origin before? Are there any successful breakthroughs?"

"The true source ... Legend has it that only sun sikong, the array Emperor, has entered it. The array Masters who came later could only approach the source infinitely, but no one has ever been able to enter it."

Shi wancai's eyes were filled with yearning. "Even if I didn't really enter it, the natural formations that are close to the source are already extremely profound. I've gained a lot after comprehending them."

"The last time I went to the source of array Dao, I chose to act alone. Although I gained a lot, I was unfortunately trapped in a natural array. That array required two people to work together to break it. This is also the disadvantage of acting alone!"

Lin Yi finally understood why Shi tiancai wanted to form a team with him.

In the beginning, he might have wanted to show off in front of him, but it was just in passing. He still needed a teammate to avoid the same mistakes.

In Shi Yucai's eyes, Lin Yi was an opponent, but he also had the right to be a teammate. Other mediocre people didn't have the right to be an opponent, so they naturally didn't have the right to be teammates.

It was no wonder that the array Masters of Fengqi Dazhou ignored Shi tiancai. You look down on us, and we're in a hurry to be looked down on by you?

There were historical reasons for their existence!

The four of them talked as they walked, looking at the scenery along the way as if they were on a green outing, and it was quite comfortable.

It wasn't an exaggeration to say that there were natural formations everywhere-they'd only walked for ten minutes, and they'd already found four or five hidden natural formations.

However, these formations were very simple and could be seen through at a glance. The two of them had no interest in cracking them.

Shi wancai had said that the clues to the source of formation Dao were generally hidden in more difficult natural formation arrays.

The higher the difficulty, the higher the chance of obtaining clues. For a formation that could be seen through with a single glance, there was a 100% chance that there would be no clues. Solving it would only be a waste of time.

Pi yixia wasn't picky-he was a bronze-level Grandmaster, after all, and formations that Lin Yi and Shi Yucai thought were easy to break weren't easy for him.

Therefore, he was eager to give it a try, but the two big bosses were not interested, so he did not dare to move!

What if he went to break the array and the big shots were impatient and left him behind? what would he do then?

It was better to obediently follow the big shots and not cause any trouble!

"Shi Yucai, were there any rules when the origin of formation Dao entered? We've been walking for a while now, but we haven't seen any array Masters from other continents. There were many people who came in before us!"

Lin Yi was curious-it wasn't like every continent had their own map, and they wouldn't interfere with each other after teleportation, right?

"A pattern? Hmm ... Every continent should be randomly transported, so it's not impossible to meet them when we first come in. It's just that the possibility of not meeting them is higher. "

Shi shengcai thought for a moment, but he didn't seem very sure."Right now, we're probably still in the outer region of the origin of array Dao. After a while, when the difficulty of the natural array has increased, we might be able to meet people from other continents!"

Where the source of the array Dao was, it was the center of the array Dao.

The difficulty of a natural formation was proportional to the distance to the source. The closer one was to the source, the more difficult it would be.

According to this principle, he could roughly know the location of the source.

However, in order to enter the source, one had to crack the natural formations along the way and obtain the hidden clues.

In other words, if they didn't destroy the formation along the way, they wouldn't be able to get close to the source.

Therefore, no matter where people from other continents were, they would eventually meet each other because everyone's ultimate goal was the same.

Lin Yi's face changed slightly as soon as Shi chengcai finished speaking.

This was because the grandmasters of array Dao from the other continents had appeared!

The origin of formation Dao was filled with formations, which posed a great obstacle to the detection of divine sense.

They just happened to go around a simple formation, and Lin Yi extended his spirit sense out to find a group of formation Masters.

A dead formation path Grandmaster!

No wonder even Lin Yi's expression changed!

"There's a situation up ahead. Everyone, be careful!"

Lin Yi warned the other three in a low voice before leading the charge.
