

Bodyguard 8601

Chapter 8601

Hero Pi Yi pouted, thinking, "Big Boss Sima, you told us to be careful, but you're so tough?"

Shouldn't he be advancing step by step?

Is it because we have a different understanding of the meaning of being careful?

He didn't dare to slow down after seeing Shi wangcai and Zhang Yiming speed up behind Lin Yi.

The big boss had already said that there was a situation. If they didn't follow closely, wouldn't they be dead if there was any danger?

After turning around a gentle slope, the view in front of them suddenly opened up. The flat grassland was covered with green grass, and there was a clear stream flowing by.

Lin Yi's spirit sense had found that the grandmasters were resting here, but they were sleeping here forever!

"It's the group of grandmasters from the heavenly silkworm continent! How could they have died here?"

Shi Yucai cried out in alarm, the shock in his eyes unconcealed!

Zhang Yiming and hero Pi were also shocked by the scene in front of them. Their mouths were wide open, and they didn't know what to say.

Even Lin Yi's face changed when he saw it, so it was normal for them to react like that.

Because the death of the heavenly silkworm continent's Grandmaster team was very unusual, everyone maintained their posture before death!

There were people sitting cross-legged on the ground holding food and preparing to bite, and there were also people walking and lifting their feet in the air.

They also turned around to get something, squatted by the stream to get water, and other actions. However, none of them were in a defensive or counterattack posture!

Everyone had unknowingly died while maintaining a normal posture. The scene was strange and inexplicable!

What was even more strange was that all the corpses seemed to have been dried up, without the slightest bit of moisture, as if they would be turned into dust with a blow of the wind.

However, the clothes, accessories, and weapons on the bodies were still in their original state.

That was why Shi longcai was able to recognize their identities at a glance!

"Everyone be careful, there should be an extremely powerful hidden formation here. The clothes of the people of the heavenly silkworm continent were not damaged, but their bodies were turned into mummies. It's obvious that this formation will suddenly attack the human body and kill them very quickly, catching people off guard and unable to react in time!"

Shi shengcai looked around with a serious expression, warning Lin Yi and the others while slightly lowering his body and maintaining a defensive posture.

He didn't even notice that a drop of cold sweat had seeped out of his sideburn.

The natural formations in the origin of formation Dao were strange, and it was normal for any special phenomenon to appear.

Hence, although Shi longcai had never heard of an array attack that could turn a person into a dried corpse, he firmly believed in the existence of such an array!

Seeing that no one from the heavenly silkworm continent's Grandmaster team reacted, one could tell that this attack was sudden, unpredictable, and unstoppable!

Shi shengcai was nervous!

Lin Yi frowned slightly and expanded his spirit sense to the limit, carefully checking the space and area around the group of grandmasters from the heavenly silkworm continent, but he didn't find any traces of the formation!

No formation?

"Senior ghost, come and see if there's a hidden formation here. I can't find any clues!"

Lin Yi wasn't so arrogant as to think that his skills in formations were unparalleled in the world. Just because he didn't notice it didn't mean that formations didn't exist.

Therefore, he asked the ghostly thing from the Jade space to help him find clues.

Formations were extremely profound, and neither the ghost nor Lin Yi were arrogant enough to think that they were the best.

The two of them had always maintained a sufficient amount of respect and curiosity towards the Dao of formations.

The more he knew, the more he felt that he was ignorant!

If Lin Yi were to rate his own strength, he'd say that he wasn't a diamond Grandmaster-he'd at most be at the beginner level, still a distance away from the master level.

Therefore, before he realized it, he had asked for help from the ghost at the first moment.

"Senior ghost, what do you think?"

"It seems like ... There really isn't any formation!"

The ghastly thing was also a little confused. After pondering for a moment, it continued, ""If it's a natural concealment array, then its concealment ability is too strong! There's no other way. We can only go over and check it out. If we can trigger it, we might be able to find some clues. "

Lin Yi was silent for a moment. The ghost used a lot of uncertain words, obviously not confident at all.

Of course, Lin Yi and the damn thing couldn't see it. Maybe there really wasn't any invisibility formation. The people who died on the heavenly silkworm continent might not have died from an attack from a formation!

"I understand! I'll go take a look!"

Lin Yi had the confidence.

After all, he had the Sorcerer spirit sea. If he encountered any danger, the Jade space could warn him in advance and he could immediately escape with his sorcerer spirit body. He could keep his physical body in the Jade space and there was basically no possibility of dying.

If it was someone else, they would not be able to escape even if there was an early warning!

The demonic thing hummed in acknowledgment. He would watch Lin Yi in the dark-he could at least lend a hand in times of emergency.

Lin Yi walked up slowly, not even turning his head. "Don't move. I'll go over and check. Maybe I'll find something!"

"Sima Yi, what are you doing? Hurry up and come back!"

Shi longcai was taken aback. He lowered his voice and shouted, "The situation is still unclear, so don't act rashly. If you touch the array, you might die instantly, just like those dried corpses!"

"Don't worry, I know what I'm doing! If we're talking about fear of death, I'm not inferior to you at all. I've just seen that there's most likely no formation here, so their cause of death must be some other twist. But for safety's sake, don't move first. "

Lin Yi still didn't turn around, only waving his hand. "With my array Dao strength, even if there is an array, it may not be able to do anything to me. If you come over, I can't take care of you!"

Shi Yucai's face turned ashen. Who was afraid of death? You can say that you're afraid of death, but why did you bring me along? 'And he's not inferior to me ...'

Forget it, he couldn't tolerate his array Dao strength!

Do I need you to take care of my array Dao skills?

Are you, Sima Yi, a little too arrogant? Or do you think that I, Shi chencai, won't use my saber anymore?

Despite his complaints, Shi Yucai couldn't argue with Lin Yi, because Lin Yi had already stepped into the grass that was full of life but also brought about terrifying death!

Lin Yi's every step could lead to unpredictable danger. Shi shengcai was very cautious in the overall situation and wouldn't affect Lin Yi with words.

After stepping into the grass, Lin Yi was very careful with every step. Whether it was his spiritual sense or his physical senses, he used all his strength to not miss any suspicious places.

The soft grass beneath his feet was very comfortable to step on. With every step he took, the fresh smell of the soil and grass would rise.

Lin Yi wasn't in the mood to enjoy it. He slowly walked to the nearest dry corpse, and nothing special happened during the process.

Chapter 8602

"His clothes are intact. There's no sign of struggle or any external injuries ..."

Lin Yi squatted down and put his fingers on the corpse's wrist. The corpse was sitting on the grass, so it wasn't convenient for him to stand. "The meridians in his body are dried up ... But his internal organs aren't injured. They're also showing signs of drying up, just like his meridians."

If one's divine sense went deep into it, one could also discover these symptoms, but after touching it, one could see it in more detail from another angle, and it would appear more three-dimensional when compared with it.

Shi chengcai heard Lin Yi's words and was stunned, "Sima Yi, what do you mean by this? Any conclusions?"

Lin Yi stood up and waved his hand. He went to another corpse and repeated the same action, "The conclusion ... I can only say that we roughly understand the cause of their deaths! There's not a single trace of elemental Qi in their bodies. If I'm not wrong, all of these people's elemental Qi was suddenly sucked dry by unknown reason. "

"The extraction process was rather short. It might have been completed in an instant! That's why they didn't even have time to react and turned into dried corpses!"

"They're not prepared for death, and they don't feel anything! I don't know if it's a kind of fortune to lose their lives without pain ... But the cause of their death will make those who come later feel a special fear ... Perhaps there's something ahead that doesn't want us to get close?"

Lin Yi said as he looked at the other side of the stream. Other than the grass, there was a forest that his spirit sense couldn't penetrate.

If he was not mistaken, there should be a formation there. However, the distance of the formation ... Did not seem to be enough to kill the people here?

Shi chengcai walked to Lin Yi's side quietly. He was a diamond Grandmaster as well, and he couldn't admit defeat in front of Lin Yi.

He had to follow Lin Yi.

Lin Yi didn't think much of it-it seemed like there wasn't any danger here, so he could come if he wanted to.

"Shi Yucai, have you ever encountered or heard of such a situation before? Is there such a dangerous place within the formation Dao essence?"

Shi Yucai was silent for a moment before he shook his head gently. "I've never seen or heard of such a situation. Of course, there are dangers in the source of formation Dao. Every time, there will be a formation Dao Grandmaster who will die. "

"But those are the dangers we encountered in extremely powerful natural formations. Even if they were dangerous, they would never be as dangerous as this place! At the very least, I've never heard of a situation where the entire Grandmaster's team was completely annihilated. "

Lin Yi frowned. Were these corpses special cases?

Or was there some unknown change in the activation of the source of array Dao? Because non-grandmasters had entered?

"You guys take a rest over there. I'll take a look around and see what's going on!"

Lin Yi turned around and gestured for Shi tiancai and the others to move back a little, while he himself prepared to cross the stream to take a look.

Shi Yucai's expression was grave. "It's too dangerous for you to be alone. No one knows what's going on. Let's move together!"

It was rare for him to show concern for Lin Yi, which surprised Lin Yi.

"Boss!" Zhang Yiming ran over. "I'll go with you!"

"No need. I'm fast and can come and go as I please. It's inconvenient for you to follow me. Don't worry, I'll be fine!"

Zhang Yiming couldn't ask to follow Lin Yi anymore.

Shi chengcai ignored Lin Yi's decision in a fit of anger.

As for the invisible yixia, he didn't dare to be naughty now and continued to be invisible.

After a simple greeting, Lin Yi flew past the stream alone and quickly disappeared into the forest.

After making sure that Shi tiancai and the others couldn't see him, he immediately used the plant attribute.

Whether it was the forest or the grass, it was Lin Yi's home field with the plant element.

Although he couldn't use the wood escape technique, when the plant element was used to the extreme, it could also have some of the effects of the wood escape technique.

The natural formation in the forest was quickly identified by Lin Yi.

To be honest, it was a bit difficult-hero Pi would most likely be trapped if he came alone, but it wasn't much of a challenge for Lin Yi.

He quickly broke through the formation and went through the forest to a Valley.

The place was still full of trees, but it was quite a distance away from Zhang Yiming and the others. Lin Yi decided to go back and meet up with the three of them first if they didn't find anything.

"Eh?"

Lin Yi was about to head back when his spirit sense detected something unusual.

After letting out a low cry of surprise, he immediately flew in the direction of the abnormality.

Using the plant element to hide his tracks, Lin Yi was like a ghost as he silently and quickly approached the area where there was something unusual, hiding in the dark and observing.

Just now, his divine sense had scanned a slight fluctuation caused by the rapid disappearance of a life aura.

Lin Yi suspected that it was the follow-up of the corpse incident at the skancan continent, so he rushed over without stopping.

When they arrived, they realized that it was indeed the case.

In the forest of this Valley, there were also seven or eight mummies, maintaining their last posture before they died.

"Senior ghost, did you find anything? These people just died, and it shouldn't have been more than ten seconds!"

Lin Yi used his spirit sense and even his plant element to help him, but he still couldn't find anything. He could only continue to discuss with the ghost.

Two heads were better than one, so maybe they would find something.

In the end, the ghost had no clue either. "It's still the same as before! He couldn't see any signs of the existence of a formation. They had only died for such a short time. If there was a formation, it shouldn't be able to completely hide them! Maybe it's something else, like a powerful magical beast?"

Lin Yi could only sigh in his heart, not expecting the thing to discover anything more.

After making sure there weren't any weird things around, Lin Yi decided to go check on the dried corpses.

After all, it was a person who had just died. Even if it was a dried corpse, there was still some warmth left. Perhaps there would be some clues left behind.

In a situation where he had no clue, any small clue would be extremely important!

But just as Lin Yi was about to move, there was a flash of light, and two people suddenly appeared not far from the corpses.

If it wasn't for the fact that Lin Yi was still in his plant element, he would've been seen by the enemy at the same time.

"There aren't many people who died here! He doesn't look very rich!"

One of them turned around and looked at the seven or eight dried corpses, his face showing some disdain.

The other nodded and said, "you're right. They're from that so-called ... So-called continent?" He's the one with the lowest overall strength in the entire starsource continent ... Anyway, he's weak and poor. Although he's a Grandmaster, he doesn't have much to earn!"

Chapter 8603 The End

"Because they are poor, they have no resources to improve their strength, which leads to their poor strength. When they are poor, they have no way to obtain more resources, which leads to them being even poorer. It's a vicious circle!"

The man from before laughed and walked to one of the mummies as he spoke. He searched the mummified body for items with great familiarity.

Lin Yi's eyes turned cold, and he continued to hide.

These two people who had suddenly arrived were wearing the sky array sect's uniform that he had seen before, but they were not the five people who had activated the array Dao source.

From the looks of it, it didn't seem like it was their first time doing this.

The valuable things on the mummies were easily found, and the mummies themselves were not affected at all. They were still as they should have been.

Lin Yi started to get suspicious-could it be that the sky array sect was behind this?

These dried corpses were killed by these two sky array sect disciples?

"As expected, they're all poor. They don't have anything valuable!"

"I've expected this! It'll be a worthwhile trip if you can get something, don't ask for too much. "

"These paupers probably pawned all the good things they had in order to raise the entrance fee, right?"

The two sky array sect people talked as they deftly searched the seven or eight mummies.

The one who spoke first suddenly sighed. ""Do you think it's right for our sect to cooperate with the darkness demon beast clan this time?"

"Shh! Lower your voice! This isn't something you and I can comment on as we please! Don't look for trouble if it doesn't concern you!"

The other one lowered his voice and made a shushing gesture. He looked around nervously, trying to make sure that there were no other people around.

The one from before bared his teeth and laughed, "aren't you a little too timid?" What kind of people could be here? Even if there were, they would have died long ago! It's just the two of us, what's there to be afraid of?"

"Isn't it just cooperating with the darkness demon beast clan? what's there to be surprised about? it's not like there's no precedent! Speaking of which, this is a pretty good opportunity. If we can grasp it, there's hope for our sect's revival!"

This guy didn't seem to care, but the other one was very nervous. He glared at him and continued to speak in a low voice, ""There's no hope for revival, but it has nothing to do with you. You should take care of yourself! We're just two outer sect disciples, so let's not worry about that, alright?"

His thoughts were simple. There would definitely be benefits for the sect's revival, but how much could the lowest outer sect disciples get? Let's just go with the big boss!

For this kind of thing, do as ordered, and don't get involved without orders. Don't even participate in the discussion, lest you get into trouble!

That was the right idea!

For example, they didn't notice Lin Yi, who was hiding not far from them!

The heaven array sect was colluding with the dark Demon beast clan?

This wasn't a small matter, and Lin Yi's killing intent rose. If these two weren't outer sect disciples, he would've taken them down already!

Once he was captured, the next step would naturally be to extort a confession through torture or directly search his soul to find out the truth ...

It was a pity that they were only outer sect disciples, and he reckoned that he wouldn't be able to get much information out of them even if he captured them.

"You're really boring. Can't you even chat with me when you're bored? you can just casually chat to death!"

The previous one was very indignant, but it seemed that he was not in the mood to continue talking. He took out a jade talisman and said, "Let's go! We'll continue the miserable life of outer sect disciples!"

The light from the Jade talisman shone brightly and wrapped around the two of them. After a flash, they disappeared!

Lin Yi looked at the scene without moving, not stopping them.

They were just two outer sect disciples, barely considered two small fish. There was no need to alarm them.

If they scared the big fish away, wouldn't that be a loss?

However, the Jade talismans that they used to leave, if he was not mistaken, were formation talismans!

It was said to be a long-lost formation on the sub-Island!

He'd already suspected that the sky array sect had some sort of inheritance when he first activated the source of the array Dao, but he didn't know if it was the technique or the talismans themselves.

From the looks of it now, it was very likely to be due to the production technique!

If not for this, how could two outer sect disciples casually use the teleportation array talismans to wander around the source of array Dao?

Just to plunder some property? Don't joke around!

The value of the items on these seven or eight poor ghost corpses might not even be able to match the value of a single teleportation talisman!

If they didn't know how to make array talismans, the sky array sect would have suffered a huge loss this time!

The ghastly thing had also seen what had just happened. It suddenly said, ""I didn't expect the sky array sect to join forces with the darkness demon beast clan ... Why don't we continue to look in that direction? The sky array sect's people are only here to collect the spoils of war. It doesn't seem like they're the ones who turned into mummies. "

He had not spent so much time researching spatial arrays for nothing. This damned thing was very sensitive to spatial aspects.

Although it was impossible to accurately determine the last teleportation point of the two sky array sect outer sect disciples, the spatial fluctuations left behind by the teleportation talisman were enough to determine the direction they had been teleported to.

He asked Lin Yi to go with him because he was interested-he wouldn't force Lin Yi if he didn't want to.

"Senior ghost, you think the two people from the sky array sect will continue to collect spoils of war from the dried corpses, right? So, they know where the next batch of mummies will appear, and if we follow them, there's a high chance that we'll find out the truth?"

Lin Yi said as he followed the direction of the spatial fluctuation. He didn't even have the thought of going back to Zhang Yiming and the others.

The damn thing was ashamed-he was just being excited, and didn't think too much about it ... Lin Yi made sense, and he couldn't just deny it!

"That's right, this child can be taught! Hurry up and follow!"

The shameless senior took Lin Yi's words as his own without hesitation-it was important to maintain his glorious image!

As Lin Yi continued to pursue the truth, Shi Yucai, Zhang Yiming, and the other two were in trouble.

"Shi Yucai, just you three? Where's Sima Yi?"

Zhen Yingxian led the Sangzi continent's grandmasters past the grass and happened to meet Shi tiancai's group who were resting and waiting for Lin Yi. He was secretly happy and immediately had people surround them.

"It has nothing to do with you! What do you want by surrounding us with people? Do we make a move?"

Shi chengcai wasn't afraid, and calmly confronted Zhen Yingxian. "If you want to make a move, then do it. You're not afraid that Sima Yi will suddenly appear and catch you off guard, are you?"

"Hehehe, are you afraid that Sima Yi will catch me off guard? You really know how to joke. Actually, I was afraid that if Sima Yi didn't appear, it would be a waste of my feelings!"

Zhen Yingxian had a smug look on his face as he took out an ancient formation disk. "We're in luck today, this is a heaven-sent opportunity. When Sima Yi returns, I'll let him know what despair is!"

Chapter 8604 The End

Shi wancai's expression changed slightly.

As a Diamond Grade array master, he could tell that the ancient array disc was not simple!

Hero Pi was even more frightened.

He was only a bronze-grade array formation Grandmaster, yet he could already feel immense pressure when he saw the array disc.

Even though the array board had not been activated, the sense of danger in his heart was about to explode!

Zhen Yingxian didn't stop at all. After taking out the ancient array disc, he quickly activated it.

An invisible force instantly spread out, enveloping the surrounding area within a radius of a thousand feet.

Shi Yucai and the other two felt their bodies sink, as if they had fallen into a quagmire. They had to use dozens of times their previous strength to raise their hands and feet, and they couldn't achieve their usual speed!

"Hahahaha, do you feel it? Not everyone could withstand such pressure, so what if he was a diamond-grade Grandmaster? Do you have the ability to break the formation of this formation plate?"

Zhen Ying was extremely proud and laughed wildly, "The origin of this formation plate is mysterious. Ordinary diamond-grade formation Masters can't break it at all, especially when they're trapped in a formation. They can't even move, let alone break out of it!"

Shi shengcai was secretly angry, but he had to admit that Zhen Yingxian's words were correct.

This array was a rather high-level complex array. Currently, the only known ones were trapping arrays and illusionary arrays.

The mud-like binding force was the combination of a trapping array and an illusory array.

In addition, Shi tiancai could also see traces of defensive formations, and perhaps killing formations in them!

Even if he could move freely, Shi wancai couldn't guarantee that he would be able to break this formation, let alone in this restrained state!

"Shi Yucai, do you remember where Sima Yi is now? When will you be back?"

Zhen Ying strolled over to Shi shengcai and reached out to Pat his cheek. Although she didn't use much strength and didn't hurt him, the humiliation was self-evident.

Shi shengcai was a proud man. Such humiliation made him angrier than if he were killed!

"No comment! You can wait, when Sima Yi returns, you, Zhen Yingxian, will go and keep Jia junzhao company!"

Shi shengcai gritted his teeth and spat out each word. If it wasn't for the fact that he had almost zero mobility, he would have bitten Zhen Yingxian to death.

Zhen Yingxian pursed his lips and casually shrugged his shoulders. Then, he punched Shi tiancai's face, sending her flying.

The formation plate's restraint acted directly on Shi shengcai, but it didn't affect Zhen Yingxian's attack.

However, this punch did make Shi shengcai loosen up a little. Compared to the humiliation of being slapped in the face, being punched was nothing!

"Esteemed diamond-grade array master Shi longcai, I'm sorry, but your answer is wrong!"

Zhen Yingxian followed with a smile and gave Shi Yucai another round of punches and kicks.

Shi shengcai was very unyielding, gritting his teeth and not making a sound.

Zhen Yingxian played for a while and felt bored, so he turned to Zhang Yiming.

"Little fatty, you are Sima Yi's retinue, right? You're not following your master, but you're staying here. It seems like your master has abandoned you! Why don't you come with me? I guarantee that I'll treat you much better than your master!"

Zhen Yingxian took out a dagger and placed it on Zhang Yiming's neck. "How is it? Do you want to consider? If you refuse my good intentions, I think you should know the consequences, right?"

Zhang Yiming chuckled and suddenly used all his strength to spit on Zhen Yingxian's face. "You think you're worthy? Bah! Trash like you aren't even worthy of carrying our boss's shoes, and you actually have the face to say such things? If you want to kill me, then kill me quickly. If this young master is afraid, then I'll be your grandson in the future!"

"When boss returns, he will naturally avenge me. I advise you to kill yourself as soon as possible. Once you fall into our boss's hands, it's not a big deal even if you're cut into a thousand pieces. It's not a big deal if your soul is destroyed. Think about it!"

Zhen Yingxian slowly raised his hand and wiped away the saliva on his face. He then revealed a cold smile and started to punch and kick Zhang Yiming like a storm.

The dagger was used to scare people, and he couldn't kill Zhang Yiming to vent his anger.

After all, they were Lin Yi's men-they might be useful at a critical moment!

He couldn't kill, but it didn't matter if he was injured, as long as he kept his life.

Therefore, Zhen Yingxian was extremely heavy-handed and broke Zhang Yiming's limbs, making him limp on the ground and unable to move.

Even so, Zhang Yiming still laughed out loud and scolded him, mentioning that Lin Yi would avenge him!

Zhen Yingxian's hair stood on end. He cut Zhang Yiming's tongue with a dagger so that he could no longer speak.

Zhang Yiming wasn't worried. Whether it was a broken limb or a cut off tongue, a Mystic Grand restore pill could heal them all.

There was no problem with regrowing broken limbs. These were just small matters.

Unfortunately, he couldn't continue to scold Zhen Yingxian, he was really aggrieved!

Zhen Yingxian left Zhang Yiming and turned to hero Pi, ""You saw what happened to that little fatty, right? Have you thought of how to say it? I know you're not one of them, and I just happened to be there. I can give you a chance, do you want to seize it?"

Shi tiancai and Zhang Yiming couldn't help but look at Pi yixia. They'd only met him by chance and didn't have any deep friendship, so they didn't think he would sacrifice himself.

The result was not so!

Hero Pi's body trembled slightly, but his face was calm. He smiled faintly, "I have nothing to say. You want to kill me or beat me up, it's up to you! Since I can't resist, I can only accept my fate!"

Shi Yucai and Zhang Yiming were both secretly amazed. Was hero Pi so loyal?

There was nothing wrong with betraying Lin Yi and telling them where they were going-they could understand.

Who would've thought that the invisible hero Pi would be so unyielding?

"You've decided?"

The dagger in Zhen Yingxian's hand was placed on hero Pi's neck. The sharp blade slid slightly, cutting a little skin and causing a few traces of blood to ooze out.

"If I say I haven't thought about it, will you let me keep thinking about it?" If you can, then let me keep thinking about it!"

Since he was going to die, he would be cheeky for a while before dying. That would be worthy of his name!

"Hehe ... Do you really think I don't dare to kill you? Shi shengcai and that little fatty are Sima Yi's companions. They can be used as bait, but what are you? Did Sima Yi treat you as a companion?"

Zhen Yingxian leaned in close to Pi yixia's ear and laughed evilly, "Is it worth it to lose your life for someone who doesn't treat you as a companion? You've suffered so much to become a Grandmaster, so why don't you treasure your life?"

"Two baits are enough. If you insist on not telling the truth, then I can only kill you, because this is your greatest value. Let me vent the anger in my heart! I'll ask you one last time, have you thought about it?"

Chapter 8605

Hero Pi's face fell. He looked up at the sky with his dead fish eyes, "I haven't thought about it yet, let me think about it ..."

Zhen Yingxian's chest tightened. He had almost pulled out his dagger to kill hero Pi, but he managed to control his emotions at the last moment.

He said that two baits were enough, but he was suspicious of how protective hero Pi was of Lin Yi.

Did they suspect that the relationship between Lin Yi and Pi yixia wasn't as simple as it seemed?

If she was a valuable hostage and bait, it was obviously better to be alive than dead!

"Alright! Think again! Don't Let Me Down!"

Zhen Yingxian forcefully suppressed the anger in his heart and controlled the array disc to conceal everything within its range. He then transformed Shi tiancai and the other two into their normal state.

Shi shengcai's heart skipped a beat. This array disc had a concealment array formation in it?

Was Zhen Yingxian planning to wait for Lin Yi to jump into the trap himself?

I wonder if that guy Sima Yi can see through the concealment effect of the array disc and the illusion effect of the illusion array ...

I hope so ...

It was rare for Shi Yucai to truly hope that Lin Yi's array skills could surpass his!

On the other side, Lin Yi didn't know that his three friends were in danger, so he didn't rush back in time to save them.

Lin Yi was following the spatial fluctuations left behind by the teleportation talisman. His plant element and butterfly steps were fast and silent, so he didn't have to worry about being discovered.

Not long after, Lin Yi found two more dried corpses. He didn't know which continent they were from, but only the two of them were with him.

Perhaps he had left the team, or perhaps the other people in the team had died first.

Lin Yi didn't know the exact reason, but he did know that the two sky array sect bastards were already here, because there was nothing valuable left on the two dried corpses!

As he continued to track, he found a few more dried corpses, but the spatial fluctuations had disappeared. After all, no matter how fast Lin Yi was, he couldn't be faster than the teleportation talisman.

The spatial fluctuations left behind by the teleportation talisman would only last for a very, very short time. If they were a little slower, they would naturally lose the clues. Even if it was a ghost, there was nothing they could do about it!

"We can only stop here for now! However, we can now confirm that the sky array sect is well aware of the mummified corpse incident. Otherwise, they wouldn't have been able to follow closely behind!"

Lin Yi was already quite angry. He didn't think that the sky array sect would do such a despicable thing, especially working with the dark Demon beast clan. They were traitors!

What made Lin Yi even angrier was the fact that the sky array sect had embarrassed their old master!

Sun sikong's junior had fallen to this point, and Lin Yi was a little angry!

When he heard that the sky array sect was founded by sun sikong, Lin Yi had a good impression of them, or rather, a good impression of them. Now, he had no other thoughts other than disgust!

"What's there to be angry about? When we have the chance later, we can just get rid of this sky array sect!"

The ghastly thing was a little noncommittal. "You should be glad that you have discovered the true face of the sky array sect. If you were caught off guard and fell into their trap, you would be in deep trouble!"

Lin Yi was silent. After all, the sky array sect was founded by sun sikong. He couldn't really accept it if he wanted to destroy the sky array sect!

Lin Yi changed the topic. "Senior ghost, the array Dao expert of the darkness demon beast clan can't also be from the heaven array sect, right? Although we met an array expert from the darkness demon beast clan, it's hard to say if the darkness demon beast clan received guidance from the heaven array sect!"

Since the heaven array sect and the darkness demon beast clan were working together, the possibility of this happening was quite high!

After all, the darkness demon beast clan was far inferior to humans in terms of array Dao. If not for this, they wouldn't have been trapped for so many years and still couldn't break through the spatial node to return to the sub-Island!

"It's possible! But did this matter? Regardless of whether it is or not, can't you just get rid of the sky array sect in the end?"

The damn thing brought the topic back to him, and Lin Yi was speechless-there was no way to continue this conversation!

If he could simply get rid of the sky array sect, would he still need to hesitate? Since he had to hesitate, there was no way he could do it cleanly!

Forget it, let's not chat!

Lin Yi did a routine check of the dried corpses, thinking that he'd still come up empty-he found something!

"Senior ghost, look here! There are some faint traces of a formation here!"

Lin Yi was both surprised and happy-happy that he'd finally found something, but surprised that it was so shocking."I feel that the traces of this formation ... Seem to be left behind by the movement!"

Normally, a formation was set up in a fixed place.

For example, setting up the formation base, drawing the formation patterns, and so on. Natural formations didn't require the participation of humans and could be generated on their own. The principles wouldn't change.

Even if it was an array board, array runes were carved on it. When it was finally activated, the array board was still the core to release the array that had been prepared long ago.

If you want to move the array board, you have to put away the array first. I've never heard of an array that can move!

But the traces that Lin Yi found seemed to be left behind by the formation!

The demonic thing studied it and agreed with Lin Yi's judgment, "It's ... It's indeed like traces left behind by movement, you're not mistaken! It's just that this old master has never seen or even heard of a moving formation, so I can't give any specific opinions. "

The two of them sighed in their hearts. Sure enough, there was no end to learning. In the Dao of arrays, there was still too much unknown knowledge waiting for them to learn!

"Although I can't be sure, I can basically deduce that there is a moving formation that caused so many people to turn into mummies!"

"I'm thinking," Lin Yi's expression was serious, "what does this moving formation have to do with the sky array sect? How can the people of the sky array sect know exactly where this moving array is killing people?"

The damn thing acknowledged Lin Yi's hypothesis and assumed that there was a movement formation, "The heaven array sect might not be related to this array. Otherwise, they would be able to control the array and make money more efficiently. Why would they do this?"

"If there really is such a moving formation that can attack people without a sound and cause them to die suddenly without any reaction, this kind of method can be called terrifying!"

"And after the attack, he immediately moved without stopping. This is the style of a top-class assassin. I wonder who is controlling this strange formation, or rather, is there someone controlling it?"

Chapter 8606

It was already very strange that someone was controlling it. If no one was controlling it ... He didn't even know how to describe it.

Even with this thing's experience, it had never heard of a movement formation like this before. Lin Yi could already feel the seriousness of the situation!

"No, I have to go back and meet up with Yiming and the others! If the formation turns back, the three of them will be in danger!"

Lin Yi made a quick decision and ran back.

That strange array was unfathomable. If it really turned around and went to Shi Yucai's side, it was estimated that the three of them would not be able to escape the fate of being mummified!

Before tracking the enemy, he had to ensure the safety of his own people!

Lin Yi didn't know that the formation didn't turn back to Shi Yucai and the others-there really was a moving formation disk!

But when Lin Yi crossed the forest and returned to the stream, he noticed something strange!

On the surface, the other side of the stream still looked the same. Shi longcai and the other two were resting far away from the dried corpses, and their movements and postures were fine.

But who was Lin Yi?

A man who had inherited all kinds of formations!

How could mere concealment and illusionary formations hide from Lin Yi's eyes?

The ghost wasn't interested in stuff like this-Lin Yi would be able to take care of it, so he went back to the Jade space. He'd at most take a look at it when he had nothing to do, but it was his after-meal time.

Lin Yi acted like he didn't feel anything and easily passed Xiaoxi. Under Zhen Yingxian's happy eyes, he crashed into the area of the formation!

"Hahahaha! Sima Yi, to think that you would have such a day! This time, you won't be able to escape even if you have wings!"

Zhen Yingxian saw that Lin Yi had fallen into a trap and jumped out immediately, laughing wildly, "I thought that you would be more powerful, and even left three hostages as bait. I didn't expect you to be so ignorant. What diamond-grade Grandmaster? you don't deserve your reputation!"

Lin Yi pretended to be restricted by the formation as he tried to move. "So it's you! Was the death of Jia Junjie in Sangzi continent not enough? Do you all want to accompany Jia Junjie?"

"Bah! Sima Yi, do you have any shame? you're already in such a state, and you're still so stubborn!"

One of Sangzi Dazhou's grandmasters couldn't help but mock Lin Yi.

They'd been a little nervous before they'd caught Lin Yi-even Shi tiancai wasn't interested in humiliating him.

But after Lin Yi fell into the formation, they started to get cocky!

The other one chuckled, "Sima Yi, don't Bluff anymore. Once you enter our array, your life and death will no longer be in your hands. From now on, if we let you live, you will live. If we want you to die, you must die!"

"It's that powerful? Looks like I'm going to die today!"

Lin Yi looked around with a faint smile, "Since I'm already dead, can you let me say a few words to my companions before I die? if I can go with them, I think I won't be lonely in the netherworld!"

"Is this your dying wish? Hahaha, it's a pity that I've already said that your life and death are no longer up to you. Even if you want to die, I'll make you wish you were dead!"

Zhen Yingxian threw his head back and laughed, but he still dragged Shi tiancai, Zhang Yiming, and hero Pi over.

All three of them were beaten beyond recognition, especially Zhang Yiming, who looked extremely miserable. His limbs were bent at a strange angle, and his mouth was a bloody mess. His tongue had been cut off.

Seeing Lin Yi, Zhang Yiming's swollen eyes opened a little, and his face twitched a few times. It should be a smile, right?

He then opened his bloody mouth and made a sound that Lin Yi didn't know what it meant. Lin Yi knew that he was calling him boss!

In an instant, the fire in Lin Yi's heart was completely ignited, and a destructive killing intent erupted!

"You all deserve to die!"

With a low shout, Lin Yi's figure flickered, completely ignoring the restrictions of the formation as he quickly approached Zhen Yingxian and the others.

Zhen Yingxian was shocked. He didn't know how Lin Yi broke free from the formation.

This array was more than enough to restrain an expert half a step to heaven crushing. There was no reason it could not deal with Sima Yi!

"Stop! Do you want your comrades to die in front of you?"

Zhen Yingxian subconsciously shouted, rejoicing that he didn't kill them. He kept the three of them alive so he could use them to threaten Lin Yi!

He was afraid that Lin Yi wouldn't care about Zhang Yiming and the others' lives, so he activated the defensive and killing formations on the formation Board as he shouted!

As long as they could stop Lin Yi!

Zhen Yingxian believed that as long as he could defend against Lin Yi's attack, the killing formation would be able to kill Lin Yi easily!

Other than that, the rest of the people from Sangzi continent started to either attack or defend against Lin Yi's advance.

They knew that Lin Yi was strong, but they didn't think that he could do anything under such an attack!

Lin Yi stopped and stepped back.

With a flash of his body, he easily and happily dodged the attacks of all the grandmasters and retinue. He bypassed the frontal defense of the defensive array and stopped the attack of the killing array that was about to be launched!

"Do you think that this formation can trap, stop, and kill me? I'm sorry, but I'm afraid you'll be disappointed!"

Lin Yi stood in front of Zhen Yingxian as if he was taking a stroll.

The formation Board, which the enemy thought was invincible, had retracted the formation automatically, not causing any damage to Lin Yi at all!

"How is this possible ... How can this be? Even a Diamond Grade array master wouldn't be able to break through my array disc so easily!"

Zhen Yingxian's face was pale, and his face was filled with disbelief!

The formation disk was the reason why he dared to fight Lin Yi, and now that he lost his confidence, he naturally panicked!

"Don't come over. If you come over again, they'll die immediately!"

Zhen Yingxian grabbed Shi shengcai tightly, the dagger in his hand on his neck. This was his last bargaining chip. If he lost even this, he would most likely have to chase after Jia Junjie today!

Lin Yi didn't save the hostages immediately after breaking the formation because he was afraid that they'd get hurt more.

"Don't think you can threaten me with a hostage. I've never accepted such threats!"

Lin Yi put on a cold face and smiled, "I'll give you one last chance. Let the three of them go and I'll give you a quick death!"

"If you're so stubborn and want to drag them down with you, I'll go with you, but I have to tell you clearly that if any of them dies, I'll go to the Sangzi continent after killing you all and find all your relatives, friends, old, and young to send them to accompany you!"

It was a blatant threat, and combined with Lin Yi's tone and attitude, they felt that Lin Yi would really ignore the three's lives and use it as an excuse to kill his way to Sangzi continent and cause trouble for their families ...

In fact, this was all a lie.

Chapter 8607

The possibility of Lin Yi killing them all was very high-he didn't have the time to drag the innocent into the great land of Sangzi!

Zhen Yingxian's face was twisted, and he laughed hideously."After I die, I don't care about the flood! You can kill whoever you want to kill, it has nothing to do with me!"

"Anyway, if you want me to die, I'll drag your companions to die with me. I don't think I'll lose anything if they die with me! Are you sure you want to sacrifice them?"

This was Zhen Yingxian's last struggle. In order to survive, he didn't even care about his family in the distant land of Sangzi!

"Sima Yi, let's discuss this! If you let us go, I'll let your companions go, and we'll pretend that this incident never happened. If you're not satisfied, I can compensate you!"

Zhen Yingxian took the hostage and hid at the back, letting the others surround them in case Lin Yi suddenly rushed over to take them away. The other Masters from Sangzi Dazhou couldn't see Zhen Yingxian's expression.

Lin Yi raised a brow, his disdain for Zhen Yingxian reaching its peak. This guy was giving him a look.

When he mentioned compensation, he hinted that Lin Yi could kill the other grandmasters in the continent to vent his anger!

It was indeed worthy of its name of treachery!

For the sake of his own survival, he could abandon all his companions without hesitation!

It wasn't hard to understand. This guy could even abandon his family, let alone his temporary companions.

If he died, then so be it. It would be worth it if he could get back his life!

The poor grandmasters and Squires who had no idea were still using their bodies as shields for Zhen Yingxian ...

"How do you want to compensate me? Why don't you tell me?"

Lin Yi looked at Zhen Yingxian with a faint smile, pretending not to understand the look in his eyes so that this evil man would say it!

Zhen Yingxian's face darkened. He didn't think that Lin Yi didn't understand, but the situation was more pressing than he could handle. He had to swallow his anger for his life!

Saying that he'd give Lin Yi his head wouldn't work-this was a shady deal, after all. Zhen Yingxian didn't doubt that he'd be the first one killed by his own people if he said it!

"Sima Yi, I'll give you this precious array board! How about compensation? If it's not enough, you can tell us if there's anything on us that you like, and we can give it all to you!"

In order to save his life, Zhen Yingxian had nothing he couldn't give up.

The array board in his hand was indeed precious, but the array was easily broken by Sima Yi. He did not even understand how he broke the array!

It was obvious that this array disc was meaningless in front of Sima Yi. It was better to use it as a bargaining chip in exchange for his life. That would be a great deal!

Lin Yi's lips curled up, "Your lives are in my hands, so everything in your hands naturally belongs to me. Do you think it's appropriate to use my things to buy your lives?"

Zhen Yingxian was suddenly speechless and felt extremely aggrieved. There was no way to reason with him!

How could there be someone more shameless than me?

"Sima Yi! Don't push your luck! Don't forget that your companions are still in our hands. These are three lives, don't they matter at all? Don't you care about their lives at all?"

Left with no choice, Zhen Yingxian could only continue to hold on to Shi tiancai and the others as life-saving straws. In his heart, he only wanted to use the lives of three people in exchange for his own life. If the others died, then so be it. What did it have to do with him?

Zhen Yingxian was winking at Lin Yi, hoping that Lin Yi would make a deal with him. He didn't even mind ambushing the Masters of Sangzi continent and subduing them for Lin Yi to kill!

"They are very important, and I care about their safety, so I will save them all!"

Lin Yi's face changed, his eyes cold. "That's enough of the joke. Are you guys ready to die?"

"Sima Yi! You really dare to attack?"

Zhen Yingxian was shocked. He could feel the killing intent from Lin Yi. This was no joke!

In order to intimidate Lin Yi, Zhen Yingxian didn't hesitate to pull the dagger in his hand, the sharp edge of the blade against Shi tiancai's neck. As long as he pulled, Shi tiancai's blood would splatter in five steps and he would die on the spot!

He had chosen Shi Yucai because of his distinguished status as a diamond-grade array master!

Zhen Yingxian felt that using him as a cushion was a good deal!

Other than that, hero Pi didn't have enough weight, and Zhang Yiming was only a servant. After much thought, Shi Yucai was the most suitable person!

What a pity!

Zhen Yingxian's plan failed. When he wanted to pull the dagger, he suddenly found that he couldn't move it!

He didn't know when, but many tiny plants had silently wrapped around his arm, just enough to control his movements.

When he tried to struggle free, an invisible force struck his primordial spirit!

Divine sense collision!

Zhen Yingxian's mind went blank, and he fell backward. Because the dagger was pressed against Shi tiancai's neck, the inertia of his body almost drove the dagger to cut Shi tiancai's throat!

Fortunately, Lin Yi's control of the plants was still very effective in restraining them, eliminating this small killing intent!

At the same time, Lin Yi himself moved!

His feet stepped on the unpredictable butterfly micro-steps, and the demonic devouring sword in his hand bloomed with a black brilliance. Under the shock of a wave of divine sense, the Sangzi continent's Grandmaster team had no ability to resist and was instantly annihilated!

Lin Yi didn't hold back at all. Array Masters were important to humans, but they crossed his bottom line.

Since he'd hurt Zhang Yiming and the people around Lin Yi, he'd have to die no matter how important it was!

As for whether the darkness demon beast clan would rise again after losing these array Masters?

Hehe, these people weren't that important to Lin Yi!

Lin Yi alone was enough to make up for the losses of these people!

"You see, so what if I really dare to make a move? Didn't you want to make someone your scapegoat? Hurry up and do it!"

Only Zhen Yingxian was left from the Sangzi continent, and he'd already woken up from the clash of spirit sense. He looked at Lin Yi and the dead bodies on the ground with a pale face.

He'd wanted these people to vent their anger on Lin Yi to protect himself, but the process was perfect, and the result was different!

"Lord Sima! Spare me! I know I was wrong. I'm willing to do anything as long as you can spare my life!"

Zhen Yingxian no longer put up any unnecessary resistance and began to beg for mercy.

Unfortunately, his body was bound, so he couldn't kneel even if he wanted to. He could only have a pleading expression on his face and his posture was extremely humble.

"Ha ... All you can do is use your blood to wash away your sins! Slowly enjoy this cleaning process!"

Lin Yi walked past Zhen Yingxian expressionlessly and just finished his sentence.

Then, the grass, leaves, branches, and vines wrapped around Zhen Yingxian's body began to cut and tighten rapidly, cutting countless small wounds on his muscles and skin.

Chapter 8608

"Ah, Yingluo!"

"Ah!" Zhen Yingxian screamed miserably, and his body trembled endlessly. Countless faint lines of blood shot out of the tiny wounds, as if a layer of blood-red mist had suddenly emerged and wrapped around him!

He would be cut into a thousand pieces and executed by a thousand cuts!

Lin Yi nodded to Shi shengcai and didn't say much. He looked like he was in a bad shape, but he didn't actually suffer any serious injuries. Most of them were just external injuries.

Zhang Yiming was in a worse state. His limbs were broken and his tongue was cut off.

The loss of blood wasn't life-threatening, but if Lin Yi had come an hour or two later, the fatty would've become a shriveled corpse by now!

"I'm fine! You'll recover soon, eat this pill!"

Lin Yi crouched down beside Zhang Yiming and helped him up. He put a Mystic class recover pill into Zhang Yiming's mouth.

To be honest, if he didn't see Zhang Yiming in such a terrible state, Lin Yi wouldn't have to treat Zhen Yingxian so cruelly.

Lin Yi never liked to torture his enemies to death.

Zhen Yingxian had brought this upon himself! He deserved it!

Even the Sangzi continent's Grandmaster team was completely implicated by him!

If Zhang Yiming, Shi tiancai, and Pi yixia weren't injured and were only held hostage by Zhen Yingxian, Lin Yi probably wouldn't kill them. At most, he'd just teach them a lesson!

"B-boss ..."

The recover pill entered his mouth. After a while, Zhang Yiming felt a numbing reaction from his numb tongue. He tried to speak. Although it was a little vague, he could roughly understand what he was saying.

Lin Yi said gently as he helped Zhang Yiming correct his bones. "Don't be in a hurry to speak. We'll talk after your injuries are healed. Rest for now."

"I've killed all the people who tortured you, except for the main culprit. He won't die for a while. When you've recovered and are interested in revenge, you can do it yourself!"

Zhang Yiming's eyes flashed with gratitude. He nodded and closed his eyes to rest.

The great recovery pill was very effective. He could feel that his broken bones were being reconstructed, and he estimated that they would be back to normal soon.

By the time Lin Yi finished treating Zhang Yiming's injuries, Shi Yucai and Pi yixia had almost recovered.

Their injuries were not serious, and Shi shengcai was a bronze-grade alchemy Grandmaster, so the healing medicine he had on him was not bad either.

Shi tiancai gave a simple account of what had happened and heavily praised hero Pi's unyielding character.

Lin Yi's impression of him improved greatly-he was one of his own now!

"This formation plate isn't bad. It's very suitable for self-defense!"

Lin Yi picked up the formation disk Zhen Yingxian left behind and studied it for a bit before making some adjustments. He handed it to Shi Yucai."Take it. After it's activated, even a pseudo-heaven breaking expert will be killed instantly if they enter the array!"

"Our own people won't be affected in the formation, but it's not easy for the enemy to enter. Even if they go through all the trouble to enter, they'll only be sending themselves to death! The two of them can't control it perfectly, but you don't have that problem!"

Shi wancai didn't take it. Instead, he frowned slightly."Why don't you hold it yourself? why do you want me to control it?"

Shi Yucai had personally experienced how powerful this formation disk was, and after Lin Yi's modification, its power was doubled.

At a time like this, he had to admit that Lin Yi's strength in the array Dao was much stronger than his. Or rather, Lin Yi was someone he had to look up to!

One word, Xuanji's convinced!

"I found some clues just now and needed to continue tracking. The other party was too fast. I was afraid that you would be attacked, so I rushed back. I didn't expect to encounter this!"

Lin Yi didn't go into details about the movement formation-it was only a guess, after all, and it wasn't confirmed yet.

"With this array board, you'll be much safer hiding in the array. You don't have to worry about being attacked!"

The movement formation was very strange, but this formation disk was much more powerful than the original after being modified.

Lin Yi estimated that it should be able to withstand the sneak attack of the movement formation.

Shi Yucai was ashamed-they were both diamond grandmasters, but he still had Lin Yi worry about him, even coming back to help.

And their reinforcements just happened to arrive and save the three of them!

Compared to Lin Yi, his Diamond Grade Grandmaster title was an utter humiliation!

"I know! Don't worry, I won't be careless this time. I'll definitely protect them!"

Shi longcai took the formation plate, with the intention of knowing shame and then becoming brave.

He was proud, but he couldn't be proud in front of Lin Yi.

From the way he spoke, it was clear that Lin Yi would be the leader of this team!

Lin Yi's words weren't an order, but Shi Yucai was subconsciously willing to do it!

Lin Yi nodded with a smile. He didn't mean to make Shi Yucai submit, but it was better to make her listen to his commands.

It could be considered an unexpected gain!

With the formation disk's protection, Lin Yi could track the movement formation without worry.

After seeing that Zhang Yiming was fine, he left the grass again after giving a few instructions.

This time, since his own people were safe, Lin Yi was especially careful.

Lin Yi went through all the crime locations again.

Every time, he would stop by the side of those dried corpses and observe.

Finally, Lin Yi summoned the ghostly thing.

"Senior ghost, I don't know if you've noticed, but the locations of these crime scenes and the direction of the movement formation are all the same!"

Lin Yi had noticed this problem before-the crime scenes were from east to west, but the movement formation didn't allow one to go from one crime scene to another.

For every crime scene, the moving formation came from one direction and then left in the same direction.

If all the crime locations were drawn in a circle, it could be understood that the movement array came from the center and returned to the center.

Then, they set off from the center of the circle to the next crime scene.

He'd never come into contact with a movement formation before, so he wouldn't even think about it.

But this time, Lin Yi scanned every body on purpose, deducing the order of death.

From this, he could figure out the direction of the movement formation.

Then, according to the location of each crime and the direction of the movement formation, he came to a conclusion.

"In that case, every time the movement array absorbs the attribute Qi in these people's bodies, it will go to the center of the circle and do something!"

The demonic thing nodded. "Therefore, we don't need to track where the formation is now. We just need to go to the center of the circle and wait for it to appear!"

Lin Yi didn't waste any time and turned around, flying towards the center of the circle.

Chapter 8609

However, there were many formations blocking his way, and he'd have to waste time breaking them.

It wasn't difficult, but Lin Yi didn't want to delay things.

So, Lin Yi's spirit left his body and flew into the sky as a Witcher spirit body, putting his body into the Jade space.

The Sorcerer spirit body ignored all physical restrictions and could fly and pass through. If an ordinary natural array did not have any restrictions on the Sorcerer spirit body, it would not be triggered at all.

In the next moment, Lin Yi was flying towards the center of the circle.

At the same time.

It was temporarily set up outside the array Dao origin and was in charge of monitoring the entire trial site.

A middle-aged man in a golden sky array sect robe was talking and laughing with a black-robed man with an evil appearance.

Beside them, there was another person who was fixed to a chair with a restriction. He couldn't move or speak.

The black-robed man was an expert of the darkness magical beast clan, and he had a faint aura of a darkness magical beast.

He didn't try to hide his aura. It was obvious that he wasn't afraid of being discovered.

"It's quite appropriate to use the origin of array Dao to harvest the lives of array Dao grandmasters! If they can die in the Holy Land in their hearts, they will feel comforted, right?"

The black-robed man sneered and said, "but then again, so many people have died all of a sudden. Especially in such a short period of time. Won't it cause panic?" If the remaining people who are still alive want to retreat, wouldn't they have failed at the last step?"

"Your esteemed envoy, please relax. Is the source of formation Dao a place where you can come and go as you please? If they can come and go as they please, what's the point of having our sky array sect?"

The middle-aged man in the Golden robe smiled arrogantly and said, ""Besides, our sky array sect has already made preparations. We've already done something when we opened the source of array Dao."

"If anyone wants to use the previous method to exit the source of formation Dao, then I'm sorry! Not only will it be impossible to leave the source of the array Dao, but you'll also die even faster!"

"Hahaha! So that's how it is. The sky array sect is indeed well-planned, so we can watch the show without worry!"

The black-robed man gave him a thumbs-up, then raised his head and laughed heartily. He seemed to be in an extremely good mood!

The Golden-robed middle-aged man's mouth twitched. He also knew why the black-robed man was happy.

Who was the biggest threat to the darkness magical beast clan?

That was definitely not one of those martial Dao experts with outstanding combat strength, but a formation path Grandmaster!

Without these array Masters guarding and repairing the nodes, the darkness magical beasts would have already rushed into the human cultivators 'territories.

Of course, this was all on the surface. The black-robed man had a deeper purpose.

He couldn't tell the Golden-robed middle-aged man about this for the time being.

After all, killing a group of grandmasters was not a small matter, but it was not a big one either.

As long as he pushed the responsibility onto the risk of the trial, he could pass.

At that time, as long as the person sitting on the chair was dead, there would be no witnesses to prove the role of the sky array sect.

This was why the Golden-robed middle-aged man had agreed to cooperate with the black-robed man.

However, if he knew the black-robed man's true motive, he probably wouldn't dare to cooperate.

Because what the black-robed man was going to do would be a destructive blow to all the human warriors on the sub-Island!

"Our sky array sect is absolutely reliable! The noble envoy can rest assured and just watch! This time, no one who enters the source of array Dao will be able to escape ..."

The Golden-robed middle-aged man laughed sinisterly.

Lin Yi didn't know what was going on outside. He knew that the sky array sect was working with the dark Demon beast clan, but he didn't think that the sky array sect would be so crazy.

He was actually thinking of killing all the array Masters who entered the source of array Dao!

At this time, Lin Yi was sprinting in the direction he predicted, passing through dozens of natural formations and running into a few groups of mummified formation Masters. There were dozens of them at most, and two or three at the least-it was a huge loss!

Lin Yi only stopped when he reached a Valley.

There was a special natural array in this Valley, and even a sorcerer spirit body could not penetrate it!

"Senior ghost, I feel that there's something strange about this Valley. Perhaps it's the place where the movement formation comes back to every time, or perhaps it's its source!"

Lin Yi didn't enter the valley immediately, but stayed at the entrance and observed carefully, "If I want to enter the valley, I have to break this natural formation first. From the fact that my shaman spiritual body can't pass through it, it seems to be a little difficult!"

The ghastly thing was also watching. It nodded and said, ""You're right. We might be able to find out the truth after entering the valley! The Valley's natural formation might be difficult for others, but it's not that difficult for you! Go! I'll go back to the Jade space and help you!"

If there was a need, the ghost would naturally help.

But after one look, the ghost felt that Lin Yi alone was enough to deal with it. He didn't want to use his brain anymore.

In the event of an emergency, the best choice was to use the ghost as a trump card.

Usually, he would go into hiding.

Lin Yi smiled faintly, exuding a natural aura of confidence as he strolled into the valley.

The moment he stepped in, the scenery in front of him changed. The original features of the valley disappeared completely and turned into a swamp.

The sky was filled with dark clouds, causing the surroundings to be dark. Gray fog floated on the ground, making it impossible for the naked eye to see far. His divine sense could only barely extend out for a few hundred meters.

Within the range of his divine sense, other than the gray fog, there was only the calm-looking dark brown swamp. Occasionally, a bubble would pop up, quietly explode, and then calm would be restored.

The entire world was deathly silent, and there were no traces of life. If an ordinary person were to come, just the atmosphere alone would probably scare them crazy!

lin yi, on the other hand, didn't feel a thing-the swamp didn't even touch him at all. he was in his witcher spirit body state, and he was floating above the swamp-it would be strange if he could touch it!

illusory formation, trapping formation, killing formation!

three in one!

lin yi calmly analyzed.

the illusory formation was very strong, even lin yi's spirit sense was deceived!

as for the trap array and killing array, they were hidden in the swamp. because of the sorcerer spirit body, they avoided them perfectly.

however, judging from the level of the illusory formation, both the trapping formation and the killing formation were not ordinary!

interesting, but not enough!

lin yi squinted his eyes and smiled. his witcher spirit body flashed by lightly, bringing with it a trace of gray fog. this gray fog was also part of the trap and kill array, and it contained a very strong poison.

However, Lin Yi was immune to poison, and The Witcher spirit body didn't care at all. He ignored the poisonous fog.

He didn't fly far before stopping at an empty spot. He casually kicked as if he was kicking air in front of him, but it made a heavy thud.

Chapter 8610

The air in the void was clearly vibrating and rippling, spreading out in circles rapidly. The gray mist rose and fell like waves, and soon, the swamp below was also moving along with it.

A few seconds later, a crisp shattering sound was heard in the entire swamp.

The gray fog and black Swamp all fell apart like a broken mirror, revealing what the valley should have looked like.

The natural formation was easily broken by Lin Yi, but he didn't feel happy about it.

The original appearance of the valley that had appeared in the crack had not been revealed. After the fragments had shattered, they had turned into spots of light and finally combined together to form a new natural formation!

The ghostly thing that was paying close attention in the Jade space suddenly exclaimed in surprise, ""Is this a hidden formation? Or rather, it would be more appropriate to call it a challenge array! Only after clearing one level of the array will the next level appear. Only after clearing all levels can we truly enter the valley!"

"I still don't know how many levels there are, but I'm sure it'll be more difficult the further you go. Be careful, and if you need me to help you, tell me quickly!"

The last part of the sentence was directed at Lin Yi, who only responded with an "en."

Just as the demonic thing had said, this was a challenge formation, and the specific levels were still unknown.

The first level seemed easy, but Lin Yi knew that it was because he used the Sorcerer spirit body!

If it was his physical body, he might be confined in the swamp and need some time to get out, and then he could find the array eye!

Although the final result was almost the same, the process was completely different!

The second floor's formation had turned into a stone room. Lin Yi was in the middle of the room, and there was a rusty iron door on each of the four walls.

There were also big rusty locks hanging on the iron doors, but the locks were open and not locked, which meant that all four doors could be opened.

The ghastly thing took a few glances and snorted. "Same old trick, illusion array, trap array, and killing array! The scenes are all illusions, but this time, your sorcerer spirit body can't use any tricks. "

"If I'm not wrong, there's a similar stone room outside the iron door, like a maze. This is to use the terrain to trap the person in the formation. It's in a different direction from the swamp, so the Sorcerer spirit body can't do much."

"The killing array is hidden in the dark. If you make the wrong choice, it will suddenly activate ... In the end, it's just like that. You can play with it slowly. I'll take a rest first!"

The damn thing told Lin Yi to play with it slowly-it obviously thought that the second level wouldn't affect Lin Yi, so there was no need to worry.

Lin Yi smiled and opened the metal door casually.

The rusty doorknob creaked and slowly opened with great difficulty.

Just as the ghost had said, behind the metal door was an identical stone room!

It was the same four iron doors, and Lin Yi was standing in one of them, so he only needed to choose one of the remaining three.

Lin Yi blinked and observed for a while. He swatted away a few waves of sudden attacks. It was a killing formation, but its power was limited.

It was probably just an appetizer to numb Lin Yi's senses, slowly increasing the threat level and killing him in one hit!

Lin Yi didn't care at all. It didn't matter even if he didn't put up any defense against this level of attack- his Wu spirit body was completely immune to the attack!

The second level was a natural formation, and the only thing that would be a problem for Lin Yi was the trap formation.

It was completely different from the first level. This kind of secret room-type terrain trapping formation just happened to render the Sorcerer spiritual body useless.

This secret room's array also limited the Sorcerer spirit body's penetrative attribute, so he could only break out of the array.

Lin Yi had some ideas about this trap formation, but he still needed some time to break out.

At this moment, the Golden-robed middle-aged man and the black-robed man from the darkness demon beast clan were still chatting.

Suddenly, the middle-aged man's expression changed.

"What's wrong? Did you notice something wrong?"

The black-robed man saw the Golden-robed middle-aged man's strange expression and immediately raised his eyebrows and asked, "Could it be that something has gone wrong with the plan in the source of formation Dao?"

"don't worry, your emissary. there's no problem with the plan. it's just that a little bug who doesn't know the immensity of heaven and earth has crawled into the forbidden area of the source of array dao! i'll get someone to get rid of him!"

the golden-robed man sent out a signal as he spoke, ordering one of the sky array sect's guard elders to personally go to the source of array dao to deal with lin yi.

after receiving the order, the sky array sect elder rushed to the forbidden area of the valley without hesitation.

however, on the way, he thought that the golden-robed middle-aged man was making a mountain out of a molehill.

how could anyone who entered the forbidden area come out alive?

the power of those natural formations was so great that it would take an ordinary diamond grade formation master at least eight to ten years to pass through them, not to mention the dangers that lurked within them!

if one wasn't diamond rank, entering the forbidden area would mean certain death!

The sky array sect's people were able to pass through without any obstacles because of the ancestor's legacy!

If it weren't for sun sikong's inheritance, it wouldn't have been so easy for the sky array sect to enter the forbidden area.

So, why did the sect master want him to make this trip to collect the body of the little B * stard who had broken into the forbidden area?

Of course, the sect master's orders had to be carried out.

The sky array sect elder could only Mutter in his heart, but his actions were meticulous!

Lin Yi didn't know that someone was here to collect his body, and was still walking around in circles!

The destructive power of this stone room's trapping formation was touching, but the labyrinth-like layout did indeed make one feel melancholic.

To put it simply, it was endless!

Lin Yi couldn't even remember how many rusty iron doors he'd pushed open, but after opening them, he found himself in the same stone room and the same iron doors in the other three directions!

Damn it, there was no way to break this trap array by force.

Once it was destroyed, it would immediately reform, and it would be even more troublesome!

The damn thing laughed in the Jade space, gloating at Lin Yi's misfortune. "Don't worry, we're already very close to the core! We'll be there soon!"

Lin Yi could only shake his head with a bitter smile. This trap formation was actually relatively simple. After all, the killing formation wasn't even as strong as the black Swamp on the first level.

As long as he could find the core, he would be able to break the second level of the array.

To put it bluntly, he had to do it step by step. He just had to find a pattern and wait for time.

Lin Yi used the Sorcerer spirit body in the first level and tasted the sweetness of breaking through the formation quickly, but he was restricted in the second level and could only do it like a normal person. It was a bit depressing.

this was also the source of the gloating thing!
