

Bodyguard 8631

Chapter 8631

"Forget it. It's boring to see you surrender. It's more interesting to see you resist. Come, come, quickly resist and show me. If you make it interesting, I might let you Live!"

Nangong jueye obviously wanted to play with the heiye clan like a cat toying with a mouse. He could kill them all at any time, but he still wanted to have some fun before they died!

"I'm going to kill you!"

A young man from the heiye clan was unwilling to be humiliated. He waved the long saber in his hand with a face full of anger and tried to rush at Nangong jueye to fight him.

If they could take him down with them, then it would definitely be worth it!

Even if he couldn't kill Nangong jueye, he wouldn't lose anything by killing a private soldier of the Nangong family.

"Young man, you're too impulsive!"

Nangong jueye looked at the young man with pity and casually waved his hand. ""Break his four limbs, but let him Live!"

The leader of the Nangong family's personal guards nodded slightly and gave a look to the people around him. Four of the Nangong family's private soldiers immediately pulled the crossbows in their hands and four arrows shot out like lightning.

The distance between the two sides was less than ten steps. These specially made crossbows were weapons that could deal with large dark spirit beasts. The strength of the young man from the heiye clan was only at the early jiedan stage ...

With the addition of several factors, the arrow hit the target without any suspense!

The young man from the heiye clan had all his limbs pierced through. He screamed as his body continued to rush forward. He rolled in the air and fell heavily to the ground.

After rolling a few more times, he continued to scream powerlessly in the dust.

One of Nangong jueye's personal guards stepped out and walked towards the young man.

A few people from the heiye clan wanted to rush over to save him, but the Nangong private soldiers around them all aimed their crossbows at them, and they did not dare to act rashly.

The personal guard who stood out alone walked to the young man's side, raised his foot, and heavily stomped down. Four times in a row, with four crisp sounds of bones cracking, the young man's limbs,

which had been hit by the crossbow arrow, were seriously injured again. They were directly broken into powder and twisted into a strange angle.

The young man's screams stopped abruptly because he couldn't bear the intense pain and actually fainted directly!

The guard turned around expressionlessly and returned to Nangong jueye. He bowed and cupped his fists to show that he had completed his order. Then, he returned to his original position.

The people of the heiye clan were furious, and a woman was even more sorrowful. She covered her mouth and cried, but she did not make a sound.

From her appearance, she should be the young man's mother.

In the face of the survival of the family, no matter how much she loved her son, she could not affect the family. She could only endure the sadness alone.

Nangong jueye's eyes swept across the Kurono clan's clansmen, and his pupils rolled slightly. He smiled indifferently and said, ""Young people don't know the depth of things and insist on using eggs to hit a stone. How can you not be hit until your head is broken?"

"Look at how kind I am. For those who want to kill me, I'm magnanimous enough to spare their lives. But looking at his condition, it doesn't seem to be very good! If I don't receive treatment soon ... I'll most likely die from blood loss, right?"

"What should I do? Why don't you all beg me? How about you beg me to let you save him? I don't need too many people, just anyone, just one will do. Come over and kneel down and kowtow to me, and I will consider returning him to you. "

These words were clearly meant for the young man's mother. Mother and son were connected by heart. No matter how much she cared about the overall situation, when she saw that her son had a chance to live, she would definitely waver.

Most of the mothers in the world would rather sacrifice themselves for the safety of their children. It was not that there were no mothers who were ruthless enough to abandon their children, but it was definitely only a very small number!

"Do you think that our heiye clan will kneel and beg for help from your Nangong clan? Stop dreaming, our people would rather die standing than live kneeling! Even if he died, he died for the family. His iron bones are worthy of praise. You think we can kneel and taint his loyalty? what a joke!"

Tribe leader hei ye rejected Nangong jueye's request.

He knew very well that there was no way they could settle this peacefully today. The Nangong family had deliberately chased him all the way here, so how could they be willing to let this matter rest?

The heiye clan would probably be exterminated today!

Since that was the case, why should he be humiliated by Nangong jueye before he died?

"Aiyaya, the heiye clan really has a backbone! The young man you were talking about has four broken bones, but I don't see how hard his bones are!"

Nangong jueye didn't care at all. It was just a game of cat and mouse. Of course, it was because he was too bored and could waste his time at will. "Someone, wake that kid up and break his bones one by one. I want to see which of his bones are made of iron."

The heiye clan's people's expressions suddenly changed. They obviously didn't expect Nangong jueye to be so ruthless!

How cruel was it to let a person witness his bones being broken one by one while he was awake?

It wouldn't be an exaggeration to say that he couldn't even die.

Especially that kind of pain, just thinking about it was enough to make people lose their courage!

the private soldier who crushed the young man's limbs stepped forward and walked towards the unconscious young man with a blank expression.

the young man's mother covered her mouth with both hands, her eyes wide with fear.

watching her son die of blood loss was the limit of what she could bear. for the family, she could bear the pain of losing her son ...

however, when she saw her son suffer and die a terrible death, the string in her heart snapped!

"stop! stop!"

the young man's mother instantly lost her mind and rushed out desperately. because she was worried about her son, she had moved to the front early in the morning.

when she suddenly charged forward, the heiye clan members were in a state of shock, and no one could react in time to stop her.

The Nangong family's private soldiers had a tacit understanding not to make a move, allowing the woman to charge at her son.

The heiye clansmen reacted and wanted to pull her back, but just as they were about to rush out, dozens of crossbow arrows flew through the air. With a series of muffled sounds, they planted a line of death on the ground in front of them.

Although he didn't say anything, his meaning was clear. Those who crossed the line would be embarrassed to death!

The woman did not care about what was happening behind her. She threw herself onto her son's body, lifted her tear-streaked face, and shrieked, ""He's already in this state, so don't touch him. If you want to deal with someone, deal with me!"

"What a touching mother-son relationship!"

Nangong jueye touched his chin and looked at the woman with a smile that was not a smile. ""What should I do? Although I'm very touched, I'm not a person who goes back on his word. On the contrary, I value promises very much and can be said to be a man of his word! If you don't satisfy my conditions, I can't take back my order!"

Chapter 8632

"For the sake of your son, why don't you just kneel down and beg me? Seeing that you love your son so much, I'll definitely consider letting you and your son go. You know that I'm a man of my word, and I'll definitely keep my promise!"

Tribe leader hei ye wanted to shout and warn the woman not to be fooled, but dozens of crossbow arrows flew directly at him, causing him to be flustered.

The other members of the heiye clan who wanted to help were naturally given the same warning and treatment.

From this, it could be seen that the Nangong family's private soldiers were indeed well-trained, powerful, and had a good grasp of timing.

On the field, a complicated expression of heartache, determination, and ruthlessness suddenly flashed across the woman's tear-stained face. Then, she turned her wrist and a short and delicate dagger slid out of her sleeve. After raising it slightly, she ruthlessly stabbed it at her son's heart.

If she was destined to die, this mother would rather do it herself and send her beloved son away!

I brought you to this world, I will send you away from this world!

I hope you will be free from pain. If there is a next life, I hope you will be safe and happy!

The mother's heart felt like it was being twisted by a knife, but she stabbed the knife into her son's heart without hesitation!

Nangong jueye was slightly surprised, but he did not panic.

There were at least twenty crossbows aimed at the mother and son in the field. It was not easy for them to escape or die.

As soon as the woman raised her hand, the spring of the crossbow rang out. When the dagger fell, the arrow had already flown over and easily and accurately hit the wrist of the woman holding the dagger.

His wrist, which had been pierced by the arrow, instantly lost all strength. His five fingers, which had been clenched tightly, loosened powerlessly. Although the dagger had inertia, it could no longer pierce the body of a golden core stage body refining cultivator!

The woman clenched her teeth and endured the excruciating pain. She reached out with her other hand and grabbed the falling dagger.

As the angle was not right, she could not continue to stab into the heart, so she simply went with the flow and slashed at the young man's throat.

In the eyes of those who didn't know what was going on, this kind of ruthless and relentless look would make them think that there was an unresolvable hatred between her and that young man!

The Heiye clan's people were all moved. They clearly did not expect the woman to rush out not to beg for mercy, but to kill her son and prevent him from being tortured.

Because she loved him deeply, she had to send him away personally!

Unfortunately, the Nangong family's private soldiers were like an impassable natural moat that lay between the woman's dagger and her son's neck.

Her reaction was fast, but the Nangong family's private soldiers' arrows were even faster. Once again, before the daggers could reach the target, they shot the woman's wrist!

The second attempt to kill his son was a failure!

The woman seemed to have gone mad. She didn't care if both her hands were crippled. She continued with her third attempt. This time, she directly pounced on her son and opened her mouth to bite his throat. Her will was extremely firm!

Of course, this attempt was still declared a failure. The Nangong family's private soldiers had come up and dragged her to the side, so that she could no longer touch the unconscious young man.

The woman's eyes were filled with despair, and her mouth was still gritting the air. The sound of her teeth colliding was very horrifying.

"Do you want your son to die so badly? Don't worry, he'll definitely die. But before he dies, he'll show you what it means to be unyielding. Wake him up and continue with the order!"

Nangong jueye laughed very happily, as if he had just watched a good show and was in an extremely good mood!

On the side, Sima Yun san's smile was somewhat forced.

He used to be an idle Prince and had been very foppish since he was young, so he didn't care about killing people.

However, seeing that Nangong jueye had imperceptibly forced his mother to kill her son with her own hands and still couldn't kill him ... He felt a little strange in his heart.

The young man on the ground was woken up by the Nangong family's private soldiers. He didn't know that he was almost killed by his mother, and it was three times in a row!

When he first opened his eyes, he was still in a daze. Suddenly, a huge force hit him on the left side of his ribs, and one of his ribs was directly shattered.

The immense pain caused him to bow up in an instant, like a cooked prawn curled up into a ball. His throat made a gurgling sound, but because of the intense pain, he lost his voice and could not even scream.

"Oh my, it seems that this young man's ribs are not made of iron. Where are his bones made of iron? As his mother, do you know where the iron bones are? Tell me so that your son won't suffer!"

Nangong jueye looked at the woman with a smile. She had spoken such cruel words in such a gentle manner. With a wave of his finger, the private soldiers broke another rib of the young man.

The woman's heart ached. Looking at her son's miserable state, her heart finally collapsed. She broke free from the hands of the private soldiers, knelt down to Nangong jueye, and begged with her head on the ground, "I beg you ... I beg you to let my son go! I beg you ..."

The heiye clan's people's faces were ugly, but no one could say anything.

The woman had already done everything she could, even killing her son, but she had not succeeded.

Because of her son, she was willing to raise her knife. Also because of her son, she finally knelt down and begged.

The rest of the heiye clan fell silent. No one could say that they could do better than the woman, and no one could blame a mother for abandoning the dignity and glory of the clan at this time.

Nangong jueye laughed wildly, "hahahaha, you heiye clansmen are finally kneeling in front of me, Nangong jueye, and begging for mercy?" I said I would consider it, so I will definitely consider it. Don't worry!"

As he said "don't worry", he made another hand gesture. The private soldier who received the order once again kept the young man awake and broke one of his ribs.

"Stop! Stop! You said that you would let my son go. You said that if I knelt down and begged you, you would let my son go! You said that you were a man of your word and that your promise was worth a thousand gold! You can't break your promise!"

The woman was really going crazy. Even the tears in her eyes had turned light red. These were really blood tears ...

Her voice was hoarse and it sounded like a leaking pipe, which was very ear-piercing.

Nangong jueye spread out his hands. "I said I would consider it. Isn't this what I'm thinking about?" Why are you in such a hurry? I've always been a man of my word, and I'll never go back on my word!"

"Of course, if you want me to think faster, maybe I can learn from pigs and dogs. I can crawl a few rounds on the ground and bark like a pig or a dog. If I can learn it well, I might be able to think it over quickly."

He was still toying with the woman. He was addicted to the game of cat and mouse, and he was deeply happy about it, so he didn't want to end it immediately.

Chapter 8633

The woman's heart was numb and in despair. Since she had already broken through her bottom line and knelt down to beg, she didn't care if she had to crawl and wail like pigs and dogs.

Therefore, she simply used her elbows to support herself on the ground. Her wrists had been shot through by the arrows, so she couldn't stand up at all. She could only use her elbows to support her body.

His two elbows moved forward alternately on the ground, and the blood on his wrists flowed down, forming two dark red marks. He crawled while making pig and dog sounds.

She had completely given up on her self-esteem and only wanted her son to suffer less ...

Nangong jueye laughed wildly at the sky. He felt great satisfaction from this humiliation.

When the woman was not far from him, he suddenly pulled out his sword and slashed down, directly beheading her.

"If you're willing to be a pig or a dog, that means you've given up on being a human. I'm sure you don't have any objections to me slaughtering pigs and dogs, right?"

The arrogance and pride on Nangong jueye's face disappeared and was replaced by a mocking smile. "I'm almost done playing the game. The appetizer ends here. It's time for the big meal!"

"Heiye clan's old man, I am a very kind person, I will give you a very good chance to choose, you can all kill yourselves! If you want to resist, I guarantee that you will all be like this kid, unable to live or die. In comparison, it's a blessing to end your own life!"

Nangong jueye was indeed a ruthless person to be able to say such shameless words as if they were natural!

Tribe leader hei ye's face was as black as ink, he was struggling in his heart.

Resistance ... They would definitely not be able to resist. At most, they would drag a few private soldiers down with them.

Under the siege of ten times the number of the enemy, they might not even have the chance to pull Nangong jueye down with them, let alone hurt him.

At that time, he would be tortured and humiliated, but he wouldn't even be able to die. Just thinking about it made him feel miserable ... It seemed more appropriate to commit suicide now!

Nangong jueye wanted to get rid of the heiye clan without shedding a drop of blood. After all, no matter how down and out the heiye clan was, they still had some fighting power.

It would be a waste even if they lost a few private soldiers. These were the elites that the Nangong family had spent countless resources on!

Apart from that, Nangong jueye still had a playful mind. He wanted to continue to play with the heiye clan in his hands to satisfy his slightly perverted desire for control.

"How is it? This is the only chance you have to kill yourselves. If you miss it, I guarantee that you won't be able to die even if you want to! When the time comes, don't cry and beg me to kill you!"

Nangong jueye continued to use his arrogant tone to exert pressure. He could see that many people in the heiye clan had wavered. They might not be afraid of death, and they might have the courage and determination to perish together with the Nangong clan's private soldiers. However, they were afraid that they would not be able to die even if they wanted to after giving it their all.

As expected, the most terrifying thing in the world was not death, but not being able to die even if one wanted to!

The unlucky young man on the ground was still alive, and he was the most authentic example.

Under Nangong jueye's instructions, the private soldier continued to break his bones slowly and kept him awake. He kept moaning and groaning.

Tribe leader hei ye sighed softly, his body could not help but bend. His already old face instantly withered by more than twenty years, looking like a person who was about to be buried in the soil.

"Nangong jueye, the child's mother has already done everything she could. If you really have any integrity, stop torturing him and just kill him!"

tribe leader hei ye's eyes were filled with deep despair and helplessness, he lowered his head and continued, ""if you kill him, this old man will immediately commit suicide in front of you! as for the rest of the heiye clan, i don't care anymore. after i die, i'll let them decide their own fate. "

nangong jueye laughed and waved his hand."originally, you old thing don't have the qualifications to make any requests of me, but i'm in a good mood today. in order to show that i'm a man of my word, i'll fulfill your wish and kill that silly boy first!"

the tormented young man on the ground had already brought enough joy to nangong jueye, and his value had almost been squeezed out. it didn't matter whether he was dead or alive.

therefore, nangong jueye quickly gave a signal, and the private soldier who was carrying out the torture ended the poor young man on the ground without any emotion.

when he died, the expression on his face was actually one of relief ...

it could be seen that after being tortured, even death was a kind of happiness!

Tribe leader hei ye nodded slightly, sighing in his heart. He then pulled out the dagger he carried with him and pointed it at his own throat, ""If my heiye clan still had a bit of the bloodline of our ancestors, we wouldn't have fallen to such a miserable state! I'm incompetent, I've brought shame to my ancestors and the family!"

The dignified descendant of the green Devil God was now forced to commit suicide with his entire clan. He didn't even dare to resist. He was truly a coward. After he died, he would have no face to see his ancestors!

However, just as he said, if the heiye clan had the green Devil God's bloodline and had pure plant attributes, let alone the Nangong clan, they would be a strong clan in the entire Wutong continent.

The Wutong continent was a place with many mountains and forests. The plant attribute naturally had stronger adaptability and combat strength. If everyone in the heiye clan had the plant attribute, it wouldn't be difficult to stand out!

Now, tribe leader hei ye had nothing more to say. He felt that he had let down his ancestors and his people, so he had already stabbed himself with the dagger.

Even the clan leader had given up, so those who still had the thought of resisting naturally gave up and prepared to commit suicide to avoid more humiliation!

At the critical moment, a gentle Qi of attributes shot out like lightning and hit the dagger in tribe leader hei ye's hand. It directly sent the dagger flying, causing his suicide attempt to fail.

"Who's there?!"

Nangong jueye was instantly enraged!

A good show was about to start, but it was inexplicably interrupted. He really couldn't suppress the anger in his heart. He swore that he would make the person beg for death and cry for him!

"Someone you can't afford to offend!"

Lin Yi's indifferent voice rang out in the middle of the field. It wasn't loud, but it exploded in the ears of everyone from the Sima Commandery, making their heads buzz.

Just as tribe leader hei ye was about to commit suicide, black wildflower arrived with Lin Yi and the rest!

lin yi's spirit sense noticed the unusual situation and immediately used butterfly steps with full force, bringing black wildflower and the other two to move quickly. they crossed a considerable distance in the blink of an eye and appeared in the encirclement of the nangong family's private soldiers.

the soldiers didn't even see how lin yi's group got through the encirclement-they only saw a blur in front of their eyes, and then four more people appeared in the circle.

if it wasn't for the bright and sunny day, they would have thought that they had seen a ghost.

Chapter 8634 The End

"What a joke! There are still people here that I can't afford to offend? Don't think that you can do whatever you want just because you're fast! If I want you to die, no one can let you Live!"

Nangong jueye had never seen Lin Yi and Zhang Yiming before.

Lin Yi's stay in Hongshang Commandery was very short. Although he had a gathering with the younger generation of Hongshang Commandery, Nangong jueye was not in the capital at that time, so he did not know Sima Yi, who had stirred up the entire Empire!

He'd been looking down on the four since the very beginning-they were all very young, and he was already planning on how he'd torture them.

Lin Yi's mouth twitched. How dare she say that in front of him? He had never seen such an arrogant person before!

Who exactly gave him the courage and confidence to do so? Lin Yi was very curious!

"Third uncle, do you also think so? If he wants me to die, then no one can let me live?"

Lin Yi ignored Nangong jueye and turned to Sima Yunsan.

In terms of seniority, Sima Yun San was indeed Lin Yi's third uncle.

But if Lin Yi really called him that, Sima Yun San didn't deserve it!

He was the proud Son of Heaven who had founded the Hong Shang Empire and had now become a legend of the Empire!

The Sima family could have used Lin Yi's name as their own, but they were too greedy and wanted to take the throne of the Hong Shang Empire, causing both sides to fall out completely.

Luckily, Lin Yi didn't pursue the matter anymore, so the Sima family could live in peace and continue to be the king of the Commandery!

Third uncle? Uncle your sister! You're my ancestor!

Sima Yun San almost cried.

As expected, Lin Yi knelt down immediately after he finished speaking. His personal guards knelt down even faster, the moment they saw Lin Yi's face!

As a Royal Guard of the Sima family, how could they not know Lin Yi even if others didn't?

This was the God of War in their hearts!

"I don't dare! Please forgive me, great general Sima! This lowly one has nothing to do with this matter, I'm only here to take a look! I didn't know that general was here. I'm really sorry for offending you!"

Sima Yun San knelt on the ground, his entire body trembling.

Lin Yi wasn't the Emperor of the Hong Shang Empire, but his status was higher than Liu Ziyu's.

He, Sima yunsan, was just an idle Prince of a Commandery. In front of Lin Yi, he could only call himself a lowly person.

As for taking advantage of his seniority, saying things like "little Yi" or "give uncle face" or something like that, even if you beat him to death, Sima Yun San wouldn't dare to say it, he wouldn't even dare to think about it!

This man was not a kind person. In the process of establishing the Hongshang Empire, he had killed many people, and the enemy's casualties were in the millions!

Without Sima Yunqi, Liu Ziyu, and the others by his side, Sima Yunyun felt that Lin Yi could kill him at any time!

As a result, Sima Yun San was very wise. While he maintained his respect towards Lin Yi, he started to clear his name, trying his best not to get involved in any way!

"Third uncle is too polite! I'm actually very surprised to see you here! Is the Sima clan not satisfied with the position of the regional King and wants more?"

Lin Yi's tone was very gentle, but the meaning behind his words was like a knife cutting into Sima Yun san's heart.

What did he mean by not satisfied with the position of the regional King?

Was he trying to dig up the old debt of usurping the Empire's throne?

But that had nothing to do with me!

That was the old man and the boss's doing, I, Sima Yun San, am innocent!

Sima Yun San really wanted to cry, the cold sweat on his forehead couldn't be stopped, it was flowing non-stop.

"General, it's really a misunderstanding ... The Sima clan is very satisfied with their current life ... They definitely don't have any disloyal thoughts!"

On the side, Nangong jueye was a little dumbfounded. He still didn't understand why Sima Yun San was so afraid of Lin Yi. He also didn't know what kind of general this Lin Yi was. He thought that he was a general from some conferred Kingdom ...

In Nangong Jue's heart, so what if it was a conferred Kingdom? there were only a few of them, and even if the heiye clan was added to the mix, they would not be enough!

Why don't we just kill all of them and seal the news?

"I don't care what kind of general you are, but since you dare to hinder me today, don't blame me for being impolite! Kill him!"

The last three words were an order to the private soldiers of the Nangong family.

These private soldiers only listened to the Nangong family's orders, and they would definitely carry them out without any discount.

Rather than calling them private soldiers, it would be more appropriate to describe them as death Warriors.

Hence, after Nangong jueye gave the order, all the arrows were aimed at Lin Yi.

A thousand crossbow arrows were shot, and the concentrated crossbow arrows were enough to kill a spirit Beast of Darkness in the mountain opening stage in an instant!

Nangong jueye believed that Lin Yi and the others were doomed. What general? even the Prince would have to kneel!

Who asked you to go out without a few thousand guards?

Sima yunsan kowtowed to Nangong jueye when he was speaking. He thought that Nangong jueye was an arrogant idiot who was seeking death, and he really was!

A mere thousand private soldiers from the Nangong clan actually thought that they could deal with Sima Yi?

What a joke!

After establishing the Hong Shang Empire, Sima Yi had gone to the naduo martial Alliance branch. It was not that Sima Yi wanted to go, but the martial Alliance's rules were as such!

Anyone who wanted to establish an Empire must have an expert at the sea splitting stage to serve the martial Alliance!

In other words, at that time, Sima Yi already had the strength of the sea splitting stage!

Are you out of your mind to use these private soldiers to deal with an expert at the sea splitting stage?

However, Sima Yun San would not go and remind Nangong jueye at this time.

On one hand, it was to avoid getting into trouble, and on the other hand ...

The Sima County was now the territory of the Sima clan, but the Nangong clan's power in the territory was even stronger than the Sima clan!

It would be weird if the Sima clan didn't have any fear. When they couldn't deal with them, they could only win them over with gentleness. However, once they had the chance, the Sima clan would definitely go all out to mess with the Nangong clan!

Now was the best opportunity. That idiot Nangong jueye actually dared to make a move on Sima Yi ... To be honest, Sima yunsan was laughing in his heart!

Based on that person's clear distinction between gratitude and grudges, and his vengeful personality, Sima Yun Yun knew that the Nangong clan was finished!

Lin Yi looked at Nangong jueye with a playful expression. At the same time he gave the order, countless pieces of grass and leaves flew up from the ground!

The plant attribute that was passed down from the green Devil God, in front of the heiye clan, the descendant of the green Devil God, was shining with a dazzling light!

the nangong family's private soldiers did not even have the time to pull the trigger of the crossbow. the originally weak grass that could only be trampled on had already pierced their throats like iron sticks!

anyone who dared to turn their crossbow towards lin yi's group died on the spot without exception.

there wasn't the slightest bit of sloppiness, and there wouldn't be any unnecessary pain!

this method was completely different from nangong jueye 's, but the shock it brought was even more intense. it was not something that nangong jueye's method could compare with!

Chapter 8635

All of the Nangong family's private soldiers fell to the ground at the same time. The sound was so uniform that it was as if a single person had made it. However, the sound was a little loud, like a sudden clap of thunder!

Nangong jueye was dumbfounded. He didn't have a crossbow in his hand, and Lin Yi let him go on purpose. Other than that, all the private soldiers of the Nangong family that Nangong jueye brought with him were all killed!

What a joke, Lin Yi was now a Super Master of the heaven breaking stage, and the Nangong family's private army was definitely the most elite force in Sima County. However, in front of Lin Yi, they were no different from ordinary people.

Let alone a thousand people, even with two or three zeros behind, as long as they were within Lin Yi's spirit Sense range, the plant element would take effect and they would be killed instantly.

At Lin Yi's level, there was no use in numbers for normal people.

With the ability to kill in a large area, ordinary people were not even qualified to be cannon fodder.

"I told you, I'm not someone you can afford to offend! You don't believe me?"

Lin Yi looked at Nangong jueye playfully and beckoned at him with his right index finger, "Didn't you want to be rude to me? Come on! I'll be waiting for you!"

Nangong jueye finally felt afraid. His legs under the long robe were trembling slightly, and he couldn't stop it no matter what!

"Who ... Who are you?"

He could already sense that something was amiss. This level of strength ... He had no idea what level of strength it was at, but it was simply too terrifying. It wasn't a level that someone from a conferred Kingdom could reach!

"You don't even know who I am, and you want to kill me. How arrogant! Forget it, there's no harm in telling you, I'm Sima Yi!"

As soon as Sima Yi's name came out of his mouth, Nangong jueye's legs went soft and he knelt down.

If one looked closely, one could see that there was a puddle of water spreading on the hem of his robe.

Not only did this guy kneel in fear, he even peed his pants!

He finally knew what kind of existence he had provoked!

He was really someone he couldn't afford to offend!

Not to mention Nangong jueye, even the entire Nangong family couldn't afford to offend him. He could exterminate the Nangong family hundreds of times with a casual breath!

"General, please spare me!"

On the other hand, Nangong jueye was a hoodlum. He immediately began to kowtow and beg for mercy. He kowtowed more than ten times in a row, and his forehead immediately swelled up.

For the sake of his life, what was this bit of humiliation?

No, in front of Sima Yi, what kind of humiliation was this?

Kowtowing to Sima Yi was a matter of course!

Not only that, when Nangong jueye saw that Lin Yi wasn't moving, he immediately used both his hands and feet to act like a pig that's afraid of pigs, even shamelessly laughing, ""Your Highness, this lowly one is just an insignificant pufferdog. In Your Highness's eyes, this lowly one isn't even worth a fart. Your Highness, can you be magnanimous and spare this lowly one's dog life?"

Lin Yi's face was full of disgust-he'd seen shameless people before, but not someone this shameless!

He didn't even think about how he had treated that woman before.

"Just now, you seemed to have said that if you're willing to be a pig or a dog and give up being a human, it won't be a problem even if you slaughter them!"

Tribe leader hei ye had just woken up from the huge reversal, seeing the familiar scene in front of him, he immediately scolded sternly.

He was using Nangong jueye's words to block his own mouth!

Nangong jueye was speechless. He could only secretly glare at tribe leader hei ye with a venomous gaze. He thought to himself, why didn't this old man just kill him?

If he could survive this time, he would definitely find an opportunity to kill them in the future!

"Hmph!" Lin Yi hmphed coldly, "I don't have the habit of torturing people, so kill yourself!" If you're not willing, I'll hand you over to the heiye clan! A friendly reminder, falling into the hands of the heiye clan, I think you'd rather die than live. While there's still a chance, it's better to quickly end your own life!"

Nangong jueye was completely dumbfounded. These words sounded very familiar. Wasn't this the same method he had used to deal with the heiye clan?

Now that all of it had fallen on him, Nangong jueye, he could feel the viciousness hidden within!

He wouldn't think of doing something he didn't want, but he would hate Lin Yi for copying his methods!

Nangong jueye didn't want to die, and he didn't want to kill himself even more. However, when he thought about the consequences of falling into the hands of the heiye clan ... He couldn't help but shiver.

Looking at the cold and indifferent eyes of the people from the heiye clan, Nangong jueye truly felt that it would be better to commit suicide now.

As for running away, that was no joke. In front of Sima Yi, would someone who could kill all the Nangong clan's private soldiers in an instant let him escape?

"General, Sir ... Spare me! I'm willing to be your slave, Your Excellency's Lackey, as long as you can spare my life!"

Nangong jueye was in despair, but he still wanted to beg for Lin Yi's forgiveness.

As long as Lin Yi agreed, the heiye family wouldn't dare to do anything.

But Lin Yi wasn't moved, he only looked at him coldly.

Zhang Yiming, who was standing beside him, spat, ""A piece of trash like you dares to follow boss? Even if you're a dog, you're not qualified. You're not even qualified to be the old gate's dog for supper, okay?"

"The boss is already very kind to make a choice within three. Don't make any unnecessary struggles. Three ... Two ..."

Zhang Yiming started to force Nangong jueye, making him feel the pain and despair in the heart of tribe leader hei ye.

In the end, he made the same choice as tribe leader hei ye.

Rather than suffering all kinds of torture and dying miserably in the end, it's better for him to end his life now!

At least he would feel less pain and retain some dignity!

And so, Nangong jueye died!

It was clean and direct, without any sloppiness!

Everything was the same as before. The people of the heiye clan felt that there was indeed retribution in the world. Good and evil would always be rewarded. It was not that there was no retribution, but when the time came, everything would be repaid!

Sima Yun San and his personal guards were still kneeling on the ground, trembling.

Lin Yi annihilated the entire Nangong family in one fell swoop, Sima Yun San was actually very happy.

However, he was still in awe of Lin Yi. He didn't know what would happen to a passerby like him.

"Get up!" He said.

Lin Yi's cold voice sounded from above Sima Yun San and the others.

Although Sima Yun San was afraid, he didn't dare to disobey Lin Yi's order. He could only lower his head and stand up, trembling.

"It seems like the Sima clan is still not willing to settle down! I originally wanted to let your taitai live a peaceful and stable life as a rich Junwang. With Ziyu watching from above, no one would dare to touch the Sima country!"

"The heiye clan has long since declined and is no longer a threat to the Sima Commandery. You still want to exterminate them. That's too much!"

Sima Yun San cried out bitterly in his heart, thinking that this was all caused by the Nangong clan, and had nothing to do with the Sima clan!

But he didn't dare to say that out loud-he'd be arguing with Lin Yi if he did!

He had no choice but to admit his mistake.

Since Sima Yun San would agree to whatever Lin Yi said, the punishment would probably be lighter if he was sincere, right?

It'd be even better if Lin Yi could at least save some incense ...

Chapter 8636

"I can't be bothered to say too much to you. This time, the Sima clan has gone overboard. Fortunately, they did not participate too deeply. As punishment, the Sima Commandery will still take turns to be the Commandery Prince!"

Lin Yi said, deciding the fate of the two houses. "From now on, the Heiye clan will hold the position of Commandery Prince for five years! The Sima clan will rise again in five years!"

"As for the Nangong family, their behavior is too vile. I will send a letter to Ziyu and wipe out the Nangong family completely. The two families will get along well and manage Sima County well!"

If it was in other commanderies, this kind of rotation of Kings would definitely cause chaos.

However, the Sima County would not do so. This was a tradition!

In the past, the four great Guardian general clans had taken turns to play. Now that there were only two clans left, it was much simpler!

The people of the heiye clan cheered. The revival they had been dreaming of had actually come so suddenly!

A moment ago, his family was in danger of being exterminated, but the next moment, he had restored the glory of the family of the general who protected the country. He had even directly obtained the power to rule the Commandery for five years!

What could be more perfect than this?

If there was, then it would be great if black wildflower could marry Sima Yi!

This way, their heiye clan's position would be even more stable!

Black wildflower didn't even know that her clansmen wanted her to marry Lin Yi. If she did, she wouldn't know if she should be angry or hopeful ...

No one questioned Lin Yi's authority. He could even make a decision in Hong Shang Empire, let alone a mere Sima Prefecture.

If even the Emperor Liu Ziyu had to listen to Lin Yi, the others didn't have to.

It was estimated that the emperor's official decree would be passed down soon. By then, the heiye clan would officially become the new royal family, and the Nangong clan would be completely destroyed!

From now on, the Nangong clan, one of the four great protector generals, would forever withdraw from the stage of history. They would be inferior to the heiye clan from before!

Shi longcai watched from the side for a long time and couldn't help but secretly pout.

He was a little regretful. If he had known earlier, he would have stayed in the sword spring sect. Why did he follow them?

What was the point of following him?

Other than watching Sima Yi act cool, he was still watching Sima Yi act cool!

Wave after wave of acting tough was really smooth and there was no difficulty at all!

Shi Yucai felt that Lin Yi's acting tough skills were even more profound than his own!

This was a F * cking pretentious leader!

Convinced! They were completely convinced!

Lin Yi wasn't interested in the heiye family's business anymore, so he brought Shi shengcai and Zhang Yiming back to the sword spring sect.

Black wildflower stayed in the clan to help out, but she didn't express her gratitude to Lin Yi. It meant that she and Lin Yi were on the same side, and she wouldn't be polite.

Lin Yi naturally understood that in his eyes, the heiye family was just a small matter.

But to the heiye clan, it was a matter of life and death.

The two of them were not of the same level, so it was normal for them to have a difference in understanding.

After returning to the sword spring sect, Lin Yi met with elder Qin and su Yumo, both of whom had improved quite a bit.

It was the same with the black wildflower. The three of them had a great harvest in the nine-story glazed Pagoda.

After seeing black wildflower's condition, Lin Yi was not surprised by elder Qin and su Yumo's improvement.

Elder Qin went back to practicing after Lin Yi talked about some pill Dao with him.

He'd already gained some insight from the nine story Pagoda, and with Lin Yi's experience and advice, he'd probably gain a lot.

Perhaps the sword spring sect would soon have its own Grandmaster of alchemy!

Su Yumo waited for elder Qin to leave before thanking Lin Yi solemnly, "I'm really grateful to you this time for giving me such a great opportunity and allowing my strength to have a tremendous change!"

"Why are you being so polite?" Lin Yi pouted. We're all relatives, so you're being too distant. "

Su Yumo smiled sweetly. She had a cold personality and cultivated in a cultivation technique that tempered her body with cold Qi. She was usually as cold as an ice cube, so it was rare for her to smile.

Other people wouldn't even get to see it once in a year, except Lin Yi.

Lin Yi didn't try to beat around the bush, asking seriously, "Now that your strength has increased greatly, no one in the entire sword spring sect is your match. Have you ever thought of leaving the sword spring sect and going to a higher level sect to cultivate?"

It was not that the sword spring sect was not good, but their level was too low.

Su Yumo could still make do with the thin elemental Qi in this corner in the past, but it was obviously not suitable after she came out of the nine-story glazed Pagoda.

Su Yumo thought about it and shook her head. ""My cultivation technique is rather special, and the North Peak of the sword spring sect is the most suitable place for me to cultivate. That's why I haven't changed my location for so long."

"The other sects don't have a place as suitable for me to cultivate, so I won't be leaving the sword spring sect for the time being. I'll continue to stay here. Of course, if you find a better place for me to cultivate, let me know and I'll go!"

The people of the sub-Island would have feelings for the sect, but they would never stay in one sect unless their strength reached the peak and there was no possibility of any further improvement.

Generally speaking, when a sect was unable to provide a way to increase one's strength, it was normal to look for a higher level sect. Such an action was not considered betraying the sect.

Therefore, su Yumo's words were natural, and Lin Yi didn't think that it was wrong.

"Alright! Then I'll keep an eye out and send you a message if there's a suitable place. You should hurry over as soon as possible after receiving the news. You're in the golden period of improving your strength now. It's a pity that you've been loitering around the sword spring sect!"

Lin Yi was right. Su Yumo was in the period of rapid improvement in strength. The cultivation environment of the sword spring sect was useless to su Yumo, except for the fact that it was compatible with the North Peak.

Su Yumo nodded in agreement, and the two of them continued to talk about cultivation. Lin Yi was more than qualified to be her mentor, and he could give her a lot of guidance!

After staying at the sword spring sect for two days, Lin Yi left with Shi Yucai and Zhang Yiming.

After all, there were still many things to do at Fengqi Dazhou and he couldn't waste too much time on leisure.

Walking back the same way, Zhang Yiming's house was still empty. The little fatty had crossed the continent to visit his family, but he had missed it perfectly. It was a pity.

However, Zhang xiaopang was an optimistic person. If he could not see it, then so be it. He did not take it to heart.

After that, they went to the imperial capital of Hong Shang Empire. Lin Yi and the other two stayed for one more night and gathered with Sima Yunqi, Liu Ziyu, and the others.

It was the same at the naduo martial Alliance branch. Lin Yi didn't like to have too many social events, but he couldn't just walk away and ignore his old friends.

Hence, the three of them left Wutong four to five days later than the other grandmasters!

Chapter 8637

Lin Yi was still wondering if the Jia family would react quickly and send people to Wutong to stop him.

In the end, such a situation did not occur.

He didn't know if the Jia family hadn't received the news yet, or if they didn't act rashly after receiving the news, and were prepared to kill him in one blow after a detailed plan?

No matter what the situation was, Lin Yi was satisfied that they didn't come looking for trouble for now. He'd go to Sangzi continent after cleaning up the mess in Fengqi continent.

After going through the teleportation formation at the Wutong continent to the Fengqi continent, Lin Yi and the others just walked out when a man quickly came up to them.

"Greetings, Dean Sima, Dean Shi, and brother Zhang!"

the man's expression was a little anxious, but he still followed the rules and saluted them first before revealing his identity. "this one is the first hall master's subordinate. i knew that you would return at this time, so i specially waited here."

"what's up? go ahead!"

lin yi nodded slightly, not taking it too seriously.

after all, the first hall master had only sent one person over. if it was an important matter, he might have come personally.

"Yes! Dean Sima, the first hall Master would like to invite you to the array Dao Association. At this moment, he's having a dispute with President su in the array Dao Association and both sides are in a deadlock. Dean Sima, you're holding the position of the array Dao Association's Grand Elder, so you're the most suitable person to preside over the situation!"

Lin Yi was shocked-what was it that caused the two to fight? Could it be related to array Dao?

Could it be that the first hall Master was also interested in formations?

"Alright, then I'll go over and take a look!"

Lin Yi didn't reject.

Shi shengcai hesitated for a moment before deciding to follow them to watch the show.

As for Zhang Yiming, he was just there to collect information.

The three of them didn't need that person to lead the way. They were already familiar with the way and soon arrived at the array Association.

The first thing he saw when he entered the room was the head Hall Master and su Zixin having a cock fight.

The two of them had already thrown away their manners, slammed the table, widened their eyes, and cursed. They were just short of a full martial arts performance!

The first hall master's eyes brightened as he saw Lin Yi walk in, a smile on his face as he walked up to him. "Dean Sima, you've returned! It was really too timely! I've heard about the process of your trial this time, and I'll celebrate with you later. Now, let's talk about the things here. "

The other grandmasters from Fengqi Dazhou came back a few days ago, so the first hall leader obviously knew what happened in the test. He was shocked by Lin Yi's strength, but he didn't show it at all.

Su Zixin hmphed and cupped his hands at Lin Yi, "Elder Sima, you've come just in time. This matter is of great importance. It's not a small matter. You can explain it to the first hall Master and persuade him to take action quickly!"

Lin Yi was the Grand Elder of the Association, so su Zixin addressed him as elder, making it clear that he was an ally.

"Don't rush, you two," Lin Yi waved his hand with a bitter smile, "take your time and let me know what happened. " Who should I listen to when you're talking to him one after another?"

Su Zixin didn't want to pass on his responsibility and patted his chest. ""I'll say it first. I was the one who brought it up, so I'll definitely say it first!"

The first hall Master pouted and gestured for su Zixin to start his speech.

Su Zixin snorted again and went straight to the point, ""Recently, we've detected an unusual array fluctuation in the underground Devil's Cave. This array fluctuation is very unfamiliar. It shouldn't belong to the array system of the Phoenix Nest great continent."

"In other words, it's very likely that the darkness demon beast clan is behind this, or that there are array Masters from other continents who have entered the underground Devil's Den to cause trouble without going through our array Dao Association."

"No matter what the situation is, it's obvious that they have malicious intentions towards our Feng Qi continent. Otherwise, why would they hide it from our array formation Association? Because of this, I request that the first hall Master send enough battle generals deep into the underground devil cave to search for the ripples of this mysterious formation. "

"But the first hall Master kept pushing it away and refused to agree to this matter. Are we going to watch the hidden enemy achieve their plan? Once that happens, we might be beaten senseless!"

Lin Yi was surprised. The underground cave's formation?

Was it the teleportation formation from the darkness demon beast clan?

By right, there shouldn't be any fluctuations from the formation over there!

The first hall Master could not help but rebut, "Guild Master su, you don't have any concrete evidence now. You're only relying on your speculations. You're not able to accurately capture the fluctuations of the array you mentioned."

"With such an unclear reason, how do you expect me to gather the battle generals and go to the territory controlled by the darkness demon beast clan to search for and annihilate them? That would be irresponsibly sending people to their deaths! I will never agree to this!"

"Taking a step back, even if I agree, it's useless because battle generals all have important missions. Right now, martial Alliance doesn't have many troops to mobilize. It's impossible to transfer people to do what you said!"

This was a very strong reason, and Lin Yi felt that the hall master's concerns were right. Without this line of thought, he really didn't deserve to be the Supreme Leader of the martial Alliance.

Su Zixin wasn't convinced-the two were already in a stalemate before, and this was just a repeat for Lin Yi.

"First hall Master, with all due respect, the current situation is very critical. Even if we don't have conclusive evidence, we can't ignore this unusual movement! Our array Dao Association has the right to make authoritative suggestions in critical situations. Even you, first hall Master, have to cooperate with us!"

In fact, the two of them had said these words many times before. It was like a young couple quarreling, over and over again.

Everyone was in the right, and no one could convince anyone, unless one side took the initiative to give in.

It was obvious that neither side wanted to back down.

That was why they needed Lin Yi to be their peacemaker, or perhaps their arbitrator!

The first hall Master was about to explode from anger. Su Zixin had been pestering him for the past few days, causing him to waste a lot of time and energy.

He had no choice today-su Zixin came to the Association, and Lin Yi was back, so he decided to send Lin Yi to deal with su Zixin.

"Elder Sima, you're the array Association's Grand Elder, what do you think of this? Do you want to say something to Guild Master su?"

The first hall Master's words were clearly for Lin Yi to stand on his side, and he quickly went to persuade su Zixin to give up on the idea of sending troops to search the dark Demon beasts.

"It's true that martial League doesn't have enough military strength right now. They're stretched thin everywhere, and can't afford to suffer any more unnecessary losses!

Su Zixin looked at Lin Yi as well-he felt that the first hall Master was a complete layman when it came to formations.

Anyone below Grandmaster level was considered a layman!

As a layman, the first hall Master could not understand the seriousness of this matter.

Chapter 8638

Lin Yi, on the other hand, was a diamond Grandmaster-he should know how important this was.

So su Zixin also had high hopes for Lin Yi, thinking that Lin Yi might stand on his side and persuade the hall Master to gather the Warriors!

Su Zixin didn't want to admit it, but he knew that Lin Yi's influence on the head had surpassed his as the president of the Association.

Lin Yi looked at su Zixin deeply, and could only apologize to him in his heart for the anticipation in his eyes.

To be honest, Lin Yi didn't expect su Zixin to be so insistent on this.

If he was not wrong, the array fluctuations he was talking about should be the teleportation array of the darkness demon beast clan.

Although he didn't know what had happened to leak a part of the array's fluctuations, it should be hidden now.

Could su Zixin be a good person? Did not collude with the darkness demon beast clan?

If not for that, there was no need to persist in investigating the cause of the formation's fluctuations!

Lin Yi had already done something to the dark Demon beast clan's teleportation formation, and he'd set up a backup plan that would be enough to secure victory. It wasn't in his plan to alert the enemy now.

Since he was confident, he definitely could not let su Zixin blindly interfere in this matter.

If Lin Yi didn't do anything to the teleportation formation, it would be better to destroy it as soon as possible, but now was not the time.

After making up his mind, Lin Yi cleared his throat and spoke calmly, "I think the first hall master's concerns are right. Martial Alliance doesn't have enough troops right now. President su doesn't have any conclusive evidence, so it's not wise to make unnecessary moves based on groundless information."

"Even if there's concrete evidence that the darkness demon beast clan or someone from another continent is planning something sinister in the underground devil cave, we can't act rashly!"

"After all, that area is controlled by the darkness demon beast clan. If we send too few people, we'll just be sending ourselves to our deaths, and we won't even be able to send out any information. If we send too many people, we might fall into their trap. You can't be sure if the fluctuations of the formation are just a trap set up by the darkness demon beast clan!"

"The dark Demon beast clan should be well aware of the lack of military strength in martial League. Isn't it normal to set up a trap to eliminate all of martial league's forces?"

Lin Yi was speaking nonsense with a serious face, but the head and su Zixin were starting to believe him. It seemed like the dark Demon beasts would really do that.

However, su Zixin still insisted on his opinion,""Elder Sima's words might make sense, but if you think about it from another perspective, if the darkness demon beast clan really has a big plan and we're too afraid to go investigate, do we have to watch the entire Phoenix Qi continent fall into blood and fire?"

"Forget it, elder Sima, you shouldn't participate in this matter. I will continue to discuss with the first hall Master! The Grand Elder has the right to make suggestions, but the final decision should still be made by me, the president!"

Su Zixin didn't know about Lin Yi's plan, and seeing that Lin Yi supported the first hall Master, he decided to exclude Lin Yi!

"First hall Master, no matter how lacking the military strength of the martial Alliance is, we must investigate clearly when an incident that affects the safety of the entire continent occurs! Elder Sima was wrong about one thing. Sending out a small number of elite battle general Scouts to gather information might not necessarily be a problem!"

"since the first hall master is not willing to gather a large number of troops to attack, then it is necessary to send a small number of elite battle generals to investigate! if you can't even do this, i'll suspect that you've encountered some problems!"

what he meant was that if the first hall master continued to make excuses, it was very likely that she had already secretly colluded with the darkness demon beast clan!

if not for that, why would he be so hesitant? he was clearly covering for the darkness demon beast clan!

the first hall master had a headache and was in a difficult position.

recently, the assignments of the battle generals had been stretched thin, especially for the strongest ones. as the saying went, the capable did more work. their tasks were the most difficult, so the first hall master really did not want to easily transfer them.

su zixin had always said that this matter was important, but first hall master felt that other things were equally important.

it's impossible for you to send her over just because you said you had something to do!

So at this time, he was really in a dilemma. It was wrong to agree, and it was also wrong to disagree!

At this moment, someone suddenly came to report that an envoy from the continent's array Dao Guild had arrived.

Su Zixin was slightly stunned. He could only put this matter aside for the time being and went to welcome the messenger from the array formation Guild.

The first hall Master let out a breath of relief and followed Lin Yi and the others.

The array formation Guild's Messenger was very polite when he saw them come out. He took the initiative to smile and nod in greeting, not putting on any airs of an envoy.

Without su Zixin asking, the emissary took out a scroll and opened it. He smiled and said,""The main purpose of this visit is to commend the achievements of Grandmaster Sima Yi, Grandmaster Shi longcai, and the others. There's nothing else, so everyone can relax a little."

"This should be Grandmaster Sima Yi, right? Everyone in the Guild has heard about what happened in the source of formation path, and everyone deeply admires Grandmaster Sima. It is my honor to be able to meet Grandmaster Sima!"

The messenger had never seen Lin Yi before, but he should know what Lin Yi looked like. He recognized Lin Yi immediately.

As for Shi longcai, he had only mentioned it a moment ago and didn't seem to care much about it.

As for Zhang Yiming, he did not even mention his name. Instead, he became the one among Shi tiancai and the others ... And the others!

Lin Yi replied, naturally.

The messenger then began to read the letter of commendation seriously.

It wasn't convenient to go into the details of the source of formation Dao, so there wasn't a lot of content. It only said that Lin Yi and Shi tiancai's group had made great contributions.

In terms of rewards, Shi Yucai and Zhang Yiming each received some resources as a reward. The only difference was the amount, and there was nothing special about it.

On top of all the resources, Lin Yi also gained a powerful position as the Vice President of the starsource continent's array formation Guild!

This was a reward, but it was also a way to rope him in!

The strength and skill Lin Yi displayed in the origin of array Dao were things that the array Dao Guild lacked.

He needed a ruthless person like Lin Yi to join in the future conflicts with the sky array sect.

Su Zixin was shocked. He didn't think that Lin Yi would become his boss in the blink of an eye!

Lin Yi didn't really mind, but asked about the sky array sect.

In the end, he learned that the continent's martial Alliance was still wrangling with the sky array sect, and the specific punishment plan had not been decided yet.

However, most of the sky array sect on the star source continent had disappeared, leaving only a few insignificant minions in some of their strongholds.

Chapter 8639

Naturally, Lin Yi was very disappointed with this news, but there was nothing he could do. He could only put the sky array sect aside for now and focus on Fengqi Dazhou's problem.

The messenger had sharp eyes-something seemed to be going on here, and the atmosphere wasn't quite right. He took his leave after it was over, even pushing down the thought of trying to get close to Lin Yi.

After the messenger left, Lin Yi turned to su Zixin and smiled, "Guild Master su, earlier you said that I, as the Grand Elder, only have the authority to make suggestions and that the decision is still in your hands. So what now? do I have the right?"

Lin Yi was now the Vice President of the continent's array formation Guild, su Zixin's superior!

Usually, the continental array Association wouldn't interfere with the affairs of the other continents, so the president of the array Association had full authority to make decisions.

However, if the array formation Guild wanted to interfere in something, the priority would naturally be transferred to the array formation Guild.

For example, Lin Yi was using his status as the Vice President of the array formation Guild to suppress su Zixin's suggestion. Su Zixin couldn't do anything about it!

Su Zixin let out a long sigh. Then, he felt an inexplicable anger. His body even started to tremble because of his anger.

"Vice President Sima! Of course, you have the right to object to this subordinate's proposal now, but I still hope you can understand that this is a major event that concerns the survival of the entire Fengqi continent. You can't afford to be careless!"

"I know that geniuses like you all look down on me, su Zixin. You think that I'm not qualified to be the president of the Association. You think that I'm just a useless person who can't accomplish anything!"

"Yes, I admit it! My ability and talent are far inferior to you geniuses, but so what? Could it be that talent and ability decided everything? I, su Zixin, have always served the public good. Heaven and earth can bear witness to this. This is not a personal grudge. If Vice President Sima is insistent, please forgive this subordinate's rudeness!"

Su Zixin probably thought that Lin Yi was looking down on him and was trying to suppress him. He was extremely aggrieved and his tone was filled with anger!

Lin Yi's head hurt-he'd planned this all out, so why did things suddenly go south?

It was really baffling!

She didn't mean to look down on su Zixin, but she could only object to it. Even if he misunderstood, she couldn't tell him her plan, right?

The more people who knew about this, the more likely it was that something would go wrong. Lin Yi couldn't tell su Zixin about this.

If the other party wanted to feel aggrieved, he would let her feel aggrieved for a while longer. When the matter was over, she would naturally understand.

Su Zixin gritted his teeth when Lin Yi didn't reply, "I, su Zixin, have mediocre talent and ability, but I'm not the only su Zixin in the SU family. I was just pushed out to be the family's spokesperson."

"This is no small matter. Since you insist on doing things your own way, I have no choice but to let my family come forward! I don't want to break the balance, but I have to do it for Fengqi continent!"

The SU family's Foundation was deep, otherwise, they would not have the title of su banzhou.

Su Zixin's intention was for the SU family's experts to appear. Through the SU family's influence, they could take up important positions in the martial Alliance, or even the higher-ups in the continent's martial Alliance.

This way, he could suppress Lin Yi and the first hall Master at the source, pushing su Zixin's plan forward.

However, doing so would mean falling out with the first hall Master and Lin Yi.

Unless it was the last resort, su Zixin did not want to do this. He did not know if he was blinded by lard, but he insisted that the fluctuations of the formation in the underground Devil's Cave were very dangerous. He was really desperate to carry out the plan!

The first hall master's face darkened and he said coldly, ""Guild leader su, please do as you wish! In fact, your su family is very powerful. Why do you need the combat Association to send a combat general? You clearly know that it's hard to dispatch battle generals, so why doesn't guild leader su directly ask your su family's elites to go and carry out this mission?"

"President su said that this matter concerns the life and death of the entire Feng Qi continent. The SU family is called su banzhou, so shouldn't they contribute? Or do you want me to use the name of the martial Alliance to summon the elites of your su family to carry out a mission?"

Su Zixin choked for a moment and left immediately, not willing to discuss this with the first hall Master.

To put it bluntly, su Zixin's opinion had no influence on the SU family's decision.

Furthermore, this matter was first and foremost the responsibility of martial League. If even martial League was unwilling to interfere, the SU family would definitely not interfere!

Although su Zixin couldn't ask his family to send troops, he could ask his family to send experts to occupy key positions in the martial Alliance. It wasn't limited to the continent level, but the continent level as well.

The SU family probably wouldn't reject this ...

The first hall Master watched as su Zixin left before turning to Lin Yi with a bitter smile. "I also know that President su has good intentions, but this matter is really difficult. Fortunately, Vice President Sima is wise and has avoided trouble."

"Today, I'll host a party to celebrate Vice President Sima's glorious return and becoming the Vice President of the array formation Guild. Also, Dean Shi and little brother Zhang, let's have a celebration party!"

"Thank you, first hall Master, but it's just a small achievement, it's not worth celebrating ... I've been gone for a long time, and there's a lot of things I need to do. We'll talk about it next time!"

Lin Yi was very concerned about the fluctuations of the underground cave's formations. He tried everything he could to stop su Zixin's plan, but he still wanted to go and take a look.

Under normal circumstances, the darkness magical beast clan's unknown formation definitely wouldn't have any fluctuations. Something must have happened!

Lin Yi needed to confirm whether his plan was going well. If something went wrong, he'd just destroy it completely!

And so, Lin Yi didn't care about the first hall master's kind gesture at all-he rejected it right away.

The first hall Master didn't force the issue-Lin Yi's clear stand on his side made him very satisfied, and he'd remember the favor since Lin Yi came to the Association's aid right after he came out of the teleportation formation.

After the three of them said their goodbyes to the first hall Master, Shi Yucai left as well, leaving only Zhang Yiming to follow Lin Yi back to the house he bought.

He must've accumulated a lot of information after leaving for so long. Zhang Yiming needed to sort it out and find the important information so that Lin Yi could understand the situation here.

Fei daqiang had received the news that Lin Yi and Zhang Yiming would be coming back, so he had been waiting at the door early in the morning. When he saw Lin Yi and Zhang Yiming, he immediately went up to them.

"Hahaha, boss, you're finally back! I've missed you so much! As the saying goes, not seeing each other for a day is like not seeing each other for three years, isn't that referring to me!"

Fei daqiang came up and gave each of them a warm hug before complaining to Lin Yi, "Boss, you have to bring me along next time! It's too boring to stay here. The days without you guys are like years!"

Chapter 8640

"Fei daqiang, you're not here to play! How's the mission I gave you?"

Lin Yi asked with a smile as he walked in. "Don't tell me you didn't do anything? If you're just wasting your time, you'll have to be careful that I'll deal with you!"

Fei daqiang laughed and said, "how could I?" Boss, when have I, Fei daqiang, not done what you instructed me to do? There's never been a time when I've failed!"

The guy must have really gained something if he dared to talk like that. Lin Yi was a little interested.

The three of them went to the study room, and Fei daqiang immediately took out a report and presented it to Lin Yi like he was presenting a treasure, "Boss, please look. I've found number 38. He really does exist, but most people can't see him!"

"Actually, number 38 is between number 36 and number 40. On the surface, the two are connected seamlessly and number 38 doesn't exist at all. In fact, there is a strange array there. It is not a concealment array or an illusion array. Only by using a special array talisman will the door open and reveal number 38's true appearance. "

"Only after the door is opened can people from the outside enter and quickly disappear. The door will also be hidden again, making it impossible to find."

"To be more accurate, number 36 and number 40 were so close to each other that number 38 was gone! Of course, number 38 isn't really gone. He's hidden in a different dimension. If we want to find him, we'll have to rely on the guidance of the talisman and break the strange formation on the outside!"

"This kind of thing is definitely not a problem for you, boss. I can't do it. I can only find out this much. I can't do anything about the array!"

Lin Yi nodded-it all made sense now.

As for the array ... The darkness demon beast clan had already colluded with the heaven array sect, so it wasn't strange for them to have such an array!

Lin Yi would treat even more powerful formations as if they were nothing!

"Well, it's not easy for you to find out this. You've worked hard!"

Lin Yi acknowledged Fei daqiang's hard work and praised him. He then handed the task back to Zhang Yiming.

Lin Yi was supposed to go check it out himself, but the formation in the underground cave was more important. If he touched number 38, he'd alert the enemy. He'd wait until he came back from the underground cave!

After making some simple arrangements, Lin Yi left the house and went to the underground Devil's Cave.

He used a fake identity to pass the Guard's check, and Lin Yi sighed to himself. This was purely for the entry fee! When would they ever be loyal to their duties?

Lin Yi should be thanking them-it'd be really hard for him to get in otherwise, unless he revealed his identity, which would raise suspicion!

Who knew which side these guards were from?

After entering the underground cave, Lin Yi found a remote corner and took out karluya's body.

Then, he put his body back into the Jade space and used his Witcher form to possess Caro ya, turning into the commander of the dark Demon beast race in Feng Qi continent.

Lin Yi had been taking good care of karluya's body these past few days, and all his previous injuries were healed. He looked like he was in his normal state.

After changing his identity, Lin Yi found the teleportation formation of the dark Demon beasts with ease.

By right, even if the teleportation array in the independent space was completed, the fluctuations of the array would not spread out of the independent space, let alone an unfinished array.

There shouldn't have been any fluctuations in the array!

This was the reason why Lin Yi had to come.

Initially, everything was under control. However, some unexpected and uncontrollable situations had appeared. If they could not figure it out, there would be huge problems in the future.

The two dark beasts guarding Lin Yi in the dark immediately showed up and saluted Lin Yi respectfully as soon as they saw him.

"Greetings, Lord kaoya!"

He didn't even need Lin Yi's orders-he opened up the tunnel and invited Lin Yi in with a bow, not even suspecting that the guy in front of him was someone else in disguise.

This was karluya's body to begin with, and it had all of the dark Demon beast's aura within it. Lin Yi was a heaven breaking master now, too, and while he wasn't as strong as when he was at his peak, the heaven breaking aura he was exuding was definitely real.

Under such circumstances, if the two guards still dared to doubt the authenticity of karluya, they must be tired of living.

Lin Yi walked past the two guards with a cold attitude. He didn't even nod or acknowledge their greetings. He treated them like air and ignored their existence as he walked into the tunnel.

Lin Yi was using his identity as Karluya, and he couldn't just respond to everyone's greetings.

Karluya's status was at the top of the dark Beast race in Fengqi continent. Lin Yi had to be careful with all the airs he had.

After entering the medium, the leader of the darkness demon beast clan who had been left here to command quickly came over. He had obviously received the news and did not dare to be negligent.

This was an old acquaintance of Lin Yi's, but he didn't know his name. In order to not give himself away, he could only continue to act cold.

"Lord Kaoya, I heard that the operation with the source of array Dao did not go smoothly. I haven't heard from you for a few days and I was worried about you. I didn't expect you to come back directly! That's great!"

Lin Yi looked at him expressionlessly and hmped, "There was a little accident, and I was also slightly injured. It took me a few days to recover. How's the progress of the formation?"

"My Lord, there was no problem with the progress of the magic circle, but the new Magic circle master seemed to feel that there was something wrong with the magic circle, so we are now in the stage of stopping the examination."

Lin Yi's heart skipped a beat at the words-could it be that they'd found out what he did?

If that was the case, he could only think of a way to destroy the teleportation formation!

"What's going on? Let's go and take a look!"

Lin Yi flicked his sleeve and walked to the teleportation formation, asking casually, "I heard that the martial League is organizing a search party in this area. They sensed an unusual formation fluctuation. Do you know about this?"

The dark Demon beast followed one step behind Lin Yi and lowered its head respectfully, "As expected of Lord kaoya. You've already received the news the moment you returned."
