

## Bodyguard 8641

### Chapter 8641

"I've only just received the news, but I don't think martial League will make a decision so soon. I heard that the Great Hall Master of martial League and the president of the array formation Association are still in a deadlock, so we have a lot of time to make arrangements. It doesn't matter if they really come. They'll just be delivering themselves to us."

Lin Yi frowned and looked at the dark Demon beast unhappily, "What I want to know is, what's with the abnormal fluctuations of the formation? Even if there are fluctuations here, it's impossible for them to be transmitted out. What are you doing?"

The dark Demon beast was shocked and quickly bowed. ""This subordinate knows his crime! In fact, this was just an accident. That day, the new array master said that he wanted to test the current effect and then decide on the subsequent construction plan. As a result, the fluctuations of the array during the test were detected by the human array Masters! However, this process didn't take long, so this subordinate didn't think there was any problem, so I didn't take it to heart. Please punish me, Daren!"

"Hmph!" Lin Yi hmphed coldly, "you're such a troublemaker!" I'll remember this matter for now and deal with it later!"

The darkness demon beast couldn't help but wipe away its cold sweat. It was a little nervous, wondering how Caluya would deal with him.

In fact, Lin Yi didn't know what to do with this demon beast. He was afraid that if he went too far, it would arouse suspicion. If he could kill it directly, that would be the best!

It would be great if he could clearly understand the extent of Caro's authority, such as whether he had the power to decide life and death, or whether he could kill the higher-ups of the darkness magical beast clan behind him.

If the formation really did find out, then he'd just destroy the entire stronghold and kill all the dark beasts here.

After all, Lin Yi was already in the early stages of heaven-breaking, and with his half-step heaven-breaking divine sense skills, it wasn't hard to kill people like this.

The dark Demon beast clan had a body that was as strong as Lin Yi 's-they definitely wouldn't be able to withstand Lin Yi's spirit sense attack.

And the dark beasts that had the witch race's techniques and could resist spirit sense attacks probably couldn't compete with Lin Yi's body refining strength.

After all, there was only one black skeleton, and there wouldn't be a second one like that. Lin Yi was practically invincible here!

However, this was a bad plan, as it would easily alert the enemy!

Lin Yi hoped that the hidden door's formation could be completed successfully, and this stronghold would be the best bait. When the time came, he'd make a big move and make the dark Demon beasts feel so good that they'd feel pain in their hearts!

Therefore, it was best to ensure that the teleportation array could continue to be built.

As they spoke, they arrived at the construction site. Lin Yi saw a short, fat middle-aged man gesturing on the command platform in the middle.

The chunky man also saw Lin Yi and the dark Beast leaders behind him, and quickly flew down from the stage to welcome them.

After the simple greeting process, Lin Yi got straight to the point, "Is there a problem with the formation? Why did they stop the testing? Did you detect any abnormalities?"

He immediately asked three questions in a row. Coupled with the pressure of a superior and a heaven breaking expert from Caro ya, the short and fat middle-aged man's forehead was immediately covered in sweat. He was panicking!

Lin Yi had already realized that this man was a human, and he wasn't brainwashed or controlled by the dark Demon beasts. He was a traitor!

There was no need to ask, they were definitely trash from the sky array sect.

Although this fatty didn't have the special uniform of the sky piercing array sect, there was a hidden symbol embroidered on his sleeve, which proved this point.

Lin Yi had seen the same symbol on the sky array sect's robes in the source of array Dao, and even one of the robes he got from the Jade space had the same symbol.

If it wasn't for the fact that the timing wasn't right, Lin Yi would've killed this guy already!

Lin Yi didn't think of himself as a noble person, and he could even watch people die without doing anything.

However, he couldn't tolerate such a traitor who betrayed humanity!

The middle-aged man subconsciously wiped the cold sweat from his forehead and quickly put on a flattering smile to explain, ""My Lord, I feel that there is a problem with the formation, but I can't find the cause. That's why I asked for a stop and to start the test again from the beginning."

"After all, this formation is of great importance and can not tolerate any mistakes. Without full confidence, I feel that it is necessary to be cautious ..."

Before she could finish, Lin Yi interrupted her, "Shut up! Are you questioning me? Or are you trying to disrupt the progress of destroying the formation?"

The middle-aged man was dumbfounded-he didn't know what he'd said wrong to make Lin Yi so angry.

He became more and more panicked, and the cold sweat on his forehead naturally flowed down.

"Your ... Your Excellency ... This ... This ... Where ... Where did this come from?" he asked.

The guy couldn't even speak properly after Lin Yi's scolding-he could only stammer.

At the same time, she lowered her head deeply, afraid of angering Lin Yi's role as kaoya.

Lin Yi was actually quite surprised himself-it was a good thing he came back in time. If he'd been delayed for another day or two, this guy would've started from the beginning, and there was a high chance that he'd find out what he'd been planning!

At that time, it would really be a failure!

Fortunately, he was lucky!

At this moment, it was time for him to show his might as the Supreme Commander of kaoya.

Lin Yi stared at the man coldly, his face expressionless."Why did you say that? Don't you have any idea?"

The chunky middle-aged man was even more dumbfounded.

Fine, you're the boss, so if you say there should be, then there should be ... But I really don't have any F\*cking sense!

Lin Yi didn't let him continue, "the higher-ups have ordered us to complete the formation as soon as possible!" Don't you know what urgency is? Before I came back, you guys had already been testing for a few days, right?"

It was already a few days ago when the fluctuation of the formation spread-it was easy to predict the time, and that was why Lin Yi was so scared.

If he didn't come now, the chunky middle-aged man could discover the hidden hand at any time!

"I've stopped work for so long, and if I find any problems, I won't say anything, but have you found any abnormal reasons? No! This formation was constructed under my supervision. Are you questioning my suspicion?"

Lin Yi wasn't sure if kaoya was supervising or not, but as the highest-ranking commander, even if he didn't do anything, he'd at least put his name on it. It wouldn't be a problem to say that.

As expected, the dark Beast leaders behind Lin Yi didn't react at all. They even thought that Lin Yi's words made sense and nodded in agreement.

Chapter 8642

The middle-aged man's face was covered in sweat-Lin Yi felt like he'd lose at least five or six pounds at this rate ...

"I wouldn't dare, I wouldn't dare. I definitely wouldn't dare to have such thoughts ..."

The middle-aged man's stutter was gone after Lin Yi's scare.

It could be seen that under the pressure, he had also exploded with the strongest desire to survive.

If he dared to stammer again, he was afraid that he would be slapped to death by Lord Calaya. That would be too unjust!

"You dare not? Hehe, it doesn't seem like you don't dare to do it! I thought you really didn't dare to target me, so can I take it as your sect master doubting me?"

Lin Yi smiled coldly, and the man knelt down.

If word of this were to spread, not only would the darkness demon beast clan seek revenge on the sky array sect, he would definitely suffer if he returned to the sky array sect!

"Absolutely not! Daren is wise, there was absolutely no such thing! Actually, the little guy had just finished testing and could continue immediately! I swear that I'll catch up with the progress I've made in

15 days! No, no, no, ten days! I'll definitely catch up with the progress within ten days and maintain this speed until the construction is completed!"

In order to survive, the short and fat middle-aged man was also going all out. As for whether he could do it or not ... He felt that if he used human lives to pile up, he should be able to catch up with the progress. Anyway, he was not the one who died!

The humans captured by the darkness demon beast clan were all slaves, so he would not feel any heartache.

He didn't care whether it was day or night. If he died, he could just capture more people. He only wanted progress and didn't care about anything else!

Lin Yi saw through the man's thoughts and hmphed coldly. "Very good! Then I'll wait to see your performance! However, I have to remind you that it is not easy to capture human slaves. You have to catch up with the progress, but you can not exploit the labor of the slaves too much. Otherwise, if there is a loss beyond the normal rate of loss, I will hold you responsible!"

The chunky middle-aged man was completely dumbfounded. You want the horse to run fast, but you want the horse to not eat grass!

Was he doing this on purpose? Are you trying to kill me?

He was roaring in his heart!

Lin Yi added, "what are you waiting for?" Get lost!"

"Alright!"

The chunky middle-aged man didn't say a word. He quickly ran back with his tail between his legs and shouted for the people to start working and restart the construction of the formation.

Lin Yi let out a breath of relief-it was a good thing he had kaluya's body with him, or things would've been a lot more complicated. He'd probably have to use the last resort and destroy the place completely!

He turned around and continued to yell at the higher-ups-he didn't know what to do if he didn't do this!

"And the few of you, I've been running around for the great Guardian, is this how you manage things? Don't you know that the higher-ups have ordered us to hurry? He actually allowed him to stop the construction for such a long time! Are you trying to harm me so that you can take the opportunity to climb up the ranks?"

These words were rather heavy. In the darkness demon beast clan, strength was the most important. If you were strong, you could rise to the top. If you couldn't win and killed the people above you, it would naturally be your strength!

The dark Beast leaders all kneeled down to Lin Yi, trying to calm kaluya down as they admitted their mistake.

They were all loyal and obedient boys, forever loyal to Lord Kuai ya!

Lin Yi continued to smile coldly, his hands behind his back as he looked down at them. "This Lord has no comment on this matter. You tell me, how should this Lord punish you? Also, we'll count the leak of the formation's fluctuations as well!"

It'd be great if he could just kill these idiots, but Lin Yi knew that wasn't realistic.

The main reason was that he didn't know the punishment mechanism of the darkness magical beast clan, so he simply played a trick and let them say it themselves.

In this way, he would naturally not reveal any flaws!

The higher-ups of the darkness demon beast clan were a little hesitant.

Of course, the lighter the better!

However, if he were to say it too lightly, it would definitely provoke the dissatisfaction of the Commander-in-Chief of calories. He might even re-establish the punishment measures and severely punish them!

Then, was it too serious? If they were to say it themselves, wouldn't they be despicable?

It was so difficult!

A few of the higher-ups didn't dare to whisper to each other. They could only look around, hoping to reach an agreement with their companions. When they finally felt that it was about time, they let the dark Demon beast who brainwashed Lin Yi speak on their behalf.

"Lord Kuai ya, I think we can punish them by flogging. I bear the greatest responsibility. I'll be flogged 50 times, and the rest 30 times. What do you think?"

Lin Yi was well aware that this plan was too light.

"Caning? Then let's do it this way. We'll give you five times the amount you set!"

Are you surprised?

The darkness demon beast clan's higher-ups were all dumbfounded, but after thinking about it, this result was normal. Who asked them to report too few at the start?

As expected, Lord kaoya did not agree!

No one raised any objections, because the objections might be doubled!

As a result, the higher-ups of the darkness demon beast clan were all dragged down and spanked.

Of course, this was not the kind of beating that ordinary people used. The tools used here were like maces, with sharp spikes. With one hit, a piece of flesh would be cut off.

Even the higher-ups of the darkness demon beast clan couldn't resist it.

It was true that the darkness demon beasts had strong bodies, but this punishment was meant for their physical bodies, so there was no reason for them to feel better.

With Lin Yi watching from the side, the dark Demon beasts wouldn't dare to go easy on them. If they made this old man unhappy, the executioner might become the executioner immediately.

Therefore, the darkness magical beasts could only pray for the forgiveness of the big shots who were beaten up, while gritting their teeth and using all their strength to attack.

Lin Yi was very satisfied with their performance. These higher-ups of the dark Demon beasts were beaten up, and even if they didn't die, they were at least half-dead.

Although they could use medicinal pills and the strength of their bodies to speed up their recovery, after this lesson, it was likely that no one would dare to suspect that there was a problem with the array.

The chunky middle-aged man from the sky array sect was trembling as he watched from the side. He desperately urged the slaves to speed up the construction.

He wasn't a member of the darkness magical beast clan, but a genuine human. How could he withstand such a beating? he might become a pile of meat after 30 to 50 beatings!

This guy didn't know if he should be thanking Lin Yi for showing mercy. If he was counted in, he would be dead by now!

In order not to be directly flogged to death, the short and fat middle-aged man secretly vowed to keep the quality and quantity of human slaves to fulfill his promise. Otherwise, he would definitely not be able to escape death!

Chapter 8643

"Very good! I hope you can remember this lesson. I'm not dead yet, and if you dare to ignore my existence again, you won't be so lucky next time!"

After the execution, Lin Yi lectured them a bit more with a cold face and told them to continue with the formation before leaving!

The darkness magical beast's higher-ups, who were howling and struggling to stand up, didn't dare to ask where Lord kayaya was going or what he was going to do.

They all gritted their teeth and bowed to send him off. Only after Lin Yi left the independent space did they yell for the people to heal them!

Lin Yi let out a breath of relief after leaving the isolated space.

Since he did not obtain any of the memories from caruya, this operation was a little risky, but it was still considered a success!

He'd wanted to use his identity as kaluya to get some useful information, like the dark beasts "spies and partners in Fengqi Dazhou.

However, he was afraid of alerting the enemy, so he dispelled this idea.

It was important to find the dark Demon beast clan's spies hidden among the humans, but it was easy to give themselves away.

If this affected the follow-up plan, it would not be worth it.

A little impatience would spoil a great plan. Anyway, if the plan went smoothly, these little insects were not a problem. He would talk about it when the time came!

After solving the problem of stopping the testing of the formation and figuring out the reason for the formation's disturbance, Lin Yi felt much more relaxed.

This time, he had come down at the right time and had successfully completed his mission.

He found a place to hide and used his spirit sense to make sure there was no one around before switching back to his own body and sending the teeth into the Jade space. He'd wait for the next time to use it.

When they left the underground Devil's Den, the guards were still perfunctory. They could pass as long as they had money.

Lin Yi sighed helplessly again. With this level of defense, the dark Beast clan could enter Fengqi Dazhou without any pressure!

It was no wonder that there were spies of the darkness demon beast clan everywhere in Fengqi continent. They could get into the human camp however they wanted to and they were already unscrupulous to the point of no fear!

In order not to affect the plan, Lin Yi could only pretend he didn't see anything and clean up everything later.

Lin Yi returned to the house that Fei daqiang and Zhang Yiming bought and saw the people the head Master sent to invite him to dinner.

"Boss, first hall Master said that he wants to celebrate for you. This is a private family banquet and no one else will be accompanying you. Please do come."

Zhang Yiming explained as he saw Lin Yi.

The person sent by the head Hall Master also quickly stepped forward and bowed, repeating the invitation.

Lin Yi didn't understand-he'd already rejected the head's celebration party, and now she was inviting him again?

did he have something to say?

if that wasn't the case, why would he keep inviting him?

this celebration banquet was most likely just an excuse.

"alright, since first hall master has invited me so cordially, it would be too unreasonable to refuse. it would be impolite of me to refuse, so i'll go over and disturb you!"

lin yi thought about it and agreed.

with lin yi's strength now, even if the first hall master set up a trap, he could come and go as he pleased- there was no need to worry at all!

The person sent by the first hall Master was all smiles-he'd been waiting for a while now, and the first hall master's order was to bring Lin Yi over!

And so, before he saw Lin Yi, he'd been waiting here, drinking seventeen or eighteen cups of tea and going to the toilet three or four times.

Lin Yi didn't bring Zhang Yiming and Fei daqiang with him and went to the first hall master's side alone.

It was indeed a family dinner, and there weren't many people around. After Lin Yi was seated, he raised his glass and toasted, "Dean Sima, I still address you as Dean. Please don't mind me. Drink this cup first to congratulate you on your great contribution to mankind!"

Lin Yi had quite a few identities now. On the continent level, he already had the Vice-Presidents of the alchemy and array guilds. He also had a hidden identity as a secret agent, but the first hall Master didn't know about it.

In comparison, the position of Tianxia College's alchemy division's Dean was the lowest, so the first hall Master had specially said this.

Lin Yi didn't really mind-he preferred the title of Dean, after all. The first hall master's eyes were sharp enough to spot this and use it to get closer to Lin Yi.

"Thank you, first hall Master!"

Lin Yi raised his cup in response, finishing it in one gulp before putting it down."First hall Master, you didn't ask me to come here just to celebrate, right? If there's anything I can help you with, I won't refuse!"

The first hall Master laughed. He first made sure that no one around could hear the conversation, then said,""Since Dean Sima is so forthright, I'll just get straight to the point!"

"This time, I do want to celebrate for Dean Sima, but there are other things I want to discuss with you. To be honest, I think you are the only person I can completely trust in Feng Qi Dazhou! As for the others, I can't even say which group they belong to!"

"In my eyes, all of them are likely to be spies planted by the darkness demon beast clan! Even if it wasn't, it must be from another force, such as central! Dean Sima, you don't have to be surprised. Today's Fengqi Dazhou has indeed deteriorated to this extent, and I, as the first hall Master, can't absolve myself from the blame! I really can't turn the situation around by myself, so I want to join forces with Dean Sima!"

These words were a bit sensational.

Other than the first hall Master, everyone else could be a spy for the darkness demon beast clan!

In other words, Fengqi continent could be considered the main camp of the darkness demon beast clan on the sub Island!

"First hall Master's words are biased. I think many people are still worthy of trust, such as principal Yan Su, Shi chengcai, and so on. I won't list them one by one!"

Lin Yi casually gave two examples and shrugged, "As for myself, I can't say that I'm completely free of suspicion, right? Why does the Great Hall Master think that I'm more trustworthy than the others?"

The first hall Master chuckled and said slowly, ""Dean Sima completely destroyed the grand plan of the darkness demon beast clan and the heaven array sect in the source of the array Dao, and even saved so many array Dao grandmasters and the Vice President of the continent's array Dao Union."

"If even this can't prove that you're worthy of my trust, who else in the world can be worthy of my trust? There's no need for you to be suspicious. Even though the conclave from the continent's array formation Guild didn't mention it in detail, I have my own channels to obtain information. "

"Dean Sima's great achievements are enough to prove that you're not a spy of the darkness demon beast clan, and you can't be someone who has been brainwashed and controlled! To be honest, before this, I really had doubts about Dean Sima and had been observing him. It was only after this array Dao source that I dared to be one hundred percent sure that we could cooperate!"

Chapter 8644

Lin Yi curled his lips. To be honest, he had his suspicions about the first hall Master before this!

However, now that he saw the first hall master's open and honest appearance, it seemed that the result was not as he had expected.

Perhaps the first hall Master was really trustworthy?

Lin Yi asked, confused, "Since first hall leader wants to get rid of the bad side and revive Feng Qi Dazhou's reputation, why did you reject President SU's suggestion? There are unfamiliar spell formations in the underground Devil's Cave, and it's definitely related to the darkness demon beast clan!"

"Isn't first hall Master afraid that something might really happen and that you can't solve it even if you want to? Isn't it better to act now than to remedy the situation later?"

The first hall Master shook his head with a bitter smile. "On the surface, su Zixin's suggestion does seem to be for the good. However, I don't dare to trust him. I'm not sure if there's anything wrong with the SU family."

"You won't understand how much pressure I'm under when I'm surrounded by enemies! Martial league's battle generals are the last of my forces. If they fall into the SU family's scheme and are sent to the darkness demon beast clan as a sacrifice, Feng Qi Dazhou will really be finished!"

Lin Yi nodded-it made sense. If he were the head, he wouldn't be able to make a better decision without more information.

"First hall Master, since you have doubts about them, it shouldn't be without reason, right? Is there any evidence to prove it? At the very least, it will allow me to have a better grasp of the current situation!"

Lin Yi didn't completely believe the first hall Master's words and asked for more information. The first hall Master nodded slightly, not having any objections.

"One more thing, first hall Master, you didn't agree to President su Zixin's proposal because you were under pressure and had your own difficulties. I also objected to President SU's proposal later on. Aren't you curious about my reasons?"

The first hall Master suddenly revealed an unfathomable smile. "I don't need to be curious. It's a good thing that Dean Sima is supporting me. As for your reason, I can roughly understand it!"

"Let's first talk about the source of the array Dao. Dean Sima has done such a big thing, isn't he afraid that the darkness demon beast clan will be suspicious? After all, on the surface, you've been brainwashed by the darkness demon beast clan, and you're a high-level secret agent they've planted in martial League!"

Lin Yi was shocked-he didn't think that the first hall Master would even know about brainwashing!

Those who knew that Lin Yi was being brainwashed by the dark Demon beasts should all be from the dark Demon beasts, right? So, the first hall Master was indeed a traitor?

No, if the first hall Master was really a spy, he wouldn't say it so openly!

"Dean Sima, you don't have to worry. The news of what you've done in the source of the array Dao has already been sealed, and no one from the darkness demon beast clan knows about it."

"I've thought of many ways to break into the darkness demon beast clan's stronghold in the underground Devil's Den, but I've never been able to succeed. However, I've still managed to gain some benefits from martial league's small territory!"

"For example, 38 Shuidun Road. You should have already noticed that it's an intelligence station of the dark Demon beast clan. My men successfully infiltrated it, so they were able to send your news over!"

Lin Yi was getting more and more surprised, and his impression of the hall Master refreshed.

He didn't expect this guy to have done so many things silently, and what he thought was a secret operation was like a clear fire in the eyes of the first hall Master. There was no secret at all!

"In order to show my sincerity, I'll tell you the truth. You know the person I arranged for you, it's Zhen Shuai, the contact you got after being brainwashed by the dark Demon beasts! On the surface, he's just a small manager in the medical center, but in secret, he's the supervisor of the brainwashing spies of the darkness demon beast clan. In reality, he's a spy for me to invade the darkness demon beast clan!"

He was a double agent, and this was out of Lin Yi's expectations again.

He really didn't expect Zhen Shuai to be the first hall master's man!

"He's the spy I've buried the deepest, and he usually does everything the darkness demon beast clan tells him to do. I strictly ordered him not to contact me unless it's an extremely urgent situation, and he's not allowed to interfere in matters that aren't related to the safety of the continent. Otherwise, he'll expose himself and be seen through by the darkness demon beast clan!"

The first hall Master was really open and honest this time. With Zhen shuaqi's identity, he definitely wouldn't tell anyone unless he was especially trusted.

At this point, Lin Yi finally believed that the first hall Master was on martial Union's side.

"Since you were brainwashed, but you destroyed the plan of the darkness demon beast clan at the source of the array Dao, it can only mean that brainwashing is ineffective on you."

"So, even if you object to su Zixin's action against the fluctuations of the array in the underground Devil's Cave, in my opinion, it must be because you already have your own plan!"

"Otherwise, you wouldn't have disguised yourself as a brainwashed person and entered the underground Devil's Den several times."

The head's analysis was accurate, and Lin Yi couldn't help but nod to himself.

"First hall Master, I have a question. Since Zhen shuaqi is your man, didn't he get brainwashed? Would the darkness demon beast clan be at ease to place someone who has not been brainwashed in such an important position?"

Lin Yi frowned, "if Zhen shuaqi is brainwashed, how can you be sure that he is still yours?"

"Hehe, that's a good question!"

The first hall Master smiled slightly and revealed a proud expression. ""Dean Sima, you have your own way of pretending to be brainwashed. Zhen shuaqi is the same! His bloodline is a bit special. He is the descendant of a mixed-blood between the Sorcerer tribe and the human tribe. The Sorcerer tribe's bloodline has been very faint since the last time we met. "

"It's not impossible to say that he's completely human, but because of that trace of wizard blood, he's immune to the darkness demon beast clan's brainwashing!"

The darkness demon beast clan's brainwashing methods were inherited from the Sorcerer clan. The methods that the Sorcerer clan gave the darkness demon beast clan would definitely have some restrictions, preventing them from controlling the Sorcerer clan through brainwashing.

To put it bluntly, the brainwashing methods of the darkness demon beast clan were only a castrated version released by the wizard clan, and were completely ineffective on people with the blood of the wizard clan!

Zhen shuaqi relied on that little bit of Witch Blood to successfully hide from the darkness demon beast clan and became the supervisor of the brainwashing. At the same time, he also became a double-faced nail planted by the first hall Master!

Lin Yi was enlightened, no longer having any doubts!

"Shuidun Road 38 is the dark Demon beast clan's Intel Hub. Zhen shuaqi is in charge of sending the Intel to shuidun Road 38 and receiving new orders from there."

"And among the few big families in Fengqi Dazhou, the SU family is one of the most suspicious targets, so I don't dare to bet at all, because I can't afford to bet. If I lose, I will lose my last hope!"

The first hall Master said,"other than the SU family, you can't let your guard down around the Ling family either. I know that you have a good relationship with the Ling family, but I still have to warn you. When dealing with the Ling family, or when you are invited to the Ling family as a guest, you have to be careful. It's not bad to be more cautious!"

Chapter 8645

"On the other hand, the Ouyang family doesn't have much to do with the darkness demon beast clan. They're only cooperating with the blue-robed general manager of the central Chamber of Commerce. The Ouyang family isn't worth trusting because of this. Even if they don't collude with the darkness demon beast clan, they're still greedy and shameless by nature."

The first hall master's face was filled with disdain. He looked down on the Ouyang family, but at the same time, he was wary of central!

Who knew what central was up to? maybe the Ouyang family didn't collude with the darkness demon beast clan, but central was directly colluding with the darkness demon beast clan?

In this way, it was equivalent to the Ouyang family colluding with the darkness demon beast clan!

Lin Yi listened quietly, chiming in from time to time-the atmosphere was quite harmonious.

Lin Yi had gotten a lot of useful information from the first hall Master, but he still needed to verify it himself. He couldn't just listen to the first hall Master's words.

In short, the two of them had formed a temporary Alliance. The first hall Master felt that he had one more strong helper and was in a good mood.

Lin Yi, on the other hand, was in a good mood after eliminating a target and gaining an ally.

So after they finished talking about business, the two of them toasted each other and drank to their hearts 'content!

After Lin Yi went back, he told Zhang Yiming about Zhen shuaqi's identity as a double agent and some things about 38 shuidun road, but he didn't ask Zhang Yiming to stop investigating 38 shuidun road.

He still had to do what needed to be done and couldn't just rely on Zhen Shuai to provide information.

Also, Zhen shuaqi's identity meant that he could only use it at the most critical moment. Normally, he would think and act from the perspective of the dark Demon beast clan!

After returning to Tianxia Academy, Lin Yi gave Yan Su a simple report on his journey with the source of formations, hiding many details.

Yan Su didn't mind as she was happy for Lin Yi's glory.

The hall master's matter had come to an end, and Lin Yi had officially returned to Tianxia school.

Every day, other than some normal celebratory social activities, there was not much to do. The days passed by very peacefully for half a month.

All sides had a tacit understanding and fell into silence. Most of them were like the darkness demon beast clan, who were probably brewing a huge storm.

Lin Yi went to the underground cave to check on the progress.

After all, Caro ya was the commander of the darkness demon beast clan in the Phoenix Nest continent. It was impossible for him to not have heard from him.

If he didn't show his face, there was no way to contact him. It was fine for a short time, but he would definitely be suspected after a long time.

So on the tenth day, Lin Yi went to take a look.

This was the time that the middle-aged man from sky array sect had set for Lin Yi to rush his progress-he had to show up.

The short fatty did it, and according to Lin Yi's rules, there wasn't any excessive labor, and no slaves died. However, the middle-aged man himself lost a bit of weight, and he had two dark circles under his eyes.

It was estimated that in the past ten days, this guy did not dare to have a good sleep. Every minute and every second, he was constantly challenging his limits.

The middle-aged man's muscles tensed up as he waited for Lin Yi's verdict.

He was afraid that Lin Yi would give him another 30 to 50 flogs if he was unhappy.

"Not bad, you've caught up with your progress. You really do have some ability, your sect master didn't find the wrong person! This Lord will remember you. Do your best and I will not mistreat you in the future!"

Lin Yi's casual compliment almost caused the man to collapse to the ground. He struggled to support his two-hundred-pound body after losing so much weight, and thanked kaoya immediately.

"At this speed, how long will it take to finish?"

This was Lin Yi's biggest concern. If he was in Sima Yi's position, he would be able to supervise and set up the place, and it would be done in a day.

However, he was sure that caruwa did not have the ability to do so. Otherwise, he would not have gone to the sky array sect for help.

If he were to suddenly display such a powerful array Dao ability, even if you said that there was nothing suspicious, the darkness demon beast clan's higher-ups wouldn't believe it!

He had no choice but to count on this short and fat middle-aged man to give him some strength.

The longer this matter was delayed, the higher the possibility of the plan failing.

After all, the news of caruaya's death at the source of formation Dao wasn't a secret. Even if the news hadn't reached them yet, it would have happened sooner or later!

The middle-aged man quickly bowed at Lin Yi's question, "Milord, at our current speed, it will be complete in four to five days!"

This fellow was also secretly complaining in his heart. In order to catch up with the progress, he had worked almost without sleep or rest, and he had to make sure that the human slaves did not die from overwork. It was really too difficult!

He thought that he could relax a little after ten days, but that damn Calaya still wanted to maintain his current speed and continue to work ...

The middle-aged man could only silently curse in his heart!

There was nothing he could do about it. This was the territory of the darkness demon beast clan, and there were eyes of the darkness demon beast clan everywhere. It was impossible for him to slow down, so he could only continue to bitterly go all out and try to complete this damned formation as soon as possible!

"Very good, then this Lord will come back in five days to take a look. I hope you can do as you say!"

Lin Yi wasn't too happy with the time-it was way slower than him!

Lin Yi even considered killing the man somewhere quiet and impersonating him to command the troops ...

In the end, he decided to forget about it. After all, there were too many flaws in this game, and it might affect the overall plan!

Haste makes waste, so he had to endure for a few more days!

And so, Lin Yi went back to the school and waited for another five days.

Fifteen peaceful days passed just like that after Lin Yi returned from the formation, and he entered the underground cave once more, transforming into a Kuai ya.

Today was the day the storm would come. The peace before was all for this moment!

"Welcome, Lord kaoya!"

Lin Yi entered the individual space, and the dark Demon beast higher-ups all lined up to welcome him.

The short and chubby middle-aged man was also among them. He looked like he had lost a lot of weight, and the dark bags under his eyes were bigger. It was obvious that he had been working hard these few days!

"All of you are free! Has the formation been completed? This is the only thing I want to know!"

Lin Yi waved his hand and looked at the construction site.

In fact, there was no need to ask. Just by looking, one could tell that it was indeed completed!

As expected, a person's potential was completely dependent on how much pressure they were under.

If it wasn't for Lin Yi's intimidation earlier, the short fatty wouldn't have finished so quickly.

It might even take a month or two, or even half a year or even a year to make one.

It was just like China's speed, which was famous in the secular world. Its infrastructure was unparalleled.

Other than being shocked, the foreigners would only deduct 666!

"Reporting to Your Excellency, the array has been completed in the early hours of the morning today. I have personally checked and confirmed that there are no problems. I am waiting for Your Excellency to come and accept it!"

The chunky middle-aged man had a smile on his face, and the corners of his mouth couldn't hide his smugness.

Chapter 8646

From his point of view, he had completely exceeded his level this time. To be able to achieve such speed and results was something to be proud of!

More importantly, he felt that he had made great progress in the array Dao after this tempering. He might be able to make a big improvement and breakthrough after going back and going into seclusion to digest it.

He had profited!

If the darkness demon beast clan could give him more rewards, he would have made a huge profit!

"Very good, you all did very well this time. This Lord is very satisfied. Everyone will be recorded as a great merit. After the matter is completed, this Lord will naturally reward you according to your merits. I will definitely not be stingy!"

Lin Yi's mood was great-he'd just given them an empty check with his kaluya status.

After the matter was truly completed ... These meritorious officials would probably not have the life to come and receive the reward!

"Lord Calaya, do you want to activate the formation and open up a new node passage to release all of our tribesmen?"

The dark Demon beast that was brainwashing Lin Yi was the one with the highest status other than Caro ya. It had been flogged 250 times last time, and not only did it get its butt split open, it almost died.

After he recovered from his injuries, he naturally harbored a grudge against kaoya.

But he didn't dare to show it-his face was even more respectful than before, and he wouldn't do anything that'd make Kuai ya suspicious. He'd decided to lower his voice and ask Lin Yi.

After the teleportation spell formation was successfully set up, this independent space would become a transit point for the dark Demon beasts in the underground Devil's Den and the node.

Once the darkness demon beasts continuously entered this independent space, they would be able to use it as a springboard to completely control the underground devil cave.

Then the entire Fengqi continent.

The darkness demon beast clan might not immediately take over the entire Feng Qi continent, but they would definitely infiltrate and control it in the dark.

In a short period of time, Fengqi continent would completely fall under the dark Demon beast clan's control and become their bridgehead to rule the sub-Island!

Once they had accumulated enough power, the darkness demon beast clan would start to sweep across the entire sub-Island!

So don't look at this seemingly insignificant array passage, it was the first spark to set a Prairie Fire!

Lin Yi waved his hand, "no rush. After the passage is opened, the elite army of our clan will come here endlessly. The first ones to come will definitely be the noble Lords. If we don't make any preparations, it would be too rude!"

"Pass on my order. Gather all the clansmen in the underground devil cave who are at the earth formation stage and above and come here to welcome them. No matter what, we must make a big deal out of this!"

Lin Yi's words had just finished when one of the dark Beast higher-ups couldn't help but question.

"Lord kaoya, aren't you making a mountain out of a molehill? The teleportation array had not been activated yet. What if it failed? I don't think it's appropriate to go to such great lengths and completely leak this place out ..."

"Failed? What if it succeeds?"

Lin Yi glared at her coldly before she could finish.

This guy suddenly thought of those sharp and inverted instruments of torture, and the seemingly endless caning ... Forget it, just pretend he didn't say anything!

Instantly defeated!

"Is there anyone else who has any objections to my orders? Now that I've said it, I've always been open-minded. As long as it makes sense, I'll definitely follow it! You don't need to worry. "

Lin Yi smiled coldly. No dark Beast would believe him.

Who the F \* ck is so open-minded and accepting?

If you want to deal with us, just say so. If you want us to take the initiative to approach you, don't even think about it!

And so, the entire place was silent-under Lin Yi's invisible pressure, the dark Beast higher-ups who'd learned their lesson all played dumb-whoever showed up was an idiot!

Then, they were still thinking in their minds, why would kaoya give such an order? it must be because he was afraid that the dark Demon beast that came from the node would have a higher status and directly replace him as the commander!

If he wanted to keep his position and even advance a step further with credit, he could only show enough power to make the newcomers not dare to casually stretch out their hands.

In order to do this, it was definitely not enough to just rely on the darkness demon beast clan in the independent space. No wonder they had gathered all the clansmen at the earth opening stage. It turned out that they wanted to find an expert to support them!

Lin Yi didn't say anything, and these guys automatically came up with a reasonable explanation. Naturally, they didn't object.

Immediately, they obediently passed down the order to gather the darkness demon beast experts in the underground devil cave.

Lin Yi had wanted to gather all the dark Demon beasts, but he was afraid that too many people would take up too much time, so he gave up on the idea.

In any case, the darkness demonic beasts at the mountain-opening stage weren't too much of a threat to the continent. As long as the darkness demonic beasts at the earth-opening stage and above were gone, the remaining ones would be left for the martial Alliance to train their troops.

Lin Yi didn't say anything while they were waiting, and the other dark beasts didn't dare to speak either.

They weren't sure if it was because of the power of kaoya, or if it was because of Lin Yi's caning.

After half a day, the darkness demon beasts that had received the summons all rushed to the independent space.

Lin Yi was shocked at the number.

In such a short period of time, thousands of earth creation stage darkness demon beasts had gathered, and there were over a hundred sea shattering stage and above. There were also a dozen half-step heaven breaking and early heaven breaking super experts.

Such a powerful force was enough to launch a surprise attack on the martial Alliance of Fengqi continent.

The darkness demon beast clan had been hiding for so long, and they were probably plotting for the entire starsource continent, or even the entire sub-Island!

Therefore, before opening the passage to the node, they had hidden their sharp claws.

"Lord Caro ya, most of our tribesmen have gathered. A few of them are still on a mission and can't be contacted. A small number of them are far away and will take a long time to get here. Should we continue waiting or ...?"

The dark Demon beast leader in charge of brainwashing asked Lin Yi carefully.

Lin Yi looked at the dark Demon beast Army and thought to himself. He didn't expect to be able to kill as many as he wanted, so there was no need to wait any longer.

The longer the delay, the more dreams there would be. If there was a sudden accident, it would not be worth it.

One couldn't be too greedy, one had to know when to stop while one was ahead!

"We can't wait anymore. Prepare to open the passage!"

Lin Yi waved his hand and walked towards the teleportation formation.

The middle-aged man jogged over first and pretended to check again. After making sure there was no problem, he handed the control flag to Lin Yi with both hands.

"An important matter like activating the spell formation naturally requires Lord Kuai ya's personal intervention. This lowly one humbly requests Lord to activate the spell formation!"

Lin Yi looked at him with a weird expression before taking the flag. This guy was quite the one.

Unfortunately, he didn't know what the array flags meant!

Chapter 8647

The middle-aged man was overjoyed, thinking that he'd gotten kaluya's favor. He was about to explain how to use the formation flags to get some attention when he realized that Lin Yi had already thrown the formation flag out.

That technique, that accuracy, it was completely above his!

The middle-aged man subconsciously wanted to compliment him and continue his life of flattery, but his heart suddenly skipped a beat as he felt that something was wrong.

Was Caro ya an array expert?

However, just looking at the details of throwing the array flag to activate the array could not prove this.

However, it was undeniable that a true array master would definitely be very good at these details, just like what Calaya had just displayed!

Here came the problem. If ka tuo ya was an array Dao expert, and his strength was even above that of the sky array sect's expert, then why did the darkness demon beast clan still want the sky array sect to participate?

In the end, the sky array sect was still a human sect. The darkness demon beast clan had the ability to do so, so they definitely wouldn't give up what was near and seek what was far!

There was a problem!

A sense of crisis welled up in the middle-aged man's heart, but he didn't know how to describe it. He didn't know how to put it ... If he spoke rashly, he might be killed by caluaya!

Just as he was hesitating, the array flag smoothly reached the predetermined position. The teleportation array began to emit light, and the activation speed increased from slow to fast.

The runes of the entire formation lit up, and powerful fluctuations surged up like tidal waves. Very quickly, they gathered a super power that was enough to tear apart space.

Then, all the fluctuations suddenly stopped and immediately surged towards the center of the formation, instantly forming a huge circular door of light!

Its height and width exceeded ten Zhang, enough to accommodate dozens of people walking side by side.

The passageway was about to open!

Lin Yi's lips curled up into a cruel smile.

In addition to the spatial fluctuations, there were also many powerful auras of the darkness demon beast clan coming from that door of light!

The number of darkness magical beasts there was probably at least a few, and it wouldn't be any less than the darkness magical beast clan that had gathered here!

It was obvious that the first batch of Dark Demon beasts to come to the node were all elites, and there were even some high-level members among them.

As long as this plan was successful, the darkness demon beast clan would suffer a great loss!

"The passageway has been opened. Once it's stabilized, the tribesmen in the node will be coming over. Everyone, come over and line up near the entrance of the passageway to welcome them!"

Lin Yi used his identity as kaluya to give the order, putting all the dark beasts in the formation as much as possible, and the ones closest to the entrance were the heaven breaking higher-ups.

The dark beasts didn't dare to question karluya's orders-they all followed Lin Yi's instructions and got into formation.

The spatial ripples were stabilizing, and Lin Yi could feel the dark beasts entering the tunnel.

When the first darkness magical beast stepped out of the passage, the light on the formation suddenly flickered!

The trump card that he had hidden for a long time was activated!

Lin Yi's plan was for someone to successfully teleport away.

So even if Lin Yi didn't come this time, as long as the formation was activated, it would be triggered.

"Hahaha, kaoya, you've done something great! This is a big contribution ..."

The first Dark Beast that passed through the tunnel obviously knew karluya-it opened its arms wide, wanting to give Lin Yi a hug when it saw him.

However, he only saw Lin Yi's lips curl up in a mocking smile. Before he could understand what it meant, he saw a white light in front of him!

The teleportation formation had exploded!

It was just a small change, but it caused the formation to lose its balance and twist the space around it, resulting in an unpredictable and terrifying result!

The passage fell apart silently, and the power of space that had lost its restraint instantly tore the entire formation apart.

Before the dark magical beast that had just come out of the passage could finish speaking, its hair stood on end and it was directly ground into dust by the spatial turbulence behind it. Not even a speck was left.

Lin Yi was prepared as well-he'd sent Karluya's body into the Jade space as he activated his backup plan, while he transformed into his spirit form and left the teleportation formation.

The dazzling white light was like a Burning Star. Without any sound, it devoured all life and objects in its range, directly melting them into nothingness!

The violent spatial power and the explosion of the array caused a destructive power that could be said to be destructive!

The dark beasts that Lin Yi had gathered didn't even have a chance to fight back before they were killed!

As for the darkness demon beasts at the other end of the tunnel, they would probably not have a good ending.

But Lin Yi couldn't be bothered anymore-he'd just kill a few more along the way!

Although he was in his spirit form, immune to physical damage and able to move around in spatial turbulence, Lin Yi still didn't dare to test the power of this explosion.

It would not be worth it if any accidents happened and his primordial spirit was injured.

So Lin Yi used his fastest speed to get to the exit of the isolated space and slipped out without looking back.

When they arrived at the underground devil cave, they heard a deafening sound that reverberated through the entire cave.

He then looked at the independent space behind him. It had indeed been blown to pieces.

Martial League would probably receive news of this soon.

After all, su Zixin's array formation Association could detect the small fluctuation of the array last time, let alone now.

The commotion this time was beyond imagination!

Lin Yi pouted-he'd be dead too if he'd run away.

"Kid ... Don't take too many risks in the future. Don't think that you can do whatever you want just because you're in the primordial spirit state!" The ghastly thing couldn't help but pop its head out.

"Fortunately, you ran fast this time. If you were still in the independent space, even if you were not injured, you were likely to be swept into the endless space vortex and the turbulence of the black hole. You would be lost in it and it is unknown whether you can come back!"

"Even if you're lucky enough to break free from the spatial turbulence, it's hard to say where you'll appear. It's more likely that you'll find that thousands or even tens of thousands of years have passed since you've come out. All the people and things you care about and know have long disappeared in the long river of history!"

The demonic thing had been studying spatial knowledge for a long time, and it was definitely someone with authority in this area. Lin Yi couldn't help but break out in a cold sweat after hearing what he said.

They might not die, but they would shiver at the thought of being lost in the space-time turbulence for thousands of years!

"Senior ghost, don't worry. I'll definitely be more careful in the future!"

Lin Yi nodded.

In fact, thinking back, this risk was really not worth it!

He could have run away first, but he had to do it himself!

Chapter 8648

If he really died, what would happen to the people around him?

Chu Mengyao, Wang Xinyan, Rock Candy, Chen Xi, and the others "whereabouts were still found?

To be honest, Lin Yi didn't really care about the dark Demon beast clan or the martial Alliance.

Whether or not the sub-Island was taken over by the dark Demon beasts didn't have much to do with him.

The darkness demon beast clan also had the right to establish their own territory.

To put it bluntly, Lin Yi and central were old enemies, but not the dark Demon beasts.

If one day, the dark Demon beasts decided to join forces with Lin Yi to fight against central, then the dark Demon beasts would be Lin Yi's friends.

To put it bluntly, they were just standing on different sides, and they had even risen to the level of life and death enemies.

Right now, Lin Yi needed to use the power of martial Union to go on a bigger stage, and only then could he find out more about Wang Xinyan.

After this battle, almost all of the dark Demon beast clan's high-end combat power was wiped out by Lin Yi. Even if there were a few fish that slipped through the net, it was nothing to worry about.

The remaining darkness demon beasts could make the people of Fengqi Dazhou stay alert and train their troops to increase their strength. The darkness demon beast clan, which had lost their high-level fighting power, could only passively bear all this.

For a very long time, the darkness demon beast clan would never be able to make a comeback, and they would be completely suppressed by the humans.

When they left the underground Devil's Den, the guards' expressions were somewhat uncertain. Clearly, they had also felt the huge tremors caused by the explosion of the independent space. However, they were not sure what had happened.

People would always panic when faced with the unknown.

As a result, the security was much more relaxed, and Lin Yi didn't want to deal with them now. He'd let the first hall Master do it later.

After coming out, Lin Yi didn't go anywhere and went to the clinic to find Zhen shuaqi.

After revealing his identity, the people in the clinic naturally led Lin Yi to Zhen shuaqi's office enthusiastically. They then left and gave Lin Yi the space.

Zhen shuaqi's expression changed when he saw Lin Yi coming to his door, but he still smiled and cupped his hands, "Dean Sima, we meet again. I wonder what's the reason for your visit today ..."

"Stop talking nonsense. No one can hear our conversation. There's no need to hide your identity! You should already know that I already know your true identity, so I won't beat around the bush and get straight to the point!"

Lin Yi's words sounded like a tongue twister, and Zhen Shuai was a little confused. He smiled bitterly after he straightened it out, "Alright, Dean Sima, please speak. I'm listening!"

Zhen shuaqi was a little unhappy and felt that Lin Yi shouldn't have come to him at a time like this.

After all, Zhen shuaqi's identity was special. Whether it was his identity as a member of the dark Demon beast clan or the first hall Master, they didn't want Lin Yi to come to them directly as it would raise suspicion.

But since Lin Yi was already here, Zhen shuaqi couldn't do anything. He couldn't just kick him out, right? It's too late to chase them away now!

"I've already destroyed the darkness demon beast clan's stronghold in the underground Devil's Cave. I've also killed 99% of the darkness demon beast clan's Masters who are above the earth formation stage. In other words, the darkness demon beast clan's fighting force here is already crippled!"

Lin Yi threw out a huge bomb, making Zhen Shuai dizzy. He couldn't believe that Lin Yi was telling the truth!

No one would believe it!

Although Zhen shuaqi didn't know the true strength of the darkness demon beast race in the underground devil cave, after being undercover for so long, he could more or less judge how strong they were.

If he let them all out, the severely damaged Fengqi Dazhou might not be able to resist!

No, it should be said that he definitely couldn't resist it!

But, Lin Yi actually crippled it?

"You don't have to doubt the truth of what I said. It hasn't been long since the incident happened, and the news hasn't been leaked yet. The dark Demon beast clan's spies in martial League won't notice it for the time being. That's why I've come to find you. I want to capture them all in one fell swoop before they can react!"

Lin Yi's goal was clear-the dark Demon beasts were done for, and now was the best time to clean up their spy network.

If they were allowed to react in time and continue to lay low, these spies might have already taken up important positions when the darkness demon beast clan recovered and made a comeback in a few years, and the danger would be even greater!

Zhen shuaqi was still in a daze and was trying to digest the news Lin Yi brought, The darkness demon beast clan's earth creation stage and above experts were almost completely annihilated? How did he do that?

Looking at Lin Yi's serious face, Zhen shuaqi didn't think that Lin Yi took the risk to come here just to joke with him.

So, was this all true?

Lin Yi frowned-this guy was a double agent in the dark Demon beast clan!

Why was he so silly?

With such an ability, he should have died several times!

"Dean Sima, I'm really sorry. I can't believe it ..."

Zhen Shuai shook his head and didn't hide his thoughts."However, I know that Dean Sima will not come and joke with me, so no matter how unbelievable this matter is, it's definitely the truth!"

"Since it's the truth, then we'll do as Dean Sima said. I'll immediately gather our men and attack 38 shuidun road!"

Zhen shuaqi regained his calm and his brain started to work quickly.

He was very clear about the situation inside 38 shuidun road. It would not be easy to intercept them if there were too few people. Instead, it would alert the enemy. Once they successfully retreated, it would be difficult to find them again!

So what he was thinking now was to immediately inform the first hall Master and have the first hall Master transfer elite battle generals to take down 38 shuidun road with lightning speed!

To her surprise, Lin Yi objected right away, "I don't need it! You just have to bring me in! The two of us are enough to handle it, it's not good to have more people!"

In fact, it wasn't that Lin Yi couldn't go alone, but the formation at 38 shuidun road was a bit complicated. With Lin Yi and the damn thing's skills in formations, it would take time to break it.

It would be troublesome if they alerted the darkness magical beasts inside.

So, to be safe, letting Zhen shuaqi take him in was the best choice!

Zhen shuaqi didn't know about this and was shocked when he heard that only the two of them were going and didn't need backup!

He was too F \* cking bold!

No... Thinking about how Lin Yi was able to take out all the Masters of the dark Demon beasts in the underground cave by himself, it wasn't very accurate to call him brave!

That was the boldness of the skilled!

"Hurry up and leave, don't dawdle!"

Lin Yi urged again and even pulled Zhen shuaqi out of the door.

Zhen shuaqi instinctively wanted to break free from Lin Yi's hand, but it was like an ant trying to shake a tree-it was useless!

Chapter 8649

"Dean Sima, I can walk on my own! You don't need to pull me ..."

Zhen shuaqi had no choice but to protest.

Lin Yi didn't make things difficult for him and let him go.

In this situation, Zhen shuaqi had no other choice. He decided to believe in Lin Yi's strength and the two quickly headed to 38 shuidun road!

Zhen shuaqi took out a formation talisman and opened the entrance to 38 shuidun road.

It was worth mentioning that during this process, people outside the range would be affected by the illusionary formation and could not see the movements inside.

If not for this, the secret of 38 shuidun road would have been known to everyone long ago. How could it have been hidden until now?

Now, it seemed that Fei daqiang was quite powerful to be able to detect this secret!

"Dean Sima, this is 38 shuidun road, you can go in! What plan do you have?"

After opening the tunnel, Zhen shuaqi still felt uneasy and lowered his voice to ask Lin Yi.

In the end, there was no trace of Lin Yi, but a black-robed man with an evil face!

Zhen shuaqi was so shocked that he almost passed out!

As a double-sided spy, he walked on the tightrope between life and death every day. His heart was quite big, but this sudden incident almost shattered his big heart!

"Ka ... Ka ... Lord kaoya?!!!"

Zhen shuaqi thought he was dead!

The Supreme Commander of the darkness demon beast clan in Fengqi continent!

Zhen shuaqi's heart didn't stop when he saw caruya standing behind him. It was already very impressive.

He thought of many things in an instant. First, he had been fooled!

This was clearly a trap!

How could the darkness demon beast clan's earth formation stage experts be annihilated so easily?

This is all fake!

Wasn't Sima Yi a trap set up by kaoya?

Now that they had arrived, Caro immediately bared his fangs and was ready to kill him?

Lin Yi looked at Zhen shuaqi's dumbfounded face and couldn't help but frown, "why are you blocking the curb? I'm Sima Yi, why are you in a daze? Hurry up and go in! My plan is to pretend to be a calories and gain the trust of the people around me!"

Zhen shuaqi came back to his senses and remembered that Lin Yi had killed off caruya. He got this information from the first hall Master and helped Lin Yi hide it from the dark Demon beasts.

In the end, when he suddenly saw karluya's appearance, he did not even think about it and was almost scared to death!

"So it's director Sima. Your disguising technique is too amazing. You can disguise yourself as ka ya in an instant, and it's as if it's real. You almost scared me to death ... Please tell me in advance in the future when you do such things, okay?"

Zhen shuaqi couldn't help but grumble. Lin Yi's disguising technique was at the top of the class, it was like he had changed into a different person without making a sound.

"There won't be a next time,"

Lin Yi's lips twitched-he really shouldn't have told her about this!

Although it only took a moment to change a physical body from the Jade space, it was so short that other people might not be able to understand it.

However, it was difficult to explain why he had suddenly become another person.

Zhen shuaqi finally understood that it wasn't too hard for Lin Yi to pretend to be kaoya and kill those dark beasts!

With that, he felt more confident about what he was going to do next, and he brought Lin Yi in full of energy.

The real 38 Shuidun road had a large interior space, like a Manor, but there were no people inside.

Lin Yi saw that the whole place was empty.

Zhen shuaqi explained in a low voice,"there aren't many people here usually and everyone was sent out. I'm just one of them and I wouldn't come if it wasn't important!" Every month, we'll have two meetings to report and summarize, and also assign new tasks!"

Lin Yi nodded noncommittally. In fact, after entering 38 Shuidun Road normally, the rest of the operation was already decided.

Zhen Shuaqi's role was to bring Lin Yi in without alerting the dark Demon beasts.

As the Supreme Commander of the darkness demon beast clan in the Phoenix Nest continent, it would be too outrageous to force his way in, so he needed someone to lead the way.

But after entering, it was completely different. It was time for Kaoya to perform!

Lin Yi told Zhen Shuaqi to walk two steps behind him—it was more in line with his identity.

He walked along the tunnel and came to the hall where Zhen Shuaqi usually attended meetings.

"Lord Kuai ya!"

There were people from the dark Demon beast clan in the hall, and they were shocked to see Lin Yi. They quickly walked up to him.

He completely ignored Zhen Shuaqi who was behind Lin Yi!

Lin Yi glanced at him indifferently and didn't respond. He walked to the main seat and sat down naturally.

He had no choice-the guy knew who she was, but Lin Yi didn't!

He wanted to say hello but didn't know how to say it, so he just pretended to be cold. The other party probably wouldn't dare to be suspicious!

Previously, in the underground Devil's Den, this move had been tried and tested, and this time was naturally no exception.

The dark Demon beast spy saw Lin Yi's expressionless face and was worried. Did he do something wrong to make this Big Boss unhappy?

38 shuidun road was in charge of communicating and delivering information between martial League and the underground Devil's Den. Of course, he knew about caruaya's whipping of the dark Demon beast's higher-ups in the independent space.

At that time, he even lamented that there were dangers in being a high-level official. It was better for him, a spy, to be free in The Intelligence War. The dangerous work was done by the brainwashed and the spies hidden on the front line. He only needed to be in charge of cleaning up at 38 shuidun road!

He didn't expect the big boss, Calaya, to suddenly appear in front of him. It really made him bewildered. He didn't think about why the great commander would come without warning.

"I have something important to announce. Go, gather all the managers in charge of monitoring the brainwashing, and then show me the list of hidden spies!"

Lin Yi ordered expressionlessly, "This plan is very important. Any nail could play a vital role, so I want the most complete list, understand?"

"I understand, I understand! I'll do it now!"

The leader of the spies didn't dare to say a word.

Ka Luya was the Supreme Commander of Feng Qi Dazhou. Nothing could be kept a secret from him. If he wanted to see the list, then he could!

Zhen shuaqi stood at the side and didn't show any emotions on his face, but he was really emotional.

He'd been hiding in the dark Demon beast clan's intelligence organization for so many years, but he'd never been able to find out how many spies martial League had. This Dean Sima, on the other hand, had only used a few tricks, walking over and saying a few words, and the full list of spies had been delivered to his hands!

Chapter 8650

As expected, people would die if they compared themselves to each other, and goods would be thrown away if they were compared!

Thinking about all these years of living in fear, it was really ... Not worth it!

But then again, he did play a role in this plan and it wasn't completely worth it!

If principal Sima could settle everything by himself, he would truly feel lost!

The spymaster was a fast man, and it didn't take long for him to send out the order, along with the list of all the hidden fighters in martial Union.

Lin Yi flipped through it casually, looking calm on the surface, but his heart was already in a mess.

Although he had already expected Fengqi Dazhou's corruption, he still didn't expect it to be so serious.

There were spies of the darkness demon beast clan hidden in every department of martial Alliance and every level of the great aristocratic families. Furthermore, they were assigned missions with clear targets that were unrelated to each other!

The total number of people on the list had reached an astonishing five thousand!

This was just a spy!

When gathered together, they would be a F \* cking powerful Combat Team!

Among them, only the minority was brainwashed, about 1500 people.

The darkness demon beasts had even fewer, less than 800.

The rest of them were not brainwashed but were loyal to the darkness demon beast clan!

A strong killing intent rose in Lin Yi's heart-he couldn't let a single one of them go!

Traitors! They deserved to die even more than the 800 darkness demon beasts!

"Lord Kuai ya, I wonder what kind of plan you have that requires so many nails? In fact, it's not easy to plant a nail into a target. Unless it's an emergency, it's better not to use it!"

The spymaster peeked at Lin Yi carefully, trying to see his expression, but Lin Yi's face was expressionless.

Lin Yi put down the list and glanced at the spy indifferently. "What's wrong? Do I need you to teach me how to do things?"

The invisible might of a heaven breaking expert and a leader spread out, and the spy leader knelt on the spot. "I don't dare, I don't dare. This lowly one is only explaining for Your Excellency's reference! I definitely didn't have the intention of interfering with Your Excellency. Please forgive me, Your Excellency!"

Lin Yi hmphed and didn't say anything, letting the guy kneel on the ground!

Without Lin Yi's permission, the spymaster didn't dare to get up. The cold sweat on his forehead dripped onto the stone floor, but he didn't even have the courage to wipe it off.

Zhen Shuai Qi was secretly happy. This spy leader had once made things difficult for him, so he deserved this!

Not long after, the supervisors with the same identity as Zhen shuaqi arrived.

Then, before they could greet him, Lin Yi waved his hand and grabbed them.

Lin Yi was going to catch them one by one.

Those who were brainwashed were directly imprisoned and later let Zhang Yiming and Fei daqiang practice to make up for it. After this time, the two of them should have made great progress in their spiritual sense.

With so many people being brainwashed, it was inevitable that they would be tired after getting rid of the control one by one. But for the two of them, it was worth it no matter how busy or tired they were if they could improve the strength of their divine sense!

If there were Dark Demon beasts in human form, Lin Yi would break their limbs and make them lose the ability to resist or escape.

If there were darkness magical beasts with particularly strong recovery abilities, it wouldn't be a big deal to interrupt them a few times.

After being interrupted a few times, the darkness magical beast was not stupid. It controlled itself and did not regrow its limbs to avoid suffering.

The spymaster was dumbfounded. What was this?

This made him feel that something was wrong, but it was too late to stop it.

Moreover, he couldn't stop it!

Soon, this leader also became one of the people who had his limbs broken and was thrown to Zhen shuaqi.

Other than these two types, there was also a 100% chance that they were traitors. Lin Yi would kill these people without even a word.

"Dean Sima, what's the point of keeping these darkness demon beasts? Wouldn't it be better to just kill him?"

Zhen shuaqi looked at Lin Yi killing in all directions and felt very satisfied. He didn't quite understand why Lin Yi left the dark Demon beasts alive.

Lin Yi was much more polite to the double agent under the first hall master's command. He smiled and replied, ""Let's keep them alive first. First, they can be used as evidence. Second, we can parade them in the streets after the event to boost the morale of the people. Fengqi Dazhou has been infiltrated too deeply, and we need such a show to stimulate them."

Zhen shuaqi didn't quite understand what Lin Yi meant by "show," but it didn't stop him from understanding Lin Yi's purpose. Naturally, he admired Lin Yi more and more. In fact, he felt that it would be better to bring the traitors along with them to the protest and accept the public's disdain. It would be better for the people to kill them and display their remaining value.

It was just that Lin Yi seemed to hate evil as if it was his enemy, and he didn't want these people to live a second longer. He couldn't say anything, in case Lin Yi thought he was begging for mercy for these people, and that would be bad!

Lin Yi killed them directly because of their complicated backgrounds. If he really caught them, there was no guarantee that people wouldn't try to plead for mercy. It would be troublesome!

Soon, all the monitors were caught and Lin Yi changed back to his original appearance when no one was looking. Zhen shuaqi was shocked by the power of the disguise technique again. It was like he had turned into a living person!

He cleaned up 38 shuidun road and left the rest to Zhen shuaqi. Lin Yi took the name list and went to find the head.

There were too many people on the list, and Lin Yi couldn't take care of all of them by himself.

The supervisors would be attacked at once, but the spies on the list would not receive any news about what had happened to their superiors and would remain in hiding for the time being.

What was needed now was to spread out a large net and catch them all in one fell swoop.

If he were to do it in bits and pieces and attract their attention, most of the nails would probably escape!

It was more appropriate to leave this matter to the first hall Master. The only pity was that the name list was full of spies planted by the darkness demon beast clan, and there was no mention of who was colluding with the darkness demon beast clan.

Lin Yi arrived at martial League and asked to see the first hall Master. The messenger had just entered, and the first hall Master personally came out to greet him, giving Lin Yi enough face.

"If Dean Sima is here, what's there to report? just come in directly. Those idiots don't understand! I've really neglected you!"

The first hall Master was all smiles and looked very enthusiastic.

In fact, Lin Yi was also the Vice-leader of two guilds in the starsource continent, and he was no less important than the first hall Master. He was the Ambassador, and it was reasonable for him to greet him personally.

"First hall Master is too polite. I'm here today to discuss something important!"

Lin Yi cupped his hands in greeting, his words making the first hall master's expression a lot more serious. He quickly welcomed Lin Yi into the living room and asked for more details after dismissing all the other people.

"Dean Sima, what important matter is it? Could it be that your plan has already begun?"

The first hall Master had obviously not received the news of the underground Devil's Den shaking.
